Appearing All This Week At The Minto Follies, Ottawa

Ottawa's own Barbara Ann Scott, former World's Champion skater, and Michael Kirby, ex-Canadian Champion, are skating together in the Minto Follies, being presented all this week at the Minto Rink, 255 Henderson Avenue, Ottawa. The two ice stars, who have been top-ranking performers with the Hollywood Ice Revue, are to be seen at each night performance and two matinees.

SEND YOUR PERSONAL ITEMS IN EARLY

So that the Press can publish a complete list of visitors to town, or local residents visiting relatives elsewhere during the Easter week-end, please send your personal items in early. The coming and going of folk, especially during a holiday week-end, makes interesting reading, so please lend your co-operation so that we can have as near a complete list as possible. Country correspondents are also asked to co-operate by mailing their news budgets not later than Monday.

All are welcome to attend. 45c

WINCHESTER THEATRE NEWS

Don't miss the last showing tonight of "Willie And Joe Back At The Front." This is a laugh picture hard to surpass.

"Montana Territory" featured on Friday and Saturday is an excellent picture of this State just before it was united with the other States. Montana, being next to the Canadian border, makes this picture seem nearer home than most American Westerns. Billie Daniells and Frankie Laine combine talents to bring you "Rainbow Round My Shoulder," a very nice musical.

On Monday, Tuesday and Wednesday of next week we present "Red Stallion In The Rockies," and "Mickey." All who have seen Mickey, played by Lois Butler, praise it.

A cartoon matinee will be presented Easter Monday at 2.00 p.m. This will be the only showing of these cartoons. They are not part of the evening programme.

Local Stores Will Be Closed Good Friday

All local stores will remain closed tomorrow in observance of Good Friday. The day will be a sacred holiday, with a Community Service being held in the Baptist Church at 10.30 a.m., with Rev. J. A. Mitchell preaching the sermon, assisted by the pastors of the other churches.

Although the schools, banks, post office and government offices will be closed on Easter Monday, the day will not be observed as a general holiday in Winchester. The stores will remain open and it will be business as usual.

CONVALESCING AT MORRISBURG

Mrs Karl Helmer, who has been confined to the District Memorial Hospital since sustaining a fractured hip in a fall at her home several weeks ago, was released from the hospital on Monday and will spend a few weeks with her sister, Mrs. Fred Barlow, at Morrisburg, before returning to her home here. Mrs. Helmer's many friends will be pleased to learn that she is progressing favourably.

Winchester Girl Wins Honours At O. A. C., Guelph

Miss Dorothy Servage, daughter of Mr. and Mrs. William Servage, of Winchester, and Miss Verna Lowden, of the Sophomore Debating Team, MacDonald Institute, Guelph, recently were awarded the J. Lockie Wilson Memorial Trophy, emblematic of the debating championship of the Ontario Agricultural College.

The successful team defeated the resolution that "Canadian Youth is being inadequately prepared for Canadian Citizenship." The winning team was honoured with presentations of books by the faculty.

Miss Servage, an honour graduate of Winchester High School, has also found time from her studies and debating activities to win first place in Classical Music, and second in Popular Music in the College musical competitions, held in connection with the College Royal last month at Guelph.

Miss Servage, besides keeping up her academic work and extra curricular activities already mentioned, has a keen interest in sports, and this year was a member of the College girls' hockey team. She is presently completing her second year in a four-year Home Economics Course.

OBITUARY

LATE MRS. HERBERT HELMER

One of Winchester's oldest and most esteemed citizens, and a resident of this community for the past sixty-two years, Mrs. Herbert Helmer passed away at her home on Cameron Avenue last Wednesday. The late Mrs. Helmer, although in ill health for some time, had remained, nevertheless, quite active until shortly before her death. Had she lived she would have observed her 92nd birthday on April 12th.

Born at Easton's Corners, she was the last surviving descendant of an early pioneer family which settled in Wolford Township at the beginning of the United Empire Loyalists migration to Canada from the Eastern United States. She was the former Julia Cross, a daughter of the late Mr. and Mrs. Joseph Cross.

Down through the years Mrs. Helmer had been an active community worker and a member of the United Church. In 1890 she married Mr. Herbert C. Helmer, who survives, and together they were privileged to celegrate their Golden Wedding Anniversary in 1940, and their Diamond Anniversary in 1950, at which time they were honoured by their friends and family.

Surviving, in addition to her husband, are two sons: Clare and Harold, of Winchester, and two daughters, Mrs. Bernice Strader, of Williamsburg, and Mrs. Albert Reddick, of Spencerville. Several grandchildren and great grandchildren also survive.

The funeral was held from her late residence on Cameron Avenue to Winchester Untied Church on Friday afternoon, with the Rev. T. N. Mitchell conducting the service, assisted by the organist, Mrs. Howard Fetterly, who accompanied Mrs. E. Steele and Mr. Howard Biccum who sang "In The Garden." The congregational hymns were: "What a Friend We Have In Jesus," and "There's Not a Friend Like The Lowly Jesus."

Interment was made in Maple Ridge Cemetery, and the pall-bearers were Messrs. Ken. Ault, John Fader, Peter MacGregor, Harvey MacIntosh, Carl Laushway and Norman Utman.

Many beautiful floral tributes testified to the high esteem in which the deceased was held.

LATE MRS. J. MACKIE

A former resident of Osnabruck and Crysler, Mrs. Jacob Mackie died here on Sunday at the home of her daughter, Mrs. Jake Empey, in her 89th year. She had been honoured only recently on the occasion of her 88th birthday.

A daughter of the late Mr. and Mrs. Conrad Wert, she was the former Minerva Agnes Wert, and was born at Osnabruck Centre. She moved to Cannamore in 1909, where her husband predeceased her in 1911. After residing in Cornwall for several years, she came to live with her daughter, Mrs. Jake Empey, and Mr. Empey, where she had been residing for the past five years. She was an active worker in the former Methodist Church at Crysler.

Surviving her are three sons, William, of Theodore, Alta.; Milton, of Taft, Col. and Cecil, of Pittsfield, Mass.; five daughters, Mrs. Robert Weaver, of Waddington, N. Y.; Mrs. Wm. Thompson, of Waddington; Mrs. David Shampine, of Niagara Falls, N. Y.; Mrs. Morris Merkley, of Cornwall, and Mrs. Jake Empey, of Winchester; one sister, Mrs. J. McIntosh, of Winnipeg, and a brother, Mr. Earl Wert, of Riceville. Also surviving are 21 grandchildren, 21 great grandchildren and one great, great grandchild.

A final tribute was paid the late Mrs. Mackie at the funeral held from the residence of her daughter, Mrs. Jake Empey, to Winchester United Church on Tuesday afternoon. Rev. T. N. Mitchell conducted the service. Interment was made in Crysler Cemetery, and the pall-bearers were Messrs. J. L. Belway, Colin Hay, Leroy Boyd, Rowat Jones, Albert Crawford and Wm. McConkey.

THE LATE W. J. FLEGG

There passed away on March 25th at the home of his son, Wesley, at Hulbert, James Flegg, eldest son of the late Thos. Flegg and his wife, the late Martha Delvin. He was born at Franktown on September 7th, 1867, and on July 10th, 1890,, he married the late Mary Ann Thorpe, who passed away on November 1st, 1944. He leaves to mourn, two sons, T. William, of Ottawa, and J. Wesley, of Brinston; six grandchildren, Mrs. A. McDonald, Montreal; Mrs. D. Lawless, Ottawa; Mrs. J. Blair, of Cornwall; Mrs. C. Thomas, of Windsor; Keith, of Brinston, and Coral, of Ottawa; one sister, Mrs. M. G. Hill, of Toronto, and nine great grandchildren.

For the last 47 years the late Mr. Flegg was a member of Hulbert United Church, where he took a very active part in all branches of the work of the church, and in community life, till age and illness forced his retirement.

The funeral was held from the home to the church on Saturday afternoon, where the many who attended showed their respect to one whom they had known and esteemed for so long. Rev. Jas. Burden conducted the service, using as his text, "The Eternal God is thy refuge, and underneath are the everlasting arms." The choir sang "Leaning On The Everlasting Arms." The text and hymn were the same as used at the funeral of Mrs. Flegg.

The pall-bearers were Messrs. Hume McConnell, Robin Campbell, Wm. Lennox, Jr., Ralph Adams, Jerry Montgomery and Howard Mellan.

