Local Hunters Off On Annual Jaunt

The deer hunting season opened on Monday and many Winchester hunters were among those who travelled to heavily-wooded sections of the province to get their quota of the elusive deer. Prior to their departure, local sportsmen were busily engaged oiling and cleaning up their trusty rifles, and overhauling other equipment preparatory to taking their annual jaunt into the hinterland.

For most of Ontario, the season opened on the 4th of November, and will remain open for two weeks. There is no open season in the counties of Leeds, Grenville, Dundas, Stormont and Glengarry. The resident license fee is $4, and it is unlawful for any person to hunt deer without a license.

As the Winchester Hunt Club has not been organized for years, local hunters have become affiliated with neighboring clubs. Messrs. Harold Lannin and Doug MacLean are members of the Morrisburg Hunt Club. Their camp is at Pudd Tooley Lodge, Plevina, Ont., located at the north end of Frontenac County. Other members of the Club are Messrs. Charles Marcellus, Chas. Stubbs and Ben Carr, of Morrisburg; Allan Fader, of Wales, and Willis Sheets, of Farran's Point. Mr. Ken. Ault, also a local member, is expected to join the party at the end of the week.

Messrs. Myron Davidson and Harold Keyes will take in the annual hunt with the Kenmore Club, other members of which are Messrs. Fraser Bolton, Walter Whitteker and Ed. Whitteker, of Winchester Springs; Bob Little, Ray McNabb, Dan Dewar, Ed. Kinkaide and Ed. Wilson, of the Kenmore district. This Club's hunting grounds are at Black Donald Mines, also in the north forests of Frontenac county.

Brockville Magistrate Pays Tribute to John McCormick, Now Retired

Magistrate George A. Wright said at Brockville, on Monday, that he felt impelled to make some comment on the retirement of Mr. John McCormick, of Winchester, as junior magistrate of district No. 11. "In my mind," said Mr. Wright, "he has always been the senior magistrate. He is much senior in years and in experience. It was probably only the fact of location that placed him in the secondary position. In our associations administering the law of this district, I have learned to admire and respect Mr. McCormick's fine characteristics of good judgment, fairness and kindliness. His work was marked by ability and a fine sense of justice. We regret his retirement, we regret that ill health has compelled his resignation. I join with his many, many friends in wishing John McCormick a renewal of health and continued happiness."

Stores Will Not Close On Remembrance Day

Although Monday, November 11th, is Remembrance Day, it will not be observed as a holiday in Winchester. The stores and other business places will remain open as usual. The schools, banks and post-office will, however, observe the day as a National Holiday, the same as in former years. Two minutes silence will be observed at 11 a.m. in most business places and homes, but aside from that there will be no Remembrance Day ceremonies in Winchester. Remembrance Day Services are usually held in local churches on the Sunday previous.

Names and Addresses of Soldiers Wanted

The local 100 Club is anxious to receive the names and addresses of all Winchester and district boys who have enlisted for active service, so that a box of Christmas Cheer may be sent to each. The Club does not want to overlook any of the boys, and requests the co-operation of relatives and friends in supplying a complete list of all boys in the army. The Press is anxious to assist the 100 Club, and we make a special appeal to all readers of this paper to send us the names and addresses of any boys in Winchester, Inkerman, Mountain Township, Winchester Springs, Ormond, Harmony, Maple Ridge or adjoining communities, now on active service.

There is no time to lose, if the boys are to receive their boxes in time for Christmas, so phone or send the names requested to the Press Office at once. Your co-operation in this matter will be greatly appreciated.

WINCHESTER BOYS HIT UNUSUAL RECORD. UNBEATEN AND UNTIED FOR TWO SEASONS

According to the superstition that the number thirteen is unlucky, the W. H. S. football squad should have lost their thirteenth game, but such was not the case, since it was won by the biggest margin of the season, with the score 37-0. For two seasons the boys have scored just as favourably, and we believe this to be unequalled in six-man football for Ontario.

This honour has not, however, gone to the boy's heads; for they still do not expect to play in the Rose Bowl or even take on the Rough Riders, but you will see from the following description that the time is not remote when they will put Winchester on the map for six-man football:

Gerald McKendry—Age 16, weight 155 lbs. Gerry, captain and halfback, was the fastest man on the team and the force that held the boys together when they got into tight places. His playing was marked by his sensational broken-field running. He is a regular attender of practice and a good fellow generally.

Lyle Armstrong—Age 16, weight 130 lbs. Lyle played end, but was equally at home in the backfield. He did a good job of filling in Boyd's shoes during his absence. Besides, he was a deadly tackler.

Lee McIntosh—Age 15, weight 150 lbs. This redhead, playing end, was particularly effective in breaking through the opposing lines. This was his first year and he should be a power-house on the 1941 aggregation.

Frank Kellogg—Age 15, Weight 135 lbs. Snapback, "Kelly" could hit a belt buckle at fifteen yards. He developed into the best pass-receiver of the team. Frank is a sixty-minute man, who has never missed a game this year.

James Levere—Age 15, weight 150 lbs. Jim, playing end, often helped to hold the line stoutly against heavier opponents. His fine blocking was famous. Jim should be a strong support next year, too.

Kendon Boyd—Age 17, weight 155 lbs. Ken, noted for his open-field running, extricated the team from many a tight spot. As backfield, Ken. more than held up his end of the game. Much of the success of the W. H. S. rugby team was due to his efforts.

Stirling Dawley—Age 17, weight 132 lbs. As quarterback, Stirling did his share of kicking, as well as call the signals. His mighty toe accounted for many Winchester points. He is the deadliest tackler on the team and that means in three counties.

Maynard Hill—Age 16, weight 145 lbs. Maynard played his first year as end. He made his presence felt, letting his opponents know that Winchester had hard-hitting ends. He should be in great form next year.

James Spinks—Age 17, weight 140 lbs. A determined, hard-charging end is James Spinks. He played his usual rugged game to open up cavern-like holes for purple and gold players. His graduation will leave a gap that will be hard to fill.

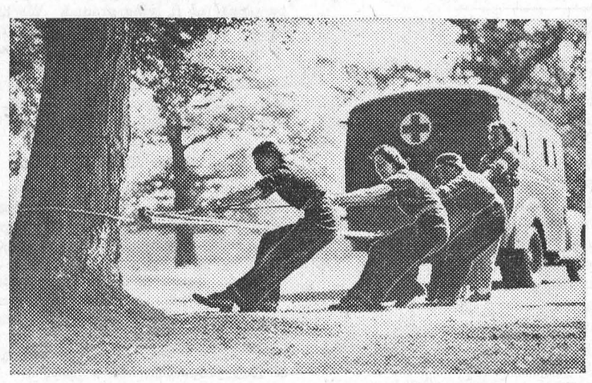
Ambulance Girls Train For Empire Service



A long pull and a strong pull by girls of the Women's Mechanized Transport Corps in Britain, members of a party of 58, training for Ambulance duties in a camp at Kenya. Canadian girls are undergoing similar training in Toronto.

Ormond Girl Joins Red Cross Transport Division

As far as the Press can learn, Mrs. J. C. McConnell, daughter of Mr. and Mrs. J. Cumming, Ormond, is the first young lady from this district to join up with any branch of Canada's War Service forces: Mrs. McConnell, whose husband is a member of the R.C.A.F. in England, joined the Red Cross Transport Service a few weeks ago and is in training at Toronto. To give our readers some idea of the training these young women receive, we quote the following item from a Toronto paper:

Transport Drivers Increase

"Undaunted by chilly winds, members of A. Co. of the Red Cross Transport Service went off on their route march under their own officers for the first time. Hitherto the women drivers have been doing the daily five-mile march with a Sergeant Instructor from Military District No. 2 in charge. While the khaki-uniformed women were stepping smartly along the highway, a newly formed Company of the Transport Service took its first drill instruction at Fort York Armouries headquarters of the Toronto Scottish. Announcement of the formation of B. Co. was made yesterday by Mrs. F. W. Arnoldi, Toronto Commandent. Members of A. Co. have been working regularly 5 hours a day five and six days a week, the Commandent said. They have been on duty on trucks and ambulances, in the orderly room and the mail wagon. Then, of course, the daily march and drill, as well as lectures, take up a great deal of their time. The commandant emphasized that the Transport Service in Toronto was working directly from instructors from Military District No. 2.

Promotions in A. Co. were reported by Commandant Arnoldi: Sergeants Gwenneth Myers and Nina Elmsley have received the rank of 2nd Lieutenant, each in charge of a Platoon; Miss Katherine Christie and Miss Patricia McParland have been made Sergeants; Serg't. Margaret Carlson and Corporal Diana Green have been loaned from A Company to the newly-formed companies, for training purposes.

The fifty members of A Company have been taking an intensive course of study, Commandant Arnoldi said. It has been hard work, but the girls are applying themselves. There was a great demand for the formation of a second company. All members of the Transport Service serve without pay."

