# COUNCIL UNANIMOUS IN RESOLUTION

## Ask For Complete Water System With One Contract

By a unanimous resolution of Council Winchester village will do everything possible to install a complete water system in this village, it was revealed Monday night at the May session of Council. All members voted in favour of the resolution which reads as follows: "That the Council is desirous and willing to install a water works system for the whole of the village with service on every street in accordance with present prepared plans provided that this can be done as one entire project and under one contract, with the Ontario Water Resources Commission to be responsible for the original financing of the entire project."

The resolution, probably the most important one Council has made in recent years, was made following an interview with town solicitor Fred M. Cass, who explained to Council the most recent developments in the proposed water system for this village. Mr. Cass intimated that the Water Commission might be interested in installing the complete water system in this village if Council acted on the matter without further delay.

**Another Resolution**

As a result, Council passed another unanimous resolution instructing the Clerk, C. R. Robinson, and Mr. Cass to get in touch with the Commission and the Town Engineer to arrange for an immediate meeting of these parties to arrive at a reasonably definite figure and to discuss other technicalities which will undoubtedly arise. If the Commission is favourable, as there is reason to believe it is, there is strong speculation that the necessary by-law will be drawn up for Council to pass requesting this assistance. From here Winchester's need for water and the proposed plan will be presented to the Ontario Municipal Board for approval.

The general opinion is that the action of council Monday night is the biggest and most direct step taken thus far. Council members along with Mr. Cass, who has been working long hours toward the completion of this project in recent weeks, feel that the only stop now would be the Municipal Board which must grant approval for the scheme. The proposed system calls for servicing on ALL streets within the municipality and not just the main thoroughfares as was reported after the last meeting of council.

A heavy agenda of business and several delegates forced council to continue the adjourned meeting possibly this Friday or Monday night when the new mill rate will be revealed. Council is now waiting on reports of financial needs from Winchester Public and High Schools to complete its budget for the year. Council members would not say whether or not an increase in the mill rate was anticipated.

**Housing Developments**

Messrs. Howard Biccum and John Henderson waited on council to present plans of their proposed housing developments, one in the north-west section of the village and the other in the south-west part. Both gentlemen presented council with maps of the housing divisions and other necessary information. However, certain bits of red tape and the approval of the Department of Planning and Development forced council to delay any decision on the matter. At the moment Council is giving strong consideration to the setting up of a Town Planning Board, and the Biccum and Henderson housing sub-divisions would come under this board. Mr. Cass advised council and the owners of the land that if the developments were treated as subdivisions there would be considerable delay before actual building was permitted. On the other hand, he strongly advocated the inception of a Planning Board and suggested that it may be possible and wise to approach Winchetster Township Council to see if a joint planning board could be inaugurated to serve both municipalities. In the meantime, Messrs. Biccum and Henderson were told by Council that everything possible would be done to assist them.

**Talk With Hydro**

Hydro Superintendent Al. Beardsall was present at the meeting and outlined to Council costs of erecting primary and secondary lines in the village to service new consumers. He said that one-third of a mile of this type of distribution system, depending on the number of consumers, would very likely cost in the neighbourhood of $3500. Mr. Beardsall also explained the variation in voltage in the village and said that it was good voltage for this municipality. It runs between 120 and 125, lower during peak load. He believed that any fluctuation in the voltage was not severe enough to do harm to light bulbs, TV picture tubes or motors. Tests, he said, had been made at the Winchester sub station, which controls the voltage for the town's distribution system. Council and Mr. Beardsall also debated the feasability of tree trimming in the village this year. Mr. Beardsall advised council that the job should be completed this year and said that the cost would be in the neighbourhood of $1800. Following an inspection of the village by all council members it is expected that the tree trimming project will be carried out by a Hydro forestry detachment. Cost of removing individual trees, Mr. Beardsall said, would very likely run about $100 per tree.

## And The Memory Lingers On . . .

No doubt the memory of the once great Long Sault Rapids will linger in the minds of all Canadians and others who were fortunate in seeing this amazing spectacle. One of the great tourist attractions in all of Canada, the rushing waters of the Long Sault Rapids section were stilled forever recently when man and machine choked off the narrow entrance at the west side of the rapid section to facilitate further and necessary expansion in the vast St. Lawrence Power and Seaway projects. To-day the Sault is a barren strip of flat jagged rock, spotted with pools of water and curious passers-by who are looking for something on the river bed, not certain what they will find. One of the exceptional pictures of this phenomenon of nature was captured by photographer George Smith of Morrisburg about two years ago, when quite by accident he snapped the above panoramic view of the Long Sault. Taken from the Canadian side the picture is one of detail and reveals to the viewer all the characteristics of these once thrilling rapids. The Canada steamship lines boat coming up the canal to avoid the rapids, the foliage, background, and even the cloud formation all seem to blend in to make an unusual study of this much talked about portion of the St. Lawrence. It's the sort of picture that should go into our schools and text books to remind future Canadians of this great waterway and its beauty, and to help present generations maintain a memory of a once proud and mighty Long Sault Rapids.—*(Photo by Smith, Morrisburg).*

## Cheese Factories Urged To Support June Set-Aside

All cheese factories in Dundas County will be urged to contribute to the June set-aside this year in an effort to further advertise Dairy products to the buying public, it was announced at a recent meeting of Dundas Cheese Producers held at Locketon Lodge, Williamsburg.

The president, Byron Martin, in reporting of a recent county-provincial meeting held at Brockville, said that some very favourable legislation had been passed recently by the Federal government to aid the Cheese Producers Marketing Board. A unanimous motion was passed to send a donation of $50.00 to the annual Cheese Show at the Ottawa Winter Fair. Another motion was passed to donate $50.00 to each Township School Fair in Dundas County for prize money.

President Martin presided at the meeting and Wilfred Cooper, secretary, assisted. Directors present were: William Lane, Harold Hillis, Dwight Merkley, Walter Carlyle, Edwin McIntosh, Ewart Simms and Donald Allen.

## Rosalind Elson Best Speaker At E. Osgoode High

Miss Rosalind Elson, of Kenmore, won the Dr. W. E. Carson Trophy, emblematic of supremacy in public speaking in Grades XI, XII and XIII, at the Osgoode Township High School's third annual public speaking contest, held last week at the East Osgoode Memorial Community Centre. Mr. Keith Brownell, of Metcalfe, was rated a close second by the judges, Professor Gordon Wood of Carleton University, Public School Inspector William Stewart of Winchester, and Mr. Herbert Tennant of Lisgar Collegiate, Ottawa.

The N. Paul Daoust Trophy, given to the winner in Grades IX and X, was awarded to Miss Lynda Morris of Metcalfe. Second place went to Miss Clare Eaton of Osgoode. Other contestants were Misses Joan Denison and Catherine Palmer.

Chairman for the meeting was Earl Jeacle, president of the Students' Council. Musical items on the program consisted of a mixed chorus singing "The Lost Chord," directed by Miss E. Stuart; a vocal duet, "Sunrise And You," by Beverley Wynn and Barry Mootham; vocal trio, "With A Song In My Heart," by Misses Rosalin Elson, Joyce Robinson and Ruth Craig; and a vocal solo, "O Come Sweet Spring," by Miss Anne Scobie. Accompanying on the piano was Mrs. Ross Babion.

Dr. W. E. Carson presented his trophy to Miss Elson who spoke on "The Salk Vaccine." Miss Morris' topic was "Good Times And Bad Times." Mr. Paul Daoust presented his trophy to her. Each contestant was judged upon a prepared and an impromptu speech.

The timekeepers were Misses Diane Croskery and Gloria McConnell. Ken Fader was the usher.

Miss Patricia Brownell and her committee served lunch to guests of the Students' Council and of the High School Board.

## W. H. S. Cadets Prepare For Inspection Day

The beat of the drum, the rhythmic rasp of the snare and the shrill blast of the bugle are common sounds to Winchester ears these days as Winchester High School Cadets and their band prepare for their annual Inspection Day which this year is slated for two o'clock, Thursday afternoon, May 30th.

According to J. H. Willard, principal, the Corps is spending all available time in drilling and other routines which will be presented to the public on the big day. Major F. M. Cass, Q.C., M.P.P., is expected to be the Inspection Officer this year, and he will very likely present his S. D. and G. Trophy, awarded annually to the most proficient cadet on parade.

The W. H. S. corps, 200 strong, is comopsed of a boy and girl company, and if past performances are an indication of this year's show, the May 30th Inspection Day should be quite colourful.

Further particulars about the forthcoming Inspection Day will be announced in future issues of the Press when it is expected the date of the annual Church Parade will also be revealed.

## Representative At Sod Turn Ceremony

Osnabruck Centre, one of the municipalities whose citizens will be attending the new Anglican Church at Ingleside, was represented at the recent sod-turning ceremonies by 93-year-old Mrs. George Gove, of Russell and Williamsburg. Mrs. Gove is well known in the Osnabruck area where many of her relatives still reside.

Mrs. Gove resides much of the time with her daughter, Mrs. M. Hollister, at Williamsburg, and the remaining part of the year with another daughter in Russell. She is still hail and hearty and took a great deal of enjoyment in representing Osnabruck at the ceremony.

