Well Known Berwick Lady Hurt in Auto Accident

Mrs. Simon Hutt, ot Berwick, is in a dangerous condition at Morrisburg, as the result of injuries which she received Monday morning when an automobile in which she was riding with three other passengers backed down a steep incline and crashed over a 15 foot embankment on the roadway adjoining the St. Lawrence River, a short distance below Morrisburg. The driver, Mrs. Jack Robinson, her niece, and Mrs. C. Grey, a daughter of Mrs. Hutt, were also in the car but all three managed to jump before it left the roadway. Mrs. Hutt clung to the machine and when picked out of the wreckage she was suffering from a fractured collar-bone and two fractured ribs.

The accident happened when Mrs. Robinson endeavored to change the engine of the automobile into low gear when nearing the top of the hill. The gear shift failed to work, and before the driver had a chance to throw on the brakes the car started to move backwards, picking up speed rapidly. The women became excited and before anyone had time to put on the emergency brake the car started to swerve to the edge of the roadway. The occupants then decided to jump, and three of them had done so when the automobile left the roadway carrying Mrs. Hutt with it.

Mrs. Hutt was carried to the home of Mrs. James Robertson, and Dr. Malloy, the physician who attended to her injuries stated that her condition was critical.

The four women left their homes in Berwick early Monday morning on a motor trip to Morrisburg a distance of about 25 miles. They intended spending the day with Mrs. James Robertson, to whose home the unfortunate woman was taken after the accident. Mrs. Hutt is 57 years of age.

Valuable Time Being Lost

Immediately after the June meeting of the Counties' Council the citizens of Chesterville were very much elated by the announcement that a proposition had been adopted by Council to build a retaining wall along the north bank of the Nation river in Chesterville, west from the bridge to beyond a point where the bank has been cut dangerously away by the spring freshets. Since that time we have been repeatedly questioned by citizens, by teamsters anxious for work and by contractors as to when the work was likely to be proceeded with, to all of whom we had to give very indefinite replies. To begin at the beginning, we know that the Provincial Government Highways Department was approached in the matter and that their chief inspecting officer came here and after investigation recommended that this work be undertaken in connection with the designated Provincial County Highway. At the June session of Counties' Council, W. H. Casselman, M.L.A., at the invitation of Reeve Hamilton, laid the whole proposition before the Roads and Bridges Committee where it was adopted. Since that time we cannot find any action by the Counties' Council in the matter. As a matter of fact there was no reference to any action being taken in the report of the proceedings of the Council published in Cornwall papers.

Valuable time is being lost when this work could be most economically carried out, the reason for which we have sought from the Minister of Public Works and Highways, who says "There need be no delay in having this work done, as I can see, as the matter now lies entirely in the hands of the County. The Department is willing to pay the same percentage on this wall as it pays on the County road on which it is situated". Mr. Muir, the chief inspecting officer, also says "We will be pleased to do our part in connection with this work, and assist the County Engineer to push matters to completion".

Chesterville looks to its representative in the Counties' Council to use his influence to get the work under way.

Teach the Children to Save

Habits are acquired early in life. Children, who are taught the value of money and the habit of saving, grow up into good business men and capable women.

The easiest way to teach children to save, is to start a Savings Account for each child ($1.00 each is sufficient). After a child has saved another dollar to make an additional deposit, he or she will have a better appreciation of just what a dollar stands for, and how much work and self-denial it represents.

Home Team Trims Kenmore

About the last thing that happened locally in a baseball way last season was the presentation to the locals by the fast Kenmore team of a string of nine goose eggs, while their surplus energy was heavily taxed in securing one lone tally. Thursday afternoon a new record was put on the machine and the tune played was much more to the liking of the home fans. Right here let us express appreciation, not only of the ability of the Kenmore boys to play ball but to play clean baseball and show the highest type of sportsmanship at all stages of the game. Twice on Thursday decisions were given materially affecting Kenmore's chances which in ordinary games would have been disputed bitterly for a reversal and the consequent advantage. In each case the decision was right and catcher G. McLachlan made many friends as he informed his team mates that they were right.

Senecal pitched an exceedingly good game for the locals striking out eleven men and not allowing any free trips to first.

Kenmore started with in D. Mc Lachlan their star left-hander but after holding the home boys safe in the first and striking the side out in a row in the second he was continually in trouble until relieved by Watson, a right-hander, who fared no better, until passing up the job after two innings to Henderson who had been holding down first base.

Loney scored the first run for Kenmore in the second after Osier had captured Watson's long fly to deep centre, to which was added another in the fifth after two men were down. The final counters came in the seventh when McLaren and Craig crossed the plate.

After spotting Kenmore one in the second the locals went right at them scoring two, going one better in the fourth by adding three and with five more in the fifth had the game practically tucked away at that stage by 10 to 1. Keeping right at them one more was added in the next with a final rally for four in the seventh, slacking up in the eight, going out in order. The players were:—

Kenmore—Craig 2b, Henderson 1b, G. McLachlan c, McRuer c. f., D. McLachlan p, Watson 3b, Loney rf, Dalgleish lf, McLaren s s.

