Beauty and the Beast

TCA Stewardess Patricia Hayter isn't sure what to make of the Echidna she's holding. Better known as an Australian spiny anteater, the animal was flown to Canada to inaugurate an exchange of school broadcasts between the CBC and the Australian Broadcasting Commission. Ontario children, who will be the first to hear these programs, were given the opportunity to name the Echidna. Each school picked a name and sent it to the CBC's Toronto studios—many hundreds of letters were received. A panel of judges, after considerable thought, selected "Adelaide" as the best contribution. The Right Honorable F. M. Forde, P.C., Australian High Commissioner; Mayor Lamport of Toronto; and a number of CBC officials were on hand for the presentation of the Echidna to the CBC. "Adelaide" now resides at Toronto's Riverdale Zoo.

OBITUARY

LATE SANFORD HERRIMAN

The oldest link in a five-generation family was broken in Williamsburg on Monday of this week when one of the district's oldest and most respected citizens passed away in the person of Mr. Sanford Herriman, at the home of his son, Mr. Clifford Herriman, east of Williamsburg. Although ninety-three years of age, Mr. Herriman, until shortly before his death, had enjoyed relatively good health and had been able to be around every day taking an interest in the day to day happenings of his community.

At 93 Mr. Herriman had the distinct honour of heading five generations, and on January 25th of this year he was honoured by members of his family when he observed his birthday. Members of the five generations are Mrs. John A. O'Shaughnessy, a daughter; Mrs. Weldon Beckstead, a granddaughter; Mrs. Richard McIntosh, great granddaughter, and the infant Brian McIntosh, great great grandson. Mr. Herriman's passing also cuts the number of grandparents of Brian McIntosh to nine.

Born in Williamsburg Township, near Elma, Mr. Herriman was a son of the late Mr. and Mrs. James Herriman, pioneer settlers in Ontario. A lifelong resident of Williamsburg and district, Mr. Herriman had, until a few years ago, been known as a progressive farmer. In recent years he had been residing at the residence of his son, Mr. Clifford Herriman.

Through his life Mr. Herriman had been an active community worker and had been interested in the welfare of his fellow-men. One of his greatest enjoyments during his final year was the radio, and few men in the district knew more of current affairs than Sanford Herriman. Mr. Herriman was one of the few remaining "old-timers" who could remember when the present sites of Williamsburg and Elma were nothing but bush land, which he helped to clear away. He was a member of Williamsburg United Church.

In 1884 he married the former Minnie Bouck, and together they were privileged to observe their Golden and Diamond Wedding Anniversaries before Mrs. Herriman died on February 13th, 1951, at the age of 87.

Surviving are two sons, Mr. Maurice Herriman, of Long Island, N. Y., and Clifford, at home; and four daughters, Mrs. Orval Beckstead (Ruby) and Mrs. Joseph Donevan (Pearl), of Kingston; Mrs. William Dillabough (Rose), of Dunbar, and Mrs. John A. O'Shaughnessy, of Williamsburg. Several grandchildren and great grandchildren also survive.

The funeral was held from the residence of his son to Williamsburg United Church on Wednesday afternoon of this week, with Rev. Geo. Dunlop conducting the service.

The report of the funeral service will be published in the next issue of this paper.

Winchester Site Favoured For New Cheese Storage Plant

Options on two Winchester properties have been taken by the Ontario Cheese Producers' Association for the erection of a huge new refrigeration and storage plant. The properties in mention are lots owned by Messrs. Tom and Ernest Brown, and by Mr. Neil Gray. The Brown property is located just east of Highway 31 on the south side of the C. P. R. tracks, and the Gray property, which, according to reliable authorities, is favoured, is situated west of Highway 31 and also on the south side of the tracks.

The Press has also learned that the Winchester sites are now the only ones in contention for the erection of the plant, which will cost an estimated $300,000. At the present time the Cheese Producers have a similar plant in Belleville, but are anxious to build a new storage plant in this area. Officials of the Association were in Winchester last week when they met with Chamber of Commerce representatives. At this time they also interviewed the two property owners and took the option on the Gray land.

Before official word can be released by the Association with regard to the location of the new plant, government sanction must be received from both Provincial and Federal bodies, who will supply financial backing for the erection of the new building.

The proposed plant in Winchester will be used for the storage of cheese and will employ from 15 to 25 people, including office staff.

RECENT BIRTHS AT THE DISTRICT MEMORIAL HOSPITAL

On Tuesday, April 14th, 1953, to Mr. and Mrs. Reg. Workman, of Williamsburg, a son.

Local Softball Club Will Hold Annual Dance On April 29th At Williamsburg

Activities in the Winchester Royals' Softball Club will get off to an early start again this year. Following the procedure of the past two or three years, the Club has made plans to sponsor its annual Dance in Paul's Hall, Williamsburg, on Wednesday, April 28th.

The decision to hold the dance again this year was made at a meeting of the Club, held in the Town Hall recently. Harold (Cy.) Helmer, manager of the club, presided at the meeting.

The dance will follow the same design of past affairs and will feature the music of Don Morell's Orchestra, for round and square dancing. Three valuable prizes will be given away on the night of the dance, and an advance sale of tickets that allows the holder a chance at the prizes and admission to the dance, is now underway.

Proceeds from the dance will be used for the purchasing of equipment, etc., for the Winchester Royals Softball Club. Further announcements with regard to the dance will be forthcoming.

ST. PAUL'S CHURCH ADMITS TEN NEW MEMBERS

At the morning service in St. Paul's Presbyterian Church on Sunday, ten new members were admitted to membership of the church on full profession of faith. The ceremony, which preceded the Sacrament of the Lord's Supper, was presided over by the pastor, Rev. Wm. Reid, assisted by members of the Session. The new members were: Mr. and Mrs. Emerson Stewart, Mr. and Mrs. Hans Petersen, Mr. George Elliottt, Mrs. Fred Curtis, Mr. Clarence Presley, Mr. and Mrs. Orton Rodney, and John Hay.

Mr. Arnold Dukelow To Head Local Chamber Commerce

Winchester and District Chamber of Commerce has an almost complete slate of officers, headed by a former president and one of the founders of the local Chamber, Mr. Arnold Dukelow, who accepted the presidency at an Executive Council Meeting held on Monday evening in the Town Hall. Mr. Howard Biccum has been appointed first vice president, and the secretary's duties will be temporarily carried out by Mr. Arnold Duncan until a permanent secretary can be found. Mr. Duncan has also accepted the treasurer's post, which this year has been made a separate office. Previously, the position of secretary-treasurer was held by one person.

Decision to separate the secretary's work from that of the treasurer's was one of two major steps taken at the meeting as a means of accomplishing more and at the same time lessening the load for the executive.

Prior to this year, the custom had been in the local Chamber to set up several different committees each year. Believing that more would be accomplished and that more enthusiasm would be shown by members, the Council was unanimous in its decision to slash the number of committees in 1953 to three. These committees in the Chamber for the ensuing year are: Membership, headed by Roy Fawcett; Industrial Development and Town Planning, with Harry Joule as the chairman, and the Business Men's Committee, which will serve the needs of the now defunct Business Men's Association. As yet, a chairman for the Business Men's Committee has not been named. David Melvin, a director, was appointed by the Council to see that this committee and its head are named immediately.

Past President Robert Vice then turned the meeting over to the new president, Arnold Dukelow, who, in turn, asked for the co-operation of the entire Chamber.

Discussed briefly was the problem of where the already erected town signs should be placed. It was decided that no further action would be taken in this matter until Department of Highways officials had been approached.

Present at the meeting were Messrs. Arnold Dukelow, Arnold Duncan, Harry Joule, Howard Biccum, Eldon Fennell, Robert Vice, David Melvin and Reg. Workman.

Coming Events

100 CLUB LUNCHEON WILL BE HELD TOMORROW EVENING

The April Luncheon-Meeting of the local 100 Club will be held in the Town Hall tomorrow (Friday) evening, at 6.30 p.m. sharp. The new officers will be installed at this meeting, and the guest speaker will be Mr. Frogett, of the Winchester High School Teaching Staff. A good attendance of Centurians is anticipated.

ANNUAL MEETING WINCHESTER WOMEN'S INSTITUTE

The Annual Meeting of the Winchester Women's Institute will be held on Tuesday, April 1st, at 7.45 p.m. in the Town Hall. Roll Call—Payment of Fees. Would all conveners please have their reports ready. Everybody welcome. 47c

HOCKEY CLUB DANCE

The Winchester Junior Hockey Club will hold a Dance in the Winchester Town Hall on Saturday evening, April 25th. Music by Don. Morrell's Orchestra. Dancing from 8.30 to 12.00 p.m. Admission 50c. Everybody welcome. 47-48c

HALLVILLE SOFTBALL CLUB DANCE

Sponsored by the Hallville Softball Club, a Dance will be held in the Hallville High School Auditorium on Friday evening, May 1st. The Clubettes will supply the music, and two prizes will be given away from the advance sale of tickets. Admission 50c. Proceeds in aid of Hallville Softball Club. 47-49c

LEGION DANCE AT CARDINAL

Canadian Legion Springtime Dance at the Cardinal School Auditorium, Friday, April 17th. Music styled for your dancing pleasure by Bob Whitney and his band. Join your friends for an evening of dancing on the best floor in Eastern Ontario. Dancing 9 to 1. Admission, 75c per person. Don't miss this Dance of the season. 47c

INKERMAN WESLEYAN W. M. S. TO SPONSOR MEETING

The Women's Missionary Society of Inkerman Wesleyan Methodist Church wil sponsor a special meeting this Friday evening at 8.00 o'clock in the church auditorium. Rev. and Mrs. Davis, South American Missionaries, will be guests, and their topic will be "The Church and Politics To-day in South America." A cordial invitation is extended to everyone to be present.

Weekly Farm Report For Dundas County

Listed below is the Weekly Farm Report for Dundas County, as prepared by the Agricultural Office, Morrisburg:

With the frost out of the ground and country roads again passable, Spring operations on the farm are nearly ready to commence, with the exception of certain areas in the County where most agricultural land is still too wet to work. However, with continuing dry weather, work on the land should commence within a couple of weeks. With this prospect of an early Spring and with new seeding and pastures coming through the winter in tip-top condition, cattle will be able to go to pasture much earlier this year. However, farmers should be cautioned regarding the turning of cattle out on pasture while the land is still too wet, as any saving in feed would be offset by the trampling of the small new seedlings into the ground. Those who wish to increase their carrying capacity of their pastures, an applciation of barnyard manure or commercial fertilizer is recommended. Grass pastures respond best to a high nitrogen fertilizer, clovers to a high prosphorous fertilizer. For more information on pastures, Bulletin No. 469. "Better Ontario Pastures," and Bulletin No. 463 "Soil Management and Fertilizer Use," are available at your Agricultural Representative's Office.

Prospects for farm labour are not very good. Fewer immigrants are arriving, and this year through the Department of Citizenship and Immigration only six families are available for the three United Counties, whereas, last year, there was a surplus of fifteen or twenty families who could not be placed. Single farm help is practically non-existent. This year the farmers will have to make use of many of the more expensive labour saving machinery and co-operate just a bit more with their neighbour.

