

Noted Park Visitors

Sir John Johnson, M. B. E. and Lady Johnson, a descendant of one of the new world's most illustrious families recently visited Chrysler Farm Battlefield Park.

The Baronetcy was created in 1755. The first Sir John was Colonel of the King's Royal Regiment of New York and Commander in Chief of the Militia of New York State, later of Upper Canada. He also held the important post of Superintendent General of Refugee Loyalists at a crucial period in their history. Sir John's visit was to learn at first hand of the military events and exploits in both Canada and the United States of the first Sir John in connection with the Loyalist movement during the American Revolution and was responsible for assisting the large number of persons who remained loyal to the British crown and by choice moved to Canada.

The present Sir John was born June 12, 1907, and is the 6th Baronet. His father, a captain in the Royal Navy was killed in action in 1914. Sir John was educated in Wellington College and the Royal Military College being commissioned a captain in the Royal Artillery in 1927 which he resigned in 1930. In that year he came a member of the London Stock Exchange returning to his duties with the Royal Artillery in 1938. During the years 1945 - 1949 he was Chief Instructor with the rank of Colonel for the Turkey Military Staff College, with a distinguished war record.

Being in Toronto for a day he was entertained by Lieutenant-Governor J. Keiller McKay and by United Empire Loyalists, later being shown Fort York and other points of interest. Next day on route to Montreal he visited Old Fort Henry and later Chrysler Farm Battlefield Park including Upper Canada Village, Pioneer Memorial Cemetery, The Chrysler Farm Battle Memorial and the Museum. On his way to Montreal to board ship on Tuesday for England he hoped to visit Williams-town.

Two items of particular interest to Sir John were the original grant of land, which the Commission has in its Museum to the first Sir John Johnson dated the 16th May 1798 for 2,400 acres of land in the Township of Charlottenburgh issued during the reign of King George 3rd and signed by Peter Russell Auditor General and President Upper Canada, along with the Challenger United Empire Loyalists paintings.

Former Resident

One of the community's oldest residents passed away Tuesday October 4th, 1960 at the Brockville General Hospital, when Alfred Hutt died in his 80th year.

He had been confined to the hospital for a number of weeks but his death came as a shock to his family and many friends.

Surviving besides his wife who was the former Maude Prunner are three sons, Patrick, Brouseville; Garnet, Ingleside; Howard, Pittston; five daughters Mrs. Leslie Shortt (Ann) Brouseville; Mrs. John Richardson (Ruby) Pittston; Mrs. Merle Baker (Joyce) Second Concession. Mrs. Howard Fawcett (Evelyn) and Mrs. Thomas Fawcett, (Grace) both of Iroquois; also three brothers and one sister, Allan and Henry, Cardinal; Arthur, Winchester; and Mrs. Ada Beckstead, Brinston.

Deceased was born at Bouck's Hill and moved to this district 40 years ago. The funeral which was largely attended was held at the home of his daughter Mr. and Mrs. John Richardson on Thursday afternoon October 6th with Rev. James Poynter of the Free Methodist Church, Cardinal conducting the services at the home and at the graveside.

The numerous beautiful floral tributes testified the esteem in which deceased was held. The bearers were; Herbert Byers, Wallace Anderson, Hary Chambers, Fred Marshall; George Montgomery and Ralph Cooper.

The remains were interred in Mainsville Cemetery.

KEMPTVILLE'S North Grenville High School captured top honours in the annual St. Lawrence 'B' Group Track and Field Meet in Iroquois, scoring the highest aggregate score, and winning the Ontario Hydro trophy. The Hydro award is accepted by Betty Barber, Senior Girls' Champion, and Richard Christie, Senior Boys' Champion, both of Kemptville, from W. J. Killough, Information Officer for Ontario Hydro's Eastern Region.

The annual field meet brings together athletes from Osnaburck High School at Ingleside, South Dundas High School at Iroquois, North Stormont High School at Finch, and Morrisburg High School. Osnaburck High School has won the Hydro trophy in both previous competitions, but this year settled for second place behind the winners from Kemptville.

Rev. W. L. Terrion Going To Kemptville

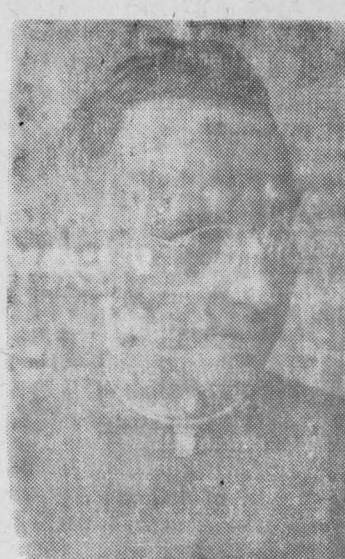

W. L. TERRION

Rev. W. L. Terrion, pastor of Morrisburg St. Mary's Church and St. Cecilia's Church at Iroquois, since 1952, has been appointed parish priest of Holy Cross Parish, Kemptville, effective October 25. He succeeds Rev. Father F. P. Quinn, who died recently. Succeeding Father Terrion at St. Mary's will be Rev. Father D. W. MacDonald, from Bedford and the mission of Sharlot Lake.

