Murdered Man's Body Found Buried In Woods

Last Friday a mysterious disappearance was on its way to being cleared up when Inspector E. C. Gurnett of the Criminal Investigation Department of the Ontario Provincial Police unearthed the body of George McFadden, from where it was found in a shallow grave in the woods on Earl Barkley's farm a mile north of Bouck's Hill and about a mile and a half east of the County Road.

McFadden had not been seen since July 14th, 1943, when Clarence Hutt, of South Mountain, is alleged to have told that he drove the deceased to Chesterville station where McFadden had taken the train enroute to western Canada to visit relatives. Hutt also, it is claimed said McFadden had given him the car in which he was supposed to have been driven to the station.

McFadden's wife who lives in Brockville, was suspicious of the story told about her husband going west but did not get in touch with the police for several months. In the meantime Hutt had gotten into trouble with the police in the process of disposing of the so called gift car and was serving a sentence in Brockville, which had but a short time to run when Officer Gurnett, who had been working steadily to clear up the disappearance story, came upon evidence which resulted in the charge of murder being laid against Hutt. A neighbor of McFadden's in Brockville some nine or ten months after McFadden's disappearance became alarmed and reported it to the police. She said she had last seen Hutt and McFadden together.

Events followed slowly but surely to the finding of the body and the murder charge.

Hutt has been removed from Brockville jail and is now in the jail at Cornwall where he will be held for preliminary hearing.

BOYS SWIMMING DANDELIONS BLOOMING

Every sign points to the fact that spring is here to stay, hard though it may be to believe. Yesterday Ralph Loucks brought into this office a bouquet of freshly picked dandelions gathered at his home that morning.

Wednesday afternoon boys of the village took their first plunge of the season in the Nation at Hughes' Bay.

DIED.

BARKLEY—At Dunbar, Sunday, March 25th, 1945, Mrs. Chris. Barkley, in her sixty-fourth year.

REPORTED WOUNDED.

Mrs. Emerson Johnston, Finch, has received word that her brother, L|Cpl. Dwight A. Ball has been severely wounded while serving with a Western Ontario unit somewhere in Germany. He joined the army in February, 1941, going overseas the same year and has been in France and Holland since D-Day.

Dwight is a son of the late Mr. and Mrs. Robert A. Ball, Winchester Springs.

FO. A. A. DESORMEAUX SUPPORTS 8TH ARMY

With RCAF in Italy, March 1st—After three and a half years of waiting, F.O. A. A. Desormeaux of Winchester and Ottawa, recently started operational flying with the RCAF "City of Windsor" squadron. The Canadian Spitbomber squadron of the Desert Air Force operates over the Adriatic in close support of Eighth Army troops.

The 26-year-old ex-dairy farmer formerly employed with W. B. Allison and the late E. T. Munro, Bethune Bush, joined the RCAF in August, 1941 and worked through basic aircrew training at Valcartier, Victoriaville, Cap de Madeleine and St. Hubert in Quebec. A staff instructor's job at MacDonald, Man., came his way after he won his wings in September, 1942.

He received advanced flying training at a United Kingdom base in the Midlands and a trip to the Middle East and operational training in Egypt were slated before "Cide" Desormeaux was hustled back to Italy for his first tour of "Ops" with the "Windsor" Squadron.

Kearns Block Saved When Storeroom Gutted

Last evening at 6:25 smoke rolling out of a store room at the rear of the Kearns three storey block on Main street had every indications of a serious blaze. Leo Gallagher from a window in his apartment on the second floor of the Kearns block noticed a heavy curl of smoke coming from the back part of the building and turned in an alarm. A quick response was made by the firemen and within a very short time three lines of hose were laid. The blaze was a hard one to get at. It was in refuse in a room at the east side of the brick portion of the storeroom which has living quarters above, which was gutted. How it started has not been discovered. The flames after burning fiercely on the first floor ate their way up to the eave of the building and broke out at the corner but were quickly put out. The fire could only be fought from the one side through the windows and from an adjoining roof. On the west side attached to the main brick part of the storeroom is a frame metal clad lean-to. The flames did not get into it but it prevented the fire fighters from getting to close quarters on that side. A portion of the covering of the top of the wall on the west side of the building was removed when it was feared the flames had eaten through and might be getting a foothold there. The fact that there was no door leading from the main building in which Bessin's Egg Grading plant is located to the burning storeroom probably saved the whole structure.

Three quarters of an hour after the first hose was laid the flames were subdued.

