THE NEWS in Brief

Capital City Chorus This Saturday

Music lovers will not want to miss Saturday's program at North Dundas District High School.

Barbershop harmony is in a class by itself and possibly no other type of music has withstood the passage of time and retained such popularity.

Sponsored by Winchester 100 Club, proceeds will be used for community service and all are assured an evening of fine family entertainment.

Club members anticipate a capacity crowd and suggest early purchase of tickets.

New Teachers Sign Contracts

At a recent hiring day at Ottawa Teachers' College nine area graduates signed contracts with Stormont, Dundas and Glengarry County Board of Education for teaching positions in Area No. 1, Dundas County.

All nine new teachers received 'high' to 'very high' gradings from the college.

Those who will assume their new positions in September are: Arlene Nesbitt, Wilma Angus, Orma Docksteader, Mrs. Bonnie Smith and Kathryn Strader, all of Winchester; Betty Brownlee and Shirley Cuff of Chesterville; Wendy Johnston, Morrisburg; and Gail Beckstead of Iroquois.

Plan South Mountain Barbecue

The Annual Chicken Barbecue sponsored by South Mountain United Church, will be held this year on Saturday, June 13th.

The date was agreed on at a meeting of the board of managers in the church hall last Sunday evening when an organizational committee was set up.

Carl Bryan, Brian Raistrick and Bill MacDonald were appointed as a planning committee and their first chore will be the setting up of various sub-committees.

It was agreed the price this year will remain at $1.25 and tickets are already on sale.

Over a thousand enjoyed the delicious feast last year and organizers anticipate an even larger turn out this year.

Remember the date - JUNE 13th, beginning at 4:30 p.m.

Church Union Sunday

The Anglican and United Church congregations of Winchester will worship together on Sunday, May 17th, at 10:30 a.m. in the Winchester United Church in observance of Church Union Sunday, which has been proclaimed by the Executive bodies of the three negotiating churches, namely, the Anglican Church of Canada, the Christian Church (Disciples of Christ) and the United Church of Canada. The service will be conducted by Rev. A.J. MacDonald, who will speak on Church Union, assisted by Rev. Gerald Churchill, Rector of the Anglican Parish.

Church Union Sunday, according to the Executive bodies of the negotiating churches, will be observed each year on Pentecost Sunday until union is finally consummated.

Junior Hockey Dance Re-Scheduled

The spring dance, planned by Winchester Junior Hockey Club management has been re-scheduled.

Original plans called for the dance to take place at Metcalfe Community Centre but unfortunately both the location and date have had to be changed.

Instead of May 18th at Metcalfe the dance will be at Chesterville Community Hall on Saturday, June 6th.

Hockey coach, Joel Steele reports many have already purchased tickets and says these tickets will be honoured at Chesterville, or for the benefit of those who do not care to attend on the revised date, money will be refunded at the door on June 6th.

Canadian Club Plans Banquets

Morrisburg and District Men's Canadian Club will open the 1970 series of five banquets and programmes next Wednesday, May 20th.

Guest Speaker for this first banquet will be Walter Miller, First Vice President of the National Farmers Union.

Mr. Miller is a farmer from Tara, Ontario, a member of Tara Rotary Club, and has recently returned home from U.S.A.

While away, he was invited to address the N.F.C. farmers organization of the United States with over 15,000 in attendance.

His message on the future of the North American farmer should be of interest to all farmers and urban club members.

W.E. Marshall, Chairman of Publicity and Membership, says new members are welcome. Membership and certificates are available in Winchester from either George Elliott or Dave Berry.

Williamsburg Township Garage Study

Williamsburg Township Council, at the regular meeting last Saturday, retained R. Kostuck and Associates to study the proposed construction of a new township garage.

In other business a By-Law for a supplementary road and bridge expenditure of $44,000.00 for the year 1970 was passed and the auditor's report on the 1969 business of the township was read and adopted.

The tender of Laffetry-Smith was accepted for the supply of the required 1970 chloride needs.

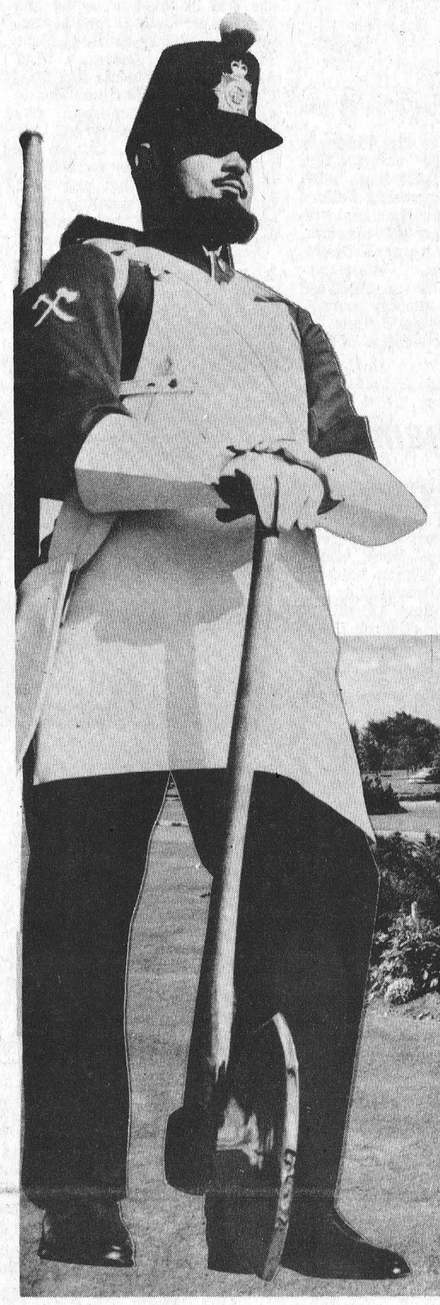
Three applications for land sales were also approved: that of Carl Edgerton to sell lands in lot 10, concession 8; that of Martin Schneckenburger to sell certain lands in lot 26, concession 2; and also that of Edwain Deeks to sell lands in lots 33, 34, concession 5 for agricultural purposes.

A grant of $200.00 was approved for the Seaway District Community Services.

All council members were present at the meeting.

PARKS OPEN 100 MILES OF HOLIDAYLAND

Tenth Season Begins May 15th



With high anticipation of toppling the 3,000,000 mark in attendance this year, The St. Lawrence Parks swings open the gates to another season this Friday, May 15th.

Entering its 10th year of successful operation The Parks has firmly entrenched itself as one of the truly great tourist attractions in Canada, and all of North America, for that matter.

Encompassing a blend of education, entertainment and recreation The Parks has now attracted over 20,000,000 visitors since the opening of the Village in 1961. Last year attendance at Upper Canada Village was 266,866 while the other major historic site, Old Fort Henry at Kingston, drew another 164,988, both increases over the previous years.

Convenience, facilities and just plain good recreation grounds lured in another 2,828,672. With camping on the upswing the greatest influx of campers and picnicers was in the Long Sault Parkway where over 1,000,000 set up their tents and parked their trailers in 1969. At popular Riverside the attendance stood at 117,748, up nearly 30,000 over the previous year.

With the 1970 season providing improved facilities and with any help from the weatherman Parks officials are confidently predicting another bumper year at the camp sites.

Meanwhile at Upper Canada Village and Old Fort Henry a piece of history has been carefully preserved. And no matter how many times the happy visitor makes the tour there is always something missed, leaving room for the next anticipated tour.

Fort Henry, bulwark of cement located at the east side of Kingston where Lake Ontario becomes the St. Lawrence river, has undergone a grand restoration period over the years and today ranks as one of the very best attractions of its kind. And one of the main reasons is the colourful Fort Henry Guard performing each day in split-second timing and nineteenth century finesse.

At Upper Canada Village the pace is more leisurely, forty authentic pre-confederation structures, countless tools and artifacts, and a host of costumed pioneers. And across the road the championship Upper Canada Golf Course offers lush greens and challenging freeways.

Marinas, motels, restaurants, shopping areas all within easy reach, providing one of the most ideal holiday playgrounds in Canada.

SLATED FOR THIS AREA

Major Highway Program

Latest word from Highways Minister Gomme indicate a major program in the Winchester area this summer.

Mr. Gomme suggested traffic will be using the first sections of Highway 416 between Ottawa and Prescott within the next two years and contractors will be working on both ends of Highway 417 between Ottawa and the Quebec border this summer.

Still closer to home, Highway 31 from Ottawa to Winchester will be repaved and reconstruction work will begin on Highway 43. The Highway 43 outlook calls for reconstruction from Kemptville to Merrickville and from Winchester to Finch.

The department's capital program which the minister described as part of a systematic development to roads in the region, contains no new projects.

Mr. Gomme said work begun on Highway 416 last year will continue with contracts for road building between Kemptville and Spencerville. This will include paving the section built last year and a new bridge and railway overpass south of North Gower.

He went on to say construction will be completed on the first section of 417 from Ramsayville to Vars and new work will extend to Casselman.

COUNCIL HOLDS TAX LINE

Increase One Mill

Despite soaring costs, Winchester Municipal Council has virtually "held" the tax line, and exclusive of educational costs, over which it has no control, the tax increase is just over one mill.

At a special meeting with the auditor present the following rates were set: Residential, 23 mills (an increase of .8 mills); Commercial, 28 mills (an increase of .6 mills); and County Rate, 24.8 (an increase of .7 mills).

Since figures were not available at press time the complete breakdown of municipal administration will appear in next week's edition. Hopefully by then educational costs will also be known.

The financial report for 1969 will be published next week as well.

GRENVILLE-CARLETON PRESIDENT

Liberals Re-Elect Cliff Chadderton

Cliff Chadderton, who resides in Osgoode Township, was re-elected President of Grenville-Carleton Liberal Association at the annual meeting Monday night.

The meeting at Algonquin College was well attended and Mr. Chadderton praised the work of his association drawing attention to the fact meetings had been held in all parts of the riding.

Gordon Blair, the riding Member, was present and he and Mr. Chadderton conducted open discussion on the various topics reviewed at the 'Harrison Liberal Conference' last fall.

Although there is no longer a young Liberal organization in the riding, the youth group takes an active part in the association and many were present to draw attention to problems of young people.

Both Mr. Blair and Mr. Chadderton had words of praise for the work of young members in their fight against pollution.

Mr. Blair told the audience one of the subjects at Harrison Conference that created grave concern was 'Urban Problems In Canada'.

He pointed out that in 1966, 7 out of 10 Canadians lived in urban centres, but by 1980, unless some form of decentralization is developed, 8 out of 10 will live in urban centres; 6 out of 10 will live in the 29 major city complexes; and 3 out of 10 will live in Toronto, Montreal or Vancouver.

Date Set For Santa Parade

Santa Claus will be pleased to learn Winchester Chamber of Commerce has already set the date for his annual pre-Christmas visit to town.

Chamber members, at their regular Tuesday morning meeting at Main Corner Restaurant, set Saturday December 5th as parade day and set up a committee to begin drawing up elaborate plans.

Members of the 'Santa Claus Parade Committee' include Reg.

