Arthur Peake - Chestervlle.

Morewood Man Dies Suddenly

A well-known Morewood resident passed away very suddenly last Sunday night in the person of Mr. William J. Gordon. Several years ago Mr. Gordon suffered a stroke from which he almost recovered, and during recent months had been feeling particularly fit when almost without warning on Sunday last he was again stricken about nine o'clock at night passing away about five hours afterwards. During the day he had been as active as usual, attending both morning and evening services.

A "Kippy" at Berwick

One of the most enjoyable events of the season in the form of a "kippy" was held at the home of Mr. George Nicholas, Berwick, on October 26th, when over seventy-five youngsters from Newington, Crysler and Berwick gathered all bent on having a wonderful time. A splendid programme was given by some of the most popular young ladies of Berwick. Side splitting laughter was caused when ducking for apples became the order of the evening. Harvey Casselman, Rooster, proudly stepped in and took a hand, or rather a foot, in the game. Candy was served and all kinds of games participated in until twelve o'clock, when a most sumptuous repast, consisting of chicken, pot-pie, salads, sandwiches and cake were freely partaken of until all expressed themselves as being very uncomfortable. The boys washed the dishes to the tune "We won't go home until morning" and the proud crowing of the only surviving rooster in Berwick. To those who missed it we can only say such an event only comes once in a life time.

Hockey Club Re-Organized

At the meeting held in the office of Dr. Hutt on Monday evening the Chesterville hockey club was re-organized for the coming season and officers elected as follows:

Hon. President - O. L. King.
Pres.—Dr. S. H. Hutt.
Secy-Treas.—Dr. Baker.
Manager—Frank Dwyer.

Committee of Management—Dr. Hutt, Frank Dwyer, Walter Carr, H. Hamilton, E. Casselman.

The question of the formation of a league for the season was discussed, communications having been received from Finch, Avonmore, Merrickville and Winchester, suggesting that a five club league be made up of the four clubs named and the local club. Merrickville is considered a little too far away to be lined up with the others on the eastern end of such a circuit and it is unlikely they will form one of the number.

Chesterville could put practically the same team on the ice it did last year and could possibly strengthen up with the addition of "Turk" Casselman, who is teaching school at Dunbar and likely can be induced to throw in his ability with the local squad, perhaps taking the place of Mel. Leslie, whom it is rumored intends to line up with the Winchester bunch although holding a position in a local bank. Winchester is his home town and during the summer he has been living at home although working here.

WINCHESTER SPRINGS

Miss Ruth Claxton of Winchester, spent the week end with Miss Lucy McIntosh.

Mrs. Fred Allison and family, and Miss Jennie Allison have taken up residence here. We welcome them.

Mrs. James McLaughlin spent Thursday at Brinston's.

Mr. Wm. Davidson and Miss Mildred Davidson motored to South Mountain, recently.

Mr. Ross Jeffrey and Miss Geneva Jeffrey of South Mountain, visited their aunt Mrs. Wm. Merkley last week.

Mr. and Mrs. W. Stinson of Ottawa, returned home on Saturday after spending a week with Mr. and Mrs. Wm. Webb.

Miss Muriel McIntosh visited Miss Mildred Davidson last Tuesday.

Mrs. Willis Tupper of Elma, visited Mrs. Eliza Bell recently.

C. T. Girls of Trinity Methodist Hold Successful Tea

The Cheerful Toilers Class of Trinity Methodist Sunday School, gave a very successful tea and home-made-cooking sale at the home of Mrs. Wesley Fulton in aid of their Mission work on Wednesday afternoon. Considering the weather the attendance was good, and from a financial view more successful than the one held by the same girls last year Miss Lera Smith (the witch) received the guests at the door. Miss Ethelwyn Cross had charge of the tea table and was assisted by the Misses Forward, Rawson and Hess.

The home-made Cooking table was ably looked after by Miss Evelyn Merkley, assisted by the Misses Beckstead and Hockey.

Miss Aura Graham and her helpers at the Candy table were wonderfully sweet, while the fancy-work under Miss Nina Kittle's efficient watchfulness was in great demand. Hallowe'en decorations added to the charm of the afternoon.

Gauthier—McMahon

A pretty wedding took place on Tuesday Oct. 23, at St. Bernard's church, Finch, when Miss Ethel E. McMahon of Ottawa, daughter of Mr. and Mrs. James McMahon of Finch, was united in marriage to Mr. John C. Gauthier, son of Mr. N. Gauthier and the late Mrs. Gauthier of Alexandria, Ont. Rev. Father Charles Gauthier, brother of the groom, assisted by Rev. Father Succour, officiated at the nuptial mass.

The bride who was given in marriage by her father, was attended by her sister Miss Blanche McMahon as bridesmaid, while the groom was assisted by his brother, Mr. Hugh Allan Gauthier. The wedding march was played by Miss Kathleen Gauthier, sister of the groom, who also accompanied Rev. Father J. MacDonald, cousin of the groom and Mr. Raymond McMahon, cousin of the bride, who rendered solos.

The bride presented a charming appearance in a suit of navy botany serge, with pattern hat of blue panne velvet, and marten fur, the gift of the groom. She wore a corsage bouquet of ophelia roses. The bridesmaid was smartly attired in a tailored suit of brown worsted with French hat of brown panne velvet, and stone marten fur. She also wore a corsage bouquet of sunset roses. The groom's gift to the bridesmaid was a white gold bar pin with moonstone and rhinestone setting, and to the best man, gold cuff links.

Following the wedding ceremony breakfast was served at the home of the bride's parents to the immediate relatives. Mr. and Mrs. Gauthier were the recipients of many beautiful gifts, including cheques. They left on a short honeymoon to western points in Ontario and United States.

Those from a distance were: Rev. Father Succour of Crysler, Rev. Father C. Gauthier, Rev. Father J. MacDonald, Mr. Innis MacDonald and the Misses MacDonald of Greenfield, Mr. J. D. McKinnon, Miss Irene and Mr. Alex McKinnon, Miss Kathleen Gauthier and Mr. Angus Kennedy of Alexandria, Miss Lucy O'Donohue of Moose Creek, Mr. and Mrs. A. MacDonald of Ottawa, and Mrs. Mary McMahon and Mr. Raymond McMahon of Los Angeles, Cal.

Proceeds Donated to the Band

The committee in charge of the doings in connection with the opening of King street, taking into consideration that the band had received no financial aid from the corporation during the past five years, donated the net proceeds of the day to the Citizens' Band.

Stolen Car Recovered Through O. M. L. Badge

A new usefuluess for the Ontario Motor League badges displayed on the front of cars by members developed a few days ago when one of them proved the meaus of recoverimg a stolen automobile. A car belonging to a member of the Elmira branch of the League disappeared, but coupled with the usual description of the machine broadcasted was the information that it bore an O.M.L. badge with the word Elmira beneath. Some time later a car answering the description was seen in Haileybury, but the license plates had been changed. The badge proved sufficient identification, however, and it was discovered to be the stolen car. It is safe to assnme that had it not been for the owner's league badge it might have joined the ranks of permanently missing as the changed license number tended to prove it had got into the hands of professional motor thieves. When the license number did not correspond to any issued to an Elmira owner the authorities knew that the car had been stolen. The same rule would apply to badges issued by the league anywhere in the province as the name of the town is always shown on he badge.

New Harvesting Machine Invented in Alberta

J. H. Hauser of Killam, Alberta, is perfecting a combination of inventions to harvest grain without the necessity of binding or stooking. He used an ordinary push binder with a 12-foot swath, cutting to a five or six inch stubble and laying grain in windrows on this stubble. An extension attachment to the machine is dropped on the second round of the field to the level of the machine table, thus running the grain from the second round out 24 feet, laying it on top of the first windrow. The grain dries perfectly by lying on top of the stubble. In threshing Mr. Hauser has been using a loader with an elevator which runs along under the windrow and lifts the grain into the loader. By a patent arrangement the grain is unloaded from the loader at the separator in neat stacks.

Mr. Hauser's plan is to perfect a combination of the loader and thresher. So interested is the Provincial Government in Mr. Hauser's efforts to perfect his idea and solve to a great extent the problem of harvest labor that it is considering steps to assist him.

Killed Accidently by Discharge of Gun

John Behan; 53 years old, of Toronto, was killed at Christy Lake Saturday night when a shotgun he was carrving was accidentally discharged.

Behan, who was a general manager of a railway supply firm in Toronto, had spent the summer at Christy Lake. He intended to remove his family to Toronto within a few days and was in Perth on the afternoon of the fatality. Returning to his Summer home about five o'clock he decided to go to a nearby farm house tor milk. He carried his shot gun with him in the hope of shooting wild ducks. Two hours passed and when he did not return several friends set out in search of him. His body was fouud at the gateway of the farm house with a gunshot wound in the abdomen.

Her Compliment

A business man appeared in his office one day smiling contentedly. His partner asked him what had happened to make him so cheerful.

"Why," he answered, "any man would be happy if his wife had said to him what my wi e said to me this morning. She told me I was a model husband. Now isn't that somethtng to make a man feel cheerful?"

"Oh, I don't know," replied the partner, somewhat pessimistically, "it dedends altogether on what she really meant." And he took a dictionary from the shelf and after a moment's search read out the following definition: "Model, a small imitation of the real thing."

Tired

He—"Honey, how is that back tire?"

She—"Oh, it's all right. It's flat on the bottom, but it's round on the top."

Firmly Attached

"Dogs are faithful creatures."

"Yes. I once had a bulldog so attached to me that they had to prise him off with a crowbar.

Nature was kind when she constructed man that he cannot kick himself but someone should kick him, if he does not provide himself with Williams' Camphorated Mustard Cream for that stubborn chest cold. Just rub it on and rub it in. It won't blister. 35c a jar.

Seven-weeks-old Child Off on Long Trip Alone

Noel Victor Fearnehough, aged seven weeks, son of a farmer of Morrin, Alta., the youngest child on record to travel alone, has left on a journey from Calgary to Liverpool, England, and will be in charge of officials of the Canadian Pacific railway and steamship lines throughout the trip.

To Organize Presbytery Against Church Union

In spite of very unfavorable weather and bad roads a large and representative gathering of Presbyterians from within the bounds of the Brockville Presbytery met in Spencerville Thursday last to organize the district against church union. The chair was occupied by Rev. J. M. Glassford, Winchester, Moderator of the Brockville Presbytery. Rev. Mr. Jamieson moved a resolution, the natnre of which was to organize the whole Presbytery. A strong resolution was also passed deciding to hold a series of meetings in the different congregations.

Guarded Liquor Cargo

The work of reloading the cargo lightered out the steamer Maplebrook, which grounded near Dickinson's Landing a week or so ago, and which was released on Monday of last week by the Reid wrecking gang, Sarnia City, was completed on Wednesday at Prescott. Two hundred and fifty-one tons of sugar were removed from the vessel before she was refloated. The Maplebrook carried 3,300 cases of Scotch whiskey and French cognac consigned to the Manitoba Liquor Commission. When word was sent to the shipping agents at Montreal that the vessel had run aground in the river, they ordered two guards to proceed to their vessel and remain on board until the craft was able to resume her trip. They were armed with short-barrel shot guns and kept close watch over the liquor cargo to see that none of its was disturbed.

