Discontent Exists In Russell - Prescott Counties

World, federal and provincial politics are supposedly the hot seats of unrest and indecision in the arenas of government. But, it has been recently publicized that uneasiness and discontent exist in the United Counties of Russell and Prescott.

Taking as fact that all government has its problems, the situation in Russell-Prescott has supposedly passed the minor stage. Drawn to the public's attention has been the movement of protest against the form and actions of the present County government in this area.

One explanation of the situation was received in a letter to The Winchester Press this week from B. McNeill, President of the Russell Chamber of Commerce.

THE LETTER

"Many residents of the Village of Russell in Russell County share the feelings recently expressed in an Ottawa newspaper by Dr. I. F. Kennedy of Cumberland that the interests of Russell County are ignored and prejudiced by the arrangement known as the United Counties of Russell and Prescott.

"At a recent meeting of village ratepayers, the view was urged that the union should be dissolved. The evidence suggests that this will be advantageous.

"In the West end of Russell Township the condition of county roads is scandalous. Within this Village the county has patched the same potholes approximately 12 times during the last summer and the holes are still there. The paving compound used in patching is so inadequate that the workmen no longer even tamp it into the holes; they simply throw it in the general direction. A call to a county official elicited the response that while the workmen dont' like doing a poor job, there is nothing they can do about the paving material.

"South of the Village of Russell there is a main county road providing access to the district hospital and high school. The United Counties have been building a bridge on that road for several months. The temporary bypass bridge has twice been washed away and recently all work was stopped when it was discovered that the bridge is too narrow for the road: a 28-foot bridge was being built for a main county road which should be 40 to 60 feet wide.

"Also on the south road, we have been treated by the United Counties to the tiretearing, metal-rending variety of road which it describes as paving. In 1962, two miles of the south road were paved. In 1963 there were ruts and holes six inches deep, the whole length of the two miles. The old gravel road was never such a hazard to the unsuspecting motorist driving north into Russell County at 50 m.p.h. on the finely paved road out of Dundas County. Moreover, in 1963 the United Counties laid two more miles of pavement north of the first two miles, but did not even bother to level up the original work. We anticipate that in the spring of 1964 we will have four miles of impossible pavment instead of two.

"Running north from the Village of Russell is a county road leading to the Russell Road and ultimately providing access to the eastern end of the Queensway. Use of this route shortens the commuters' drive to Ottawa from anywhere east of Russell by 10 miles and 30 minutes per day. When the Queensway is completed, use of the north road could provide rapid and ready access to all parts of Ottawa. But the north road is worse than the south road. It is continuously potholed for 9 miles, inadequately graded, has no winter snow fencing, and is the first road to become impassable when the winter wind gets up to 15 m.p.h.

"Since 28% of residential municipal taxes (excluding school taxes) in this Village are assigned to the United Counties administration, we can only assume that the money is being spent somewhere else than in Russell County.

"We have no compunctions, therefore, in recommending that Russell County give consideration to seceding from the United Counties arrangement.

"Also, the Village of Russell will be pleased to offer itself as the County Seat of the revived county. It was the county town many years ago and still is noted for its beauty, civic pride and progressive citizenry."

Hospital Board Appoints B. Stel Administrator

Bert Stel has been named the new Business Administrator of Winchester District Memorial Hospital by the Hospital Board. Mr. Stel has been officially notified of his appointment and will assume his new position on March 1st.

Succeeding John Davis who leaves Winchester to accept a similar position in Port Hope, Bert Stel has been the accountant at the Memorial Hospital since December 1960. Educated in Britain, he emigrated to Canada. The new administrator and his wife have two children, Clara 5, and Douglas 9, both of whom attend Public School.

With a thorough and comprehensive knowledge of hospital business and operation, Mr. Stel gained a valuable experience in the field of Hospital Administration at the Brockville General Hospital. He became office manager of the Brockville Hospital in 1956, and remained in that position until coming to Winchester in 1960.

Completely familiar with the operation of the local hospital, the new administrator is presently enrolled in a Canadian Hospital Association Special Course in Hospital Organization and Management to further complement his qualifications for his new position.—Press Staff Photo.

NEW ACCOUNTANT

At the January 14th meeting of the Hospital Board it was officially announced the hiring of Robert Clark of Winchester as accountant to fill the position vacated by the new administrator. Accountant Clark will begin his duties February 1st.

HOUSEKEEPER

The Hospital also has a new housekeeper on its staff, Mrs. Denis, of Finch. She assumed her post January 1st.

Pressure from the Building Committee and the Architect has been to no avail and completion of the Staff Residence by late January, the forecast date, appears to be an impossibility. The Board expressed great disappointment at the aspect of more delays.

Harold Gamble and Baird McNeill were appointed Directors on the Board to represent Russell.

100 Club Annual

ICE CARNIVAL DATE SET FOR FEB. 7

Queen Contest To Highlight Night

February 7 — that is the date for the big 100 Club Winter Carnival to be held in the Winchester Community Centre. Final arrangements for the Carnival Queen Contest, the highlight of the annual night of fun on ice, have been made by the committee in charge. Committee chairman Roy Fawcett with members George Elliott, Ron. Workman, Harvey MacIntosh and Frank Morgan, have distributed entry forms and all conditions read "Go."

Open to all girls of fifteen years and over in the Mountain-Williamsburg - Osgoode - North Dundas District, this promises to be one of the best Carnival Queen Contests ever. Contestants are required to fill out entry forms obtainablel from the three district high schools—Osgoode Township, Mountain District and North Dundas District. For girls who do not attend high school and wish to enter, blanks are available now at the Williamsburg Canadian Tire Store and at Fawcett's Jewellery in Winchester.

Entries must be turned in to the ticket office at the Winchester Arena not later than 8.30 p.m. the evening of the Carnival, February 7. Officials allowed the late closing time to permit as many girls as possible to enter the contest. It is a barrel of fun for all the contestants and one lucky girl will be the 1964 Carnival Queen. Many valuable prizes go with the crown, and last year's Queen Mrs. Dwight Fisher (nee Linda James) will crown her successor. Let's go, girls, this is the time to pick up an entry form and shine the skates.

There will be lots of other action at the Carnival too. The famous CFRA broomball team will lock brooms with the high flying Inkerman Rockets. Miss Ottawa Rough Rider, Sheira Crepin, will be in attendance to add her sparkling smile to the Queen 1964. Head Majorette of the Ottawa Rough Riders, Annabelle Boucher will be twirling her baton for the large crowd expected.

