FALLING ROCK NARROWLY MISSES MOTOR CAR

Tuesday morning, about 8.30, as Eddie Moore was motoring to town, he had the nerve-wracking experience of being narrowly missed by a chunk of rock weighing about two pounds dropping from the clouds, almost.

He was driving west on South St. near Thos. Allen's when the rock came from apparently nowhere, almost missed his car, just touching the left mudguard cutting it slightly, hit the hard road and had sufficient force to bounce clear of the road and land in Mr. Allen's field. It is understood that blasting operations in the building of a road along the north side of the Nation river may have been the cause of the flying rock.

METCALFE ROAD CRASH INJURES TWO ON SUNDAY

Two persons were taken to Ottawa Civic Hospital at 4.30 Sunday morning where they received treatment for injuries received when their automobile left the Metcalfe road nine miles south of Ottawa.

The car, driven by Mr. Poole was travelling south when it left the road and crashed into a culvert. Damage to the vehicle was estimated at $600.

ESCAPED INJURY FROM SECOND CRASH IN WEEK

When the car driven by Wilfred Lannin of Winchester crashed into the rear of the car of Lawrence Phair of Winchester Springs last night, damage amounting to more than $300 was caused to both vehicles.

Mrs. Phair suffered from shock and bruises and was treated at the office of Dr. W. M. Byers. Ray Cooke who was a passanger in the Lannin car escaped from his second crash within three days without further injury.

Impressive Anniversary Services Held By St. Andrew's

The anniversary services in St. Andrew's Presbyterian Church, Chesterville, were held on Sunday, August 22nd when a large number of worshippers were in attendance including friends from Trinity United congregation and others from Dunbar and Morewood. The services were conducted by the minister, the Rev. W. H. Heustin, B. A., and the choir and music was under the direction of Mrs. Harold Greer, the organist.

The Rev. Dr. C. Younger-Lewis, B. D., D. D., of Vernon was the guest speaker. Dr. Younger-Lewis was born in England, his father being born in Wales where the doctor spent some years as a boy. Previous generations of the family had lived in Scotland. Forty years ago Dr. Younger-Lewis came to Canada where he has served in the Synods of the Maritime Provinces, Montreal and Ottawa and Saskatchewan. In each of these Synods he has done a lasting work and particularly in the Ottawa Valley and in Western Canada in the organizing of congregations. During the Great War he served in His Majesty's forces as a chaplain. He came from Swift Current, Sask., to become the minister of the Vernon charge in December, 1945. An alumnus of the Presbyterian College, Montreal he was honoured and his faithful service recognized by the Senate of Knox College, Toronto, when the degree of Doctor of Divinity, honoris causis was conferred upon him at the Convocation in May, 1948.

The text of the sermon in the morning was, "The glory of this latter house shall be greater than the former". Haggai, 2:9. It was an inspiring message and a call to faith , hope and vision. In the evening, Dr. Younger-Lewis' sermon text was from Genesis 28:17, 19. "And he said this is none othe but the house of God ad he called the name of that place Bethel." The speaker stressed the idea of the church building as the home of God, and reminded those present of the blessings which they had again and again received in the House of God whether few or many people were present. Calling to mind the members of the Church in Heaven, as well as in the earth, and the sacrifice of those who in the past built the church, he presented the the challenge to those in the present to make similar sacrifices in the Lord's work to the glory of God.

St. Andrew's, Chesterville, is one of the oldest congregations in the district. One historian has said that it is probably the oldest in town and in the early forties of the last century Old Kirk ministers were coming to this community to conduct services.

WILL DISCUSS MARKETING WOOD LOT PRODUCTS

The Ontario Conservation and Reforestation Association officers hope to have a good discussion on the marketing of woodlot products during the dinner meeting of Zone 5 at Rideau Ferry Inn on Wednesday, September 1st, at 6.00 p.m.

This meeting will be after the noon picnic lunch and tour from the Queens Biological Station, two miles west of Chaffeys Locks. Signs are being placed to guide members and visitors to this pretty little spot on lovely Opinicon Lake, one of the finest on the Rideau Lakes system.

It seems timely that marketing should be a topic for discussion and that all interested persons should take part in it, for lack of marketing information is listed as a primary cause for the very unsatisfactory condition of farm woodlots.

The "Report of the Ontario Royal Commission on Forestry, 1947" states on page 78.

"A relatively quick solution of the present serious problems of woodlot devastation could be furnished by assisting woodlot owners to market their products. A ready reliable, profitable and well advertised outlet for the products of the average woodlot would engender an interest in the long range possibilities of scientific forest management.

