You are asked to give as generously as you can when a canvasser calls upon you, or place a generous contribution in the tag boxes on Saturday next. Official receipts are issued for all donations of One Dollar or more, to be used for income tax exemption. The funds will be used to further the Institute's humanitarian work among the blind of this area.

### STOLEN WAGON ABANDONED NEAR VANCAMP

A new Otaco farm wagon, stolen from Walter MacDonald's Farm Service Centre, Main Street West, late Sunday evening or early Monday morning, was found the next day abandoned along the road, near Mr. Willis Riddell's farm, on the Vancamp Road. The wagon was equipped with rubber tires, and these were removed before the vehicle was deserted by the thieves. Mr. Riddell identified the wagon from the shipping tag which was still on it, and notified Mr. MacDonald on Monday morning of its whereabouts. Until Mr. Riddell phoned him, the machine dealer was not aware of the fact that the vehicle had been stolen from his premises. He immediately reported the theft to the police, who are investigating.

## "Hospital Day" Set For October 4th

The Directors of the Winchester District Memorial Hospital are making arrangements to hold a "Hospital Day" on Saturday, October 4th. The program will include a full afternoon of Sports and Ball Games by outstanding ball teams. During the afternoon there will be a ceremony to observe the laying of the Corner Stone at the hospital site, where construction is already under way. The speakers will include the Ontario Minister of Health, the Hon. Russell T. Kelley; Hon. George H. Chalmers, M.L.A. for Grenville-Dundas, and Hydro Commissioner; members of the Counties' Council, and others.

The holding of a "Hospital Day," which is to be an annual event, is designed to bring to the attention of the public, matters concerning the establishment and operation of the hospital, which should be of vital interest to everyone residing within the hospital area.

Remember the date, Saturday, October 4th, and plan to be present. This is your hospital—show your interest by being present at this first "Hospital Day" program.

### EDGERTON HOSPITAL SITE DISPOSED OF

Mr. Walter C. MacDonald, Chairman of the Winchester District Memorial Hospital Board, informed the Press this week that the Edgerton Property on Main Street, West, purchased by the Board several months ago as a possible building site for the hospital, has been sold to its former owner, Mr. Hugh Edgerton, and that the money is back in the Hospital Treasury.

### REFRESHMENT BOOTH BURNS AT METCALFE

A refreshment booth, owned by Mr. Arthur Hittman, of town, caught fire at the Metcalfe Fair Grounds early Sunday morning and was completely destroyed, along with much of the stock and equipment it contained. Mr. Hittman had operated the booth at Metcalfe Fair on Saturday afternoon and evening and had left it in charge of a caretaker until Sunday, when he intended to have it taken down and removed to Winchester. He arrived home about 1.30 a.m. and at 5 a.m. was notified of the fire. The booth was constructed of wood with canvas covers, and was built at a cost of over \$500 only a few months ago.

### PRESS MAILING LISTS HAVE BEEN REVISED—CHECK YOUR LABEL!

The Press Mailing Lists have been corrected up to and including Friday, September 19th. Subscribers who have paid their subscriptions within the past two months are asked to check the label on this week's Press to see that the date has been changed to correspond with their renewal. If an error has been made please notify this office at once so that a correction may be made. To those subscribers whose subscriptions are due, we would ask that they renew promptly, as the cost price of everything that goes into the production of a newspaper is steadily mounting, and we cannot carry delinquent subscribers for only a limited time. Your co-operation in this regard would be greatly appreciated.—Editor.

### 100 CLUB LADIES' NIGHT GREATLY ENJOYED

Members of the local 100 Club entertained the ladies at their regular Luncheon-Meeting at Hotel Winchester on Friday evening last. About 100 enjoyed the chicken dinner, which was followed by a sing-song and musical program.

The president, Centurian O. V. Stevenson, presided, and welcomed the guests. During his brief address, he announced that there would be no business dealt with at this meeting but asked the members to think over several items which he mentioned, and which will come up for discussion at the October meeting.

He pointed out that the 100 Club Bulletin, which had been distributed during the evening, was prepared by Centurian W. A. Rowat, and hoped that the pamphlet could be published at least monthly.

Winners of the prize boost, sponsored by Centurian and Mrs. Arnold Dukelow of the Jo-Anne Shoppe, were won by Mrs. Albert Turner and Mrs. C. B. Timmins. The boost was conducted by Centurian Nelson Dixon and Centurian Erle Helmer.