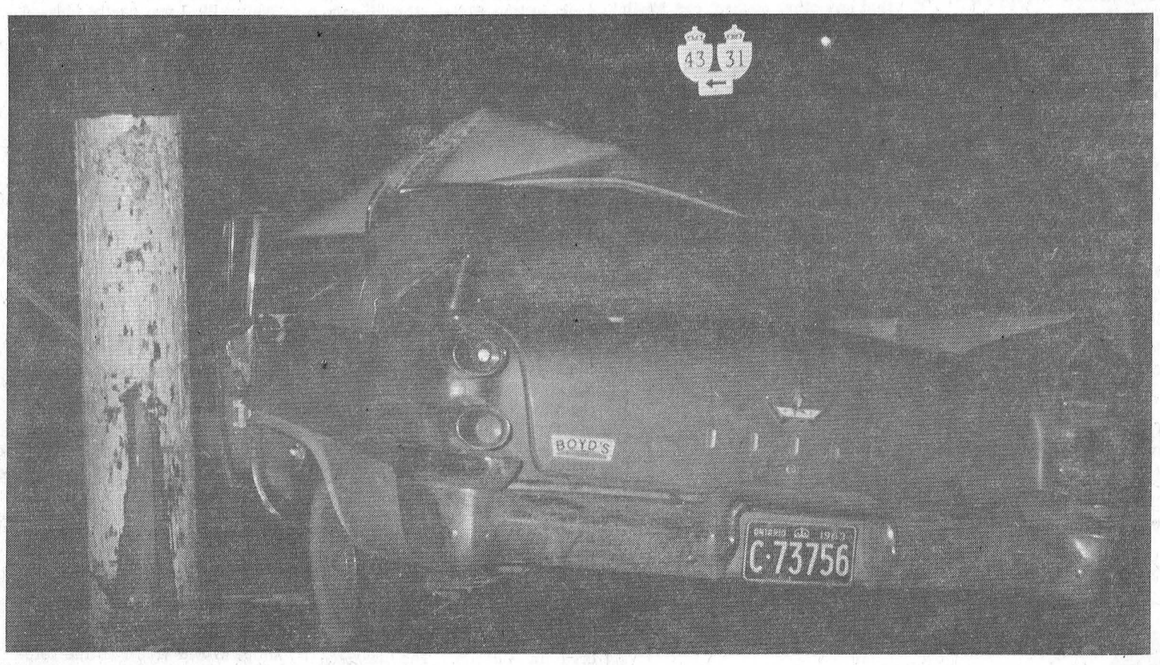
Races, costume classes and the North Dundas District High School Skating Drill are other items on the jam packed program. Sitting in the stands right now it looks like one of the biggest and best 100 Club Winter Carnivals ever. Be sure to attend, February 7 at 8 p.m.

100 Club To-Night

100 Club members are reminded that to-night (Thursday) is the Club's Annual Meeting for the nomination, election and installation of officers for the year 1964.

President Walter Johnson reported to The Press early Wednesday morning that Keith Graham, Publisher of The Chesterville Record, will be the special guest speaker. Keith will show slides and give interesting comments on his trip to Europe last summer.

This is an important meeting and all Club members are urged to turn out to the dinner meeting at the Masonic Hall to-night at 7 p.m. sharp.



Saturday Morning Main Intersection Crash

Results of the loud resounding crash heard shortly before 3 a.m. Saturday morning are shown in the above picture. A car, driven by Arden Holmes, son of Mr. and Mrs. Harold Holmes, of R. R. 1 Mountain, struck the large Hydro pole on the east corner of St. Lawrnce and Main Streets, Winchester's main intersection.

Driver Holmes escaped the demolished car with only facial cuts. He was alone at the time. The Holmes auto was proceeding north on St. Lawrence Street when the car apparently spun out of control.

Path of the car hit a parking sign in front of the "Tot Shop", careened along the Armstrong block damaging the right front portion of the car, and was then thrown mightily against the large Hydro pole and bouncing off to rest in the position shown between building and pole.

Chief Constable Les. Whitteker arrived quickly on the scene of the accident and carried out a thorough investigation.

Meanwhile, the driver was taken to hospital for treatment.

Resulting damage to the pole and building was slight, but the car has been classed as a write-off. Investigation continues.

Cold Weather Causes Water Main Break

Residents of Winchester who went to the tap and found the water suppy dwindle to nothing late Tuesday afternoon and thought that they might escape doing dishes atfer the evening meal, were wrong. Although the water did not return just after the meal ,it did regain its usual flow before most people could escape the drudgery at the sink.

As usual, the break in the water line was in the last place investigated. Naturally. It is believed the hydrant at the extreme eastern limits of Main Street must have cracked or broken in the extreme cold of the last few days. The trouble is underground and at Press time Wednesday work crews had not reached the buried source of the problem. Town Foreman Reg. Freeland expected no serious difficulties in repairing the underground leak which drained the water tower and gave the resuting lack of pressure to continue water supplies into village homes.

The break has been segregated and only one residence remains without a water supply.

$20,000 Fire At Iroquois

Eighteen cows, more than 30 pigs, and a complete flock of hens were destroyed in a barn fire on the farm of Martin Peppers. Damage was estimated at $20,000.

The fire on the Peppers farm, north-east of Iroqtiois in the third concession, completely destroyed the barn, and all the feed and equipment housed in it. It is not known whether the loss is covered in any part by insurance.

A passerby noticed the fire and aroused the owners, but nothing could be done to stop the raging inferno. Six cows were saved from the flames.

Chimney Fire

Winchester firemen quickly extinguished a chimney fire that possibly could have developed into a major blaze at the home of Mr. and Mrs. Henry Lennox, Main Street West.

The fire siren rang at about 7.30 p.m. Friday evening and firemen were on the scene rapidly to prevent any extension of damage. A cloud of smoke and flying sparks were the only indication of a fire. Damage was negligible.

Raymond Annable Heads P. S. Board

Raymond Annable was re-appointed Chairman of the Board at the inaugural meeting of the Winchester Public School Board on Monday night. The Board is beginning the second year of their two-year term. Ran. Wylie was rehired as secretary-treasurer.

Re-appointed as representatvie of the Public School Board on the NDDHS Board was Gordon LaRose. Other officers officially re-appointed were: Property committee, Ken. Summers, Harry Keyes, Burt Hodgson; Purchasing: Burt Hodgson, Mrs. Irene Byers, Ron. Workman; Truant Officer, Les. Whitteker.

Members of the Board are: Raymond Annable, Mrs. Irene Byers, Ken. Summers, Burt Hodgson, Ron Workman and Harry Keyes. Regular meetings of the Board will be held the second Monday evening of each month.

Dundas County Public School Inspector M. N. Hutchison reported to the Board on the methods and procedures used in teaching the Primary grades. The comprehensive run down indicated work as excellent in the school's primary division.

Also present at the meeting were Principal J. H. Potter and Caretaker Ross McConnell.

Basil Barkley Dies In 63rd Year

Basil Barkley, aged 63, died at his home, 150 Andrew St., Massna, N. Y., on January 4th. Stricken at his home by a heart attack, he was an employee of thirty years with Alcoa Aluminum.

Married to the former Ella Crites of Massena on July 23, 1936, he was a member of the First Baptist Church and Massena Lodge No. 513, A. F. and A. M.