So serious did the situation look that a hurry-up call was made on the Winchester brigade which arrived at 7:15 and quickly laid a line of hose with two branches, but it was not found necessary to turn the water on at that stage. Much credit must be given the Winchester firefighters for their very prompt response to the call.

The buildings are owned by Chas. McMillan of town, who bought them some time ago from the Kearns estate.

Late Mrs. Charles Short

Mrs. Charles Short, Chesterville, died unexpectedly in a Brockville hospital at an early hour Tuesday morning, March 20th. Born in Finch township, she was the daughter of Mr. and Mrs. John T. Servage who now reside at Chesterville. The funeral was held at Dunbar Presbyterian Church, March 22nd, where service was conducted by Rev. Mr. McKinnon assisted by Rev. Mr. Wright after which burial was made in Maple Ridge. The pallbearers were four close friends, Burnice Wood, Delbert Dillabough, Jay Bailey and Dwayne Munro.

Being of a cheerful disposition and loved by all, she leaves a host of friends, evidence of which was shown by the many beautiful floral offerings.

Besides her husband, she is survived by a daughter Jean age 14, and a son Gordon 5, also her parents, two sisters, Mrs. Anson Hoople, Newington; Beatrice of Chesterville and six brothers, Earl, Tom and Cecil of Massena; Stanley, Kingston; Gordon, Morrisburg and Vincent of Chesterville.

Chesterville Girl Honored At Orillia

The Board of Education heard with profound regret of the enforced retirement from the teaching profession and the Orillia teaching staff, of Miss Pearl E. Beckstead, by reason of ill health.

Miss Beckstead has given twenty three and one-half years of efficient service in the Orillia public school. Her ability as a teacher and her fidelity to the profession have been of the highest order. The succession of classes that have passed through her rooms will long remember her devotion and gracious personality.

The Board of Education expressed its sincere appreciation of Miss Beckstead's distinguished service, and its best of good wishes for many years of well-merited leisure, and a renewal of health.

The teaching staff of the Orillia Public Schools presented Miss Beckstead with a beautifully upholstered chair.

RADIO INTERFERENCE

Radio listeners have been much annoyed during the past several nights with intermitent interference to reception. Just what is causing the trouble has not been determined.

DAYLIGHT TIME STILL WITH US

Having borne the brunt and inconveniences of Daylight Saving Time during a winter that offered few compensatory alleviations the people of Ontario will view with equanimity the announcement that Daylight Saving will continue for the present because of wartime demands for electric power and other factors. With the sun again asserting itself folks are not altogether obliged to greet the dawn in the dark and soon the sportingly inclined will be out in the evening to make the most of the added daylight. The Government realizes that the adoption of Day-the Sun again asserting itself folks gether popular measure even in summer and particularly oppressive in the dark days of the late fall and winter. Labor Unionists have long regarded the new time as a handicap and the last representation made by the Canadian Federation of Agriculture declared that daylight saving imposed a hardship on rural residents whose children travel long distances to school and that a great majority of farm people found the regulation a serious handicap and a cause of financial loss. Daylight saving time was adopted in 1942 to conserve power and synchronize Canada's time with the wartime which was then adopted in the United States for reasons of transportation. It is emphasized this is a war measure and it is not the intention of the Government to maintain Daylight Saving any longer than the necessities of war demand. In support of the regulation it is pointed out that in Ontario there was a shortage from 60,000 to 75,000 horsepower.

SENTENCE FOR KILLING TOO LIGHT

It has been observed that hanging is getting out of fashion in Ontario and that in cases where the juries do not compromise on manslaughter an appeal to a higher Court frequently results in a new trial and in one instance where a man was under sentence of death on a murder charge in actual acquital. The Crown has evidently become aroused in this matter and have appealed the sentences passed on Allan Baldwin and William J. O'Sullivan for manslaughter following the death of a guard in the Don Jail at Toronto who endeavored to frustrate the attempt of the two to break jail. Baldwin, who was awaiting removal to Kingston to serve a 19 year sentence actually made his escape and was found to be armed when captured a day or so later. The Judge in imposing sentence, taking into consideration the prison terms already imposed upon the two men, 19 years for Baldwin and 10 years for O'Sullivan, actually gave Baldwin 6 years and O'Sullivan 4 years for the killing of the prison guard. The Crown contends the sentences were wholly inadequate and asks life imprisonment for Baldwin and an increased sentence for O'Sullivan.