MARRIED

At the Wesleyan Methodist Parsonage, Winchester, on Saturday, October 26th, 1940, Miss Hazel Jackson, daughter of Mr. and Mrs. Harvey Jackson, Metcalfe, to Mr. Dalton James Rodney, son of Mr. and Mrs. Arthur Rodney, Ormond. Rev. D. W. Summers officiated.

Local Poppy Campaign Meeting With Success

The local Poppy Campaign, conducted by Winchester Post of the Canadian Legion, has been in progress all week, and is making fine progress. On Friday last some of the young ladies attended the Ward Smith Auction Sale, which was attended by about 1,000 people, and sold $35.000 worth of poppies. This was the start of the campaign and the canvassers were quite pleased with their initial efforts.

Young ladies who are selling the memorable flowers are Misses Iris Summers, Lillian Bruce, Jessie Gordon, Alma Bellinger, Evelyn Erratt, Joan Davidson, Mabel O'Neil and Doris Barnard.

Members of the Legion on the Poppy Committee are: Messrs. Alvin Alexander, Nelson Dixon, J. J. Gray, F. Erle Helmer and Ernest R. Summers.

The poppy campaign will be concluded this Saturday and local citizens who have not yet contributed to this fund are urged to do so. The sale of Vetcraft Poppies is in remembrance of those who paid the supreme sacrifice during the Great War, and all money derived from the campaign will be used for the relief of disabled Great War Veterans and members of their families.

Roosevelt Has Blessing of Premier Hepburn

Premier Mitchell Hepburn of Ontario said in a statement yesterday that "great rejoicing should arise in Canada and the British Empire with the return to office of President Roosevelt.

The relationship of Wendell Willkie, defeated candidate, with the British Empire, had never been tested, the Premier said.

"But there is one thing we do know," he added. "That is that Mr. Roosevelt has been one of the greatest friends of Canada and the British Empire that we have ever had as President of the United States. For that reason his election should cause great rejoicing throughout the Empire."

Mr. Hepburn, without doubt, expresses the feelings of Canadians in all walks of life. President Roosevelt's re-election on Monday was great news for both Canada and Great Britain.

Latest reports indicate that President Roosevelt has 468 electoral votes to Willkie's 63. There are still some returns to come in, however

Red Cross Will Collect Newspapers On Tuesday

The Newspaper Committee of the local Red Cross Society has announced that the next collection of newspapers and magazines will take place on Tuesday afternoon, November 12th. Have your bundles securely tied and leave them on your verandah, or outside your door, if you intend to be away on that day. Newspapers must be tied in one parcel and magazines in another. Remember the date, Nov. 12th. Contribute as many old newspapers and magazines as you wish—they mean money for the Red Cross.

KEMPTVILLE TO VOTE ON TWO-YEAR TERM

At a meeting of the Kemptville Municipal Council on Monday evening, the members agreed that the voters should be given an opportunity to express their desires on the two-year term for council, and decided the question would be put before the voters irrespective of whether there was an election or not, on December 2nd, for members of the Board.

Rev. E. Payton Gives Missionary Message

A challenging message on missionary effort was given Sunday morning by Rev. E. Payton, of Morrisburg, who chose Mark 16:15 for a text. This, he said, is a command of Jesus which no Christian can justly evade. Jesus calls us to labor with Him in spreading the Gospel throughout the world. This command is as essential as any other. Every man or woman who loves God is a missionary at heart. It is a privilege to which Jesus has called us and it is an honour to serve Him because He has done so much for us. Can we do less than give of our means to support the missionaries who go as our representatives. A challenge comes to us that we do our utmost to help fulfill the command of Jesus that we go and preach the gospel to every creature.

Rev. Payton briefly sketched the life story of William Carey, the first missionary to India, for the boys and girls.

Rev. W. S. Atchison spoke strongly Sunday night from Psalm 142:4, "No man cared for my soul," showing clearly our responsibility for the souls of man. He said we are in need of a more alive membership of the Church, who will go out to seek and to save those who are lost, and to tell others what Christ has done for us. What a transformation would take place if we did this. In closing, the pastor prayed that the Lord would lay some soul upon our heart to be won for Him.

Mrs. Howard Fetterly presided at the organ for the day.

WEDDINGS

MALLORY—McINTOSH

The marriage of Miss Olive Maude McIntosh, daughter of Mr. and Mrs. Carmen McIntosh, Chesterville, and Wilfred Gerald Mallory, son of T. S. Mallory and the late Mrs Mallory, of Trenton, was solemnized on Saturday at St. Andrew's Presbyterian Manse, Chesterville, Rev. John McKenzie officiating.

WARNER-LAURIN

A very quiet wedding was solemnized on Thursday evening last, in the rectory of St. Mary's church, Morrisburg, when Rev. Father R. J. Coyle, Parish Priest, united in marriage, Miss Mary Helen Irene Laurin, second daughter of Mrs. Leo Laurin and the late Mr. Laurin, of Morrisburg, with Thomas Isaiah Warner, son of Mrs. Ella Warner and the late Mr. Frank Warner, of Cornwall. Witnesses were Miss Mildred Cameron, of Kingston, and Mr. Arthur Laurin, brother of the bride.

CHRISTIE—POOLE

The United Church Manse, Winchester, was the scene of a quiet wedding on Saturday, November 2nd, when Miss Bertha Poole, youngest daughter of Mr. and Mrs Wm. J. Poole, of Harmony, was united in marriage with Orval Robert Christie, son of Mr and Mrs. Sherman Christie, of Melvin Settlement. Rev. W. S. Atchison officiated. Mr. and Mrs. Ranald Shaw, sister and brother-inlaw of the bride, attended the couple.

The bride wore a street-length dress of soldier blue crepe, and her hat and accessories were of a matching blue tone.

Following the ceremony, Mr and Mrs. Christie left by motor for Toronto, Niagara Falls and other western points. On their return they will reside in the Melvin Settlement.

CHALLIES—BEAUMONT

St. Mary's Church, Staten Island, New York, was the scene of a quiet wedding on Saturday afternoon, Oct. 26th, when the marriage took place of Ethel Beaumont, daughter of Mrs. Beaumont and the late G. Beaumont, of Staten Island, to George Swan Challies, of Montreal, son of Mr. J. B. Challies and the late Mrs. Challies. The Rev. E. Rowland Taft officiated.

The sister of the bride, Mrs. G. H. Richards, of Montclair, N. Y., was the matron-of-honour, while E. Truman H. Seeley, of Montreal, was the best man. Ushers included R. H. Webster, Montreal, G. V. V. Nichols, of Toronto, and Malcolm Macarthur, of Hamilton.

The bride was attractively dressed in a street-length model of delphinium blue crepe. Her hat and veil were of the same tone and her accessories were in matching shades. She wore a corsage of orchids. Her sister chose a night flight blue crepe dress, with matching hat, and she wore a corsage of Talisman roses.

Ault Creamery Limited Erecting New Building

Construction work on a new building to house the plant of the Ault Creamery Limited, has been started. The contract has been let to Messrs. Robert Beggs & Son, of Hallville, and this is sufficient assurance that the building will be a credit to its builders.

The new building will be annexed to the new Cold Storage Plant, which was erected last fall. It will occupy the same site as the present wooden structure, only it will be about ten feet wider on the west side. Granite blocks are being used for the outside walls to match the new cold storage building.

Construction work is being carried on without any interruption to the work in the old plant.

While the building will comprise two storeys, it is not yet definitely decided whether or not the upper section will be completed this year.

The management of the Creamery are to be commended for their decision to make these necessary improvements to their plant. When completed, the building will be entirely fire-proof, and will also be a decided asset to the town. It will be one of the finest creameries in Eastern Ontario, and with new and improved equipment, and more sanitary surroundings, the products of the plant should be second to none in the province. It should make it easier for the plant to manufacture a higher grade of cheese and, as a result, the farmer will receive more money for his milk.

BUY A POPPY—HELP THE VETS.

All this week and continuing until Remembrance Day, November 11th, a Poppy Campaign will be in progress throughout Winchester and district, under the auspices of the local Post of the Canadian Legion. The cause is a worthy one as the proceeds from the poppy sales will be used for the relief and welfare of returned soldiers and dependents. In many centres, Poppy Day is held on the Saturday before Remembrance Day, but in this district the campaign generally lasts for three or four days with a final drive being made at the end of the week. This arrangement makes it possible for everyone to be canvassed and gives all the opportunity of wearing a Poppy in remembrance of Canada's Great War heroes. Poppy Day marks the culmination each year of the efforts of disabled soldiers of the last War, who earn a livelihood making "Vetcraft" poppies and wreaths. It is the day when they bring before the people of Canada the results of their labours and, through the Annual Poppy Campaign, provide an opportunity for all of us to help thousands of other deserving veterans in distress. The Poppy—emblem of Remembrance, and of hope and practical succor—is manufactured in Vetcraft Shops operated by the Dominion Government. It is offered to the general public, to be worn and displayed on Remembrance Day. All who buy a poppy will recall those Canadians who gave their lives in the Battle for Freedom fought and won twenty-two years ago. They will also remember, and by their purchase of poppies help many still living who, while they returned, nevertheless sacrificed body and livelihood for the things we hold dear.

