Charles Marcell Badly Hurt When Struck by Automobile

Injured Sunday Evening After Car in Which He Was Passenger Had Gone Into Ditch North of Town.

Charles Marcell, Chesterville's popular Hydro service man, lies in a Brockville hospital in a critical condition as the result of being struck by an automobile Sunday night about 10 o'clock on the Chesterville-Morewood road a short distance south of the gate entrance to the fur farm.

It is reported that Thos. Smirle and Marcell were driving south in the former's car when a front tire went flat and the car took the ditch. They were making repairs and Marcell was standing on the road when a car from the south came along and proceeded to park and offer assistance when another car from the north arrived and in the headlight glare did not see Marcell and the latter was struck and thrown into the ditch, rendered unconscious and apparently severely injured.

He was taken to Dr. Lloyd's office and on first examination did not seem to be badly hurt but did not return to consciousness and was rushed to the Brockville hospital.

From the nature of the wounds in Marcell's back it is believed he was struck by the door handle of the southbound car, the back part of his coat and other clothing having been torn away.

Several Former Members Attend United W M.S. Meeting

A very interesting and well attended meeting of the W.M.S. of Trinity United church was held on Wednesday afternoon at the home of Mrs. Ingram Cross. The president, Mrs. W. O. Dixon, conducted the meeting. Mrs. Saucier and her committee were in charge of the programme, the theme being "Friends of Jesus in Canada." Those taking part were Mrs. Howard Kittle, Mrs. Harold Merkley, Mrs. Jno. Helmer, Mrs. Chas. Munro, Mrs. D McElheran and Mrs. I. Cross. Two musical numbers were well received, a vocal duet by little Misses Jean Merkley and Betty Kittle, and a vocal solo by Mrs. Miles Merkley.

An unusual feature was the number of visitors, Mrs. C. Johnston, of California; Mrs. Bogart, of Florida, and Mrs. Dempsey, of Ottawa, all former members of the society, and Mrs. Smith, of Toronto, and each brought greetings from the church society in which she is now interested.

Mrs. Dixon expressed her thanks to the hostess, Mrs. Cross, and to those taking part in the programme, and brought the meeting to a close with a hymn and the benediction.

EVIDENCES OF RAPID GROWTH ACCUMULATE

SINCE reporting tall stalks of timothy and barley grown in the vicinity, further evidence of the fertilty of the soil in this district and the ideal growing conditions of this season have been brought in. A stalk of timothy from the farm of Asa Merkley measuring 5 feet 9 inches and one from Alex. Racine's place measuring 5 feet 5 inches were topped by one from Eddie Barrett's fields with 5 feet, 10 inches. Walter Loughridge, of Morewood, not to be outdone, presented The Record with a basket of new potatoes, than which we have never seen better at this time of year.

Former Chesterville Man Died in Rochester, N.Y.

The funeral of the late Henry Murphy, formerly of Chesterville, was held in Rochester on Wednesday, July 7th, at 8.30 a.m., from the home of his daughter, Mrs. A. W. Hutt, and nine a.m. at Mother of Sorrow church where Requiem High Mass was sung by Rev. D. B. O'Rourke, with Rt. Rev. Monsigneur Burn in the Sanctuary and who also gave the blessing at the grave. Burial was in Mother of Sorrow cemetery.

Left to mourn are: his widow, Mrs. Bridget Knight Murphy; three daughters and one son—Mrs. Wm. Cook, of York, N.Y.; Mrs. Chas. E. Sherwood, and Mrs A. W. Hutt, of Rochester, N.Y., and Michael Murphy, of Los Angeles, Calif.; also eight grandchildren; four brothers, Robert, Peter, Gordon and James Murphy, all of Ontario, and several nieces and nephews of Canada.

The bearers were three grandsons, J. A. Cook, Carl Cook and Francis Sherwood, and Emmett McMahon, Edward Pearson and Bert Corey.

Numerous mass cards and floral pieces were received by the family. Relatives from a distance who attended the funeral of Mr. Murphy were: Mr. and Mrs. James Murphy, Mrs. John Murphy and sons Frank and Hugh, all of Crysler, Ont.; Mr. and Mrs. James Knight and family, and Mrs. Arthur Knight, all of Cato, N.Y.

Owing to the fact that George J. Hunt, R.O., is in Ottawa attending an extension course conducted by the Board of Managers of the Ontario College of Optometry, he will be absent from his office for the balance of this week.

Mr. and Mrs. Jos. J. Stone, of Pomona, Calif., motored to Chesterville and are visiting the latter's parents, Mr. and Mrs. Denis Kearney. They were accompanied by Miss Ellen Kearney who spent the past eight months visiting in Southern California.

Third Carlyle Family Picnic Held at Home L. Thom, Elma

The third Carlyle Picnic was held at the home of Mr. Lyle Thom, Elma, on Friday, July 2nd, and there was a large representaton of the family present.

After a sumptuous dinner, an impromptu programme was presented, Mr. George Carlyle, of Reids Mills, being chairman. Short witty speeches were given by John D. McRae, M.P. for Glengarry; B. H. Casselman, of New Westminster, B.C., and George Carlyle, Vancouver, B.C. Pipers J Carruthers and Norman Kenny played many Scottish airs during the day.

The officers for the next year are—president, W. A. Carlyle; vice-pres., Miss Emma Carlyle; sec.-treas., Malcolm Rae; record. sec., Mrs. W. S. Feeley; sports and general committee, Messrs Lyle Thom. W. S. Feeley, W. A. McElroy, Eric Casselman, Lyle Hunter and W. T. Rae. The next place of meeting will be at Hummel's Grove near Chesterville.

The following votes of appreciation were tendered, 1, to Mr. and Mrs. L. Thom and Miss Nettie Thom for their hospitality in opening their beautiful home for this event; 2, to the Pipers for their generous responses; 3, to the retiring officers for their faithfulness. An expression of sympathy was made to Mrs. J. W. Bogart on the loss of her husband.

