Local Cadet Corps Gives Fine Display

Tuesday, May 20th, may have been considered a dull day as far as weather conditions were concerned, but for Winchester High School it could not have been brighter, as the W. H. S. Cadet Corps presented what was probably one of the finest Cadet displays in the history of the school, before a big turn-out of parents and friends.

With the addition of a smart company of girl cadets, dressed in neat white blouses and dark blue skirts, the Corps this year was the largest and probably the best that Winchester High School has ever assembled for a Cadet Inspection. There were approximately 240 cadets on parade, and from our vantage point every one did his or her job well.

In addressing the cadets following their presentation, Captain E. A. Howey, the assessing officer, was high in his praise of the Corps. He said that the steadiness and the marching of the Corps was excellent. "As a rule," the officer stated, "girls are naturally better than boys in marching. To-day, the boys exceeded the girls." However, despite this fact, he was more than enthusiastic with the girls' first showing and intimated that they stole the show with their colourful marching. Number 2 company is under the efficient command of Cadet Major Olive Derby, with her twin sister, Cadet Captain Alice Derby, as Second in Command. This is the first year the girls have gone on parade, and without doubt they were a decided asset to the entire presentation. It is to be hoped that they will officially become a part of the Corps next year.

Both Captain Howey and the Inspection Officer, Lieut. Col. J. Lamb, C.B.E., were very much impressed with the unusual size of the Corps, especially from a village the size of Winchester. Col. Lamb reiterated the remarks of Captain Howey and added praise to the P. T. display and the Cadet Band. Enough cannot be said about the Cadet Band this year which was, without hesitation, the spark-plug of the Corps. The band, larger and much better than last year, headed the Corps during the march pasts and the parade that followed.

Under the confident command of Cadet Major Wm. Beardsall, ably assisted by the 2-IC, Cadet Captain Malcolm Steinburg, and their staff of officers, who were all dressed in kilts and who were the smartest cadets on parade, the battalion, led by the colour party and the band, first gave a general salute, followed by the inspection. The inspection party consisted of Lieut. Col. Lamb, Capt. H. Fitzpatrick, Capt. W. A. Servage, Capt E. A. Howey, Legion President James VanBridger, Lieut. J. H. Willard, Cadet Major Wm. Beardsall and Cadet Captain M. Steinburg. Immediately after the two companies and the band had been inspected, the Corps formed up for the march past and finally the advance in review order. The 2-I.C. then took charge of the Corps and brought it into a Physical Training formation with Cadet Lieut. Ian Dow taking over from here and leading the cadets in an intricate and well carried out display of calesthenics and games.

Demonstrations and displays were expertly shown at the south side of the school by the cadets and included: Drill and command, Fundamentals, Map reading, signals, fieldcraft, first aid, weapon training, tactics and small arms training.

It was a big and busy day for the First Aid crews at their specially equipped tent. Due to nervous tension, several cadets fainted on parade and had to be assisted to the first aid post for care. They were ably assisted by Mr. Micheli, one of the cadet training officers and a teacher at the local High School.

The displays and demonstration wound up with a sham battle across the campus, with the objective of demolishing an enemy stronghold in the form of a specially built shack. With this mission completed, the cadets were formed into a hollow square where they were addressed by the inspection officers, and also by Mr. Wm. Servage, Capt. H. Fitzpatrick, of the parent S. D. & G. regiment, Winchester Legion President James VanBridger, and Mr. J. H. Willard, who brought messages of congratulations to the Corps.

The S., D. and G. Shield, donated by Major F. M. Cass and presented annually to the smartest and most efficient cadet in the corps, was justly won this year by Lieut. Don. McIntosh, the No. 1 platoon commander. It was presented by Mrs. F. M. Cass. Cadet John Corry was presented with his diploma for completion of the Driver Mechanics course at Camp Ipperwash last summer, and marksman awards went to clases 1 and 2: Garry Holmes, Jas. Bingley, Bobby Summers, Allan Alford, Earl Gray, Mac Steinburg, Bill Beardsall, Doug. Helmer, Reg. Fetterly, Gerald Fawcett, Donald Woods, Howard Annable, Earl Bilow, Keith Barkley, Donald Wilson, Bob Mitchell, Merlin Robinson, Gordon Mack, Larry Justus, Hugh Balkwill and Bruce Steinburg.

Following the ceremonies, the Corps staged a brief parade around the Public School block for the benefit of onlookers to see more vividly the neatness and efficient marching of the entire body of cadets.

Immediately after dismissal, officers of the corps, their parents, noted guests and instructors were guests at a tea in the Home Economics Room, very graciously served by Mrs. Slingerland and her H. E. class.

The Public Address system for the event was well looked after by Cpl. Reg. Fetterly.

Cadet Week at W. H. S. officially winds up this Friday night with a gala Cadet Party in the Winchester Town Hall. Owing to lack of accommodation this year, the dance will be confined to members of the school and their friends.

Band Members and Instructors

A great deal of credit should go to the genial cadet instructors at the High School who have devoted much time and study in preparation for such a successful presentation. Headed by the principal, who is the chief instructor, members of this staff are: Capt. W. A. Servage, S. G. Cawley and A. F. Micheli.

The popularity of the Cadet Band was evident by the many words of praise following the inspection—so much that the band will head the Finch High School Cadets to-day in their inspection at the Stormont High School. The band is directed by Lieut. W. H. Finlayson, who is arranging to become a permanent instructor of the corps. Following are the members of the band: Trumpets: Jean Wilkes, Irene Campbell. Ruth Lee, John Campbell; Clarinets: Ina Campbell, Joan Duncan, David Sheldrick, Donald Woods; Saxophones: Roy Porteous, Ian Crerar, Bobby Wilkes; Drummers: Hugh Balkwill, Peter Crerar, Merlin Robinson.

HELD CHURCH PARADE

Sunday afternoon's downpour of rain held off long enough for Winchester High School's Cadet Corps to stage one of the most impressive church parades ever held in Winchester. A highly colourful event, the parade was given added splendour with the addition of the Company of Girl Cadets, under the command of Cadet Major Olive Derby, decked out in white blouses and blue skirts.

Under the command of Cadet Major Wm. Beardsall, Commanding Officer of the local Corps, the parade fell in at the High School campus. Headed by a better and larger Cadet Band this year, and by two flag-bearers, the battalion presented a smart display as it marched spiritedly to the church.

The service, attended by a capacity audience, was conducted by Rev. T. N. Mitchell, assisted by Cadet Major Wm. Beardsall, who read the Scripture lesson. For his sermon, Rev. Mr. Mitchell took as his subject, "Run To Win," in which he compared life and spiritual guidance to a race. In both instances, he said, we must have God at our side, if we are to win the race.

Music at the service was provided by the Cadet Band, under the leadership of Lieut. Wm. Finlayson, band master of the Regiment de Hull. The band also accompanied the congregation in the singing of all hymns. The one special selection was very capably sung by the W. H. S. girls' quartette, composed of Olive and Alice Derby, Winnie Deeks and Donalda Jones. Mary MacPherson accompanied the quartette as pianist. The church service concluded with the band playing "God Save The Queen."

Immediately following the service, the Cadets fell in in front of the church and returned to the High School Campus. As a prelude to Tuesday afternoon, the Cadets were inspected by Reeve Walter Moffat, who also received the general salute and march past of the Corps.

Among the out-of-town visitors who watched the Corps was Mr. Don. Morrow, M.L.A. for Carleton, a former student of W. H. S., who said that he was highly impressed with the fine showing the Corps had made.

A Fish Story!

This story may sound "fishy," but it is vouched for by three local fishermen, who witnessed the scene while fishing in the Rideau River near John Aldham's farm, last weekend. The three nimrods were Dr. Doug. MacLean, Councillor Howard Fetterly and Bell Telephone troubleshooter Garnet Raycroft. Howard had hooked a mud-pout, the biggest one the boys had ever seen. This happened after Doug. and Garnet had almost given up hope of getting another nibble. While Howard was lauding his catch, he noticed a jerk on Garnet's line, which was fastened to a twig, stuck in the crack of the boat. It was a drag line, and Garnet started pulling it in. As it reached the boat and the baited hook was yanked from the water, a big pike jumped to grab the worm, and after missing it, landed right in the boat. It made another jump to get back into the water after it realized its predicament, but 245 pounds of Doc. MacLean landed on it, and it was curtains for Mr. Pike, which measured 32 inches long.

That's it—the pike jumped into the boat, and the boys swear it's the truth, and even if it wasn't, it makes a darn good story for Frank Ryan to include in his Valley Note Book items this Sunday at 12.15.

Horse Races, Sports Day, Here July 9th

According to a report given by Centurian George Elliott at last Friday's meeting of the local 100 Club, a program of horse races and sports will be held in Winchester on Wednesday, July 9th. A special committee, headed by Centurian Elliott, is in charge of the event, which will include Horse Races, Softball Tournament, Prize Draw, Bingo, Special Games, Dance and possibly an Auction Sale. The committee is also hoping to engage the services of a Band and a Merry-Go-Round for the day. All events will be held at the Community Park. The dance will be held in the Park Pavilion and on an extended floor, during the evening, along with other attractions. Committees for looking after ticket sales, grounds, gates, etc., were announced by Centurian Elliott.

