Flurry of excitement

Brian and Tammy McIntosh from Bri-Mc Farms provided the horse-drawn sleigh rides at the 2016 Inkerman Winter Classic. It had been over 10 years since Inkerman's last winter carnival, and local residents were eager to participate in a variety of outdoor events.

MAYOR'S MESSAGE:

Council and staff hope this latest edition of the North Dundas Resource Guide finds you well. We have put a lot of effort in the past few months to prepare this publication for local residents and businesses. North Dundas prides itself on communicating effectively with our residents and taxpayers, and providing a wide diversity of programming and recreational activities. We hope you find this helpful in the coming months, and that you take the opportunity to learn something new, and sign up for a program or two!

Our community is a great place to live, work, and raise a family. It is thanks to our local residents, businesses, service clubs, churches, and community organizations that we enjoy such a great quality of life. As always, we are looking for ways to improve and do better. If you have a new idea for a program, or a suggestion we can include in a future publication, please let us know.

Enjoy the beautiful fall weather coming up. Our Council and staff team hope to see and meet you in the community in the coming weeks and months!

Planning, Building & By-law Info

POOL BY-LAW

All pools (including inflatable/bag pools) with a depth greater than 24" require a "fence" enclosure and a permit. Help keep our kids and visitors safe. For more information, please contact the By-law Department at 613-774-2105 ext. 246.

PARKING BY-LAW

Please note that even if the street is not "signed", a maximum parking limit of three (3) hours exists on all streets within the Township of North Dundas between 7:00 am and 7:00 pm. Also, the Province sets a $300 fine for vehicles parked in a designated accessible parking space without an accessible parking permit displayed.

WINTER PARKING BY-LAW

Winter on-street parking restrictions come into effect from **November 1 to April 1** between the hours of **11:00 pm and 7:00 am.** ALL vehicles parked on the streets between the aforementioned hours may be ticketed or towed away at the owner's expense. This by-law will be strictly enforced.

DOG LICENCE REQUIREMENT NOTICE

In accordance with By-law 38-2000, all dogs within the Township of North Dundas must be licensed each year. We accept cash, cheque, debit, and credit card as forms of payment at the Township Office. Dog licenses may be purchased for $30 each ($25 for neutered or spayed dogs). Failure to have your dog(s) licensed could result in a fine.

YARD MAINTENANCE

The Municipality has authority to require the owner or occupant of land, to clean debris, domestic waste, industrial waste, and derelict motor vehicles from their property. Every owner shall keep his or her land free and clear of garbage, refuse, domestic or industrial waste of any kind, and shall ensure that his or her land is free and clear of infestation. Every owner shall keep his lawn, weeds or turf grass trimmed or cut less than 4" in height.

BUILDING PERMIT INFORMATION NIGHT & OPEN HOUSE

Location: Township of North Dundas Council Chambers, 636 St. Lawrence St., Winchester, 613-774-2105 ext. 246

Session Date: Wednesday, October 19, 2016
6:30 pm - 8:00 pm

Do you have a building project in mind but you don't know where to start? Maybe you're planning to build a home or start a renovation, but you're not sure of where or how to get started? Perhaps you have heard about changes to the Building Code and to the process for obtaining a Building Permit and would like to consult a professional?

The Township of North Dundas' Building Department will be hosting an **Open House & Information Night.** Department staff will be on-site to answer your questions and help you get started.

Feel free to drop-in between 6:30 pm and 8:30 pm to share ideas with our knowledgeable staff, ask questions, or obtain help in analyzing your design efforts. All contractors, designers and DIY'ers are welcome.

For more information please call the Township Office Building Department.

IMPORTANT NOTICE FOR ALL NEW CONSTRUCTION

The issuance of a building permit usually signals an increase in the value of a property. Once a building permit is issued, a copy is sent to the Municipal Property Assessment Corporation (MPAC). After completion of construction, you will receive a notice of evaluation from MPAC. At the same time, the municipality will receive the supplemental taxation roll for all new construction and will prepare tax bills for all supplementary taxes.

This process could take from 6 to 36 months, depending on the number of units constructed in a given year. It is therefore incumbent on the homeowner to anticipate a tax bill for new construction, starting from the date of completion of the unit. For example, you might receive a tax bill in 2016 for construction completed in 2014. In that case **you will be invoiced for 2014, 2015 and 2016.** It is therefore important to be aware that a bill is forthcoming, that this bill could be substantial and that it is necessary to budget accordingly.

For your information, the taxes for a residential property evaluated at $200,000 in 2015 were $2,485.13.