Letter Contains no Complaints

On their return from Wrangel Island the relief party brought Prof. J. T. Crawford, Toronto, a last letter from his son, Allan R. Crawford, who led the ill-fated expedition. This letter, written in January before he and his companion started out across the ice for the Siberian coast contains no word or complaint or any mention of suffering, but shows that he was thinking of the family and of his old school, the University of Toronto Schools. The following is an extract from his letter:

"From my estate I should like a fund to yield $25 annually set aside as a scholarship in U. T. S. for the student getting highest marks in chemistry and physics (added) at the test examination for pass matriculation.

Fresh Eggs

Grocers are accustomed to answering penetrating questions about the merits of of their wares. Mr. Jones was no exception to the rule. A lady came into the shop to buy some eggs.

"Are they really fresh?" she asked.

"Oh yes, ma'am!" he answered.

"Are you quite sure, because I'm so frightened of bad eggs, I must have them really fresh."

"Boy!" called out the grocer to his assistant, "just run to the back room and see if this morning's eggs are cool enough to sell!"

Light Work

Manager: "What is the matter with that man?"

Clerk: "He wants light work."

Manager: "Set him to polishing the lamps."

More To Come

Tom: "What ails you?"

Charlie: "Three diseases I know of."

Tom: "That all?"

Charlie: "Well, so far I've only seen three doctors.

And I hereby call upon all voters to take immediate proceedings to have any errors or ommissions corrected according to law.

Dated this 20th day of October 1923

GEORGE ELLIOT
Clerk of said Municipality.
Chesterville, Ont. P.O.

The Test

William was thirsty for knowledge and interesting facts shone like jewels in his brain. "I read today," he said to Michael, "of the wonderful progress made in aviation. Men can do anything—absolutely anything—a bird can do."

But Michael was tired of wonders—he was more matter of fact. "Is that so?" he answered. "Well, when you see an airman fast asleep, hanging onto a branch of a tree with one foot, I'll come and have a look."

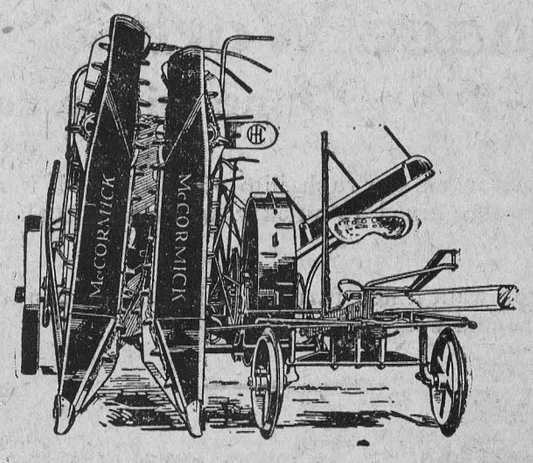
COUNTER CHECK BOOKS

The Record has the agency in this district for

THE APPLEFORD COUNTER CHECK BOOKS

Look over your stock, and if you are nearly out drop in and see us, or use the telephone and we will send a representative. Prices on automatic check books are likely to rise on account of scarcity of materials caused by the war, so it will be wise to order now even if you are not needing a new supply immediately.

McCormick and Deering CORN BINDERS



Cutting corn by hand is very hard work, as all men know who have tried it. In fact it is out of the question to fill a silo with hand cut corn. Yet corn stalks either green for the silo or stacked dry for fodder are the best food for cattle and horses.

The use of the McCormick or Deering Corn Binder will solve this problem You can cut and bind seven acres a day and do it much easier than by the hand method.

Main St. South Phone 8. **Chesterville**

Would Transplant British Youths

Interesting suggestions for the promotion of Empire migration are made by General Bramwell Booth, head of the Salvation Army, and Sir H. Rider Haggard, the novelist, in letters to the Times. General Booth, whose proposal that emigration should be handled by a board of business men caused a stir some days ago, calls attention to the necessity of transplanting from Britain youths from 14 to 18. "We have 200,000 lads who have done little or no work since they left school," he says. "In larger centres they quickly degenerate. These youths would be welcomed to the new lands. We recently sent 75 to Winnipeg and we received, chiefly from farmers in Manitoba, over 1,000 applications for them, and many more accompanied by a remittance to cover the cost in the interval of traveling. As to finance, the home Government will provide half the cost. The lads must be trained on the land and tested and have help for an outfit. Australia has made a generous offer of transportation, though her power of absorption seems limited, Canada, whose opportunity is greater, is considering the situation and I earnestly hope that she will assist the passages in the same way. These lads are not vagrant lackalls or children of loafing paupers. They come of excellent stock."

An Interesting Discovery

Toronto Globe—Officers of the Toronto Public Health Service state that 70 per cent. of the children in Toronto who failed to pass their school examinations during the past term were in the habit of going to school without breakfast. This was the result of late rising, following upon staying up late at night. In no case was it found that there was lack of food in the homes from which the breakfastless children came. The statement should be pondered by parents.

$5,000,000 of Raw Silk Ferried Across St. Lawrence

A consignment of raw silk from the Orient consisting of 20 carloads and valued at five million dollars was ferried across the river from Prescott Friday afternoon and was immediately forwarded to New York by special train following inspection by United States customs officials. The shipment arrived from Vancouver and is one of the most valuable to arrive there in some time.

HOASIC

(Too late for last week)

Miss Dorothy Robertson spent Monday night with Miss Gladys O'Shaughnessy.

Mrs. Thomas Reddick of Glen Becker, spent a few days at her parental home this week.

Mr. and Mrs. Ova Lane of Aultsville, Mr. and Mrs. J Lane and Mr. Aiex Becker of California were at D. Wells on Tuesday last.

Mr. B. Bolton and daughter Florence of Inkerman were calling through here on Friday.

We are sorry to say Mr Robert Weagant is not so well at his home here and we hope for his recovery.

WINCHESTER SPRINGS

(Too late for last week)

Junior Red Cross

The fifth regular meeting of the Chesterville "Peptimists" was held in Room "A" on Friday morning, Oct. 26th. After the distribution of the membership buttons the acting secretary read the minutes of the previous meeting, which were afterwards adopted. It was moved by Gladys and seconded by Crawford that anyone who volunteered to act as reporter should be rewarded by being privileged to wear a red merit badge during the week he holds that office. Carried. Then the Director presented a merit badge to the reporter. Then we had our song. The programme consisted of topics on the "Teeth" as follows:—

"Why we need teeth"-Rose Allison. "Number of teeth we have"-Joseph Barriger. Mr. Boyd took this part in Joseph's absence. 'The structure of teeth"- Allan Tate. "Causes of decay of teeth"-Harry Henderson. "Effects of decay of teeth"- Blanche Hornby. "The brushing of teeth. How? When? Why?"-Hilda Peake. "The care of the tongue and gums"-.Ramon Campderos. "Relation of good teeth to good health"--Mabel Henderson. "How a tooth is filled"—Irene Hamilton. "Different kinds of filling"—Mr. Boyd.

The director then gave a short summary of the items on the programme. It was reported 17 cts. in the mite box.

The visiting committee's report was given by Gladys Alford.

It was moved by Jean and seconded by Ramon that the members and officers wear their buttons all the time. For each one lost a fine of ten cents is imposed. The president wears a gold merit badge. Carried. The meeting closed at 12 o'clock. Eldridge Perault, Reporter.

Reckless Speeders

Hon. George S. Henry, Minister of Highways in a recent address, gives warning to the speed motorists, and it is, in substance, that after the first of next year any person convicted of reckless driving on the highways of Ontario will be subject to imprisonment. A similar penalty will be imposed on all those failing to return to the scene of an accident. As Mr. Henry states, it is up to the motorist to obey the law. With hearty co-operation the number of accidents will be greatly reduced. The time has come when there should be no speeding. Just plain common sense ought to prevail in the use of the highways. The roads are for the public and it is necessary that every precaution be taken.

According to Mr. Henry, Ontario now has 1,800 miles of good roads. These roads were constructed by the Ontario Department of highways. In the years 1920, 1921, 1922 the province of Ontario contributed the sum of $13,00,000 to various counties and townships for road building.

Automobile Statistics

Latest statistics show that there is a car or truck for every 8 1-2 of population in the United States. By allowing an average of four persons riding in each vehicle, it is apparent that about one-half of the people of that country are kept continually busy trying to keep from being run down by the other half.

HOW'S THIS?

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or deafness caused by catarrh. We do not recommend it for any other disease.

HALL'S CATARRH MEDICINE is a liquid, taken internally, and acts through the blood upon the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.

All druggists. Circulars free.

$1000 PRIZE CONTEST

Any responsible person, from any place, elegible to compete.

Last year two similar contests were announced by the undersigned, wherein two cash prizes of $1000 each, were to be given. Only girls were allowed to compete. They were carried through successfully and the girls received every cent of their money—the full $2000 The same will apply to this Prize offered. The experience gained staging these big events heretofore, has enabled me to arrange this coming contest so that not only will the successful candidates be sure of their prize money, but as well, each and every candidate competing will be paid for the work they do.

The $1000 will be divided into Eight Cash Prizes, ranging from $400, 1st Prize to $30 8th Prize, namely : $400, $200, $100, $80, $75, $65, $50, and $30, and will be given to the eight successful contestants who sell the greater number of tickets at 50c. each, between the date of Nov. 15th and Dec. 31st, 1923. for the benefit of Two Big Winter Carnivals which will be held at the Exhibition Grounds at Chesterville and Prescott. Chesterville dates will be Jan. 8th, 9th, 10th and 11th, 1924. Prescott dates Jan. 15th, 16th, 17th and 18th, 1924. Four days in each place—almost two whole weeks of winter enjoyment.

The big Carnival will consist of Winter Sports of all kinds, such as Hockey Matches, Marathon Skating Races, and Harness Racing over the ice.

Gladys Robinson, World's Champion Lady Skater, has promised to attend both Carnivals and give exhibitions of skating, also to compete in races for the best and fastest skaters.

Arrangements will be made whereby hockey teams from other towns may compete in matched games for Special Prizes.

A big Skating Rink will be made in the centre field at both Exhibition Grounds, in front of the grand stand, where these sports will be put on. Then, there will be two days of Harness Racing at each place over the ice. for Big Cash Prizes, which will be a guarantee of many trotters and pacers for the races.

Itemized programmes of all sports for the whole two weeks will be printed and issued later.

Now, listen. One 50 cent ticket will admit one person to the grounds the whole four days, and at both places. Eight admissions for 50 cents, providing ticket is purchased on or before contest closes.

