THE IROQUOIS POST

VOLUME LI - No. 31 | Second Class Registration No. 1361 | Iroquois Ontario, January 17, 1973

1973-74 Iroquois Council

Pictured left to right, standing are Councillors James Styles and Jack Fetterly, and Clerk-Treasurer Fred T. Lloyd; seated are Councillor Frank Rooney, Reeve Lloyd C. Davis, and Councillor Mrs. Helen Smith.

Lions gain three new members

1973 Lions activities got off to a first-rate start with the regular meeting held in the Civic Centre Monday evening. Dinner was provided by the Catholic Women's League, and Mrs. Charles McInnis was at the piano. Lions distinguished themselves with a 98% attendance.

The meeting featured a double bill for the evening. First on the card was the official visit of the District Governor, Lion George Warren of the Ottawa West Club. Governor George is no stranger to our Club, and was received enthusiastically as a good friend. He spoke briefly about Lionism, stressing the motto "We Serve". Fifty-five years of Lionism has seen it grow into the world's largest service club, of almost one million members in 147 countries. He called us "the world's greatest servers," because we have a belief in people, and are sensitive to their needs. We are a "service club", not a "social" or "knife and fork" club.

Governor George noted that Lionism is "a key to the practical application of spiritual principles" in everyday living. Lions are playing "good Samaritans" throughout the world. He concluded his remarks by saying that Lionism makes its members both glad and sorry: "we are glad that we

See Page 7

Agnes Brouse died Tuesday

Agnes Derighter Brouse, wife of George Brouse, Iroquois, died at Brockville General Hospital on Tuesday, January 16th, 1973, in her 76th year. Resting at Fitzsimmons Funeral Home, where friends may call on Wednesday, January 17th from 2 to 4 p.m. and 7 to 9 p.m.

Service at 2 p.m. on Thursday, January 18th at the Funeral Home. Interment at Iroquois Point.

Died in Georgia

A former resident of Iroquois, Robert A. Kilgore, 51, of East Ridge Road, Gainesville, Georgia, died in hospital there on December 24th. Bob's father was employed at Caldwell's prior to World War Two.

United Church Women hold meeting

On last Tuesday evening, the Iroquois United Church Women held their first meeting of the new year. Those assisting and presenting the program and worship were Joan Gee, leader, E. Render, Gertrude Render and Caroline McGee.

The area being learned this year is India - a country 1/3 the size of Canada, populated by 25 times as many people as Canada or as many people as populated North, Central and South America and the Carribean Islands. With the present rate of growth, the population is expected to double by the year 2000. The per capita annual income is $76. There is 1 doctor for every 5000 people. Facts were then presented about the two most serious problems always accompanying an over-population situation: hunger and disease. Profound efforts are being made to educate young parents of India in modern methods of family planning and birth control. This is not easy, for it is contrary to old family traditions and beliefs.

By means of a game, we were made aware of many products used daily in our homes coming from India. It made us conscious of India's agriculture and its importance in her fight against hunger.

The worship service was most effective for it read from the scriptures passages on suffering and healing and the feeding of the multitudes. The hymn was for medical mission.

Among items of business discussed were the forthcoming dinner for Presbytery Jan. 25, the Valentine food sale Feb. 9, a Lions supper in late Feb., a layette for the Victor Home, articles to be brought to the Feb. meeting, a reminder to save nylon stocking for supply, as well as used postage stamps.

The complete financial statement for 1972 was presented to the great satisfaction of the members, who through much work and dedication throughout the year, had given substantial financial support to the local church, the Mission & Service Fund, as well as many other projects. The new budget for 1973 was presented and accepted.

A social half hour was enjoyed before the meeting was brought to a close.

The Iroquois U.C.W. acknowledge with thanks the coverage and press space given them during the year by The Post. We are grateful to the management for consideration given.

James Ernest Hamilton passes in Toronto

Death occured suddenly to James Ernest Hamilton, in his 74th year, at his home in Toronto, on Saturday, Dec. 23. He was the only son of the late Thomas Hamilton and Lydia Larmour of Brinston. Educated at Dixons Corners School and Iroquois High School, he enlisted at the age of 16 in the Queen's University Highland Battalion, and served overseas until wounded in action in 1918. He spent some months in hospital in England before returning home in 1919.

After graduation from the School of Optometry, he practised in various cities in Ontario, until the city of Elliot Lade was built in 1957 when he opened an office, one of the first business places there. During his 15 years there, he contributed much in leadership and service to improving the new community, especially to the United Church where he was Senior Elder for many years, and at his retirement was made an Honorary Life Elder. He also had a continuing interest in St. Joseph's Hospital and donated his professional services to the sisters administering the hospital. He also gave much support to the Canadian Legion, in many ways.

The high esteem in which he was held in Elliot Lake was demonstrated by the fact that his passing was announced from the pulpit of all churches in that city, and the family was informed that the flag would be flown at half-mast until after funeral services.

