Silo death was accidental

JUDITH O'BRIEN
Leader staff

WINCHESTER — A coroner's inquest into the Sept. 27 death of Wayne Smith, has determined it was accidental but preventable.

The three-man, two-woman jury deliberated for 75 minutes Thursday before reporting their findings to the coroner, Dr. G. J. Slowey and Crown prosecutor Bill Duncan.

Smith, 36, died from asphyxiation after he fell through a silo liner into a silo containing high-moisturized corn. The silo contained high levels of carbon dioxide and the pathologist's report concluded he died within one minute.

At the time of his death Smith was working on the farm of Dwight Gilmer of R.R.2 Brinston. He had worked for the Gilmer family for 10 years.

Reg Gilmer, who discovered the body, said he was working on another silo at the time of the accident. He first became aware that something was wrong when his father-in-law told him Smith had gone into the silo and hadn't come back out.

"I looked in the doorway, it was the only one open," said Gilmer. "There was a strange odor coming out. I yelled his name a few times but there was no reply. I went down the silo and checked the milk room in the barn but when I called he wasn't there."

Gilmer testified he then grabbed a light, held his breath and walked into the silo. He noticed there was a tear in the lining above his head and Smith was lying on the floor at the bottom of the silo. He hooked a blower up to the silo to try and get oxygen inside but it was too late.

He said he bought the liner in the fall of 1985 from Ron Johnstone Equipment of R.R. 1 Winchester for approximately $4,000. Gilmer said he was given verbal instructions to install the liner but was never told not to walk on it.

"When we bought the liner Ron Johnstone brought a piece to us and asked us to rip it apart," said Gilmer. "We couldn't do it so we figured it was strong enough."

Failed test

Morrisburg OPP Constable William Renshaw responded to Gilmer's call. He also testified he noticed a tear in the lining approximately 24 feet long. He photographed the liner and sent it for analysis to the Centre of Forensic Science. John Mustard from the centre reported to Renshaw that the liner's seams could only withstand approximately one-sixth of the pressure of the rest of the material. The rip in Gilmer's liner was along the seam.

Gilmer said it was common practice for farmers to enter a silo to kick loose moisturized corn that had stuck to the sides of the silo liner. He admitted that two days prior to Smith's death he had entered the silo himself to loosen the corn.

He said farmers would usually shake enough feed loose for two or three days because when the amount of corn got low, it wouldn't flow out of the auger at the bottom of the silo. The farmers use the liner to prevent oxygen from getting into the silo which causes feed to decompose. At the time of Smith's death, there was approximately 42 days of feed left in the silo.

"The manufacturer's representative didn't tell us to do it (walk on the liner) but he was aware we were doing it and didn't tell us not to," said Gilmer.

But Johnstone later testified that he told all of his clients not to walk on the liner because any sharp object such as a boot heel could cause it to rip.

He told Duncan that he provides each customer with information printed by the silo's manufacturer, Guelph Silo Liner Ltd. and goes over verbally with each individual the installation procedure as well as certain pitfalls of the liner such as the bottom seldom cleans itself out. Johnstone has sold 33 liners in this area since 1984.

He admitted there was nothing in the company pamphlet about not walking on the liner but he said there was nothing recommending farmers walk on it either.

"In bold letters it mentions the liner converts the silo to oxygen

Wise pleads not guilty to toppling Bell tower

MORRISBURG — James Wise, 44, of Chesterville pleaded not guilty in Morrisburg provincial court on Tuesday to a charge of mischief causing over $1,000 in damage.

Wise was charged in connection with an incident near Williamsburg on August 15 where a Bell Canada communications tower was toppled.

Damage to the 100 metre tower is estimated at $1,000,000, with total losses, including loss of revenue from long distance calls that couldn't get through, reaching as high as $4,000.000.

The defence asked that a trial date be set on Tuesday due to the large amount of coverage the case is getting in the press. Reporters from at least five different news organizations including, CBC television and the Ottawa Citizen, were in court Tuesday to cover the case.

The crown prosecutor said they were not prepared for the trial date to be set and asked for a two-weeks' delay.

Judge Hunter ordered that a trial date be set next week.

The charges were laid November 13 after OPP searched a Chesterville house on August 26 and seized acetylene torches, goggles, two newspapers, and three vacuum bags.

The maximum penalty after conviction on such a charge is 10 years imprisonment.

Wins $10,000

What a Scratch

MORRISBURG — Christmas this year will be a very merry affair indeed for Kim Bennett of Morrisburg, after she won $10,000 playing Match 3 Sweepstakes last week.

Bennett, who works at Charlie's Sport Shop, purchased the ticket from the store Thursday night just as she was getting off work.

"I was just leaving on my way home," she said. "When I found I had won I turned around and went back to my mom's, and had them check the ticket to see if it was true."

The Match 3 Sweepstakes offers prizes from $10 to $10,000. The object is to scratch the ticket and match three prizes.

Bennett said she has been playing the lotteries for the last four years. When she hit this bonanza she admitted she thought she "was seeing things".

She left for Toronto to pick up her winnings Monday and will deposit her cheque in the bank. She doesn't have any plans yet for shopping sprees or trips to faraway lands, but said she will have a great Christmas.

The winner also has some advice for those still hoping to strike it rich quick in the lotteries. "Don't give up," she said. "There are winners in there. I was just about to give up."

A winner's smile

Kim Bennett of Morrisburg has plenty of reason to smile after she won $10,000 Thursday playing Match 3 Sweepstakes. She travelled to Toronto on Monday to collect her early Christmas gift.

Want a cookie?

The Cookie Monster, of Sesame Street fame, visited St. Mary's School last week to kick off a cookie selling blitz in Morrisburg by the students to raise money for the school. When the Cookie Monster left from his visit it was rumored that a couple of maple cookies, known to be his favorite kind, were missing.

Residents fight Hydro plan

JUDITH O'BRIEN
Leader staff

IROQUOIS — Plans by Ontario Hydro to sell land within the village of Iroquois for residential use has met with opposition from residents who claim the land as parkland.

The parcel of land belonging to Hydro is Block L situated at the south end between Davis and Caldwell Drive. Hydro has owned the property since the relocation of the St. Lawrence Seaway in 1958 but only recently discovered the land in their files. Hyrdo wants to sell the land but residents who live around the .39 hectare site claim it has been used as a park for 30 years and should be left that way.

Arthur Fisher, a planner with Ontario Hydro, said a comprehensive plan was worked out to develop new streets and planned land use when the Seaway project was built and Block L was envisaged for residential use.

"Every plan since that time recognized that block as being residential and it has been designated in every official plan as residential," he said. "On the old village bylaw it was zoned residential, however, through an oversight it was zoned Open Space back in 1980. If it had been caught we would have notified you asking that it be turned back to residential."

Fisher said the Open Space designation is inconsistent for use in that block of land.

Ontario Hydro wants village council to approve a zoning bylaw amendment changing the lot from Open Space to Residential Type 1. This type of zoning allows only single family dwellings.

"We want the zoning changed

Dump site violations net $14,000 in fines

CARDINAL — The village of Cardinal was fined $14,000 for illegal operation of its Blair Road landfill site, one of the steepest penalties imposed on an Eastern Ontario municipality under the Environmental Protection Act.

The village pleaded guilty in provincial offences court last week to four counts of illegal burning and failing to cover and compact waste properly. The Ministry of Environment withdrew 12 other charges in return for the guilty pleas.

The charges cover the period from September 1985 to April 1987. They were laid by MOE after the ministry received complaints from residents about burning at the disposal site.

Village council was unhappy about the fines but was advised by their lawyer it would be cheaper to pay the fine than become embroiled in a costly legal battle. Reeve Jim McLaughlin said he thought the fines were unfair because the municipalitiy has not burned waste at the site since last year.

Of the $14,000 penalty, the village was fined $4,000 for two offences in 1985, the maximum allowed at the time. A further $10,000 fine was levied for two incidents this year.

The maximum fine which can be imposed now is $25,000.

McLaughlin admitted there had been fires at the dump this year but said they had either been started by someone else or by spontaneous combustion. He said the village is trying to co-operate with MOE but said they would have to do more.

Worth its weight in gold?

MORRISBURG — It's a death sentence for salads.

Due to poor weather in Florida and California the supply of lettuce in this country has shrunk to an all-time low, and the quality is very poor.

Both Morrisburg Freshmart and Mr. Grocer are continuing to stock lettuce but if you're planning on buying any be prepared to pay for it.

"We are selling one head of lettuce for $1.99," said Leonard Beckstead, Produce Manager at Mr. Grocer. "Two weeks ago the price was 68 cents."

Freshmart owner Brian Wheeler said lettuce will be available in his store on the weekend but he isn't sure whether people will be willing to pay gourmet prices for a plain, old vegetable.

"We didn't bother ordering any last week," he said. "Most people were aware of the problem but we should get some in from Florida this weekend."

Beckstead said it is difficult for stores to determine prices for the leafy stuff since the price of a case changes almost every day. Last week the price of a case of 24 head of lettuce changed four times, and ranged from $33 to $68.

He is encouraging customers to switch to Romaine or Chinese lettuce while the shortage persists but even those are in short supply. As more and more people switch their prices also skyrocket. He expects last week's price of $1.49 per head for Romaine and Chinese lettuce to rise this week as suppliers up their price.

Even at the ridiculously high price of $1.99 per head Beckstead said stores aren't making any profit.

"Most stores should sell at $2.59 per head," he said. "We don't take the overhead."

Most people want lettuce until they see the price of it added Beckstead. He said the price usually rises at Christmas time but he has never seen it so high before.

But salad lovers, dieters and rabbits can take heart. Prices should fall to normal levels in two or three weeks. In the meantime will you ever find a better excuse to nibble on some chocolate?

New Beavers

Several young gentlemen were inducted into the Beavers Pack in Morrisburg last week. They are (front, l-r) Josh McIntosh, Jamie Paradis, James McConnell, David Claxton; (back row, l-r) Mark Spencer, Dustin Fife, Robert Annable, Bobby Paradis, James Testerink, Jordan Drennan. Leaders are (l-r) Cindy Froats, Susan Cadieux and Sharon Jones. —O'Brien photo

Tourist council seeks large budget increase

CORNWALL — The Seaway Valley Tourist Council may be seeking to increase its budget by more than 40 per cent over the next year to help offset costs for a more aggressive marketing campaign.

The member municipalities of SVTC include Prescott, Grenville, Cornwall and the United Counties of Stormont, Dundas and Glengarry. Each municipality is assessed on a per capita basis.

The proposed budget for 1988 includes a spending increase of 17 per cent, or about $15,000 more than last year's budget of $70,000.

SVTC produced a brochure this year to be distributed in time for next season's tourist campaign which cost $17,000. In addition, a video promoting the Seaway Valley was produced and SVTC wants to purchase three portable VCRs and television units, at a cost of $6,000, to show it. In all the council is hoping to spend about $24,500 on new items next year.

