THE WINCHESTER PRESS

VOL. FIFTY-THREE. WINCHESTER, ONT., THURSDAY, APRIL 18th, 1940. NO. 50

Coming Events

DATES TO REMEMBER

All local and district men are cordially invited to attend the Red Cross "Stag" Card Party and Smoker, to be held in the Town Hall, next Wednesday, April 24th. Admission 25 cents. Men, come prepared to have a good time—you will not be disappointed.

HORTICULTURAL MEETING

The officers of the Horticultural Society and members of the Flower Show Committee and any others interested are called to meet in the Public Library, Saturday, April 20th, at 7.30 p.m.

BIRTHS

At Cornwall General Hospital, on Friday, April 12th, 1940, to Mr. and Mrs. Geo. Bolton, Winchester Springs, a son.

At Winchester, on Tuesday, April 16th, 1940, to Mr. and Mrs. Albert Coughler, a son.

Celebrates Birthday.

W. P. Walker, perpetual reeve of the vilage of Cardinal, former warden of Leeds and Grenville and chairman of the finance committee of the counties council, celebrated his seventieth birthday on Sunday. Mr. Walker was born in the township of Matilda, Dundas county, but has spent the greatetr part of his life in Cardinal, where he has been repeatedly re-elected reeve.

NOTE: — SPECIAL PRICES FOR CHILDREN ON SATURDAYS
Saturday Matinees 10c; Saturday Evenings 35c, if unaccompanied by parents.

Untimely Death Of Harold Henderson

Local citizens learned with regret on Tuesday of the untimely death of a former resident of this place in the person of Mr. Harold Henderson. He died at Carleton Place, where he had resided for the past seven years, and where he was manager of Taylor Hardwares, Limited.

Deceased had reported for work on Tuesday morning and from all appearances seemed to be in his usual health. He was not seen about the premises after nine o'clock and shortly after dinner another employee of the firm discovered his lifeless body in the store room on the second floor of the building.

Dr. A. Downing, coroner, was called, and after determining the cause of death, decided that no inquest was necessary. The body was removed to the undertaking parlours of Patterson & Son.

The funeral is being held this afternoon from the home of his mother-in-law, Mrs. Hugh Young, Bristol, Que. Interment will be made at Norway Bay.

Born in Winchester 36 years ago, deceased was a son of the late Mr. and Mrs. John Henderson. He attended the local public and high schools, during which time he was active in all kinds of sports. For several years, prior to leaving Winchester, he was the local C. P. R. express driver and will be remembered by local citizens as a courteous, efficient servant.

Prior to taking up residence at Carleton Place, he learned the hardware business while in the employ of a firm at Sudbury. He had wide experience in this branch of business, and was a popular member of the business profession in Carleton Place.

As a citizen of Carleton Place, Harold was an ardent sportsman and took part in many branches of athletics. He had a wide circle of friends and his passing will be widely mourned.

Harold was married last Fall to the former Helen Young, Bristol, Que., who at the time of his death was at her parents' home following the death of her father, Hugh R. Young, former mayor of Bristol township.

Surviving in addition to his wife are one brother, Fred E. Henderson, of Ottawa, and four sisters, Mrs. Harry Flora, of Winchester; Mrs. Fred Saunders and Miss Nina Henderson, both of Toronto, and Miss Phyllis M. Henderson, Reg. N., now of Ottawa.

150 MEN WANTED!

The next "Red Cross Night" falls on Wednesday, April 24th, and this time the men are being given an opportunity to attend a party minus their wives. The event will be a "Smoker and Euchre and Bridge Tournament. It will not be a formal affair by any means, and no special invitation is needed in order to attend. It is open to any man who desires an evening's entertainment and at the same time enjoy his smokes. If you can't play cards, there will be checkers and other games for your enjoyment.

The kind of smokes the men indulge in has only one restriction—they must not bring any of those cigars that their wives gave them at Christmas time.

Here is an excellent opportunity for some of you old-timers to come out and show the younger chaps how to play cards. You know there are some of these young fellows who really think they know all the tricks when it comes to playing euchre, but we know for a fact that some of the old experts could show them plenty. How about a challenge at the town hall next Wednesday night? It would create a lot of fun.

This event is going to be strictly "stag" so men, come on down and enjoy a few good games of cards—the wife will not be there to "nag" you or to tell you to put that old pipe away—the evening is being planned for your entertainment, and of course there will be a good lunch with which to top off the evening. If you feel your growing old, forget it for this one occasion—you'll forget all about those years that are sneaking up on you when you start calling "trump," and besides the Red Cross Society needs the 25c, which is all this fine evening's entertainment will cost you. Remember the date, Wednesday, April 24th. It's a date and we'll be seeing you!

FIRE PROTECTION

In order to give the citizens of Winchester full protection that is warranted by our Fire Brigade and equipment, the full co-operation of the citizens themselves is necessary.

Last week a gas fire, most dangerous of all fires, broke out in a local service station. Minutes were lost by the operator running to notify a nearby garage, instead of calling Central, and the fire equipment arrived without adequate men to man it because they did not know of the fire.

In case of a Fire, any fire, Call the Local Telephone Central at once.

With our modern equipment we can reach any house in town in less than three minutes. We can do this only with your co-operation.

J. H. KEYES, Fire Chief.

Information On Public Health Unit

Under the new Board of Health organized by the United Counties of Stormont, Dundas and Glengarry, two nurses are being stationed in Dundas County, one at Morrisburg, Miss Marjorie A. Rutherford, who will work in Williamsburg and Matilda Townships, and the other at Winchester, Miss Ora Lefler, whose district will be Mountain and Winchester Townships.

Miss Rutherford, who has been on the staff of the Provincial Health Department for the past six years, has been working in the Alexandria district of Glengarry county in the Eastern Ontario Health Unit. She has been especially interested in the control of Tuberculosis and in infant welfare work. Previous to the establishment of the Health Unit Glengarry had one of the highest infant death rates in Ontario. Last year, the rate for Glengarry was one of the lowest in the Province—and considerably below that for Dundas.

Miss Rutherord has already taken up residence in Morrisburg.

Miss Lefler has for the past three years been stationed at Finch and was previously at Plantagenet on the staff of the Provincial Health Department. In her work, she has also achieved most satisfactory results and the Board of Health is fortunate in having these two nurses to introduce public health nursing in Dundas County. Miss Lefler will have her office in Winchester, in the rooms adjacent to Mr. Don Redmond's residence, formerly occupied by Dr. Claire Locke. Miss Lefler arrived in Winchester yesterday.

What Does the Public Health Nurse Do?

(1) She co-operates with the family doctor in supervising the care of cases of tuberculosis who are residing at home. She is particularly interested in those cases who should be receiving treatment in the Sanatorium and she calls on those who have been patients in the Sanatorium, but are now convalescing at home. The purpose of these visits is to make sure that all precautions are being taken to prevent the spread of the disease to other members of the family. She is also in charge of the organization of chest clinics at which she assists.

(2) In each nurse's district there are about 125 to 150 births each year. Many of these mothers are in need of advice in the habit training and general care of these infants. Again she co-operates with the family doctors and when she finds a baby that is in need of medical treatment, although the parents may not know it, she advises the parents to take the baby to the doctor. In many cases the doctor gives a formula to the family and the nurse sees that it is properly prepared.

(3) Maternity Service. It has been found that about half the deaths of mothers due to childbirth could have been prevented if they had received adequate medical and nursing pre-natal care. Many medical authorities believe that about half of the infant deaths and stillborns could be prevented if the mother were to receive sufficient pre-natal care. The nurses, however, do not give any supervision to an expectant mother unless she co-operates with them by visiting her doctor from time to time before her confinement.

(4) School Work. An annual inspection is made of all school children. At this inspection, the nurse tests the child's vision and his hearing, and inspecs his tonsils and teeth. If the child is in need of treatment, he is referred to his family physician or dentist as indicated.

These are the public health nurse's most important activities. From time to time, she will also have Home Nursing Classes, diphtheria toxoid, scarlet fever toxin and small pox vaccination clinics.

Any inquiries regarding any of the services offered by the public health nurse should be addressed to either Miss Rutherford at Morrisburg, Miss Lefler at Winchester, or to the office of the Board of Health in Cornwall at 104 Second Street West.

* * * *

Since commencing operation on April 1, the new Health Board for the United Counties has succeeded in completing arrangements with officials of St. Lawrence Sanatorium for tuberculin testing of all secondary school pupils within the counties.

High school and continuation school students will undergo the tests under supervision of Dr. G. W. Cragg, sanatorium superintendent. Dr. M. G. Thompson, chief medical officer of health for the counties' health board, made the announcement concerning the testing, on Tuesday, explaining that it is expected the first tests will be taken early in May at Cornwall Collegiate and Vocational School. Dr. Thompson said no fee will be charged for the tests and no charge will be made for X-rays for positive reactors. The tests will be taken at various schools throughout the counties commencing with re-opening of schools next fall following the summer vacation.

Diphtheria Clinic.

Besides arranging for tuberculosis tests, the new health board has made arrangements for the holding of a diphtheria toxoid clinic for pre-school and primary school pupils of Chesterville. The clinic will be held in Chesterville next Monday, under the supervision of Dr. Thompson and an assisting public health nurse.

Vernon Couple 50 Years Married

Mr. and Mrs. Wm. Allin, of Vernon, were at home to their many friends on Tuesday afternoon, on the occasion of their Fiftieth Wedding Anniversary. Members of their family, who celebrated the event with them, were their son, Arthur Allin, of Vernon, and their daughter, Mrs. John Hawkshaw, of Williamsburg; also Mr. Hawkshaw and children, Aulda, Thelma, Allen and Knox.

In the evening the celebrants were guests of honour at a community gathering, held in the Institute Hall. The decorations were carried out in a white and gold scheme. As Mrs. Allin entered the hall, she was presented with a bouquet of carnations by her granddaughter, Thelma Hawkshaw, of Williamsburg. During the evening community singing was held and felicitations extended to Mr. and Mrs. Allin.

The presentation of a Mantle Clock and Gasoline Iron was made on behalf of the community by Mr. John Reoch and Mrs. Charles Dempsey, while an appropriate address was read to the guests of honour by Mrs. Dan Hill.

The presentation of a Leather Club Bag was also made, on behalf of the school board, of which Mr. Allin has been a member for many years, by Mr. Wilfred Porteous. The accompanying address was read by Mr. Alvin Campbell.