Another generation has now taken the field in the battle for Freedom. Some are already returning and they, too, may be in need of a helping hand. Let the Poppy be an emblem of hope and succor to them also. Poppy Day, 1940, therefore has a deeper significance than any previous Poppy Day has ever had. The Canadian Legion urges the people of Canada to buy poppies and wreaths in quantities as never before.

May the Poppy Campaign eclipse all previous years in Winchester. Don't forget to buy a Poppy and wear it !

In Flanders Fields

In Flanders fields the poppies blow
Between the crosses, row on row,
That mark our place, and in the sky,
The larks, still bravely singing, fly
Scarce heard amid the guns below
We are the dead, short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders Fields.

Take up our quarrel with the foe,
To you from failing hands we throw
The torch, be yours to hold it high
If ye break faith with us who die,
We shall not sleep, though poppies grow
In Flanders Fields.

—Lieut.-Col. John McCrae.

THE 1941 COUNCIL

According to amendments made to the Municipal Act, all municipal councils elected during the latter part of this year or the early part of next year will remain in office for two years, unless a petition is presented to Council, requesting that a by-law be passed in order that the electors may vote for or against the two-year term. Any petition presented to the council must contain the signatures of at least five per cent. of the electors. That being the case, most municipal councils will, no doubt, serve for two years, because in most of the smaller municipalities no one is interested enough in municipal politics to circulate a petition. This lack of interest, however, may prove costly to the ratepayers in the long run. An extravagant or shiftless Council Board can squander a lot of public money in two years, so ratepayers should exercise keen judgment in choosing the caliber of men they wish to serve on the next council. With a two-year term in the offing, it would not be wise to place untried and inexperienced men at the controls of municipal government.

WHOSE DEEDS WILL NEVER BE RECORDED

"There are vast numbers, not only in this island, but in every land, who will render us faithful service in this war, but whose names will never be known, whose deeds will never be recorded."—Winston Churchill. Yes, our soldiers, sailors and airmen would be quite helpless without the support of "the man behind the man behind the gun," in other words, the industrial workers who turn out an ever-flowing supply of materials so vital to the men who are actually facing the enemy. All battles are not fought on the battlefield.

Behind the air raids, blockades and counter blockades, and all the drama of "active service"—another battle is being fought. Grimly, determinedly, unceasingly, men in factories and offices, doing their appointed job from day to day, are waging a war which must be won, so that victory in battle will be ours.

The business of the country pays the taxes which buy 'planes, guns, munitions of all kinds. The business of the country manufactures them or arranges for their manufacture. The smooth operation of business keeps the morale of the people sound and unshaken.

Working for and with all loyal Canadian business enterprises, the men of industry are doing their utmost to keep Canadian business strong and prosperous — ready to play its part — and to pay its part — in the struggle which is ours, as well as Britain's— the struggle of all free men, everywhere, for the right to make their own destiny.

WHY NOT BUY WAR SAVINGS CERTIFICATES FOR CHRISTMAS GIFTS?

While the National War Savings Committee is adopting all sorts of schemes to encourage Canadians to buy War Savings Certificates, they are, no doubt, anxious to receive suggestions and ideas that can be successfully put into operation. We have a suggestion which, we believe, if acted upon immediately, would be instrumental in adding a tidy sum to Canada's War Chest. Here it is: Why not encourage the people of this fair land to buy War Savings Certificates and Stamps for Christmas gifts this year. A $4.00 Certificate would make a pretty fine gift, while a few war savings stamps could be given to the kiddies to add to their collection. This scheme would have a far-reaching effect, if the War Savings Committee started out immediately to launch a "Buy War Savings Certificates for Christmas Gifts" advertising and publicity campaign, in all weekly and daily papers throughout Canada. It would require a consistent program of advertising from now until the week before Christmas, but we believe it would be worth the effort. We sincerely hope that the War Savings Committee will give this suggestion some consideration, not that it will benefit the writer any, but as an incentive to urge Canadians to use some of their Christmas money to help along Canada's War Effort.

By purchasing War Savings Certificates as Christmas gifts, we don't mean that they should replace all other gifts. What we have in mind is this: Where a man intends to spend $15.00 on a present for his wife, let him buy her a $10.00 gift and invest the other $5.00 in a War Savings Certificate, made out in her name. Where a father spends 75 cents on each of his children, he could buy a 25c war savings stamp and use the remaining 50c for other gifts. That is the general idea and we believe it is a good one. In that way we could continue to observe the Christmas tradition of giving, and at the same time give Santa Claus a chance to take a crack at Hitler, by contributing some of our Christmas funds for Canada's War Effort.

THE MONTH OF NOVEMBER

"When chill November's surly blasts made fields and forests bare," wrote Robert Burns. Usually our November weather is for the most part gloomy and forbidding but the weather prophets assure us that this November will be an exception. It is to contain more bright and sunshiny weather than usual.

The month was named by the Romans from the Latin word "novem," meaning nine, because it was originally the ninth month. Of course, it is really our eleventh month. The number of days in the month was not definitely settled until the time of Augustus, since when it has had thirty days. In Germany it is the Wind month.

The birthstone for November is the topaz and the flower is the chrysanthemum.

November saw a great event in Canada. It was the driving of the last spike in the Canadian Pacific Railway on the 8th in 1886. Another important event was the reduction of letter postage to two cents in 1890, although it has since climbed back to three cents.

Great events of the month included Da Gama's rounding of the Cape of Good Hope in 1497, the failure of the Gunpowder Plot in 1605, the opening of the Suez Canal in 1869 and the end of fighting in the Great War in 1918.

Famous birthdays include those of Andrew Carnegie, Samuel L. Clemens, George Eliot, Martin Luther, William Pitt (Lord Chatham), Sieur de la Salle, Robert Louis Stevenson, Oliver Goldsmith, Sir Wilfrid Laurier, Sir Philip Sidney, Sir Gilbert Parker and Hon. Winston Churchill.

BEWARE OF GAS !

With the colder weather here, motorists are reminded of the dangers of carbon-monoxide. So many tragedies have been the result of carelessness and thoughtlessness in regard to this danger that it is a wonder people are not always on their guard. Everyone should know that it is unsafe to start an engine in a closed building, or even to work around the exhaust pipe of a motor car when the engine is running. Apparently the fumes work painlessly and very swiftly. Remember to have the garage door open when starting your car.

IT'S JUST PLAIN SENSE !

Not to brood on past troubles, but to look forward with courage and confidence to the future.

To tackle problems as they arise, instead of going out to look for them. It's an old saying: "Don't jump your hurdles till you come to them."

To look to the future with imagination and clear-sightedness. It's no use burying your head in the sand like an ostrich. It may seem the line of least resistance to some, but it's not much fun.

To weigh both sides before coming to a decision. First impressions are not always right. And don't let anyone else make up your mind for you.

Never to repeat gossip. Gossip is a monster that increases in size as it spreads and, at the end, bears no relation whatever to the truth. Beware of gossip.

To think twice before saying or doing anything hurtful or unkind. Unkindness acts as a boomerang and before you've time to think you'll find yourself the victim of your own thoughtfulness.

"The Voice of the Press"

RETURN IT TO THEM

(Arnprior Chronicle)

Scrap metal is being gathered up in many places to supply war material, and if the drive hits Arnprior there should be plenty of it lying around. We have an old gun sitting on the lawn in front of the town hall which is neither useful nor ornamental. We took it from the Germans in the last war. Why not give it back to them in small pieces. It would make good shrapnel.

BALANCED AGRICULTURE

(Windsor Star)

There is reason, of course, for a better balance of Canadian agricultural production in the future. There must be a lessening of wheat acreage and an increase in mixed farming. Preparations for this are being laid by the governments of Canada and Great Britain, which are conferring with a view toward laying down a definite programme of food production and supply.

CANADA, WAKE UP

(Midland Free Press)

Grattan O'Leary, of Ottawa, one of Canada's best informed journalists, warns that the complacency of Canadians is the greatest menace to our war effort. Canada is not even a factor in the war yet, and in all probability will not be until the end of 1941. If it were not for Britains amazing capacity to stand up against the cruellest bombing attacks the world has ever known, we Canadians would probably be suffering the brunt of Hitler's attacks by now. There's no use kidding ourselves that the war will soon be over.

HE SHOULD KNOW

(Smiths Falls Record-News)

"Daylight saving time will not bring about any appreciable saving in Hydro power in Eastern Ontario." Such was the statement made by G. F. Drewery, district engineer, at the annual meeting of the Eastern Ontario Municipal Electrical Association held in Kingston on Wednesday of last week. He should know! Being strongly and absolutely opposed to D. S. T. for the period during the winter months, the foregoing statement by the hydro engineer substantiates our previous comments of condemnation, in which we claimed the D. S. T. edict was not a beneficial war measure.