The SVTC began 1987 with a $9,300 surplus from the previous year. About $3,000 will be left over at the end of the year. The council is hoping to produce more videos featuring Seaway Valley tourist attractions, create new brochures, improve existing tourist brochures and visit travel and trade shows.

If member municipalities accept the increased funding proposal, the average cost will be 38.3 cents per capita.

Other communities in Ontario, such as Renfrew, on average pay more than $1 per person.

Better phone service

MORRISBURG — Area residents will no longer have to make two phone calls to get in touch with the police.

Anyone who calls the Morrisburg O.P.P. after office hours will no longer get a recorded message telling them to call the Long Sault O.P.P. or Zenith 50000, but will immediately be connected with the Long Sault detachment.

Sergeant Jim Graham, commander of the Morrisburg O.P.P., said the switchover to immediate 24 hour answering was done to make it easier and quicker for people to get in touch with police.

Graham said someone calling to inform police about about a suspicious person in the area is less likely to make two phone calls.

The answering machine has been used for many years, ever since the Morrisburg office has been closed during the late night hours. Graham said he hopes the one call service will help promote better co-operation with the public.

Graduation ceremonies

CORNWALL — The Stormont, Dundas and Glengarry Country Board of Education (Alternative School) will be holding graduation ceremonies on Fri., Nov. 27 at CCVS. The ceremonies get underway at 7:30 p.m.

The first graduation ceremony for students who achieved their Grade 12 certificate through the Alternative School was held in 1985. Over 100 people have completed the program since then.

Approximately 35 graduates from the three United Counties will be presented with diplomas to recognize their achievement. T.R. Leger, Director of Education with the S.D.&G. Board will give the address.

The public is invited to attend. CCVS is located on the corner of Sydney and Fourth Street.

Silo death accidental but preventable: inquest

continued from page 1

limiting," said Johnstone. "As I'm selling each one I tell them they are not allowed to go in there because there is no oxygen to support life."

He said the one-sixth strength test conducted by the Centre for Forensic Science was not consistent with his knowledge of the product, but if farmers didn't lower the top of the liner when emptying it or filling it like he recommended, the liner could tear.

Ron Peters, a representative of the Guelph-based company that manufactures the liner said he helped devise the specifications of the liner but no testing was done to determine its strength. He said the company devised an eight point list in the fall of 1983 on the use of the liner but that Johnstone didn't have any to give out to customers. He admitted nothing was written about lowering the ring and liner when emptying or filling a silo and all instructions were passed word of mouth.

Different story

Archie Mellan of R.R.1 Brinston was called to testify about his experience with the silo liner on his farm. He purchased his liner from Johnstone in 1985 and admitted he had problems with liner rips and corn sticking to the sides. He also used to walk around the outside of the liner pushing the corn to the bottom of the silo.

He said he followed proper instructions and lowered the liner and ring but two rips occurred in the liner this year.

The first rip occurred about 10 feet from the floor along the seam and the second rip occurred at the next seam, five feet above.

"It started small, about six inches to one foot, but it ripped like tissue paper," he said. "Both rips were under my feet when I was just walking on it. My brother and I tried to clamp it off but everytime we came near that spot it ripped more."

Mellan said he and his brother were ignorant when it came to the complexity and danger of gases trapped in the oxygen limited liner.

"When the corn got stuck we would unclamp the rip, hold our breath and go down and shovel like crazy until we had enough feed for a day or so," said Mellan. "We did not understand fully at the time how quickly and deadly the gas was or we never would have done it."

Mellan said he called Johnstone to fix the rips and he sent one of his employees to take care of the problem. "He said he didn't think it should rip on a seam like that," testified Mellan.

Mellan said he became aware of the liner, which was cheaper than building an oxygen limiting silo, at a farm show in Ottawa. He said he knew it could be dangerous but was not aware just how dangerous it could be. He also said he was never told not to walk on the liner.

"The first time the corn stopped coming out we called Ron Johnstone," said Mellan. "He asked us if we had the problem before and then suggested we go in first and try walking around the liner pushing it. We never supposed in our wildest dreams it would rip on a seam like that."

Coroner's report

Dr. Slowey told the jury that the Ontario Task Force report on Health and Safety in Agriculture determined that farming had the third highest accident rate. He said there is a compulsory inquest in mining and construction accidents but not for agriculture accidents. There have been 25 farm fatalities this year and 134 from 1981 to 1984.

"He went into that silo not knowing the liner would tear on a seam," Dr. Slowey told the jury. "You've heard how farmers deal with this at risk to their own lives all in the interest of producing food. Farmers are too precious to lose for lack of industrial standards and those who are left shouldn't have to die in the process. No industry would put up with this and we shouldn't have to."

Dr. Slowey told the jury he wanted them to deliver a strong recommendation concerning safety standards in the farming industry and advised them to make other recommendations they thought fit.

Jury's recommendation

The jury recommended the government legislate the Ontario Farm Machinery Board be given responsibility for keeping itself informed about experience with farm machinery in Ontario and establishing safety standards for machinery performance and influence farm machinery design and construction.

It also recommended that all agricultural fatalities have mandatory inquests: that air packs and proper warning signs are sold with silo packages; and that government inspection be carried out during silo liner installations if and when legislation is approved.

The fifth recommendation said no worker should enter a silo or silo liner alone without a lifeline attached to a second person outside the silo and have signs posted as such.

The silo liner manufacturers must be responsible for distributing more and better literature to silo liner owners; and silo liners be investigated now by the Ontario Farm Machinery Board and recommendations for safety standards and future use be determined.

Police Report

MORRISBURG — OPP here report one accident which occurred on Nov. 21 at 8:15 p.m.

Robbie Casselman, 16, of R.R.1, Williamsburg was driving westbound on Whitteker Road east of Hwy. 31 when a deer crossed the path of his vehicle.

He avoided hitting the deer by braking and swerving into the south ditch where his 1978 Chevrolet pick-up rolled onto its roof.

He was not injured and the deer escaped with its life. There was $2,000 damage to the pick-up.

•

Statistics for the week of Nov. 15 to 21 are as follows:

12 hour licence suspensions	4
alcohol related criminal code traffic charges	6
persons charged with alcohol related criminal code offences	4
highway traffic act charges	186
highway traffic act warnings	39
liquor licence act charges	2

Local students to hold own torch run

DOUG CARSON
Leader staff

IROQUOIS — All Don Fairweather is trying to do is make the odds a little better for students in the three United Counties.

Fairweather, a teacher at Seaway District High School, is organizing a torch relay for students in grade 7 and up, much like the real Olympic torch relay currently winding its way across Canada.

Fairweather said he is doing it because he would like to see students feel more a part of the Olympics.

"I want them to know that the Olympics aren't just for elite athletes, sports are for everybody," he said.

Around seven million Canadians sent in applications to be part of the Olympic torch relay, and around 7,000 were chosen, not very good odds of being selected, said Fairweather.

Fairweather said their run will involve approximately 650 students from junior high and high schools throughout the area, and by the time the runners finish at Maple Ridge, the run will have lasted five days and covered 325 kilometres.

Fairweather is currently in contact with Petro Canada, the sponsor of the Olympic torch run, to see if a torch is available for the project. He has also received the go ahead from the school board and is hoping to have the runners, who will run in pairs, escorted by an O.P.P. cruiser.

Several of Fairweather's students applied to be part of the Olympic torch run, and he said they seem enthusiastic about the simulated run.

He said he has contacted principals of the schools involved and they also seem enthusiastic about the project.

Fairweather said he expects the run to make the students more aware of the Olympic torch run and the Olympics themselves, and also give the public a preview of the real thing, which will be coming through the area in mid-December.

The school torch run is planned for Dec. 7 to 11.

R.I.D.E. program pays

This is the week when area drivers in particular should not be surprised if they become a part of a province-wide check into some of their driving practices, specifically the practice of driving while impaired by alcohol or other substances.

Since its inception just a few years ago, the R.I.D.E. program has been a most positive influence in removing from the busy traffic lanes of Ontario, hundreds of persons who are endangering not only their own lives, but the lives and property of millions of other motorists (and pedestrians as well).

Probably only those who have experienced a family bereavement through the actions of an impaired driver can appreciate to the fullest, the monstrosity of the threat posed, and the importance of removing this threat to the safety of every man, woman and child in the province.

The police officers who conduct these periodic checks are not doing so to interfere with anyone's jollity or enjoyment of any holiday. They are doing it for only one reason — to save lives. They measure the success of a campaign by only one yardstick — a reduction from the number of projected injuries and fatalities.

All motorists should be happy to cooperate with the police in this effort. Any motorist sufficiently responsible to be issued a driver's licence, should also be sufficiently responsible to avoid becoming a danger to himself/herself, or to fellow members of the community.

If you happen to be one of those drivers checked, why not thank the officer for the good job being done? They deserve your thanks and your encouragement. They must be out in all kinds of inclement weather, under the most difficult driving and working conditions in their efforts to save lives. And don't forget — one of the lives they save could very well be yours.

Important role for library

Far from being outdated by the influx of electronic communications and home computers, and other marvels of the electronic age, the printed word continues to gain steadily in its importance and influence. Newspapers and magazines are enjoying circulation booms far in excess of pre-television times, despite the fact that some periodicals have ceased publication, and that subscription prices have been forced steadily upward by inflation of wages, postage and other costs.

One might logically suspect that patronage of public libraries would have been in sharp decline during the past few decades, but the hard fact of the matter is that just the opposite is the case; libraries are increasing in number, improving immensely in their quality and in facilities offered, and the number of young readers too, is steadily increasing.

It was, of course, the invention of the printing press which released mankind from the long darkness of the Middle Ages. The printed pages told of the vast interesting world beyond the confines of the country villages, and the poverty-stricken, vermin-infested cities of those times.

The Mechanics' Institutes, among the earliest organizations in this country to provide accessible reading materials, opened the doors of learning to people who could not afford to purchase their own books. Many years ago, there was a Mechanics' Institute in Morrisburg.

Today's public libraries not only make the wide selection of books on their shelves available for a tiny fee, they have gone even further, in establishing story hours, films and other attractions for children, often with the help of volunteers; many libraries, too, have films available for public viewing. There are soft cover books for loan to readers. In short, the libraries have now become active participants in the complete education of the population. In our area, the Tri-Counties Library and the Eastern Ontario Library have made immense contributions to the information and the learning freely available to every resident of the district.

Radio and television are certainly valuable lines of communication in our modern society, but the percentage of total time which these media devote to cultural and informative programming is not too impressive. Our public libraries have an important role to fill by making available those great works which have formed the basis of our language, our culture, our society. They are filling that role admirably.

Day care and tax money

By Parker Barss Donham in
The Port Hawkesbury, N.S. Reporter

Kevin MacLeod pulls down $38,000 a year as a laboratory technologist — a nice salary, but not as nice as the $57,000 his wife makes as a lawyer with a provincial attorney-general's department.