## Legion Plans 4-Day June Carnival

Plans for the annual Legion Carnival were made at the regular meeting of Post 108 at the Club Rooms on Monday night. Dates for the more elaborate affair this year were set for Wednesday, Thursday, Friday and Saturday, June 5, 6, 7 and 8.

This year the Carnival, which features rides, games and concessions, will again be held at the 100 Club Community Park and will be extended the one extra day. Thursday night feature will be a band parade and concert by a well-known Canadian Army Band. Saturday night's grand finale will highlight a fireworks display at the park at approximately 10.30. According to Legion officials, it all adds up to a gala four days in Winchester.

Archie Rice, president, presided at Monday night's meeting, assisted by the secretary, Ellsworth Summers. A proposal by the Ladies' Legion Auxiliary to buy a new stove for the Club kitchen was gratefully accepted by the Post and the secretary was instructed to inform the Auxiliary to go ahead with plans.

Also discussed at the meeting was the Legion Scholarship which this year will see 50 scholarships presented by the Canadian Legion, an increase of 30 over last year. The scholarships are open to veterans still attending school or college and to children of deceased veterans. Members at the most recent meeting Monday night also decided to hold the annual Fall Legion Bingo in the Winchester Community Centre on Wednesday night, September 25th. Further particulars about the Legion Bingo will be announced at a later date. Eighteen members were present at Monday night's meeting.

## Patrol Paper Drive This Saturday

Winchester Public School Safety Patrol's delayed paper drive will definitely be held this Saturday starting at 9 a.m. Old newspapers, magazines, etc., will be picked up, and the patrol members would appreciate very much if these papers were bundled or tied together to prevent them from flying all over. The drive is expected to last all day or until all streets have been served by patrol members. The paper collectors will be under the supervision of Chief of Police G. B. Raistrick, and if by chance your home is missed call Chief Raistrick at 22.

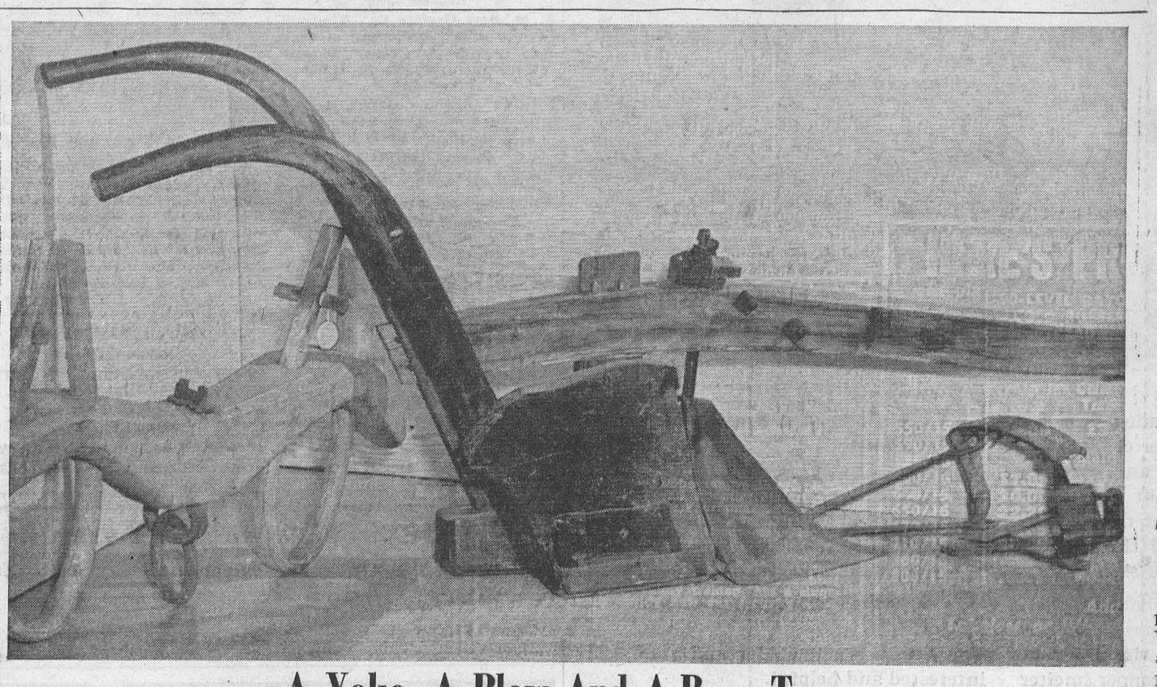
## Seeding Nearly Completed In District

Less than 10% of grain seeding in Dundas County remains to be completed as farmers mark up one of the earliest seasons on record. Last year the same type of seeding was not completed until well on in June, which makes the 1957 planting nearly two months ahead and three or four weeks ahead of the average year. Don. Rutherford, county agricultural representative, says that ground has worked up nicely; that orchard men have completed their first spray of the year, and that new seedings and meadows have never looked better. There was very little winter killing, Mr. Rutherford said.

Some concern is being voiced by county farmers about the lack of rain. One good rain and crops should virtually spring up. Only crop not to be completed is corn which always follows the other. Locally, gardeners have their plots planted and many householders are reporting a vigorous growth.

## The Buyers, The Sellers And Houdini

Edgar Craig of Winchester and son, Ormond, of Metcalfe, were the big district buyers at the recent Auction Sale at Ottawa Coliseum of the famous Ryan herd of Holsteins. Here the Craigs are pictured with Mr. and Mrs. Frank Ryan and CFRA Houdini, a seven month old calf which Messrs. Craig purchased for $675. The young bull is off distinguished stock and holds much promise of being a prize winning animal. No doubt Edgar, who is president of Metcalfe Agricultural Society, will have the prize bull entered in competition at Metcalfe Fair in early October. By coincidence, it was from Mr. Craig that Frank Ryan purchased his first pure bred Holstein when he first started farming ten years ago. Mr. Craig, long an outstanding breeder of pure bred Holsteins, continues to operate Bridgelea Farm, with his son, just south of Metcalfe.—*Photo by Jim Rose.*



## A Yoke, A Plow And A Bear Trap

The yoke, the wooden, hand-made plow and the bear trap pictured above were all modern and most useful pieces of machinery 100 years ago when U. E. Loyalists and pioneers were settling this area. The yoke, of course, is still used to some extent in lesser developed countries. The one above is hand made and will receive a special place in the Ontario St. Lawrence Museum, which will be open to the public with the new St. Lawrence Parks land. The plow, shown here, is basically the same as the modern day implement so important to farming. This plow was also hand made and must have been extremely durable to plow the virgin land that existed here more than 100 years ago. The bear trap, at right, was so strong that it took two men to operate it. Back in the nineteenth century and earlier when this part of the country was being pioneered, the settlers were apparently bothered with bears, and the above trap was a part of all farm equipment. These and hundreds of other items are presently being collected and finished and will appear in the Parks Museum east of Morrisburg.—*Photo by Smith.*

## Winchester Stores Still Open To Saturday Night Shoppers

Winchester and district shoppers are asked to note that Winchester places of business are still open to the buying public on Saturday night. Apparently, in the last few weeks, there has been some misinterpretation of week-end store hours in this village. The mix-up arose out of a meeting of Winchester business men to determine the feeling of this group towards Saturday night closing and Friday night opening.

At the meeting business men voted strongly in favour of trying the Friday night store hours which is sweeping across Ontario. There were a few "if's" in the busines men's decision, however, and, as yet, the swing has not taken place. In short, Winchester business men were in favour of the change if Chesterville, Williamsburg, Kemptville, South Mountain and Vernon also agreed.

There have been no further meetings to discuss this proposal although several of the surrounding municipalities have been approached to determine their wishes in the matter.

In the meantime, Winchester stores will remain open on Saturday nights until further notice.

## Mrs. M. Moffat 95 Years Old

Belated congratulations to one of Winchester's senior citizens, Mrs. Margaret Moffat, who on Sunday, April 28th, observed her 95th birthday. Mrs. Moffat, who still resides at her Main Street West residence, is enjoying reasonably good health and takes much pleasure in having friends call on her.

## Mother's Day

I never knew how good and kind
A Mother's care could be,
Until I came to know God's love,
So like to hers,—for me;
The secret of a mother's faith,
The soft glow of her eyes,
I did not understand until
I came to realize
That in this way God meant for me
To find His own Divinity.

## CFRA Has A Birthday

Ten years ago last Friday, May 3rd, Radio Station CFRA, Ottawa, made its first broadcast. The "FR" in the call letters of the station stand for Frank Ryan, we presume, and it seems appropriate that the energetic Mr. Ryan should be at the head of such a fine institution as CFRA. For both have worked in the interest of all peoples in Eastern Ontario, and both have been appreciated.