Mr. and Mrs. Allin were the recipients of many other beautiful gifts by personal friends. These included a set of white and gold dishes.

During the evening felicitations were extended to the celebrants on behalf of the Presbyterian Church by Rev. Mr. Hutton, and on behalf of the Baptist Church by Rev. L. H. Vail.

Refreshments were served with Mrs. Chas. Dempsey and Mrs. Thos. Dalgleish pouring tea.

Those present registered in a beautiful guest book, which was later presented to Mr. and Mrs. Allin.

The large attendance present at the party, is evidence of the high esteem in which Mr. and Mrs. Allin are held in Vernon and district.

WILLIAMSBURG RED CROSS

Williamsburg township branch of the Red Cross sent out their third shipment of supplies. It was made up of the following articles: 18 pairs pyjamas, 24 wash cloths, 36 gauze handkerchiefs, 6 hot-water bottle covers, 156 pairs socks, 7 scarfs, 32 sleeveless sweaters, 31 pairs wristlets, 5 pairs mitts and 5 helmets.

Inspection and parcelling were done by Mrs. D. Short, Mrs. E. M. Casselman, Mrs. Adey, Mrs. R. Norval, Mrs. F. Crowder, Mrs. George Hill, Mrs. G. Wingard, Mrs A. Froats, Mrs. M. W. Locke, Mrs. J. Davis, Mrs. A. J. Casselman.

The Women's Institute

An excellent and very interesting programme, under the convenorship of Mrs. John D. Stewart, B. Sc., M. A., was enjoyed Tuesday evening by members of the W I. and friends.

Famous women were named in answer to the calling of the roll by Mrs. Stewart. Two well-rendered rounds were contributed by the High School Glee Club, under the leadership of Mr. Boothe, with Miss Mabel O'Neil as accompanist. These were: "Come Follow Me," and "Summer is Coming."

Miss Gertrude Grey, a representative of the W. I. from Toronto, spoke a few words on the co-operative programme. The winners of the James Ker Memorial Cup, Miss Gladys Shaver and Miss Doreen Gillard, both of Chesterville, were present and gave their speeches, the former on "Some Observations on Schools and School Life," the latter on "Why I Like 1940." These were greatly enjoyed.

Mrs. Kenneth Dalgleish, of Kenmore, a life-long friend of Mrs. Stewart, expressed her pleasure at being present and told of the principles of Institute work.

The President of the Mount-Hall W. I., Miss Evelyn Cheney, brought greetings in a few pleasant words.

Mr. Markle, the Principal of Chesterville High School, also spoke words of appreciation of the programme.

The Glee Club again sang "Spring is Round the Corner," "Drink to me only with thine eyes," and "Joy and Temperance."

A war contest was introduced by Mrs. Stewart, repeating a suitable, poem, after which sides were chosen by Messrs. E. J. Spinks and W. J. Stewart. The questions were given by Rev. W. S. Atchison and Mr. J. D. Stewart. At the conclusion of the interesting contest, the judges ruled a tie and the prize of a box of chocolates was divided among both teams.

The appreciation of the Institute was voiced by Mrs W. J. Cass, who extended thanks to Mrs. Stewart, convenor of programme, the entertainers of the evening and the refreshment committee.

Dainty refreshments were served by Mrs. Stewart's committee, Miss Empey, Mrs. R. Workman, Mrs. E. Merkley and Mrs. D. Nesbitt

Mrs. Chas. Annable Dies In 66th Year

Mrs. Charles Annable, well-known and highy esteemed resident of Winchester township, died suddenly at her late residence on Tuesday morning. Deceased had been in ill health for several months but her condition did not become serious until Saturday last, when her physician ordered her to bed.

The late Mrs. Annable, who was the former Catherine (Kate) Shaver, was in her 66th year and was born at Winchester, a daughter of the late Nicholas Shaver and his wife, Mary Ann Hughes. She was educated here and at Morrisburg Grammar School, Upon graduating from the Ottawa Normal School, she was a member of the local Continuation School teaching staff for fifteen years.

Thirty-one years ago she was married to Charles Annable, who predeceased her in 1926.

The late Mrs. Annable was a devoted member of the local United Church and took an active part in the work of the Women's Association and the Women's Missionary Society, of which she was a life-member.

She leaves one brother, Edward M. Shaver, Municipal Clerk, Winchester, and one sister, Mrs. Henry Irvine, of Arthur, Ont.; also two step-sons, Howard Annable, of Kingston, and Roy Annable, of Winchester, and one step-daughter, Mrs. Herbert Robinson, of Melvin Settlement.

The funeral is being held on Thursday afternoon from the family residence to Winchester United Church, where service will be conducted by the pastor, Rev. W. S. Atchison. During the service, Mr. Fred Johnston will sing, "Crossing The Bar," while the choir will be present under the direction of Mr. F. Johnson, organist.

Interment will be made at Maple Ridge Cemetery.

The pall bearers are: Messrs. George Dixon, Thomas Ralph, H. L. Hughes, Thos. Edgerton, W. J. Cass and N. W. Beach

Many beautiful floral offerings testify to the high esteem in which the late Mrs. Annable was held, by a wide circle of friends who will mourn her passing.

Counties Contribute Much To Red Cross

The United Counties of Stormont, Dundas and Glengarry have raised more than $20,000 for the Work of the Canadian Red Cross Society and are carrying on the work through at least 11 main groups, the annual statement of the Ontario branch reveals.

The amount raised in the United Counties represented its share of the $2,500,000 raised in Ontario for the war work of the society in a country-wide campaign last fall. The figure is based on the annual reports complete to December 31, 1939.

The annual statement of the Ontario division of the Red Cross presents a picture of the widespread work being carried on across the province, but does not reveal the total work done so far. The statement covers only the period from Ocober 1, 1938 to December31, 1939, and by the latter date many of the Red Cross organizations were only nicely getting into stride.

The receipts of the various organizations at December 31 were as follows: Chesterville $985; Cornwall, $10,054; Finch township, $447; Glengarry, $2,480; Iroquois, $1247.; Matilda township, $685; Morrisburg,$1,529; Mountain Twp., $800; Osnabruck township, $1,004; Williamsburg township, $450; Winchester, $1150. Total, $20,831.

Articles produced for war purposes in Ontario included (in round numbers) 77,000 socks, 6,000 sweaters, 23,400 pillow cases, 2,000 handkerchiefs, 75 bed socks, 10,000 pyjamas and 9,600 hospital gowns.

All of these are made by voluntary workers, checked for workmanship and packed for shipment and "a steady flow of cases is now enroute to England."

In the section on organization, the Ontario branch's report discloses that four weeks after the declaration of war 71 new branches had been organized and were functioning.

At the end of last year 400 branches were operating in Ontario instead of the 76 immediately before the war—an increase of more than 500 per cent. and "a wonderful tribute to the faith and confidence of the people of Ontario in the spirit of Red Cross."

FEED NEWS!

VARIETIES OF BARLEY, OATS & WHEAT

Dr. L. H. Newman, Dominion Cerealist, has kindly supplied us with a number of bulletins and leaflets giving information about the different varieties of Grain. Anyone interested is welcome to look over these bulletins.

Here are a few comments from these bulletins about the varieties of Seed Grain we have in stock:—

OATS

Alaska—"It is early maturing of high quality carrying only about 20% hull. The grain yield is somewhat lower than the best later maturing varieties, but on account of its low hull percentage the yield of kernel per acre is only slightly lower."

Cartier—"Produced at MacDonald College the result of a cross between Alaska and Early Triumph. Cartier is early maturing and practically identical with Alaska in plant characters and only differs slightly in the grain. It has yielded somewhat better than Alaska."

Erban—"A medium early ripening variety, producing grain of good size and quality. It has ability to resist leaf rust prevalent in Eastern Canada. It is highly resistant to loose smut and covered smut but is not able to resist stem rust."

Vanguard—"It is several days earlier than Banner, thinner in the hull and shorter in the straw. The grain of Vanguard is much like that of Banner. This variety is resistant to stem rust but not to leaf rust."

Banner—A well known later maturing variety.

Victory—"A medium late variety with a spreading head of white plump grain. It has good length and strength of straw and yields well."

BARLEY

O. A. C. No. 21—Regarded as a standard variety either clear or in Barley and Oats mixture.

WHEAT

Coronation—"Matures in about the same length of time as Marquis, has bearded heads with awns which are usually quite stiff and spreading and about three or four inches in length. This variety is highly resistant both to stem rust and leaf rust."

FERTILIZER

We do not intend to stock Fertilizer this year but will be pleased to take orders and bring in what is needed to supply these orders.

The following brands of C. I. L. Free Flowing Fertilizers are recommended:

Spring Grain—2-12-6 or 2-16-6 at the rate of 250 to 300 lbs. per acre, or 20% Superphosphate at 375 lbs. per acre.

Potatoes—4-8-10 at 800 to 1000 lbs. per acre.

Mangels—2-12-16 or 4-8-10 at 500 to 600 lbs. per acre.

Corn—2-16-6 at 375 lbs. per acre with manure.

Vegetables—4-8-10 at the rate of 1000 lbs. per acre.

Small Fruits—4-8-10 at 500 to 750 lbs. per acre.

Fruit Trees—1 to 2 lbs. 9-5-7 or 4-8-10 per tree for each inch of diameter of tree trunk.

Order at least 10 days before delivery is needed.

STABLE-PHOS

Try 2 or 3 bags of "Stable-Phos" in the stable now and mark the place in the field where the Super Manure is applied. Do this just as an experiment and see the difference.

"Stable-Phos" is $1.95 for a 125 lb. bag. Use about 1 lb. per animal per day.

SEED CORN

Our Seed Corn is coming from the same place as last year. We bought from the same firm again because the reports on last year's seed were so good.

We will have all the regular varieties of Flints and Dents and a small quantity of the new Hybrid corn.

Prices are reasonable. Call now and book an order while there is a full range of varieties to choose from.

We invite inquiry and answer questions cheerfully. Write or Phone 21.

THURSDAY, APRIL 18th, 1940

A MORE BEAUTIFUL CANADA

The old saying that a home is not a home until it is planted is true to-day as ever. Every unplanted home in Canada can be made more attractive by the judicious use of trees, shrubs, vines, flowers and a well-kept lawn.

We are influenced by our surroundings to a greater degree than we sometimes realize. Children are particularly sensitive in this regard. Surely a home in and around which flowers are grown is a better place to bring up children than a home where no attention is paid to these friends of the plant kingdom. If children are taught to love flowers and become familiar with them they will be filled with love for these things and there will be less room in their hearts and minds for the things that hurt and destroy.

