Profitable Dairying

That dairymen selling milk to the Maple Leaf Condensery are doing so at what appears to be a substantial profit is indicated in the returns received by Mr. Geo. H. Baker for the month of March, when for the milk from sixteen cows he received a cheque for $701.63. During the month he purchased feed to the amount of $180.00 leaving a balance of $521.63.

Suits for Damages Likely

It is rumored that suits for damages are about to be entered by the Condenserv against two or three farmers whom it is alleged are making the statement that the plant in Chesterville is about to be closed up, while soliciting patrons to buy stock in a plan to open up again some of the cheese factories which had been closed. These false reports are said to contain the statements that the price posted for milk now is the price to be paid for only one month, also that sugar and coal cannot be obtained.

We are authorized to state that the price posted will abply during the summer months and all patrons delivering milk will be taken care of. The Condensery is assured of plenty of coal, sugar and other supplies and the patrons need not be alarmed.

The Late Mrs. Jno. R. Coyne

It is with sincere regret we speak of the death on April 16th, of Mrs. J. R. Coyne of Chicago, formerly Ann McCadden of Connaught, 64 years of age. On March 17th one month ago she came to attend the funeral of her brother, Patk. McCadden at Ottawa, and while with the relatives there was taken seriously ill. An operation was advised by the physicians and was performed at Water St. Hospital. Although formerly of robust constitution the operation did not improve her condition and on Friday last she died.

Her only daughter, Mrs. Molly Fleming and a niece, Mrs. Frank Hienan of Chicago, were present before her death which greatly consoled her in her dying hours, her husband being to ill to come. Mrs. Coyne was highly respected in this community. She had a great and lasting affection for her old home town and birthplace and often visited here. Her hospitality and generosity toward any individual from this vicinity was remarkable, and a welcome always awaited them at her comfortable home in Chicago. Ever charitable and generous at heart, she won the respect and admiration of her former neighbors here, which no doubt can truly be said by her friends and acquaintances in that great city.

The body was removed from the hospital to the home of Mrs. P. McCadden, corner Kent & Gladstone Sts. Ottawa and on Monday the funeral was conducted in St. Patrick's Church, Rev. Father Armstrong officiating. The body was interred in Notre Dame Cemetery, Ottawa. She leaves to mourn, a husband, a son, Thomas and a daughter Mrs. Fleming, all of Chicago, to whom the sincerest sympathy of the community is extended and also to the members of the McCadden family of Ottawa, this being the second bereavement in so short a time.

The floral and spiritual offerings were from Mr. and Mrs. D. O'Grady, Mr. E. Flynn, Mr. and Mrs. M. Welsh, Mr. and Mrs. Jno. Beehler, Miss A. Jordan, Mr. and Mrs. P. Kehoe, Miss Ruddy, Mr. and Mrs. M. S. O'Grady, Mrs. E. McCadden, Miss Martell, Mr. and Mrs. J. P. McCadden, Mr. M. Hickson, Mr. and Mrs. John Ruddy, Mrs. P. McCadden and family.

Those from a distance attending the funeral were Mr. M. S. O'Grady, Mr. D. P. O'Grady, Mr. L. Jordan, Mr. Ed. Flynn, Chesterville; Mrs. J. McCadden and son, Mr. V. McCadden, Berwick; Mrs. M. Welsh, Mr. and Mrs. Frank McCadden, James Manley, Connaught.

Rev. J. M. Kelloch will preach next Sunday, morning and evening, in the Presbyterian church, and at Dunbar in the afternoon.

Muskrat Farming

The rising prices for muskrat fur have aroused considerable interest as to the feasibility of breeding this animal in captivity. Though prices may have reached the peak, it is altogether likely that this fur will command an attractive figure for many years to come. The farming of muskrat ought, therefore, to be a profitable business.

Present experience goes to show that the muskrat is not a difficult animal to raise. It is necessary to own or lease a stretch of suitable marsh, lake or quiet stream, which one could fence, if necessary. If there are already muskrats in the area, all they need is protection; if not breeding stock must be bought from trappers. The rate of increase is fast; observers state that the muskrat brings forth three litters in a season, and from six to nine in a litter.

Clear water is preferable and it must be deep enough never to freeze to the bottom The food consists mostly of the roots and stalks of acquatic plants, such as wild rice, flags, water-lilies, reeds and cat-tails. Muskrats will sometimes partake of clams, fish and insects. If the food supply is not sufficient they can be fed garden vegetables.

The muskrat appears to be somewhat like the cat in sticking closely to its home, and, so long as there is adequate amount of food is unlikely to migrate. Its principal enemies are the owl, hawk, and mink.