CFRA is probably the most listened-to radio station in this whole countryside. Programs like "Casino", especially for the women, "Farmers' Notebook" each noon day, a synopsis of farm happenings and trends in Agriculture; "Valley Notebook," a Sunday review of goings on in the Valley; "Sports At Six," as much a part of the evening dinner hour as a fragrant cup of coffee or tea; Campbell McDonald's timely newscasts, football, hockey and baseball broadcasts, and a dozen and one other features are all enjoyable and all good reasons why CFRA has enjoyed 10 consecutive years of success.

Headed by the genial Frank, the staff at CFRA seems to fit right in with the ways of Ottawa and the district. Campbell McDonald, for instance, is a country boy at heart with a keen sense for big time reporting, thus a top flight news coverage at CFRA presented in the style the average person likes to hear it. The same can be said of Tom Foley and his much listened to "Sports At Six" and sports broadcasts, and of others at the station who keep it "alive" 24 hours a day.

CFRA, its managers and staff, have continued to promote Eastern Ontario like no other organization. Their way of promotion has made not only much revenue for the station but many friends, and the district is a better place for this station having existed.

To this good station, its managers and staff we in the Winchester area say "Congratulations." May the ensuing years be as profitable as the last ten.

## Voters Will Decide

Experts who try to analyse the election picture in Canada believe that Ontario holds the answers in the forthcoming Federal election on June 10. And they may well be right!

A review of Canadian politics tells us that the Liberal party in power has 170 seats compared to the official opposition Conservative party's 51; 23 for CCF; Social Credit 15 and 6 others. In the provinces the Liberals are in power in Newfoundland, Prince Edward Island and Manitoba. These three provinces return 25 members to the House of Commons. The Conservative party, which has continued an upsurging trend since the last federal election, has control of provincial governments in Nova Scotia, New Brunswick and Ontario. The three have 107 federal ridings, 85 in Ontario; 12 in Nova Scotia and 10 in New Brunswick. Provincially Saskatchewan has a CCF government which has 17 members in the House; Alberta and British Columbia are ruled by Social Credit government and together they send 39 members to Ottawa. Quebec has a Union Nationale government but, if past trends mean anything, most of its 75 federal seats will be retained by the Liberals.

And so on election day it very much looks like the decision of Ontario. In the last federal election Ontario returned 50 Liberals, 33 Conservatives, 1 CCF and 1 Lib.-Lab. It was quite an upset in a strong Conservative province. The general feeling, though, has changed somewhat and with Donald Fleming being jilted as he was last year in the Pipeline debate it looks as though Toronto and most of its many ridings will swing back to the Conservative stronghold that it has been in the past. This may well be the case in most of Ontario whose premier has strongly endorsed the national Conservative leader John Diefenbaker. Mr. Diefenbaker has also received the strong backing of provincial premiers in Nova Scotia and New Brunswick.

In the west both old parties may take a licking where Solon Low's Social Credit party is making a real pitch. It is reasonable to assume that both British Columbia and Alberta will back this party and Saskatchewan may back their home town boy, John Diefenbaker, and the loss may be the CCF's. Newfoundland and P. E. I. will, according to the experts, return a majority of Liberals.

In the final analysis, however, the decision will be made on June 10 by John Public and the way he marks his "X" in the polling booth.

## Car Trends

Car sales are booming again this year although buyers seem to be more conscious of the ever increasing cost of the so-called low priced car, not to mention the medium and high priced fields. Accordingly a leading financial publication says that some of the steam may be going out of the trend to the medium-priced car, basing its views on the suggestion of leading Canadian and United States car manufacturers.

The last few years have seen a much publicized trend for eager car buyers to purchase medium-priced cars. The sales upsurge recorded by Buick has been the most spectacular example of this tendency. Sales this year, however, indicate that the low-priced (?) car—Chevrolet, Ford and Plymouth—is doing better, relative to those in the medium price range.

Now there is no such thing as low priced. When a motorist has to pay $3000 for the "low priced" car, that car has left the category it has so long been associated with. Yet it is cheaper than the $4000 medium prices, and the cars, in many cases, are just as luxurious and big, and easy to drive.

Over the past years there have been rumours from the auto industry of greater concern with economy. Well, there should be. You don't have to be an expert to see that car prices are rocketing skyward, and the high tax on Canadian cars doesn't help.

## Some Uses Of Experience

We spend much of our lives getting ready for something. The something may happen tomorrow, like passing examinations, or it may happen five years from now, like taking over a new job.

We have two principal ways of preparing: by study and by experience. Some people think that experience costs too much in time and effort, others believe that book learning is superior, while others find experience a too tedious process.

In its simplest terms what we seek is this: to have familiar factors to put into the equation we have to solve. In algebra and chemistry these factors are the knowns. Only through knowledge of the knowns can you find the unknowns. In everyday affairs the knowns are the memories of experiences.

What does a quarterback at a football game do when he is walking back to his huddle? He draws on his experience of past games and his experience of the players on his team and his knowledge of the opposing team, and then, after working out an equation based on facts of the past and the present, he reaches a decision about the play to call.

The doctor uses experience when he adapts a certain form of treatment to your case. The research chemist uses it when he draws upon his knowledge of past experiments. The mechanic applies his knowledge of putting a machine together. The business executive looks at charts of past years so as to assess the present prospects of his business. Our laws exist because experience has shown us that they work.

We can get into more trouble by ignoring the lessons of experience than in almost any other way.

## Editorial Notes

Paraphrasing a sign mentioned in Virginia's Traffic Safety Bulletin, develops a good recommendation for drivers in school zones: 'Keep the Pupils in your Eyes."

Shades of happier days. Continuing the falling trend of the previous two years, the number of divorces in Canada in 1955 was down to 5,796 from 5,992 in 1954.

# OF MANY THINGS . . . .

### ORDINARY MEN RIGHT

*(By Ambrose Hills)*

Do you often mistrust your judgment? This is a weakness of the ordinary man. Chances are that you are usually right the first time.

Consider the case of the Royal Commission on Broadcasting, now known as the Fowler Report.

Mr. Fowler, the Chairman, from the very opening of the investigation into broadcasting, sounded to many observers like a man strongly predisposed to favor the government system. Many of his early comments, indeed, invited the charge of bias.

Yet when his report finally came out, the weight of evidence which had been placed before him led him to recommend a number of the reforms suggested to him by private citizens and private broadcasters. If the hearings had lasted longer and the report been less hurried, there is every chance that his reforms would have gone further and his apparent displeasure with those who proposed them would have disappeared.

For example, Mr. Fowler and his colleagues were quite abrupt with individuals who appeared before them to warn about political interference, which is always to be feared wherever elected representatives get control of a mass means of communication. Mr. Fowler seemed to scoff at such fears. But his report was off the press only a few hours when disclosures occurred which proved that there was, indeed, political interference of a very direct kind. As Mr. Grant Dexter, a noted Liberal supporter, himself said in the Free Press, "Political interference with the CBC is continuous and has been going on ever since the CBC was created by statute in 1932." This, of course, makes Mr. Fowler's assertion that he found no evidence of political interference rather astounding.

We are all inclined to be over-awed by Royal Commissions or by authority. We should not be. When they come up with reports too far removed from general public sentiment, they are more likely to be wrong than the public itself.

The Fowler Report on Broadcasting has several flaws, but the most serious one is the failure to recognize that broadcasting is an electronic method of publishing. While it requires a technical regulation not applicable to the press, it should nevertheless accept responsibility for program content and for its own financing. If the State feels it must contribute to programming, in order to "educate and uplift" the masses, let it do so without engaging in advertising and without placing the dead hand of state control on the programs of others. Then the general public would be able to tell what they were paying for, and judge its worth. Our present, scrambled system makes that impossible.

# OTHER EDITORS' VIEWS . . . .

*(Brockville Recorder & Times)*

One reads almost every day of some older person having a life's savings stolen from the home, $20,000 in cash and bonds from "an old tobacco jar kept in the kitchen," as an example.

While one has every sympathy for the victim and nothing but contempt for the thief, it seems strange that a person who can save that much money can't look after it more carefully. We do have banks in this country.

*(Prescott Journal)*

Tuesday night's "recognition" dinner for "Nig" Boivin and his exploits with the Boston Bruins —runners-up in the Stanley Cup fials—was a timely gesture on the part of the sports-loving fraternity in Prescott.

Too often a prophet is without honor in his own country—only the other evening we heard a Mr. Greene, CBC producer who hails from the Old Country and is leaving for the United States TV halls—state that Canadians are terrifically sales-resistant—they won't accept a Canadian actor until he has excelled on Broadway. We're a queer bunch if such is the case.

"Nig" Boivin's hockey exploits, especially in the play-off series, should settle him down for more good seasons with his team-mates in the Bruins' camp, and his friends and neighbours of the old Fort Town are happy to see him accomplish this record — we'll remember those bumps he handed out to the Richards et al, and how he set up Labine for his team's only goal in the final game.

And thus, with his many friends, we wish to congratulate "Nig" and wish him many more successful seasons in his chosen line.

*(Wiarton Echo)*

Don Fairbairn, editor of "Neighborly News," popular Sunday morning radio feature, has done a mad thing. He has accepted a position as editor of the weekly newspaper, the Sutton Reporter. If he suddenly goes berserk over the air one of these Sunday mornings, listeners should realize that he has merely cracked up under the strain of being a quiet, philosophic country editor.

