How about the reorganization of the baseball club. Three vacancies hard to fill on the team have occurred since last season, but if rumors are true the material is on hand to have them satisfactorily filled.

Burglars Captured at Finch

Last night burglars entered McMillan's butcher shop and a general store at Finch and made quite a haul but did not get very far away with their plunder. Soon as the thefts were discovered a posse was formed which followed clues left by the thieves who were tracked to a woods north of the village where they were hiding, rounded up and landed in the lockup.

Member for Dundas Mentioned For Hydro Commission

In the Legislature on Tuesday H. H. Dewart K. C., asked the Premier if the report that the latter would have himself appointed to the Hydro-Electric Commission had any foundation, to which Mr. Drury replied that it had not. Neither did he confirm the report which Hon. Mr. Ferguson said was common talk, that the member for Dundas, Mr. W. H. Casselman, was likely to receive the appointment.

McLaren—Hutchinson

At the Hintonburg parsonage, Fairmount Ave Ottawa, on Wednesday Mar. 30th 1921, the marriage took place of Bessie Mayford, only daughter of Mr. and Mrs. Benson Hutchinson, of Morewood, to Peter W. McLaren, son of Mr. and Mrs. John McLaren of Russell. The ceremony was performed at high noon, by Rev. J. Howard Philp, D. D. The bride wore a gown of taupe georgette crepe and satin, with hat to match. Miss Jean Dillabough, Morewood, attended the bride and Mr. Alex. Scott, Winchester, acted as best man.

The young couple are well known and very popular. The wish for a long, happy and prosperous life is extended by their many friends.

News Boy Arrested for Selling Booze

Chesterville was given a little more unenviable notoriety in the bootlegging business on Friday afternoon when Provincial officer Frank Stick stepped up to the newsagent on the afternoon Toronto train and invited him to accompany the officer to Cornwall. The newsie made some little show to brazen the matter out but wilted when given a full view of the official badge and was taken to Cornwall and lodged in the cells on a charge of selling liquor. He received his trial on Saturday before Police Magistrate Cline, when the only witness produced for the prosecution was William McNeill, bus driver for the McCloskey House, who swore that he had bought three bottles of rye whiskey from Bornstein on Thursday, having gone aboard the train to get them, the price paid being $4 per bottle. He also said he had bought one bottle at the same price two weeks previously. The magistrate gave Bornstein an opportunity of asking the witness questions, and the accused replied—"No, he has said enough." The magistrate found Bornstein guilty and sentenced him to one month in jail at hard labor, and to pay a fine of $350, with alternative of five more months if the the fine could not be paid.

Horticultural Meeting

A public meeting of the Chesterville Horticultural Society will be held in the Town Hall, Apr. 16th at 7.30 p.m., when Mr. Harrop, who attended the convention of the Ontario Horticultural Society held in Toronto a few weeks ago, will give a synopsis of some very interesting and instructive talks which were given at the convention on planting and culture of roses and other shrubs, also vegetable gardens. Every member and every person who takes any pride in having nice grounds or gardens should attend.

Fine Irish Play by Wolfe Island Amateurs

The Music Hall Tuesday evening was the scene of a most successful play when 'Kathleen Mavourneen' was staged under the auspices of St. Mary's Church by the dramatic club of the Sacred Heart Church, Wolfe Island, composed entirely of amateur material. The play was a most successful attempt and showed that those who took part were possessed of more than ordinary ability and talent.

The hall was well filled for the occasion, and the play, which was in four acts, could not have been improved upon. Mrs. Grace Shields as "Kathleen O'Connor," took her part in a charming mammer, while the other principals ably fulfilled their parts. As "Dorothy Kavanage," Miss Katherine Brown was charming, while Miss Ruby Larush fiilled her role well as "Kitty O'Leary." Howard Murphy, Robert J. White, Herman Staley, Morey Spoor, Lester Shiels, George Murphy and Raymond Connolly, completed a well-rounded out cast, and their efforts met with increasing applause.

Between the acts several splendid specialties were given. Miss Marion Staley sang "That Old Irish Mother of Mine," in excellent voice, while Miss Grace Shields favored with "Macushla" and "Pretty Kitty Kelly."