While at Morrisburg, Father Terrion saw many changes in the village and the mission of Iroquois because of St. Lawrence Seaway construction. The old church at Iroquois was a casualty of the Seaway and in its place the new modern St. Cecilia's Church was built under his guidance.

He was instrumental in the building of a modern two-room school adjacent to the church at Iroquois, a lasting memorial to his interest in Catholic education. Additional evidence of his keen interest in the furthering of Catholic education was the purchase, recently, at Morrisburg of proper-

Father Terrion will be missed at Morrisburg and Iroquois.

Area Man Named Moderator

Rev. A. J. Morrison, B. A., Prescott, St. Andrews, was elected moderator of the Montreal-Ottawa Synod of the Presbyterian Church. The Synod is meeting this week at Ottawa.

ATTENDS DINNER

Mr. and Mrs. John Vlat attended a turkey dinner given by the Rumanian Orthodox Women's Institute of Montreal, held at Montreal on October 16th.

DRAW WINNERS

Mrs. Clarence Shaver won the \$40.00 Bonus Buck draw last Friday night, with Douglas Millard and Mrs. Annie McKee collecting \$5.00 each.

Had Close Call In Fall From Car

Little Julie Roberts, two-and-a-half year old daughter of Mr. and Mrs. Ted Roberts, Iroquois, suffered a gash over her eye requiring three stitches when she fell from a car being driven by her father on Sunday. The little girl, sitting in the back seat, somehow managed to open the door and fell to the roadway. In addition she suffered many scrapes and bruises and is fortunate not to have been more severely injured. The accident happened north of Brinston.

Lions Plan Ladies' Night

Lions District Deputy Governor Percy Reid, of Ottawa, was the guest speaker at the last dinner meeting of Iroquois Lions Club and he outlined the organization's code of ethics. The speaker was making his official visit to the club and was introduced by International Counsellor Lloyd C. Davis. Lion Clifford Greaves extended the club's appreciation for the address and visit and presented him with an appropriate gift.

The Lions Club named Ronald Fader to the chairmanship of the forthcoming Halloween party, slated for Monday, October 31st, in the civic centre. Lions Thos. Millar and Ken. Kirkby were named assistants. The club, in its directors' meeting, voted \$100.00 towards the Halloween party for prizes and treats.

A dance committee for the night of October 29th was organized, including Garnet Loucks, Clifford Greaves, D. L. G. Davis and Lloyd C. Davis.

Lion Alex Banford thanked the caterers, members of St. John's Anglican Church Guild, for the splendid repast.

Turkey Bingo Date

Thursday, December 15th, was tentatively set as the date for the annual turkey bingo, with Lion Wilfred Hagarty as chairman.

Due to the transfer of Thos. Malloy to Montreal, the club appointed Jack Saver to fill the vacancy on the directorate for the remainder of the term. \$25.00 was voted to CARE milk program and \$25.00 towards uniforms for the musicians who play at the weekly dances, which are sponsored by several organizations in the village.

Meeting Friday Night To Make Plans

Iroquois merchants are planning a treat for the youngsters of Iroquois and the entire district early in December. Meeting Tuesday night at The Iroquois Post, the businessmen decided to investigate the possibility of bringing Santa Claus into the community to meet his legion of fans and as well to put on some kind of kiddies' day to coincide with the big event.

A committee, comprised of Donald Thompson, George Jackson and Keith Beaupre was named to investigate several avenues of events to go along with Santa's visit and report back to another meeting of the merchants Friday night after closing time. This second meeting of those interested is to be held at S and F Markets immediately after 10 o'clock.

All merchants and others interested in the project will be canvassed by finance chairman Arthur Banford for monies to pay for Santa's transportation from the North Pole to Iroquois.

Further details will be made available following the next meeting of the merchants.

Shower Bride

Mrs. Omer Pigeon and Mrs. A. J. Bray were hostesses at a shower given in honor of Miss Carol Shaver who was married recently. The miscellaneous shower was held Thursday, October 6th, at the home of Mrs. C. Shaver, mother of the bride.

With friends greeting the guest of honor, she was presented with a corsage of Sweetheart Roses. Mrs. Ed. Williamson sang "I Love You Truly" and Mrs. E. Norton read an appropriate address.

The room was decorated with pink and white streamers and the bride's chair was in pink, with white bells.