Canada is a land of rare natural beauty from the Bras d' Or Lakes in Cape Breton Island to the Mountain Ranges of the Pacific Coast. Nature has endowed this country with the most beautiful and the greatest variety of natural scenic grandeur to be found anywhere in the universe, mountains, lakes, streams, forests, plains, waterfalls, all are to be found in great abundance. The things which are unsightly and unlovely are made by man and it would seem that the least we can do is to make these man-made places sufficiently attractive that they will, in some measure at least, be in keeping with the great natural beauty to be found throughout this great Dominion.

There are many good reasons why every householder, rural or urban, should do his or her part toward making the home surroundings more attractive. In the first place, the money spent for nursery stock or other planting material is a good investment and will increase the value of a home to a much greater extent than the amount spent for planting material. Further, in the full and satisfactory life there must be found time for both mental and physical relaxation and where can one find a more satisfactory place to get away from war-time stress and strain than among the flowers of the garden.

Another reason for putting forth a special effort in home beautification work just now is to make Canada more attractive to tourists. The tourist trade from the United States is very important to Canada at the present time and anything that can be done to help increase it will be a benefit to the Dominion as a whole.

We frequently meet with the objection that gardens and flowers cost too much or that they take too much time. The truth is that it is not so much a matter of time or money as it is of desire and disposition. If we are disposed to have garden and flowers and attractive home surroundings, we will have them no matter how busy we may be. Your nearest Experimental Farm or Agricultural College will gladly give you information regarding suitable varieties of planting material for the district in which you live. The investment that you make of time and money in this connection will pay great dividends in satisfaction and if you make your home more attractive you have helped to improve the town or community in which you live. If you help to make your home town or community more beautiful you have helped to make a more beautiful Canada.

CANADIAN LIFE SPAN INCREASED

Life span of the average Canadian has been increased in the last 100 years from 30 to 60 years, Dr. Gordon Bates, General Director of the Health League of Canada, claimed in a recent address given in Toronto. He outlined a glowing future for preventive medicine. Although it is still a new field, men like Pasteur and Lister made such strides in checking the spread of disease that the mortality rate has been greatly decreased, he said.

The idea of prevention is coming to the fore as its possibilities are made known, Dr. Bates declared. "It is becoming realized more and more that any incipient disease neglected may result in serious disease, and while the doctor formerly thought that when he treated disease after it occurred his duty was ended, he is beginning to interpret his duties in a new way."

The ancient Chinese paid their doctors only when they were well, and Dr. Bates suggested that Canadians might well adopt the same principle.

What would state medicine mean to citizens? Would there be too many doctors, and how would they be paid? These are questions that are perplexing the medical practice and the layman today. But medical practice must change—illness is an expensive luxury, costing Canada one billion dollars annually. Dr. Bates suggested a re-organization along preventive lines, with health departments receiving more than their present grant of seven million annually.

Canada's present system of medical practice, he stated, follows the Robin Hood method, with the poor being given treatment by excellent physicians, only at the cost of their self-respect. The rich pay well for good service, but the middle classes are in the most unfortunate position of all, being expected to pay although they really cannot afford to do so. In England thirty years ago medical care was made readily available to everyone through the institution of Health Insurance. Under this system a large group of the population contributed to a general fund from which the doctor was paid a definite amount per patient per year, whether his patient was well or sick.

There are not too many physicians in Canada, declared Dr. Bates. According to the findings of the Canadian National Committee for Mental Hygiene, Canada needs 15,000 doctors, 5,000 more than the present number. Whatever trend medicine may take, the essential quality for greatness remains unchanged—a doctor must still be prepared to give all that is in him toward the physical and mental betterment of his fellowmen, Dr. Bates said.

WILL MINE COAL IN ONTARIO

The dream of a number of hardy Northern Ontario prospectors is about to come true. Coal is to be mined in that unpredictable section of the province. Years ago when the announcement was made that coal had been discovered in Northern Ontario, it was received with a good deal of scepticism. Some experts said, "The stuff will burn all right, but it won't give out much heat."

Now Premier Mitchell Hepburn states that development will be pushed on the 100-million-ton lignite bed with all possible speed. With W. G. Nixon, M.P.P. for Temiskaming, as Industrial Commissioner, machines will be leased to strip off the outcropping and work will continue until 6,000,000 tons have been blocked out. The Government hopes to use the lignite, without processing, chiefly in industrial plants in Northern Ontario and on the T. and N. O. Railway.

EDITORIAL NOTES

Germany claims that its invasion of Norway is to protect that country from the Allies. But it looks more like a desire on the part of the Nazis to turn the Norse into Nortzis.

The Allies expected Hitler to make some big move when Spring arrived, and from what has been taking place up around Norway during the past few days, Spring is surely here—although the local weatherman seems a bit dubious about it.

In a notice appearing elsewhere in this issue, Fire Chief Harold Keyes gives some good advice to local citizens, when he instructs them how to turn in a fire alarm. He emphasizes the point that the first alarm should be given to the local telephone operator, who in turn will transmit it to members of the Fire Brigade.

The first Bren Gun has been manufactured at the John Inglis Company plant in Toronto. The company is five months ahead of schedule, but it will be some time yet before mass production gets under way. There are 161 machined parts to the Bren Gun, all as delicately precisioned as the mechanism of a watch.

Civilizations don't decay because they grow old but because they become militarized. In the long history of evolution, formidableness and violence always failed. It wasn't the giant reptiles invulnerable in armor-plated self-sufficiency, that survived. It was the meek puny little mammal.—Scribner's Commentator Magazine.

It isn't the number of square miles in a town that makes it what it is, it's the number of square shooters in it. It is the citizens that make a town. It's prominence and a good name are controlled by the measure of co-operation and public spirit of its business men and leaders. The only way a town can be kept on the map is by the action of those who dwell in it. If they do not boost their town, no one else will.

All dictatorships are born in the dark. They survive for a time in the shadows. They invariably die in the light. The one thing tyranny cannot stand is publicity. It must gag the press, stop free expression, silence the pulpit, censor the radio, control the movies, propagandize the public with half-truths—which is the shadiest way of lying there is. The real bulwark of democracy is not the ballot box but the honest newspaper.

High and Public school principals all over the province might very well take a tip from their college professors in the matter of giving their scholars all the chances there are to eliminate nervousness, says the Amherstburg Echo. When one listens to public speaking in college he notices that each speaker places his notes on an elevated inclining stand where they are easily referred to if the speaker misses a point. This kind of a stand could easily be arranged, and certainly help the student speaker, no matter where he is appearing on a platform.

Gananoque Council passed the following motion at a recent meeting: "That all owners be notified when property has been condemned by police, and fire and light committtees, as unsafe, fire hazards, or homes unfit for habitation, that buildings named be repaired or made safe or be torn down not later than May 15." Apparently the Council is borrowing some trouble for itself as the members may find if they try to enforce it. The object is worthy, we agree, but sometimes circumstances alter cases, says the Carleton Place Canadian. If the local council ever adopted such a motion, we're afraid there would be a good many homes condemned.

Ottawa announces that the government hopes to cut Canada's relief bill in half during the present fiscal year—or from $26,000,000 to $13,000,000. The provinces would share in this apparent saving, as relief payments have been placed on the same basis as last year, 40 per cent by the Dominion, 40 per cent. by the provinces, and 20 per cent. by the municipalities. The only fly in the ointment is that the Dominion will set a limit this year on the amount of money to be contributed for relief. In the event that the figure fixed by the Dominion falls short of the requirements of the provinces, the deficiency would have to be made up by the provinces and the municipalities.

"The Voice of the Press"

THAT "INK-KUM" TAX

(Trenton Courier-Advocate)

Ond now comes the time of year when all good men and true will sit down and figure out their "ink-kum" tax. We coin the word "ink-kum" because of the ink we waste and the time we lose making up papers which remind us that we get less out of this business than one of the employees. And still have all the worry.

THE EDUCATED MAN

(Chatham News)

An educated man is not a person whose head is filled with all the knowledge he requires in order to be a success in life; because no one head could hold all the knowledge it is necessary to have at one's command in order to get through this world creditably.

Education teaches men to think clearly; but most of it teaches them where and how to look when they wish to discover knowledge which they do not possess.

CAN'T TAKE IT!

(Collingwood Enterprise-Bulletin)

While up in this neck of the woods the election of March 26th has been written into history and all are back to routine down in Toronto, the Telegram continues to do its best to extract sunshine out of the cucumber. It sees a great victory for its political friend, Dr. Manion, and itself in the fact that the Liberals got but forty-one per cent. of the soldiers' vote and the Conservatives, under the temporarily assumed name of National Government, fifty per cent. Incidentally not one seat was changed. But why not do something more than mere fiddling with bygones?

CHURCH BELLS FOR SHELLS

(Leamington Post & News)

Bells that rang out to call people in Germany to church for Easter will soon be ringing out a song of hate. Instead of the message of hope, the bells will be shells, screaming messages of hate through the air.

All bronze church bells are to be taken from the steeples and melted down for guns and munitions. Even copper roofs on churches and other buildings are to be registered so that the Nazis can strip them and make them into munitions.

Apart from the sacrilege, there is the thought that the Reich must be short of materials, when the Nazis are using the church bells already.

ADVICE FOR CONSERVATIVES

(Almonte Gazette)

An Ottawa Valley contemporary feels that the Conservatives should not be hasty about getting rid of Dr. Manion as their leader. It points to the late Sir Robert Borden as a man who made the grade after he had been defeated in his constituency of Halifax. At that time a seat was found for Sir Robert Borden in Carleton. But it should not be forgotten that one seat was already found for Dr. Manion in London and for the second time he has failed in his home riding of Fort William. We understand that Dr. Manion told his followers after the election that he had no desire to continue in the leadership.

COMPULSORY

(Kincardine News)

In Australia, compulsory voting, which became law about 12 years ago, is still going strong, like Johnny Walker. Compulsory voting applies only to the two houses of the federal parliament, the senate and the house of representatives and the lower house of the state parliament in Canberra. All over 21 years of age are compelled to vote for these, but for the upper house of the state parliament, the legislative council, voting is not compulsory. To be eligible to vote for members of the house, persons must be more than 21 years of age and have special literary and property qualifications.

PUTTING IT BLUNTLY!