Mr. Lester Shields and little Miss Jean Flynn rendered a most charming number in the "Swing Song" and were so enthusiastically received that Lester was obliged to return and give more display of his wit and humor by singing that old time comedy "That hat my father wore" for which he received repeated applause.

During the performance the Chesterville Orchestra played many pleasing selections suitable to the occasion. Mr. Morey Spoor, on behalf of Fr. Fleming and the dramatic club, addressed the audience in a few well-chosen words, expressing his warm appreciation to Fr. Staley and the Committee in charge, for the great kindness and hospitality extended to the troup upon their arrival and during their stay here. On the whole the performance was a great success and we wish to congratulate the Wolfe Island talent for the able manner in which they gave such a good treat and pleasant evening's entertainment.

Bootleggers and Whiskey Smugglers are Disgracing Canada

On April 18 Abolish Importation by voting YES

Since January 1, 1920, thousands and thousands of gallons of Whiskey, Gin, Brandy and High Wines have been shipped into Ontario.

Express shipments alone for a long period averaged *four to six cars per day*, and have run as high as eight!

Four car loads a day means at least 19,200 quarts daily, or over 5,000,000 quarts per year. And yet the people of Ontario voted to make prohibition the permanent law!

This imported "Booze" is the stuff which enables the "Bootlegger" to carry on his illegal trade, and allows "Rum Runners" and "Whiskey Smugglers" to disgrace Canada.

Officers of the law are set at defiance.

Read what the Chairman of the Board of License Commissioners says himself.

Importation Makes Law Enforcement Difficult

"After an experience in the administration of the Ontario Temperance Act covering the period from its first coming into force in September, 1916, I am in a position to state that importation is seriously hampering its effectiveness. The War Measures Act was repealed in January 1920, and the Dominion Orders-in-Council under the Act were rescinded. Heavy shipments of liquor into the province began at once. The number of cases of breach of the Ontario Temperance Act have increased in even greater proportion."—From a Statement by the Chairman of Board of License Commissioners for Ontario.

Shall the importation and the bringing of intoxicating liquors into the Province be forbidden? **NO**

Shall the importation and the bringing of intoxicating liquors into the Province be forbidden? **YES X**

VOTE—and vote "YES"

SAVED FROM LIFELONG MISERY

And a Dangerous Operation, by Taking "FRUIT-A-TIVES"

MRS. M. J. GORSE

3928 Union St., Vancouver, B.C.

"I suffered with all the symptoms of Female Trouble, with chronic Constipation and constant Headaches. *I had pains low down in the back and sides of the body.* I tried various remedies without relief, and then put myself under a doctor's care and he advised me to have an operation. I refused.

Then, I started taking 'Fruit-a-tives'; and from the outset, I felt better, and *this medicine has completely relieved* me of all my misery and suffering. My weight was only 143 pounds and now it is 168 pounds. *I am free of pain* and headaches and the terrible Constipation; and what saved me from misery is the splendid fruit medicine, 'Fruit-a-tives'."

Ogdensburg Man Shot Himself at Morrisburg

Daniel Donahue, aged 27, son of R. J. Donahue, president of the National Bank, Ogdensburg, N.Y., shot himself Sunday morning in a room of the St. Lawrence Hotel at Morrisburg. The bullet entered his body just above the heart. His father and brother were sent for and were at the young man's bedside when he died a few hours after the affair had taken place. Donahue came to Morrisburg on Tuesday with the Ogdensburg orchestra to attend a dance and had been about town during the week. He was awakened by the hotel clerk and told that his father had telephoned to have him come home at once. Shortly after the delivery of the message a revolver shot was heard. The remains were taken to Ogdensburg for interment.

Weagant—Weegar

The home of Mr. and Mrs. Darwin T. Weegar, Hoasic, Ont., was the scene of a happy event on Wednesday, March 23rd, at high noon, when their only daughter Lillian N. was united in marriage to George S. only son of Mr. and the late Mrs. Alex W. Weagant of Archer. The ceremony was performed by Rev. Mr. Howe of Elma, in the presence of a few immediate relatives and friends.