At this time of year comes the organization of 4-H Clubs. Boys and girls between the ages of 12 and 20 who wish to participate in this work and who have not previously belonged to 4-H Clubs should send their names to the Agricultural Representative at Morrisburg. Clubs being organized in the County this year include Mountain Senior and Junior Calf Clubs; Chesterville Calf Club; Williamsburg Calf Club; Iroquois Poultry Club; Chesterville Poultry Club; Dundas Grain Club; Chesterville Tractor Club and Mountain Swine Club. Organization meetings of these Clubs will be held during the latter part of April and first part of May.

Events of interest in the future will be the Spray Days to be held at the Kemptville Agricultural School on Tuesday and Wednesday, April 21 and 22. Featured at these days will be Weed and Brush Control on farms and roadsides by spraying with chemicals. Demonstration of Sprayers and Special Speakers.

Buy, Sell and Rent through Press Classified Advts. They bring results, cost little.

PAST MASTERS' NIGHT AT HENDERSON LODGE

Last Friday was Past Masters' Night at the April meeting of Henderson Lodge No. 383, A. F. & A. M., All chairs were filled by Past Masters, with Wor. Bro. R. D. Ledgerwood, presiding, assisted by Wor. Bros. J. E. Singleton, Gordon Mulholland and George Martin, for the conferring of the Third Degree.

Wor. Bro. Douglas Johnston was senior warden and Wor. Bro. John John Fader was junior warden. Wor. Bro. Roy Fetterly, past master of Chesterville Lodge, was guest speaker. He invited members of Henderson Lodge to Chesterville on the occasion of the official visit of Rt. Wor. Bro. Bert Fawcett, Deputy Grand Master for Eastern District.

Arrangements have been completed for the annual Ladies' Night to be held in the United Church Hall this evening. Officers of two New York State lodges have been invited, as well as the District Deputy Grand Master for Eastern Disdistrict. Special entertainment will be provided by singers from the choir of St. Paul's Eastern United Church of Ottawa.

Curling Club Changes Annual Meeting Date

At a meeting of the Men's Curling Club members, held in the Club Room last Wednesday evening, it was decided to hold the Annual Meeting in the Fall, at which time the by-laws and other details will be ready for the newly organized Company. The purchase of the building and grounds was completed this winter and the Club will become a Chartered Company.

President Howard Fetterly presided, assisted by the secretary, Howard Summers. Reports presented showed that the Club had enjoyed a successful year. The treasurer' report was given by Robert Woods, which showed a small surplus, but with a few small accounts outstanding, the Club will break about even on the year. However, the organization is now debt-free, having paid off the mortgage this year.

Reeve Walter Moffat presented cups and saucers to Mr. Chas. Cross, whose rink had won the competition for these prizes during the winter.

In a draw for a Chest for silver, which had been donated to the Club by Mr. Fred Christie, the holder of the lucky ticket was Mr. Howard Summers. The money will be used to purchase equipment for the rink.

HOUSEHOLD HINT

If the ivory toilet articles have yellowed somewhat, wash them with white soap and water and place while wet in the sunshine. Keep wetting them with soapy water several times during the day and allowing to dry in the sun. Continue this treatment for several days. Then rinse, and the ivory will be white again.

Mr. Harold Hamilton of Chesterville Died In District Memorial Hospital On Monday

Failing to rally from a heart attack which he suffered at his home last Friday, Mr. Harold J. Hamilton, prominent Chesterville business man, passed away in the District Memorial Hospital, here, on Monday.

Born near Chesterville 50 years ago, he was a son of the late Mr. and Mrs. Wesley Hamilton. He received his education at the Chesterville schools and attended Albert College at Belleville.

As a young man he was associated with his father in a General Store Business. Twenty years ago he opened a garage and entered the automotive trade. He disposed of his business last Autumn and since that time had lived a more or less retired life. He spent the winter in Florida, returning a few days prior to his passing.

The late Mr. Hamilton was active in the promotion of sports in Chesterville and played with the Chesterville "Maple Leafs," the local entry in the Central Ottawa Valley League, for several seasons. For many years he was a director of the Chesterville Arena Company.

Successful in the municipal elections in 1947, he served on the Chesterville Council for one term. He was also a member of the Chesterville Chamber of Commerce, and was a member of the Industrial Committee of that board.

He is survived by his wife, the former Marguerite Everett, of Iroquois, and one daughter, Joan, of Montreal, and a son, LeRoy, with the R.C.A.F. in England. He is also survived by three sisters, Mrs. Clifford Powell, Hagersville; Mrs. David Perry, Holstein, Ont., and Mrs. Lloyd Phillips, of Brockville.

The funeral was held on Wednesday afternoon with service at Trinity United Church being conducted by Rev. R. A. Mitchell. Burial was made in Maple Ridge Cemetery.

WARNS AGAINST SEED OFFERED TO FARMERS

Reports from the seed laboratories of the plants products division, Department of Agriculture, indicate that a high percentage of musty, low-germinating grass and legume seed is being offered for sale this spring. Farmers in this area have been warned against purchase of any such seed offered to them unless it is tagged and clearly marked as to grade.

W. M. S. THANK-OFFERING MEETING

"What the W. M. S. wants for Canada" was the subject of an address by Mrs. Ivan Hawkshaw, of Ottawa, at the Easter Thank-Offering meeting of the Afternoon and Evening Auxiliaries of the United Church, held here last week.

Mrs. Hawkshaw, the present dean of the School for Leaders, and a past president of the Ottawa-Montreal Conference, took her theme from an article in the April Readers' Digest entitled "What Eisenhower Wants For America." She concluded her address by quoting these words of the president from the article: "Only by trust in God can a man carrying responsibilities, find repose."

The speaker was introduced by Mrs. A. B. Allison and thanked by Mrs. W. J. Cass.

Mrs. T. N. Mitchell, president of the Afternoon Auxiliary, assisted by Mrs. R. McEwen, Mrs. C. Rice and Mrs. K. Carlyle of the Evening Auxiliary, conducted the devotions.

Mrs. F. Cass contributed a solo, accompanied by Mrs. R. Woods. The lunch committee was Mrs. Ross Scott, Mrs. Ron. Freeland, Mrs. Geo. Dixon nad Mrs. E. R. Steele.

Rev. T. N. Mitchell, the pastor, closed the meeting with a prayer.

DOG TAXES DUE!

NOTICE TO DOG OWNERS

Dog-Owners within the Municipality of the Village of Winchester are hereby notified that the 1953 Dog Taxes become due on May 1st. The rates are $2.00 for a Male and $4.00 for a Female, plus 25 cents for a tag. Taxes may be paid and tags procured by applying to the undersigned at the local Town Hall.

Constable Gilbert Raistrick,
47-48c **Dog-Tax Collector.**

MARRIAGE ANNOUNCEMENT

Campbell-Lee

Mora Elizabeth, daughter of Mr. and Mrs. H. M. Lee, Vernon, and Mr. James Francis Campbell, elder son of Mr. and Mrs. D. Campbell, of Parry Sound, Ont., were married on Tuesday, April 14th, 1953, at the bride's home, Vernon, with Rev. W. Bee, pastor of the Osgoode Baptist Church, Vernon, officiating.

Winchester Legion Favours Increase

(By F. Erle Helmer)

Members of the Winchester Post of the Canadian Legion were unanimously in favor of a resolution asking for increases of veterans' allowances. The discussion took place at a meeting of the local Branch, held in the Legion Club Rooms last week.

It was felt that the present scale of not more than $720 per year to single men and $1,200 yearly to married men was totally inadequate, as many who were drawing these benefits were also pensioners and were in many cases unable to augment the receipts by gainful employment.

The branch instructed the delegates to the coming meeting of the Zone to oppose any increase in per capita tax to Provincial and Dominion Commands. Several expressed the opinion that duplication of services should be cut by the two commands, and that the top structure was becoming top heavy with administrators. At the present time out of every $15 dues paid by members, only 95 cents is retained by the Post for its own purposes.

The executive was instructed to proceed with the erection of a cenotaph on the lawn, adjoining the Legion Hall.

A report on the blood bank, given by Wilfred Lannin, indicated that a successful donor's day had been held held recently, with 35 donors, and that there was a total of 42 pints to the Legion's credit at the Civic Hospital. Blood from the Legion Bank is for the use of patients at the Winchester District Memorial Hospital.

Alva Alexander and Stuart Corry were appointed delegates to the zone meeting in Prescott, which was held last night.

Preparations Being Made For Dundas Music Festival

Preparations for the Dundas County Music Festival are being completed, and the third county-wide competition will be held in Morrisburg Public School on June 3rd through June 6th, with Dr. J. Roy Fenwick, Toronto, as adjudicator.

The festival is sponsored by the Morrisburg Women's Institute, with the assistance of the music teachers in Dundas County. It includes vocal, verse, chorus and pianoforte classes and is open to pupils from both public and separate schools. The classes will be of a non-competitive nature, certificates being awarded to all contestnats on their performances. An estimated 1,180 contestants will register in the Festival, according to the secretary, Mrs. B. W. Campbell. This registration will break the previous record of 890 set last year at Iroquois. There are 142 entries in Class 14, girls' solo, 8-9 years.

The committee in charge of the four-day festival includes Mrs. Percy Allison, Mrs. Geo. Casselman, Mrs. F. Hummel, Mrs. L. Kinkaid, Mrs. L. Duvall, Mrs. Ernest Norton, Mrs. K. Blancher and Mrs. W. S. L. Merrill, of Morrisburg, and the county music teachers, Mrs. C. A. Graham, Chesterville; Mrs. Roy Graham, of Mountain; Mrs. D. Crerar, Metcalfe, and Mrs. A. Murdock, Morrisburg.

ST. PAUL'S LADIES' AID

The April meeting of the Ladies' Aid Society was held at the home of the president, Mrs. C. R. Robinson, recently. Two verses of the hymn, "Jesus Keep Me Near The Cross" was sung, accompanied by Miss M. Empey. The Scripture lesson was read by Mrs. Hugh Wilson. An inspirational paper, "The Great Commission," was read by Mrs. Jessie Kennedy, followed by prayer.

Mrs. R. D. Ledgerwood, on behalf of the Hospital Auxiliary, asked for donations, valued at 10c and 25c, for a Fish Pond, which is to be one of the attractions at the Hospital Garden Party in June.

The minutes were read and approved. The Corresponding Secretary reported several thank-you cards received. The floor covering for the kitchen was chosen and will be laid at a later date. An invitation was extended to the ladies to hold their meeting on Wednesday, June 3rd, at Chester Robinson's cottage on the Rideau. The next meeting will be held on May 5th at the home of Mrs. Jas. Johnston.

The meeting closed with the Lord's Prayer, and a dainty lunch was served by the hostess.

Local Concentrated Milk Producers' Association Holds Annual Banquet

(By W. A. Rowat)

The Ontario Concentrated Milk Producers of Winchester Local, held their Annual Banquet and Ladies' Night in the Town Hall here on Tuesday evening. James Jenkins and Charles Milton, of Toronto, the president and secretary-manager of the Provincial Association, were among those at the head table who brought greetings. William McRoberts, the local president, was master of ceremonies and called on a past president, Basil Dawley, to introduce the following officers and directors of the Association who were present with their ladies: Allison, Graham, a past provincial president; George Lowery, of Almonte, a provincial director; Ray Dillabough, secretary-manager of the Chesterville local; Jack Higgins, district fieldman; Willis Robinson, John Hughes, local directors; and Alex McGregor, the secretary. J. K. Ault and S. G. Ault, joint managers of the Ault Creamery Ltd., the processing plant for the Association, were also introduced.