Surviving are his wife, three sisters, Mrs. Martha Spencer, Carduff, Sask.; Mrs. Anna Clements, Peterborough, and Mrs. Thomas Reed (Della), of Winchester; and two brothers, James Barkley, of Ottawa, and Arnold Barkley, Deschenes, Que.

Funeral services were conducted from the Philips Memorial Home at two p.m. on January 7th to First Baptist Church with Rev. Douglas Densmore officiating. Massena Lodge No. 513 conducted a Memorial Service on Monday evening.

Results of Brake Failure

How a man could escape serious injury in the accident depicted above is a question that must be in the minds of many people. Ivan McNairn of Riverside Heights was the driver of the large flat truck used for hauling bricks by the Kingston Dunbrik Company of Morrisburg.

Returning from Ottawa after delivering a load of bricks, McNairn hit, from behind, a slow moving milk truck that had pulled out on the road and was gathering speed. Occurring near the Carleton - Dundas County line, the accident was apparently caused by a brake failure on the Dunbrik truck and it crashed into the rear of the Regimabald Milk Transport driven by Gordon Bowen of Vernon. The milk truck had a short time previously pulled onto Highway 31 and had not gathered highway speed.

Carrying mcre than half a load of full milk cans, the milk truck was struck squarely from the rear when the brakes on the brick truck failed to function. Damage to the milk transport was light as only the box was shifted slightly forward and the left front fender crumpled where the brick truck struck it after the milk truck spun around ninety degrees in the middle of the highway. The large flat truck, after striking the milk truck, continued on a straight path across the highway and halted in a ditch more than five hundred feet from the scene of the impact. On its course to the ditch the Dunbrik truck narrowly missed collision with a telephone pole.

Gordon Bowen, driver of the milk vehicle, was uninjured and helped driver McNairn release himself from the wreckage of the larger truck. McNairn escaped through the windshield, being unable to operate the jammed doors or windows. A dog riding in the brick truck with the driver was uninjured. McNairn was cut severely about the mouth but returned home after treatment.

Ontario Provincial Police from Carleton investigated. — Press Staff Photo.

THURSDAY'S STORM

Freezing Rain Brings Traffic To A Standstill

As the rains came down last Thursday traffic literally slipped and slid to a halt. One oft repeated scene was that of the triumph of ice over horsepower as more than one car succumbed to the slippery streets and was forced to back down a hill it had only half conquered.

Weathermen forecasted this storm, and the rain and freezing conditions they predicted arrived in full force Thursday morning. Traffic was hardest hit as cars, transports and buses were finding it extremely difficult to navigate on slick icy surfaces. More than one transport was seen to be sitting on the sidelines as the rains came down and began freezing.

In town, motorists found travel on the side streets extremely hazardous until highway crews came through with the salt trucks and town work crews began placing sand and salt on village streets and sidewalks. Much of the salt and sand on siewalks was ineffective until late Thursday evening as the rains persisted and coatings of ice covered everything exposed to it.

School buses had some degree of difficulty in travelling on side roads and after leaving the High School on the Ridge at 3.10 p.m.; one bus did not return to Winchester until after nine o'clock. Business in town was virtually at a standstill as few people ventured out to shop in the icy conditions. The rain did cease late Thursday afternoon, however, and temperatures remained in the high thirties and low forties, preventing any further freezing.

So that was icy and rainy Thursday, January 9, 1964.

Council's First Meeting

Winchester Municipal Council's first meeting of 1964 will go down in the record books as one of the busiest and one of the most productive in the history of our fair village. And Winchester, by the way, is approaching its 76th birthday as an incorporated village.

It was not necessarily a dynamic meeting as we refer to them today. It was not a meeting for action, but of action. It was a meeting of words, many of them of the substance which if followed even partially lead to better things in the life of the community.

Council has recognized the state of affairs in town. Far from being depressed the situation Winchester, like other towns, finds itself in is one which needs attention, which needs leadership and a sensible approach to our problems. To cope with this Council at its first 1964 meeting discussed thoroughly the town's welfare, elaborating on what had been accomplished in the past year and what could be accomplished in the years ahead. It was the kind of meeting where Council members were at their individual and collective best. And although all the points on their far-reaching program may not be reached we'll guess right now that a good many of them will become reality. And you, the citizen, will be able to help. Indeed, you must help!

What Council has done is to lay down the groundwork for a three or four year program of action which would reach a climax during Canada's Centennial year in 1967. The Centennial grant, if such a grant is possible, was given a lot of debate and Council will proceed smartly to do all that is possible to gain this village its share without delay. Lights for the Community Park, the possibility of a swimming pool, a start on a repaving job for all Winchester streets, better lighting system especially on secondary streets, and attractive street signs were all introduced as being "possible."

Right now it looks as though the Ball Park has a better than average chance of getting the necessary lights this year and this will introduce night softball and other activities at the park for the first time.

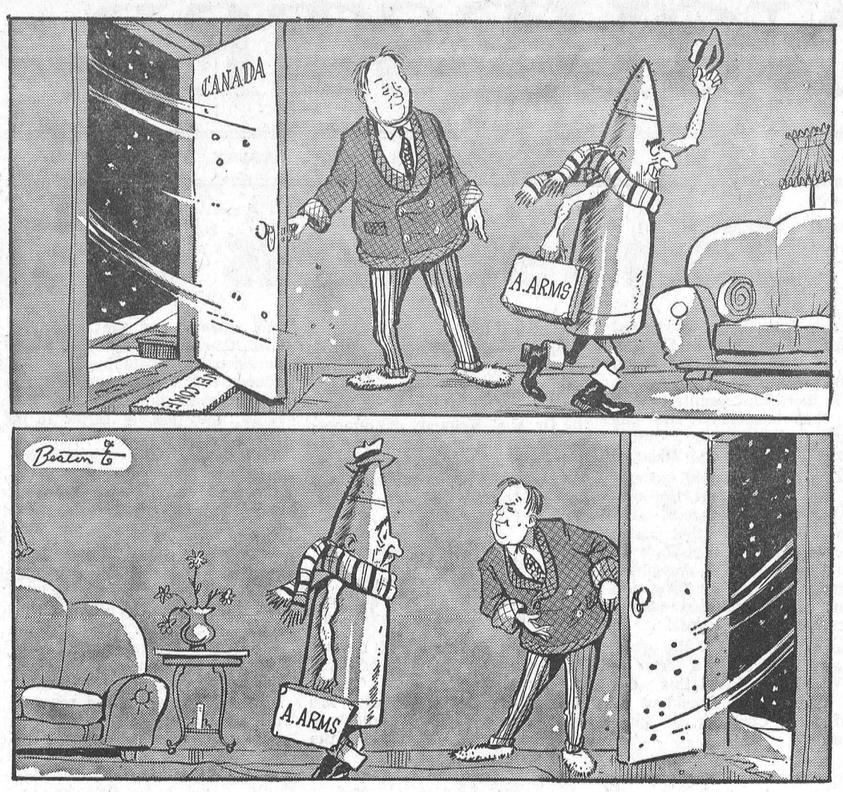
Of course these projects cost money. What doesn't? But, Winchester is not so financially crippled that it cannot at least make plans. And Council has taken the initiative to see that accomplishments are made. Shortly, representatives of the Legion, Chamber of Commerce, 100 Club and other groups will be called together. Community projects will be open to discussion and it is hoped that from this meeting a definite start will be made to get the ball rolling. In the meantime Council committees are busy lining up their budgets so that a start can also be made on improving the facilities we presently have at our disposal.