PUBLIC CO-OPERATION IS ASKED

It is authoratively stated that water protection was a factor in reducing the Ontario fever death rate from 7.0 to 0.2 per 100,000 in the last 25 years. Provincial Health Minister Vivian points out that sewage disposal is important because the discharge of raw, or inadequately treated sewage would jeopardize water supplies. Speaking generally, he says, the improvement of health is not a matter which can be accomplished by Government action alone or by the medical profession alone. Two additional factors are necessary, the understanding of the problem by the general public and their fullest co-operation and acceptance of necessary procedures.

CONSCRIPTING FOR FARM LABOR

The time has again arrived when appeals are being made to young people to join up in a campaign to aid the sorely pressed farmers of the province in producing crops to ensure an adequate supply for the fighting forces as well as meeting civilian needs. Students, male and female, will be expected to take their part in supplementing the labor shortage. From Ottawa comes announcement of a series of amendments to National Selective Service civilian regulations that will give authority to Selective officers to direct any male of 16 to 65 years of age, whether employed or unemployed, to a job in agriculture.

RABBITS A PEST

During the past winter the havoc wrought by rabbits and mice on fruit trees has been alarming. In this respect the Wentworth County Fruit Growers' Association demand legislation permitting wholesale destruction of the pests. The fruit growers favor an unbroken open season for shooting rabbits, the granting of permission to poison them and consideration of the development of bacteria or parasites to control the pests.

DEMOCRACY.

Democracy is government by the people, with the people possessing entire control and equal rights in all that concerns or belongs to the State It is government with the consent of the governed, who express their will through the vote.

The infallible test of Democracy is the liberty of the individual to speak his mind at all times and in all places on matters of public interest. He may extol the leader of the State, his parties and his policies or, privately and publicly, he may roundly condemn them. The individual citizen may support the party he has freely chosen or, if no existing group pleases him, he may start his own political party.

This wide liberty accorded to the individual is the very essence of Democracy. On this, all other rights within the Democratic State are based. Take this individual liberty away, or take any small part of it away, and Democracy decays.

Democracy is humanity at its best and, like humanity, it is compounded of nobility, selfishness and error. It was introduced to mankind by Cleithenes of Athens, just before the beginning of the Golden Age of Greece 2,400 years ago. Since that time it has flourished, faded, died and been reborn in many parts of the world. Ever has it remained the ideal and hope of men everywhere who are wise, tolerant and just.

In one short lifetime, Canadians have seen the great democracies of Europe pass away. Four centuries before Christ the philosopher, Plato, described the process:

Tyrants spring up as from a root . . . one is usually chosen as leader . . . someone bold and unscrupulous . . . who curries favor with the people by giving them other men's property . . . He surrounds himself with an armed guard, and emerges as a tyrant over the very people who raised him to power.

Now untold millions of disillusioned Europeans are looking to the democratic New World for political salvation and the restoration of their freedom.

Democracy in Canada and the United States, despite its disabilities, has maintained consistently the freedom of the individual and has protected him from the State, instead of making him a servant of the State. At the same time the North American system of government has raised the standards of living and the production facilities of the ordinary people to a point higher than any previously known to history. On its merits it stands as the finest form of government known to man.

In the classic definition of Democracy are the words: " . . the consent of the government . . through the vote." To those who live under Democracy then, the prime obligation of every citizen is to use his ballot. To vote in every election—whether it be municipal, federal or provincial.

Let every Canadian pause and think for a moment about the form of government under which he lives. It is a system that has made Canada great and kept Canada free. Except among our friendly neighbors to the South, no other people have as much at so small a cost. Preserve Democracy by voting for it.

C.C.F. PHILOSOPHY
Regina Leader-Post

The philosophy on which a party is built governs its actions and the actions of any government it may form. Consequently, the philosophy of the CCF in its internal affairs being centralization and authoritarian, it follows that any government it forms will work in the same direction. That such is the case has been abundantly shown in Saskatchewan.

Mr. and Mrs. Ernest Gray and Miss Marion of Ottawa visited Mr. and Mrs. I.P. McIntosh. This was the first long drive Mr. Gray had taken since his serious illness Aug. 14th. We are glad to report he is greatly improved in health.

Messrs. Bruce and Norman Rae visited Ottawa last week.

Mrs. Cecil Garlough and baby have returned home from her parental home at Williamsburg.

Mrs. Nehemiah Summers spent one day last week with Mr. and Mrs. Edgar Summers and family.