# The 7th Column

Winchester businessmen are having a difficult time to decide whether or not they want Friday night shopping. There are varied opinions, some quite narrow and a few others that may be stretched just a little. No one will deny that the Saturday night trend is dying for most stores. Whether Friday night opening is the answer is another question.

The Spring weather has been nothing short of remarkable. However, it's a little too dry and a good warm rain would do a lot of good. Farmers need the rain to bring along the crops and in the towns, especially Winchester where water is always a touchy subject, a good rain would help the water wells and the cisterns.

# Mr. and Mrs. Wilf. Render Celebrate 25th Anniversary

Mr. and Mrs. Wilfred Render, of Prescott, formerly of Mountain, were entertained to a turkey dinner by their sons, Jack, Ronald and Robert, and daughter-in-law, Mary, at the home of Mr. and Mrs. Jack Render, Prescott, on Saturday, April 27, in honour of their 25th Wedding Anniversary. Also present at the dinner was Mr. Render's mother, Mrs. J. F. Render, of Mountain.

The table was centred with an anniversary cake and candles. Following the dinner Jack presented his parents with a pair of hostess arm rockers on behalf of those present.

On Friday evening, April 26th, Mr. and Mrs. Render were pleasantly surprised on returning from a drive to find the following at their home to honour them on their anniversary: Mr. Render's mother, Mrs. J. F. Render; his sisters and families, Mr. and Mrs. Frank Berry, Mr. Douglas, Mr. and Mrs. Karl Guy and Bill, Mr. and Mrs. Wilfred Robinson, Clair and Vivian, Mr. and Mrs. Donald Robinson and family, Mr. Herb McIntyre and Mr. George Gagner. After spending an evening playing games and cards, Mrs. J. F. Render presented the couple with an electric fry pan on behalf of everyone present, after which a lovely lunch was served.

## RICHARD BELL P. C. CANDIDATE IN CARLETON

Richard "Dick" Bell, prominent Ottawa lawyer and Carleton County farmer, was recently nominated Progressive Conservative candidate for Carleton defeating Russell Boucher and ex-Mayor Charlotte Whitton on first ballot. Although Mr. Bell is representing a strong Conservative riding he is, nevertheless, conducting a vigorous campaign. His Liberal opponent is another Ottawa lawyer, Frank Dunlap.

## Want To Spin A Yarn . . . ?

Maybe! But these old spinning wheels, located in the temporary museum of the Ontario St. Lawrence Development Commission at Morrisburg don't lie. They tell a true story of how great and great, great grandmother used to do it. And they did a good job too. The spinning wheels pictured here are only a few of the more than 1000 items which have already been collected by the Commission and which will eventually be seen by the public in the Museum to be located in the Ontario St. Lawrence Parks System. Also shown in this picture are oil paintings, old stoves and clocks, some more than 150 years old.—*Photo by Smith.*

# Dundas Women Teachers Meet At Morrisburg

Mrs. Rae Helmer, president, presided at the recent meeting of Dundas Women Teachers' Association held in the Public School Auditorium at Morrisburg. Miss Hummel read the minutes of the previous meeting and also gave the treasurer's report.

A report on the Mental Health Convention held at Brockville was presented by Mrs. Cleland and Miss Hutton. Greetings from Morrisburg teachers were voiced by Rose Crowder. The program included piano solos by Edythe Murdock and a monologue, "My Father Is A Peaceful Man," by Mrs. Colligan. A film on Florida and Morrisburg and surrounding district was shown by Mr. and Mrs. P. Allison and they were thanked by Mrs. Helmer.

Following the singing of "God Save The Queen," the Morrisburg teachers served refreshments.

# Council Unanimous

*Continued from Page 1)*

### Police and Fire

Fire Chief Gilbert Raistrick and Dalton Kenney of the Fire Department asked council if it would consider purchasing badges for new fire caps which the Firemen's Club has indicated it would buy for all members. No decision was made and the two delegates were told that they would receive an answer within the next few days.

Louis Weiner was present and presented to council plans for a salvage yard which he said would be located back from the highway near the Canadian Pacific Railway station. Mr. Weiner's application for permit stated that he would comply with all regulations under the by-law and these are in part: "that the salvage yard shall be located no closer to the highway than 50 feet; that the salvage yard will be enclosed by a board or solid fence at least 8 feet high." Council gave Mr. Weiner's request sympathetic hearing and told him that a decision, probably favourable, would be made within the next ten days. Reason for council withholding certain decisions was due to the fact that all members of council were not present for the entire meeting. The Reeve contended that matters of this kind should be placed before all council members.

Municipal and Hydro accounts passed totalled $2,401.57 and $3,377.98 respectively. Building permits were issued to Edwin Duncan and Robert Moreland.

Council's midnight session ended with a strong discussion on policing and fire fighting calls in the village. Chief G. B. Raistrick came in for a fair amount of criticism and was urged by council to "crack down" on careless driving and other nuisance drivers in the village, especially late at night. The Chief, who is on call 24 hours a day, was instructed to notify the clerk's office periodically during the day so that he could be contacted without delay. On days off he was asked to notify either the clerk or the Reeve so that provincial police could be called in to look after any difficulty. Chief Raistrick said that traffic on Highway 31 had increased nearly six times during the past two years and that it was now virtually impossible for him to take any time off on the week-ends. He also told council that it was his practice to patrol streets until one or two o'clock in the morning, sometimes later, and that he had laid several charges in the past few weeks, especially to young drivers who have been creating quite a disturbance in Winchester and other nearby municipalities. The matter of extinguishing a grass fire within the town limits near the hospital recently was brought up, and the Chief said that contrary to some reports, the call was answered by at least two firemen and the small pumper, and that the fire was brought under control and put out with the use of this equipment.

Reeve John Fader presided at the session which was attended by Councillors G. H. Reynolds, James Johnston, Don Christie and Allan MacIntosh; Clerk C. R. Robinson, Chief G. B. Raistrick and Town Foreman Henry Lennox.

Exclusive-design DODGE V-8 *Power Giants*

CUT BIG JOBS DOWN TO SIZE...offer more advances than other heavy haulers

***Here are the heftiest work-mates that ever shouldered a king-size cargo! Dodge truck heavyweights pack up to 232 horsepower . . . bring you increased G.V.W.'s and G.C.W.'s that add up to a whale of a payload story!***

From the road up, Dodge heavy haulers are built to earn their keep, increase profits every mile you go!

Take this brawny D700 model (23,000 lbs. max. G.V.W.), for instance. It's the most powerful truck in its class (216 h.p.!). And it gives you such *long-life* features as sodium-filled exhaust valves and free-turning exhaust valve rotators. Like *all* Dodge V-8's, it features dome-shaped combustion chambers for full power from regular gas, less carbon build-up.

Dodge heavy haulers are easiest to handle, too . . . turn and manoeuvre in *less space* than other makes! And Dodge gives you an exclusive full-opening alligator hood . . . the roomiest cab . . . the biggest one-piece wrap-around windshield!

There's a Dodge *Power Giant* for *your* job. Let us give you the facts on these great trucks today!

## HOME HINTS

*Care of Ferns*

Ferns should never be kept near a register. They require air, so are much better off near a window where they will get air and light. They do not require direct sunlight.

*Leftover Pastry*

Leftover pastry scraps can be used by putting in muffin tins and filling with cherry or strawberry preserves. Bake quickly in a hot oven and they will make good little tarts.

*Dyed Garments*

If the dye of dyed garments runs on other articles in the wash tub, place the stained garments in cold water and boil them. If the marks are not removed, boil them again, but do not use soap.

*Table Linen*

If a spot of grease has fallen on the table cloth, rub the spot on both sides with French chalk. Fold the cloth and put away. When the cloth is to be used again brush off the chalk and the spot will be gone.

*Grease On Woollen*

Grease spots can be removed from woollen goods with one ounce of pulverized borax in one quart of boiling water. Bottle and keep in a handy place.

*Water Stains*

Water stains on mahogany may be cleaned if done at once. If it has been on long enough to cause a white spot, it can sometimes be removed if rubbed with a soft cloth and a little polish. The spot will eat into the finish if allowed to remain, and the table top will need refinishing.

## WEDDINGS

**MOORHOUSE — TANSLEY**

A wedding of interest to residents of Winchester and Mountain was solemnized last Saturday at St. James United Church, Ottawa, when Helen Irene Tansley became the bride of Donald Irwin Moorhouse.

The bride is the daughter of Mr. and Mrs. W. Tansley of Winchester, and the groom is the son of Mr. and Mrs. W. A. Moorhouse of Mountain.

Rev. Robert W. McLauchlin, B.A., B.D., performed the two p.m. ceremony.

The bride was given in marriage by her brother, Gerald Tansley. She was attended by the sister of the groom, Miss Muriel Moorhouse.

Richard Foster, of Hillier, Ont., was best man.

The bride chose a tailored mauve tweed suit with a matching hat for her wedding ensemble. Her accessories were in navy and a corsage bouquet of yellow roses was used to complement her costume.