At the same time Council, and others, will keep an eye out for new home owners and industry. And to this end it is expected a special industrial committee will be instituted to deal with matters of this kind. The budget will be limited, but it will help.

As citizens of Winchester all of us can help — and help a lot! We can support Council in its move to go ahead, to keep the town progressive and prosperous. We can do our part in being more hospitable, in serving our customers better, in promoting our business places as much as possible. And we can turn out to the various meetings at Legion, 100 Club, Chamber of Commerce or whatever group it is and lend our assistance with advice, work and if necessary, money. The rest of us can well afford to support those who are leading the way by attending any functions which may be held to raise money for a community project.

There is a job for each of us in this town. Renewing our faith, working a little harder, sharing the load are sometimes difficult things to do. But, in the end the results, if we act conscientiously, are good for all of us.

This newspaper supports Council's bold and far-sighted action one hundred per cent. and goes on record as offering its services wherever and whenever possible to better this fine community we call Winchester.



A SHORT WELCOME

Of Many Things

BY AMBROSE HILLS

PRIDE OF COUNTRY

I travelled by train last weekend and was delighted with the new streamlined service, the food and the prices. I doubt that any other country can touch Canada for modern transportation.

Indeed, I doubt that many other countries can touch us in a variety of ways. In the lounge car on the train I was on, I saw a young fellow reading a little magazine called Quick Canadian Facts. He told me his father had been transferred from Sarnia to Winnipeg, so the boy was studying the facts about Manitoba, and he obviously liked what he found.

"It's a pretty good country all around, don't you think?" I said to him, making conversation.

He agreed that it is. He said that he and his chums had motored through the United States that summer, and while he was impressed by the friendliness of the people, he came home more proud than ever to be a Canadian. He wasn't quite sure why, but he thought it was because Canadians, in spite of our small population and our rather poor climate are more demanding. "For example," he said, "if Canadian trains gave us poor service as we had on one train ride we took in the States, they'd complain to the management. Americans seem to be too ready to be satisfied with second best."

He went on to say that he felt Canadians were now more enterprising than Americans. "They used to be great individualists down there," he said. "According to our school books, they were inventive and they were rugged individualists. I think they've lost a lot of that. They seem to think their prosperity depends on who is President or who is elected to Congress. I believe they depend on Washington a lot more than we depend on Ottawa."

Naturally, I was pretty pleased with the boy and what he said. He was obviously proud of his country, and I agreed 100% with his observations about the USA. They don't have the zest that made them great in the days of the Clipper Ships. Perhaps if we keep our zest, we'll top them one day and become the nation with the highest standard, instead of the second highest living standard in the world!

Quick Canadian Facts...

There were 102 males to every 100 females in Canada at the time of the 1961 census; to every 100 females there were 112 males in rural areas and 98 males in urban areas.

On the average,, Canadians spend $235 a year on imported manufactured goods, compared to $75 in the U. K., $60 in West Germany and $35 in the U. S.

Although we see countless shooting stars in the skies, only 23 meteorites have been recovered in Canada. The largest, weighing 386 pounds, hit at Iron Springs, Alberta, in 1869.

Average profit per dollar of sales was 4.9 cents in the Canadian manufacturing industry in 1961; the record post-war high was 5.9 cents. in 1955.

There are 8,500 recipients of blind persons' allowances in Canada, 50,000 recipients of disabled persons' allowances, and 99,000 recipients of old age assistance.

While there is no exact count of emigration from Canada, recent estimates indicate that in 1961 emigration exceeded immigration by about 12,000.

Curling now is the most popular women's sport in Canada; there are more than 100,000 women members of curling clubs.

Under National Hockey League rules a team may dress only 17 players for a game—usually three forward lines, five defencemen, two penalty killers and a goalie—but a team may have other players in the rink in case of injury.

The 1961 census reported that 67.4 per cent. of Canada's population spoke English only, 19.1 per cent. French only, 12.2 per cent. both English and French, 1.3 per cent. neither English nor French.

Since World War Two the rate of corporation tax in Canada has increased from 30 per cent. to 52 per cent.

The Seventh Column

Girls, girls, girls! This is it! Your big chance to prove what you have been saying for years — you are beautiful. Winchester's Annual Winter Carnival, under the sponsorship of the 100 Club, will be held in the Community Centre on February 7th. Committee in charge of the big event invites all girls aged fifteen years and over in the Williamsburg, Osgoode-North Dundas Area to enter in the Carnival Queen Contest. Entry forms are available throughout the District at OTHS, MDHS and NDDHS for girls attending school, and at Fawcett's Jewellery in Winchester and the Canadian Tire Store in Williamsburg, for young ladies not attending school who might wish to enter. Entry forms are to be filled out by the contestant and submitted to the Ticket Office at the Winchester Community Centre not later than 8.30 p.m., February 7th, the night of the Carnival. Officials have left the closing time for entries to the latest possible time, to facilitate those hasty last minute decisions that create pandemonium for the contestants who would like to enter but need that last bit of coaxing from a best friend who suggests "you can win. I just know it. Oh, I couldn't. Yes, you can. I won't go out there unless you do. Me, why me? We both go or else." A charming encounter and the two friends skate happily out onto the ice, each confident that "she" talked me into it. The winner receives more than a few beautiful prizes and wears the title of "Miss Winchester" for a year. A trophy, emblematic of victory, is presented to the Queen by the 100 Club. The Carnival Queen appears at many functions throughout the year in the Village and may be proud of her title.

Among many words or phrases that are "not" supposed to appear in the pages of the newspaper are twenty-nine listed by Columnist Emmett Quill Jr. in a recent issue of Sigma Delta Chi's "Quill." He suggested extreme caution when using the following words: Acute mental disease, adulteration of products, any loathsome disease, atheist, attempted suicide, bankrupt, bigamist, blackmail, bribery, Communist, corrupt, deadbeat, drug addict, Fascist, fraud, illicit relations, illegitimate, incompetent, intemperate, Ku Klux Klan, moral delinquent, Nazi, rascal, Red, seducer, suicide, shady practice, unmarried mother, unsound mind. Added up, the columnist suggests the twenty-nine words and phrases spell L-I-B-E-L . . .