The meeting was presided over by the president, Centurian Earl Freeland, with Centurian Gordon LaRose as secretary. Prior to the luncheon, Grace was said by Centurian Walter Moffat, while Centurian Roy Fawcett recited the 100 Club Creed.

Winners of the prize boost, conducted by Centurian Nelson Dixon on behalf of Centurians Walter MacDonald and W. A. Rowat, were Centurian Bob Bronson and Mr. James McCook, of Ottawa. The donors were boosted by Centurians Dave Melvin and Jack Rennison.

Centurian Howard Willard gave a report on behalf of the 100 Club Scout Committee, announcing that three new members would be required to fill the vacancies left by retiring members. The president suggested that a Nominating Committee should be appointed to select officers to complete the committee. An appeal was made for Scout and Cub leaders, which, Centurian Willard said, the committee had difficulty procuring during the past two years.

The chairman called for volunteers to help clear up falling tree branches and twigs at the Park. As it was difficult to select a day when a sufficient number of members could assist in the work, Centurian Walter MacDonald sponsored a motion that a collection be taken and that a man be hired to do the job. The collection amounted to $11.00.

It was announced during the meeting that the 100 Club executive was considering the possibility of holding a "Soap-Box Derby" here for the kiddies on Labour Day.

Discussion took place regarding a permanent dance floor being erected at the Park, led by Centurian Bob Vice. It was proposed to have a sectional wood floor made, one that could be removed and placed in the local arena if wet weather should prevail or nightly dances were to be held. Centurian Harold Lannin pointed out that sectional floors were very unsatisfactory and were short-lived. He suggested a permanent platform of reinforced concrete, extended from the present Pavilion floor. Centurian Arnold Duncan suggested that a Macadam surface, large enough for a tennis court, be laid, and it could be used for both purposes. After considerable discussion, the matter was left with the 100 Club Park Committee, which was instructed to get prices on the different kinds of construction and to proceed with the work if finances permitted.

The guest speaker for the evening was Mr. James McCook, Parliamentary Correspondent for the Ottawa Journal. Introduced by Centurian Fred Cass, he gave an interesting and instructive talk on the functions of the Parliamentary Press Association and on Parliamentary Procedure. He recalled the names of scores of interesting personalities he had come in contact with, and stated that one of the finest was the late Rt. Hon. William Lyon Mackenzie King. Referring to Parliament at the conclusion of his address, Mr. McCook said that "in spite of all its failings, Parliament is still the Fortress of Freedom."

The speaker was thanked on behalf of the Club by Centurian Eldon Davidson, while appreciation to the members of the Women's Association of the United Church, who catered for the Luncheon, was expressed by the persident.

OBITUARY

THE LATE MRS. LEONARD BELL

The residents of Inkerman Station and district learned with much regret of the passing of Mrs. Leonard Bell on Saturday, May 17th. Stricken ill with a severe heart ailment four years ago, the deceased had been, for the most part, confined to her home until her death.

Always known for her kindly disposition and good neighborliness, the late Mrs. Bell was an active community worker and until her illness had been a devoted member of the United Church. She was also an active member of many ladies' organizations.

She was the former Jennie Sophia McKercher, daughter of the late Duncan McKercher and his wife, Bethia Jamieson, and was born at Cass Bridge 58 years ago. She attended the Summers' and Cass Bridge Schools and was married in 1912 to Leonard Bell, who survives.

Surviving, besides her husband, are five daughters, Mrs. James Baker (Betty), of South Mountain; Mrs. Dwight Baldwin (Maxine), of Inkerman; Mrs. Lyall Hutt (Jean), of Toronto; Mrs. Sherman Hoy (June), of Kemptville, and Joan, at home; three sons, Lester, of Edmonton, Alta.; George and Orland, of Winchester; four sisters, Mrs. Marion Servage, Edmonton; Mrs. Ann McCallus, Cranford, N. J.; Mrs. Jean Palmer, Ottawa; Mrs. Spurgeon Durant, Smiths Falls; six brothers, Charles McKercher, Edmonton; Daniel, of Arnprior; Willis and Wilfred, of Winchester; Fred, of Long Island, N. J., and Edward, of Smiths Falls.

The funeral service was conducted from her late residence at Inkerman Station on Monday afternoon, May 19th, by Rev. T. N. Mitchell, of Winchester United Church, who chose for his message the comforting words from St. John 14:2, "In My Father's House are many Mansions." During the service, Mrs. Ernest Steele and Mr. Howard Biccum sang "Good Night And Good Morning," accompanied by Mrs. Howard Fetterly. Interment was made at Maple Ridge Cemetery. The pall bearers were Messrs. Karl Bell, Lorne Bell, Norman Bell, Orval Bell, George Suffel and Russel Suffel.

Following are the beautiful floral tributes, which testified to the high esteem in which the late Mrs. Bell was held;

THE LATE JAMES ALGATE

Well known in Winchester and the surrounding area here, Mr. James Irving Algate passed away in the Brockville General Hospital on Sunday, May 18th. He had been in ill health for some time.

Born 85 years ago in the Cass Bridge area, he was the son of the late Thomas Algate and his wife, Grace Irving. He attended schools in this district and in 1897 married the former Minnie Hyndman, of Kemptville, who predeceased him in 1916. He was a farmer for the greater part of his life, but for a few years was employed at H. S. Lannin Ltd. in Winchester. During the latter part of his life he had been residing with his son in Cardinal.

Surviving are five sons, W. L. Algate, of New Westminster, B. C.; Charles, of Cardinal; Hector, of Owendate, Alta.; James, of Stouffer, Alta., and E. W. Algate, of Winnipeg; two daughters, Mrs. L. Clements, of Yorkton, Sask., and Miss W. T. Algate, of Prince George, B. C.; and two sisters, Mrs. J. E. Devine, of Winnipeg, and Miss Mary Algate, of Winchester.

The funeral was held at the Vice & Craig Funeral Home on Tuesday afternoon, with Rev. Wm. Reid conducting the service. Interment was made in Maple Ridge Cemetery. The pall-bearers were Messrs. Alex Summers, Walter Moffat, Harold and Bert Link, James Bowman and Herbert Robinson.

Most Local Stores Will Remain Open Saturday, May 24th

All local stores will remain open on Saturday, May 24th, and will close all day Monday, May 26th. Business places that will close in observance of Victoria Day on Saturday are H. S. Lannin Limited, the Fennell Feed Company, Dawley's Feed Store, the Press Office, the Royal Bank, the Post Office, and of course the schools. For these, it will be business as usual on Monday. In the cities the holiday is being observed on Saturday, but in most of the smaller centres Monday is being substituted for Saturday.

The main thing, under the circumstances, is for local housewives to remember that the grocery stores will be closed on Monday and make sufficient purchases of supplies this week-end to last till Tuesday morning.

SYMPTOMS OF NUTRITIONAL DEFICIENCIES IN POULTRY

From a report of the Committee on Poultry Nutrition, National Research Council, Washington, D. C.

Vitamn A

"On a severely deficient diet the symptoms of Vitamin A deficiency begin to appear in approximately three weeks. Growth is markedly retarded, the chicks show general weakness, emaciation, staggering gait, and ruffled plumage. Resistance to infection is reduced and mortality increased. The secretions of the intestinal mucous glands, the tear glands, and the salivary glands fail. An opaque appearance caused by keratinization of the third eyelid may be observed. Infection may occur, resulting in the production of a viscuous fluid which may cause the eyelids to stick together.

In mature fowl the symptoms noted for chicks may develop much more slowly, but the eye disorder often becomes more acute. A cheesy exudate from the eyes often is observed, as well as a sticky discharge from the nostrils. Egg production and hatchability are markedly reduced.

Vitamin D

A lack of vitamin D in the absence of direct sunlight results in the nutritional deficiency termed rickets. The chicks are retarded in growth, show a disinclination to walk, or walk with a lame, stiff-legged gait, and have an ungainly manner of balancing the body. The chicks appear generally unthrifty. Enlargement of the hock joints and beading of the rib ends becomes apparent. The beak is soft and rubbery and may be easily bent.

In mature laying birds the first symptom of a vitamin D deficiency is the laying of thin-shelled eggs, followed very shortly by decreased egg production. The breast bone becomes soft and rubbery, and the bones of the legs and wings become fragile and easily broken. Birds may lose temporarily the use of their legs and squat in a "penguin-like" manner, a symptom which sometimes has been called "egg-paralysis." Hatchability is reduced markedly.

Riboflavin

A lack of Riboflavin in the diet of young chicks results in diarrhoea, retarded growth, and paralysis of the legs, sometimes called nutritional leg paralysis. It involves the legs and feet and occurs in two stages, a preliminary stage which is curable, and an acute stage which is incurable. Nutritional paralysis is characterized by the sudden appearance of chicks walking on their hocks, with toes curling inward; otherwise, the chicks appear to be in excellent health.

Vitamin B 12

Vitamin B 12 has been shown to be essential for chick growth. No specific symptoms have been described which can be attributed to a vitamin B deficiency. However, growth and hatchability are markedly reduced. There is a marked carryover of the vitamin from the breeding hen to the young chick and mortality may be high among chicks deficient in the factor at hatching time.