Due to poor health after open heart surgery in 1970, followed by a severe stroke, he was forced to retire and then moved to Toronto.

In 1919, he married the former Violet Burtch of Gananoque, to which union were born four children. In 1939, the day after Canada declared war, he again enlisted in the Armed Forces, arriving in England with the first overseas Contingent, and served for six years in Italy, France and England. On repatriation, he returned to his profession, and soon after was married to the former Nina Parks, who survives him. He is also survived by two daughters, Mrs. Harry Trunks (Evelyn) of Toronto; Mrs. Edward Kavanagh (Dorothy) of Aurora; and a son Clifford of Elliot Lake. A son Keith, having predeceased him in 1959. He leaves thirteen grandchildren, also a sister, Mrs. Lottie Merkley of Iroquois; a niece Mrs. E.T. McLaughlin of Ottawa and a nephew Lorne H. Merkley of Iroquois. One cousin, Mrs. Donald Hare also resides in Iroquois.

Funeral services were held in Toronto at MacDougall's Brown Funeral parlours on Wednesday December 27th, after which the body was conveyed to the Fitzsimmons Funeral Home in Iroquois, where a service was held by Branch 370, Canadian Legion of Iroquois that evening.

Services were conducted on Thursday by Rev. Gerald Burtch of Toronto, brother-in-law of deceased, assisted by Rev. Brian Gee.

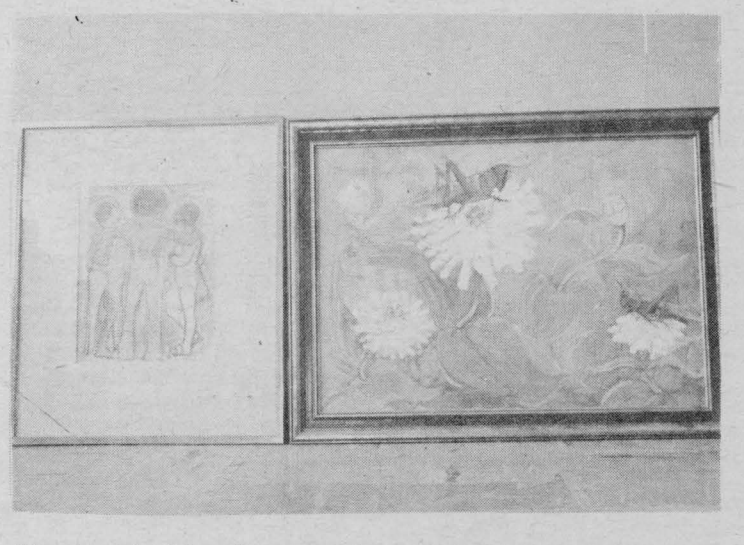
Internment was in Point Iroquois vault, with burial to take place later at Spruce Haven Cemetery, Brinston.

Pall bearers were George Brouse; Calvin Serviss; Clint Stewart; Ross Jamieson, Keith Beaupre and Graham Caldwell.

Gordon Blair Night

On Friday evening, January 12, at the Legion Hall, Spencerville, a dozen long-time Liberals from Iroquois, joined in a social evening with other Liberal-lions from the Grenville-Carleton riding to honour their provenized, idolized and capsized M.P., Gordon Blair.

Everyone enjoyed the dancing, fraternizing, sumptuous smorgasbord, and quips at the microphone by Hugh Blaine, Mahlon Zeron, Lloyd Francis and Gordon. Much credit is due the handful of Spencerville organizers for a well-planned and pleasant party.



Black and white does not do justice to these colourful paintings by Marjorie Winslow now on exhibit at Craft House. Drop in and see these and others by this Brockville artist.

Elusive Values

War in Vietnam. Without those words the TV stations would have little to report about in their news programs these many years. Magazines and newspapers have used tons and tons of material showing the effects of war in that small country. And billions of dollars have been expended . . and we're all wondering for what purpose.

While Canada has not been involved in the war, we have been involved morally in wondering why there is a war and what good such wars do for countries like Vietnam. Or any country for that matter.

That war has been going on for so many decades that most people alive in the world today were'nt born when it started. Several countries have been involved in trying to settle the differences in the country and still it goes on.

Public opinion in the world has steadily gone against American involvement and is probably as high today as at any time in the past. The Canadian Government has sent a letter of protest, as have many nations, but the war is still going on. Neither side seems to want to give in to the other.

The easiest thing in the world to find is . . . fault. Just where the fault lies in such a war is elusive . . almost as elusive as the peace which Vietnamese have fotgotten can be a way of life.

For their sake we hope their way of life can change to one of peaceful existence in the near future.

Somewhere along the years we've let some of our values slip if we feel that war is a necessary evil. It's an evil, alright, but far from necessary.

Donald Irvine, M.P.P.

