In accompanying photo Sim Berkler and an unidentified comrade battle the stubborn blaze at the Jack Gibson home. Within minutes they had the blaze under control.
Press Photo—Rowan

Winchester residents have reason to be proud of their dedicated volunteer firemen, and their promptness and skill Monday afternoon proved once more their value to the community.

Praise Firefighters

Winchester Home Saved

"We just can't find the right words to express our thanks to those fine volunteer firefighters."

These were the words of Mrs. Jack Gibson, and echoed by her husband, after fire had destroyed their garage and caused extensive damage to the house proper on Monday afternoon.

A combination of prompt action and firefighting know-how averted what might well have been a major blaze and destruction of the house as well as the garage.

Four-year-old Gerry was credited with sounding the alarm when he rushed into the house to tell his mother something "was wrong" in the garage. Within minutes volunteer members of Winchester fire brigade and equipment were on the scene and in action. By then, however, dense black clouds of smoke were billowing from the building and flames had bridged the gap between the doomed structure and the house.

Although the fire was soon under control, it was not before the garage had been destroyed beyond repair; the rear corner of the house extensively damaged, as well as smoke damage in the house itself.

At press time, Mr. Gibson was unable to estimate the loss and explained that an adjuster had viewed the scene and would report at a later date.

Mr. Gibson, an Ontario Hydro employee, was in the Russell area when informed his home was in danger.

Conservation Proposals

Regional Officials On "Hot Seat"

Ottawa-Carleton Regional officials, attempting to sell their conservation plans to Osgoode Township ratepayers, slammed into the proverbial "immovable object" at Osgoode Community Centre on Monday night. More than 100 concerned area residents listened attentively to presentations by Roger Hunter and his staff, but literally "opened fire" during the question period.

It was apparent people in the township, still hurting from the imposition of Regional Government without their consent, feared the worst, and made it crystal clear, very early, they wanted no part of any move that would infringe on their right to control their own destinies.

Although Regional officials attempted to explain that no definite steps have been taken to control the use of proposed conservation areas, nor has the region any intention, at the present time, of purchasing any of the land, landowners stood firm in opposition.

Mr. Hunter further explained that meetings throught the area are being conducted as a means of providing taxpayers with an opportunity to express their views, but again such words of wisdom fell on deaf ears.

"You'll go ahead with your plans whether we like it or not, like you always do", shouted one irate man in the audience.

All members of Osgoode Township Council, including Reeve Albert Bouwers, were present, and Mr. Bouwers was roundly applauded when he noted that, although the final decision on Conservation rests with the Region, he was the only member of Regional Government in attendance. Mr. Bouwers said he definitely favoured taking steps to conserve certain areas of the Region.

"But", he said, agreeing with township residents, "I see no need for such action in our township".

The Region was on the "hot seat" again concerning what one man referred to as "useless spending of our money for something we don't need".

It should be very obvious to you people right now", said one lady, "that everyone in this hall opposes what you are trying to do".

"But", she continued, "you have financial backing to support your campaign, and we do not".

New COC Boundary

New boundaries defined at a Chamber of Commerce Directors' meeting here Monday night will be extended to include businesses within a five-mile radius of the centre of Winchester.

President Basil Dawley said businesses located near the village but outside the actual town limits will be approached for membership in the community organization. Dawley explained that within the last five years, several businesses which have located in the area were not asked to join the COC because previous boundaries were limited to the village itself.

"We feel that quite a few of those on the outskirts of Winchester will benefit from COC planning and activities", he said. "And, at the same time, they can contribute a lot to the organization."'

He noted that participation in the regular luncheon meetings has been good, with 18 to 20 members present at each. About 100 businesses are members of the COC, said Dawley.

Chamber representatives will meet with council to discuss funding for a pamphlet describing the services and attractions in Winchester. Dawley noted that the same project has been well received in the past, but the information in the publicity folder needs updating.

If council agrees to help with costs, the new edition will be printed in colour and distributed throughout the area.

Committee chairmen and members were appointed, with G. Shaver, S. Bell, W. MacDonald, J. McIntosh, W. Burns, A. Loynachan, D. Sloane and S. Ault serving on the Industrial Committee chaired by G. Davidson.

Neil Lachance heads up the Public Relations Committee, with D. McIntosh, J. Adams, R. Workman, J. Steele and R. Lamb.

Chairman of the committee for the Santa Claus Parade is J. Adams, with members J. Steele, J. Ellis, D. Vasey, and N. Lachance.

Mel Vice will chair the Municipal Committee, with members J. Helmer and R. Workman.

The Nominating Committee will be headed by W. MacDonald, with E. Boyd, J. McIntosh and N. Dignard.

Audits will be carried out by accountants from both the Royal Bank and the Bank of Montreal. N. Lachance, G. Shaver and A. Loynachan are in charge of membership.

mainline

Lions Weekly Draw Winners

The weekly draw being conducted by Metcalfe and District Lions Club has already produced six winners. The lucky tickets are drawn from the drum each Friday afternoon at the Royal Bank, and three have already been made (April 7th, 14th and 21st).

$15.00 winners to date include Gordon Boland, Metcalfe; John McIntosh, Williamsburg and Gordon Schoenherr, Edwards. Those winning $10.00 were Leonard Moriarity, Metcalfe; Bill Porteous, Vernon; and a ticket shared by Frances Brind'Amour and Diane Schoenherr, both of Edwards.

More On The Lions

Morrisburg Lions lost their first play-off game since March 4th Tuesday night in Richmond when the Royals took game four of the Junior B final 7-3.

That set back was only the second in 17 play-off games for the Lions and forced a fifth and possibly deciding game tonight — Thursday, April 27th — in Morrisburg at 8 p.m.

Hutchison Nominated For Award

Morrisburg educator Hugh Hutchison, a retired superintendent with the Stormont, Dundas and Glengarry board of education, has been nominated by the board for the Fred L. Bartlett Memorial Award. Since 1970, the Ontario Public School Trustees' Association has presented this award annually in memory of the late Mr. Bartlett, an outstanding teacher and trustee in Ontario.

The Season For Grass Fires

Fire Chief Dalton Kenney reports that there has only been one grass fire in the local fire department's district so far this year. He said this is the time of the year that the number of grass fires usually increases so area residents should take necessary precautions when burning brush or dead grass.

Got The Habit?

If you do and wish you didn't, a five-day stop smoking plan operated by the Seventh-Day Adventist Church might be the answer. For the third time within the year the program is being held in Cornwall. It began Monday at St. Joseph's Villa. According to the Church, 11 million people in Canada and the United States have found the plan successful. The last two clinics have helped about 100 city and area smokers to kick the habit, a success rate of about 88 percent.

Body Pulled From River

Police are withholding the name of a 74-year-old man who is thought to have drowned in the St. Lawrence near Iroquois late Monday afternoon. Police were called when a small motorboat was seen floating erratically on the river. Police suspect the man suffered a heart attack before falling into the water.

Student Job Situation Tense - Official

By Steve Hummell
Press Staff Reporter

CORNWALL—Although secondary school pupils are in a worse employment situation than university or college students, there still are more students than there are jobs in the area, says a student Canada Manpower official.

Mike Hurtubise, a student placement officer with the newly opened Canada Manpower Centre for students here, said the students who get out to look for work before school ends will probably be the successful ones.

"So the students who get out early and really apply themselves — say starting right now — will have a much greater chance than those who just don't bother when they get out of school," said Hurtubise.

He said employers are impressed with students who show initiative and apply for jobs personally.

"I would say, basically, that the situation is just about the same as it was last year," he said. "There are a lot more students than there are jobs."

He said the student employment centre which opened April 17th, has about 1,000 registrations, of which about 65 per cent are secondary school students.

Marcel Aube, superintendent of programs and operations, said probably most of the university and college students in the area will find jobs again this year. The problem area is usually with high school students, he said.

"So I don't really know how that is going to go this year," he said. "But we're going to try and do a lot of publicity for homeowners who have odd jobs around the house that the high school students can do."

He said the student Manpower Centre would like to hear from prospective employers who require even temporary work. Many of the secondary school students will be placed in jobs like waitressing, babysitting and odd jobs like grass cutting, and house cleaning, he added.

The student Manpower Centre, located at 410 Pitt Street, acts as a focal point for information on local summer jobs or activities for the young people in the community.

Six Charged In Scuffle

MORRISBURG—Six people were charged by Ontario Provincial Police Saturday after a routine investigation of a telephone complaint erupted into violence at the Richmire Settlement near here.

Rocky Allen Richmire, Margaret Rose Richmire, Alfred Henry Hutt, Arnold Keith Casselman, Richard John Hutt and Lyle Tyo, all of the Richmire Settlement, were arrested and taken to Cornwall Jail. They were later remanded in custody and will appear in court May 2 on charges of assaulting police, obstructing a police officer, breach of probation and wilful damage.

According to a spokesman from the Morrisburg detachment, two officers were dispatched to the Glen Becker Road after a telephone complaint about an alleged impaired driver. The two were forced to call for reinforcements from Long Sault, Prescott and Winchester when they encountered resistance from a large group at the scene.

Three of the officers were slightly injured in the fracas and a police cruiser was damaged.

Mackler's goal gives Lions a 3-2 lead in Sunday's game.

Maple Ridge The Best

Band Strapped For Funds

By Steve Hummell
Press Staff Reporter

MAPLE RIDGE—The point was proven.

Now music teacher David Irwin wants the Stormont, Dundas and Glengarry school board to stand up and take notice.

His senior Maple Ridge instrumental band walked away with top honors at the Kinsmen Music Festival in Cornwall last weekend — even competing against secondary school bands — and Irwin feels its time the board started footing the bill again for some of the band costs.

The band won the competition with little help from the school board. Instruments need repairs and replacing and 12 instruments had to be borrowed from a Cornwall school so all the band members could take part. The board has no direct allocations in its budget for music, so to cover costs the individual schools must squeeze as much from their budgets as possible. And with spending restraints foremost on the minds of educators today, that doesn't amount to enough.

"The time has come when I have to make a decision", said Irwin. "Whether I protect the instruments that are already being used by locking them up to make sure they don't deteriorate any more until they do find time for a budget or keep on badgering the board until they can give me even a token budget for that matter just to maintain repairs and replacement."

Irwin says he's waged a long battle with the board over the past three years to get adequate funding for the music program. But so far its been a fruitless effort.

Funds are raised now through school committee projects and student drives.

"There's no question that the kids could raise enough money to maintain the program each year", said the music teacher. "But I am dead set against this; it's a good incentive but it's a waste of time when we are probably one of the few boards, if not the only board in Ontario, who has not set aside elementary school instrumental music budgets."

Irwin added: "And it's time something was done because I've reached a time where I've proven a point where the band has outdone themselves."

Geophysical Survey Begins On Potential Hydro Sites

A drilling and geophysical survey program is scheduled to begin on the four potential generating station sites along the St. Lawrence early next month.

Drilling will begin on the Iroquois East site early in May while work on the remaining sites will be carried out if necessary, says an Ontario Hydro news report.

Samples will be taken at frequent intervals to determine the nature and condition of the various overburden and bedrock materials. Soil and rock permeability tests will also be conducted and the groundwater level established.

The Hydro report said some preliminary geophysical investigations will take place on public property such as road allowances in the vicinity of all four sites. At the Iroquois East site, the geophysical survey will determine the depth and configuration of the bedrock surface.

See other stories about Nuclear Energy on page B-7

Survey stakes will be required and sensors will be placed at shallow depth in the soil along the survey lines. All stakes will be removed and all openings will be refilled.

Women's Institute

Penny Auction Highlights Leitrim Annual Meeting

A Penny Auction was the highlight of the Annual Meeting of Leitrim W.I. held at the home of Mrs. Brian Pye with Mrs. John Candler as auctioneer. Seventeen ladies present answered the roll call by the paying of fees. Two new members were welcomed.

The regular business meeting was conducted by the president Gladys Woodley and secretary Bunny Boyer. The District Annual is to be held May 17th at Osgoode United Church and the Area Rally on June 17th at Avonmore. Marion Dillon gave the Treasurer's Report. Articles for Central Canada Exhibition are underway.

The May meeting will be dinner during a tour of the Museum of Man, planned by the convenor Shirley Moulton.

The Standing Committees gave their Annual Reports and auditor Hope Wilson reported books in order. The president thanked the group for their support in the past two years and vacated the chair for the election of officers.

Margaret Eaton chaired the election and Doris Barrett gave the report of the Nominating Committee. Since there were no further nominations from floor, the following are executive members for 1978-79: Past President, Mrs. Milton Woodley; President, Mrs. John Candler; 1st Vice, Mrs. Willis Davidson; 2nd Vice, Mrs. Edward Pink; Secretary, Mrs. Hector Boyer, asst. Mrs. Peter Knippel; Treasurer, Mrs. Harold Dillon; District Director, Mrs. Milton Woodley, alt. Mrs. Emry Lynch; Auditors, Mrs. Don Wilson, Mrs. Laurie Eaton; P.R.O., Mrs. Fred Barrett, alt. Mrs. Emry Lynch; Card & Sick Convenor, Mrs. Fred Barrett; Resolutions, Mrs. Peter Lamb; Tweedsmuir History, Mrs. Hector Boyer, Mrs. Willis Davidson; Telephone, Mrs. Harold Dillon, Mrs. Ed. Pink.

Standing Committees - Agriculture and Canadian Industries, Mrs. Graham Murray, Mrs. Albert Renwick; Citizenship and World Affairs, Mrs. Brian Pye, Mrs. Wm. Moulton; Education and Cultural Affairs, Mrs. Laurie Eaton, Mrs. Joseph Morinville; Family and Consumer Affairs, Mrs. Leonard Blouin, Mrs. Terry Byrne.

A donation was given to our 4-H Homemaking Club which we sponsor - Summary Day is April 22 at Metcalfe.

Refreshments were served by the hostess June Pye assisted by Shirley Moulton and Margaret Eaton.

Plan Temperance Strategy–W.C.T.U.

A score of members and guests of Winchester Women's Christian Temperance Union gathered at the Herbert Robinson home, Albert and York Sts., on Wednesday afternoon, to give and listen to reports, lay plans for future procedures, and engage in a discussion concerning temperance programs and strategy.

The meeting opened with a hymn-sing, accompanied by Mrs. Sheldon Robinson, accordionist. Prayer was offered by Mrs. Nina Woods, president, who chaired the meeting. The minutes were read by the secretary, Miss Kathleen Kennedy, who also gave the financial report. Roll call was answered practically by payment of annual dues. Devotions were conducted by Mrs. T.H. Robinson and Mrs. Ernest Merkley. Scripture was read, St. Matt. 6. A vocal duet, "Don't Forget to Pray", was rendered by Mrs. Sheldon Robinson and Mrs. Annie Coons, to accordion accompaniment. Mrs. Myrtle McIntosh gave readings. "Happy Birthday" was sung for two members, ages 89 and 90.

Matters for discussion included delegates to conventions, Seal Hunt, youth work, temperance speaking contests, Christian Youth of the Year competition, programming and promotion. An offering was received for the work of the Union. At the close of the meeting delicious refreshments were served by a hospitality committee comprising of Mrs. T.H. Robinson, Mrs. Ernest Merkley and Mrs. Cecil McIntosh. Mrs. H.E. Fennell expressed appreciation of the ladies for the program and hospitality. Honorary member, the Reverend E. Earl Eaton, was present, and covered the meeting for the press.

Elect New Slate At Annual

The annual meeting of Leonard Women's Institute was held on Tuesday evening in Bear Brooke Centre with fifteen members present. Roll Call "Smile and Pay Your Fees" was answered by all. It was suggested that $15.00 be sent to the Mental Health and Mrs. Moffatt was named convenor for Navan Fair. It was also suggested that Mrs. Moffatt represent the Branch at the Officer's Conference at Waterloo.

The report of the Nomination Committee was given by Mr. Wood and all offices were declared vacant. Mrs. J. Corry presided for the election and installation of offices which resulted as follows: Past President - Mrs. J. Dallaire; President - Mr. W. Kardulus; 1st Vice - Mrs. H. Nooyen; 2nd Vice - Mrs. J. Liptak; Secretary - Mrs. H. Moffatt; Treasurer - Mrs. G. Lowe; District Director - Mrs. F. Wood; Public Relations Officer - Mrs. B. Heney; Branch Director - Mrs. W. Birch; Tweedsmuir History - Mrs. L. Moore; Agriculture and Canadian Industries - Mrs. A. Nadon; Family and Consumer Affairs - Mrs. H. Nooyen; Citizenship and World Affairs - Mrs. J. Corry; Education and Cultural Activities - Mrs. G. Lowe; Resolutions - Mrs. B. Heney.

The meeting closed with singing of O Canada and Institute Grace. Hostesses were Mrs. H. Moffatt and Mr. W. Birch.

Mountain Social And Personal

Mr. and Mrs. John Clark have spent the past weekend in London, Ontario, guests of Mrs. Clark's parents and business trip as well for John.

We welcome Mr. and Mrs. Wesley Turner home after spending some time at their other home in Rochester, N.Y. They will be staying here for an indefinite time now.

Mrs. Mabel Robinson spent the weekend at her home and renewed old friendship with neighbours and friends. She has returned again to Russell where she has been spending the winter months with her daughter Mrs. Gladys McLaren. Hopes to return home around May 1st.

Mrs. Elsie Simpson of Prescott was a weekend guest of her sister Mrs. May Cameron.

The Senior Citizens of this area went on a bus tour to Ottawa on Saturday to attend the Minto Follies and all report they had a good show and enjoyed themselves very much.

Mrs. Florence Allen not being able to care for herself any longer has been moved to the new nursing home in Winchester.

Congratulations are extended to Mr. and Mrs. Bart Hutchinson (Jessie Couglar) on the arrival of a nice baby boy on Sunday. Also to the parents.

Mrs. Wilhelmina Clark and Mrs. Henrietta Carlyle spent the past five days on a trip to Washington, U.S.A. They had a very lovely trip and enjoyed themselves very much. They arrived back Monday.

Curling Club Sponsors Marathons

Bea Eadie, president of the Ladies' Curling Club welcomed guests at the Marathon party held at the curling club Monday, April 17. It was a highly successful evening with nineteen tables of euchre.

During the winter, three mixed groups of eight couples, and one group of ten ladies participated in games sponsored by the Ladies' Curling Club.

Prizes awarded to season players were as follows:
Ladies' Mixed - 1st, Donna Smith; 2nd, Ruth Johansen; 3rd, Freida Coons.
Men's Mixed - 1st, Mel Byers, 2nd, Bruce Campbell; 3rd, Howard Fetterley.
Ladies' Group - 1st, Violet Folkard; 2nd, Rose Beaman.

Prizes for evening scores: 1st Muriel Gow, 2nd Elizabeth Brooks, 3rd Ethel Merrill and 1st Wally Jennings, 2nd Ralph Barkley, 3rd Willard Acres.

Several door prizes were donated by Ault's, Boyd's, CountryBoy, Seaway Valley Pharmacy, and curling members.

A profit of $209 was realized from the season's games plus the party.

Lunch was provided by the convenors Betty Sullivan and Marg Boyd.

BRIDGE MARATHON

The closing party for the Curling Club Marathon Bridge was held in the Clubroom on Wednesday, April 19th.

Bea Eadie, Ladies President, welcomed all present. An enjoyable evening was had by all.

The winners of the Ladies 1977-78 Marathon were Marg Boyd and Sybil Curtis. First runners-up were Gertrude Willard and Kay Gray. Winners of the mixed marathon were Wally and Weedena Jennings. Ran and Norma Wylie were first runners-up.

Winners of the evening prizes were Doris Holmes and Don Wright. Willis Davidson, Betty Cooke, Bea Eadie and Rita Savage were recipients of door prizes.

31 WI Members Attend Annual

The annual meeting of Winchester W.I. was held in the Lions' Hall on April 18 where a pot luck supper was enjoyed by 31 members and visitors.