Major General Kennedy then pointed out that a farmer with a few mixed hardwood logs finds difficulty selling them at a good price, although the furniture factories of Ontario must import hardwoods to keep going. The great pulp companies are showng an interest in the possibilities of drawing more heavily from private woodlots, and of course concerned with future supplies. Veneer log buyers, lumber mill operators and wood using industries have a great many marketing problems to discuss with the woodlot owners, reeves and representatives of agriculture. Each group can benefit by hearing the opinions of the others. Everyone who can contribute to the discussion on this topic will find an interested audience, and possibly the meeting may lead to local improvement of the conditions which the Royal Commissioner deplored in his Report.

The meetings are open to all but dinner reservations must be made in advance to ensure service.

Slight Misunderstanding

Two teachers riding the street car. "How many children have you?" asked one. "Oh, I have only 30" was the response. "Well, I've got you beat. I have 31," said the first teacher.

An old Irish lady across the aisle became interested. "Sure and I'll bet your husbands came from Ireland," she exclaimed.

Jumps off Wagon As Engine Kills Horses

Escaping death by only a few seconds, Archie Latulippe, 18-year-old son of Mr. and Mrs. Henry Latulippe of Northfield Station, seven miles south of Avonmore, jumped off a loaded wagon of grain just as the evening New York Central express train crashed into the wagon killing a valuable team of horses and completely destroying the wagon and its contents.

The accident occured Saturday evening at 6.30 during threshing operations on the farm of Norman Arbuthnot, one-half mile west of Northfield Station on the New York Central Railway line between Cornwall and Ottawa.

Latulippe suffered a dislocated right shoulder from the jump and was attended by Dr. J. M. Pollock, Avonmore.

The accident is being investigated by railway officials.

FATHER TO SON

THE times have proved my judgment bad,
I've followed foolish hopes in vain,
And as you look upon your Dad
You see him commonplace and plain.
No brilliant wisdom I enjoy;
The jests I tell have grown to bore you,
But just remember this, my boy:
'Twas I who chose your mother for you!

Against the blunders I have made
And all the things I've failed to do
The weaknesses which I've displayed,
This fact remains forever true.
This to my credit still must stay
And don't forget it, I implore you;
Whatever else you think or say;
'Twas I who chose your mother for you!

Chuckle at times behind my back
About the ties and hats I wear;
Sound judgment I am known to lack;
Smile at the ancient views I air,
Say if you will I'm often wrong,
But with my faults strewn out before you,
Remember this your whole life long;
'Twas I who chose your mother for you!

Your life from babyhood to now
Has known the sweetness of her care;
Her tender hand has smoothed your brow;
Her love gone with you everywhere.
Through every day and every night
You've had an angel to adore you;
So bear in mind I once was right;
'Twas I who chose your mother for you!

Latin

A Washington barber had a sign on his window. "Ici On Parle Francais." One day a Frenchman called for a shave. He addressed a few remarks to the barber in French, and the following conversation took place:

Barber: "I can't understand what you are saying."

Customer: "But you have the sign 'Ici On Parle Francais' on your window!"

"Well what does that mean?"

"It means that French is spoken here."

"'Oh, is that it? The fellow who painted it on my window told me it was Latin for 'God Bless Our Happy Home,."

In these days half our diseases come from the neglect of the body, and the overwork of the brain.—Bulwer.

SELECT COLOUR OF HEDGE CAREFULLY

Hedges should be to a garden what walls and partitions are to a house, says R. W. Oliver, Assistant, Ornamental Horticulture, Central Experimental Farm, Ottawa. They should give privacy from without and act as a background to the brighter displays of the garden from within.

The height, colour and texture of a hedge will be governed largely by the size of the property and type of garden which the hedge surrounds. A large garden needs a taller hedge than a small garden. A tall or medium hedge should under ordinary circumstances be mid or dark green in colour as its purpose is to act as a background to the garden. A golden, grey or red leaved hedge kills the appearance of any plants in the foreground.

Low hedges or borders, which are used only to give emphasis to the design by extending the architectural lines in plan on the property, may be of brighter shades, particularly in conjunction with the light coloured buildings.

The texture or detail of a hedge is largely a matter of coarse and fine foliage and the degree of shininess. Large leaves and shiny ones are seen in more detail than small or dull green ones. Consequently they have the appearance of being nearer at hand and the tendency to reduce the apparent size of the space they surround. A hedge of fine texture and dull green colour such as Caragana would, on the other hand, increase the apparent size.

Life's Foibles

Life for some begins at 40. while others by that time have gone largely to waist.

will do business on a

Strictly Cash Basis

WHY IS THERE NO PLACE FOR CREDIT IN A CO-OPERATIVE?