Report from Queen's Park

Last November, Thomas Wells, Minister of Education, made the following announcement:

"There will be a sharp curtailment in the amount of money available for capital construction in education. As a result, every school board will have to fully justify any new accommodation it wishes to build, and the Ministry intends to thoroughly scrutinize every application for a capital project to ensure that real need does exist - - and that no viable alternative accommodation is available."

This statement has caused a great deal of concern! Some people even feel that it is a turnabout in the government policy. So lets take a close look at school accommodation.

For the last 25 years, there has been a sustained demand for additional school accommodation and the financial resources allocated for the construction of new buildings and additions have reached unprecedented amounts and have continued at a high level to the present time.

A number of factors combined to create a need for expansion of accommodation and facilities. The fact that little or no school building took place during the Great Depression and World War II meant that there was a backlog of need that had to be met.

However, a new set of circumstances has been emerging which will affect the need for additional accommodation.

The Committee on the Costs of Education, in its 2nd interim report has indicated that in 1970 elementary school enrolments reached its peak and is now declining rapidly. By 1980, there will be 180,000 fewer pupils than there were in 1970.

While the committee's studies also show that secondary school enrolments are still increasing by approximately 17,000 students for each of the next 3 years - a rapid decline will begin in 1975.

At this point you may be wondering - why did the school boards in 1969 show a need for 155,763 additional pupil places (covering a 10 year period from 1969-70) when in

See Page 11

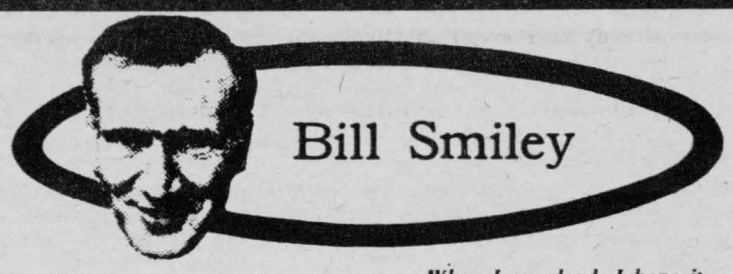
The Old Iroquois

The Bank of Montreal As It Was

One of the most impressive buildings along "the front" was this one in the Old Iroquois. The Bank of Montreal, as did all banks in years past, built this formidable looking structure to preserve the impression of solidarity and safety that banks felt was necessary to their image as bankers. The bank manager usually resided in one part of the building. It was located right in the centre of the business section of the old village

HERE'RE SOME LAUGHS TO HELP YOUR 1973

by Bill Smiley



It was rather a gloomy end to 1972, with the deaths of scrappy Harry Truman and that fine Canadian, Mike Pearson, and the eternal shootings among the mad Irish, and the earthquake in Nicaragua.

So let's get off on the right foot for the next twelve months with something a little lighter.

Some columnists are smart enough to keep a file of funny or unusual things that happened during the previous year, so that they have a ready-made column just after New Year.

The only funny or unusual thing around our place is my filing system. I just took a look at it, eighteen inches high all over my desk, picked up my typewriter and moved to the dining-room table. There's nobody here but us crumbs.

Whereby I decided to pass along some things that I consider amusing, with the hope that you will too. They're not original, and are culled from the centuries.

Here's Stephen Leacock describing an encounter with a pirate ship: "The two ships were brought side by side. They were then lashed tightly together with bag string and binder twine, and a gangplank laid between them. In a moment the pirates swarmed upon our deck, rolling their eyes, gnashing their teeth and filing their nails."

And as he relates the ensuing carnage: "I noticed one gigantic fellow brandishing a knotted towel, and striking right and left among our fellows, until Captain Bilge rushed at him and struck him flat across the mouth with a banana skin."

That's the humour of incongruity. Here's an example of the humour of heartlessness, of which a master was Harry Graham. Try writing some of your own.

The ice upon our pond's so thin
That poor Mamma has fallen in
We cannot reach her from the shore
Until the surface freezes more.
Ah me, my heart grows weary waiting —
Besides, I want to have some skating.

Another of his was:

In the drinking-well
Which the plumber built her
Aunt Eliza fell;
We must buy a filter.

Here's a touch of the ironic. And I'd like to ask my friend Dr. Hackstetter to please note.

"The denunciation of the young is a necessary part of the hygiene of older people, and greatly assists the circulation of their blood."

How about a couple from Ogden Nash, that great humorist in verse. This one's entitled Song Of The Open Road:

I think that I shall never see
A billboard lovely as a tree.
Indeed, unless the billboards fall,
I'll never see a tree at all.

That's typically American in theme and content, but here's a little couplet of his that is symbolic and universal:

If you hear the scream of a panther
Don't anther.

I can't resist one more Ogden Nash, and if you haven't read him, buy a copy. This is called Reflections On Ice-Breaking.

Candy
Is dandy
But liquor
Is quicker.