The MacLeods' combined $95,000 income serves as their ticket of admission to the good life; Kevin drives an Accord, Carolyn an Audi. Their split-level home in Cole Harbor comes with the latest geegaws, up to and including the compact disc player Kevin got last Christmas. They slip away each March for two weeks in the sun. Their burgeoning RRSP accounts assure a comfortable dotage.

There are costs to the good life, however. The MacLeods do not get to spend as much time as they would like with their kids, Kendra, age 4 and Jamie, age 2. The notion that they make up in "quality time" what they miss in quantity of time only partly assuages their regret.

At $67 per week per child, day care takes a $6,000 bite out of their income.

In case, you have not guessed, the MacLeods are fictitious, but we all know people like them.

Question: Does society — i.e. government — owe the MacLeods any help with the financial burden of day care?

I think not. The MacLeods, after all, chose to combine the rigors of raising a family with the rewards of pursuing separate, out-of-home careers. Day care is a significant expense for them, but it is certainly affordable.

The Canadian Day Care Advocacy Association, which orchestrated a stormy protest against a parliamentary committee's report on day care, would like the federal and provincial governments to pay 85 per cent of the cost of keeping Kendra and Jamie in a licensed day care centre. If the proposals become law, the MacLeods would get a $5,100 gift each year from the government — to add to their $95,000 income. You do not have to be a closet right-winger, or even anti-day-care, to see that such a proposal is silly and self-serving.

Day care is an undeniable necessity of life in the 1980s. Single parents cannot work without it, and many families need two incomes to escape poverty.

Expanding the choices available to such parents and families is a major task confronting society. Subsidizing the trendy lifestyle of yuppie households is not.

Government help ought to be aimed at those who need it.

This Week In Morrisburg's History

Compiled from The Leader's fyles
by Bonnie McNairn

1977

Headlines in the November 23rd, 1977 issue of The Leader read Dr. Pendergast to explain diggings. Dr. Pendergast was to speak to individuals who were interested in the dig at Williamsburg. A number of skeletons had been uncovered and were verified as the remains of habitants of an Indian Village located immediately south of the hamlet some 400 years ago. Relatives of the Iroquois band, now living on the reservation at St. Regis and Cornwall Island had led a protest against the Pendergast team.

George Richmire of Williamsburg won top honors at the Royal Winter Fair in Toronto picking up eight firsts with a variety of hen and cock exhibits in the poultry section.

The Morrisburg and District Arts and Crafts Association held its second annual show.

Mr. and Mrs. Bill Hopkins celebrated their 50th wedding anniversary.

The Morrisburg Junior B Lions lost the services of Jim Whelan when he broke his wrist in a game against Spencerville. The Lions were in first place in their division with five wins and no losses.

At Heinz Food Market a 15 ounce box of Cheerios was 95 cents and a five pound box of Tide powdered detergent was $2.59.

1967

The November 24th, 1967 issue of The Leader reported Ken Felker, construction supervisor for Cruickshank Construction Co. of Morrisburg, was injured at Winchester when the excavation in which he was working caved in. He was working on a sewer extension on Clarence Street when the shoring gave way and partially buried him. He suffered from a broken jaw and undetermined internal injuries.

A historic memorial was erected in the yard of Holy Trinity U.E.L. Anglican Church, Riverside Heights to the memory of Captain Jacob Weegar, 1753-1827. This soldier-statesman was one of a small band of determined Loyalists who had fought through the American Rebellion, 1776-1781, and planted their roots in Dundas County. It was this group which helped to found the platform upon which the Royal Province of Upper Canada was built. The Weegars originated from Bavaria by Germany's Black Forest. After fleeing Germany, because of persecutive political and religious wars, to England they eventually settled in the Thirteen English Colonies of America. Jacob settled at Herkimer, New York and his strong British loyalities resulted with him enlisting in the Loyalist forces at the outbreak of the American Rebellion. After the rebellion he received a land grant in Prince Edward Island but because most of his comrades were settling in Eastern Ontario he either sold his lands or exchanged them for lands in Williamsburg Township. His holdings here, were extensive spreading from Williamsburg to the river front of West Williamsburg, now Morrisburg. The original gravestone to Capt. Jacob Weegar was turned over to the authorities during the Seaway upheaval for preservation but was lost or destroyed.

1957

The November 26th, 1957 issue of The Leader reported Reeve George E. Beavers, the entire 1957 council, public school board trustees and hydro commissioner were re-elected by acclamation. It was Mr. Beavers' seventh term in office. Members of council included H.B. Duvall, J.A. Edgerton, A.W. Guay and M.D. Wilson. School board trustees were Marion Coligan, Rev. F. L. Howald and Mrs. David Morgan and John Thompson was hydro commissioner.

Mrs. Raymond Dowe, correspondent for Riverside Heights, wrote the residents of Riverside Heights were very proud of their new settlement, three miles east of Morrisburg, and they believed it would become one of the most attractive sub-divisions along the river front. The community had created a three-man community committee to serve its interests, including G.F. Jowett, chairman, Mr. F. Fisher and Mr. C. Crober. Due to the initiative of the residents power, telephone and postal services had been quickly installed. Two motels were under construction just east of Riverside Heights and several applications for a general store had been received by the Williamsburg Planning Board.

1947

The November 21st, 1947 issue of The Leader reported Oscar Beckstead and Oscar Couglar had been nominated for Reeve in Williamsburg Township.

At the Quality Meat Market large white onions were 10 pounds for 49 cents and shoulder roast pork was 37 cents a pound.

Johnny Weissmuller and Brenda Joyce were starring in Tarzan and the Huntress at the Cameo Theatre.

The Hydro-Electric Commission of Ontario was advertising regulations applying to certain uses of electricity in Ontario. The requirements of war production and the scarcity of materials since, had restricted the construction of electric power developments, while consumption of electric power had continued to increase. Some regulations included no lighting of interior or exterior signs, no interior or exterior lighting of show windows, no lighting for decorative or advertising purposes and no outdoor lighting for parking lots, used-car lots or service stations. There could be no street lighting between sunrise and sunset.

1937

It was reported in the November 26th, 1937 issue of The Leader that Arthur Flynn and Fred H. Broder had been nominated for the position of Reeve in the Village of Morrisburg.

A committee consisting of Dr. W. C. Davy, D. H. Wire and Fred S. Broder had been appointed by the Morrisburg Curling Club to assist the ladies in the formation of a ladies club. A meeting of all the ladies of the town, interested in curling, was planned.

Tody Hall and his orchestra made their Morrisburg debut at Casselman's Hall was a large crowd in attendance. After playing only a few weeks, these boys were fast becoming one of the most popular orchestras in Eastern Ontario.

At Beckstead's Market grapes were two pounds for 23 cents and hamburg steak was 10 cents a pound.

1927

The November 25th, 1927 issue of The Leader reported the United Church was having a roast chicken supper complete with stuffing, potatoes, salad, pickles and pies at a cost of 35 cents a person.

At Dominion Stores Ltd. toilet paper was six rolls for 19 cents and black tea was 59 cents a pound.

the Kitchen Garden

V.A. Hughes

Roots and such

November has much in common with March, one morning you can wake up to find snow on the ground, the sky a leaden grey, and a nasty wind whipping round the northern corner of the house. On days like this we wonder what on earth we're doing in this part of the country — that's when the balmy weather of the West Coast beckons. The next day a brilliant sun melts the meager snow cover and warms the soul and we wouldn't want to be anywhere else.

November is a month of contrasts, the billiant fall colors have disappeared leaving a subtler landscape etched in black and white. The long grasses up at the lake have held their frosty coating, and look like something in a Japanese painting. Ice is forming on the banks of the stream as it wanders down the mountain, but the water in the swamp that feeds it is still open, probably due to the nocturnal activity of the resident beaver.

This morning we took advantage of a break in the weather to do some work outside. Warm weather in November always makes us suspicious, but not enough to waste time wondering whether or not to go out. Last chances don't come that often and December will soon be upon us.

The job was lifting Rhubarb roots which don't give up easily. Once set they are determined to stay, but they often benefit from being dug and split every three years suggests Lois Wilson in Chatelaine's Gardening Book.

If that be the case we plan to do it on a rotating system lifting one of the three plants every year. Leaving them any longer encourages them to make massive immoveable roots. We found ourselves wrestling them to the ground and losing in more than one instance but we ended up with two good sized chunks of root and one small crown. By dividing them into several pieces we should have enough Rhubarb for several pies and a bowl or two of "Spring Tonic". A chilled bowl of Rhubarb for breakfast is one of those eye-opening treats, like a hot shower that gets the day off to a good start.

While lifting the Rhubarb we disturbed the stalks of the Jerusalem Artichokes and lo and behold uncovered a nest of "chokes" looking like a clutch of newly laid eggs. Wiping the mud off on the wet grass we took a bite, nothing crunches quite the same as fresh Artichokes.

We'll give them another try in the kitchen, although results so far have been somewhat disappointing. We've tried them in soups, and salads, but never anything worth repeating and it seems a shame since they are so easy to grow. Jim Crockett recommends them roasted with lamb and anything roasted with lamb should be good.

Continuing good weather this past weekend meant that we got the Rhubarb and the Artichokes planted. Unfortunately the racoons discovered the bags of fresh chicken litter and spread it liberally around the outhouse, where we had them stacked. We wouldn't have minded if they'd scattered it over the vegetable patch. Obviously if we're going to garden in the wild we'll have to learn to speak "Raccoon".

With a good supply of "chokes" on hand we are going to investigate the culinary possibilities — so far we are coming up with more recipes in the collection of European cookbooks than in the North American ones. Will report next week.

LETTERS TO THE EDITOR

Dear Sir:-

Smoking in Schools

The Stormont, Dundas and Glengarry Catholic Schools have recently enacted a policy for the total elimination of smoking on school premises. Unfortunately, the three other boards of education in the five county region served by this Health Unit have not.

The verdict is in on passive or second hand smoke — and it's been in for some years. It is dangerous. These trustees are, I am sure, aware of this, but they have no policies to ban smoking in their schools.

Here are a few facts:

1. It is almost impossible (and extremely expensive) to seal off designated areas. In any case, smoking clings to the breath, the body and to clothes. Designated areas are only a short step on the way to a total ban but three boards have no policies...

2. Public opinion surveys carried out by the Health Unit in parts of the five county area this summer show that 80 per cent of adults believe smoking should be banned completely on school premises. Smokers and non-smokers were of the same opinion but three boards have no policies...

3. There is incontravertible evidence that involuntary exposure to smoke causes lung cancer. (Smokers have some protection from filters.) It is estimated that between 250 and 520 people die from second hand smoke in Canada every year — the third ranked cause of such deaths. A study in France indicates that passive smokers have twice as many cancers related to tobacco as people who are not subjected to second hand smoke but three boards have no policies...

4. Our public opinion surveys this summer showed in Cornwall, there has been a 3 per cent reduction in smoking inside six months. We still have one of the highest prevalence rates of smoking in Canada but three boards have no policies...