Calcium and Phosphorus

Calcium, phosphorus, and vitamin D are closely interrelated in bone formation. A deficiency of any one of these results in rickets, although the blood picture may vary depending on the factor that is lacking. Retarded growth and increased mortality are also symptoms of calcium and phosphorus deficiency.

Manganese

A manganese deficiency in the diet of growing chicks and poults results in perosis or slipped tendon. As has been mentioned, perosis may be caused also by a deficiency of choline or biotin."

These are some of the symptoms of deficiency of better known vitamins and minerals. The report lists several others and goes into more detail. It also lists recommended nutrient allowances for poultry. We will be glad to pass the report on to anyone wishing to study it.

Wonder why there is so much delay in getting the holes patched up on Highway 31 between Winchester Springs and Williamsburg? Maybe we should bring the two "Georges" down and take them for a ride over it. In it's present condition that portion of the highway is a disgrace to our Provincial Highway system and the cause of much disgust displayed by motorists who drive over it. How about a little action?

THE DAIRY FARMER AND ADVERTISING

There is a common maxim among progressive business men that, "a product well advertised is a product half sold!" In short, advertising is a direct necessity to the successful and continued sale of any piece of merchandise.

The leading industry in this country continues to be Agriculture, on which our National economy is based, and subsequently, the prosperity of the farmer, who, in reality, is as much a business man to-day as the big city industrialist. Like all industries, Agriculture is sub-divided into departments, one of which, and not a small one, is dairying.

To-day, after enjoying several years of "good prices" and fairly easy going, the dairy farmer is confronted with his first major crisis since the black years of the '30's. Many aspects are responsible for this failing. In the past few months Western Canada has been hard hit with the drastic foot and mouth disease, thus creating an embargo on all cattle being shipped to our surest market, the United States. Foreign markets have fallen off, especially the United Kingdom, where, until 1952, we had been exporting our surplus cheese. Not to mention the falling off of other markets for our dairy products and the increased competition of other products, the result has been a critical blow to Canadian Agriculture and especially the dairy industry and the dairy farmer.

Despite the temporary downward trend, the dairy farmer should not feel that all is lost. Now is the time, more than ever, for the farmer to get up and fight for his rights. The way for this come-back is being paved by the Dairy Farmers of Canada Organization, in a special appeal to the 400,000 dairy farmers in Canada to cooperate one hundred per cent. in the forthcoming campaign to advertise dairy products in Canada. Last year, the organization states that the set-aside dollars made tremendous impact on Canadian consumers, through editorial comment, news writings and advertisements through the press and radio and through nearly every type of periodical that could be utilized for this purpose. The need is more acute this year, especially at this time.

This June the Dairy Farmers Organization has planned a one-cent-a-pound advertising set aside on butterfat to increase sales promotion. The results will affect everyone advantageously, and the cost is not great to insure future markets for dairy products. For instance, a man shipping 500 pounds daily of 3.5 milk during the month of June would make a set aside of $5.25. A cream producer shipping 3 cans a week of 30% cream in June would make a set aside of about $1.80. The advertising set aside will be made by the purchaser of your milk unless you notify him (the purchaser) in writing to the contrary on or before the first day of June, 1952.

This advertising campaign in June, devoted entirely to the dairy farmer, for the purpose of urging Canadian consumers to use more dairy products, seems like a sensible idea and, at least, a start on the right track towards a solution to alleviate the present low prices. The farmer, today, must realize that his position is not unique and in no way does it resemble the situation a few years ago when good prices were assured, and where markets were always in readiness. Farming to-day is a business, an industry similar to large manufacturers who must advertise and find ways to sell their products. There is also the other side of this advertising campaign in June, whereas the Canadian consumer will be educated more to buying and using our dairy products, and this is important. Recently, the Minister of Trade and Commerce stated that Canadians were one of the smallest consumers of cheese in a year in the world, yet were one of the largest producers. He said, as an example, that if every Canadian ate an extra half pound of cheese this year, the surplus, roughly 20,000,000 pounds, would be eliminated, and prices would remain stable. This is only one of the many reasons why advertising the Canadian dairy products should prove profitable.

Locally, Dundas county is one of the leading dairy counties in Ontario and, therefore, farmers in this area should realize the importance of such a campaign and support it wholeheartedly. Better markets, better prices and better times can be had with a systemized plan of advertising, and with the co-operation of everyone.

Dairy farming is your business. Protect it!

CANADIAN CITIZENSHIP

This Friday, May 23rd, is Canadian Citizenship Day, and probably at no more appropriate time in the history of our great country should we stop for a few moments and take stock of what we have, of our pride in being a citizen of this Canada of ours.

The Governor-General of Canada, in his "Credo of a Canadian," expresses the feelings of all good Canadian citizens:

"I believe in Canada, with pride in her past, belief in her present and faith in her future.

"I believe in the quality of Canadian life, and in the character of Canadian institutions.

"I believe in the Commonwealth of Nations within whose bounds we have found freedom, and outside which our national life would lose its independent being.

"I believe in our abiding friendship with our nearest neighbours; an honest friendship without either the subservience or the mimicry which must impair true partnership.

"I believe that Canada is one, and that if our minds dwell on those things which its parts have in common, we can find the unity of the whole.

"I believe that with sound work, the spirit of a team, and an awareness of ourselves, we can look forward to achievements beyond our imagining."

OUR TOURIST INDUSTRY

Canada's seventh and biggest annual Tourist Week gets under way this Sunday and continues through till Saturday, May 31st. Although Winchester is by no means a tourist town, summer or winter, the citizens of this community, as in every centre in Canada, may act as salesmen for this major tourist industry the year round. Generally, the annual campaign has three objectives: To make clear to Canadians generally the importance of the tourist trade in this country's economic progress; To encourage continued systematic promotion everywhere of vacation travel in Canada; To promote continued improvement in Canada's tourist facilities and services, and in the treatment accorded visitors by the people they meet here.

If every Canadian follows these three worthwhile suggestions, our tourist industry, one of the top Canadian industries, will continue to grow and thrive in the years to come.

BABY SITTING — 1952 STYLE

As sure as parlors have disappeared and dining-rooms are on the way out, grandmothers and maiden aunts aren't as available for baby-sitting as they once were.

Instead of sitting up nights nursing Susie when she has the measles, Grandma more likely is attending a bridge party or club meeting.

And it is highly unlikely that you will find Aunt Mary sitting home with the twins while their parents go to a Saturday-night movie. She probably is "doing the town" herself—either with some of the girls or with one of her men friends.

The "baby-sitting" generation of a quarter-century ago—the men and women in the "over 50" group—has been emancipated. The old folks no longer are the servants of the young. They have come to understand that life is just beginning when the grey hairs start to show.

Probably more than anything else this change in society has given rise to the new profession of baby-sitting. These days in towns and rural areas teen-agers earn their weekly pocket-money sitting with the neighbours' youngsters.

In some parts such a demand for sitters has arisen that companies actually have been formed to cater to the need.

Baby-sitting is a product of a changing order. Nowadays young parents want to get into their own homes by themselves with their children and without in-laws or other relatives.

The young couples know that it is important for a mother to get away from the children occasionally. They also know that it is right for parents to find their social and recreational life together, sometimes with their children, sometimes without them.

Let them go out for an evening's fun secure in the knowledge that their offspring is being tended by an alert teen-ager who has been told what to do in case of emergency.

PASTEURIZATION OF MILK

One of the potent factors in the reduction of sickness and death rates in both children and adults is pasteurization of milk. "Health" will continue to call attention to the importance of this project in each issue, states the editor, in an editorial appearing in the current issue of Health Magazine.

Pasteurization is a simple procedure involving in it the simplest form of the heating of milk to 145 degrees F. for half an hour with subsequent rapid chilling. The important thing to remember in this connection is that pasteurization will destroy all disease-carrying germs or organisms and that the process does not destroy any of the fundamental nutritional qualities of milk. None of the arguments brought forward by the opponents of this life-saving process has the least validity. In spite of this we are faced with the tragedy that in eight provinces out of ten there is still no province-wide legislation for the pasteurization of milk. It is a reflection on our common intelligence that in only two provinces out of ten—Ontario and Saskatchewan—is it possible to be sure that milk purchased for home consumption is pasteurized, and therefore safe.

It is important that in every part of Canada our citizens realize that the only safe milk is pasteurized milk. This journal would welcome suggestions from its readers as to awakening the public from a lethargy which results in danger to the lives and health of our children.

EDITORIAL NOTES

Back in 1888 one of the early pioneers conceived the idea that this village should have a newspaper. We believe it was a good idea, for with this publication we write, with pride, "30" to sixty-four years of successful publication. Number one, Volume sixty-five, on deck.

Intensive training paid off in big dividends on Tuesday afternoon for the Winchester High School Cadet Corps. With close to 250 members, the local corps, headed by the Cadet Band, presented one of the finest displays of Cadet work in the school's history. The Press joins with the citizens of Winchester and district in offering congratulations to the Corps for a job well done.

4-H TRACTOR CLUB ORGANIZED AT MOREWOOD

Sponsored by the Chesterville Agricultural Society, a Tractor Maintenance Club for Junior Farmers was organized recently at Morewood High School. About 25 district boys were present and it would appear that an active Club was in the making.

The Club, organized under the Ontario Department of Agriculture, has as its object: to demonstrate the most economical method of operation.; to focus attention on the cost of operation for a tractor; observe safety measures in the operation of the tractor; demonstrate field maintenance and simple adjustments.