Then, of course, there's the epigram, a very brief witty observation. Its master was Oscar Wilde, who came to a bad end, in more ways than one. But our sample will be from Hillaire Belloc. Entitled On His Books.

When I am dead, I hope it may be said:
His sins were scarlet, but his books were read.

Isn't that a nice example of the pun, as well as saying in two lines something about the monstrous pride of the writer?

Here's another by Belloc. It's called, simply, Epitaph On My Wife:

Here lies my wife.
Here lies she.
Hallelujah!
Hallelujee!

Then there is the limerick. Some of the funniest (and foulest) verses in the language are found in this form. But this is simply clever, or cleverly simple.

The bottle of perfume that Willie sent
Was highly displeasing to Millicent;
Her thanks were so cold
They quarreled, I'm told
Through that silly scent Willie sent Millicent.

The fine art of satire has fallen into lethargy these days, except perhaps among political cartoonists, where it is often merely cruel, rather than witty. But the Roman satirist, Martial, wrote a verse that is just as modern as it was 2,000 years ago.

The golden hair Fabulla wears
Is hers. Who can deny it?
She swears 'tis hers, and true she swears
For I did see her buy it.

Many Canadians tend to take life very seriously. I hope these samples, ninety per cent of which were taken from school texts, will help dispell that preoccupation. So. Whether your troubles are kids, or parents, or old people, or unrequited love, remember, you have only one life. And this is it. Enjoy.

Letter To The Editor

Get off our property and stay off it!

Mr. Editor:

This is the advice, request and warning that the Corporation of St. John's Anglican Church gives to the snowmobile drivers who cut down from Maple to Lakeview, passing between the church and the rectory. Repeat: Get off OUR property, and stay off it!

Each year since the installation of St. John's outdoor lights.... and they are a very attractive addition to the beauty of our Village... some irresponsible driver has broken one or more of these lamps from their foundation, causing damage, expense and inconvenience. More than this, the illuminations are a Memorial.

Three years ago at Christmas, the east lamp was severed from its standard and quickly dumped in the neighbour's bushes. It was found and returned to us in the spring, by honest persons. In 1972, more damage was done on the west side of the church.

Just this past week, the Rector found the TWO lamps on the west side broken, and the tracks of the snowmobile were all too evident. The driver of that snowmobile knows what happened, too.

Year after year, this is just too much to put up with! We repeat again, clearly and finally, the Corporation of St. John's Anglican Church advises, requests and warns ALL snowmobile drivers to get off and stay off OUR property.

Respectfully yours,

Rev. Allan Rogers, Rector
Gerald Cornell, Rector's Warden
Carl Banford, People's Warden

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

Before Freddy's picture arrived his social worker reported that this toddler has a most appealing smile. As you see, she didn't exaggerate.

Anglo-Saxon in descent, he has very dark eyes, brown hair and fair skin.

Freddy is nearly two but he is so small he looks much younger. Though he was a full-term baby he weighed only four-and-a-half pounds when he was born and it seems that he will continue to be a little fellow.

Freddy has Pierre-Robin Syndrome, which usually means the person affected has a small mouth, cleft palate and receding chin. There is no outward sign of his problem and his palate is now diagnosed as "soft" rather than "cleft". He will not need corrective surgery but may later require speech surgery and orthodontic work.

Freddy has progressed from requiring all food put through a blender to being able to eat a fairly normal diet as long as foods are mashed with a fork. He has a good appetite and he sleeps soundly.

Freddy walks well and talks a good deal. His vocabulary is limited, as you would expect, but he tries to repeat everything said to him.

This happy, friendly boy beams on everybody paying any attention to him. He is affectionate, energetic and very determined.

The Syndrome in Freddy's medical history occasionally means a child is retarded. This laddie is not, but he will likely be a slow learner.

Lovable Freddy needs a family who will welcome a lively affectionate small boy and who will be committed to helping him later with speech therapy.

To inquire about adopting Freddy, please write to Today's Child, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

DOLLARS & GOOD SENSE

by WILLIAM J. MARTIN
Special Consultant to
Avco Financial Services

Have you filed your income tax return yet? Probably only if you're due a sizable refund.

Even though you still have plenty of time to wade through the tax forms, it's not too early to start. There are a lot of changes in the returns for 1972, and the sooner you get going, the better off you'll be.

In the U.S. tax payers will see a new short form this year. It's not the small card of a few years ago, but it's still an abbreviated version of the standard form designed for people who use the tax tables rather than compute their own tax. The new form will allow taxpayers fairly sizeable deductions, too.

In Canada a single form will be used for the first time with new composite tax tables. There'll also be changes in basic personal exemptions.

So it's not the same old game, and it'll pay you to take an early look. The tax guides published by the government will help, or you may choose one of the many tax services that are available.

If you use outside help, though, remember that you are still solely responsible and liable for the accuracy of the information you file. Make sure you understand what you sign.

Readers' questions are welcome and should be sent to Box 5875 London, Ontario.