The program, which was thoroughly enjoyed, consisted of a sing-song, conducted by Centurian Erle Helmer, Timmins, with Mrs. Wm. J. Hittman presiding at the piano; a humorous musical reading, "Albert Came Back," by Centurian Erle Helmer, accompanied by Mrs. Robt. Woods; and several delightful Baritone solos by Mr. Rex Le Lecheur, of Ottawa, accompanied by Mrs. Le Lecheur.

The program was arranged by Centurian John Delavigne, who introduced the artists. He explained that some last minute disappointments were responsible for the curtailment in the program.

At the close of the program, the appreciation of the Club was extended to all who had contributed to the evening's entertainment, by Centurian Fred Cass.

In opening the meeting, the 100 Club Creed was recited by Centurian Ed. Boyd.

During the meeting, the president announced that fees for the Blue Cross Hospital Plan would become due at the October meeting. He also expressed regret that two Centurians had passed on since the previous meeting, Centurians James Crawford and Albert Volsine.

Three Centurians had entered the ranks of the marital class during the past few months, and the president introduced them as follows: Mr. and Mrs. Ken. Summers, Mr. and Mrs.

## Sunday In The Churches

By Rev. N. J. Thomas, B. Th., Church Editor

SEPTEMBER 28th, 1947

For some years the Winchester Press carried formal Church notices telling where the Church Services were, and, at what hour. Because of seeming disinterest in these notices, they were dropped. The editor has now granted a request of the ministers for a renewal of this or similar service, and has placed at the disposal of the churches a half column for advance notices of services held on Sunday or other Worship Services, at the discretion of the editor of the part column. The Inter-denominational Ministerial Association of Winchester and District appointed the Rev. Norman J. Thomas, of the Winchester United Church of Canada, as editor of the part column. The editor-elect herewith wishes to express the appreciation and gratitude of the ministers concerned, to Mr. Fern Workman for his kindly co-operation and interest in placing this space at our disposal in the interest of the worshipping people of our area.

In conversation with a visitor the other day she informed me that the slogan of her church is: "You go to your church and I'll go to mine. But, let's go together." A happy slogan for those who live at a distance from the church. And don't forget to bring the children with you.

The Winchester Baptist Church are holding their Anniversary Services next Sunday at 11 a.m. and 7.30 p.m. As special preacher, they are having the Rev. M. J. Orchard, M.A., B.D., a former missionary in India, for some years a professor at McMaster University, and now the beloved pastor of the Fourth Avenue Baptist Church in Ottawa. The local United Church of Canada and the Presbyterian Church have withdrawn their evening services that they may worship with their Baptist brethren in Christ. The Baptists extend a very hearty invitation to all to attend these services.

On Sunday, Rally Day will be observed in St. Paul's Presbyterian Church, Winchester, at 11 a.m., and Knox Church, Winchester Springs, at 2.30 p.m. The Sacrament of Baptism will be administered at both of these services, and the Sunday School will worship with the Congregation. The evening congregation will be withdrawn in favour of the Anniversary services in the Winchester Baptist Church.

The special preacher at the morning service of the Winchester United Church of Canada at 10.30 a.m. and at Harmony Church at 3.00 p.m. will be the Rev. Basil Adams, of Oxford Mills. Mr. Adams is a former student of Winchester High School and one of our finest younger ministers. The evening service is withdrawn in favour of the Baptist Anniversary services. The prayer service will be held on Wednesday, Oct. 1st, at 7.30 p.m. in the Church School Room. You are invited.

"New friendships make life always a fresh adventure."

And don't forget the special Rally Day services in the Wesleyan Methodist Church on Sunday morning at 9.45 a.m. A new record of attendance is anticipated in the Sunday School. Worship services are at 10.45 a.m. and 7.30 p.m. At Hallville, the Wesleyan Sunday School meets at 2.15 p.m. with worship service at 3 p.m.

These are the services submitted by the ministers for this week's paper. Come and let us worship.

### LOCAL YOUNGSTER RECOVERING FROM SERIOUS THROAT INFECTION

The man young friends of Helen Allen, daughter of Mr. and Mrs. Herbert Allen, will be pleased to know that she is greatly improved, following a serious throat infection which she contracted on September 15th. According to Dr. H. S. Gross, the attending physician, it was first feared that she might have Diphtheria. However, Dr. Pent, Chief Medical Officer for the three United Counties, who was consulted, and examined the child, definitely stated that there was no clinical evidence of this dread disease. His diagnosis was verified both by direct swab and culture. We are pleased to report that the youngster is improving steadily.