5. A recent study in Hamilton has shown that involuntary smoke harms children more than any other form of air pollution but three boards have no policies...

6. Smoking causes allergic reactions in children. They get asthma, headaches, and sore throats from it. In plain words, cigarettes stink and cause foul breath. Smoking on school premises sets a lethal example for students but three boards have no policies...

I make a public appeal to these trustees to save the children and I invite parents, students and the public to join the Health Unit in demanding that they weed out the weed. NO CIGARETTES — NO REGRETS.

Yours truly,

Robert Bourdeau,
M.D., F.R.C.S.(C)
Medical Officer of Health

Local conference

The Stormont, Dundas and Glengarry County Board of Education and the Cornwall Tourism and Convention Office are pleased to announced that the Ontario Co-Operative Education Association (O.C.E.A.) will be holding its 1989 Annual Conference in the City of Cornwall. The Conference will cover a period of three days and is expected to draw approximately 600 delegates from educational organizations and Boards of Education throughout the province. George King, President of the Ontario Co-Operative Education Association announced the decision of the Board of Directors to hold its Annual Convention in Cornwall while commenting that the Cornwall presentation and the expectations for a successful conference are both of high calibre.

Employees of the Stormont, Dundas and Glengarry County Board of Education involved in Co-Operative Education and who are members of the Ontario Co-Operative Education Association, initiated this conference bid earlier in 1987. A bid presentation was prepared in conjunction with Joyce Gravelle from the Cornwall Tourism and Convention Office and presented to the executive of the provincial association at the 1987 Annual Conference.

The Stormont, Dundas and Glengarry County Board of Education not only remains committed to the improvement of Co-Operative Education programs but continues to be a Board showing leadership in the advancement and development of programs that have occurred over the past years. Furthermore, they have developed new programs, taught co-operative education courses for Queen's University and have been innovators in Alternative methods of delivery.

The 1989 Conference will be under the Chairmanship of Yvon Mayer, Co-ordinator of Co-Operative Education programs for the Stormont, Dundas and Glengarry County Board of Education. Gerald Samson, from the Alternative School for the Board of Education will serve as O.C.E.A. secretary.

OBITUARIES

Nita Pruner

On Oct. 25, 1987, Mrs. Nita Pruner of Fort Saskatchewan passed away at the age of 90 years.

She is survived by one daughter, Winona Keicks and her husband Graham of the Fort; grandchildren David and Susanne, Ruth and Raymond, Dian and Roger, Barbara-Jean and Shelly-Lynn; seven great-grandchildren; three sisters, Flossie, Ada and Grace, all of Ontario.

Mrs. Pruner was predeceased by her husband Lockwood in 1978, son Ronald in 1975 and two brothers.

Funeral services were held Oct. 27, at First United Church. Rev. Dr. Peter Ream officiated. Interment followed in the family plot at Fort Saskatchewan Cemetery.

In lieu of flowers, memorial donations may be made the the Canadian Cancer Society, 11810 Kingsway Avenue, Edmonton, Alberta, T5G 0X5.

Riverview Funeral Services in charge of all arrangements.

In Ingleside

Seniors welcome Australian

INGLESIDE — On November 16, 66 members of the Ingleside Senior Citizens' Club, No. 283, met in St. Matthew's Church Hall.

The meeting opened with O Canada, and Happy Birthday was sung to four members celebrating in November.

The minutes of the October meeting were read and approved. The Treasurer's report was read by Bill Carmichael who moved its acceptance.

Miriam Brady sent six cards from the benevolent committee. One marked the 56th wedding anniversary of John and Kathleen McFarlane. Members who had received cards thanked the group.

Eleven players bowled at the last outing.

Enid Wasson, Mansel Flegg and Art Buckmaster attended the Zone meeting in Chesterville in October.

The President reported on the activities for the day the Olympic Torch passes through Ingleside. That is planned for December 17 near noon. A motion was made by Bill Carmichael, seconded by Dr. Wasson, to give the school $50 to be used on that day — possibly for a free lunch.

The Federal Government is going to mark the passing of the Olympic Flame by making awards to people who have made outstanding contributions to sports and other community activities. A box was provided for names of possible eligible persons.

Lou Cross introduced Gil Burns, a Rotary exchange student from Australia. She showed slides and gave a very lively description of her life and country. Nellie Stillson thanked Miss Burns and presented a gift from the club.

In closing the meeting Rita Partridge gave best wishes to members who will be travelling South, with special words for Violet De Silva who leaves soon for a visit to Australia.

After Dr. Wasson gave the blessing a delicious dinner was served.

The door prizes were won by Rita Coney and Mildred Baker.

Members played bingo, euchre and shuffleboard.

WDMH Auxiliary hold Nov. meeting

WINCHESTER — The November meeting of the Winchester District Memorial Hospital Auxiliary took place on Thursday, Nov. 12 at 2 p.m. in the conference room with 25 members representing seven units present.

Cheques were received from Morrisburg for $700 and Summers Cass Bridge Maple Ridge for $684.50.

Director of volunteers, Mrs. Jones, reported a total of 366.5 hours worked by senior in-service volunteers with 51 hours of meetings and 57 hours worked by the teens.

Sunshine Circle workers have worked a total of 121 hours since the last report in September.

The 1st East Christmas party will take place on Dec. 15 under the direction of Evelyn Cowan.

The date of the Brides of a Century, the Auxiliary's contribution to Winchester's Centennial is Aug. 2 at 8 p.m. in the Winchester Arena.

Members were given a final report on the International Bazaar and Festival held Oct. 17. Due to a successful two years it was agreed that the auxiliary would again sponsor another Festival and Bazaar next year.

On a recommendation from the purchasing committee at their Nov. meeting it was agreed that the auxiliary replace a chair in the Family Lounge, purchase pictures for the patients' rooms and upgrade and improve the decor in the X-ray waiting room. Reports were heard from the regional conference attended on Oct. 21 at the Talisman.

The members were asked to consider a proposal to accept the project to be responsible for the television rentals to patients in hospital.

The firm of Sterivision has been responsible in the past, but due to what is considered a low rental activity, which makes it financially uneconomical to them to continue, they are forced to withdraw their service. It is felt that with volunteer service on a six part day a week basis there is a potential income for the auxiliary.

Members were asked to consider the possibility of running such a service and it was felt that perhaps some retired gentleman or lady might like to make this particular project their own. If you would be interested in this sort of community service please call Gail VanNoy at 774-3025. The meeting was adjourned at 4 p.m.

AUCTION

DUNDAS COUNTY ACREAGES

The following lands will be offered for sale by Public Auction on **Thursday, December 3, 1987** on site.

MATILDA TOWNSHIP — 73 acres located south east of Dundela on the road between Concession 3 and 4 or approximately 9 km. north east of Iroquois.

This property contains about 70 workable leased acres of which about 40 acres are tile drained. Legally described as Part of Lot 5 and 6, Con. 4, this parcel will be offered for sale at 10:30 a.m.

MOUNTAIN TOWNSHIP — 103 acres, Part of Lot 10, Concession 3, (Part 1 on Plan 8R-97) located 3 km. north easterly of South Mountain with frontage on 2 concession roads. Approximately 50 acres is leased workable land, of which about 24 acres are tile drained. The balance is rough pasture, old orchard and mixed bush. To be offered for sale at 12:30 p.m.

TERMS AND CONDITIONS
A deposit of $1,000 cash or certified cheque made payable to the Treasurer of Ontario is required on the day of the sale for each property. The balance is payable within 120 days from the date of acceptance of the successful bid.

The Ministry gives no warranty expressed or implied as to the condition of the property or as to the purpose for which it may be used. The property is being sold on an "as is" basis and it is the Purchaser's responsibility to examine the condition of all structures and systems. Zoning or land use information may be obtained from the appropriate Municipal Authorities.

Sale is subject to a reserve price established by the Ministry.

No employee of the Ontario Government may participate in this sale.

For further information, please contact **Mr. B. Hallas,** Ministry of Government Services, Toronto, Telephone: **(416) 585-6956.** 46-47-48c

Village of Morrisburg

LEGAL NOTICE

NOTICE OF PASSING OF A BY-LAW FOR STOPPING-UP, CLOSING AND SALE OF PART OF BRUCE STREET, PLAN 29, VILLAGE OF MORRISBURG, COUNTY OF DUNDAS

TAKE NOTICE that the Municipal Council of the Village of Morrisburg proposes to pass a by-law one month from the date of this notice for the stopping-up, closing and sale of that part of Bruce Street, more particularly described as follows:

All that portion of Bruce Street, Registered Plan No. 29, in the Village of Morrisburg, in the County of Dundas, in the Province of Ontario and being all that portion of Bruce Street, lying west of the following described line:

PREMISING that the bearings are astronomic and are referred to the meridian through International Boundary Monument No. 11, Township of Cornwall.

COMMENCING at the northwest angle of Lot 3, on Bruce Street, Block 15;

THENCE north 30 degrees and 23 minutes west along the northerly production of the western limit of said Lot 3 a distance of 11.42 feet;

THENCE south 59 degrees, 47 minutes and 30 seconds west 0.49 feet, more or less, to the production southerly of the western limit of Lot 3 on Bruce Street, Block 16:

THENCE North 30 degrees, 22 minutes and 30 seconds west along said production to the southwest angle of the said Lot 3 on Bruce Street, Block 16;

BEING all of the lands previously described in Instrument No. 1982B, and illustrated on a survey attached thereto.

AND TAKE NOTICE that any person who claims that his land will be prejudicially affected by the proposed by-law should apply to the Deputy Municipal Clerk within one month from date for a hearing of his objection to the said by-law.

DATED at Morrisburg, Ontario, this 18th day of November, A.D., 1987.

The Board of Directors cordially invite you to a

GENERAL MEETING

TO BE HELD AT

SEAWAY ENTERPRISES
ALLISON AVE., MORRISBURG

Wednesday, December 2, 1987
AT 8:00 P.M.

Mr. Rick Tutt (of the OACL, formerly OAMR) will discuss plans and programs for the developmentally handicapped. Refreshments will be served. 46-c

Residents oppose plan

continued from page 1

to reflect the intentions of past plans," said Fisher. "We're not asking anything out of the ordinary. The land is owned by Ontario Hydro and it was held until the market was ready for residential development. If Block L was severed into four lots today it would sell quite easily."

Iroquois resident Steven Law presented council with a petition opposing the zoning amendment signed by 252 people.

"It was carried around the village by volunteers and I think it represents a significant number of houses in Iroquois," he said. "It shows some of the opposition to this amendment."

Plans inconsistent

Law said Hydro's claim that the land was recognized for residential purposes on every official plan is incorrect. He said he reviewed that South Dundas plan which was prepared in Oct. 1975, and in that version the land is zoned Open Space, not residential. If the village's official plan which was prepared in 1980 derived from the earlier plan with no changes, than Law said the land should still be zoned Open Space.