Visitors from a distance were—T. D. Carlyle, Miss Doralda Carlyle, Mr. and Mrs. J. D. McRae and family, of Apple Hill; Mr. Geo. Carlyle, of Vancouver, Mr. and Mrs. Ralph Casselman and little daughter, and Mr. F. Casselman, of Detroit, Mich., and Mr. and Mrs. B. Casselman, of New Westminster, B.C.

A short programme of races and a softball match brought this pleasant day to a close.

Cannamore Schoolmates Hold Re-union on Tuesday

A very pleasant afternoon was spent at the home of Mrs. Hector Carruthers, Cannamore, on Tuesday, in the form of a garden party in honour of Mrs. Fenton Merrill, formerly Maude Hetherington, of Philadelphia, Pa. The guests, welcomed by the hostess and Mrs. Merrill, were seated on the spacious lawn under the maples.

It is some 20 years since Mrs. Merrill visted Cannamore and she was delighted to see so many of her schoolmates. An autograph book containing pictures representing the school girls was passed and signed by all. The afternoon was spent in music and games and Mrs. Emma Hetherington took pictures of the group. A buffet lunch was served by the hostess and daughter Louva, assisted by some of the ladies.

The guests were:

Mrs. Dorothy Jones and Mrs. Annie Coulthart, of Winchester; Mrs. Katie Dillabough, Kenmore; Mrs. Annie Wade, Russell; Mrs. Jettie McLaughlin, Mrs. Alice Irvin, Mrs. Florence McConnell, Mrs. Annie Stewart, Miss Eliza Reveler, Mrs. Maggie Brown, Morewood; Mrs. Emma Hetherington, Mrs. Sarah McConnell. Miss Christina Steven, Mrs. Rachel Feeley and Mrs. Nellie Reveler. Cannamore.

Boy Scout Troop Returned From Camp at Lemieux

Twenty-one Scouts and three leaders returned to Chesterville, Saturday afternoon from the annual camp of the 1st Chesterville Troop of Boy Scouts held this year one mile below Lemieux on the Nation river, 34 miles from Chesterville. Ideal weather prevailed for the eight days despite the fact the camp was pitched in rain Friday afternoon, July 2. Swimming kept the boys cool when the temperature hovered well over 90 in the shade.

On Wednesday, 18 Scouts completed a hike of 16 miles with the thermometer at 92-above, to the Government airport under construction at Chard. The patrols kept logs and maps of the trip, part of which was through rough country. Leaving at 9.45 a.m., the troop had lunch at the airport at noon, a dip and washup in a nearby creek, and returned to camp at 5.55, tired but happy. A swim and a piping supper put the boys into bed for a husky night's sleep.

A "sealed orders" hike was held on Tuesday, and a field day (Scouting) on Friday. Horseshoe pitching developed into the favourite sport—next to swimming—and the Whip-poor-will patrol came out champions.

The camp was run on the Patrol System, which is the method employed by Scouts, and the boys did exceptionally well with their cooking. Each of the three patrols was secluded in its own location, having its own fireplace, kitchen and table—all built by the Scouts. A good dock was also erected—without the use of nails—with Contractor Hummel and Engineer Olsen in charge.

Religious obligations were fulfilled by all members of the Troop. The Roman Catholic boys went to mass at Lemieux, and a "Scouts' Own" was held for the Protestant boys as the nearest Protestant church was five miles distant at Pendleton. Prayers were said at morning flagbreak and at evening when the Union Jack was hauled down, as well as personal prayers at bedtime.

Three Lone Scouts from Winchester, Jack Davies, James Spinks and James VanBridger, had their first taste of camp as guests of the troop, and Donnie and Francis Dwyer returned to town from London, Ont., in time to go with their old troop. Bill Hough was invested in camp, and four "probationists" also received their baptism of camp.

Much new equipment was purchased this year, including a 12 x 14 tent, and cooking utensils, and the troop is now almost self-sufficient. The only cost to the boys was their dues of five cents a week throughout the year, the remainder of the money for the camp being earned in various ways by the Troop.

The equipment was transported by truck and the Scouts taken and brought from camp in cars donated by parents and friends.

Officers in charge of the camp were Scoutmaster J. A. Morris, A.S.M. Harold S. Hummel, and T.L. Ross S. Cass.

Mr. and Ronald R. Fulton Honoured at Reception

Mr. and Mrs. Ronald R. Fulton (nee Gladys Alford, R.N.) who were married recently, were honoured at a reception and presentation, Friday evening at the home of Mrs. J. W. Allison of Maple Ridge. Mrs. Aura Hutt and Miss Madge Allison were hostesses and the evening was spent in games on the lawn.

An address was read by F. Erle Helmer and the presentation of a studio couch and other gifts was made by the hostesses. The bride's book, designed by Mrs. Fred. Helmer and Mrs. Erle Helmer and a bouquet of flowers were presented by Doreen Cross.

Mr. and Mrs. Fulton thanked their friends for their kindness. Refreshments were served by Mrs. T. J. Hamilton, Mrs. Irven Cross, Mrs. John Helmer, Mrs. Fred. Fawcett, Myrtle Derby, Murray Barkley, David and Douglas Allison, Aura Hutt, Lloyd Fawcett and Ralph Helmer.

Farewell Picnic at Grantley For Departing Pupils

A farewell picnic was held on the Grantley Public school grounds, Wednesday, June 30, for the Misses Jean and Dorothy Carr before they left for their new home in Berwick. The school prizes for the year were presented by the teacher, Miss Vera Haggerty, and an address was read to the departing pupils when the presentation of numerous gifts was made.

The address:

Dear Dorothy and Jean,—

As we have come to the end of another school-year, with the anticipation of happy holidays, we realize that it means the end of our school-days together, and henceforth though you may not be so far distant, you will be in your new home, attending another school, and forming new friendships.

We have enjoyed our school life with you and can recall many happy memories. You have ever been willing to help in our school, church and community with your fine musical talent and have done much to make our Junior Red Cross and other social functions successful.

And now we give you our very best wishes for your continued success in school and in future life, and we trust that, as you leave for your new home, you may carry with you kindly thoughts of your old friends and school.

We ask you to accept these gifts as a token of our friendship and goodwill and as you use them that they may remind you of your Grantley friends, schoolmates and teacher.