Assisting in serving were Mrs. A. English, Mrs. Corry, Miss Muriel Hutt, Mrs. Enid Casselman and Miss Sheila Bebee.

Following the social evening, the bride expressed her appreciation to all.

The 1st Iroquois Scout and Cub groups will hold their annual apple day on Saturday, October 22nd, from 9.30 until 12 noon. Cubmaster Arliss Casselman noted this week in his Cub News. The boys of the pack will be making a door to door canvass of the village, he said.

In addition, the Cubs have laid plans for another project on the same day, that of the collection of clear glass one-gallon vinegar bottles. These bottles are no longer redeemable at local stores but the Cubs have found a market for them. Now is a good opportunity to clear them out of your basement and as well support this outstanding youth organization. Remember, the apple day and vinegar bottle collection are on the same day, Saturday, October 22nd, in the morning.

The Cubs and Brownies extend appreciation to those who helped make their bottle drive a success with special thanks to Mr. Albert Marshall who handled the bottles.

Ours and Yours . . .

We Need Action

A favourite editorial subject in this newspaper in the past year has been that of the present and future growth of the area; more particularly that of Iroquois and Matilda Township, but embracing the district from Prescott to Cornwall Our first obligation, of course, is to our own village and township, but we firmly believe that the expansion of the areas along our borders would also affect us to a great extent.

So far we have dealt only with generalities; looking towards what the future may or may not hold, and the possibilities that exist in any expanding area. We have also tried to impress upon our readers the fact that the area must co-ordinate its activities if it expects to attract industry and monies for such expansion.

We feel strongly that the time has now come to go into more detail in what should, in our humble opinion, be done towards securing economic growth within our immediate area. For over three years, since completion of the Seaway and Power projects, we have been recouping our resources and establishing our businesses. This trend, for many, will go on for years to come and will no doubt have far-reaching effects on our growth.

Insofar as what has happened in the past three years we might say that the area has enjoyed a normal growth; slowly more businesses are being opened and seem to be prospering. Caldwell Linen Mills, the one major industry we have had supporting us industrially for years, remains our nucleus and our mainstay. One new industry has established itself in the area and appears well on the road towards stability. Our highway system, including No. 2 and No 401 highways, has been steadily improving in the area and our rail and water transportation is excellent. Labour supply, while not being all that might be required in skilled categories, is at close hand and with the unemployment situation in the Cornwall area not the best, an adequate supply seems available. Recreational facilities have improved tremendously over the past two years and are still expanding quite rapidly. Housing for industrial workers, while limited, is in fair supply and there is no doubt, would be expanded to meet a growing population.

It appears that among the principal requirement facing us in seeking industry, are sufficient labour resources, housing, recreation and availability to large markets with cheap transportation and electrical energy. We have all these things, with some moderations.

Yet there now concludes, after summing up our resources, two other factors are involved in securing industry and these two have come to the top of the list and should take priority in our thinking.

Firstly, collecting in our minds what we feel industry would do towards our economic growth, we must face the fact that we alone are not try-

ing to secure industrial growth; that others are trying and getting industry. They are not sitting back and saying "Look what we have here" but are going out to meet industrialists and saying "look what we have here and what we are willing to offer you".

We certainly are going to have to "sell" our area and it is going to cost money to do it. It is going to take a lot of time and the energies and talents of many of our people before we are even going to get to first base. Then we have to show our wares, as it were, make our offers and be prepared to give and take, before we are going to realize anything beneficial. Even then it is going to be a gamble as to whether what we are prepared to offer, will be a strong enough attraction to bring any immediate industrial expansion. There is no easy road to success in building up this country and a look at our growth in the past hundred years will prove the point.

A co-operative financial effort by the communities in this area will certainly be able to do more promotion wise than any individual effort. The formation of an industrial group along the "front" is the nucleus of such promotion and it requires our whole hearted support.

Secondly, once we have proven our support, each community should then be prepared to lay before any prospect, who might appear the advantages it offers in establishing in that community. Our own idea is that the citizens of Iroquois and Matilda may have to pool their financial resources in participating in the construction of a building to house one or more industries. The worthiness and economic soundness of such a program would, of course, have to be given careful consideration as would the industry applying for such accommodation. In two western provinces small communities and districts such as ours have erected buildings and leased them to industries and have proven the feasibility of such a program.

The purchase of land and the construction of a building or buildings to meet the needs of a sound prospect may become the opportunity we have been seeking in bettering our economic situation and providing for our future on a sound basis.

Cornwall's industrial development organization has undertaken this project on a large scale, supported by local citizens and local businesses on a share basis, and appears headed for success. Our promotion need not by any means, have to be on such a large scale but is indicative of what may be a partial solution to a seemingly overwhelming problem.

This newspaper would welcome letters to the editor on this subject and will publish any or all that appear of a constructive nature, either supporting or rejecting our suggestions or bringing forth further ideas which may in some way throw more light on the subject.

