HOSPITAL FIRE DRILL RATES HIGH WITH INSPECTOR

'Comparing Winchester District Memorial Hospital with other hospitals visited, Winchester tops them all', said Archie Graham, Fire Inspector for Universal Fire Security Service, Ottawa.

Mr. Graham made this remark following his annual inspection last Thursday when he conducted a complete fire drill and actually started two fires to make his inspection more realistic.

'Everything went like clockwork', he said, 'and in two minutes flat all essential steps were carried out'.

It was timely that this year's inspection took place during 'Fire Prevention Week', and the Inspector stressed the importance of immediate action in case of fire or other emergency.

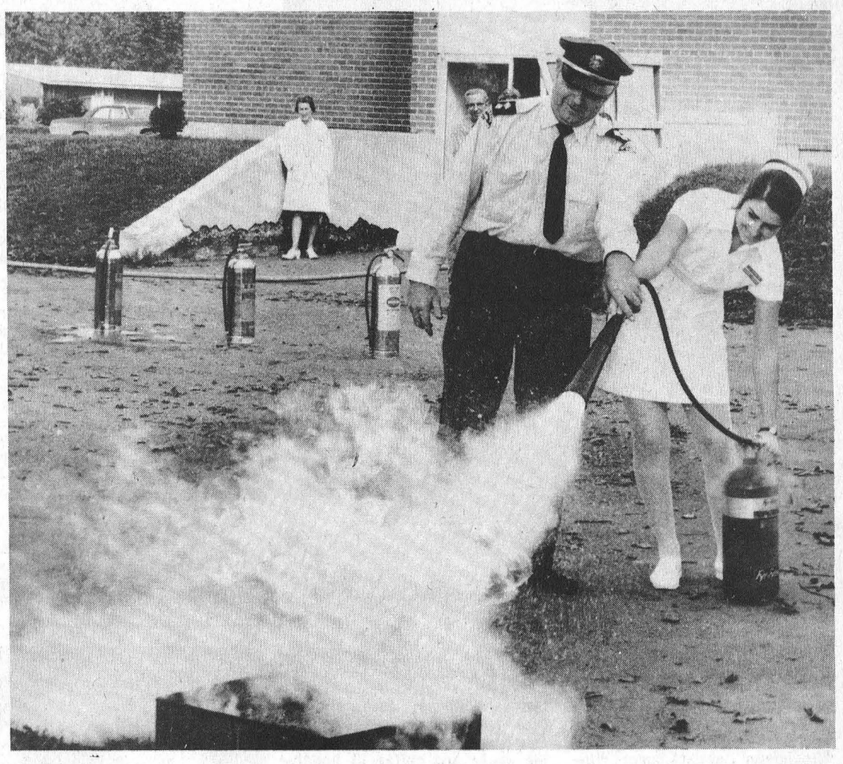
'To be effective', he explained, 'such action requires thorough training of those normally working in the area concerned'.

'Our program', he went on, 'provides this training followed up by systematic inspection'.

Mr. Graham said he would be back in Winchester during the month of January with films on hospital fire hazards and patient removal during emergencies.

The two fires mentioned were started on the west side of the hospital and some 84 staff members, including Administrator Bert Stel and Director of Nursing Miss Legris, manned extinguishers and hoses.

Duncan Levere, chief engineer and fire safety officer at the hospital, took careful note of all proceedings. It is his responsibility to carry out all instructions left in a special report to the hospital by the Fire Security Agency.



Six Pretty Fire Fighters

Proof, if any were necessary, that Memorial Hospital at Winchester is well prepared for any emergency is ably exhibited in above picture.

Soft hands, more accustomed to administering hypos and the 'like', can prove exceptionally proficient with fire fighting equipment in time of emergency.

Universal Investigation Service Inspector Archie Graham visited the hospital last week and went away satisfied patients can find peace of mind with knowledge the entire staff is well trained and prepared to act efficinetly under pressure.

The inspector deliberately started two fires and, as shown above, six nurses extinguished the flames in record time. Hospital administrative staff, and other nurses appear well satisfied with efforts of the girls.

Cool It!

One has to assume Inspector Graham is demonstrating the use of a modern fire extinguisher, but a close look at the pretty young nurse leaves the impression this is one part of his job he thoroughly enjoys.

Mr. Graham said his inspection left him satisfied Winchester and District Memorial Hospital staff is efficiently trained and prepared for any emergency.

THE NEWS in Brief

Fire Scare At Pioneer Hotel

History almost repeated itself at Williamsburg last Sunday night when, but for fast action by the owners, Pioneer Hotel might well have burned to the ground.

It was exactly nine years ago, to the very day and hour, that the former Hotel was destroyed by fire (October 11th at 11:00 p.m.).

The fire alarm system alerted Mr. and MRS. Raymond McIntosh Sunday night and they found the Lounge room engulfed in smoke and flames. Firemen were immediately summoned but Mr. and Mrs. McIntosh had succeeded in extinguishing the fire before pumping equipment arrived.

It is believed the fire started when the television overheated and Mr. McIntosh suggested possibly the set had been, unknowingly, left turned on.

Winchester Twp. Seeks Subsidy

Winchester Township Council, at a recent meeting, agreed to petition Ontario Department of Highways for the interim subsidy on 1970 road expenditures of $96,943.50.

Members voted in favour of continuance of the Bookmobile service and also granted permission to the 'Friends of the Childrens' Hospital' to sell lottery tickets in the township.

Three land transfers were also approved: one in Lot 24, Concession 4; one in Lot 20, Concession 3; and the other in Lot 15, Concession 3.

Clerk Glen MacGregor reported the Engineer's report on the Munro Municipal Drain and the Ouderkirk-Dillabough Drain had both been approved at a previous meeting.

United Church Anniversary

The eighty-seventh anniversary of Winchester United Church will be held on Sunday, October 18th, at 10:30 a.m. and 8:00 p.m.

Guest speaker for both services will be Rev. R. A. Gregoire, B.A., Buckingham, Quebec, the immediate past President of the Montreal-Ottawa Conference of the United Church of Canada.