PLOUGHING MATCH ATTENDANCE

(Brockville Recorder & Times)

For some unknown reason, there is always a tendency greatly to exaggerate the attendance at the international ploughing matches held each year in Ontario. People have been suggesting that as many as from 175,000 to 195,000 attended the match recently held at St. Thomas just as they greatly over-calculated the attendance here last year. But it is now estimated, on the basis of parking tickets sold, that not more than 100,000 witnessed the matches or inspected the display. That is, however, quite a large number of people to be attracted by an agricultural undertaking and one which, if not without its ballyhoo, does not go in for a midway.

WRITE ONLY THREE HOURS AT A TIME

(Trenton Courier-Advocate)

Writing in a Canadian magazine of American derivation, an American author says that the writer who claims he writes for seven or eight hours a day is a liar. The author says no man can write more than three hours at a time. And for once we have found some person with whom we can agree. The writer writes three hours and moons around for the other four of a seven hour day. To concentrate and write for seven hours would soon put a writer in the bug-house. Good writers have their stint of so many words a day. Jack London's stint was one thousand words, no more, no less. When we were in the game and our stuff was compared favourably with London's, we tried to do the same, but we learned that business and the matter of good health was just a bit too much for ambition so we eased off. Now we abide the time when we shall have no more business to wear us down and ambition and health can decide which is to be the master of our fate.

TOO MANY CHURCHILLS?

(Christian Science Monitor)

Americans were scanalized, a few years ago, at reports that fifty-nine men "ruled" the United States. But Premier Mussolini is said to have smiled at the thought that it took so many. Now comes a novel variation on this theme, and it comes from Rome in the form of a question in Count Ciano's newspaper. The "Telegrafo" notes that Berlin seems surprised at British resistance to air-raids, and the Italian paper asks whether it can be true that the British Isles are populated by 47,000,000 Churchills. We wonder whether Il Duce smiles to think there may be so many.

WANTS TO COME HOME

(Pembroke Bulletin)

Who? Mitchell Hepburn to wit. By taking a man by the name of "Laurier" into his cabinet he wants to win back the Liberals who have turned against him for his treatment of Mackenzie King. When the Air Minister was recently in Western Ontario it was "Hello Chubby." The prodigal wants to come home for there's an election in the offing. Will he be welcomed? Will the fatted calf be on the banquet table? If so then the old King Liberals will have to swallow themselves much to their dislike and disgust.

THE WEEKLIES WON'T FORGET IT

(Almonte Gazette)

Weekly newspapers stand to lose considerable revenue through Premier Hepburn's interference in municipal government. This two-year term pleases no one in particular and the saving is negligible. It will throw printers out of work in many towns and they won't feel like kissing the hand that slapped them. Nor will the newspaper publishers forget Mr. Hepburn when the next provincial election rolls around.

The whole plan is silly, like many of Mr. Hepburn's brain storms, including the extended school vacation which ended in such a fizzle. Municipal electors are asleep at the switch. They sit around criticising the council all year but that is all they do about it. As Mr. Edmonds said, recently, they won't run for office and many of them don't even bother going to the polls.

Under Mr. Hepburns plan for two year terms in municipalities which don't take the trouble to vote against the pernicious measure, there is no provision made for filling vacancies on elective bodies caused by death or other reasons. After all, no councillor can tell what may happen in two years. Members may remove to other places or may have to get out of office on account of impaired health.

The truth of the matter is, Mr. Hepburn would like to abolish all municipal elective bodies and run the towns, cities and other municipalities by his own political henchmen. He is a bureaucrat of the worst kind and is no friend of such democratic institutions as annual elections.

THE BUSY BEE

A honey bee, it has been figured out by a painstaking investigator, extracts an eighth of a grain of nectar from a single clover blossom. To do this, it must put its proboscis into sixty flower tubes.

As it takes 7,000 grains of nectar to make one pound of honey, the bee must actually visit 56,000 clover blossoms; and, with sixty tubes to a blossom, this means that the bee must take 3,360,000 draughts in collecting the sweetness necessary to produce but sixteen ounces of honey.

KEEP ONE GOOD EYE

Can your eyes "take it" when you are driving or walking along a dark country road and the dazzling glare of oncoming headlights suddenly hits your face? While a majority of drivers are courteous enough to dim their headlights when approaching another car, the ill-mannered driver speeds past, disregarding the discomfort and danger he may be causing others.

However, just as an effective defense is discovered to counteract any attack in warfare, car drivers can afford themselves some measure of protection against glaring headlights.

The method is really quite simple. When a car with dazzling lights approaches, shut one eye, then open it again when the car has passed. The eye which was closed will be found to be as sensitive and "un-dazzled" as before.

This idea was discovered recently in Britain's blackout.

GOD IN AN AIR RAID

I am seventeen years old and work in a factory. The other night when the sirens woke me I was shaking from head to foot and was full of fear of what might happen. Then I listened to God for a few minutes, and He told me that I must be calm and cheery and set an example to other people and give them confidence. I went down to the shelter with our next-door neighbors and friends, and found that they were a bit shaky. Then I carried out my guidance to set the example to other people. Then it was all marvellous, the spirit; none of us were afraid, and it inspired us all to sing the "Songs of the Rising Tide." We sang them all, "Wise Old Horsey," "Youth Awake!" and the rest. Then the neighbors joined in, in the shelters all around us; four altogether in a row were singing with us. This so inspired Maudie, who is also a factory worker, that she asked me three times to pray for everyone. I had never done this in my life before in public, but I did it, and I think it helped everyone.—A letter in The Church of England Newspaper, London.

EDITORIAL NOTES

Premier Hepburn: "During my fourteen years in public life I have come to regard Ontario's weekly newspapers as one of our chief assets—as accurate interpreters and consistent moulders of that type of thought and opinion which, while always valuable, is most needed and best appreciated in testing times like the present."

New regulations have been passed under the Defence of Canada Regulations which will prevent interned persons from holding public office. No doubt the reason for this action was brought about by the fact that friends of Mayor Houde, of Montreal, who is now in an internment camp, were advocating his nomination at the coming civic elections. Apparently there are some other Montreal people who should be forced to join Houde in his enforced retirement.

What is the matter with this crazy world? is a frequent question. The answer is that the whole world—Christian more than heathen—suffers from an utter disregard of moral principles. National hopes, aspirations and security are wrecked on the shifting sands of world politics. The treachery of governments, supposedly Christian, surpasses all undertaking. It may be that a new age is coming, and from the anguish and ashes of the present conflict will come another and better era, and an Empire greater than has been

It must be very humiliating to the French nation to accede to the demands made by Hitler, especially when the concessions granted are beneficial to their conqueror in waging war against a former ally. That's what happens when a country allows a few crack-brained fools to get into the driver's seat. It has been truthfully said that "a good leader can make a small nation great, and a poor leader can make a great nation insignificant." How true that statement is—look at the strength of Great Britain, led by Churchill, and the weakness of France, under the leadership of Petain.

"Do not clean with gasoline," says the latest bulletin from the Industrial Accident Prevention Association. Gasoline has ten times the destructive power of dynamite. It may be more dangerous than dynamite because its terrific power can be released by the tiniest spark. Gasoline should never be used for cleaning. The friction caused by rubbing can generate a static spark which is sufficient to ignite the explosive gasoline vapor. With the widespread use of gasoline, there should be little excuse regarding the lack of knowledge of its explosive properties and it should command greater respect than has hitherto been shown.

KNOW YOUR LINES ON HIGHWAYS

New pavement markings on Ontario highways are the latest contribution to safety and speed in motor travel. They represent a tremendous chemical and engineering achievement, climaxing two decades of effort by engineers, paint chemists and psychologists to adapt highways to the progressively higher modern speeds, says an article in the current issue of C-I-L Oval.

Paint on the pavement can hardly fail to attract the driver's attention in any kind of light, states the writer. Even in thick fog, when they may be the only visible guides, one needs only to follow the advice of the painted lines to ride in comparative safety. With this in mind, engineers of the Ontario Department of Highways have, in 1940, produced a new code of highway markings, using various combinations of painted lines on the pavement, to supplement and reduce the number of signs on the roadside

STUDENTS STRIKE

Third-year students at Ontario Agricultural College, Guelph, went on strike last week, against the refusal of the faculty to re-admit Neil Shaver, of Aultsville, who went home to help with the harvesting, afer registering at the college. The whole class was absent from the sports day one afternoon, and declared they would attend no more lectures until Shaver was re-admitted. Since then the trouble has been settled, however.

NEVER PASS A SOLDIER ON THE ROAD

There is a certain type of man,
Upon our great highway,
Who travel up and down the land,
You see them night and day.

They maybe haven't far to go,
They can't long absent be,
They must be back to their grim task
Of keeping England free.

'Tis the soldiers I am thinking of
Who hasten home to mothers,
Or to see once more the scenes they love,
Or bid adieu to others.

It's not their wish to bother us,
Nor yet to harm a thing,
They merely wish their task to do
In the service of the King.

A lift would help them on their way,
To pass them by, might keep them late,
And fail to keep their young lives gay,
Or show them we appreciate.

So listen to me lad or lass,
As I sing this little ode,
A noble soul would never pass
A soldier on the road.