Here & There

by Kay Kay

"Used to was" as the fellow said, "going to the dentist was gruesome". He should try going nowadays, if he thinks things have changed.

Having a mouthful of the most inexpensive pieces of ivory-colored chompers anyone ever possessed, we know whereof we write. Some people are born with teeth that you can move back and forth at ease, pull out with a pair of tweezers and shove under the pillow at night, awaiting the good fortune of the fairy something or other. Not us. Nosiree. We had to pick out a bunch that grew roots like horseradish, had insides of marble and outsides like bananas. Mind you we're not really complaining. They were among the few things we've ever owned that lasted nearly 30 years! With today's value that's a marvel!

All told, I suppose we've made about 20 trips to the dentist. . . just to get teeth pulled. . . and there isn't a single pleasant memory from the whole affair.

About the age of 14 we are introduced to painless dentistry. . . that's what the doc said when he injected, half into the tongue and the other half into the cheek, that foul tasting freezing stuff. We lost four perfectly good teeth in four ghastly minutes. What the other patients waiting turn thought of us, is left to conjecture.

A number of years back (and a number of teeth back, too) a dentist friend told us of penicillin. Boy, was he mistaken! No more trouble, he said. No more pain. . . no more throbbing. Now I say, no more!

Did you ever notice how people in a dentist's waiting room just sit there and say nothing? They just sit there, both ears glued for sounds emitting from the horror room! Meanwhile some little know-it-all youngster has the nerve to hum, "All I want for Christmas is my two front teeth".

Once you get into the imposing looking chair. . . minus the strap, but just as deadly. . . you're given the once-over. Open wide. . . hmmm. That's all they ever say. Next thing, the needle goes through your roof and out the top. Then, as the mouth fills up like a balloon, the doc starts talking. . . every word phrasing a question you couldn't possibly answer with a mouth full of marbles! We have eight more to go and perhaps you're wondering how we got up nerve to write about dentistry this way when we have to face friend doc again? Well, each of us has to build his courage in a different way. This is ours.

You know, though, we parents are really fiendish ghouls. . . knowing full well what we're doing, we say to our youngsters "now it won't hurt at all. . . daddy had all his out and he didn't feel a thing!" Now I ask you?

THE BIBLE TODAY!

The necessity of having the printed Word of God is illustrated by a story which comes from the jungles of the Amazon.

An Indian of the Ocaina tribe recently returned to his home. While he had been away he had heard the Gospel explained in simple Spanish and had put his trust in Christ. Since he was illiterate he could not read nor understand the Spanish Bible. Relying on his meroy he told fellow tribesmen of how God's Son had come to earth and died for them.

In answer to their question, "But why did Christ have to die?" he replied, "I can't quite remember what has been told me but I think people have to die so that the world would not get too populated, so Christ had to die."

This man did not mean to pervert the truth but to keep him on the right track he, and his fellow tribesmen needed God's Word in his Ocaina language written right then, not years later.

SOEST, West Germany—Wives of men serving with Canada's 4th Infantry Brigade Group find health clinics waiting to serve them and their children overseas in much the same fashion as those left in Canada. In each of the Hemer and Soest, a doctor is on call at all times and nursing sisters help the new comers.

The clinics are planned to look after the dependents only. The soldiers are treated by the doctors attached to their units by the Royal Canadian Army Medical Corps. An RCAMC doctor attends all clinics, and one is on call at all times, day and night. The doctor on duty must stay about his quarters after hours so is less than five minutes away from the clinic at any time.

No chances are taken with the patient's health. The attending doctor treats about 85 per cent of all cases, but a serious one is whipped off to the British Army Medical Hospital at Iserlohn where immediate attention is available to all Canadian personnel.

Soest has the largest clinic attendance, we noted, as the PMQ and "economy" population is almost double that of the other communities. Well over 1200 cases are handled each month, dropping off during the summer but jumping back with the coming of cold, wet weather and respiratory infections. Little difference is noted in disease incidence here and back home. People are about the same wherever they are.

Births for the Brigade run to about 600 a year, with an average of 30 in the Brigade Headquarters area at Soest. The British Military Hospital handles all.

Normal clinics are held each morning and Monday afternoon when mothers and their children may attend. New babies are "checked over" at the Well-Baby Clinics on Tuesday afternoons, and mothers are expected to bring their infants in weekly for the first month. After that they come in every two or three weeks for "weighing in".

Pre-natal care is the rule for Thursday afternoon, and specialists attend Friday afternoon to examine cases referred to them. Perhaps one advantage over cli-

nics at home is the follow-up available for checking up on every hospital case.