Law, who owns a piece of property across from Block L, said people bought in the area with the idea that the land was parkland.

"I believe rezoning will affect the value of property and the enjoyment of property," he said.

Further problems with rezoning, according to Law, are that village council has already encouraged subdivision development in other areas of the village and rezoning land in the centre of the community would be unfair to developers. He said by doing away with that piece of land, parking which is already congested in the area located close to the skating rink, will become worse and there will be no room for expansion.

Children use the park as a shortcut to school and it is easy for parents to watch them because the land is open. Law said if the land is developed it would give potential criminals plenty of places to hide and wait for children to pass through. He said the park should not be destroyed without plans for another park to replace it.

"Once parkland is gone it's gone forever, there's no doubt about it," he said. "Is Ontario Hydro in need of the money from the resale of the property? Maybe we can take a collection if it's that bad."

Options

County Planner Brian Weir said council has the options under the planning act to a say no to the bylaw request, approve the bylaw change or take no action. But after 30 days Ontario Hydro can request a hearing from the Ontario Municipal Board. Hydro can also appeal to OMB if council turns down its request.

"If council decides to go ahead with it, written formal objections received will go to the OMB," he said.

Jim Styles, a former councillor in the village wanted to know why Ontario Hydro hadn't offered to sell the land to the village when they purchased lots in the east end 10 years ago.

Peter Fedore, who also attended the meeting on behalf of Ontario Hydro, said the company owns acres of land throughout the province and omission of Block L was an oversight.

"We did not know about Block L until recently," he said. "We are finding these small parcels all over the place. Ontario Hydro is governed by the power corporation act which defines Ontario Hydro's responsibility to serve the ratepayers of Ontario. We are not in a position to provide gifts to municipalities. We can appraise the land and offer to sell it to the municipality first."

Resident Brooke Leightizer suggested the village purchase the land from Hydro and leave it as Open Space. He said the village is characterized by its open spaces and few residents wish to see open spaces changed to residential or industrial use in the village.

Offer $1

Carl Vancamp said he went through the Seaway project and Ontario Hydro is no more efficient now than in 1958.

"It took them 30 years to find out they owned four pieces of land. If lots had been sold back then it would cost $1,000," he said. "People have bought property over that way and considered the land parkland and now it turns up residential and Hydro wants to sell it. We'll offer them $1 for it. That's legal tender."

Fedore said the situation may look like a big mistake but Ontario Hydro did not start a marketing strategy to sell land until five years ago. Before then the company was approached by people wanting to buy land.

"If anyone had written in to us and asked if Block L was for sale this would have been brought to my attention," he said.

Council decided to think the matter over and will make its decision at their meeting this week. Reeve Frank Rooney invited the 30 people in attendance to come to the council meeting for the decision.

Sidewalk repair

Following a complaint from Art Laurin, Morrisburg village council decided to fix the grating and sidewalk located in the shopping centre between Lee's Restaurant, Seaway Valley Pharmacy and The Leader office. The sidewalk is now smooth and presents less hazards to pedestrians.

Town league hockey

Twisters leave Blues behind

MORRISBURG — After being tied for first place in town league hockey for three consecutive weeks the Twisters finally left the Blues behind here Thursday night.

While the Twisters worked their way to a 6-4 victory over the Black and Brown Flyers the Blues fell victim to the Sweet Greens 5-2, the loss knocking them into third place.

The Twisters are now out front with 10 points, the Greens have nine and the Blues eight. The Flyers are holding the pace with seven points, Castles has six and Veinottes two.

Take over first

The Twisters took over first place with a 6-4 win against the Flyers. Opening with a powerplay goal from Barry VanAllen the Twisters led 3-2 after the first period. Backing Van Allen were Larry Smith and Fred Osler. For the Flyers, first period goals came from Jim Tuttle and Dave Tait.

The second period saw Flyers Mike Laurin tie it but the Twisters couldn't be held, Steve Casselman putting them ahead two minutes later. Again the Flyers came back, this time on a tally by Barry Elliott but again it wasn't enough. Gary Jarvis struck for the winner with 1:20 left in the game and 18 seconds later Mike Hogan added the insurance.

Big win

The Sweet Dreams came up with a big win against the Blues to knock them into third place in the standings.

Starting it off with four unanswered first period tallies they coasted to a 5-2 victory despite a two goal performance from Blues Chris Greer in the final.

Donald Black led the Greens with a pair and Allen McNairn, Sean Boulerice and Kevin Brown had singles.

Dig Deeper

Veinottes dug themselves a little deeper into the basement when they gave up a loss to Castles 3-2. Castles led 2-1 after the first period but a shorthanded goal by Lynden Froom tied the game midway into the final. Castles took the win with an unassisted tally from Mark Nesbitt with 7:09 to go.

John Summers and Tim Cassell counted for Castles, leading to Nesbitt's winner, and Earl Nesbitt and Froom were Veinotte's marksmen.

The Leader Sports

Oldtimer tourney

Twenty teams provide action

MORRISBURG — Two hundred and thirty two goals were scored at the Morrisburg arena on the weekend, when 20 local hockey teams participated in the annual Williamsburg Oldtimer Hockey tournament.

Divided into four age divisions, the tournament attracted eight open teams, four in each of the over 30, 35 and 40 divisions.

Wayde Roles, spokesman for the Williamsburg team, said the weekend had been a big success with excellent hockey in all divisions.

"We were happy with the number of entries and especially pleased with the response from local merchants who advertised in our program," he said. "As well we received major sponsorship from Molson Breweries, Alberta Distilleries and Sports Unlimited."

Flyers on top

The first champs of the weekend were the Dundas Flyers in the four-team over 40 division. After working their way through round robin action undefeated the Flyers came up against the Chesterville Chops in the championship.

The two played to a 1-1 first period tie on goals from Len Bellamy for the Flyers and Chesterville's Lester Holmes. The Flyers really took off in the second (and final) period with George Willard, Jim Powers and Bellamy all finding the spot to give the Flyers a 4-2 win.

Les McAllister, who guarded the Flyers' pipes, was named the division's most valuable goaltender and Jim Powers was selected as the most valuable player.

The Flyers had preliminary round wins over Iroquois 6-2, Chesterville 6-2 and Greely 11-0. The Chops advanced to the final with wins over Greely 6-1 and Iroquois 5-3.

Knights undefeated

The Morrisburg Golden Knights picked up the over 35 championship silverware with a 4-3 victory over the Winchester Old Hawks.

Goals were traded in the first period by Steve Casselman of the Knights and Winchester's Harry Castle and then the two settled in, tying it 3-3 in the second and forcing overtime.

Finally the Knight's Roger Morrell found the spot for the 4-3 win.

Jack Notman, who was named the division's most valuable player, scored twice for the Knights and Gary Hoy and George Bloom had the other Winchester goals. Bob Carkner of the Old Hawks, who gave up only two goals in four games, three of them in the final, was named the most valuable goaltender.

The Knights went to the final on wins over the Old Hawks 3-0, Athens 7-0 and Prescott 4-1. Winchester advanced with a win against Prescott 5-2 and a 3-3 tie against Athens.

Cats come back

The Arctic Cats II were forced to recover from a first period which had them trailing Harvex 1-0. They came on strong in the second with four goals in just over two minutes to win the game 4-2 and claim the over 30 championship.

Phil Lyle gave Harvex the first period lead and Brian Halpenny counted once in the second. For Harvex Doug Hayes got it going with a pair and Doug Simpson and Dave Gordon had singles.

Jim Tuttle and Dean Ault of the Arctic Cats were named most valuable player and goalie respectively.

The Cats went to the final with wins over Harvex 4-3 and Spencerville 2-1 and Harvex advanced on wins against Spencerville 4-3 and Matilda 2-1.

Extremely close

The open division, which was divided into two four-team categories, was extremely close, the division including Winchester Hydro, Jiggers, Bouck's Hill Boulders and Morrisburg Chubbs ending up with three tied games.

But Hydro finally came out on top, after tying the Boulders 5-5, with wins over Jiggers 4-2 and the Chubbs 7-1. Their record advanced them to the A final and the Boulders, with two ties and a win, went to the B final.

On the other side Brockville ended up in first with wins over the Arctic Cats 7-1 and the Flamingos 5-3. The Flamingos, also with 2W-1L record, went to the B final.

Too strong

The A final resulted in the Hydro team being too much for Brockville. Although the first period ended in a 1-1 tie, Hydro turned it on in the second for six goals to Brockville's one for a 7-2 victory.

Doug Wilson, who was named MVP, had two Hydro goals and singles came from Lloyd Fawcett, Kelly Brace, Kevin Moore, Darryl Schelp and Keith McRoberts. Answering for Brockville was Jim Cahill and Brockville's Chris Lefreniere was named the division's top goalie.

Flamingos take B

The B final was won by the Flamingos with a 4-1 victory over the Boucks Hill Boulders. The Flamingos led 2-1 after the first on goals by Allen McNairn and Jim Whelan and Alan Black and Tom Hodgson finished it off in the second. Scott Corden connected for the lone Boulders' tally.

Flamingos goaltender, David Black was named MVP.

High school basketball

Spartans out in playoffs

IROQUOIS — The season came to a disappointing end for the Spartan basketball teams in S.D.&G. playoff action Thursday afternoon when the seniors lost to Rothwell-Osnabruck 52-44 and the juniors to Char-Lan 54-40.

Both teams finished the regular season in second place with 7W-3L records and advanced to the S.D.&G. semi-finals Thursday taking on the third place teams.

At the senior level Tagwi completed the year in first place and General Vanier took first for the juniors.

R-O advances

At Seaway Thursday, the R-O Lancers led throughout the game. They were up 11-7 at the quarter and carried a 20-17 advantage into the second half.

Stephanie Wells led the Lancers with 26 points and Lisa VanHoof contributed 21 for the Spartans with Kim Bucking adding 19.

Juniors struggle

The junior Spartans struggled throughout their game at Char-Lan. They trailed 12-3 at the quarter and 26-15 at the half as Char-Lan headed for the 54-40 victory.

Karen Arnott led Char-Lan with 26 points and Sharon Huyunga contributed 14. For the Spartans, Jennifer McNairn dropped 16 points and Kelly Tryon added 12.

Regular season ends

The Spartans finished the regular season at home last Tuesday, both with victories. The seniors, led by a 31 point performance from Kim Bucking, dropped R-O 65-51 and the juniors, with Jennifer McNairn contributing 19 points, defeated R-O, 48-35.

Flag football

Blue Meanies manhandle Greens

MORRISBURG — The Blue Meanies moved to within one win of the 1987 town league flag football championship with a 34-0 victory over the Greens here Sunday morning.

The Meanies took charge from the opening kick off by Phillip Dillabough, which the Greens picked up at the one yard line. In the next play Willy Pepers sacked Greens' quarterback Dave Tait in the end zone for a two point safety.

The Green team then came out to the 20 yard line to punt and again the Meanies took over, driving down field and scoring on a short pass to Robin Adams.