Lannin's Garage and Service Station Sold To Ottawa Man

Winchester's latest major business transaction was culminated on Monday of this week when it was officially announced by Mr. Harold Lannin that he had sold his garage business and buildings on Main Street West to Mr. W. E. "Bill" Doughty, of Ottawa. The announcement that the transaction had been made brought to a conclusion the successful operation of the business under the guidance of Mr. Lannin for the past twenty years.

Formerly known as Lannin's Garage, the new firm will be called "Doughty Motors," and will be under the personal supervision of the new owner, Mr.. W. E. Doughty, who took over on Monday of this week. Doughty Motors will continue the dealership in Ford and Monarch Cars and Ford Trucks, as well as the agencies in Ford Tractors and farm machinery that had previously been handled. Besides this, it is expected that RCA Victor radios and television sets and Hot Point appliances will also be sold by the new firm. Complete sales and service will be offered to all vehicles, and the garage will continue to handle Imperial Esso products.

Mr. Doughty comes to Winchester with a wide business experience. He was born in Guelph, Ontario, 48 years ago, and was educated in that city and in Hastings, Ontario, where he moved with his family while still a young man. It was there that he received his first experience in the business world when he worked with his father, who published the weekly newspaper at Hastings.

From the newspaper business Mr. Doughty went to Toronto where he was employed in a bank for the next five years. In 1931 he came to Ottawa where he was to spend the next twenty-two years.

It was in Ottawa that Mr. Doughty acquired a knowledge of the automobile field, having owned and operated two service stations as well as being a car salesman for several years for a leading car agency in Ottawa.

During the war years Mr. Doughty worked in the Department of Munitions and Supply. Since then he has worked for the City of Ottawa where he was connected with the Department of Planning and Development, and the City Annexation Division. More recently he was on the administrative staff of the Township of Gloucester where he was builder and plumbing inspector.

Mr. Doughty has several interesting hobbies, including landscaping and young people's work. In Ottawa he was vice president of the Saturday Elite Club, of which he will shortly become president. He is a member of the Presbyterian Church.

In 1940 he married the former Ethel Campbell, of Finch. They have no children.

Control Edible Oils Products For The Good of Everyone

In the victory that has followed the sweeping measures introduced in the Ontario Legislature on Tuesday, when Highways Minister Doucett, acting for Agricuture Minister Thomas, submitted a bill which would prohibit the manufacture and sale of edible oils food—except margarine—which in any way resembles or imitates a dairy product, the Hon. Minister has good reason for gratification and pride.

"This bill is necessary for the welfare of the dairy industry," he said. "It is a protective measure for the security not only of a great basic industry, but also of the welfare of all our people."

Readers will find much interest and enlightenment in the partial text of Hon. Doucett's speech to the Legislature which follows:

PARTIAL TEXT

"The intent of the bill is not to prohibit the manufacture and sale of such items as shortening, lard, peanut butter, mayonnaise, extracts and flavorings, and cooking oils. Rather it is designed to prevent the adulteration of dairy products by the addition of fat or oil other than milk fat.

"It should be pointed out as well that the bill does not affect the present manufacture and sale of oleomargarine. Oleomargarine is regulated under a separate Act, the Oleomargarine Act.

"However, the bill will permit the manufacture and sale of imitation products, provided they do not contain any dairy products. It does allow the right to regulate the manufacture and sale of such non-dairy products so that they will have the same high standards of composition, quality and sanitation as the consuming public currently demands of the dairy industry.

Other Considerations

"We must look at the dairy industry not from the sole viewpoint of the industry itself, but from the aspect of our whole economy together with the present and future needs of our consuming public.

"Our dairy industry is a food industry producing a highly nutritious and essential group of foods. At this time we have no shortage of dairy products, nor are we likely to have such a shortage in the forseeable future.

"Let us look briefly at the dairy industry as related to the whole economy of this province. Here in Ontario we have 106,000 dairy farmers. We have about 1,200 processing plants related to the dairy industry. These plants employ about 23,000 people. We have an estimated 260,000 workers who, in some degree, depend on the dairy industry for a livelihood. Our dairy farms maintain a population of close to 500,000 people.

Basic Industry

Dairying is one of the great basic industries of Ontario. It is an important part of the foundation of our continuing prosperity. At this time, 33 per cent. of our total farm income is derived from the dairy industry, 33 per cent. or in round figures, $264,316,000.00.

It is scarcely necessary to point out the great buying power potential represented by this section of our farm population. It is needless to stress that a depressed dairy industry implies a depressing influence on our whole economy.

We can learn very easily what is happening in other places where basic dairy products are permitted to be adulterated with foreign fats and oils. They are sold here and there in the replacement of normal dairy products. They are sold to the detriment of the dairy farmer, the dairy industry, and undoubtedly the whole economy.

In the light of this, one might expect the dairy industry to be impatient, antagonistic and even unrealistic in its demands. What I find, however, indicates the contrary.

Brief Fairest

Let me report from the recent official brief presented by the leaders of the industry. This brief is their official, considered judgment of the present situation. I suggest that it is one of the fairest ever to be presented by any responsible body to the Government. Let me quote from it:

"It was never the intention of Ontario dairy farmers to suggest that peanut butter, cooking oils and like products, now being used, should be banned; nor have we asked for any further restriction or limitation on the manufacture and sale of margarine. We would urge that the present margarine Act be maintained."

Now I give you this brief quotation as an example of the reasonable presentation made by the industry.

In presenting their case, the dairy industry assured us that they wished only to place the bare facts before

MRS. A. B. CARMAN OBSERVES 97th BIRTHDAY

"Don't be in too great a hurry in putting away those red flannels in moth balls," cautions Mrs. A. B. Carman, of Irouqois, who observed her 97th birthday on March 28th. Mrs. Carman tells of a March very similar to the one just passed, away back in 1903, exactly fifty years aggo. By the third week of March that year the ground was so dry that many were putting in their gardens, and the frogs were creaking. The next week winter returned with a vengeance, and several inches of snow covered the ground for days to come.

Mrs. Carman enters upon her 98th year enjoying good health. She is in possession of all her faculties and is surprisingly active and alert. It is some years since she has spent a day in bed through illness.

Of sturdy United Empire Loyalist stock, she was born in Matilda township, a short distance below Iroquois. Today, she is able to look back upon the growth and development of the locality almost from its beginning. As a girl she attended the local public school and the Matilda Grammar School, both large stone buildings on College Street, Iroquios, now replaced by modern brick structures. The Grammar School, which was built by the late John A. Carman, and presented to the municipality as a gift, was known as "The Seminary." One of its earliest principals was Albert Carman, a native of the village, who later become Rev. Dr. Carman, Superintendent of the Methodist Church in Canada.

Mrs. Carman taught school for some years prior to her marriage to A. B. Carman in 1877. Her husband died in 1909. She spent her birthday quietly looking over a shower of cards, gifts and messages of congratulations from a wide circle of friends and acquaintances.

WEDDINGS

McCORMICK—CONNOR

A quiet weddng was solemnized in the vestry of the First Presbyterian Church at Brockville on Wednesday, March 25th, at ten o'clock in the morning when Mrs. J. Dorothy Connor was united in marriage to Mr. Leslie J. McCormick. Rev. Dr. Henry Cousens officiated in the double ring ceremony. The couple, both residents of Morrisburg, left immediately after the ceremony for Washington and New York City.

Brockville Leads Junior C Hockey Playdown Series 3-1

Brockville's Junior hockey squad of Snowmen took a stranglehold in the best of seven series O.D.H.A. Junior C. Finals with a 7-5 verdict over Winchester on Tuesday night. The win gave the Snowmen a 3-1 edge in games and they now need only one more victory to sew up the series. Winchester, on the other hand, must win three games in a row to cop the crown.

Playing shorthanded once again, and not having a practice session since their last game, the Dawley squad was hard pressed to hold the Snowmen to a 7-5 decision. A full Winchester crew on Thursday night, when the teams go at it again in the Memorial Centre, may mean the difference between these two Junior squads.

Brockville's McNaul opened the scoring at the 1.11 mark of the first period. Forty-five seconds later Gord. McMillan tied the count, only to have the Snowmen register another before the period ended. Three quick goals in the first three minutes of the middle frame by the Snowmen lost the game for Winchester, who were able to get back only two of them before the period ended. In the final twenty Vince Lunny and Bob McMillan counted for Winchester against Snowmen's single effort, but the rally fell short by two goals.