These two Great Winter Carnivals may be carried through successfully, and each and every person, directly and indirectly concerned, benefited, providing there is a spirit of harmony and co-operation between all those who claim to be in sympathy with honorable and healthy sport.

For further particulars, conditions and enrty blanks for the ticket selling contest, write the undersigned. Entries to contest close Nov. 14th. Contest begins Nov. 15th and ends Dec. 31st, 1923.

Come along, make your entry. Join the merry band of candidates. Win a big cash prize now, while there is nothing else doing.

FOR SALE

As we have sold the Allison Stock Farm we are offering the following.. One George white threshing machine. This machine is as good as new and is equipped with all the latest attachments, self feeder, bagger and weigher, Straw cutter and blower. One bull tractor, nearly as good as new, at a bargain. One three horse disc, one grain crusher or roller, about 16 tons of alfalfa hay.

Furniture— Three children's brass trimmed cribs, with springs and matresses, one living-room arm rocking chair, one settee, one White sewing machine.

Will give bargains as we have to move.
W. P. Allison. 51

Late James Devaney

There passed to his eternal reward another person well known in this vicinity, Mr. Jas. Devaney in his 52 year.

Deceased always enjoyed the best of health until a year ago when he was taken ill with Bright's disease and was taken to a Toronto hospital where he remained for eight months. He then came to the home of Mr. James Ruddy at Riverside, to spend the summer months. He was thought to be regaining his health but in spite of all that medical skill and loving hands could do, the dreaded disease proved fatal and his kind and loving spirit wholly unexpectedly took its flight on Oct. 16th, 1923.

The funeral which was largely attended was held at St. Mary's church, Chesterville, where Requim High Mass was sung by Rev. Father Staley. The remains were laid to rest in the Catholic cemetry at Limrick.

Mr. Devaney was a son of the late Mr. and Mrs. John Devaney of Connaught. In his early boyhood days he went to Chicago where he became a plumber. From there he came to Condensery plant in Chesterville and thence to Toronto. In each place he was engaged as a plumber. The late Mr. Devaney was unmarried but leaves to mourn the loss of a kind and loving brother, three brothers and four sisters namely— Michael, Thomas and Owen, Mrs. Frank Devaney, Mrs. James Ruddy, Misses Nora and Annie Devaney.

The many floral and spiritual offerings bespeak of the high esteem in which the deceased was held. Spiritual—Margaret Grady and brothers, Mr. and Mrs. Patrick Moran and family, Mrs. Mary A. Devaney, Mrs. Jas. Martin and family, Mr. Michael Grady, Mr. and Mrs. Johnie McCadden, Miss Annie Devaney, Mr. and Mrs. T. P. Demo, Mr Owen Devaney, Mr. and Mrs. Ed. Carroll Mr. Thos. Devaney, Mr. and Mrs. John O'Donahue, Mr. and Mrs. Alfred Beehler, Mr. and Mrs. John Murphy, Mr. and Mrs Jas. Devaney, Mr. and Mrs. Thos. Kendrick, Mr. Martin Ruddy, Mr. Willie Grady, John and Margaret Devaney, Mr. and Mrs. John Manly, Mr. and Mrs. Johnie Devaney, Mr. and Mrs. M. O. Grady, Mr. and Mrs. James Ruddy, Michael and Norah Devaney, Mr. and Mrs. Frank Devaney and family, Mr. and Mrs. John Ruddy.

Floral—Cross from Miss Elizabeth Ruddy, wreath from Mr. and Mrs. James Murphy, wreath from Lorah 46 Plumbers and Steam fitters, Toronto.

The pall-bearers were—William Barrett, Jno. Manley, Thomas Thompson, Patrick Moran, Martin Ruddy, Wilfrid Martin.

GOLDFIELD

Mr. and Mrs. Roland Droppo and family visited relatives in Williamsburg on Sunday.

Mr. and Mrs. Jas. Younge visited relatives in Dunbar on Sunday.

Mrs. Thos. Foley represented the Women's Institute at the Convention held in Ottawa last week.

Mr. Harvey Shaver returned to Ottawa, after spending a few days at the home of Mr. Roland Droppo's.

Mr. and Mrs. R. McMillan and family of Avonmore, visited friends here recently.

Mrs. M. McCallum made a brief visit to Montreal, recently.

Born—On Saturday Oct. 27th, to Mr. and Mrs. Alex Foley, a daughter.

FINCH

Mr. P. B. Faith of Ottawa Farm Journal and Mr. Lumsden of the Ottawa district, were in Finch on the twenty-third on a business trip.

Mr. Calvin Munro of Chesterville, purchased two excellent colts in the Finch district—one from Mr. John A. Cameron and the other from Hunter Bros. They both are good specimens of the Clydesdale breed, and the get of his own horse.

The Finch Continuation School held a Hallowe'en party in Massey Hall, Finch, on Tuesday eveuing Oct. 30th. It was put on by the two upper forms with First form invited. An especially good time was reported.

Many cattle buyers are visiting this locality in search of cattle to supply the different demands. Alberta with her good crops this year is asking for many car loads, but they must all have passed a successful tuberculin test. Winnipeg too is asking for some springers and fresh milkers. Ottawa this year offers an especially good market for cattle of the above class in order to supply the dwindling milk supply. Only really big cattle need be offered and Holstiens nearly always wanted.

Dr. J. G. McLeod motored to the capital this week.

Mr. Geo. Casselman recently returned from Kindersley, Sask., where he has land interests. He reports crops especially good in that area, stubble wheat going up to 40 bushels with flax 25. The trip did not agree with Mr. Casselman very well but it is to be hoped that he will soon be well again.

The last big rain has held up the work of improvement in the Presbyterian cemetry, but Rev. Wilson will have his gang out again as soon as the weather will permit.

Rumour has it that Massey Hall is to be taken over by Mr. Brownlee, Sr., and that the much needed improvements will be made at once.

Gladstone McLean is back on duty once more, twice as strong as ever. We congratulate Glad and wish the bride (formerly Miss Henry) all joy and happiness.

We hear that Tom Campbell is leaving for Los Angeles, after harvesting has finished in Alberta.

We were surprised the other evening to see Messrs. F. Dingwall, D. and W. Nephew drive into town. They got as far as Dodge City, Kansas, on their way to California by motor when they were forced to return on account of the mud. They say that had they been but a few days sooner they would have made across the clay belt before the rainy season.

Grantley People Honored

On Thursday evening last a large number of people of Grantley and vicinity gathered at the home of Mr. Frank Carr to bid him and Mrs. Carr farewell and do a like honor to Mr. and Mrs. Reuben Weegar, all of whom are leaving the district to take up their residence in New York state. An address was read and the presentation of purses made to Mr. Carr and Mr. Weegar. At the same time the Ladies Aid presented Mrs. Carr with a silver sugar bowl and milk jug accompanied by an address.

Following are the addresses—

Mr. and Mrs. Frank Carr and family, and Mr. and Mrs. Reuben Weegar—

We, your friends and neighbors, have gathered here this evening, not only to spend a social hour but to bid you a kind and loving farewell.

Your life-long residence here, Mr. and Mrs. Carr, has shown you to be industrious, sociable and useful in many ways. We can assure you Mr. Carr, on behalf of the neighbourhood, that you will be missed as trustee of our school, and factory, in which offices you have always proved yourself trustworthy and efficient. And you, Mrs. Carr, with your family, have always been faithful in church duties, in Sunday School and in choir, as well as taking an active interest in all other social work in the community.

You, Mr. Weegar, while having been in our midst only for a short time have proved yourself a true friend and good neighbour in every sense of the word. We also remember you as a brave soldier who fought in defence of flag and country. You, Mrs. Weegar, being one of our own community, have rendered assistance in Sunday School and choir and in other social work. To you both and your little one, as you go to your new home in a new country, we wish and pray that you may may be attended by many years of good health, prosperity, and the richest of Divine blessings.

Now, we ask each of you to accept these gifts, not because of any tangible value they may have but because of the respect and affection they convey. We further hope and pray that success may attend your efforts in your new homes and that the God of peace and love will watch over you all until the end of the journey of life.

Signed on behalf of Grantley people. Frank Darling, Ed. Perrault, Jas. O. MacMillan.

Dear Mrs. Carr—

It is with feelings of deepest regret that we have learned of your contemplated departure from our midst.

It does not seem fit that we should let this occasion pass without showing you in some measure our appreciation of your kindly help in all matters pertaining to the Ladies Aid of the Grantley Church, and not only this but also your help in all the departments of the Church work. We would also wish to thank you for your valuable assistance in the choir.

Your aim has ever been to help along every good work and by your kindly cheerful manner have been an inspiration to others amongst us and we feel that our loss is someone elses gain as we know you are sure to make many new friends in the land of your choosing.

On behalf of the ladies of the congregation we ask of you to accept this gift and may it ever remind you of your friends in Grantley.

May God's blessing rest not only on yourself but also upon your husband and family is the prayer of each and every member of the Ladies Aid, and may prosperity attend your path wherever your home may be.

Signed on behalf of the Ladies

Mrs. George Cunningham,
Mrs. John Shaver.

Suitable replies were made to thank those present tor their kindness, and wishes expressed to meet them all again in the homes to be established across the line. Lunch was then served and a social hour spent.

THURSDAY, NOV. 1ST, 1923

To Raise Standard For County Roads

A "forward movement" to be inaugurated by the Government in the building of county roods, was announced Friday by Hon. George S. Henry in the course of an address which he delivered in Toronto to the members of the Engineering Institute. Hon. Mr. Henry stated that it was the intention of his department to encourage and assist counties in their road building so that their standard of construction would be brought more nearly to that of a Provincial highway.

"I am going," he stated, "to endeavor to enlist the counties in a 'forward movement' in the class of construction which they are going to adopt. I am going to give every encouragement and assistance to counties to adopt a higher type of construction and to come closer to the standard of the Provincial highways. The assistance will be given, of course, only in places where traffic justifies it."

Hon. Mr. Henry gave the engineers a general talk on Ontario's road problem and on some conclusions which, as a layman, he had reached regarding the engineering profession since assuming the Public Works portfolio. He stated that the Province, in its present road building programme, should recognize two things: that a uniform standard of construction should not be adopted and that roads should not be built for all time, but only for the present and the immediate future. Roads in different parts of the province were called upon, he pointed out, to bear varying traffic burdens, For this reason he believed that the logical course was to build roads out from the centres of population, using a high type of construction where traffic was heaviest and using a cheaper construction in the more remote sections where traffic was light.

"We should not," Hon. Mr. Henry went on, "endeavor to build roads for all time to come. It is a mistake to try and anticipate the needs of the far future. In fact, it is impossible. The man who would say that the traffic of the future would be through the air might be called visionary. But great changes may come within the next 25 years, and it is quite possible that we shall not need so high a type of construction." The practical course, in the Highway Minister's view, was to build roads that would be serviceable and efficient for the present and for the immediate future, but which could be scrapped or modified to meet conditions as they might develop in the future.