Taxpayers have the option of making monthly pre-authorized payments, as soon as your building permit is issued. These amounts will be applied to future taxes and will serve to considerably reduce the financial impact when the tax bill is received.

For more information, please call 613-774-2105 ext. 221.

TOWNSHIP PLANNING SERVICES

The Township Planning Department can assist you with the following:

ZONING AND ZONING COMPLIANCE

What are you permitted to do on your property? Can you add an apartment? Is the current use permitted under the Zoning By-law? Can you operate this type of business on your property? We can help answer your questions and guide you.

HOW TO OBTAIN A LAND SEVERANCE

Are you considering severing your land? Ontario has very strict rules and policies which govern which lands may be severed. The 2014 Provincial Policy Statement and County Official Plan set out the framework for which properties can and cannot be developed (ie. wetlands, floodplains, sand deposits, etc.). The SD&G United Counties website, www.sdgcounties.ca, provides more details.

SITE PLANS

If you are considering a large development (any non-residential use or three or more residential units), you will be required to prepare a site plan showing setbacks, drainage, lighting, parking, walkways, servicing, snow storage, landscaping, signage, and other matters. A site plan agreement between the owner and the Township is prepared to ensure that these items are maintained over time.

MINOR VARIANCE

If your proposed development cannot meet the zoning setback requirements of the Township's Zoning By-law, you can apply for a minor variance which will be decided by the Committee of Adjustment. We recommend that you consult with municipal staff to determine if the development being proposed is minor.

DEVELOPMENT

Considering a development in North Dundas? Call us, so we can assist and guide you. Contact the Planning Department at 613-774-2105. Alternatively, several forms are available on the website at www.northdundas.com

Public Works Information

TOWNSHIP OF North Dundas

PUBLIC WORKS

The Public Works Department maintains the following municipal infrastructure: roads, sidewalks, storm sewers, water treatment and distribution, sanitary sewer collection, and municipal drains. If you have any questions regarding any of these services, please contact the Township office at 613-774-2105.

STREETLIGHTS

Streetlight maintenance also falls under the Public Works Department. To report a streetlight that is out or not working properly, please contact the Township and provide the address of where the light standard is located and the number on the pole.

SUMP PUMPS

Homeowners are reminded to check and make sure that backwater valves and sump pumps are working properly. It is recommended that homeowners have a back-up source of power in case of flooding or a power outage. Sump pumps and eaves troughs are not to be connected to the sanitary sewer. Also, no water powered or water driven sump pumps or back up pumps are allowed to be connected to any part of a plumbing system or water supply system that is connected to a municipal water system or municipal sewage system.

WATER REPORTS

Annual reports on drinking water quality are prepared by the Ontario Clean Water Agency (OCWA). These reports are available on our website under **Water and Sewer** or are provided free of charge at the Township Office.

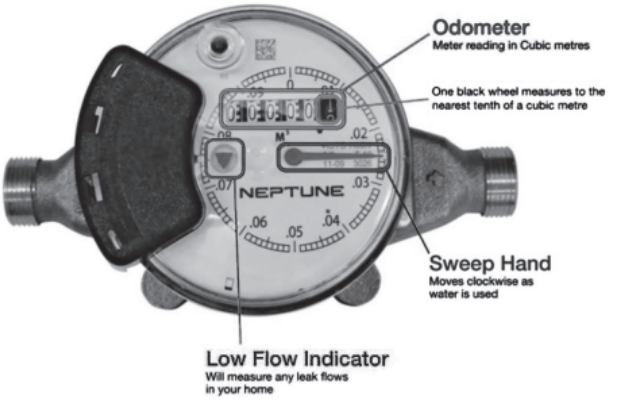
HOW TO READ YOUR WATER METER

NEPTUNE T-10 WATER METER STEP-BY-STEP INSTRUCTIONS:

- Make sure no water is being used inside or outside of your home. This means no dishwashers, sprinklers, or toilets flushing. It also means shutting off any appliance that may continuously use water like a water softener, pool filter, or humidifier.
- Find your water meter. It is found in the lowest part of your home, in your basement or crawl space. The meter is adjacent to the main water shut-off valve to your home.
- Get to know your meter. Your water meter has a series of dials and hands. The dials measure the amount of water you've used in your home over time and are used to calculate your water bill.
- The sweep hand also measures water flowing through the meter. As it completes a full circle, it prompts the dials to turn once.
- The flow indicator will measure any leaks in your home. The flow indicator moves counter clockwise whenever water is moving through the meter.
- If either the low flow indicator or the sweep hand moves when you believe no water is being used in your home, you may have a leak.