Marshall, McNaul and Davison led the Brockville pack with a pair each. Gord. and Bob McMillan, Jack Dawson, Vince Lunny and Lloyd Bailey all counted once for Winchester, with Bailey playing a heads-up game all the way.

Of the six penalties, Brockville players were chased five times, with Flannigan picking up a ten-minute misconduct in the third period.

Summary:

First Period

Brockville, MacNaul ---------- 1.11
Winchester, G. McMillan (Steinburg, R. McMillan) ---------- 1.56
Brockville, Breaugh (Gibson, Davison) ----------12.21

Second Period

Brockville, Breaugh (Gibson) -- .53
Brockville, MacNaul (Davison, Breaugh) ---------- 1.41
Brockville, Marshall Saunders, Hunt) ---------- 2.27
Winchester, Dawson (LaPorte) 5.15
Winchester, Bailey (Dawson) -- 9.58
Brockville, Marshall ----------12.43

Penalties: Gibson, Dawson.

Third Period

Winchester, Lunny (Dawson, Balkwill) ---------- 1.43
Brockville, Davison ----------11.01
Winchester, R. McMillan (G. McMillan, Steinburg) -------18.01

Penalties: Flannigan (10-min. misconduct), MacNaul, Marshall, Saunders.

Officials: Mel. Scott, J. Kelly.

The line-ups:

Brockville—Goal, Harres; def., McNaull and Marshall; centre, T. Breaugh; wings, N. Saunders and B. Flannigan; alternates, R. Davison, B. Gibson, V. Rooney, J. Packeman, B. Blyth, C. Anderson.

Winchester—Goal, R. Dawley; def., S. McKercher and M. Boal; centre, J. Dawson; wings, L. Bailey and D. Duncan; alternates, V. Lunny, G. McMillan, W. Pominville, B. Steinburg, H. Balkwill, B. McMillan, M. Cassidy.

PATIENT IN HOSPITAL

We are sorry to report that Mr. Stanley Sullivan, of Chesterville, is again confined to the District Memorial Hospital. His many friends will wish him a speedy return to good health.

Mr. and Mrs. Orlan Coughler Honored By Friends

Mr. and Mrs. Orlan Coughler were at home to their neighbours and friends on Tuesday afternoon and evening, in observance of their 39th Wedding Anniversary.

In addition to the personal visits of friends, they received many letters and cards of congratulations.

During the evening the celebrants were agreeably surprised when they were presented with an Electric Trilight Table Lamp, by Mrs. Alva Alexander, on behalf of their neighbours and friends. An accompanying address was read by Mrs. Randall Wylie. Both Mr. and Mrs. Coughler expressed their appreciation for the beautiful gift. Hostesses for the occasion were Mrs. L. Bouchard, Mrs. A. Alexander and Mrs. R. Wylie. They were assisted in serving refreshments by Mrs. W. J. L. Boyd and Mrs. Francis Hutt.

Local Chamber of Commerce Slate of Officers Incomplete

DIRECTORS' MEETING FAILS TO PRODUCE NEW CHAMBER PRESIDENT

Selecting a new president, vice president and secretary-treasurer was the prime purpose of a meeting of the newly-elected Board of Directors of the Winchester and District Chamber of Commerce, held Monday evening in the Council Chambers. The outcome of the meeting indicated that the Chamber was in a similar position to that of the 100 Club about two weeks ago when that worthy organization was without an executive. An amendment to the by-laws, however, gave the Chamber a new Board of Directors, presented at the annual meeting. This Board is now responsible for the filling of the three vacant offices.

Following a lengthy discussion of the matter, a motion was passed whereby a committee composed of Messrs. Howard Biccum, Eldon Fennell, Arnold Duncan and Robert Vice, will study the present situation carefully and at the same time try and bring in a new slate at the next Council meeting, which will probably be held sometime next week.

Present at the meeting were Past President Robert Vice, past secretary W. R. Workman, and Messrs. David Melvin, Walter Moffat, Howard Biccum, John Fader, Eldon Fennell and Arnold Duncan.

Mr. Vice and Mr. Workman will continue in the capacity of president and secretary-treasurer until the next executive meeting.

MOUNTAIN TOWNSHIP REEVE'S WIFE CONFINED TO LOCAL MEMORIAL HOSPITAL

The many friends of Mrs. Wm. A. Cameron, of Mountain, wife of Reeve Cameron of Mountain Township, will be sorry to learn that she is a patient in the District Memorial Hospital. All will wish her progress and a speedy recovery.

The 7th Column

Due to the open winter and the unusual amount of rain, some of the roads in this district have become impassable. What municipal councils saved in the way of expenditures for snow-ploughing last winter, will probably be exceeded by the cost of having the roads repaired this summer.

A news item reads: "A fantastic game of "chicken" in which two young drivers crashed their speeding cars head-on rather than swerve to one side, killed two boys and a girl last night and injured two others.

"The tragedy, climaxing a wild game of auto tag on a county road nine miles northwest of Three Rivers, Mich., occurred when one driver made a sharp U-turn and aimed his car at the other.

"In the resulting war of nerves, neither driver turned "chicken" and the fatal crash resulted, state police said."

We have often heard the term "Reckless Youth," but it's hard to believe that there are young men and women with such limited intelligence, as the above fatal incident would indicate.

The other day a local youngster asked his mother if it was true that when a person died they returned to dust. The mother replied that it was so. "Well," said the youngster, "I guess someone must have died up under my bed!"

While waiting for a hair-cut in a local barber shop last Saturday, we heard a district farmer make the following statement: "I have been a patient in hospitals at Ottawa, Montreal and Kingston, but the best one I was ever in was the Winchester District Memorial Hospital." A lady from Kemptville, who had spent several weeks in different hospitals, was also heard making the same statement. It's gratifying to know that our hospital is rendering such an appreciative service in this district. It's true that the smaller hospital offers more warmth and friendliness than the larger institutions.

As we stated in this column last week, there will be no flooding of the Nation Valley due to the Spring break-up, but the heavy rains of the past week have caused the river to go over its banks at several points and many acres of land were submerged for brief periods.

TOWN PLANNING IN WINCHESTER

One of the immediate necessities in a modern-day community is a Town Planning Board. Up until last week the idea of town planning in Winchester had been repeatedly shunned, and in some instances, shelved by Municipal Council down through the years.

Last week, however, Winchester Municipal Council and Chamber of Commerce executive held an emergency meeting to discuss town planning and other important topics. As a result of this meeting, a town planning board will be set up in Winchester, once the necessary information has been received from the Department of Planning and Development.

With the realization that Town Planning Boards can perform a very useful function in the future development of their communities, the following editorial from the Woodstock Sentinel-Review will be of interest:

"Town planning was little more than a pleasant theory comparatively few years ago. Now, in most communities, it is a reality. Indeed, in the rapid industrial and residential expansion of Canada, it is a necessity. Some cities and towns have been alert to the need for regulated growth, while others have allowed their expansion to proceed along haphazard lines. The former are pleasant, progressive communities; the latter are full of headaches for themselves and everybody else.

Every town, regardless of its size, has a pattern which is the result of the social, economic and physical forces which first molded it and are acting upon it. Some of the forces are obvious and measurable. Others may still need study. A town plan cannot change the natural forces, but it can guide them, control the rate of change and smooth out difficulties.

The character of a town is determined to a large extent by the principal resources which led to its development. A mining town is different from a market town. A summer resort may spread along a shore line, while a town, whose industry is directly concerned with imports and exports, clings to the harbor area, which itself set the original pattern in settlement and industrial growth.

The pattern of a town is also a result of its site. Geological situation, hills, rivers, coastlines, govern its shape and the uses of its land resources. Land subject to flood or incapable of being well drained may be developed into park areas; flat dry stretches invite industry; hillier land may become a fine residential area. In this way a town is divided by geography into areas.

The manner in which the areas are developed should be the result of careful study and regulation if the town is to be something more than a haphazard, badly organized collection of houses and factory buildings. Town planning, therefore, is simply a realistic attempt to study the growth of cities, towns and villages, and to prevent unhealthy and inefficient development. Its aim is to provide better living conditions within a community."

EASTER MEDITATIONS

From the upper room, to the empty tomb
We ponder in thought today,
Of the wine-press red, where He trod and bled
While the world went on its way;
And of Calvary's hill, where "The Father's Will"
Permitted the sacrifice,
Of him who came, in his Father's name
To pay sin's awful price.