Chesterville—Clement rf, Foster 3b, Smith 2b, Hamlin lf, Coyne c, Sharkey s. s, Osier cf, McCloskey 1b. Senecal p.

The score by innings:—

Kenmore	0	1	0	0	1	0	2	0	0	— 4
Chesterville	0	0	2	3	5	1	4	0	x	—15

Umpire—Jay Alguire.

Man Hit by Fast Train

James McManus of Arnprior, one of a C.P.R. bridge gang working here, was struck Monday morning by the fast eastbound express a short distance east of the station, when his left arm was severed from the body and he was otherwise badly cut and bruised. With his foreman, McManus spent the week-end here living in boarding-cars on the south siding. Monday morning he went to the pump at the station and was returning to the car with a pail of water, at the same time a freight train was passing on the westbound track which is supposed to have prevented him, hearing the express coming behind him. He was close to the boarding car and between that siding and the main line when the express rushed along and he was either struck or fell with his arm over the rail. Medical assistance was quickly secured and the injured man taken on the train to a Montreal hospital where his injuries have since proved fatal.

Brockville Presbytery Met at Morewood

At a meeting of the Presbytery of Brockville at Morewood last Friday afternoon the resignation of Rev. C. A. Mullin of the charges of Chesterville and Dunbar was accepted. Representatives from the two congregations were present urging that Mr. Mullin reconsider his decision to resign, assuring him of the continued loyal and hearty support of the members. The situation is somewhat unique in so far that the pastor was pleased with his two charges and his congregations were loath to part with their pastor, influences outside of church work being the deciding factor.

Calls were sustained from the congregation of Heckston to the Rev. W. T Mathewson of Montreal, whose induction was arranged for August 11th, and from the congregation of South Mountain and Pleasant Valley to the Rev. Peter Jamieson of St. Helens, whose induction will be arranged later.

Rev. Dr. Wm. Philp, pastor of Morewood Methodist church sat as a correspouding member, at the invitation of the members of the Presbytery.

TORONTO

Value Your Time

Big factories don't pay men to do the work machines will do. They make money by using modern machinery and modern methods.

Farmers who make money use modern methods, too. You *shouldn't* use hand-power for work a gasoline engine will do.

Get a Toronto Farm Engine. All those jobs that weary you now will become merely incidents in the day's work. Milking, separating, churning, sawing, grinding, sharpening tools, mixing cement, shelling corn, filling your silo—you can do these things quickly and economically.

Toronto Farm Engines are honestly built. Sturdy and simple, they need little attention. Run on gasoline or kerosene.

You can save money, time and trouble by using a Toronto Grain Grinder. Gives you big mill service right on your own farm, at small cost.

Toronto Saws solve the fuel problem on the farm. Utilize the waste wood on your farm.

Write for our books on engines, saws and grinders.

BY-LAW 307

Synopsis

FOR PUBLICATION OF PROPOSED BY-LAW NO. 307 OF THE TOWNSHIP OF WINCHESTER BEING;—

A By-law to authorize the borrowing of $1600.00 to provide for the cost of a plant to distribute in the Police Village of Winchester Springs, Electric Power to be supplied by the Hydro Electric Power Commission.

The debt intended to be created by the proposed by law is the sum of $1600.00.

The said debt with interest thereon is to be payable in twenty consecutive, equal annual payments the first payment to be made on December 27th, A.D. 1920

The amount to be raised annually for 20 years for payment of the said debt and interest is $139.50.

Dated this 26th day of July A.D. 1920.

S. R. FULTON, Reeve,
GEORGE ELLIOT, Clerk.

NOTICE

TAKE NOTICE that the foregoing is a true synopsis of a proposed by-law of the Corporation of the Township of Winchester to be submitted to the votes of the electors of that part of the Township of Winchester included in and forming a part of the Police Village of Winchester Springs, on the 20th day of August A.D. 1920 between the hours of 9 o'clock in the forenoon and 5 o'clock in the afternoon at the Orange Hall on Lot No 31 in the eighth Concession of the Township of Williamsburg and in the said Police Village of Winchester Springs.

AND THAT the 14th day of August A.D. 1920 at 8 o'clock in the afternoon at the Office of R. A. Ball in the said Police Village of Winchester Springs has been fixed for the appointment of persons to attend at the polling place and at the final summing up of votes by the Clerk.

AND if the assent of the electors is obtained to the said proposed by-law it will be taken into consideration by the Municipal Council of the said Corporation at a meeting thereof to be held after the expiration of one month from the date of the first publication of this notice and that such first publication was made on the 29th day of July A.D. 1920.

