Agri notes

Canada's food costs lowest

OTTAWA — Information, from a survey carried out by the U.S. Foreign Agricultural Service which reports on world food prices, shows Canadians spend the lowest percentage of their weekly incomes on food in the world. The "market basket" is a sample of the same 15 basic commodities priced at local supermarkets in each country's capital. The costs are from a 1991 survey. They provide a useful basis for comparing world food costs.

Educational Day this weekend

SOUTH MOUNTAIN — The Mountain Township Agricultural Society is hosting an Agrifest/Educational Day this Saturday (June 25) from 12-3pm.

The day will feature horse and poultry seminars and demonstrations, a horticultural display and a sheep symposium.

The event is slated for the Mountain Township Agricultural Society fairgrounds. For information contact Gary Lapier at 989-2792.

1994 soybean planting

CHATHAM — Statistics Canada projects the area of Ontario intended for soybeans to rise 3 per cent (50,000 acres), bringing the total area to 1.75 million acres.

An internal survey of the District Committeemen of the Ontario Soybean Growers' Marketing Board showed a 6 per cent increase over last year that could put Ontario over 1.8 million acres. The cold spell during the prime planting time for corn may also have shifted the scales in favor of soybeans which could result in 1.85 million acres. This represents another record for soybean plantings in the province.

TMR studies conducted by KCAT staff

by Dennis McKnight, KCAT

KEMPTVILLE — Many dairy producers have already switched or are contemplating switching to total mixed rations (TMR) for their milking cows.

A TMR ensures that every bite the cow takes is the same and hopefully contains all the nutrients she needs. Most producers making the switch to TMRs have found that it increased production and reduced problems of cows going off feed.

With previous feeding programs, producers have been advised to feed more often, especially the grain portion. In many situations, this meant feeding the cow four to six or more times a day because hay was fed separately from silages and silages separately from grain mix. Obviously, this is a labor intensive method.

The installation of a computerized TMR feeder at Kemptville College offered the opportunity to increase the frequency of feeding with no additional labor. Previous research on frequency of feeding was of short duration (21-168 days) and often with grain mixes fed separately.

A summary of 35 experiments in 1984 found that moving to three or more meals per day increased production by 2.7 per cent and butterfat test by 7.3 per cent. The conclusion at that time was that cows producing milk of commercially acceptable milk fat concentrations were unlikely to benefit from increased feeding frequency.

KCAT has just completed a two-year study where cows and heifers at freshening were assigned to a TMR at either two times (2x's) or four times (4x's) daily. TMR was fed for a 10 per cent weighback. Two kilograms of baled hay were fed twice daily to both treatments. Cows fed 2x's daily produced more milk (36.1 per cent vs 34.9) with less butterfat (3.38 per cent vs 3.73) and protein (3.12 per cent vs 3.18). There were no differences in feed intake, body weight, body condition score, reproductive efficiency or health parameters measured.

Under the conditions of this study and the current pricing of milk in Ontario, there may be justification for feeding a TMR 4x's daily to high producing cows. However, if the component payment for milk fat decreases or you want to decrease butterfat test, I would recommend feeding 2x's daily as long as cows still have plenty of feed available. Of course, feeding just 2x's daily also reduces labor required unless a computer feeder is used.

MacGregor heads top CIDA project

OTTAWA — An international development project, headed by Morewood resident Malcolm MacGregor has received an award for excellence and innovation by the Canadian Exporters' Association (CEA).

Every year the CEA chooses four projects as award winners from hundreds of Canadian International Development Agency (CIDA) projects around the world. MacGregor is resident project manager for Agrodev Canada's crop diversification program in Bangladesh — which placed first in its division.

According to Christopher Neal of CIDA, the project, aimed at developing new crops and improving farming practices, is one of the largest and most successful agricultural initiatives ever undertaken in Bangladesh.

WINNING PROJECT

MacGregor and his wife Estella have been in Dhaka, Bangladesh with the project since its inception in 1990. Under his management, the program is diversifying the country's crop production and promoting the production of seeds, pulses and tuber crops for domestic use.

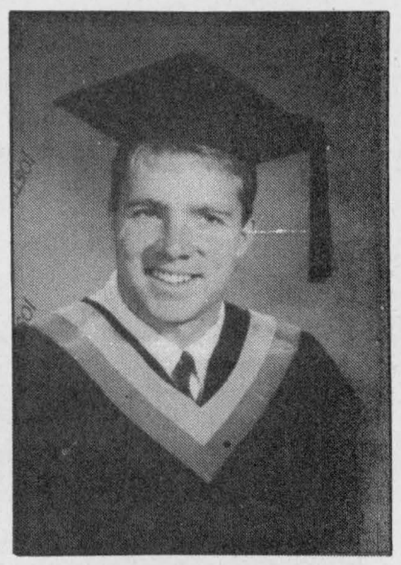
Approximately 80 per cent of the country's 120 million people depend on agriculture for a living. Rice is the primary crop grown in Bangladesh for both domestic use and export.