THE POWER OF TRUE LOVE

He:

Come live with me and be my love
And we will all the pleasures prove
That valleys, groves and hills and fields,

And truth in every lover's tongue,
These pretty pleasures might we yield
To live with thee and be thy love.

Mr. Anderson entertained his pupils to a Hallowe'en party in the school on Friday afternoon. Games and contests were enjoyed. Afterwards the pupils furnished lunch, and Mr. Anderson treated the children to popcorn and candy. An enjoyable time was spent.

Mrs. Sam R. Hamilton spent Wednesday with her parents, Mr. and Mrs. Thomas Irving, of Ventnor.

"Grandpa," said a little girl, "I saw something this morning running across the kitchen floor without any legs, and what do you think it was?"

Grandpa studied for a while and then gave it up. "What was it," he asked.

"Water!" said the younster triumphantly.

METCALFE

Late Mrs. Catherine Tobin

The funeral of the late Mrs. Catherine Tobin was held on Wednesday, Oct. 30, from the residence of her sister, Mrs. William Casserly, to St. Catherine's Church, where requiem mass was celebrated by Rev. Father M. Mooney, assisted by Rev. Father W. Nevins, of Osgoode. Rev. Father L. Reynolds, of Ottawa, and Rev. Father P. C. Harris, of South March.

Interment was in the parish cemetery.

Mrs. Tobin died unexpectedly at her home in Utica, N. Y., on Saturday, October 26, following a heart attack. Formerly Catherine Gillissie, she was a daughter of the late Edward Gillissie and and his wife, Margaret Sweeney Gillissie, of Kenmore. She was married to James F. Tobin, who predeceased her twenty-three years ago. For several years she had been a resident of Pittsburgh. U. S. A., but returned to Canada about twenty years ago, remaining here until 1928, when she took up residence in Utica, N. Y., where she was a devoted member of Our Lady of Lourdes Church.

Surviving are two daughters, Mrs. John Law and Miss Margaret Tobin; one grandson, John Law, Jr., all of Utica, N. Y.; one sister Mrs. Wm. Casserly, of Metcalfe, and several nieces and nephews.

A young doctor, whose practice was not great, sat in his study reading away a lazy afternoon. His maid appeared at the door.

"Doctor, them boys is stealing your green apples again. Shall I chase them away?"

The doctor looked thoughtful for a moment, then levelled his eyes at his maid. "No," he directed.

Perhaps the man whom you think a fool puts you in the same class.

Arthur L. Phelps To Give Ten Radio Talks

Professor Arthur L. Phelps has made another journey, this time over 15,000 miles of the United States, which he is seen straddling in the accompanying sketch.

He will tell listeners to the CBC National Network of what he saw, in a series of ten broadcasts, each Tuesday from 7.30 to 7.45 p.m. EDST, commencing on November 12. His talks will also be broadcast in the United States over the Mutual Broadcasting System.

Mr. Phelphs is professor of English at United College, University of Manitoba, Winnipeg. In the summer of 1939 he journeyed 14,000 miles across Canada and back, and recorded his impressions in the well-remembered CBC series "This Canada." Now he will do a similar job for our neighbours to the South under the title "These United States."

His zig-zagging trip over the United States landscape, says Mr. Phelps, was a "Columbus journey of discovery." In his first talk, he will endeavour to reflect some of the "bewilderment, tempered by respect, which the average Canadian experiences when he tries to think about the United States." He believes no Canadian can examine the United States without examining Canada at the same time, the United States being both our mirror and our gazing crystal. A hint of the speaker's attitude towards Canada's "Good Neighbour" was contained in one of the concluding broadcasts of his Canadian series.

"Through an atmosphere charged by the fears and passions of war we Canadians now look South," writes Mr. Phelps. "I still believe we look at a great and kindly neighbour. I believe further that the more we Canadians discover ourselves and realize our own fundamental Americanism the more shall our study both of ourselves and of our fellow Americans be searching, frank, positive and direct.

"After Ogdensburg (the signing of the Canada-U. S. joint defense agreement) there was increasing interest in our Canadian license plate. In automobile garages, outside cafes, at the pause before the traffic lights changed, there were craned necks, questions, kindly curiosity. "Where's Manitoba?" "Is that the middle of Canada?" "When are you going to take us into your war?" These and other questions were tossed at us. From a grocer handing us a parcel he had just done up we heard "All I can say is, "God bless you up there." He said it quietly with no gesture and no further remark. To me it was dramatic and deeply moving."

Professor Whelps will speak from Winnipeg. The caricature of him was sketched by his 16-year-old daughter Ann.

Ann Phelps, 16-year-old daughter of Professor Arthur L. Phelps, author of "This Canada," and the forthcoming series of CBC talks, "These United States," drew this sketch of her father.

SOMETHING TO BE PROUD OF

(Leamington Post & News)

There can be few Canadians these days who do not feel a deep sense of pride as they read and hear daily of the heroism and dauntless courage of Britishers everywhere. This feeling is not entirely racial by any means—many who feel it are perhaps not of British descent but are subjects who have learned to admire and love and feel a part of, the great Empire where all men are equal.

Proud as we are of our great country, we are just as proud these days to be a real and vital part of the old Empire that carries the torch of freedom, decency, and humanity in a world where so many other nations have fallen by the wayside. England and the British Commonwealth of Nations, aided by the sympathy and material assistance of the one other great democracy left in the world, alone carries on the fight for freedom. This is a solemn and momentous fact that should give us all pause for reflection.

Led by a truly noble King and Queen who are themselves in the forefront of the battle, this world-girdling brotherhood of nations, including men of every race and creed, is the one great hope of the down-trodden and oppressed peoples everywhere. The phrase "Land of Hope and Glory," can indeed be applied in a wider sense to every inch of soil where the Union Jack floats in the breeze. Where every other empire founded only on the concept of might has passed away, this old and yet new Empire alone survives because it is predicted on foundations of honor and integrity.

A bachelor's idea of a clever woman is one who can induce him to propose.

Some men are born great, some achieve greatness and others become humorists.

From Jelly Shelf to Jam Session

By BETTY BARCLAY

Trust the college girls to know what's what in becoming colors! This velveteen dress, styled by Lois for "jam session dates", is of the luscious purple of homemade ripe-grape jelly. Priced for a freshman budget, the frock also comes in delicious "homemade jelly colors" of cherry, mint, kumquat, and crabapple.

Here's the recipe that inspired the "jam session date" dress in the picture above:

Concord Grape Jelly

(Makes about 11 medium glasses)

4 cups juice
7½ cups sugar
½ bottle fruit pectin

To prepare juice, stem about 3 pounds fully ripe grapes and crush thoroughly. Add ½ cup water, bring to a boil, cover, and simmer 10 minutes. Place fruit in jelly cloth or bag and squeeze out juice.

Measure sugar and juice into large saucepan and mix.

Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a *full rolling boil* and boil hard ½ minute.

Remove from fire, skim, pour quickly. Paraffin hot jelly at once.

NEWLYWEDS HONOURED

On Monday evening, Oct. 28th, the home of Mr. and Mrs. Thomas Riddell was the scene of a happy gathering when a delightful reception was given in honour of Mr. and Mrs. Philip Empey by the members of the Wesleyan Methodist Church and Young People's Society of Winchester, also their friends of Vancamp and other points. The evening was spent in singing, recitations. An appropriate address was read by Arthur Summers while the presentations, special songs and pianaforte selection of a Holy Bible and walnut end table was made by Muriel Deeks, while Donna Jones gave the bride a beautiful bride's book. Then an address was read by Mrs. Hubert Riddell, while the presentation of a silver tea service was made by Mrs. Lewis.

In replying to the address, Mrs. Empey thanked their friends for the beautiful gifts they had received, after which a dainty lunch was served to around 75 guests.

Reception Held.

A reception was held on Wednesday evening, October 23rd, at the home of Mr. and Mrs. Roy G. Empey, in honor of their son and his wife, Mr .and Mrs. Philip Empey who were married recently.

The evening was spent in games, after which an address was read by George Bell. The couple was presented with a china cabinet by Messrs. David Patterson and Orland Bell, on behalf of the community. Another address was read by Mr. George Suffel, and Mr. Dwight Dawley presented a beautiful electric lamp. This was from the Junior Farmers' Club of which Philip was a member. Pauline Bell presented a dainty bride's book to the bride.

Philip thanked his many friends for the lovely gifts. Lunch was served later by Mary Walker, Lillian Walker, Mrs. Johansen, Lois Patterson, Mrs. Geo. Bell and Marjorie Colbourne.

If some men were to lose their self-conceit there wouldn't be much left.

TO CANADIAN DOROTHYS

Oh, do not give to the Spitfire fund
Because you are filled with hate,
But rather, because you are full of love
For an Empire so truly great!

Love of your King and his gracious Queen,
Love of their daughters, fair,
Love of the men who guard our shores,
By land, and sea, and air.

Love of the children who journey here
Far from their native land,
And love of the ones who stay at home,
And make such a noble stand.

"Dorothy" means "a Gift of God."
So let this Spitfire be
A Gift of God to the British Isles,
That His chosen race may be free.