Was there ever a day, on the world's broad way
So fraught with weal or woe?
God's Lamb was slain, in a felon's pain
So the whole wide world may know,—
That, the love of God, is shed abroad
In redemption, full and free,
His anger is calm, for the blood of his Lamb
Stands between his wrath and me.

O that fateful day, so far away
The fate of a world was at stake,
God's plan begun, through his yielded Son
Must either redeem, or break.
Though in sore travail, Christ did not fail
But bore the curse and the rod,
And now we are free, and have liberty
To be sons and daughter's of God.

All nature in pain, was under the strain,
For the earth did reel and sway,
And the rocks were rent, in dire lament,
And darkness ruled over the day;
"The Prince of the Air" has wrought despair
And no arm of flesh could save,
But the Christ of Power, in that crucial hour,
Came forth again from the grave.

From the upper room, to the empty tomb,
The scenes of the record bare,—
That victory is won, by "The Risen Son,"
And we in his triumph share,
God's love and grace, revealed on His face
Is pictured to you and to me;
Exalt now His Name, His Wonderful Name,
There's no other Saviour but He.

QUEEN MARY IS LAID TO REST

The final chapter was written and the book was closed on the life of a great English woman and a famous Queen, on Tuesday of this week, with the quiet funeral and laying to rest of the 85-year-old Dowager Queen Mary. She was the hallmark of British Royalty, and an inspiration to people around the world, not only in the British Commonwealth of Nations, but in all countries.

She was the beloved wife, mother, grandmother and great grandmother of Sovereigns who have ruled, who are ruling now, and who will reign as time goes by.

Stern, independent and old-fashioned were but a few of her prominent yet loving characteristics. She ruled well with her husband, the late George V, until 1937, but since that time had retained her usual activeness until shortly before her death. She had always been particularly interested in the welfare of women and children. Her work in two wars speaks for itself.

Her high regard towards her many Royalty obligations was evident in her son's reign, the late George VI, and is now being exemplified by her granddaughter, Queen Elizabeth II, who will shortly be crowned at the Coronation in June.

Tragedy did not escape her during her long lifetime. The abdication of Edward VIII, the untimely deaths of George V and George VI did not alter her course in life. She won for herself the warm-hearted affection of all her subjects, which was voiced simply by an old timer, following her death, who said: "Poor old soul, she so wanted to see her granddaughter crowned!"

Now, this woman of dignity and respect is gone—and so is an era in English history. Her memory will linger long.

ATTENDANCE AND AMATEUR HOCKEY

Commenting on the increased attendance in the Renfrew Arena this year, The Advance from that town states editorially:

"This year hockey has received greater support from the fans than it has for several years. True, Renfrew has a winning team, but that is not the chief reason for the swelled attendance, nor is it because the people want to support the rink now that it is publicly owned. Hockey is drawing good crowds here solely because it is a home town team and the players are playing for the love of the sport with a hope of making a little money by running the team themselves."

"If more towns took a lesson from Renfrew this year, hockey would get back to its own with a better and cleaner brand of game that would draw the fans in larger numbers than any imported team could hope to do."

This is the right idea behind Canada's National Sport. In Winchester, this year, the same thing occurred—the Winchester Juniors drew larger crowds than ever before. And the Juniors operate in the same class as the Renfrew Club. Their pay this year will be in the form of twenty-dollar jackets, which every player will be justly proud to wear.

In a highly commercialized hockey era, where imported players and fat pay checks are the keynotes, it's nice to know that there are a few towns trying to keep the game strictly amateur, and at the same time coming up with a good team.

Editorial Notes

Spring is the time of year when a young man's fancy turns to catching mud-pouts (mud cats) and eating maple syrup.

The Winchester Press joins with all weekly newspapers in extending deepest sympathy to the family of the late Mr. F. A. J. Davis, of Carleton Place. Mr. Davis was the senior member of the firm which publishes the Carleton Place Canadian.

The half-load weight limit on most secondary roads should be rigidly enforced. Some of the county and township roads are impassable, and according to old timers, the roads have not been in as bad a shape for years.

It was the long way home for the winner of the Ottawa Senators-Chicoutimi series. To gain admission to the Quebec Senior Hockey League finals, the winning team had to travel over five thousand miles. A best-of-eleven series is carrying it a little too far. It must become monotonous, to say the least, even for the most enthusiastic player. And what about the fans?

Tomorrow begins the Easter vacation for thousands of primary and secondary school students across the nation. It's like a ten-day rest period before the big push. And for most High School students it should be considered in that light. There is still time to buckle down and pass those examinations. Academic achievements today may be the deciding factor of a successful career in later years.

NOTICE

Notice is hereby given that anyone found guilty of carrying more than one half (½) load on the Winchester Township roads while the restriction is in effect, will be prosecuted, according to law.

Please observe the signs and save trouble.

By order of the Township Council.

The reporter limped into the editor's office. "Well, where's your story?" said the editor. The reporter pointed to the big bump on his head. "We can't print that," said the editor. The reporter then pointed to his two black eyes. "We can't print those either," thundered the editor. "It's words we want. Didn't you get the chap to say a few words?"

"Yes," sighed the reporter," "but you can't print those, either."

HINTS FOR THE HOME

Sticking Paper

If paper has stuck to the polished surface of a table, soften it with olive oil and then rub gently with a soft cloth and it will come off.

Damp Rooms

Keep a small box of lime in the pantry, or any other room in the house that is inclined to be damp, and it will keep the air cool and dry.

Broken Eggs

If eggs are broken but cannot be used immediately, put them in a cup and cover with water or milk to prevent them from drying. Then place them on ice.

The Range

Use a school blackboard eraser for keeping the gas range clean. It may be rubbed over the range each day, removing grease, and no great amount of dirt will accumulate.

Shoes

To preserve shoes apply several coats of copal varnish to the soles and vamps. The shoes will seldom have to be half-soled and is particularly good for children's shoes.

Flower Pots

To make unsightly flower pots attractive, cover them with two or three thicknesses of paraffin paper. then a layer of crepe tissue paper. The paraffin paper prevents the moisture from coming through.

Remodelling Hats

If you wish to change the shape of a straw hat, pour hot water over it and while still hot and pliable bend it to any shape desired. Select some kind of bowl that will fit the crown of the hat and place it on this while working. Leave in the sun to dry.

AGRICULTURAL CHEMICALS MUST BE APPLIED PROPERLY

Great strides are being made in the use of new agricultural chemicals to increase yields and to cut down on labor.

Because of this, farmers, livestock feeders, and poultrymen are realizing greater profits. Not only is a great deal more known about 2-4-D, Lindane, and DDT, but new formulations and proper methods of application are increasing the effectiveness of these chemicals.

In spite of the wonderful job that these and other new products are doing, every now and then someone reports disappointment in the results obtained from their use. Usually the reasons for such reports are failure to know where and when the chemicals are effective, the use of improper equipment, or not using the products as recommended. Skillful and intelligent application of these products is necessary to get the desired results.

The operations of many farmers are too limited to justify the purchase of expensive equipment needed for the proper application of these new insecticides and herbicides. Therefore, custom spray operations using power equipment have developed. Well trained custom spray operators fill a real need. But, it is important that farmers employ only custom spray operators that represent reputable, established firms.

Naturally, all of our insect and weed problems have not been eliminated. However, the proper use of the insecticides and herbicides now available can cut down on labor and help boost yields—and thereby increase your profits from the production of food.

ADDRESS TO MR. AND MRS. BEN. RICHARDSON

Omitted from the report of the farewell gathering for Mr. and Mrs. Richardson, which was published in last week's Press, was the following address, which accommpanied a presentation made on behalf of the business men and friends, and was read by Mr. J. L. Belway:

Dear Mr. and Mrs. Richardson:—During your stay in Winchester, people of all denominations have learned to love and appreciate you. Your words of cheer, your friendly smile, your warm hand-shake, your words of sympathy, your visitation of the sick, your efforts to present the gospel of salvation to the youth as well as the old, your help and blessing with the different denominations, especially with the Christian Business Men's Committee, where we could unite together, will all be missed. But we know you will be a blessing in your new field of labour, as you continue to preach the gospel of good news to the people around Blind River. As a token of our esteem, we would ask you to accept these gifts, and may they remind you of the pleasant and happy days you have spent with us here in Winchester. May God's richest blessings go with you and yours.