The Meanies defence held on the next Green attempt, handing it back to their offence for another TD. In this play Meanies' quarterback Tom Dawley threw a 10-yard side line pass to Phillip Dillabough who scored on a 30 yard run.

The single point conversion by Kevin Keyes gave the Meanies a 15-0 lead.

An interception by Meanies' Chris Jerry returned the ball to the Meanies who took advantage of the turnover for another six points from Robin Adams, the score, at the end of the half 21-0.

Exciting run

The Greens kicked to the Meanies in the second half, Tim Smith picking it up in the end zone where it appeared he would be sacked. But an exciting run put the Meanies in good field position enabling Dawley to score on a roll out option.

Tom Pepers was good for the conversion and the Meanies were in command 28-0.

The Meanies kicked to the Greens and Doug Wilson took over for Tait in the hope of getting something going.

But the first pass was intercepted by Willy Pepers who went in for another six to bring the score to 34-0.

The conversion again failed and the Meanies kicked to the Greens. The Green drive was ended by a Phillip Dillabough interception and the Blues proceeded to run out the clock.

Game two of the best-of-three series will be played this Sunday

Skate-a-thon pays off, $1,900 raised

MORRISBURG — The annual skate-a-thon, run this year by Morrisburg and District Minor Hockey Association and the Morrisburg Figure Skating Club paid off for both clubs who rely heavily on fund raising to see them through each year.

Diane Coleman of the minor hockey association was pleased with the $1900 profit realized by her group. "We had 39 participants which was down about three, but we still raised about the same money," she said. "I'm pleased with the results. We are drawing from a small area and reaching the same people all the time and we appreciate their support."

Coleman said the majority of the skaters were from the younger teams. Twenty-six skaters raised their registration or more and will received gifts of hockey sticks and 17 children doubled their registration and as a result will have their registration fee returned by minor hockey.

Junior players had to raise $120 or more to get their fee back and for the seniors it was $150.

The top team was the Novice Blues with nine skaters bringing in pledges of almost $1,000. They will be rewarded with a pizza party.

This year individual prizes were not given out to the top money raisers, but all participant's names were entered in a draw for gift certificates.

At the junior level the winners were Bobbie Bird, Chris VanBeilen and at the senior level they were Mike Adlington and Jeff Barclay.

Skaters happy

Grace Paulino of the figure skating club is also pleased with the results. Although she has not reached a final figure she had 27 skaters in total and they raised about $2,000 before costs.

"It was the first year for us and it's hard to get something started...but I'm happy with the response," she said. 'It's certainly much better than the bike-a-thon we ran in the past."

Last year's bike-a-thon profited only about $100.

Paulino expects to have a final figure next week.

Curling

Fifteen tests passed

MORRISBURG — The Ontario Skills Awards Program offered at the Morrisburg Curling Club Saturday morning resulted in 15 youngsters earning their first curling badge.

Allen Brunt, who ran the program, said everything had gone well with 20 youngsters attempting their first badge. "We had 15 passes and will retest the other five later in the season," he said.

Of those who were tested three were from the club's high school program and the remainder from the Little Rock group. "The high school curlers were out of town on Saturday or we probably would have had more," said Brunt.

The first badge level requires a basic knowledge of the game. "They had to show us they could slide, that they can read a scoreboard and throw a draw as well as a take out," said Brunt.

"The results showed us the children are doing fairly well and they pointed out some areas they need help in," said Brunt.

"Reading the scoreboard was quite a thing for some," he added. "I wish curling would adopt the baseball type scoreboard which would simplify things."

The Ontario Skills Award Program is new this year and compares to the Red Cross Swimming Awards program whereby participants receive badges as their skills develop.

Bantam B

Lions split games

MORRISBURG — The Morrisburg Bantam B Lions split a pair of Upper Canada Minor Hockey League games last week with a loss to North Dundas 5-4 and a win against South Grenville 4-0.

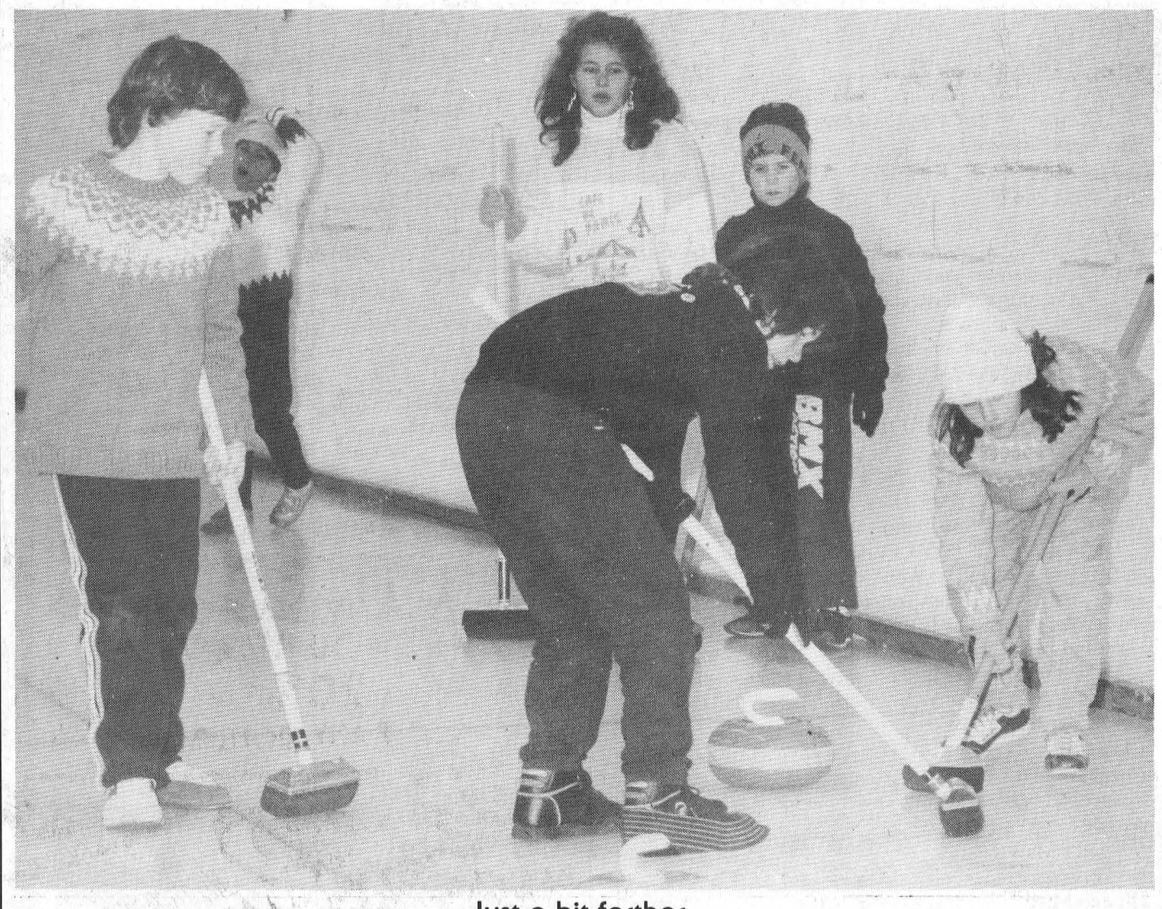
Lenny Beckstead was between the Lions pipes for the shutout as his teammates went to work for a 1-0 first period lead and carried a 2-0 advantage into the final.

Jeremy Morrow had a big game, figuring in on all four goals, scoring three of them and assisting on the other scored by Dale Serviss.

Last Tuesday night at Morrisburg a North Dundas goal by Derek Holmes with 2:20 left in the game gave the visitors the 5-4 win.

The two played to a 2-2 first period tie and in the second North Dundas moved ahead 4-0. The Lions came back to tie it in the third setting the stage for Holmes' winner.

Scoring for North Dundas were Scott Francis, with two, Terry Gibson, Troy McMillan and Holmes. Answering for the Lions were David Foster, with two, Dale Serviss and Dean Beckstead.



Just a bit farther

Little Rock curlers from Gananoque were unable to attend Saturday's funspiel at the Morrisburg Curling Club but the local youngsters made a day of it anyway. Above, Robin Loucks and Stephanie Cassell work on getting those few extra inches out of a rock.

—McNairn photo

Legion darts

MORRISBURG — The Spoilers and the Kings and Queens battled it out for first place in Legion Mixed Dart League action here Tuesday night, the victory going to the latter.

But while the Kings and Queens were busy putting some space between themselves and the Spoilers, the B 52s were working the Arrows for 11 points to catch up.

The Kings and Queens and the B 52s now share first place, with 68 points, the Spoilers have dropped back at 62 and the Arrows are way out of it with 51.

Gerry Roberts, spare, led the Kings and Queens with three wins and Pat Filiou and Orval Jackson had one each. Answering for the Spoilers were Elva Baker and George Baker.

Brian McNairn led the B 52s with two outs and Carl Schwerdtfeger, Karen Beckstead and Alice Tinker all had one. Answering for the Arrows was Bonnie McNairn.

The Strangers had a big night against the Awesomes with a 5-2 win. Floyd Elliott had the hot hand hitting for four outs and Bonnie Jarvis provided a single. Judy Laurin and Phillip Tinker found the spot for the Awesomes.

The No Outs worked their way into a tie for fourth place with the Strangers on four wins and a tie against the Odd Ones. Rick Vaughan had two No Outs wins and Mary Ann Whittaker and Charlotte Cougler had singles. Bob Henophy (spare) and Audrey Henophy struck for the Odd Ones.

The Double Ones continued to climb in the standings with a 5-2 win over the Flyers. Roy Lapierre had two outs and Lyle Beckstead, Doris Ward and Minnie Vaughan singles. Mary Barclay and Dalton Dawley had the Flyer outs.

Legion bowling

INGLESIDE — The Bad News Bears nestled into second place in Legion Mixed Bowling league action here Thursday night with a four-point win against the Dipsticks.

The win put them one point behind the Cyclones and one point ahead of the Silver Bullets.

Linda Stata was the top Bears roller with a 718 cross (194-208-316) and Chris Barkley produced a 627 (195-218-214). Leading the way for the Dipsticks was Martin Nicolaassen with a 601 (176-244-184).

The first place Cyclones defeated the Three Ballers, 3-1, with a big effort from Frank Marriner who crossed a 716 (215-221-280). Lynn Dillabough also had a strong night with a 681 cross (232-206-243).

The Silver Bullets held on to first place with a 3-1 win against the Back Spinners. For the Bullets Dennis Baker crossed a 605 (222-192-191) and answering for the Spinners was George Baker with a 638 (212-222-214).

The Go Getters and the Basement Team kept it even, splitting the four points up for grabs.

Vicki Boivin led the Go Getters with a 626 (271-192-163), Gary Cryderman had a 624 (164-285-175) and Barb Marriner a 610 (171-208-231). For the Basement Team Hartley Graham (spare) crossed a 661 (228-253-180) and Hilton Cryderman a 642 (206-221-215).