Miss Helen Jamieson received a copy of the "Estevan Mercury". In it was a splendid write-up of the 25 th Anniversary of the marriage of Mr. and Mrs. Edward Rae, son of the late Mr. and Mrs. Jos. Rae of this vicinity. He married Miss Norma Robey of Briercrest, where he was in business, until driven out by the long years of depression, to Estevan, where he was commissioned agent for the Imperial Oil Co. in 1931. Estevan is in the centre of the lignite coal fields. In 1931 he had one truck and one helper. In the write up it said in 1945 he had 6 helpers and 4 trucks and the write up said he had increased the out put 1000%

The Estevan agency embraces a large farming area and it wasn't long before he was a well-known figure among the farmers and mine operators. He is president of the Estevan Rotary Club, a member of the Collegiate and Public School Boards. He has two fine sons. One is attending Estevan Collegiate and the other will graduate from Queen's University, Kingston, as a Civil Engineer in April.

Miss Helen Jamieson received a letter from Lieut. Ruth Gray, 21st Canadian hospital, overseas. She had visited Brussels, found it almost undamaged and the stores full of everything, things she hadn't seen in years. We understood Belgians were hungry and without clothing. We are certain England is low on everything. We read in the letters that all along the coast there was no rationing and lots of everything. Another letter is from Germany and says there is lots of everything found in houses, cellars full and soldiers kill chickens and pigs to eat.

War Veterans Insurance NOW AVAILABLE

Offers protection, without medical examination in most cases, to those discharged.

When Canada entered the present war, it was realized that men and women who went into uniform faced the possibility of returning to civilian life with their health impaired, or with some physical disability. It was realized also that, as a result of this impairment in health or disability, many service men and women would be unable to provide protection for their families through the normal channels of commercial life insurance. To meet this situation, Parliament, at its 1944 session, passed an Act known as The Veterans Insurance Act. This act has now been proclaimed and applications may be made for policies under it.

WHAT ARE THE SPECIAL FEATURES OF WAR VETERANS INSURANCE?

One of the principal features of War Veterans Insurance is that, with very few exceptions, it is available at low cost, without medical examination. No extra premiums are charged where the veteran's occupation is unusually hazardous—such as, mining, construction, commercial flying, etc. —and, in addition, premiums are waived in the event of total disability. There is no extra cost for this waiver of premiums.

WHO MAY APPLY FOR WAR VETERANS INSURANCE?

Any ex-service man or woman is eligible. In addition, widows or widowers of veterans may apply for the insurance on themselves if the veterans were not insured under the Act. Merchant Navy personnel in receipt of a war disability pension from the present war are eligible also.

WHAT TYPES OF INSURANCE ARE AVAILABLE?

The plans of insurance available are 10 Payment Life, 15 Payment Life, 20 Payment Life, Life Paid-up at 65 and Life Paid-up at 85; that is, premiums may be paid for 10, 15 or 20 years or until age 65 or 85 respectively. The longer the term of payment the smaller the premium required. Term and Endowment policies are not issued. The insurance is of the non-participating type, that is, no dividends are paid.

WHAT AMOUNTS OF INSURANCE ARE PROVIDED FOR?

Policies may be applied for in amounts ranging from $500 to $10,000. The amount of the policy is payable only in the event of the death of the insured.

HOW ARE PREMIUMS PAID?

At the option of the veteran, premiums may be paid monthly, quarterly, half-yearly, or annually. There is no additional cost to the veteran for paying premiums on a monthly basis.

IS THERE ANY CASH SURRENDER VALUE?

After premiums have been paid for two full years, the policy may be surrendered for its Cash Surrender Value, or it may be transferred to Paid-up Insurance or Extended Term Insurance. There is no provision for loans against the policy.

AT DEATH HOW WILL THE INSURANCE BE PAID?

The maximum amount which may be paid at death is $1,000, with the remainder being paid, at the option of the insured, in one of the following three ways:

(1) The money, plus 3½ per cent. interest, may be paid to the beneficiary in equal instalments over a period of five, ten, fifteen or twenty years, as selected. If the beneficiary dies, the payments are continued to his or her estate.

(2) The money may be paid in equal instalments as long as the beneficiary lives.

(3) As in (2), but instalments are guaranteed for five, ten, fifteen or twenty years, whether the beneficiary lives or dies.

WHAT IS THE EFFECT OF A WAR DISABILITY PENSION?

If, on the death of the insured, the beneficiary receives a pension, the insurance money will be paid as follows:

(1) If the policy is paid up, the full face amount of it will be paid to the beneficiary in the manner elected by the insured, plus the pension.

(2) If the policy is not paid up, then the capitalized value of the pension will be deducted from the face value of the policy and instead, the beneficiary will receive the paid-up value of the portion deducted, plus the excess, if any, of the face amount of the insurance over the capitalized value of the pension. If the policy has been in force at least six months and the beneficiary is the wife or husband or children, or both, of the insured, at least $500 will be paid as well as the paid-up value of the remainder.