On behalf of the boys and girls in Grantley school and the teacher.

Doris Kittle, Florence McMillan, Teacher, Miss V. Haggerty.

Rattray---Brown

Miss Edith Brown, Daughter of Dr. and Mrs. W. A. Brown, Formerly of Chesterville, Wed in Kingston Ceremony.

A wedding of considerable interest to residents in this community was solemnized in Kingston, when Edith Margaret, only daughter of Dr. and Mrs. W. A. Brown, formerly of Chesterville, was united in marriage to David Eugene Rattray, of Deloro, son of Mr. and Mrs. D. A. Rattray, of Toronto, at Sydenham street United church. Rev. Dr. W. T. G. Brown, former pastor of Sydenham church, officiated.

Ferns and summer flowers decorated the church. The wedding music was played by Miss Olivia Lemmon and during the signing of the register Miss Marguerite Lemmon sang "Because."

The bride, who was given in marriage by her father, Dr. W. A. Brown, wore a gown of white chiffon, made on long lines, with a fitted jacket and a small halo hat with a short veil, and she carried a cascade bouquet of Briarcliffe roses and lilies-of-the-valley.

Miss Eileen Bogart, of Ottawa, cousin of the bride, as maid-of-honour, was gowned in blue taffeta, with a bolero jacket, a matching halo hat, and she carried colonial bouquet of cornflowers, sweet peas and pink roses.

Miss Barbara Brown, of Aultsville, cousin of the bride, who was the bridesmaid, wore a frock of pink taffeta with a bolero jacket, a matching halo hat and she carried a colonial bouquet of larkspur, sweet peas and talisman roses.

Mr. William C. Brown, brother of the bride, was best man, and the ushers were Leonard P. Campbell, of Toronto, and Gordon G. Rattray, brother of the groom, also of Toronto.

Mrs. Brown, mother of the bride, was gowned in brown lace, and wore a yellow hat and a corsage bouquet of yellow souvenir roses. Mrs. Rattray, mother of the groom, was gowned in flowered chiffon, and she wore a black picture hat and a corsage bouquet of pink rapture roses.

The reception was held at the home of the bride's parents, 199 King street East, Kingston. Summer flowers decorated the house, and the bride's table was centred with a wedding cake and white candles.

The bride and groom left for the Muskoka Lake district, where they will spend a honeymoon, the bride travelling in a frock of flowered taffeta, a white swagger coat and white accessories.

On their return they will reside in Deloro, Ont.

Among the out-of-town guests were Mr. and Mrs. O. D. Casselman, Mr. and Mrs. H. J. Fulton, Miss Jean Fulton, Mr. Hubert Dixon, Mr. and Mrs A. E. Bolster, Miss Betty Bolster, Miss Jean Houlehan, Miss Helen Moad, Miss Mina Marcellus, all of Chesterville, and Misses Louise Wilson, Madge Campderros and Enid Barwick, of Montreal.

Crop Testing in Dundas and West Stormont

In order to supplement comparative variety tests carried on at the Central Experimental Farm, Ottawa, and to obtain information regarding the suitability of certain varieties for various soil types, specal tests are being conducted at 16 points in 10 counties in Eastern Ontario this year. It is hoped that the results of these tests will help to determine the adaptability of several new varieties that have been developed at plant breed institutions and help make possible variety recommendations on the basis of soil types.

The work connected with the seeding, harvesting, etc., of these tests is carried on by the Cereal Division of the Central Experimental Farm, Ottawa. The Ontario Department of Agriculture through its Extension Service and The Dominion Seed Branch are co-operating with the Cereal Division in an effort to make this work a real service to the community.

In Dundas county one of these tests is located at Winchester on the farm of Mr. F. F. Davidson. Those interested in some of the newer varieties and their suitability for the district should not fail to visit these plots during the next month.

Two old ladies, while having a cup of tea, began to talk of modern fashions.

"What do you think of the hats the lassies wear, Mrs. Smith?"

Mrs. Smith (in disgust): "They dinna wear hats; they just walk along side o' them noo-o-days."

NEWS AND INFORMATION FOR THE BUSY FARMER

Furnished by the Ontario Department of Agriculture

LIVESTOCK FEEDS.

The problem of the dairyman today is to produce at a profit or break even under existing circumstances. Greater economy in feeding should not mean less efficiency. Ways of improving home-grown crops can be found, thus necessitating fewer purchasing feeds. Dairymen who have alfalfa hay and corn silage can readily get along with a lower protein concentrate ration than the farmer with poor hay and no silage. Even alfalfa hay varies considerably in nutritive value, depending on when it is cut. Farmers should cut their alfalfa at a time when they are fairly certain of procuring a valuable feeding material than if left until too far advanced. Curing is also important and the more green leaves that can be harvested and the greater retention of colour, the higher the feeding value that will be realized in the feeding-out process next winter.

THE CABBAGE WORM.

The cabbage worm is a velvety green caterpillar commonly found feeding on cabbages and cauliflowers. It also attacks turnips, rape, Brussels sprouts, kale and radish. It eats large circular holes in the cabbage leaves and frequently bores into the centre of the cabbage heads, making the cabbages unfit for market and spoiling them for home consumption. Control measures should be applied as soon as injury to the plants becomes evident.

Dusting with arsenate of lead and hydrated lime is the most widely recommended remedy. One part of the poison should be mixed with eight parts of hydrated lime and the mixture dusted on the plants in the early morning, or late evening, when the leaves are wet with dew. Particular care should be paid to the central portion of the cabbages and cauliflowers since it is usually the favourite spot for feeding. Two or three applications of the mixture should be made as required, care being taken to apply the dust immediately feeding becomes evident. Due to the waxy condition of the leaves, the use of a poison spray has not given satisfactory results.

CUCUMBER BEETLES ARE FAST WORKERS.

Cucumbers, melons, squash, pumpkins and watermelons are the favourite food of the striped cucumber beetle which is found in all provinces of Canada. To some extent, these beetles also feed on beans, peas, corn and the blossoms of wild and cultivated plants. In appearance, the beetles are about one-quarter of an inch long, yellow in colour, with a black head and three long stripes down the back, and they make their attack shortly after the plants appear through the soil. They feed for preference on the under surfaces of the unfolding leaves, completely destroying them. As a result, the tiny plants die quickly.