TAKE NOTICE FURTHER that a tenant who desires to vote upon the said proposed By-law must deliver to the Clerk not later than the tenth day before the day appointed for taking the vote a declaration under "The Canada Evidence Act" that he is a tenant whose lease extends for the time for which the debt or liability is to be created, or in which the money to be raised by the proposed By-law is payable, or for at least twenty-one years and that he has by the lease covenanted to pay all municipal taxes in respect of the property of which he is tenant other than local improvement rates.

Dated this 27th day of July A.D. 1920.

Induction of Rev. Mr. Jobb at Morewood

On Friday afternoon a large and deeply interested congregation gathered in the Presbyterian church at Morewood for the induction of their new minister Rev. F. L. Jobb of New Mills, N. B. The church was decorated with beautiful flowers, the singing was hearty and harmonious and the service most impressive.

The Presbytery of Brockville was well represented by Dr. McLeod, Moderator; Hugh Cameron, Clerk; Chas. A. Mullin, Mr. Glassford, Mr. Salisbury, Mr. McKinnon, Mr. Olmon, Mr. Hall, ministers; T. A. Scott, Mr. Gilroy, Mr. Carlyle, elders; Dr. Philp of the local Methodist church was invited to become a corresponding member.

The Presbytery held a short business session to deal with the resignation of Rev. Chas. Mullin, Chesterville, in spite of the earnest urgent pleas of commissioners from that congregation and the desire of the Presbytery, Mr. Mullin pressed his resignation and the Presbytery regretfully acquiesed.

A call was presented by the newly formed congregation of Heckston to Mr. Mathewson and was accepted by him, the induction service to be held on Aug. 11th, at 2. p. m.

A call was also presented by Mr. Glassford from the congregation of South Mountain and Pleasant Valley to Mr. Jamieson. After these and other items of business were disposed of the Induction service was proceeded with. Dr. McLeod presided and inducted. Rev. H. Cameron preached a timely and fervent sermon from Acts 3:12—"Neither is there salvation in any other; for there is no other name under heaven given among men whereby we must be saved." Dr. McLeod put the questions of the formula to the Minister which being satisfactorily answered after prayer duly inducted Mr. Jobb into the pastoral charge of the congregation of Morewood and welcomed him to membership in the Presbytery the other members also gave Mr. Jobb a cordial welcome, Mr. Glassford of Winchester, then addressed to the newly inducted Minister helpful counsel basing his timely remarks upon the words of our Lord. "I am among you as one that serveth."

During Mr. Salisbury's address to the people a violent thunderstorm broke but in spite of this handicap an exhortation to the congregation to support their minister by attendance upon public worship and in every well considered effort for the welfare of the Church and Kingdom of God made a deep impression and will not soon be forgotten. An unique feature of the service was the welcome given by the moderator to Mr. Jobb as a former co-worker in the Presbytery of Truro, N.S. He spoke most generously of his past service to the church and commended him most cordially to his new congregation. The singing of "Blest be the tie that binds" and the Benediction brought to a close one of the most dignified and impressive induction services ever held in Morewood church.

In the evening a reception was held for Mr. and Mrs. Jobb and daughter Muriel in the Hall. The beautiful flowers, lights and summer dresses made a gay and animated scene, while Mr. Mullin and Dr. Philp with story, joke and jest drew gales of laughter from the crowded audience. Mr. Mullin extended to the guests of the evening a cordial welcome from the congregation and best wishes for a happy and properous ministery among them. Dr. Philp for himself and for the Methodist people also gave Mr. and Mrs. Jobb a hearty welcome to Morewood and hoped that their ministry might be greatly blessed to the community. Mr. Jobb replied in a few well chosen words thanking the speakers and the people whom they represented for their cordial welcome and expressing their desire to assist in forwarding every good work. Mr. Thos. E. Coulthart on behalf of the congregation here in a few nicely phrased words thanked Mr. Mullin for his services during the vacancy and presented him with a substantial cheque.

Dainty refreshments were then served by the young ladies, after which many persons brought greetings of good will and hope for future blessings to Mr. and Mrs. Jobb. The singing of the National Anthem brought to a close what many persons felt was one of the biggest and best days in the history of Morewood.

Sunday was a beautiful day and large congregations gathered in Church and Hall to hear the new minister. The flowers were beautiful, the singing very hearty the anthem well rendered by the choir. Mr. Jobb in his morning sermon from the words "Brethren pray for us" and in his evening address from the text "I am the Way, the Truth and the Life, no man cometh unto the Father but by Me" struck what is hoped will be the keynote of a helpful ministry in one of the most prosperous congregations in the Presbytery.

MOREWOOD

Miss D. Mix of Ottawa, returned home on Monday after spending a week with Mrs. H. Faulkner.

Donald Gollan of Ottawa, spent Monday visiting friends in town.

NO LUXURY TAX
On Suits up to $60

This is a new ruling of the Minister of Finance, all in your favor, and ours.

It is in your favor as we have made a specialty of suits below the Luxury Tax minimum.