As part of the project, Bangladeshi Minister of Agriculture, Dr. Ayubur Rahman last month toured a number of Eastern Ontario farms and agribusinesses for a first-hand look at how the agri-food chain in Ontario works.

The tour provided Rahman with an overview of the food chain as it relates to small-scale farming systems and agricultural diversification. It also exposed him to agricultural training institutions and provided valuable information on the seed and horticultural associations and their role in the industry.

The Canadian Awards for International Development were presented during consultations hosted by CEA and CIDA. Also honored during the ceremony were: Roche International of St-Foy, Quebec, Scotiabank of Toronto, and N.D. Lea International Ltd., based in Vancouver and Toronto.

Awards were presented June 8 in Ottawa.



Graduation

Christof H. Reusser of Finch, received his diploma in agriculture with great honors from the McGill University (MacDonald Campus) in Montreal June 3, 1994. Chris was awarded with the Governor General's academic medal for the highest standing in the graduating class of the Farm Management and Technology program of 1994. He was also the winner of the M.A.P.A.Q. gold medal (Ministry of Agriculture and Food for the Province of Quebec). Chris was also awarded the annual prize by the Farm Credit Corporation of Canada as the student with the best overall results in financial farm management courses at MacDonald College. Congratulations Chris from all your family.

4-H update

Putting the pieces together

by Erinn Foley

BRINSTON — During the sewing and craft club, the Brinston Single Sewers made a variety of items; learned our way around our sewing machines; and more.

Sewing bags were our first sewing test. When they were completed they looked great! Our bags were very handy in which to carry our 4-H books. Next came Christmas ornaments. They didn't take long to make, but when they were finished they turned out to be a dazzling accessory for our Christmas trees. Pillows were also made. Every member of the club chose their favorite fabric for their pillows. They looked very nice when they were finished. They were put on beds, couches and chairs.

Finally the members' focal point of the club arrived; making vests. Everyone in our club went to Quilter's Garden in South Mountain to choose the material for our vests. Making the vests taught us how to mix and match fabrics, colors and threads. We learned how to make button holes, french seams, and more.

After the pattern was cut out, and the pieces were sewn together, our vests looked beautiful. Everyone admired the finished product.

Our achievement night was held on June 2 at the Brinston Oddfellows hall. We held a fashion show to display our vests at the achievement night. Refreshments followed the presentations of the awards. Many thanks to Japke Tibben and Faye Byvelds for leading the club.

Farm Labor Pool evaluation drags on

by Mike Aiken

CHESTERVILLE — If you got a call from someone asking questions about the Farm Labor Pool, don't worry.

Chairman Glenn Pemberton says he isn't concerned about the pool's first nationwide review since it was created 20 years ago.

"There's no suggestion about closing it or anything else," he said.

A consultant's review began in January and was expected to be completed at the end of March. But the latest word is that it won't be done until September, says Agricultural Employment Services manager Margaret Macdonald.

"We're being evaluated for the first time in 20 years, but I don't have a problem with that," she says. "Anytime you're being evaluated you want to put your best foot forward, but that's all it is."

The local labour pool is as safe as any public service agency these days, she said.

The AES office has placed about 18,000 workers in the 19 years it's served Stormont and Dundas Counties.

Most farmers hire laborers for baling and storing hay, with relief livestock workers and relief milkers also high on the list.

The pool operates in co-operation with the Agricultural Employment Services office in Chesterville, with funds from the federal government.

A consulting firm was hired to review the operation of all AES offices with results expected in the fall.

"The nice thing about having the pool is that you always get someone who has the qualifications," said Pemberton, himself a farmer. "Otherwise you might just get the lad down the road, who may not have all the qualifications you need."

The strangest request Macdonald said she ever had was for a tail washer on a dairy farm, to help groom the cows.

"If you've ever been hit in the face with one, you'd know why," she said.

Coleman takes over WI district

WINCHESTER — The annual meeting of the Dundas District Women's Institute was hosted by the Morrisburg branch on May 18 at the Howard Johnson Motel. The meeting opened when the flag was presented and the WI ode and collect repeated.

President Joan Morrell welcomed the 65 present and spoke on the International Year of the Family which is this year's UN focus.

Board director Vivian Fawcett brought up-to-date information from the provincial office. She also ratified the branch directors.

Area president Peggy McLeod asked for help at the WI booth at the International Ploughing Match on Sept. 23 - Dundas District day. She also felt we should promote the WI scholarships available for post-secondary education, the Bernice Noblett competitions and breast screening program.