(1) Credit in the long run eventually produces some uncollectible accounts.

(2) Credit ties up more of the Co-Op's Capital and forces it to resort to Bank borrowing and expensive interest charges.

(3) Credit costs heavily in excessive bookkeeping expenses.

(4) Credit often encourages patrons to stay in debt.

(5) Credit is unfair to the cash patron, and deprives him of his rightful share in the Co-Op's maximum possible savings.

Church News

MOREWOOD UNITED CHURCH

At Morewood United church the services were conducted by the minister. Scripture passages read were Psalm 119: 1-16 and Acts of the Apostle, chapter three. The text at the morning service was Psalm 119-57, "Thou art my portion, O Lord. I have said that I will keep Thy word. I intreated Thy favour with my whole heart." The soul's portion is God Himself. "He will give the Holy Spirit to them that ask Him".

At the evening service the text was Matt. 13: 33, "Another parable spake he unto them saying, 'The Kingdom of Heaven is like unto leaven which a woman took and hid in three measures of meal until the whole was leavened."' The Kingdom of God is a permeating and transforming influence. It conquers the life of mankind as leaven subdues the dough.

The choir rendered the anthem, "Look to the Lighthouse", with Mr. James Shaw taking the tenor solo and Mrs. H. Popplwell the contralto solo. Miss Ellice Smith presided at the organ.

MOREWOOD W. M. S.

The regular meeting of the Morewood United Church W. M. S. was held at the home of Miss Christie Steven on August 18th. There was a very good attendance and a very enjoyable and instructive meeting. Mrs. Murray Dillabough conducted the service and devotions. The theme discussed was "The Christian's Responsibility Towards the Liquor Problem as it exists Today." Miss Philis Reveler sang "The Lost Chord." Mrs. H. Popplewell was in charge of the program. A temperance play, "What Price Freedom," was presented by five members of the society. After a business session, Mrs. Murray Dillabopgh closed with the Mizpah Benediction. The next meeting will be held at the home of Mrs. Bert Weegar, Morewood.

• This morning Mrs. Jones opened a savings account at a neighbourhood branch of The Bank of Nova Scotia. She was a little timid when she entered the bank. But a very efficient man made it so easy for her.

This man was the teller. Quickly he explained the simplicity of making deposits. "Just let me have your signature, Mrs. Jones", he said. "Now here is your pass-book. It is a copy of the Bank's own record of your deposits." It was all done in a few minutes. But Mrs. Jones felt she had met a friend.

Each man and woman on the staffs of The Bank of Nova Scotia's more than 300 branches is trained to make banking service both efficient and pleasant. Whatever your banking needs you will find in The Bank of Nova Scotia men and women who can help you transact your business the way you like it.

Garden Chats:

—Mrs. Harry Allison

Hello: Our last "Chat" if you remember, was an invitation to the Flower Show - an invitation to come and bring your flowers and vegetables. A great many accepted with the result that we staged the largest and best Show that Chesterville has seen in many years.

Mrs. A. J. Forward was the Champion Prize Winner with our Secretary, Mrs. Eric Casselman running a close second. We had 42 exhibitors in the open classes and 15 in the school exhibit. That is very good for us. All in all, the show was a success and thank you one and all for your help in making it so.

The Executive will soon be meeting to order your membership premiums. Before long we hope, you will receive your choice of bulbs to plant for spring or winter bloom.

I don't know how to say it any other way, so I might as well break the news abruptly. This the last "Garden Chat". This is farewell, not just until next year either, for all time. So many have said, "I don't see how you find time to write each week". Well, I didn't find time, I made it. Now it seems I can't even make it. To-night, for instance, I began to write this after nine o'clock having had a day of canning and pickling. By the time I get it all typed, it will be bedtime,don't you think?

I'm sorry to have to give up our little chats each week. I've enjoyed them immensely. You've enjoyed them too, and thanks for telling me so so often. I've appreciated all the kind words you've said. Its been fun having you call me to tell me how you make things grow. It was so thoughtful ofthe readers who sent me the orange, peach and cherry seeds too. By the way, they are doing well. But it was a bit embarrasing when you asked me so many things that I didn't know. After all, I'm not an old, experienced gardener who knows all the answers, but thanks for complimenting me by asking, anyway.

I've learned a great deal in the last two years, tho'. Often I had to read all about it in books and magazines before I could pass on the information to you. Thus I benefited more than you.

Then I think I made a great many friends through this column. So many people have asked, "Are you the Mrs. Allison who writes Garden Chats," Whereupon a conversation was begun and another friend made.