J. Ubald Rouleau, ex-reeve of Cornwall Township, although advertised as the guest speaker, proved more of an entertainer. With a barrage of ribald comedy, he kept his audience of nearly two hundred amused for nearly three quarters of an hour. Orvil Guy, the vice president, introduced Mr. Rouleau, and he was thanked by Keith Holmes.

Caledonia Entertainers

Through the courtesy of the Ault Brothers, entertainment was provided by Connie Kippen and Jean MacInnes, pipers and dancers. These Scotch lassies, both gold medalists, of Maxville fame, gave several numbers in costume, with the bagpipes. Mrs. Robert Woods was pianist for a sing-song during the banquet, led by W. A. Rowat.

The following is a list of the door prize winners, tickets for which were drawn by Mr. Jenkins: Wm. McVey, donated by Harry's Sport Shop; Bob Davidson, by Morgan's Sport Store; Jas. McGregor, by Duncan's; Bob McDonald, by Fawcett's Jewellery Store; Mrs. Gerald Holmes, by the Jo-Anne Shoppe; Benson George, by Smith Drug Store.

Willis Riddell moved the vote of thanks to Ault Creamery Ltd., to the ladies of the Evening Auxiliary of the United Church for the banquet, the donors of prizes, and to the entertainers.

Township Council Met At Morewood

The regular meeting of Winchester Township Council was held in the Presbyterian Hall, Morewood, on Monday, April 6th, with all members present. The minutes of the last regular and special meetings were adopted as read and signed by the reeve.

It was decided by the Councils of the Townships of Osgoode, Russell and Winchester that each township would pay for the upkeep of two electric lights on the streets in the hamlet of Marionville, making a total of six lights for the streets.

A delegation from the executive of the Chesterville and District Fair asking for the usual grant of $150.00, interviewed Council, and after considerable discussion, the amount was granted.

The Council decided to make an inspection of the township roads on Thursday, April 9th, in order to decide on the work to be done during 1953, after which tenders will be called for the necessary amount of crushed gravel.

A petition, signed by the majority of the ratepayers in School Section No. 12, asking that this Section be attached to the Township School Area, and which on the request of the Trustee Board of S. S. No. 12 had been held over from the last meeting, was accepted and the clerk instructed to have the necessary by-law prepared.

The following accounts were passed and paid:—

Roads and Bridges, $1305.96; Fox Bounty, $102.00; Schools, $600.00; Drainage, $49.00; Relief & Hospital Account, $430.62; Hydro Electric Power Com., $102.22; Supplies, $7.75.

Council adjourned to meet in Winchester on Monday, May 4th, at 10.30 a.m.

The 7th Column

"Prescott's Tax Rate Remains Firm at 83 Mills," was the headline in last week's Prescott Journal. At that figure any tax rate should be firm. The local rate has not been announced yet, but here's hoping it will remain firm at a much lower figure than Prescott's.

We are in sympathy with the young man in New York who spent three years cooped up in an attic rather than listen to or watch television. On the strength of it he is to be given a mental examination. We protest. If the horse and soap operas to which we were subjected on television recently in Toronto, are a fair sample of TV entertainment, we think the young man from New York is far from crazy. In fact, we think he rates a round of applause for good taste.—Brockville Recorder & Times.

THURSDAY, APRIL 16th, 1953.

INFORMING THE FIREMEN

Four fire alarms have been sounded in Winchester since the advent of the New Year and, of late, the Winchester Fire Department has experienced some difficulty with the large pumper and other equipment that has caused unnecessary delay at the fire scene.

A recent meeting of the Municipal Council saw direct action taken to rectify two of the Fire Department's problems. Strong, portable flood lights will be purchased, and the Fire Department has been instructed to give a more thorough training in the use and operation of the pumper to four more firemen.

These steps are in the right direction! There is one point, though, and an important one, that the Council and Fire Chief have seemingly overlooked, and that is a more efficient means of informing the members of the Fire Brigade when the alarm is sounded. The present alarm serves the purpose in a haphazard way. When the siren is sounded all firemen are suppose to hear it and rush either to the Fire Station or to the scene of the fire. Once in awhile operators of the Bell Telephone staff will, through courtesy, call some of the brigade members. An agreement with the Bell Telephone Company cannot be reached in which the operators in Winchester will sound the alarm to firemen. Such action by the Bell Telephone Company is readily understandable—the Company cannot afford to take such a responsibility, although it co-operates in every possible way.

The fire siren in Winchester, atop the Town Hall, is a good apparatus; but it is not the loudest, and for that matter, it is probably not located in the most suitable spot in town. Often, and this has been a repeated experience, firemen working in a plant where machinery is in operation cannot hear the alarm when it is sounded. In other words, unless some of the volunteer firemen are informed by thoughtful passers-by or by the telephone operators, they miss part or all of the fire. This has a two-fold result: the fireman loses his pay, and the brigade suffers in general, in that it is fighting a blaze shorthanded.

There are remedies to this inefficient system. For instance, the person turning in the alarm could rush to a public phone booth and call all the firemen, the names of whom have been posted on a list at each booth, and by the fire alarm at the Town Hall. Lists of the names of the volunteer fire fighters could be placed at conspicuous places in the town with which the citizens could become acquainted. In the daytime the person turning in the alarm could inform the clerk and he ,in turn, could call all the firemen. If the fire is during the evening or early morning, the Fire Chief should designate one man at the fire hall to inform all brigade members by phone or any other suitable method. If the situation arises, the Fire Chief could look after this matter himself and appoint the deputy chief or another competent fireman to take over. Finally, it has been suggested that the old method of ringing the church bell should be used along with the siren, and this may not be such a bad idea.

The aforementioned are suggested remedies. There are others. Municipal Council, and particularly the Fire Department, would be well advised to look into this matter, and subsequently adopt one or two new methods whereby ALL the firemen will be informed when an alarm is sounded. And while something is being decided in this matter, it may also be a wise move for Council to determine whether, or not, the present siren in its location is serving the town adequately.

PARENTS' AND STUDENTS' HOMEWORK PERIODS

Whether parents like it or not, their children have to study at home. Teachers assign lessons which have to be worked out and submitted for correction the following day, and although there are some free periods when such lessons can be done at school, the curriculum is so crowded that homework is essential if a child is to keep up with the outlined course of study, comments the Lachute Watchman.

The merits or demerits of homework have never been settled, except by the fact that homework still remains, and if a child wants to keep up with the class in which he finds himself he must study outside of school hours to do so.

This time of year when examinations are in the offing, study at home becomes intensified. Thousands of Canadian children sit down to "cram" for the examinations and the question which parents have to deal with is, how to study effectively and to good purpose. This is the problem which the parent has to deal with intelligently, for on its correct solution rests the very future of the child.

No child can study where radios are blaring, or father is absorbed in the TV program, or mother's bridge game is in progress. Distractions of this kind are responsible for the fact that 85 per cent. of all students have one or more poor study habits. Physical factors such as poor light, improper seats and tables, shifting about from one place to another, and lack of materials such as pencils, ink. scrap paper, geometry sets and reference books, is a deterrent to study.

Children should have a regular period for study. A study-room away from the rest of the family would be ideal, but in the present crowded conditions of living this is not always possible. A corner in which a desk containing the necessary study materials can be carefully put aside, will encourage the student to develop the atmosphere essential to concentrate on his homework. Assistance by the parent, or at least a disposition to talk over the assignment, will help considerably, and a time schedule or study chart is an imporant asset.

One of the greatest drawbacks to parent participation in homework study is the manner in which the work is detailed by the teacher. If a definite, clearly marked goal is assigned so that a child can feel that he has completed his work, a mental satisfaction is his; but if an indeterminate "look over this" or "study the first section of your history" is the chore, no pertinent aim has been established and a feeling of indifference governs the work. Clarity is important, and is as necessary for the child and the parent to make study effective as for the one who assigns the work and expects to have it done efficiently.

FREEDOM OF THE PRESS

Because suppression of free speech is generally held to be more dangerous than anything a speaker might say, it is not unusual to see staunch Liberals and Conservatives deploring any interference with the right of the Red Dean and home-grown purveyors of treason to malign all the powers that protect them. To those who complain that the Communists abuse their freedom, the answer is that freedom of speech also implies freedom to refuse to listen. No one except a Communist. who must submit to party discipline, can be forced to attend a Communist meeting.

Freedom of the press is similar, in theory, to freedom of speech, but it is sometimes forgotten that freedom to print also implies freedom not to print. Naturally, when the Red Dean or Mr. Endicott holds meetings, the newspapers will send reporters, since they cannot afford to miss a story of a riot or a well-aimed rotten egg. But there is no compulsion to send representatives to press conferences, to report what either of the gentlemen says or to publish their photographs.

If Dr. Johnson and Mr. Endicott were forced to depend on the Communist press of Canada for their publicity, such influence as they possess would be greatly curtailed. The former might even stay home and give more attention than he has in the past to his duties at Canterbury Cathedral. Canterbury's loss would be Canada's gain.—The Printed Word.

THE LITTLE ELEMENTS IN PLANT GROWTH

Plants, like animals, require a balanced diet for healthy growth. Some plant foods such as nitrogen, phosphorus and potash are needed in large quantities. Others are essential only in minute amounts but are no less important in the chemistry of plant formation. They are known as minor or trace elements.

Some of the most important trace elements are iron, copper, zinc, manganese, boron and molybdenum. Plants which cannot get any of these because they are lacking in the soil, show varying deficiency signs, all of which generally result in decreased yields.

The common way of applying trace elements to soil has been as soluble salts by mixing with fertilizers or by direct application. These methods were often found to be unsatisfactory and even dangerous, for if too much was applied, some elements often had a toxic effect on the plants they were supposed to benefit. Sometimes rain would leach out the trace elements.

After five years of experimental work, chemists have come out with a product which overcomes these probiems. It is known as fritted trace elements and consists of small glass particles containing balanced quantities of the essential minor elements in a slowly-soluble form. Worked into soil, the particles make available to plants the locked-in trace elements by root contact whenever the plants need them. Danger of toxicity and leaching are eliminated.

The development of fritted trace elements is another example of the ability of modern agricultural chemists to help solve the pressing problem of increased food production for an ever-increasing world population.

Editorial Notes

Men insist that they know nothing about women, yet they are constantly saying, "Now, isn't that just like a woman!" comments an exchange.

Common sense does not ask an impossible chessboard, but takes the one before it and plays the game.—Wendell Phillips.

Nothing ,says Goethe, is so terrible as activity without insight. Look before you leap is a maxim for the world—Edwin Percy Whipple.

"Wanted to exchange: unused engagement ring for automatic shotgun."—Classified Advt. The advertiser, we take it, is a woman who can't be jilted with impunity.

Down in Texas, a machine is reported to grade twelve examination papers at one time. All that is needed now is one that will write 12 papers, and everyone will be happy.

Recently-developed "soft" X-rays, radiations produced at a comparatively low voltage, have great ability to penetrate foodstuffs and kill molds, viruses and other organisms that cause spoilage. They are being used to preserve meats, vegetables, fruits and beverages for longer periods of time. Science marches on!

In a dictionary, Commercialization and Coronation have only one similar aspect: both words begin with a C. In real life, these two words are closely linked and will continue to be until June when Her Majesty Queen Elizabeth II will be crowned. Like Christmas and Easter, part of the true meaning will be taken away from the Coronation by a highly commercialized effort that is interested in this momentus occasion only from a dollar and cents angle. It would be interesting to know what the Coronation is worth.