Growers with large patches would be well advised to watch the plants closely for the first appearance of the cucumber beetle and take control measures at once. The plants should be dusted with a mixture of calcium arsenate and gypsum (land plaster), using one part of the calcium arsenate to 20 parts (by weight) of the gypsum. If it is impossible to obtain gypsum, hydrated lime may be substituted, although this material is not so good. It tends to dwarf the plants and temporarily stunts their growth.

The plants should be thoroughly covered with the dust, both on the upper and lower surfaces of the leaves because the insects feed in both situations. To be successful, dusting should be commenced at the first appearance of the beetles. for these insects work very fast and much damage is often done before the grower who is not on the lookout for them is aware of their presence. Three or four applications a few days apart, according to the severity of the attack, are usually sufficient to hold the beetles in check.

ROOSTS FOR YOUNG BIRDS.

Teaching chicks to roost at an early age tends to promote feather growth and helps materially in carrying the chicks over the critical period when they are most likely to crowd and smother. It is desirable to get the chicks to roost just as soon as they no longer need heat to keep them comfortable. One of the best ways of getting chicks to roost is to build a sloping roost to the rear of the brooder house or to one side of the house and enclose the underneath side of the roost with a fine mesh wire so that the chicks cannot get at the droppings. They will take to these temporary roosts in no time.

THE TURNIP APHID.

In connection with the control of the turnip aphid, entomologists advise the planting of two rows of white turnips in a field of swedes as a "trap" crop for this insect. These aphids, which cause serious injury to young turnip plants through feeding on the leaves, commonly reach Canadian points in the late summer, but they may be expected earlier this year and probably to cause greater injury. Past experience has shown that this insect prefers white to swede turnips and may gather in huge numbers on a small number of white turnip plants leaving the swedes but lightly infected. The planting of a row or two of white turnips in with the main crop attracts the aphids to the "trap" plants so that they can be destroyed easily with spray or dust or by being ploughed under. The turnip aphids or plant lice make themselves apparent in a field through individual plants becoming stunted in growth and sickly in appearance. Purple blotches may appear on the surface of the leaf and these indicate large colonies on the under surface. These infested plants should be pulled and removed at once.

RADISH MAGGOT CONTROL.

Radish maggot may be controlled by the same solution as used for cabbage maggot, but applied in the form of a fine spray a few days after the plants have appeared above the ground. The application should not be used after bulbs commence to form as it is very dangerous.

If it is not proposed to treat radishes, severe losses may be avoided by broadcasting seed instead of sowing in drills.

The same treatment will give beneficial control to Onion maggot, if at least two applications are made, at the proper time.

EGG SHORTAGE COMING.

In Ontario and Quebec provinces, according to statements made by officials of the poultry services, there is reason to believe that laying stock is now below normal. There has been no great run in any one week, but the steady movement week by week over a long period has accounted for many more thousands of birds than is generally recognized.

This condition, combined with reduced purchases of baby chicks is causing real concern over the possibility of an egg shortage next fall. The impression now is that eggs will be scarce from September to January and that poultrymen will do well to get their birds in lay by that time.

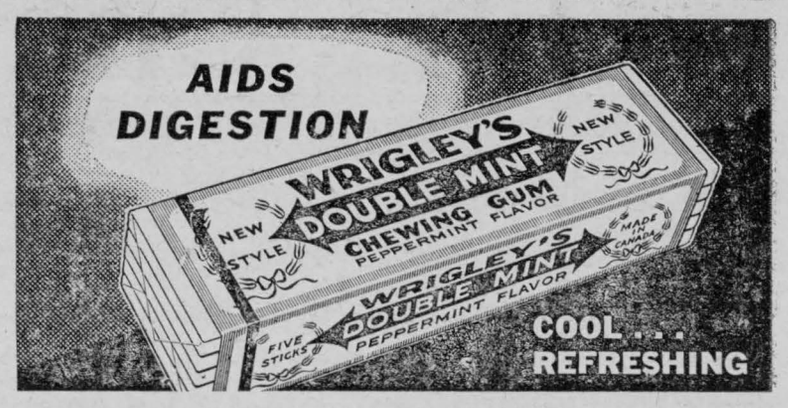

Some authorities are advising producers to raise every chick they can. While the cost of food is rather high, prices of all commodities are rising and it is reasonable to expect that when conditions adjust themselves, eggs and poultry will also be higher.

The egg markets at eastern centres are now two to three cents above the corresponding period of a year ago, and, with some recent reductions in feed prices, the prices of eggs and feed are coming more in line with each other.

Three Special Days Billed For Ottawa Exhibition

Pageantry, thrills and novelty will mark the first three days of the Ottawa exhibition, three special extra days to celebrate the fiftieth anniversary. Instead of a week, there will be nine days in all, August 19th to 28th, opening on Thursday, August 19th. Lucky Teter and his daredevil automobile riders will do their stuff for the first three nights. This is claimed to be the most sensational act in outdoor entertainment. With a cast of 800, suitably costumed and with an elaborate stage setting, a historical pageant, Chaudiere, will be presented and indications are that it will be the most pretentious offering which has been staged in the Capital. A cavalcade with the riders of the ages and fireworks will be added features.

With the exception of the livestock, all departments, including the big midway, will be in readiness for the opening day. Then on Monday, August 23rd, there will be a complete change of entertainments. Goldman and his band: a big song and dance presentation, The Revue of To-Morrow; vaudeville, the best obtainable; horse races; horse show, automobile show, and a hundred and one other free attractions to make the 1937 exhibition memorable.

Prize lists are available on application to the secretary, as is other information with allustrative literature.

Ralph L. Steven Bereaved By Death of His Mother

Norwood Register.—For the past 18 years an esteemed resident of Norwood, Mrs. J. A. Stevens passed away on Wednesday, the 23rd inst., at her home on Helen street following a brief illness. Deceased had been in poor health during the past few months but was stricken with an apoplectic seizure about eight days before her demise.