The Club has as its local leader, Mr. Carman Swerdfeger, popular farmer and machine agent, at Morewood. The Club executive is as follows: President, Bert Reveler; Vice President, Bruce Carruthers; Secretary, Malcolm Arbuthnot.

Radio sportscaster Dave Price chuckles at the lively verbal antics of skater Barbara Ann Scott, whom he interviewed on the air recently when she visited Toronto with her ice show. "B. A." was one of the dozens of sportsmen and women who talk shop with Price in his program series of news and views on sports, Canadian Sports Roundup, heard Monday nights at 8.00 on the CBC Dominion network. He also broadcasts a sportscast Monday to Friday at 8.10 a.m. and 6.40 p.m. on CJBC, Toronto.

Gospel Gleanings....

"I am the Way, the Truth, and the Life: no man cometh unto the Father, but by me."—(John 14:6).

Our Lord did not say he was one of many ways by which men might get to Heaven, but, The Only Way. None can be assured of a safe arrival at any destination without knowing the way. "This is life eternal, that they might know Thee, the only true God, and Jesus Christ whom Thou hast sent."—(John 17:3). Knowing Christ is not a matter of historical knowledge; but a heartfelt conviction of the need of forgiveness, which results in trusting in and receiving Him as Saviour and Lord.

No sect or denomination can truthfully claim to be The Way, or that salvation is assured to those who join their ranks. The world's greatest religious leaders can only point men to Christ—The Way, as John the Baptist pointed to him as: "The Lamb of God which taketh away the sin of the world."—(John 1:29).

A prince, strolling near the gate of Buckingham Palace, found a boy in tears because he was refused admission by the palace guards. The prince took his hand, and together they passed into the palace grounds, while the guards stood at attention and saluted. The boy was greatly privileged, not because of himself, but because of the position and authority of the one in whom he trusted, and who, for him, was The Way.

"There is a way which seemeth right unto a man, but the end thereof are the ways of death."—Prov. 14:12). "The Lord knoweth the way of the righteous; but the way of the ungodly shall perish."—(Ps. 1:6).

THE LUNCH BOX GRADUATES

The lunch box that is packed for worker or school child should contain good nourishing food rather than snacks. Cold or hot milk, soup or hot chocolate may be carried in vacuum bottles. For a change from sandwiches, try using weiners, sausage rolls, baked spareribs or eggs, hardboiled or devilled. Fruit or vegetables should also be part of the lunch box contents.

Lilac Time

I never saw a time more rare,
So perfect, warm, with pure sweet air
Than this today, as May is o'er,
And June is here with all its lore.
It brings with it more flowers sweet,
And tangled leaves make gateways meet,
The faintly tinted lilacs ope,
And send forth perfume in full scope.
Here children pause, but all in play,
To pick a lilac bud so they
May string a garland crown, it seems
That they would all be kings and queens.
The laughing sun peeps through the sky,
While big fluff clouds are tossed on high,
So gaily on by scented breeze,
Like unto ships on stormy seas.
The gentle curling rivelets wind
Through shady nooks and branches twined,
As gurgling onward do they flow,
And o'er the golden banks sprays blow.
Too soon this fairy world will pass,
And with it buds and flowers and grass.
How glad I am that I can say,
It will return again some day.

—Ada Blair, Gananoque.

A bank president, extremely sensitive about his baldness,wore a hat at all times to cover up the fact.

One day while the porter, an old employee, was sweeping out his office, the president asked jokingly, "Why is it that after all these years you still don't have an account with us?"

"Because, boss," the porter answered, "you always look like you're about to go somewhere."

A press despatch from Keremas, B. C., says: "A United Church minister here refused to perform a church wedding because the groom is a bartender. Rev. W. M. Cameron had agreed to marry Mr. and Mrs. Eddie Trouce until he saw the licence. Mrs. Trouce is a divorcee. "That she was a divorcee was purely a matter of conscience. The bartender factor decided me," Cameron said.

"He was willing to marry them in the manse, but they refused, and drove 40 miles to Princeton. They were wed in the United Church there on Saturday.

"My chief concern was to uphold the Church's spiritual prestige and dignity; I should never have consented to the wedding," Cameron said."

It is because of such narrow-minded opinions as the above that something good can be said for civil marriages by a J. P.

When my son, a Marine staff sergeant, was home on leave, he was quite unexpectedly left in charge of his three-month-old niece for an afternoon. All went well at first; then a crisis arose and the sergeant put in a frantic call to his uncle, who took care of the problem in man-to-man fashion.

"First," he said, "place the diaper in position of a baseball diamond, with you at bat. Fold second base over home plate. Place baby on pitcher's mound. Then pin first base and third base to home plate."

It worked.

A Scotchman and his wife were taking a stroll when he found a gas bill. He picked it up and read it.

"I'm going to pay this bill, Maggie," he said.

"Why should you; it isn't yours?"

"No," he replied, "but it says here you get a discount of 60 cents if paid by the 15th, so I may as well have it as anyone else."

ST. PAUL'S W. M. S.

St. Paul's W. M. S. meeting was held on Tuesday last at the home of Mrs. James Johnston. Mrs. R. D. Ledgerwood had the opening devotions. The minutes were read and business dealt with. The treasurer's report was heard and the offering received. A garden party will be held at the Manse in June, with five Auxilaries to be invited.

Mrs. Hugh Wilson and Mrs. James Johnston gave the Scripture and Bible reading, and prayer, also up-to-the-minute news from Glad Tidings. Mrs. R. J. Empey gave "Growth of the Church in South America," from the Study Book. Mrs. R. D. Ledgerwood gave a splendid report from the Synodical, held in Ottawa, and the Presbyterial at Caintown. The president thanked the hostess for the use of her home, and closed the meeting with prayer.

One of the New Continental Oil new rigs, which has just completed preliminary tests near Nocona, Texas, and is en route via trailer-truck convoy 2,000 miles to Canada. The 25 huge trucks left Leduc Field in Northern Alberta, the company's properties in the Nocona May 6th and were due at the northern field this week. Field operations, part of an ambitious program calling for one new drilling a week for 50 weeks, are slated to begin before the end of the month. A similar rig will start via truck convoy for the Leduc Field following completion of tests in Texas, according to Frank Kaftel, president and managing director of the company.

FARM POPULATION DOWN 320,000 IN TEN YEARS

Canada's farm population declined by more than 320,000 in the last 10 years, the Bureau of Statistics reported recently.

The decennial census completed last June showed a 10 per cent. drop in farm population to 2,827,732, the bureau said.

In the same period, 1941-51, non-farm rural population increased by more than 37 per cent. to 2,553,444, and urban population by 32.7 per cent. to 8,628.253.

Total population in Canada increased to a record 14,000,000 from 11,500,000 in 1941.

The cut in the number of persons on farms was felt in all provinces, except British Columbia, where numbers jumped. The almost general decline reduced Canada's proportion of farm population to 20 per cent. from 27 in 1941.

DUNDAS D. H. I. A. MEETING

The Dundas Dairy Herd Improvement Association held a meeting recently to hear Mr. Fred Hill of the Farm Economics Branch review the cost of production of milk as based on the records obtained from the members throughout the past year of the above organization.

Many allied subjects were discussed in connection with this work by way of curtailing production cost due to these rather difficult times we find ourselves in, as far as milk production is concerned. The consensus of opinion under these difficulties seemed to be that more economical production should be incorporated on farms to produce milk as cheaply as possible. One of the main features proposed was that more consideration should be given to the maintenance of good pastures from which milk is produced in the cheapest way. The members, generally, were quite enthusiastic and satisfied with the results obtained from the first year's work and learned from their records kept that they had a number of cows that could be profitably disposed of. It was also learned from the records that a cow producing less than 6,000 lbs. per year was not a profitable proposition.

There is room in this organization for expansion and 6 or 8 more additional members could easily be handled.

Any who are at all interested should either contact Mr. Arthur Milne, D. H. I. A. Supervisor, of Mountain, or the Agricultural Office in Morrisburg, before the end of this month.

THREE CALF CLUBS ORGANIZED IN DUNDAS COUNTY

Three Calf Clubs held organization meetings during the past week to commence club projects for the year.

Chesterville Calf Club met in the Chesterville High School with an enthusiastic group of 25 boys and girls present. It was rather noticeable that while all of the members were from Winchester Township, very few were from the immediate area around Chesterville. Surely there should be a bigger representation from the Club's home town.

The Chesterville Agricultural Society is the sponsoring organization of this Club and it has as its local leaders, Gerald Kittle and Ken. Carkner.

Officers for the Club are as follows: President, Raymond Dawley; Vice President, Bruce Steinburg; Secretary, Doris McRoberts.

The Mountain Senior and Junior Calf Clubs held a joint meeting at South Mountain High School, with 30 interested boys and girls present. Here, again, there is still room for additional members.

These two Clubs have as their local leaders, Allison Fawcett and Donald Rose, and are sponsored by the Mountain Agricultural Society. Club officers elected in the Junior Club were: President, Jackie Bellinger; Vice President, Audrey Hyndman; Secretary, Estella Fawcett. Senior Club: President, Frank Milne; Vice President, Gordon McVey; Secretary, Rose Suffel.