### HEAVY LOSS OF LIFE WHEN BOATS COLLIDE NEAR MORRISBURG

When two river freighters, the "Translake," an oil tanker, and the "Milverton," a coal or grain boat, collided in the St. Lawrence River, about two miles west of Morrisburg, yesterday morning, several men are believed to have lost their lives. The "Milverton" is said to have exploded following the collision and 23 of a crew of 33 are reported missing. This boat burned up in midstream, while the "Translake" ran aground off the American shore. At time of going to press only meagre details of the accident were forthcoming.

Whereas the Municipal Council of the Village of Winchester, being the initiating municipality, has obtained a survey by and report of its engineer, W. H. Magwood, C.E., of the Henderson Creek Drain alleged by ratepayers served thereby to have become filled in and inefficient to properly drain the area for which it was constructed.

On October 3rd, a track team representing W. H. S., will compete in the Morrisburg Track and Field Meet. Several other schools will also attend and competition should be very keen.

A meeting of delegates from Eastern Ontario Secondary Schools was held at Morrisburg recently. Rugby was discussed, and for this purpose the district was divided into three groups or leagues. The Central League includes Winchester High School. A team will be entered in the six-man rugby league with Morrisburg, Chesterville, Cardinal and possibly others. Mr. Adair Fisher, our P. T. instructor, is President of the Central League. Harry Keyes is Captain of the local six.

### TREES UPROOTED IN SUNDAY'S WIND STORM

Several large trees were uprooted on Sunday evening during a severe wind and rain storm, and Hydro Service was disrupted several times, due to branches falling on the transmission lines. On Cameron Avenue, a large Maple was felled near Mr. M. Fennell's residence, while two other large trees were blown down near the C. P. R. tracks. In addition, large branches were broken off several trees throughout the village and district. The wind at times reached gale proportions, and did considerable damage to fruit trees and late farm crops still standing in the fields. A heavy rain followed the wind storm and continued till early Monday morning. Since then the district has been having cool weather, with frosts reported in several places.

### UNITED CHURCH CHOIR ENTERTAINED BY W. A.

On Thursday last, at 6.30 p.m., the Women's Association of the United Church delightfully banqueted the members of the Church Choir, their wives, husbands or friends. After all had thoroughly enjoyed the delicious dinner, Rev. Mr. Thomas proposed a toast to His Majesty, The King. The National Anthem was sung. Mr. M. Fennell proposed a toast to the church, which was replied to by Rev. Dr. A. McIntosh. Mr. E. M. Shaver proposed a toast to the Choir. Mrs. Harold Lannin, President of the Choir, responded.

A social hour of games and contests was enjoyed, during which Mrs. Thomas pleased those present with one of her humorous readings. About ten p.m. the memorable evening closed with the singing of "O Canada."

## FEED NEWS

### CEILINGS AND SUBSIDIES

Removal of ceiling prices on all feeds except Wheat, Oats and Barley has resulted in immediate increases of from \$10 to \$30 a ton on mill-feeds and protein feeds. Some of the high protein ingredients like Meat Meal and Fish Meal will probably be more than that.

Certain changes have been made in ceilings on Wheat, Oats and Barley, but they are still under control of the Prices Board.

Freight Assistance subsidy of \$4.50 a ton is paid by the government on all feed grain and millfeed. It is understood that the Freight Allowance Subsidy will be paid until next summer.

The government also continues to pay other subsidies on feed grains, amounting to 25 cents a bushel on Wheat, 10 cents a bushel on Oats, and 25 cents a bushel on Barley. These subsidies are the ones that were extended on Aug. 1st but may be discontinued any time.

Total amount of subsidy that the government is still paying on feed grain is as follows:

Wheat—\$12.83 a ton, or about 64¢ a hundred.  
Oats—\$10.83 a ton or about 59¢ a hundred.  
Barley—\$14.91 a ton or about 74½¢ a hundred.

The government pays \$577.50 on each 1500 bushel car of Wheat coming east for feeding purposes, and a similar amount on every car of Oats and Barley.

The eastern feeder benefits directly by the amount of these subsidy payments.

### TIMOTHY SEED

The seed houses are carrying over large stocks of Timothy Seed from last spring. Until this old seed is moved out, the demand for new seed may not be very good.

We have not been able to place any Timothy Seed yet, but just as soon as the market opens up we will do our best to place all marketable lots that are offered.

Our cleaner is running and we can clean any lots of seed that come in. However, we cannot promise to store it. The cleaned seed will have to be taken away when it is done.