Born at Fallbrook in Lanark County, the late Mrs. Stevens was formerly Frances Erwin, daughter of the late Mr. and Mrs. James Erwin. In 1894 she married her now sorrowing husband and went to reside at Morrisburg. They also resided for a time at Delta, Ottawa, Peterborough and Smiths Falls, coming to Norwood 18 years ago.

Practically a life long member of the Baptist church she has been a faithful and active worker in all the church organizations.

Besides her husband, Mrs. Stevens is survived by one son, Ralph L. Stevens, of Hudson, Que., also a brother, Walter Erwin, of Fort Frances, and a sister, Mrs. W. E. Hogaboone, of Fort Plain, N.Y., who is herself at the point of death.

The funeral was held from her late residence on Friday afternoon and was largely attended. Service was held in the Baptist church with the Rev. J. U. MacIntosh officiating; he was assisted by Rev. A. S. Cleland. Rev. Mr. MacIntosh took his text from the 43rd chapter of Isaiah, and in his remarks paid tribute to the Christian life of the departed.

Two favourite hymns of the deceased were used, "Abide With Me," and "Sun of My Soul," and Mrs. MacIntosh rendered a solo, "Good-night Here, Good Morning There."

Many floral tokens including a wreath from the Baptish church, from the family and from personal friends attested the esteem held for the deceased.

Interment was made in Norwood cemetery. Pall-bearers were Oliver Buck, Thos. Rorabeck, Wm. Hubbel, Louis Fife, Russell Thompson and E. J. Rutter.

Among those present from a distance at the funeral were Wm. A. Stevens, Lorne Stevens and Mrs. Thos. Nicol, of Carleton Place; T. P. Bellinger and son George, of DeKalb Junction, N.Y.; Mrs. Alice Rabb, of Smiths Falls; Austin Hurd, of Mountain Station, and Mrs. Thos. Patterson of Campbellford.

Richer-O'Donohue

A very pretty wedding was solemnized in St. Mary's church, Crysler, on July 5th, by the Rev. Father Bougie of Miss Margaret O'Donohue, only daughter of Mr. and Mrs. Patrick O'Donohue, of Berwick, and Mr. Geo. Richer, son of Mr. and Mrs. Paul Richer, of Casselman.

The bride, given in marriage by her father, looked charming in a white satin gown made on Princess lines, falling into a long train. The bodice was made in Elizabetnan style with collar and sleeves of Chantilly lace and her long flowing veil was made of tulle illusion with a coronet of orange blossoms. She carried a bouquet of Talisman roses and baby's breath.

The bride was attended by the sister of the groom, Miss Laura Richer, who looked lovely in a gown of pink triple sheer made on long lines, falling into a short train. The bodice of her dress was made in Elizabethan style with a short jacket. Her hat was of pink baku and she carried a bouquet of pink and white carnatons.

The groom was attended by the brother of the bride, Mr. Leonard O'Donohue.

The ushers were Mr. Edward Richer, brother of the groom, and Mr. Bernard O'Donohue, cousin of the bride.

The bride's mother wore a blue printed chiffon dress with a corsage of white gardenias, a large blue hat and blue accessories.

The mother of the groom wore a blue printed chiffon with blue coat, large blue hat, and blue accessories.

After the ceremony, the bridal party with immediate relatives left for Cornwall where a wedding breakfast was served at the Cornwallis Hotel.

Later the young couple left by motor for Montreal and other eastern points. The bride travelled in a blue triple sheer dress with cape; a large blue baku hat and blue accessories.

Mr. and Mrs. O'Donohue will reside at their home west of Berwick.

Recital at Lunenburg By Clever Piano Pupils

A very enjoyable evening's entertainment was presented in Lunenburg Community Hall recently under the auspices of the Women's Association. The concert was arranged by Mrs. J. Farrell, of Chesterville, whose pupils rendered acceptably several piano solos and duets to the delight of the audience and the deserving pride of the parents.

The programme was varied by charming little dances by Mary Jean Wales and Marion Barkley, accompanied by Miss Marcia Hughes, all of Chesterville; also by vocal solos contributed by Mrs. E. R. McMillan, accompanied by Mrs. Willard Wert, both of Avonmore; Mr. O. L. King, accompanied by Miss Shirley King, Chesterville; and Mr. Willis Waldruff, accompanied by Rev. W. H. LeGrow, of Newington; readings by Mrs. Arnold Robb, of Lunenburg; and vocal and instrumental solos by Mr. Dick Merkley and Miss Vivian LaSalle, Chesterville, and by the Misses Ella, Evelyn and Leola Wereley, of Lunenburg.

Among those performing at the piano were Robert Tait, Gordon Fulton, Bert Reaburn, Florence McMillan, Gordon Wales, Marion Barkley and Catherine Fulton, of Chesterville; Helena Zeran, Otha Zeran, Elizabeth Waldruff, Mary MacDonald and Audrey Zeran, of Newington; and Robert, Ross and Billy Baxter of Lunenburg.

A beautiful bouquet of flowers was presented to Mrs. Farrell in appreciation of her kindness in presenting the concert and of her capable and effective work with her pupils during the past year. Rev. K. H. Woodwark was the chairman.

News From the Lawn Bowling Greens as Picked up By The Kitty.

Monday, July 5th, 1937.

Monday night Chesterville made a visit to Winchester in the St. Lawrence District games, taking three teams, winning two games, while Winchester won one and got two points for a default. The greens were in good shape and the evening was enjoyed. F. H. Moore got his baptism of competitive bowling and turned in a good game, helping materially in Bill Dixon's win over Tommy VanBridger. Hanna also won over Goodfellow, but Doc Hutt lost to Dr. Snerwood.

The line-up and score:

Chesterville.	Winchester.
G. W. Reaburn	O. L. Worthen
K. K. Wood	A. A. Casselman
A. O. Robertson	F. A. Coons

Tuesday, July 6th.

The Tuesday night prize competition was run off in doubles, Jim Hanna winning handily by whitewashing Hutt in the second game and Jarvis in the final. He lost the first to Robertson who was beaten in his next two games. Doc Hutt won his first game from Alf. Jarvis and took Robertson into camp in his last. Alf. won his second game from Art. The teams all went into the final round pretty well bunched, Hanna leading with 10 points, Jarvis and Robertson tied with 8, and Hutt having 6.