DUNDAS GRAIN CLUB HAS GOOD RESPONSE

Organized under the direction of the Ontario Department of Agriculture, and sponsored by the Dundas Federation of Agriculture, the first 4-H Grain Club to be organized in the County appears to be headed for success. Twenty-three members each have received enough Registered No. 1 Beaver Oats to plant an acre and enough fertilizer to fertilize one-third of that acre.

The local leaders for this Club are Mr. C. N. Thompson, Principal of Iroquois High School, and Arthur Milne, local Dairy Herd Improvement Supervisor.

Club officers elected were as follows: President, Gordon McVey; Vice President, Franklin Milne; Secretary, Gerald Fawcett.

L.O.B. A. MEETING

The monthly meeting of Winchester L.O.B.A., No. 817, was held in the Lodge Room with Sister M. Hoy, W. M., presiding. Interesting reports on Grand Lodge were given by the two delegates, Sister E. Scott and Sister M. Hoy.

A number of visitors were welcomed to the meeting including Right Worshipful Sister Chapman, Past Grand Mistress of Ontario East; Sister Boyce, and Bro. Boyce, Past County Master.

Sister Mabel Crawford, who has been away for some time, was also welcomed to the meeting, and during the evening was presented with a Past Mistress' Jewel by Sister M. Hoy.

Following the close of the meeting, a very nice lunch was served by the committee in charge.—Contributed.

Dundas-Grenville C. G. I. T. Rally Held At Inkerman

Taking as their theme, "Your Mission Centre in Canada," seventy-six members of the C.G.I.T. from Dundas-Grenville counties attended the annual rally at the Inkerman United Church on Saturday. Seven leaders with their groups of teen-age girls attended from Spencerville, Heckston, Iroquois, South Mountain, Mountain, Inkerman and Winchester. There was a morning and afternoon session, with a box lunch at noon. An excellent programme in charge of the Rally Secretary, Miss Ellen Walter, of Mountain, comprised the following: After registration at 10.30 a.m. the Prescott group conducted worship and greetings, and Inkerman members welcomed the visitors. A story and lantern slides entitled "Mary Ketts in Vancouver," illustrated how Chinese girls are welcomed on the Pacific coast by the Missionary movement. The South Mountain group contributed music, with vocal solos by Joan Robertson, Norma Monteith and Mary Gilroy.

Following intermission, there was a leaders' conference, led by Mrs. C. H. Ferguson, of Kemptville. Plans were made for next year's rally, to be held in Kemptville. The other Conference committee members were Mrs. O. Bailey, C. G. I. T. Secretary; Mrs. George Suffel and Miss Ellen Walter, Rally Secretary.

Afternoon Session

After a lively sing-song, Spencerville Group opened the afternoon period with a worship service, and the Mountain group furnished the musical programme, using the hymns "Bring Them In," and "No, Not One." Miss Claire VanAllen sang "There Will Be Peace In The Valley." A skit entitled "Mutilated Uniforms," was featured by 10 members of the Iroquois group led by Mrs. Millhouse. A play entitled "Chinese Work In Vancouver," by four girls from Winchester, concluded the programme. Mrs. F. J. Rennison directed the play.

After roll call, affiliation certificates were presented to leaders of eight groups on behalf of the Women's Missionary Society. Members of the Morrisburg C. G. I. T. thanked the Inkerman Group for their hospitality. Leaders attending were Miss Molly Bennett, Spencerville; Mrs. F. W. Singleton, Heckston; Mrs. Millhouse, Iroquois; Mrs. A. O. Kobayashi, South Mountain; Mrs. L. Simms, Mountain; Mrs. Geo. Suffel, Inkerman, and Mrs. F. J. Rennison, Winchester.

Hospital Report

Following is, in part, the April hospital report, submitted by the Superintendent, Miss H. C. Wilson, at the monthly meeting of the Board, held on Tuesday evening, May 13th:

Admissions: Adults, 84; Children, 20; Births, 35; total, 139.

Discharges: Adults and Children, 104; Infants, 36; Total, 140. Average, 38.8; for March, 38.6; for April, 1951, 33.7.

Consultations, 8; Surgery, 72; Laboratory Tests, 535; Basal Metabolism, 4; X-ray Films used, 312; Micro Films, 96; Meals served, 5042.

As you will notice by the report, April was as heavy a month as March—one more birth, and highest number in residence was 47 at two p.m. on April 27th, and registered 45 for over a 24-hour period.

The bell system has been installed and is a wonderful assistance—some minor difficulty is being experienced with two rooms—bells ring but do not register—this will be taken care of when electricians return.

To the Auxiliary members who made up so many new artciles for the Operating Room, and mending by Miss McConnell—"Thank You" seems very minor words—appreciation is two-fold.

New articles donated to the Hospital are as follows: Winchester Unit—18 Maternity Leggings. Chesterville Unit—2 Clothes Bags, 5 Tonsil Sheets, 5 Operating Room Table Covers, 11 Large Covers for Sterile Bundles. Mrs. George Angus—8 Operating Room Leggings. Cloverdale—12 large O. R. Sheets (Mrs. Roy Docksteader).

GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. Ingram E. Smith were at home to many relatives and friends when they celebrated their 50th Wedding Anniversary on the afternoon and evening of Wednesday, May 14th, at the home of their daughter, Mrs. W. D. Mack, of Inkerman.

Mr. Smith is a son of the late Mr. and Mrs. Samuel Smith, who resided south of Chesterville. Mrs. Smith is a daughter of the late Mr. and Mrs. Dawson Beattie, whose home was north of Chesterville. They were married at the bride's home by the late Rev. Asa McIntosh, assisted by Rev. J. R. Pitt, now residing in the U. S.

Members of their family, besides Mrs. Mack are, Cecil and Warren, of Edmonton, Alta., and Edna, Mrs. J. C. Rendall, of Whittier, California, who talked to her parents and to her sister, Mrs. Mack, by long distance telephone at 10 p.m. on Wednesday evening. Mr. Rendall and their son, Jackie, also spoke their congratulations.

Numerous cards, telephone messages and telegrams were received.

For the occasion, the rooms were suitably decorated with arrangements of tulips. Golden and white streamers and a beautiful wedding cake adorned the dining room table.

In the living room, where the happy couple were seated to receive congratulations, there was an arch of white bells and goilden and white streamers. Dainty refreshments were served by several nieces of Mr. Smith. Gifts and cheques were received.

Among those attending were Mrs. Wm. Shay, the only living sister of Mr. Smith, and Mrs. Margaret Earle, only sister of Mrs. Smith..

OBITUARY

LATE MISS MABEL MARQUETTE

A resident of Mountain Township all her life, Miss Mabel Marquette passed away suddenly at the home of her sister, Mrs. Arthur Williams, on Tuesday, May 13th. She had been in fairly good health until the morning of her death when she suffered a severe heart seizure, and succumbed shortly after. The announcement of her death was met with much regret by her relatives and many friends. She was in her 68th year.

Born on April 6th, 1885, she was the youngest daughter of the late Hugh Marquette and his wife, Mary J. Bower. She attended district schools and twenty-five years ago moved with her father to reside at Mountain Station. Seven years later, owing to ill health, she took up residence with her sister, Mrs. Arthur Williams.

Of a kind and generous disposition, she was a staunch church worker, belonging to the W. M. S. at Mountain of the United Church, of which she was a member.

The funeral was held at the residence of her sister on Thursday afternoon, with Rev. C. Sutherland conducting the service, assisted by Rev. Wm. Wright, of South Mountain. The soloist, Mrs. D. Cameron, sang "Lights Of Home," accompanied by the pianist, Miss Ellen Walter.

The pall-bearers were all neighbours of the deceased: Messrs. Lyman Kerr, S. B. Simms, Clair VanAllen, P. Milne, G. Robinson and D. Cameron.

Testifying to the high esteem in which the deceased was held were the following floral tributes:

Wreah, Sister, Mrs. A. Williams.
Sprays—Mr. and Mrs. S. Marquette.
Double Spray—Mr. and Mrs. J. Marquette, Mr. and Mrs. Fulton Tobias, Mr. and Mrs. Harry Williams, Mr. and Mrs. Harold Greer.
Baskets— Mr. and Mrs. Graham Marquette and Tommy, Mr. and Mrs. Eric Marquette, Mr. and Mrs. E. Froom and Mr. and Mrs. A. Eaglestone, Dr. and Mrs. A. Yinelle.
Container—Mrs. R. W. Boyd and Miss Grace Boyd; W. A. and W. M. S. of Mountain.
Pillow—Neighbours

HONOURED BY FRIENDS

Friends and neighbours met at the home of Rev. and Mrs. W. Mack, of Inkerman, on Friday, May 16th, to offer congratulatons to Mr. and Mrs. Ingram Smith, who had recently celebrated their Golden Wedding Anniversary. Folowing a short program, Mrs. I. Prunner read an address and Mrs. A. Francis and Mr. Warren Jackson presented the couple with a clothes hamper, a bed lamp and a bride's book. Mr. Smith expressed thanks for the gifts. A social time was spent and dainty refreshments were served.