Yearly reports were given by Ruth Algire (public relations); Freida Coons (program co-ordinator); Doreen Marcellus (Tweedsmuir history books); and Maryke De Jong (resolutions).

During the day we heard Anja Berends, dairy educator, speak on her work in schools to explain the "cow to carton" process. Joan Sullivan, rural community advisor, spoke on "The Seven Habits of Highly Effective People". Gwen Parmenter gave out information on the summer bus trip to London, Ont., in July.

During the lunch hour Morrisburg Reeve Gordon McGregor brought greetings and best wishes.

Officers for the next two years are: president, Evelyn Coleman; vice-president, Bettie Locke; second vice-president, Irene Woolford; secretary treasurer, Johanna Westervelt; public relations, Ruth Algire; program co-ordinator, Doreen Empey; Tweedsmuir, Doreen Marcellus; Resolutions, Maryke De Jong; and scholarships, Freida Coons and Pat Young.

Missionary explains role to UCW

by Norma Wylie

WINCHESTER — June Armstrong welcomed the Winchester United Church Women to the potluck picnic meeting on June 13 in the Sunday school hall.

Janice Hyndman and Marion Renwick conducted the worship service using the theme "Lending to the Lord". The meditation portrayed the story of Jesus among the poor and scriptures were taken from Matthew 25: 31-46.

The hymn "What a friend we have in Jesus" was sung and a poem "Nature's Strength" was read. The service closed with prayer.

June Armstrong reported buying six Bibles and presenting them to six confirmands in May.

A certificate of appreciation was sent to the Winchester UCW for its effort in the carnival in February from Lynne McLenaghen, chairperson of the carnival. Also a certificate for outstanding service from Le Baubach Literacy of Canada was received.

Two hundred and fifty dollars was realized from the ecumenical dinner in May which was given to Phyllis Brunton, the guest speaker, for her missionary work.

It was voted to give a donation to the Community Learning Centre. The cabin at Rideau Hill Camp is almost finished.

The annual presbyterial meeting is to be held in Kirk Hill on June 14 with Elizabeth Muir, stewardship education officer as guest speaker.

Laurie McKnight Walker led in a lively singsong playing on her guitar. This was greatly enjoyed by all. A bounteous potluck supper closed the afternoon meeting.

Metcalfe country singer captures sixth place in open competition

Garnet Quail
Press staff reporter

METCALFE — His name is spelt a little bit differently than that of country music star Reba McIntire, but Craig McIntyre has ambitions to duplicate her big success.

McIntyre, 19, a tall, good-looking singer from just north of Metcalfe, says he has been singing for about as long as he can remember but he discovered the 'magic of country' when he was 14 and has been singing it ever since.

Craig McIntyre (holding microphone) joins the Knott Brothers Band for a few songs at the Christopher Day Clark benefit in Metcalfe Saturday. McIntyre, a Metcalfe native, has his eye set on a career in country music. His sixth place finish in Navan's Country Music Contest last weekend is a good start.

Press Photo — Quail

This past weekend McIntyre competed in the Ontario Open Country Music Singing Competition held in Navan, Ont. When the final tallies were in he had captured a very respectable sixth place overall.

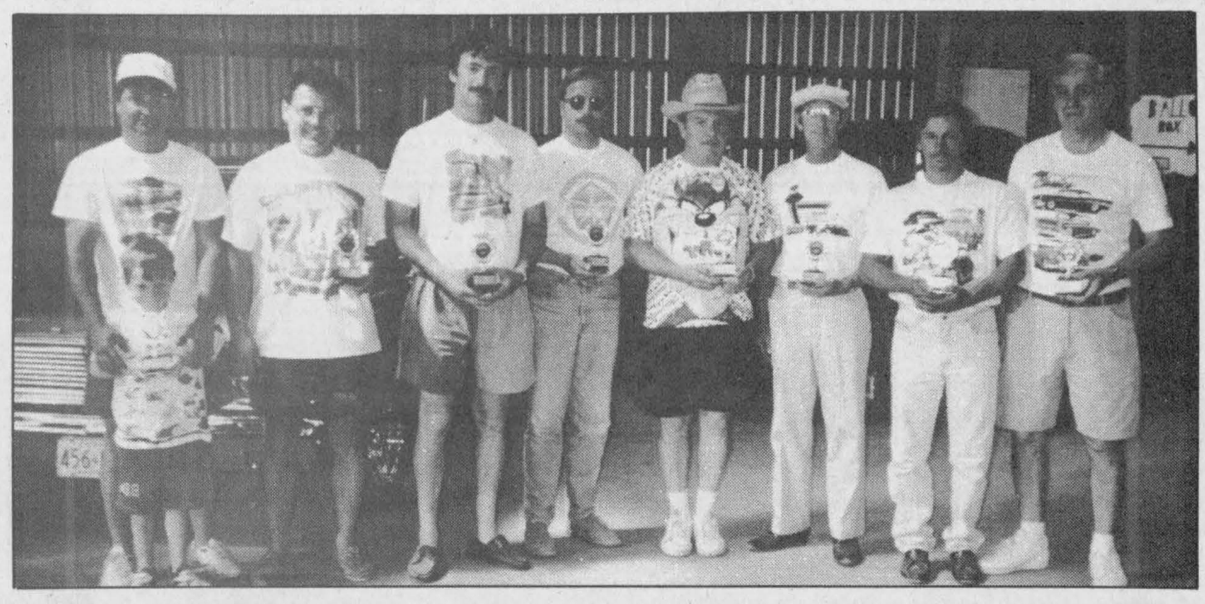
This competition serves to give aspiring entertainers a showcase for their talents and perhaps an opportunity to do a little networking to further their careers.