Here is a reminder to motorists that your 1963 licence plates become invalid as of February 28th, 1964. This is earlier than other years, but the white plates with the black letters for '64 have been on sale since December 2nd. Harry Flora's Church Street Licence Bureau is open every week day and you can avoid the proverbial last minute rush by getting your plates now. In this case the early bird gets his licence plates.

Canada has won another dubious honour. Canadians are the most talkative people in the world—on the telephone at least. In the 1963 edition of "The World's Telephones," a statistical analysis of the industry compiled by the American Telephone and Telegraph Company, Canadians win hands down. But this isn't the first time. It is the eleventh consecutive year Canadians have used their telephones more than any other nationality. There were an average of 613.4 calls per person to earn this distinction. The people just south of the border were second with an average of 556.7 calls, with Iceland ringing up third with an average of 527.1 calls.

Edgar Craig, a popular local citizen, had a story about the lady who stopped him on the street the other day and said she was finding it impossible to contact him on the phone. When Edgar asked the reason, she replied truthfully, "There aren't two sevens on my telephone dial and your number is 774- . . . Well, you can't win them all.

Sugar and Spice

By Bill Smiley

A young couple I know had an ironic experince when they visited her parents during the holiday season.

* * * *

The parents, solid folk, had recently retired. They bought a new home in a rather swanky development in a good-sized Canadian city. They have a 17-year-old daughter, nice kid, who lives with them.

* * * *

When my friends arrived to spend Christmas, it was obvious Ma had been busy. Everything in the new house was sparkling for their visit. She was proud of her home, and with reason.

* * * *

They had a pleasant Christmas. A couple of days later, the four adults were invited to a party down the street. The teenage daughter implored to have a few friends in for pop and music. Her mother gave in, specifying that 10 kids was the limit.

* * * *

The adults went to the party along the street, and enjoyed it.

* * * *

The conversation, as so often, turned to puzzlement over teenagers. You know the sort of thing we old squares discuss: the switch-blade heroes; the debutante party reported in Life, which wound up demolishing an old mansion; the couple in some distant place who came home and found their teenage daughter on the second night of a three-day, all-night party, in their home.

* * * *

Emerging from the party, at a circumspect hour in this circumspect suburb, my friends and the parents were astonished to see the quiet street lined with cars. What was up?

* * * *

They found out, in about two minutes. Every light was blazing in their new home, and there was a sound of revelry by night whose location was unmistakeable.

* * * *

They hustled home. The son-in-law, a six-footer, was sent in ahead, to give notice that the party was over. He was shaken to the tips of his number tens when he walked in. There were about 40 people, mostly young males, in the modest living room. Ninety-four per cent. of them were drinking beer. The other six per cent. were drinking something else.

* * * *

Beer caps and empty vodka bottles fought for attention on the rug, which was a squishy meringue of spilled beer and cigarette ash. Some of the young gentlemen had propped themselves in chairs and put their feet agains the pristine wall. The old Dad's most cherished possession, a solid silver christening mug given him by his grandfather, lay on its side on the floor, a discarded beer-mug.

* * * *

The Dad, with a mighty effort, forced himself to go around and introduce himself. A few were civil. Most, including girls, sneered at him. Eventually, because the party had become a drag with these old squares around, the guests left, in their own sweet time, lugging half a dozen beer cases.

* * * *

Who were these hoodlums, punks, vandals? A motorcycle gang, maybe? One of them was the son of a national television figure. Another was the son of a professor. Most were university students, as their jackets proclaimed proudly. The rest were high school kids from good, middle-class homes in the area.

* * * *

What happened to the girl who was hostess? Nothing. She's temperamental and might leave home if crossed, or upset.

Dear Sir—

We are pleased at your new broad-minded policy for your columns in 1964. Why restrict broad-mindedness to the 7th Colmun? Why not broad-minded headlines such as "Helluva Big Fire on Main Street" or "Damned Thieves on the Loose?"

Let's get serious. In our opinion, use of "hell" or "damn" shows no broad-mindedness but only lack of appropriate vocabulary.

Presbyterian WMS January Meeting

The January meeting of Vernon Presbyterian W. M. S. was held at the home of Mrs. Ed. Kennedy. The president, Mrs. Leonard Cameron, opened the meeting with devotions, and roll call was answered by special New Year's readings.

The new hymn books, supplied free of charge by The Family Herald, were used for the first time. Mrs. Stewart Fisher read some of Dr. Good's words in her News Flashes. Mrs. Ian Crerar and Mrs. Ed. Lanoue had charge of the program which consisted of special New Year's readings on "Time" — making the most of today, and "New Year's Bells" — the importance of patience.

The meeting closed with the Lords Prayer.

Mission Circle Plans Sewing Bee

Plans are being finished for a sewing bee for the Grande Ligne Mission. Members of the Vernon Baptist Senior Mission Circle appointed to the committee in charge are Miss Jessie Robertson, Mrs. Ferguson and Mrs. McDiarmid.

The meeting was held January 8th with ten members and one visitor present at the home of Mrs. Wes. Lewis. Study topic was different religions in India. Visitor Mrs. Herb Robinson read the devotions and the group was led in prayer by Mrs. Keeler. Roll call was answered by the name of a missionary in Angola. A social hour followed the meeting.

Mrs. E. Kennedy Hosts Ladies' Aid

Mrs. Ed. Kennedy was hostess for the January meeting of Vernon Presbyterian Ladies' Aid. Mrs. Chas. Wallace, the new president, opened the meeting with a poem, "Take Time."

The annual Church Meeting will be held on January 20th with a pot luck supper at 7.30, and all people interested in the church are cordially invited.

The next meeting will be held on February 6th at the home of Mrs. H. M. Lee.

Russell U.C.W. Raises $2,668.00 During 1963

Treasurer Mrs. Cecil Hitsman reported to the first 1964 meeting of the Russell U. C. W. that a total of $2,668 had been raised during 1963.

The installation of officers was conducted by Rev. Bruce MacMartin. Inducted into office were: President, Mrs. Robert Gamble; vice president, Mrs. Eldon Paul; 2nd vice president, Mrs. Asa Sullivan; secretary-treasurer, Mrs. Eber Robinson.

Unit leaders installed were: Mrs. Baird McNeill, Mrs. Cleland Hamilton, Mrs. Jas. Dempsey, Mrs. Robert Campbell, Mrs. Norman Walsh and Mrs. Robert Wade.

Mrs. Gamble paid tribute to the past president, Mrs. Boyd, for her two years of splendid service. Plans were made for several members to attend the Presbyterial in Parkdale United Church, Ottawa, on February 2 and 3.

Worship was conducted by the North Star Unit and the program was under the direction of the Evening Unit. Slides of Europe and Asia were shown courtesy of Flight Sgt. Cossar. The Willing Workers entertained at the social hour.