Public Speaking Contest Held At South Mountain

An interesting event took place in the I.O.O.F. Hall, South Mountain, on Monday evening, May 12th, when the Women's Institute of that village sponsored a Public Speaking Contest, open to pupils of Grades 5 to 10 inclusive in Mountain Township Schools. The winners were:

Bob Edwards, in Grade 6, Mountain, received hearty applause for his oration of the "Foot and Mouth Epidemic."

Norma Beatty, Grades 7 and 8, Inkerman, also was outstanding in her speech on "The Queen."

Jackie Monk, Grades 9 and 10, South Mountain Continuation School, took as her topic, "The Plains of Abraham."

Others taking part were: Joyce Monteith, South Mountain; Margaret Sutherland and Shirley Fawcett, Inkerman; Eileen Arbuthnot, Rose Haven; Gerald Belanger and Wilma Imrie, Mountain. The judges were Miss M. Sheldon, Mrs. Flora Mellan and Stanley Waddell.

The winners were presented with silver cups, donated by Hon. G. H. Challies. Mr. W. J. Stewart, Inspector of Public Schools, introduced Mr. Challies, who presented the cups and gave an illustrated talk on his trip to Britain.

Murray Graham sang a solo and led the community singing. Mrs. Geo. McCaffrey, of Russell, the Provincial Chairman of Public Speaking Contests, gave an outline of what the Association was doing. Reeve Wm. Cameron voiced his appreciation to the Women's Institute for the opportunity they were giving the children. Mrs. Roy Graham was chairman and thanked all who contributed to the evening's entertainment.

Women's Institute

The May meeting of the local Women's Institute was held in the town hall on Tuesday evening with the new president, Miss Madge Coons, presiding, and Mrs. Gordon Coons, as secretary. Mrs. Howard Fetterly presided at the piano for the singing of the Institute Ode, while the roll call was answered by each member giving their pet beef.

The secretary read several letters of correspondence and gave favourable reports on finances, etc.

It was decided to have programs for the year prepared and printed, and a committee was appointed for that purpose. It was also decided to have the small drapes on the town hall stage cleaned and repaired.

Mrs. Floyd Armstrong gave a report on the district executive meeting, held in Williamsburg on April 25th. It was announced that the District Annual would be held in Elma on May 29th, and delegates from the local Institute were named.

It was decided to compile a history of the Winchester Institute and Winchester Village, with Miss Emma Gardner, Mrs. John Moffat, Mrs. Wm. Lannin and Mrs. Floyd Armstrong being appointed a committee to gather data.

Following the business session, Mrs. Wm. Lannin and her committee took charge of the social hour, during which there were a number of contests and a reading by Mrs. John Moffat.

Ladies who assisted in serving refreshments were: Mrs. Lannin, Mrs. S. Christie, Mrs. J. Moffat and Miss I. Knowland.

The vote of thanks to the committee was moved by Mrs. Elizabeth Walker.

The meeting closed with the National Anthem.

BOWLING SCORES

(By Uncle Ezra)

The Glamour Girls' League had their wind-up bowling party at the Red Door Restaurant in Ottawa on Wednesday and report a very fine time. The winning team was honoured and pins presented to Wilma Casselman, Cept.; Lillian Acres, Myrtle Dukelow, Yvette Marleau and Betty Anderson. Lula Dawley's team of Mabel McIntosh, Florence Wyatt, Claudette Gibeault and Audrey Bolton received cups for finishing on top at the end of regular league play. Marge Crummy was honoured with a pin for having the year's high average, 217, and also for rolling the high cross, an 849. Phyllis Henderson also received a pin for having the highest single, a 362. A team of girls from this league would like to bowl a little more before the season is over, and challenge any team of five or six boys, girls or mixed, to a friendly game.

The Country Gentlemen finished their play-offs on Thursday with Reg. Workman's team winning out with 16 points, but they had to work all the way as Dr. Meredith's team was in rare form, taking five of the seven points on the night's play. The final standing was: Workman, 16 points; Flora, 14; Dixon, 7; Meredith, 5. Scores of the final night included: Bob Bronson 748-285, Reg. Workman 664-283, Gordie MacDonald 674. After bowling, trophies were presented to Reg. Workman, Dave Melvin, L. Kenney, L. Jakes, G. Holmes, R. Porteous and Ken. Carkner, members of the winning team. Cups were also presented to Dr. Meredith's team of Nelson Dixon, Steve Corry, George Lascelle, Gordie MacDonald and Murray Coulthart for having the best attendance record for the year and being regular good sports. High average honours for the season went to Lloyd Kenney with 220. Jim Lennox rolled the highest single and cross on February 29th, 891-341.

The men's team playing in the Lower Ottawa Valley Tournament were in Manotick on Monday and had a 6360 pin fall to take 5 points with Manotick having 5999 and taking two points. The boys lost the first game by eighty-seven pins but came back strong and finished 361 pins ahead. Scores included: Dalt. Kenney 668-239, Ken. MacMillan 667-288, Chas. Hyndman 647-217, Reg. Workman 627-270, Rollie Barrigar 624-293, Cliff. Berry 616-243. Chas. Binda 607-327.

The boys were disappointed on Wednesday when Carling Bowling League, who was to play here, failed to show up, calling at 8.30 (game time) to say they were dropping out of the league. The boys played three games, and it would have been too bad for Carling had they been here, as the ten men had a pin fall of 6684, the highest they have had. Dalton Kenney broke the all-time alley record, rolling games of 391, 212 and 331 to cross 934. Other scores for the night were Steve Corry 703-263, Ellery McMonagle 740-268, Ken. McMillan 672-261, Charles Hyndman 647-240, George Ruppert 672-255, Lloyd Kenney 621-235, Chas. Binda 607-229. The boys continue to keep up with the top teams.

SHUR-GAIN FEED SERVICE

Shur-Gain Essential Minerals for Cattle and Hogs

Over the years the soils of Canada have been depleted of certain minerals. This means that the herbage grown on these soils no longer carries sufficiently high mineral levels to support good health and growth in our live stock. Therefore, it is not possible to supply enough minerals through natural feeds such as pasture, corn, hay and home-grown grains.

YOU WILL FIND IT PROFITABLE TO FEED YOUR STOCK SHUR-GAIN ESSENTIAL MINERALS

Results Are What Count

If you feed your stock strictly according to proven SHUR-GAIN standards you can count on excellent results.

CANADA'S health

CARRIAGE COUNTS

Posture is body control—the way a person walks, stands or sits. The manner in which the body is carried is important, not only to the appearance but also to the general health. It may mean the difference between the ability to endure physical strain and fatigue. Slumping may cause construction of important organs. A well co-ordinated body is built by the right kind of exercise, a balanced diet, adequate rest and healthy habits.

INFORMATION PLEASE

Nutritionists have long known that the human body needs certain elements to keep it healthy, maintain tissues and, in younger people, aid in strong growth. Basic food rules have been planned so that necessary nutrients may be obtained by eating certain types of food. Information on the foods containing the maximum of food values is distributed to the housewife by means of folders and booklets produced by government health departments. Short items concerning current food problems are relayed to the public through the press or other media, in order that Canada may eat as healthfully and economically as possible.

OVER FASTING

Most people have finished their last meal of the day by seven-thirty in the evening. Their next meal is often eaten eleven to fourteen hours later; those who make a cup of coffee do for breakfast bring it to sixteen or more hours before there is another intake of food. During all these hours the body is fasting, with no refueling, despite the fact that its normal activities and functions continue. This habit is dangerous to health. Breakfast should be eaten at the regular morning hour and should contain at least one-third of the day's nourishment. Starting with fruit juice, whole-grain cereal, egg or bacon, it should include a generous helping of toast and hot beverage to carry the body through the morning's work.

Weed of the Week!

GOAT'S BEARD

Yellow Goat's Beard, also called Meadow or Wild Salsify, is a common weed on the roadsides, railways and vacant land in many parts of Ontario, states W. J. MacRae, Fieldman for the Crops Branch, Ontario Department of Agriculture. He adds that while this weed is seldom found in grain fields, it is a menace to our hay and pasture fields. If the infestation is serious, the only way to rid the field of it, is to plough up the land.

Goat's Beard is a deep-rooted perennial with a tap root. It grows erect, often reaching a height of three feet. Large yellow flower heads make it conspicuous when in bloom. The seed head which follows, resembles the dandelion with its downy seeds. These seeds are yellowish brown, long and slender, and are spread by the wind.

Mr. MacRae points out that, since this week is seldom found in grain fields, it appears it will not stand cultivation. However, the roadsides, railway rights of way and permanent grasslands provide an ideal place for it to grow undisturbed. To control the weed on such land, he states that it should be cut before the seed sets. This will prevent further spreading of Goat's Beard.

For chemical control, Mr. MacRae states that repeated applications of 2-4-D are necessary. It should be applied at the rate of 6 to 8 ozs. of 2-4-D actual acid per acre with the first application made before the flowers appear in June. He emphasizes that since Goat's Beard is a perennial with a deep tap root, several applications will be necessary to completely eradicate this weed. The fact that the seed is spread by the wind, makes further infestations likely, unless it is controlled in the whole district.

HINTS FOR THE HOME

Patent Leather

Orange juice makes an excellent polish for patent leather.

Dried Glue

Add a few drops of glycerine to the dried glue, and it will be usable again.

Baked Potatoes

Allow potatoes to stand in hot water for fifteen minutes before baking, and the baking will require but one-half the usual time.