Mrs. Dan McCormac and brother Mike, Cardinal, spent Friday with Mrs. Roger Richardson.

Mr. & Mrs. Ralph Cooper spent Friday evening with Mr. & Mrs. Clarence Moore of Prescott.

Annual meeting of Pittston United Church will be on Friday evening at 8 p.m. at Mr. & Mrs. Ralph Cooper's.

Mr. & Mrs. Paul Gravelin and Denise, Prescott, spent Sat. with Mr. & Mrs. John Richardson and family.

Bell Canada News

The Bell Canada 1973 telephone directories are scheduled to be distributed in the Brockville area in March. Before the directory is printed in its final form, Bell Canada would like to hear from any of their customers in this area who want their name or address to appear differently in the 1973 directory than they did in the 1972 directory.

"In order to satisfy our customers" said Barry Mason, Bell manager in Brockville, "we require their assistance. If they want to see their name or address listed in the new 1973 telephone directory in a different way than they were listed in the 1972 directory, they should call the Bell Canada business office before Feb. 2, 1973.

"Check page one of your directory for the number of the business office. Our people will be very pleased to hear from you. And that way, you'll be sure to see your name and address listed the way you want.

95 men employed in Parks

A Special Winter Works Programme by the Province of Ontario, funded through the Ministry of Natural Resources, will add $\frac{1}{4}$ million dollars to area payrolls during the next three months.

95 men, recruited for the most part through Welfare Agency referrals, are presently employed and it is expected the work force will be increased by an additional 30 men in the next few days. Work groups located on parklands in the counties of Glengarry, Stormont, Dundas, Leeds, Frontenac, Lennox and Addington, are carrying out pre-planned projects which will continue through March 30th.

Projects now underway include the removal of many dead elm trees along with underbrushing and clean up of these areas. The trees in the Crysler Maple Sugar Bush are being thinned to stimulate growth for greater sap yield in future years.

In Upper Canada Village, a work unit is engaged in construction of the Print Shop along with renovations to the No. 1 Transformer Station while at Fort Henry interior maintenance projects are being carried out.

Atoms on winning streak

For the last 12 games, the Atom "A" team have won 9, lost one and tied 2. They are just 2 points behind 2nd place Prescott and some of the reasons for this fine showing are Kent Smith's 5 shutouts. A week ago Sunday, our boys travelled to Kemptville where they managed a 2-2 tie. On Tuesday, Iroquois downed Morrisburg 3-0 and Sat. saw our Atoms hand Athens a 3-1 defeat. At Cornwall's Bob Turner Arena on Jan. 14, the Atoms won another one over the Cornwall "B" team by a 4-2 count.

On Saturday, our Bantams played in their first tournament of the year at Morrisburg Although Iroquois played an extremely fine game, the Cardinal team came out on top of a 2-1 score.

Morrisburg then knocked the Bantams out of competition with a convincing 5-1 victory.

The Pee Wee team lost a close one on Wed. 3-2 to Cardinal. On Thurs. our boys hosted a Potsdam club at Cardinal and came out on top 4-1. The Pee Wees visited Athens on Sat. and gained a 5-5 tie. With only 5 seconds showing on the clock, Bruce Armstrong took a pass from Stephen Bueley and fired the puck home to give us the tie. Mike Moran had opened the scoring with 2 beautiful goals in the first period.

Morrisburg were the visitors on Sunday and went away with a 5-3 victory to strenghten their hold on first place.

The Pee Wee "B" team defeated the Novice A team on Wed. by a 3-2 score. P. Vanbogen scored the winner with a nice backhand. In House League action, our Pee Wees lost 3-2 on Sat. morning. The boys travelled to Edwardsburg Sat. afternoon for an exhibition game and lost another close one 5-4.

The Novices played Cardinal on our outdoor rink Sat. morning. The game was deadlocked at 2-2 when the final whisle sounded. Scoring for Iroquois were Chris MacDonald and Kevin McEwen.

The Novice A's dumped Edwardsburg 8-1 on Sat. in Cardinal. Some fine passing by the Waddell-Patterson- Shaw line resulted in six goals. Mark Nesbitt, while killing a penalty, broke up a Spencerville rush at centre ice and went in alone to score a short-handed goal. Frank Lee added the other marker on a breakaway.

Iroquois Tykes came up with a 5-1 win over Morrisburg in Cardinal last Sat. Marksmen for Iroquois were Tony Picotte, Darren Hall, Mike Veltkamp, Bobby Byers and Jeff Kirker.

On Dec. 26, Iroquois Midgets outplayed Morrisburg throughout the whole game until the last 3 minutes. During this time Morrisburg tied the game and with only 6 seconds left scored the go ahead goal to take a 5-4 win. Iroquois scorers were Don Adams with two goals and Rick Strader and Lynden Banford with one apiece.