—Dorothy G. Foss, Montreal

STRANGE MEALS

In Africa the children roast large ants and eat them by the handful like popcorn. Travellers who have tasted them say they are rather like almond paste.

The Mexicans are fond of roasted spiders. They also dry the eggs of a certain water fly, grind them into flour, and sell it by the sack. This flour is used to make cakes.

Chinese people like soup made from birds' nests and they prefer eggs which are very, very old.

French people eat frogs and snails, although the snails are a specially bred kind and not like our common or garden snails.

These things all sound very queer, don't they, but I expect some of the boys in these countries I have told you about would think we are funny because we like rabbit pie!

REMEMBRANCE DAY CEREMONIES

Canada's soldier dead will be honored by the nation on Remembrance Day, November 11, as a result of a decision by the Secretary of State to proclaim the day a statutory holiday as usual.

An appeal to all citizens to participate in the ceremonies that will be held throughout the country, is made by Alex Walker, of Calgary, Dominion president of the Canadian Legion, who announces that provincial commands and branches of the Legion have been instructed to make plans suitable to local conditions.

In spite of modified arrangements necessitated because of the war, it is expected that thousands of citizens everywhere, and ex-service men including local detachments of the Veterans' Guard of Canada, will take part in the ceremonies.

MODERN ETIQUETTE

1. Should the host and hostess always supply new decks of cards for a bridge party?
2. When a player makes a mistake in a bridge game, is it permissable for another player to call his attention to it?
3. Please name six or seven things that a person may eat with the fingers.
4. On what social occasions is a man privileged to wear a business suit?
5. Is it all right for a hostess to serve her guests with the same dish she has served them on a former occasion?
6. Is a man permitted to "cut in" at a dance when he has never been introduced to the girl?

Answers.

1. Yes, always, and for a poker party too. To throw out a soiled dilapidated deck of cards would be about the same as if the host were unshaven and wearing a soiled, wrinkled shirt. 2. No. Criticism by one player of another, in any game, is not good sportsmanship. 3. Bread, crackers, cookies, candy, salted nuts, olives, celery. 4. He may wear a business suit to any informal occasion before 6 p.m., an informal luncheon breakfast, etc. 5. Yes, and particularly if she knows they enjoyed it. 6. No.

MRS. R. B. McQUAIG HONOURED

A very pleasant evening was spent on Tuesday, last, at the home of Mrs. R. B. McQuaig, Williamsburg, when about 30 of her friends, members of Williamsburg Women's Institute, gathered to honour her and to express their regret at her departure from Williamsburg in the near future.

Mrs. McQuaig has, during her residence in Williamsburg, been a faithful member of the W. I., and her friends felt they could not have her leave the community without some expression of their regard for her.

During the evening's programme of games and contests, Mrs. McQuaig was presented with a beautiful moire bag by the Institute, and the wish was expressed by all that she would have every success in her new home.

After he serving of refreshments by the ladies, a pleasant evening was brought to a close.

HINTS FOR THE HOME

Rust On Porcelain.

Iron rust stains on porcelain can be removed by means of lemon juice. Follow this with a clear water rinse, and wipe dry.

Cracks in Laundry Tubs.

For repairing cracks in laundry tubs, use litharge-glycerine paste. This paste with a quantity of litharge so that it can be applied as a plastic cement.

Violet Talcum Powder.

Violet talcum powder can be made by mixing 14 ounces of powdered talc, 2 ounces of powdered orris root, 1-2-oz. extract of cassia, 1-4 oz. extract of jasmine.

Improvised Smelling Salts.

You can make your own smelling salts by breaking one ounce of rock volatile into small pieces, covering with eau de cologne, and allowing to stand for a few days before using.

Cooking Rice.

Always be sure to wash rice before cooking. Put the rice into a strainer and wash in cold water, placing strainer over a bowl and repeat three times, or until the water is clear.

Prevent Sticking.

Corks from bottles containing glues and cements can be prevented from sticking if a little vaseline or glycerine is rubbed over the ends of the corks before inserting them into the bottles.

To Make Cold Cream.

Cold cream can be easily made by mixing 2 tablespoons of oatmeal, 1-2 tablespoon powdered borax, 1-2 pint of rosewater. Allow this to stand for two or three days, then strain, and add 1-2 ounce of alcohol.

Bleaching Sheets.

An easy but effective way to bleach sheets is to stretch them on the line and each time the sun dries them turn the hose on them. This will save the trouble of taking them down each time to wet them.

Cleaning Carpet Sweepers.

When cleaning the carpet sweeper, remove the brush and after taking off all hair and lint, rub it well with a cloth wet in kerosene. Let the brush remain in the air until the odor has evaporated. The sweeper will be much more efficient thereafter.

Threading Needle.

An embroidery needle can be threaded easily by taking a short piece of sewing thread, putting the two ends together, and pushing them through the eye of the needle. Then put the yarn through the loop formed and pull it through the eye.

Worn Typewriter Ribbon.

When the letters produced by the typewriter ribbon are beginning to show rather faint, fill a small oil can with olive oil and oil the ribbon with this while running it from one spool to another. Allow to stand for a day and you will be surprised at the heavy black letters produced the next day.

Comfortable New Shoes.

New shoes can be made comfortable by moistening the lining of the shoes or the stocking worn with alcohol and wearing the shoes while this is drying. This makes the lining of the shoe stretch to fit the foot and prevents the pinching often caused by the lining alone. Using alcohol also eliminates danger of taking cold.

NEXT CALL SOON

Divisional registrars across Canada are preparing their selection of young men of 21, 22 and 23 years who are single or widowers without children, for the second compulsory military training period scheduled to start November 22nd, the Department of National War Services said recently

A spokesman said the second call may take in a few single men of 24 in some areas to bring the quotas up to strength, but for the most part it will be concentrated on cleaning up those age classes already called. Young men of 21, 22 and 23 now are in centres for the first training period, but most of them are 21.

ST. PAUL'S YOUNG PEOPLE'S

St. Paul's Young People's held a Halloween Party on Wednesday night, October 30th. They had as their guests the members of the United Church Young People's Society. Miss Lillian Bruce presided for the business part of the program, and Mrs. Hugh Wilson took charge of the social program. Miss Ruth Payne read the Scripture and Mr. Donald Walker led in prayer. A poem, "Hymn of Freedom," was read by Miss Maude Edgerton.

Miss Dorothea Blair received the prize for the best costume, and Mr. Willis Robinson for the funniest. The evening was spent in games and contests. A chorus, "We'll Celebrate Once More Tonight," was sung by some members of St. Paul's Society. Mrs. Arthur Leason gave a very interesting recitation. A well rendered solo was sung by Mr. Hugh Wilson. Miss Amy Adams and Mr. Gerald Adams sang a duet, which was enjoyed by all.

Lunch was served before the guests dispersed, and the National Anthem was sung.

THE POET'S CORNER

OUR CANADIAN SOLDIERS
A Tribute

No granite slab or marble tomb
May mark the bier of our brave line,
But greater far the flame will glow
For valor, which the world enshrines.

Against a band of German steel,
They stood their ground—they did not flee,
They fought to save the Empire's faith
In honour and Democracy.

—Dorothy Sproule.

DUNDAS!

Dear old Dundas—our well-loved County!
Her wide level fields—rich beyond bounty!
Her deep fertile soil and proud stately homes,
Have not been extolled by too frequent poems.

St. Lawrence, without peer, guards her southern shore,
Into which, eventually, all her other streams pour;
While the Nation, quite gentle, grows boisterous in spring,
To industrious patrons silted treasure they bring.

Virgin forests clothed densely this new land of oride,
Defying progress to pioneers not willing to abide
The toils and the ordeals always read at hand
To daunt all but the brave desiring such land.

Sturdy parents showed proof they lacked not ambition,
To subdue all inconstancies by the strength of volition.
They shunned not the labour, but bravely they wrought
Not alone with their arms, for perforce they used thought.

To enumerate these pioneers, 'twould seem quite in vain,
Their names like their labours will always remain
Noble concepts of purpose most benign to conceive.
A real inspiration to all bent to achieve

Hamlets, villages, no cities, fine farms, dot this plain;
Her products are ample—fruit, butter, cheese, grain;
Her roads are a marvel—both concrete and gravel,
Communication's most simple, so streamlined for travel

Her schools are a model, showing readily the trend
Of the tastes of the people to culture they bend;
Celebrities, statesmen, farmers, few can surpass,
These all redound glory for dear old Dundas.

Mr. Henry Poole, of Woodrow, Sask., had dinner on Saturday with his niece, Mrs. Mae Allison.

Mrs. Clifford Summers and Miss Margaret Summers visited Mrs. Jack McOuat on Sunday.

Mrs. H. G. Broeker, and Mr. and Mrs. Gordon Baldwin Sr., visited friends in Cardinal on Sunday last.

Mrs. Gordon Baldwin, Jr., is spending some time with her mother, Mrs. John Francis, who is ill.

Reception For Newlyweds.