A charge of \$3.00 is made for day calls at the office, and \$2.00 for each subsequent call, with a \$3.50 charge for night calls. House visits, day are \$4.00, with each subsequent call \$3.00. Extra patients seen at the same call are charged \$2.00. House calls at night cost \$5.00—and this may include the husband home from "work". Radiology costs \$5.00 a treatment, with subsequent treatments of the same area, \$2.50. Inoculations and regular clinics are free.

We met Major F. J. Evans, a native of Prince Edward Island, who had just taken over the Soest Clinic from Major Brian St. L. Liddy, a native of Ireland. Major Evans received his degree from Ottawa University, and did his post graduate studies at Kingston and Toronto.

Assisting is Capt. L. Fournier of Quebec City, and Nursing Sister Lieut. M. June Horrocks of South Burnaby, B. C.

Augmenting the Staff are Mrs. Muriel Campbell, Reg. Nurse, of Brockville, and Mrs. Jean Fortier, Reg. Nurse, of British Columbia, both married to officers serving over here.

German nationals assist with administration, driving and other non-medical departments.

Winter Fair Prepares Outstanding Program

Everything about the show this year is in the superlative class - the entry so large it is almost embarrassing. There is not room in the barns and stables for half the number of animals entered but, as usual, we will manage with the co-operation of the exhibitors.

HORSE SHOW—largest entry ever at an Ottawa Show, in fact one that any show in America might envy. The total is 256 horses and ponies, which means a lot of fine classes. In fact there will hardly be a poor class during the six days. There will be no "Best Night" but six great performances and a fine Saturday matinee.

MAIN ATTRACTION—first time in Ottawa for the famous Halifax Junior Bengal Lancers. This troupe of 24 young riders in attractive uniforms perform a "musical ride" and other feats of horsemanship. An outstanding feature, to be highly recommended.

DAIRY CATTLE—all Championship Shows and again over 750 animals in the main classes. Remember all judging dates changed this year - the show is getting almost too big to handle. **TELL YOUR FRIENDS ABOUT THESE NEW JUDGING DATES:** Ayrshires (110 entered) Monday, Oct. 24, Jerseys (175 entered) Monday, Oct. 24, Holsteins (384 entered) Tuesday, Oct. 25 and Wednesday Oct. 26, Guernseys (80 entered) Wed. Oct. 26. All Market Cattle judged Thursday, Oct. 27. The great Steer Sale (150 entered) at 4.30 on Friday, Oct. 28. Special note - any individual or group can bid on the steers and secure some fine beef - don't leave it all to the professionals. The champions will be sold in the big ring Friday evening.

CALF CLUB CHAMPIONSHIP SHOW—the pride and joy of Ottawa Fair and an event without peer in America. Again the entry sets a new record—almost 600 calves and 50 swine. The ring will be filled all day Friday and this event deserves a packed house—it is a sight worth going many miles to see. The Juniors will be guests of OWF at the Horse Show Thursday evening, led into the ring by the big South Carleton High School Band, and they will parade with their calves in the big ring again Friday evening for prizes.

HEAVY HORSES—a good entry of 70 head to be judged Tuesday afternoon, Oct. 25. Light horse breeding classes to be judged Wednesday morning and afternoon.

This huge overall entry adds up to a really terrific live stock week for Ottawa - one of the best and

PAGE 3—THE IROQUOIS POST

THURSDAY, OCTOBER 20, 1960

largest shows ever staged in Canada. It is something to be proud about, to boast about. All that remains is to get out attendance - for the evening show and for the day time judging. Remember that the best advertising is a personal boost - tell your friends, get on the phone. In particular we have to tell people this year about the new dates for dairy cattle.

SHEEP—(250 entered) and **Swine** (125 entered) - two other big shows for the 1960 OWF - swine judged Tuesday, Oct. 25, and sheep on Wednesday and Thursday. Seeds judged on Monday. Another big cheese show is the prospect.

These are the facts - we have the largest and best show ever - start talking now so that the box office story will also be one of success. We want a full house every day and evening from Monday to Saturday.

Plaids and checks are the Canadian fashion story for this fall as you can see by this wool dress. It's in green and white plaid with a touch of black and can be worn at office, shopping, or to informal social events.

I.H.S. News

(From Page One)

Three weeks ago, we over at good ole I.H.S. had our own track meet. The students participating in the various events were grouped depending on age. The participants were either junior, or intermediate or senior.

The three students in each group were awarded medals gold for first, silver for second, and bronze for third. The students placing, whether it was one of the above or not, depended upon the number of firsts, seconds, or thirds, he or she got in the many events.

Following are the top contestants in junior, intermediate, and senior events:

Boys: Intermediate—Brian Hodgert was top boy in this group with a total of 27 points. Lyle Barkley followed Brian with 23 points. Placing third was Gary Coleman with 7 points.