(Carleton Place Canadian)

Some United States newspapers are going to almost ridiculous lengths through labored editorials in their effort to convince the American public that they have no responsibility in the present war. One Detroit newspaper coming to our desk says: "The first and foremost desire of the American people is to keep out of the war. But if they must have war, they want to be sure of winning it with a minimum of loss of time, money and life." If this order was reversed many Canadians would have a much higher opinion of some of the American press. Really it should read: "life, money and time."

COMMON SENSE!

(Smiths Falls Record-News)

The flowers that bloom in the spring, tra-la, have nothing to do with the case. But the fly-by-night advertising salesmen who swarm with the warmer weather have. Lots. With their glorious publicity schemes, all of which sound good but which seem to fail to do the trick, these salesmen mulct the merchants of the town for many hard-earned dollars. The effect is to dry up the well-springs for such publicity ventures as might do what is needed,stimulate the business of the town. Smiths Falls merchants would be well advised to refuse to support or to subscribe to these fly-by-night publicity ventures unless the scheme has the endorsation of the provincial travel bureau or, at least, of the Advertising Committee of the local Chamber of Commerce.

DETROIT INDIGNANT

(Perth Courier)

A couple of motion pictures, one starring Clark Gable and Joan Crawford, and the other featuring Ginger Rogers, have been banned from exhibit in Detroit. In both cases, it was held that undesirable characters were portrayed, that the dialogue was objectionable and the general subject matter "obscene and indecent." It is the first time in many years that any picture has been completely censored in Detroit, and these two must have been very much on the putrid side to involve such banning.

SAFE DRIVERS

(Brockville Recorder & Times)

One of the mutual insurance companies has adopted a new schedule of automobile insurance rates for public liability and property damage. These are based generally on the exposure of the car to accident and record of the driver rather than the size of the car. The main factors considered in formulating the rates are the mileage the car is driven, the number of drivers who will be in charge of the car, their ages, driving experience and claims record. The company believes that this method of computation is sounder than basing the rate on the size or horsepower of a car and if it spreads, it will be appreciated by many drivers with excellent records who are, nevertheless, obliged to pay just as high insurance as the drivers with extended claims records.

THE POET'S CORNER

A HAPPY DAY

A little work to keep us strong;
A little joy to keep us gay;
A little love to sweeten life—
All this can make a perfect day.

A little kindness on the road,
To keep us warm when days are sad;
A smiling glance, an outstretched hand,
To comfort us and make us glad.

It takes so little, all in all,
To make us happy, day by day;
To give the world our little best,
And see the world our best repay.

LIFE OF AN EDITOR

An editor knocked at the Pearly Gate
His face was scarred and old.
He stood before the man of Fate
For admission to the fold.

"What have you done," St. Peter asked,
To gain admission here?"
"I've been an editor, sir," he said,
"For many and many a year."

The Pearly Gates swung open wide.
St. Peter touched the bell,
"Come in," he said, "and choose your harp,
You've had your share of Hell."

—Montreal Gazette.

"A PRAYER IN TIME OF WAR"

Dear Father, bless our country,
Be with us all in fear,
And bless us individually
Upon this time of year.

O Father, bless our loved ones,
We pray they ne'er depart,
Unless, it be Thy will, O Lord,
Then mend each broken heart.

Dear Father, comfort every one,
And draw us near to Thee,
For Thou has power over all—
Of land and rolling sea.

And so we turn our thoughts to Thee
For help and guidance too,
Bring peace upon our country, Lord,
And see us safely through.

—Helen MacGillivray.

SIGNS OF SPRING

When in the west the sunset dyes the sky,
And soft the vagrant winds that wander by;
When in the air is felt a pulsing life
An aftermath of winter's storm and strife,
When evergreens take on a livelier hue,
Then Spring has come to bless the earth anew.

When in the early morn a robin sings
And in the air a flash of blue-bird's wings;
When a deep blush adorns the maple tree,
When sings the streamlet from its fetters free,
When all the air a subtle fragrance fills—
Then Spring is coming o'er the distant hills.

When in the wildwood pushing through the mould,
The adder-tongue shows petals of pure gold;
When every sign gives out the cheering word
That Nature's heart to light and life is stirred;
When all the old-time glamor spreads anew—
I know that Spring has come, my heart to you.

—Helen B. Anderson.

The secret of energy is to keep the mind at rest, even in the multitude of life's activities.

Our Column

A man is not justified in taking an eye-opener because he is blindly in love.

The more points at which you touch humanity the more friends you have; the greater influence.

Advice is like snow, the softer it falls the longer it dwells upon and the deeper it sinks into the mind.

Catgut is made from the intestines of sheep but not from the intestines of cats, as is generally supposed.

In Libya, Gailo, women trail their black capes behind them to erase their footsteps so that the devil shall not follow and tempt them.

A Montreal clergyman declares that a newspaper man is either a saint or a cynic. And some, alas are hard-boiled sinners.—Brockville Recorder and Times

Patronize the merchants who advertise. It's a safe bet you will find the same progressive spirit in their methods, and an up-to-date assortment in their stock.

Goering warns of a German 'blitzkrieg' in the West—but he doesn't say when. There is a grim ring to the French retort: "We are ready for just such a possibility."—Buffalo Courier-Express.

IN LIGHTER VEIN

School Superintendent: Mrs. Jones, we punished our son because he was wilful and unruly in the classroom.

Mrs. Jones: I won't have it. He is a delicate child and not used to harsh means. At home we never hit him except in self-defense.

* * * *

A Bishop was accosted in a railway carriage by a reveller, who said: "You think you know everything, but I'll tell you two things you don't know."

"Very likely," said the Bishop. "What are they?"

"I'm your cook's husband and I'm wearing your shirt."

* * * *

The worried-looking woman approached the shopwalker. "I was to have met my husband here two hours ago," she said.

"Possibly, madam," replied the shopwalker. "Anything distinctive about him?"

"Yes; I imagine he's purple by this time."

* * * *

At a dinner recently a man sitting next to a lady was, to say the least, inebriated. He leered at her and commented: "Shay, you're the ugliest woman I've ever seen!"

Angrily the lady retorted: "And you're the drunkest man I've ever seen."

"I know, madam," replied the tipsy one, "but I'll get over that in the morning."

An ice-cold "Coca-Cola" is a thing by itself—the familiar bottle of goodness that represents four generations of experience in refreshing millions. Its clean, tingling taste brings a delightful after-sense of real refreshment.

Mrs. Allen VanAllen entertained a number of ladies at a quilting bee, at her home on Friday afternoon.

Mrs. Harry Williams spent the week-end with Miss Mabel Marquette.

The Mountain United Church W. M. S. held a sewing and quilting bee recently in the I. O. O. F. Hall, with 35 women present. Two quilts were quilted, and garments for children were made, including 3 layettes. The gentlemen joined the ladies at the tea hour, and supper was served to 50 persons, the proceeds going to the Supply Work.

The Red Cross members held a sewing bee and afternoon tea in the I.O.O.F. Hall on Wednesday afternoon. During the afternoon, 2 quilt tops were pieced, and other garments made.

Mrs. M. Wood returned home from Rochester, N. Y., after spending the winter with her son, Mr. and Mrs. Wm. Wood

An impressive service was held in United Church, Mountain, on Sunday morning, when 5 members joined the church by card, and four young people on profession of faith. At the close of the church service, Rev. W. R. Johnston received Mr. Robert Bryan into the Eldership of the church, after which Holy Communion was administered.

Mrs. C. W. VanAllen and Miss Claire spent Wednesday afternoon with Mrs. J. Dougall, of Hallville.

The Y. P. U. held their Christian Culture Meeting in the United Church on Monday evening, with the convenor, Mrs. Lawrence Cameron, presiding. Mesdames D. W. Cameron and Arnold Richardson, sang: "Unto the Hills," and Rev. W. R. Johnston gave a talk on the hymn, telling of its origin and meaning. They also rendered a vocal duet, "Rock of Ages," and Mrs. Allen VanAllen gave the story of that hymn. Miss Elizabeth Johnston presided over the business meeting. Rev. W. R. Johnston closed with prayer.

Banquet Held.

The Mountain United Church Choir held a Banquet Supper. A toast was proposed to the King by Rev. Mr. Johnston, and "God Save the King" was sung. Mr. Allen VanAllen proposed a toast to the Church, and was responded to by Rev. W. R. Johnston. The male quartette composed of Messrs. Stanley Wallace, John Milne, Allen and Clair VanAllen, rendered: "Come Holy Spirit, Come." Mrs. E. Wright proposed a toast to the organist and choir, and Miss Evelyn Cheney and Mrs. Harold Simms responded.

Miss Eileen Cheney sang a vocal solo, "The Little Dutch Garden." Mr. Kenneth Cameron proposed a toast to the visitors and was responed to by Mrs. John Milne. Mrs. Arnold Richardson and Miss Violet VanAllen rendered a vocal duet, "Down By The Old Mill Stream." Mr. C. W. VanAllen thanked Mrs. D. W. Cameron and the losing side, for entertaining the winners so royally. Mr. C. W. VanAllen added greatly to the evening's entertainment by showing his moving pictures, which included a film of the Sinking of the Graf Spee, and the Visit of our Beloved King and Queen, visiting Canada and the United States. The evening closed by singing "O Canada."

VANCAMP

The Ladies' Association met at the home of Mrs. Daniel Shaver on Thursday afternoon.

Mrs. Garfield McIntosh returned to her home Sunday from Ottawa. After leaving the Civic Hospital, Mrs. McIntosh spent some time convalescing at the home of Mr. and Mrs. Leroy Strader, Ottawa.

Mr. Reginald Strader, of Ottawa, spent the week-end with Mr. Mahlon McIntosh.

Mrs. R. Allison spent Tuesday at Cornwall.

Mrs. Joe Davidson spent a few days with her father at Dundela.

Mr. and Mrs. Ernest Marcellus spent Saturday with Mr. and Mrs. Jay Bailey.

Rev. and Mrs. Cockram, of Ottawa, took tea with Mr. and Mrs. Thos. Cunningham

Mr. and Mrs. Jay Bailey spent Sunday with friends at Iroquois.

Rev. and Mrs. Cockram were entertained to tea recently at the home of Mr. and Mrs. L. McIntosh.

Mr and Mrs. Dalton Robinson spent the week-end with the latter's parents a Williamsburg.

Mrs. Orren Casselman returned to her home from Ottawa on Friday, after spending some time nursing Mrs. Garfield McIntosh.