The president, Stella Potter, opened the meeting with an appropriate poem and roll call was the payment of annual membership dues. Plans were made for District Annual May 24 when Nellie Guy, with helpers, will convene the lunch. Annual reports were given by Annie Gibson, Freida Coons, Kaye Beedie, Irene Armstrong, Vivian Fawcett, Margaret Johnstone, Olive Hill, Marjorie Shadbolt and Verna Riddell. It was agreed January and August meetings be cancelled.

The meeting closed with "The Queen". Jessie Fetterly was pianist.

Elect New Officers

Mrs. Bruce Nibogie was hostess for the April Metcalfe W.I. meeting conducted by Mrs. Earl Quinn, assisted by the Secretary, Mrs. Alan Scott.

Roll call was answered by payment of fees. Reports from the standing committee were read and passed on to higher levels. An invitation to attend a rally at Avonmore June 17th for five members was read. Mrs. J. Boland was named delegate to attend the District Annual at Osgoode and Mrs. Geo. Van Berlo alternate.

The new officers for the coming year: Past President, Mrs. Earl Quinn; President, Mrs. Chas. Wallace; 1st Vice, Mrs. Earl Reaney; 2nd Vice, Mrs. John Boland; Sec.-Treas., Mrs. Alan Scott; Asst. Sec., Mrs. Ben Galloway; P.R.O., Mrs. John Boland; Curator, Mrs. Earl Reaney; District Director, Mrs. Earl Quinn; Alternate D.D., Mrs. Wm. Dow; Branch Directors, Mrs. Harold McKeown, Mrs. John Grubb, Mrs. John Boland; Auditors, Mrs. Dave Cook, Mrs. Geo. Van Berlo; Sick Committee, Mrs. Harold McKeen, Mrs. Albert McKeown; Pianist, Mrs. R. Blair; Catering Committee, Mrs. Archie McEwan, Mrs. Chas. Wallace, Mrs. Lloyd Graham, Mrs. Geo. Van Berlo, Mrs. Alan Scott; Nominating Committee, Mrs. Harold McKeown, Mrs. Albert McKeown, Mrs. Edward Scharf, Miss Betty Quinn.

Standing Committees - Agriculture and Canadian Industries, Mrs. Earl Quinn; Education and Cultural Affairs, Mrs. Emerson Irven; Family and Consumer Affairs, Mrs. Edward Scharf; Citizenship and World Affairs, Mrs. Walter Bruce Nibogie.

WDMH Births

The following is a list of the recent births at Winchester District Memorial Hospital.

On Tuesday, April 18, 1978, to Mr. and Mrs. James McMillan, R.R. 2, Brinston, Ontario, a son.

On Tuesday, April 18, 1978, to Mr. and Mrs. James Cinnamon, R.R. 1, Winchester, Ontario, a son.

On Wednesday, April 19, 1978, to Mr. and Mrs. Brock Hollister, Box 9, Winchester, Ontario, a daughter.

Keep Your Eye On The Puck

Richmond Royals' goalie Mike Vezina keeps his eye on the puck while scrambling into his net.

Morrisburg Lions number three — Kevin Mackler — also moves into the picture during first period action.

Mackler set up Morrisburg's only goal of the first period then scored two himself as Lions swept their third straight win from the Royals. Sunday's final count was 8-4 for Morrisburg.

Press Photo—VanBridger

WINCHESTER Press SPORTS

Lions One Away From Title

Sunday afternoon Morrisburg Lions extended their 1977-78 play-off record to 15 and one with the only loss coming in the South-East semi-finals against the Cardinal Broncos.

Since then Lions have won in straight sets over Prescott, Kemptville and possibly Richmond.

Sunday's 8-4 victory on home ice was Morrisburg's third in a row against the Northern champs from Richmond and left them one win away from capturing their second Citizen Shield in the last three years.

All that stood in the way of another Ottawa District Jr. B Hockey Title was Tuesday's game in Richmond. If Morrisburg won that contest it would mean a four game sweep and Lions would be the new champs before you've read this edition of the Press.

Coach Brian McNairn has had the dominating team in this championship countdown winning by 8-6, 7-5, and 8-4 scores making this year's final round the easiest in the last three. In 75-76 when Lions took it all they had to battle Gananoque right to the wire just to meet up with an extremely fast-skating team from Hawkesbury in the final.

Last season Renfrew — represented by a solid contingent of Lions — took the ODJHL title and the Shield back to the north losing only once to the Southern reps from along the St. Lawrence.

But it has been smooth sailing for Morrisburg this season who since the closing weeks of the regular season have proven almost unbeatable losing only once in (to this writing) 16 games. That one loss was a shocker to the lowly Cardinal Broncos.

The only reason fifth game in this best of seven final should be necessary tonight — Thursday, April 27th — in Morrisburg is to have the trophy presentation on home ice.

Sunday's contest was close for one period. Due mainly to both teams working out wrinkles and not to clean effective play did Richmond enjoy a slim 2-1 lead after 20 minutes.

Neither team dominated and Richmond got their two markers when they caught the Lions defence out of position and scored on tip-ins from the crease.

Once Morrisburg got on track they were clearly the best team on the ice scoring four unanswered goals in the second for a wide 5-2 lead.

The bigger Richmond squad seemed to have trouble with their passes and often looked as if they didn't know who should be doing what getting caught out of position in both ends of the rink.

With the exception of a valiant few the Royals seemed to sense defeat as soon as the 1049 fans welcomed their Lions onto the ice.

Young Leo Lafortune spark-plugged the winners with a pair of goals, his 24th and 25th in 16 play-off games.

Kevin Mackler set up one and fired a pair as he emerged from a recent point famine.

Rickie Boprey, Mark Beaupre, Mike Moran and Rob Reynolds each had singles for the winners.

Lions' Gerald Scully started his second consecutive game between the pipes and allowed only four shots to escape him. Royals who found the target were Dave Rattray (two), Rich Hill and Ralph Comrie.

GAME ONE — 8-6 LIONS

The opening game in the final series was close.

Tied five times throughout the first 57 minutes Morrisburg put it away with two in the final three minutes.

Rookie Jim Whelan was the hero in game one firing in the winner at 16:35 of the third and putting home the insurance goal with 16 seconds on the clock.

Leo Lafortune continued his hot hand beating Vezina twice running his total to 22 in 14 games.

Teams were even at two after one frame with Lafortune giving Lions the lead. Royals came back with counters from Dalton and Hunt for a two-one lead but Mike Moran's powerplay tied it at two before the teams had left the ice.

Lafortune and Beaupre traded tallies with Guindon and Gorman for a four-four saw-off after two periods.

Fifty-seven seconds into the final stanza Mark Payment broke the deadlock and four minutes later Bob NcNairn increased Morrisburg's lead to 6-4.

Royals scratched their way back into a six-all tie by the 16:29 mark on goals by Rattray and Lynch to set the stage for Whelan's two goal winning performance.

GAME TWO 7-5 LIONS

Another close call in the second contest in Richmond but outstanding goaltending by seldom used back-up goalie Gerald Scully and an empty net insurance goal by St. Lawrence University product Richie Boprey with five seconds left gave Lions a 7-5 win and kept their undefeated string alive.

Scully who had appeared only in three complete play-off games got the starting assignment when Perry Elderbroom didn't make the team bus.

The back up man took over, faced 42 Royal shots and played himself into the number one spot.

After skating to a two-all tie in the first period, Lions broke out in front 5-4 after two.

Royals were up 4-2 at one point of that middle session but Lions explosive offence put them ahead by one 5-4.

Mark Payment hit early in the final frame for a 6-4 lead but Jack Guindon narrowed it to a 6-5 eight minutes later.

The Southern champs made it 7-5 with five seconds left when Richie Boprey zeroed in on the empty net with his second of the night.

Other Lion goals came from Jim Whelan, Leo Lafortune, Bob NcNairn, Mark Beaupre and Mark Payment.

1978 Season

Eight Possible Teams, Grenville-Dundas League

Kemptville is in and South Mountain is out of the Grenville-Dundas Intermediate Fastball League for the 1978 season.

Possibly there will be eight teams for the new campaign which is slated to get underway on Monday, May 15th but as it stands now Mountain, Morrisburg, Ingleside, Heckston, Brinston and Kemptville will definitely field teams.

The inaugural meeting held in South Mountain over the past weekend revealed that entries from Williamsburg and Cardinal will join the six starting entries before the first pitch is thrown. Indication was strong that Williamsburg will try Intermediate competition for the first time but final word will not come until May 7th when the league will meet to finalize regulations and collect performance bonds.

President Bob Rupert and Treasurer Bill Williams were returned to their posts at last week's session but the statisticians position has to be filled.

Voting members agreed that one point would be deducted from standings for failure to report game results on time and play-offs shortened to best two of three semi-finals and a four of seven final set-up with just the top four teams qualifying.

A meeting on May 7th in South Mountain's I.O.O.F. Hall will iron out the last items before play gets underway the second week in May.

Mountain - former champions and league finalists last season - have things rolling with one team meeting and several practices planned.

Bill Williams and Lyle Simzer are returning to coach the squad and report pitchers Murray Hyndman and Dan Hogaboam throwing on a daily basis now.

Coach Williams says Al McLean will probably move up from midget ranks to join his brother Len - former Winchester Royals captain - on the roster.

It has been rumoured another ex-Royal Mike Armstrong - could join Jim Morrel on the mound in Morrisburg as the Loyalists return to defend their title.

Several South Mountain players are either retiring or moving over to Brinston's line-up as teams try and settle player prospects before swinging into early practice sessions.

HAWKS

Hawks' Awards Banquet May 3

Winchester Junior B Hawks will put a very successful season into the record books next Wednesday night - May 3rd - when they will host players and fans at their annual awards banquet.

Hawks management will honour the team with a meal, special presentations and eight team trophies next Wednesday evening and it's open to all the great fans who gave the Hawks such tremendous support over the past season. Tickets will be available right up until Wednesday from members of the executive.

1977-78 was the best overall finish for the Winchester franchise - second - eight points behind the division champions from Morrisburg.

The team also boasted three scorers in the Southeast's top five including Bill Mullin, no. 2, Brad Sullivan no. 3 and rookie Barry Casselman no. 5.

The team under new coaches Paul Beckstead and Bill Hogaboam qualified for the annual Boxing Day Junior B Tournament for the first time making a strong showing losing by one goal in a sudden death shoot-out.

Trophies to be awarded include The Coaches won in 75-76 by John Klien-Swormink and Lloyd Fawcett and in 76-77 by Jeff O'Neill and Len McLean.

Rookie of the year - going previously to Dave Richards and Tim Beach.

Top Scorer, which will be Bill Mullin's this season after Keith McRoberts and Greg Martin had possession for the last two years.

Most Improved Player - won by Dave Richards and Phil Meek most recently.

Best Defenceman - John Klien-Swormink and Karl McRoberts are the last two winners.

The two newest awards - The Peter Brackenbury for Most Gentlemanly Player and the President's Award have only one name each engraved on them - Keith McRoberts and Mike Armstrong (respectively) with the new recipients to be announced Wednesday evening.

And perhaps the most prestigious award of all - The Dawson Memorial Trophy for the player judged Most Valuable to his team will round out the presentations. Some of the previous Hawk players to have been voted the award by teammates include - Kevin Baldwin (twice), Dave Van Bridger, Keith McRoberts, Tom Kirkwood, Denis Delaney and Greg Martin.

Help the Hawks close out the 1977-78 campaign next Wednesday - May 3rd.

Present $1,000 Cheque

Gerald Tallman (L) chairman of the Steve Gorman Trust Fund accepted a $1,000 cheque from Lions captain Bob McNairn (C) and Morrisburg Lions Club President Mike Klugman (R) in a special centre-ice presentation between the second and third periods of Sunday's Lions-Royals hockey game.

The money from Morrisburg and District Lions Club was originally to go to the Junior Hockey Team in the form of awards and gifts of appreciation.

Players turned the money over to the Fund which will assist the 18-year old Kemptville Juvenile hockey player — Steve Gorman — who was injured while playing hockey and is presently in hospital paralyzed from the neck down.

BALL HOCKEY NEW ACTIVITY FOR ARENA

Thousands of games of ball hockey have been played over the years in driveways and parking lots, but never with any set rules or with any organization; just a bunch of guys hitting the ball around for something to do. Now where this will end up or what rules or schedules will be set, is something that will have to evolve, but there is no doubt that ball hockey is popular and the local boys over 16 are trying to get a bit of organization by using the arena on Wednesday nights for some fun. If you are interested, drop by or phone DANNY LeCOURS at 774-3341.

PRIVATE PARTIES, BANQUETS, AWARDS NIGHTS AND COOKING SCHOOLS

A busy April will end this Friday with Mr. and Mrs. Harry Werens private party and Williamsburg Firemen's Social Evening on Saturday then we are into a busy May. May 1st will be the Winchester and District Ladies Hospital Auxiliary's Chinese Cooking School followed on Wednesday night by the Hawks' Awards Dinner. Next weekend it's the Hydro RA's private party on Friday night and the Curling Club and their guests on Saturday. A three-day furniture sale, a wedding and four private parties round out the month. With work on the pool, tennis and ball starting it looks like we are well into another busy summer.

TENNIS MEETING TUESDAY, MAY 2nd

We are opening the courts this week for free tennis so the new members can try their skills with the racket, but if you would like to keep fit and play tennis this summer, plan to be on hand next TUESDAY when the club will get down to the serious business of organization. It's not enough to just plan on someone else doing the organizing so that you can drop around for a match when the spirit moves you. This year there is a demand for use of the arena and the number that turn out and show their interest in organized tennis will determine time available. The time is 7:00 p.m. the arena BE THERE.

TRIBUTE TO WALTER LONG OVERDUE

To tell the complete story of a man like W.C. would take the entire paper but I'm sure last week's article by Joe Rowan recalled memories galore to many. So many things that we take for granted around town had their beginnings in Walter's head and he was a man that had the determination to make them realities. Holding every position from reeve, to the town's first Santa Claus, Walter always had time for his town and the people in it. Walter's drive combined with his outstanding gift for humour carried him through many rough times and his downright gift for plain ordinary common sense pulled many meetings that had become bogged down with red tape back to reality and workable solutions. The one thing that meant the most to Walter was his family, and I, like many, felt a real part of it. The door was always open to all the kids at the MacDonald home as was a place at the table. Not just for the evening meal but even for breakfast (you see many of us moved right in). Nothing pleased Walter more than a group of teenagers around the piano or scratching up Laura's freshly polished floors with the latest dance step. It didn't mean as much then because it was just taken for granted that you were always welcome at the MacDonalds. As we get older we start to appreciate the beds that had to be made, the meals that were cooked, the dishes that were washed and the messes that had to be cleaned each day. Laura is the one that deserves the credit and it's amazing that she even survived it all. It was just great to read the article and may I join the thousands who have so many things to thank the MacDonalds for. Thanks again Walter and Laura from a grateful town. It was great to be a part of it.

Metcalfe Squad Wins Basketball Title

Metcalfe Public School girls, competing in the annual elementary basketball tournament at Osgoode Township High School last Saturday, edged Elizabeth Park in a thrill-packed final.

Six teams competed in the round-robin competition and following regular play the standing was as follows: Elizabeth Park Intermediation School 10; Metcalfe Public 8; Russell Public 4; St. Leonard's 4; Nationview Public 4 and St. Catherine's 0.

In the championship game between the two top teams Metcalfe emerged victorious by a 17 to 11 score.

The happy Metcalfe Public School champions are shown following their final victory.
Back row, left to right, Michele Gamble, Tracy Williamson, Donna Eastman, Kathy Duncan, Bev Preston, Mathilde Janssen, Louise McCargar, Jal Hennigar. Front, left to right, Jenny Heagle, Lorie Brind'Amour, Rhonda Oshier, Ann Hope, Shelly Loubert. Coach Liston McIlhagga is at rear.
Press Photos—Rowan

Elizabeth Park Intermediate Public School, after proving unbeatable during regular play, dropped a close decision to Metcalfe Public in the championship contest.
Back row, left to right, D. Miller (coach), Jackie Lemay, Bonnie Bloom, Barbie Ziegler, Wendy Jones, Paula Martin.
Front row, left to right, Shannon Maynard, Peter (the mascot), Karen Savoie.

Dundas League Reverts To Six Teams

Dundas Senior Fastball League entries have apparently been cut back to five teams.

League Secretary-Treasurer, Lynne O'Brien told the Press on Tuesday that Iroquois - represented by Moon's Maroons - have dropped out of the upcoming schedule reducing to five the number of teams expected to take part in what was to have been a 30 game slate.

Kemptville still has another week to tell league officials whether or not the Squires will return after a year's leave of absence.

A regular schedule has yet to be drawn up and if Iroquois drops out it would be a little longer in the making.

Miss O'Brien said she had received word that team manager Don Mullin had informed League Vice President Don Beckstead - also Maroons former coach - that there wouldn't be any team this year.

Mullin apparently made this disclosure the previous day without giving any reasons.

Correction

Jane LaRose was reported to have won a first-place ribbon at recent open elementary gymnastics meet in Cornwall in the last issue of the Press.

That report was incorrect - although the young gymnast thought it was nice to read of her first-place accomplishment she felt it should be known she hadn't finished that high.

Jane actually received a third place in the uneven bars and a fourth in the crossbox event.

Editor's Note: We hope to be able to report a first-place ribbon next time Jane.

Season's Climax

Awards Dinner Russell Raiders

A lavish smorgasbord dinner at Russell Curling Club on Sunday evening officially lowered the curtain on another highly successful "Raiders" season. Club president Jim Sullivan noted, with justifiable pride, that his team had enjoyed more enthusiastic fan support than any other club in the South Carleton Intermediate loop.

"And next year", he confidently predicted, "we'll bring those loyal fans the league championship".

Treasurer Barry McVey presented the financial statement showing the club had not only performed brilliantly on the ice, but had ended the season with a sound financial "cushion" to begin the 78-79 season. President Jim thanked the players for dedicated efforts in bringing such competitive entertainment to the area, and offered a special word of appreciation to "wives and girlfriends".

"The faithful gals must have spent some mighty lonely nights during the season", he grinned.

Mr. Sullivan also praised the unselfish, time-consuming contribution made by Merle McVey.

"Statistics", he said, "are often sadly neglected, but Merle's systematic approach made it all look relatively simple".

Head table guests included Mr. and Mrs. Barry McVey; Mr. and Mrs. Ken Quaile; Mr. and Mrs. Ron Conway; Mr. and Mrs. Sullivan; and Mr. and Mrs. Keith Russell.

Coach Ron Conway told players that working with them had proved a delightful experience, and he expressed the hope all would be returning next fall.

Team captain Ken Quaile, speaking on behalf of the team, predicted better times in the days ahead.

"We have a young team", he said, "which is a very encouraging sign of even greater success".

As a fitting climax to the delightful season finale, outstanding player awards were presented.

Wintario Grant To Aid Winchester Curling Club

Winchester curlers plan an extensive renovation program for the summer months and learned this week that their application for assistance through a Wintario grant has been approved.

Proposed plans include a complete new piping system under the ice lanes as well as installation of a frost barrier. Estimated cost has been set at approximately $18,000 of which $8,402.09 will be covered by the Wintario grant.

It was also agreed at last week's Annual Meeting to spend some $400.00 on improvements to the parking lot. The rental structure was studied and the new policy approved will set rentals at $30.00 per sheet per day plus an additional $10. janitorial charge, but no further charge for the hall.

President Gerald Holmes was in the chair for the well-attended meeting and reports were submitted by the following: James Toop (mixed schedule); Ed Boyd (club bonspiels); Wally Jennings (invitational bonspiels); and the bar committee report was given by Norma Wylie in the absence of her husband.