Signed on behalf of the Business Men, Friends and Neighbours of Winchester.

Maggie Muggins

The adventures of a little girl called Maggie Muggins, who numbers birds, animals and insects among her best friends, are dramatized in a weekly series on the CBC. The popular children's story writer, Mary Grannan, writes the stories and does many of the voices. Maggie is played by Beryl Braithwaite, and Jim Annand is Mr. McGarrity, the old-man next door. The "Maggie Muggins" stories have also been presented in book form, from which Jean Finch's illustration was taken. Maggie is shown talking with Mr. McGarrity—learning more about the natural wonders of the world around her.

HINTS FOR THE HOME

The Hair

The hair will keep in curl for a longer time if a teaspoonful of ordinary tea is steeped, a little sugar added, and this applied to the hair.

Scuffed Shoes

Shoes that have become scuffed and peeled can be restored by rubbing with the white of an egg. This will paste the broken pieces down into place and remove that scuffed look.

The Paint Brush

A paint brush will not shed bristles while painting if, when new, it is stood on end, with bristles up and open, and a spoonful of good varnish is poured in. Keep the brush in this position until dry.

MOREWOOD W. I. MEETING

Sixty-two ladies attended the March meeting of the Morewood Women's Institute, held at the home of Mrs. Ellis Thompson, recently.

A report of the district executive meeting was given by Mrs. H. Hutchinson. The conference, "Brighten Your Home With Color," will be held in Morewood on April 10th, when Crysler and Chesterville Women's Institutes are invited to attend.

Mrs. H. C. Smith was appointed as delegate to attend the conference to be held at Guelph this year.

Mrs. Frank Ryan, of Ottawa, was guest speaker and gave a travelogue on her trip to Ireland, Scotland, England and France. She also showed slides. Mrs. Millen Smirle thanked the speaker, and Mrs. Chas. Crump presented Mrs. Ryan with a tatted centrepiece.

A quilt for the Red Cross will be put up at the home of Mrs. Brad. Loughridge. Ten dollars was voted for the health program.

Hostesses for the day were Mrs. O. K. Steven, Mrs. Arthur Steinburg, Mrs. Henry Steen, Mrs. James Cheney and Mrs. Wm. Campbell.

CORONATION SERIES

April 4th to June 27th inclusive, The Star Weekly will publish a series of 13 Coronation issues.

Colourful pictures and articles by special writers, which will appear exclusively in Star Weekly Coronation issues, will tell the complete story of this great historic event. The religious rites, the background of historic lore—too big a story for any one issue of any publication to do justice to—will be described in full detail.

"where's your glass of milk grandpa?"

"Well, Cathy, it's out in the kitchen, and I'll get it before we have our story. Folks my age need to drink milk too, just as much as you young 'uns. A wise old doctor, who knows a lot about it, says milk keeps my bones strong and straight . . . just like it's helping yours to grow."

W. C. T. U. MEETING

The annual meeting of the W. C. T. U. was held on March 25th in the S. S. Hall of the United Church with Mrs. Cecil McIntosh presiding in the absence of the president, Mrs. O. Wallace, and vice president, Mrs. K. Helmer, through illness. The meeting opened with a hymn, followed by prayer. The minutes were read and approved. The members were reminded to save their stamps and coupons. A new member, Mrs. A. Adams, was welcomed. Nine members responded to the roll call.

Mrs. G. Barkley had charge of the devotional program, the theme being "Zeal." Several passages of Scripture were read and explained by Mrs. Barkley. Mrs. T. J. Keyes closed this period with prayer.

Mrs. A. Christie conducted the Clip Sheet, the topic of which was "Alcohol and the Home." Much information was given showing how the brewing companies are trying to influence housewives into considering alcohol as a food.

The annual report forms were filled out to be sent to the County officers. The election of officers for 1953-54 took place, and resulted as follows:

Past President, Mrs. O. Wallace; president, Mrs. T. J. Keyes; 1st vice president, Mrs. C. McIntosh; 2nd vice president, Mrs. K. Helmer; recording secretary, Mrs. E. Fennell; corresponding secretary, Miss Mary Empey; press reporter, Miss Mary Empey, pianist, Miss A. Walker; treasurer, Miss J. Wyatt; clip sheet secretary, Mrs. A. Christie; publicity and social meetings, Miss M. Empey; peace and international relations, Mrs. A. Adams; Canadianization and Citizenship, Miss A. Walker; Scientific Temperance in Day Schools, Mrs. T. Keyes; Lord's Day Observance, Mrs. O. Wallace; Flower Mission, Mrs. C. McIntosh.

The offering was received and the meeting closed with the Mizpah Benediction.

In her opening remarks the new president asked for the full co-operation of all members, and requested that they make a special effort to attend all meetings of the Union.

Supplies of Seed Grain—especially the higher grades—are becoming scarce. Order soon as possible.

That No. 2 Beaver Oats at $1.50 per bushel is clean heavy grain and only slightly off colour.

The No. 1 Lanark Oats is excellent quality seed—the grade certificate is clear of weed seeds or other grain. Lanark is one of the newest varieties — recommended for combining because it stands up well—rust resistant and medium early.

Montcalm Barley is most popular —smooth awn type—heavy yielder.

Fort Barley is a newer variety—suitable for combining because of its stand up qualities.

Sunday In The Churches

EASTER SUNDAY, APRIL 5th, 1953

"What Do We Mean By Easter?"
"Easter, like Christmas, is rapidly becoming commercialized. Doubtless the process has been so gradual that few of us have realized the danger. A merchant unintentionally gave us a symbol of this tragedy. In his window there was an enormous rabbit. Back on one side was a very small cross. May it not be that we have here an accurate picture of what has happened in our lives? When the Easter rabbit becomes more important than the cross and the open tomb, Christianity has been supplanted by a pre-Christian or a pagan idea.

"Christ must have the central place of Easter or there is no Easter. There is no middle ground. The carousing of millions of people on Saturday evening prior to Easter Sunday makes it impossible for them to understand what Easter means even if they attend church. The Easter parade is often a portrayal of new clothes—not new hearts. Easter must become a Christian Holy Day or we shall eventually lose the day, as well as its meaning."—G. Ray Jordan..

WEEKLY FARM REPORT FOR DUNDAS COUNTY

Spring-like weather, accompanied by heavy rains, have caused flooding along the banks of the Nation River. Frost is coming out of the ground, with rural roads breaking up badly. Most farm operations are at a stand-still. Orchard men are busy pruning and report that trees are in good shape and the prospects for apples for 1953 are good.

Farmers seem to be heading back into hogs as fast as they can, and if this is true, it would appear that another surplus is in the offing. Hog marketings so far this year have been down quite a bit from last year. Ontario marketings to March 15th total 353,700 hogs, or 90,000 less than the same period last year. It is expected that there will be an estimated twenty-four per cent. decrease in hog marketing during July, August and September.

There are ample supplies of clover and grass seed available at reasonable prices and farmers would be well advised to consider the improving of pastures, sowing properly balanced hay mixtures, as prices for small seeds are considerably less this year than for many years. Regular mixtures can be improved by stepping up the contents of alfalfa, ladino or some of the improved grasses such as meadow fescue, brome and reed canary grass, according to their adaptability. With such favourable seed conditions this year, an opportunity is provided for seeding down a greater acreage.

AGNES GLASSFORD AUXILIARY

The March meeting of the Agnes Glassford Evening Auxiliary was held on Tuesday evening of last week at the home of Mrs. George Elliott. The president, Mrs. H. O. Balkwill, opened the meeting with a call to worship and a few thoughts on the hymn. "Lead Kindly Light." The business was dealt with and the treasurer reported a sum of $106.00 in the treasury. It was decided to send $75.00 to the Presbyterial Treasurer.

Mrs. Elliott, Mrs. A. Davidson and Mrs. C. Curtis had charge of the study on Africa. The repeating of the Lord's Prayer brought this part of the meeting to a close.

Games and an Easter contest were enjoyed by all. Mrs. Elliott and her committee served a delicious lunch. The thanks and appreciation was extended to the committee by Mrs. Chas. Cross.

Picadilly Program Changed For Next Week

"The Greatest Show On Earth," Cecil B. DeMille's mightiest masterpiece, will play at the Picadilly Theatre next Wednesday, Thursday, Friday and Saturday. Two shows will be shown nightly, at 6.30 and 9.30 p.m. This is truly a great spectacle, one that should not be missed by movie-goers. It is the story of circus people, the thrills they bring you, the thrills and heartaches they lived. It is filmed in blazing Technicolor, and stars Betty Hutton, Dorothy Lamour, James Stewart and Cornel Wilde. Special prices will be in effect for this great show.