Miss Linda Whittaker, of Williamsburg, spent a few days with Mr. and Mrs. Dalton Robinson.

U. S. MAGAZINES ARE UNDER BAN

The National Revenue Department announced on Friday that three United States publications have been prohibited importation into Canada under a section of the customs tariff dealing with immoral and indecent literature. They are "Amazing Detective Cases," "Strange Stories" and "Strength and Health."

LICENSE COLORS

Province identifications by names are so small on most of the 1940 license plates that people will have to recognize the color scheme of the license plates if they want to know the home stamping grounds of the cars they see on the highways this summer when the touring season gets under way. Here is a list of the 1940 license plate color schemes in Canada: Alberta, orange on black; British Columbia, yellow on black; Manitoba, white on apple green; New Brunswick, yellow on green; Nova Scotia, white on black; Ontario, black on yellow; P. E. I., white on black; Quebec, white on black; Saskatchewan, red on white.

Sheet Metal

Work Done Promptly!

We have the largest and best equipped plant in the three United Counties for manufacturing Sheet Metal Products—Water Tanks, Vats—in fact anything you may require in the Sheet Metal line. Give us a chance on your next Sheet Metal Job.

Our plant is also equipped to refinish Stoves, Washers, Refrigerators and other metal surfaces. We use the High-Bake Synthetic Enamel Process. Brighten up your kitchen by having the metal furnishings refinished.

METCALFE

Mr. Jas. Wallace has returned after spending the winter in Ottawa.

Mrs. J. C. Byers spent the week-end with her daughter, Miss Mary Byers, of Cornwall.

Mr. Ernest Whiteside returned home this week after spending several months in Trenton, Ont.

Miss Phyllis Rolston attended the dance at Kemptville Agricultural School on Friday evening.

Mrs. E. H. Rolston attended the Diocesan Board W. A. annual meeting held in Ottawa on Tuesday, and was a guest at the reception held at Bishop's Court, following the afternoon meeting.

The closing "Bridge" of the season was held on Monday evening at the home of Mrs. M. Mulvey, with the prize going to Mrs. Calvin Morrow. An interestnig item of the evening was a report given by Mrs. Lloyd Graham, showing that the money donated at each meeting of the Club, amounted to over $17.00, which is to be forwarded to Red Cross headquarters. Light refreshments were served by the hostess, assisted by Miss Gladys Rowan.

Mission Band Meeting.

The Mission Band of Metcalfe United Church held its April meeting at the home of Mrs. K. W. Stuart, with the president, Harriet Eastman. in charge. and Grace Woods as secretary. Financial report for the month was given by Hazel Graham, showing $8.02 in the treasury. The Scripture lesson was read by Lois Whiteside, and Isabel Blair gave a short story from the Study Book. An interesting talk on "Shera of the Punjab" was given by the leader, Mrs. C. E. L. Morrow. Light refreshments were served by the hostess at the close of the meeting.

C. G. I. T. Group Entertains

The C. G. I. T. group of the United Church here entertained the members of the Women's Association, Women's Missionary Society and the Mission Band, at their regular meeting held on Saturday afternoon in the church. The president, Hazel Graham, was in the chair and welcomed the visitors. Joyce Noble was secretary.

After a brief business period, the worship service, following the topic "The Kingdom of Your Thoughts," was conducted by the president, assisted by Harriet Eastman. Rev. H. A. Bunt also spoke briefly on what the four letters "C. G. I. T." might and should stand for in the life of every girl.

A solo "Just as the Stars are Shining" was sung gy Isabel Blair, and Musical Numbers were given by Vivien Craig, Grace and Elizabeth Woods. The program closed with a short play "Along an Indian Road," with the girls in native costume, as the final chapter of the Study Book on India for this year. At the close. tea was served in the Sunday School Room by the girls, under the direction of their leaders, Mrs. J. H. Caskey and Mrs. H. A. Bunt.

W I. Meeting.

"Agriculture and Canadian Industries" was the topic of the April meeting of the local branch of the Women's Institute, held at the home of Mrs. Lottie Dow.

The president, Mrs. Roy McKeown, was in the chair, with Mrs. Jas. D. Cameron acting as Secretary. Roll call was "Something which money cannot buy."

During the business period it was decided to send two girls to the three-day Conference being held this month at Kemptville Agricultural School.

Mrs. J. C. Byers and Miss Fannie Stanley were appointed to represent Metcalfe at a meeting of the Horticultural Society held in Kenmore. Mrs. Geo. E . Morris reported on the Home Beautification plan for the county for the coming year.

The motto for the month, "Buy 'Made in Canada' Goods," was taken by Mrs. Robert McKeown and a paper on Canadian Industries" was given by Miss Lovina Boyd. "Hobbies for Girls" was the title of another interesting paper by Miss Jean Stanley, and a humorous reading was contributed by Mrs. G. E. Morris. In a plant naming contest, presented by Mrs. F. R. Stanley, the prize went to Mrs. H. A. Bunt.

Announcement was made at the close that the Drama Festival, postponed because of bad weather and impassable roads, would be held on April 29.

Annual Patrons' Meeting.

The annual meeting of the patrons of of Metcalfe Cheese Factory was held during the week and arrangements made for beginning operations for the present season, at once.

Mr. J. A. Waddell presided over the meeting with C. O. Dow as Secretary.

A report of last year's activities was given and the cheesemaker, Mr. R. R. Scharf, was congratulated on his successful work, and a summary of the past five years of the factory was covered in a brief address by the cheese buyer and instructor, Mr. Jas. Sanderson.

The report for 1939, included the following items: Milk delivered, 1,500,276 lbs.; cheese manufactured and sold, 130,096 lbs.; total cash received, $15,728.52; Government bonus received, $838.27; average test, 3.3.

Appointments for this season were, Salesman, J. E. Craig; directors, A. Conlin, M. Whiteside, H. McKendry; secretary-treasurer, Mrs. W. J. W. Woods; Auditors, J. A. Waddell, C. O. Dow; Representative to Cheese Patrons' Association, J. A. Waddell.

Auction Sale of Seed Grain

An Auction Sale of Registered and Commercial Seed Grain is to be held in the Drill Hall, Metcalfe, on Friday, April 26th, at 2 p.m., under the auspices of the Metcalfe Agricultural Society, co-operating with Carleton County Crop Improvement Association. The grain offered will include Alaska, Cartier and Victory Oats; Coronation Wheat, O.A.C. No. 21 Barley and Velvet Barley, and a feature of the sale will be 10-bushel lots of new rust-resistant varieties of Oats, such as Erban and Vanguard.

HYNDMANS

Miss Freda Grant spent the week-end with Miss Shirley Grant.

Mr. and Mrs. Melvin Desjardin and June visited Mrs. Laural Beach on Friday evening.

Some from here took in the Euchre party on Tuesday evening at Heckston.

Mr. and Mrs. Ray Grant, Miss Winona Francis, Mr. Garnet Halpenny and Mr. Henry Hess spent Saturday evening with Mr. and Mrs. Gordon Francis.

Some from here took in the Auction Sale of Mr. Andrew Brown on Wednesday afternoon.

Mrs. Robt. Grant, Mrs. Allan Grant, Mrs. Bert Lattimore and Mrs. Ray Grant spent Thursday with Mrs. Arlow Beggs of Silver City.

Miss Winona Francis and Mr. G. Halpenny visited Mr. and Mrs. Herbert Robinson on Sunday afternoon.

PLEASANT VALLEY

Mr. Alex Millar, of Cardinal, spent Sunday with friends here.

Mr. Stanley Fawcett has secured a position on the construction work of the railway at Brockville. He has been working for Mr. Sam H. Hamilton through the winter months.

The young people held their regular meeting on Friday evening at the home of Mr. and Mrs. Ambrose Gilmer.

Mrs. Sam R. Hamilton and Enid took tea on Thursday evening with Mr. and Mrs. Lee Kennedy.

Mr. Robert Corker called on Mr. Sam R. Hamilton on Saturday afternoon.

Mrs. David F. Gilmer, Joyce and Ross, spent Tuesday afternoon with Mrs. Thos. Gilmer.

Mrs M. Francis spent Friday of last week with her mother, Mrs. Hannah Hamilton.

Mrs. Wesley Kirker spent Friday afternoon with Mrs. David Gilmer.

Mr. Garnet Kirker is helping Mr. Jas. Gilmer with his taping in the sugar bush.

Sunday guests of Mr. and Mrs. Thos. Gilmer were Messrs. Clarence and Lloyd Gilmer, of Ottawa; Miss Lilah Bell of Prescott, and Mrs. Lattimore, of Kemptville.

SILVER CITY

Miss Ellen Stewart and Miss Lilah Beggs visited Miss Marguerite Crowder on Sunday.

Visitors at the home of Mr. and Mrs. Arlow Beggs on Sunday were, Mr. and Mrs. Arthur Farrell, Marion and Glenn. of South Mountain, and Mr. Edwin Jackson, of Heckston.

Miss Norma Dyer, of Heckston, spent the week-end with Mr. and Mrs. Ray Francis.

Mr. Samuel Grant, of Hyndmans, spent Thursday with Mr. and Mrs. Edmond Francis.

Mr. and Mrs. Thomas Humphreys, of Miller's Corners, visited their daughter, Mrs. Ralph Dillabough, on Wednesday.

Miss Marguerite Crowder, of Prescott, spent the week-end with her parents, Mr. and Mrs. Lytelle Crowder, of this place.

Mrs. Arlow Beggs entertained some of her friends and neighbors to a quilting bee this week.

Mr. and Mrs. Ray Francis motored to Brockville on Tuesday evening.

Mr. and Mrs. Wm. Beggs, of Kemptville, had tea on Thursday evening with Mr. and Mrs. Arlow Beggs.

Mr. Lytelle Crowder spent Saturday afternoon in Kemptville.

GRENVILLE-DUNDAS M. P. WILL MEET COUSIN FROM ALBERTA IN NEXT PARLIAMENT FOR FIRST TIME—BUT ON OPPOSITE SIDES OF THE HOUSE

A. C. Casselman, K. C., of Prescott. member-elect of Parliament for Grenville-Dundas, will meet a distant cousin he has never seen, Alderman Fred C. Casselman, K. C., of Edmonton, in the next session at Ottawa, but they will face each other across the floor of the House.

For Mr. Casselman of the Fort Town is a Conservative stalwart, and a possible choice as next leader of his party, while Mr. Casselman, of Alberta's capital city is a Liberal of long standing.