W.I. Breakfast This Friday

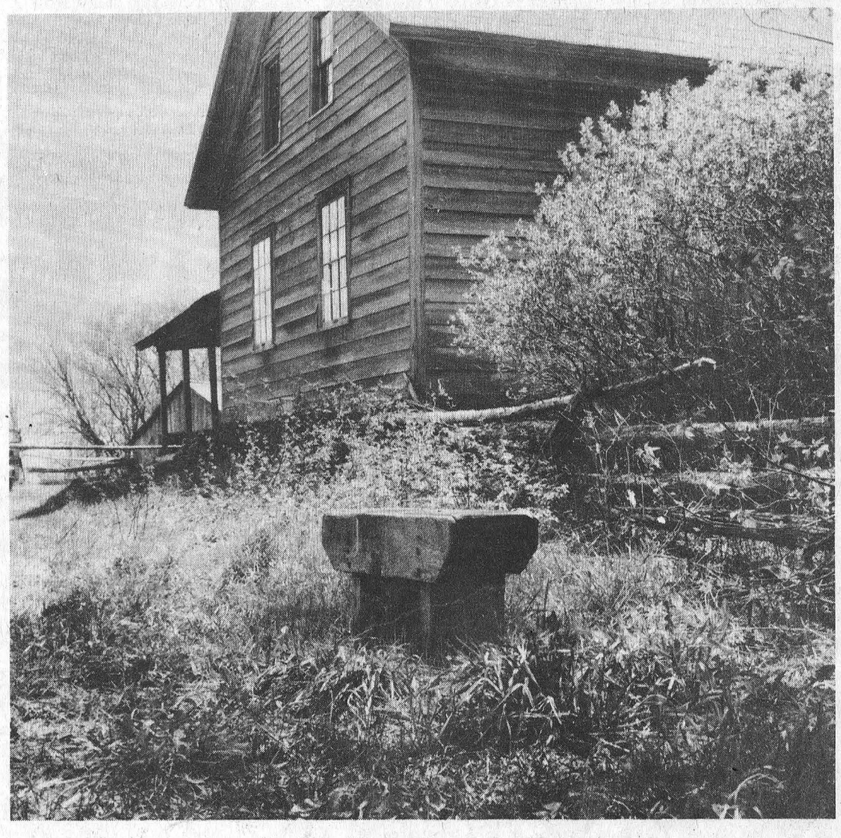
Tired of seeing the same faces across the breakfast table every morning? Been wondering how you might change the scenery without creating a scandal?

You have? Well! Winchester Womens' Institute has come up with the answers.

Tomorrow morning between the hours of 6 and 10 delicious breakfasts will be served in the United Church Hall.

This is an annual affair and for some strange reason the coffee always smells better, toast takes on a tastier flavour and bacon is done 'just the way you like it'.

Possibly a Friday morning breakfast in the church hall, surrounded by good friends and neighbours, may work wonders and by Saturday morning the old familiar partner may look just a little better.



An Empty Bench

The quaint home-made bench, built to seat only one, created a scene of solitude and lonliness on a remote Chesterville farm last Friday.

The bench, under a tree, in the deserted farmyard, is at the home of the late Walter Allen, whose lifeless body was found only a few hundred yards from this spot the following day.

Mr. Allen had been missing from his home for three weeks before his absence was noted by the mailman. Preliminary searches failed to find any trace of the missing man and his dog. Neighbours said he and his dog were inseparable.

An organized search early Saturday morning found the body of the 75-year-old man. He had apparently died of natural causes and his dog had refused to leave his side. The dog was still alive but suffering from malnutrition.

Mr. Allen had lived alone for 35 years and there were, at first, fears of foul play when no trace of him could be found.

The ancient two-storey frame home is located approximately seven miles south and east of Chesterville.

Hard Day's Night

All members of Winchester Village Council were present for Monday night's meeting to deal with a rather lengthy agenda.

Reeve Christie reminded members someone must be hired very soon for the census-taking chore but since no applications had been submitted it was agreed to hold the matter over for another few days.

A detailed map of the new MacDonald Subdivision was studied and since one lot must be deeded over to the village there was friendly banter with Mr. MacDonald regarding which lot would be so designated.

Clerk Raymond Annable reported the Ontario Water Resources Commission Agreement regarding sewer installation had already been signed.

Some complaints were heard concerning the disposal of ground left following the Henderson Creek project and it was agreed the matter would be investigated.

Town engineer Reg Freeland advised council to take extra precautions during sewer installation. He suggested existing lines are often broken and are not properly repaired.

Councillor Dawley told council this was the job of the engineering firm hired by the village but Mr. Freeland insisted it would be advisable for the village to also have an inspector on the job.

Councillor Dukelow took issue with the high cost of having council members attend out-of-town meetings, but other members all agreed if ratepayers wanted good government it was only reasonable to pay expenses of the administrators.

Reeve Christie reported a fire survey will be conducted in the Village from July 30 to August 25th. At this time it is expected all fire-fighting equipment will be carefully examined and necessary additions recommended.

Ladies' Softball

If enough interest is shown a 4-team ladies' softball league will be formed in Winchester.

This is the word from Mrs. Erwin Skuce who invites all interested in playing on a team, coaching a team, or offering other assistance to make their intentions known as soon as possible.

Those desiring further information should call either Erwin Skuce at 774-3318, or Dwaine Armstrong at 774-3522.

Temperance Union Holds 84th Annual

The 84th Annual Convention of Dundas-Grenville Womans' Temperance Union was held in the Baptist Church, Winchester on April 29th.

The afternoon session was opened by Mrs. Floyd Riddell, the County President. Guests were welcomed by Mrs. T. Robinson of the Winchester Union and the Devotional was in charge of the Spencerville Union.

Past year's activities were reviewed and included: The Little White Ribboners Luncheon in July; a medal contest; showing of temperance films; and posters and lessons studied.

The following resolution was read prior to being sent to the Government:

Whereas Marijuana is known to be milder in form than any other hallucinary drugs on the illegal market today, and whereas it is known to cause loss of judgement in the habitual user, we urge that both the Federal and Provincial governments do not relax in any way the laws regarding the sale and use of same.

Whereas Drugs of all kinds are becoming an intrusion in our society of today, we urge the Department of Education to include a detailed study of Hallucinary Drugs in the curriculum of Senior Grades in Elementary School and all grades of Secondary schools.

We commend our Federal Minister of Justice, Hon. John Turner, for the enactment of law regarding the compulsory Breathalizer Test and urge him to use every possible means to maintain the continuance of such legislation.

The guest speaker for the afternoon was Rev. E. Eaton of the Presbyterian Church in Chesterville. His message was one of encouragement to the ladies present to keep on trying to help educate the young people especially to the dangers of alcohol and drugs. Following this a Memorial service was led by Mrs. T. Armstrong of Spencerville with Mrs. S. E. Oakwell as soloist. The ladies stood in silent tribute to the memory of those who had been members of the W.C.T.U. and had been called to Higher Service during the past year.

Supper was served by the ladies of the Church and was much enjoyed by all. The evening session was opened with devotions by the Baptist Young People's Union of Winchester. Beverly Armstrong was the leader and prayer was led by Margo Carkner. Susan Porteous was the pianist and Jane Gibson sang two solos accompanied by Mrs. Ethel Mussell on the piano.

A County Medal Contest was held with 12 contestants taking part. Bonnie MacDonald of Winchester was the Junior winner and Shelley Pitt of Shanly was the winner of the Intermediate group. The judges for the contest were Mr. and Mrs. Allison Graham and Mrs. R. Casselman of Chesterville.

Following this a film was shown called 'Crisis in Morality'. The Courtesy committee chairman, Mrs. C. McIntosh, thanked all those who had taken part in the days events and Rev. Cawfield, minister of the church, was asked for a few closing remarks and then pronounced the Benediction. A social hour was enjoyed afterwards when fruit juice and cookies were served.

ASK YOUR CHIROPRACTOR

SHOULDER HURTS, GRIP WEAK

Q. During the past month or so I have been having intermittent pain in my right shoulder, and the grip in my right hand has been very weak. The pain is not so bad that I can't stand it, but when it is there, it is difficult for me to think of anything else. At these times, I have trouble raising my arm above shoulder level. Occasionally, I have the same problem in my left arm and shoulder. Do you suppose I might have arthritis?

A. The most common conditions indicated by arm and shoulder pain are arthritis, bursitis, neuralgia, radiculities, neuritis, circulatory changes, muscular weakness, paralysis (partial or complete), inco-ordination and tremors.

The degree of pain may vary between slight and intermittent to excruciating and constant but don't be fooled by the degree of pain . . . sometimes a slight pain goes along with a serious condition while intense pain may be a symptom of nothing more than temporary muscle soreness caused by a weekend of unusual activity.

Arm and shoulder pain can have a number of causes, but the vast percentage of cases are caused by misalignment of one or more spinal bones (vertebrae), improper posture, spinal curvatures, occupational stresses or injury to the spine. Many times the sufferer of arm and shoulder pain was born with a spinal defect. Any of these conditions may cause irritation or impingement of nerves supplying the arms, shoulders and neck.

Whether the problem is serious or not, the pain can become quite debilitating, and you should see someone who is eminently qualified to correct arm and shoulder problems . . . your doctor of chiropractic.

Ontario's Maternal Death Rate Lowest In World

The Ontario Medical Association annual meeting in Ottawa Monday was told the province's maternal death rate hit an all time low of 1.03 per 10,000 live births in 1968. The next lowest figure in the world reported by the Dominion Bureau of Statistics is 1.1 for Sweden in 1966. The figure for all of Canada for 1968 was 2.7.

The O.M.A. committee on maternal welfare reported to the annual meeting that Ontario's maternal death rate has dropped sharply since the committee began investigating all maternal deaths in 1958. The highest rate during the period 1958-68 was 5.4 in 1959.

The number of live births in Ontario in 1968 was 126,220, a decrease of 1,289 from 1967.

The O.M.A. maternal welfare committee, in co-operation with the Ontario department of health, investigates all maternal deaths in the province. Periodically reports of cases are published in the O.M.A. monthly journal, the Ontario Medical Review, for the continuing education of physicians.

Vernon Presbyterian WMS Has Interesting Evening

The Vernon Presbyterian W.M.S. meeting was held at the home of Mrs. Charles Wallace, on Thursday evening, May 7th. The President, Mrs. Wm. Dow, opened the meeting by reading a poem 'It's a Pleasure.' Twenty ladies joined in the opening hymn 'Unto the Hills.'

Mrs. John K. Campbell took the devotions, reading the 23rd Psalm, and told of the beauty of this Psalm and the message it held for all.

The President announced that Miss Louise Gamble, missionary from Taiwain, would be speaking in the church auditorium, Friday evening, May 15th.

The President spoke of her trip to Cornwall for the Synodical meeting and of joining with the Anglican Church Women at Christ Cathedral in Ottawa for their annual meeting, where the Rev. Charles Forsyth, spoke on the issues facing the modern church in the next decade.

Mrs. Wm. Dow chose as her program 'A Traveller to Formosa', speaking on the many customs and traditions of this country, as a traveller might see them, and of the food served there.