**DID YOU KNOW ?**

The population of Ontario is 4,050,000, which is approximately one-third of the 12,200,000 inhabitants of Canada. Our population is greater than that of any other Province and is roughly one-half million greater than Quebec, which has the second largest population. This figures out to eleven persons per square mile. Seven-eighths of the population is concentrated in Southern Ontario with about sixty per cent. living in urban centres, having a population of 1,000 or more. The density of population in Southern Ontario is 45 per square mile.

Forests cover an area of approximately 237,000 square miles, or 58 per cent. of the entire area of the province. 93 per cent. of all accessible forests in Ontario are owned by the Province and are among its greatest assets. Of the total forested area, 173,800 square miles, or 73 per cent. is classified as 'productive,' and consists of merchantable timber for use as saw-logs, pulpwood, or fuel. The forest resources of the Province provide the basis for a very great industry, embracing pulp and paper mills, saw and planing mills, factories manufacturing paper boxes and bags, furniture, sashes and doors, and such related industries as publishing and book-binding.

**DEFEATING OUR ENDS**

The situation on Canada's labor front is viewed with pessimism in "The Scene from Shingwauk Farm," a lively bulletin which penetrates the superficialities:

This is what is happening in Canada today: We Canadians are refusing to work for each other at wages we can afford to pay. Unless we wake up to the folly of what we are doing and change our ways, we will plunge ourselves into another depression. Nature has her own way of punishing those who transgress her laws. She does nothing about it. She allows them to deprive themselves of the benefits they would receive from obeying the laws. She is doing that now. She is allowing us to deprive ourselves of houses to live in, because we refuse to co-operate in providing ourselves with houses. She will probably allow us to go without a good many other things unless we learn to work together to supply them.

**Other Editors' Opinions****BEAUTY ... BUT BRAINS?**

(Ottawa Citizen)

Newspaper readers by now are sufficiently well aware of the statistics which, plus a charming appearance and personality, won for "Miss Canada" third place in an international beauty contest at Atlantic City. Not a few young gallants as well as the judges could probably rhyme them

off without prompting. Eighteen years old, 130 pounds, 35-inch bust, 25-inch waist. And, of course, shoulder-length honey-blond tresses, gleaming and wavy.

Alluring, no doubt. But just what these attractions and those of the other lovely contestants have to do with educational scholarships running into thousands of dollars is not clear.

Possession of beauty does not, of course, outrule brains. On the other hand, beauty is no guarantee of

brains. And to hand out valuable scholarships with beauty as the sole basis of the award seems the height of nonsense.

By all means let there be beauty contests. And prizes, too. But let the prizes bear some closer relation to the type of contest: barrels of face cream and powder, trips to Hollywood, anything of the kind. But to award scholarships on the basis of the already over-flowing colleges, to look is to risk further cluttering up to the detriment of students more

**URGES BUSH RULES FOR CURBING FIRE**

Drawing attention to the large number of forest fires which are destroying invaluable timber in Canada, Fire Chief Cory Moore has urged city and district residents to observe precautions now that the hunting season is approaching.

1. Break every match in two after use.
2. If you must build outdoor fires, ask if the law requires a permit.
3. Drown every outdoor fire with water, or smother with earth from which leaves are removed.
4. Crush out thoroughly your cigaret, cigar or pipe ashes.
5. See that every member of the family knows the rules.

**"QUOTES FROM YESTERDAY"**

Nothing is so galling to a people, not broken in from birth, as a paternal or meddling government, a government which tells them what to read and what to say and eat and drink and wear.—Thomas Babington.

Of all the diversions of life, there is none so proper to fill up its empty spaces as the reading of useful and entertaining authors.—Addison.

Nothing in progression can rest on its original plan. We might as well think of rocking a grown man in the cradle of an infant.—Burke.

**EDITORIAL NOTES**

A summer cottage acts something like having a hobby. Leading authorities all say that every man as he grows older should cultivate a hobby, and to many men, a summer cottage is just the hobby needed to maintain their interest in life and keep them young.

Necessity is indeed the mother of invention and produces some remarkable changes. As R. Goodwin Smith says in The Toronto Star: "Action of the British government to promote home production is in line with the views of some economists who long have claimed a good living standard can be built up and sustained best by national production policies rather than depending for a living on variable external trade. If a nation has the physical requirements to provide a good standard of food, clothing and shelter for its people, the exploitation of these resources to meet domestic requirements would be the primary objective of all countries, it is claimed."