Just such suits as the city dealers hand out at prices that would mix you up with the taxation question right off the reel.

What about your suit right now?

If you buy from our stock now, you will save enough to beat out the luxury tax on two or three suits.

If you would like to save that much the next move is up to you, and quickly.

M. E. Curran on Finch bdy	4 00
George Elliot on salary	100 00

Next meeting at Morewood Sept. 6th.

Successful Horse Show and Races

Chesterville Driving Park Association scored another success in the two-day meet put on last Wednesday and Thursday. Wednesday was a delightful day from a weather standpoint, while the weather of Thursday was delightful from the ticket office view of conditions, when just enough rain kept falling or threatening to induce farmers to leave haying operations and attend the races with a clear conscience. The total attendance reached about three thousand.

Although the races were billed as the big attraction the show of harness horses was good and much interest was shown in the competitions, while the baseball match between Kenmore and Chesterville proved a magnet for the greater part of the crowd while it was in progress, also proving very satisfactory to the home crowd when Chesterville won by a score 15 to 4.

The results of the 2.20, 2.40 and the Farmers' Green Race were given last issue. The 2.30 and the Free-for-all were won in straight heats with the real battles being put up for the places.

2.30 Class

Belina	1	1	1
Lloyd George	2	2	4
Lady Rex	3	4	1
Lady Amber	4	3	3

Best Lady Driver and Single Turnout—1 Fred Lannin, 2 T. Ouderkirk.

Time Race for Carriage Horses—1 D. H. McDermaid, 2 G. Alguire, 3 L. Jordan.

Frederick F. Bayly, Troy, N. Y.

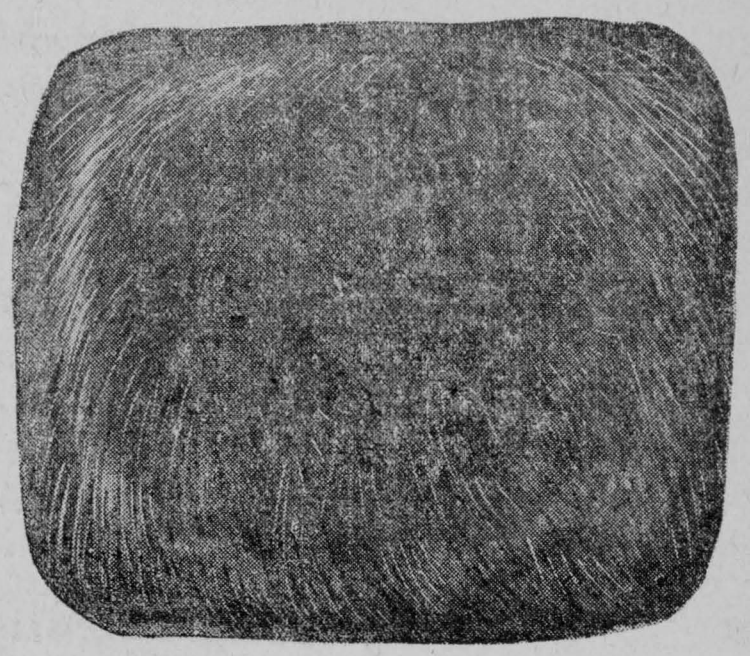

The funeral of Frederick F. Bayly former supervisor who died July 9th, at the Troy Hospital following an operation for appendicitis was held July 12th from his residence, 2 Van Every Avenue to St. Joseph's Church. Born in Troy, Mr. Bayly made that city his home virtually all his life. He was employed in the city engineer's office, in the capacity of road inspector. Mr. Bayly through his many years of activity in the affairs of the Democratic party, gained the respect and admiration of a large circle of friends. His kindly manner, genial disposition and unfailing loyalty endeared him to those who knew him. He was also connected with the State Highway department for more than 10 years. Though a comparatively young man he had gained a place in the hearts of his friends which time endeared and association improved. His death leaves a place that will be hard to fill.

The remains were taken to St. Joseph's Church, where a requiem solemn high Mass was celebrated by Rev. J. M. Foley, uncle of Mrs. Bayly. Rev. Thomas Kellet was deacon and Rev. Joseph O'Connor was sub-deacon.

The bearers were Henry P., Archer J., Alexander F., Lyster G., William, Raymond and Harry F., all brothers of the deceased. He is survived by his wife formerly Teresa Foley. Burial was in St. Joseph's Cemetery, Stephen J. Harrington, sang "Salve Regina" and "Beautiful Isle of Somewhere," James Harrington sang "I am going Home." Miss Julia Walsh was at the organ. The floral tributes were conveyed to the cemetery in a special coach.

Delegations were present from the Knights of Columbus, former Stanton Steamer Co., the City Engineer's Office, also from the Belmar Construction Co.

On Thursday morning Dr. McLaughlin was called to the home of Mr. and Mrs. Wm. Davidson to attend their daughter Millie who had been taken ill sometime in the night, when the Dr. thought it wise to have her removed to Cornwall Hospital, where she was operated on the same day very successfully. Mrs. Davidson remained for a few days with Millie who is progressing nicely.