A get well card was sent to a member, Mrs. Robin Campbell, who is in hospital.

The meeting closed with the hymn 'The Church is One Foundation,' and a prayer.

Vernon Baptist Circle Meets

The afternoon group of the Baptist Women's Mission Circle met Wednesday, May 6th at the home of Mrs. Don Ferguson of Dalmeny.

The president opened the meeting with a spring time poem followed by a hymn.

Mrs. E. Howard gave the devotional taken from the 16th chapter of Romans.

Prayers were offered for our missionaries in Bolivia, India and Africa.

Fourteen ladies answered the roll call with a verse of scripture.

Miss Elizabeth Stuart gave a very interesting and informative talk on the McDonald families who migrated from Scotland to find new homes in Canada. Some came over a hundred years ago. Several of them went to the West as missionaries encountering many hardships. Times very little food was to be had. Travel was almost impossible. There are still direct descendents living in this area.

ONTARIO SAFARI

Man, This Is Lion Country

The pert young teacher scrupulously counted heads as her pupils lined up for the return trip in their chartered bus. What prompted the meticulous tally was the fact that her moppets had just visited a lion reserve where 50 of the great cats roam free.

The scene was not in South Africa but in Ontario lion country --- 450 acres of farmland on Highway 8 near Rockton, between Hamilton and Galt in this Canadian province's scenic southwest.

Just opened last August 22, the African Lion Safari and Game Farm got off to what might be pardonably termed a roaring start. In the first two months, a total of 17,000 carloads of tourists paid $4 per car for the heart-quickening experience of driving unescorted two miles through a landscape of prowling, growling and romping lions.

Along with 70 busloads, the number of visitors reached an impressive 100,000 in that brief kick-off period. Five occupants to a car is average, but one stalwart soul got a thumping bargain with a station wagon crammed with 18 kids.

The instant success of the game farm proved out the planning of the partners in the venture --- Col. Gordon Dailley, formerly of Winnipeg, and Jimmy and Richard Chipperfield, an English father-and-son team who have set up similar game farms on the Longleat estate of the Marquess of Bath, and in Florida, Europe and Australia.

The lions were only a beginning for the Rockton reserve, which has cost $500,000 thus far. This spring was added a Monkey Jungle where about 100 fierce-looking baboons, inside a specially designed non-scalable fence, scamper at large over 12 acres through which visitors can likewise drive in the safety of their own cars.

Sea lions and penguins, llamas and wallabies, along with peacocks and barnyard animals, are already installed in a carefully segregated Pets Corner. Giraffes, zebra and other animals of the veld are being considered as future tenants, and a Water Safari is also planned.

But the lions were the chief problem in winning local acceptance of the project. Neighboring farmers had to be assured that the big cats -- up to 450 pounds for males and 300 for females -- could never leap the double rows of six and 12-foot steel mesh fencing.

Richard Chipperfield, a lion expert with a healthy respect for the king of beasts, likes to boast that 'we've never lost a visitor.' To ensure that there is no first time in Ontario, nine trained wardens armed with 12-gauge shotguns patrol in four radio-equipped trucks and man two watch towers.

In case of trouble, the wardens have three choices of ammunition to employ -- a saluting blank that merely makes a loud bang as a deterrent; a rice-loaded cartridge that acts as a stinger, and finally, if required, a lethal slug, a single ball shot.

Visitors are restricted to driving along special roads, with car doors and windows closed at all times. If a car develops trouble, sounding the horn brings prompt assistance. The wardens, dressed in khaki safari outfits topped with floppy white hunter hats trimmed with leopard bands, keep a vigilant lookout.

All untamed and untrained, there are prides of lions in grasslands napping in the sun or frolicking friskily as cars go by.

Cattle heads bought from packing houses supply the up-to-10 pounds of meat each lion eats daily, their diet supplemented regularly with bone meal and cod liver oil.

The tawny animals are comfortable enough in their new Canadian habitat which, says Chipperfield, is 'the most realistic lion country this side of Africa.'

Surprisingly, Ontario winters are not a problem -- the lions acquire insulating fat and heavier coats -- and in severe weather can find shelter in unheated concrete dens. There's no disputing Head Game Warden 'Butch' Dring's observation: 'They're a grand sight on the snow.'

Now there are actually Ontario natives among their feline numbers. On December 31, four thriving cubs were born right in the snow at the farm, just missing being 1970 New Year arrivals.

An ideal site for a leisurely family outing, the fame farm includes a spacious, pleasant picnic area with tables, where you may bring your own hamper or obtain refreshments from the safari canteen.

No pets are allowed in the lion reserve but kennels with padlocks are provided for them at the entrance. Nor are convertibles permitted within the the lions' domain -- in deference to those hefty sharp-clawed paws. However, safari cars are available at an additional charge of $2.50 per hour.

'To Africa and back in a day' is the slogan for this Ontario-set safari, open every day of the year from 10 a.m. to sunset, where the hunter does his shooting with a camera.

Think of all the cool things about a frost-free refrigerator freezer.

Every housewife should have one. Frost never forms. Not in the big refrigerator section. Not in the big freezer section. So there's no defrosting. Ever. And you know what that means.

No more dripping water to mop up. No more waiting for frost to melt. Your ice cube trays won't stick any more. No more re-freezing frozen foods.

You'll have more storage space, because you'll be free of all frost accumulation. And your frozen foods won't stick together.

Think about it.

Think of all the extra space you'll have for stocking up on food bargains.

And besides all that, think how much more attractive your kitchen will look with a sleek new frost-free refrigerator freezer.

NOW is the time to buy. See your local appliance dealer today.

Seaway Valley Presbytery Elects Officers

At the regular meeting of the Seaway Valley Presbytery, United Church of Canada, held at Iroquois, the Rev. George E. Clifford of St. Paul's United Church, Cornwall, was re-elected as its Chairman for a second term. Other officers elected were: Rev. S. Oakwell of Spencerville Secretary; Rev. Clair Kellogg of Cornwall Treasurer and Mr. A. A. Morrison of Ingleside as Statistical Secretary.

Rev. J. Leslie Dean, Pastor of the Iroquois United Church, conducted the Opening Devotions. Guests included the Rev. Donald Pipe, Field Secretary Stewardship Services and Rev. Don Bardwell, Field Secretary Christian Education.

Reports were received from various Officers and Commissions. Recommendations dealing with the disposal of some Church property was adopted. The name of the Cardinal Pastoral Charge was changed to 'the Cardinal - Johnstown Pastor Charge and recommendations, approved by the Annual meeting of the Department of pensions, whereby the normal pension retirement age is reduced to age sixty five, in stages over a three year period, was received for information.

License to Preach will be granted by Presbytery to Mr. G. MacFarlane, student supply to the Riceville - Pendleton Pastoral Charge, at a ceremony in the Riceville United Church on May 15th, and to Mr. A. McDonald, B.A., of the North Augusta Pastoral Charge in the Summerstown United Church on May 22nd. It is expected both these Canditates to the Ministery will receive Ordination during the Montreal - Ottawa Conference meeting that will be held in MacDonald College, St. Ann's, May 25th - 27th 1970. Thirty three non-ministeral delegates were selected to represent the Presbytery at Conference.

Rev. L.M. Ferguson of Chesterville, Rev. Cecil Dawson of Long Sault; Mr. Jens K. Jensen of Oxford and Mr. Harry R. Shaver of Riceville were elected Commissioners to General Council of The United Church Of Canada.

A report on the operation of Rideau Hill Camp was presented for study. 'Camp Sunday' will be held on June 14th, with a special Service in the recreation hall at 3:00 p.m. Rev. J. Leslie Dean will conduct the Service, assisted by the Junior Choirs of Iroquois and White Church. Camping will commence on June 29th, and continue until August 29th. Mr. Harold Williamson has been engaged as Camp Manager for the entire season.

Under Mission and Service it was reported that the 'Day's Pay Campaign - objective of $1,750,600.00 had gone 'well over the top'. In addition the 1970 'givings' are well ahead of last year.

The Chairman, Rev. Clifford and Rev. Kellogg expressed the 'good wishes' of Presbytery to the members who will be leaving it this summer. They are Miss Lottie Franklin, Deaconess; Rev. E. Barratt, (retirement); Rev. Cecil Dukelow, (retirement); Rev. J. L. Dean, transfer to Belleville; Mr. C. MacFarlane and Mr. A. McDonald who will occupy other Charges after Ordination. During the expression of 'good wishes' it was noted that Rev. Dean has served as Secretary of Presbytery for the past nine years.

"LIBERALS" continued from Page 1

The chairman read a letter from George Brown of Cardinal expressing regrets that he was forced to resign the executive vice-president's chair due to business commitments. This was the first Annual Meeting Mr. Brown had missed in 16 years.

Executive elected for the new term was as follows:

President, Cliff Chadderton; Executive Vice-President, John Carley; Vice presidents, Ron Patrick, Cardinal; Sheila Jakowek, Lynwood; Joe Rowan, Metcalfe; Marg Brookfield, Stittsville; Janet Conn, Nepean; and Peter Martin, Nepean. Secretary, Pat Beaudry, Nepean; Treasurer, Jean Woolner, Nepean.

David Zinck was elected chairman of the youth group.

The meeting was adjourned at 11:00 p.m. following greetings from John Richard, President of the Liberal Party of Ontario.

Mr. Chadderton thanked members for their vote of confidence and said another meeting will be held at the same location on June 8th.

The June meeting he suggested would be in the form of panel discussions.

"PARADE" continued from Page 1

Fetterly, Walter McDonald, Harry Flora, Al Inglis, George Elliott, George Davidson and Basil Dawley.

The date was set on approval of a motion by Gordon Sutton and G. Docksteader, while appointment of committee was on a motion by Raymond Summers and Mel Vice.

Membership came up for discussion at the meeting and it was unanimously agreed the local chamber should be known as 'Winchester and District Chamber of Commerce', and members solicited from surrounding areas.

As a result the membership committee will invite membership from Winchester Springs, Inkerman, Vernon, Ormond, Maple Ridge and surrounding areas.

It was emphasized that farmers are welcome to join the organization and members felt agricultural men could greatly assist promotion programs.

TODAY'S CHILD

BY HELEN ALLEN

Toronto Telegram Syndicate

Any one acquainted with 10-months-old Terry often sees the twinkling look he's wearing here. This baby of Irish-English descent is an outgoing, good natured boy who rarely fusses and for whom life is a big, happy adventure.

Terry is a slim, small-boned baby with brown eyes, scant brown hair and very fair skin. He was slightly premature and was at first about a month behind the average for his age, but has pretty well caught up now. He crawls all over and can pull himself up to stand. He is in good health and there are no problems in his care.

This little fellow is shy with strangers, but affectionate and lovable among friends. He needs parents who will enjoy a dear little son without concern about his prematurity.

To inquire about adopting Terry please write to Today's Child, Department of Social and Family Services, Parliament Buildings, Toronto 182. For general adoption information ask your Children's Aid Society.