Mrs. Ian Crerar Addresses Russell Women's Institute

The January meeting of Russell Women's Institute was held at the home of the treasurer, Mrs. David Carson, whose granddaughter, Mrs. Ian Crerar, of Vernon, was guest speaker. The members and visitors found her talk on "Bee Keeping" intensely interesting, interspersed with wit and humour. Honey products were displayed, also hermits, date loaf and chocolate cake, sweetened with honey. Making a two-minute icing was demonstrated, using honey as a sugar substitute.

The above items were enjoyed at the tea hour, bringing to a close a highly successful meeting under the Canadian Industry convenership of Mrs. Rudolph Bols.

Mrs. L. A. MacEwen and Mrs. Homer McKeown volunteered to take the 4-H Homemakers' Leaders' Course., "The Cereal Shelf," at Leonard on February 4 and 5.

Ottawa Exhibition W. I. prizes were distributed.

Registered Nurses Elect New Officers

Officers for a two-year term were elected at the recent meeting of the St. Lawrence Chapter of the Registered Nursnig Assistants. Held in the Board Room of Winchester District Memorial Hospital, the meeting accepted the slate of officers presented by the chairman of the nominating committee, Mrs. T. Duffy. Elected were: President, Mrs. Estella Wyma; vice president, Dorothy Allen; second vice president, Mrs. Jean Porteous; treasurer, Mrs. Cassie Urquhart; and secretary, Mrs. Helen Stewart.

Committees appointed were: Membership, Janet MacDonell, Mrs. Shirley Evralll; Program, Mesdames Barbara Buchan, Joan Turner, Gladys Miller, Ivy Charlebois, M. Windsor and Miss M. Clark.

Mrs. Jean Porteous introduced Miss B. Legris, R.N., Director of Nurses at Winchester Hospital, the guest speaker. Miss Legris gave an interesting and informative talk on her trip as a delegate to the International Congress of 1963, held in Paris. The Director later conducted the guests on a tour of the Hospital.

Hotel Dieu Hospital, Cornwall, will host the next meeting on January 20. It is hoped to have a speaker from the ARNAO in Toronto for the meeting.

Without Water!

Suburban town of Long Sault is still without its regular water supply to-day. On December 30 the town's pumping station on Island No. 17 in Lake St. Lawrence was pumping, but residents were not receiving water.

Engineers surmised that a pipe running five feet under the lake bed from the pumping station to the village must be leaking or broken. The problem: to find the break. The results: no luck.

A temporary water supply has been set up but water must be boiled before using. Oh! for some good old well water.

"THE RESTLESS SEA"
The FLIP (Floating Instrument Panel), a 355-foot research vessel that literally flips on end to record ocean sounds, is featured in some of the dramatic footage in "The Restless Sea" a new Science Series television program sponsored by the Bell. A Walt-Disney-produced probe into the waters that cover nearly three-quarters of the earth's surface, the hour-long program will be telecast over the CBC network on Thursday, January 23 at 9:00 p.m.
After its television debut, "The Restless Sea" will be added (in colour) to the many other entertaining and educational films provided without charge by the Bell to church, school, club, civic groups or other organizations. Interested groups may obtain a catalogue of Bell films available for private showings by calling our Business Office.
DO IT NOW!
Why wait for a spring that's either too messy or too gorgeous to get any work done in? NOW is the time ——when men and materials are available —— to go ahead and have that job done. For a man for winter work, contact the National Employment Office or scan the Yellow Pages of your telephone book.
BEST POTS IN THE WORLD
This is an era of ever-more-elaborate abbreviations. Where a simple "SWAK" (Sealed With A Kiss) used to suffice on the back of an envelope, now they tell me it's "SWAGBK" (for "Great Big" or "Grand British," depending on your upper lip).
In the telephone business, we've learned to live with many abbreviations. Examples that are perhaps more familiar to customers are "ANC" (All Number Calling), "DDD" (Direct Distance Dialing), "PBX" (Private Branch Exchange).
Recently, we heard a telephone engineer say he was working on "WATS" and "POTS". "WATS" (Wide Area Telephone Service) is designed for companies doing a large volume of Long Distance calling, and was familiar to us. "POTS" we never heard of (at least not in a telephone sense).
We questioned him about "POTS".
"That", he said, is "Plain Old Telephone Service".
And that's still our most important business as we head into 1964: bringing you the best "POTS" in the world.

Mr. And Mrs. James Murray Ball

St. Paul's United Church, Channel, Newfoundland, was the scene for the wedding of Judith Marion Garrah to James Murray Ball. Rev. G. M. Saunders, of Channel, performed the ceremony.

The bride is the daughter of Mr. and Mrs. Roy Garrah of Kingston. Parents of the groom are Mr. and Mrs. Murray Ball of Morrisburg.

Given in marriage by her grandfather, H. A. Hartley, the bride wore a white two-piece straight cut wedding gown of peau de satin with draped train falling from the shoulder. A jewelled coronet held her shoulder-length veil, and she carried an orchid atop a white Bible.

Attending the couple were Constable and Mrs. D. L. Sear of the Channel, Newfoundland RCMP Detachment.

The couple were received at a reception at the home of the groom's parents in Morrisburg after a wedding trip through the Maritimes and Eastern United States. They will reside in Channel where the groom is stationed with the RCMP, and the bride is a nurse at Channel General Hospital.

S. Mountain Couple Mark 50th Anniversary

Mr. and Mrs. Earl Beggs, of South Mountain, celebrated their 50th Golden Wedding Anniversary on December 31st.

Open House was held in the Orange Hall, Heckston, from 2 to 4 and from 7 to 9 in the evening, followed by a dance including round and square dancing. Tea was poured by Mrs. Sandy Workman, Mrs. Kenneth Thompson, Mrs. Harry Workman, Mrs. Ralph Dillabough and and Mrs. Melvin Adams.

Mrs. Beggs was the former Ilo Adams, daughter of the late Mr. and Mrs. John Adams of Kerr's Ridge. Mr. Beggs is the son of the late Mr. and Mrs. Hugh Beggs, South Mountain. They were married at the home of the bride's parents by Rev. H. W. Cliff of Hallville Presbyterian Church. A reception followed when relatives of both families were present.

Mr. and Mrs. Beggs moved to the homestead where they have since resided, taking up farming. They are both enjoying fairly good health. They have two daughters, Mrs. Arnold Ferris (Rowena), of Heuvelton, N. Y., and Mrs. Bert Harrison (Lyla) of North Gower, and one son, Glen Beggs, South Mountain. They have eleven grandchildren and two great grandchildren.

In the evening Mr. and Mrs. Beggs were given seats of honour and while Mrs. Garfield Crowder read an appropriate address Chris Forester and Dalton Dillabough made the presentation of an occasional chair on behalf of the neighbours.

An address was read by Arnold Ferris, while a bronze dinette suite was presented to the guests of honour on behalf of the family.

Miss Carole Harrison read a poem she composed for her grandparents, and her sister, Miss Cindy Harrison, presented the couple wth a mixmaster. on behalf of the grandchildren.