Hard Water

Soften hard water by adding to a boiler 2-3 full of water, sal-soda the size of a large egg. This will not injure the clothes, will whiten, and save rubbing.

Coffee Stains

If the stains can not be removed by warm water and soap, pour on boiling water from a height of two to three feet. With silks, put between clean damp cloths, and press with a hot iron.

Artificial Flowers

If artificial flowers are crumpled, hold them over the steam of a kettle for a few minutes. Pull into shape and shake or fan them until dry. Velvet flowers, particularly. will respond favorably to this treatment.

Bluing

Draw a cloth through the bluing water first to take up any floating particles. Also dissolve the bluing in warm water. Shake the folds out of garments before putting in the bluing water. This will prevent streaks.

Waldorf Salad Recipe

Mix in equal parts of celery cut in half-inch pieces, and sour crisp apples cut in slices. Salt and pepper lightly and mix with mayonnaise dressing. Serve on a lettuce leaf in individual salad dishes, or in the salad bowl upon a bed of lettuce or cress.

Sunday In The Churches

SUNDAY, MAY 25th, 1952.

Yardsticks of Character

Success or failure is not measured by the opinion others may have of your work, but by the inner condition of the soul.

It is virtue to keep your mouth shut when you have nothing to say, but to keep silent about being a Christian is a sin that has hurled many a soul to ruin.

Whatever detracts from your enjoyment of the Bible, or hampers the spirit of prayer, or tends to produce an inward state of selfishness should be avoided with great care.

No one should be satisfied with breaking the record yesterday—it is what is being done today that counts.

The best pillow for a tired head is a promise from the Word of God. The best balm for a breaking heart is a quiet time with the Eternal. It takes courage plus devotion to be God's "Yes Man."

Dundas County Homemaking Club Achievement Day

Nineteen girls representing two Homemaking Clubs in Dundas County, met in Williamsburg recently for the Achievement Day. The project studied this year was "Cottons May Be Smart."

Mrs. Donald Hess was leader of the Williambsurg Club, and Mrs. A. J. Casselman acted as her assistant. In Morewood, Mrs. K. Hillis was the leader of the Club, and Mrs. G. Steinburg was her assistant.

Each girl had on display a cotton dress and a record book. During the morning, each girl judged a class of 4 cotton dresses, made a worked buttonhole, and sewed on a button.

The highlight of the afternoon programme was a dress parade. Each girl modelled her dress, and the leaders of the Clubs introduced the members of the group. Several mothers and friends of the girls were present to see the work of the Homemaking Club members.

Each Club presented an exhibit entitled "Cottons May Be Smart," and a representative of the Club made a short comment. The girls taking part in this were: Morewood, Muriel Thompson; Williamsburg, Lois Whittaker.

The Morewood Club staged a demonstration entitled "The Preliminary Work of Dressmaking," in which Marlene Swerdfeger and Marlen Thompson took part. The Williamsburg Club chose Georgie Larsen and Reta Barkley to demonstrate "How to Choose and Alter a Pattern."

Upon the completion of two projects, the following girls received "Certificates of Achievement": Reta Barkley, Aileen Barkley, Shirley Gordon, Lorraine Runions, Barbara Tupper, Sheila Whittaker, Lois Whittaker, Betty Worster, Shirley Worster. Each girl attending the Achievement Day and having completed the requirements of the Club received a silver spoon. The project chosen for next year is "Cotton Accessories for the Club Girl's Bedroom."

The Home Economist, Mary Little, was assisted by Mrs. W. F. Hayes, Home Economist for Carleton County. Mr. Don. Rutherford, Assistant Agricultural Representative for Dundas County, attended in the afternoon and took several pictures of the girls, the dresses and exhibits.

VERNON WOMEN'S INSTITUTE

The Vernon Women's Institute met at the home of Mrs. Ivor Bath, recently, with a fair attendance. The meeting opened with the Ode, followed by the Institute Creed in unison, and a welcome from the president. The roll call was answered by an exchange of valuable and rare seeds, bulbs, potted plants and shrubs.

A letter was sent to the Department of Highways asking them to erect speed limit signs on the outskirts of Vernon Village, to make life a little safer for the children.

The Crokinole party, plus donations, brought $23.85.

Mrs. Lorne Acres, Mrs. Ed. Lanoue, Mrs. Alex Campbell and Mrs. J. D. Campbell will be the delegates to the District Annual in Kars on June 5th. Mrs. Ed. Lanoue gave an interesting and splendid report of the Officers' Conference at Guelph.

The motto was read by Mrs. Lee. Mrs. Bath gave a demonstration of developing and printing films and a talk on the care of your camera. A sewing machine, of Swedish origin, was also demonstrated. Refreshments were served by the hostess. Mrs. Rolla Campbell moved a vote of thanks to Mrs. Bath for her home and hospitality.

The June meeting will be held at the home of Mrs. J. D. Campbell, and all ladies are invited to attend.

FIRST AID SAFETY

Many people have had first-aid training and have the ability to deal with an accident case or sudden illness before the arrival of the doctor, but there are additional aspects of first aid which should be studied for civil defence. In most areas this training is already being taken care of by civil defence groups. Where groups and arrange for instruction there is no such preparation, interested individuals might organize into in first aid by the St. John Ambulance Association.

THE MIXING BOWL

By Anne Allan
HYDRO HOME ECONOMIST

Hello Homemakers! "Best wishes" is the theme for May. We express this message to many people who are graduating from schools, who are celebrating anniversaries, who begin their first job in the business world, and those who plan to be married.

To mark these occasions, there will be parties at home, clubs, theatres and such. At the same time, many homemakers will plan food for either afternoon tea, buffet supper or as an evening refreshment.

The ideas to follow will help you particularly for the shower party which usually requires more decorative planning to honour the occasion of the bride-to-be.

TAKE A TIP

1. Afternoon Tea: Cheese pastries, open-faced sandwiches (tomato, shrimp, or cucumber), ribbon sandwiches of peanut butter and meat relish, pinwheel sandwiches (olives and cheese or carrot sticks and tuna), cookies (heart-shaped), macaroons, tea.

2. Buffet Supper: Sliced cold turkey or chicken, cranberry jelly cut in shapes, jellied salad (grated carrot, pineapple cubes and nuts), potato chips, buttered cress rolls, cherry or lemon tarts, coffee.

3. Evening Refreshments: Tid bits, cheeseburgers, relish tray, ice cream and cookies, coffe or tea.

Shower Party

1. Jellied tomato ring with shrimp, peas and cucumber; potato chips, tea biscuits, angel food rings filled with strawberries; tea.

2. Fruit salad, cottage cheese, (halves of banana, cubes pineapple, orange and grapefruit sections); small tarts, ice cream, tea or coffee.

3. Rhubarb juice, pyramid salad, asparagus rolls, relish plate, lover's knots and ice cream, berries, iced tea or hot coffee.

Jellied Shrimp

1 tbsp. unflavoured gelatin, 1-4 cup cold water, 1 1-2 cups tomato juice, 2 tbsps. vinegar, 2 tbsps. lemon juice, dash of salt, 1 cup of shrimp, halved lengthwise; 1-2 cup diced celery, 1 bunch watercress, cucumber dressing.

Soften gelatin in cold water and dissolve over hot water. Add tomato juice, vinegar, lemon juice and salt and chill; when beginning to thicken add shrimp and celery. Pour into oiled ring mold, chill in electric refrigerator; unmold and serve on watercress. Fill centre with sour cream dressing mixed with cucumber pieces. Serves 8.

Lover's Knots

Puff paste, 1 egg, slightly beaten; chopped almonds.

Cut wide strips of puff paste, roll thin and tie into knots. Brush with egg and sprinkle nuts over top. Place on cookie sheet and bake in hot electric oven, 400 degrees, for 10 to 15 minutes.

THE QUESTION BOX

Miss S. H. asks: How do you make a decorative rose from grapefruit peelings?

Answer: From a thick-skinned grapefruit, slice off the yellow rind just deep enough to leave a smooth surface. Peel in a circular fashion just as you would an apple, making the strip about an inch wide. Then starting from one end, wind the peeling tightly to resemble a rose and secure with two toothpicks. Place in hot water and boil gently until rind becomes transparent. Then drain and serve among cress or cherry leaves.

Note: If you wish a glazed coloured effect, add red or orange colouring to a medium syrup and stand the cooked peel in it for about 15 minutes.

Mrs. W. K. F. asks: How do you make rolled or pinwheel sandwiches successfully?

Answer: Trim three sides of a sandwich loaf (one day old), then with a sharp knife, slice length-wise into one-eighth to one-quarter inch thick slices using a sawing motion. Places slices on a tea towel that has been rung out of hot water. Let stand about 10 minutes. Then remove cloth, spread with soft butter and filling. At one end lay small sweet pickles or stuffed olives. Beginning at this end, roll bread as for a jelly roll. Secure the end with toothpicks until chilled thoroughly in the electric refrigerator.

Note: For variety, place thin strips of carrot or slivers of sweet peppers across the sandwich filling about two inches apart before rolling. Wrap sandwiches in wax paper as soon as they are made.

Miss E. G. asks: Please suggest a club sandwich made without meat.