In Maryland, which is a great centre for raisnig muskrats, the marshes often yield a better income per acre than adjoining cultivated land. One raiser is said to take 2,500 muskrats each year from a 50-acre marsh and yet leave enough for re stocking.

Even as long ago as 1909, when skins were very cheap, the leasing of marshes was profitable, and the value of muskrat marshes was estimated by an American expert at $40 an acre. As this fur has quintupled in price it is a fair assumption that these lands are worth at least $200 per acre to-day.

A Motorists' Signal Code

The adoption of a universal signal code for motorists is being urged. Here it is:

Back of hand out, first finger raised: "You have a flat shoe."

Back of hand out, first and second finger raised as V. "Stop and inspect your car."

Back of hand out, first three fingers extended: "Am I on the best road to next town?"

Back of hand, fingers all extented: "Danger ahead."

Palm outward fingers and thumb extended: "Stop! need your assistance."

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. MOREWOOD

Miss Greta Faulkner has returned home after spending the past week with friends in Cardinal.

Dr. Philp attended the funeral of the late Mrs. Suffell of Inkerman.

Mr. Douglas Hunter left on Thursday to accept a position as teller in the Royal Bank at Perth.

Mrs. Lawrence Nado is spending a few weeks with her mother Mrs. G. C. York.

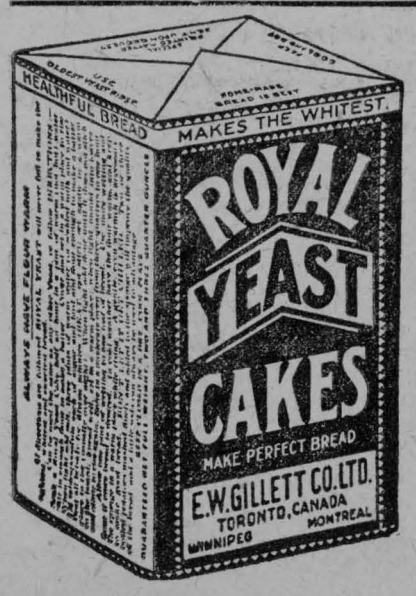
The people of the Presbyterian Congregation enjoyed hearing a former pastor Rev. Mr. Kellock on Sunday last.

The Memorial Services of the late Mrs. Emerson Faulkner will be held on Sunday morning, April 25th, in the Presbyterian Church.

The Moving Picture show under the auspices of the Morewood High School which was held on Wednesday evening was a decided success.

"It says here that a scientist claims that we are getting to be a one-handed r[illegible], and and that the coming man will not have the use of his left arm," said the Old Fogey, as he looked up from the newspader he was reading.

"Oh, well," commented the Grouch, "the coming girl will have sense enough to sit on the right side."



The Late Mrs. Peter Marcellus, Russell

On April 7th this vicinity received a severe shock and a sad message, stating that the white horse and rider had called and carried away a most estimable citizen, Mary Elizabeth, wife of Peter Marcellus of Russell, and daughter of the late Mr. John A. Shaver, Morewood. The deceased was in her usual health and was out shopping when she was stricken with hemorrhage of the brain and suddenly collapsed in McArthur's Store, Russell. Her family and medical aid were immediately summoned but all that science and loving hands could do was of no avail, after a few hours her spirit took its flight, wafted away just before the dawn to the great beyond, "Crossing the Bar" from which no traveller returns. As the deceased was a diciple of Christ's from early maidenhood we feel assured her passing over Jordan was to find her Lord waiting to pronounce "Well done, good and faithful servant". The deceased passed away at the early age of fifty-three and was married thirty years. A husband and family of nine are left to mourn the unspeakable loss of a faithful and energetic wife and a most careful, protective and loving mother. Six daughters Iva, Edna, Kathryn, Ella, Winnifred and Ruby and three sons Graydon, Willis and Richard (one son predeceased her some years ago). Also two sisters, Mrs. Wm. Scott, Winchester and Mrs. Peter Darling, Nation Valley; three brothers—Hermon Shaver, Morewood; Roland of Chesterville and Aaron of Winnipeg.