A timely bit of advice to motorists as to courtesy when on the road, is given by Editor Davis of The Elmira Signet, when he says: "Take particular attention the next time you are on a busy street or highway and see how lacking courtesy is today in the display given by motor car drivers. If you find one who slows down or stops to let a woman and a baby carriage cross the street, if he allows some car to back out of a tight spot, or he takes his turn in going through congested traffic, or he does not use his horn to blast all and sundry off the road ahead of him—you have just seen something that is almost extinct among the driving public. Still, he is a man with manners and to be complimented."

**BUTTER WORRIES**

(Ottawa Journal)

Actually the butter supply situation is causing a lot of worry in the trade today. There appears to be good grounds for this worry. While there has been a gain of five per cent. in the total supply, as compared to a year ago at this date, there has been an increase of 16 per cent. in domestic disappearance, the increase accounted for by heavier consumption and some domestic storage.

(Christian Science Monitor)

Europeans will not readily understand that a nation that spends nearly \$9,000,000,000 in a single year for beer and liquor, adding nearly \$2,500,000,000 for tobacco and \$2,000,000,000 for movies—to say nothing of three quarters of a billion for cosmetics—cannot find half the total for each of the next five years to help stabilize Europe, especially when to do so is in America's own economic and political interest, and, indeed, for American national security.

**ADVICE TO PARENTS!**

(Smiths Falls Record-News)

To parents! Have you a new infant at your home? Do you place him or her in a play pen for long periods? A number of experts on the subject claim that long periods in play pens are bad for an infant. The baby is tempted to stand up too long

and this has a tendency to make him or her knock-kneed. Better check on this. Young mother, do you want your daughter to grow up to be knock-kneed or bow-legged? Think how she would look in a bathing suit. The present threat of the long skirt style may not be the vogue then.

### DEFINITE TEMPERANCE ACTION CHALLENGED

A very challenging address was given by Rev. Mr. Lucas to the members of the Winchester Women's Christian Temperance Union on Wednesday afternoon of last week in the Baptist Church. Admitting that a temperate use of wine was permitted in Old Testament times, he said the Christian standard in the New Testament was a much higher one, and was expressed by St. Paul in his letter to Romans, 14:21: It is good neither to eat flesh, nor to drink wine, nor anything whereby thy brother stumbleth, or is offended or is made weak.

As a friend of the W. C. T. U., Rev. Mr. Lucas defined the aims of the Temperance people as follows:

1. To build a good Canada for young people.
2. To build up a good home life in the nation.
3. To combat the evils of the drink traffic.

The W. C. T. U. could be regarded as an active branch of the Christian Church.

He suggested a greater use of temperance films and offered to use one himself in his evangelistic work.

A new suggestion was to buy and equip W. C. T. U. vans to tour the country visiting Fairs, Exhibitions, Shows and Markets, providing Temperance drinks and Temperance propaganda, and advertising the work of the W. C. T. U.

The sympathetic attitude displayed by the Evangelistic corner in the monthly Temperance paper, White Ribbon Tidings, should be further advanced by the employing of several teams of W. C. T. U. Evangelists who could engage in special missions all over the country exposing the

drunk evils of the drink traffic, and in the obtaining of signatures on total abstinence cards, and converts to the Christian life, through the acceptance of the Lord Jesus Christ into heart and life. Mr. Lucas was surprised that something of this kind of work was not done long before the present.

He pointed out that more was needed than better laws, better people were needed to keep the better laws. A great deal of prayer was needed that God would send a world-wide revival of true Christianity. Evil men feared the prayers of the Lord's people as they feared nothing else. A heaven-sent revival was the only hope for the future.

From his own experience, Mr. Lucas told of his many talks and interviews which revealed the harm to young and old that is being done through the influence of intoxicating beverages. At the conclusion of the message, Mr. Lucas was requested to give his message over again to a larger and more representative audience during the Evangelistic campaign now in progress in the Winchester Baptist Church.

Madame Lillian H. Jones, the internationally known Contralto, rendered two very impressive solos at the W. C. T. U. meeting. The first was entitled "Pass it on", and the second "We Are Building For Eternity".

The Question and Answer period was conducted by Mrs. Edith Duttan when eight ladies answered set questions with facts and figures which truly were startling.

The question was: "Is the drink traffic good business," and the answers gave information of such a many sided nature, that it was felt that the public should be informed, Parliament and Councils should be given these unassailable facts and figures so that steps be taken by all good citizens to wake Canada to a better land for young people, and to elevate the home life of the nation by combatting the growing evils of the drink traffic.

God was with the forces of righteousness in their fight against the evils which were destroying the nation. Let us go forward prepared to pray and sacrifice for the sake of the young people who are the men and women of to-morrow.