On Monday and Tuesday only, "Tropic Zone" will play—an action drama starring Rhonda Fleming and Ronald Reagan.

Late Mrs. Oscar Cougler

Mrs. Oscar Cougler, respected resident of this district, passed away at her home, near Williamsburg, on Sunday, March 22nd, in her 74th year.

Born at Dundela on May 18th, 1879, she was a daughter of the late George Gordier and his wife, Ellen Payne, her maiden name being Margaret Gordier. She received her education at the local schools and on January 23, 1901, she was united in marriage at Morrisburg to Oscar Cougler, who survives. Other survivors are two daughters and four sons — Mrs. Lawrence Cummings (Florence), of Morrisburg; Mrs. Raymond Charleson (Maude), of Potsdam, N. Y.; Bertam Coughler, of Richville, N. Y.; Robert, at home; and Chesley and Ralph Cougler, of Morrisburg. Also surviving are, a brother, William Gordier, of Dundela; a half brother, Ward Gordier, Morrisburg; three half sisters, Mrs. Joseph Barkley, of Williamsburg; Mrs. Allan Casselman, of Morrisburg and Mrs. Wilfred Laviere, of Morewood. There are 24 grandchildren and 17 great grandchildren.

The funeral was held on Tuesday, March 24th, from her late residence to St. Peter's Lutheran Church, Williamsburg, with her pastor, Rev. J. L. Kirchhofer, in charge. The pallbearers were Messrs. Clifford Shannette, Bert Shannette, Dalton Saddlemire, Howard Saddlemire, Harry Bowman and Edgar Whitteker.

Many relatives and friends attended the funeral from Potsdam, Tupper Lake, Canton, Rensler Falls, Colton, Richville and Winthrop, N. Y.

Mr. and Mrs. Harold Merkley, Mrs. M. Merklev and Miss Allen, of Chesterville, were guests of Mr. and Mrs. Geo. Myers on Sunday.

Late James Haggerty

An aged and highly respected resident of the Winchester Springs' district passed away on Wednesday morning of last week at the Williamson Nursing Home at Iroquois, after a two weeks' illness.

Although in failing health for the past two years, he was able to live in his own home until about six months ago when he suffered a stroke. He then went to live with his niece, Mrs. Alex Mellon, and family, of Hulbert, where all that could be done for his comfort was done by the family.

The late Mr. Haggerty was born 87 years ago on May 15th at Toyes Hill and was the last member of the family. On December 19th, 1893, he married Rubertha Peterson, who predeceased him on August 9, 1900. In 1904 he married Jane Irving, of Hulbert, and after residing at Toyes Hill for four years, they moved to the Winchester Springs' district, where they farmed for a number of years. His wife predeceased him on February 11th, 1939.

Mr. Haggerty was a member of the United Church, Winchester Springs, and was a member of the Official Board for over thirty years.

Surviving are a number of nieces and nephews.

The funeral was held at the United Church on Friday afternoon at 2.30 o'clock. Rev. F. Rice, pastor of the church, spoke comforting words from Luke 2:29; "Lord, now lettest thy servant depart in peace." The choir sang "Face To Face," and the hymns were "Rock Of Ages" and "What a Friend We Have In Jesus."

Interment was made in the family plot at Maple Ridge Cemetery. The pall-bearers were Messrs. Donald Walker, Delbert Young, Dalton Robinson, Elburn McIntosh, Earl Munroe and Delbert Casselman.

Many beautiful floral tributes testified to the high esteem in which the late Mr. Haggerty was held.

CANADA'S health

DANGEROUS GADGETS

A baby's bottle should never be propped up on any object while the infant is feeding; a baby may actually drown from the flood of liquid entering his lungs, if he is not big enough to move away from the bottle by himself. He should be held all the while he is feeding, or at least watched constantly, since such accidents can happen quickly.

VEGETABLE HINTS

When preparing vegetables for cooking, cut all pieces the same size so that the sections cook uniformly. Too long boiling or stewing not only spoils the flavor but also destroys much of the vitamin content. The minimum amount of water should be used, and any liquid left after boiling should be added to soups or gravy to salvage the minerals that have been extracted through boiling.

HOSE WOES

Swelling of the feet may be a symptom of certain diseases such as heart or kidney trouble. Or it may have a mechanical cause—long hours of standing or walking in unsuitable footwear may account for the swelling and discomfort, and hose may be as much to blame as the shoes. Stockings or socks that are too tight, perhaps through having shrunk in laundering, can constrict the foot or the toes and cause trouble, especially to children's feet. A baby's woollen socks are particularly susceptible to shrinkage and if too tight, can cause permanent damage to the delicate little footbones. Adults, as well as children, should always have their feet measured when buying shoes, and hose should be selected with a thought to shrinkage.

OVERSTUFFED

When it is your own poundage, you can have too much of a good thing. The overweight person is not as healthy as the one less luxuriously upholstered and he is far more susceptible to a variety of ailments. But, if the abundance of flesh is there, it is not advisable to start in on a reducing program that relies upon malnutrition for its effects. By going without necessary food, the weight will decrease—but so will the person's stamina and ability to resist disease. The safe way is to consult the doctor and then follow the program he prescribes—faithfully, with no sidesliping.

CREDIT DUE

Great credit is due to the various forms of immunization for the low incidence of some of the contagious diseases which once were epidemic in this country. Smallpox, diphtheria and whooping cough are all preventable diseases and children may be rendered immune to them by simple preventive methods. In most communities, such immunization is available free of charge, and no youngster should be without this protection.

FIRE!

Many tragic fires in this country could be prevented with just a little care. Fires caused by faulty wood or coal stoves in cottages or temporary homes occur all too frequently. Before going out or to bed, the stove should be properly checked to ensure that there is no danger of it becoming overheated and setting fire to the house. When installing wood or coal stoves, it is a good idea to have the advice of the local fire department as to the safe distance from walls and the right way of setting the stove pipes. For those not familiar with the installation of wood stoves, it is wise to have the job done by an experienced person. It is much cheaper to pay the initial cost than to lose property and perhaps lives.

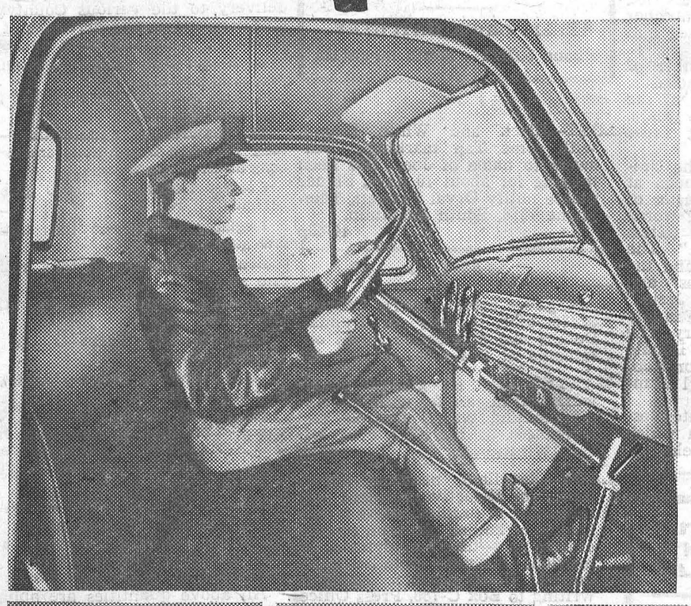
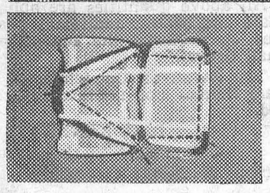
Comfort in the Cab and dollars in the bank



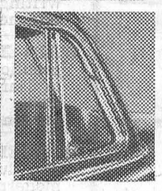
Chevrolet Trucks are first because they're finest—feature for feature—in performance, economy and just plain value for your money. Take a look at the cab for example. It's "Driver-Conditioned", seats 3 big men with ease. Full width seat cushions, easy access doors and placing all controls in easy handling range provide unusual driver comfort and convenience. Impressive? Sure it is. But the cab is just one of many Chevrolet "Advance-Design" features that add up to one BIG advantage — Chevrolet trucks are the world's leading money makers on any hauling job. What more proof could you ask than the fact that truck operators, recognizing this, buy more Chevrolet trucks than any other make. Why not see *your* Chevrolet dealer today?