Junior: Ron Coleman led the juniors with 28 points. Following was Terry McCurdy with 14 points and Dean McCurdy with 13 points.

Senior: Ron Casselman came in first with 26 points. Following was Bob Gillard with 23 points, and Dale Roberts with 12 points.

Girls: Juniors—Lynn Beckstead came in first with 16 points, with Gwenneth Warren placing second with 16 and Adelaide Bucking third with 11 points.

Intermediate: Mary Murphy placed first with 23 points. Following were Betty Hamilton with 4 points and Carolyn Baker with 7 points.

Senior: Deany Zandbergen came first with 23 points. Wilma Verburg with 11 points placed second, and Maxine Herman placed third with 11 points.

Last Saturday the 15th, the Kemptville Lions Club sponsored a Football Tournament. About 8 schools were participating in the tournament.

The schools were eliminated in short games lasting around 30 minutes each.

Most of us know Iroquois came out on top for the second year. This is a good showing for the Lions Trophy has been in competition for only 3 years.

In every one of the three games Iroquois blanked every other team.

Iroquois' first game was against Winchester. The final score for this game was 14-0 for Iroquois of course. During this game Winchester suffered two casualties, I guess Iroquois's tougher than they thought. Here are the touchdowns and converts.

The first touchdown was scored by Alex Foster, Alex caught a long pass from Rowdy Gillard who also scored the convert.

The second touchdown was scored by Ron Casselman and it was converted by Alex Foster.

This was the game between Iroquois and Winchester.

Their second game was with South Mountain, and the score was 16-0. During the game Iroquois used mostly its weaker line, putting a few of our larger more powerful players only on for a play or two.

The scoring was as follows. Alex Foster caught a pass from quarter Buddy Perry and ran it for 6 points. It was also converted by Alex.

For an addition of 2 points, Ted Smith, during kick-off kicked a long pass into Mountain's end zone. This enabled Iroquois to rush in and get Mountain behind her own goal-line and to score a safety touch.

The second touchdown was scored by Brian Hodgert and was converted by Alan McQuigge. This was the game between Mountain and Iroquois.

The final game of the afternoon and the Championship game was between Iroquois and Metcalf. This game was longer because only the players were clocked, Metcalf was luckier than Winchester and only suffered one casualty while on the gridiron with Iroquois.

Here is the scoring: The first touchdown was scored by Rowdy Gillard who really did some running for the 6 points. The convert failed on its third try.

Ron Casselman got the second touchdown of the game, and Perry Smith got the 1 point convert. Again Rowdy Gillard did some running to bring home 6 points. After the first touchdown this convert also failed.

Rowdy again showing great, scored his 3rd touchdown. Captain Errol (SAG) Coleman got the convert. Ron Casselman an outstanding player was showing great today and his superb running and dodging highlighted this touchdown.

Ted Smith got the convert, but during the process, laid one of Metcalf's boys flat on his back.

The sixth touchdown of the game was scored by Rowdy Gil-

lard. The convert failed. The final touchdown was scored by Rowdy Gillard adding one more to his total of five. The final convert was scored by Errol Coleman. The final score was 45-0 for Iroquois.

Presentation of the winning football and Lion's trophy was made at a dance held after in Kemptville I.O.O.F. Hall.

Coach Walton and Captain Coleman received each during a lot of warm clapping and cheers from Iroquois and others present.

The boys did great at Kemptville as they blanked every other team but they were the only ones who suffered a number of penalties. The plays which were penalized were ones which were legal and backed by black print but they were foul in Kemptville because of the one Mr. J. Palmer.

The girls were not as lucky in the Cheerleading Contest as the boys in the tournament, not because of less effort (the girls made their own Indian styled costumes and they were very striking) but because of a smaller variety of cheers and actions.

South Mountain girls won the contest for the second year in a row.

Iroquois versus Kemptville
Monday afternoon Iroquois licked Kemptville again with a score of 81-8. It was quite a game with lots of excitement and running (Rowdy Gillard and Ron Casselman did some fine maneuvering on the field.)

Instead of going into the game in detail for paper's sake, and my

own, here is the touchdowns. Rowdy Gillard scored 5 touchdowns and 2 converts during the game. Ron Casselman also scored 5 touchdowns and 2 converts. The other touchdowns were scored by Ted Smith and Errol Coleman.

Brian Hodgert and Alex Foster scored 2 touchdowns each. The remaining convert was scored by Ted Smith. That's all for the I.H.S. scene this week.

W.M.S. Hears Speaker

The Fall thankoffering meeting of the United Church Women's Missionary Society was held in the Sunday School rooms on Tuesday evening, October 11th, with a good attendance of members and visitors. The meeting opened with soft music by Miss Margaret Kaine and a hymn, followed by a welcome by the President, Mrs. A. W. Batchelor.