Eggs Must Be Good

On the St. Lawrence Farmers' Market, Toronto, one day last week, a stall holder was requested by the Market Superintendent's Assistant to take her eggs off the market. A Dominion Egg Inspector was present and he examined the eggs in question and found that of the eggs in her basket, those that were not spot rots were musty, and in his opinion, the eggs were at least a month old and had been kept during that time under unfavorable conditions.

The inspection of eggs on our public markets is in accordance with "Regulations respecting the Grading and Marking of Eggs" which became effective last July, administered by the Dominion Live Stock Branch. The regulation covering the action reported provides for every case or container of eggs that is exposed, displayed or offered for sale direct to consumers in a public place or manner to be marked with the name of the class and grade of eggs in the container. A further regulation provides that when such markings are used, the quality and weight of the eggs must be equal to or better than the class and grade stated.

Progress is being made in the administration of these regulations which if carried out in their entirety, provide protection for producer, distributor and consumer. Last week in the central section of the Lower St. Lawrence market, all the eggs were graded by an inspector. He reported that on the whole the eggs were good and outside of the case instanced above, only one lot of 'Firsts' was found, the balance being 'Specials' and 'Extras'. Since the regulations have been enforced on this market, an occasional farmer will arrive without labels and make excuses for not having them. In every instance however, the sale of the eggs in question is stopped until they have been graded and labelled. Last week the market Superintendent provided pink cards with the grade name 'Specials' printed on, and white cards with the name 'Extras'. Those with the white cards looked with envious eyes on those with the pink, and it was interesting to note that consumers buying on the market were showing a keen interest in the matter of grading, and were intent upon buying eggs from baskets marked with the pink cards bearing the word 'Specials'.

In several cities throughout the Dominion, eggs are now being sold on grade on the public market and in every instance the market authorities have assisted the federal officers and have provided the facilities for the grading of the eggs on the market.

SEVEN YEARS OF TORTURE

Headaches and Indigestion Ended By "Fruit-a-tives"

The Marvellous Fruit Medicine

Like thousands and thousands of other sufferers, Mr. Albert Varner of Buckingham, P.Q., tried many remedies and went to doctors and specialists; but nothing did him any good.

Finally a friend advised him to try "Fruit-a-tives"—now he is well. As he says in a letter:

"For seven years, I suffered terribly from Headaches and Indigestion. I had belching gas, bitter stuff would come up in my mouth, often vomiting, and was terribly constipated. I took Fruit-a-tives and this grand fruit medicine made me well".

50c a box, 6 for $2 50, trial size 25c. At dealers or sent by Fruit-a-tives Limited, Ottawa, Ont.

Industrial Accidents

Industry in Ontario to-day is facing a serious situation in the increasing number of accidents reported to the Workmen's Compensation Board. It appears that there were 50,411 accidents, of which 418 were fatal, reported to the Board in the year 1922, while for the twelve month period ending 30th September, there were 59,351 accidents reported by industry to the Compensation Board of this Province, and of these 375 were fatal. The decrease in fatalities is worth while noting but the increase of an average of practically one thousand each month is something in which the whole community is interested and something to which employer and employee alike should give careful thought.

It is a fact that accidents can be prevented and it is also a fact that there are too many accidents happenihg to-day. Management and men should jointly lend a hand in a campaign of carefulness and help to cut the heavy burden that accidents have laid upon industry in this country.

Labelling all Post Offices

Attention has recently been called to the desirability, in view of the immense growth of the automobile traffic, to have all cities, towns and villages, plainly labelled so as to be easily identified by the tourist, It is now announced that the federal Post Office department is interested in the matter. For some time, it is reported, the question of placing larger and more attractive signs on post offices located on the main highways travelled by motorists has been under consideration of the department and the Postmaster General has given his approval. More legible signs and the more attractive the better, should also be put up by farmers as is done in some places. The stencilled signs on the letter boxes, if fresh and clear, may do, but larger lettering is advisable on both sides. Nicely painted signs at gates would do better.

Rats Cost $200,000,000 a Year

The Thrfft Magazine—Each of us is taxed substantially $2 a year for rats.

How do you enjoy this thought?

And this doesn't include the evil consequences that come from the spreading of disease by these loathsome creatures.

The Department of Agriculture is doing all it can to arouse our people to the need of rat extermination. It is giving specific information on the best methods of administering poison and the best kinds of poison to use.

The department reports that last year's damage to produce and property by rats was $200 000,000. The department has failed to find any economic purpose served by these rodents.

It is a matter of good citizenship to join in the work of their complete annihilation.

Here and There

The total quantity of sea fish landed on both the Atlantic and Pacific coasts during the month of July was 822,043 cwts., valued at $2,771,440 to the fishermen, compared with a catch of 873,332 cwts. valued at $2,596,730 in July, 1922.

Cattle in north Alberta's livestock herds now number more than 2,000,000. This industry and also the swine industry have increased amazingly in the northern part of the Province in the last few years.

Carrying large consignments from the Dominion Government and the British Columbia branch of the Canadian Red Cross, the Canadian Pacific S.S. Empress of Russia was the first ship from the American continent to arrive with relief for the earthquake and famine stricken people of Japan.

Nearly $10,000 in fur royalties was collected in The Pas, Man., by the chief game warden last winter. This does not include the royalties collected from the Hudson Bay Company and Revillon Freres, which will more than double this amount. This does not include moneys secured through taxes, licenses and other sources of revenue.

Creamery butter made in Alberta took a total of 149 prizes out of 236 prizes offered, or 63 per cent., at exhibitions at Edmonton, Calgary, Regina, Brandon, Saskatoon and Vancouver this year. Out of 11 open championships offered, Alberta butter took 8. In the Calgary exhibition six provinces competed, in three others four provinces competed, and in two others three provinces competed.

British Columbia has reached the peak of the biggest tourist season in her history, and it is estimated that as a result of the enormous travel and the expenditure of transients while in the province this summer, will be worth at least $30,000,000. The opening of the Banff-Windermere motor highway through Canada's rock garden was largely responsible for this increase in tourist traffic through the Pacific province.

Gold producers in the Province of Ontario during the first six months of 1923 report production of 384,446 ounces gold and 65,444 ounces silver, of a total value of $7,244,081 shipped by the Porcupine producers, and from the Kirkland Lake producers 69,691 ounces gold and 6,515 ounces silver, of a total value of $1,402,873, or from the two camps a total value of $8,646,954.

The Canadian Pacific Railway will contribute $25,000 for the relief of the sufferers in Japan and have also decided that supplies of Canadian food-stuffs and clothing donated, or purchased with money donated for relief work, will be transported free over the Company's rail and steamship lines. President E. W. Beatty made this announcement while making a tour over the Company's lines in the West with a party of directors. He added that this action had been taken because of the reports of the intense hardships due to the disaster, and notwithstanding the fact that the Company had lost heavily by the catastrophe.

The following editorial recently appeared in the Windsor "Border Cities Star": A recent cargo of silk, en route from China to New York, was shipped via Vancouver and the Canadian Pacific Railroad and crossed the St. Lawrence to Ogdensburg, New York, instead of being sent across the United States from San Francisco. The incident offers something for Canadians to think about.

It proves what a splendid service the Canadian Pacific offers in its rail and steamship lines. In a country like Canada, transportation is all essential, and the way the Canadian Pacific has carried on, in spite of the business difficulties which began with the war and are not yet smoothed out, is a credit to the nation which conceived it.

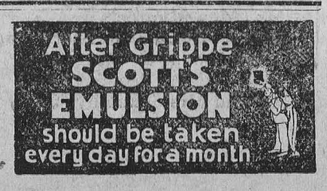
Again, the incident calls attention to Canada's splendid gateway to the East. Although China is in a chaotic political condition just now, the huge Oriental nation offers wonderful trade chances in the future. No nation is better placed for getting its share of this business than Canada.

Answering Her Boy's Questions

Here is the story of a small colored boy that may remind our readers of certain white boys they know.

"Ma," said Rastus plaintively, "does yo' know whereabouts my shoes and stockings is?"

"Rastus, answered the mother, you certainly is the carlessest boy I know. Yo' shoes is behind the door; yo' stockings under the bed; yo' feet am on you.' Now see if you can mingle them."



A Service That Saves Lives

Arrangements have been completed with the Life Extension Institute of New York by which—

Every member of the Mutual Life Assurance Company of Canada insured for $1,000 or more may secure

A Free Periodical Health Examination

Be a Mutualist Conserve Your Health
Prolong Your Life

The conditions are as follows:—

If insured for $1,000 and less than $2,000, the policyholder is eligible for first examination after such insurance has been in force for five years, and every fifth year thereafter.

If insured for $2,000 and less than $3,000—after such insurance has been in force for four years, and every fourth year thereafter.

If insured for $3,000 and less than $4,000—after such insurance has been in force for three years, and every third year thereafter.

If insured for $4,000 and less than $5,000—after such insurance has been in force for two years, and every second year thereafter.

If insured for $5,000 and over—after such insurance has been in force one year, and every year thereafter.

Any policyholder, eligible for examination, may secure the service by applying to the Head Office of the Mutual. The Institute will then be authorized to give the examination and *the result will be absolutely confidential between the Institute and the policyholder.*

Money Waste

The middle aged man mindful of his past will urge you not to waste small sums. He will tell you, too, with a sigh of regret, what he might have accomplished had he, years ago, realized the multiplying power of small sums.

Stop all the waste you can, and invest a small sum each year in a fifteen or twenty year policy in the Sun Life of Canada, where it will grow to help your future if you live, and protect your dependents should you die.

Without obligation on your part ask to have our policies explained.

E.B.LYNCH, Phone 34, CHESTERVILLE
Gen. Agent Sun Life

Financial Rise and Fall of the Average Man

Devney's Economic Table, compiled by Joseph J. Devney from reports on 20,000 individuals received through bankers and life insurauce men, shows that the average man reaches the peak of his prosperity at forty-five. That is, there are more men who have some net assets at that age than at any other.

However, if a man has accumulated at least $2,000 by that time, the chances are that he will be worth more at fifty-five.

The less a man has at forty-five, the more rapid will be his decline. (Speaking of the average man, of course.) One who has accumulated more than $10.000 by the time he is fifty-five is more than likely to retain his wealth.

People lose money at all ages. In proportion to the number who have money probably as many young men lose as old. But the difference is that the young man is likely to "come back" but the old man is not.

The younger a man begins to save and the more he accumulates, the longer will his prosperity endure and the less rapid will be his decline when he begins to slip.

At seventy-five there are fewer men who have at least $100 net assets than these are at twenty-five, notwithstanding they have had 50 years in which to accumulate.

There are men dependent at all ages. The least dependency occurs at thirty-five when it is 7 per cent, At forty-five it is 9 per cent., and it practically doubles each decade thereafter; it being 18 per cent. at fifty-five; 38 per cent. at seventy-five.