Bea Eadie, ladies' club president, reported that from her division $2,876.00 had been turned over to the general treasurer; Charles Anderson submittd the property committee report, and treasurer Gwynn Holtby gave a detailed report noting that membership during the season was: men, 89; ladies, 76; students, 4; and associate members, 30. Net revenue, he explained, was considerably higher than previous years and as a result the bank loan had been reduced by $7,000.

With few exceptions all executive members remain in office for another year. Only changes include: Doug Vasey, secretary; Margaret Anderson, 1-year director; Jerry Barton, Ed Boyd and Wally Jennings, 3-year directors.

Prior to adjournment Sheldon Cameron reported some tickets are still available for the May 6th Annual Banquet at Winchester Community Centre.

Honour Greely Players

Eddie McCabe, popular Ottawa Citizen sports columnist, was guest speaker last Friday night at Greely Community Centre when the season's outstanding minor hockey players were honoured.

Mr. McCabe paid tribute to both those who organize and administer the extensive program and also the players who participate.

Following Mr. McCabe's inspiring address on the value of sport to the nation's youth, the various trophy winners accepted their awards.

NOVICE DIVISION

Front, left to right: William Cooper, Best Forward; Paul Michaud, Best Defence; Shane Racine, Most Improved Player; Steven Demers, Most Valuable Player.

Back row, Mel McDougal and Mrs. Ossie Laverne who presented their awards.

ATOM DIVISION

Left to right: Andrew Bradley, Best Forward; Steven Cooper, Best Defence; Kyle Johnson, Most Improved Player; Sean Milligan, Most Valuable Player. Jeff Stanley, at back, presented the trophy donated by his grandfather, Tom Stanley, to Steven.

BANTAM DIVISION

Left to right: Kevin Curran, Derrick Burleigh (tied) Best Forward; Tom Cassidy, Best Defence; Kevin Walker, Most Improved Player; George Dixon, Danny Stoker (tied) Most Valuable Player.

Ball League Opens May 14

South-Carleton Fastball League vice president Alf Taylor is this week drafting the 1978 schedule with plans to open with a triple-header at Metcalfe on Sunday, May 14th. Again this season six clubs will be competing for the two awards. The league, in its 51st year of continuous operation, awards the Don Lytle Trophy to the team finishing in first play when all scheduled games have been completed. Following playoffs the John Bracken Trophy is awarded to the championship squad.

Last season Gloucester South earned top position prior to playoffs, but bowed to Richmond in the championship series. Clubs participating this season are Richmond, Gloucester South, Carlsbad Springs, Embrun, Osgoode and Metcalfe.

Representatives at last week's second spring meeting welcomed back Alf Taylor who has played a major role in the league's activities for more than forty years, serving several terms as president. Illness kept him on the sidelines last summer, but he hopes to be more active as the season progresses.

It was termed good news for the league when the secretary reported Al Wade, who had directed umpiring chores in 1977, was prepared to handle the league again this season.

DESIGNATED HITTER

Gloucester South manager and coach Ken Beaupre initiated a proposal to adopt the 'Designated Hitter' policy and all clubs favoured the suggestion. Mr. Taylor, who chaired the meeting in the absence of president Keith Russell who was ill, told representatives he was not familiar with details of regulations regarding this policy but Chuck Smith of Richmond agreed to discuss the matter with Mr. Wade of the Ottawa Umpires Association concerning the innovation.

The next league meeting will be Tuesday, June 13th when players' lists will be ratified. Again this season players signed with senior clubs will not be eligible to compete at the intermediate level.

MIDGET DIVISION

Left to right (front); Jeff Quinn, Best Forward, Moe Martin, Best Defence; Shawn MacDonald, Most Improved Player; Dan Vanderydt, Most Valuable Player.

Back row: Lorrie Anderson who presented the Glenda McMillan Award to Moe, and Spencer Waddell who presented his own trophy to Dan.

Junior Farmers Bowl At Sutton's

Dundas Junior Farmers had a successful evening of bowling at Sutton's Bowling Lanes on April 18 followed by a business meeting at the Country Kitchen Restaurant.

A summer of fun and work was planned, including: the use of the Mountain Ball Diamond on Sunday evenings; an evening of fishing and fun; attending the summer games in Kemptville and Guelph; a club picnic; serving a dairy booth at the Old Home Week in Morrisburg and also a weekend in Iroquois; hosting a tractor rodeo at Chesterville and South Mountain Fairs; and hosting a broomball tournament this fall, inviting all counties in Zone 1 to participate.

PEE WEE DIVISION

Left to right: Charles Adams, Best Defence; Ted Vanderydt who presented the Leo's Livestock Exchange Trophy; Tod Wallace, Best Defence; Steven Potter, Most Improved Player; Phil Zuger, who presented the Zuger Award; and Bruce Racine, Most Valuable Player who accepted the trophy.

JUVENILE DIVISION

Front, left to right: Dan Villeneuve, Best Defence; Steve Porteous, Most Improved Player; Marvin Declare, Best Goalie; Errol Straby, Most Valuable Player.

Back row, left to right: Claude Villeneuve, Mike Anderson and Mrs. Elwood Cahill who made the presentations.

NOTE: Marc Cousineau, Best Defence, was unable to be present. Press Photos—Rowan

South Mountain Bowling Lanes

Monday, April 17th

Men's High Scores: Jim Scott 745 (299); George Berube 692; Ronnie Simzer 669; Alan Forbes 655; Donald Levere 641.

EMBRUN Coming Events

BIG NIGHTS FOR HOCKEY BOYS

Embrun will be honouring hockey players of nearly all ages in the next two weeks.

Friday evening, May 5th has been designated as 'Little Guys' night when all players from Novice to Bantam will share a delicious meal followed by presentation of awards for outstanding stars.

The fun begins at 6:30 and most youngsters consider this one of the real highlights of the entire season.

MORE ADVANCED PLAYERS

More advanced players, however, are not being overlooked. One week later on Saturday evening, May 13th, the hall will once again be alive with activity when Bantams, Midgets and Juniors will be guests of honour.

Again on this occasion outstanding ability will be recognized and proud parents will join their boys for the gala occasion.

PANTHERS NEXT

Although no date has been established plans are also underway for another event honouring the Panthers, a team that once again distinguished themselves in Hardy Cup play.

REMINDER

And business houses remind readers that spring bargains are being offered in all departments.

CONSEIL D'EDUCATION DES COMTES DE
STORMONT, DUNDAS AND GLENGARRY
COUNTY BOARD OF EDUCATION
AREA MECHANIC
MAINTENANCE
DEPARTMENT
Applications are invited for the position of Maintenance Mechanic, for Area No. 1 of the Stormont, Dundas and Glengarry County Board of Education, operating from the district office in Morrisburg.
1977 Salary Schedule - Group 0(a) $219.94 - $252.97.
Applicants should be qualified tradesmen, holding a certificate of competency in their trade; and also possessing sound, practical working knowledge of at least two other trades.
The successful applicant must hold a current chauffeur's licence; be capable of working with a minimum of Supervision, be able to make decisions; and to direct and supervise other maintenance work carried out by local contractor. When not engaged on repairs, he will be required to instigate and carry out on a regular basis preventative maintenance measures to all Board buildings, plant and equipment within the area.
He will be responsible direct to the Assistant to the Controller of Plant, Mr. George Haineault, to whom all applications should be addressed on or before 5:00 p.m. Thursday, April 26th, 1978, at 305 Baldwin Avenue, Cornwall, Ontario.
Other things being equal, preference will be given to applicants from the areas west and north of the City of Cornwall.

Thomas Cruickshank
April 19, 1978.

TENDERS

INVITATION TO TENDER
The MORRISBURG HYDRO ELECTRIC COMMISSION invites tenders for the purchase of their property located on the north side of Colin Street, Morrisburg, composed of all of Lots 2 and 3 on the north side of Colin Street and all of Lots 2 and 3 on the south of Annette Street, all in Block XI, Registered Plan 29 for said Village.
The property contains a two storey brick building of about 3,000 square feet floor space situated on the above lots, zoned R2 and about two-thirds acre in size. Not included is the double steel garage. Further information may be obtained by contacting the undersigned. Offers to purchase must be submitted in sealed envelopes addressed as follows: The Morrisburg Hydro Electric Commission, P.O. Box 818, 8 Colin Street, Morrisburg, Ontario. K0C 1X0 and marked: TENDER FOR BUILDING and must be received by 1:00 p.m. D.S.T. May 10th, 1978, at the above office and accompanied by a certified cheque for at least 5 per cent of the tendered quotation. Cheques will be returned to unsuccessful bidders and all offers will be irrevocable until May 24, 1978.
The highest or any tender not necessarily accepted.
Mary Schwerdtfeger,
Secretary-Treasurer. 52-2c

CARDS OF THANKS

CARD OF THANKS—I would like to express my sincere thanks to relatives, friends, and neighbours for flowers, gifts, cards and visits during my recent stay in Winchester Hospital. My sincere appreciation too, for the kindness of Dr. Flowers and the nursing staff.
—Arlowa Ferguson 1p

CARD OF THANKS—We wish to express our sincere thanks to relatives, friends and neighbours for the flowers, visits, gifts and cards received while we were patients in Winchester Hospital. Special thanks to Dr. Rosenquist and the nursing staff in the maternity ward.
—Joyce and Michael Francis. 1p

CARD OF THANKS—I would like to sincerely thank my many friends and relatives for the cards, calls and flowers during my stay in Winchester Hospital. Also a special thank you to Dr. H. Justus and staff of the first floor.
—Sydney Froats. 1p

CARD OF THANKS—I wish to convey my sincere thanks to Mrs. Price, the doctor and staff of Wellington House Nursing Home, Prescott for the care and attention given to me while I was a resident there. Added thanks to all who sent cards, letters, and reading material and those who visited me so faithfully. All these things were really appreciated.
—Aura E. Watts 1p

CARD OF THANKS — Sincere thanks is conveyed to Dr. Carruthers and the nurses and staff of 2nd floor West of the Civic Hospital for the care given to me during my surgery and recuperation. Thanks also to Dr. Barton, Dr. Flowers and the nurses and staff of 1 East, Winchester Hospital and to those who visited, sent cards, letters, treats and flowers. To the clergy for prayer on my behalf and to our family for many kindnesses shown to me during my long convalescence. I shall always be grateful.
—Winnie E. Watts 1p

CARD OF THANKS—We would like to express at this time our most heartfelt thanks to all those who provided help and moral support for us at the time of our brother Jimmie's death. The kindness will long be remembered. Also our thanks to friends and neighbours for their help and support in the days preceding our auction sale and to those who worked so hard at the sale. Special thanks to the first Winchester Boy Scout Troop who so ably handled catering services.
—Thomas and Elizabeth Fife 1p

CARD OF THANKS—We wish to express sincerest appreciation to our friends, neighbours and relatives for the gifts, cards and good wishes and special thanks to everyone who came to celebrate with us our 25th Wedding Anniversary.
—John and Wilhelmena Langens and family. 1p

CARD OF THANKS—We wish to thank our family for the lovely party and gifts; also to our brothers and sisters and families for their gifts. To the neighbours and friends for their gifts and also to Hulbert United Church for the flowers and those that gave money on our 50th Wedding Anniversary. Many thanks to all.
—David and Geneva Gilmer 1p

CARDS OF THANKS

CARD OF THANKS—We would like to take this opportunity to say "Thank you very much" to each and everyone who made our Golden Anniversary a very memorable day. We thank you for best wishes, cards, gifts, telephone calls and a special thank you to our family, Bill Marshall, Rev. Charles Massey and ladies of U.C.W. who made it all possible. It was a day we will never forget.
—Lilah and Gordon Mulholland. 1p

IN MEMORIAMS

DOUGLAS—In memory of a dear, kind friend, Mrs. Daisy Douglas who passed away May 2, 1976.
Time speeds on, two years are gone
Since you left us, to go beyond
To be with God, in heaven above
But your memory, and love lingers on.
—Harold and Evelyn Cowan 1p

BARKLEY—In loving memory of a dear mother and grandmother, Estella Barkley, who passed away May 3, 1977.
Wonderful memories woven in gold,
This is a picture we tenderly hold:
Deep in our hearts your memory is kept
To love, to cherish and never forget.
—Sadly missed by Daughters and Families 1c

WARREN—In loving memory of a dear father and grandfather, Herbert Warren who passed away April 29, 1974.
Time changes many things
But love and remembrance will always cling.
—Lovingly remembered,
The Family. 1c

RICHARDSON—In loving memory of a dear father and grandfather, Percy Richardson, who passed away on April 26, 1975.
God's golden gate stood open
Three years ago today
With farewells left unspoken
You gently slipped away.
You suffered much in silence
Your spirit did not bend
You faced your pain with courage
Until the very end.
You fought hard to stay with us
But your fighting was in vain
God took you to His loving home
And freed you from all pain.
—Always remembered by son Garry, Carol and grandson Guy. 1c

COMPLETE REGISTERED HOLSTEIN MILKING HERD
OF

Peter Van Baal,

Williamstown, Ontario

will be sold at the farm in Williamstown

Friday, April 28, 1978

Commencing 1 p.m.

Sale will be held under cover if weather demands.

LOCATION - 1 mile north of Williamstown on the Glen Gordon Road, second concession of Charlottenburg.

39 cows, 22 purebreds, 17 identified grades.

This herd has been on supervised DHIA for 8 years, in the 120 percent bracket. EBI used for 20 years, all sired by and bred to some of the leading sires in EBI.

Herd all tested negative to brucellosis within 30 days of sale.

SALE MANAGER'S NOTE: An outstanding herd of young cows in good condition, high production and exceptionally good udders. Will be a great opportunity for any breeder to improve his herd.

ALSO SELLING: 44 can Mueller bulk tank; Dari Kool automatic pipeline for 36 cows, four milking units, automatic wash.

Auctioneers: Mahlon Zeron & Hugh Fawcett

ONTARIO GOVERNMENT NOTICE
THE EXPROPRIATIONS ACT
NOTICE OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

IN THE MATTER of an application by the Minister of Transportation and Communications for approval to expropriate lands being in the Township of Osgoode, in the Regional Municipality of Ottawa-Carleton and in the Municipal Township of Mountain and Winchester, in the County of Dundas, in the Province of Ontario, for the purpose of widening and reconstructing a portion of The King's Highway 31.

NOTICE IS HEREBY GIVEN that application has been made for approval to expropriate the land described in the schedule hereto.
Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing,
(a) in the case of a registered owner, served personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;
(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

THE APPROVING AUTHORITY IS the Minister of Transportation and Communications, Parliament Buildings, Toronto, Ontario. M7A 1Z8 and the Minister of Transportation and Communications, Mr. W.G. Wigle, Regional Director, Postal Bag 4000, Kingston, Ontario. K7L 5A3.

NOTES:
1. The Expropriations Act provides that,
(a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;
(b) the inquiry officer,
(i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and
(ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed $200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.
2. "owner" and "registered owner" are defined in the Act as follows:
"owner" includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested;
"registered owner" means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper Land Registry or Sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;
3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

SCHEDULE

All right, title and interest in the lands described as follows:
A. In the Township of Osgoode, in the Regional Municipality of Ottawa-Carleton, in the Province of Ontario, being
1) (a) parts of Lot 44, Concession 7, designated as PARTS 1, 3, 4, 5 and 6, and
(b) part of Lot 44, Concession 7, designated as PART 2, subject to the rights of Bell Canada as described in Registered Instrument Number 168710, and
(c) parts of Lot 43, Concession 7, designated as PARTS 9, 10 and 11, on Ministry of Transportation and Communications' Plan P-2149-48, deposited in the Land Registry Office for the Registry Division of Ottawa-Carleton Number 5 as Plan 5R-3311;
2) (a) parts of Lot 42, Concession 7, designated as PARTS 1, 2, 4 and 6, and
(b) parts of Lot 41, Concession 7, designated as PARTS 7 and 8, and
(c) parts of Lot 42, Concession 7, designated as PARTS 3 and 5, subject to the rights of Ontario Hydro as described in Registered Instrument Number 16521 and 16051,
on Ministry of Transportation and Communications' Plan P-2149-49, deposited in the Land Registry Office for the Registry Division of Ottawa-Carleton Number 5 as Plan 5R-3380;
3) (a) part of Lot 44, Concession 7, designated as PART 1, and
(b) part of Lot 43, Concession 7, designated as PART 2,
on Ministry of Transportation and Communications' Plan P-2149-51, deposited in the Land Registry Office for the Registry Division of Ottawa-Carleton Number 5 as Plan 5R-3381;
B. In the Townships of Mountain and Winchester, in the County of Dundas, in the Province of Ontario, being
1) part of Lot 24, Concession 11, of the Geographic Township of Mountain, designated as PART 3, on Ministry of Transportation and Communications' Plan P-2176-11 deposited in the Land Registry Office for the Registry Division of Dundas as Plan 8R-924.

This Notice first published on the 26th day of April, 1978.

Church Sponsors Mission Festival

Mission '78 - A Festival, of concern, of information, of sharing, about the mission work of the United Church of Canada, particularly as it relates to the local community.

The Congregation of Williamsburg United Church, recognizing in our church today a general lack of understanding about mission work, is doing something!

A weekend composed of three major events, beginning with a session on Friday, April 28th, at 7:30 p.m., entitled "Issues", which focuses on a growth in our understanding of the mission work of the United Church of Canada. Rev. Roy C. Huntly, Associate Secretary - Montreal & Ottawa Conference Staff, will be with us to assist in that process.

The festival atmosphere picks-up in Saturday, April 29th's event which, starting at 1:30 p.m. and continuing to 4:00 p.m., will consist of displays, slide-tape presentations, information sharing and dramatic skits, involving people from all over Seaway Valley. The Drama Skits are being directed by Mr. Mike Saver, Drama Resource Person for Seaway Valley Presbytery. Some of the many needs and concerns in mission work, both locally and nationally, will be presented in an informal and informative manner, that promises to raise our understanding in both an interesting and challenging way.

The final event, The Worship Service, at 11:00 a.m. on Sunday, April 30th, will climax the weekend's events in a worship experience which is shared, through the medium of recorded voice, with the Moderator, The Right Rev. George Tuttle, the Past Moderator, The Very Rev. Wilbur Howard, and the Secretary of Stewardship Services, The Rev. Jewitt Parr. The music during the service will include soloist Dennis Millward singing "The Impossible Dream", and the choir of the church singing "Climb Every Mountain". Both selections will be accompanied by the organist, Mrs. Emma Thompson. The music as you will no doubt realize reflects the principles of the Gospel as they apply to our Mission to others.

The program, being co-ordinated by Mr. Wilbur Garlough, Mrs. George Wright and Mrs. Kenneth Beckstead, will be held in the Williamsburg United Church the weekend of April 28th to 30th. The Congregation extends a warm and cordial invitation to all of their Christian friends, in Seaway Valley and the United Counties, to attend one or all of the events of Mission '78, to share with them your insight, questions and concerns.

We do hope that you will be able to attend this important event and share with us in the life and work of all God's people.

See you at Mission '78, April 28th to 30th.

Red Cross Faces Financial Crisis

Ontario branches of the Canadian Red Cross Society may be faced with reducing services to the community, says newly-elected Ontario Division president Christopher Paterson.

"In the fiscal year 1977, our costs rose by 13.8 per cent over those of 1976", reports Paterson. "These increases resulted from a combination of inflation, coupled with some expansion of our programs to reach people where we felt there were unmet needs.

"Revenues, however, did not keep pace with these increases. In fact our revenues decreased in 1977 by $46,000 compared to 1976. While we expect some improvement in our revenue position in 1978, it will not likely increase in line with our cost."

Apart from government funding in specific services such as Blood, Hospitals and Homemakers, Red Cross in Ontario is dependent on United Way for approximately 90 per cent of its funds. The balance is derived from independent fund raising campaigns by Red Cross branches in areas where there is no United Way, and from legacies and other miscellaneous sources.