Mrs. G. Armstrong and children from Winchester, visited Mr. and Mrs. D. Barclay for a few days last week.

In Memoriam

In loving memory of grandma Merkley aged 78 years, who departed this life August 2nd, 1919.

The golden gates were open,
A gentle voice said "Come,"
And with farewell unspoken,
She camly entered home.

Grandaughter Anna M.

Hull Ball Team Trimmed by Locals

Monday being Ottawa civic holiday, likewise that of Hull a baseball team composed entirely of young Italian players representing the club of St. Anthony's Church, Hull, drifted into town in two motor cars looking for any team that would play them a game of baseball. They found it all right, found more than they anticipated when after seven innings the score had a very lopsided appearance with ten for Chesterville to two for the visitors. The Chesterville team was not at full strength, but even at that it would have been a more even game had the juniors taken on the city visitors.

Other city teams desiring an outing can arrange a game here on a day or two notice for any Saturday afternoon, leaving Ottawa in autos noon and be ready to play at four o'clock.

Successful Picnic

Trinity Methodist Sunday School held a very enjoyable picnic in the beautiful grove of Mr. John C. Hummel on Tuesday. Following a bountiful dinner Rev. Mr. Brown, Mr. Thomas Forward, Dr. W. A. Brown and Mr. Samuel Hurley made interesting remarks. Thereafter Mr. and Mrs. W. A. Bowen, indefatigable workers in the Sunday School, were presented with an address of appreciation read by Miss Moad and an electric toaster for use in their new Kemptville home. Mr. and Mrs. Bowen replied feelingly and bespoke increased interest in the welfare of the girls and boys who then sang very heartily "For they are Jolly Good Fellows."

A baseball game followed with Cecil Harper and Haldane Durant for the winners and I. N. Harper and John Hooks for the losers as the star battery men. The other contests resulted as follows:—

50 yards running race, girls under 9—Orlean Johnston, boys under 9—William Brown, girls under 13—Aura Graham, boys under 13—Eric Allison, girls under 17—Aura Graham, boys under 17—John Hooks.

100 yards running race, free for all—Kenneth Baker (14 seconds.)

50 yards running race, married women—Mrs. Charles Graham.

Sack Race—Garnet Bogart.

Potato Race—Nina Kittle.

Bun contest—Helen Forward.

Throwing ball contest—Cecil Harper.

Three Legged Race, girls—Addie Campdeross and Aura Graham.

Three Legged Race, boys—John Hooks and Haldane Durant.

Officers and Teachers' Target contest—A. J. Forward.

Hop, Step & Jump—W. J. Cass.

Quoits—F. W. Merkley and K. Baker.

After distribution of the prizes to the above named winners the gathering dispersed feeling they had some great fun.

Canadian Bacon Best in the World

There must be some satisfaction for the Canadian farmers and packers in the news from London, that the British Food Ministry, in declaring a new controlled price for bacon, has shown recognition of the superiority of the Canadian product by ordering that Canadian Wiltshire shall sell for about 75 cents per cwt. more than bacon arriving in Great Britain from other sources. The new price of 200 shillings per cwt., however, seems hardly sufficient to cover the cost of curing and shipping, together with the price now being received by Canadian farmers for their hogs on foot. No wonder there are protests from Canada against continuance of food control in Britain for the next two years.

Already, reduced prices for live hogs are showing their effect in reduced recepits at stock yards, and so long as production costs on the farm are not materially reduced, hog raising will coutinue unpopular with the Canadian farmer unless the final prodnct can be disposed of at a price to justify the now excessive outlay for feed and labor.

In the meantime farmers might better go back to the old time method of feeding just so many hogs as they can on waste material of their farms. This will at least keep the stock up so that all hands will be ready to extend operations so soon as the word is received that export business can be accepted at a profit. High prices for grains means that hog-feeding must be considered rather as a side-line than as a main business by any farmer, or, in other words, that every feeder must expect to finish his hogs for market without having to invest heavily in feeds produced elsewhere than on his own farm. This form of procedure if well distributed throughout the country will not result in a material reduction of production from even flush times, and would, if anything result in an increase over present production of hogs.

Money and Envy

Christian Guardian.

We read the other day in a respectable and intelligent labor journal the startling statement that "it is probably almost impossible to be a mortgagee and a Christian at the same time", and it sttuck us as being one of those statements which are so often made which are as ill-considered and fallacious as they are sincere. Now, we have no brief for the mortgagee and we never owned a mortgagee, but we know a little about them, and the statement struck us as being so one-sided as to be almost humorous.

We venture to say that there are very few poor men in this country who own their homes who have not owed quite a little to the man, or the company, which loaned them the money that enabled him to get possession of that home. If it had not been for the willingness of the mortgagee to loan him money many a man would have less than he has today No doubt there are men who batten on the poor, but we are persuaded that they are in the minority. The man who has $1,000 to loan is no more apt to be a rogue than the man who wants to borrow $1,000.