On Jan. 5th, Iroquois defeated Prescott 3-2. Mickey Valiquette, Darcy Casselman and Rick McKee, who have had trouble finding the net put things together and came up with 2 of the 3 Iroquois markers. The other came when Kevin Merkley made an end to end rush, went around Prescott's defence and put the puck behind Chris Gibson in the Prescott net.

With Lynden Banford absent, Darcy Casselman played on the front line with D. Adams and Bill Mullin against Prescott on Jan. 9. Darcy turned in his best game this season, collecting 2 goals and 2 assists, in leading the Midgets to a 5-1 win. Bill Mullin, Don Adams, and Rick Strader picked up the other goals.

A good deal of the Midget's success has to be the 2.50 goals against average of net minder Chuck Reddick. The win over Prescott moved the Iroquois Midgets into a third place tie with Edwardsburg.

Cardinal Snowmobile Rally

The Cardinal and District Snowmobile Club are working to make their public rally, set for February 3rd, a big success.

The rally is set to start from the Cardinal Community Centre at 12:00 noon. Following the rally, a smorgasbord style turkey supper will be held at the Royal Canadian Legion. Following this, dancing is in store.

Tickets are available from Charles Droppo at 657-3011 and Lynne Seeley at 657-4829. The supply of tickets is quickly dwindling, so anyone wishing to partake in this event, contact the above people now so as not to be disappointed.

The next regular meeting of the club is scheduled for Tues. evening, Jan 23rd at 7.30 p.m. at the Royal Canadian Legion, Cardinal. Everyone is welcome, so come and join us.

Minor Hockey Week

My boy is 9 and he pauses to state:
He's playing hockey to-night at eight.
"Me, I can't go, don't count on me;"
Go down and play, I've paid your fee."

My boy is 10; his coach needs
To take the boys to a town that's far.
"Certainly not! My car can't go.
Its not much good in ice and snow."

My boy is 11 and he needs new stuff,
He says his gear is not big enough,
"Now, it costs me money to bowl and curl,
Oh! I wish to God he'd been born a girl."

My boy is 12 and he wants to know,
Why some fathers stay and others go.
"Now, son, don't annoy your mother and me,
We have to play bridge with the Jones' "

My boy is 13; he questions no more,
I guess he's finally learned the score,
"I don't know a thing about the game,
It's not my fault, I'm not to blame."

My boy is 14, the years have flown.
He's tall and strong; my, how he has grown.
"It's now too late to shed the tears.
My God I've missed his childhood years."

Be sure to take your children to the hockey game in Morrisburg Friday, January 26th. during Minor Hockey Week.

All children free accompanied by an adult Compliments of The Clothing Barn, Charlie's Sport Shop, and Morrisburg Junior Lions.

CONSEIL D'EDUCATION DES COMTES DE
STORMONT, DUNDAS & GLENGARRY
COUNTY BOARD OF EDUCATION

NOTICE

Pursuant to The Secondary Schools and Boards of Education Act, Chapter 425, RSO 1970.

A meeting of French-speaking ratepayers shall be held at St. Lawrence High School, 510 McConnell Avenue, Cornwall, Ontario, at 8:00 p.m., January 24, 1973.

Purpose: To elect four members who will serve on a French-Language Advisory Committee of The Stormont, Dundas and Glengarry County Board of Education for the term 1973 and 1974.

Eligibility to be Elected

A French-speaking ratepayer who is not a member of the Board of Education, but has the qualifications required to be a member of the Board of Education, except that a ratepayer elected to the Advisory Committee may be a member of an Elementary School Board.

D.N. Shuttleworth,
Secretary-Treasurer and
Business Administrator

AVIS PUBLIC

En accord avec la "Loi des écoles secondaires et des Conseils d'éducation", chapître 425, RSO 1970.

Il y aura une réunion des contribuables de lange française à l'Ecole secondaire Saint-Laurent, 510, avenue McConnell, Cornwall, Ontario, à 20:00 heures (8:00 heures p.m.), mercredi le 24 janvier 1973.

BUT:

Elire quatre (4) members pour le Comite consultatif de langue française du Conseil d'éducation des comtés de Stormont, Dundas et Glengarry pour la période 1973 et 1974.

ELIGIBILITE DES CANDIDATS:

Est éligible tout contribuable de langue française qui n'est pas membre du Conseil d'éducation mais possède les qualifications requise pour le devenir. Ce contribuable élu au Comité consultatif peut être membre du Conseil des écoles séparées catholiques.

Edgar Alfred Harrington Passes away at Brockville

Edgar Alfred Harrington was called home to be with Our Lord on January 4th at Brockville General Hospital where he had been a patient for the past ten weeks.

He was in his 74th year. The deceased, a son of the late George Harrington and Lydia Drew, was born on April 26th, 1899, in London England. Coming to Canada at the age of 7, he spent most of his early life in the Elgin area, coming to Iroquois about 40 years ago working as Lockman and farming. He served in the First World War with the 156th Battalion in France, Germany and Holland.