WHO MAY BE NAMED AS A BENEFICIARY?

Where the insured is married, the beneficiary must be the wife or husband, or children, or both. If the veteran is single, the beneficiary must be the future wife or husband, with a parent, brother or sister, named as a contingent beneficiary to receive the insurance money should the veteran die unmarried.

CAN RE-ESTABLISHMENT CREDIT OR PENSION BE USED FOR VETERANS INSURANCE?

Yes, this is one of the purposes for which the re-establishment credit may be used. Premiums may be deducted from pensions also, if requested.

IF THE VETERAN BECOMES TOTALLY DISABLED, WHAT HAPPENS?

If this occurs before the veteran reaches the age of sixty years, and he is not in receipt of full pension for the disability, no further premiums need be paid.

ARE THERE ANY RESTRICTIONS AS TO TRAVEL, RESIDENCE, OR OCCUPATION?

In addition to being free of occupational restrictions, the insurance also is free of restriction as to travel and residence.

EXAMPLES OF MONTHLY PREMIUMS PER $1,000 INSURANCE

AGE	Payable for 10 years	Payable for 15 years	Payable for 20 years	Payable till age 65	Payable till age 85
20	$2.89	$2.12	$1.74	$1.20	$1.14
25	3.18	2.34	1.93	1.39	1.30
30	3.53	2.60	2.15	1.64	1.51
35	3.93	2.91	2.42	1.98	1.78
45	4.98	3.73	3.16	3.16	2.59
55	6.45	5.01	4.40	6.45	4.03

NOTE: If it is desired to pay the premium annually, multiply the above rates by 12. There is no additional cost for taking advantage of the monthly payment plan.

Further information and application forms may be obtained from the nearest office of the Department of Veterans Affairs or by writing direct to the Superintendent of Veterans Insurance, Department of Veterans Affairs, Ottawa.

Services of a trained counsellor are available for individual interview with each veteran who wishes information concerning this insurance.

Issued under the authority of Honourable Ian A. Mackenzie, Minister of Veterans Affairs.

WE regret that thousands of applicants have had to "line up" for telephone service. Telephone equipment has been critically short because this is a "communications" war. And of course the armed forces, the government and war industries still move automatically to the head of the line; their needs come first. Only as material becomes available for less urgent needs can we take care of our waiting list, and on a first-come-first-served basis. We realize it's no fun having to "stand in line" this way. Applicants have been surprisingly cheerful about it—a fact we deeply appreciate. We just want them to know that we will be every bit as glad as they when we can once again meet every request for telephone service—fully and promptly.

Late Mrs. Hugh Robinson

On Thursday, March 8th, at the age of seventy, Mrs. Hugh Robinson passed away suddenly, at Elma, in the home of her daughter, Mrs. Egerton Barkley. Although she had been in rather poor health for some time her sudden death came as a shock to her family and friends.

Mrs. Robinson, nee Jean Smith, was born at Chesterville, a daughter of the late Samuel Smith and his wife the late Helen Green. Her husband, the late Hugh Robinson predeceased her eight years ago.

An earnest Christian, and a faithful member of the United Church for many years, Mrs. Robinson was a woman of kindly disposition, sincere character, and steady faith. A devoted mother and capable housekeeper, she tirelessly expended her thought and efforts on behalf of others.

The funeral took place on Saturday afternoon in the Elma United Church with the service conducted by Rev. R.G. Newman, pastor of the church. The Elma quartette sang "The Old Rugged Cross", and a duet, "The Beautiful Garden of Prayer" was sung by Mrs. Bernice Barkley, organist, and Mrs. R.G. Newman.

The pall bearers were Messrs. H. Carruthers, W. Carruthers, H. McMillan, Hugh McMillan, B. Barkley, and Graham McPherson.

Many beautiful and floral offerings were received, including: Pillow, Hubert, Helen and Egerton; Wreaths and Sprays, Will and Kathryn; Mason and Edna; Wilburn and Natalie; Bert and Mabel; Claude, Lela and Family; Gladys, Pearl and Lloyd; Mr. and Mrs. Wm. Shay and Edwin, Mr. and Mrs. Lloyd Smith and Stanley, Mr. and Mrs. Stanley Shay and Wayne, Mr. and Mrs. J. D. Hamilton, Mr. and Mrs. Grant Barkley, Mr. and Mrs. Will Smith and family, Miss Nellie Sullivan, Mr. and Mrs. Wm. Henderson, Mr. and Mrs. Earl Rivington, Mr. and Mrs. Hulbert Cross, Mr. and Mrs. Thomas Cunningham, Mrs. Helen Smith and family, Mrs. A. N. Barkley, Mr. and Mrs. Reginald Barkley, Mr. and Mrs. Donald McMartin and Gwen, Mrs. Christie Hill and Nettie, Womans' Association and W.M.S. of Elma United Church.