IN MEMORIAMS

SHAVER—In loving memory of our dear parents and grandparents: Laura Mae Shaver, who passed away May 15th, 1969. and Milton Shaver, July 23rd, 1959.

"Love's Greatest Gift—
Remembrance."
2c —The Family

GARLOUGH—In loving memory of a dear wife, mother and grandmother, Kathleen Garlough, who passed away May 19th, 1968.

Calm and peaceful she is sleeping,
Sweetest rest that follows pain;
We who loved her sadly miss her,
But trust in God to meet again.
—Sadly missed by husband family and grandchildren. 2p

McKENDRY—In fond and loving memory of a dear husband and father, Hamilton McKendry, who passed away May 17th, 1961.

The world may change from year to year,
And friends from day to day,
But never will the ones we loved
From memory pass away.
—Sadly missed by wife and family. 2p

"Arbor Day"...

still on Winchester P.S. curriculum

It was 'clean-up' day at Winchester Public School Wednesday of last week and watching the children working brought back pleasant thoughts of a generation or so ago when it was called 'ARBOR DAY'.

As boys and girls scurried about the school, armed with rakes and other necessary equipment, a question came to mind.

Why was it once called 'Arbor Day'?

It's unlikely any youngsters were concerned at that time and looked on it only as spending a pleasant spring day outdoors. Faithful work brought its reward and pupils were allowed to 'go home' a few minutes 'before four'.

Of 'ARBOR DAY', Webster has this to say - 'A day, varying in date, always in the spring, observed in certain states of the U.S. by the planting of trees.'

Few, if any, will remember ever having planted a tree on that particular day but to all boys and girls who attended the little schools of yesteryear it will always be remembered as 'Arbor Day'.

With the system of education changing by leaps and bounds, and students making demands for 'administrative rights', it is encouraging to see at least one valuable subject still on the curriculum ---- 'ARBOR DAY'.

ESTABLISHED IN MOUNTAIN TOWNSHIP

Municipal Recreation Committee To Serve Area

In 1969 Mountain Township Council passed a By-Law establishing a Community Programme of Recreation and since that time active workers have been ably serving the community.

In accordance with the Department of Education Act council appointed a Municipal Recreation Committee to conduct, encourage and assist recreation programmes.

Members of this committee include Doug Allen, Hugh Blaine, Ron Timmins, Bill McDonald and Lynn Boyd. Mr. MacDonald is presently chairman and Mr. Boyd, Secretary.

In outlining the powers and duties of the committee the Department lists four categories as follows:

(a) The committee shall encourage co-operation and coordination in the community recreation activities and services.

(b) The committee may appoint sub-committees and authorize such committees to operate in geographical or special interest areas, and to provide such services as it deems necessary to assist these sub-committees in carrying on their activities.

(c) The committee may appoint part-time recreation workers on a paid or voluntary basis and shall be responsible for assigning the duties and responsibilities of such persons.

(d) The committee may solicit or receive gifts or bequests of money or services, to be applied in furtherance of the municipal programme of recreation.'

'As you can see', says Mr. Boyd, 'the scope of the Committee is quite broad, depending pretty well on the ambition of the committee members and the support it receives from residents of the Township.'

Mr. Boyd explains that projects undertaken in neighbouring townships include minor league softball, minor league hockey, slim and trim classes, swimming classes, badminton and others.

It is understood grants amounting to 25% of the cost of organizing and admjnistration, up to maximum of $1,000.00 per year, are available from the Department of Education.

The secretary further explains that the first problem facing the Mountain Committee is the completion and supervision of the newly lighted ball park at the Fair Grounds in South Mountain.

'We wish to stress', says the secretary, 'that this is a township project and intended for use by the Township as a whole.'

The 'Recreational Committee' hopes various service groups and other organizations in the township will offer financial assistance and stresses the fact that suggestions are always welcome.

"Oscar" In The Future

Brenda Cameron and Gary Lapier may some day be peering down from the silver screen and who knows, possibly even 'Oscar' winners.

Brenda was chosen the outstanding actress and Gary the outstanding actor at Mountain High School Drama Night last week.

The annual event was staged at the I.O.O.F. Hall in South Mountain and two plays were presented: 'Rise and Shine' and 'Indian Giver'.

Brenda is the daughter of Mr. and Mrs. Lloyd Cameron, of South Mountain and Gary's parents are Mr. and Mrs. Harold Lapier, Brinston.

Student Volunteers Assistance

Fred Baker

Fred Baker, son of Mr. and Mrs. Fred Baker of Mountain will leave Toronto by air on July 25th and his destination will be Tunisia.

Young Mr. Baker is a student at Brock University, St. Catherines, Ontario and has volunteered to spend a month, along with students from other countries, helping to rebuild an area devastated by floods.

Presently working on his father's farm, Mr. Baker's good-will venture is being sponsored by church groups, service clubs, legion branches and student drives.

That part of Tunisia where the volunteers will serve suffered a series of floods that completely wiped out large areas and it will be necessary during their stay to live in tents.

On his return Mr. Baker will resume his studies.

Board Chairman Says

Younger Groups Still Enjoy Reading

'We were pleasantly surprised', says Osgoode Township Library Board Chairman Archie Stewart, 'with the response to our library, particularily in the younger groups.'

Over the past year, Mr. Stewart goes on to say, membership has more than doubled.

In reviewing the brief history of the Library Board, he recalls that for many years the only service in the township was the little building at Osgoode Village.

Since the formation of the board, the building has been renovated and spacious facilities made available at Metcalfe where the township hall is located. (When the old Town Hall underwent a complete renovation program a few years ago the original offices were no longer needed and were converted into a library).

Mr. Stewart says the board has planned expenditures in such a way as to make as full use as possible of various grants, and has been aided by the Regional Library Board both financially and with expert advice when requested.

The library makes full use of the inter-library loan service which gives access to over 700, 000 volumes, and under this system books requested, not owned by the local board, can be borrowed.

There is no membership fee and operating costs and purchases are financed through municipal taxes and provincial grants.

'The Osgoode library', says Mr. Stewart, 'cost the taxpayers approximately 43 cents per capita in 1969 and although many new books have been purchased the 1970 cost will not exceed 50 cents.

Because of the great success being enjoyed by the two library branches the board anticipates opening other branches as warranted, possibly at Vernon, Greely and Kenmore.

The board invites enquiries and will welcome suggestions says Mr. Stewart.

Theatre Violence

Many schools tell awesome stories of violence and bloodshed but at North Dundas District High School, the only place all is not well is on the stage.

In above scene two leading characters in the Theatre class's final production stage a realistic performance.

UTBU (Unhealthy To Be Unpleasant) is the title of the production which revolves around an aging actor's efforts to poison his 94-year-old mother in order to get his inheritance and finance a comeback.

The plot is complicated by a 'Mad Bomber' who believes in blowing up anyone he deems unpleasant.

Actor Dave Thompson (seated) appears to be silenced rather permanently by Steve Durant.

St. Andrew's United Church Women Meet

The U.C.W. of St. Andrew's United Church, Hallville, met at the home of Mrs. Muriel Allen on Thursday evening, May 7th. The president Mrs. Ivy Coleman conducted the business session. Committees were named to look after the housecleaning of the Church kitchen and the buying of drapes for the Church hall. Mrs. Mildred Hyndman and Mrs. Matilda Winters were in charge of the worship service and Mrs. Drenna White gave a very informative talk on 'Poverty Alienates'.

Mrs. Mary Hoy was in charge of the 10 minute period and demonstrated some hints of personal grooming. A 'poverty' lunch of soup, crackers and coffee was served. Many beautiful hand made articles were turned in for the Annual Fall Bazaar.

Bell Canada Reduces Surcharge Fifteen Cents

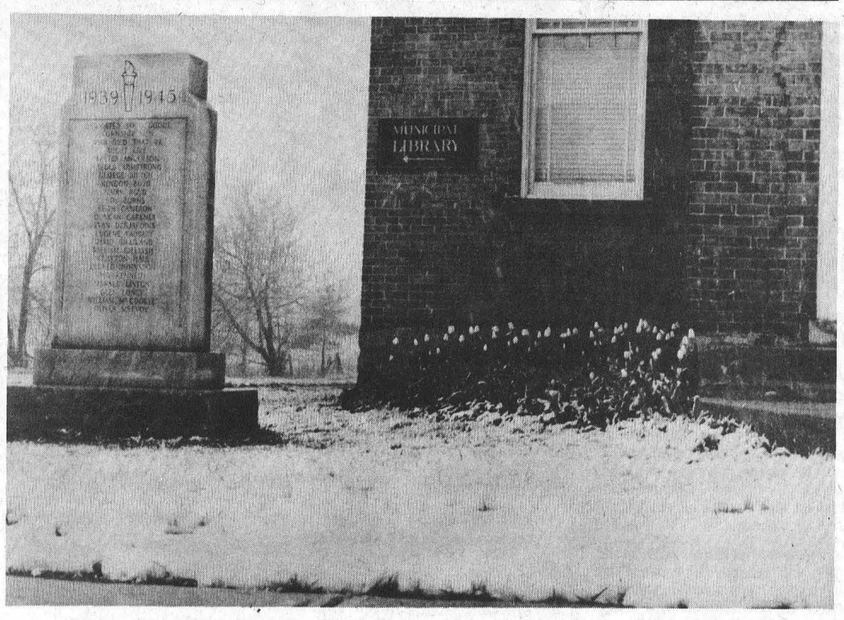
Bell Canada will reduce its surcharge on some long distance calls from its coin telephones from 25 to 10 cents on May 17.

The reduced surcharge, approved by the Canadian Transport Commission, will apply to station-to-station calls paid at the time the call is placed. The reduction will apply on calls to points within the area served by Bell: Ontario, Quebec and some Northern Regions.

The 25 cents surcharge was introduced in January on station-to-station long distance calls involving the use of an operator, to help cover the increasing cost of providing operator services.

A Bell spokesman said that the impact of the surcharge on customers was felt particularly in the case of coin telephone calls, in which the use of an operator in placing a long distance call is unavoidable, since the customer does not have the opportunity of dialing direct.

The spokesman added that the reduced surcharge will, in effect, make 10 cents the basic charge for using a coin phone, both for a local call and a normal long distance call -- one which the customer could dial direct if he were at his own telephone. The existing 25 cent surcharge will still apply on station-to-station long distance calls within Ontario and Quebec where the customer desires the additional services of an operator to bill the call subsequently. Such calls include collect calls, calls billed to a third number and credit card calls.



Dutch Tulips Brave Winter's Final Blast

Early last November members of the Dutch Community planted 1,100 tulip bulbs in front of Osgoode Township Hall at Metcalfe.

'A tangible way of saying thanks', said Albert Bouwers 'to our Canadian friends who not only helped liberate our country twenty-five years ago, but who have welcomed us to this country'.

Wednesday of last week was far from a typical spring day, but the lovely blooming tulips braved the icy blast and blanket of snow.

The memorial in the foreground carries the names of those from Osgoode Township who faught and died for freedom in World War 2.

Town League Should Not Disappear

Softball players and fans alike agree it would be a shame if a town league did not materialize this season.