It may be, in the future, when this world has been reconstructed in accordance with the most approved modern plans, that the man who has money will lend it to his brother without interest but that day is probably some distance off and the average man who, by turning over his borrowed money, can make it earn 20 to 30 per cent. does not begrudge paying 5 or 6 per cent. for the use of it. And we think it well to remember in these days, when the purchasing value of the dollar has been reduced by more than half, that the man, or woman, whose income is derived from bonds or mortgages drawing six per cent. is really getting less than three per cent. if we reckon the impaired purchasing power of the dollar.

No doubt there are still men who "devour widows' houses, and for a pretence make long prayers", and Christian sentiment can never condone such lives, but we should be careful lest in our zeal against all unrighteousness we pass sweeping condemnation which is wholly undeserved upon innocent men, whose only sin lies in their possession of a very modest amount of wealth. A man isn't wholly a devil because he is worth possibly $10,000 and the sooner we recognize it the better.

Prepairing Grains for Fall Fairs

(Experimental Farms Note.)

It pays to advertise. There is no better advertisement than to be a prize winner at the Fall Fairs and no crop on the farm can be exhibited to better advantage than the cereal crop. To attain the best results, a special plot should be maintained and kept thoroughly clean, free from weeds and all impurities. Harvesting should be done by hand, keeping the sheaves as neat and straight as possible.

First and foremost the grain in the sheaf must not be weathered, it must be perfectly dry and of good colour. The best results are obtained by the use of slightly immature straw as it will be found to be less brittle and easier to handle. The straw should be spread in thin layers in the sun to dry; the sun will bleach the straw as well as dry it. Use only straight, uniform straws to make the sheaf; two or three sheaves should be collected in the field to allow for waste.

The majority of persons have the idea that all the straws should be the same length and the heads all placed on the same level. This would give us the square head in which, when tied, the majority of the straws would break off below the head. The ideal sheaf has a rounded head with a gradual curve. This rounded head is procured by allowing the central straws to stand a little higher than the surrounding straws and each layer of heads that are added, to gradually slope away from the centre. The large sheaf may be conveniently formed by first making a number of small sheaves and then placing them together as though they were individual heads, gradually sloping them off in the same manner. To finish the sheaf a layer of individual heads should be placed around the whole producing a finished exhibition sheaf. All the loose leaves should be plucked off the outside of the sheaf with a jack-knife leaving only the white shining straws, and all heads that do not conform to the symmetry of the head may be cut off, leaving a perfect sheaf. Coloured ribbon about ½ to ¾ inches wide may be used with good effect to cover the binding strings.

The remainder of the plot should be threshed by hand. This will form the bulk sample for the Fair. If the plot was kept pure in the field there will be very little that will need to be done to the threshed sample. A good fanning mill will remove all shrunken and small kernels, all chaff and dirt. The fanning mill must be clean, many an excellent sample has been ruined by a dirty fanning mill. Thoroughness is the secret of a good sample, the fanning mill should not be spared even if it means fanning away 50% of the original sample.

The bulk sample may be double bagged for shipping to the Fair. The sheaf should be shipped in a box, 3-4 inches longer and 1-2 inches broader and deeper than the sheaf. The sheaf should be wrapped in paper and tied, fitted into the box and kept in position by supports.

With our present day standards always improving, great care must be taken in preparing the exhibits for our Fall Fairs. No prize will be won by the farmer who puts up a rough sheaf or a poor sample. The secret of success is thoroughness.

Season Starting for Barn Fires

Now that the greater part of the hay crop is stored, most of it in good barns, and thunderstorms are becoming a weekly occurrence, the question of spontaneous combustion is beginning to form a subject of discussion wherever two or three farmers are gathered together, and chances for business are good so far as the lightning-rod salesman is concerned.

So far as the main crop is concerned, the present time is too late for considering the precautions advised for voiding combustion in stored hay, but it is worth while to remember that where hay has heated very considerably and is threatening to go afire, it should never be moved unless there is a big supply of water at hand and a force of men sufficient to attend to the flames that are almost sure to break out as soon as air gets to the overheated hay.

Farmers who expect to harvest a second crop of a clover or those who are about ready to take off the very satisfactory second crop of alfalfa that is now about ready in many sections, should see to it that their crop is well cured before it is put in, even though this may mean extra work on account ot the catchy weather we are experiencing. Where all efforts to get the crop well dried before it is ruined by the weather are unavailing and the hay simply has to be put in while damp, the hay may be reasonably safe from spontaneous combustion by spreading it with salt at the rate of about ten pounds to the ton.

Mrs. Nextdoor—Has prohibition made much change in your husband?

Mrs. Snoops—Not much small change, but I found $6 in bills in his vest last night.