Following a reception at the home of Mr. and Mrs. L. A. Porteous, Ottawa, the couple left on a wedding trip to Niagara Falls and the United States.

On their return they will take up residence in Ottawa.

## SOCIAL AND PERSONAL

Mrs. Ogle Workman, of South Mountain, is convalescing at her home, after being confined to bed for the past ten days.

Mrs. W. F. Workman has returned to her home after spending the past two weeks with Mr. and Mrs. Ogle Workman, South Mountain.

Mr. and Mrs. Robert Watts left on Sunday for Port Arthur where he will continue his position in Simpson-Sears as an assistant credit manager.

Mrs. L. G. Strang has returned to her home in Montreal after spending the past five months with her cousin, Mrs. Wm. Lannin.

Mr. Fred (Crick) Smith, of Pembroke, spent the week-end at his home here enroute to Montreal where he is taking a two weeks' Bell Telephone course.

### ARTISTRY IN THE KITCHEN

Everyone is getting "in the act", today, turning into an artist—from presidents, grandmothers and junior miss. The cook gets her chance when she dreams up gorgeous new ways to bedeck plain everyday "vittles".

Oh, yes indeed, foods in cans and frozen packages, are dear to mother's heart. But how easy it is to beautify them with her own glamour touches. Every dish "gets the treatment". And the extra colourful garnishes deserve special attention in the Spring to perk up lagging appetites.

Turn the artistic cook loose with cans of macaroni in cheese sauce. Zip, zip . . . and she's beautified them with snips of cheese, golden fish sticks and green nuggets of peas. Or take the case of scrambled eggs. Milady tops them with spaghetti with tomato sauce, and crowns the whole with a sprinkling of grated cheese and maybe chopped ripe olives. No wonder menfolk rave about her way with a range when she offers them such "artistic" suppers as these:

**MACARONI 'N FISH STICK SWIRL**

*2 cans (15 ounce size) macaroni with cheese sauce*
*2 cups cooked peas*
*1 teaspoon prepared mustard*
*1 package frozen fish sticks*
*8-10 strips sharp process cheese*

Mix macaroni, peas and mustard in a shallow baking dish. Arrange fish sticks and cheese strips alternately on top. Bake in moderate oven (375°F.) about 25 minutes. 4 or 5 servings.

**DECORATE SOUP FOR SPRING**

Decorate your soup with Spring trimmings appropriate to the season, either cream of asparagus or green pea soup lend bright colours. For decoration, float blossom-like slices of orange carrot (notched as daisies) on top. Then slices of raw radish or cucumber are fetching too. Happily these also fit the lenten need for meatless meals.

**MATE OYSTER AND POTATO SOUPS**

Perfect partners in the soup kettle are frozen oyster stew and potato soup. So suitable for Lent. Slide a can of each soup into a pan, pour in 1½ cans milk. Add 2 cups peas or whole kernel corn (or other vegetable). Heat and stir to blend. Oh, what a beauty of a chowder. Ladle into bowls and pass grated cheese. Makes 3 or 4 servings.

**PRESS ADVTS. ARE REAL RESULT GETTERS.**

**Engagement Announced**

Mr. and Mrs. Mahlon Collison, of St. Catharines, wish to announce the engagement of their daughter, Peggy Jean, to John Mason Riddell, only son of Mr. and Mrs. Alton Riddell, of Brinston. Marriage to take place at Dundela United Church on June 1st at two o'clock.

## CANADA'S health

*HELPING THE RETARDED CHILD*

A retarded or backward child may in many cases be educated and trained to take his place in society and, later become self-supporting. But the training requires care and patience. In most cities there are special schools for these children but in smaller communities where there are no such facilities, but where there are a number of the retarded youngsters, it is a good idea for the mothers to form a group and organize classes where their children can be given suitable lessons and trained to take part in team play. Advice on the subject may be obtained from the local or provincial health department. If no teacher or social worker is available, possibly one of the mothers could act as instructor, following suggestions contained in the booklet entitled "Backward Child," available from the local or provincial health department.

*HANDY HELP*

A first aid kit is a "must" for any home, store, office or car. In case of accident, a well stocked kit supplies dressings, antiseptic and other essentials for giving aid until the doctor arrives. Care should be taken to ensure that dressings and instruments are kept sterile and that antiseptics are not hoarded until evaporation reduces them to a dangerous potency. The door of the cabinet or lid of container housing the first aid material should be kept closed against dust and dirt and inquisitive children.

# Carleton County Girls' Clubs Hold Achievement Day

Ninety-five girls and 14 leaders from Carleton County 4-H Clubs attended the annual Achievement Day at East Osgoode Memorial Community Centre at Metcalfe recently. The girls put on a demonstration of the skills learned in the Civil Defence unit, "Club Girl Stands On Guard."

About 25 guests were present in the afternoon. Margaret Torrens, a farmerette from North Ireland, was a welcome visitor for the whole day.

Eight exhibits were commented on by club members, topics including "Six Books We Have Read," "One Way To Good Health," and "It's Great To Be A Canadian."

The commentators were: Audrey Boyd of Gloucester Glen; Heather Stewart, Hawthorne; Joan Macartney, Ridge; Maureen Parsons, Metcalfe; Carolyn Rushton, Kars; Gloria Scharf, Manotick Seniors; Mary Prince, Manotick Juniors, and Phyllis Carkner, Vernon.

A demonstration was presented by Lynne McNiece and Rosalyn Strike of Kars, featuring "Our National Pantry Shelf." The two Manotick clubs did "First Aid in the Home," and Metcalfe presented a TV feature, "Spending Our Time Off."

County honor certificates and pins were earned by Beth Macartney, Ridge Club; Diane Croskery and Carolyn Waddell, Metcalfe; and Audrey Macdonald, Manotick. All girls present received the provincial sterling silver teaspoon, and six clubs, Gloucester Glen, both Manotick clubs, Hawthorne, Ridge and Vernon received 100 per cent. completion pennants.

Mrs. W. F. Hayes, Carleton County Home Economist, was assisted during the day's program by the club leaders and three home economists, Mrs. A. Sauvé, Miss R. Futcher and Miss B. Clark.

### SOCIAL SEASON ENDS AT METCALFE HIGH

Participation in the Russell Music Festival on May 8, 9 and 10, and the Springtime Serenade Semi-Formal Dance on Friday, May 17th, will be the last activities of the year prior to June examinations.

### UNITED CHURCH W. A.

The regular monthly meeting of the United Church W. A. was held in the Sunday School room on Tuesday, May 6th, and opened with the Scripture reading and a hymn. Mrs. C. Beedie read the minutes, and Mrs. R. Earl gave the treasurer's report.

Mrs. Faye Scott and Mrs. Wm. Lannin volunteered to act as a social committee for the June meeting. It was decided to decorate the living rooms and purchase drapes for the parsonage. Mrs. Beedie offered to take care of correspondence until Mrs. Erle Helmer is able to look after it.

A vote of thanks was moved to Mrs. Roy Merkley, Mrs. Duval, Mrs. Fred Deeks and Mr. Albert Turner for arranging such a beautiful display of flowers in the church for Easter.

A piano solo, "Love Sends A Little Gift Of Roses," was played by Mrs. H. Fetterly. Mrs. Mitchell gave a reading entitled "Footprints." Mrs. Roy Merkley and Mrs. Robert Holmes served dainty refreshments, and Mrs. Faye Scott moved a vote of thanks to the committee for the program and refreshments.

### HOW CAN I?

Q. How can I prevent custard from curdling?

A. Place the custard cups in a pan half-filled with cold water instead of hot water. The custard will heat more gradually, will be firm, and without a drop of whey.

### IN MEMORIAM

MacMARTIN—In loving memory of my dear husband, Duncan MacMartin, who passed to his reward on May 14th, 1956.

"Absent"

Sometimes between long shadows on the grass,
The little truant waves of sunlight pass;
My eyes grow dim with tenderness, the while,
Thinking I see thee — smile.
And sometimes in the twilight's gloom apart,
The tall trees whisper, whisper heart to heart,
From my fond lips the eager answers fall,
Thinking I hear thee — call.

51p —Belle D. MacMartin.

EIBBITT—In loving memory of my father, William Thomas Eibbitt, who passed away May 9th, 1956.

Deep in the heart lies a picture
Of a loved one laid to rest;
In memory's frame we shall keep it
Because he was one of the best.

—Lovingly remembered by son, Ken, and family. 51c

DOCKSTEADER—In loving memory of my dear parents, John Ernest Docksteader, who passed away May 7th, 1947, and Sarah Catherine Docksteader, who passed away during the Easter Season, April 10th, 1952.

"A wealth of pleasant memories of a dear Father and a dear Mother brighten each day."

51p —Helen.

The championship spelldown was won by Bernard Ingham, giving him an extra $100. Cheques were presented by F. S. Rivers, Deputy Minister of Education.