### DUNDAS CALF CLUB'S ACHIEVEMENT FOR 1947

The Chesterville and Mountain Calf Clubs of Dundas County, recently held their respective Achievement Days. The showing of their club members, the appraisal for individual showmanship completed the Clubs' project for 1947. Care and feeding methods, results of judging competitions, questions and club work, submission of monthly reports and attendance at club meetings made up the remaining points on which the club members were scored. The standing of the members is as follows:

**Chesterville Calf Club**  
1st, Raymond Dawley; 2nd, Arnold McCadden; 3rd, Gordon Beckstead; 4th, Hubert Merkley; 5th, Leo Racine; 6th, Arnold Kittle; 7th, Stewart Edgerton; 8th, Douglas Hunter; 9th, Mack Beckstead; 10th, Gary Smith; 11th, Jack Smith; 12th, Henry Feeley; 13th, Ralph McPherson; 14th, Elmer Merkley.

**Mountain Calf Club**  
1st, Keith Fawcett; 2nd, Gordon Fawcett; 3rd, Gordon McVey; 4th, Rose Suffel; 5th, Stanley Robinson; 6th, Donald Rose; 7th, Carl Gilroy; 8th, Raymond Smalle; 9th, Gerald Fawcett; 10th, Douglas Mulholland; 11th, Franklin Milne; 12th, Malcolm Graham; 13th, Earl Johnston; 14th, Marion Mulholland; 15th, Arthur E. Milne; 16th, Robert Milne; 17th, Norma Monteith; 18th, Junior Blow; 19th, Keith Baldwin; 20th, Eileen Moore; 21st, Ronald Brontmire; 22nd, Lawrence Wyatt.

At the recently held Central Canada Exhibition, a team of three boys, namely Keith Fawcett, Donald Rose and Gordon McVey, of the Mountain Calf Club, took part in a judging competition along with 55 other teams from Eastern Ontario, and carried off second place honours one point behind the first place team. A similar team from the Chesterville Club also participated and placed well up in the final results.

Club members during the season also enjoyed an Educational Tour of Ottawa, and visited such places of interest as the Experimental Farm, the Parliament Buildings and the Museum.

Much valuable assistance throughout the year was rendered by Messrs. Gerald Kittle and Allison Graham.

Parents especially, and all those who have co-operated to help the boys and girls in this important work, deserve a word of commendation.

To the sponsoring bodies, the Chesterville and Mountain Agricultural Societies, and the Ontario and Dominion Department of Agriculture, the Club members wish to express their heartfelt thanks. The judges at the local fairs held at Chesterville and South Mountain, namely M. W. McConkey, of Peterborough, and R. Wilson, of Kenmore, deserve worthy mention for their part in placing the calves and appraising each contestant for showmanship.

It is the wish of H. W. Graham, Dundas Agricultural Representative, and D. W. MacMillan, Assistant, that each member of the two clubs will again take part in the work next year. To those boys and girls who have not been engaged in Club work a hearty invitation is extended for the coming season.

The funeral was held on Friday afternoon last, with service in the Wesleyan Methodist Church, conducted by Rev. J. A. Bain, of Cornwall, assisted by Rev. S. W. Blanchard, of Brockville; Rev. G. S. Germain, of Inkerman; Rev. H. Kiely, pastor of the local church, and Rev. Jacob Weaver, of Newington. During the service, "Under His Wings," a special hymn, was sung by Mrs. Sheldon Robinson, accompanied by Miss Bessie Rennick.

Interment was made at Maple Ridge Cemetery. The pall bearers were: Messrs. Lyall Derby, Harvey Derby, George Derby, Harold Levere, Lyall Levere and James Levere. Besides his wife, the late Mr. Derby leaves two children, Burnett Richard and Barbara Ellen; and one brother, Barton Derby, of Mountain Township.

### LATE ANDREW JOHN DERBY

In ill health for about two weeks, Mr. Andrew John Derby passed away at a hospital in Detroit, Mich., on Tuesday, September 16th. Born at Pendleton, 40 years ago, he was a son of the late Mr. Burnett J. Derby and his wife, Elizabeth Barton.

On January 1st, 1930, he was married to the former Miss Ellen Baker, at Hamilton, and took up residence in Detroit where Mr. Derby was a barber.

Although the late Mr. Derby had been in ill health for several months, his condition did not become serious until two weeks prior to his passing.

Following a brief service at the family home in Detroit, conducted by Rev. F. L. Lockwood, the remains were brought to the home of Mr. Barton Derby, Mountain Township, a brother of the deceased.