Special music for the morning service will be rendered by the senior choir under the direction of Dr. H. G. Barton and accompanied by Mrs. Howard Fetterly, organist. Music for the evening service will be provided by the Cornwall Centennial Choir and the General Vanier Concert Band, both under the direction of Mr. R. B. McCartney, Head of Music Department of General Vanier High School and organist of St. Paul's United Church in Cornwall.

The program will include the Hallelujah Chorus from Handel's Messiah and an organ recital by Mr. McCartney which will begin at 7:45 p.m.

Also present at the evening service will be Miss Winnifred Jerron of Cornwall, who will be at the organ.

Everyone is cordially invited to attend these services. The Anniversary Smorgasbord Dinner will be held on Monday, October 19th, in the Sunday School Hall, beginning at 5:00 p.m.

South Mountain Soccer Tournament Sat.

Thirteen teams will be competing in the day-long competition and fine trophies will be presented to not only the team champion but also for the best goalie and the outstanding forward. All participants will receive crests.

Tournament chairman is Bill Lineger and Miss Sue Ferguson is Secretary Treasurer.

Mr. Lineger reminds both team members and fans that should a postponement be necessary an announcement will be made over Radio Stations CFRA (Ottawa), and CJSS (Cornwall) between 7:00 and 7:30 a.m. Saturday.

U.C. Village To Be On Film

Film strips taken at Upper Canada Village and portraying pioneer life in Eastern Ontario will be shown next year at Ontario Place in Toronto.

A camera crew from the Ontario Department of Trade and Development was on the scene last week and officials reported plenty of film was being used, as Upper Canada Village is the only source for recreating pioneer life.

Break-Ins

METCALFE RESTAURANT AND BANK

Late Sunday night or early Monday morning thieves broke into a restaurant at Metcalfe and escaped with money and merchandise.

Apparently not satisfied with this loot an attempt was made to enter the Royal Bank branch, located adjacent to the restaurant, but they were foiled in this effort.

Restaurant operator, Miss Anna Morris, reported all cash taken from the till and several cartons of merchandise missing.

Willard Cummings, Manager of the bank, reported damage estimated in excess of $500.00 when the vandals removed outside windows and screens and destroyed them. Evidence indicated an attempt was made to force the bank windows, but they were securely locked.

In what looked like an act of desperation the lighted sign, mounted on a pole at the bank entrance was smashed.

Ontario Provincial Police officers are investigating both incidents.

Chamber Of Commerce Will Help Santa Claus

Winchester Chamber of Commerce members plan to give Santa Claus financial assistance when he visits the town early in December.

The annual Santa Claus Parade is one of the feature events of the year and chamber members must have sufficient funds on hand to make the day a memorable one for all.

In an effort to add dollars to this fund a 'Fund Raising Dance' is being staged Friday October 30th at Metcalfe Community Centre.

'A night out for a good cause' is the way one Chamber of Commerce member describes the project which enables all to enjoy a night of dancing to the music of George White and his band.

Tickets should be purchased early since only a limited number are on sale.

Those planning to attend may secure tickets from the following members: Basil Dawley, Mel Vice, Harry Flora, Wm. Johnston, Gordon Sutton, Walter Shadbolt, W. C. MacDonald, Larry Durst, George Davidson or Ron Workman.

Students Address Winchester Lions

Two North Dundas District High School students, Miss Chris Brown and Stephen Workman were joint guest speakers at last week's regular Winchester Lions Club meeting.

Both outstanding students at the local school, they told Lion members of their participation in the United Nations seminar at Queen's University in June and then ably fielded many questions tossed out by curious club members.

Miss Brown told of that segment of society seeking continuous government support on the pretense that their county owes them a living. Both Miss Brown and Stephen explained the United States participation in the Vietnam War and voiced confidence in the democratic system of government.

The students were introduced by their principal, Howard Manchester, who is also a Lion member and thanked by Melvin Tomkins.

The regular Lions meeting was held at the County Kitchen with a fine attendance of members and two visitors from the neighbouring Metcalfe and District Club.

President Walter Shadbolt was in the chair and during the business portion of the meeting the club approved a contribution of $150.00 to assist the 'Hawks', Winchester entry in the St. Lawrence Junior 'B' Hockey League.

Members were reminded their Deputy District Governor will visit Winchester on November 18th and attention was also directed to the next meeting when farmers will be guests. Each member was urged to bring a farmer friend.

Gerry Fluke gave a comprehensive report of the recent auction and had special words of thanks for the auctioneers, who volunteered their services free of charge.

Members were reminded of the Chamber of Commerce dance at Metcalfe Community Centre on October 30th and were urged to attend.

Before the meeting adjourned President Shadbolt told his fellow members the next meeting on Wednesday October 21st will be 'Induction Night' and several new members are expected to join the club.

Busy Year For Tourism

According to Sam Hill, district supervisor for the Department of Tourism and Information 1970 was one of the busiest years for the Seaway Valley since Mr. Hill's 'centre' was established in 1964.

It may have even exceeded the memorable crowds who flocked to the area during Centennial Year and although Upper Canada Village may have had fewer visitors in 1970, revenue was definitely higher officials report.

Some idea of the popularity of the area can be found in the report that more than 260,000 people used camping areas between Riverside Heights and Long Sault, 25,000 more than last year.

Weather conditions were ideal during the past season and officials estimate 60 per cent of campers in the area mentioned were from Ontario, 24 per cent from Quebec, 20 per cent from the United States and six per cent from other provinces and countries.

Mr. Hill reports a 15 per cent over-all tourism increase over last year. 'A sampling of various businesses revealed', he said, 'a 15 per cent increase by motels, 12 to 15 per cent by restaurants and motel-hotel dining rooms and as much as a 20 per cent increase by service stations.'

The director suggests the fact that the travel information centre has become well known throughout the United States is a contributing factor.

He noted that the centre has some 49,000 different pieces of tourist literature and all are catalogued and cross-indexed.

'We use approximately 150,000 maps alone each year', he said.

The Seaway Valley is fast becoming one of the major tourists attractions in the country and officials predict an even greater year in 1971.