Never before has the town had such ideal facilities and it is believed a 'Town League', playing possibly one game a week, would create enjoyable evenings for all ages.

All that is needed is leadership and this is being supplied by a member of the once-famous Winchester Royals, now better known as the 'old pros'.

Norm Utman fully realizes organizing and administering a softball league is a difficult time-consuming task. He is confident, however, once the enthusiasm is generated, willing hands will offer assistance and assure a successful endeavour.

Good softball teams need, above all, good sponsors, and with many active community groups in the village, this should not be a problem.

It has already been suggested that possibly teams might be sponsored by Lions, Centurians, Legionnaires and possibly 'Old Pros'.

All interested are requested to contact Mr. Utman today, or tomorrow, but definitely not later than 'the day after tomorrow'.

M. Hyndman Scores Best Hallville Jets

Murray Hyndman, rolling a high single of 321 and the high cross of 689 led all contestants at Hallville last week.

Other high scores were as follows:
Helen Bartholomew - 608 - 234;
Marion Coleman - 606 - 238;
Lanson Hyndman - 604 - 241;
Muriel Milne - 584 - 250; Mel Christie - 564.

List Anglers' Dates And Limits

Aware that many readers are dedicated fishermen, District Forester R.M. Christie sends along the following interesting notes:

Fishing for yellow pickerel or walleye, pike and sauger opened Saturday, May 9th in divisions 9, 10 and 12. Fishing for these species opened on May 2nd on the St. Lawrence River (Division 11). Please note that a season has been set on Sauger this year for the first time. This coincides with regulations in Quebec especially for bordering waters.

The limit of catch per day is six pike and a combination of six pickerel or sauger. Possession shall not include more than one day's catch.

Maskinonge opens on June 20th and Large and Smallmouth Bass open on June 27th in the above mentioned areas.

Please note that male residents 19 years of age and over require a Resident Angling License. This applies to angling, spearing, dipnetting and bow and arrow fishing. Bait-fish may be taken for one's own use under the resident angling license. Commercial licenses are required for other types of fishing.

Non-resident anglers may take smelt by means of a seine or dip-net or carp and suckers by means of bow and arrow under a non-resident angling license. Consult the regulations applicable to various areas before fishing.

Walking Is Healthy Fun

Today's generation considers a 20-mile walk a grueling marathon, but old-timers see it in an entirely different light.

To men like Melvin Tomkins, left and Adelard Bourbonnais, right, walking the distance is considered an enjoyable healthy way to spend a fine spring day.

Mr. Tomkins, Principal of Hallville Public School, has reached retirement age and Mr. Bourbonnais of Metcalfe admits he has only four more months to go.

'Mel' completed the Winchester Lions' walk on April 25th and was in Metcalfe last Saturday collecting from Metcalfe Lions who had willingly sponsored him. His arrival at Lions headquarters coincided with the arrival of 'Adelard' who was just completing the cold, wet Metcalfe Lions' march.

Mr. Tomkins is a member of Winchester Lions Club and Mr. Bourbonnais is Metcalfe's 'Number One' hockey fan.

Metcalfe Fastball First Practice Session To-Night

Metcalfe fastball team, entered again this year in South-Carleton Fastball League, plan their first practice session tonight (Thursday) at the ball park.

At a club meeting last week, Don McIntosh agreed to share the coaching duties with Martin Rowan. Last year the team was coached by Ken Lewis and Mr. Rowan, but since Mr. Lewis' plans for the coming season are uncertain he was unable to offer assistance.

Last year's list of players was reviewed and it was noted shortstop Ian McDiarmid will also be out of the line-up. Ian has played for the team since the club first entered the league and the coaches will be faced with the difficult task of filling Ian's position at short-stop.

The question of uniforms for players came up for discussion at the meeting and all agreed complete new outfits were a necessity.

The team management was pleased to note many young players eager to participate and suggest such renewed interest will greatly strengthen the team.

It is expected a schedule will be released later this week and possibly the first league game will be on May 22nd.

Bang! It's The 24th

In honour of her gracious majesty Queen Victoria the 24th of May was proclaimed a national holiday in Canada many years ago.

In the intervening years the 24th has become tradition. It's the first warm weather holiday in the year. Once it was used to plant the potato crop; some still do. The flags fluttered in the breeze and all shouted common allegiance to Queen and empire.

Those days are gone forever. To-day the 24th of May holiday has been changed to the more convenient Monday before. The flags seldom wave, and certainly not because of Canada's great allegiance to anything in particular. No, the 24th of May is just another holiday in 1970, a day to get away to the cottage, to clean up around the home, to play a game of golf or maybe go fishing. Thoughts of why the 24th was proclaimed in the first place probably never enter the minds of most people. And in that regard it is highly probable that many of our younger citizens are not even aware of the holiday's original significance.

However, one characteristic that accompanies the May 24th holiday each year has not changed. And that is the setting off of firecrackers.

Through continued education on the abuse of these little bombs and the damage they have caused over the years, the actual incidence of injury from mal-use of firecrackers has continued to decrease.

Firecrackers in the hands of an irresponsible person, young or old, are dangerous. In Canada there are laws forbidding the manufacture of certain kinds of fireworks and there is reasonable restriction on the types that can be purchased.

But fireworks are not firecrackers. There is hardly a person who does not really enjoy a good pyrotechnic display, whether it is in his own back yard or at a larger public demonstration. The use of firecrackers, on the other hand, by a few idiots should not be tolerated. In certain municipalities the sale and setting off of firecrackers has been prohibited.

This newspaper suggests a fireworks display rather than a firecracker dismay, and offers a few good, sensible rules to follow:

Never allow young children to have firecrackers under any circumstances.

Never hold a lighted firecracker in the hand, or light one indoors. Do not play jokes with them and never throw them at a person or animal.

Never explode firecrackers inside a bottle or any other container. In fact, keep them away from public places altogether.

If you are having a family fireworks display be sure your firing location is clear of overhead obstructions such as wires and trees. Use buckets or wheelbarrows of sand as firing bases and bury the fireworks half way down at a 10 degree angle away from spectators. Before firing read the instructions carefully.

If one does not go off, do not attempt to relight it. Leave it for a few minutes, and then soak it in water.

Responsibility Of The Parents

In an age of demonstrations, militant young radicals and just plain spoiled brats, the role of the parent is being stressed more than ever. This is not to suggest that every parent is at fault in "bringing up" his or her brood. Or for that matter does parental responsibility in itself solve all of the problems.

But it helps, and in no small way. In many instances the path taken by the younger generation has been greatly influenced by the parents.

Mostly, the understanding of people and love are the prime ingredients, not only in the home but everywhere, if society is to become a nicer lot for all of us.

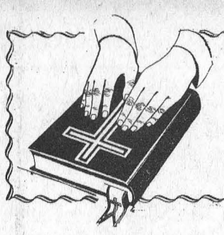
A University professor said last week that more knowledge is required for parenthood than for any profession, and he suggests that familiarization courses be made available. The professor continued by saying, "there are few rules and regulations to parenthood. It really doesn't take exceptional qualities to assume the role and yet there are endless responsibilities."

Many parents to-day tend to fall into stereotyped categories. A lot of them are "too busy." Others give up too easily at the generation gap which inevitably enters every home. And still more shelve some of their duties to the school teacher.

If parents do not know their own children how in the world do they expect another person to do the job for them. Instead of continual criticism and nagging why not give a few responsible thoughts to understanding what goes on in the minds of these young individuals.

There never was a time when parents should be more informed, more aware and more concerned than to-day. If you love your children why not show them this love. Don't shrug off their problems as those of a typical teenager. Be interested. Discuss their problems and their desires. Relate to them as often as possible. Take a keen interest in their education. Communicate. Give them an example to follow. Exercise discipline, a sensible kind of discipline applicable to to-day, and not 20 years ago.

Finally, many of the qualities which tomorrow's adults and leaders will carry are being cultivated right in the home to-day. Parents who are smug enough to believe that to-day's young people are creating all of the problems had better have a closer look . . . in the mirror.



Meditations . . .

by REV. CECIL W. TUININGA

Mark 10:9 - 'What therefore God has joined together, let not man put asunder!'

What a remarkable definition: Marriage is 'What God has joined together'. How many accept that definition today? Isn't marraige that which man joins together? And if it is a poor contract isn't it best broken? Why live with a partner that sours life and makes it wellnigh impossible?

Our modern divorce laws are such that any man or woman can get a divorce. It can be manipulated. In Jesus' day it was still easier. A man could write a bill of dovorcement himself and set himself and his wife free. It was that easy! But it didn't work. Deep down inside men realized and felt that this was a tampering with something quite vital and basic to life. Sending a wife away brought more troubles and problems than one bargained for.

No doubt this was one of the reasons they came to Jesus with this question. Scripture tells us that the Pharisees tempted Him with the question of divorce. They did that because this was at that time a burning question. It seems no one could answer the question just where one should draw the line. They thought Jesus could not either, but they got much more than they bargained for. Not only did they get an answer concerning Moses' leniency but they got a definition of marriage that was at the heart of the question. What we do with marriage is largely determined by what it is for us. If it is, as Scripture teaches, a divine ordinance binding for life, men had best leave it alone. To tamper with it is to tamper with a divine ordinance, with painful consequences.

There is much more to it than at first meets the eye. Marriage establishes a home, and a home is the very foundation of society. To break a marriage is therefore to break one of the foundation stones of society. If this needed proof, it is ambly furnished by everyday experience. Pain, grief, suffering, along with broken lives is the price we pay in our modern times for untying what God has tied together. When vulgar hands loose sacred bonds something precious has been destroyed.

Marriage can be broken in other ways beside divorce. Marriage is more than just living together, or managing a home together. Marriage is a union in which the one supplies the unique needs of the other. God has put human society together in a wonderful and mysterious way. Tamper with it and parents and children are hurt morally and psychologically. The scars cut deep, often the damage totally irreparable. Our society bleeds today with the wounds of homes broken because men fail to heed the divine definition of marriage. They tamper with the bond God has made and pay for it dearly. We cannot fool around with holy things and not get burned in the process.

Marriage is more than vows spoken. It is two lives welded together in service to the Lord. Only in loving service can it have true and lasting value. Then harmony heals strained relationships and love prevails over all tensions. Do we so uphold marraige to God's glory and our nation's welfare?

Is Cable TV A Con Game?

If someone suddenly asks you to make a television appearance, take my advice. Don't. Not unless you can talk with lucidity, intelligence and wit, and have some professional advice.

I went on TV recently and it was pitiful. At least, according to my wife. I thought I was pretty good, seeing that we had no script, lousy equipment, no rehearsal, and everybody involved, including the technicians, was strictly an amateur.

Kim was watching, and she thought I was the best, too, which only goes to show you. (She confided to my wife, in private, that I seemed bored. And I was.)

But my wife kept up a running fire of comment "you look terribly thin. You were the grayest one there. Why didn't you speak up? There was no humor at all. Why did you slump in your chair like a wet rag? You put your hand over you mouth once. What a dull program."

I think she expected a combination of Fred Davis, Pierre Berton, Walter Cronkite and Johnny Carson.