## WEDDINGS

### JOHNSON-NEWBURY

Elma United Church was the scene of an interesting Autumn wedding ceremony on Wednesday afternoon, Sept. 17th, when Shirley Mildred Newbury, youngest daughter of Mr. and Mrs. Arthur Newbury, of Winchester Springs, was married to Dwayne James Johnson, only son of Mr. and Mrs. Earl Johnson, of Winchester Springs.

Gladoli and a profusion of Fall blooms were used to decorate the church, and the ceremony was performed by Rev. F. J. Vowles, minister of the church. Lohengrin's Wedding March was played by Mrs. Bernice Barkley, who also sang a solo during the signing of the register.

Given in marriage by her father, the bride was charming in a floor-length dress of ivory brocaded satin, designed on straight lines, with full skirt and bodice. The neckline was low, and the long tight-fitting sleeves came to points over the hands. Her long white embroidered veil was held in place by a coronet of ribbon and lace, and she carried a bouquet of red roses.

Mrs. Ronald Barkley, sister of the bride, was matron of honour, and the best man was Mr. Ronald Barkley. The ushers were Walter and Laurence Johnson, cousins of the bridegroom.

After the ceremony, a reception, attended by more than 40 guests, was held at Edgell Inn, Morrisburg. Later, Mr. and Mrs. Johnson left on a motor trip to Western Ontario. For travelling, the bride wore a heavy blue suit and hat, with black accessories, and a corsage of red roses. On their return, they will reside at Winchester Springs.

## OBITUARY

LATE ORREN F. DURANT

Orren F. Durant, aged 60, died  
recently at his home, 513 King St.,  
Ogdensburg, N. Y., after being ill for  
the past year. He was born in Wil-  
liamsburg on October 27th, 1886, the  
son of the late George and Elizabeth  
Sargent Durant.

Mr. Durant received his early edu-  
cation in the Williamsburg and Win-  
chester Schools. On January 9th,  
1906, he married Miss Delia Clark  
at her home in Mountain, by the Rev.  
H. E. Warren, who was pastor of the  
Methodist Church there at that time.

Mr. and Mrs. Durant went to Og-  
densburg in 1925 from Ottawa, and  
Mr. Durant worked as foreman and  
tester in the wood department of the  
Algonquin Paper Mill for 17 years.  
He was employed there up until  
a year ago when he was taken ill and  
had to stop work. At that time he  
had a major operation. Since then  
he has had two more, one in Janu-  
ary and one in June of this year.

Surviving besides his wife, are  
three sons, Delmer Floyd, of Water-  
town; Ross Clark and Harold Frank-  
lin, of Morrisstown; also one daughter,  
Mrs. Henry Graveline (Mildred), of  
Ogdensburg; two brothers, Kenneth  
and Ernest, of Winchester; two sis-  
ters, Mrs. Dan Shaver, Kemptville,  
and Mrs. Stanley Greer, Prescott; 12  
grandchildren, one great grandchild  
and several nieces and nephews also  
survive.

Mr. Durant was a member of the  
Methodist Church and the Men's  
Brotherhood of that church and the  
Royal Order of Moose, last year hold-  
ing the position of chaplain. He also  
belonged to the Hiawatha Legion of  
the Moose and the former Liza White  
Lodge I.O.O.F.

Mr. Durant was well known in Og-  
densburg and held in the highest es-  
teem.

Funeral services were held on Sun-  
day afternoon, September 14th, at the  
home at 2 p.m., and at 2.30 at the  
Methodist Church, Ogdensburg, with  
the Rev. Clyde V. Sparling officiat-  
ing. Two of Mr. Durant's favorite  
hymns were sung during the service,  
"Good Night Here, And Good Morn-  
ing Up There," was sung by Miss  
Edna Shaver, and "Looking This  
Way" was sung by Miss Shaver and  
Mrs. George Ellis.

Burial was in Ogdensburg Ceme-  
tery. Members of the Moose and Re-  
bekah Lodges served as escort and  
honorary guard, and the burial ritual  
of the Moose fraternity was used at  
the graveside. The pallbearers were  
Llewellyn McGrath, Harold Mc-  
Grath, Adam J. Pettilli, Edward  
Cooper, Fred Bothe and Fred Shue.  
The services were largely attended  
and there were many beautiful floral  
tributes, attesting the high esteem in  
which Mr. Durant was held by his  
friends.