A beautiful gold trimmed lamp, ash tray and magazine rack were also presented on behalf of her brothers and sisters. The couple also received many other gifts for which they expressed their sincere thanks.

All joined in wishing the honoured couple many more happy anniversaries and good health.

Friends were present from Heuvelton, N. Y., North Gower, Ottawa, Morrisburg, Cardinal, Manotick, Mountain and South Mountain.

Mrs. John Moffatt Honoured By Life Membership at U.C.W.

Mrs. John Moffatt was honoured last Thursday evening at the U. C. W. meeting by her two daughters, Mrs. Jack Rennison and Mrs. Harold Lannin, when they made her a Life Member of the organization. A fitting inscription was read by Mrs. Robert Holmes, membership committee convener, while Mrs. Rennison pinned on the life membership pin and Mrs. Lannin presented her with the certificate.

Mrs. Moffatt expressed her appreciatiton and said it was her finest Christmas gift, for which she was very grateful.

Mrs. R. Wylie and Mrs. J. Hatcher led the worship service under the theme, "The Spirit of Man is the Candle of the Lord." Annual reports were given, and th Unit leaders reported their activities throughout the year, showing a most successful year.

Mrs. E. Davidson thanked the members for their loyal support during her term of office and welcomed the new president, Mrs. G. Barton. Mrs. Davidson again thanked the members for presenting her with a life membership certificate and pin, for which she felt honoured and grateful.

Rev. A. J. MacDonald declared all offices vacant and thanked the retiring executive for their wonderful work since the inception of the new U. C. W. two years ago.

Mrs. Chas. Anderson presented the nominating committee's report as follows:

Past president, Mrs. E. Davidson; president, Mrs. H. G. Barton; -1st vice president, Mrs. Randall Wylie; 2nd vice president, Mrs. Raymond Earl; 3rd vice president, Mrs. Clark Curtis; recording secretary, Miss Evelyn Fennell; corresponding secretary, Mrs. Erle Helmer; treasurer, Mrs. Hugh Eadie; Rep. to Christian Education committee, Mrs. P. Johansen and Mrs. L. Isaac; Rep. to M. and M. committee, Mrs. Robt. Holmes and Mrs. Harold Clarke; Rep. to Committee of Stewarts, Mrs. Raymond Earl; Community Friendship, Mrs. W. H. Angus; Finance, Mrs. R. Earl; Parsonage, Mrs. H. Clarke and Mrs. H. Willard; Membership, Mrs. Robt. Holmes; Stewardship and Recruiting, Mrs. Eldon Fennell; Press and Publicity, Mrs. R. Wylie; Pianist, Mrs. I. Steele; Nominating committee, Mrs. E. Davidson and Mrs. B. Potter.

Circle Leaders: Mrs. Bower Potter, Mrs. Ken. Carlyle, Mrs. Lorne Isaac, Mrs. Jack Hatcher and Mrs. Harold Holmes.

Mrs. Barton expressed her appreciation on being made president, and asked for the loyal support and cooperation of all.

A letter was read concerning the refugee child under the Foster Parents' Plan and it was left for the executive to decide if the plan would be continued.

To Rev. Robertson for his helpful visits and prayers and everything which helped to make my stay more pleasant, I again say "Thank You."—Mrs. Stella Rylands. 36c

CARD OF THANKS—
After months of waiting, now we know,
It's a baby boy, and we love him so;
He was born in Winchester at 11:22
The doctor was called and beat the stork too.
7 lbs. 3½ ozs. was his weight,
20 inches tall if he could stand up straight.
Jeffery Gordon his name will be,
And now our family numbers three
He was born in January, on the fourth day,
We hope he will always be happy and gay.
His daddy is happy and full of joy
To know he has a bouncing boy.
Dr. Howard Justus and the nurses sure were swell,
And Mother and Baby both are well.
The cards and treats were thoughful too,
And we want to thank each one of you.

FEED NEWS

VITAMIN "A" IN LIVESTOCK FEEDING

"With livestock nutrition as well as human nutrition, Vitamin "A" value ranks first in importance among the vitamins. A sufficient amount of feeds rich in Vitamin "A" must be included in rations of farm animals or the results will be unsatisfactory.

Vitamin "A" is essential for growth, maintenance, reproduction and milk production. It occurs in ordinary feeds in the form of "carotine" or "Pro-Vitamin "A". This is then converted to regular Vitamin "A" in the animal's body. It is often refered to as the "Health Vitamin."

Lack of Vitamin "A" results in poor growth, poor production and prevents successful reproduction.

Extra Vitamin "A" is recommended at this time of year.

This much needed Vitamin is supplied in——

Shur-Gain Dry and Freshening Ration "A"
Shur-Gain 16% Dairy Ration "A"
Shur-Gain 32% Dairy Concentrate "A"
Shur-Gain 32% Beef Supplement "A"

These feeds provide adequate amounts of proteins, minerals and vitamins for regular feeding.

The D & F Ration "A" and the 16% Dairy Ration "A" are fed straight — the 32% Dairy Concentrate "A" and Beef Suplement "A" are for mixing.

Give us a call — we'll be glad to help figure out any kind of ration required. Phone 774-2522.

DAIRYMEN
Many fluid milk shippers and other dairy farmers will now have calves from fall freshening cows. Many will be raising their heifer calves as herd replacements.
The feeding and management of these calves today will be an important factor in determining how profitable as units they will be in the milking herd of tomorrow.
We, therefore, recommend two feeds designed to give your calves an economical start to vigorous, thrifty growth. These feeds are part of a program designed to grow cows that will have the capacity to give all the milk that has been bred into them.

A group, consisting of Miss Beatrice Saddlemire, Mrs. Doris Hill, Mrs. Lyle Hess and Mrs. Eddie Deeks, were in charge of the worship service, which included a poem written by Mrs. Lillian Hawkshaw.

The president, Mrs. Garlough, welcomed everyone and gave a report of the executive meeting held at her home.

A Chapter from the book, "Look Up, Lift Up," was read. A gift was presented to Mrs. W. A. Adam.

The meeting closed with prayer. Lunch was served by the group in charge, and a social hour was enjoyed.

Township Council Takes Oath Of Office For 1964

First 1964 regular session of Williamsburg Township Council was opened with a prayer by Rev. Andrew Blackwell of St. Peter's Lutheran Church. With all members present Reeve Kyle welcomed Council.

All members took the oath of office for 1964. By-laws passed include the borrowing of $80,000 for 1964; regulating the licensing of Nursing Homes; and the appointment of certain township officials for the new year.

Appointed to the Williamsburg Planning Board was Dale Beckstead. Don Kyle assumes the position as Township representative on the South Nation River Authority.

Township Clerk was instructed to make necessary payments to re-join the Associations of Rural Municipalities and the Ontario Good Roads Association. Applications for positions were discussed and a special meeting was held to make final decision.

ERNIE RICHARDSON'S CURLING CAPSULES

Canada's first Tournament of Champions Bonspiel held in the huge Maple Leaf Gardens proved that such a competition can become one of the major curling events in the country.