*Announcing! The Royal Bank*

**PERSONAL CHEQUING ACCOUNT**

*the new thriftier way to pay personal bills by cheque*

(AVAILABLE, JUNE 3)

**If you now pay your personal and household bills by cheque, drawn against a Savings Account, then a PERSONAL CHEQUING ACCOUNT is tailor-made for you!**

Here's how a PERSONAL CHEQUING ACCOUNT works.

When you operate a PERSONAL CHEQUING ACCOUNT, you use a special cheque book (containing 10 or 20 cheques — whichever you prefer) on which you pre-pay service charges at the new low rate of 10¢ a cheque. There are no other service charges of any kind!

No time is lost at the bank when you use a PERSONAL CHEQUING ACCOUNT, *because there is no passbook to write up*. Instead, you make your deposits using a special deposit slip, in duplicate, retaining the carbon copy.

We mail your cancelled cheques and a complete statement of deposits and withdrawals every three months. The cancelled cheques are proof that bills have been paid, and the up-to-date statement lets you know *exactly* how your personal finances stand.

*Important:* We recommend very strongly that you retain your present SAVINGS ACCOUNT on which you earn regular interest. A *Personal Chequing Account* is for *making payments by cheque* — A *Savings Account* is *for saving money!*

### MISS HELEN TANSLEY HONOURED AT SHOWER

Twenty-five guests attended a China and linen shower for Miss Helen Tansley at the home of Mr. and Mrs. A. Alexander recently. Hostesses were Mrs. Frank Dunlop, Mrs. Ron. Alexander and Miss Wanda Alexander.

During the evening the bride-to-be was presented with many gifts and she was the recipient of a corsage pinned on her by Wanda Alexander.

The accompanying address was read by Mrs. Frank Dunlop and it was enclosed in a dainty bride's book designed by Mrs. Ron. Alexander.

Miss Tansley replied, and a lunch was served by the hostesses.

### REES—KEYES

Dr. Gilbert (Punch) Gemeroy, of Courtenay, B. C., wishes to announce the marriage of his sister, Mrs. Isobelle Keyes, of Montreal and Vancouver, widow of John V. Keyes of Montreal, to Mr. Lloyd E. Rees of Vancouver, son of Mr. Kingman Rees and the late Mrs. Rees, of Vancouver.

The wedding took place in the chapel of St. John's United Church, Vancouver, at 3 p.m. on April 19th, 1957.

The bride was gowned in antique colored ivory brocade with matching hat of same material. Her accessories were in deep cocoa shade and she carried bronze orchids. Mrs. Geo. McWilliam, of West Vancouver, as matron of honour, was gowned in blue and pink brocade with matching hat of same material and carried pink roses.

Mr. Robert Youl, of West Vancouver, was best man for Mr. Rees.

Dr. Gemeroy gave his sister in marriage, and the reception was held at the Georgia Hotel immediately following the ceremony.

# Social Credit Elects Officers At Kemptville Session

At a meeting held Saturday evening at McKeen's Hotel, Kemptville, Mr. Earl Fitzgerald was elected president, Mr. Earl McLellan, vice president, and Mr. Melvin Latimer, secretary-treasurer, for the Social Credit Association of Grenville-Dundas constituency. Rev. Mr. Bowler was nominated official agent for the forthcoming election, and Mr. McKeen district co-ordinator.

R. H. James, Social Credit candidate, stated that the work of Social Credit was off to a good start, and expects that a strong Social Credit Association will be formed throughout Grenville Dundas soon. Those present were filled with enthusiasm and expectancy.

The next meeting will be held at Mr. Earl Fitzgerald's home, R. R. 1, Oxford Mills, when further plans will be finalized for completion of an all-out campaign.

### CANADA'S CONTROVERSIAL SAGE

"Canadians dislike and mistrust any show of cheerfulness . . . Canadians are slaves to prejudices . . . a lady in Canada is a dowdy mammal given to culture and good works." Thus speaks Robertson Davies, Canada's most controversial man of letters in his latest press interview.

Mr. Davies has succeeded in shaking institutions from St. Johns to Victoria during the last 17 years. Just 43, he is the son of Senator Rupert Davies who published both the Kingston and Peterborough newspapers while Robertson attended Upper Canada College, Queen's University and Oxford. Returning to Canada in 1940 Robertson took over the Peterborough Examiner himself and since then has turned out 12,000 words a week.

He has crossed swords with do-gooders, service clubs, uplifters, temperance societies, women and tax collectors, to name only a few —and the latest interview, which appears in full in the current issue of The Star Weekly, is proof that he is still ready to state his views about anything and everything he considers worthy of his criticism or approval.

## OBITUARY

The death of Clarence Kennedy, of Vernon, occurred suddenly at the Ottawa Civic Hospital. He was in his 74th year.

Mr. Kennedy was born in Martintown, the elder son of the late Alexander Kennedy and his wife, Christy Jane McArthur. He was educated in Glengarry County and came to Vernon as a young man, residing on the homestead until the time of his death.

He is survived by his widow, the former Pearl Acres; five sons, Harold and Howard, of Vernon; Gordon, of Ottawa; Donald, of Montreal, and John of Pembroke; four daughters, Mrs. Scott Cameron (Christena) and Mrs. Earl Delorme (Mabel), of Ottawa; Mrs. Howard Poole (Alta), of Winchester, and Mrs. Jack Eustice (Edith), of Winnipeg; one brother, Edward, of Vernon, and fourteen grandchildren.

The funeral was held in Vernon Presbyterian Church and was conducted by Rev. D. L. Elder, assisted by Rev. C. L. Mitchell, of Montreal. Interment was made in the family plot at Springhill Cemetery.

The many beautiful floral tributes testified to the high esteem in which the late Mr. Kennedy was held.

"You can tell something of a man's concern for others by whether he wipes his muddy feet before coming into your living room."

Nurse and father both agree that some things

Both have a bank account - and a purpose for saving

Nurse and father both agree that some things are too important to leave to chance. So, like most Canadians, each uses a chartered bank for planned saving, making regular deposits to accomplish a definite purpose.

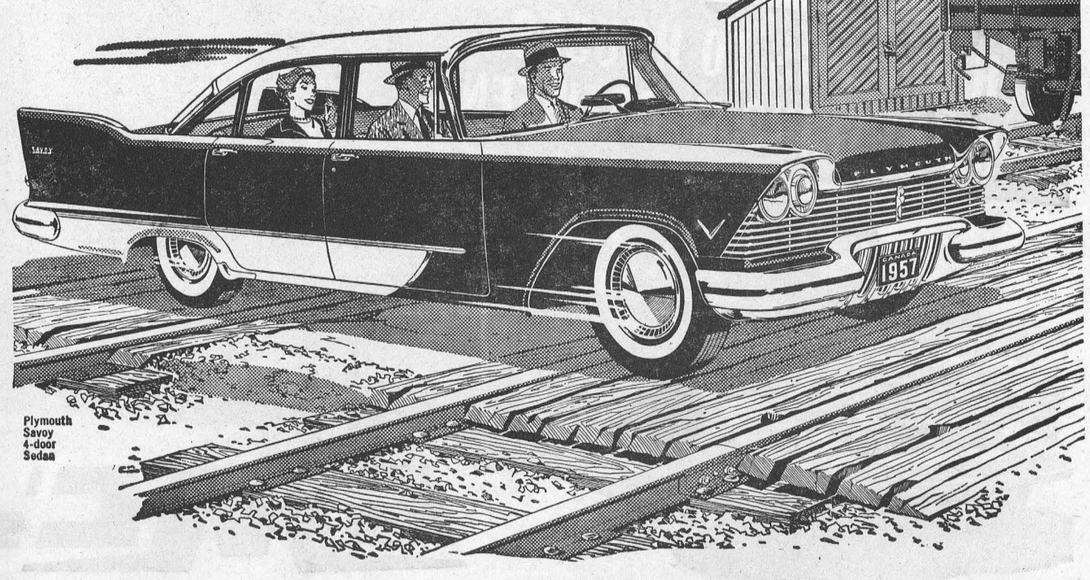
Your own savings plan may be a short-term, modest one — maybe a vacation trip, or new drapes for the living room. Or your goal may be long-range, like providing more security, greater comfort and independence for you and your family.

But whatever use you find for the money you save, you'll always be glad you saved it!

*Save at a bank — millions do!*

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Have you tried the ride that put bumps out of business?



Even if you can only spare a few minutes out of a busy day, take a demonstration ride in a new Plymouth with Torsion-Aire suspension

It's downright *wonderful* . . . what a difference it makes when you get out of the ordinary and into a new *Thrill-Power* Plymouth with Torsion-Aire suspension.

Just take a beautiful Plymouth a few miles down one of those old bumpety-bump side roads and you'll see what we mean. It is an entirely new ride experience, because of Plymouth's remarkable Torsion-Aire suspension. It's like coasting along on a thick, velvety carpet.

And your turning and *braking* feel entirely different, too. For Plymouth's Torsion-Aire suspension keeps it from "heeling over" when you round a corner . . . and keeps the nose of the car from "diving" when you stop.

But why not get the rest of the story while you're flashing along in the lowest, sleekest Plymouth ever built? You'll love it—every bit of it.