Left to mourn her loss are, one son, Hubert, in the Central Mediterranean Forces in Italy; one daughter Helen, (Mrs. Egerton Barkley); four step-sons: Will of Seattle, Wash.; Claude, of Camrose, Alta.; Bernard of Morrisburg; Masson of Grantley; two step-daughters, Pearl, (Mrs. Lloyd Johnston) and Gladys of Edmonton, Alta.; four brothers, Ingram of Edmonton; Ward and Will, Chesterville; Archie of Sault Ste Marie; two sisters, Mrs. Enos. Munro of Winchester Springs; and Mrs. William Shay of Chesterville.

Friends from a distance who attended the funeral were: Mr. Archie Smith of Sault Ste. Marie; Mr. and Mrs. Clifford Trimble, of Munster, Ont.; Mr. Earl Trimble, Miss Muriel Trimble, Mrs. Minnie Hill, and Mrs. Christie Hill of Ottawa; Mr. Ralph Munro of Oxford Mills, and Mrs. Earl Rivington of Manotick, Ont.

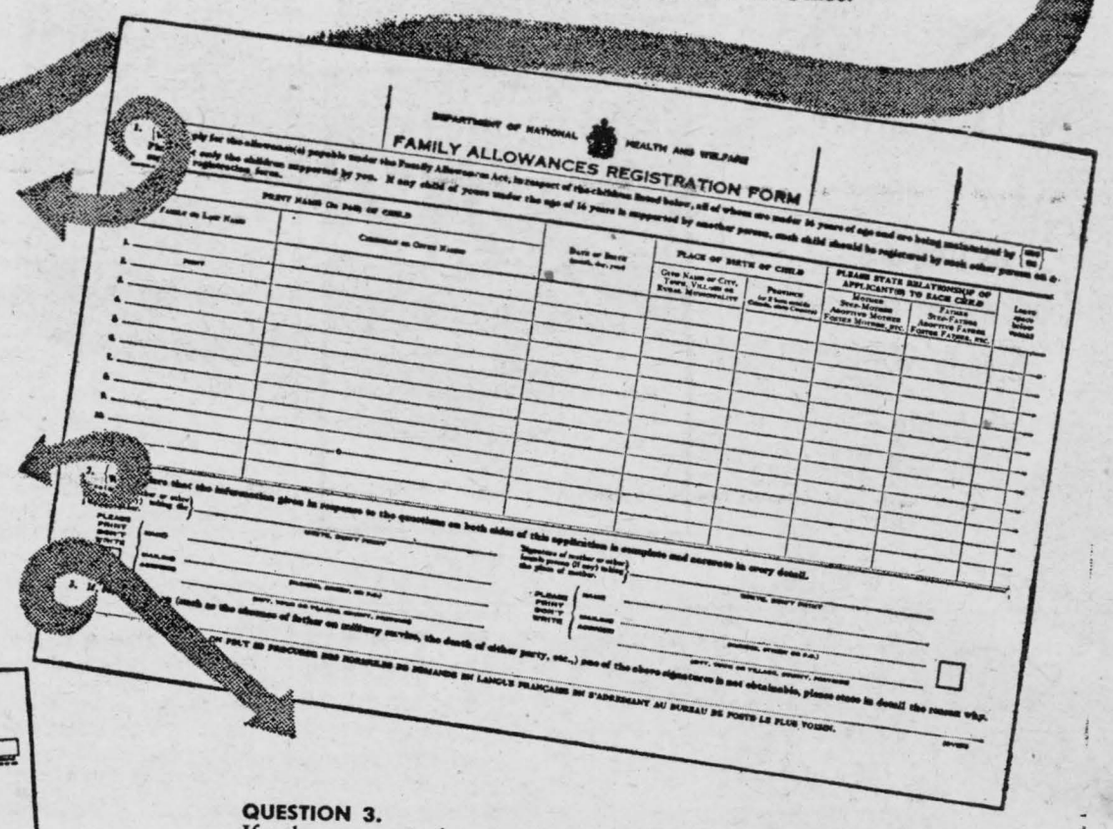
REGISTER NOW for FAMILY ALLOWANCES

Family Allowances will be paid every month for every eligible child under 16 years of age. First cheques will be mailed in July, 1945. Family Allowances are being paid to help parents in the care of their children, to help pay for medical, dental and nursing services—for better food, clothing and shelter, and to assist in equalizing opportunities for all children.