Riverside darts

RIVERSIDE HEIGHTS — The Close Calls jumped well into first place in Riverside Mixed Dart League action Wednesday night with eight wins.

Dave Robertson led the way with four outs and Betty Grey and John Gummeson had two each.

Also making a big step forward were the Hit and Miss who moved from last place to seventh with six wins. Charles Lewis Jr. led this effort with three outs, Jim Scott had two and Keith Johnston one.

The Cosmics remained in second with six wins and the Bozos in third with four. Sharon Wereley had four Cosmic's outs and Chris Casselman hit twice. For the Bozos, Elva Baker and Keith Wereley had two each.

Markell's Marvels crept a little closer to the Asteriks with four wins, the Asteriks managing only three. Rick Markell and Darlene Lortie had two Marvel wins each and Mike Lortie had two for the Asteriks with Clem Kaddie adding a single.

Four wins allowed the No Fools and Judy to hold on to sixth place. Guy Hart had a pair and Roger Markell and Judy Scott one each.

The Rejects and Kim's Cuties now find themselves tied for seventh place with the Hit and Miss. Don Lewis had three Rejects' outs and Gayle Hart had a single. For the Cuties it was Carl Schwerdtfeger, Kim Grey and Lloyd Smirle with singles.

Holding down last place are the No Names who had three wins from Gary Bradford, Lynn Dillabough (spare) and Sandra Baker.

Close Calls	52
Cosmics	48
Bozos	45
Asteriks	42
Markell's Marvels	39
No Fools and Judy	37
Hit and Miss	36
Rejects	36
Kim's Cuties	36
No Names	34

Jodoin leads scoring

Jr. B Lions double Card-Spen

CARDINAL — Led by a five point performance from Randy Jodoin the Morrisburg Junior B Lions put together an 8-4 victory over Card-Spen here Saturday night.

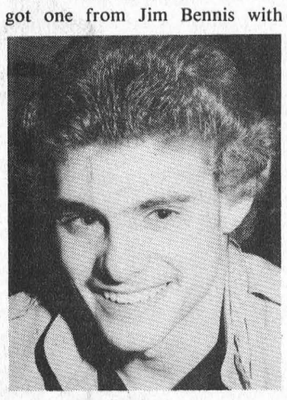
Jodoin struck three times and added a pair of assists in the game wich saw the two tied 1-1 at the end of the first period and the Lions in the lead, 5-4, heading into the third.

Three unanswered goals in the final gave them the 8-4 victory.

Steve McLean put Card-Spen in the lead at 15:54 of the first period but with 54 seconds to go Jodoin evened it.

Card-Spen comes back

Second period action saw the Lions move ahead, 4-1, on goals by Johnny Morrow, Mike Lamarche and Rod Lemieux but Card-Spen came back in the last four minutes to keep it close. They received two goals from Brent Murray and a single from Darren Wilson while the Lions got one from Jim Bennis with 2:54 to go to allow the Lions to carry a 5-4 lead into the final.



Johnny Morrow

Goaltender Andy Cummins shut his opponents down in the final while Jodoin came up with two to complete his three goal performance and Morrow added his second for the 8-4 victory.

Card-Spen, with 16 minor penalties, gave up one powerplay goal the Lions none with the same number of minors.

Hold on to third

The Lions remained in third place in St. Lawrence division standings with 13 points. Alexandria is first with 18 points and Char-Lan second with 17.

Johnny Morrow made a move in the scoring race stepping into second place behind Mike Jodoin of Char-Lan who has 39 points. Morrow has scored 18 goals and assisted on another 14 for 32 points.

Coming up

Friday, November 27 the Lions host the Navan Grads at 8:30 p.m. and Saturday night they are on the road to Winchester for a 7:30 game.

Rideau-St. Lawrence Junior B hockey

ST. LAWRENCE DIVISION

TEAM	W	L	T	F	A	PTS

FUTURE GAMES

Fri., Nov. 27	Navan at Morrisburg 8:30 p.m.
Sat., Nov. 28	Morrisburg at Winchester 7:30 p.m.

Bantam Cs post win

MORRISBURG — The Morrisburg Bantam C Lions posted their first win of the season here Monday night when they treated a visiting Ogdensburg team to a 2-1 loss.

All scoring took place in the second period when Ogdensburg's Scott Williams beat Lions' goaltender Todd Aikman for the first goal of the game at 3:15.

The charged-up Lions then took over beginning with an unassisted tally from Paul Casselman at 5:37. With just nine seconds to go in the frame Trevor Beckstead and Kevin Rice assisted Brian Shaver for what turned out to be the winner.

Peewee C Lions find the winning track

MORRISBURG—The Morrisburg Peewee C Lions gave up a pair of losses in Upper Canada Minor Hockey League play this week before they were able to get on the right track on home ice Monday night with a 3-2 win against Kemptville.

Saturday the Lions travelled to Kemptville where they were handed a 5-3 loss. Christopher Hallam produced two goals and Mark Jarvis added a single, the Lions trailing 4-2 after the first period.

Sunday in Metcalfe they scored twice in the third period as the Mustangs worked their way to a 5-2 win.

A scoreless first period was followed by two Metcalfe goals in the second from Jason Pratt. Scott Weagant counted the two Lions' goals in the first while Ricky Kargus added a pair and Pratt completed his three goal performance for the 5-2 win.

Monday night in Morrisburg the Lions trailed Kemptville 1-0 after the first period and 2-1 heading into the third. Jason Vaughan shut down the Kemptville shooters in the final while Darrick Casselman and Scott Weagant struck for the Lions and the 3-2 win. Christopher Hallam counted for the Lions in the first.

Curling chatter

The Opening Mixed Bonspiel was held on November 7th with 14 teams participating. The winner of the Ozie Villeneuve Trophy was the team skipped by Gerald Adams, Tom Gill, Lorraine Adams and Ajit Dutta. In the second game Lauren Locke replaced Lorraine Adams. Runners up was the team skipped by Tom Lalande, Kathy Johnston, Arnold Centen and Mary Doig. The highest game for the day was the team of Howie Eamon, Bruce Stitt and Marg MacDonald.

The next bonspiel, The Mr. Grocer Turkey Spiel, will be held on December 12th. Gerald Adams is providing eight turkeys and Mr. Grocer is co-sponsoring the spiel with over $300 in prizes. The pot luck supper will be held at 5:30 p.m. There is still time to get in on the fun — make sure you get your name down on the board at the curling club before the teams are drawn up. The bonspiel is open to everyone — club members, guests or anyone who wants to participate.

The Men's League has finished its first draw with the winners of the Morrisburg Feed Trophy being Howie Eamon, Reg Wilde, Bruce Kemp and Sid Masters. The next men's draw starts on Monday, Nov. 23.

The Morrisburg Junior Invitational was held recently with four teams from Morrisburg and 8 outside teams including Prescott, Richmond, Rockcliffe and Hawkesbury which was the winner. A very special thanks to the Grenkies, the Lanes, the Morrells and to all the parents who made this a very special event.

Two teams from the Juniors are off again. This time to Smiths Falls. One team is Ian Wilson, Jason Ball, Derrick Casselman and Jason Noon and the other team is Eddie Morrell, Nikil Chande, Nilesh Chande and Ryan Lalande.

Dropped in to the Curling Rink on Sunday afternoon to watch the Little Rocks. Was surprised to see so many children enjoying themselves and learning the finer points. It was great to see such enthusiasm.

Unfortunately Gananoque was unable to attend the Little Rock invitational bonspiel on Saturday but the day went ahead anyway with one Cornwall rink participating. The children had a good time and Al Brunt says he'll try to have Gananoque visit later in the season.

A reminder that Little Rock activity fees are due this weekend.

Seaway News

BY CINDY LAURIN

Hello out there all you wonderful parents, especially those who have children who didn't do so well this term.

On Friday students at Seaway received their report cards and let me tell you...the beatings at some houses have started.

At Seaway this week students...and teachers are jumping for joy because of a three and a half day week, in which we get Thursday afternoon off for interviews and Friday for a P.D. day PARTY!!!

Seriously though, there are a few things going on at school. This week in girl's basketball the junior and senior teams went into playoff games in second place but both teams lost, the seniors to Rothwell and the juniors to Char-Lan. Both teams had a great season and played well. In other basketball news, the boys basketball will be starting soon and hopefully we will have enough for a senior team since we didn't have one last year.

Coming Up

There is a dance at Seaway on December 4, no jeans please, come only in your best.

PROPERTY ASSESSMENT

and your 1988 Municipal and School Taxes

Regional Assessment Offices located throughout Ontario are responsible for assessing all real property for the purposes of municipal and school taxation.

Assessment Rolls are prepared and delivered to municipalities which use them to set mill rates and calculate property tax bills. The amount of property tax you will pay on your home or business in 1988 is determined by multiplying the assessed value of your property by the mill rate.

If you want to learn more about your property assessment, the Regional Assessment Office invites you to attend its Open House Session.

Open House Sessions

Open Houses are held in every municipality at convenient times and locations to provide you with the opportunity to discuss your assessment with the staff of the Regional Office.

An assessor will be pleased to explain the basis of your property assessment and is authorized to amend any inaccurate information prior to the delivery of the Assessment Roll to your municipality.

If you have any questions, but are unable to attend the Open House, please contact your Regional Assessment Office at the address or telephone number shown below.

Notice of Property Valuation

Property owners and tenants will receive a Notice of Property Valuation only if information relating to their property assessment was changed during the past year, if the assessment was appealed last year, or if there has been a general reassessment in the municipality. If you receive a Notice of Property Valuation, it may reflect changes you have requested in your school support designation, in the amount of your assessed value, or other recorded information on last year's Notice.

Appeal Procedure

If, after attending your local Open House, you are still dissatisfied with your assessment, you have the right to appeal it to the Assessment Review Board. This Board is responsible for determining whether the assessment under appeal is fair and equitable with the assessments of similar properties in the vicinity. The Assessment Review Board is more informal and relaxed than a regular court of law.

Appeal Deadline

The final date for appealing your assessment is January 12, 1988.

If you wish to appeal your assessment, you can use the form provided on the back of your Notice of Property Valuation, write a letter, or use a Notice of Appeal Form. You need to include your property address, roll number, and the reason for the appeal. Your appeal must be filed on or before January 12, 1988.

To assist you, Notice of Appeal forms and the address of the Regional Registrar of the Assessment Review Board are available at Open Houses, your Regional Assessment Office, or your municipal office.

Mariatown residents turn author complete book about community

JUDITH O'BRIEN
Leader staff

MARIATOWN — If you've ever wanted to know the complete history of Mariatown look no further. A new book entitled "Mariatown, Then and Now" details the history of the community from about 1924 to present day.

The authors, Phyllis Prosser and Gladys and Buster Duval of Mariatown, originally started compiling the history for their children. As they gathered more and more information the idea for a book came to light.