519 Pies In 21 Days

Baking 519 pies in 21 days might seem like a formidable chore to most housewives, but when one considers that Mrs. D. Young of Winchester Springs, not only baked that many pies but also made 59 dozen raisin tarts, 97 1/2 dozen donuts and 148 pie shells, the imagination is really taxed.

Mrs. Young bakes for Barkley's Restaurant and another interesting fact concerning her baking prowess is that she picked up some $40.00 prize money at Chesterville Fair with 8 Firsts, 13 Seconds and 14 Thirds.

Mrs. Young reports the restaurant is located on highway 31, just north of Morrisburg overpass and is open 24 hours a day.

A restaurant with a prize-winning cook sounds like an ideal place to stop at mealtime.

Mrs. Young is shown above happily engaged in what appears to be a 'labour of love'.

ASK YOUR CHIROPRACTOR

Q. Last month I fell and twisted my right knee. I went to the hospital where they took an X-ray and I was informed that there was nothing wrong with my knee. Nevertheless, it is stiff and swollen and I am having difficulty in walking and climbing the stairs in the house, this also makes the pain worse.
If there is no fracture, how come my knee is still stiff and hurting after such a long time?
—Mrs. A. J.

The articular surfaces of the knee joint are characterized by their large size and their complicated and incongruent shapes which have an important bearing on the movements of the joint. There are three joints working in the knee. These joints are held together by a multitude of ligaments. Between the two main joints there are two menisci (cartilage) which can be displaced; sometimes slightly, at other times, considerably enough to require surgery. The joints are also surrounded by capsules, which when traumatized, become swollen with fluid, thus producing swelling.
In your particular case, thorough examination of the ligaments and menisci should be done. Very often slight menisci displacement will poduce discomfort walking and going up stairs. Thus proper adjustment of the offending meniscis will remove the cause of irritation and allow easier functionment of the joint. One thing can be certain, an unattended knee problem will often lead to surgery.

Concerned about the cost of prescriptions?

...your Ontario Government is... and is doing something about it.

Everyone concerned about the cost of prescriptions finds the whole thing quite mystifying.

Drug manufacturers' prices vary. Pharmacies' dispensing fees vary. Doctors prescribe, but don't always know about prices. The result is that you, the patient, have no way of knowing if your drug bill is reasonable or not.

Now the mysticism is being removed.

For many months the Ontario Department of Health has been working on a program that will help everybody in Ontario to obtain prescriptions at reasonable cost... "PARCOST".

The key is a book that has been supplied for the professional use of every physician, dentist, hospital and pharmacist in the province. Titled the Comparative Drug Index, it lists many of the high quality drugs now available. And it tells how much each one costs.

For the first time, this revealing information has been assembled in one book, compiled by an authoritative group of doctors and experts who have evaluated, without bias, quality products from over 60 different companies. And it makes possible, quick easy cost comparisons of drugs that meet highest quality standards, enabling your doctor and your pharmacist to take active parts in the PARCOST program.

Also, your Ontario Government has obtained the co-operation of participating pharmacists in agreeing to standardized pricing methods.

Everyone can help make the PARCOST program work. Discuss it with your doctor or pharmacist. And when you have a prescription to be filled, look for the PARCOST symbol at the drug store. Displayed on the door or window, it tells you that the pharmacist is co-operating to help you obtain prescriptions at reasonable cost.

Way To A Man's Heart

Winchester W. I. members used an ingenious method to raise money last week. Mostly married women, they are very conscious that the best way to make a man reach for his wallet is by producing genuine 'home made' cooking.

Using a beautiful October afternoon as a setting the dainty 'goodies' were displayed on the east side of St. Lawrence Street in front of the barber shop. The ultimate result was as anticipated by the crafty institute members. In short order everything was sold; men's hearts softened, and the worthy institute fund favourably increased.

Three members are shown above waiting for the first customer. Left to right, Mrs. Matt Aitchison, Mrs. Ralph Johnstone, and Mrs. Gerald Helmer.

Miss Faye McIntosh, daughter of Mr. and Mrs. Raymond McIntosh of Williamsburg was valedictorian at Seaway High School's 'SCHOLASTICA '70' last Friday night.

Docksteader Motel Under New Management

As reported last week popular restauranteur Peter Boretos, who has made the name 'Country Kitchen' famous throughout the entire area, has now taken over the entire complex including the service station and motel.

Mr. Boretos reports his business venture is a partnership enterprise and told the Press Tuesday that Louis Pavlounis and Theos Theofelopoulos have joined him.

Aim of the new partnership will be to better serve the people of Winchester and surrounding district, as well as encouraging increased tourist trade to the town.

Response Good

'The response has been good, but we still need more help', says Winchester Public School Principal Grant Edwards.

Mr. Edwards, in his comment, is referring to last week's request for adult participation in the new educational program being conducted at the school.

The Principal said he was very pleased that many had kindly offered assistance and expressed the hope many more would volunteer.

Since there is such a wide variety of study groups, there is no way the school staff can cope with the project alone and hobbiests, skilled craftsmen and technicians are urged to offer guidance.

If YOU can spare a little time, please give Mr. Edwards a call at 774-2607.

Former Drug Pusher To Address Pentecostals

Jerry Carroll will be speaking to area young people this week.

Mr. Carroll was a main liner and a drug pusher, but during the past summer he was approached by a young minister on the streets of Preston, Ontario and since that time his life has changed.

As a result of his chat with the minister, Jerry's life has changed and, although he is now living in Montreal, he is attempting to share his new found joy with other young people.

This Saturday night, at 8:00 p.m., the Young People of Edwards Pentecostal Church will be having a coffee hour and young people of Winchester and district are cordially invited to hear Mr. Carroll at this gathering. On Sunday evening at 7:30 he will be at the church (located 2 1/2 miles north of Metcalfe), and for this special occasion Rev. Donnan extends a friendly invitation to all.