Out of 100 average men who die, 9 leaves estates which if invested at 6 per cent. net will produce $50 a month or more; 27 leave estates which will produce an average of $20 a month at 6 per cent. net and 64 leave little or nothing, mostly nothing.

Out of 100 widows, 16 can live on the incomes from their estates, 42 must work or be dependent and 42 are dependent.

Fingers Versus Teeth

The dentists in Japan's large cities have been trained on Western principles and are as highly qualified as could be wished. But in remoter districts and among the simple people very different modes of treatment exist. This is specially true of dentists, and the Japanese who asks for an extraction from one of these will at least be spared the sight of the instruments of his torture. For the dentist pulls the tooth with his fingers, and needs no instrument at all. Of course it needs long practise to be able to extract a firm molar by this means. And to attain it the dentist is apprenticed to a master. A board of pine wood lies on the ground; holes are bored in it, and in each stands a little peg of soft wood.

These the student must pluck out with thumb and forefinger. When he is perfect in this he is promoted to an oak board and oak pegs, then to seasoned wood into which pegs have been driven with a hammer. When he can remove these without twisting or shaking he is qualified, and no wisdom tooth can withstand him. A capable athlete of this kind can extract half a dozen teeth in a minute without removing his fingers from the patient's mouth.

Answer To Prayer

An Irish gentleman was astonished to receive the following letter from his son in London: "Dear Father,—I am in a deuce of a hole. Kindly send me £10 and oblidge.—Your loving son. Pat. P. S.—After writing this letter I was so striken with remorse that I ran after the postman and tried to get it back. I can only pray that it will not reach you." But no one could have been more astonished than the son when he received this reply: "Dear Son,—Your prayers are answered. The letter did not reach me. —Father."

Here and There

The world's record for grain trains was shattered by the Canadian Pacific Railway on October 5th, with a monster train of 125 car loads of wheat, over a mile long, which operated between Stoughton and Arcola. The contents of the cars, 185,000 bushels, weighed 5,566 tons.

All grain loading records in Alberta were completely smashed by the Canadian Pacific on October 10th when the Company loaded 753 cars, representing at least 1,065,200 bushels. If these cars were placed together they would make up a freight train about six miles in length, and a baker's dozen of these trains would extend from Calgary to Banff, a distance of 82 miles.

A record in western railroad construction was established on the Canadian Pacific Lanigan-Melfort line recently, when the last mile of track between Lanigan and Pleasantdale was completed in one day. D. A. Livingstone, engineer in charge, reports that seventy per cent of his crew of 25 were British harvesters.

Federal and Provincial Departments of Agriculture co-operated in the purchase in the British Isles of a large stock of horses, swine and sheep, including sheep owned by His Majesty the King, which arrived here recently. This is the second shipment of cattle to Canada through the co-operation of the agricultural departments with sheep and swine breeders throughout the Dominion.

T. K. Doherty, the Canadian Commissioner in the International Institute of Agriculture, estimates Canada's exportable wheat surplus this year at 300 million bushels, as against 150 millions from the United States, 110 from Argentina, 50 from Australia, and 15 from Russia. Canada, in fact, may be expected to supply nearly half the wheat exports of the whole world—300 out of 675 million bushels.

E. W. Beatty, K.C., President of the Canadian Pacific Railway, speaking at important centres on his recent extensive tour thrpugh the Canadian West, sounded a note of optimism, declaring that the general improvement in Canadian business conditions rendered an accompanying growing pessimism entirely unjustifiable. Stressing the need for a vigorous, intensive immigration policy by the government, he put forward as suggestions that the department of immigration and colonization should issue a general invitation through Great Britain, the United States and certain European countries, for settlers, and that greater advantage should be taken of the favorable policies towards emigration to Canada adopted by the governments of Great Britain and other countries.

Most extraordinary yields of grain are reported from the Provincial School of Agriculture at Olds, Alberta. On a one-acre patch 105 bushels of Marquis wheat were threshed, which is believed to be a record for this crop, exceeding the 82 bushel yield of Seager Wheeler, which was previously considered unsurpassable. From an acre seeded to oats, 205 bushels were threshed. Barley similarly yielded exceptionally. On a field of 27 acres an average of 70 bushels to the acre was secured, whilst on another, 10 acres of a different variety, a yield of 80 bushels to the acre was recorded.

Eighty per cent of Canada's national debt is owned by Canadians. Bank deposits in this country at the close of the last fiscal year, March 31st, 1923, totalled $1,218,000,000, an increase in ten years of $720,000,000. The year's trade records show Canada's foreign trade to be $1,000,000,000, an increase of $221,000,00 over last year, and Canada's exports to exceed her imports by $107,000,000, forty-two per cent of these exports being finished products.

Trying to Shirk it

A country school board was visiting a school and the principal was putting his pupils through their paces.

"Who signed Magna Charta, Robert?" he asked, turning to one boy.

"Please, sir, twasn't me," whimpered the youngster.

The teacher, in disgust, told him to take his seat; but the old, tobacco chewing countryman on the board was not satisfied, so he said: "Call that boy back. I don't like his looks. I believe he did do it.

A Remedy

Young Enthusiast (after hearing lecture on uplift, etc.): "I want to do something for the good of humanity, something I have never done in my life befor -"

Candid Friend (unfeelingly); "Er—try paying your bills."

One Touch of Lumbago makes the Whole World Kin—and a few rubs with Williams' Camphorated Mustard Cream takes away the pain and loosens the stiff joints. 35c a jar—at your druggists. Rub it on and rub it in, it won't blister.

Interesting Test With Seed Potatoes

Interesting experiments carried out by the Department of Agriculture on the farm of George Downey, Albion, Peel County, have resulted in the following, ten plots being planted with potatoes selected from various parts of the province, and the soil being as nearly similar as possible:

1. Green Mountain, seed from Northern Ontario, 370.4 bushels per acre.

2. Green Mountain, seed from P. E. I., 335.5 bushels per acre.

3. Green Mountain, selected seed from Southern Ontario, 336.8 bushels per acre.

4. Green Mountain, common seed from Southern Ontario, 242 bushels per acre.

5. Dooley, selected seed from Southern Ontario, 233.6 bushels per acre.

6. Dooley (Downey's own seed), 174.2 bushels per acre.

7. Irish Cobblers, seed from Northern Ontario, 233.6 bushels per acre.

8. Irish Cobblers, seed from P. E. I. 228.5 bushels per acre.

9. Irish Cobblers selected seed from Southern Ontario, 241.4 bushels per acre.

10. Irish Cobblers, common seed from Southern Ontario, 220.7 bushels per acre.

The seed was planted on June 6 and harvested on October 18. The plants were sprayed four times, July 1, 10, 20, and August 1. Scab was found only where manure had been used, and there were no signs of rot. The Green Mountain variety gave the best yield and the best sample of potatoes. The spray was made of 2 lbs. of arsenate of lead powder, 1 lb Paris Green and 40 gallons of water.

The Retort Courteous

"What would you do if you were in my shoes?" asked the party with the dirty footgear. "Have 'em cleaned," was the reply.

Must Turkeys Disappear?

An alarmist despatch comes out of Chicago announcing that in thirty years the tame turkey will be extinct. This dismal prophecy is based on reports that the acreage devoted to turkey growing is steadily decreasing, other crops having been found to be more profitable.

The turkey, though he looks rugged enough, is a delicate bird, subject to colds and infections, and extremely hard to bring to maturity. But that he can be reared, and in vast quantities, will be evident enough to anyone who goes to the markets along about the last of next month.

She Conversed

"Well, Mrs. Parker, did you see the prince?"

"I did, my dear. "See'd 'im and spoke to 'im? an all!"

"You spoke to him? How was that?"

"As he was going into the station, I calls out 'Good old prince.'"

BONDS

Are Mortgages on Fixed Assets

When a township issues debentures (or bonds) it gives a mortgage on the whole township for security to the buyers of the bonds for the loan of their money for a definite number of years at a satisfactory rate of interest.

If the amount required is large it is divided into small mortgages, (that is, bonds or debentures) of $500 or $1,000 each, with the same security behind each, so that investors with small sums may take advantage it.

Bonds or debentures are rated the safest kind of an investment.

Roast Turkey!

For tender, meltingly delicious and wondrous flavored turkey, you must roast it in an SMP Crystal Ware or Pearl Ware roaster. This roaster roasts as if by magic. It bastes the roast or fowl—the fat dripping down from above. The delicate juices and rare flavor are cooked right in. Nothing is lost. There is no wasteful shrinkage.

When you buy expensive roasts of meat, turkey, or other fowl or fish, you want them perfectly cooked. For from $2.00 to $4.00 you can purchase a splendid SMP Roaster that will positively guarantee the roasting. To ensure the perfect cooking of an expensive 15-lb. turkey, surely it would pay you to use the proper utensil—an SMP roaster costing only one-quarter the price of the fowl! A roaster that fully guarantees perfect roasting!

After the hardest roasting, an SMP Roaster cleans as easily and simply as a china dish. No scouring or hard cleaning. There are styles and sizes to suit every size of roast, fish or fowl. Finished in Pearl Ware, two-coated pearly-grey enameled ware, or Crystal Ware, three-coated snowy-white enameled ware. You can inspect them at any good hardware store.

Auction Sale Postponed

The auction sale advertised by Mike Young for Tuesday of this week, on account of inclement wea ther has been postponed until next Saturday, Nov. 3rd.

BERWICK

James Henry Bookout, a well-known resident of this vicinity, left for the west on Monday Aug 13th, accompanied by other boys of his town. He bid his friends farewell at Winnipeg, where he remained while the others went on to Sasketchewan. He remained in Winnipeg for a short while then he, too, went on to Kenora, Sasketchewan. He was taken ill with appendicitis and after undergoing an operation on Oct. 13th, but of no avail he passed away on Oct. 16th. He was only 23 years of age and always ready to lend a helping hand to those in need. In religion he was a Methodist, and at the age of 17 years. he enlisted for overseas but he only went as far as England on account of being so young. He was a member of the L. O. L. 458. Under the circumstance the remains were buried in Kenora, Sask. He leaves to mourn his loss an aged grandmother, Mrs. H. Bookhout; a father, Albert Bookhout; and four sisters and two brothers.

Whittaker the Optician will be in Chesterville on November 13th Finch 15th.

Old Mother Hubbard will be at home in the Town Hall, Thursday Nov. 8th from 2.30 until the cupboard is bare.

OPPOSITE ST. MARY'S CHURCH

MAINLY ABOU PEOPLE

Don't fail to hear Father Minehan Monday evening at the Music Hall.

Mr and Mrs. A. O. Robertson spent the week end with friends in Canton, N. Y.

Home made bread, buns, cakes and doughnuts will be for sale at one of the booths in the Town Hall, Nov. 8th.

Mr. George Spencer, chief operating officer of the Railway Commission, Ottawa, spent Sunday with his daughter Mrs. E. L. Bronskill.

Buy your candy for Thanksgiving at the Bazaar in the Town Hall, Nov. 8th.