The bride who was given away by her father wore a gown of ivory duchess satin with silver and pearl trimmings and wore the gift of the groom, a sunburst of pearls. The young couple were unattended. The register being witnessed by Miss Katy Brunton and Mr. Lloyd Wells of Hoasic and the Wedding March played by the groom's sister, Mrs. Fred C. Gallinger of Gallingertown. After the ceremony the guests repaired to the dining-room, where dinner was served after which the happy couple left on the 4.09 train from Aultsville, amid showers of confetti and rice and the best wishes of a host of friends for Montreal and intermediate joints.

The presents received by the bride were numerous and costly including silverware, cut glass, cheques etc.

Winchester Township Council

Winchester Township Council held their April meeting in the Town Hall, Chesterville, on Monday April 4th. Members all being present.

It was decided that the Reeve and Warden of the counties should go to Toronto to interview the Minister of Highways, concerning the adoption of the County Bylaw correcting the description of Road No. 8.

It was ordered that those parties at present having any of the Township road drags in their possession, deliver the same at any of the following places—Ed. Gillard's, Wm. Hamilton's, Frank Fraser's, Herman Summers'. R. S. McVey's, or S. O. Kendrick's, so that those wishing to use them may know where to procure same.

Granted $3500.00 to be expended in each quarter of the Township for roads maintainance.

Paid accounts as follows—

Geo. Elliott—Register births, marriages and deaths	$23 00
Earl Baker, statute labor	19 50

Lowe Brothers

This paint film is less than 1\100 of an inch thick. What does that mean to you?

When you stop to realize that a two-coat film of paint is less than 1-100 of an inch in thickness, and that this thin film stands between your house and the weather, you can see the vitalness of buying the right kind of paint.

Lowe Brothers High Standard Paint forms a tougher film than any other paint we know of. It is elastic. It will not crack with the weather's changes. It is both weatherproof and waterproof.

It costs a little more than most paints, but it always covers more surface, therefore less paint is required and you actually save money at the very start. This fact, coupled with its long lastingness, makes it really an investment paint.

If you want to prevent future trouble, come in and talk over your paint problems with us.

One Wheel Not Missed

In this era of good roads building much is heard of the condition of many roads not designated as coming within the activities of the powers that be, but if anyone can put up a better plea for attention to any road than that of a party proceeding north Saturday night it should be dealt with immediately. Saturday as a farmer was on his way home he became almost engulfed in the mud which his good horse luckily was able to pull him out of, but so hard was the going that he had proceeded three-quarters of a mile before he was aware that he had been getting along about as well with three wheels to his rig as with the usual number, the fourth not having been missed.

For the Summer Season

Pembroke merchants will give up the Wednesday half holiday for this year and instead will close every evening at five o'clock during the months of June, July and August. Of the many holiday schemes and daylight saving plans brought forth recently this looks about the best, especially in towns like Chesterville serving dairy districts, when the hour of least business in the stores is from five to six o'clock. This plan of daylight saving should be welcomed in most places as ordinary hours would not be interferred with in the morning, nor would train schedules interfere with local conditions.

Here is a chance for the members of the Retail Merchants Association in town to get busy and institute a little reform that would be welcomed by every citizen once it was fairly under way, with the starting time the first day of May.

The Judges Stand Overturned

The time looks opportune for the making of what would prove a very popular change in arrangement at the driving park as regards the baseball playing field. The wind has blown over the judges' stand which was directly opposite the centre of the grand stand making it necessary to lay out the baseball diamond in such a manner that the use of the grand stand could not be made by spectators when watching a game of ball. In fixing up the judges' stand it might be made so, when not required for races, that it could be moved on rollers or wheels about sixty or seventy feet to the north leaving a clear view of the playing field from the stand with the home plate where the judges' stand has stood. With a catcher's cage between the plate and the edge of the track it would be safe for players and for the working of horses on the track during the evening practice hours.