It was the first time ever for curling in the Gardens and many Toronto sports fans — accustomed to hockey—took a sort of wait and see attitude toward the first curling show.

The sponsors, Toronto Kiwanis International and Curl-Master Broom Company together with Maple Leaf Gardens officials, are already studying plans to hold the Tournament of Champions again next year.

Norm Houck and his Winnipeg rink gave Manitoba curling a real shot in the arm with his impressive victory on a 6-1 record. Manitoba had gone through a few lean years in Brier championships, but Houck's success should prove a tremendous lift to Manitoba's young curlers.

Houck's rink was by far the most consisitent of the eight in the round robin series and although his aggressive style of play and strategy was dangerous on the somewhat tricky ice, he used it successfullly.

TRICKY ICE

The ice was a problem for all the curlers at times and the result was many more misses than you would generally find with the calibre of players who competed at the Gardens. Though the ice was good considering the short time there was to prepare curling ice in the Gardens, it improved during the final two days. There were no alibis as conditions were the same for everyone.

I think the idea of the competition is an excellent one, but I feel that it would be better to start at least a couple of days after New Year's Day and give both players and spectators a chance to recover from the holidays.

Some players found it difficult to get keyed up to this contest in the same way they would for the Canadian Championship Brier.

The winning Winnipeg rink were tuned for this event, especially Norm Houck, although they had not competed as a complete team this season before reaching Toronto.

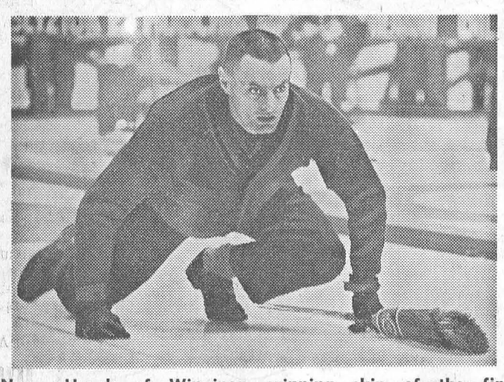
UP AND COMING

Bob Mann's Ontario rink from Hanover was another with great desire and they gave everyone in the tournament plenty of competitive trouble. With skip Mann's experience and the enthusiasm of his young players they can become an outstanding rink if they stay together for another four or five years.

Doug. Cameron of Charlottetown, a calm and thoughtful strategist, was slow getting started but had the distinction of being the only one to defeat the champions. Cameron's rink is capable of beating any team on any given day. They only lack regular experienced competition.

This is also true of Mike Slyziuk's Detroit team which is strong on experience but lacks tough competition.

As to my record in the event, perhaps it is bettter to do as I say in the instructions, and not do as I did in the Tournament of Champions.



Norm Houck of Winnipeg, winning skip of the first Tournament of Champions.

Broomball League Formed Here

Broomball teams take to the ice every Monday night in the Winchester Community Centre. A new four-team Town Broomball League has had its inception and by the enthusiastic turnout of players it could be one of the best sporting events in the village. The Town Broomball League was formed after the realization that last year's district league would not function.

Winchester has been divided into four parts using St. Lawrence Street and Church Street as boundaries east and west, north and south, respectively. Appointed to supervise the signing of players in each section were Bob Rennick and Arnold Stobo in the North-West; Bruce Kerr in the North-East; Carmen Woods in the South-West, and Bob Porteous in the South-East.

Playing dates are to be Monday nights except in the case of a pre-scheduled hockey game when ice will be made available to broomballers Tuesday and Thursday evenings after skatings, approximately 9.30 p.m. To cover expenses and provide broomballs a $2 player fee will be collected from regular players and 50 cents a game from spares.

Hockey rules will apply in all cases except those listed below: (1) Games 60 minutes in length with no time outs. There will be a five minute break after thirty minutes of play. Teams change ends. (2) Blue lines will be disregarded and offsides will take place at the centre red line.

(3) At no time shall a player lift a broom above his head; unless in referee's judgment he is falling and loses control of it.

(4) All players must wear clean, dry shoes other than those worn to the arena — to prevent salt and dirt getting on to the ice.

(5- All players play at own risk.

Williamsburg Int. Tops League With 9-1-1 Record

Williamsburg Fuel Jets of the St. Lawrence Intermediate Hockey League are tops in the league with nine victories, one tie and one defeat. The Williamsburg team are moving along in the league unhindered. Morrisburg has been the only serious opposition, tying the Jets once and defeating them the same number of times.

Last week the Jets defeated Iroquois 8 to 4, with Paul Beckstead picking up four goals for the winners. Roy Casselman blinked the light twice and Bill Casselman and Gord Kerr hit the scoreboard once each. Iroquois scorers were Harper with two, and DeGray and McCormick one each.

In Wednesday night's tilt against Cardinal in the Winchester Arena the Jets shellacked Cardinal 8-0. Roy Casselman had the hat trick, Bob Schell scored twice, and singletons went to Bill Casselman, Earl Brown and Cliff Warren. Unlike Monday's game, ten penalties were handed out, with Williamsburg picking up six.

A ROUND-UP OF NEWS FROM THE DISTRICT HIGH SCHOOLS

• OTHS • MDHS • NDDHS

ALL SYSTEMS — GO!

North Dundas District High School is moving forward in many types of athletics, and extracurricular activities. First venture into the field of indoor track meets will be next week when the NDDHS girls and boys relay teams will travel to Toronto to take part in the Maple Leaf Games. Every wish of success goes with them.

Basketball is the top winter sport in the new school. Interform games are hotly contested and it will be a proud team that walks off the court with the School Championship. Another first is the move of the school into inter-scholastic basketball with the first game last week. Although both Seniors and Juniors were defeated by the Iroquois teams, they made a good showing in this the first year of basketball in any district school.

Hockey is going too. The school team travelled to Morrisburg Wednesday and full results of the clash should appear next week.

NDDHS will have a Skating Drill in the Winchester 100 Club Ice Carnival February 7. The completely new and enlarged drill will be under the direction of E. E. Forgues and Mrs. Bobka.

Reminder to girls is that the Carnival Queen Contest is the highlight of the Carnival and the girls in the drill will be well prepared to enter.

WINTER ACTIVITIES AT OTHS

The hockey team last week opened up preparations for the defence of their championship won last winter at the local High School tournament, sponsored by the OTHS Athletic Society. The nucleus of last season's team has returned and it is expected that the school will ice another strong contending team. This season's tournament will probably take place the first or second week of February.

Intramural Broomball has once again been organized and Junior and Senior teams for both boys and girls are playing in the activity period and at noon hour. Although we call it "broomball' the game has evolved from broomball and broom to a softball and hockey sticks, and is enjoyed by a large portion of the student body.

The Yearbook Society all but gained its advertising revenue goal and work is now proceeding on material for it. An essay contest is now underway.