Mrs. Elisha Woods, who has been very ill for some time with pneumonia is now reported to be making progress towards recovery.

You will want Flowers for your Thanksgiving table. Get them at the flower booth in the Town Hall, Nov. 8th.

Miss Olive Casselman entertained a number of her young friends on Monday evening on the occasion of her seventh birthday.

Bring your friends in for afternoon tea on Thursday Nov. 8th, in the Town Hall.

Mr. and Mrs. Bronskill and Mr. and Mrs. G. W. Reaburn motored to Ottawa Saturday evening and attended the show.

Vegetables, canned fruit, marmalade, eggs, dressed chickens etc, etc at the miscellaneous booth in the Town Hall, Nov. 8th.

Mrs. Gene McMillan was taken to a Montreal Hospital on Monday where she will undergo a course of treatment for diabetes.

Mrs. W. N. Fulton attended the Women's Institnte Convention held at the Chateau Laurier, Ottawa, last week, remaining over the week end with her sister Miss Agnes Durant of that city.

Night shirts, pyjamas, night dresses, aprons, towels, luncheon sets, knitted bags and numerous other articles will be for sale at the fancy work booth, in the Town Hall, Nov. 8th at 2.30.

Mr. O. L. King went to Enosburg Falls Saturday where Mrs. King has been for some time recuperating from her recent serious illness at the home of her parents. Her Chesterville friends are pleased to see her well enough to accompany her husband home where they arrived on Sunday night.

The Ottawa Kiwanians journeyed out to Metcalfe Monday night and held their "first annual Metcalfe dinner." It has been suggested that a "Ki-yi-uns" club be formed in Chesterville.

Many Chesterville people will have sympathy for Mrs. Wilmot Young, Marjie Adams of the Young—Adams Co., whose mother Mrs. Edward Adams passed away in Hamilton on Oct. 20th. Mrs. Young who was playing in New Brunswick at the time reached home in time to attend the funeral, when burial was made in the family plot in Mount Pleasant cemetery in Toronto.

Harvesters who went from this district to help garner the crop in the west, are now finding their way home again. Last week end Milton Harper, Ernest Harper and Cecil McElheran arrived, the latter having an experience on the way that he will not soon forget. He was in one of the wrecked colonist cars, seven of which jumped the track at Savanne when twenty-two passengers were injured. Cecil was thrown from his berth to the car floor but was not injured beyond a few brusises, and managed to extricate himself from the wreckage.

MOREWOOD

Mr. and Mrs. Isaac Dixon of Montreal, have been renewing acquaintance here for the past week.

The people of Morewood were shocked to hear of the death of Mr. Wm. Gordon who passed away on Monday morning about one o'clock. Our sympathy goes out to the bereaved family.

Mr. and Mrs. W. Marcellus and children and Misses Bell and Laura Moffat spent Sunday afternoon with friends at Winchester.

Mrs. Eliza Nadeau called at Mr. Colin Cheney's on Monday night.

Mrs. A. Carlyle of Dunbar, is visiting friends here.

Mr. and Mrs. A. B. Allison and Laura spent the week end at Smiths Falls.

Methodist Women's Missionary Convention

The Annual District Convention of the W. M. S. of the Matilda District convened at Aultsville on Friday, Oct. 19th, at 9 30 a. m. Mrs. W. S. L. Merril presiding in her usual pleasing way. There was a large gathering of visitors and delegates from every point on the district and all were of the opinion that it was the best convention ever held in the district.

Three sessions were held. The morning session beginning with the Roll Call by Mrs. Jas Nash of Iroquois showed a splendid representation of Auxiliaries, Circles and Bands from the district.

After the Opening exercises led by Mrs. Harry Armstrong and Mrs. C. L. Bradshaw, the Young People's work was presented by Mrs. Ed. Lawson of Morrisburg and Miss I. Norris, Cornwall. Discussion followed.

Miss Jessie Everett of Hecks, dealt with the subject "I can't vs I can."

The story of the year's work was related by the Supt., Mrs. Merril, Winchester leading the district in the amounts contributed during the year. Cornwall came second, Morrisburg third. Lunenburg however gave the largest amount per member, their average being $9 per member.

At the afternoon session the devotional exercises were taken by Mrs. Chapman of Cornwall, followed by an excellent paper on "Our Officers" by Mrs. Thos. Houlehan of Chesterville, the key-note of efficiency being emphasized as prayer. Other papers of a very high order followed as "Why a Stranger's Secretary," by Mrs. M. Henderson of Mountain; "Stewardship of Possessions" by Mrs. J. W. Charlesworth of Dundela Mrs. I Hillard of Morrisburg led the discussion which followed.

Mrs. Earle, Winchester, gave a glimpse of an ideal auxiliary using as her subject' "What kind of an Auxiliary would my Auxiliary be if every member were like me?"

A paper on "The need of Service" and showing how useless was a "Folded hands Society" was given in a striking way by Mrs. I. Hall of Iroquois.

A question drawer in charge of Mrs. J. Murdock, Associate Superintendent, solved difficulties.

The officers were re-elected and an invitation from Iroquois to hold the Convention there next year was accepted.

The Resolutions Com. then brought in their report which was approved and adopted by all present and contained the following:—"We the members of the Women's Missionary Society of the Methodist Church, in the Matilda District, Montreal Conference, convened at Aultsville this 19th day of Oct., 1923, desire to place on record our hearty and unanimous endorsation of the Ontario Temperance Act, believing it has signally reduced drinking and debauching and that it is the most effectual law yet enacted for the suppression of intoxicating liquors for beverage purposes.

Further, we commend the Government for evident signs of a determined effort to enforce this law and carry out the mind of the electorate of our Province, expressed by great majorities in the referendums on this question. Be it resolved that in our judgment the province is satisfied with the present act and we pledge our undivided support to the Government in upholding the integrity of the measure."

Copies of this resolution properly signed were forwarded to the Hon. G. H. Ferguson, Premier of Ontario and Hon. W. F. Nickle, Attorney General of the Province.

The evening session was presided over by Rev. A. W. Stewart, Pastor of the Convention Church, who welcomed the visitorsand delegates.

The address of the evening was given by Mrs. W. H. Henderson, Branch President, of Ottawa, who declared that fully one half of the world had never heard of a Saviour who loves and lives, and that human hands must do the lifting up. After reviewing the work done, a ringing challenge was given every christian to lift up the Christ. God was testing the nations and individuals today by the old test "Lovest thou me more than these—then feed my sheep and my lambs."

Music was furnished afternoon and evening and a pantomime put on by the Mission Circle of Aultsville, was much enjoyed.

A vote of thanks was tendered for the splendid hospitality and entertainment furnished by the Auxiliary and Circle of Aultsville.

The Convention closed and it is believed every delegate resolved to do better work this year in her own Auxiliary.

Mrs. Chas. Graham and Mrs. Thos. Houlehan were delegates to the Convention. Others attending from here were Mrs. W. N. Fulton, Mrs. W. A. Brown, Mrs. Davidson and Mrs. Merkley.

LIMBS AND BODY ALL SWOLLEN

"Fruit-a-tives" Relieved Both Dropsy and Sick Kidneys

The Wonder of Fruit Medicine

Those who know they have Kidney Trouble—who suffer with pain in the back—who are up frequently at night—will welcome the news that "Fruit-a-tives", the wonderful medicine made from fruit juices and tonics, will positively relieve Kidney and Bladder Troubles—as proven by this letter.

"Our little girl had Kidney Trouble and Dropsy—her limbs and body were all swollen. We decided to try "Fruit-a-tives". In a short time, the swelling went down. Now, she is the healthiest one of the family".

War Veteran Gives German His Desired Opportunity

Gratitude for sympathy and kindness extended to a number of Canadian soldiers while prisoners in a German prison camp by Sergt. Major Willie Hatzman, a Prussian cavalry man, has resulted in the German soldier being brought to Canada by those he saved from starvation.

Trooper Harry Deacon of the Royal Canadian Dragoons has been the central figure in this little post war drama. On receipt of a letter from Hatzmann last spring in which he told of his straightened circumstances, Mr. Deacon and others interested in the case forwarded money to the German cavalry man enabling him to come to Canada. Mr. Deacon is Mr. Hatzmann's host for a few days until he goes to a position in surroundings that will not embarrass him. He hopes to make enough money to bring his wife to Canada next year.

"This chap is one of the cleanest, whitest men I ever met, and so say all the others who were in prison camp with me," said Trooper Deacon. "If it were not for him many of us who survive would never have left Germany alive. He was the friend of British soldiers at the time when friendship was needed, and instead of having him subjected to offence we want to have life in this country made agreeable for him.

Carkner—O'Shaughnessy

A very pretty wedding took place on Wednesday evening, Oct. 31st, 1923, when Mr. Harold Carkner, son of Mr. and Mrs. John A. Carkner of Williamsburg, Ontario, and Miss Alta O'Shaughnessy only daughter of Mr. and Mrs. Henry O'Shaughnessy were quietly married at the Methodist Parsonage, Elma, by Rev. J. B. Howe. The bride was attired in navy blue silk trimmed with gold braid and embroidery with hat to match.

After the ceremony the bridal party drove to the bride's home where a sumptuous wedding supper was served to a company of the immediate relatives of the contracting parties. The bride was made the recipient of many beautiful and costly presents.

As Mr. and Mrs. Carkner leave to take up residence in Massena, New York, they bear with them the best wishes of a host of friends by whom they are held in the highest esteem.

Obeying Orders

"Pa, do I have to learn music?"

"Yes, I insist upon it. But you may choose which instrument you will study.'

"Then," said Johnny, "I'll choose the phonograph."

Presbyterial Meeting at Morewood

In Brockville Presbyterial, an effort is being made to stimulate interested in Auxiliary work by holding at different points, Sectional Presbyterial meetings.

One was held on Sept. 25th, at Hallville, where, in the afternoon, papers on "Our Stewardship", "The Young Women's Auxiliary" and "Mission Band Work" were read, followed by discussions, and proved very helpful. In the evening, Mrs. McLeod of Kemptville, the Presbyterial President, spoke on "Vision and Service", and Rev. J. W. Clarke, Hallville, gave a missionary address.

Just a month later, on October 26th, another section, comprising Auxiliaries from Morrisburg to Morewood, held two sessions at Morewood. Delegates were present in large numbers from Winchester Springs, Dunbar, Chesterville and Winchester, and with the Morewood representatives, well-filled the hall. Mrs. Glassford, the Sectional Vice-president, was in the chair, and an attractive program was presented. The papers read were on such subjects as—"Our future Auxiliary members", 'It is Love that Counts," "A glimpse into real life in India," "Our Stewardship," and were all of a high order, the one on "Stewardship" which was very impressive, taking the form of a discussion by question and answer. Members of Morewood Y. W. Auxiliary sang a special hymn, and at the close of the afternoon session, supper was served in the hall to all present, when the Morewood ladies excelled themselves in the sumptuous lunch provided.