In the second World War, he served in the princess Louise Dragoon Guards, being transferred to the Army Medical Corps.

In 1930 he married Elsie Chase who survives to mourn his loss. He leaves behind one daughter, Mrs. Willis Sayeau (Marion) of Hampton; two sons, Howard of Hampton and Carl of Cardinal. Twosons, Gerald and George pre-deceased him. Six grandchildren, Angela and Sheldon Harrington, Steven, Brian, Michael and Carl Sayeau; four sisters, Mrs. Roland Mustard (Lydia), Miss Emily Harrington, Iroquois; Mrs. Donald Dier, (Gladys), Kingston, Mrs. Elmer Tryon (Grace), Barriefield, also survive. A sister, Louise Nugent, pre-deceased him. He also leaves three brothers: George, Delta; Fred and Arthur, Carleton Place.

Mr. Harrington was possessed with a pleasing personality and was a friend to all who knew him. Legion members held their service for him on Saturday evening at 7 p.m.

The funeral service was held at W. E. Fitzsimmons Funeral Home on Sunday afternoon, Jan. 7th, by Rev. Willis Mack of Cardinal Free Methodist Church and Rev. T. J. Riddall of Prescott Church, who is a close friend of the family.

Rev. Mack delivered an excellent eulogy to the life and characteristics of the deceased, followed by appropriate scripture and prayer. Mr. Thomas Gill sang beautifully "When I've Gone the Last Mile of the Way". Then Rev. Riddall brought an inspiring message of comfort and consolation to the bereaved members of the family and spoke of the joys of a prepared life and the rewards of salvation with the assurance of heaven attained at the conclusion of the fever of life.

The interment was made at Roselawn Memorial Garden, Maitland, to wait the resurrection day and eternity of bliss for a race well run.

Pallbearers were: John Huggard, Joseph Crites, Roy Robinson, Ervin MacMillan, John Lewis and Thomas Lewis. The large attendance at the funeral and many beautiful floral tributes and contributions to the Heart and Cancer Funds and Gideon Bibles bore evidence of the high esteem in which Mr. Harrington was held.

Hosts Dundela U.C.W.

The January meeting of the Dundela U.C.W. was held on Jan. 3rd at the home of Mrs. Harold Harkness.

The President, Mrs. Grace Strader, opened the meeting with a poem "Hail the New Year" followed by the minutes of the last meeting by Mrs. Harkness.

Events of interest coming up in the future included: Thankoffering service on April 18th; Food Sale at the Civic Centre on May 11th; Fall Bazaar on Nov. 3rd. and our February meeting to be held at Mrs. Milton Barkley's, with Mrs. Harkness in charge of the meeting.

Mrs. Floyd Gilmour led the worship period with Hymn 571 - Standing at the Portal - followed by prayer. Scripture reading Psalm 5 by Mrs. Harkness, followed by Study book entitled "Pettiness by Mrs. Floyd Gilmour, Mrs. Don Morrell. A poem "Secret of Growth", was read by Mrs. Jacob Tupper.

Closed the meeting with Hymn 581, followed by the Benediction, after which a dainty lunch was served by the hostess.

LIONS from Page 1

have done as much as we have in Lionism, and sorry that we have not done more."

The second feature on the evening's card was the impressive induction of three new members. Those inducted were Claire Dunbar, Bert Van Boven and Jacques Asselin. The induction was ably handled by Lions Lee Ricky and Fred Chapman, also from the Ottawa West Lions Club, who had accompanied Governor George.

The Lions Code of Ethics, and Club Rules, as well as various membership obligations, were outlined for the new members, and they served as reminders for those already in the Club.

In the brief business meeting that followed, Lion Harry Gilmer reported that ten Christmas baskets were distributed to appreciative families during the festive season. Lion treasurer Les Craig reported that we cleared about $20 on the December 16th Dinner and Dance.

Plans are well in hand for the next major Lions event, which is a Pub Nite on Friday, February 2, featuring "Del and Rog" at the Civic Centre.

Beware of unsafe ice

Of all the ways which snowmobilers find to get themselves into trouble, travel on unsafe ice is the easiest to avoid.

The Ontario Safety League states that any snowmobiler who ventures out on the unknown ice of a lake or river is taking a gamble just as deadly as playing Russian Roulette. The snowmobiler can be sure there are weak spots in the ice-covered surface, but the big gamble is - WHERE?

Reports to the Ontario Safety League from the vacation areas indicate extremely hazardous ice conditions on many lakes and rivers due to early snowfalls and repeated thaws. Insulating snow-cover prevents ice freezing to sufficient depth for safe snowmobile travel and mild weather creates slush and increased water currents that weaken the existing ice. So don't gamble your winter fun on an inviting expanse of ice-covered lake or river without expert advice. Ask a member of the local snowmobile club who has an intimate knowledge of ice conditions.