Presented with Club Bags

Last week prior to the departure of Mr. Heber Hooks, superintendent of the Maple Leaf Condensery, for Oneonta, N. Y., aud his assistant Mr. R. J. Sharkey for Middleville, N. Y. they were waited on by the employees of the Condensery and presented each with a handsome club bag, preceeded by an appreciative address by Mr. Pat. Flynn on behalf of the employees, whose regret he expressed at the severance of the pleasant relations that had existed between the managers of the condensery and the employees. Mr. Hooks replied for himself and Mr. Sharkey thanking the givers for their thoughtfulness which was entirely unexpected and on that account would be treasured beyond his power of expression. His time spent in Chesterville as head of the Maple Leaf Condensery would always be retained in his mind among the most pleasant years of his life, and he hoped to be spared to renew acquaintance many times in the years to come with the employees who had loyally served the company under his directions.

Before the assemblying of the employees at the condensery, the Citizens Band took advantage of the opportunity and serenaded Mr. Hooks at his home, the latter having been president of the band.

Mr. Hooks has gone to take up his new position at Oneonta where Mrs. Hooks and the other members of the family will join him in the course of a week or so.

In Memoriam

Empey—In loving memory of my dear mother, Mrs. Daniel J. Empey of Crysler, who departed this life April 2nd, 1919.

Days of sadness oft come o'er me,
Tears in silence often flow
For memory keeps you ever near me,
Though you died two years ago.

Time may heal a broken heart,
Time may make the wound less sore;
But it cannot still the longing,
For the loved one gone belore.

Thanks--

OUR big fire of a week ago called for quick action. With the aid of some of our very good and charitable competitors we were enabled to make our deliveries as usual. Due to the hurry in baking, some of the bread we have given out this past week has not been up to the usual Slinn Quality. We are sorry for it but under the circumstances we did the best we could.

Next week we hope to again be using our own ovens and to return to our former standard of quality.

The purpose of this advertisement is to acknowledge the deep appreciation we feel for the very, very kind consideration shown to us by our patrons and customers who have so nobly accepted the sacrifice in quality.

Grenville Holstein Breeders

At a meeting of the members of the Grenville Holstein Breeders' Club, held in the Agricultural Office, Kemptville, on Saturday April 2nd, it was decided to hold their next spring Consignment Sale on the first Wednesday in March 1922. It was also decided at this meeting that a more strict inspection of cattle allowed in the sale should be made, as it is felt that for the good of the Club and the individual members of the Club it will be far better to have a small sale of really good animals than a large sale in which some inferior cattle are allowed. It was, therefore, decided that the services of a well qualified outside man be secured to inspect and cull, if necessary, all cattle offered for the next sale.

Phyllis: "We had a contest to decide the prettiest girl at our evening class of fifty girls." Mabel: "How did it turn out?" "One girl got two votes."

Drag the Earth Roads.

In Ontario there are 3,688 miles of road under the county improvement system, 2,718 miles of improved stone roads, 18,465 improved gravel roads, and 19,871 miles of graded earth roads. Other roads are not classified. Out of the 50,000 miles, a proximately, of well used roads in the Province, more than a third are merely earth surfaced, and graded. At present, as the frost is coming out of the ground, the time is opportune for grading these roads again. If no better means is at hand, the practice of dragging them, to level down the bumps, and to fill up the hollows, will give good results. Ontario should have road-dragging in full swing in every county, as only by this method can the earth roads be kept tolerably free from pitch-holes as they dry out. The Saskatchewan Highways Department has to deal with a relatively more extensive mileage of earth roads than Ontario, and it has found a road dragging competition very serviceable. This competition starts on June 1, and ends on September 30, and cash prizes are awarded. The various stretches of road entered are inspected once a month, and at the end of the period, a general survey is made to ascertain the best road of the lot. Last year 154 entries were made, with a total mileage of 521. The influence of this competition is felt over the whole Province, because it proves how effectively dragging can keep earth roads in tolerably good condition. Many of the Saskatchewan roads are of clay, and are difficult to keep level. Every county in Ontario has long mileages of earth roads that could be vastly improved by dragging, and the Ontario Highways Department should consider whether it could not stimulate the practice by proper organization.

Information on Referendum Vote

In connection with the voting on the referendum on April 18th next, it is well for all to be posted on the law. The following is a digest by Alexander Smith of Ottawa, a recognized authority on election law:

For the purpose of the voting on the Canada Temperance Act, commonly known as the Scott Act, in the province of Ontario on the 18th day of April, the Dominion Elections Act of 1920 will apply except insofar as such act has been amended by an act passed on March 3, 1921.