In the evening, inspiring missionary addresses were delivered by Revs. F. L. Jobb, Morewood; R. J. M. Glassford, Winchester; and A. J. Sinclair, Chesterville, interspersed by an exercise by Morewood Mission Band, a recitation by Miss Steele, Winchester Springs and a solo by Miss Giles, one of Morewood's High School teachers.

The Morewood Auxiliary made these meetings the occasion of their Thank-Offering and the splendid sum of over $80.00 was received.

All went away saying and feeling that it had been good to be there, and that a great impetus had been given to our W. M. S.

ELM STREET, FINCH

(Too late for last week)

The farmers around these parts are getting along nicely with their plowing since the heavy rain of last week which was very much needed especially for the wells.

Miss Altha Forsythe of the village, visited Mrs. Osborne Shaver of Maple Avenue on Monday.

Mr. and Mrs. H. C. McLean, Mrs. Crites and Miss Georgie Price spent Sunday with the latter's parents Mr. and Mrs. Samuel Price.

Miss Kate Crysler of Crysler, spent Wednesday at the home of Mrs. D. P. Cameron.

Miss Gertie Gray of North Lunenburg, is spending the week with Mr. and Mrs. Elburn Shaver.

Mr. and Mrs. W. A. McIntyre, Mr. and Mrs. D. P. Cameron and Jennie Cameron passed through here on their way to Williamsburg.

Mr. D. C. McLeod has his new barn and silo completed which adds greatly to the appearence of the place.

Mr D. P. Cameron of Maple Avenue, has finished digging what he says is a bumper crop of potatoes, some of them turned out at the rate of over 600 bushels per acre.

Miss Annie McMillan has returned to Boston after visiting her brother Donald Jim McMillan.

$1000 PRIZE CONTEST

Any responsible person, from any place, elegible to compete.

Last year two similar contests were announced by the undersigned, wherein two cash prizes of $1000 each, were to be given. Only girls were allowed to compete. They were carried through successfully and the girls received every cent of their money—the full $2000. The same will apply to this Prize offered. The experience gained staging these big events heretofore, has enabled me to arrange this coming contest so that not only will the successful candidates be sure of their prize money, but as well, each and every candidate competing will be paid for the work they do.

The $1000 will be divided into Eight Cash Prizes, ranging from $400, 1st Prize to $30 8th Prize, namely : $400, $200, $100, $80, $75, $65, $50, and $30, and will be given to the eight successful contestants who sell the greater number of tickets at 50c. each, between the date of Nov. 15th and Dec. 31st, 1923, for the benefit of Two Big Winter Carnivals which will be held at the Exhibition Grounds at Chesterville and Prescott. Chesterville dates will be Jan. 8th, 9th, 10th and 11th, 1924. Prescott dates Jan. 15th, 16th, 17th and 18th, 1924. Four days in each place—almost two whole weeks of winter enjoyment.

The big Carnival will consist of Winter Sports of all kinds, such as Hockey Matches, Marathon Skating Races, and Harness Racing over the ice.

Gladys Robinson, World's Champion Lady Skater, has promised to attend both Carnivals and give exhibitions of skating, also to compete in races for the best and fastest skaters.

Arrangements will be made whereby hockey teams from other towns may compete in matched games for Special Prizes.

A big Skating Rink will be made in the centre field at both Exhibition Grounds, in front of the grand stand, where these sports will be put on. Then, there will be two days of Harness Racing at each place over the ice, for Big Cash Prizes, which will be a guarantee of many trotters and pacers for the races.

Itemized programmes of all sports for the whole two weeks will be printed and issued later.

Now, listen. One 50 cent ticket will admit one person to the grounds the whole four days, and at both places. Eight admissions for 50 cents, providing ticket is purchased on or before contest closes.

These two Great Winter Carnivals may be carried through successfully, and each and every person, directly and indirectly concerned, benefited, providing there is a spirit of harmony and co-operation between all those who claim to be in sympathy with honorable and healthy sport.

For further particulars, conditions and enrty blanks for the ticket selling contest, write the undersigned. Entries to contest close Nov. 14th. Contest begins Nov. 15th and ends Dec. 31st, 1923.

Come along, make your entry. Join the merry band of candidates. Win a big cash prize now, while there is nothing else doing.

W. P. Allison. 51

NOTICE OF APPLICATION

Notice is hereby given that William Samuel Morrow of Cyprus River in the Province of Manitoba, Labourer will apply to the Parliament of Canada, at the next Session thereof, for a bill of divorce from his wife Mae Morrow of the Township of Williamsburg in the County of Dundas in the Province of Ontario, on the grounds of adultery.

Dated at Morrisburg in the Province of Ontario, this Seventh day of November, A. D., 1923.

IRWIN HILLARD,
Morrisburg, Ontario.
Solicitor for the Applicants.

Speed Up The Mail

The rural mail carriers out of Chesterville would feel very grateful to those having mail boxes, if they would betore the ground freezes up, straighten the posts and where necessary to make the boxes accessible, put in new posts of the proper height to clear the wheels of the mail rig. Many boxes are installed in such a manner that it is impossible to see, without alighting, whether there is mail to be litted A slight delay at each box means very much lost time when it is remembered that each route has sixty or more stops on it. It will be much to the owner's advantage to have the box in easy position for the reception and taking away of his mail.

Former Chesterville Boy Loses Suit for $300,000

After an absence of nearly six hours, the jury empanelled in the case of Frank Moodie, who brought an action involving $300,000 against Sir William MacKenzie, Sir Donald Mann, P. Burns, R. G. O. Thompson, et al, dismissed the action and brought in a verdict favorable to the defendants in supreme court at Calgary, Friday, before presiding Justice W. C. Simmons.

Mr. Moodie claimed $24,000 back salary as former manager of the Rosedale Coal Company, asserting that this had been promised him in an agreement with the company. He also asked a declaration of the court that certain advances amounting to more than $300,000 made by the Mackenzie and Mann interests in the company be treated as a mortgage against the assets of the company.

Morewood High School Notes

Morewood High School organized a Literary Society with the following officers for the current month: President—Arthur Casselman, Vice-President—Ralph Dillabough, Secretary-Treasurer—Mildred Dillabough, Executive Committee—Dwight Feely, Earle Gordon, Beryl Hetherington.

At the last meeting of the society a debate was staged: Resolved "that it costs more to bring up a girl to the age of twenty-one than a boy". The affirmative was ably upheld by Ralph Allison, James Shaver and Orland Kyle, while Muriel Jobb, Gladys Swerdfeger and Mary Munharvey stoutly contested the negative arguments. The judges rendered their decision in favor of the affirmative.

The society has also launched a paper with Ralph Allison as Editor, Pearle Swerdfeger, Assistant Editor, Hugh Fetterly, Gladys Swerdfeger and Eula Ouderkirk as reporters, and Norman McLeod as Advertising manager.

Tulip and crocus bulbs, over one hundred of each, were planted during the past week in the school grounds. Hyacinths and daffodils, presented by interested friends of the school, were potted for indoor culture. Anticipations run high for a profusion of bloom.

Wm. Gordon, Morewood

As mentioned in the Record last week, Wm. Gordon, an aged and respected citizen passed away very suddenly on Monday Oct. 29th, at 1.30 a. m. Deceased was the eldest son of Andrew Gordon and Catherine Faulkner, late of the Tp. of Winchester, and was born in June 1855, on the Gordon homestead, north east of Morewood. He received his education at the Cannamore public school. In Dec. 1879 he was united in marriage to Catherine McMillan of the Tp. of Williamsburg, and continued the occupation of farming until 1888, when shortly after he went to the State of Washington, remaining there until March 1912. Before leaving Washington he suffered a stroke of paralysis, which left him partially crippled. He enjoyed good health since coming home, and attended divine services both morning and evening. On Sunday evening shortly after returning he was again seized with a stroke and passed away as above. He leaves to mourn the loss of a kind father, his widow, two sons and three daughters, viz:— Simon of Hoquiam, Wash.; David of Syracuse, N. Y.; Maggie, wife of John McDermid, Winnipeg; Catherine, wife of R. McVey of Morrisburg and Eliza, wife of Hugh Rodney of Milton, Ont. The funeral was held from his late residence on Thursday Nov. 1st, to the Morewood Presbyterain church and cemetery. Services being conducted by his pastor Rev. F. L. Jobb, assisted by Rev. H. S. Cooke. A very impressive sermon was preached to a sympathizing gathering of friends and neighbors. His pastor made kindly references to his life and example since his coming here. The opinion is voiced that a kindly neighbor and a good citizen has been removed from our midst,

The Morewood Hunt Club left last week for their annual outing at Remo Lake, Que. The party was made up of A. Glasgow, Walter Hetherington, Hector Carruthers, Mahlon Casselman, Brad. Loughridge, J. W. Bogart, Wilburn Marselis, Joe Moore and Bismark Stephenson.

In Memoriam

McLean—In loving memory of our dear mother who departed this life Nov. 7th, 1922.

Mother thou hast gone and left us
We on earth shall see no more,
But we hope to meet in heaven
On that bright eternal shore.

Family remembrance.

Wonderful Yield of Oats

Many reports have come from the West of heavy yields of grain, one of them being raised by a former well-known Chesterville Boy now of Round Hill, Alta., referred to in the Edmonton Journal as follows: A wonderful yield is reported by J. J. Casselman. From two measured acres of land 130 bushels per acre were thrashed. This land was broken two years ago and raised one crop last vear. This year's crop was disced in.

Acknowledgment

Mr. James Clement as representative of the Provident Assurance Company Toronto, handed me a cheque in payment full and satisfactory for loss of my barns and contents by lightning, recently, and I take this opportunity to express my thanks to agent and company for this favorable settlement.

Melancthon Barkley.

Born

Merkley—At Dunbar on Friday Nov. 2nd, to Mr. and Mrs. Ellery Merkley, a son. (Lee Clifron)

In Memoriam

Mrs. Wm. Stubbs, who died at the home of her daughter, Mrs. H. Loucks, Morewood, Ont , Oct. 31, 1922.

Gone, and we cannot recall
Her sweet presence,
The thoughtful care, and love just
Shining in her eyes,
The little things she did each day to help,
All through her life-unselfish.
I wonder if she knows how much we miss her
Here below?

Husband and family.

M., formerly practising veterinarian at Finch, will be pleased to hear of his appointment to the position of lecturer in veterinary science at the Kemptville Agriculture School, Kemptville. Dr. and Mrs. Abraham have the best wishes of their many Finch friends.