IN MEMORIAMS

HAYES—In loving memory of a dear wife, Eva Hayes, who passed away October 20th, 1969.
Her loving face I hope to see again,
Though the days have passed away;
Sleep on, dear wife, and take your rest
They miss you most who loved you best.
24p —Husband Charles

MARCELLUS—In loving memory of our beloved brother, Michael, who was killed accidently October 19th, 1968.
He is gone but not forgotten,
And, as dawns another year,
In our lonely hours of thinking
Thoughts of him are always near.
Days of sadness will come o'er us.
Many think the wound is healed,
But they little know the sorrow
That lies in the heart concealed.
—Brothers and Sisters, Eric, Nathen, Veronica, Mary Jane and Lynne. 24c

RAISTRICK — In remembrance of my father, Gilbert Raistrick Sr., who died October 14. 1969.
The daily stream of life rolls on,
But still the vacant chair
Recalls the love. the voice, the smile,
Of the one who once sat there.
24c —Son, Gilbert Jr.

HAYES—In loving memory of a dear mother and grandmother, Mrs. Eva Hayes, who passed away October 20th. 1969.
May the winds of love blow softly
On a quiet and peaceful spot,
Where the one we loved lies sleeping
And will never be forgot.
—Mr. and Mrs. Charles Hayes and family. 24p

HAMILTON—In loving memory of A. Ernest Hamilton, who passed away October 19th, 1968.
The world may change from year to year,
And friends from day to day,
But never will the one we loved
From memory pass away.
—Wife Alice, Clelland and Ruby, Wilmer and Ethel, and grandchildren. 24p

BEAUDOIN—In loving memory of a dear son who died accidentally on October 20th, 1967.
He little thought when leaving home
He could no more return,
He in death so soon would sleep
And leave us here to mourn.
We did not see him die,
We only know he passed away
And never said good-bye.
—Ever remembered by his Dad, Mom, Karen and Berry. 24p

IN MEMORIAMS

MARCELLUS—In loving memory of a dear grandson, Michael Gordon Marcellus, who was killed in a car accident October 19th, 1968.
Come to my heavenly garden
And see in perfect bloom
The flowers you loved so dearly
And thought I plucked too soon.
Then you will know my reason,
Though you know it not today,
Why in promising manhood
I took your Michael away.
Take up the cross and follow Him.
Don't think to lay it down,
For only those who bear the cross
May wear the golden crown.
—Sadly missed and lovingly remembered by Grandma Marcellus. 24p

HAYES—In loving memory of a dear mother who passed away October 20th, 1969.
In my heart your memory lingers,
Sweetly tender, fond and true.
There is not a day, dear mother,
That I do not think of you.
24c —Son John

MARCELLUS — In loving memory of our dear son, Michael Gordon Marcellus, who was killed in a car accident, October 19th, 1968.
Ee bade no one his last farewell,
He said good-bye to none,
The heavenly gates were opened
And a loving voice said Come.
We often sit and think of you,
The things you used to say,
We wonder why you had to die
Without a chance to say goodbye.
Though out of sight, you're ever near,
Still missed, still loved,
You will live with us in memory
Until the end of time.
—Sadly missed and lovingly remembered by Mom and Dad. 24p

Thanksgiving Service Held At Hulbert United Church

The Church Service at Hulbert United Church on Thanksgiving Sunday morning was both impressive and well-attended, when the combined congregations of Brinston United and Hulbert United Churches worshipped together.

The Hulbert Young People, under the convenorship of Lois Flegg and Bruce Aldridge, had decorated the church in keeping with the Thanksgiving theme; they also furnished the special music for the service, with Lois Flegg as organist and Mrs. Sam Keyes as Junior Choir director.

During the service the Sacrament of Infant Baptism was performed by Reverend James Stewart; David Christopher Airth, son of Mr. and Mrs. Douglas Airth of Agincourt, Ontario and David John McCargar, son of Mr. and Mrs. William McCargar of North Gower were baptized, following their presentation to the minister and the congregation by Mrs. Nelson Scharf, representing the church elders. Both of the children's mothers grew up in the Hulbert Community and had been active workers in Church and Young People's work previous to their marriages; Mrs. Airth was the former Margaret Sullivan, daughter of Mr. and Mrs. Donald Sullivan, while Mrs. McCargar was formerly Elaine Ellis, daughter of Mr. and Mrs. Mac Ellis.

On the previous afternoon (Saturday) another former Hulbert girl, Marilyn Fawcett, had been married in the same church by the same minister, making the Thanksgiving weekend rather unique in the life of the Hulbert Church.

Following the baptismal service and special music by the choir, Rev. Stewart spoke most fittingly on the significnace of infant baptism in the life of the church and of the individual; with it, he combined a short message on the Thanksgiving theme.

School Bus Cattle Truck Collide In Fog

Twenty St. Catherine's Separate School children narrowly escaped injury Wednesday, October 7th, when the bus in which they were passengers was struck from behind by a cattle truck.

The accident occurred on Highway 31, one mile north of the Metcalfe corner at 8:30 and an investigating O.P.. officer reported driving conditions hazardous at that time. Visibility was practically zero he said.

The bus proceeding north had stopped to pick up additional children and the truck, owned by F. Beech, Kemptville, and transporting four head of cattle was unable to stop in time. In an attempt to miss the bus the truck box struck the left rear corner of the bus leaving a gaping hole and forcing rear bus seats ahead. The cattle were thrown from the truck and some were injured.

Fortunately since the bus was only partially loaded the children were seated near the front. Bus driver was George Stanley, of Metcalfe.

Battered school bus is shown on side of highway following impact. Other photo is that of wreckage of cattle truck with box ripped from its mooring.

Also, there are 4-H field crop competitions where approximately twenty-five Carleton 4-H members will be exhibiting either oats, barley, potatoes or corn.

A Farm Management Competition is scheduled for Tuesday, October 20th. The morning program consists of two farm visits to view and discuss first hand outstanding farm management. During the afternoon at the new Civic Centre, their will be competitions and discussions involving livestock, soils and crops. Carleton's delegates are as follows: Ron Nixon, R.R. #3, Manotick; Bill Butler, R.R. #3, Manotick; Ed Butler, R.R. #3, Manotick; Richard Denison, R.R. #1, Edwards and Hugh Meeham, R. R. #2, Carp.