This latter act provides that the voters' lists to be used shall be the lists used in the provincial general election, 1919. In rural parts any person qualified to vote whose name is not on that provincial voters' list for 1919 may, upon being sworn, and upon a neighbor being sworn on his behalf, record his vote on election day. There is no revision or change in the rural list previous to voting day. Other changes as are here specified for in the urban portions of the province the provincial lists of 1919 will be revised.

The act defines an urban polling division to be one which is wholly or partially contained within the places having a population of more than one thousand persons, and which places under the provincial law are cities, towns or incorporated villages.

In these cities, towns and villages the provincial lists of 1919 are subject to revision before the county judge.

If no objection is taken to the names that are on, the names remain on. If an objection is made and the objection is established the name is struck off. Persons whose names are not on the provincial lists of 1919 may make application to be put on, and if successful their names are placed on the list. They may apply at any sittings of the revising officer, and after viva voce examination their applications will be decided upon. They may apply without previous notice.

For Scott Act purposes there will be no registrars or enumerations as provided in the general act, but in cities, towns and villages due notice by public advertisement and proclamation will be given to the sittings of the revising officer.

For the purpose of the Temperance Act vote in April a British subject, 21 years of age, who has resided in Canada for 12 months before the 1st of February, 1921, is entitled to vote.

A person whose name is on the voters' list may vote even although he is not a British subject or 21 years of age or resident in the province. If he is not on the voters' list and applies to be allowed to vote in the rural municipalities he will have to swear that he is 21 years of age, a British subject and has been a resident of Canada for 12 months and of the province of Ontario for two months.

Similar conditions apply to persons who are not on the voters' list in cities, towns and villages, and who desire to get on, but a person cannot vote in a city, town or village unless his name is on the list before election day. If on the list he can vote even although he is not of age, or a British subject or a resident of the province or of Canada.

Dairy Farmers Do Big Business

Another indiction that farmers are capable of running big business enterprises successfully was furnished at the first annual meeting of United Dairymen Co-operative, Limited, held in Peterporo, March 31st. This is the cooperative company which was launched a year ago among the dairy farmers of Ontario and which last year undertook the sale of Government graded cheese and butter by public auction in Montreal. The reports presented at the meeting showed that in six months last season the company had sold $1,013,700 of dairy products. The auditors statement showed that substantial profits had been earned. Out of these the directors declared a dividend of 8% on the paid up stock of the company as of November 30th, 1920. Out of the surplus profits 20% of the organization expenses of the company were written off. There was still a balance, which was set aside to reserve.

In order to strengthen the company in the Eastern counties of Ontario which last year were not represented on the board two new directors were added. The new board is as follows—President, R.W. Ireland of Wellington, Ont., Vice-president, Hugh Moloney of Marmora, Sec-treasurer, H. B. Cowan of Peterboro, Directors—John McCaffery of Madoc, J. E. Galvin of Lakefield, W. H. Crough of Ennismore, J. J. Morrison of Toronto, Newton Brownlee of North Gower, and a director for Glengarry county who is to be nominated by the shareholders of the company in that county.

At the first sale of the company held June 4th, 1920, only 13 factories were represented. The number of factories consigning to the cooperative sales increased steadily during the season until 50 factories were selling cooperatively in the fall. It is expected that about 100 factories will be represented at the first sale of the company which will be held early in May this year, and that numerous other factories will consign to the cooperative sales as the season advances. This year it is expected that the sale will exceed $4,000,000.

Circumstantial Evidence

"Please, ma'am, father's sent me round to say that your dog Towzer's killed three of his prize Cochin-Chinas this afternoon," announced an apple-faced youth to the elderly maiden lady.

The lady held up her hand in horror. "Towzer," she said, "couldn't do such a thing. Go and tell your father that he must have made a mistake.

"But father saw him with one of the chickens in his mouth, ma'am."

"Tell your father circumstantial evidence has led many a wiser man astray," sniffed the lady. "Run away and do as I tell you, now."

When the boy returned, three minutes later, he struggled with an ear-to-ear smile.