"If we wish to continue delivering services at the same level in the coming years", says Paterson, "we will be forced to seek additional sources of supplementary funding. We are now building a strong team of volunteers with expertise in all aspects of fund raising. This team will be responsible for revitalizing and retraining people in our 125 branches to develop strong fund raising mechanisms, both for our own campaigns in March and in support of local United Way appeals.

"We are in competition for dollars, as are so many community service agencies today. In times of lesser affluence, need for such services as ours increases. Unfortunately, as disposable income shrinks, so do donations.

"Only by keeping people constantly aware of the work we do, can we hope for their generosity and support."

Red Cross services to residents of Ontario include the collection, processing and provision of blood, at no charge, to 181 hospitals and 83,444 recipients in the province. Last year, 1630 Red Cross homemakers made 173,000 visits to the sick, elderly or incapacitated. Ten small hospitals were operated in rural Ontario. Through the Family Health program, 733 people learned preventive health care, and the First Aid program graduated 291 instructors. Red Cross also offers Water Safety services, Services to the Schools, and a multitude of Services for Seniors. 90 per cent of programs are executed by volunteers, who also make up the management of the society.

Rabbit Club Elects Slate

The initial meeting of Dundas 4-H Rabbit Club was held at the OMMB board room, Winchester, on April 10th where the following slate of officers were elected: president, Christine Cross; vice president Greg Vandenbosch; secretary Heather Cronin; press reporter, Melody Cronin.

Appointed to the executive committee were Joey VanKoppen and Randy Helmer. Club leader is John Cronin and the next meeting will be May 1st at the same location.

Morewood News

Mrs. Margaret Barnes spent the weekend in Montreal visiting Mrs. Mary Rock.

Mr. and Mrs. Hume McConnell have returned after spending the winter in Florida.

Mr. Allan Swerdfeger is a patient in Winchester Hospital. We wish him a speedy recovery.

Announce Cancer Awards

Awards totalling $5,385,649 have been given to Ontario researchers by the National Cancer Institute of Canada.

This is nearly 50 per cent of the 1978-79 funding total of $11,063,332 being distributed nationally to support research into the cause and possible cure of cancer.

In announcing the funding, the Institute expressed the appreciation of the scientific community to the many thousands of volunteers of the Canadian Cancer Society, whose fund-raising efforts in the annual April campaign provide most of this money.

The largest single grant ($594,579) went to support the Cancer Research Unit of the University of Western Ontario, under the direction of Dr. J.A. McCarter. The Division of Biological Research and the Division of Physics Research at the Ontario Cancer Institute received awards of $574,949 and $531,522 respectively.

Support of the Epidemiology Unit at the University of Toronto, under the direction of Dr. A.B. Miller, totalled $511,970. Also under the direction of Dr. Miller, the Clinical Trials program at the University of Toronto was awarded $300,062.

The Canadian Tumour Reference Centre at the University of Ottawa under the direction of Dr. W.T.E. McCaughey, received $360,118.

A number of other research teams at Ontario universities were recipients of grants. Among the 22 projects funded at the University of Toronto were Dr. E. Farber's investigation into the pathogenesis of cancer induced by chemicals, which was granted $120,964, and a study involving the regulation of erythroid differentiation in murine and human leukemia and the genetic control of host cell response to leukemogenic virus undertaken by Dr. A.A. Axelrad, receiving $99,722.

Dr. W.E. Rawls and associates received $267,682 to continue studies in viral oncology at McMaster University in Hamilton. A grant of $171,124 was awarded to a team of scientists headed by Dr. N. Kaufman.

Other universities receiving grants for cancer research projects were York University, the University of Guelph and the University of Windsor.

Scientists at three Toronto hospitals also received funds: the Hospital for Sick Children, Mount Sinai Hospital and Toronto Western Hospital.

Mahlon's Protegé

Brian Duvall, a Morrisburg native, admits one of his real joys in life has been watching his good friend Mahlon Zeron perform at auction sales.

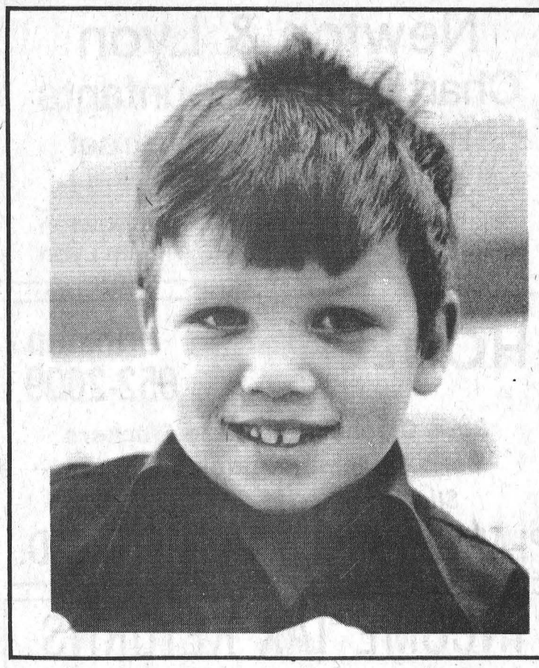
Today Mr. Duvall is himself an auctioneer, and he credits the popular Matilda Township professional with getting him started on the right foot.

"He told me where to go for schooling", the new auctioneer says, and helped me all he could."

Brian has already completed at least one successful sale, and hopes others planning auctions will dial 652-4901.

While at school his instructors offered sage advice regarding proper attire. That explains why the young man appears at sales wearing his 10 gallon hat and fancy boots.

Brian Duvall



TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

Peter is an engaging seven-year-old with blue eyes and unruly brown hair. Though he appears to have average ability he has a short attention span and is easily distracted. He is now repeating Grade 1, and waiting for a place in a special class where the teacher has only six pupils so can spend much time with each of them.

Peter is in good health but there is a possibility he may have minimal brain damage. This is being investigated.

He likes sports but is not well co-ordinated so will not likely be a star athlete. But he has fun. He is fond of music, especially singing and he wants to learn to play the organ.

Peter loves any kind of outing and is warmly responsive to individual attention from interested adults.

Peter needs a mother and father with warmth and patience enough to let him make the first advances. He should be the youngest in his adopting family.

To inquire about adopting Peter, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. In your letter tell something of your present family and your way of life.

For general information about adoption contact your local Children's Aid Society.

Regional Officals On Hot Seat

Continued From Front Page

Going a step further she suggested the Region offer financial assistance to those fighting any change in the present status of Osgoode Township.

MORE THAN CONSERVATION

Many found the meeting an ideal time to air their views on other matters and lambasted what they referred to as "zoning bureaucracies"; "planning bureaucracies" and "all those who tell us what we can, and can't, do with our own land".

"What we have here", suggested another, "is government pollution - no less than four governments, all infringing on our rights."

A touch of humour was added when Bob Myers, after studying the huge maps on display, noted his own home was zoned "commercial".

"And all I'm raising", he grinned, "is a couple of kids".

ECOLOGICAL SURVEY

Mr. Hunter attempted to restore some semblance of understanding by explaining that the conservation move followed an extensive "ecological survey" conducted by Dr. Reid and a group of students, but he only stirred up another hornets' nest.

Why, everyone wondered, had no one seen or talked to any of those conducting the survey?

Landowners also took exception to calling the concerned area a "Bog", since in their opinion referring to their land in this manner greatly reduced the re-sale value.

Len Perkins, whose holdings are in that particular area, suggested rather vehemently, that such meetings are a complete waste of time.

He came to this conclusion after asking a series of, what he considered, pertinent questions, and (in his opinion) receiving no logical answers.

"If you don't favour conservation on your land", asked one Regional official, "then what alternative do you favour?"

"I don't need an alternative", he shot back, "just leave me alone".

"But you don't have that choice, you must have an alternative", came the reply.

And at this point, in complete disgust, Mr. Perkins stormed out of the hall.

LANDOWNERS KNOW BEST

Mike Daly, a life-long resident of the area, whose grandfather was an Osgoode homesteader, quietly suggested the Region stay out of such matters.

"For generations", he said, "we have conserved our own land, and we can still do it better at much less cost".

Part of the controversial meeting was recorded by CBC cameras, and it appeared late in the evening Osgoode Township ratepayers plan to completely oppose any move that might either deflate value of their land or control its use.

Open Hwy 43 Tender

TORONTO — Transportation and Communications Minister James Snow announced that tenders have been called for grading, drainage, granular base, hot mix paving and special design culvert on Highway 43 from Merrickville easterly to Old Highway 16 for 10.9 miles including Murphy Drain (east branch).

Tenders will be opened for this project at Ministry headquarters in Downsview May 17.

From Morewood

Mr. and Mrs. Thos. Reveler called on Mrs. Clara Faulkner.

50th Wedding Anniversary

Mr. and Mrs. Alan Crowder and Mr. and Mrs. Douglas Disheau and Melissa entertained Mr. and Mrs. Lloyd Hess to dinner in Manotick on Sunday in honour of their 50th Wedding Anniversary. Congratulations.

Student Job Situation

Continued From Front Page

The student placement officers assist students in finding summer employment and aid employers in their search for summer help.

Joe Fontaine, manager of the centre, said students who had previously registered with the regular Manpower Centre for summer work can be assured their applications have been transferred to the student centre.

"Students are encouraged to drop by the Canada Manpower Centre and meet with the staff to discuss a summer employment," he said.

Student placement officers will be visiting local employers to discuss their needs and keep them informed of the availability of student workers, said Fontaine.

He noted that the student centres are an integral part of the Federal government's employment strategy for Canadian youth.

This centre is one of 120 offices operating across Ontario this summer, staffed by over 400 young people.

Geographical Survey

Continued From Front Page

This phase of the work is expected to be completed by the end of the summer.

Meanshile, a public attitude survey regarding the future selection of a generating site will be conducted by the Sheridan College of Applied Arts and Technology Research Centre in Oakville.

Personal, in-home interviews will be conducted with a random sample of residents in the Counties of Grenville and Dundas and in part of the Counties of Leeds and Stormont.

Results of the study will be considered in the evaluation and comparison of the potential sites identified near Prescott and Iroquois.

Comparisons of the sites will be based on engineering, economic, environmental and social considerations.

The study report is expected to be completed by early June.

Back Injuries

Fact Or Fantasy?

TORONTO—Back pain affects between 50 and 70 percent of all adult Canadians, the sufferers numbering in the millions, said Dr. Hamilton Hall last week at a session of the Annual Conference of the Industrial Accident Prevention Association.

Dr. Hall is an orthopedic surgeon at Toronto General and Women's College Hospitals, a university lecturer and founder of the Toronto Back Education Unit.

In his speech, "The Myth of Industrial Back Injuries", he said that the problem of back pain is often complicated by mystifying anatomical explanations of the medical profession.

"Back pain is not a disease to be cured but a problem of wear and tear to be controlled," he said. Dr. Hall said 99 percent of back pain gets better with age. In fact only five percent of back pain sufferers actually require back surgery, he added.

As for back injuries in the workplace, Dr. Hall drew an analogy with the worn tires of a car which give out when the car is driven over a pothole. "Strain is always imposed on some level of normal degeneration. The element of wear and an episode of injury lead to back pain. Minor injury is never an isolated event which aggravates the natural aging process," he explained.

Because X-rays can only indicate fractures or bone tumors they are generally not useful in diagnosing the causes of most back pain, he said.

Proper lifting is just one element in a continual ongoing program for protecting the back, stressed Dr. Hall. Other techniques, such as elevating one foot while standing for prolonged periods, can prevent compression of the facet joints of the back.

Dr. Hall also pointed out that emotional reactions to pain must be taken into account when a person returns to work after suffering an injury to the back.

The often negative attitude and state of mind of the back pain sufferer can be aggravated by the mistaken belief that, by working, he is increasing the damage to his back, he said. Above all, he urged, it is important not to discourage the patient by telling him the pain is all in his head.

Kemptville Hosts U.C.W. Presbyterial

"Oil for our lamps" was the theme of the 10th annual meeting of the Seaway Valley Presbyterial of the UCW held on Wednesday in Kemptville. 187 ladies registered for the day which was under the leadership of Lillian Allison, chair person of the Presbyterial. Enid Arscott was in charge of music and the theme song "Give Me Oil In My Lamp" was sung several times during the day. The afternoon worship on the theme was conducted by Muriel Eastwood of Cornwall. The thought was brought out that "having oil in our lamps means living our lives in Christ who gives us strength for anything."

Mary Wall and Mary Loree reminded the group of two important events, Summer Event in August and the Festival of Faith in October.

Mrs. Miriam Woodland brought greetings from M & O Conference UCW and spoke briefly on her experiences as President. Rev. Charles Massey brought greetings from Seaway Valley Presbytery.

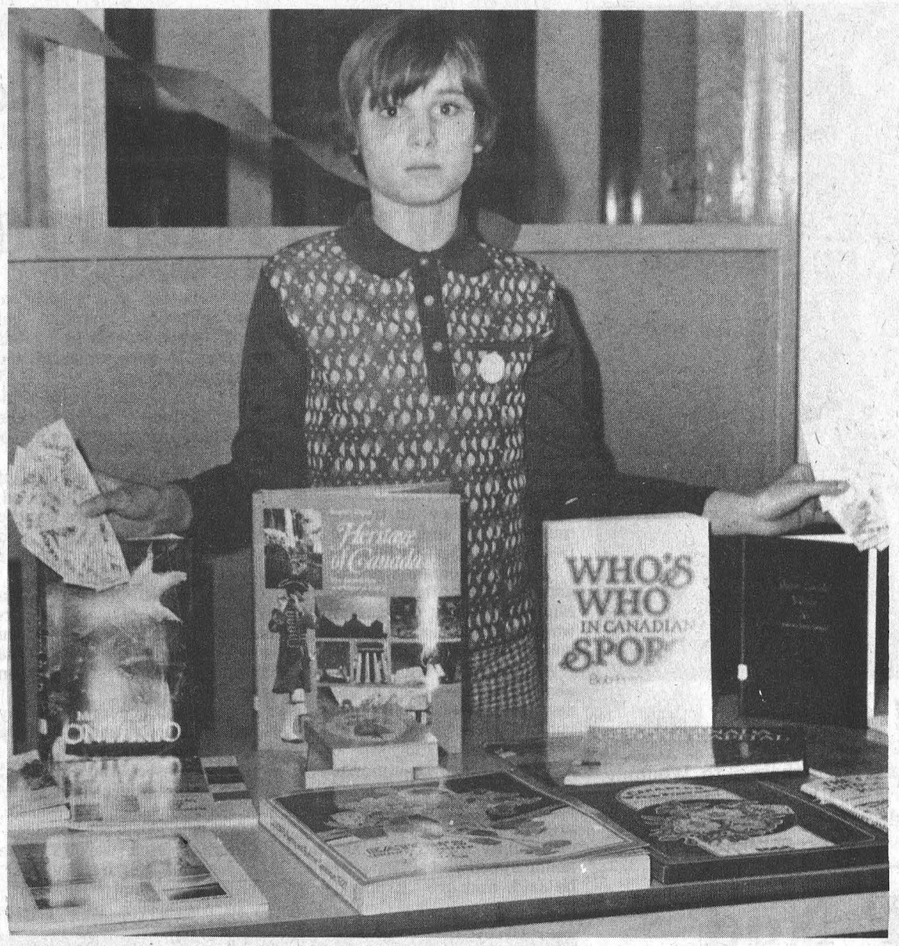
Guest speaker for the day was Mrs. Anne Squire of Ottawa, an outstanding church worker, educator and curriculum writer. Mrs. Squire used scripture to show the many references to oil and its uses. The chief use was for burning and the group struggled with the question, "Do you feel burned out or is there still some oil in your lamps?" We need to keep our oil supply refilled so we can burn at a steady glow. Sources for this oil are in worship, both public and private; in study and in forming a positive image of ourselves as women. Mrs. Squire feels that religious education needs to uncover the hidden history of women so that women can realize their special importance as daughters of God. She mentioned the many references Jesus made to women and ways he broke the traditions of his day by showing mutual love and respect, by refusing to accept the stereotype of women, by refusing to accept double standards, by teaching both men and women and by challenging laws which were detrimental to women. The three most important revelations Jesus made were to women: that of Advent (to Mary), of his messiahship (to the woman at the well) and of resurrection (to the women at the tomb).

Mike Saver of Iroquois explained his role as drama coach for a 28 week period in the Presbytery. He is attempting to set up workshops, etc. in the various zones.

During the afternoon the following slate of officers were installed by the President of the Conference UCW, Miriam Woodland:

President, Lillian Allison; Corresponding Secretary - Elizabeth Beaudette; Treasurer, Marion Peterson; Press and Publicity, Beryl Bruce; Stewardship, Nan Brown; Personal Growth, Alice McLauchlan; Literature, Lorraine Cleary and Edith Jenkins; World Outreach, Betty Linnett; Church in Society, Ann Webber; Nominating, Jean Scott; Regional Vice-Presidents, Phyllis Noble (1), Ruth Alguire (2), Muriel Milne (3), Martha Hunter (4).

Mary Stafford of St. Eugene gave a poetic "thank you" to all who took part in this annual meeting and Prescott UCW conducted the closing worship.



Stock Nationview Library Through Half-Back Program

SOUTH MOUNTAIN—A two-day ticket drive by Nationview Public School students here proved that old Wintario tickets can still be winners.

The students, through the Wintario Half-Back program, managed to collect 1,500 tickets which were used to partially offset the cost of 300 new library books. Through the half-back program, Wintario will pay $2.00 on the price of any book by a Canadian author if the purchaser turns in a used lottery ticket.

Organizer John Pollock, a Nationview teacher, spurred the students on with awards for those collecting the most tickets. In the Primary division, Gerry Hamilton was the top collector, with Kent Raistrick second. Junior winner was Oscar Fawcett, with runner-up Cathy Crowder and at the Intermediate level, Kevin Francis and Steven White were winners.

The $600 to $700 value of the tickets accounted for 40 percent of the book costs, with the remainder—$800—taken from the school's library book budget. A spokesman at the school said the program made possible the purchase of many books which would not otherwise have been available to the students.

Photo: Nick RostvanTonningen

displays some of the books purchased at Nationview with the help of used Wintario tickets.

Education Week

School Committee Meets At Nationview

As part of Nationview's Education week activities and with the direct intent of getting to know the school, almost 100 parents, students, and teachers attended a School Committee meeting at Nationview.

Mr. Bain welcomed the parents, introduced the teachers, and gave a brief outline of Nationview's structure and policies. He stressed the two main views of Nationview programme - a good basic education, capable of responding to the ability of the student, and the other view of a rich variety of activities.

The parents are then invited to go in small groups to tour the school. Each group spent time discussing the school programmes and examining and viewing the activity demonstrations.

The groups reconvened as a school committee at 10:00 p.m. Mr. Bain discussed Spring Festival and explained how it involved so many senior students. The Senior trips were discussed and parents gave the senior trips a strong vote of confidence. The S. D. & G. policy regarding food for sale in schools was discussed and several good suggestions were made.

Mr. Bain thanked the parents for their participation and he closed the meeting with an invitation to visit the school, to get to know the staff, and to voice any concerns. In his words, "We are an open school, that means we are open to visits, to suggestions, to comments, and, if reasonable, to change. Come to see us."

Attend Fifieth Wedding Anniversary Celebrations

Friends and neighbours attended the 50th Wedding Anniversary on Saturday evening in the I.O.O.F. Hall, South Mountain in honour of Mr. and Mrs. David Gilmer.

Mr. and Mrs. Sam Cowan, Evans and Shawn of Prescott were Sunday visitors of Mr. Hilliard Gilmer. They were callers on Mr. and Mrs. David Gilmer.

Some of the lodge members attended the L.O.L. banquet at Morrisburg on Saturday evening.

Birthday greetings from this community are extended to Mrs. Lee Kennedy. All wish her many more Happy Birthdays.

Sympathy is extended to Mrs. Walter McShane in the passing of her aunt, Mrs. Minor Cook of Spencerville.