Project Schoolhouse Extended

Project Schoolhouse, the nickel and dime campaign by Ontario school children to raise funds for a junior high school on the Caribbean Island of St. Vincent, has been extended to the end of the year.

The program, Ontario's contribution to International Education Year, raised more than $40,000 in the two months prior to the closing in June. The target is $150,000.

Betty Kennedy, Toronto radio and television personality, heads an advisory committee established by Minister of Education William G. Davis to handle the program.

Mrs. Kennedy said the committee is pleased with the response to date and with the fact that many teachers expressed interest in holding fund-raising drives this fall.

To date the largest contribution has come from the students and staff of Opeongo High School in Douglas, Ontario. They pledged $1,000 to the campaign but raised $2,272.

Probably the most novel campaign was the 'Naked Teacher Contest' staged by Peterborough's Crestwood Secondary School. A pin-up picture of a nude baby, a vintage shot of one of the school's teachers, was posted and students paid to try and match the picture with the teacher.

Steel Coming Next Week

According to Winchester Community Centre Board officials steel will be arriving in town next week and the long-awaited centre will rapidly take shape.

View above is a portion of the north foundation and one of the block layers is apparently standing back momentarily to admire his work.

Work has been proceeding rapidly despite adverse weather conditions and the building will hopefully be closed in before colder weather arrives.

It is understood the present contract does not call for complete lighting but it is felt more money will be available in time to solve this problem. Many other facilities which will eventually be necessary are also not included in the original contract but officials are optimistic these 'bridges' will be successfully crossed when they are reached.

Season Changes For The Sportsminded

When Lion President Walter Shadbolt of Winchester told his fellow members at last week's meeting he expected plenty of help for a clean-up and repair project at the ball park it heralded the end of one sports season and the beginning of another.

For the sportsminded activities are directed in other directions. Noticeable in Winchester is the sudden surge of life to curling enthusiasts who have already made elaborate plans for another competitive season and officials predict a great influx of new members.

Down another sports corridor teenage boys are brushing the dust and rust from sticks and skates in readiness for action in St. Lawrence Junior 'B' Hockey League.

For those who crave a more comfortable temperature during the cold winter months sports activity will be directed to Sutton's Main Corner Bowling Lanes.

The more rugged individuals who prefer to challenge the elements are gazing longingly at the gray skies hoping for an early blanket of snow. They already have visions of long winding trails, biting frost and the pleasant roar of a powerful snowmobile.

Whatever the choice in the field of sport Winchester is a good place to be and with the new community centre moving toward completion residents of all ages will have ideal recreational facilities.

Lady Curlers Prepare For Coming Season

Winchester lady curlers held a pre-season meeting at the club last week in preparation for the coming season.

Mrs. Norma Wylie, the Club President, welcomed members back and expressed the hope all would enjoy an active, enjoyable winter of curling.

Seventeen members were present and comprehensive reports were submitted by several committee heads.

It was agreed the Biccum Trophy competition be played November 18th and the Fetterly competition on January 20th. Date for Delia Robinson Pin Competition was not set.

Mrs. Max Boyd and Mrs. Wylie were appointed to investigate the possibility of purchasing a new chair for the club room.

Following the meeting a delicious lunch was served.

Bird Hunters

Bag 346 Ducks

Duck hunters throughout the District enjoyed a successful hunt on opening day, with perfect weather and an abundance of water fowl.

In comparing the past four years, 1967-1970, the average bag in birds per hunter was 1.1, 0.9, 1.4 and 1.1 respectively.

The ducks in general were in good condition with the adult birds in almost full plumage, while the juveniles have passed the pin feather stage and have reached full growth.

The inclement weather that has saturated the district for the past two months has created two main effects on hunting. First it has given the hunters many more beaver ponds to hunt that normally would be dry at this time of year. Also, when the pressure on the ducks became too heavy they were able to set down on smaller ponds where there were no hunters.

The Kemptville Detachment reported checking 275 hunters for a kill of 346 ducks, averaging 4.1 hours of hunting per bird.

In Alexandria 298 hunters were checked for 399 ducks averaging 1.6 hours per duck.

One hundred and seventy-four hunters were checked for a kill of 79 birds averaging 5.0 hours of hunting per bird, by Lanark Detachment.

In order of abundance in the kill were:

Teal 45.02%; Mallard 18.93%; Black 17.48%; Wood Duck 13.11%; Baldpate 0.97%; Pintail 0.61%; Shoveller 0.12%; Ringneck 2.06%; Mergansers 0.24%; Scaup 1.46%.

There were not many geese flying on opening day, but two Canada geese were shot.

NDDHS Nurse Is Needed!

There is a peculiar situation unfolding at North Dundas District High School which has all the characteristics of petty politics, government red tape and an ineffective board not tuned in to the needs of the day.

Effective at the end of this year the office and services of the professional nurse on staff will be discontinued at this school. Apparently the Board has not had a policy of providing nursing care at all schools in its jurisdiction and for this reason, among others, feels that the nursing facilities at North Dundas must be discontinued in all fairness to other educational institutions in the tri-county area.

What a lot of nonsense! What the Board suggests here has nothing to do with need, urgency, priority or sensible planning. It is simply a childish stand that "all" of the region shall be treated exactly the same "all" of the time regardless of the necessity of providing certain services in certain areas at certain times. For instance, North Dundas District High School is one of the largest secondary schools in the United Counties. It is located in the "country"; not in a village, town or city, but in the country mid-way between Chesterville and Winchester. On any given day there are approximately 1100 students, teachers and other staff in the building. In short, a sizeable community isolated from immediate medical and nursing assistance in time of need if the decision is to stand as of December 31. And that time of need, according to authorities at the school, is almost constant every day of the week.