On October 23rd, a delightful reception was given in honor of Mr. and Mrs. Gordon Baldwin Jr., (nee Dorothy Francis) when about 200 friends and neighbours gathered at their home at Cass Bridge to wish them God-speed in their new adventures on their journey through life.

The evening was spent in community singing and other musical numbers, which were greatly enjoyed by all. About 10 o'clock the young couple were called to the floor, where they were presented with a beautiful studio couch, and other gifts. Gordon thanked their many friends for the lovely gifts which Dorothy and he had received, and invited them all to come and see them again at some future time. Lunch was then served.

Following is the address:

Dear Gordon and Dorothy:—It was with a feeling of pleasure that your friends and neighbours of this community learned of your recent marriage. We have met here tonight to wish you and your bride a "bon voyage on the sea of matrimony."

Gordie, we congratulate you and wish you every prosperity.

Dorothy, we welcome you and hope we may soon know you better as you take part in the activities of this community. Please accept this gift as a token of our best wishes and esteem. "May your ship of life sail safely through To ports where happy dreams come true."

Signed on behalf of your friends and neighbours, Ray Munroe, Hughie Coons, Ray Cooke, Ralph Johnstone.

Roll Out the Rolls

By Frances Lee Barton

ROLL out the rolls and we'll have a lot of fun. Sprinkle them with pecan meats and watch them disappear. A butterscotch pecan roll, a dish of marmalade or jelly, a cup of tea or coffee — what more do we need for that before-bed bite?

Butterscotch Pecan Rolls

2 cups sifted cake flour; 2 teaspoons double-acting baking powder; ½ teaspoon salt; 4 tablespoons butter or other shortening; ⅔ cup milk; 2 tablespoons butter; ⅓ cup brown sugar, firmly packed; 4 tablespoons brown sugar; ½ cup chopped pecan meats.

Sift flour once, measure, add baking powder and salt, and sift again. Cut in shortening; add milk gradually, stirring until soft dough is formed. Turn out immediately on slightly floured board and knead 30 seconds, or enough to shape. Roll ¼ inch thick. Cream together butter and sugar and spread on dough; roll as for jelly roll and cut in 1-inch slices. Melt 4 tablespoons butter in 8x8x2 inch pan, add 4 tablespoons brown sugar, and mix well; sprinkle nut meats over top. Place rolls in pan, cut side down. Bake in hot oven (425° F.) 15 minutes; then decrease heat to moderate (350° F.) and bake 20 minutes longer, or until done. Remove at once from pan. Makes 10 to 12 rolls.

When rolls are baked in a smaller pan, use less butter and sugar for mixture in pan.

MISSION BAND RALLY

The annual Mission Band Rally of Group III, Brockville Presbyterial, was held in the Presbyterian Church, Winchester Springs, recently.

The meeting opened with Mrs. Robertson, Presbyterial Mission Band Secretary, presiding, assisted by the Sectional Secretary, Miss Evelyn Walker. The Scripture lesson was taken by Winchester "Sunbeam" Band, followed by prayer by a member of the Dunbar "Inasmuch" Band. Morewood "Crusader" Band responded to the welcome, given by Winchester Springs.

Greetings were received from the Provincial secretary, Mrs. Hill, and the W. M. S. Sectional President, Mrs. Feeley.

Mrs. McKellar, of the Provincial Presbytery, was present, giving an interesting address and presenting the Junior membership certificates and seals. She urged the Banders not to forget their church. "You know," she said, "church would not be church without you."

The guest speaker was Mr. Lloyd Henderson, student minister, Montreal, who explained Summer Bible School work, teaching the children some of the songs used in this work.

Morewood "Crusader" Band won the Banner for the year.

Dunbar invited the Rally to be held there next year. At the close of the meeting a social hour was enjoyed by all.

EXPRESSES APPRECIATION TO RED CROSS

Field Marshal Sir Philip Chetwode, chairman of the British Red Cross, has written the Canadian Red Cross expressing gratitude for the gift of 130 ambulances and also for the agreement to supply 10,000 parcels of food from Canada every week for British prisoners of war in Germany. The British Red Cross is the voluntary auxiliary of the British Goverment and is committed to the task of supplying food and clothing to prisoners of war in enemy territory.

"The ambulances are a highly valued gift, made at a moment when our organization was hard-pressed to know how to obtain a sufficient number of ambulances to prepare to meet the need," Sir Philip wrote. "I am glad to have this opportunity of re-iterating the gratitude of the British Red Cross for the generous and ungrudging help given to us at all times by the Canadian Red Cross in so many directions, and particularly for their latest gesture in undertaking the packing, despatch and financial responsibility for 10,000 parcels per week for our Prisoners of War.

"I hope you will be able to find means of letting the public in Canada know how immensely this assistance is appreciated in this country and how deeply grateful we are for the unfailing support given us on every occasion." The ambulances were contributed to the Canadian Red Cross for Britain by individuals, business firms, service clubs and other organizations throughout Canada.

WHAT money? Why—the money in the banks! The money carefully put away by you and your neighbours in savings accounts. The money you *could* have spent today but wanted to keep safely against some future need. The businessman's money for use in his normal operations. There are more than 4,846,000 bank deposit accounts, savings and current. Within these two classes the great majority of deposits are small or of moderate amount. ¶ But you'd be wrong if you assumed from this, that the rest of the deposits are owned by the few! Quite the contrary! The railways, for instance, have deposits in the chartered banks — and that indirectly includes the whole population of the Dominion. The trade unions have deposits. Millions of policy-holders share in the ownership of insurance companies' deposits. ¶ And don't overlook the deposits of wheat pools; farm co-operatives; churches; municipalities and municipal hydro commissions, school districts; school children's penny bank savings deposited with the chartered banks; and commercial and mining corporations with very wide lists of shareholders, large and small, all over Canada. Truly, money on deposit in Canada's chartered banks is owned, *in fact*, by you and your fellow-Canadians.

In war, as in peace, Canada's Chartered Banks maintain, uninterrupted, their useful services — safeguarding depositors' funds; facilitating the nation's business — looking forward to peace with freedom as the only sure basis of enduring prosperity.

LOCAL AND DISTRICT NEWS

Taken to House of Refuge

Mr. Joe Lefebvre, well-known local resident for many years and a native of the Indian Reserve at St. Regis, was taken to the Counties' House of Refuge at Cornwall this week.

Active Woman.

Mrs Joseph Houle, Sr., of Moose Creek, Stormont County, is 87 years old today, but her age is not preventing her from helping Canadian soldiers. She knit 12 pair of socks for the Moose Creek Red Cross branch during the past month.

Cheesemakers Banqueted.

At the annual banquet tendered by James A. Sanderson to the cheesemakers shipping at Oxford, in Leslie Hall, Kemptville, on Tuesday evening, Dr. G. H. S. Barton, Deputy Minister of Agriculture for Canada, was the speaker. Over 300 cheesemakers and their wives were present.

Remembrance Day Service.

A Memorial Service, in remembrance of Canada's war heroes, will be held at the Cenotaph at Morrisburg on Sunday afternoon at 2 p.m. The service is being arranged by Morrisburg branch of the Canadian Legion and all ex-service men have been invited to attend. It is expected that members of the Winchester Legion will take part in the ceremony.

Must Show Certificates

National registration certificates must hereafter be produced by all applicants for motor vehicle permits and drivers' licenses, according to instructions received from the motor vehicles branch, Department of Highways. Officials emphasize the order will be strictly adhered to. New 1941 motor licenses will go on sale next month, it has been announced from Toronto.

Renovating Kemener Hall.

Dr. Nathan Schecter, of Ottawa, has awarded the contract for the alterations and renovations to Kemener Hall to Mr. Ira Bowers, Ottawa contractor. Work on the building started yesterday. When completed, the premises will be transformed into several living flats, as well as an office which Dr. Schecter will occupy for consultation purposes each Saturday evening. See announcement elsewhere in this paper.

Met With Painful Accident.

Mrs. Lyle Summers, who was the former Miss Audrey Bell, met with a painful accident at her home at Ottawa last Friday morning, when she fell down stairs and sustained a partial fracture of her right arm, as well as some badly torn ligaments. As a result of her injuries, she will be compelled to carry her arm in a cast for at least three weeks. Her many friends here will wish her a speedy recovery.

Shot Doctor's Cow.

The hunting season opened early at Prescott on Friday when someone mistook a Jersey cow for a deer and dropped it with a high-powered rifle. The animal was owned by Dr. W. J. Taugher and was pastured in a commons in the north end of town. It is presumed the cow was shot accidentally, but it is not known who shot it. Police are investigating. The cow was found in the field in the morning in a dying condition.

Elected For Third Term.

Mr. W. D. Frith, a former resident of this place, now residing in Edmonton, Alta., has been elected to serve a third term as a director of the Canadian Guernsey Breeders' Association. He expects to attend the annual meeting in Toronto during February, as a representative for the three prairie provinces of Manitoba, Saskatchewan and Alberta. Mr. Frith is a great booster of Guernsey cattle. He says they are increasing in popularity wherever they become known. From the picture on one of Mr. Frith's blotters, the Guernsey cow is a fine looking animal.