Chevrolet *Driver-Conditioned* Cabs

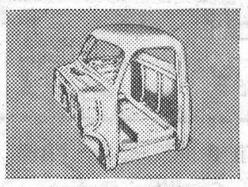


FLEXI-MOUNTING — Husky rubber cushions cut effects of chassis vibration and frame weave to increase truck life, add extra driver comfort under the toughest conditions.

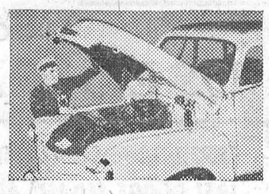
SEAT SPRINGS — Seats have Double-Deck springs, cushiony, Latex-treated hair and cotton topper pad, hard-wearing leatherette cover that looks better, lasts longer.



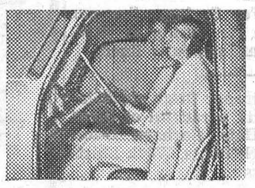
VENTIPANES — Draft-free or forced ventilation just by adjusting ventipanes to desired angle.



BATTLESHIP CONSTRUCTION — For driver safety, this cab is a single, all-welded, double-walled steel unit that gives maximum protection for all occupants.



ALLIGATOR JAW COUNTER-BALANCED HOOD — Easy access to the engine and good visibility come through the alligator jaw hood that stays open easily without a prop.



ADJUSTABLE SEAT — Fingertip control permits easy adjustment. Seat moves full 3⅜" forward, back tilts, seat rises for proper eye-level vision and shoulder support.

FARM REPORT FOR DUNDAS COUNTY

Winter farm operations have come to a standstill and farmers are preparing for Spring. Much difficulty has been experienced by rural folk in normal winter work such as cutting wood due to limited snow and flooding of the land.

Cattle buyers have been active and considerable livestock has been moved across the line. Prices are low but it has served to eliminate some of the congestion on local farms. Hatcherymen report increases in the number of chicks being purchased.

Prospects for Clover this year are not promising, with indications of severe winter killing and smothering due to winter and ice conditions. Feed supplies are short and an early Spring is all that will prevent most farmers from purchasing additional concentrates and roughages. At recent auction sales, dairy cattle have sold very cheaply. Pure bred calves seem to be best sellers, as one farmer reports selling six at $100.00 a piece, when two weeks old. Hog prices are encouraging more farmers to go back into this line.

Any farmers wishing to show seed at the Ottawa Valley Seed Fair, which is being held at Perth, from April 8th to 10th, could contact this office, and we will be very pleased to assist you in making your application. For those who wish to purchase seed grain, the Auction Sale of seed, which will be held on April 10th at Perth, should be of interest.

Control Edible Oils Products For Good of All

(Continued from Page 1)

the Government. They felt sure that no matter what decision might be reached, it would be fair to the dairy industry and to the general public.

Onus With House

The onus for a fair decision rests with this House. We must be fair to an important basic industry. We must do what is within our power to assure our people of a continuous reasonably priced and adequate food supply.

In this and, indeed, in all countries, all phases of our economy have developed and grown up together. They are linked. They cannot be separated. We are faced with a great industrial and population growth. This cannot be overlooked. But aside from our responsibility for adequate food production, we must use our responsibilities and powers to assist in maintaining a proper balance in our economy.

The legislation I am introducing is not demanding anything which is unreasonable; but it will prevent the adulteration of true dairy products. It will ensure that no substitute product will be produced and marketed as a dairy product, when, in fact, it is not a true dairy product.

Other Stands Unfair.

It is unfair to take any opposite stand—to ask our dairy people to stand idly by while their fine, long-established nutritious products are left wide open to adulteration, to be mutilated by the addition of foreign substances. It is unthinkable that this Government should be a party to force a lower living standard on such a substantial portion of our population.

Our dairy products stand or fall on their own merits. I do not need to add there are none better in the world. The dairy industry wants to sell its own products as such. If there is some other product which can be made from vegetable oils and other non-dairy substances, the dairy industry has no objection to such competition nor to any other fair competition.

World Competition

It must be emphasized that Canadian dairy products are on a world market. They are not protected from imports. Their price is accordingly held down to levels related to products which may be imported.

At the same time, in 1952, in world competition, we exported butter, cheese, condensed milk, evaporated milk, powdered whole milk and powdered skim milk.. Exports of all dairy products were only limited or restricted by the lack of the necessary currencies in some of the foreign countries.

At this moment, butter stocks in Canada are increasing and are now almost 32 per cent. higher than they were this time last year. The Province of Ontario this year is faced with an even greater supply than it was during the same period last year.

Not Only Problem.

Butter is not the only problem currently facing the dairy industry. Let me summarize some current stocks, comparing March, 1953, with March, 1952: Cheese—10 per cent. higher than 1952; Evaporated Milk—54 per cent. higher; Condensed Milk—35 per cent. higher; Whole Milk Powder—18 per cent. higher; Feed Powder—274 per cent. higher.

This, you may say, is a dairy industry problem. It is also the problem of everyone.

I have spoken about the role of the dairy industry in supplying food in the form of dairy products. The industry also supplies 50 per cent. of our beef. The dairy industry as part of our live stock economy goes hand in hand with the production of other food crops.

Soybean Interests

Some fear was expressed by the soybean industry with reference to current legislation. That fear no longer exists. The soybean industry is producing about 50 per cent. of the total soybean oil used by us. However, it should perhaps be pointed out that at present the soybean industry is producing only between 16 and 17 per cent. of the edible oils used in Canada. The soybean grower in Ontario has little to fear now, if indeed, ever.

It should be mentioned that approximately 70 per cent. of the principal oils used in our edible oils industry are important in the form of uncrushed soybeans, and copra, that is, dried coconut. Arriving in this form, they come in duty free.

On the other hand, if the soybean growers of Ontario wish to export soybeans to the U. S. .A., they are faced with a duty of two cents a pound or $1.20 a bushel.

As a matter of fact, the soybean industry is closely tied to the economy of the dairy farmer. The price that the soybean grower receives for his soybeans is determined to the extent of 60 percent. by the market price of soybean meal. The dairy farmer purchases the large proportion of this meal for feeding as a protein concentrate to his dairy cattle. The buying power of the dairy farmer certainly has a direct effect on the income of the soybean grower.

World Situation.

At this time some 800 million people are unable to trade with us to the degree that would be to our mutual advantage. Perhaps the international scene may change for the better But at this time there are great segments of international trade that are available to us in only slight degree. But here in Ontario alone, we have a farm population of half a million men, women and children, whose prosperity is largely tied in with the welfare of the dairy industry.

If this industry collapses we shall find a collapse in the purchasing power of our community which will reach into every industry and every commercial establishment in our province. Purchases by our farm people of automobiles, of farm machinery, of clothing, of textiles, of processed foods, of refrigerators, of almost everything, afford one of the soundest, steadiest outlets for the goods that keep flowing from our factories and commercial establishments.

Let farm income decline too far—and it has declined—and the impact is felt in our great factories in Toronto, in Brantford, in Oshawa, in Kitchener, everywhere, all across the land. And when the impact is felt in the industries it is not long in being felt in the stores and indeed in the humblest urban home. Don't underrate the purchasing power of rural Ontario.

This bill is a protective measure for the security not only of a great basic industry, but also of the welare of all our people, if in part it protects our farm population it likewise protects all those dependent on their sustained purchasing power."

* * * *

Note—The foregoing news story and comments on Bill 71 was copied from last Tuesday's Ottawa Farm Journal, after the Bill had been given its second reading in the Ontario Legislature.

The officers and members of the Winchester Concentrated Milk Procers' Association, who are paying for the space used to reproduce the above information in The Press, believe that the facts contained therein "are of vital importance to all citizens of Winchester and district. They wish to point out that the prosperity of the rural villages and towns are only as prosperous as the farming communities which surround them, and anything that can be done to protect the dairy industry is of vital importance to all concerned.

In recent weeks, through large advts. in the daily papers and other forms of publication, certain interests have tried to influence the Ontario Government to defeat Bill No. 71, and the sponsors of this space believe there is just cause for rejoicing over the result of the vote taken last week. The facts, as contained in the above articles, are worthy of your serious consideration.