"Father's compliments, ma'am, and p'r'aps you're right," he said. "He says I'm to tell you that circumstantial evidence would point to the fact that he shot your dog half an hour ago, but on goin' into the matter he reckons as how you'd find the poor thing died o' nervous prostration.

Death of James Steel

Mr. James Steele, son of the late Wm. Steel, died at the home of his son-in-law, Mr. D. Casey, Berwick, Monday evening March 21st, after an illness of two years, in his 61st year. He leaves his wife, four sons, William of Northfield; John, Clifford and Donald, at home; five daughters, Mrs. H. Mullen, Miss Mary Steel, Montreal; Mrs, John McElheran, Roxborough; Mrs. D. Casey, Berwick; Miss Maranda, at home; his mother, who is in her 84th year; three brothers, David and Henry, of Roxborough; William of Winchester Springs; five sisters, Mrs. Webb, Mrs. Casselman, Winchester Springs; Mrs. Staples, Boston, Mass; Mrs. Murphy, Montreal; Mrs. Salter, Roxborough. The funeral was held on Thursday afternoon in St. Luke Presbyterian Church, Finch Village. The service was conducted by Rev. R. J. Wilson, M. A. B. D. The pall-bearers were Messrs. James Rombough, William Steele, John McElheran, David Steel, D. H. D. McMillan, and Henry Steel. The casket was covered with flowers from the family and other friends. The remains were placed in the vault in the cemetery South of Avonmore.

Mr, and Mrs. Walter Hummel Honored

A reception was held in honor of Mr. and Mrs. Walter Hummel on Friday evening, March 25th, at the home of Mr. and Mrs. Farran Beckstead, Melvins. A very enjoyable evening was spent. After music and games the following address was read.

Melvins, Mar. 25th, 1921

Dear Mr. and Mrs. Hummel -

We, your friends and neighbors, assemble here to-night to congratulate you on your recent marriage, and to try to express to Mrs. Hummel our regret at her departure from our midst. You were always ready and willing to aid in anything undertaken by the young people of the settlement.

We shall miss your genial presence and we extend to you both our best wishes for your future happiness. We trust that you will not forget us and will often visit your old friends here.

We ask you to accept this table and chair in remembrance of the people of the Melvin Settlement.

Signed on behalf—Sherman Christie. Charlie Flegg.

Mr. Hummel thanked them very much for their kindness and asked them to come and visit him and Mrs. Hummel.

Lunch was then served and the assembly broke up after twelve, again wishing Mr. and Mrs. Hummel future happiness.

A Hugger on the Train.

The Carleton Place to Brockville express ran into a cyclonic period one day recently which convulsed the passengers in alarm. A young lady from Pembroke was sitting down looking out of the window. A young man of dapper dress and inclined towards the Adonis pattern of face suddenly swung in on her from the aisle, threw his arms around her and implanted a kiss on her cheeks which dominated the roar of the wheels. The people thought it was the lawful greeting of a husband and wife, or brother and sister, till the lady screamed and became hysterical. The scream loaded the gay fellow with terror and he shot out and off, but the conductor pinioned him, and the next day in the Magistrate's Court at Smiths Falls, he was fined $60.00 and costs. It was said the young man had ruptured his mental integument and that his manner was of the osculatory order.

Many Cattle Destroyed

Mountain Herald—Messrs Wm. Christie and Harve Johnston, who about one year ago moved to Bloomville, N. Y., and purchased a complete dairying outfit had 67 head of Registered Jerseys condemned, and ordered destroyed by a Government Inspector. We are indeed sorry to learn this as it will mean a great loss to Mr. Christie and Mr. Johnston although we understand the U. S. Government pay a certain percentage of the loss. Tuberculosis was the disease.

A Woman Pays Visit to Ontario Legislature

By Ida L. Webster

There must be at least two hundred of our readers who have neglected to go to the Parliament buildings in Toronto to watch the farmers versus the capitalists (?) conducting the affairs of the province. So for the benefit of the aforementioned brave 200 we'll tell you how the bouts strike us.