Line-up and scores:

Wales	King	Wood	Moore
Robertson	Hutt	Jarvis	Hanna
623—11;	605—11;	260—11;	288—18

F. H. Moore is going strong for a beginner. This was his second competition and second win and from the bowls he is putting down deserved both.

Brockville paid this club a visit on Monday in the St. Lawrence schedule and took home six points. The games were all close and enjoyed by everyone. Reg. Dallyn spoke for the visitors and commented on the night's play and thanked the locals for a very enjoyable evening. Lunch was served and the hot coffee was very acceptable.

The line-up and scores:

FAREWELL FOR MR. AND MRS. MILTON CARKNER

On Monday night a large gathering assembled upon the church lawn to do honour to Mr. and Mrs. Milton Carkner who are leaving their farm to open a store at Froatburn. An address was read by the pastor, Rev. R. S. Smith, B.D., on behalf of the congregation and local friends who had contributed toward the evening and a beautiful china cabinet was presented to Mr. and Mrs. Carkner. Mr. Carkner made a suitable reply, thanking all his friends for this manifestation of kindness.

During his residence here, Mr. Carkner has been closely identified with the life of the church in Young People's work, as assistant superintendent of the Sunday school, and as chairman of the Committee of Stewards. Mrs. Carkner was a loyal member of the W.A. and W.M.S., and will be greatly missed from these societies.

Mr. and Mrs. Carkner carry with them the very best wishes of the whole community in their new venture.

Entering a Store you are Courteous—

Try Courtesy

When You Enter Traffic

WHEN we enter or leave a store we are all most courteous. We stand back for one another, hold open the doors, make way for the children and otherwise act in a courteous manner towards our fellow-shoppers. But do we continue this same friendly mental attitude towards each other when we get back into our cars and enter traffic again? To our fellow-shopper, for whom we held the door open, do we show courtesy when he becomes our fellow-motorist?

Do we warn him of our intention to pass by sounding our horn? Having passed him, do we get well ahead of him before swinging back again into our traffic lane? Do we dip or dim our lights when we meet him at night? Do we keep well to the right side of the road when meeting him? Do we give him the benefit of the doubt in a "tight corner" so we can both get out of it unhurt? And do we, in the many other ways that come to our mind, act and think towards our fellow-motorist in the same kindly and considerate manner as we did when we held the door open for him as a fellow-shopper?

I earnestly request that, when you get behind the wheel of your car or truck, you continue to be the same courteous person that you are afoot and "Try Courtesy" every inch of the way.

By so doing you will help to make motoring a safe and enjoyable mode of travelling.

THE FOOD YOU EAT.

Windsor Star.

NE has often heard people speculating as to the amount of food consumed by the average man in an average lifetime.

According to Nathaniel C. Fowler's "Book of 1,000 Things Worth Knowing," a French statistician has figured out that a man 50 years of age has spent 6,000 days in sleep; has worked 6,500 days; walked 800 days; enjoyed amusement 4,000 days; and was sick 500 days.

And now we come to the food supply. The French authority estimates that the average man mentioned above has eaten 17,000 pounds of bread; 16,000 pounds of meat; 4,600 pounds of vegetables, eggs and fish; and has drunk 7,000 gallons of liquid.

Now we know what they mean when they speak of the consuming public!

CALUMET.

Interesting Facts About Our Dominion of Canada.

THE earliest forms of tobacco pipes of which we have accurate knowledge were those of the Red Indians of North America. The best known was the Calumet, or Pipe of Peace, around which has gathered much legend and story. The bowl was of red pipestone.

Pipes were introduced into England in 1586 by Ralph Lane, governor of Virginia. Clay was the first material used and still furnishes the commonest and cheapest pipes. Some devotees describe them as the best.

There is a very large variety of characteristic pipes, the old churchwardens, still occasionally seen, the corn cob of the American, the cutty of the Scott, the dhudeen of the Irishman, the Turkish chibouque, the Indian narghileh, the Persian hookah.

Clay pipes lend themselves to elaborate designs for the bowl and one firm in Glasgow is said to have 2,000 moulds, a number of them representing the faces of famous men. Teutonic pipes were made of porcelain. The aristocrat of the pipe world is the meerschaum.

Wooden pipes are now in almost universal use and our own Indians make wonderfully beautiful and elaborate carvings on the bowls. The Canadian factory production is very small—less than 4,000 dozen last year all from Quebec, the value being about $12,000.

But our importations are very large and ran up to a value of close to half a million dollars last year. The largest supply came from France at $137,000, then Great Britain at $121,000, and Italy at $103,000. We got pipes also from the United States, Austria, Czechoslovakia, Germany, Irish Free State, Japan, China, Hong Kong, Hungary, Denmark, Sweden and Finland.

The artist who is painting a portrait of President Roosevelt has been in the habit of entering the White House by the front door of the executive offices where guards know him. One day recently he decided on a short cut through the side entrance. A guard halted him.

"What's in that package you've got?" he asked.

"Just an easel," said the artist.

"Well, we don't allow animals in the White House," snapped the guard.

Pupils Bid Farewell To Berwick Teacher

The Misses Flossie Nichols, Elva Ouderkirk, Mildred McMillan and Mrs. Aden C. Casselman entertained at the home of Mrs. Wm. Elliott on Monday evening, June 28, in honour of Miss Bessie Stark, one of the month's brides.

To the strains of the Bridal Chorus, played by Miss Alice Fetterly, Miss Stark was escorted into the drawing room by Mrs. Casselman. Here about 75 friends greeted her. Under the arch, decorated for the occasion with white bells and white streamers, Mrs. Roy Miller read an appreciative address and a beautiful rosegay of roses and a handsome silver tea service and several other gifts were presented by the Misses Audrey Elliott, Lila Hutt and Irene Coleman, pupils of Miss Stark. Bessie made a short reply, thanking the kind friends for their lovely gifts and extended to each a hearty invitation to her new home in Sudbury. At the conclusion of her reply, she was well showered with confetti.