Gospel Gleanings....

"Thus saith the Lord"—(Isa. 45:1).

(You Need Salvation)

"All have sinned.

The soul that sinneth, it shall die.

Sin, when it is finished, bringeth forth death.

Except ye repent, ye shall all likewise perish.

He that believeth not the Son shall not see life; but the wrath of God abideth on him.

He that believeth not shall be damned.

And whosoever was not found written in the book of life was cast into the lake of fire.

Therefore be ye also ready; for in such an hour as ye think not the Son of Man cometh."

(You Cannot Save Yourself)

"It is not in man that walketh to direct his steps.

There is not a man in all the earth that doeth good and sinneth not.

He that trusteth in his own heart is a fool.

A mighty man is not delivered by much strength.

By the works of the law (any good work) shall no flesh be justified.

They that are in the flesh cannot please God.

Not by works of righteousness which we have done, but according to his mercy he saved us..

It is the gift of God; not of works, lest any man should boast."

(Only Christ Can Save You)

"Believe on the Lord Jesus Christ and thou shalt be saved.

Whosoever believeth in Him should not perish, but have everlasting life.

As many as received Him, to them gave He power to become the sons of God, even to them that believe on His name.

The gift of God is eternal life through Jesus Christ our Lord.

In whom we have redemption through His Blood, even the forgiveness of sins.

No man cometh unto the Father, but by Me.

Neither is there salvation in any other; for there is none other name under heaven given among men, whereby we must be saved."

The 7th Column

(Continued from Page 1)

wheels conveys the sound waves, and the car body acts as a soundbox to make audibility. So far, only single words such as "Danger" or "Crossing" are contemplated. But, just wait until the advertising agency boys get hold of this one!

* * * *

Client: "Didn't you make a mistake in going into law instead of the army?"

Lawyer: "Why?"

Client: "By the way you charge there would be little left of the enemy."

* * * *

Aunt Martha says that when she was young "a girl's best friend was her steady boy friend." Then along comes a song-writer, who informs us that "Diamonds are a girl's best friend." Today, as they fall victims to the smoking habit, too many of the young ladies consider the "cigarette as their best friend." If, for some reason, they want to give up the smoking habit later on, they'll find out that the cigarette can also be their worst enemy. The boy or girl, and more particularly the girl, who does not acquire the smoking habit is using good sense.

* * * *

A Scotchman owned a store. For several weeks his business was not as it had formerly been. He decided to give a gift to each customer on a certain day and placed a sign in his window on the appointed day: "Coat hanger and cigar lighter given away with each purchase." The people swarmed into his store, and each customer received a nail and a match!

* * * *

Before prohibition we had "Ten Nights In A Barroom." After ten years of prohibition we had "Ten Barrooms In A Night." In the socialite (or lit) home of today we have —on special occasions—"Ten Knights In A Bathroom."

Father: "No, Willie, I will not do your sum for you. It wouldn't be right."

Willie: "I didn't suppose it would be, but at least you might try it."

JAKE AND THE KID

When Jake opens his mouth The Kid listens, and so do countless radio fans from Newfoundland to B. C.—probably because Jake's ideas originate in the fertile imagination of his and The Kid's creator, W. O. Mitchell. Each Sunday the CBC dramatizes one of their amusing experiences, with the action usually set in the fictional town of Crocus, Sask., where the sense of humor is as dry as the soil and as unexpected as roses in a ditch. The above sketch is artist Douglas Stiles' impression of the prairie pair.

Ontario Students

HERE'S YOUR CHANCE TO WIN

$2,000.00

WRITE A LETTER INVITING A FRIEND TO COME TO ONTARIO!

1ST PRIZE $400 — 3RD PRIZE $100

2ND PRIZE $250 — 50 CASH PRIZES OF $25.00 EACH

—MAJOR PRIZES WILL BE IN GOVERNMENT BONDS—

Contest open to all Ontario Students in Grades IX—XIII inclusive or their equivalent

Think of it 53 prizes . . . 53 chances for you to win! And, you'll find it easy to write a short letter (not more than 200 words) to invite a friend to visit Ontario this year.

As you know, Ontario is Canada's All Year Vacation Province. It abounds with interest, enjoyment and relaxation for vacationists from other parts of Canada and the United States.

Just prepare a friendly, persuasive letter saying why you think a visitor will enjoy an Ontario vacation. It's as easy as that!

You know what Ontario has to offer, put it in your letter. You can mention Ontario's 52 Vacation Areas, its busy cities, its shaded streets in countryside towns and villages . . . its resort areas, its sports, the C.N.E., and many, many other attractions.

IF YOU NEED HELP—If you want information about Ontario, write to Ontario Travel, 67 College Street, Toronto. Illustrated literature will be mailed promptly.

You don't have to actually mail your letter to a non-resident of Ontario. You send it to Ontario Travel for judging . . . fill in coupon below.

ALL ENTRIES MUST GIVE THE NAME OF A NON-RESIDENT TO WHOM ONTARIO TRAVEL CAN SEND FREE MAP AND ILLUSTRATED LITERATURE ABOUT ONTARIO. THIS WILL BE SENT WITH THE COMPLIMENTS OF THE CONTESTANT.

ENTER NOW . . . YOU MAY SUBMIT AS MANY LETTERS AS YOU WISH

CONTEST CLOSES MIDNIGHT MAY 15, 1953

CONTEST RULES

1. All Ontario students enrolled in Grade IX, X, XI, XII or XIII or their equivalent are eligible to enter this "Invite Them to ONTARIO" Contest.
2. Letters must not exceed 200 words of body matter and may be written in either English or French. Letters will be judged for originality of thought.
3. (a) All letters must be accompanied by the name and address of a non-resident of Ontario to whom the Ontario Department of Travel and Publicity may send a map of Ontario and illustrated literature with the compliments of the entrant.
(b) All entries must be certified by the student's form teacher as being the original work of the entrant.
4. Contestants may submit more than one entry provided requirements of paragraph 3 are complied with.
5. Contest closes at midnight May 15, 1953 and entries postmarked later will not qualify. Winners will be notified by registered mail.
6. All letters submitted become the property of the Ontario Department of Travel and Publicity and may be published in advertising or literature of The Department.
7. The decision of the Board of Judges will be final.
8. A Student whose either parent is employed by the Government of the Province of Ontario or by any Provincial Board or Commission or by any of the Government's advertising agencies is not eligible for this Contest.

ONTARIO TRAVEL CONTEST, 67 College Street, Toronto, Ontario

Please enter the attached letter in the "INVITE THEM TO ONTARIO" Contest. You may send a map of Ontario and illustrated literature with my compliments to: (Please print).

HINTS FOR THE HOME

Dead Leaves

Always cut the dead leaves from a house plant as soon as they appear.

Tough Meat

To make tough meat more tender, add a little vinegar to the water in which the meat is being cooked.

Chicken

A delicious flavor can be given to chicken if a few slices of bacon are placed on top of it when roasting.

Bruises

To prevent discoloration of a bruise moisten some dry starch with cold water and cover the bruised parts with it.

Pearl Buttons

To restore the original brightness of pearl buttons, rub them with a little olive oil which takes away that blurred appearance. Finish by polishing well with nail powder.

Brass Fixtures

It will be easy to clean outdoor brass fixtures if the scouring soap is mixed with kerosene. Apply with a flannel cloth and rub well.

Cheese Biscuits

Make a plain biscuit dough and then add one half cup of grated cheese. Bake twelve to fifteen minutes in a hot oven.

Shade Springs

If the spring of the window shade is weak and the shade will not roll properly, rewind it without taking off. Roll the shade up as far as possible and pass the lower end over the top of the roller from the front several times, or until sufficiently tight.

Ink Stains

Fresh ink stains can usually be removed if the spots are soaked in cold milk and the milk changed as fast as the ink discolors it.

Oven Doors

If the oven doors have steel on them it can be cleaned by rubbing the steel briskly, while still warm, with a soft cloth dipped in vinegar.

Testing Butter

To test butter place a small amount in a teaspoon and hold it over a flame. It will foam quietly and boil if pure. If impure it will crackle and sputter as it becomes hot.

Moist Plants

Plants will keep moist for several days if a bowl of water is set above the level of the plant. Twist a few strands of darning wool together and soak them in water. Place one end of this wick at the bottom of the bowl and let the other end hang over the plans. A steady drip will continue until the bowl is empty.

Ink Stains

If there are ink stains on a rug, saturate the spot with vinegar, then sprinkle salt over it. Take a large spoon and dip up all possible. Repeat several times and then rinse in cold water.

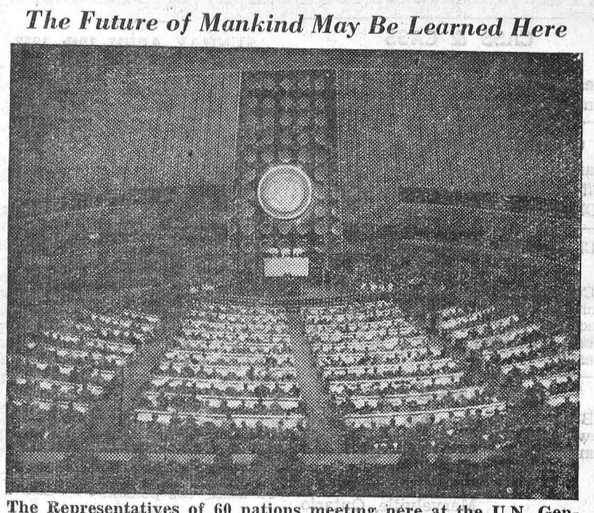
Old Varnish

A good way to remove old varnish from furniture is to put three tablespoonfuls of cooking soda in a quart of water and apply with a rough cloth. Sandpaper will then easily remove the varnish.

Window Washing

One of the easiest ways of washing the windows efficiently is as follows: Use an ordinary cloth and wash the windows from a basin of warm water to which has been added some household ammonia. Then use another basin of clear, warm water; dip a chamois into this, wring as dry as possible, and go over the windows again. This last process will remove the lint and water and leave the glass clear and shining.