It wasn't exactly a moon shot, or an NHL game, though it was just as interesting as some of the latter we've seen this spring. It WAS a dull program. It had about as much zip and flair as Ed Sullivan interviewing the reeve of Hayfork Centre about the bindweed problem.

It didn't help much that I'd just come from a harrowing day, and had had three hours sleep the night before. Or that I didn't have a clue as to what the program was about. Or that nobody else did.

I was just another victim of a new game invented by the owners of cable television. These companies are highly sought after as a means of minting your own money.

But the CRTC is leaning on them and suggesting that they produce something besides money for the owners; namely, some local "Canadian content."

Our local cable company is in the forefront. It has managed to get itself a television nadian content. Ninety per channel, and is turning out Cacent of it, so far, is time signals and the weather report.

But it has also produced several shows. It doesn't really matter what they are, as long as they don't cost anything.

So I've decided to cut short what promises to be an enriching life as a television performer. Fear of over-exposure.

Here's the way it went, as a warning. A chap I knew called and asked if I would appear on a panel discussion about education. I agreed. A student I knew was also to be on, plus another moderator.

We arrived at the studio on time. It consisted of a room about 10 feet square in the farmhouse beside the cable tower. A table, three chairs (we needed four), a microphone and a camera.

Two technicians were there, watching TV. They'd never heard of us. They called the manager, back in town. He'd forgotten about the show. He finally arrived, borrowed a chair for the farmer, and we did the dull show. Cold. It was shown a week later.

Now, I'm not knocking the whole idea. This sort of thing would be great for a small town, where all sorts of interesting things happen. And there's lots of talent around.

But the cable companies had better forget about how many hours of "local" content they can point to on their books, and start spending some money on trained personnel, good equipment, and organization, or the whole thing will be just another farce to slide around the rules and save money.

Two recent examples of what I'm talking about: On one show, we watched five or six buses draw up to a local school and the kids, one by one, get out. Fascinating, eh? Ten minutes. On another, we watched the residents of an old people's home for about 10 minutes, sitting in rows, facing the camera, waiting for "the show" to begin. Crass, if not cruel. But it shows on the books as Canadian content.

If it doesn't improve rapidly, it's just a con game, and should be exposed as such.

The Seventh Column

Aside from being a foregone conclusion, the Boston Bruins-St. Louis Blues final series for the coveted Stanley Cup was really only a one-game affair. Sunday afternoon's classic was by far the best of the four and resembled something like most people wanted to see at the arenas and over the tube. The other three held about as much interest as a turtle race on a wet afternoon. The big, bad Bruins were over the Blues like a wet tent in every game, and proved that their rough house tactics were more than complimented by a super brand of hockey. No question about this Boston team being the best in the world. They knocked off the Rangers in six games and then won four zip over the listless Black Hawks and the spirited but inadequate Blues to win the silverware . . . and the green backs. And what an ending! The Bruins roared from behind to tie the game in regulation time and set the stage for Mr. Everything, Bobby Orr, to bang home the tie breaker at the 40-second mark of the first sudden death overtime period. It was Boston's first Stanley Cup win in 29 years. And although the team comes from an American city, the player personnel is unquestionably all Canadian . . . home of the world's finest hockey players.

Reading Charlie Lynch's column about "the night the lights came on" brought back a few memories. For the over-30 generation the phrase holds particular meaning . . . the end of the European conflict in the Second World War. May 1945 and the lights came on again in Great Britain and especially London town where they had been all but eliminated for a long five years. And celebrations all over the world. VE day was a memorable event. Back in Winchester where we were just finishing high school and working on a commission with the second battalion of the Stormont, Dundas and Glengarry Highlanders, the lights also came on in every home, the church bells rang and everybody and his dog was out on the street. That night the town and district population gathered at the main intersection of the village. There were fires, dancing, songs, and a little liquid refreshment making the rounds. There were also prayers and special church services giving thanks that this terrible conflict had been victoriously settled. Peace was the name of the game . . . and it still is 25 years later.

In Ontario there is strong consideration being given to lowering the voting age to 18. It was first revealed that a bill would be presented to the legislature calling for the lowering of the voting age to 19. However, this has apparently been reviewed and the latest word is that the age will be 18, but not until after the provincial election next year. There are many solid reasons why the voting age should be lowered, few against it. There will be little or no opposition to such a bill when it is finally presented.

That super new CNR turbotrain gets another chance this week. In its initial run it took on a truck at Brockville and shortly thereafter presented its engineers with more than a few technical problems. The trial runs starting this week between Toronto and Montreal will very likely decide the fate of this speedy passenger vehicle. One way trip from the Queen City to Montreal with the turbo has been set at one minute under four hours. If you want to see it just be at Morrisburg or any vantage point along the CNR line the day it is scheduled to run. But don't blink your eyes. You might miss it.

And a brief message this week to the academics who are constantly revising the socialistic doctrine, the young radicals and the other leftists: Utopia is a wonderful thing providing no one has to make ends meet.

Achievement Day Held At Leitrim

4-H Homemaking Club members from the eastern part of Carleton participated in their Achievement Day activities on Saturday, May 9th at the Leitrim Arena Hall, to complete their recent4-H unit - 'The Third Meal'.

Receiving special awards were four area girls who have each attained provincial honours for the completion of 12 Homemaking units: Heather Fisher (Dalmeny), Debbie McDonald (Vernon I), Doris Stoodley (Vernon II), and Ingrid Strynzel (Ramsayville II). Completing 6, 4-H Homemaking units to receive County honours were the following members: Susan Fillman (Leitrim Centre), Sharon Goth (Leitrim South), Rhonda Kennedy (Vernon II), Pattie Porteous (Vernon I), Judy Ramsay (Ramsayville II).

The Achievement Day program included presentation by the following individual clubs: Dalmeny, Gloucester-Glen North, Gloucester-Glen South, Leitrim North, Leitrim Centre, Leitrim South, Ramsayville I (Jr.), Ramsayville II (Sr.), Ridge, Vernon I, Vernon II. The 4-H Homemaking clubs in this area will be reorganized in September 1970 for the unit 'Needlecraft'. Any girls between the ages of 12 and 26 interested in joining one of the local clubs or in having more information about them, is asked to contact the local leader or Miss E. Camelon, Home Economist for Carleton and Grenville, at 26 Thorncliffe Place, Ottawa 6, Ontario.

$24,000.00 FOR HOLSTEIN BULL

Burtshill Ladysman, an eight-year-old Holstein bull, sold for the exceptional price of $24,000.00 at Hays' Sales Arena at Oakville, Ontario on May 4th. Along with the bull went a bank of 6,000 vials of his semen.

The bull was sold to dissolve partnership between his two owners, Burton Atkinson, Hepworth, Ontario and R. J. Stewart, Bolton, Ontario. R. J. Stewart, wanting to keep the bull in his Mount Metro herd, was the successful bidder in a spirited duel that involved a number of breeders, including three above the $18,000.00 mark, and with Paul Eckstein, Toronto, as the runner-up.

Burtshill Ladysman has an established reputation as a top sire of quality Holsteins, both from the standpoint of type and production. He sired the winning Senior Get-of-Sire at the North American Dairy Show in Columbus, Ohio last fall and the winning Produce of Dam pair at the National Holstein Show at Vancouver, B. C. Amongst his many prize-winning progeny were: the All-Canadian and All-American Junior Yearling Bull of 1965, International Alliance, now owned in Japan; and the All-Canadian Bull Calf of 1966, Arcee Richman Ned, now owned by R.J. Stewart.

Ladysman has one Excellent, six Very Good, twenty-four Good Plus, and nine Good daughters for the Excellent rating of 78% Good Plus and Better, and has a Breed Class Average rating of 126% for milk and 130% for fat. He is sired by the noted three times All-Canadian Sire, Romandale Reflection Marquis, and his dam is the Very Good daughter of the Class Extra Sire, Bond Haven Rag Apple Maple.

Junior Farmers Bring Irish Lass To Russell

A pretty Irish lass, Miss Elizabeth Hughes, was in Russell last weekend, as a guest of Miss Barbara Burton.

A member of a group participating in the Junior Farmer exchange program Miss Hughes, whose home is in Northern Ireland, says she is thoroughly enjoying her stay.

'I live at home on the farm with my parents', said Miss Hughes, 'but I am a private secretary in the city'.

She felt it was unfortunate there was such strife in Northern Ireland at the present time, but expressed the view there are many extremists on both sides.

Miss Hughes arrived in Canada late in April and plans to travel across the country before returning home.

The visiting group from Ireland includes four girls and four boys and while 'Lily', as she calls herself, was visiting Russell County, other members were in Carleton, Glengarry, Grenville, Lanark, Prescott, Renfrew and Stormont.

Unlike Canadian girls, Miss Hughes willing gave her age as 22, said she had a steady boy friend, and blushingly admitted there could be wedding bells in the near future.

Enjoying an early morning swing the radiant Irish girl, right, and her hostess Barbara Burton spoke of the value of the exchange visits planned by Junior Farmer groups.

Thirteen-year-old 'Meg', the Burtons' faithful sheep dog, appears to also enjoy the visitor from across the sea.

Kemptville Professor To Serve In Nigeria

Dr. F.A. Stinson, Principal of the Kemptville College of Agricultural Technology, today announced that Dr. George R. Barr, Head of the Animal Production Division at the College since 1967, has been granted a two-year leave of absence to establish and operate a computer center at the University of Ife in Nigeria. This University, about 50 miles from Ibadan, was established in 1963, featuring agriculture as the predominant faculty.

The request for Dr. Barr's assistance came from the University of Wisconsin which has a contract to assist the University of Ife. Dr. Barr's appointment will be sponsored by the Rockefeller Foundation.

Dr. Barr's work will entail consulting in experimental design and in applied statistics, as well as analysis of biolofical experiments conducted in Nigeria.

In making the announcement Dr. Stinson said, 'This invitation to serve in a developing country reflects the high regard for Dr. Barr's professional qualifications. In my opinion this added experience will be of significant advantage to the Kemptville College when his assignment in Nigeria is completed.'

Dr. Barr was awarded his Ph.D. in animal breeding from Iowa State University, following his graduation and master's work at the Ontario Agricultural College. He engaged in post-doctoral studies at Cornell University before joining the faculty of the University of Wisconsin as a Dairy Scientist for four years prior to joining the staff of the Kemptville College.

In addition to his work in Animal Production at the Kemptville College, Dr. Barr has assisted in revision of the curriculum, initiation of the trimester system of studies, and in programs for staff development.

Dr. Barr and his wife, together with their five young daughters, plan to leave on August 15 for the two-year stay in Nigeria.

Joint 4-H Meeting At Vernon

Vernon 4-H club members, with Metcalfe members also present, held their first meeting at Club 31 last week.

Supplies were distributed and Agricultural Representative Bill Broadworth gave an interesting and informative talk.

Both clubs elected officers but names of Metcalfe officers has not been released. Vernon President is Lyn McDiarmid; Vice President elected was Keith Patterson; Secretary, Annette Nooyen; and John Klein-Swormick is the Press Reporter.