Mr. and Mrs. Robert A. Gilmer and Ellie May of Lyn, Ont. and Mr. and Mrs. Alex Sokolouski of Rochester, N.Y. were Sunday callers on Mr. and Mrs. David Gilmer.

Jr. Farmers Hold Crest Competition

East Carleton Junior Farmers learned a valuable lesson on Parliamentary Procedure at their last meeting when guest speaker Terry Stewart delivered a both interesting and educational address on proper methods of conducting meetings. Mr. Stewart, Ottawa-Carleton Assistant Agricultural Representative, was introduced by club president Susan Rowan and thanked by Keith Jeacle who also presented a small token of the club's appreciation.

Since April is "Membership Month", the club extended a special welcome to new members and drafted plans for summer activities.

Various comprehensive reports were submitted including Jim Waddell's review of the recent Provincial Conference at Toronto. In addition Jim Kelly reported on the season's hockey activities, and Al Stanley, who captured the club's curling crown, explained some of his strategy.

CREST COMPETITION

Members were reminded that entries for the "Crest" competition must be submitted by May 1st, and Mr. Stewart announced that the creator of the best design will receive a county jacket. Judges for the competition are Don Black, Agricultural Representative; Mr. Stewart; and Mr. McDonald, also associated with the Ministry of Agriculture and Food.

COMING EVENTS

Included in plans for the immediate future are a "Country Dance" at Richmond on May 20th; a "Workshop" for all executive members of both Junior Farmers and 4-H Clubs at South Carleton High School on May 4th at 8:00 p.m.

Prior to adjournment a committee was set up to organize a club dance in the near future, and another group will study the possibility of organizing a special evening for area senior citizens.

The meeting ended on a lighter note when all enjoyed square dancing with Norman Robinson of the Old Time Fiddlers' Association calling the turns.

Two Injured In Accident

Two people were slightly injured in a two vehicle accident near Winchester Saturday night which caused about $3,000 damage to the cars involved.

A passenger in a 1977 Chevrolet driven by Douglas Merkley of 211-1129 Meadowlands Drive, Ottawa, was injured when the car collided with a 1970 Valiant driven by Thomas Gordon Fawcett of 487 Main Street, Winchester.

Mr. Fawcett also received minor injuries. The accident occured at 6 p.m. near the junction of Highways 31 and 43.

Investigating officer was OPP constable Paul Peterson of the Winchester detachment.

Surprise Party On 25th

On Saturday evening, April 22nd, Gerald and Doris Holmes were honoured at a surprise party at the Winchester Curling Club on the occasion of their 35th Wedding Anniversary.

The party was arranged by their daughters and husbands, Beverly and Allen Barkley, Bonnie and Ron DeVries, and Trudy and Andy Jarzyna.

An appropriate address was given by Beverly and the honoured couple were presented with their portrait, a gift of the family. Many other beautiful gifts were received. A book depicting the past 35 years was designed by their daughter Bonnie and proved to be a very interesting highlight.

Those present include the families, relatives, friends and neighbours of Jerry and Doris. Their youngest daughter Dorothy and her husband John Geymonat who now reside in Calgary were unable to attend.

The evening was spent dancing to Shad's Disco after which a delicious lunch was served by the girls and their husbands.

Mr. And Mrs. David Gilmer

Mr. and Mrs. David Gilmer, R.R. 1, South Mountain celebrated their 50th Wedding Anniversary with family and friends at the I.O.O.F. Hall in South Mountain Saturday night. P.C. Annual

No More "Free Rides" In Ontario Prisons

FINCH—Inmates in provincial prisons are going to work and they're not going to get paid for it, Correctional Services Minister Frank Drea said here last Wednesday.

Speaking before some 100 Tory supporters at the annual Stormont, Dundas and Glengarry Progressive Conservative Association meeting, Drea said he doesn't believe in traditional methods and there will be no more "free rides" for inmates.

"They are going to work as you and I," said the Corrections Minister. "They are going to work for Drea. And they are not going to be paid for it."

Without any frills, it costs about $65,000 per man to build a new penal institution, he pointed out, and it costs some $40 a day to keep a man in prison.

He said it is now common to see inmates helping the community, especially around the Millbrook area. Inmates there are doing community work, helping the handicapped and senior citizens, he said, and are "happy doing it".

Convicts are also helping to drain and clean hydrants, cut lawns, sweep streets and roads and work in environmental and conservation areas.

"With work comes responsibility and dignity", he said. "The convicts are going to work in our system."

Saying that recent reports of rioting inmates ae exaggerated, Drea added that inmates want to be part of the community and make the community a better place to live.

First elected to Queen's Park in 1971, Drea is MLA for Scarborough Centre. He believes an inmate should be an asset to the community rather than just an offender.

Drea was accompanied by Stormont, Dundas and Glengarry MLA Osie Villeneuve.

Elected Association President was Clayton Ouderkirk of Ingleside. He succeeds Bruno Massie, the immediate past president.

Others elected were Yvonne McDonell of North Lancaster, first vice-president; Basil Dawley of Winchester, second vice-president; Archie Byers of Crysler, third vice-president; and Elizabeth Locke-McIntosh of Williamsburg fourth vice-president.

New secretary-financial officer is H. Fay Shaver of Chesterville.

Three directors each from Stormont, Dundas and Glengarry were also elected. Directors from Glengarry are Ron MacDonell of Alexandria, Jeanette Abbey of Lancaster and Kenneth Rock of Lancaster.

Stormont Directors are Donald Eamon of Lunenburg, Francois Laundry of Crysler and Robert MacGregor of Avonmore.

Dundas directors are Ewart Simms of South Mountain, Charles Farlinger of Morrisburg and Steven Ault of Winchester.

Cornwall Pilot Seeks NDP Nod

CORNWALL—A 46-year-old Cornwall pilot will seek the NDP nomination here tonight (Wednesday) for candidacy in the forthcoming federal election, now expected to be called in July.

Brian Peters, an Air Canada pilot and president of the Stormont-Dundas NDP Riding Association, is the third candidate to officially announce his political intentions.

Incumbent Liberal MP Ed Lumley, who is parliamentary secretary to Finance Minister Jean Chrétien, is expected to be acclaimed at the Liberal nomination convention tomorrow.

And Charlottenburgh Township Reeve Adrian Gadbois, a controversial figure in the United Counties, announced his plans to seek the candidacy last week. It's also believed that two city aldermen may run for the Conservative nomination. No date has been announced yet for the Conservative nomination meeting.

Peters joined the Royal Canadian Air Force in 1951 and after six years transferred to the Air Force Auxilary where he was in charge of training until his retirement in 1966. He retired as a Squadron Search Commander.

Peters is a DC-8 captain on domestic and overseas routes. He first joined the NDP in 1974 and was a member of the Quebec provincial organizing committee.

He was a candidate in the 1974 federal election in the Brome-Missisquoi riding.

Lorne Fawcett Dies April 20

Funeral services were conducted on Thursday, April 20 at 2 p.m. at the Vice and Craig Funeral Home, Winchester for Lorne Fawcett, who passed away at the Winchester Hospital on Monday, April 17th. He was in his 71st year.

Mr. Fawcett was the husband of Hilda Levere and dear father of Mrs. David Martelle (Marjorie) of Cardinal, Mrs. William Madden (Barbara) of Roebuck and Mrs. John Marchand (Vera) of Brouseville. Sadly missed by his six grandchildren, Cindy, Ken Brenda, Gloria, Sharon, Darlene.

Lorne was the brother of Mrs. Frank Jack (Selma) of Saskatchewan, Mrs. Delbert Anderson (Mary), Manitoba; Mrs. William McNeill (Leafphy) of Prescott, Earl of Pleasant Valley, Percy of Alexandria, Stanley of Kingston and Arthur of Hudson Falls, N.Y. He was predeceased by Harold Fawcett in infancy, Mrs. Dwight Jackson (Vera) and Daniel.

Pallbearers, members of The Connaught Lodge No. 440 I.O.O.F. were Gerald Monroe, Ray Bantford, George Cooper, Harry Smails, Karl Cooper and Floyd Thompson.

Interment was in Spruce Haven Cemetery in Brinston.

Robert Mustard Suffers Fatal Heart Attack

A resident of Iroquois from an early age, Robert Mustard died at his Church Street home here on April 6th after suffering a heart attack. Robert was 56 on the day of his passing.

Born at Elgin, Ontario, son of Lydia Mustard and the late Rollan Mustard, on April 6, 1922, "Bob" as he was affectionately known in the community, came here with his parents to receive his education in Iroquois Public and High Schools.

In 1941 he joined the Royal Canadian Army Service Corps and served overseas in the United Kingdom, France and Germany, coming home in December 1945. In 1951 he was married to the former Emma Hodgson, who survives, along with two sons, James and John, both of Iroquois. Also surviving, in addition to his mother, who also lives in Iroquois, are a brother Ronald, and two sisters, Mrs. Hilda Banford and Mrs. Betty Thompson, all of Iroquois. Predeceasing him were two brothers, Rolland Arthur in 1921, Burton Alfred in 1941 and a sister, Gladys Elma, in 1948.

"Bob" was a quiet, unassuming man, well liked within the community and at Caldwell Linen Mills where he worked for 32 years, being foreman of the Dye and Bleach Department at his death.

The many floral tributes, heart fund cards, and bibles in memory of "Bob" showed the esteem in which he was held. Funeral services were held April 8th at 10 o'clock at C.W. Marsden Funeral Home, Iroquois, with Rev. Francis Gooch, St. John's Anglican Church, officiating. Mrs. John Avery presided at the organ while Mrs. Orean English sang "Amazing Grace", a favourite of the deceased, and the Lord's Prayer played at the request of his mother.

Interment was at Roselawn Memorial Gardens, Maitland.

Pall bearers were Lorne Froats, Ken Palmer, Lealand Coughlar, Hubery Shay, Carl Banford and Gary Barkley.

Ruby Lough Dies In Hospital

Mrs. Emerson Lough, the former Ruby Hoy died in St. Joseph's Hospital, Edmonton on April 23 in her 80th year, following a long illness.

A daughter of the late Mr. and Mrs. Andrew Hoy of Vernon, she received her education in area schools and in 1930 married Mr. Lough. They resided at Harmony until 1957 when they moved to Edmonton, Alberta.

Predeceased by her husband the late Mrs. Lough is survived by one brother Russell Hoy of Ottawa and two sisters, Mrs. Alex Campbell (Meryl) of Ottawa and Mrs. Leslie Smith (Beryl) of Edmonton. Several nieces and nephews also survive.

Funeral service on Wednesday, April 26 at the Hainstock Funeral Home, Edmonton, Alberta.

the way we see it

Letter From Umpire

Guess we're all guilty of, at one time or another, being overly critical of referees and umpires, and it just shouldn't happen where minor sports are concerned. Maybe after reading this LETTER FROM AN UMPIRE that appeared in the July 1977 issue of Baseball Canada, we may be more considerate in the future.

Donald Jensen was struck in the head by a thrown bat while umpiring a Little League game this spring in Terre Haute, Indiana.

He continued to work the game. But later that evening he was placed in the hospital by a doctor. While being kept overnight for observation, Jensen wrote this letter:

Dear parent of a little leaguer:

I am an umpire. I don't do it for a living, but only on Saturdays and Sundays for fun.

I've played the game, coached it, and watched it. But somehow, nothing takes the place of umpiring. Maybe it's because I feel that deep down I'm providing a fair chance for all the kids to play the game without disagreements or arguments.

With all the fun I've had, there is still something that bothers me about my job ... some of you folks don't understand why I'm there. Some of you feel I'm there to exert authority over your son. For that reason you often yell at me when I make a mistake, or encourage your son to say things that hurt my feelings.

How many of you really understand that I try to be perfect. I try not to make a mistake. I don't want your son to feel he got a bad deal from an umpire.

Yet no matter how hard I try, I can't be perfect. I counted the number of calls I made in a six-inning game today. The total number of decisions, whether on balls or strikes, or safes or outs, was 146.

I tried my best to get them all right, but I'm sure I missed some. When I figured out my percentage on paper, I could have missed eight calls today and still got about 95 per cent of the calls right ... in most occupations that percentage would be considered excellent. If I were in school that grade would receive an "A" for sure.

But your demands are higher than that. Let me tell you more about my game today.

There was one real close call that ended the game ... a runner from the home team was trying to steal home plate on a passed ball. The catcher chased the ball down and threw to the pitcher covering the plate. The pitcher made the tag and I called the runner out.

As I was getting my equipment to leave I overheard one of the parents' comments: "It's too bad the kids have to lose games because of rotten umpires. That was one of the lousiest calls I've ever seen."

Later, at the concession stand, a couple of kids were telling their friends, "Boy the umpires, were lousy today. They lost the game for us."

I felt just terrible when I got home. Here was a group of kids who had made a lot of mistakes, which had cost them a number of runs.

The purpose of Little League is to teach baseball skills to young men. Obviously, a team which does not play well in a given game, yet is given the opportunity to blame that loss on an umpire for one call or two, is being given the chance to take all responsibility for the loss from their shoulders.

A parent or adult leader who permits the younger player to blame his failures on an umpire, regardless of the quality of that umpire, is doing the worst kind of injustice to that youngster. Rather than learning responsibility, such an attitude is fostering an improper outlook toward the ideals of the game itself. This irresponsibility is bound to carry over to future years.

As I sit here writing this letter I am no longer as upset as I was this afternoon. I wanted to quit umpiring. But, fortunately, my wife reminded me of another situation that occurred last week.

I was umpiring behind the plate for a pitcher who pantomimed his displeasure at any call on a borderline pitch that was not in his team's favour. One could sense that he wanted the crowd to realize that he was a fine, talented player who was doing his best to get along, but that I was a black-hearted villain who was working against him.

This kid continued for two innings while at the same time yelling at his own players who dared to make a mistake. For two innings, the manager watched this. When the kid returned to the dugout to bat in the top of the third, the manager called him aside.

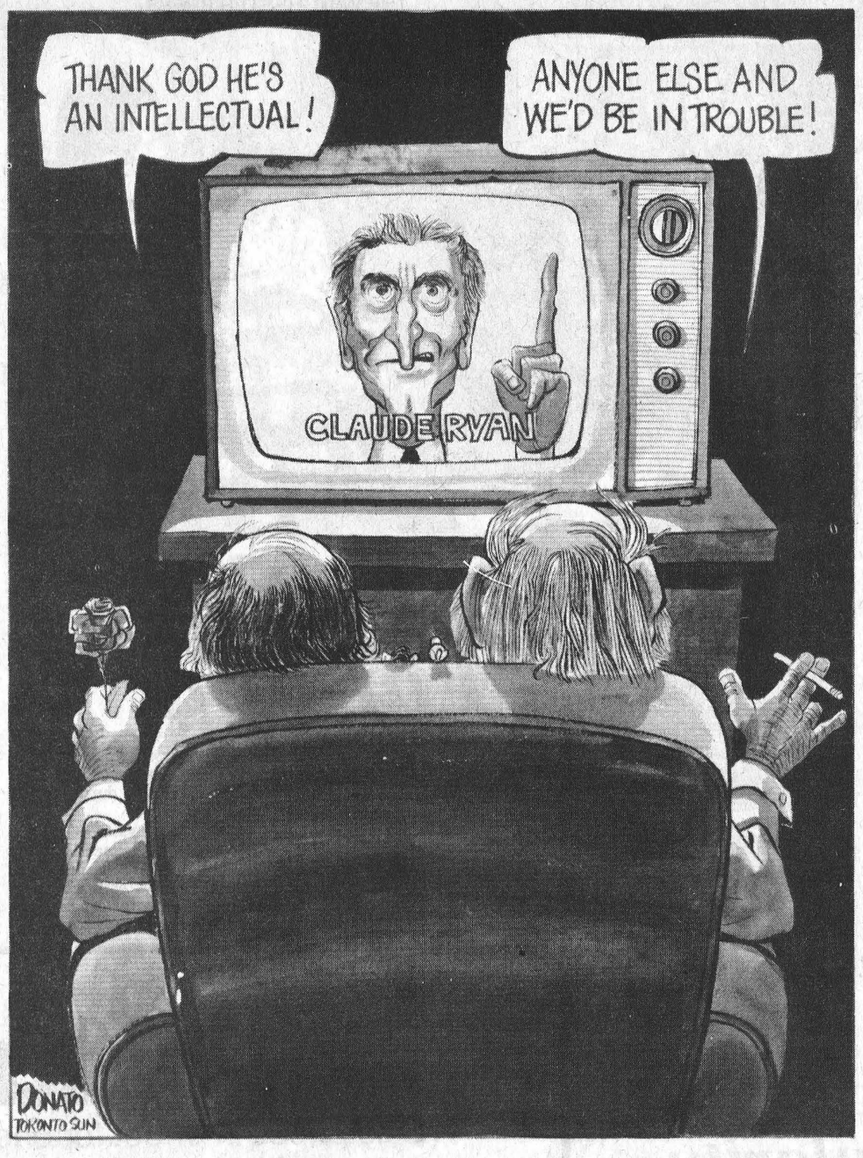
In a loud enough voice that I was able to overhear, the lecture went like this: "Listen son, it is time you make a decision. You can be an umpire, an actor, or a pitcher. But you can only be one at a time when you are playing for me. Right now, it is your job to pitch. And, you are basically doing a lousy job.

"Leave the acting to the actors, the umpiring to the umpires, or you won't do any pitching here. Now what is it going to be?"

Needless to say, the kid chose the pitching route and went on to win the game. When the game was over the kid followed me to my car. Fighting his hardest to keep back the tears, he apologized for his actions and thanked me for umpiring the game. He said he had learned a lesson that he would never forget.

I can't help but wonder ... how many more fine young men are missing their chance to develop into outstanding ball players because their parents encourage them to spend time umpiring, rather than working harder to play the game as it should be played?

NOTE: The following morning Donald Jensen died of a brain concussion.



The Generation Gap

By Dr. Gordon C. Smyth

Young people and their elders have always had difficulty understanding each other. The problem seems to be intensified in our time. Are there ways for bridging the gap?

It seems to me the first major premise for bridge building is that we recognize the radical difference between the childhood of many who are parents and the childhood of our children.

For instance, they are visual-oriented. "Happy Days" is more of a moral influence than Billy Graham or Pope Paul — except when the evangelist or the pope takes to the television screen.

Now let me take a second step. I think we can help bridge the generation gap if both young and old try to recognize what it is that we have in common.

I have noticed that the sensitive young person is able to break out of his peer-group isolation when there are children or old folk around. For the teenager, if he or she has any natural personality, does have a keen sense of curiosity.

To remember what it was like to be a child, to wonder what it is like to be old, are natural questions. Curiosity leads the self to break out of its ego-ghetto. One's interests are enlarged by tuning in on others quite different in age.

This now leads me to take a third step. We can do something constructive as we realize that we need one another. No generation is an island unto itself. Wisdom admits the need and interdependence of all generations.

The biblical King David might have saved himself a great deal of heartache, and Israel a good deal of internal strife, if he had behaved differently. His sons, one after another, wanted to seize power. Again and again their abortive attempts forced the king to go to war. In each rebellion the king lost a son.

Were those rebellions necessary? My own opinion places more responsibility on David than on his children. He allowed matters to drift until the only course was to unleash military power. In turning back his beloved sons and their loyal supporters, the king was losing the best of what he had spent his life bringing into being.

History testifies that if the generation gap is not bridged, the generations may destroy each other. Their places will be taken by a foreign people.

Time Out

By Bill Smiley

Once upon a time I spent the best part of a year in a prison camp. The days went by very slowly.

Later, I spent a year in bed in a sanatorium, and the days dragged even more slowly. A week seemed like a month.

Recently, I spent only two weeks in another situation, and the time snailed so slowly that it seemed longer than prison camp and san put together. We had our grandboys for two weeks.