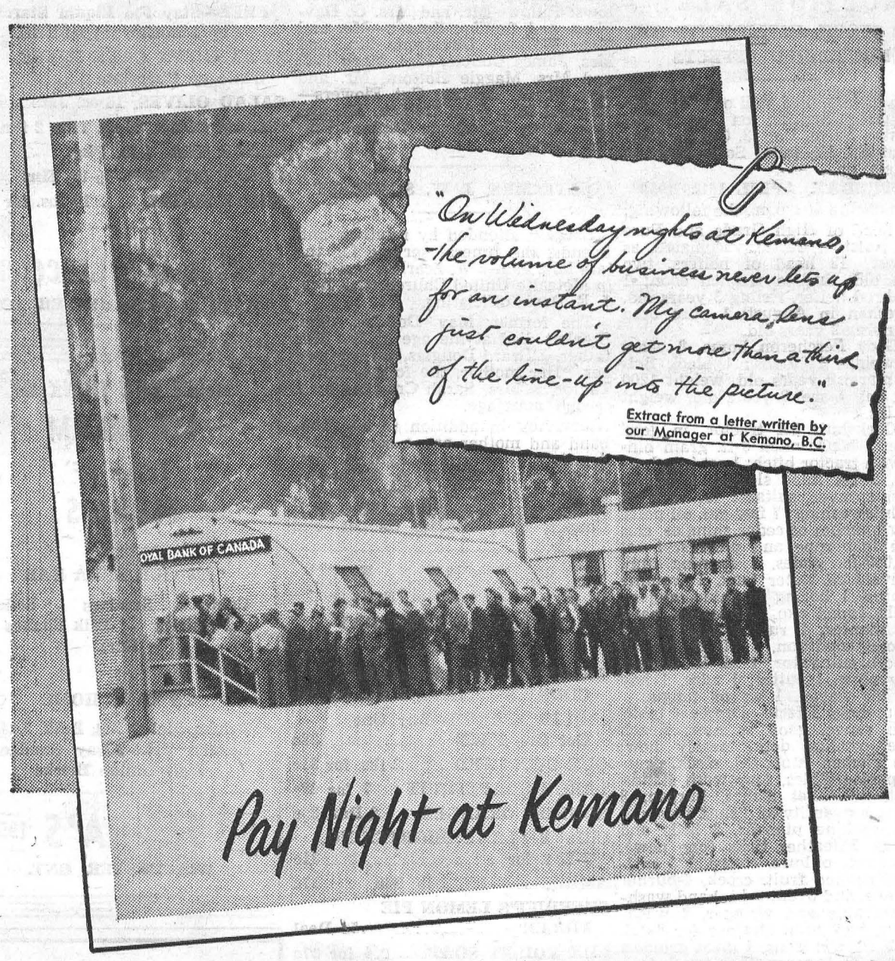
The Future of Mankind May Be Learned Here



The Representatives of 60 nations meeting here at the U.N. General Assembly discuss questions of vital importance which bear on the lives of millions all over the world. This picture marked the opening of the Seventh Regular Session of the U.N. General Assembly

Working for Advancement of Women

THREE DISTINGUISHED women, members of the United Nations Commission on the Status of Women, chat at U.N. Headquarters about their work to advance the situation of womankind. Shown here are Miss Minerva Bernardino (right), chairman, of the Dominican Republic; Mrs. Faina Novikova (left), of the Byelorussian S.S.R., and the Begum Anward Ahmed, of Pakistan.



Since December 1951, The Royal Bank of Canada has provided banking service to construction crews working on the gigantic power and aluminum project now taking shape on B.C.'s rugged mountain coast. Branches and sub-branches are operating at Kemano, Tahtsa Lake, Nechako River damsite, Kildala, Skins Lake and other strategic points in this great undertaking.

Pioneering in remote areas is nothing new to the Royal Bank. It is a strong tradition. Today, for example, we maintain offices at Churchill on Hudson's Bay, Mayo in the Yukon, and Port Radium on the fringe of the Arctic—the "farthest-north" bank in Canada. Whenever and wherever the need arises, The Royal Bank of Canada heads north with the men who are establishing Canada's new frontiers.

Sunday In The Churches

SUNDAY, APRIL 19th, 1953.

"The Unadulterated Word"

Dr. J. Wilbur Chapman tells of a great Methodist minister in Australia who preached on sin. One of his church members afterwards came to see and talk with him in his study. He said to the minister: "Dr. Howard, we don't want you to talk so plainly as you do about sin, because if our boys and girls hear you talking so much about sin they will more easily become sinners. Call it a mistake, if you will, but do not talk so plainly about sin." The minister took down a small bottle and showed it to the visitor. It was a bottle of strychnine and was marked 'poison.' He said: "I see what you want me to do. You want me to change the label. Supposing I took off this label of 'poison' and put on another, 'The Essence of Peppermint.' Don't you see what happens? The milder you make the label, the more dangerous you make the poison."

FABULOUS POTENTIAL MINERAL WEALTH IN NEW QUEBEC

Major mineral finds have been made in the Quebec-Labrador district, drawing toward the area the eyes of the metal-hungry Western world. Prospecting parties have swooped down on the wilderness and are finding that not only is the country big, but so are the discoveries. Star Weekly staff writer Harold Hilliard's article entitled: "Staking Fever Hits New Quebec," is filled with exciting information about the wilderness treasurers. This article appears in the April 18th issue of the Toronto Star Weekly.

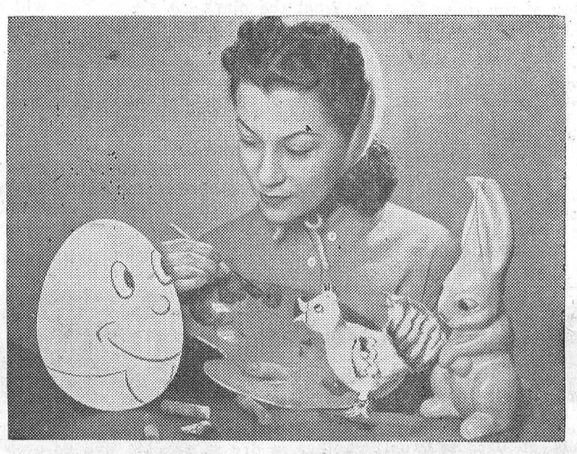
HAZELDINE HALL



Hazeldine Hall, "Cuckoo Clock House's" charming hostess, gets good advice while coloring Mr. Easter Egg. Matilda the Cuckoo and a perky Easter bunny are on hand to put in their two cents worth with every stroke of the brush. Miss Hall and the saucy little bird are heard regularly on the lively children's program. Other participants include host Kenny Graham, Lou Snider, Bernie Johnson, Bill Needles and, of course, Basil the Bullfrog. The broadcasts encourage listeners, aged eight to twelve, to widen their reading range by introducing them to good books. Equal portions of fun, frolic and fine music are mixed in to make "Cuckoo Clock House" a favorite with young listeners to the CBC's Dominion network.

Winchester Springs

Mr. and Mrs. Russell Ault and son, Dennis, of Rowena, were recent guests of Mr. and Mrs. Aden Casselman and Percy.

Mr. and Mrs. Merrill Coleman and boys, of Dixons Corners, spent Sunday evening with Mrs. Orren Casselman and Mr. and Mrs. A. Casselman.

"500" PARTY HELD AT SPRINGHILL SCHOOL

A Euchre and "500" Party was held in Springhill School recently, sponsored by the Vernon Women's Institute, which was very successful. "500" winners were Mrs. Wm. Dow, Mrs. Robin Campbell, Mr. Dan Hill and Mr. Fred Stoodley; uchre winners were Mrs. Delmer Bleeks, Mrs. Ken. Dow, Messrs. Floyd Wallace and Willis McRostie. A special thanks is extended to S. S. No. 8, Osgoode, for the use of the school; to the committee in charge, and the members who donated the prizes.

LATE MRS. J. C. DAVIDSON

Many friends and relatives were shocked with sorrow to hear of the death of Mrs. J. C. Davidson, who passed away quietly at the home of her only son, Mr. Gordon Davidson, of Ventnor, on Tuesday evening, April 7th, at the age of 85 years.

She was formerly Margaret M. Dobbie. In 1890 she married Mr. John C. Davidson, who predeceased her over 12 years ago. She was the second oldest daughter of the late Francis Dobbie, of Ventnor, and was a member of Ventnor United Church.

The funeral was held on Friday afternoon at 2.00 o'clock in the Ventnor United Church, with Rev. Mr. Hurst conducting the service. The choir sang two favourite hymns of the deceased, "He Leadeth Me," and "When The Roll Is Called Up Yonder." Interment was made at Spencerville. The pall-bearers were Messrs. Harve Burner, Burton Sloan, George Gillespie, Russell Irving, Charlie Cummings, Jerry Perry.

Surviving her are, her only son, Mr. G. Davidson, of Ventnor, and one sister, Mrs. Wallace Davidson, of Ventnor; also one brother, Mr. James Dobbie, of Spencerville; eight grandchildren, and many nieces and nephews.

Many friends and relatives attended the funeral from Watertown and surrounding districts.

The floral tributes were as follows: Pillow—Mr. and Mrs. G. Davidson and family; Sprays—Mr. and Mrs. Wallace Davidson, Mr. and Mrs. James Dobbie, Mrs. Mary Bell and Mrs. Maggie Bottom, Mr. and Mrs. Frank Dobbie; Cut Flowers—Mr. and Mrs. John Dobbie, Mr. and Mrs. Allen Thompson, Ventnor United Church.

Persons most likely to be shot accidentally in the hunting field, according to a recent report compiled by the National Rifle Association, Washington, are: "age 19 and under; wearing red clothing; and engaged in hunting during bright, clear weather. They will be mistaken for anything from a deer to a groundhog by other hunters who fail to recognize in time that their carelessly shot-at targets are human—and some will shoot themselves."

"We have no choice but to accept these conclusions as fact," Ontario Department of Lands and Forests officials stated recently after study-Ontario coincides."
in Ontarioo coincides."

Along with Quebec,, Saskatchewan and British Columbia, Ontario contributes vital statistics, joining with 30 of the 48 states of the U. S. A. to submit information so that the Rifle Association can compile annually the "uniform hunter casualty report."

Injured by gunshot in a single year, according to the 1952 report, were 1,105 persons. Of these, 198 were killed outright or died of wounds. In 311 cases the accidents were self-inflicted, but in 788 instances the shooting was done by other parties, known or unknown.

Of 591 hunters known to have been shot by others, 71 moved into the line of fire, 121 were covered by other gunners, 214 were never even seen by "sound-shooters," 103 were mistaken for game, and 82 suffered injury under "miscellaneous circumstances."

The most dangerous habit listed by the report was "carrying loaded firearms." While doing so and "stumbling and falling," 91 persons were wounded. When the "trigger caught in the brush," 36 were shot. By rushing in to "kill game by clubbing it with a loaded gun," nine were injured.

While "removing a loaded weapon from vehicles or boats," 26 were shot; while riding in or on a moving vehicle, 25. Another 39 went to hospitals when "insecurely rested firearms" fell from their resting places, particularly the slippery surfaces of car bumpers and mudguards, and were discharged.

"Crossing fences with loaded guns" brought disaster to 22 persons, and 10 "didn't know it was loaded." "While loading," 37 persons were shot, and 32 were injured "while unloading."

Most casualties occurred within from 10 to no yards of the firearm discharged. Rifles injured 185 persons and shotguns 283 in this range. At from 10 to 50 yards, 47 were wounded by rifle fire and 242 by shotguns. Believed by most hunters to be effective only up to 60 or 70 yards, shotgun blasts wounded 14 persons at distances greater than 100 yards.

The most dangerous time to be in the hunting field is around 11.00 a.m., the report pointed out, with 4.00 p.m. a close second. The most dangerous days are opening days. In the first nine days of the 1952 open seasons, 380 persons were shot. This represents 60 per cent. of the total of those shot by other, known persons. But 238 of those injured during the first nine days were shot on opening days.

Of 178 deer hunters wounded, 151 were injured by rifles and 27 by shotguns, but even squirrel, woodchuck, pheasant, crow, duck, pigeon, quail, partridge and coon hunters were not immune. Of 261 rabbit hunters injured, 34 were shot by mishandled rifles and 227 by shotguns. As to the location of shooting accidents, 274 occurred in the bush, 209 in open fields, 92 on roads and trails, and 24 in camps.

Of 600 accidents investigated, 211 were caused by persons 19 years of age and under, 133 by men age 20-29, and 112 age 30 to 39. Hunters over 60 years of age caused 35 accidents. Altogether, 93 casualties were caused by hunters with at least three years' experience.