## Rupture

READ THE FOLLOWING:

Doctors state bad rupture cured  
Kemptville, Ont.,  
March 17th, 1932  
J. L. Armstrong, Specialist.

Dear Sir:

I am very glad to tell you that I have been cured of that big rupture by wearing your invention. Remember you fitted it on me in 1920. I left it off eleven years ago. I have not had it on since, and I have been shoeing horses nearly every working day during the past eleven (11) years. Some of the horses were very hard to handle. I have had doctors examine me, and they could not find any trace of the rupture. They said that I was perfectly cured. My rupture was very large and put me on my back often during the day. Trusses would not hold, they were no use to me. You may use this note if you like.

#### Public School Field Day.

The Public School, Winchester, will hold a Field Day on Friday, September 26th, at 1.30 p.m. A full programme of sports has been arranged. Turn out and see Winchester's juvenile athletes in action. An interesting afternoon is assured.

#### W. H. S. Student Wins Scholarship.

Miss Vyvienne M. Acres, daughter of Mr. and Mrs. Cecil G. Acres, of Osgoode, has won the Dominion-provincial student-aid scholarship of \$400 for general proficiency. Miss Acres has led her class for five years at the Winchester high school, under Principal J. H. Willard, and received her early education in the small rural schools at Osgoode and Mount-ain. At present she is teaching school at Dalmeny.

#### Infants Baptized.

At the Rally Day Service, held in the United Church on Sunday morning last, Judith Diane, infant daughter of Mr. and Mrs. Gordon E. Coons, and Bruce Doxtater, son of Mr. and Mrs. B. Doxtater, of Ottawa, were baptized by the pastor, Rev. Norman J. Thomas. #### Bread Prices Up Three Cents.

Bread prices in Winchester took a three cent jump this week, the price now being 13c per loaf. The increase was expected, however, as the price of flour was increased by over \$2.00 per 100 lb. bag last week. One local grocer will still sell bread at the old price of 10c per loaf, as a special, on Saturday. His identity can be learned by reading the advertisements in this issue of the Press. In these days of high prices, housewives would be well advised to read the Press advts. every week, as there are always some real specials listed in the advts. of several merchants. Be Thrifty. Read the Ads., and learn where you can save money.

#### Donates \$25.00 To Hospital.

On Monday, Mrs. Joseph Wylie observed her 78th birthday by dropping in at the Press Office and leaving a donation of \$25.00 to the Winchester District Memorial Hospital Fund. The donation has been handed to the Hospital Treasurer and an official receipt will be issued. Any other citizen who wishes to observe their birthday in a like manner may do so—and there's no limit on the size of donation you may make. Money is an all-important factor in building and equipping a hospital, so if you have any greenbacks to spare, turn them in and let them work for the health and welfare of this community. For those who may not know it, the hospital is under construction now and a "Hospital Day" is being planned for Saturday, October 4th.

#### FOR MISS MURIEL BARKLEY

Mrs. C. Johnston, Mrs. C. Garlough and the Misses Muriel Armstrong, Doris Utman, Hurdis Jorgensen, Lulu Dawley and Jean Wyatt were hostesses at a miscellaneous shower, held on Friday evening last, in honour of Miss Muriel Barkley, whose marriage takes place early in October. The event was held at Miss Barkley's about 50 lady friends.

Among the numerous gifts presented to the bride-to-be were an electric table lamp, magazine end table, set of sandwich trays, and lace tablecloth. An accompanying address was read by Miss Dawley, to which Miss Barkley made a fitting reply. The dainty bride's book, which contained the address, was signed by all those present. Following the presentations, candy was served by the hostesses.

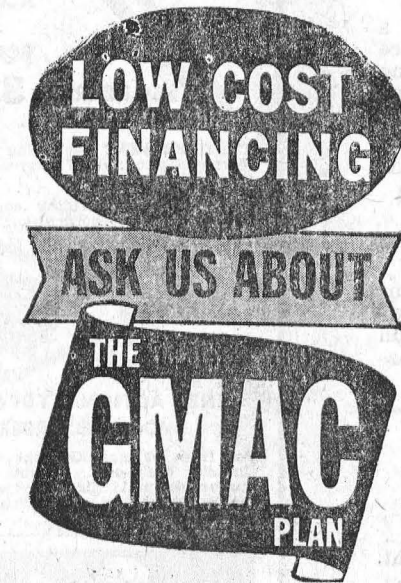

Prior to leaving Ottawa, Miss Barkley was tendered a kitchen shower at the home of Miss Betty Campbell, by her class-mates from the Ottawa Civic Hospital.