Fred C. Casselman was elected Liberal M. P. for Edmonton East at the recent federal election with a large majority over Orvis Kennedy, New Democracy candidate who won the seat in 1935 as a Social Crediter. Mr. Casselman is an alderman of Edmonton since 1938, and a former public school trustee of that city for nine years. Arza C. Casselman was elected as a National Government M. P. for this riding over the Liberal standard- bearer, Dr. W. J. Taugher, of town.

The members of parliament by name of Casselman, although on opposite sides of the political fence, have two other points in common besides family connections, both are lawyers and both are opponents of the Social Credit theory of monetary reform.

TO MAKE MAPLE SYRUP

The return of the maple syrup season recalls some interesting statistics about this great Canadian spring favorite. It requires 40 gallons of sweet sap boiled in evaporators to a temperature of 219 1-2 degrees Fahrenheit to make one gallon of pure maple syrup; which in turn forms ten pounds of maple sugar if the boiling is continued to a temperature of 340 degrees.

Mistress: Mandy, I found my new silk slip in your closet.

Mandy: And you thought you'd lost it. Imagine that.

Beauty for YOU

The Secrets of Good Looks by Barbara Lynn.

SPRINGTIME BEAUTY

Now is the time to freshen up your skin, for the wintry weather and stuffy, overheated homes have undoubtedly left their mark on your face, despite all your care.

Do some limbering-up exercises daily. Besides making your body more supple, exercises will help your circulation. Then pay attention to the normal function of your body. "An apple a day" is good, but I add "onions twice a week." Eat spinach and fresh green vegetables. And this is important—several mornings a week take a dash of Klovah health salts in a glass of water on arising.

That's looking after the "inner woman," for you cannot look healthy if your system is misbehaving.

Now for the exterior. The face and neck should be creamed daily with Three-Purpose cream, a lovely cream that cleanses thoroughly, then acts as a foundation base for powder, and can be used at bedtime as a massage cream.

Of course you must keep your skin immaculately clean. The best way to ensure this is to wash regularly with warm water and palmolive soap. Rinse with cold water—as cold as you can stand it.

Have a face mask once a week. Take two tablespoons of cooked oatmeal, four tablespoons of glycerine and two tablespoons of rose water. Mix to a thin paste and apply to the face and neck evenly with an up and out stroke. Allow to harden. When thoroughly dry, rinse off with lukewarm water.

Send four one-cent stamps for my informative booklet on Beauty Care, and ask about your personal problems, too. Address: Miss Barbara Lynn, Box 75, Station B. ,Montreal, Que.

OBITUARY

LATE WESLEY HARPER

The late Wesley Harper was born in Chesterville in 1858, a son of the late Barney Harper and his wife, Ellen Rice. He was a farmer and spent most of his life in the district surrounding Chesterville. Sixty years ago last December he married Miss Nellie Swerdfeger, of Chesterville. Two months ago they moved to Hainsville to reside with their eldest son, Isaiah. Mr. Harper had been in failing health for some time but was only confined to his bed for two weeks. He passed peacefully away on Tuesday morning, April 9th.

The funeral service was conducted in Hainsville United church by the pastor, Rev. Mr. Lacey, on Thursday afternoon at two o'clock. The remains were placed in the vault at Dixons Corners to await burial in the family plot at Maple Ridge Cemetery.

He is survived by his wife and six children, a daughter, Mrs. Lloyd Robinson, of Haddo, and five sons, Isaiah of Hainville, with whom he resided; D'Arcy of Hainsville, Arthur of Cardinal, Allen of Iroquois and Norman of Chesterville; also one sister, Mrs. Mary Laddie, of Chesterville, and seven brothers, George of Chesterville, William of Winchester. Zern of Toys Hill, Dock of South Mountain, Jess of Matilda, Robert of Cardinal, and Charles of Western Canada. Two children predeceased him, Melvin, in March , 1938, and a daughter, (Florence) Mrs. Herman Lewis, of Elma, last May.

The beautiful floral tributes and the crowded church testified to the high esteem in which the deceased was held.

"I was saying he was just 'a friend' of the Family

THEN the Little Minx called LONG DISTANCE

. . . and told me they were engaged to be married!" Yes, Long Distance is the answer to a maiden's prayer . . . when she gets her man! In fact it meets every situation in life when you *must* and *can ignore* distance, for a real ear-to-ear talk. After 7 p.m. (and *all day Sunday)* rates are lower as every 'little minx' knows!

THE BELL TELEPHONE COMPANY OF CANADA — LOCAL LONG DISTANCE TELEPHONE
1880 1940
60 YEARS OF PUBLIC SERVICE

Madam— SEE HOW LITTLE IT COSTS TO LET ELECTRIC SERVANTS DO THE WORK!

TODAY: 7½ TIMES MORE ELECTRICITY FOR ONLY TWICE THE COST

	1914	1919	1924	1929	1934	1939
Average family's monthly consumption of Hydro power in Kilowatt-Hours:	21.0	35.2	80.2	122.5	143.3	165.0
Average cost (in pennies) per Kilowatt-Hour:	5.08 cents	2.82 cents	1.89 cents	1.67 cents	1.51 cents	1.28 cents

. . . thus, the average Ontario family today uses 7½ times as much electricity as the average family of 1914. But due to the steady reduction in Hydro cost, the average domestic Hydro bill has increased over this period NOT 7½ times—but only from $1.06 to $2.12.

The modern ELECTRIC RANGE is thrifty! ½c per person pays the cost of cooking a big meal electrically!

An ELECTRIC CLEANER eats up dirt and dust in jig-time . . . and costs only 1c to do a whole day's cleaning!

Food stays fresh . . . left-overs keep longer . . . spoilage is eliminated by the ELECTRIC REFRIGERATOR. And 1c operates it for 12 hours!

Washing is practically a pleasure with a fast, gentle ELECTRIC WASHER, and it costs only about 2c for a whole week's washing!

You sit down and take your ease with a modern ELECTRIC IRONER . . . and all it costs is 1c an hour to operate!

HYDRO HOT WATER service provides all the hot water you want, "on tap" whenever you want it.

Maybe you think it costs more than you can afford to have the electrical appliances you've always wanted. *But that's not true any longer!* Today, the cost of Hydro service is lower than it has ever been—much lower, probably, than you have always thought. Take a look at the chart above . . . then check the actual cost examples at the right. You'll quickly convince yourself that modern electric servants *do* work for "pennies a day". And you'll agree that thanks to these thrifty Hydro rates *every* family can easily afford to "go on the electrical standard of living". But don't stop there . . . today, pay a visit to your Hydro Shop or electrical dealer—decide to buy and enjoy the modern electrical helpers you lack!

Hydro BRINGS YOU BETTER LIVING —and Lowers Living Costs!

IT'S BEST TO TRUST

I think I'd rather trust folk and find out I was wrong,
Than start eyeing with suspicion everyone who comes along.
Because that way there isn't any happiness or fun,
Oh, I think I'd rather trust folk, even though I may get done.

I think I'd rather trust folk, because even in the end
Someone who has let you down, may turn out quite a friend.
Because in nearly everyone, there's one cord that strikes true,
And when you go on trusting folk, they end by trusting you.

—Jean Morton.

Public Health Notice!

All residents within the United Counties of Stormont, Dundas and Glengarry are requested to take note of the following extracts from The Public Health Act:

1. No person shall suffer the accumulation upon his premises of anything which may endanger the public health.

2. No person shall deposit upon or into any street, lane, pond, river, stream, sewer or water any manure or other refuse, or vegetable or animal matter, or other filth.

3. All putrid and decaying animal or vegetable matter shall be removed from all cellars, buildings, out-buildings, and yards on or before May 1st of each year.

4. Every householder and every hotel and restaurant-keeper shall dispose of all garbage, for the disposal of which he is responsible, either by burning the same or by placing it in a properly covered receptacle, the contents of which shall be regularly removed, at least twice a week.

5. The Sanitary Inspector has the authority to order the removal of any accumulation of refuse from any street, lot or premises. If the same is not removed within 24 hours, he may prosecute the persons so offending, and he may cause the same to be removed at the expense of the person so offending.

In order to reduce the annoyance and inconvenience and menace to the Public Health which many residents have to endure because of the neglect of a single housholder to clean up refuse about his property, our Sanitary Inspectors are being instructed to commence a systematic check on all premises particularly in the towns and villages on May 1st, 1940, and to take such action against offenders as is deemed necessary.

M. G. THOMSON, M. D.,
Medical Officer of Health,
United Counties of Stormont, Dundas and Glengarry.

104 Second Street West,
Cornwall, Ont. 50-1c

HINTS FOR THE HOME

Hiccough Relief.

Mosten some granulated sugar with vinegar and eat it when suffering from hiccoughs. It usually proves an effective remedy.

Evergreens.

Evergreen shrubs and trees are best transplanted during the two months of the year beginning with the letter "A"—April and August.

Discolored Aluminum.

Discolored aluminum will brighten beautifully by rubbing it with a cloth dipped in lemon juice and then rinsing in warm water.

Match Scratches.

If someone has thoughtlessly scratched a match on the painted wall, the marks can be removed by rubbing with a cut lemon, rinsing, and then removing any remaining mark with whiting.

Bluing Bottle.

An excellent receptacle for bluing is the empty hair tonic bottle, which has the top that permits only a few drops to come out at a time. This will prevent staining the fingers and clothes, as so often happens with an ordinary bottle.

Piano Practice

If one practices a great deal on the piano, it is a good idea to use a straight-backed dining room chair instead of the piano bench. A person's back is not as liable to get that painful kink in it if it is supported a bit.

Scented Hankies.

The smell of the iron can be eliminated, and a delicate scent of violet will be added to the handkerchiefs by placing some pieces of orris root into a muslin bag and putting this into the water in which they are boiled.

Food Values.

Lettuce is good for the nerves. Beets and turnips contain iron. Tomatoes are good for the liver and stimulate it. Celery is good for rheumatism. Spinach is good for the bowels. Carrots are good for clearing the complexion. Asparagus is good for the kidneys.

The Coffee Pot.

One need never have any fear as to the fresh flavor of coffee if the coffee pot is given a dose of baking soda once a week. Simply put a tablespoon of soda into the pot, fill with cold water, and let it boil for just a little while. Rinse with warm waer. This will keep the pot in spotless condition!

When Papering.