The presentation was followed by some community singing, and Master Carson Elliott rendered a selection on his cornet which was enjoyed by all. A delicioius lunch was served and all joined in singing "Auld Lang Syne." The guests left their best wishes for the bride-to-be on their departure.

The address:

Dear Bessie,—We, your friends, meet here to-night to express to you very cordially the appreciation we all feel of your kindliness toward us one and all during the time you have been a resident of our community.

We have found you a genial companion, and a trustworthy friend. We appreciate the effort you have put forth in the past year for the benefit of our school children, and within that period you have greatly endeared yourself to us by your amiable character, your earnest devotion to duty and the hearty interest you have manifested in the welfare of the pupils.

Now we find at the end of your year that you are about to leave us and take up your abode in another community some distance away. We lay aside our regrets as we know that you are about to sail out on the sea of matrimony and we rejoice with him who has been so fortunate in obtaining so fair a companion.

We take great pleasure in presenting you with this small gift not for its intrinsic value but as a slight token of our esteem and regard.

As you and your chosen husband start out on life's journey together, may you be a tower of strength the one to the other both in times of sunshine and of cloud.

We wish you a long, happy and prosperous life with many joys and few sorrows.

Signed on behalf of your Berwick Friends.

On Friday afternoon, the pupils of the Junior Room showered their teacher with many useful gifts in appreciation of the kind interest she had taken in their progress during the year.

PAST ALL DOUBT.

'TIS a curious fact, but past all doubt,
That the more of happiness one gives out
The more he has left and the more his powers;
As the gardener strips a bed of flowers
The more shall bloom, so strip your soul
That another's happiness be made whole;
And lo! in the quick-winged second after
'Tis filled with the blooms of love and laughter.

GOOD THINGS TO EAT

- By -

MISS HELEN LACEY, B.H.Sc.

CHERRY PIE IS VERY GOOD.

CHERRY PIE certainly is very good; in fact, it is so good that many people stop right there and never try new and different ways of serving cherries. Cherries can be made into the most delicious puddings and there are a lot of different kinds of puddings too. So, in spite of the title of this week's recipes, I am going to fool you, and not even give you a recipe for cherry pie.

CHERRY UPSIDE-DOWN CAKE.

¼ cup butter
½ cup sugar
1 egg
½ cup milk
1 teaspoon vanilla
1½ cups flour
2 teaspoons baking powder
¼ teaspoon salt

Cream the butter, blend in sugar and mix well. Add well beaten egg and vanilla. Sift dry ingredients and add to first mixture alternately with the milk. Heat three tablespoons of butter in a frying pan, add one cup of sugar and heat and stir until sugar begins to caramelize. Pour caramelized sugar into baking tin, add two cups unsweetened cherries and cover with batter, which is a rather thick batter and you may need to spread it over cherries with a knife. Bake in a moderate oven for 45 minutes. When done, turn onto a serving dish, having cherries on top. Serve with plain or whipped cream.

CHERRY AND RICE WHIP.

1 cup drained, unsweetened cherries
1 cup cooked rice
1 cup powdered sugar
1 cup cream, whipped

Use cherries whole or chopped. Mix cherries, rice and sugar together. Fold in whipped cream. Chill thoroughly before serving.

CHERRY TAPIOCA.

¼ cup tapioca
½ teaspoon salt
2 cups cherry juice
1 teaspoon lemon juice
⅛ teaspoon nutmeg
¼ teaspoon cinnamon
1 tablespoon melted butter
½ cup sugar
1 cup drained, unsweetened cherries

Add tapioca and salt to the boiling water and cherry juice. Cook in a double boiler 15 minutes or until the tapioca is clear. Stir frequently. Add lemon juice, mixture of sugar and spices, butter and cherries. Heat to boiling. Chill and serve with pour cream.

CHERRY BLANC MANGE.

2 cups hot milk
4 tablespoons cornstarch
2 tablespoons sugar
⅛ teaspoon salt
¼ cup cold milk
½ teaspoon vanilla

Mix cornstarch, sugar and salt with cold milk. Add slowly to hot milk in double boiler. Stir constantly until thick. Cover and cook 45 minutes or until there is no taste of raw starch. Remove from heat, add flavouring. Serve with Cardinal Sauce.

CARDINAL SAUCE.

1 cup unsweetened, chopped cherries
1 cup cherry juice
1 cup sugar
2 tablespoons cornstarch
2 tablespoons butter

Heat cherries and juice to boiling. Mix cornstarch and sugar and add to boiling mixture, stirring constantly. Boil five minutes. Add butter. Chill.

CHERRY COCKTAIL.

2 cups unsweetened cherries
½ cup chopped blanched almonds
1 tablespoon lemon juice
½ cup cherry juice
½ cup powdered sugar

Sprinkle the cherries with the chopped almonds and over them pour a syrup made by mixing cherry juice, lemon juice and powdered sugar. Chill and serve ice cold.

Our cherries of to-day have been developed from the wild cherries of Asia. There are as many as 250 varieties. The soil and climate influence the flavour.

A Timbale is an unswettened custard, usually seasoned with fish, meat or vegetables and baked in a mold.

The Council adjourned to meet again at Boucks Hill on August 7th, at one o'clock p.m.

"Mother, please give me a penny."

Mother: "You're too big to be asking for pennies."

"Then give me a dime."

"Yes, we strike it rough at times. Three times this voyage we ran out of port in a gale."

"Port? Dear me! I always thought you sailors drank rum."

Tommy did not seem to understand subtraction, so the teacher tried to make it plain by exampie.

"Now suppose Bill had fifty cents."

"Yes'm."

"And you asked him for twenty-five."

"Yes'm."

"How much do you think Billy would have then?"

"Fifty cents," answered Tommy, which have tightly-fitting lids. Outdoor privies in farming areas and at summer cottages should be properly constructed and looked after to exclude the flies. The few survivors who are clever enough to penetrate these defences may be dealt with in the house by means of sticky fly paper or a full swing of the fly swatter.