The worship service was conducted by Mrs. Mack Fetterly using a Thanksgiving theme, taken from Luke 17, verses 11-19.

Mrs. Ed. Williamson favored with a beautiful rendition of "Somebody Bigger Than You and I".

Miss Gladys Thornber, guest speaker, was introduced by Mrs. H. VanAllen. Miss Thornber is on furlough from India where she has been working with young people in youth camps. Mrs. Batchelor acted as a model while the speaker showed how a sari is draped from a three-yard piece of material by the Indian women, similar to the one she herself was wearing.

The rate of illiteracy is 20 per cent. in India and the Hindi language is taught by the "each one teach one" method in the youth camps.

Miss Thornber's interesting talk was accompanied by colored slides depicting her work among the natives.

Rev. J. Leslie Dean assisted with the slides and thanked the speaker. The lunch committee of Mrs. A. Brown, Mrs. L. Johnson and Mrs. M. Fetterly, served a dainty lunch.

Delegate to U. N. Tour

Deanna Dawson, Winchester R. R. 3, was the Dundas County delegate to this year's United Nations Tour, September 25th to October 1st. Under the sponsorship of the Dundas Federation of Agriculture, Deanna was one of forty Ontario farm boys and girls taking part in the annual tour organized by the Ontario Junior Farmers Association. The trip started at Peterborough and travelled thence to Pennsylvania with stops at Niagara Falls and the Corning Glass Works. On September 26th and 27th the buses travelled to Washington, D. C. Stops were made enroute at Gettysburg and large farms in the area.

Following a tour of Washington, the group then travelled to New York City. On the way, stops were made at the University of Maryland and the Beltsville Experimental Station.

In New York the sights included the Empire State Building, Radio City Music Hall and a boat cruise around Manhattan Island. Final event of the week was a visit and guided tour of the United Nations Building and a meeting with the Canadian delegation.

The Dundas Federation of Agriculture each year sponsors a Dundas boy or girl as a delegate to this tour. This year's winner has been very active in 4-H Home-

king Club activities, having completed eleven projects. She was also the winner of the year's Dairy Princess competition and represented Dundas County in the Ontario competition held at the Canadian National Exhibition.

THURSDAY, OCT. 22nd, 1959

Two local boys, Gary Bouck and Gordon Empey, both of Matilda Township, were winners of a three-day all-expense paid trip to New York in a recent contest sponsored by IGA. The boys entered the contest through H. A. Gilmer's IGA Foodliner in Iroquois.

World Record Jump

In its survey of last year's sports highlights, the Book of Knowledge Annual includes the achievement of John Thomas, phenomenal 18-year-old Boston University student, in creating a new world record of 7 feet 1½ inches in the running high jump.

Iceland Sparsely Populated

The population of Iceland is only about 150,000, says the Book of Knowledge. Of this number about one-third live in Reykjavik, the capital and chief city.

WELCOME BACK BILL

Nobody is more pleased than this fellow right here that my good friend BILL GALLANT is back on the airwaves of the area. Long regarded by many as one of the finest radio personalities this area has ever heard, BILL left CJSS Cornwall some time ago and his return to this area has been looked forward to. Now, as you probably know he is back, since at the time of this writing BILL was

Portuguese Colonies Beat Mother

Both in area and population the Portuguese colonies exceed the mother country. The Book of Knowledge gives her European population at about 9 million, whereas there are nearly 12 million in Portugal's African and far eastern outposts.

scheduled to start swingin' at WSTS. That's quite a combination - BILL GALLANT, one of the swingin'est dj's, and WSTS, one of the swingin'est stations. Things are gonna happen. Dial 1050 every morning between 6 and 10 for BILL GALLANT.

Naturally, BILL'S coming means someone else's leaving, and in the latter position is another friend of mine named ANDY ANDREWS or DOUBLE A, who has gone to Syracuse to work on a bigger station.

RECORDED MUCH TOO MUCH

JOE JONES, the fellow who is in the middle of the charts with "You Talk Too Much", is lucky he hasn't found himself in the middle of a lawsuit. Roulette records, who had him under contract at one time recorded him on

THE IROQUOIS POST—PAGE 7
THURSDAY, OCTOBER 20, 1960

the tune but never released it. Later however Ric records cut him on the tune and did release it. However instead of suing Ric, Roulette bought the master copy from them and now "You Talk Too Much" is sailing under the Roulette flag.

OLDIES LIKE NEW

Atlantic records are making plans to release old hits as current singles. They will attempt to bring the sound up to today's best standards, but will release the songs in their original form. This idea is due to renewed interest in oldies by dee jays and the public. Atlantic reissues will bear current numbers and will sell at regular price.