At three p.m. April 11th the obsequies were held in the Presbyterian church, Morewood, where the deceased had been a member for many years. The Rev. Mr. McLaren of Russell officiating, assisted by the Rev. Mr. Little of Perth and the Rev. Dr. Philip of Morewood. The Rev. Mr. McLaren took for his text the beautiful and appropriate 23rd Psalm. An anthem entitled "Somewhere a voice is calling" was ably rendered by the choir also "Lead kindly Light" and "A few short years shall roll" assisted by the congregation. The remains were interred in the Cemetery ajoining the church lawn. The pall-bearers were members of the I.O.O.F. Morewood. The floral tributes were many and beautiful testifying to the high esteem the departed lady held in the hearts of her numerous relatives and friends. Wreath from husband and family; Spray, Sisters of Peace of Rebecca Lodge Morewood; Spray, Brothers of Peace, Morewood; Wreath, I.O.O.F., Morewood; Spray, Mr. and Mrs. Peter Darling: Wreath, Mr. Thomas Hargraves; Spray, L.O.L., Russell; Basket of flowers, Mr. and Mrs. Hermon Shaver and family; Spray, Mr. McArthur, Russell. It was the largest funeral procession ever assembled in that district to pay their last sad respects to a departed friend and neighbour The family and immediate relatives nave the sincere sympathy of a host of friends in their sad bereavement.

One Night Only

Coming to the Chesterville Opera House for one night only, Tuesday, April 27th, Mr. Lindsay E. Perrin presents Miss Arlie Marks and her Associated Players in the greatest of all New York successes namely "The Brat" reproduced in moving pictures and one of the best comedy dramas ever produced.

"The Brat" is an unfortunate little chorus girl rescued from night court by a noted novelist, who wants her for a type for a new novel he is writing. He takes her to his mother's home and for the first time in her life "The Brat" knows what home comforts, real meals, and life without drudgery mean.

Meantime the novelist discovers that she is a quaint philosopher, full of tender affection and good traits. "The Brat" is full of snappy lines and dramatic situations and were all plays messages like "The Brat" this world would be happy for it is an original witty play, that is surprisingly human and full of mirth. Miss Arlie Marks as "The Brat" has a wonderful part full of comedy and pathos and ample opportunity to display her versatility and charming personality. Mr. Lindsay E. Perrin has surrounded Miss Marks, with the most competant company available, and special scenery is carried for this production. The engagement is for one night only Tuesday April 17, and it is the first time that "The Brat" has ever been presented at less than $1.50. The prices for this engagement will be 25-35-50c and seats will be on sale at Bolster's Drug Store.

Compulsory School Attendance

The new School Attendance Act of 1919 is now in force in Ontario. The provisions of the Act are quite similiar to those of the former Act respecting Truancy though the name has been changed. One important difference is that school boards appoint the officers instead of municipal councils. Women as well as men are elegible for office.

The local Public School Board has appointed Mr. A. E. Bolster to Act as School Attendance Officer. He has all the authority formerly vested in the Truant Officer and is subject to the same penalties for neglect of duty.

In conclusion we would quote one or two clauses of the New Act.

"Every child between the ages of eight and fourteen shall attend school for the full term during which the school of the section or municipality is open each year, unless excused for the reasons hereinafter mentioned."

"When a child over five years of age but under eight has been enrolled as a pupil the provisions of this Act shall apply during the school term for which the child is enrolled as if he was of an age between the ages of eight and fourteen."

Dodge Bros.' Motor Cars

Touring and Roadster $2050 F.O.B. Brockville

As long as they build motor cars they will be the best motor cars Dodge Brothers can build.

As long as the name is attached to their motor car, Dodge Brothers may be depended upon to safeguard and protect it.

The name has come to suggest integrity—integrity in the car, and integrity in manufacturing and business methods of the men who build it.

The first thought that follows, wherever it is seen, is the thought of a car that is reliable.

They call up a picture of a particular kind of a motor car.

Or, to be exact, a particular kind of motor car workmanship, which people have come to associate with the name Dodge Brothers.

It has grown because the users of these cars have given Dodge Brothers a good name as careful conscientious manufacturers.

The result is that wherever these two words—Dodge Brothers—are seen, they stand as a symbol of exceptional motor car value.

Your Child's Future

WHAT ?

Educational endowment policies. The main object of these policies is toprovide a fund for the Education of children on arriving at adult ages.

The usual form of children's Endowment has been found to possess one great disadvantage, namely, that in the event of the parent, or it is often impossible to continue the payment of premiums, and the policy is thus allowed to lapse.

The present plan completely overcomes this objection by providing that in the event of the death of the parent or guardian before the policy matures, no further premiums will be required, but the policy will become automatically paid up, and the sum assured will nevertheless be payable in full if the child survives the Endowment term.

Should the child die during the Endowment period, all premiums will be returned.

Further particulars will be furnished on request. Mail a card to-day.