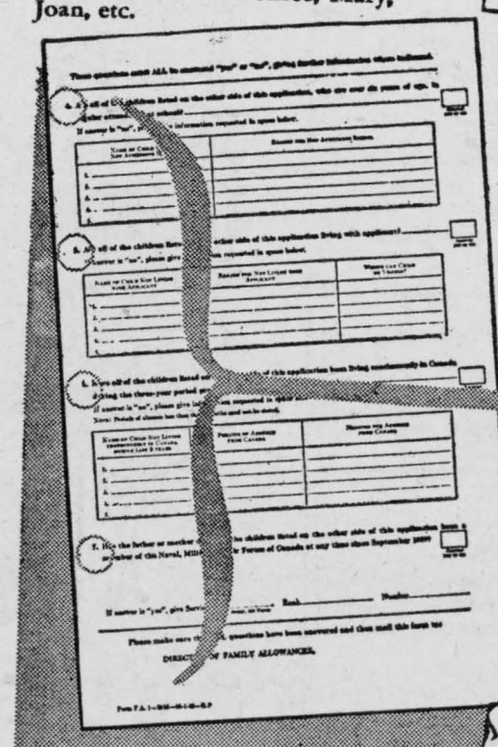
Registration forms have been mailed to every family. Fill in your form as soon as received. It is very simple—only seven questions—and information is given below to help you complete the form accurately. Do it right away in the interests of your children, as cheques can only be mailed to those eligible families which have completed and returned the Registration Form.

If you do not receive a form through the mail, please ask for one at the nearest Post Office.



QUESTION 1. PRINT IN BLOCK LETTERS (LIKE THIS) the names of your children under 16. Write out the month of birth, then give day and year. Write name of place where each child was born. Complete each line by stating your relationship to child and if father and mother are applying, fill in both "relationship" columns.

QUESTION 2. Here the father and mother must both sign if both are at home. Then give the address to which cheques should be mailed. PRINT THIS IN BLOCK TYPE (LIKE THIS) under both signatures. The mother should not sign her husband's first name. She should sign her own first name, such as Mrs. Alice, Mary, Joan, etc.



QUESTION 3.
If only one person has signed under question 2, state the reason why the other signature cannot be given. Give details—don't say Father or Mother is "away"—state where and for how long.

QUESTIONS 4, 5, 6 and 7
on the other side of the form must also be answered either "Yes" or "No" If the answer is "No" to questions 4, 5 or 6, state details giving name of child, or children concerned. In the case of No. 5, if you have any children under 16 not living with you, list their names, give the reason and the complete address as to where they can be visited. If the answer to No. 7 is "Yes", give the details required.

INCOME TAX: So that nobody will benefit from both Family Allowances and a full income tax deduction for their children, the income tax deductions for children will be reduced by the amount received from Family Allowances. Parents, therefore, have the choice of claiming—or not claiming—Family Allowances. Those uncertain as to whether or not they will benefit are advised to apply for the Family Allowance.

Thanks Grantley Unit

Dec. 31st, 1944.

Dear Mrs. Gillard:

In acknlowledgement of the nice parcel I received a few days go, I would like to take this opportunity, to thank you, and all the members of Grantley Red Cross, for their thoughtfulness, in sending me this lovely parcel.

It was deeply appreciated by myself and my chums who shared in it. It is things like this, which helps we boys over here, to keep our chins up and to know that the people back home are thinking of us.

It was a bit different Christmas this year, from the one of last, which I spent at home.

But by the many nice parcels I received, from you, my family and friends, back home, made it a very enjoyable one indeed.

I would like to thank you all once more and may Victory soon be ours, that we may be reunited once more.

Wishing you all a very happy and prosperous New Year.

I remain, your friend,
Ray Darling.

EDUCATION, ONE JOB OF MUSEUM.

Briefly, the job of a modern museum is to preserve objects pertaining to science and culture, to study them, and to make the special knowledge thus acquired, common knowledge. The dissemination of knowledge is therefore an important function of your museum, the Royal Ontario Museum.

Compared with the cost of other commodities, electricity is cheaper than ever in Canada today. While average commodity prices have now risen more than 18% over the 1935-1939 average, the cost of electricity has actually dropped.