NAME THAT TUNE

PAUL EVANS and Beachnut Chewing Gum agreed to a big promotion called "Name The Song" whereby EVANS will sing an untitled song, which he has written for the sponsor, on TV and radio, and listeners will be asked to submit a title for the song. A recording of the song will also be played during all the sponsor's commercials on TV bandstand shows. The untitled song is set for PAUL'S next single on Guaranteed records.

JOY FINDS JOEY

I wonder how many artists who are big names might have missed fame and fortune if things had been a little different. A fellow named JOEY, (that's all - just JOEY) who might or might not make it, came very close to missing the boat completely. He auditioned for Joy records some time ago and was told he needed more coaching and to come back in about a year. Recently however Joy's new A & R head happened to find "JOEY'S" dub, which had been made from his audition, and became interested in the boy. However no one knew anything about him, except his first name. All seemed lost until, luckily, the boy called the company and asked if he could audition again. This time he not only auditioned but cut a record, which has just been released, called "My First Love Letter".

CLOSE CALL FOR CASH

JOHNNY CASH just about ended his pickin' and playin' days recently when his \$8,000 convertible blew up in Beverly Hills, California. The singer managed to jump clear of the blast, but was treated for first degree burns. A bottle of propane gas in the trunk was blamed for the explosion, which demolished the car.

WORTH A GLANCE and A LISTEN

"ANKA AT THE COPA"—PAUL ANKA—ABC 353. Like DARIN'S album of the same title (except for the name of course) this set is a winner. The young talent does up such standards as "You Made Me Love You", "Sing Sing, Sing", "Hello Young Lovers", and "One For My Baby". He also does a nine minute medley of his hits.

"MORE... JOSE JIMENEZ"—BILL DANA—Kapp KL 1215. Actually nothing needs to be said about this guy after his name. He already has another album on the charts and this one should get there fast also. Tracks are taken from the STEVE ALLEN and SPIKE JONES shows. Routines include "The Submarine Officer", "The Artists", "The Judo Expert" and "The Piano Tuner". A riot.

"CONWAY TWITTY'S GREATEST HITS"—MGM E 3849. The title alone reviews this album; it's a collection of the hits of one HAROLD JENKINS, known more widely by the name he signs on autograph books. Included are "It's Only Make Believe", "Danny Boy", "The Story Of My Love", "Is A Blue Bird Blue", and "Lonely Blue Boy".

THIS 'N' THAT

... HANK BALLARD has now become the first artist ever to have three different records in Billboard's Top Fifty. ... TRAVIS & BOB, of "Tell Him No" fame, have moved from Sandy to Big Top. ... I'll try it just once again; the fellow who sings "Lynchin' Party" is BOBBY BARE - not DARE. ... For the benefit of a couple of fellows who asked me, ANITA BRYANT is married - to a former Miami dee jay who is now her manager. ... CHUBBY CHECKER looks much older than 17, which he claims to be. ... The FOUR LADS are leaving Columbia records and will produce their own disks, which they will release on another label, as yet unknown. ... JIMMIE RODGERS'S latest effort is "Woman From Liberia", which he cut about four years ago for his first album. ... I was none to happy to find out that one of my favourite singers, JERRY VALE, was scheduled for an appearance at the Gattineau Country Club in Ottawa shortly after it burned down; what lousy timing. ... I'm pleased to report however that JERRY is skedded for a shot on the JULIETTE show this Saturday; I'll be watching. ...

St. John's Guild

A record attendance at the regular meeting of St. John's Guild on Thursday, October 12, brought smiles of satisfaction and words of appreciation from our genial president, Mrs. W. E. Fitzsimmons.

The meeting was held in the Guild Room of the church, and was opened by the rector, Rev. D. F. Weegar, with prayers, followed by the Guild's special prayer in unison.

The president expressed the pleasure of the group in welcoming Mrs. Weegar to the meeting and hoped that she would be with the organization whenever possible.

Since the last meeting a very special member, Mrs. James Smith has been called to higher service. Mrs. Smith was a Guild member of long standing, ever faithful and cooperative and untrifling in all efforts of the Guild. Her sweet personality endeared her to everyone and she will be greatly missed. The president called for a moment's silence to be observed as a mark of respect and in appreciation of Mrs. Smith's devotion to all phases of church life. Minutes of the last meeting

were read and approved and the roll called.

The treasurer's report showed that the Guild had been active even in the summer holiday months and October had brought the Parish supper, which was a large success, to the fore; also a supper catering. Pie racks were purchased and some other small items for the kitchen.

Two months remain in the Guild's official financial year so a busy time is anticipated

Plans are now being made for the annual bazaar. The date is set for Saturday, November 5th. Afternoon tea will be served from 3 p.m. A large number of booths will be set up.

The visiting committee are planning to visit new families in the district.

Collection was taken and the meeting was closed with prayer by Rev. D. F. Weegar. Refreshments were served by the committee in charge.