High Cost of Loafing

The High Cost of Living is largely another name for the high cost of squandering. Industrious and frugal people are necessarily affected by the indolence and the prodigality of the loafers and the lavish spenders. The former reduce production and the latter help to keep up the high scale of prices by encouraging charges. If the whole producing public co-operated in producing things, and the whole consuming public in same economy the price problem would not long remain to vex us.—Baltimore Sun.

WELCOME RELIEF FROM ECZEMA

Complete Treatment That Gives Gratifying Results

WASING, ONT.

"I had an attack of *Weeping Eczema* so bad that my clothes would be wet through at times.

For four months, I suffered terribly, I could get no relief *until I tried "Fruit-a-tives" and "Sootha-Salva"*.

Altogether, I have used three boxes of "Sootha-Salva" and two of "Fruit-a-tives", and am entirely well." G. W. HALL.

Both these favorite remedies are sold by dealers at 50c. a box, 6 for $2.50, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

"Fruit-a-tives" is also put up in a trial size which sells for 25c.

Kemptville Man Kills Wife and Shoots Himself

Calgary, Aug. 1.—J. G. Waterson, a well-known resident of Pincher Creek, formerly of Kemptville, where the family is well known, shot and killled his wife in the Kirkham Block, Lethbridge, Saturday afternoon, and then turned the gun on himself, committing suicide. Two children are left. Waterson had been separated from his wife for sometime. He came to Lethbridge two days ago, and found her living there. It is believed they effected a reconciliation, but on Saturday it is understood they had another falling out and Waterson pulled a gun with the above tragic result. There will be an inquest Monday. Waterson was formerly a cow-puncher in the Pincher Creek district, and latterly was in the lumber and cattle buying business.

Fought by Deer

A few days ago as two residents of Anson township were engaged one eveuing in fishing at a creek in the woods, they suddenly came upon a young fawn, which was so small they had no difficulty in catching it. Finding itself captive, it bleated lustily whereupon the mother came to the rescue and fought so pluckily that the two men, not being familiar with the rules of combat as observed by the deer, were glad to let the fawn go.—Minden Echo.

Returns Cheques for his Salary

Ottawa, August 1.—Sir Edward Kemp, new Minister without Portfolio, and formerly Minister of the Overseas forces of Canada, has written the Finance Department, returning uncashed all cheques received by him for ministerial salary during the war period. In all the cheques amouut to $25,219, covering the whole of the payments to him as Minister of Militia and later as Minister of Overseas Forces- Previous to being sworn in as Minister of Militia and subsequently as Minister of Overseas Forces, Sir Edward was without portfolio, and acted, without remuneration, as chairman of the War Purchasing Commission. In this capacity and as Minister, he had of necessity to incur expenses from time to time and was entitled to be reimbursed by the Government, but he has rendered no account for such outlays, nor will he do so. He has also refrained from drawing any of his sessional indemnity for the last four sessions of Parliament. Sir Edward's contributions under these heads, apart altogether from his large contributions to patriotic war objects, run into a considerable amount, Sir Henry Drayton, Minister of Finance, has appropriately acknowledged Sir Edward's generosity on behalf of the Government.

ROYAL YEAST CAKES

There is more energy in a pound of good bread made in the home with Royal Yeast Cakes than in a pound of meat. Bread making is a simple operation and requires no previous experience. Full instructions in Royal Yeast Bake Book, mailed free on request.

ELMA

Miss K. Cellars is visiting Miss Grace Thom at present.

Mr. and Mrs. Harry Middagh and son Bertram from the Springs called on Mr. W. Harper's Thursday evening.

Rev. Howe and family spent a few days last week at Summer School at Iroquois.

The members of "The Young People's Club" motored to Iroquois last Thursday for an outing.

Mr. and Mrs. Wesley Harper and Mr. and Mrs. Robt. Harper motored to Britts Rapids with their wool Wednesday, thence to Mrs. Robt. Harper's home at Perth returning on Thursday.

Mrs. L. Winkelman and her brother Mr. Ira Weegar (Sr.) spent a few days last week with Mrs. Crowbar of Black Creek.

The members here of the Lutheran League (at Dunbar) motored to Ottawa Monday to attend the Lutheran League picnic.

Mr. and Mrs. P. Salter and Mr. and Mrs. W. Salter and children from Kemptville visited recently at Mr. Thomas Bogart's.

A number of our young men are thinking of going to the west Monday.

Mr and Mrs. Earle Froats and daughter Gladys visited at the latter's home here Sunday.

Mrs. Moffat and children and her lady friend and children from Montreal are visiting the latter's sister, Mrs. Melvin Harper.

Presentation at Melvins

A reception for Mr. and Mrs. Chas. Flegg was held at the home of Mr. Albert Baxter on July 21st. Both Mr. and Mrs Flegg have been residents of Melvins and the large crowd which gathered to receive them showed the esteem in which they were held. Games were indulged in after which the following address was read by Miss Bessie Greer.