Answer: Vegetable Club Sandwich. Marinate cooked asparagus strips and thin cucumber slices in French Dressing for 5 minutes. On one slice of toast arrange slices of tomato and cucumber, season with salt and pepper and cover with a crisp leaf of lettuce. Over these place a piece of toast and about 4 asparagus tips on it, spread with mayonnaise and a crisp leaf of lettuce. Top with a third slice of toast. Garnish with radish roses, water cress and sweet pickles. Serve with a devilled egg.

Woolens

If the woolen material just purchased has not been sponged, do it before it becomes spotted by rain. Lay the material flat on a table and place over it a wet sheet, wrung out so it will not drip. Start at one end and roll material and sheet together and let stand for about twelve hours. Then press on the wrong side of the material with a fairly hot iron but don't scorch.

Along the Skyline Trail

Along the skyline trails and through the fabled passes of the Canadian Rockies this July, 130 "dude riders," straddling their securely saddled cayuses, will view some of the most spectacular scenery on the continent. The "dudes" are Trail Riders of the Canadian Rockies, an organization founded by J. Murray Gibbon, well-known author and former general publicity agent for the Canadian Pacific Railway, and during the last two weeks in July will participate in five-day and six-day rides in the Egypt Lakes—Marmon Ridge area of the Continental Divide near Banff, Alta., jumping off point for the expeditions. The five-day ride, starting July 18, costs $65 per person, and the six-day jaunt, beginning July 25, costs $75, which includes horse, saddle equipment, tepee accommodation, meals and guide service. All riders are eligible for membership in the 29-year-old Trail Riders organization.

NEW WESTERN METROPOLIS SHAPING UP

With tremendous logging and sawmill boom now engulfing the north central interior of British Columbia, the little railroad centre of Prince George, B. C., is shaping up as another western metropolis. Harold Hilliard, a Star Weekly staff writer, gives the details in a feature article in the May 24th issue.

Within the next few months, the Pacific Great Eastern Railroad will be extended to Prince George where it will connect with the trans-continental Canadian National Railway line to Prince Rupert. A new highway has been built from Prince George to the Peace River country, thus providing the ground work for a new centre of population in Prince George.

A Supper Dish

A dish that is quickly prepared in an emergency is to slice cold boiled ham thick enough so that it will not break apart when handled. Spread mustard on each piece and then place on it a tablespoon of baked beans. Roll and fasten with toothpicks; then bake for ten minutes in a hot oven.

CHESTERVILLE POULTRY CLUB

Boys and girls in the Chesterville district are showing a great deal of enthusiasm in the Poultry Club being sponsored by the Rotary Club and the Ontario Department of Agriculture. Not a little bit of the response is due to the efforts of their energetic Club leaders, Allison Graham and Jack Fulton.

Thirty members have each received 50 chicks from the Rotary Club and are raising them under their supervision and keeping an accurate record as to cost in raising these birds to maturity.

The officers of the Club are: President, Jack Curran; Vice President, Blake Feeley; Secretary, Verna Merkley.

The lecturer was being introduced to different members of his audience. At last he came to Mrs. Smith.

"Ah, the wife of Mr. Smith, I presume?"

The woman hesitated. "Well—er, one of them," she acknowledged.

an appeal to All citizens

TO KEEP MAY 24th WEEK-END FREE OF ACCIDENTS

Holiday week-ends bring unusual traffic hazards to Ontario. More drivers and pedestrians use the streets and highways. More miles are travelled. More time is spent out of doors, and thousands of children are released from school. All these factors swell the normal traffic volume and increase the danger of accidents.

I earnestly urge all citizens, and all leaders in community and municipal life, to encourage widespread awareness of the need for safer driving and safer walking.

The traffic accident record can be kept down—*if each of us does his part.*

The Department of Highways is conducting a planned attack on accidents. Let us all work together to keep the approaching holiday period free of accidents.

LOCAL SOFTBALL TEAM WINS OPENING LEAGUE GAME

Having been rained out in their first two starts, Winchester Royals, Dundas League champs for the past three years, opened the ball season here last Friday evening with an 11-7 victory over Chesterville.

Sparked by the steady pitching of Dalt. Kenney, who went the distance, Winchester had command of the situation all the way. The late arrival of the Chesterville nine forced a delay in the game, which was cut to five complete innings. Kenney scattered ten hits and gave up no walks. Shaver, on the mound for Chesterville, was lifted in the third in favour of D. Smith, who finished the game.

Arn. Rielly and Bruce Steinburg were tops in the hitting department, collecting a pair each.

The line-ups were:

Chesterville—H. Shaver, J. Davis. A. Sullivan, D. Smith, N. Shaw, E. Merkley, D. St. Pierre, J. Droppo and D. Robertson.

Winchester—A. Rielly, B. Steinburg, B. Plantz, F. Dunlop, R. Workman, D. Kenney, N. Utman, H. Hutt and R. Dawley.

LOCAL AND GENERAL

Seriously Ill at Home.

We are sorry to report that Mrs. H. S. Carkner is seriously ill at her home in Winchester. Her many friends will wish her a quick and complete recovery.

Recovering From Injuries.

The many young friends of Ersol Holmes, 9-year-old son of Mr. and Mrs. Fred Holmes, will be pleased to know that he is recovering satisfactorily from injuries he received a few days ago in a fall near his home. The young lad sustained a severe wound in his groin when a sharp branch, which he fell on when he stumbled while at play with his brother, penetrated the lower part of his abdomen to a depth of five inches. He was attended by Dr. Wm. Byers and later taken to the District Memorial Hospital.

Opportunity Sale Was A Success.

The Opportunity and Home-Cooking Sale, held in the United Church Sunday School Hall on Friday and Saturday last, and sponsored by the Women's Association, was a successful venture, with the Association realizing over $100.00 from the proceeds of the sales.

In charge were Mrs. C. Rice and Mrs. J. Crummy, assisted by Mrs. T. N. Mitchell and Mrs. Percy Durant. Fifty per cent. of the proceeds of the sale of all articles were donated to the Association, with the exception of anything sold under a dollar. Mrs. Wm. Lannin and Mrs. Fred Deeks acted as joint treasurers. Mrs. R. Freeland, Mrs. H. Fetterly and Mrs. J. K. Ault were sales ladies. The 15 and 25-cent table was in charge of Mrs. J. Crummy and Mrs. R. Wylie. The cooking table was in charge of Mrs. Mitchell, Mrs. Arnold Duncan and Mrs. B. Potter.

ROYALS DEFEAT HALLVILLE FOR SECOND STRAIGHT WIN

Cy. Helmer's boys made it two in a row on Monday night when they defeated Hallville 11-5 on the Continuation School Campus. It was Victory No. two for Dalt. Kenney, who took over the pitching chores from Stirl. Dawley in the first.

Royals started off with the proverbial bang by collecting half a dozen runs in the first inning, and that was enough. They added another pair in the second and third and ended up with a single in the fourth for a total of eleven runs. Hallville held Winchester scoreless in the last three innings.

The township crew from Mountain picked up their runs in the first four innings.

The box score:

Winchester	6	2	2	1	0	0	0	11	12	1
Hallville	2	0	2	1	0	0	0	5	9	4

Officials—K. Carkner, Winchester, and S. Berry, Mountain.

PASTOR B. RICHARDSON HONOURED BY FRIENDS

Prior to his departure for Ireland, where he will spend a two months' vacation visiting relatives and old friends, Mr. Ben. Richardson, pastor of the Winchester Baptist Church, and Mrs. Richardson, were honoured by sixty-five members of the congregation and a host of friends at a going-away party, held last Friday evening at the residence of Mr. and Mrs. Frank Dunlop, Gladstone Street.

Mr. Richardson, popular pastor of the local Baptist Church for the past four years, plans to leave Montreal for Ireland aboard the S. S. Asconia on Wednesday, May 28th.

Mr. Walter MacDonald was the master of ceremonies for the evening and also presented to Mr. Richardson, on behalf of everyone present, a leather wallet containing a sum of money. At the same time, Mrs. Richardson was presented with a lovely bouquet of flowers by Miss Jean Wyatt, on the occasion of the honoured couple's wedding anniversary on May 9th. Mr. Richardson replied, thanking everyone very sincerely for the kindnesses and remembrance shown he and his wife, not only at this reception, but since they first arrived in Winchester.

The evening was highlighted with a spirited sing-song, led by Mr. Chester Timmins, and assisted by Mrs. Dudley Craig as pianist. Special numbers were given by Ron. Workman, and a group of mixed singers composed of Messrs. Stirling Dawley, Harvey MacIntosh, Sheldon Robinson, Hugh Wilson, Frank Dunlop, Ron. Workman and George McConnell. A dialogue and harmonica numbers were given by Mr. Frank Swan. Needless to say, most of the songs were popular and old favourite Irish Ballads.

Greetings were brought from the United Church by Rev. T. N. Mitchell and Mrs. Mitchell, from the Anglican Church by Canon Carryer and Mrs. Carryer, and from the Presbyterian congregation by Rev. Wm. Reid, who also offered a prayer asking for the safe guidance of Mr. Richardson on his forthcoming journey.

Spirited with good fellowship, the evening was closed by a sumptuous lunch being served by the hostess, Mrs. Frank Dunlop, assisted by Mesdames Harvey MacIntosh, J. A. Wallace, William Crummy, Raymond Summers, Dalton Kenney and Stirling Dawley.