Migawd, the days seemed endless. I'm sure you'll say: "Nonsense. Dear little chaps. I'll bet they were a lot of fun. How can he say that?"

Sure they were a lot of fun. Or let's switch that to they had a lot of fun. But who wants fun for 16 to 18 hours a day? Not a middle-aged couple, one with a bad back, the other with jangled nerves to the point of screaming when the toast pops up in the toaster.

We weren't like that when they arrived, but we were close to stretcher cases by the time they left. And I'm not exaggerating one whit.

It all started when my wife got sentimental and decided to help our daughter, who is in the final throes of studying to become a teacher, and was getting behind in her work.

"Bill, we're going to take the kids for two weeks and give Kim a break. It won't hurt us and it might even be fun. We may never have the chance to have them like this, all to ourselves, again."

Well, I've got news for her. We not only might not. We will not. Not unless it's over my dead corpus. That's a lot of nots, but I'm in a rather negative mood. It doesn't help that I get a pain like a knife in the back when I reach for a fag or a beer. Yep, they've sprung my discs again.

Just for example, as I write, the TV repairman is working behind me. My wife got a terrible scare today. The littlest tad, who is as destructive as a bull elephant at a quilting bee, got in behind the TV when her back was turned for a second. There was a hiss and a terrible stench of something burning.

She snatched him away, tore the plug out of the wall, and, much to their disgust, pushed the two of them out of the room. They weren't a bit scared, as older kids might be, but kept trying to push by her to see the fun.

Right now, Tom the TV man looked up, grinning, and holding a half-scorched piece of Canadian cheddar. The little b...oy had tossed his afternoon snack, which he had purloined lord knows where, into the innards of the machine.

Ever dropped some cheese onto a burner on the stove? It stinks. No wonder the old lady panicked.

That's just a sample. Here are some miscellaneous items. One floor lamp with dangling crystals, replacement value about $160, flattened with a great clanging of chandelier-like glass. Frame bent, shade broken. We sat with a bare light burning, as though we lived in a cheap hotel room.

One Indian rug, recently cleaned at considerable outlay, looking as though a tribe of baboons had been playing football with their own excrement. One chesterfield suite, smeared with jam, honey, toothpaste, and various other indescribable but sticky substances.

One hardwood floor, recently refinished, looking as though the Canadiens hockey team had been practising on it. I could go on and on, but it makes me mad, and it makes my wife cry.

And that's not to mention all the little stuff, broken, bent out of shape, rendered hors de combat by jumping on it or hitting someone over the head with it.

The day begins about 6:30, with the sound of one small boy babbling happily to himself. A few minutes later, there is a thump as he hits the floor, the padding of bare feet, and you look up to find the tiny turkey by your bedside grinning hugely, probably with your shaving cream in one hand, top off, something dangerous, like a leg off a stool, in the other, and his diapers hanging down to his knees, ready for some action.

From there on it's sheer horror, as the biting and the fighting and the dancing and the shouting commence. Try to iron, one of them is attempting to pull the iron on his head. Try to vacuum, and they pull it apart in the middle and use it as a voice tube. Try to sew and the smaller one is stuffing his mouth with pins. Try to read a paper and a body comes hurtling across the room and leaps onto your groin, scattering the newspaper.

Even worse than the racket are the silences. If there isn't any sound, you leap to your feet and run to where the silence is. They are invevitably pulling the knobs off the TV, tearing up a manuscript, or stuffing their mouths with pennies they found in some forgotten drawer.

Small boys should be treated like monkeys. They should be kept in cages containing lots of things to climb on, sawdust on the floor, and lots of peanuts lying around for the picking.

It's not really what the boys are doing to us or the house. It's what they're doing to our marriage. We're so exhausted and rattled that we're recriminating.

"I was up with that child at 6:15."

"Yeah, but who changed his diapers?"

"Who got them their breakfast?"

"Sure, but who took them out for a walk and broke up three fights?" And we start to shout. And the kids wink at each other and grin.

Letters To The Editor

Winchester, Ontario.
April 19, 1978.

The Editor,
The Winchester Press,
Winchester, Ontario.

Dear Sir:

The Winchester Women's Institute wishes to express a special thanks to the Press for reporting our meetings so well in your publication.

Thank You.

Yours sincerely,
Winchester Women's Institute,
Mrs. Herbert Gibson,
Secretary.

April 14th, 1978.

The Editor,
The Winchester Press,
Winchester, Ontario.

Dear Sir:

On behalf of all the members of the Metcalfe W.I., I would like to thank you and your staff for the good coverage you have given our meetings, etc. in the Press.

Wishing you all success in 1978.

Yours sincerely,
Mrs. Alan W. Scott
Secretary-Treasurer

7th column

By Joe Rowan

Last weekend was one of those helter-skelter types with the old camera in almost constant demand. Seemed every club scheduled 'Awards Night' to coincide with NHL play-offs, and frankly we photographed more silverware than most NHL players will ever see. First it was Greely with more trophies than Bobby Orr has in his rec room; then it was Metcalfe Curling Club where only the best were honoured (but it appeared every curler was 'best' in some phase of the game); and finally well-earned mugs for Russell 'Raiders' stars. Come to think of it, guess everyone received a merit award but the shaky old photographer. But there was more than just beautiful trophies, there was also kind words of appreciation for those who shouldered a bit more than their share of the load. At Metcalfe for example everyone seemed to be applauding club president Brock St. Denis. The Master of Ceremonies noted that 'good old Brock' had put in endless hours of overtime to assure a highly successful season. But, heck, that's nothing new for the little Vernon dynamo. Checked with George Davidson and learned 'overtime' is the secret of Brock's success down the street at the Ontario Hydro office.

Thoroughly enjoyed the delicious meal that accompanied Awards presentations at Russell on Sunday evening, and perhaps we might be permitted a few observations. MARTY KELLY for example, who is noted for his speed and expertise when breaking in for a shot on the net, is equally fast at breaking into a smorgasbord line-up; when KENNY QUAILE finally hangs up his skates he'll most likely be in demand as an after-dinner speaker; STEVE MORRIS and DENIS BRISSON, defenceman and goalie respectively never known to weaken in the face of adversity, have apparently both been completely out-maneouvred, and two pretty girls have 'scored'; the Lions Club president [that's the bearded shepherd] was on hand to present the club trophy, and on request, left his staff outside the door; club president JIM SULLIVAN thanked everyone but his good wife...and we personally want to thank 'Raiders' for taking such good care of our car throughout the season...it wasn't even towed away once!

If you have tears to shed this week, shed them for the Tories. Bad enough when some elected representatives defect, but when the 'grass roots' strength begins to wither, boys that's bad. Naturally we can't reveal our source, but rest assured it's reliable, and Ed Lumley may be jumping for joy when he learns that Williamsburg's Don Kyle is now a paid-up member of the Grenville-Dundas Liberal Association. Who knows, maybe Doug Grenkie will be next. Oh well, as we've said before, that politics.

Thank the good Lord government communiques addressed to The Winchester Press are not sent second class mail. Two arrived on our desk this morning [Monday, April 24th] dated April 11th and 13th respectively. One from Minister of State Fitness and Amateur Sport reminding us of an April 13th Federal-Provincial conference, and the other advising us to tune in to CBC Ottawa for complete coverage of the Quebec-Liberal Leadership Convention April 15th. Of course both were clearly stamped 'FIRST CLASS', and that's most likely whey it only took 13 days to travel 30 miles. Second class mail, you see does not receive such prompt service. Let's hear it for the Post Office Department!

Swore (well almost) that we wouldn't mention hockey again till next fall. But then we never could keep promises! Dropped into Morrisburg arena last Sunday afternoon for the thrilling ODHA play-offs where it was soon very obvious everyone was cheering for the 'home' team. Being fair-minded we sort of decided to quietly support the under-dog Richmond boys --- but soon changed the old mind. Now we ask you, how could we possibly support a club flying a huge 'BIG BLUE MACHINE' banner? Lest sportswriter Al fails to mention it, Morrisburg skated to an easy victory and appears headed for another championship. Perhaps highlight of the fast rugged game was the generous donation by Morrisburg Lions Club to a fund designed to help the young Kemptville athlete left paralysed following an unfortunate accident earlier in the season. Steve Gorman needs just such encouragement, and assurance he has friends in all parts of the Valley. Are you listening other area service clubs?

Metcalfe and District Lions Club sports director Don Gamble is the type who plans ahead — away ahead — like for next winter. Already he's boasting that his club hockey team will take on any service club in the valley when the next season rolls around. "And", he grins, "we'll win". Seems he bases his confidence on the recent acceptance of a new 'Honourary Member'. His name is Larry something-or other ...can't remember the last name but Don claims he once played for Marvelville 'River Rats'.

This week's philosophic gem comes from a girl right here at the office (well, used to be a girl anyhow). "It's sad but true", she says, "but good things come to him who waits ... toupee, prostate and dental plates".

Carl Smith Consigns Top E.O. Holstein

For the second year in a row, Carl Smith of Sunnylodge Farm, Chesterville, has consigned the top selling calf in the Eastern Ontario Holstein Calf Sale, held at Fawcett's Sale Arena, here, and for the second time in as many years, J.J. Bompas of Richmond has bought the highest priced calf.

Saturday, Mr. Smith's Sunnylodge Doreen, born July 8, 1977 and sired by Moerschdale Dairy King (Good Plus and Superior Production Sire) out of Sunnylodge Leader's Dot (Very Good, BCA of 150 for milk and 154 fat) was sold to Mr. Bompas for $3,500.

Last year Mr. Bompas paid an Eastern Ontario record of $19,000, for Mr. Smith's Sunnylodge Star Girl.

Murray Howes, Dalkeith, consigned the second highest price calf, which sold to R.J. Hipkin, Manotick, for $2,150. Selling third was a calf consigned by Carman Howes, Dalkeith, to Carl Smith, for $1,550. Fourth was consigned by Dalton Ouderkirk, Lunenburg, and sold to Alfred Vogel, Williamstown, for $1,425. Cherryvale Farms, Finch, consigned the fifth seller, bought by J.W. Hinskens, Bainsville for $1,175.

A total of 38 junior and senior calves were consigned and sold for $35,420 for an average price of $932.

Calves were selected from the leading breeders herds from across Eastern Ontario and came from Stormont, Dundas and Glengarry, Carleton, Russell, Lanark, Leeds, Grenville and from the Showcase Herd, Ottawa.

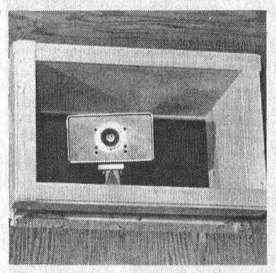
Although Mr. Smith had the highest seller in the Eastern Ontario sale, the highest priced animal of the day was sold by Ralph Fawcett in his Willola Calf Sale immediately following the Eastern Ontario auction.

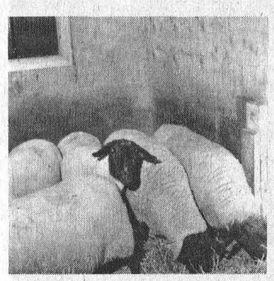
His Neil Elevation, born July 14, 1977, was sold to Ross Parks, Bloomfield, Ont., for $5,200. She was sired by Round Oak Rag Apple Elevation (Excellent USA and Gold Medal Sire) out of Sunrest President Nell (Excellent, BCA 199 for milk, 213 for fat).

Second highest price was $4,000 paid by Ron Barker, Portland for an Oct. '77 dam of "Glenark Governess Ellen", Excellent 2-star brood cow with 147 percent BCA for milk and 155 percent for butterfat.

$2,700 was paid by R.J. Hipkin, Manotick for the third highest price; the 4th price was $2,600 paid by Howard Chant, Portland and the 5th price was $2,350 paid by Lambert Dohmen, Bedford, P.Q.

Twenty calves sold for $34,060 for an average of $1,703.





Armchair Farming

Electronic equipment has many applications on the modern farm. One application is the closed circuit television system shown above. It is used in some sheep operations to monitor pregnant ewes. The camera is set up in the barn and the system is connected to the television set in the farmhouse. The farmer, in the comfort of his home, can watch the sheep to see if there are any complications during lambing.

Using this system can help save lambs and reduce the time the farmer spends in the barn. Similar video systems are being used in swine operations to check sows during farrowing.

License New Oat

A new oat variety has been licensed by Agriculture Canada.

The new variety, Sentinel, was developed at Agriculture Canada's Ottawa Research Station and is best adapted to eastern Canada. It has a high yield potential because of its strong, lodging-resistant straw and its resistance to the virus disease red-leaf of oats.

Each year, eastern Canadian oat growers lose yield because of lodging and red-leaf disease. Lodging is a problem in oats grown on fertile soil and the superior strength of Sentinel's straw should be a decided advantage. Red-leaf of oats is caused by the same virus that causes yellow-dwarf in barley. Aphids transmit the disease from plant to plant. Red-leaf reached epidemic proportions in eastern Canada in 1976 because of the high aphid population early in the growing season.

Sentinel matures two to four days later than the early commercial varieties such as Elgin and Stormont. it is taller than Stormont but is shorter than Garry, Scott, Laurent and Dorval. Sentinel's seed is white; its awns are medium strong and white with occasional black bases. The seed weight is high and equal to Scott. The bushel weight is also high. The hull percentage is equal to Garry.

Sentinel offers the same level of protection to the fungal disease Septoria, or leaf and black stem of oats, as the other oat varieties recommended for eastern Canada. It is equal to Garry, Alma and Stormont, inferior to Scott, and superior to Laurent and Dorval in stem rust resistance. It is equal to Scott and superior to Dorval, Garry Stormont and Laurent in crown rust resistance. Like other oat varieties recommended for eastern Canada, Sentinel is susceptible to smut, but this disease has not been a problem.

Pedigreed seed of Sentinel has been released to SeCan, the organization responsible for increasing and promoting the variety.

Red Clover Popularity Increasing In Ontario

John Madill
Kemptville College of Agricultural Technology
(613) 258-3411 ext. 242

Red clover accounts for 21 percent of all legume seed sold in Ontario. Most of the popularity is in E. Ontario and the north.

At Kemptville, red clover may outyield alfalfa the first year. By the third production year it must be plowed under. The problem is disease.

Root rots caused by fusarium and crown rots by sclerotinia organisms are the two major problems. Most of the damage occurs in the early spring when plants are weakest and stresses are at their maximum. Potassium and also phosphorus are essential in good root development and resistance to disease. During warmer humid weather powdery mildew also takes its toll. Fortunately recommended varieties give some resistance to mildew.

It's interesting to note that 21 percent of the seed sold in Ontario is single cut. Double cut varieties are recommended because they produce better aftermath than single cut varieties and it is much easier to match their maturity with our recommended grass species. Under European conditions single cut varieties are favoured north of 60 degrees latitude. That's about 1,000 miles north of Ottawa. Practically all U.S. red clover is double cut. Both types are excellent yielders on the first cut. With reasonable moisture only double cut types will produce both forage on the first cut and seed later in the season. Last year there were 1,162,900 lb. of seed sold in Ontario, up 10 percent over the previous year. Total legume seed usage was down 9 percent.

Extremes in drainage patterns are not found on most of E. Ontario's low lying land. In these poorly drained conditions use a short term red clover — alsike — timothy mixture or a long term trefoil-timothy mixture with the grass as an insurance policy. All experimental evidence at the Kemptville College demonstrates that complex kitchen sink mixtures don't produce as well.

Extremely variable fields may be suited to more complex mixtures where it is not practical to seed individual spots. In theory the best species survives. In practice the earliest competitor survives which may be a poor choice. The solution is to keep it simple to reduce unfavourable competition.

Williamsburg

Villeneuve Replies To Criticism Of Dairy Statement

Stormont, Dundas and Glengarry MLA Osie Villeneuve, in a prepared text supplied to the Winchester Press, replies to personal criticism recently levelled by Stormont-Dundas MP Ed Lumley in an area weekly newspaper.

First however, some relevant factors about the dairy industry and the quota system. In 1970 there were 443 million pounds B.F. for industrial milk production in Canada. Ontario's share at that time was 148.8 million pounds and Quebec's was 196.8 million pounds. In 1977, Ontario's share had shrunk to 116 million pounds and Quebec's had dropped to 177.6 million pounds.

By February, 1978, there were 2,080 registered milk shippers in the five Eastern Counties of Stormont, Dundas, Glengarry, Prescott, and Russell. Of these, 574, or 27 per cent, had no milk sharing quota and had to turn over $7.00 per cwt. to the Canadian Dairy Commission.

I am well aware that the provinces and the federal government agreed on the amount of industrial milk that was to be processed so there would be no surplus buildup. I fully agree with that principle but the fact remains that there is no surplus situation at the present time. The processors are crying for milk and are paying $9.25 per cwt. As a matter of interest, one processor has openly stated that he could use another 30 to 40 million pounds a year if he could obtain it, even from Quebec, and even at a higher price than he would pay in Ontario. I might add that he could have sold every pound of the processed product on the domestic market which, in the winter months, he could not supply.

It is my belief that if there is not a revision made in the quota system, we in Ontario will have fewer and fewer producers. I know some farmers who have tried shipping cream to the creamery in Alexandria for $1.19 per pound. But the producer received only 19c of this, since $1.00 for every pound had to be remitted to the Canadian Dairy Commission when the farmer had no quota. Farmers will not — and should not — work 16 hours a day for this kind of treatment.

As to the question of "offsetting" shipments between Ontario and Quebec, I know that over 100 fluid milk producers in Eastern Ontario are registered as Quebec shippers. Some of them have enjoyed the fluid milk market in Montreal for three generations or more. There are also some 80 to 90 milk producers on the Quebec side of the Ottawa River who are registered in Ontario and deliver fluid milk to a pasteurizing plant in Ottawa These arrangements have existed for years. But they involve fluid milk, not industrial milk. Mr. Lumley is mixing apples and oranges.

What bothers me most is that in our area the industrial shipper (or Pool No. 2 shipper) is not getting a fair deal. He is out of quota — as 574 were — he cannot ship, even when the demand is there. And, as I have demonstrated, the demand is there. Each of the 574 producers could have been accommodated to the tune of 60,000 pounds by the one processor who was looking for the extra 30 to 40 million pounds. Our farmers are being denied a market that exists right at home!

Now, as to the question of whether I deal in "half truths", I will let my record of 30 years as a public servant answer that. I have never tried to mislead people although my views have not always been shared by everyone. That, however, is the essence of democracy; each is entitled to his own views. But after all the years I have spent fighting for a better deal for the people I represent — regardless of party — I deeply resent any implication that I have been less than truthful on any subject.

Milk Committee Role Studied By Consultant

SPENCERVILLE—Some milk committee members at a regional meeting here last Thursday apparently felt that turn-about is fair play after reviewing the findings of a consultant's report on their role in the dairy industry.

Dundas committee member John Dalrymple suggested the study should be turned around to look at the role and function of the Ontario Milk Marketing Board. But OMMB vice-chairman Grant Smith said a board study had already been done when the consultant was engaged last year to report on the milk committees.

In an effort to avoid confrontations encountered at other regional meetings over the study recommendations, Smith stressed the importance of the role played by the committees. He noted, however, that some committees spent 50 percent of their funds on mileage.

"We want to put it on a more businesslike basis", he told members.

Although the consultant called for restructuring of CMC's to achieve "a clear relationship between the size of the committee and the number of producers served", Stan Baldwin of Winchester said the Dundas committee has reduced the number of members in order to abide by board guildlines.

The OMMB suggests representation of one member for every 50 producers.

Although Smith agreed that some counties do abide by the guidelines, he pointed out that the number of members on some milk committees is much higher than board recommendations.

"We have York county with 100 producers and 15 members on a committee", he said. "Dryden county has only 11 producers and nine are members of the milk committee."

While the board recommends a minimum of seven members, Smith said many counties are several members over the guidelines.