Farmers Should Consider Drainage Survey Now

Fast approaching is the season when the agricultural engineering staff receives an overwhelming number of requests for drainage surveys. If the last two years were fairly normal, it is very likely that as many or more farm tiles will be installed this year.

In order to avoid disappointment, agricultural representatives suggest that you request your survey as far in advance as possible. Then as you make arrangments with the tile ditcher operator and the tile supplier, you could give the Department a call to advise of your arrangements. In the past two years, engineers have just been able to keep ahead of the ditching machines with their surveys.

Grants Available For Field Enlargement

There are many cases throughout the County where farmers are working around stone piles or stumps and in fields that are too small. The Capital Grants Program provides assistance to clear these obstructions and to make field cultivation more convenient and less expensive.

In order to qualify for this grant on field enlargement, it is only necessary to improve fields which are already under cultivation. It does not include clearing new land or land that is not presently being cultivated. Improvements must be made by heavy equipment which must be hired for the job. A farmer's own labour or equipment cannot be included.

Improvements which qualify include the following:

- removing fence rows to make two small fields into one larger field,
- removal of stones or stone piles in fields,
- removal of isolated trees in fields used for farming,
- levelling wet holes in fields by proper burying of fence row trash.

As is the case with all projects under the program, the work must be done, the accounts completely paid and an application completed before a grant will be paid. This type of improvement qualifies for a grant of 40% of the cost.

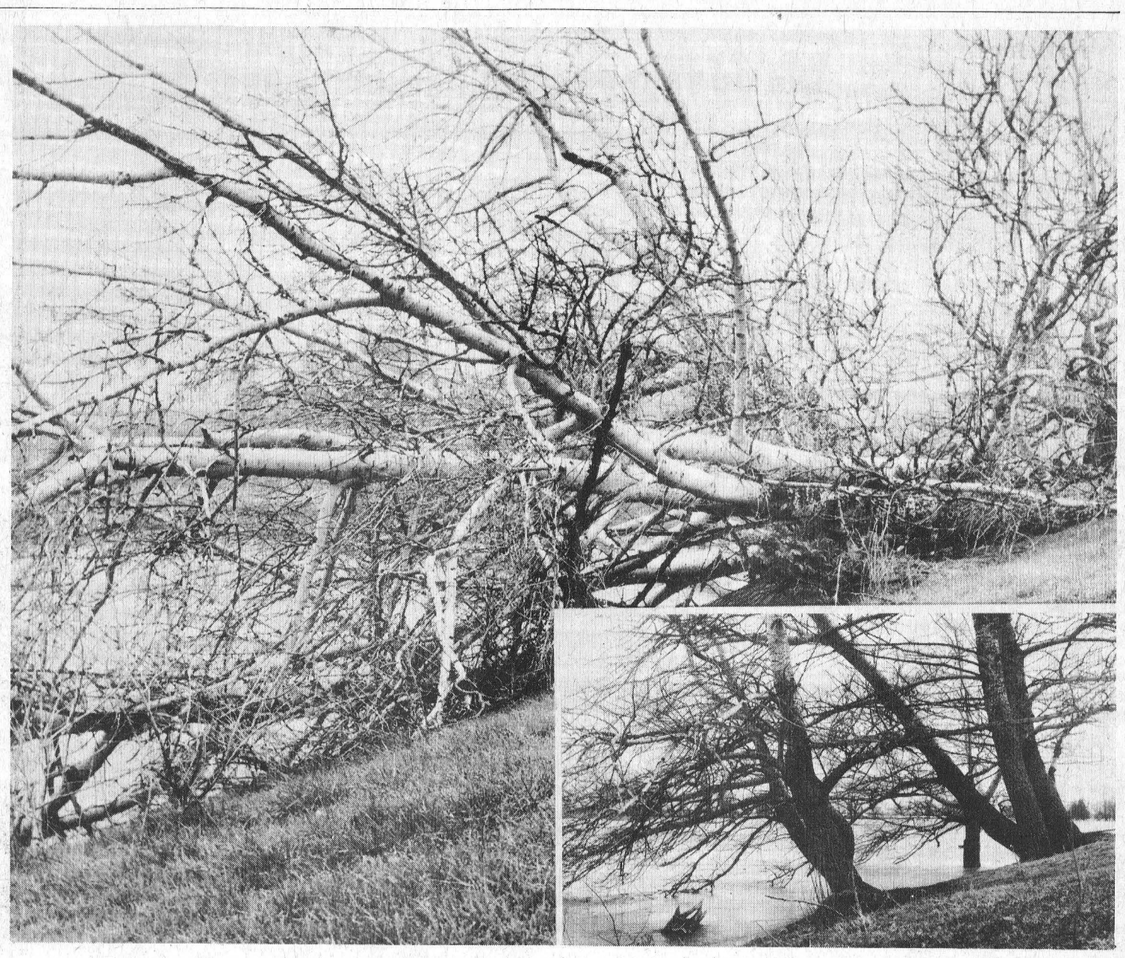
FRED CASS WRITES . . . Ninth Weekly Report From Queen's Park

Government legislation again fills the Legislature's Order Paper - or agenda, as Ministers were busy introducing new Bills to update existing laws administered by their Departments or to bring new legal concepts into law. Considerable debate centred around Bills to provide a grant of $25.00 per university Student at all provincially assisted universities to the coffers of the municipality in which each such university is situated; another somewhat similar Bill provides for increased per capita provincial grants to the new regional municipalities of Ottawa-Carleton and Niagara and some changes in methods of apportionment of similar grants to Metro Toronto. The first Bill indicates a change in long standing policy whereby university property, being non-taxable for municipal purposes, provided no income to the local authorities responsible for providing services such as streets, water, sewage, etc. The Minister indicated this to be but the first step towards making all educational institutions and properties available for some degree of municipal taxation, or payments in lieu of taxes.

Outside of the House there were announcements of great interest to all of us. The Minister of Municipal Affairs announced the creation of the new Regional Municipality of Muskoka and followed the announcement by introducing on the following day in the House the Bill required to erect this new municipal two tier structure. And on the Wednesday, Prime Minister Robarts unveiled the Government's plans for the development of the Metro Toronto hinterland from Oshawa on the east as far west as Kitchener-Waterloo and north to the area of Barrie and Owen Sound. This new concept provides for development of large park and recreation areas within easy reach of the dense population now (and ever increasing) along the north shore of Lake Ontario and for satellite cities to be developed around some of the existing municipalities surrounding Metro.

There was also introduced a Bill to preserve the Niagara Escarpment stretching from Niagara Falls past Hamilton and up to the Bruce Peninsula. The new law provides for the cessation, except under Ministerial permit, of all industrial and mining activities along the several hundred miles of the Escarpment and strict control of commercial undertakings in an area stretching for two miles on either side of the Escarpment.

The Departmental Estimates of Public Works were examined, debated and accepted without any great problems being met nor unusual items discovered. This Department being the housekeeping department for government is responsible for the housing of all Government offices and workers, provision of all supplies and equipment, and operation of all Government institutions.



Storm Plays Havoc

Press Staff Photo

Reports emanating from South Mountain last week told of alert members of Ontario Provincial Police blocking off roads in an attempt to corral bandits who had apparently robbed the Bank of Nova Scotia there.

It was encouraging to note OPP officers are always on guard and bank officials were pleased to learn it was a false alarm. The intricate alarm system had apparently been triggered by a bolt of lightning.

Still on the subject of 'alarms', some Winchester residents were heard complaining the alarm system at the local branch of the Royal Bank was 'sounding off' rather erratically for no obvious reason.

Mr. Harris at the bank, however, assured the Press such reports were false, but qualified this by saying the alarm had been known to sound accidentally.

'But on very rare occasions', he added.

Picture

The South Mountain storm, however, caused more damage than setting off burglar alarms. An editorial picture in this newspaper on April 30th showed silver maples growing on the banks of the Nation.

Mr. Dennis Blaine spent the weekend with his parents, Mr. and Mrs. Ralph Blaine and Dick. He is employed with the Department of Highways for the summer months with headquarters at Kingston.

Sunday callers of Mr. and Mrs. W.T. Coleman were Mr. and Mrs. Jack Stavenow, of Cobden, Mr. and Mrs. Ralph Blaine, Mrs. Isobella Cummings, of Ottawa, and Mr. and Mrs. Syd. Havelier, of Stittsville.

Mr. and Mrs. A.A. Erwin, were Thursday luncheon guests of Mrs. Clinton Coleman and Darrin.

Mr. and Mrs. Bob Trottier, of Ottawa, were recent dinner guests of Mr. and Mrs. John Blaine and girls.

Mr. and Mrs. Syd. Havelier, of Stittsville and Mrs. Isobell Cummings of Ottawa were Sunday visitors of Mr. Esdin Cummings.

Christian Family Day Observed At Hallville

Christian Family Day was observed in St. Andrews United Church, Hallville, on Sunday, May 10th at 9:45, when the Sunday School was in charge of the service. A junior choir of thirty voices was in charge of the music, and sang three numbers, 'All That Thrills My Soul', 'You Is Love', and 'God Gives Us Families'. Jo-Anne Hyndman sang a solo, 'He is Satisfied'. Margaret Ann Hyndman presided at the piano and all parts of the service were taken by Sunday School members. The Sunday School Superintendent, Mrs. Lanson Hyndman gave a talk entitled 'What is a Family'. Many friends and parents attended this service in support of the Sunday School.

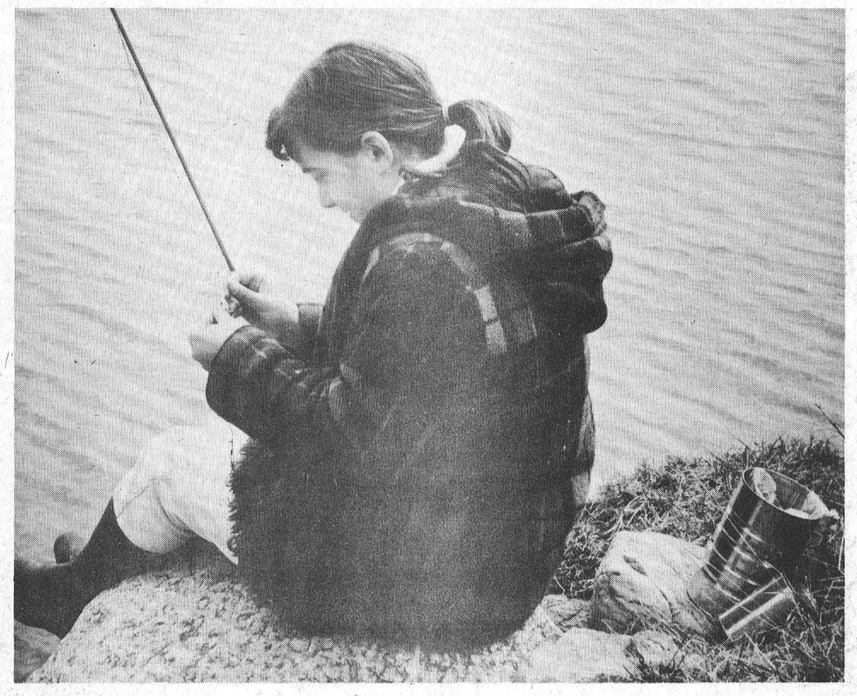
The next euchre will be held May 20th.