ST. MATTHIAS' GUILD

Mrs. K. Morrow was hostess for the March meeting of St. Matthias' Ladies' Guild, held at her home on Wednesday, March 25th.

The meeting, which was well attended, opened with the Guild Prayer. The president, Mrs. Ralph MacPherson, had charge of the opening and the business period. Mrs. Frank Dunlop read the minutes of the previous meeting. It was decided to have a dinner for members, their husbands and friends at the home of Mrs. Ross McConnell on April 15th. Donations for Bazaar work were gratefully received. The meeting closed with prayer, and lunch was served by Mrs. Morrow. Mrs. MacPherson moved a vote of thanks to the hostess.

BOWLING SCORES

(By Uncle Ezra)

Greta Frogget led the ladies in the Fennell Group on Monday with 485-198. Raymond Earl took all the men's honours with 497-213.

Tuesday evening in the Community League. Lula Dawley rolled games of 238, 220 and 165 to take the ladies' cross with 623. Terry Churchill rolled the ladies' high single, a 260, and crossed 615. Jean Kenney had 511-204, Marge Crummy 543-205. Don. Casselman rolled a big single of 361 and put other nice strings of 263 and 266 for a triple of 890 to take all the men's honours. Dalt. Kenney had 751-281, Russ Servage 680-245, Murray Holmes 671-257, Don. Servage 644-245, Lloyd Kenney 620-227, Harry Mussell 614-246, Frank Dunlop 610-225, Ken. Ault 603-253. Jim McCloskey had a 279 single.

In the South Mountain Mixed League on Thursday, Eileen Clifford took the ladies' cross, having 519-202. Doris Berry had 511-203, Irene Marriner 507-204. Marjorie Fisher had the ladies' high single, a 226. Keith Beamish rolled a high single of 273 and other games of 185 and 182 to cross 640 and take both men's honours. Gus Cameron had 612-236, Clarence Marriner 600-235. In the March 12th issue of the Press, Uncle Ezra reported Jean Beamish as taking the ladies' high cross with 554 and Doris Berry the single with 203. It was quite an error, as that week Ruth Harper took both ladies' honours, rolling a high single of 252 and other strings of 221 and 181 to cross 654.

In the Thursday afternoon ladies' group, Eva Workman was out in front with a high single of 242 and other games of 144 and 210 to cross 598. Norma Wylie had 538-192, Beth Sawyer 194, Bea. Eadie 191.

In the Glamour Girls' League, Marge Crummy took the high cross with 672, made up of games of 242, 201 and 229. Mabel McIntosh rolled the high single, a 260, and had a triple of 660. Lula Dawley had 656-230, Phyllis Henderson 647-225. Lilian Acres 546-248, Gwen MacIntosh 532-200, Grace Cleveland 532-216, Norah Sleivert 507-203.

In the Morewood Mixed League Clarice Moran took double ladies' honours, having 482-183. Jean Countryman had 442-177. Len Moran rolled the men's high cross, a 637, made up of games of 240, 221 and 176. Glen MacGregor had a 627 triple and rolled a string of 243 to take the single honour.

Andy Egan rolled games of 186, 267 and 287 to take the high cross in the Country Gentlemen's League with 740. Steve Corry had 721 including the high single of the night, a 319. Chas. Binda had 679-268, George Lazelle 651-252, Lorne Byers 633-250, Gordie MacDonald 601-233.

In the Finch Mixed League on Friday, Muriel Binda rolled a high single of 243 and other strings of 222 and 207 to cross 672 and take all the ladies' honours. George Ruppert took the men's cross with 812, made up of games of 292, 241 and 279. George was closely followed by Chas. Binda with an 807, including the high single of the night, a 329, and other games of 244 and 234. Andy Egan had 661-254.

Gospel Gleanings....

"Sirs, what must I do to be saved? And they said, Believe on the Lord Jesus Christ, and thou shalt be saved."—(Acts 16:30-31).

These few words from God's Book give the simple solution of every problem of life for both time and eternity. They should be stamped on every door post and burned into the heart of every individual.

This most important of all questions was asked by a Roman jailor, who thought anything Roman could never be shaken. It took an earthquake to awaken him, and when he saw the prison walls tremble at midnight, and the door fly open, he knew he was in the presence of a greater power than Caesar. Perhaps you are one of the many who are asleep under the sad delusion that salvation may be found in religious form, high ideals, philosophies of life or social improvement; and it would seem as if only a spiritual earthquake could arouse them to a sense of their lost condition. For those who build on the sands of human organization or achievement, the words of Christ will inevitably come true. "The floods came, and the winds blew, and beat upon that house, and it fell; and great was the fall of it."—(Matt. 7:27).

This heathen jailor had never seen a church or a bible; but his earnest cry was met, as it always will be, by the saving power of the Holy Spirit. The light of the glorious gospel shone into his darkened heart. He trusted in, and received, the Lord Jesus Christ as Saviour and became a new creature in Him. He realized at once what many church people fail to grasp, viz: salvation is not found in any earthly power, but in a heavenly person.

"I am not ashamed of the Gospel of Christ: for it is the power of God unto salvation to every one that believeth."—(Rom. 1:16).

The Forager
with the features most farmers want!

A GEORGE WHITE'S big capacity and low power requirement are outstanding whether it is used to harvest hay, corn, grain or straw. It's especially useful in harvesting young hay (green or dry) — a feed with up to 22% protein — for it gets this protein rich hay into silo or barn between showers. Hay making time is cut to a fraction. The time and money you can save with a George White Forage Harvester may equal the cost of the machine in the first year or two.

Plan to see the rugged, dependable, economical George White Forage Harvesters today. Their low cost will surprise you!

REV. HARRY RODNEY DECLINES CALL TO WINDSOR CHURCH

Rev. Harry Rodney, pastor of Knox Presbyterian Church, St. Thomas, Ont., has declined the invitation to become pastor of Canada's largest Presbyterian Church at Windsor. The call came up for discussion at a recent Presbytery meeting, held at London. Excerpts from the report of that meeting as published in the Windsor Star, reads as follows:

"I can't leave the people in St. Thomas. I decline the call." Mr. Rodney told a presbytery meeting.

"The words, uttered in a low tone and in a voice choked with emotion, were the signal for an outburst of applause from approximately 50 St. Thomas Presbyterians who attended the meeting. After the applause, handkerchiefs fluttered among the rows of St. Thomas delegates as men and women wiped away tears of emotion or bent their heads in prayer.

"For the 40 members of the Windsor congregation who made the journey to London to present their case before the London Presbytery, it was a bitter disappointment, but none quarrelled with Mr. Rodney's decision."

Rev. Mr. Rodney is a former Winchester boy, and his career in the ministry has been watched with interest by his many friends here.

L.A.C. RAY GUY HONOURED AT FAREWELL PARTY

Prior to his leaving for an Air Force base in Germany, L.A.C. Ray Guy was honoured by his family and friends at a farewell party, held at the home of Mr. and Mrs. Kenneth Guy last Wednesday evening. Over seventy-five attended.

During the evening games were played and dancing was enjoyed to the music of the Miller Bros. Ray was later called to the floor where an address was read by Shirley Arbuthnot. and a presentation of a Gladstone bag and signet ring was made. He replied, thanking his friends for the lovely gifts and the farewell party. Refreshments were served by the ladies.

On Sunday, L.A.C. Guy was honoured at his home by members of his immediate family, the occasion being his 19th birthday. Among those present were Mr. and Mrs. Charles Davidson, of Stirling, Ont., Mr. and Mrs. Gordon Guy, of Trenton, and Mr. and Mrs. Floyd Cochrane, of Smiths Falls.

TRIPLE CHECK OK Used Car & Truck Sale

GOING STRONG!

New Chevrolets, Pontiacs, Oldsmobiles, Buicks, Cadillacs, Chevrolet Trucks and GMC Trucks are being delivered to our customers daily, and naturally, a splendid variety of "TRIPLE" Check Cars and Trucks are rolling in and out of our reconditioning plant all the time. A lot of them barely make Melvin's Used Car lots before they are sold.

For instance, last week Melvin's sold a 1952 Chevrolet, a 1951 Pontiac Coach, and a 1951 Studebaker with overdrive, and were so sold on these cars themselves that they lengthened the guarantee on all three models.

Yes, that's just the way they deal down at Melvin's. Their cars are the finest, their prices are more than in line, and their Warranties have made it possible for them to boast of 70% of their business last year being repeat business.