Here's what investigators found in 139 cases where the persons shot had been "mistaken for game":

Mistaken for deer, 100; for bear, 9; for elk, 10; for moose, 1; for rabbits, 7; for squirrels, 29; for woodchuck, 10; for turkeys, 8; for pheasants, 7; for ducks, 2; for quail, 2, and for "something unknown," 4.

"It is really incredible," the National Rifle Association declares. Certainly, human beings in no way resemble or act like turkeys or groundhogs—but the ugly fact remains that, all too often, humans are injured, and sometimes fatally shot, in "mistake" for what men call "dumb " animals.

Mural Dedicated to World Peace Unveiled at U.N.

A huge mural covering a curved wall over 60 feet long and 10 feet high was recently unveiled at United Nations Headquarters. Painted in tempera directly on a canvas-covered wall by Jose Vela Zanetti, Director of the National School of Fine Arts of the Dominican Republic, it depicts man's eternal struggle for lasting peace. The mural is the gift of the Guggenheim Foundation, under whose fellowship the 39-year old Spanish-born artist worked. In front of the mural after the unveiling ceremony are, from left to right: Vela Zanetti, U.N. Secretary-General Trygve Lie; Minerva Bernardino, and Dr. Joaquin A. Salazar, Dominican Representatives to U.N.

LETTER WRITING CONTEST

Ontario Travel and Publicity Offers Students $2,000.00

High School students throughout Ontario are eligible to win $2,000 in a letter writing contest, just announced by the Honourable Louis P. Cecile, Minister of Travel and Publicity for the Province.

Mr. Cecile stated that the contest is sponsored by his Department to encourage Ontario students to write letters inviting friends and relatives who live beyond Ontario, either in Canada or the United States, to come to Ontario this year. Contest rules are now being advertised throughout the Province.

First prize is $400, second $250, and $100 as third, followed by 50 prizes of $25 each. All students enrolled in Grades IX to XIII or their equivalent are eligible. Letters are not to exceed 200 words and may be written in English or French. Students must have their teacher certify that the letter submitted is their original work. There is no limit to individual entries.

Mr. Cecile pointed out, however, that each entry to qualify must be accompanied by the name and address of a non-resident of Ontario to whom a free map and literature will be sent by the Department.

The contest closes on May 15th. Contestants are invited to ask the Department of Travel and Publicity to send them literature if they feel it would assist them in preparing their letters. Mr. Cecile said that originality of thought and expression would be one of the principal points upon which the letters would be judged.

Address of the Department is Room BB 1, 67 College Street, Toronto.

WEED OF THE WEEK

Yellow Rocket Spreads With Speed

Man-made aircraft are consistently breaking the sound barrier these days, thereby establishing hitherto unknown records, but despite this progress man has yet a lot to learn from Mother Nature when it comes to speed.

This is especially true as far as the rapidity with which noxious weeds can be distributed across the farm lands of Ontario.

Designers of aircraft might well have taken a leaf from the book of Yellow Rocket for here is a weed that spreads as if jet propelled.

A few years ago considered a "mere nuisance," farmers are now realizing that it plays a real part in lowered production and, as a result, a lower return per acre.

Known variously as winter cress or St. Barbaras Herb, the weed usually appears as an impurity in grass or clover seed. First warning of the unwelcome visitor is usually towards the end of May.

"Chemical control is not practical in a clover field, but on roadsides or waste places 2-4-D at 6 or more ounces of acid per acre will control Yellow Rocket in late May or early June," says C. H. Kingsbury, of the Crops, Seeds and Weeds Branch of the Ontario Department of Agriculture. "When clover is in the mixture, early cutting is the most effective method of stopping the spread of seed. Yellow Rocket cut in the first week of June and cured for hay or ensiled doesn't get a chance to go to seed. If only a few plants are present, hand pulling not only removes the Rocket, but reduces the waist line."

"Good drainage, thorough fall and spring cultivation will rapidly clean up Yellow Rocket. If permitted to go to seed however, mature seeds are dropped by the end of July and in September a second wave of Yellow Rocket seedlings are present to plague the unhappy farmer."

Court Clerk (in dentist's chair)—"Now, do you swear to pull the tooth, the whole tooth, and nothing but the tooth?"

DOORS TO HEALTH

Federal, provincial and local health departments unite in providing facilities for helping Canadians to preserve good health and prevent disease. Centres are established where expectant mothers may receive prenatal care and where, later, the baby may receive periodic check-ups and immunization. Citizens of all ages may receive health information and advice on nutrition, dental health, hygiene and good sanitation. To help educate old and young on subjects of good public health, all health departments maintain supplies of booklets, folders, films and other informative material.

EIGHT REASONS . . .
why newspaper advertising is the best

1. Newspaper reading is a universal habit; newspaper advertising therefor reaches virtually all who buy.
2. Newspaper advertising is the life-blood of local trade because it touches all consumer sources in every opportunity for complete consumer appeal in any locality.
3. Newspaper advertising cuts selling costs because it entails no waste in locality of circulation. Manufacturers use it to cover markets where it is profitable to do business.
4. Newspaper advertising assures quick, thorough and commercial dealer distribution and dealer good will because retailers are willing to sell products advertised direct to their own customers.
5. Newspaper advertising enables manufacturers to tell where their products may be bought.
6. Newspaper advertising can be started or stopped overnight, can be prepared to meet sudden developments and to obtain immediate results.
7. Newspaper advertising enables manufacturers to check advertising results and costs in every market which they enter.
8. Newspaper advertising costs less than any other kind.

HOUSEHOLD HINT

A good general rule for all fruit stains on fabrics is to stretch the spot over a bowl or vessel and pour boiling water through it (the water must be actually boiling at the time). If the goods has been previously washed, or the stain is an old one, this method will likely fail.

Teacher: "Johnnie, I'm ashamed of you. When I was no bigger than you, I could reel all the Presidents off in order without hesitation."

Johnnie: "Yeah; but there was only three or four of them then."

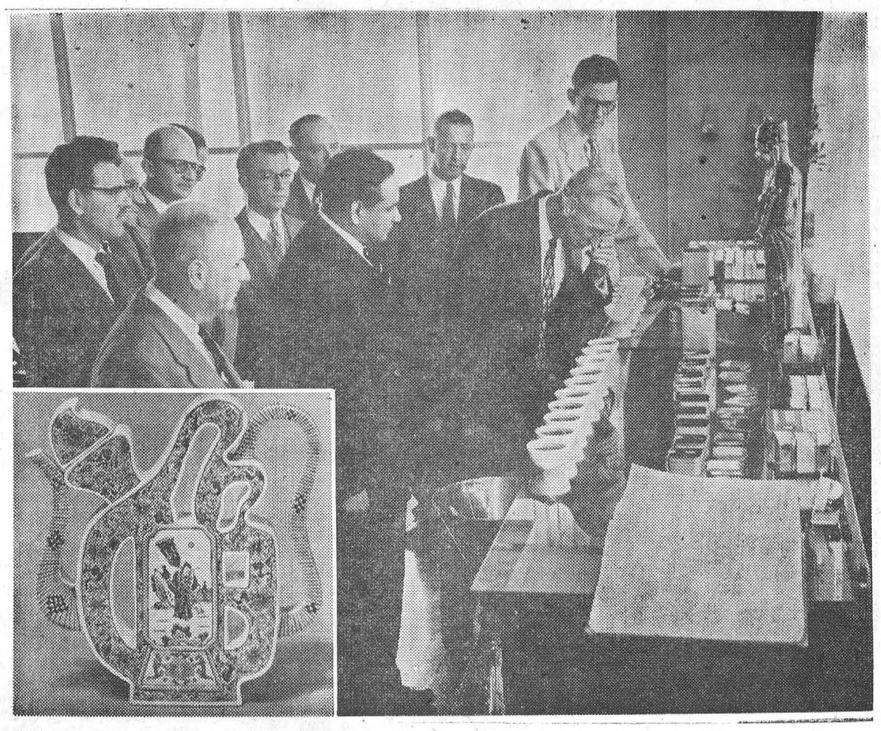
Tea-Tasting Demonstration



Tea tasting is an art which requires years of practise. A demonstration of it fascinated guests who attended the recent opening of the new Salada Tea Company Building in Montreal. **J. I. GILMORE**, The Salada Tea Taster, has practised his trade for 36 years. The taster determines each day what proportion of the teas received from various gardens in Ceylon and India should be used to make up a particular blend. Next to Mr. Gilmore is **S. FAYAZ ALUM**, Commercial Attache from Pakistan. In the insert at left is shown one of the most valuable pieces in the famed Salada collection of oriental art displayed in the new building. A tea pot in the form of the Chinese good luck symbol which dates from an ancient Imperial Dynasty.

"It's just good business to fatten up animals before you slaughter them, and the taxpayer should be treated the same way. If you are going to tax him, keep him in a position to produce taxes."—Dr. Henry M. Wriston.

SHUR-GAIN FEEDS

For Calves

MILK Is Costly Calf Feed
BUT
Calves can be grown successfully with very little milk and
SHUR-GAIN CALF STARTER-GROWER

Here Is A Simple Calf-Feeding Plan:

1. For the first 2 days—mother's milk.
2. For the next 5 weeks—reducing amounts of milk PLUS free access to SHUR-GAIN CALF STARTER-GROWER.
3. After 5 weeks—no more milk.

This plan grows big, rugged, healthy calves at lower cost.

H. S. LANNIN LIMITED
SHUR-GAIN FEED SERVICE
TELEPHONE 48W. WINCHESTER, ONT.

Hello Homemakers! Some folks dread housecleaning, but there is a built-up urge to refurbish the home weeks before spring-cleaning. Once you begin the work there are sounds that seem to cheer you on to your goal. Listen to the teasing voice of the chamois as you polish the windows, the cheerful tinkle of the glassware as you shine the contents in the cupboard, and the snap-flap of the clothes hung out to dry. So, like a child gathering the first flowers of spring, a homemaker uses all the enthusiasm and beauty she can muster for a housecleaning spree, this assures happy family living.

TAKE A TIP

1. Candlewick bedspreads will not be "detufted" if placed in a large cotton bag when laundered in the washing machine.

2. Iron your bedspread the long way to keep it in shape. However, the chenille and candlewick ones are shaken out and brushed when dry—never ironed.

3. When hanging a coat or dress on the line, use two coat hangers hooked in opposite directions, then pin at the collar, and the wind will not blow the garment off.

4. To clean a velvet jacket hang it over a big kettle of boiling water for about 10 minutes. Then brush the coat with a piece of velvet till the nap is raised again. Let the steam penetrate cuffs and collar a second time if necessary.

5. Glazed chintz must be ironed on the right side to bring out the lustre. Use as much pressure as possible.

6. Before washing jeans and other garments use a tooth brush (about to be discarded) to dislodge dirt in poocket corners.

7. To remove spots on suede cardtable covers or bags try rubbing with an emery paper or crocus cloth and then steam over a boiling kettle.

8. Wrap evening bags, stoles and other accessories with silver or gold thread in them in aluminum foil and store in boxes.

9. To "dry clean" your non-washable gloves at home try this method: mix 1-2 cup of fuller's earth and 1-2 cup powdered alum. Put the gloves on a board, cover with the powder and brush with a stiff brush, then wipe off with a towel and cover gloves with clean cornmeal and brush off. Doeskin and chamois will look quite new.