Odors in the freshly-papered rooms can be dispelled as follows: After the windows and doors have been closed, bring in red-hot coal and strew on this several handfuls of juniper berries. About 12 hours later open all windows and doors, so as to admit fresh air, and it will be found that the bad smell has entirely disappeared.

The Bride's Cooking Primer

PIE CRUST POINTERS

By BETTY BARCLAY

There are but two kinds of pie — good pie, and bad pie. Good pies have a crust as light as a powder puff, tender as a schoolgirl's heart, flaky as a first snowfall. Their reward is hearty praises from a family . . . just try the recipe and see what I mean!

Flaky Plain Pastry

1½ cups flour, sifted with ½ teaspoon salt
½ cup shortening
4-5 tablespoons cold water

Now the secret in making good, flaky crust lies in three things: first, chill shortening thoroughly; second, no over-mixing; third, just enough cold water to combine ingredients.

Cut cold shortening into flour with a pastry blender — or two knives — until shortening is in pieces about the size of small peas.

Now for a little water — iced water, please — the same to be blended with the flour mixture until all of it just holds together. Water must be added slowly, practically a drop at a time, for a sticky dough means a tough crust. Your aim is a smooth mixture — both sticky and crumbly proportions are to be avoided. Chill pastry before rolling.

When a girl marries, let her serve no pie other than a perfect pie. And let it often be apple. Such rules are good insurance for happy years ahead.

Mrs. Harry Davis, clever little bride of the CBS radio program, "When a Girl Marries," takes her role seriously and makes a perfect apple pie.

DR. HOWARD JUSTUS ADDRESSES NURSES ON T. B.

"Tuberculosis is an insiduous disease and seldom strikes a sharp blow in the beginning, but usually creeps like a thief from behind," stated Dr. Howard W. Justus, staff physician of St. Lawrence Sanatorium in addressing a spring meeting of Cornwall Chapter, Registered Nurses' Association of Ontario, District No. 8, at the sanatorium on Monday evening at which the president, Mrs. Ruth Villeneuve, presided. Miss Isabel Donald acted as secretary, and during the business meeting, Miss Cowan read the report of Miss H. C. Wilson, superintendent of Cornwall General Hospital, on proceedings at the Provincial annual meeting of the R. N. A. O., in Ottawa, March 27-29. Miss Saxton, superintendent of nurses at St. Lawrence Sanatorium, also read a report on the meeting.

Dr. Justus chose as his topic for the main address of the evening, "Methods Used in the Diagnosis and Treatment of Tuberculosis." The disease is one which may effect persons of all ages but is more one of young people," said the speaker in opening. The incidences among nurses is almost ten times as high as among the general population. Signs of the disease are loss of weight, indigestion, coughing, bloodspitting and pain in the chest. Importance of tuberculant skin tests and X-rays of the chest in diagnosis were stressed.

"Prevention is the best method of treatment. This involves prevention of T. B. infection, accompanied by early diagnosis, isolation and early treatment of all cases. Education is important also free-diagnosic clinics, examination of all known contacts and sanatorium beds for all cases so diagnosed. For the protection of those unavoidably exposed such as doctors and nurses, all patients admitted to all hospitals should have chest X-rays on admission as a means of learning sources of infection, and all susceptible employes should use Calmette's vacine B. C. G."

Rest, good food and fresh air are bases of treatment in all modern sanatoria. Present methods in the collapse treatment of pulmonary T. B. were demonstrated by a series of X-ray plates. The speaker concluded by saying that the results of modern treatment are encouraging when patients are admitted with the early form of the disease. Those who are admitted with a far-advanced form have often a long illness and some will be partly disabled for the rest of their days. To these one would say that half a loaf is better than no bread, and to their doctors and nurses who care for them and who also tend to become discouraged, one would mention Dr. Trudeaus favorite quotation, "To cure sometimes, to relieve often, to comfort always."

ORMOND B. Y. P. U.

The Superintendent, Mrs. F. MacDonald, led the group during the song service preceding the Intermediate program. The motto and purpose was given by the leader, Jean Gibbons, and Agnes Porteous, the latter also offering a brief prayer. Gwen McIntosh and Mae Clark received the offering. A few minutes were profitably spent on Bible Study, under the leadership of Mrs. F. MacDonald, and the topic was read by Laura Porteous.

Mrs. Hubert Carkner was leader during the Stewardship program which was opened by singing a hymn. Mr. N. G. Porteous offered prayer and Miss Laura Hill conducted a Bible Quiz. A few verses from Mark 15 were read by Mr. Stewart MacDonald. A missionary talk on the work and needs of Bolivia was given by Miss Laura Rutherford. In closing, an appropriate hymn was sung and Mr. J. C. MacGregor offered prayer.

Twleve members from Ormond B. Y. P. U. attended the Musical Festival held in Cornwall on April 12th. Results were as follows: Soprano Solo, Miss Mildred Porteous; Alto Solo, Miss Doris MacDonald; Tenor Solo, Mr. Fred Gibbons.

The Drama Festival Contest will be held on Friday night, April 19th, at 8 p.m. in the Vernon Baptist Church. The B. Y. P. U. of Fourth Ave. Baptist Church, Ottawa, will compete against the Ormond B. Y. P. U. The devotional service will be in charge of Vernon B. Y. P. U.

Has your Subscription expired?

UNITED CHURCH W. M. S.

The President, Mrs. F. F. Davidson, conducted the opening devotions when "O Master let me walk with Thee" was sung with Mrs. Mabel Allison at the piano, after which two ladies led in prayer, and Malachi 3 was read.

A solo entitled: "Because He loved me so," by Mrs. (Rev.) R. F. Willson, of the Baptist Church, was well received. Mrs. Allison was the accompanist.

Rev. W. S. Atchison's address on "The Good Thing" was attentively listened to, when he spoke on the stewardship of life as given by Paul in his epistle to Timothy. Our gifts of time and talents we were urged to use and to guard. As every man hath received the gift so let him minister.

The President expressed the appreciation of those present to Mrs. Willson and Rev. Mr. Atchison for their contributions to the programme.

During the business period, the minutes of the last meeting were read by the Secretary, Mrs. O. Wallace, followed by reports from several other secretaries. Mrs. Faye Scott read a letter of appreciation from Mrs. W. J. Stewart to the ladies of the Auxiliary who had assisted so well in the St. Patrick's Tea of the Mission Band.

The treasurer reported a slight increase in givings over this time last year. Reporting for the Supply Dept., Mrs. P. Durant said more money is needed for this work. Two quilts are being made for the supply box.

Arrangements were made for the giving out of the envelopes for the Thank-offering Service to be held on April 28th at 10.30 a.m. in the Church when the guest speaker will be Mrs. David R. Carson, of Ottawa, who is President of the Montreal-Ottawa Conference Branch of the W. M. S.

The President announced that the annual meeting of the Dundas-Grenville Presbyterial will be held in Merrickville on May 7th, to which Mrs. Wm. Steele and Mrs. O. Wallace were appointed delegates with the President.

A good leaflet on The Second Mile" or the Spirit of the Thank-offering was read by Mrs. W. Lannin, and a Temperance leaflet on Abstaining for the Sake of Influence, was read by Mrs. K. Helmer. The offerings were received by Mrs. T. O. Keyes and Mrs. J. L. Mill. After the singing of the National Anthem, the Benediction was given by Rev. W. S. Atchison.

MUTUAL IMPROVEMENT LEAGUE

The meeting of the Mutual Improvement League of Winchester Springs was opened by singing a hymn, followed by the Scripture reading from St. Luke. In the business of the meeting plans were made for a "Taffy Feed" to be held on April 16th. The meeting closed with prayer by Mrs. Dalton Robinson.

From Toronto, Ont.—at 4.34 p.m., daily except Sunday, stopping at intermediate stations to Montreal. Parlor Car and Buffet Service.

MODERN ETIQUETTE

1. If a bride receives several duplicate gifts and asks these donors for permission to exchange them, should they resent it?

2. When you are not sure whether a man and a girl have been introduced, is it all right to say, "Mr. Gibson, have you met Miss Carter?"

3. Should a girl at a dance expect her escort to keep her evening bag, compact, and a cigarette case in his pocket?

4. When two persons start a violent argument, and you are present, what should you do?

5. When one has been staying at a hotel for several days and has used the telephone frequently, should he tip the telephone operator, and how much?

6. Should one place the serving silver on a dish of food when asked to pass it?

Answers.

1. Not in the least. It would be a very sensitive person who would take offense at such a request. 2. Yes; this gives the honor to the girl, and is better than asking Miss Carter if she has met Mr. Gibson. 3. No. 4. Remain neutral. Do not take sides with either. Of course if you are tactful enough to divert their attention to some other subject, it is all right to do so. 5. This is customary. Probably fifty cents would be the minimum tip. 6. Yes, always.

THE UNITED CHURCH

A very touching message was given by Rev. W. S. Atchison on Sunday morning on Obedience, the text being Eph. 5:18. A talk was also given to the children on the importance of obeying parents and teachers. The choir's anthem "The Lord is my Shepherd," with Mr. Johnson at the organ, was well rendered.

Interesting colored views of India were shown and explained by the Pastor at the evening service. These were mostly of Central India where the United Church mission fields are. Pictures of missionaries and their native workers and churches were seen, which gives a good idea of the great work being done there.

LADY! this is 1940

Why be a slave to your house work, when Electric Power is available at small cost. Modernize your home with electrical appliances and safeguard your health. Hydro will brighten your life if you will give it a chance.

"Hydro Is Yours—Use It."

WINCHESTER HYDRO COMMISSION

Eve invented temptation, but men have monopolized it ever since.

There is no other tobacco JUST LIKE OLD CHUM

To Whom It May Concern

If the party or parties, who entered my home a few weeks ago and took a man's watch and lady's chain, along with other articles, will return same to me immediately, I will reward them generously. Furthermore, I will not cause them any trouble—all I want is to get the watch and chain back, as they belonged to my beloved wife, who passed away recently and I cherish them among my most valued possessions. If the parties who took the watch and chain will return them to me as soon as convenient, I will not report to the authorities or subject them to any punishment by law. I will pay a good sum of money to get this property back—I am not particular about the other goods taken from my home and store, but I would like to have the watch and chain. I hold no animosity against the ones who took my wife's watch and chain, so please, boys, return them to me and I will pay you well.

—A. A. Casselman.
Winchester, Ont., April 10th, 1940.

AUTO TRAC

No farm implement in recent years has aroused so much genuine interest among farmers as the Autotrac.