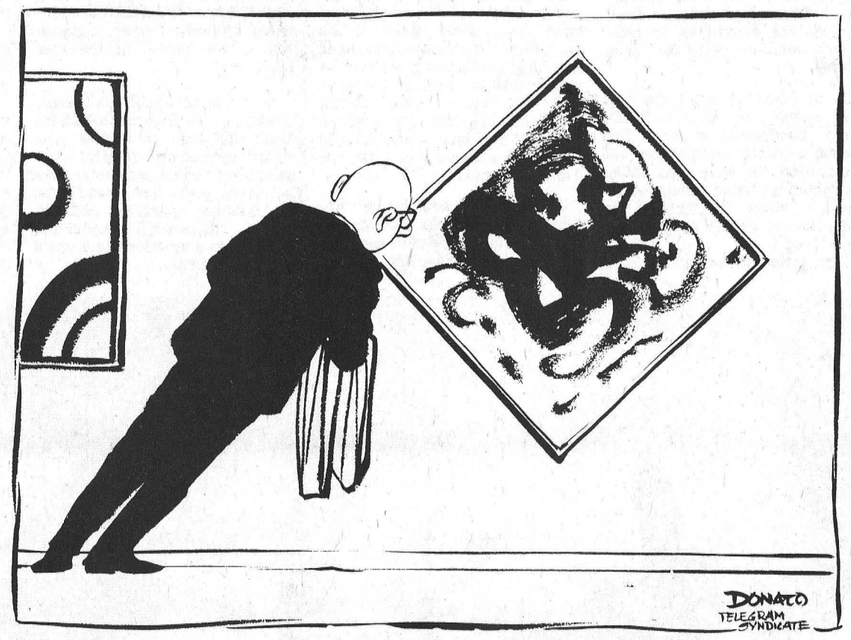
Then there is the confusion over who is responsible for supplying nursing care, if indeed there is a responsibility. And in turn where does the money come from to pay for her services? Of recent date the nursing services at North Dundas come under the jurisdiction of the county health unit of the Department of Health. Here the suggestion has been made that when the present nursing facilities are discontinued the Department of Health plans to provide regular visits to the school by professional people. For instance a nurse, after January 1, may well be located at the school for a couple of hours Monday, Wednesday and Friday. If this is the case does the Department suggest that a teacher take a weak spell on Wednesday morning, that a student fractures an arm on Friday morning during a floor hockey game, that someone else becomes faint and needs urgent medical care from a qualified person on Monday morning? Is the schedule of sickness and medical need at this school to fall in line with a visit from a health nurse just to facilitate her program? Or should nursing services, bonafide first aid services be provided to meet the needs as they arise? This newspaper is convinced that the latter is the only real solution to what could be a major problem at this school in the future if the current decision to do away with nursing services is carried out.

The professional nurse presently on duty is doing an excellent job. She is fulfilling her duties honourably and efficiently and, indeed, is an example of those who believe the working day has little to do with specified hours. Often she stays after school when football games or other body contact sports are being played. She practices her profession with knowledge and understanding and compassion. She is fulfilling an important role in the life of this school.

Although she draws the salary of a professional nurse, much below the salary being drawn by many of the teachers in the school, her real importance to the school cannot be measured simply in dollars and cents. There is a good feeling here among teachers, students and parents of dependability, and there is a united concern that the nursing services should continue as they are now.

It is here that the Board must take a stand. The fact that a certain school in a certain town or city elsewhere in the region does not enjoy or need the same facilities has nothing to do with the urgency of a particular situation as it applies to North Dundas or any other school. The needs of various schools and districts do vary as the result of individual circumstances not common to the entire region. The Board must be aware of these circumstances and act prudently where the necessity is evident.

At North Dundas there is a vigorous need to maintain nursing services at their present status. Anything less such as a token presentation proposed by the Health department is not satisfactory, and should be strongly opposed by the entire NDDHS population.



BILL SMILEY COLUMN

Count Your Blessings Before It's Too Late

Thanksgiving, one of our truly important holidays, is losing much of its religious significance, and becoming more of a bacchanalian festival, a last fling before melancholy autumn grips us in his frosty fingers.

The air — as it was last weekend — is more apt to be redolent of rye and roast turkey than of incense. There are more people cussing on the golf course than praying on their knees in church.

Despite this growing paganism, Thanksgiving is about as good a time as any for stock-taking, and I try to do it every year. I hope you do.

The Lord, or whoever looks after the weather, nearly always seems to feel a bit benign toward us poor, forked animals on Thanksgiving weekend. Almost every year, the holiday is a smasheroo of golden sunshine and glorious colour.

This is enough to get on your knees for. I'm always humbly thankful that I live in a country where the seasons are so sharply defined. And I'm always doubly thankful that it isn't yet soggy November.

Be honest now. What did you give thanks for this Thanksgiving? Or did you just go to a family reunion, glut yourself on turkey and curse at traffic all the way home? Or did you just go for a drive in the country and burble over the foliage? Or just crowd in a last game of golf or sail on the lake? Or just shoot a bird or catch a fish? Shame.

We should begin with the basics. Just being alive is something to be ineffably thankful for. There's not much *joie de vivre* in the graveyard. Forget that arthritis, that insomnia, that pimple on your nose. You'll be a long time dead, and you can spend all of it whining over your physical ailments.

To be sane, or relatively sane in a world that seems insane, is something for which we should send up paeans of praise. Think of the poor lost creatures overflowing our mental places, and thank God you're not among them.

Being alive and being sane, then. Other basics are shelter and food. We don't give them much thought in this affluent country. Almost nobody in this land is without shelter, be it ever so humble. And nobody is starving, be he ever so hungry, unless he's plain stupid.

The worst Thanksgiving I ever spent was in October, 1944. I didn't even think of Thanksgiving at the time. I had just received a thorough going-over for attempting to escape from the Germans. My nose pointed one way and one of my legs the other. My hands and feet were tied. It was very cold and there were no blankets. Food was four slices of bread a day.

But, looking back, I realize I had lots to be thankful for. I had the roof of a box-car overhead to keep out the rain (until a night-fighter shot some holes in it). I had enough food to stay alive (and no steak has ever been as delicious as that black bread). And I was alive, young, bloody but unbowed. I should have been singing "Bringing in the Sheaves."

What else should we be thankful for? Certainly not the new car, the new boat, the new snowmobile, the finer house. These are trivia that we can't take with us.