10. Saturate fresh paint on any clothing with grease or oil, then sponge with warm suds or spot cleaner depending on whether material is washable or not.

11. If a white summer garment has turned yellow soak in lukewarm water for 15 minutes, then use a bleach, following the directions on the package.

12. Apply colorless lacquer on brass or copper to protect the surface from corrosion.

THE QUESTION BOX

Mrs. K. T. asks: (1) How to remove a stain made by a plant urn from hardwood floor.

Answer: Sand the portion of stained hardwood floor thoroughly and then bleach with a blotter dipped in oxalic acid solution for 5 or 10 minutes.

Mrs. G. W. asks: Is there any way I can prevent the vacuum cleaner attachment from pulling drapery into the nozzle?

Answer: Use one section of the hose and the nozzle on which a piece of cheesecloth is tied. Begin at the top and follow down to the bottom of the drapes.

Miss M. M. says: We cleaned our refrigerator while it was disconnected during the paint-up of the kitchen, and food smells of paint. What do we do?

Answer. Try either of these methods: Defrost and wash cabinet and dishes with a baking soda solution, then place a fan facing the open door on kitchen stool. Force fresh air into it. (2) Place a casserole of charcoal in the refrigerator.

HINTS FOR THE HOME

To make good pastry use only enough water to hold the ingredients together, then mix as quickly as possible and roll, handling as little as possible. If too much water is used the pastry will become tough and hard.

Safety Sealed

If one is going away on a trip, many of the articles of food, such as fruit cakes, spices, tea and coffee, and other foods kept in tins or jars can be saved until your return by sealing them with some wet-proof adhesive tape. This prevents any moisture and air from getting to the food.

The Winchester Press

South Mountain

Mrs. G. Boyd and Wayne visited friends at Brockville a couple of days last week.

Miss Judy Marriner and Master Glen Marriner spent a couple of days last week in Winchester.

Mr. Reid Noski, of Ottawa, is spending the holidays with Mr. and Mrs. E. Shaver.

Mrs. Charles Bellinger has returned home after being a patient in the Winchester Hospital.

Mrs. Wm. Harper, John and Joyce, returned home after spending the holidays at Brockville.

Late Wm. Thompson

Largely attended by his many relatives and friends, the funeral of the late William Thompson was held from his home to St. Andrew's Presbyterian Church on Friday, April 10th, at 1.30 p.m. Rev. Eric Larsen officiated. During the service Mr. Murray Graham rendered a solo, "Safe In The Arms Of Jesus." Burial was made in the South Gower Cemetery. The pall-bearers were Messrs. Jas. Mulligan, Gordon Boyd, Gordon Cumming, Dr. Stirtan, Auldon Ennis and Russell Beggs.

The late Mr. Thompson was a son of the late Mr. and Mrs. John Thompson and was born 82 years ago.

Surviving to mourn his passing are, his widow, the former Nellie Gilroy; two sons, John, of South Mountain, and William, of Campbellford; four daughters, Mrs. Gerald MacDonald (Marion), of Windsor; Mrs. (Dr.) Edwards (Helen), Mrs. Campbell Young (Betty), and Miss Ruth Thompson, all of Ottawa; and one sister, Mrs. Archie Sterling, of Iroquois.

To the bereaved family we extend our deepest sympathy.

Nation Valley

Congratulations to Mr. Donald McIntosh who this week received his O.L.S. through extramural courses from the University of Toronto.

On the occasion of her 5th birthday on April 9th, little Anne Trickey was the honoured guest at a birthday party held at the home of her parents, Mr. and Mrs. Arden Trickey. Eight of her small friends attended, and Mrs. W. O. Trickey assisted the hostess, Mrs. Arden Trickey.

During the Easter vacation Mr. W. S. Robinson took a trip through the central United States and Florida. While in Florida he visited St. Augustine, Jacksonville and Daytona Beaches. On his return he brought back some tree-ripened oranges and grapefruit.

Mr. and Mrs. J. W. Robinson visited their sons at Ottawa and Williamsburg respectively.

Mr. F. A. Robinson returned to Coe Hill with Mr. and Mrs. J. W. Robinson for a short visit.

United Church W. M. S.

The April meeting of the United Church W. M. S. was held recently in the Sunday School Hall with fifteen answering the roll call. The president was in charge, and the worship service was taken from the Missionary Monthly.

A notice was read to the members that the Dundas-Grenville Presbyterial will meet at Brinston on Wednesday, April 22nd. One of the speakers will be Mrs. Ralph Collins, Angola missionary home on furlough. Final arrangements were made for the Easter Thank-Offering Service, which was held in the church on Easter Sunday evening.

A motion that all accounts be paid was passed. The program leader was Mrs. Lyle O'Shaughnessy, who took the Easter theme. It was announced that the May program will be United Nations and Christian Missions.

Lunch was served by the committee in charge, concluding the meeting.

Mrs. Clair Algire Heads W. I.

Mrs. Clair Algire was elected president of the Williamsburg Women's Institute at the annual meeting held on Thursday evening in the I.O.O.F. Hall. Other officers elected are: 1st vice president, Mrs. Graham Froats; 2nd vice president, Mrs. Glen McIntosh; secretary-treasurer, Mrs. Walt. McGowan. Mrs. McGowan was also secretary-treasurer last year.

A complete report of the meeting will be published in next week's issue.

Ormond

CARD OF THANKS—I wish to thank all my friends and neighbours for their treats, cards and gifts while I was a patiient in the District Memorial Hospital. Special thanks to the nursing staff and Drs. Byers and Justus.—(Miss) Patricia Billings. 47p

CARD OF THANKS—I would like to thank my many friends who remembered me with cards, letters, treats and visits while I was a patient in the District Memorial Hospital. Also to the nursing staff for their kind and efficient service, and to our neighbours for their many acts of kindness.—Mrs. Fred Deeks. 47p

CARD OF THANKS—We would like to thank those who so kindly remembered us in the passing of our dear sister, the late Gladys Emma Deeks. We truly appreciate the flowers, calls and cards from our friends, neighbours and relatives. We thank especially Rev. H. Kielty and Mrs. Arthur Summers for their kindness and help during this time of bereavement. Our appreciation and gratitude is extended to those who aided in any way.—The Deeks Family. 47p

CARD OF THANKS—I would like to express my sincere thanks to all who sent cards, letters, flowers and treats, also for personal visits, while I was a patient in the District Memorial Hospital. Special thanks to Rev. Mr. Mitchell, Dr. Byers and the hospital staff; and to the Cloverdale ladies who sent baking, did the washing for the family at home, and the ones who took care of Dwayne.—Mrs. Kenneth R. Cinnamon. 47p

CARD OF THANKS—I would like to express sincere thanks to my many friends who sent me cards, letters and treats, also for their personal visits while I was a patient in the Memorial Hospital, Winchester. Special thanks to Dr. Ferguson and the nursing staff for their kind attention.—Mrs. Mac Ellis. 47c

IN MEMORIAM

IN MEMORIAM—In fond and loving memory of a dear husband and father, T. O. VanBridger, who passed away on April 13th, 1950. 47p —Wife and Family.

IN MEMORIAM—In loving memory of our dear mother, Mrs. Geo. E. Sully, who passed away April 23rd, 1933.

It was in the beautiful Springtime
We stood by an open grave,
We watched them lower a loved one
We would have given our lives to save.
We knew our thoughts couldn't waken
That soul in the silent clay;
So we laid down our hearts beside her
And silently walked away.

—Lovingly remembered by daughters, and son, Geo. Wilton Sully, of Long Beach, California. 47p

IN MEMORIAM—In loving memory of our five children, who have gone home to Heaven.

When for a while we part,
This thought will sooth our pain;
That we shall still be joined in heart,
And some day meet again.

—Ever remembered by Mother and Father (Effie and Dick Wright). 47p

Special Notice!

CALF CLUB MEMBERS IN DUNDAS, STORMONT AND GLENGARRY COUNTIES & VANKLEEK HILL CALF CLUB

This year, for the first time, the Ralston Purina Company is offering a free, all-expense trip to the Purina Research Farm in St Louis, Miss., to the top boy or girl in the above-named Clubs.

The only rules in this Contest are that the calf must be fed 4 bags of Purina Calf Startena or Purina Dry & Freshening Chow, and the bills must be submitted to us before the awards are made.

In 1953, when your dollars are scarce, buy at the Checkerboard Store. Try a bag of "Purina Chick Startena Etts" with "3-Nitro" added, and see the difference Purina makes.

This year Purina has Antibiotics added to Calf Startena—for added scour control. Feed Purina Calf Startena and see your future cow in your 4-month-old Calf.

Cash Discount of 5 Cents per cwt. on Purina Chows and Chowmix Feed, and 10 Cents per cwt. on half ton lots.

Order now for Corn, Grass, Clover Seed and Seed Grain.

CONNAUGHT LODGE CONFERS DEGREE ON CANDIDATES

South Mountain Lodge No. 428 of I.O.O.F. entertained members of Connaught Lodge, Brinston, after the latter lodge had conferred the degree on a class of candidates. The degree team and orchestra was under the leadership of Stanley Waddell, Past District Deputy Grand Master of Harmony District. The visiting brothers were given a hearty welcome by the Noble Grand, Percy Gilmer.

The principal roles were portrayed by Gordon Cooper, Charles Strader, Harold Millar, C. C. Pitt, Harry Smail, Gerald Munro, Percy Gilmer, Wilfred Cooper, Orville Smail, Ralph Ennis and E. R. Styles.

Dwight Gilmer acted as chairman for a short program which followed the luncheon.

Brief addresses were given by Stanley Waddell, Degree Captain; Willfred Cooper, District Secretary of Harmony District No. 510; Harold Millar, Noble Grand of Connaught Lodge; Rev. J. A. Burden and Gordon Cooper, Noble Grand of the Degree, all visiting brethren, and Delbert Fawcett and Gordon Mulholland, of South Mountain Lodge.

TALLULAH NAMES MAN SHE CAN'T FORGET

Tallulah Bankhead, in The American Weekly with April 19 issue of Detroit Sunday Times, names a famous Hollywood actor she met on a blind date and tells how a rumor started they were engaged. Read Tallulah Bankhead's surprising confession about the man she can't forget, in The American Weekly with Sunday's Detroit Times.

HEALTH NOTE

Small infants are more seriously affected by cold than older children or adults and should be protected from contact with those suffering from any of the respiratory diseases. When it is necessary to employ some one to take care of a baby, care should be taken to see that the baby-sitter is not suffering from a cold or cough. The mother or other person caring for an infant should, if they have a cold, wear a gauze mask while handling the child.

For Healthier Children in Paraguay

MOTHERS and expectant mothers watch a demonstration of child care, given by a public health nurse in a small town clinic in Paraguay. The clinic receives aid from the United Nations International Children's Emergency Fund, which had a large share in getting the center, of which there soon will be 10, into operation.

BOWLING SCORES

(By Uncle Ezra)

In the Community League on Tuesday, Lula Dawley rolled games of 189, 248 and 229 to take the ladies' high cross with 665. Mary McCloskey had a triple of 611 and rolled the high single, a 309. Marge Crummy had 657-229. Lloyd Kenney took all the men's honours, having a high single of 323 and other strings of 168 and 248 to cross 738. Russell Servage had 713-258, Arnie Riley 657-304, Harry Mussell 652-248, Lyle Loucks 630-216, Lorne Byers 646-227, Harold Armstrong 612-228.