In renewing his subscription to the Press, Mr. Frith says he enjoys reading the home news, and that the people of Winchester still have a warm place in his heart. Probably he will find time to visit Winchester and renew acquaintances, when he attends the Guernsey Convention at Toronto next winter. Winchester always welcomes the return of former citizens.

Will Preach At St. Paul's.

Mr. Harry Rodney, student minister, will conduct the service in St. Paul's Church on Sunday morning for the W. M. S. Thank-Offering.

Bowling Club Fees.

The membership fees for the local Bowling Club were reported erroneously in last week's Press. They should have read: New members, $3.00; old members, $5.00; lady members, $2.00.

Issued With New Uniforms.

Members of No. 1 Company of the Stormont, Dundas and Glengarry Highlanders, N.P.A.M., whose headquarters are in Winchester, have been issued with regulation battle-dress uniforms. These are much more comfortable than the denim outfits, especially with colder weather settling in.

Have Different Views.

Morrisburg village council has decided to submit to the electors at the annual vote in December the question of two-year terms for members of the council. Williamsburg township council, on the other hand, signified its intention to take no action in the matter, and the two-year term in the township council will become mandatory, unless electors submit a petition to council asking for a vote.

Halloween Passed Off Quietly.

Halloween, which was observed last Thursday evening, was without incident in this district. The boys behaved as they should and no property damage or unpleasant pranks resulted. The number of youngsters who called at various homes for the traditional Halloween hand-out, was not as large as usual, but those who did indulge in this bit of fun, received a kindly reception and many treats from the homes they visited.

Married 52 Years.

Mr. and Mrs. James D. Beckstead, well-known and highly esteemed residents of Williamsburg village, received numerous messages of congratulations and good wishes from their many friends on Wednesday, October 30th, on the occasion of their 52nd wedding anniversary. Mrs. Beckstead was, before her marriage, Miss Emma Catherine Strader, eldest daughter of the late John Strader and Mary Reddick, early settlers of Matilda township.

Caught Hand In Clothes Wringer.

Mrs. Arnold Hutt, of the Inkerman district, is nursing a very sore hand and arm, which were injured when they went through the clothes wringer, while she was doing the family washing on Monday. The wringer was attached to a power washer and before Mrs. Hutt could throw the machine out of gear, her left hand was pulled through the rubber rolls to a point above the wrist. Dr. McKendry attended her. Although no bones were broken, the member was badly bruised and crushed.

Military Function Being Planned.

The officers and members of No. 1 Company of the Stormont, Dundas and Glengarry Highlanders, N.P.A.M., are making arrangements for holding a Military Banquet and Dance in the Community Hall, Chesterville, on Wednesday evening, November 27th. The function will be attended by the officers and members of the unit, as well as their wives and lady friends, and a number of invited guests. No. 1 Company is comprised of Platoons at Chesterville, Morrisburg and Winchester. The commanding officer is Capt. F. M. Cass.

Struck By Truck.

While walking along the Oxford Mills-Kemptville highway Saturday evening, Samuel Carlton, 17-year-old son of Mr. and Mrs. Hugh Carlton, South Gower township, was struck by the rack of a truck, driven by Grenville McFarlane, Bishop's Mills, and thrown from 10 to 15 feet into the ditch. The driver stopped the truck and called at the nearby home of Rennie brothers, where the injured man had been employed. Dr. O. F. Beamish attended the injured man, who received serious injury at the base of the skull and was unconscious. He was taken to the Ottawa Civic Hospital where he passed away on Tuesday.

UNITED CHURCH W. A.

The regular monthly meeting of the W. A. was held in the S. S. Rooms on Tuesday at 2.30 o'clock, with the president presiding. The meeting opened with a hymn, and Scripture was read by the President. The theme was "Our Abiding Faith in Christ." Jesus is the friend who will go with us in joy and in sorrow, and in love will deal kindly with us if we will follow Him. Mrs. Geo. Earle led in prayer.

The minutes of the last meeting were read and approved. The treasurer gave a very gratifying report. It was unanimously carried that the same officers remain in office for 1941. Committee reported that repairs on S. S. doors were completed. This meeting, which was well attended, was brought to a close by repeating the Mizpah Benediction.

Following the meeting, the Bazaar, which was sponsored by Mesdames Utman and Gilroy, with their committee, was opened by Mrs. Atchison with a few well chosen words, declaring the Bazaar open. All articles presented for sale were quickly disposed of, with very few articles left over. A dainty lunch was served by the ladies, bringing a very pleasant and profitable winding up of the year's work for Group 1, going over the top by a good margin in their allocation. The thanks of the leaders of Group 1 is extended to all who helped to make this sale a success.

ST. PAUL'S YOUNG PEOPLE'S

The regular meeting of St. Paul's Young People's Society was held on Monday night, November 4th. Miss Clara Anderson presided in the absence of the president. The meeting opened with a hymn, after which Miss Anderson led in prayer.

Miss Evelyn Erratt presided for the missionary program. The Scripture reading was read by Ruth Churchill. This was taken from Matthew 28:16-20. Betty Anderson read a meditation. A poem, "Holy Orders," was given by Murray Coulthart, and Lillian Durant offered prayer. Miss Anderson read a letter from Dr. Gilchrist, and Miss Evelyn Erratt read a letter from John Tucker, in Angolia.

CONFIRMATION SERVICE HELD AT SOUTH MOUNTAIN

St. Peter's Church, South Mountain, was the scene of a pleasant ceremony last Sunday afternoon when the Right Reverend Robert Jefferson, B. A. D. P., the Lord Bishop of Ottawa, administered the ancient sacred rite of Confirmation to ten candidates, five young ladies and five young men, who had been prepared by their Rector, Rev. J. A. Louis Ellacott, Rector of the Mission of Winchester.

In his address to the candidates, the Lord Bishop stressed the importance of living a balanced life. Due time and thought must be given to the spiritual side of our nature in order that we may grow in the holy fear and nurture of the Lord. He stated that he believed the present world upheaval is the direct result of our general disregard of the principles that showed for the best things of life—a true Christian character.

RUSSELL ARENA BEING REPAIRED

Work has been started on the much-needed repairs to the Russell Arena. This arena was built in 1912 and was the first covered rink for miles around, but through the years it gradually got to the point where something had to be done to eliminate the possibilities of it becoming a death trap. To this end public-spirited citizens subscribed money and the contract to repair the arena was let to Mr. D'Aoust of Embrun. Just what the contract specifies we are unable to say, but it is understood that the arena will be lowered by some eight or ten feet which will not affect the size of the regular ice surface. At any rate we feel that those men responsible have gone into the matter of repairs with the contractor in a thorough manner, and that the contract contains these suggested repairs. Perhaps the main thing is that the arena building will be repaired in a manner that will make it safe for the use of the general public. —Russell Leader.

HALLOWE'EN PARTY

On Thursday evening last, a very delightful party was held by the Misses Dorothy and Doris Annable, at their home, when about 50 guests arrived wearing masks and dressed in Hallowe'en costumes.

During the evening, a parade took place and prizes were awarded to Miss Mabel O'Neil as best lady's costume, Mr. Graham Wells, of Aultsville, as best gent's costume, and Mr. Willis Robinson with the most comical costume. Music was furnished by Miss Annie Strader, Mr. Cecil Strader, Mr. Reg. Strader and Mr. Arnold Hogaboam. Miss Dorothy Gailer, of Cornwall, rendered several fine vocal selections. Games were enjoyed by all, after which a very dainty lunch was served by the hostesses. Those attending from out of town were, Mr. Graham Wells, of Aultsville; Mr. and Mrs. Wm. Lozott, Mr. and Mrs. Roy Lozott, Mr. John Cameron, Miss Dorothy Cailer and Miss H. Runions, all of Cornwall. Mr. Allan Fetterly, of Mille Roches.

W. H. S. HOLDS FIRST LITERARY MEETING OF TERM

With the president, Dorothea Blair, in the chair, the first Literary meeting of the school year was opened by the singing of "O Canada." After Doris Barnard read the minutes of the last executive meetings, Sybil Empey contributed a piano solo, "I am a Canadian."

One of the highlights of the afternoon was a play, acted by First Form, under the direction of Mr. Hawkins. The cast included Wilda Barclay, Velma Johnston, Melba Carruthers, Kathleen Acres and Carl Freeland. Judging from the enthusiastic clapping of the rest of the students, their efforts were successful.

As Third Form's contribution to the afternoon's enjoyment, Patti Cass and Marion Helmer sang "On Blueberry Hill." Mabel O'Neill, representing 5th Form, played "The Bells of St. Mary's."

The school paper was read by the W. H. S. editor, Doris Suffel, after which Jean Hodgson and Joyce Crawford played a delightful duet on their guitars.

Perhaps the main event of the afternoon was the "quiz" contest, conducted by Mr. Hawkins. Kendon Boyd survived the longest on his team, while Ann MacDonald and Marion Helmer tied for championship on their team. The meeting closed with the singing of the National Anthem.