A recommendation that the board's present policy of "non-interferance" with county milk committees should be gradually replaced by a more active and systematic direction of their activities, prompted one member to remark that the board's role could be considered quite active now.

Most members agreed the major function of milk committees was to interpret producer complaints and suggestions for the board, as well as providing them with details and information on board policy.

While some members of the Dundas committee urged more CMC participation in dairy promotion, vice-chairman Smith maintained that promotion was best left to the board.

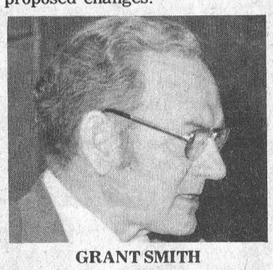
Promotion and advertising of dairy products should be done professionally, he said, and the board has the resources to do this.

OMMB Wants Provincial Standards For Milk Production Awards

SPENCERVILLE—Regional milk committee members here last Thursday agreed that certificates and awards for top quality milk production should be based on province-wide standards rather than the existing programs which vary from county to county.

Members from Dundas, Grenville, Frontenac and Leeds committees voted unamimously for the changes in milk quality recognition programs after the Ontario Milk Marketing Board called for simplification to allow computerized administration of the system.

Region 2 director Dwight Bennett, who chaired the meeting, told members the board had been asked by the Milk Industries Branch to obtain input on the proposed changes.



GRANT SMITH

Reading from a discussion paper, Bennett said MIB fieldmen in the past have manually identified producers who are eligible for recognition on a county basis, using guidelines established by the County Milk Committees.

"This has become a very tedious and time-consuming job for the MIB fieldman, and as a result, the Milk Industry Branch is suggesting that one set of standards be adopted for the entire province," he said. "The identification of producers and the printing of certificates could then be computerized and this would result in a much more efficient method of administering such a program."

Under the present system, the Milk Industry Branch fieldmen manually examine each producer's quality record, said Bennett. MIB fieldmen in 27 different counties sort through several hundred producer records to identify those who qualify for an award.

The proposed changes would offer a general certificate for producers meeting province-wide standards for farm premises and good quality milk. The standards would not be too difficult to meet but would be considerably better than average.

A red seal certificate would recognize only the very best producers, and would require a higher set of standards than the general certificate. It would essentially be the same as the general certificate but with a red seal — something like the honour roll idea, said Bennett.

A county milk committee trophy could be awarded to recognize the top producer in the county, with the award left to the discretion of individual committees.

"The awards are a way of recognizing excellence," the provincial director noted. "If you are top man in quality of milk, it's something for others to shoot for."

Guest speaker Grant Smith, vice chairman of the OMMB, told members that in competitions amongst producers, only the top few should be recognized to make the awards meaningful.

A suggestion from Dundas member Stan Baldwin called for joint selection by the MIB and county committees. Ideas and proposals on the changes will be discussed at regular CMC meetings and passed on to the board later.

IF YOU DON'T HAVE 10 INCHES* OF INSULATION IN YOUR ATTIC, YOU'RE LOSING HEAT AND WASTING MONEY.

If your home is like 90% of Canadian homes, it's not properly insulated. This chart gives you an idea of how much you could save by bringing your home from the average level of insulation up to today's recommended standards. Of course, as energy costs go up, so will these savings.

	Oil Heat	Gas Heat	Electric Heat
ST. JOHN'S	$209	N/A	$296
FREDERICTON	$204	N/A	$215
MONTREAL	$195	$176	$202
TORONTO	$159	$115	$242
WINNIPEG	$237	$162	$320
REGINA	N/A	$130	$390
EDMONTON	$228	$140	N/A
VANCOUVER	$130	$120	$199

These savings are based on a typical 2-storey pre-war home of 1,100 square feet.
*Based on insulation material with R-3 value per inch (2.54 cm).

NOW HOMES BUILT BEFORE 1946 ARE ELIGIBLE FOR A HOME INSULATION GRANT OF UP TO $350.

If your home was built before 1946, is your principal residence, and is three storeys or less, you're eligible for a taxable grant of 2/3 of the cost of your insulation materials, up to a maximum of $350 (retroactive to materials purchased on or after September 1, 1977).

For FREE and complete information about how to insulate your home and how to apply for a grant, send in the coupon below.

Work Oriented Alternative School

CORNWALL—An alternative secondary school program in Stormont, Dundas and Glengarry that begins next September opens "another avenue of educational opportunity here", says director of education Rosaire Leger.

"It's co-operative education," he said. "So that it's the schools and the world of business and the world of work that co-operates in providing opportunities for development for adolescents and secondary school people."

Emphasizing that the students who will be taking advantage of the new program are a minority in the school system, Leger said that the alternative secondary school is an important program.

"But I don't want to make it the biggest deal since sliced bread because our prime mandate is still the 95 per cent of the students who are still in school," said the director. "We are just saying we can improve and perhaps retain our dropouts and offer even better opportunities to the people who are still in the school system."

Leger said the project has been close to two years in the planning stages and has been approached with a good measure of caution.

At the last school board meeting trustees approved a pilot alternative secondary school project beginning in September to include level four and five students. Between 50 and 100 students are expected to take part.

Leger noted that the alternative school "is a school without walls" and starts with the students' needs and not an formalized program.

"...this means we can now mount programs to use the community as a classroom, so to speak, or as a learning opportunity and legitimately give the students credits for it," he said.

He said the school board has heard complaints that students don't get enough practical experience in the school system, that what they learn in school isn't closely enough related to the world of work.

"Hopefully we will be able to bridge that gap," he said.

Another aim of the program is to expose students to particular jobs and tasks so they can gain expertise in particular fields.

The alternative secondary school takes on a brokerage role for educational opportunities having at its resources existing institutes and the community, including the expertise and commitment of the professional, industrial and business world.

The alternative secondary school, which will be using General Vanier Secondary School here as a base, is aimed at offering the school dropouts educational opportunities not available in the present system as well as catering to students still in the system.

Contestants In Public Speaking Contest

Other contestants in the Dundas County Intermediate Public Speaking competition last Tuesday were, from the left, Ruth Van Allen, Riverside Heights Public School; Lynda Thompson, Morrisburg Public; Sharon Munro, Iroquois Public; Debbie Shay, Nationview Public; Charlene Rose, Nationview Public; and Jennifer Anderson of Maple Ridge.

Education Week

Maple Ridge Students "Show Their Stuff"

By Steve Hummell
Press Staff Reporter

MAPLE RIDGE—The clattering report of a drum roll rose above the low murmur of the crowd and nervous shuffling sounds of students running back and forth across the gymnasium floor and of the anxious tuning noises of flutes, tubas and trumpets.

The show was about to begin.

Grandparents, little brothers and sisters and parents last Wednesday came to see students of Maple Ridge Senior Elementary School give an example during Education Week of what they learn in the classrooms.

Principal Bill MacMillan said the evening of band music, gymnastics, cheerleading and bake sale was designed to give parents a better insight into what is being taught in the schools. He emphasized that the students would be performing as they do in the classroom and mistakes might be made.

The senior instrumental music band played a number of melodies under the direction of music teacher David Irwin, receiving rousing applause after each number. A bake sale organized by the school committee to lend financial support to the band's activities, raised $156.

Mr. MacMillan said the instrumental music program doesn't get any direct support from the school board so the school committee is involved in fund-raising activities. Three years ago the board paid for the instruments and provided the program, he said, and now maintenance and replacement are beginning to be a financial strain.

The senior band, made up of about 35 students, participated in the music festival in Cornwall on the weekend. Mr. MacMillan noted that most of the students in the school participate in either the senior or junior bands.

"The gymnastics display was to give the students who took part in the gymnastics meet last Saturday an opportunity to display their ability to the parents," said the principal. "And we use it as an educational thing for the parents, to give them an idea what is happening within the classroom and the equipment we have."

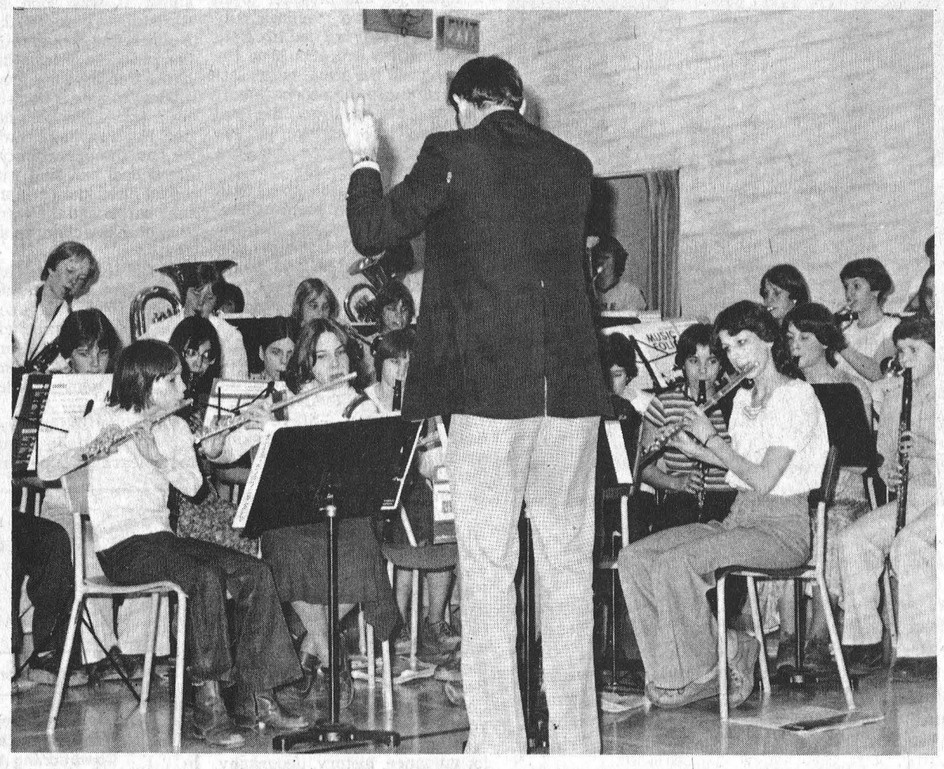
He added: "We were trying to take the activities that take place in a classroom and bring them out so the parents could see the results."

Parents got an opportunity to see home economics and industrial arts displays with a difference. A pilot project which involved girls taking industrial arts and boys learning cooking and sewing in home economics has been exceptionally successful, says Mr. MacMillan. The students switched classes for half the term.

"They (teachers) came to find out that the boys were the ones who performed above and beyond in the home ec. and the girls were the ones who performed extremely well in the industrial arts," he said, "so they were pleased."

Following the entertainment parents visited the classrooms to view ceramics and art displays and mingle with the teachers.

About 300 people jammed into the school's auditorium to watch the show. Maple Ridge is a senior elementary school with a grade seven and eight population only.



Maple Ridge Band Under The Direction Of David Irwin

Maple Ridge Band

Continued From Front

He claims that there are few elementary instrumental bands in Ontario as good as the one at Maple Ridge. All of the school's 276 pupils take music and make use of the 31 instruments available, he said. Students have to wait for periods longer than two weeks to take an instrument home for practice.

The music program is just as big as in a secondary school, he said, yet an average high school may have 90 instruments for 120 students and a $3,000 to $10,000 budget besides.

"What we get is what we can scrounge when everything else is taken out of the local school budget", said Irwin. "The principal has to find the money within the budget to give to music."

He said the board's recent announcement that $500 will be available to split up between the three instrumental music programs in the United Counties was "a slap in the face".

At a time when a box of reeds cost $10 and usually last a week the board's contribution is a drop in the bucket, he says.

He said the school's instruments were purchased three years ago and many need replacing now. And there's been times when he's taken money out of his own pocket to pay for instrument repairs. He says he'll approach the board again.

Meanwhile, director of education Rosaire Leger said Tuesday Irwin's special request for more instruments was turned down by the board because the trustees "have chosen to place as top priority personnel in these years of severe restraint".

He said the pupil-teacher ratio could be increased so more money could be provided for music and other programs but "the whole issue of education is people and that is the priority under very severe restraints".

Instrumental music is taught at three schools in the United Counties, said Leger.

"...so if we took funds and really lavished and pumped it in those programs, then people would question our equality of opportunity", said the director.

The director says he appreciates the problem but the funds are just not there.

"Sure, we'd like to encourage it in every way and the door hasn't been closed yet", he said. "If there is a possibility..."

Held at La Citadelle High School in Cornwall the music festival began on Saturday with the band competitions.

Maple Ridge band won the elementary band competition with the test piece "Processional" by J. Kinyon at 82 points and the second piece was "A Set of Irish Aires" by the same composer. The band was given a mark of 81 on the second number.

The "thrill of the weekend", says Irwin, was when the band won the junior high school competition by one mark. The elementary school band was entered against band students from grades 9 to 11 in this competition. "Processional" and "Change of Pace" were the two pieces played for that competition.

In other categories, Jeff VanNoy won the solo class tuba competition and Jeff Servage took second place in the trumpet solo.

In the duet clarinet performance, Vicki Workman and Tracey McIntosh, both of Winchester came second.

Bart Steele and James Thom took first in the duet French horns class and in the trio category, Nancy Greenfield, Debbie Hornsby and Jill Vasey won first place.

Dundas Veterinarian Club Holds Organizational Meeting

On Tuesday, April 11, the first meeting of the Dundas County Vet Club was held at the Ontario Ministry of Agriculture and Food Board Room in Winchester. Six members attended the meeting and at least two more are expected.

The two leaders of this club are Dr. B. Kennedy, and P. Lynch. The first part of the meeting was the discussion of what the club intends to do this summer. The next meeting will take place on May 16 at the farm of Hugh Blaine.

Officers elected were: President - Eileen Rose; Secretary - Johnny Blaine; Vice President - Kenneth Rose; and Press Reporter - Darcy Last. The members who were appointed to the executive council are Rhonda McKee and Darcy Last.

Silence Justifies Board's Criticism

CORNWALL—Stormont, Dundas and Glengarry director of education Rosaire Leger is happy with response received from the Education Relations Commission concerning complaints the board made about the fact-finding process in last year's negotiations with its elementary school teachers.

The ERC said that although fact-finder Ross Irwin declined comment on the board's charges, the Commission will take the complaints that he overstepped his bounds into consideration.

"I think we made our point and the Commission has considered it and duly taken note of it," said Leger. "Clarification of the fact-finding process has been at issue right across the province and these instances help clarify that role."

He said the Commission is studying "certain aspects" of fact-finder role clarification and modification of the process.

"Although they don't say that Ross Irwin overstepped his bounds and misinterpreted his role as a fact-finder, and they have given him a chance to respond to it and he has refused therefore we conclude by that that it is an admission that yes, he has overstepped his role," said the director.

In a reply to the board at the last meeting the Commission said that it would give the board's comments "every consideration in future attempts to improve the fact-finding process."

Last November Chief board negotiator Bob Whitteker said that sections of the 14 page fact-finder's report dealing with pupil-teacher ratio in the schools wandered from the line of discussion between the two parties and fell into the realm of "editorial comment."

Irwin, who was appointed fact-finder in the negotiations in September, said the board's refusal to consider including pupil-teacher ratio in the collective agreement produced "frustration and disenchantment" on the part of teachers.

Director Leger said earlier that Irwin overstepped his mandate in the negotiations. He demanded that the role of the fact-finder be clarified.

Public Speaking Award Winners

Eldon Horner representing Dixons Corners Public School (front third from left) and speaking on his favourite topic — books — was judged top junior speaker in Dundas County last Thursday.

The competition was held at Winchester Public School and featured ten junior elementary speakers from across the county.

Eldon received the Morewood Volunteer Firefighters Award from Board Trustee Lorne Thompson and Morewood Public School principal Tom Savory — representing the Fire Department.

Mr. Thompson, Mrs. Irene McLean and Bill Pollock acted as adjudicators for the occasion. The evening was highlighted by a performance of the Maple Ridge Senior Band conducted by David Irwin.

Competitors — all of whom received an individual trophy — are front (left to right) Willie MacGregor, Morewood, Richard Fox, Nationview, Eldon Horner, Dixons Corners, Angus Craig, Chesterville.

Back row (left to right) Sharlene Dikland, Riverside Heights, Susan Gee, Iroquois, Janice Rose, Inkerman, Diane Holmes, Winchester, Vicki Hope, Morrisburg, Sherry Van Allen, Elma. Press Photo—VanBridger

Spring Festival At Nationview Public

By Dan Strong,
Teacher at Nationview

Now the SPRING FESTIVAL is upon us and we're all hoping it will be a great success. The students are working very hard to ensure that it will.

MIRROR, MIRROR, a jazzed up version of Snow White, will be bringing joy and laughter to an audience on two evenings only this year — May 3rd and 4th. Both performances are at 7:30 in the evening. So the stage is all set! Come and see the school talent! Oh yes, I almost forgot, the total success of this venture will depend on you so come and be a part of this great year.

This year school spirit has grown, like the students themselves, into a strong, healthy component of Nationview life. With the dedicated and eager participation of the teachers, new programs in sports, academics and extra-curricular activities have been added to the long list of Nationview success stories and nourished the pride that the students have in their school.

Last autumn, Slave Day brought several hard working students into your yards and homes. About the same time eleven stalwart, competitive soccer players went to Iroquois. Without substitutes it seemed very unlikely that they would do well on that cold, wet afternoon. Fighting leg cramps and total exhaustion, they struggled through four games including two with extended overtime to win the Senior "B" Championship in Boys' Soccer. What a great emotional lift so early in the school year!

In the senior area, the schedule for guidance, history, geography and science was rearranged and some new and interesting courses have been introduced. "The Southern Continents", a study of Africa, Australia and South America, introduced the grade eight classes to the people and cultures of these distant lands.

Before Christmas a series of short morning assemblies was arranged to give the entire school a break from their demanding studies and a preview of the holiday season. During this time, everyone sang Christmas carols and the entire school seemed to come together in one happy spirit. It was soon after that Christmas "kick-off" that I heard a surprising conversation on the car radio. An Ottawa disc jockey had asked a young grade school student to sing a Christmas song for a prize. The boy didn't know one. For a moment, I wished that he had the opportunity to go to our school and sing with us. He would have known many Christmas carols and the warm friendship of many children and teachers.

In the New Year, Grades five and six took an educational trip to Upper Canada village to learn the skills of pioneers including snow shoeing, homecrafts and maple sugar production. Grades three and four went to the Ottawa museum.

The snow sculpturing contest provided the opportunity for many learning experiences. Several classes were split into groups and many organized and planned their work independently. One completely self-reliant group from grade eight did such a good job of working together that they won a top prize.

Recently the school's intramural sports program has been extended to allow participation of more students. It always amazes me that the staff will design something new every year. With hotdog sales, yearbook, student council, camera club, school teams, fund raising and noon hour duties, I doubt whether a single senior teacher gets more than twenty minutes for lunch. If there is, just let the rest of us find out! Anyway, the basketball program really worked. A great deal of learning during those noon-hour intramural games contributed to the success of our school teams. The girls really shone when winning the Dundas Championship. Led by Kim Freeman's amazing abilities, the entire team would work together, passing quickly and shooting when there was an opening — well coached! The team's success really made us all very proud.

Williamsburg Social Notes

Mr. and Mrs. John Wells, Mr. and Mrs. Fred Beckstead attended the funeral of the late Bert Reddick at Spencerville on Thursday.

Euchre will be held in the I.O.O.F. Hall, Brinston, on Friday, April 28 at 8:30 p.m. Everyone welcome.

Mr. and Mrs. Morley Erratt of Cardinal accompanied by Mrs. Graham Wells and Mrs. John Erratt spent the weekend with the latter's sister, Mrs. George M. Smith of Watertown, N.Y.