Definitely, we should be thankful for our children, however much pain they have caused us. We can't take them with us either, but we can leave them, and their children, and so on, as testimony that we once lived and loved.

We should be deeply grateful that we live in a land where hatred and violence and prejudice are frowned upon, rather than accepted as part of daily life.

We should be thankful, fervently, for real friends and good neighbours. Not the type who pry and are delighted when something is wrong, but the stalwarts, who rally round and give comfort when things are black, or blue.

Perhaps I sound like a Pollyanna. But you just try it. My wife has burned the stew and is snarly. The bills are piling in. I have a carbuncle in an extremely embarrassing and painful place. But after counting my blessings, I know I'll be humble and grateful. For at least three days.

Nature's Bouquet

The Seventh Column

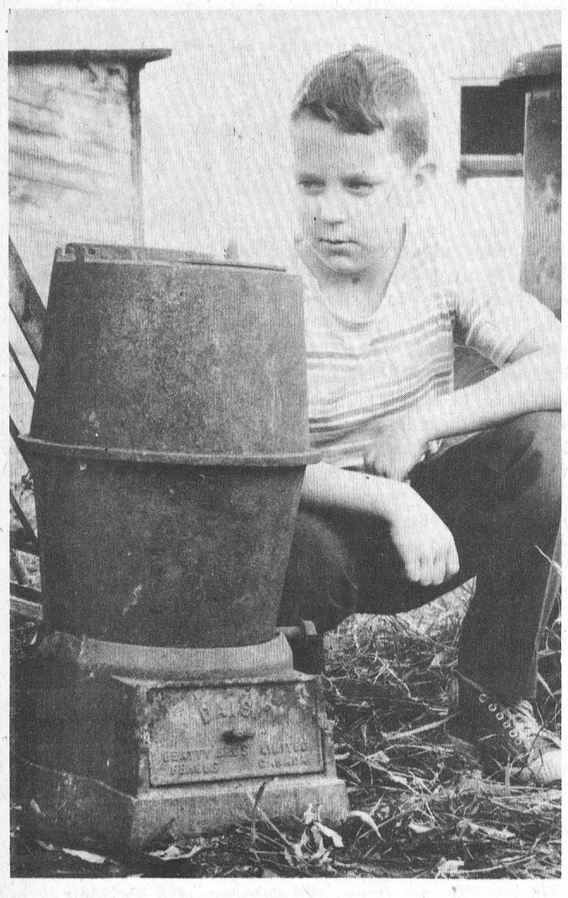
How many readers of this column know the fire call in their area. Quick now. Do you know it? Chances are you do, but you just can't think of it quickly enough. That little bit of time one day could be costly. So to be on the safe side make certain you memorize the fire call number for your town or township. All of them appeared in a special section of this newspaper last week and the numbers should be written down on the memo pad closest to the phone. On the question of easy to remember fire call numbers a Winchester Hydro official recently suggested to us an idea which has more than a little merit. In case of fire one would need only dial the exchange number and 3473. These four numbers, by the way, spell FIRE. For instance 774-FIRE.

Up around Meaford, Ontario the Georgian Bay apples are big, juicy and delicious. And the Meaford Express owned by good friend Walter Brebner is urging one and all to attend the Apple Festival in that area. An apple festival. What an excellent idea for this district — the true home of the McIntosh apple. Yet, aside from a government plaque, little or nothing has been done to mark the anniversary of this popular apple. And our area, in addition to some of the province's best corn crops, and dairying, also has some of the leading apple orchards, one or two a mile or so from the McIntosh apple plaque. A year or two back Seaway Valley Tourist Council put out feelers to municipalities concerning such an apple festival. But nothing was ever accomplished. Because of Dundela's central location maybe the four or five municipalities surrounding the location of the first McIntosh apple should get together and see if an annual commemoration or festival is possible. Here we have the home of one of the truly great apples and you have to look all over the place to find it. Yet it seems like a natural to promote the entire area. And we can use the publicity.

Over in Renfrew county they make decisions, and stick by them. The Board of Education is no exception. Just a week or so ago members of the County Board of Education adopted a policy of no smoking in the schools within the confines of the region. Board members supported principals who have long favoured a no-smoking ban in that county. Until the decision was reached the individual principal was responsible for the smoking facilities in his school. A report to the board showed that from a point of view of health, smoking is an undesirable habit and should be discouraged in secondary schools, with all principals of the schools in agreement. It was also unanimous that the damaging effects of cigarette smoking should be taught in appropriate school health courses. And not a word about the double standard. Simply a unanimous decision to ban smoking in schools.

The dog by-laws in this town have been in existence for many, many years. But councils have been more than lenient. Each year council intends to enforce the by-law and finds little understanding from dog owners when asked to co-operate. Briefly the dog by-law in this town states quite definitely that dogs must be tagged and tied up the year 'round. At the same time owners of barking dogs are subject to penalty under the by-law which prohibits unnecessary barking by nuisance dogs. Apparently there is more than a little unrest in the town with barking dogs, and council has been asked to do something about it. Just how barking dogs can be made to shut up is a good question. Yet dogs which persist in yapping hour upon hour and especially in the wee hours of the morning are simply a nuisance. If the owners of these mutts can't keep them quiet they should be subject to penalty under the by-law. The next door neighbour who does not own a dog should not have to listen day in and day out to this kind of disturbance. If the dogs will not shut up it is our opinion the owners should send them to the farm, or keep them inside. No reasonable person minds the ordinary yapping of the canine population until it gets out of hand. We're the first to admit that dogs will be dogs. But people will be people. And as much as we like dogs, particularly the quiet ones, we still prefer people. And it is they, not the dogs, who should be considered.

Continuing In The Family Tradition



That's A Stove!

To youngsters growing up in these fabulous 70's keeping warm means central heating or just possibly an 'ancient' space heater. Little wonder, then, this 'funny little barrell' proved fascinating and it took some doing to convince 10-year-old Max Rowan that at one time all homes were heated by wood fires and this tiny 'Daisy' played a very important role.

There is little doubt the late Thomas James relied on the ability of this minute heater to supply extra warmth in the 'front parlour' when 'special company' arrived on a cold winter day.