In the Thursday Afternoon Ladies' Group, Bea. Eadie walked off with all the honours rolling games of 137, 171 and the high single, a 209, to cross 517. Emma Crummy had a 198 single and Grace Summers a 185.

Phyllis Henderson rolled the high cross in the Glamour Girls' League, having games of 228, 209 and 244 to cross 681. Nora Sleivert had 601-228, Marge Crummy 573-236, Mabel McIntosh crossed 569 and rolled the high single, a 247; Gwen McIntosh had 527-221, Yvette Marleau 556-221, Dorothy MacLean 486-201.

In the Country Gentlemen's League Chas. Hyndman took the high cross with games of 262, 292 and 168 to cross 722. Cliff. Berry had 718-257, George Ruppert 689 including the high single, a 353, Glen Carkner 683-242, Steve Corry 665-273, Ken. Carkner 664-247, Bob Bronson 663-273, Gordie MacDonald 637-276, Bill Porteous 604-224.

Student Camps Being Discontinued

The Ontario Department of Agriculture has announced the discontinuance of the student camp program, which for 12 years aided in the harvesting of Ontario's fruit and vegetable crops.

Having its origin in 1941 as a war measure with a small supervising staff and relatively few student workers, the Farm Service camps grew with the increased necessity of harvesting seasonal crops. At the peak of activitiy in 1944 there were 54 camps in operation with a total student-labor force of 4,265 active in the field assisting in meeting the acute labor shortage at that time.

Decision to close the camps followed recommendation of the Federal-Provincial Farm Labor Committee which reported that the decline in the demand for workers and marked increase in operating costs indicated that the operation of such camps was no longer practical.

During the peak of the harvesting in 1944 there were 2,025 girls quartered in supervised camps in addition to 670 who lived in farm homes. In addition there were 1,570 boys resident on various farms: By 1952 the number of workers needed had dwindled to less than 600 girls and 108 boys in 16 camps.

As a resurt of the decision to close the operation of the camps, the Ontario Farm Labour Force office at 9 Richmond Street East, Toronto, was closed on April 1st. This, however, will not mean a reduction in service in supplying farm help, as the Federal-Provincial Committee has made provision for all other activity other than the recruiting and supervision of girls and boys for camps.

Fruit and vegetable growers near Toronto will continue to get assistance in the securing of workers as needed. As in other years, such workers will be picked up at the corner of Jane and Bloor Streets for transportation to the farms.

Registration of farm workers will be carried on at the National Employment Office, 323 Keele St., Toronto. Applications for workers by farmers should be sent to that address.

Applications of farmers for longer term workers should be addressed to the appropriate officers of the National Employment Service.

Bit of DDT, a Lesson . . . and No Typhus

FAR UP IN the mountains of Bolivia, Maria Mamani (right) dusts DDT powder into her child's hair. She has just learned the use of the DDT, supplied by the United Nations International Children's Emergency Fund, from Delfin Ibañez (left), a technician. The DDT kills the louse which carries typhus. Father of the child, Quispe Mamani (standing), looks on at the dusting process.

No Rain, But Children Get Milk

A BRAZILIAN youngster collects his weekly ration of milk from a child welfare clinic in Sobral where rain has fallen only two months in three years. The milk, desperately needed in the drought area, is prepared from powdered milk sent by the United Nations International Children's Emergency Fund (UNICEF).

CANADA'S health

UNSAFE DEPOSIT

A small child regards his mouth and ears as natural repositories for anything small enough to be packed therein. Beads, stones, buttons—everything he can find around—are edible or suitable for sticking into ears or nose, in his estimation. This, of course, can cause serious trouble. Small foreign objects can travel via his mouth to his lungs; wedged in his ears or nose they may require skilled medical treatment. It is never safe for an amateur to probe for such objects in the child's ears or nose—the doctor should be consulted immediately if the article is not easily removable.

PREOCCUPIED WITH HEALTH

This is a century of striving for better health, a national state of mind that is helping to wipe out many of the contagious diseases once considered a child's inevitable fate. Not so many years ago, a mother expected her child to go through measles, mumps, scarlet fever, chickenpox, whooping cough and diphtheria. When the youngsters had had their quota, there was distinct relief that they had been "lucky" enough to come through. To-day's mother knows that there are ways of preventing diphtheria, whooping cough, and smallpox. Immunization is every child's protection against these three serious diseases, and no youngster should have to take his chance of avoiding what may be a killing or disabling disease.

FRIEND IN NEED

In many communities there are small children who are mentally retarded or backward. Such youngsters are not able to take care of themselves in traffic or against older unfriendly children. Then, too, they may have a habit of following strangers. If the mother has tried to hide the child's condition, it may prevent neighbours from giving a friendly hand in watching the child and helping to keep him from danger. Authorities recommend that in large communities, the mothers of such children should try to form a group for the purpose of planning some training and education for the little ones. Such a group can be of service in the discussion of mutual problems. Consultation with the local health department may result in a social worker aiding the group in its organization and activities.

ARTIFICIAL RESPIRATION

Before taking off for the summer vacation by the lake, sea or river, it is wise to learn to swim. It is just as wise to learn to give artificial respiration to the apparently drowned. Thousands of lives have been saved because someone knew what to do when a child or adult was taken from the water unconscious. Even after half an hour in the water lives have been saved by resuscitation; sometimes it has taken hours of working over the supposedly drowned persons. But the undiscouraged first-aiders have brought back life to what would otherwise have been a victim of drowning. There are several methods of artificial respiration and they can be studied at St. John Ambulance or Red Cross first-aid classes, or, in many areas, at swimming pools where such groups are organized. The knowledge is valuable since it may be a member of your family or a friend whose life your knowledge might save.

New U.N. Chief

DAG HAMMARSKJÖLD

Chosen as the second Secretary-General of the United Nations is Dag Hammarskjöld, Minister of State of Sweden. He succeeds Trygve Lie, who is Norwegian.

To Serve All Faiths

At U.N. Headquarters in New York, men and women of all faiths gather from every part of the earth to try to find ways toward a better life for man, and for world peace. To serve the desires of many, a "Meditation Room" is provided where they may seek to find spiritual guidance in their tremendously important tasks. Many visitors too have paused here during their tour of the U.N. home.

THE POWER ROCKETS OF 1953

NEW SUPER 88 and CLASSIC 98

OLDSMOBILES

A GENERAL MOTORS VALUE

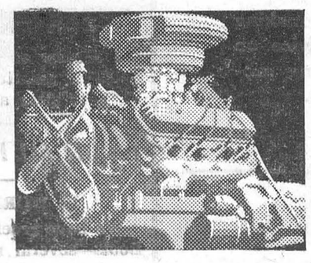
4 POWER-FULL REASONS

Illustrated Super "88" 4-Door Sedan

WHY YOU'LL WANT TO OWN AN OLDSMOBILE

POWER TO GO! The famous Oldsmobile "Rocket" engine sets even higher power standards in 1953 with a new, higher 165-horsepower rating; a new, higher 8 to 1 compression ratio; and a new, higher-capacity 12-volt ignition system for faster starting and smooth high-compression operation. Coupled with *Hydra-Matic Super Drive, it forms an unsurpassed "power" combination. ▶

POWER TO STOP! Thanks to Oldsmobile's new *Pedal-Ease Power Brakes, you can now *stop as you go with a touch of the toe!* Vacuum power cuts braking effort 40 per cent—and you no longer need *lift* your foot from accelerator to brake and lose precious seconds in emergency stops.



POWER TO STEER! Oldsmobile *Power Steering takes 80 per cent of the effort out of steering, and gives you extra safety, too. You can park, take hairpin curves or manoeuvre in traffic with finger-tip ease—yet *Power Steering leaves you the "feel" of the wheel. You always know you're in full command of the car in any emergency.

POWER STYLING, TOO! Oldsmobile's leadership in beauty is more striking than ever with brand new Power Styling. Inside and out, the Super "88" and Classic "98" are distinguished by an unsurpassed array of beauty, luxury, glamor and comfort features. See and drive the 1953 Oldsmobile for yourself. **Optional at extra cost*

Mrs. Mel. Rundle underwent a major operation at the District Memorial Hospital on Monday. Her many friends will be pleased to learn that she is progressing favourably and all will wish her a speedy and complete recovery.

Patient In Hospital.

We regret to report that Tommy MacLean, eldest son of Dr. and Mrs. D. L. MacLean is again confined to the District Memorial Hospital. Tommy has not been in the best of Health for several months, but his many friends are hoping he will respond to treatment in hospital and will regain normal health.

Will Observe 90th Birthday.

On Monday, April 20th, Mr. Albert Derby, of Maple Ridge, will observe his 90th birthday, and the Press joins in wishing him Many Happy Returns of the day. Mr. Derby resides with his son, Harvey, and family on the home farm at Maple Ridge. Owing to an injury which Mr. Derby suffered a few days ago, in a fall, his birthday will be observed quietly.

DUNDAS HAS SECOND LARGEST HOLSTEIN CLUB

The Holstein-Friesian Association of Canada reports that Dundas County with 400 members, has Ontario's second largest membership in the organization. Middlesex County, a much larger district, holds the lead with 455 members.

BOX SOCIAL HELD AT ORMOND

A Box Social and short program was held in the Ormond School on April 8th by the Ormond Hospital Unit. Those taking part in the program were: Mr. and Mrs. R. Lamb, Mr. and Mrs. Leslie McRobbie, Miss Ann Carkner, Miss Mary McIntosh, Mr. Stewart McDonald, Mrs. R. D. McDonald and Mr. A. K. MacDonald.

Mr. A. K. MacDonald acted as chairman and auctioneer for the evening. The proceeds, which go to the Winchester District Memorial Hospital Auxiliary, amounted to $35.00. Appreciation and thanks are extended to all who helped to make the evening a success.

V. L. A. SPONSORS MEETING FOR YOUNG FARMERS

The Veterans' Land Act Administration sponsored a meeting in the Town Hall, Winchester, on the evening of April 7th. A practical talk on "The Care and Management of Dairy Cattle" was given by Mr. A. Owen, of Ottawa, and a film, "Grass Roots in the Soil," and slides, showing new methods of storing forage crops and housing livestock, was presented by Mr. Gordon Way, of Ottawa.

An interested group of young farmers attended and enjoyed the programme.

HAVE SECURED CONTRACTS FOR DELIVERY OF GRAVEL

The contracting firm of Thompson and Bailey, of South Mountain and Kemptville, have secured a number of contracts for the crushing and delivering of gravel during the summer.

They will supply the townships of Augusta, South Gower and Mountain, and have also secured the county road gravel work in Edwardsburg, Oxford and South Gower.

WINCHESTER THEATRE NEWS

The Bowery Boys are coming to The Winchester Theatre on film this Thursday, Friday and Saturday in "No Holds Barred." You will like this picture. It is loaded with fun. On the same progamme is "The Last of the Comanches," an Old West and Indian thriller. Action is the keynote of this feature.

"The Mississippi Gambler," played by Tyrone Power, will be presented on Monday, Tuesday and Wednesday. This picture, starrnig Tyrone Power, Piper Laurie, Julia Adams and John McIntyre, has color, scenery, story, background and just about everything needed for excellent entertainment. If you see it you will like it, and if you miss it you will regret it.

The Winchester Theatre will start its evening programme at 7.30 p.m. beginning April 27th, Daylight Saving Time.