**Just *dial* for a demonstration in a new *Thrill-Power* Plymouth!**

How about *tomorrow*? Phone us, and we'll bring a fresh, frisky new Plymouth to your door. Try its new V-8 or 6 *Thrill-Power* GO . . . Push-button Torque-Flite automatic drive . . . Total-Contact brakes . . . and all its *other* exciting advances!

### HALLVILLE WOMAN WINS COLD WAVE AT LOCAL BEAUTY SALON

Mrs. Hadock, wife of a Hallville school teacher, was the winner of a $15.00 cold wave at Estella's Beauty Shop last week. The draw was made by Insurance man Howard Biccum and was held in conjunction with the first anniversary of this Beauty Salon.

# Work At Iroquois Point Now Two-Thirds Complete

Approximately two-thirds of the work of removing a large portion of Iroquois Point now has been completed. This excavation has been done in connection with Ontario Hydro's St. Lawrence Power Project to improve the approach channel to Iroquois control dam. Iroquois Constructors Limited is the contractor handling this work.

Despite the fact that haulage of material to the disposal areas has been slowed down somewhat because it is necessary to cross the ship canal, the Iroquois Point operations are on schedule. The navigation season opened about threre weeks ago and traffic in the canal has been of record proportions. The earth removed from the Point is being taken across the reinforced canal bridge near Iroquois lock and is being hauled to disposal areas in front of the new townsite of Iroquois and also west of the site of the existing Caldwell Linen Mills.

Ontario Hydro's St. Lawrence Power Project Director, Gordon Mitchell, said that some 1,350,000 cubic yards of material have been removed from Iroquois Point to date. The total amount of material to be taken out will amount to approximately 2,400,000 cubic yards of wet and dry excavation.

Mr. Mitchell pointed out that excavation work had to be carefully co-ordinated with the St. Lawrence Seaway Authority's construction program for the new canal and lock at Iroquois. It was also necessary to tie in the Iroquois Point removal operations with the building of Iroquois control dam, which is being handled by Ontario Hydro's partner, the Power Authority of the State of New York, through its contractor Kiewit-Johnson-Johnson. He added that a definite sequence was necessary since all the work is closely related and timing of these various operations is essential.

A work force of approximately 200 men and a big array of equipment are being used on the job of removing Iroquois Point where a highly accelerated schedule is being maintained. There are two 6-yard shovels and two 3-yard shovels excavating at this section of the Point. Material is being hauled away by twenty-five big diesel trucks and eight other vehicles.

An interesting stage of the work has now been reached with the excavation down to final grade, which is some 33 feet below river level. The section that is being removed to improve the channel is approximately three-quarters of a mile long and almost a thousand feet wide. The removal of this section of the Point will mean that river water will be flowing where there once was dry land.

The concrete and steel control dam at Iroquois will stretch across the stream from Canada to the United States. It will have the important function of controlling the flow out of Lake Ontario.

### HULBERT W. M. S.

The regular meeting of the Hulbert W. M. S. was held in the church on May 1st at two o'clock, with the president in charge, and opened with a reading on Mother's Day. The Scripture lesson was read by Mrs. Donald Sullivan. Other readings were given by Mrs. Nelson Scharf, Mrs. Annie Graham, Mrs. Ira Ellis, Miss Florence Roode, Mrs. Herbert McQuaig, Mrs. Percy Ellis and Mrs. D. Sullivan.

The minutes, roll call and business were attendedd to, and the Study Book was given by Mrs. Annie Graham and Mrs. Nelson Scharf. The meeting closed with the Benediction. Lunch was served and a social hour enjoyed.

### NEW DEFINITION OF DEATH

Medical science has reached the point where a new definition of "death" is required, reports George Mann in an outstanding medical article appearing in this week's issue of The Star Weekly.

Mann tells of a case cited by Cleveland physicians of a hospital technician who collapsed and slumped over dead while examining X-ray plates. Passing attendants called doctors, one of whom took out a pocket knife, opened up the techhician's chest and massaged his heart back to action. The patient was then wheeled into the operating room where surgeons worked for more than two hours. He recovered.

Other amazing cases are also fully described in the report and give a pointed indication that medical science is on the threshold of a whole new realm of discovery—the results of which will mean a longer, healthier life-span for all.

### AGNES GLASSFORD

The Easter meeting of the Agnes Glassford Society was held in the S. S. Rooms recently with Mrs. Wm. Doughty presiding.

Mrs. Doughty opened the meeting by welcoming everyone, then turned the meeting over to the convener, Mrs. W. McKercher. The opening hymn was followed by prayer and Scripture reading. An interesting talk was given by Mrs. McKercher and her committee on "The Island of Formosa."

The meeting closed with a hymn and the Benediction, and a delicious lunch was served by the committee.

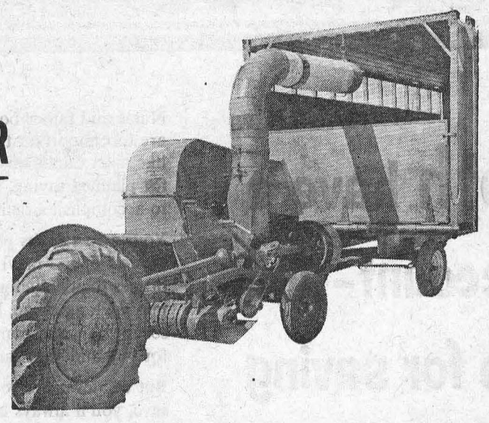
SHREDDER HARVESTER
This Machine and One Man Can Harvest Every Forage Crop.



—HAY —GRASS SILAGE —STRAW —CORN SILAGE —Swathed GRAIN

With the McKee Shredder Harvester, you handle hay, grass and corn silage or straw easily by yourself! You save the high costs of extra help. You go right ahead when the time is right and put in as much as 20 tons per day!

Bulk handling costs far less—Actual figures from buyers' records have proved that the McKee Harvester takes hay from windrow to barn at a cost of 97 cents per ton—as against $2.54 per ton for baler method of handling. (Labour at $1.00 per hour included for both methods).

It's the only machine that loads in the field and unloads at the barn with no additional blower needed. The McKee Harvester travels to and from the field with the tractor and wagon. You feed hay into it for about 10 minutes every half hour . . . and the machine does the rest!

Produces more palatable hay—The McKee Shredder Harvester doesn't chop the hay, but shreds it for better feeding and easier handling.

Canadian-made and proved—The McKee Shredder Harvester is Canadian-made by men who know the Canadian farmer's needs. That's why more McKee Harvesters are being sold on Canadian farms than any other make! Find out how its low cost and fast, one-man operation can save you money right down the line!

YOUR OWN RECORDS will prove the value of SHUR-GAIN

Every poultryman knows the necessity of complete records on each phase of his laying hen operation. And it's these records that can prove there's extra profits when flocks are fed the SHUR-GAIN way.

PRODUCTION—SHUR-GAIN Super Laying Mash is a high efficiency mash providing the exact proportions of essential ingredients to promote steady, high egg production over a long period. The result—more eggs per bird.

FEED CONSUMPTION—A decline in feed consumption is often the first indication of disease or other setbacks that can affect production—that's why it's so important to keep feed consumption records. And equally important, these records allow you to determine feed conversion or the amount of feed required to produce a dozen eggs—the real test of value in a laying ration.

Give Super Laying Mash a trial with your flock and keep records using our handy egg production charts. See for yourself how SHUR-GAIN Super Laying Mash produces a dozen eggs on less feed and makes you money.

## Ladies' Church Meetings

### 24 MEMBERS AT U.L.C.W. MEETING

The meeting of the U. L. C. W. of St. Peter's Lutheran Church was attended by 24 members. Mrs. Walter McGowan was welcomed as a new member to the organization.

The meeting opened with the topic, "World Lutherans, Welcome to North America," was Thank Offering thought. The presented by Mrs. Hilda Johnston, Mrs. Jason Whitteker and Mrs. Ernest Merriken. Roll call was answered with the word "Instruct."

A letter of thanks was received from Waterloo Seminary for the four quilts received. Mrs. G. L. Barclay and Mrs. Hilda Johnston were appointed as delegates to attend the Eastern Conference to be held at Arnprior. A Food Sale was planned to be held Saturday evening, May 18th. The meeting closed with the Missionary Benediction.

### UNITED CHURCH W. A. PLANS FOR FOOD SALE

The May meeting of the W. A. of the United Church was held last Thursday evening at the home of Mrs. Donald Barkley with the president, Miss Beatrice Saddlemire, presiding. Roll call was answered by 19 members and 3 visitors. The minutes were read and approved, and the treasurer's report was given. It was planned to have a Food Sale on Saturday evening, May 25th, at Mr. Wert's Store. Several canvassers were appointed in connection with this food sale. The president gave a brief talk on the work at the Manse, and also the necessity of the co-operation of the members in the final work there.

The meeting closed with prayer by the president.

### MUCH INTEREST SHOWN IN C.G.I.T. GROUP

The May meeting of the W. M. S. was held recently at the home of Mrs. Donald Barkley with 19 members and 3 visitors present. The meeting opened with a hymn and the Lord's Prayer in unison. Roll Call was answered wtih the Lenten offering. The minutes were read and the treasurer's report given.