Quit Wiggling

Who said girls are afraid of fish worms? Obviously whoever coined that suggestion had not met this pretty Miss. A heavy mackinaw profects her from the cool morning breeze as she prepares to do battle with the elusive fish.

Baiting the hook appears to be no problem if only the little critter would stop wiggling.

Mrs. Ralph Allison Guest Speaker At UCW

The U.C.W. met in the church hall with an excellent attendance. The programme committee was Mrs. Miller, Miss K. Wilson and Mrs. Knapp. Mrs. Miller opened the meeting with hymn 164, followed by prayer by Miss Wilson and Psalm 742 in unison. Mrs. Knapp read a poem on 'Mother', also an article on Poverty and ways to fight it.

The guest speaker for the evening was Mrs. Ralph Allison, who gave a wealth of information of her trip to Oxford House, where her son is the Minister. Oxford House was started by the Government in 1909 among the Cree Indians.

Mrs. Garlough thanked the guest speaker.

The business part of the meeting followed. It was moved that a vote of thanks be sent to the Chesterville Orchestra and the C.G.I.T. for their help in making our Thank Offering such a success.

The visiting committee brought a report of their meeting and several projects are planned for the next two months.

Mrs. Garlough closed with the benediction and lunch was served.

TODAY'S CHILD

BY HELEN ALLEN

Toronto Telegram Syndicate

This chubby darling is Paul, 14 months old. Of Italian, English and Jewish descent, he has big blue eyes, long dark lashes and light brown hair. He is in good health except for occasional eczema which is easily controlled by medication. At the moment eggs and oranges are being kept out of his diet.

Paul is an active boy who likes to be on the go. Crawling is faster than walking for him so far. He makes friends quickly with children, but takes a little time to feel easy with strange adults and new surroundings.

This dear little fellow will have to go to a new home soon because his foster parents are moving out of the country. The Children's Aid Society hopes he will be adopted quickly so this sometimes-timid child will have only one move — to a loving permanent home.

To inquire about adopting Paul please write to Today's Child, Department of Social and Family Services, Parliament Buildings, Toronto 182. For general adoption information ask your Children's Aid Society.

HELP IS NEEDED FOR SUCCESSFUL REUNION

Mountain High Schools Searching For Former Students

Although more than 1000 letters have been mailed to former students of Hallville Consolidated School, South Mountain Continuation School and Mountain District High School there are still 500 whose addresses are unknown.

The search is on because those in charge of the Grand Reunion on June 27th and 28th want everyone 'back home'.

Every possible effort is being made to contact all former students and readers, who once attended these schools, and have not received an invitation are urged to write 'home' as soon as possible.

Just address your letter to Mountain District High School, South Mountain, Ontario.

Greig Fowler and his hard working committee wish to make it very clear that a cordial invitation is extended to all in the area, whether former students or not.

Tickets to the dinner and dance are available to anyone and should be reserved at the earliest possible date. The price is $5.00 per person and profits go to a scholarship fund.

The Press is anxious to cooperate with friends in the Mountain area in their search for former students.

The list is as follows:

Waiting For Replies

Mrs. Mabel Shaver, centre, with her two assistants, Carole Gilmer and Wayne Scott have been sending out invitations, nearly 500 of them, and are now busy reading the return mail.

The invitations have been sent to all former students of South Mountain and Hallville schools and indications are most will be returning for the big reunion in June.

Like all reunions plenty of fun is in store for those who attend but few realize the long hours of planning by organizers.

Mrs. Shaver hopes all letters will be answered within the next few days.

'If the mail strike should materialize', she says, we would be faced with grave problems planning for the huge banquet'.

TOWNSHIP OF OSGOODE FINANCIAL STATEMENT

FOR THE YEAR ENDING DECEMBER 31st, 1969

To the Council and Ratepayers of the Corporation of the Township of Osgoode, Metcalfe, Ontario.

We have examined the revenue fund and capital fund balance sheets of the Corporation of the Township of Osgoode as at December 31, 1969 and the statements of revenue and expenditure and source and application of capital funds for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances, with the exceptions that we did not verify title to real property owned by the township and we were unable to verify receipts from the various activities of the township's community centres beyond ascertaining that the receipts recorded in the cash books were deposited in the bank accounts.

Subject to the qualifications concerning (1) lack of verification of title to real property, (2) inability to verify receipts from the township's community centres beyond ascertaining that the receipts recorded in the cash books were deposited in the bank accounts.

we hereby report that in our opinion

1. The financial transactions which have come under notice have been within the powers of the municipality.
2. The audit has been conducted in accordance with the instructions of the Department of Municipal Affairs except for the examination of operating accounts by a series of tests rather than an audit of all transactions.
3. The financial statements present fairly the financial position of the municipality as at December 31, 1969, and the results of its operations for the year ended on that date.

GORDON BLAIR REPORTS SALT HOPE FOR MANKIND

SALT - the Strategic Arms Limitation Talks now going on in Vienna between the Americans and the Russians are beyond doubt the most important event of our day. They are obscured by the daily tales of tragedy from Vietnam, the Middle East and many other countries.

NUCLEAR WAR CAN DESTROY US

The ultimate, absolute and ever present threat to our world and our lives is nuclear war. At present only two counties, the U.S.A. and the U.S.S.R., have the capacity to wage nuclear war and to destroy the world in the process. Each is equipped with long range nuclear Intercontinental Ballistic Missiles (ICBMs) which can be launched from their territory or their submarines. The many manned and unmanned missions to the moon and other planets have demonstrated the terrifying accuracy of these dread weapons.

THE 'BALANCE OF TERROR'

For many years, the world was shielded from the threat of nuclear way by a 'balance of terror'. The two countries were approximately equal. Neither had the 'first strike' power to destroy all the missiles of the other, which meant that if either country started a nuclear war, it would suffer devastating retaliation.

ESCALATION OF TERROR

But this precarious balance has been disturbed by the mad progress (if such it can be called) of military science. Defensively, Anti-Ballistic Missile Systems (ABMs) have been perfected to the point where they can blunt a first attack. Offensively, Multiple Independently-Targeted Reentry Vehicles (MIRV), containing a cluster of three or more warheads, can accurately rain nuclear destruction on several targets. It is clear that neither America or Russia can or will permit itself to fall behind and they are now embarking on the development of these new nuclear weapons. The world faces an immense escalation of nuclear destructiveness unless some way can be found to stop this senseless arms race. It threatens the lives of us all and its cost, in terms of the waste of wealth, and resources, will increasingly impoverish the world.

LIMITATION AGREEMENT DIFFICULT

Despite many unfavourable circumstances, including the legacy of the 'cold war' and the confrontation of the two powers over Vietnam and the Middle East, they have found it possible to start these talks. The road ahead is long and hazardous. They must agree on complicated issues--how to define strategic weapons; how to limit or cut back production and deployment; how to 'verify' compliance with the agreement by inspection and surveillance.

It is a task which staggers the imagination--difficult enough in a peaceful quiet world. But the world is neither peaceful nor quiet and the very continuance of the talks is threatened by the confrontations of the two nuclear giants in other areas.

CANADA'S STAKE

Canada, like all other countries, is not taking part in the talks--but no country has a greater stake in their outcome. We sit between the two nuclear powers and the consequences for us of a war between them are too fearful to contemplate. We are only spectators of these momentous deliberations in Vienna. Nevertheless, we and all other countries are not without influence. Both America and Russia must consider world opinion and for as long as it takes to complete the job, we can be sure that all responsible governments will exert every pressure to keep SALT alive and to push it to a successful conclusion.

Youth Gathering At North Dundas

North Dundas District High School Gymnasium was the scene of a very special youth gathering last Saturday afternoon.

250 boys and girls, all members of the Christian Reform Church, from Williamsburg, Athens, Brockville, Ottawa and Cornwall were present and displays of handicraft were exhibited.

The Christian Reform Church puts great emphasis on working with the young people and the Calvinettes (girls) and Cadets (boys) spent a very enjoyable and inspirational afternoon.

AFTER 22 YEARS

Isaac's Last Sale

Twenty-two years of faithful service to rural people throughout the district came to an end on April 30th.

Isaac McShane of South Mountain, 'YOUR WATKINS MAN', made his first 'call' in 1948 and since that time has earned the confidence and respect of farmers and villagers in all sections of his territory.

By no stretch of imagination could the quiet-spoken native of South Mountain be classed as a high-pressure salesman but his genuine sincerity and almost bashful personality won him a huge clientele.

A clientele that did not need to be 'sold' but had a list of 'needs' prepared when Isaac made his regular call.

Mr. McShane is shown above making his last sale to Miss Betty Hutt, a Winchester Press employee.

Allergy Specialists Point To School Health Hazards

Raising animals and plants in the classroom can be interesting and educational. It can also be hazardous to health.

The Ontario Medical Association reported at its annual meeting in Ottawa Monday that it has advised the Ontario government of its concern over the trend in elementary schools to have biologic and scientific exhibits in the classroom.

The recommendation arose out of representations by the O.M.A. Section on Allergy. The allergists claimed that the raising of animals, plants, fungi, flowers, and even naturally growing ragweed, in the classroom can jeopardize the health of hypersensitive children. Also, constant exposure to these potent allergents may develop sensitivities in the allergic child.

The O.M.A. also pointed out that chemical sensitivity is another major threat to the health of the allergic school child. Offending chemical agents found in the school environment include waxes and wax removers, lacquers, paints, solvents, glues and 'magic markers'.

Allergists maintain there are alternative methods of providing biologic and scientific exhibits and alternative products which do not contain offending chemicals.

Governor General To Open

National Legion Convention On May 31

Governor-General Roland Michener officially opens the Royal Canadian Legion's 23rd national convention in Ottawa on May 31. His Excellency is Grand Patron of the Legion.

Canada's most distinguished soldier, Major-General the Honourable George Pearkes, V.C., will also be in attendance. He places the wreath at the National War Memorial during the Remembrance ceremony, scheduled for the afternoon. Major-General Pearkes, Grand President of the Legion, will also take the salute at a march-past of an estimated 1,500 Legion members.

The five-day business sessions start Monday morning at the Civic Centre. Delegates will face the residue of some 500 resolutions, the heaviest volume since the late 40's. By convention time some resolutions may be combined with others, giving a smaller total.

Among the chief items on the agenda will be the progress made in the implementation of the Woods Report by the federal government. The Woods Committee was set up in 1965 to study the Pension Commission. A comprehensive report came down over two years ago. This was followed by a White Paper and the matter is still under study by a committee.

There is a growing impatience among veterans over government failure to increase war disability pensions and War Veterans Allowance rates. Legion President Robert Kohaly, on behalf of 10 national veterans' organizations, has asked the Prime Minister for an interim increase of 10 percent for disability pensioners and a 15 percent increase in WVA.

The convention will hear 15 reports, many dealing with internal organization and programs such as membership, which now stands at a record 300,000.