Following the competition, McIntyre told the Press, "This is my kind of music. I love it. It was exciting and a great experience to compete in Navan and the contacts and good finish are quite encouraging."

He went on to say, "A bigger test is coming up on Friday (June 24). My entry is in at Radio Station CKBY for their competition to be held at the Gatineau Clog."

He said, "To be a finalist would be a great boost but to win that one would be the ultimate. Look at what that competition has done for guys like Charlie Major and, more recently, Jason Roos."

McIntyre took some time away from the competition last weekend to lend a helping hand to a worthwhile local cause. He was in Metcalfe on Saturday evening to join the Knott Brothers Band and sing a couple of songs at a benefit dance for Christopher Day Clark, a young Greely man severely injured in an automobile crash more than a year ago.



Osgoode Township High School recently held its second annual auto show. Vehicles that caught the judges' eyes included those of winning participants Peter Flaro, Rejean Gagne, Joe Brigman, John Sarault, Gil Romard, Tarry Dubue, Ron Rail and Daniel Renault.

Classic coupes compete at auto show

by Alex Kiskis

METCALFE — Osgoode Township High School students, under guidance of their auto mechanics teacher Moe Barnabe, provided township residents a drive down memory lane at the second annual auto show recently.

New and vintage vehicles, from as far away as Cornwall, Ottawa and Brockville, participated in the show. Competition was intensified when the principal Peter Stark, entered the competition with his yellow Mustang.

Plaques and trophies were provided by local automotive dealerships, including Petric Ford, Leduc Pontiac Buick Ltd., Embrun Ford, Mendes Toyota, South Bank Dodge Chrysler Ltd., Metcalfe Auto Parts, and Jim Tubman Motors Ltd.

Door prizes provided by area merchants were greatly appreciated. Until next year, many thanks to all participants, students and staff who helped make this event a success.

The award winning participants were: Peter Flaro - 1957 Chev; Rejean Gagne - 1940 Chev Coupe; Joe Brigman - 1961 T-Bird; John Sarault - 1930 Ford Coupe; Gil Romard - 1972 Plymouth; Tarry Dubue - 1973 Road Runner; Ron Rail - 1965 Austin Healey and Daniel Renault - 1958 Corvette.

Clark benefit bash comes up short

by Garnet Quail

METCALFE — Hard work and careful planning did not pay off for organizers of a benefit dance last weekend.

Organizers of the huge 'Country Bash', arranged for the benefit of Christopher Day Clark, a young Greely man severely injured in a devastating car crash more than a year ago, are today sitting back to lick their wounds.

The event, staged in the Metcalfe Arena last Saturday night, actually took a loss of $600.

Organizer Maggie Melenhorst told the Press, "We were sure we had done things right and we still think we did. We had great entertainment, fantastic caterers and the price was right."

Melenhorst pondered what might be the cause of the poor showing. She said, "There were just too many other activities we were competing with on the same evening. Another thing which certainly didn't help was the incredible heatwave. People just weren't in the party mood, I suppose."

She added, "The Clark family is very appreciative of our efforts on their behalf and our committee has pledged $8,000 to the cause."

Melenhorst goes on to commend fellow organizer Barry Stewart whose annual 'Strawfest' is always an incredibly popular event. "Barry has pledged $1,000 from Strawfest revenue to the Clark fund," she says, "and his assistance as an organizer and as a fundraiser has certainly been invaluable," she explained.

The date for Barry Stewart's Strawfest is July 9. If you didn't have an opportunity to contribute last weekend there is still a chance.

Donations may also be dropped off at the Royal Bank in Metcalfe.

In Memoriam

BOYD — In loving memory of Hilliard J. Boyd who passed away, June 25, 1992.
The hardest part of losing you,
Was learning to let go
We miss the funny things you'd say,
The things you used to do,
But mostly we miss you.
We share so many memories,
Of which you had a part,
And we will keep them always,
Treasured in our hearts.
— Forever missed and remembered by your family