Scouters Lay Plans

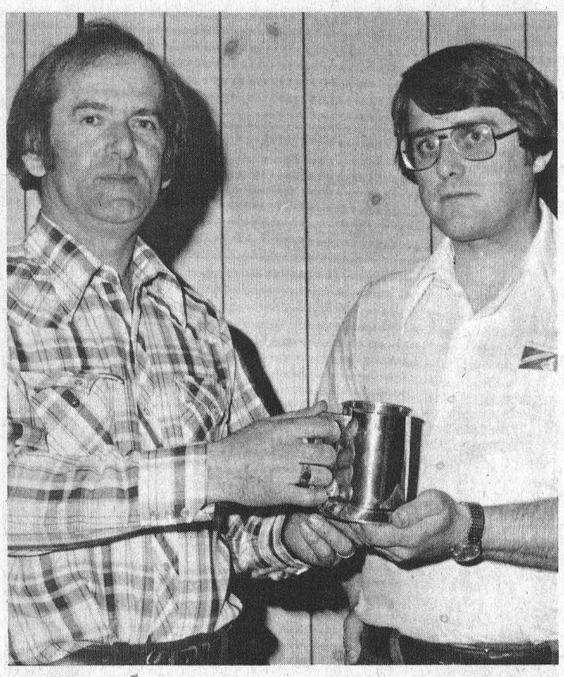
A score of interested members of St. Lawrence Council, Scouts Canada, with leaders of Scout troops, Cub packs and Beaver colonies met at the United Church Hall in Iroquois Wednesday evening to give and hear reports, discuss programs and procedures, and lay plans for future strategy and growth.

Council President William Sheldrick of Morrisburg chaired the meeting, which was opened with prayer offered by the Reverend E. Earle Eaton of Chesterville, district chaplain and public relations officer; who also covered the meeting for the press. Assistant Commissioner John McCauley of Prescott and Marlin Wade of New Wexford were in charge of the Cubbing Section. Clare Tucker, district treasurer, of Iroquois, gave the financial report. Reports were given of Cub car rally and Dinner-Dance.

Matters for discussion included projects, funding and financing, committee responsibilities, recruitment, promotion and programming, calendar sales, tours, international exchanges, and coming events, including Cuboree, Regional Camporall, and World Jamboree in Iran in 1979. At the close of the meeting delicious refreshments were served by a hospitality committee from 1st Prescott troop, in charge of Norman Gibson and Gertrude Plaeschtske. St. Lawrence District includes the communities of Prescott, Iroquois, Morrisburg, Cardinal, Kemptville, Winchester, Chesterville, Williamsburg, Spencerville, Johnstown, Roebuck and New Wexford.

Feted At Shower

Miss Erlene Casselman whose marriage is to take place on May 13th was guest of honour at a Miscellaneous Shower held at the home of her aunt, Mrs. Graham Casselman on Saturday evening last. About forty ladies were present and presented Erlene with many useful and beautiful gifts for which she expressed sincere thanks. A delicious buffet lunch was enjoyed.



Seaway Services Elect Slate

At a meeting of Seaway Community Services held at the headquarters in Morrisburg Monday evening, officers were elected as follows: President Jeanne Markell; Vice President Mrs. Fred Zandbergen, Sr.; Secretary Mrs. Maryanne Adams; Treasurer Marie Barclay. The new executive is drawn from the communities of Dundela, Brinston, Winchester and Glen Becker. The meeting was chaired by retiring president Mrs. Fred Zandbergen, Sr.; minutes were read by the secretary, Mrs. Adams; financial report was given by Marie Barclay. The Reverend E. Earle Eaton of Chesterville, public relations officer and summer camps convener, offered prayer. The Reverend Francis Gooch of Morrisburg represented the Dudas County Ministerial Association. Michael Bennett of Cornwall spoke on programs and courses being offered in continuing education at St. Lawrence College.

Matters for discussion included mothers' clubs, summer projects, cooperatives, sales, interagency cooperation, services to the mentally retarded, children and senior citizens; environment, memberships, promotion and programming, liaison with the college, government agencies, fraternal and church groups; services to low income families, municipal relationships, employment, population distribution, tourism, utilities, community planning, studies in social services, funding and financing, government grants, merchandizing, crafts, recycling, donations, recreation, communication, transportation, student assistance, Children's Aid, welfare, consumerism, day care, careers, visitation, home-maker services, illiteracy, job training, preservation of historic sites.

At the close of the meeting refreshments were served by a hospitality committee in charge of Jeanne Markell and Marie Barclay. Thanks were expressed to Mrs. Zandbergen for her work as president over the past two years. According to the constitution she was not eligible for re-election.

Harvey F. Morrow Dies In Hospital

Harvey Foster Morrow, former resident of Vars and Russell, died at Montfort Hospital on April 16th in his 79th year. He had been a resident at Sarsfield Nursing Home for the past ten years.

Born at Russell, a son of the late Mr. and Mrs. William A. Morrow, he was educated at area schools. Predeceased by sisters Gertrude Stinson and Florence Morrow, he is survived by brother-in-law Delmer Stinson, two nephews and several cousins.

A member of Westminster Presbyterian Church, Ottawa, the funeral service at Warner Funeral Home, Russell, was conducted by Rev. L. Woolfrey at 2:00 p.m. on April 18th.

Community Recognizes Long Service

Metcalfe volunteer fire fighter Reg Dowser doesn't remember when he answered his first fire call, and accompanied the late Lloyd Graham to the Marvelville area where a large barn was destroyed.

He does know he was a teenager at the time, and he does know that was at least twenty years ago. And fellow fire fighters know for sure he has been on call for longer than any of his associates.

Last Saturday night his dedication to duty was recognized at a party in his honour and in accompanying photo Reg (left) accepts a token of appreciation from Metcalfe Fire Chief Tom McAuley.

Wife Jean, who always has the coffee ready when Reg comes home following a late-night call, is pictured accepting a gift from volunteer fire fighter Bob McCooeye.

Hydro Spokesman

Nuclear Power Not Ticking Time Bomb

By Steve Hummell
Press Staff Reporter

A Canadian nuclear-fueled generating station is built to withstand the severest earthquake or even a direct crash by a 747 jetliner without creating a nuclear explosion, says an Ontario Hydro communications official.

Norm Manning, an Eastern Region public relations officer, said in an interview with the Press that nuclear power plants here are "absolutely safe" and the public probably has a fear of nuclear power because of a lack of knowledge about the subject.

But he believes Ontario Hydro is remiss here in not publicly packaging what it believes is a good and necessary thing. He said Ontario Hydro should probably have started a public educational program about nuclear power several years ago.

That's why Manning believes a public information centre under construction at Canada's most recent nuclear station — Pickering — will do much to educate the people about the safety of nuclear power. He said the information centre, which will probably be open by this summer, will employ science teachers and explain all facets of nuclear energy.

He said the complex will house a library and resource centre and will explain completely Hydro's role in nuclear power generation.

"Nuclear power plants in Canada are designed to withstand the most severest earthquake, mechanical failure and a 747 could plough into it and it wouldn't blow the reactor," said Manning. "The CANDU reactor is not a ticking time bomb."

Although Ontario Hydro has had a tumultuous search for a waste management site in Ontario, it hopes to have one available by 1980, says Manning.

Ontario Hydro bills Pickering as the world's most efficient and first major producer of electricity using natural uranium fuel. Pickering is firmly established as a world leader for reliability with a superb performance record, says Hydro.

Ontario Hydro believes that nuclear energy is the only source of power that can assure the province a prudent degree of electrical self-reliance to the end of the century.

Not only does Ontario have its own uranium supplies but nuclear-electric stations have a minimal effect on the environment and allow the saving of fuels which are in limited supply, says Hydro.

While Ontario Hydro maintains its search for a generating site along the St. Lawrence, anti-nuclear group activities are building.

PANDA (People Against Nuclear Development Anywhere) is the largest and most vocal group locally and has instigated the development of a satellite group in Iroquois called The Association of Concerned Ratepayers.

Although PANDA bills itself as anti-nuclear, the Association claims to be neutral in its attempt to inform and educate the public about all aspects of the location of the proposed plant in this area.

Nuclear Power Films To Be Shown

IROQUOIS—Two National Film Board films about nuclear power will be shown here May 4 as part of the Association of Concerned Ratepayer's information program.

Association director Harry Pietersma said the films will help to broaden understanding of the issues involved in nuclear power and "of the impact any nuclear project might have on this area."

Ontario Hydro is in the process of attempting to choose one of four potential sites for a generating station along the St. Lawrence River. Two of the sites are located in the Iroquois area and the other two are near Prescott.

The Association has been formed to present information about the proposal to the public.

"The issues involved in citing a major generating station in this area are simply not as cut and dried as some people would have us believe," said Pietersma. "There are a great many questions which have to be asked, and a great many answers which must be given before people will be in a position to weigh the benefits against the risks."

By the presentation of the films, he said, the Association hopes to encourage wider thought and discussion among the people who will be affected, "before irreversible decisions are made for us by someone in Toronto."

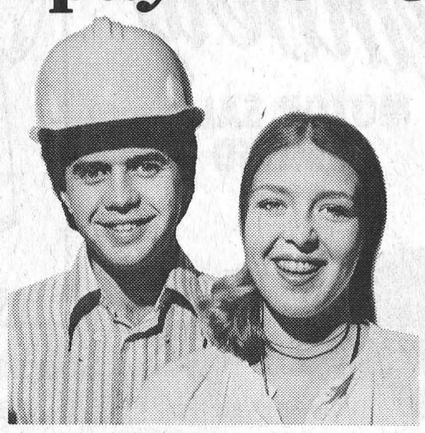
To be presented at the Iroquois Civic Center, the films are free for the viewing. The first one, "A Matter of Choice", is an award-winning look at nuclear power with particular emphasis on the Bruce development and the feelings it has generated in the surrounding community.

The second film, "No Act of God", deals with the degree of risk involved in civilian nuclear power.

Formed last month by a group of concerned ratepayers in the Iroquois area, the Association is concerned about the impact the proposed generating station might have on the area.

If you hire young people for new summer jobs, Ontario will help you pay their salaries.

Here's how the program works.



If you operate a business or farm and create new jobs between May 1 and October 21, 1978, the Ontario Youth Employment Program will give you a grant of $1.25 per hour (up to a maximum of $50.00 a week) towards the wages of each eligible youth you hire for those jobs.

Employers; Anyone who has carried on a business or operated a farm in Ontario for at least one year prior to May 1 may receive grants for up to 6 new positions per business location for eligible youth employees.

Employees; Employees must be at least 15 but not 25 years old on May 1, 1978. Employees cannot be directly related to the employer. Employees must reside and be eligible to work in Ontario.

Duration; The program is in effect for 25 weeks from May 1 through October 21, 1978. An employer is not required to hire a youth for the full 25-week period.

Terms of Employment; To be eligible for funding, a position created must be in addition to regular and seasonal employment normally provided during the program period. It must provide a minimum of 25 hours of supervised work per week for at least six weeks.

Grant; Approved employers will receive a grant of $1.25 per hour up to a maximum of $50.00 a week (40 hours employment) for each youth hired under the program.

NOTE; Grant funds are limited. If you wish to hire a youth any time during the program's duration, please submit your application as soon as possible. In order to hire under the program you must first receive approval from the Ministry of Treasury. Applications for participation cannot be considered after September 4, 1978.

For more information on the Ontario Youth Employment Program and application forms please write: Ministry of Treasury, Subsidies Branch, Queen's Park, Toronto, Ontario M7A 2R8 or telephone 1-800-268-7192 (toll free). In Metro Toronto telephone 965-0570.

O.F.W.I. Airs Concerns Re: Health, Education, Grants

(By Mrs. John Brown)

It was with deep concern and much research that resolutions were sustained at the semi-annual meeting of the Federated Women's Institute of Toronto this week. Not only are they making decisions for the 30,000 members in Ontario but for all citizens that may be affected by the action. These resolutions are sent in from all over the Province and require much deliberation. The Directors were strong in their vote regarding the gifts of money paid by Canada Council to writers of obscene literature and will urge that the Canada Council be directed to give their grants to more worthy projects. The members approved, in principle, many resolutions and urged the membership to take individual action. Resolutions were sustained regarding land fill sites, possible Canada pension payments by homemakers, and the request that the food colorant Amaranth (red dye no. 2) be banned. The members wish to commend the many Government Ministries for their continued efforts on behalf of the people, regarding improved health standards, consumer concerns, the penal reform laws, and the rehabilitation programs being implemented.

With Education being an important part of the Women's Institute work, scholarships continue to be awarded. Through the Home Economics Branch of the Ministry of Agriculture and Food, over 5,500 4-H girls were instructed in homemaking skills, and over 34,000 women took part in the senior training program in the past year. Miss Molly McGhee, the Director of Home Economics, said that in this day there is a growing need for education in the preservation and safety of foods, food processing and food additives, and her staff is preparing courses that will be available for all women.

Mrs. Clarence Diamond, as Provincial President, encouraged the women to "Strengthen the Family Unit", and indeed the Women's Institute does, just with its extensive educational programs. An important phase of this work is the Officers Conference to be held at the Waterloo University from May 2nd to the 4th, when delegates from all over the Province will come together to learn by listening, being involved in discussions, and participation.

The decision was made that the donations that are sent in for UNESCO will be forwarded to Zambia to provide fresh piped water. The F.W.I.O. also shows its concern for others with $1,500.00 being sent to the Women's organization in Cameroon National Union, to assist in setting up training establishments for rural leaders.

The Erland Lee Home at Stoney Creek remains the priority project of this organization as we preserve the heritage of the Founder. Mrs. Austin Zoeller, as Chairman of this committee, has plans underway for a Women's Institute week from June 5th to the 9th, when visitors will be welcomed at the home to observe crafts, exhibits, and see the many improvements that have been made.

The F.W.I.O. continues its membership in the "Coalition to Preserve Foodland", and commends the interest that is shown by the organizations involved.

We are pleased to be asked to have representation in the Ontario Hall of Fame Association, which was formed in order to establish and maintain a gallery of recognition of persons who have made a contribution to the field of Agriculture. It was refreshing and inspiring to hear the report from the Junior Women's Institute. Mrs. James Thompson told of the formation of 3 new branches since the first of the year. They are studying new ideas to improve their programs and meet the needs of today.

North Russell W.I.

The monthly meeting of the North Russell Women's Institute was held at the home of Mrs. John Morrice, April 18th at 8 p.m. The meeting was conducted by the president Mrs. Ernest Burton. With eighteen members present, this was the annual meeting and roll call was answered by payment of fees.

Various reports regarding the year's work were given by the president, secretary, treasurer and the convenors of the various standing committees. This was followed by the election of officers which was conducted by Mrs. Keith Dugdale. The new slate of officers is as follows: Past President, Mrs. Cuthbert Smith; President, Mrs. Ernest Burton; 1st Vice, Mrs. David Otto; 2nd Vice, Mrs. James Bertrand; Secretary, Mrs. Ernest Hamilton; Asst. Secretary, Mrs. Richard Morrow; Treasurer, Mrs. Keith Dugdale; Branch Directors, Mrs. Eldon Paul, Mrs. Robert Boothe, Mrs. Harold Harten; District Director, Mrs. Richard Morrow, alt. Mrs. David Otto; Sick Committee, Mrs. Cuthbert Smith, Mrs. Charles Hitsman, Mrs. Orton Harrison; Nominating Committee, Mrs. Robert McCallum, Mrs. Cuthbert Smith, Mrs. Asa Sullivan; Auditors, Mrs. James Bertrand, Mrs. Maynard Cherry; Press Secretary, Mrs. Richard Morrow.

Convenors of Agriculture and Canadian Industries, Mrs. Asa Sullivan, Mrs. Robert Boothe; Convenors of Citizenship and World Affairs, Mrs. Clelland Hamilton, Mrs. Gerlof Bakker; Convenors of Education and Cultural Activities, Mrs. Gordon Magladry, Mrs. Keith Dugdale; Convenors of Family and Consumer Affairs, Mrs. John Morrice, Mrs. James Bertrand; Public Relations and Press, Mrs. David Otto, Mrs. Richard Morrow; Resolutions, Mrs. Carmen James; Curator of Tweedsmuir History, Mrs. Beatrice Schroeder.

After the installation of the new slate of officers, Mrs. Burton completed the meeting. The Queen and Institute Grace were sung. Lunch was served by Mrs. Ian MacGregor and Mrs. Richard Morrow, assisted by the hostess Mrs. John Morrice.

Williamsburg Institute Installs New Officers

Williamsburg Women's Institute members met on Tuesday, April 11th in I.O.O.F. Hall at 8 p.m. for their annual meeting.

The president Mrs. Parker Locke opened the meeting with the "Ode" and "Mary Stewart" collect. Sixteen members answered the roll call with payment of dues.

Plans are being finalized for the tea and quilt show for May 12th and 13th. The District Annual to be held in Winchester May 24th. The Institute District Rally to be held June 17th at Tagwi School. Mrs. Doris Hill passed out the schedule for the W.I. Bus Tour in August.

The following is the new slate of officers: Past President Mrs. Guy Strader; President, Mrs. Parker Locke; Vice President, Mrs. Burl Robinson; Secretary Mrs. Burl Robinson; Treasurer Mrs. Ralph Casselman; District Director Mrs. Guy Strader; Alternate Mrs. Walter McGowan; Branch Directors Mrs. Ray Brown, Miss Beatrice Saddlemire, Mrs. Graham Garlough; Tweedsmuir History Curators Mrs. Ralph Casselman, Mrs. Wilbur Garlough; Education and Cultural Activities Mrs. Roger Gilmour, Mrs. W. M. Locke; Citizenship and World Affairs Mrs. Clair Algire; Family and Consumer Affairs Mrs. Lorne Hogaboam; Agriculture and Canadian Industries Mrs. Wilbur Garlough; Resolutions Mrs. Lyal Kehoe; Public Relations Mrs. Clifford Knapp; Auditors Mrs. Russell Miller, Mrs. Elburn McIntosh; Card Committee Mrs. E.L. Deeks; Emergency Committee Mrs. Donald Strader, Mrs. Walter McGowan; Lunch Committee Mrs. Doris Hill; Nominating Committee Mrs. Lyle Hess and Miss Nina Casselman.

Four Score And Ten

Miss Grace Webster was lavishly honoured on April 21st by members of Russell Women's Association on the occasion of her 90th birthday when a dainty lunch was served in the United Church Hall.

Miss Webster, who enjoyed good health, was the recipient of cards, flowers and gifts including a plaque from the Government of Ontario which was presented by Mrs. Russell Phair on behalf of M.P.P. Albert Belanger who was unable to be present.

Relatives and friends were present from Toronto and Ottawa, and Rev. Leonard Woolfrey extended personal congratulations before asking the blessing.

Press Photo—Rowan

Historical Society Holds Competition

The Carleton-West Russell Historical Society is sponsoring an historical competition again this year. Entrants may paint, write or photograph any historical site, subject or building in the area covered by the historical society. Each entry must be accompanied by an historical sketch. Literary and photographic items become the property of the organization.

Entries must be in the hands of Mrs. Ruth Lafortune, Carlsbad Springs by August 1st, tel. 822-2648.

Results will be announced at a tea and exhibition to be held in September.

The object of this competition is to preserve and record the history of the area and to develop an awareness of history.

Return Engagement For Genealogiscist

Mr. Varick Chittenden of Canton, New York, will be the guest speaker at the 4th annual meeting of the Glengarry Genealogical Society, that is to be held at St. Mary's Center in Williamstown on Sunday, May 7th at 8 p.m.

Mr. Chittenden was a guest speaker at the S. D. & G. Historical Society meeting last year in Cornwall. His slide presentation of "They who loved the cause that lost" was enjoyed by everyone present and as a result Mr. Chittenden was invited back to this area. The presentation deals with the Loyalists on both sides of the border. Mr. Chittenden spent many hours in the area researching, and as a result, there is a great deal of local history included in his presentation.

There will also be a mini Genealogical Display for anyone interested in learning how to trace their family tree, or completing family charts. Refreshments will be served. There is no admission charge and everyone is welcome.