The preliminary lightweight "round" usually goes for a complete knockout to the strangers. It takes the form of the worthy and patriarchal sergeant-at-arms entering the chamber carrying over his left shoulder a massive looking gold-plated mace. Around his waist he has some sort of a contrapatton, which in turn lets loose the longest sword we ever saw. This beautiful and impressive looking weapon dangles jauntily about his heels. giving the onlooker a sure feeling that at the very next step it will get in between his feet and and topple him over, causing nothing less than the breaking of his neck.

Next in line comes the Speaker of the house, dolled up in a trailing gown, which has a beautiful tear in the tail of it, and which sweeps dustily over the floor. Atop his head he wears a three cornered hat. The day we were there it had slid over one ear, lending a more or less jaunty effect to the tableaux.

By the time Mr. Parliament gets perched up on his throne at least a quarter of the members are in their places. All rise while he says a prayer. We are not able to tell you what he says in the prayer, because for one thing he speaks his piece rather quickly and not very loud, probably using the "soft pedal" in order not to disturb the reporters, who are usually in the throes of an argument by that time.

Well, after the prayer and the shuffle of getting back into seats, in fact we might say before we could get comfortably 'setting' again, up popped a wild-eyed member of the Opposition, who began a long tirade about an article which had appeared in one of the papers, and which did not quite appeal to him. Heavens, it's a corker how these public servants love to chatter. Imagine a little thing like that getting two or three dozen able-bodied men in an uproar. However, before the day was over we discovered that newspaper criticism plays a large part in the government of Ontario.

Hartley Dewart, K. C., got into a couple of clinches with the prime minister, and also took a few short rib jabs at the attorney-general, which seemed to rather upset the little fellow, because he floundered around and was finally helped out by his worthy and clever leader.

G. Howard Ferguson kept the Government on the hop, or rather he kept nagging at the Hon. W. E. Raney, which really meant that he was whacking the premier, because that gentleman was apparently the only one able to make suitable and "placing" replies.

Hon. Walter Rollo has several odd things to learn about parliamentry procedure, as also has the Hon. Pete Smith.

As for the business of the province, it will no doubt eventually be completed, but the time is not yet at hand, and if Mr. Drury wants some good advice, "free gratis for nothing," we don't mind telling him that before another session dawns he wants to can a few of the birds in his cabinet, and also get the whip of his party on the job.

To be Excused

At a certain club some members were talking about motor-cars. One of them made the remark that he could tell any make at a glance. Another member, seeking to go one better, expressed his willingness to bet that he could give the name of any car whilst he was blindfolded. He would judge solely by the starting of the engine. The bet was soon taken, and the party adjourned to a nearby garage. Many different makes were started, and the blind-folded member named them correctly every time. During a pause, a workman, at the top of a long ladder, knocked over a large tin box of nails. As it reached the ground, there was a terrible clatter. Then the blind folded man made a blunder. "You have just started up a Ford car," he proclaimed.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constant failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the system. One Hundred Dollars reward is offered forany case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

I Must Pay My Debts Before Taking out Life Insurance.

—YOU SAY

But are you certain you will live to pay your debts? Who will pay them if your summons comes before they are wiped out—your widow. She may have enough trouble making a living without struggling with the burden of your debts.

Because you are in debt you should have a "Sun Life Home Protection Policy", then should you die the claims of your creditors will be provided for and so will your family.

While you are in good health is the time to get the policy under way.

More Power—With Less Cost

MANY people wrongly entertain the belief that they must enter the realm of high priced cars to secure a car with power and stamina to meet their requirement. This is doubtless because they have not yet carefully looked into the merits of the

Briscoe
Leader of Light Weight Cars

Consider the ease with which this car takes the steepest hills "on high," and the enormous speed it will develop on the highway. Surely this is proof of more reserve power than the average motorist ever asks of his car.

Notice how the Briscoe throttles down to a crawl in crowded traffic, how quickly it picks up on the get-away.

Briscoe's appearance is strikingly beautiful. Its graceful body lines are accentuated by the new feature "The Tilted Radiator."

After proving Briscoe's "More Power" claim to your satisfaction, get the facts about *Briscoe Economy*. Its remarkably low gasoline consumption and great tire mileage are the result of elimination of all superfluous weight.

It is rightly known as "Leader of Light Weight Cars."