HOMEOWNER RESPONSIBILITIES

As a homeowner, you are responsible for the maintenance of fixtures and pipes on the private-side of your property line.



Neptune T-10 Water Meter

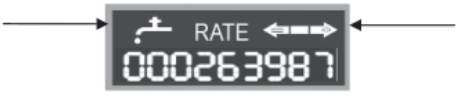
NEPTUNE E-CODER READING INSTRUCTIONS:

The Water Utility will read your water meter for billing purposes, but **should you wish to monitor your own consumption**, here's how:

- Shine a flashlight over the flashlight icon (located on the register) to activate the LCD display *
- Take a reading at a set time of the day
- Take a 2nd reading at the same time the next day
- The difference between the two readings is your daily water consumption

* Note: when the register display is first activated via a flashlight, all icons will be briefly displayed followed by firmware information. The register display will then toggle (every 4 seconds) displaying the reading and then the flow rate. The flow rate is per minute. When the display indicates "RATE", the flow rate is being displayed.

Leak Indicator
Displays a possible leak



Flow Indicator
Displays direction of water flow

- **OFF** – indicates no leaks
- **Flashing** – water usage for more than 50% of time in 24 hour period
- **Continuous ON** – there is most likely a leak in your home

The LCD figure displays your meter reading in cubic metres. The last 4 digits are decimal points. (e.g. – 26.3987 cubic metres) (decimal will be displayed)

- **ON**– water in use
- **OFF** – water not in use
- **Flashing** – water is running slowly
- **(–)**– indicates reverse flow
- **(+)** – indicates forward flow

BEAVER PROBLEMS?

The municipality is responsible for removing obstructions such as beaver dams, from municipal drains. (Note: the costs are then shared between owners of the municipal drain). However, municipalities are not responsible for the maintenance of natural watercourses or private drains and have no legal right to enter onto private properties in these cases. It is therefore the landowner's responsibility to contact a qualified trapper and have the beavers removed. The municipality or the Ministry of Natural Resources can provide you with names of local trappers. In case of potential damages to a municipal road, please contact John Oswald, Drainage Superintendent, 613-774-2105 ext. 229, or by e-mail at joswald@northdundas.com.

Subsidies & Support

JUMP START

Canadian Tire believes that all kids should have the chance to run, skate, play, and grow. That's why the Canadian Tire Jump Start program was started. Jump Start is a community-based, charitable program, developed and carried out by the Canadian Tire Foundation for Families. Jump Start helps kids between the ages of 4 and 18, who are in financial need, to participate in organized sports and recreational activities such as hockey, dance, and swimming, by providing financial assistance with program registration fees.

NORTH DUNDAS INCLUSION

The Township of North Dundas realizes that recreational opportunities always have their affiliated costs and that sometimes, these costs can make participation unaffordable. In order to eliminate these financial barriers, the Township of North Dundas has developed a fund called North Dundas Inclusion. While many great financial aids already exist and are available to residents of North Dundas, we realize that there are still some gaps that need to be filled. Now, regardless of whether you would like to inquire about participation for an infant, child, youth, teen, adult, or senior, financial aid for the program or course that you would like to register for, may be available.

KIDSPORT

KidSport believes that no child should be left on the sidelines and that all kids should be given the opportunity to experience the positive benefits of organized sport. KidSport accomplishes this by providing financial support for registration fees and/or equipment purchases. Grants are given out for local children 18 years old or younger and range from $50 to $500.

To apply for any of the above subsidies please visit the Township of North Dundas Office, located at 636 St. Lawrence St. in Winchester to fill out an application in person.
The forms can also be downloaded from the Township of North Dundas website at www.northdundas.com and then emailed to mmeerburg@northdundas.com.

For more information on any of the above programs, please call the Recreation Coordinator at 613-774-2105 ext. 223. All financial aid is confidential.

www.211ontario.ca

211 is an easy-to-remember, three-digit, non-emergency telephone number that connects callers to a full range of community, social, government and health service information. A trained operator will assess your situation and help you find the best services and programs to provide assistance. Everyone can benefit from using 211 – from individuals, families and professionals, to community agencies and people facing barriers due to languages, poverty or personal difficulty. GREEN FOOD BAG PROGRAM

House of Lazarus: 613-989-3830

Organized by the House of Lazarus, the Green Food Bag Program provides a non-profit, fresh fruit and vegetable distribution system that is available for purchase by all North Dundas residents (regardless of income level). Bags can be purchased, in advance only, for the price of $10 for a small bag or $15 for a large bag. There is no limit on the number of bags that an individual, couple, or family can purchase at one time. We accept cash only. The value of the produce in the Green Food Bags far outweighs the price. With many registration locations in North Dundas, registration is made easy and accessible. Each month the contents of the bags will change to reflect seasonal produce as well as market prices, availability, and customer feedback.