Anyone who has visited the East, where millions of people are prevented by religious injunction from taking the life even of a fly, will tell of the horrible sight of flies crawling over the ugly sores of a beggar and transferring their attention next to the eyes and mouth of a sleeping baby. It is possible that this toleration of the fly is responsible for the appalling death rate from intestinal disease which prevails in these countries. Canadians should realize that the common house fly is a dangerous animal and should take the simple steps necessary to prevent its ravages.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College street, Toronto, will be answered personally by letter.

A CREDIT REPORT BY ABE LINCOLN

WE ARE all familiar with the many stories of Lincoln which built for him the well earned nickname of ,'Honest Abe." His reputation as a story teller, lawyer and as statesman are the common knowledge of every school child. But until recently we never knew that Lincoln made inspection reports. Here is one, sparkling with the pure Lincolnian witticisms which recently came to light.

"Answering an inquiry from a New York firm as to the credit standing of one of his neighbours, Lincoln, before his election to the Presidency, wrote the following reply:

" 'First of all, the man has a wife and baby; together they ought to be worth $500,000 to any man. Secondly, he has an office in which there is a table worth $1.50 and three chairs worth, say $1. Last of all, in one corner there is a rat-hole which will bear looking into.' "

Judge: "Why did you steal that $50,000?"

Accused: "I was hungry."

HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

SWAT THAT FLY!

THE common house fly, in addition to being an annoyance, is a real menace to the health of your family. It has been repeatedly proved that the house fly is capable of transporting disease germs and in this manner spreads infection. This is particularly true of infections of the digestive tract and a good deal of evidence is accumulating that this common pest may be responsible for the spread of diarrhoea which occurs during the summer and autumn months.

A large metropolitan children's hospital recently conducted a study of the homes from which patients with summer diarrhoea were admitted. By far the greater number of children came from the poorer section of the city where screening was inadequate and open garbage pails were a common sight. Investigators actually made counts of the number of flies in these houses and found that they were far more numerous than in other parts of the city. In many of these homes several members of the family were ill with a similar complaint and when the flies which swarmed around the pail containing soiled diapers were seen to fly to the family dinner table it was not hard to believe that transmission of infection might take place in this way.

The lesson which all should learn is that flies are dangerous carriers. They should be excluded from our homes by properly fitting window screens and screen-doors. All filth and decaying material should be cleaned up. Garbage and other refuse should be wrapperd and placed in cans

A FRIGHTFUL THREAT.

A merchant of San Francisco, who made a business trip to the Philippines, brought a Filipino youth whose mental alertness had impressed him. The lad's first position was in the San Franciscan's office as a clerk, and he did very well, notwithstanding the fact that he was a little shaky with his English.

One day the employer handed the Filipino a bill for some goods that a customer had purchased a long time previously.

"As this gentleman seems to have no intention of settling the account," said the employer, "I want you to write to him, saying that an immediate adjustment of the indebtedness will be expected."

The Filipino laboured long, and finally laid before his employer the following effort:

My dear sir. This is to advise you that if you do not instanter send us the money you owe us we shall be compelled to take measures that will cause you the utmost astonishment.

THAT'S THE RECORD OF THIS FLEET OF 1937

CHEVROLET Trucks

"Recently, as you know, we purchased from you ten 1937 Chevrolet trucks. I thought you would be interested to know that in a little over two months this fleet has totalled 46,350 miles. The average operating cost, including gasoline, oil, depreciation, repairs and insurance was 2.98c per mile! This driving, of course, was done in Winter weather.

Naturally, we are delighted with this record, particularly as the average running cost before replacing our truck fleet with Chevrolets was 5c per mile."

Yours very truly
JAMES CRIDLAND & SONS, LTD.

YOU HAVE to be personally "sold" on a purchase before you recommend it to your friends. In the Chevrolet Truck files are unsolicited testimonials that read like "believe it or not" items, yet they are honest, owner-histories of these famous commercial vehicles!

If you use trucks, take a tip from big Canadian business firms. They keep an accurate expense account of every unit in their fleets . . . *and as a result* . . . specify Chevrolet . . . for long life and economy!

Why not check specifications . . . compare values . . . inquire about the convenient financing arrangements of the General Motors Instalment Plan. If you do, your logical choice from every angle, will be . . . Chevrolet!

Trinity United Ladies' Aid Entertained by Mrs. M. Smith

The July meeting of the Ladies' Aid of Trinity United church was held on Wednesday afternoon last at the home of Mrs. Mac Smith. Thirty-two members and three guests were present. The president, Mrs. Reaburn, was in charge of the meeting.

Mrs. Harold Durant read the scripture lesson, the minutes of the last meeting were read and approved. After the usual business part of the meeting, a motion was passed that $100 be given to the Official Board of the church. This was seconded and carried.

Reports of the treasurer and various committees followed, showing good progressive work of the society.

A delightful programme was enjoyed, consisting of a vocal duet by the Misses Arlie Colquhoun and Vivian LaSalle, vocal solo, Mrs. Stanley Shay, piano duet, Mrs. Calyton and Mrs. Reaburn; reading, Mrs. Ingram Cross.

The roll call was answered with a desired place to spend a holiday. Hostesses who served dainty refreshments were Mrs. Mac Smith, Mrs. Geo. Edgerton, Mrs. Harold Durant, Mrs. Wm. Hamilton, Mrs. Angus Smith and Mrs. Ingram Cross.

Mr. and Mrs. Wm. R. Cassidy, Mr. Earl D. Cassidy and Mrs. Mary Bryce and Keith, of Duncairn, Sask., are visiting with their mother, Mrs. Wm. Cassidy, having made the trip by motor.

CHESTERVILLE SOFTBALLERS WON AND LOST THIS WEEK

Tuesday evening on the local diamon, Chesterville won their game against South Mountain in a regular Dundas league game by a score of 11 to 6 in a fast nd well plyed game. Last night, however, it was the reverse when the league leaders, Hallville, came to town and gave the locals a 5 to 1 defeat. The score stood one-all up to the fifth when the locals cracked in the sixth and Hallville put the game on ice with with four counters. Chesterville's efforts in the final frame failed to produce results. The local team now holds second place in the league standing.