Dear Mr. and Mrs. Flegg;—

We your friends and neighbours, assemble here to-night to express to you the esteem in which you are held.

You, Mrs. Flegg, have never spared yourself or thought any effort too great to put into anything which was for the good of the community, especially in the Red Cross work of the past, which was done in this settlement, and although you will not be far from us we wish you to know before leaving your old home how much your efforts have been appreciated.

And you, Mr. Flegg, although not being right in our settlement, you have been exceptionally good in attending anything we have had in connection with the community.

We wish you both many years of happy wedded life and as a token of our esteem please accept this chair and table and may it always remind you of your many friends in the Melvin settlement.

Signed on behalf of your friends and neighbours.

The presentation was made by Elgin Black and Elric Lanoue, to which Mr. Flegg replied for himself and Mrs. Flegg in an appropriate manner thanking those present for their gifts of a handsome oak parlor table and rocker. A dainty lunch was served before the gathering dispersed.

The Home Paper

(Read on Newspaper Day at New York State College of Agriculture.)

I am the friend of the family, the bringer of tidings from other friends; I speak to the home in the evening light of summer's vine clad porch or the glow of winter's lamp.

I help to make this evening hour; I record the great and the small, the varied acts of the days and weeks that go to make up life.

I am for and of the home; I follow those who leave humble beginnings, whether they go to greatness or to the gutter, I take to them the thrill of old days, with wholesome messages.

I speak the language of the common man: my words are fitted to his understanding. My congregation is larger than that of any church in my town; my readers are more than those in the school. Young and old alike find in me stimulation, instruction, entertainment, inspiration, solace, comfort. I am the chronicler of birth, and love and death— the three great facts of man's existence.

I bring together buyer and seller, to the benefit of both; I am part of the market-place of the world. Into the home I carry word of the goods which feed, and shelter, and which minister to comfort, ease, health and happiness.

I am the word of the week, the history of the year, the record of my community in the archieves of state and nation.

I am the exponent of the lives of my readers.

I am the Country Weekly.

Don't Monkey with the Steering Wheel

Don't monkey with the buzz saw, was the precursor of the popular safety first warning but to bring it up-to-date it should be, don't trifle with the automobile steering wheel. A Valleyfield man who tried to shift his wind shield, and who abandoned the wheel in the process, was killed and the three other occupants were injured, when the car swerved and turned over. It was a natural development, yet it is not an uncommon sight to see drivers employing both hands to light pipes or cigarettes while the car rolls merrily along. Women drivers sometimes pat their hair or fix their hats, to add to the carelessness "In every such instance accident is invited, and perhaps death.—Montreal Gazette.

The Better Way

Never disobey Nature's warning. It's far better to forestall weakness with nourishment that protects.

Scott's Emulsion

after meals for child or adult, is a wonderful help in forestalling weakness. *Ask for Scott's.*

Waiting For The Doctor ?

When a man lies sick, waiting for the doctor, he usually does some serious thinking.

One of the things he is likely to think about on such occasions is Life Insurance. He is more apt to realize what life insurance means for his family.

But he cannot get Life Insurance at such a time. He must get it when he is well.

If you are well today, take a policy while you can. To-morrow you may be waiting for the Doctor.

For a small deposit each year The Sun Life Assurance Co. can provide the protection far your family and at the end of fifteen or twenty years return all your deposits with profits.

Information gladly furnished on request.

Death of Little Everett Pickering Aged 11 Years

The sad and tragic death of little Everett Pickering occurred at Finch on Sunday Aug. 1st, at 6.15 a.m. On Wednesday afternoon while leading a young horse to the barn at Ezra Droppo's farm, Finch, the animal kicked him in the face, fracturing the skull and base of the brain, immediately Dr. McLeod was called assisted by Dr. Gormley and after thorough examination found it was impossible for the child to recover, on Sunday morning he died.

Ltttle Everett was a son of the late John Pickering of Wisconsin, and came here after his father's death to make his home with his relatives, he lived with Mr. and Mrs. Ezra Droppo, Finch, who were his foster parents. Their grief is truly heartrending as their love for the bright little Everett was very sincere and to them the sympathy of the community is extended, also to his mother, Mrs. Hess of Lone Butte, Alta., and his sister Corinne in Wisconsin and brother Grant of Chesterville, also his aged grandmother Mrs. Pickering.

The funeral was largely attended at Finch Methodist Church on Monday, where Rev. Mr. Leach delivered an eloquent and appropriate sermon. The body was interred in the cemetery at Finch the pall-bearers being his six school mates. The floral offerings were many expressing the sympathy of the community.

Mrs. Chester Merkley and Mrs. Dan Fawcett of Chesterville, aunts of the deceased assisted Mrs. Droppo in nursing little Everett and tried to relieve his suffering in every possible way.

When Everett died
On every side,
The angels came in shining bands,
And led him o'er,
To that bright shore,
Where Christ the Shepherd stands.