The **Green Food Bags are available for purchase in advance only,** requiring registration and payment to be submitted by the submission deadline, which is the second last Friday of each month. Bags are then available for pick-up on the last Friday of every month, following the packing.

For detailed information on this incredible edible program, please visit www.linkinghandsdundas.ca or find us on Facebook (Green Food Box Dundas County) or call 613-989-3830.

NORTH DUNDAS FULL CIRCLES

Welcome to Full Circles – North Dundas FULL CIRCLES... where one person's trash is another's treasure! Serving the communities of: Winchester, Mountain and Chesterville.

Our goal is to encourage North Dundas citizens to live simpler and reduce the size of their environmental footprint by finding new homes for perfectly good, but unneeded, unwanted items rather than just "warehousing" them or throwing them away. Individually and collectively, FULL CIRCLING reduces our negative impacts on our environment and our landfills through growing local communities of like-minded folks - FULL CIRCLERS!

FULL CIRCLES is a simple concept. Connect people with surplus "stuff"... with others who will use that surplus stuff.

For more information, please visit: http://groups.yahoo.com/group/NorthDundasFullCircles or http://www.northdundas.com under Waste Management.

DUNDAS COUNTY PLAYERS

The Dundas County Players, your local community theatre, is presenting the hit comedy "Calendar Girls", by Tim Firth and directed by Tony Glen.

Based on the true story of how members of a small town Women's Institute came up with a unique fundraising idea: a cheeky nude calendar featuring themselves in all their middle-aged glory. The calendar is a success and the ensuing media frenzy proves even more challenging than shedding clothes. A funny, sentimental and captivating story about female friendship.

The play will be presented at the North Dundas Old Town Hall, 478 Main St., Winchester:
November 18, 19, 25, and 26 at 7:30 pm
and November 20 and 27 at 2:00 pm.
Tickets are $15 for adults and $10 for youth.

TO RESERVE TICKETS CALL: 613-297-0097 or purchase on-line at DCPLAYERS.ca. Tickets go on sale about one month prior to opening night. (Some time in mid-October).

VISITING VOLUNTEERS:
Trained, carefully screened and interviewed individuals that report regularly to, and are supported by, the Director of Client Services. They may act as a companion to a client, provide practical assistance such as reading, light meal preparation or just listening and provide relief for caregivers by staying with clients while the caregiver takes a break.

TRAINING COURSE:
A 30-hour Palliative Care Course primarily for our visiting volunteers held annually. Participation by others is always welcome.

EQUIPMENT LOAN:
Specialized items are loaned to clients to allow for better comfort and/or mobility. Members of the community experiencing a need with illness, surgery or injury may borrow items on a short term basis if equipment is available.

DAY HOSPICE:
Held weekly, this program consists of an activity (crafts, speaker, games, etc.) and a healthy lunch and social time.

CAREGIVER AND BEREAVEMENT SUPPORT:
We offer support to both caregivers and those who have lost a loved one.

COMMUNITY EDUCATION:
Our speakers are pleased to talk to service clubs, churches and other community organizations.

LIBRARY:
Over 300 books, videos, CDs and videos are available for loan at any time, to anyone.

There is NO CHARGE for our services.

Dundas County Hospice is a registered charitable organization. Our work is possible through donations from individuals, businesses, community organizations, bequests and memorial donations.

NEW OWNER

...Same great service

Pictured: Bob van Noppen (left) congratulates new owner Bob Fetterly.

After almost 36 years owning and operating Winchester Automotive Services, also known as Winchester Autopro, Bob and Jannie van Noppen have decided to sell their business.

They are delighted and grateful to have been able to serve the people of Dundas County, many of whom have become good friends during this period of time.

However, the time has come to do the right thing and turn the business over to another generation.

Bob and Jannie are very pleased to announce that Bob Fetterly from Williamsburg has taken over the ownership and management of Winchester AUTOPRO.

Bob has been a valued employee for more than twelve years. He is a Master Automotive Technician and a very capable manager who will be able serve you well and to give leadership to the Winchester Autopro Team.

We are confident that Bob will carry forward the tradition of excellent customer service for many years to come. We highly recommend him and we wish him well.