"Some years ago I realized just how very little had been written about Mariatown so I gathered every bit of information I could find," said Phyllis. "Four years ago while talking with Gladys and Buster I found they had the same interest. We formed a partnership."

Gladys moved to Mariatown after her marriage to Buster in 1939 and had picked up a lot of local history in that time, but she said Buster and Phyllis have lived in the community all their lives and knew just about everything.

After retiring from the St. Lawrence Parks Commission four years ago, Gladys began to think seriously about writing a history for her children. She wanted them to have something to look at and read.

The authors used photographs contained in albums which belonged to Buster's older brothers and Phyllis' mother. The first part of the project involved lising veterans of the two World Wars who had lived in Mariatown and obtaining photographs of them from their families.

"We had to get the veterans' pictures from the families," said Gladys. "Most were very interested in our project and were very willing to help."

Original families

Gladys said most of the original families that lived in Mariatown in 1939 are gone now. She said there are only four or five left but that didn't stop the group.

If they didn't know the names of every family that had lived in every house in Mariatown they went around and asked.

"The first part was getting the names of all the families who lived in the homes," said Gladys. "Quite a few homes are gone because of the Seaway and there are a lot of new homes."

Phyllis said she smiles when she hears some of the newcomers to the community tell how they have cleaned up all the weeds and brush.

"Now it is just well-manicured lawns with no wild roses, wild raspberries and plump, juicy blackberries growing in the ditches and brush," she said. "There are no partridges and grouse feeding on the weed seeds."

Local schools

The three also managed to identify every child who ever attended school in Mariatown before the school was closed.

Gladys and Buster operated a store in the community for 15 years and knew many of the children who hung around outside. Buster's father ran the store before them so they were familiar with the older generation as well.

The Duvals closed the store after the Seaway project because the heavy traffic flow moved to Hwy. 401 but they remembered the children.

"The schoolhouse is gone and most students have gone all over the country," said Gladys. "Some of the school pictures were difficult because some students didn't live in Mariatown long. They would be there for about one year then they'd be gone."

The authors had so many questions for some families that they just wrote their own story which appears in the book. They also received invaluable assistance from records kept by Phyllis' mother and aunt, from her daughter Delores in Baie d'Urfe just outside of Montreal, and from Gladys' brother and sister-in-law.

When they had the information gathered and the photographs ready, the three decided to have a book printed at their own expense. It retails for $14.95 but Gladys says their intention was never to make a profit.

"We didn't start out to make money," she said. "I never dreamed when I started it would become a book. I was just doing it for my family so they would know about the people who lived here."

"We have accepted no money from anyone," added Phyllis. "This has been our project alone, with the help of our many contributors. We hope everyone who buys a book will enjoy reading it as much as we have in compiling it."

Poor response

MORRISBURG — Members of the Morrisburg Celebration 88 committee are disappointed that their mail box isn't bursting at the seams with nominations for Celebration 88 medals and certificates.

All that is required, is for residents of this community to take a couple of minutes to sit down and write down the names of deserving individuals in the various categories.

Nominations in the medal category can be made for a male athlete, a female athlete, coach, official, volunteer and sponsor.

For the certificates one has only to identify people who deserve recognition for their unselfish contribution to this community.

At this time only one set of nominations has been sent in, certainly not a good representation for a place the size of Morrisburg.

Deadline for nominations is November 30 and they are to be mailed to: Celebrations 88 Selection Committee, Box 288, Morrisburg, Ontario. K0C 1X0.

96% TO 98% FUEL EFFICIENT
THIS FURNACE WILL SAVE YOU MONEY!
If your present gas furnace is over five years old, it is probably in the 55 to 60% efficiency range. Compare that with the Pulse efficiency ratings of 96 to 98%*. This difference can mean a drastic reduction in your monthly heating bills — enough to justify replacing your current unit today, even if it still operates. Even is your system is a new "higher efficiency" model your savings are still sizeable with the Lennox Pulse furnace. The Pulse is that efficient!

Accepts donations

WILLIAMSBURG — Employees at the Bank of Montreal in Williamsburg are once again setting up a Christmas donation box for needy families.

They will accept any donations of non-perishable goods which will be distributed to families in the area. The box will be set up inside the bank from Dec. 1 to 18.

Seniors donate

56 members and one visitor attended the November meeting and dinner.

Business included sending $50 to the Seaway Valley School for their Christmas party. The plans for the trip to Bayshore Shopping Centre were finalized, as well as for the Christmas dinner.

Program convener, Mrs. Peggy Thompson gave a reading, "A Little Mixed-up". She introduced her daughter, Sharon Anne Duprau, who displayed various crafts, and told how she made them. Then she made a Christmas candle table-centre, decorated with pine cones, and ribbon, an ecology box, and a tree decoration made from a cookie cutter. This was a very interesting presentation.

Following the meeting, cards and visiting were enjoyed.

•

Winners at the seniors euchre held recently were as follows: Helen Gillespie, Liela Helmer, Violet Bellinger, George Barkley, Harlan Helmer and Milton Stewart.

Door prize winners were Nora Larsen and Tina Carkner.

Draw winners were Peggy Thompson, Jean Ball, Ben Crowder with two and Harlan Helmer.

ONTARIO HYDRO

UNDERGROUND DISTRIBUTION SYSTEMS

Ontario Hydro invites contractors to submit tenders for two (2) separate installations of underground distribution system requirements in the Winchester Area over a period of 12 months commencing January 4, 1988.

Tenders will be received up to 2 p.m., local time, **Thursday, December 17, 1987.**

Tendering document may be obtained

Church will sell roof squares to raise building repair funds

MORRISBURG — Every hundred years or so any building can become a little run down, and the Lakeshore Drive United Church is no exception.

But now church members are hoping to raise funds to repair the roof of the church to its former glory.

The church is now 107 years old, and has had problems with the roof for several years, said Reverend Don Smith. These problems have been partially rectified but more work has to be done.

There has also been damage to the ceiling due to the roof problems, with cracks and stains marring the ceiling.

The committee set up to raise funds for the repairs has come up with a novel approach. They have divided the ceiling of the church into 4,311 square foot sections, and will ask people to buy a section and in essence, sponsor the repair of that section.

Blake Noon, who is in charge of the fund raising effort said they are looking to former members of the church who have moved away, local businesses or anybody wanting to help out, to sponsor the squares.

Noon said that even though the project is still in the early stages, word has spread to Ottawa and he has already received donations from people there.

The selling of the sections could raise over $25,000, and although Noon doesn't yet know the total cost of the repairs this project should raise a good portion of it.

Reverend Smith said that trying to raise the funds needed for the repairs solely from the current church congregation would be impossible, and hopes others in the community will rally to the cause.

The age of the church will make for delicate and tricky work, said Smith. "The (ceiling) beams are 107 years old and they just won't hold nails anymore.

The main concern is getting the roof repaired to stop further damage to the ceiling, but Smith is also hoping to restore some of the ornate beauty to the building.

The church used to have stenciled patterns on the ceiling, but over the years the patterns were painted over and now Smith would like to see them restored.

One of the problems is there doesn't seem to be many pictures around that clearly show what the patterns looked like.

Smith would like anybody who may happen to have pictures taken inside the church, perhaps at a wedding, to contact him.

Bookmobile schedule

During the month of December, the bookmobile will visit the communities in the Three United Counties on the following schedule:

Monday, December 7: Creg Quay (9:30 - 9:50); Curry Hill (10:10 - 10:40); Bainsville (10:50 - 11:10); North Lancaster (11:25 - 11:55); Glen Norman (1:15 - 1:30); Green Valley (1:45 - 2:05); St. Raphael's (2:15 - 2:25); McCuaig's Corners (2:30 - 2:40); Tyotown Rd. (3:15 - 3:30).

Tuesday, December 8: Strathmore (10:00 - 10:30); Gravel Hill (11:00 - 11:30); Monkland (11:40 - 12:00); Apple Hill (1:15 - 1:30); Martintown (1:40 - 2:00); Glenbrook (2:15 - 2:25); Glendale (2:35 - 2:50).

Tractor trailer pollutes water

MORRISBURG — There is never a good time for a tractor-trailer hauling fuel to come crashing onto your grazing land, but some times are better than others.

For some area farmers, this was the case when a trailer went off the 401, just east of Morrisburg, and spilled thousands of gallons of fuel oil.

The farm, operated by several members of the Hart family, had two of three drinking ponds contaminated because of the Nov. 10 accident.

The one good thing about the timing was the fact that the cattle had been put away in the barn for the winter and weren't going to have access to the area until they are let out in May.

Perry Hart said Ministry of Environment officials spent more than a week cleaning up the site, but it will be touch and go until spring before they know whether or not the ponds can be used.

"Environment will come down and test them in the spring, but we expect we will have to fence off the first pond," said Hart.

Should one, or even two of the ponds have to be fenced off while clean-up continues in the spring, it will not cause too much of a problem for the farmers, but if the third pond becomes contaminated that could mean a little more than an inconvenience.

"We have one other pond, but it's at the other end of the farm and its banks are pretty steep," said Hart. "We can see the cattle from the house at those (the contaminated) ponds and can keep an eye on them," he added.

Hart said that if the middle pond overflows in the spring, it could contaminate the one pond that seems okay right now.

Besides the water contamination, there was some topsoil that had to be replaced, and will have to be re-seeded in the spring.

Local man receives three month sentence

MORRISBURG — Dennis Osborne of Morrisburg received a three month jail sentence and a one year license suspension after pleading guilty to driving while impaired, at provincial court on Tuesday.

The charge resulted after OPP investigated an accident at the Williamsburg Exxon Oct. 31.

Police found Osborne behind the wheel of the vehicle containing two other passengers. A breathalyzer sample taken from Osborne at Morrisburg OPP headquarters showed readings of .23 and .22 miligrams of alcohol per 100 miligrams of blood. The legal limit is .08.

It was Osbornes' third offence and he received the mandatory three month jail term, to be served under the Temporary Absence Program.

Osborne also pleaded guilty to willful damage and was ordered to pay $585 in restitution.

Osborne was charged after a mirror was broken off a truck owned by Larry Smith, on May 3. The truck had been damaged in a hit and run incident on May 2.

The defence attorney said Osborne was intoxicated, and under the impression he was going to be charged with the hit and run incident, when he broke the mirror.

Back in centre

MORRISBURG — After a brief absence, Peter McCooeye is back among the businesses in the Morrisburg Shopping Centre.

McCooeye, a Mutual Life representative had an office in the shopping centre for six years, which he leased from a local law firm.

The firm grew, and needed the space, so in March, McCooeye began operating out of his home, waiting for suitable space in the shopping centre to become available.

That space came available in October, and on October 15 Mutual Life had an office in the shopping centre that had been its home for 10 years.

McCooye, who has run the Mutual Life office for six of those 10 years said there was a little disruption in moving out and then back again, but "nothing major".

The new office is located in the east end of the centre across from Bo's Barber Shop.