The Masquerade Dance held in Massey Hall on Hallowe'en under the auspices of the Women's Institute was an imparalleled success. Not only was the attendance one of the largest ever seen in the hall but everything was of the very highest order. Several prizes were given. The first prize for best lady's costume went to Mrs. Dr Gunn, Finch; dressed as Miss Canada; second prize went to Mrs. W. Hardy, Finch: dressed in the costume of a century courtier. Best gentleman's costume went to Mr. Belfie, Finch; dressed in the custom of the east. Mr. W. Nephew as Louis XIV was a very close second. Booby prizes went to Messrs. Geo. Adams and W. Hardy dressed in the garb of his Satanic majesty. Mrs. J. Farrell, Mrs. Knox, Mrs. J. T. Campbell and a member of the Orchestra (Cornwall midnight) kindly acted as judges. Miss Pearl Murphy with an excellent partner, Mr. Robinson, was awarded the prize for fox trot with Miss Merkley and partner second. Miss Merkley, with Mr. Hugh Rombough as dancing partner, won the prize waltz with Mrs. Gunn and Dr. Helps second choice. A great deal of credit is due the committee —Mrs. McNaughton, Mrs. Campbell and Mrs. Gunn for the wonderful success of the enterprize. They were able to turn over to the treasurer of their association after paying all expenses the substantial sum of seventy-five dollars.

Messrs. Allan Cameron and Luke Hunter, Art. Love and A. Ouderkirk are some of the local sports who left recently for the north country for a few weeks deer shooting.

GRANTLEY

Messrs. Alton and Albert Beckstead of Madrid, and Johnnie Bush of Finch, were calling on their uncle Mr. Alex. Taylor, Sunday night.

Mr. and Mrs. Clarence Beckstead and family of Boucks Hill, spent Sunday at the home of Mr. Alex. Taylor.

Mrs. Tracey of Vermont, and her sister of Indiana were guests here last week of their grandfather Mr. Peter Ouderkirk.

Hallowe'en passed off quietly in this vicinity with very few pranks.

In Memoriam

In loving memory of my dear Mother, Mrs. Calvin Merkley, Nation Valley, whom death's grip has forced to leave us.

Four years ago we parted,
And your love, so deeply missed
By all of those who loved you
And were left to mourn your death.

Daughter, Dorothy E Merkley.

The Speed Maniacs and Painted Women

Nervous, harried, over-weight men in motor-cars, out for "pleasure," which, obviously, they define as "trying to beat the other fellow" past the unguarded cross-roads or along a road which is a tight fit for going and coming vehicles without the speed-beater's illegal and dangerous looping around cars in front of him, The marvel is, not there are so many fatal accidents, but that there are so few. Nine times out of ten, the speeders have no definite goal. They race to and fro over dusty highways to show or to gain "pep" All too often the pep (which, foreign readers should understand, is current slang for vivacious vigor") is largely alcoholic, liable to evaporate at the most critical moment when a driver needs all the cool judgment of sober common sense to weave his way through a tangle of traffic.

The speed-maniac who is a menace to the safety of sane motorists, and of all pedestrians, is one symptom of what is called, euphemistically, "over civilization." Another too evident symptom is the painted woman. Once upon a time within the memory of the living, rouge, if used at all, as it was sometimes by semi-invalids pathetically trying to deceive themselves and others by simulating the roseate hue of health, was applied stealthily and in secret. The users were ashamed of their subterfuge, and with reason, for, at that time the Painted Woman, (spelled in capitals), signified a woman outside the pale of respectable society. In a "morality play" made famous by Forbes-Robertson a dozen years ago—was it "The Passer-By" or "The Servant in the House"?—all the roles were named solely according to their character-significances. And the most dubious character was called The Painted Woman.

That description is wholly without sinister meaning to-day, when millions of innocent little girls, reputable young women, mothers of families, grand mothers, and confirmed spinsters of every age from thirty to seventy use enough red paint to paint every roof in the United States. Of course there are other millions who do not paint their faces, and who never will, whatever the current craze may be; but the fact remains that the money spent for rouge, lipsticks, eyebrow darkeners and other cosmetics would feed all the starving families in Europe. Add to the individual outlay the coast of maintaining the "beauty-shops' which are now doing a flourishing business in every village, town and city of the United States, and the sum total would be enough not only to feed all the famine-stricken countries, but also to rebuild the entire Japanese area devastated by the earthquake.

And for all this monstrous expenditure what is the tangible result? Beauty or hideousness? Anybody with good vision can answer that question.

Now, the irony of the situation is, that the man seeking "pep" and the girl eager for a rosy complexion need not spend one penny on the attainment of either, or both. Within reach of everyone is the time-tried road to roseate health and abounding vitality. It's too easy, too old-fashioned, too cheap, to regain natural colour and natural vigour by the walking route. Why anybody can walk.—Honor Walsh, in "Standard and Times."

Want Province Roads Government Policed

The Report that the Government was considering the leaving of policing of Provincial highways to municipalities has led officials of the Ontario Motor League to take a strong stand against any change in the policy of having such highways policed by Government officers.

This stand has been taken by the O. M. L. following the report that Hon. George S. Henry, Minister of Public Works and Highways, in response to representations made by a delegation from Oakville seeking provincial aid in defraying the cost of an extra night policeman, had said that the Government was considering leaving the policing of the highways in the hands of the municipalities.

It is contended by the league that to allow the present specially trained speed policeman employed by the province to be replaced with non-experienced officers employed by various municipalities on a fee system would not only work a hardship on the motorists of the province but would also discourage tourist travel.

To abolish the traffic courts and salaried constables and place the enforcement of justice on the highways at the tender mercies of fee-paid magistrates and constables, would in the opinion of the O M. L. be a grave mistake.

Does It Pay?

Does education pay? What a question says a writer in the public School Circular. Does it pay to plane no sandpaper the board before putting it into the piece of furniture?

Does it pay to know things rather than live in ignorance?

Does it pay to know a mind rather than be a mere animal, and be directed by those who have minds?

Does it pay to think, and if so, to think with a trained mind rather than with an untrained one?

Does it pay to be a leader rather than a follower?

Does it pay to be one of the capable of the human race or to be one of the inferior?

Does it pay to prepare one's self to do large things or to remain satisfied to do small things, and let others take the advanced positions?

Does it pay to get an education? Only the lazy and the ignorant answer "No."

Ouch! Wow! Gee!! Gosh!! Help!!! That's the time when you need Williams' Camphorated Mustard Cream to ease the pain and draw out the soreness. Does not blister. At your druggist's—35c a jar.

Made a Difference

A doctor who was particularly expeditious in examining and prescribing for his patients was consulted by an army man, whom he polished off in less than no time. As the patient was leaving, he shook hands heartily with the doctor and said:

"I am glad to meet you, as I have often heard my father, Colonel F., speak of you."

"What!" exclaimed the doctor, "are you Dick's son?"

"Certainly."

"My dear fellow," said the doctor, "throw away that fool prescription come and sit down and tell me what is the matter with you

Doing Time

Paddy and Hugh were charged with larceny. Paddy was charged with stealing a watch, the other a cow. Both got three months.

Shortly afterwards they met in prison, whereupon Hugh asked Paddy what the time was.

Paddy thinking a joke was being cracked on him, quickly replied: "Faith, I don't know, Hugh, but I should say it's near milking time."

A Ready Striker

Father (seriously) – My boy, don't you think it's about time for you to stand alone?

Son (cheerfully) – All right, dad. I can stand a loan right now. Suppose we make it $50.

Slow Indeed

Mrs Slow (vexed) Mary, tell Mr. Slow, I'm ready now, I thought he was dressed and waiting."

Mary (returning) – "Please, mum, he was; but he says now you'll have to wait until he shaves again."

"Mother Williams" of Broadway

(1) "Mother Williams" with her New York friends, and (2) at the Canadian Pacific Windsor Station.

OF course you have visited New York, and if you have been to New York you have been to Times Square; but while you were there did you notice the neat little old lady who was acting as sales agent for the "Billboard" outside the Putnam Building? If not you are not in the show business because everyone in the show business knows "Mother Williams." Likewise the police, for it is known to all of them that "Mother Williams" is on speaking terms with Commissioner Richard Enright, and more than one "cop" indebted to the old lady—she is seventy-two years old—for her intercession with the commissioner on their behalf.

The candles she burns at the "Church of Mother Divine" for her proteges are innumerable. Many a heartsick girl has been stopped by "Mother Williams" and sent on her way with enough money to tide her over until the long-sought-for-engagement was secured, and the same is applicable to actors, for on more than one occasion she has been seen to "slip them change." Nor has she cause to regret it, for with her it is always "just a little loan until you sign up." Today she probably knows and is known by more producers and actors than any other woman in the country, for few, if any on Broadway, ever pass without a word of greeting for "Mother Williams" and a "God bless you" from her.

Her kind old Irish heart will respond to every tale of suffering for "Mother Williams" knows. Mary Bridget Ann Williams was born in Toronto seventy-two years ago, the daughter of a prominent real estate man. At the age of eight she lost her mother, after whose decease she accompanied her father on a tour of Europe that included a stay in Ireland and a four year visit to London. Returning to Montreal, Miss Williams later became a well-known and successful teacher of music, and it is with great pride that she points to several of the present day celebrities who received their fundamental training at her hands.

In 1887 Miss Williams found herself alone in the world. The following year she went to New York where she supported herself by her music until advancing age made it impossible to continue as a teacher. From then on, until she became a sales agent for the "Billboard" and was taken under the wing of its proprietor, she did as best she could, but always smiling, and giving, perhaps, more to the world than she received from it.

Recently she took a little journey under the protection of the Canadian Pacific Railway. For two weeks she visited her old friends in Montreal whence she had travelled with the primary object of caring for her father's grave. From there she went to Toronto where her mother's last resting place was ministered to. A wonderful, cheery old lady. Is it a wonder that they call her "Mother Williams" on Broadway?

A Service That Saves Lives

Arrangements have been completed with the Life Extension Institute of New York by which—

Every member of the Mutual Life Assurance Company of Canada insured for $1,000 or more may secure

A Free Periodical Health Examination

Be a Mutualist *Conserve Your Health*
Prolong Your Life

The conditions are as follows:—

If insured for $1,000 and less than $2,000, the policyholder is eligible for first examination after such insurance has been in force for five years, and every fifth year thereafter.

If insured for $2,000 and less than $3,000—after such insurance has been in force for four years, and every fourth year thereafter.

If insured for $3,000 and less than $4,000—after such insurance has been in force for three years, and every third year thereafter.

If insured for $4,000 and less than $5,000—after such insurance has been in force for two years, and every second year thereafter.

If insured for $5,000 and over—after such insurance has been in force one year, and every year thereafter.

Any policyholder, eligible for examination, may secure the service by applying to the Head Office of the Mutual. The Institute will then be authorized to give the examination and *the result will be absolutely confidential between the Institute and the policyholder.*

Money Waste

The middle aged man mindful of his past will urge you not to waste small sums. He will tell you, too, with a sigh of regret, what he might have accomplished had he, years ago, realized the multiplying power of small sums.

Stop all the waste you can, and invest a small sum each year in a fifteen or twenty year policy in the Sun Life of Canada, where it will grow to help your future if you live, and protect your dependents should you die.

Without obligation on your part ask to have our policies explained.