Stewart James Junior Takes Hold On Auctioneering Reins

The clear young voice of auctioneer Stewart James, (Junior) ringing out in the clear autumn air last Saturday brought a flood of pleasant memories to old-timers mingling with the large crowd.

It was not so much the fact they were hearing a brilliant young auctioneer at work that caused a stir of enthusiasm, but realization the sale was being conducted on the old James homestead - where the first of the long line of James auctioneers once lived.

The great majority of those seeking bargains at Saturday's sale were very familiar with the auctioneering progress of the young auctioneer's father (Stewart, Sr.); some spoke of the days when Jack James (the young man's grandfather) travelled the length and breadth of the area with his faithful white horse; but few, very few, recalled the talent of the man who started it all nearly a century ago, the late Thomas James.

Jack is now a resident of Carleton Lodge and Stewart, Sr., is a patient at Winchester and District Memorial Hospital.

The farm on which the sale was being staged is located on Highway 31, one mile north of Metcalfe corner, and is presently owned by Henry James, a grandson of the oldest of the four auctioneers.

Henry farmed with his father, David, till the time of his father's death and then carried on, assisted by his own family. Development in that particular area in recent years has closed in on the farming operation and Mr. James apparently concluded farming on a smaller scale would not be practical.

Except for possibly two old log buildings nearby, it is doubtful if the first Mr. James would recognize his old place today.

A busy highway cuts directly across the centre of the farm; a huge industry (Vibrapipe) has absorbed over 25 acres; and housing development has further crowded out what was once lush agricultural land.

It seemed timely that when the farming operation, pioneered by one of the Township's earliest settlers came to an end the final chapter should be written by 'One of the James Boys' - Stewart Jr.

Do I Hear Seventy-Five?

Great grandfather Thomas, grandfather Jack and the auctioneer's father, Stewart Sr., would have been proud of the newest James auctioneer could they have been present last Saturday at the Henry James farm sale.

Young Stewart was assisted by veteran auctioneer Harold Ball, of Winchester, (at right wearing hat), but the large crowd was impressed by the enthusiasm of the teenage seller and predicted a brilliant future for this fourth generation James auctioneer.

Those on the outer ring of the great circle could hear clearly 'SEVENTY, DO I HEAR SEVENTY-FIVE? GOING - GOING - AND SOLD'.

I Remember Him Well

People do not always come to a sale to buy and possibly nowhere is this more evident than at a rural auction sale. The pleasant country atmosphere creates an ideal setting for reunion with old friends and as shown above, enjoying the brighter side of life.

Pat Kehoe, right, who until the time of his retirement a few years ago, was a life-long neighbour of the James family, remembers the late Thomas James. 'I was very young then,' he says, 'but I have vivid recollections of the fine old gentleman'.

Mr. Kehoe is shown chatting with two other retired agriculturalists of the area, Mike Findley and Dave Ireland.

37 Year Banking Career B of M Manager Retires

Frederick H. Tredinnick, manager of the Bank of Montreal's Williamsburg Branch, is retiring after a 37-year banking career.

His successor is Victor M. Pyette, who was previously manager of a Belleville Branch.

Mr. Tredinnick joined the Bank of Montreal in 1933 at Bury, Quebec. After serving at a number of branches in that province, at Corner Brook and at Ottawa, he was appointed accountant at Huntingdon in 1948. He was manager at Cookshire 1956-63, at Richmond 1963-65 and at Cowansville 1965-68. In 1968, he joined the marketing department at Quebec divisional headquarters in Quebec City. And in 1969, he took charge of the Williamsburg office.

During his stay locally, Mr. Tredinnick has served as treasurer of the Dundas County chapter of the Canadian Heart Fund.

He and his wife will live at Metis Beach, Quebec.

Mr. Pyette, the new Williamsburg branch manager, joined the Bank of Montreal at Manitowaning in 1929 and has served extensively throughout Ontario. He became manager at Yarker in 1957 and at Hensell in 1964.

He took charge of the Dundas Street East and MacDonald Street office in Belleville three years ago.

Mr. Pyette was a director of the Belleville Kiwanis Club, treasurer of the Victorian Order of Nurses, a vice-president of the Hasting County advisory board of the CNIB, and a member of the Chamber of Commerce and the Ad and Sales Club.

Handicaps Overcome

A happy family doing well in spite of their handicaps -- that's Cliff and Roma McIntosh and son Bruce of Peterborough. The parents had polio and the son has diabetes, but they operate a successful magazine subscription business from home.

They credit the Ability Fund (formerly March of Dimes) with getting them started.

It was 21 years ago this fall that Cliff started the business. He had spent two years in hospital with polio which struck him in Delhi where he had gone to pick tobacco.

After his convalescence, he tried selling magazine subscriptions by telephone from his home in Castleton but soon realized the town wasn't big enough to obtain sufficient customers to make a living.

March of Dimes (now called The Ability Fund) made him an offer. They would pay his room and board in Peterborough for as long as three years while he established himself. In two years he proudly told the agency he no longer needed help.

That was 1957, the same year he married Roma, whom he had met in the hospital where she also was a polio patient.

Business was so good they were able to buy a two storey house, living in the first floor and renting the second.

Then along came Bruce, who is now six and a bright Grade 2 pupil.

Cliff has about 3,000 steady customers now, including about 300 who have moved out of town who still send him their renewal subscriptions. He handles all the magazine subscriptions for the Peterborough Board of Education and the County Separate School Board, and a lot for Sit Sanford Fleming College and Trent University.

Roma does most of the paper work and Cliff spends much of his time on the phone, which he has rigged with a steel bar so he doesn't have to pick it up with his weak right arm, thus leaving his strong left one to write.

In recent years they have been able to add Christmas and greeting cards to their service.

They credit the March of Dimes for getting them started, but they don't need help now. They are paying members of their community and support local charities instead of being on the receiving end.

They're able to take a month to visit Roma's folks in Ottawa, Cliff's family in Castleton, and spend some time at a cottage.

'We're a long way from being rich', says Cliff, 'but we feel we're fairly independent now -- and it's a nice feeling'.