Report by the Dominion Bureau of Statistics, December 4, 1944, says: "Reductions in electricity rates during the last year have provided a stabilizing influence upon the general cost of living index". On this date:

Cost of living was up 18.9%
Cost of food was up 30.8%
Cost of fuel was up 8.1%

Cost of electricity stood at 91.4%
—a drop of 8.1%

Through the support that Ontario people have given their Hydro System, this Province now enjoys electricity at rates that compare favorably with the lowest in the world. Greater use brings lower cost.

With the coming of peace, much power now being used for war production will be available to bring increased benefits to homes and farms. Plan now for greater use of Hydro service.

EASTER DINNER MENU.

Tomato Juice
Roast Stuffed Shoulder of Lamb, Mint Dressing.
Creamy Potatoes.
Green Beans, Julienne.
Pickled Beets.
Jellied Rhubarb with Custard Sauce.
Hot Cross Buns.
Beverage.

ROLLED STUFFED SHOULDER OF LAMB WITH MINT DRESSING

Shoulder of Lamb (3 or 4 pounds).

Select a shoulder of lamb and have the butcher remove bones and roll it.

Reserve the bones for soup.

In centre of the roll place mint dressing.

Cook in open roasting pan at 325 degrees in electric oven, allowing 40 minutes per pound.

Salt and pepper may be sprinkled over roast before it is cooked or a short time before removing it from the oven.

MINT DRESSING.

4 tbsps. melted butter, 2 tbsps. chopped onion, if desired, 4 tbsps chopped parsley or celery, ½ cup chopped mint and seasonings. Stir in bread crumbs. Pile lightly into cavity of shoulder of lamb.

JELLIED RHUBARB

Mix 6 cups of diced rhubarb with ¾ cup of sugar, 2|3 cup of honey and ½ cup of water. Cook in the double boiler over hot water about 15 minutes. Cover so it steams until tender but do not stir if you wish the pieces to remain whole. Strain the juice and add enough hot water to make 3 cups. Soften 2 envelopes (tbsps.) of gelatin in ¼ cup of cold water. Heat the rhubarb juice and stir the gelatin into it, until dissolved. Chill the syrup until stiff but not set. Mix with the rhubarb. Put part of the mixture in the mold and let it set. Add more, and let that set, and so on until your mold is full. If it were all put in at once the rhubarb would come to the top. Chill in electric refrigerator until set and firm. Serve with or without a cream or custard sauce.

HOT CROSS BUNS

1 cup scalded milk, ¾ tsp. salt, ½ cup sugar, ½ cup shortening, 1 yeast cake softened in ¼ cup warm water, 4½ cups flour (about), 3 egg yolks.

Add scalded milk to salt, sugar and shortening. When lukewarm add yeast and 1½ cups flour. Beat well and let rise until very light. Add the egg yolks and remaining flour. Knead lightly and let rise until double in bulk. Roll out dough one inch thick and cut into rounds. Set these close together on a greased pan and let rise. Glaze the surface of each with a little egg white diluted in water. With a sharp knife cut a cross on top of each bun. Bake about 20 minutes in a hot electric oven at 400 degrees. Just before removing from the oven brush with sugar and water. Fill the cross with a plain frosting. A cup of raisins may be added to the dough if desired.

EASTER LUNCHEON MENU

Gingered Fruit Salad.
Graham Biscuits.
Lemon Chiffon Pie.
Hot Chocolate.

GINGERED FRUIT SALAD

Two grapefruit; 8 canned pear halves; 2 red apples, cored thro and cut in slices; 2 oranges; raisi if available; celery curls; lettuce; and spiced dressing. Pare the grapefruit and oranges, and remove segments carefully. Arrange them on individual plates in crisp lettuce cups along with the apple slices, peach halves, raisins and celery. Serve with dressing made by bringing to a boil one cup peach juice, diluted with ½ cup water, 2 tbsps. lemon juice and 1 tsp. ground ginger and thickened with 2 tbsps. cornstarch mixed with 2 tsbsps. cold water. Cook all for 5 minutes, then cool in electric refrigerator before using.

LEMON CHIFFON PIE
(Suggested by Mrs. E.J.)

1 tbsps. butter, 2 egg yolks, 1 tbsp. flour, ¾ cup white sugar, ¼ tsp. salt, 1 cup milk, 2 egg whites, 1 lemon.

Cream butter and sugar and blend in flour.

Beat in egg yolks. Stir in milk. Fold in beaten egg whites. Finally add rind and juice of 1 lemon.

Bake in unbaked pie shell in electric oven at 350 degrees for 40 minutes.