Now, I am bowing out. Thank you so much for being such constant and apreciative readers and don't forget your Horticultural Society.

So long.

The Best banking system

CANADA has a banking system which, for efficiency and dependability, is unsurpassed in the world. Competitive, flexible, adaptable to the changing needs of the country, it serves Canada's producers, her industries, her traders—and it serves your personal needs, too.

No customer has to fear for the privacy of his regular banking transactions. This privacy is completely free of political pressures or considerations—it is rooted in Canadian banking practice and tradition.

Contrast this Canadian way with conditions in lands where freedom is denied—where every bank is a political tool, every banker a State official! State monopoly of banking, proposed by Socialists here, would fasten the Marxist foreign pattern on you.

THE MIXING BOWL

By ANNE ALLAN

Hydro Home Economist

Hello, Homemakers! We paid "high stakes" for tomato plants this year and with this in mind shall cherish them, then use the tomatoes as they ripen. The same is true for all garden produce.

Serve a variety of vegetables in a variety of ways—not the same old thing yesterday, today and tomorrow. In the hands of a good cook a vegetable plate can be colourful, refreshing in flavour and appetizing — another way of assuring your family their share of fresh vegetables.

Te relish tray with a harmonizing assortment — carrot sticks, pepper rings, tomato wedges, cauliflowerettes and radishes, cucumber slices and whatever. Bring raw vegetables crisp and cool from your refrigerator, cut up leaves and toss the salad with dressing at the last minute.

Peeling vegetables in the morning and letting them soak in water is "out" because such treatment robs of value. scrub or cook in their jackets or peel just before they go into the pot where you have a little salted water to boiling. Cover closely to get the cooking under way at once. Note the time when steam shows boiling point again and don't overcook to avoid ruining the texture, colour and nourishment. As soon as they are tender they are done.

TAKE A TIP

1. Unless you are in an awful hurry, leave vegetables whole or in large pieces for cooking.
2. The best way to cook a potato is to bake it but new ones should be boiled quickly to prevent sogginess. Beets, carrots and marrow are delicious steam cooked in a covered casserole with very little water. This requires ten minutes longer than boiling but three kinds of vegetables can be cooked in the oven at one time—one with a milk sauce, the other with a pie crust over it and the third vegetable plain.
3. If you do have leftovers, store them covered in the refrigerator and use them promptly.

BOILED SWISS CHARD

Use young tender Swiss chard. Wash thoroughly. Little or no water need be added for cooking, the water that clings to the leaves is usually enough. Cover until the chard begins to boil, then cook uncovered until tender or about 10-15 minutes. There should be almost no liquid remaining. Drain if necessary. Chop finely, season with salt, pepper and a little cooking oil.

Older chard. Cut the white stalks into one inch pieces, cook in water until tender. Chop and add to the leaves which have been cooked as above, or serve separately with a white sauce.

POLISH CUCUMBERS

3 large cucumbers, cut in pieces
3 tbsps of cooking oil
3 tbsps flour
1½ cups of milk
½ cup dried bread crumbs
½ tsp salt
pepper
½ cup grated cheese

Steam or simmer the cucumbers in a little salted water. Arrange in a baking dish and pour over them a white sauce made with the cooking oil flour, milk and seasonings. Cover with cheese, then the crumbs, and dot with bits of butter. Reheat in a moderate electric oven.

ONION PIE

Line a pie plate with flaky pastry and fill with layers of thinly sliced, peeled mild onions. Pile them carefully so the pie will be well filled. Beat one egg, add one tbsp. milk or water and pour over the top of the onions. Season to taste with salt & pepper. Bake in a pre-heatepd electric oven of 450 degrees for ten minutes then reduce to 350 for 15 minutes.

TURNIP GREENS WITH SAUCE

4 qt. saucepan full of turnip greens
1½ tbsps flour
1 cup sour cream
2 tbsps vinegar
½ tsp sugar
2 tbsps of grated cheese
½ tsp salt
pinch of pepper

Cook turnip leaves ten minutes and drain well. Combine flour and cream in a saucepan, add vinegar and seasonings and cook, stirring constantly. Serve at once over greens. Serves 6.

BEETS WITH MUSTARD SAUCE

2 tbsps mustard
2 tsps sugar
½ tsp salt
3 tsps flour
pinch of powdered cloves
¾ cup water
¼ cup vinegar
2 egg yolks slightly beaten
2 tbsps dripping

Mix dry ingredients in top of double boiler. Add water, vinegar and egg yolks. Beat well and add dripping. Pour over five cups of cooked beets.