The old car plus the Auto trac takes the place of three or four horses—does the work more efficiently, quicker and easier, and is much cheaper. The Auto trac costs the same as one farm horse.

The Auto trac is not a tractor. Any old car makes one of these machines Quick to make and easily operated. Give us your inquiries today.

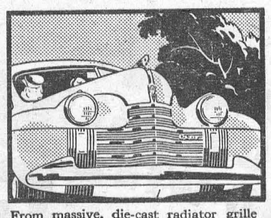
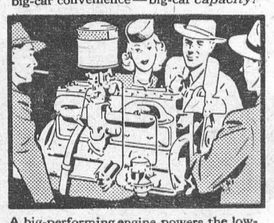
Compare it for BIGNESS!



From massive, die-cast radiator grille right back to spacious, built-in trunk, Olds gives you big-car appearance, big-car convenience—big-car *capacity!*

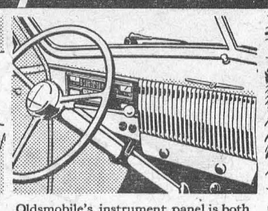


A big-performing engine powers the low-priced Olds Sixty. It develops 95 h.p., gives you snappier getaway and smoother cruising. Yet it saves on gas and oil.

Any way you look at the low-priced Olds Sixty—the popular Seventy—the stunning new Custom 8 Cruiser—they impress you as *big*, well-built cars. Big—not for the sake of size alone—but because bigness means longer life, greater safety, increased comfort and freedom from repairs. Size, where it is needed, is an essential part of quality. That's why we urge you to drive a *bigger*, smarter Olds and learn for yourself how much bigness adds to comfort, performance and all-around motoring *satisfaction*. Visit our showrooms today.

Compare it for GOODNESS!

True luxury marks all Oldsmobile interiors, from smart, trimly tailored upholstery to deep, resilient seats. Seat cushion springs are tied and wrapped individually for long-lived comfort.



Oldsmobile's instrument panel is both beautiful and practical. Gauges are large and easy to read. Controls are conveniently located. The panel itself is finished in rich walnut grain.

Oldsmobile is the lowest priced car in Canada, with modern coil springs all around. Enjoy a Rhythmic Ride *today* in the Olds Sixty, the popular Olds Seventy or the Custom 8 Cruiser.

LOCAL AND DISTRICT NEWS

Ottawa Fair Cancelled.

The directors of Central Canada exhibition have decided to cancel the Ottawa Fair this year owing to the buildings and grounds being used for troop training purposes.

Are You a Good Guesser?

If you are you should drop around to J. L. Dixon's Furniture Store and guess the number that is concealed under the label of a mattress that is on display in the window. The person coming closest to the number gets the mattress. For details of the contest, read the Advt. in this issue of the Press.

Danger of Serious Flood Passed.

The return of cold weather during last week gave the water in the Nation River a chance to recede, and it is not likely that the remaining snow will cause the river to reached a higher level than it already has. While it is still over its banks at several points, many of the roads that were submerged are now clear of water, although pretty soft for traffic.

Entertained Hockey Team.

Mr. Walter MacDonald, manager of the Frost & Wood Hockey Team, entertained the players to a dinner at Ottawa on Monday evening, after which they attended the Maxville-Peterborough Hockey Game. All repot an enjoyable outing. Art Summers held the second lucky program number and won a shirt as a prize. This must be a lucky name beauother gentleman by the same name won a bag of flour in a contest last week.

Married in United States.

Mr. and Mrs. Hubert P. Shaver, of 1045 Pansy St., Royal Oak, Mich., announce the marriage of their eldest daughter, Phyllis Mabel, to Robert Bullard, Jr., of 606 N. Fenter St., Royal Oak. The marriage took place in Napoleon, Ohio, on March 17th, 1940. The bride is a granddaughter of Mr. and Mrs. Sol. Shaver, of this place, and Mr. Howard Faulkner, of Morewood. The young couple will reside at Detroit, Mich.

Attends Sister's Funeral.

Mr. H. S. Carkner returned home from Rochester on Wednesday, after being at the bedside of his sister, Mrs. Margaret Ann Hosner, who passed away on Sunday morning. The funeral was held on Tuesday afternoon. Mrs. S. Burwash, of town, Hugh Carkner of Ormond, and Chas. Carkner of California, are also sister and brothers of the deceased. She also leaves to mourn her departure, two daughters, the Misses Mae and Camilla Hosner, and one son, George.

Died At Kemptville.

James Grier, a highly respected resident of Kemptville, died last Wednesday morning following an illness of about three years. Mr. Grier, who would have been 81 years of age had he lived until Tuesday next, was born near Burritt's Rapids, a son of the late William Grier and his wife, Ann Boyd. He was married to Annie Cochrane in 1900 and farmed for a number of years, then moved to Kemptville 30 years ago. He joined the farming department of the Kemptville Agricultural School and several years ago retired. Mr. Grier was a member of the St. James' Anglican church.

Sanders' Dog Killed.

"Rover," the big St. Bernard dog, owned by Mr. Paul Sanders, local Imperial Oil Agent, was struck by a car on Main St., West, on Tuesday, and suffered such injuries that he had to be chloroformed. The big canine weighed nearly 200 pounds, and was a friend and playmate of nearly every little boy in town. He was a beautiful dog and no doubt his owner regrets his loss keenly. Another dog, which was popular on local streets for many years, has also disappeared—"Bruno," the large black St. Bernard dog, owned by Dr. J. J. McKendry. Age caught up with Bruno, and his owner thought it best to have him chloroformed. This was done a few days ago.

SOCIAL AND PERSONAL

Mr. Garfield Dales, of North Augusta, spent Monday with his sister, Mrs. B. McConkey, and on Tuesday accompanied Mrs. B. McConkey, Willie and Beatrice and Mrs. H. Lannin, to Montreal, to attend the funeral of their brother-in-law, Mr. Malcolm Beaton, who had died in a Montreal Hospital on Sunday, following a serious operation.

New Siren On Fire Engine.

This week a new siren was placed on the Chemical Fire Engine, replacing the hand-bell. When a fire occurs and the fire truck is speeding to the scene of the blaze, the siren will warn motorists to clear the way—and they should obey because minutes, and even seconds, are precious when a fire is raging.

Dies in 98th Year.

John McDonald, venerable resident of Morrisburg, passed away there on Thursday last in his 98th year. He was a native of Alexandria and until a few years ago was known as a fiddler and a singer of Scotch songs, besides being a carpenter. His wife died three years ago and he is survived by two sons and two daughters in the United States.

Will Meet Here Next Week.

The twenty-sixtth annual meeting of the Women's Missionary Society of Brockville Presbyterial, will be held in St. Paul's Presbyterian Church next Wednesday with morning, afternoon and evening sessions. The programs, which have already been distributed, indicate that each session will be one of real interest. The public is cordially invited to attend the evening meeting. Mrs. H. C. McKellar, of Hamilton, will be the guest speaker.

Mission Band Tea.

A pleasant afternoon was spent on Friday last at the home of Mrs. C. R. Robinson when Mrs. Hugh Wilson and Mrs. Robinson were joint hostesses to a number of ladies in aid of the Sunbeam Mission Band. Games were played and an amusing "True and False" Questionaire was conducted by Mrs. Hugh Wilson. The senior members of the Band, Betty Anderson, Beth Churchill, Mona Robertson, Wilda Barclay, Sybil Empey, served at the tea hour.

Mile of Coppers Campaign.

Mrs. Jas. H. Ross, convenor of the Mile of Coppers Committee, reports that the second collection of cards, which was made during the week-end, brings the total of coppers donated up to 11,221 or $112.21. The second collection was not quite as large as the first, but the committee hopes that when the cards are collected during the last week-end of this month, the total will reach the $200.00 mark. Local citizens are asked to co-operate by filling as many cards as they possibly can within the next few days. The Red Cross is still badly in need of funds to carry on its work. Any financial assistance local citizens can give is greatly appreciated. Put your coppers to work.

KEMPTVILLE FIRE TAKES $4,000 TOLL

Fire destroyed the fruit market, grocery store and garage of Samuel Lecker, at Kemptville, on Sunday afternoon, with damage estimated at $4,000. There is about $500 insurance on the building and a small amount on the stock.

The blaze was first noticed about 1.40 p.m., and although persons were in the place at the time, did not know the building was on fire as it started upstairs from an overheated stovepipe, it is believed. In the warehouse was a number of bags of flour and sugar, also a quantity o apples, most of which were saved. Included in the loss were about 500 muskrat skins.

Kemptville volunteer fire brigade worked valiantly under Fire Chief Alex Shaw and 10 minutes after the siren had sounded water was pouring on the building from two streams. A third stream was added shortly afterwards and had the blaze extinguished at 2.45 p.m. The home of Alex Crobar was threatened, but was not damaged.

RECEPTION FOR NEWLYWEDS

Mr. and Mrs. Dwight Jones were honoured by friends, at a reception, held at the home of the bridegroom's mother, Mrs. Gordon Jones, Mountain Township, on Friday evening last.

The evening was spent in music and social intercourse. The presentation of an automatic electric iron and toaster was made to the guests of honour by Douglas Empey and Jack Lewis, while an accompanying address was read by George Bell. Mr. Jones replied to the address and thanked those present for their beautiful gifts.

The bride's book, designed by Miss Idena Jones, was presented to the newlyweds by Orland Bell.

Those who assisted the hostess in serving refreshments were: Mrs. George Bell, Mrs. Rowat Jones, Misses Evelyn McVey and Glenna Thoms.

The address follows:

Dear Ruth and Dwight:—

We, your friends and neighbours, have gathered on this happy occasion to extend our best wishes for the coming years.

May the future hold for you
All things good, kind and true,
May that bright and winning smile
Ever help you o'er the stile.
May your lives be filled with bliss,
With plenty of little ones to kiss—
Health, happiness and prosperity,
And your names go down in posterity.

To you, Ruth, we welcome you. To you, Dwight, you have always been a willing helper, and your wit and humor will not be forgotten. While you are making new friends, we hope you will not forget the old ones.

We would like you to accept these gifts, not for their value but the good wishes which they convey to you at this time.

Signed on behalf of friends and neighbours, George Bell, Orland Bell, Douglas Empey, Jack Lewis.

SOCIAL AND PERSONAL

Mr. and Mrs. Ruggles Desjardine have taken up residence on Main Street East.

* * * *