It was moved and seconded that all bills arising from the Easter Thank Offering be paid. The June meeting will be held at the home of Mrs. Merton Saddlemire with Mrs. John McIntosh and Mrs. Wood as leaders, and Mrs. Grant McIntosh in charge of the worship service.

Mrs. Wood reported good interest shown in the newly formed C.G.I.T. group, and hoped for a bigger class in September.

Miss Beatrice Saddlemire conducted the worship service, and Mrs. Garlough took the topic which dealt with Home Mission Schools across Canada at different points. She was assisted by Katharine Wilson, Ethel Deeks and Mrs. John McIntosh.

The meeting closed with a hymn and prayer by the president, after which lunch was served.

## Two Top Movies Playing At Picadilly Theatre Next Week

Two of the year's biggest hits come to the Picadilly Theatre, Williamsburg, next week. They are: "High Society," which plays on Monday, Tuesday and Wednesday, May 13, 14 and 15, and "The Tall Men," which follows on the last three days of the week. Neither show needs much introduction to movie goers in this district.

"High Society" was one of the biggest musical hits lasts year and it featured the top song "True Love" by the top crooner, Bing Crosby. Joining Bing in the duet is Princess Grace Kelly. Also starring in this daring Vista Vision and Technicolor production is a cast of name stars including Frank Sinatra, who also does some singing; Celeste Holm, Louis Calhern and John Lund. It's adult entertainment.

Following on Thursday, Friday and Saturday is the King, Clark Gable, who co-stars in a thrilling dramatic Western with the vivacious Jane Russell. The show is called "The Tall Men," and it also stars Robert Ryan and Cameron Mitchell. It has been lauded by the critics as "one of Gable's best," and that should be good enough for any movie goer. All at the Picadilly next week.

The Community League finished their two-night total pin-fall playoff on Tuesday with Dalton Kenney's team coming out on top having a pin-fall of 7239 and taking the championship. George Laflamme's team came in second with 7192, and the balance of the teams finishing in the following order: Lorne Byers, Harold Armstrong, Jim McVey, Clare Nugent, Jessie Summers and Don Wilson. The members of the winning team are: Dalton and Jean Kenney, John and Gwen MacKenzie, Frank Morgan and Murray Summers. Harold Armstrong's team made up of Harold, Joyce Hay, Bill and Doris Porteous, Ralph and Shirley MacKenzie, won the league by being out in front at the end of the regular schedule. Dalton Kenney took the men's high average honours for the year having a nice 224. Lorne Byers rolled the year's high cross, a 884, with Bill Porteous having the big single, a 350. Joyce Hay's average of 192 was the best for the ladies. Helen Helmer rolled the ladies' high cross, a 713, and Jessie Summers had the high single, a 295. Other men's averages included Ken. MacMillan 223, Harold Armstrong 219, Andy Egan 214, Lorne Byers 212, Gordie MacDonald 211, Bill Porteous 207. Other ladies', Helen Helmer 187, Jessie Summers 178, Jean Kenney 176, Betty Larmour 174, Dorothy MacMillan 170. Here are some final night scores: Helen Helmer 663-238, Erva McVey 634-241, Shirley MacKeKnzie 605-227, Gladys Hutt 589-211, Joyce Hay 577-240, Doris Porteous, 566-245, Eileen McConnell 562-231, Joyce Levere 535-214, Jean Kenney 525-226; Lorne Byers 769-271, Dalton Kenney 739-297, Bill Porteous 674-263, John MacKenzie 649-291, Keith Guy 638-274, Clare Nugent 618-241, Gordie MacDonald 611-243, Lloyd Guy 606-298, Mel Byers 604-255.

The Glamour Girls finished their two games total pin-fall play-off on Thursday, with the team composed of Joyce Hay, Mary Brown, Norma Casselman, Beth Sawyer and Ruth Summers winning the play-offs. The team of Lillian Acres, Shirley Crummy, Thelma Summers, Marg Tullis and Gwen MacIntosh were the winners of the schedule. Phyllis Henderson rolled the high cross of the year, a 792, with Lillian Acres rolling the high single, a 342. Phyllis also had the high average for the year finishing with 208. Lillian had a 206 average and Joyce Hay 196.

The men had a bad week in the Lower Ottawa Valley tournament. Playing the Department of Highways at Stittsville on Monday they were very lucky to win five points with a pin-fall of only 5821 against 5819, a nice narrow margin. Wednesday at Manotick was worse with Manotick having a pin-fall of 6406 to Winchesters 5768. Manotick 7 points, Winchester 0.

The ladies, playing in the District Competition, were hosts to Stittsville on Wednesday, and while they bowled better than the men they only won two points, with Stittsville taking two games and pin-fall for five points. Stittsville 6131, Winchester 6027.

# Aged Copy Of Press Reveals Interesting Items Of 60 Years Ago

Mr. Norman W. Beach, who is still hail and hearty as he nears his 92nd birthday this June, brought an October 10th issue of The Winchester Press in the other day—from the year 1895. It was No. 24 of Volume 8 of The Press, and in one more week The Press will be publishing its first issue of Volume 70.

The 62-year-old paper, a little discoloured with age, featured a report of the ninth anniversary of the new Methodist Church (United Church) with Rev. W. J. Crothers and Rev. H. McQuade as the guest speakers. The article also gave a history of Methodism in Winchester which dates back to 1832, and this article alone is well worth keeping, especially for the United Church in case of special anniversaries.

"Canadian News" heading in this issue said in part: Walkerton tax rate is 20 mills. Hamilton has 442 coloured citizens; typhoid epidemic at Renfrew; Palmerston is to have electric lighting; Burk's Falls has not an empty house; Bicycles sell at $40 each; New Masonic Lodge for Sarnia; a South Harwich farmer has more than 100 acres in beans; Montreal Board of Trade seat sells for $3,300.

Ads, such as they were, were sponsored by W. B. Lawson, barrister; S. S. Reveler, barrister; D. F. Sutherland, banker; S. W. Frith, dentist; George L. Brown, engineering; A. M. McKay, veterinary; Thomas Irving, auctioneer; Alexandria Hotel, owned by Mrs. M. Reid; Bowen House, owned by P. C. Bowen; Corrigan's Grocery; Wm. Bow, druggist, who warns the public about unscrupulous agents; A. Sweet and Company; B. C. Beach and Company; Washbrun and Brownell; Cameron's clothing store. From what we could gather Winchester's mill rate at that time was 15 mills, according to a report of council which at that time consisted of T. G. Holmes, G. H. Broder, M. Bailey and Thomas Dixon.

Cheese was selling at 10 to 15 cents a pound. Some of the personals included: The Marvelville Orange Hall will be dedicated to-night by Hon. Clarke Wallace. A. W. Beach was one of the jurors at the Fall assizes. Albert Johnston left last week to take a course at O.A.C. There is a splendid crop of corn and pumpkins in the district. Thos. Irving left on Monday for the North-West Territories. Thos. Scott left on Monday to attend a meeting at London.

Sir Wilfred Laurier was carrying out quite a few speaking engagements, according to the Press, and a final note said: "The roads are excellent."

# Drive Jumps Hospital Auxiliary Membership To 1,278

Mrs. P. Roberts presided over the regular meeting of the Winchester District Memorial Hospital Auxiliary held on May 2nd in the Town Hall. Twelve units answered roll call and many of these had interesting activities to report. Vancamp had realized a sizeable amount from the sale of tickets on a chest of silver, and Winchester unit from a rummage sale. Winchester unit is preparing for a Daffodil Tea to be held in the Assembly Hall of the hospital on May 11th from 2.30 to 4.30 p.m.

Miss Elliott reported a substantial bank balance after having paid for a supply of linens.

The membership drive brought the total to date of 1,278, an increase of more than 200 over last year.

An interesting report of the Region 10 Women's Hospital Auxiliary Association Conference held recently at the Ottawa General Hospital was given by Mrs. Melvin Black, who with Mrs. Roberts attended the conference. At the election of officers Mrs. Roberts was elected Recording Scretary for Region 10.

Suggestions were made to the purchasing committee regarding some new equipment with a decision to be made at a later date. It was decided, however, to purchase some lawn chairs for staff personnel to use on the hospital lawn.

Mrs. E. Casselman was pianist for the National Anthem.

### HOME HINT

*Soot*

To remove soot spots from a rug or carpet, cover it with dry salt, and work this around until it becomes soiled. Then sweep up the salt.

### YOUNG WOMEN'S STUDY GROUP

"Stewardship of Many Mothers" was the topic presented to the Hallville Young Women's Study Group by Mrs. Ralph Shaw, Stewardship convener, at their May meeting held at the home of Mrs. Fenton Hyndman. Miss Edythe Allen, president, conducted the business session, and plans were made to have social evenings during the next month to raise money.

Mrs. Alex Adams will be hostess for the next meeting on June 7th. During the craft period Mrs. L. Logan explained the making of the Korean dress. Lunch was served by the hostess, assisted by the committee, at the close of the meeting.