Cabbage And Tomato Casseroles Make Zesty Winter Vegetable Dish

Want to cook something a little different that the family will love? Our Cabbage and Tomato Casserole is a robust vegetable combination that's hard to beat. It features cabbage and fresh tomatoes with some notable companions such as ground marjoram and grated Cheddar cheese.

Cabbage is a popular vegetable for many good reasons. It's available all year, comes in a choice of two colors, is a rich source of Vitamin C and is economical. All the common varieties of cabbage are high in Vitamin C, but new green cabbage is an extra rich source.

Try serving Cabbage and Tomato Casserole with ham, pork, chicken, or lamb. Together with whipped or boiled potatoes, the meal achieves a nice balance of texture, flavor and nutrition.

Cabbage And Tomato Casseroles

- 1 pound cabbage (4 cups shredded)
- ½ cup water
- 3 tablespoons salad oil
- ½ cup chopped fresh onion
- 3 tablespoons flour
- 1 teaspoon salt
- ⅛ teaspoon pepper
- ¼ teaspoon ground marjoram
- 2½ cups chopped peeled fresh tomatoes
- 1 cup cracker crumbs
- 1 cup (4 ounces) shredded Cheddar cheese

Wash cabbage and cut into quarters. Discard core and shred coarsely. Cook in water for about 8 minutes, until tender; drain. Heat oil in saucepan. Add onion and cook until transparent. Blend in flour, salt, pepper and marjoram and cook until thickened. Add tomatoes. Layer tomato mixture and cabbage in 6 individual casseroles. Top with cracker crumbs and grated cheese. Bake in 375°F. oven for 25 minutes. Makes: 6 servings.

Walter Baker makes Maiden Speech In House Of Commons

Mr. Walter Baker (Grenville-Carleton): Mr. Speaker, as I rise on this first occasion to address the House in the throne speech debate I want to add my congratulations to those which have been heaped upon Your Honour by hon. members on all sides of the House. This is a double pleasure for me because, as you know, sir, your constituency of Stormont-Dundas borders mine, and the distinguished townships of Matilda and Mountain which are in my constituency look to your city of Cornwall as their capital. I am naturally pleased, as well, to see the hon. member for Halifax-East Hants (Mr. McCleave) appointed Deputy Speaker. I have known him only a short time, but his reputation preceded him because other members of the House have told me of his wisdom, of his moderation and reason. I am satisfied that during the life of this parliament that will become apparent to all of us.

I do not have to address you, sir, on the subject of the beauties of Grenville-Carleton, the worth of its people and the variety of problems that face them, because as a distinguished member of the bar of Ontario, particularly eastern Ontario, for many years all these matters will be familiar to you.

I am perhaps unique in this House in that I have very many distinguished hon. members as constituents of mine. I met today at lunch, for instance, the hon. member for Algoma (Mr. Foster), who tells me he lives there. I notice things are rather quiet in the constituency, so I imagine he is behaving himself. The minister of urban affairs is a constituent of mine; he lives along the Rideau River. On behalf of all those who live along the Rideau River in my constituency I would remind him that as the river goes by his door he has a great job of work in cleaning up that mess in order that it can be enjoyed by him and all others. The hon. member for Kamloops-Cariboo (Mr. Marchand) and the hon. member for Ottawa Centre (Mr. Poulin) are constituents of mine. I am pleased to say that on the street on which I live in Parkwood Hills there lives the hon. member for Winnipeg North Centre (Mr. Knowles) and the hon. member for Winnipeg North (Mr. Orlikow). In fact, on many occasions prior to entering this House I have pushed the car of the hon. member for Winnipeg North Centre out of the snow. When I hear of that organic understanding, I wonder if my action was wise.

I want to say that I thoroughly enjoyed the performance, and I must call it that, which took place in the House on Tuesday night by the Minister of Regional Economic Expansion (Mr. Jamieson). I must confess I did not learn very much about economic expansion in this country, but I enjoyed his speech because it was laced with wit and wisdom. If any hon. member is prepared to move a motion that he be granted an Oscar for that performance, I am prepared to second the motion. For all of the good fun, there was one significant statement that lingered with me when I left the chamber. That was his statement about the right and, indeed, the duty of a member of this House to speak for the people he represents and for his constituency. So, Mr. Speaker, I should like to speak about these matters for a few moments.

In the southern part of my riding along the St. Lawrence there is an industrial belt, the prosperity of which depends to a great extent on the actions that are to be taken in this House by the government in fields of taxation, economic expansion and the national economy generally. In between that area there is a large urban area to the north; there is an agricultural community that suffers all the problems of marketing and diminishing income that plague the agricultural community everywhere in Canada. In addition to that, it was beset this year by weather problems of an adverse nature and it did, I am sorry to say, suffer from the inadequacies of remedies that this government and the present minister's predecessor were prepared to recommend to assist the farmers who were in need.

Throughout the whole area there are small businessmen in small towns who are waging their own war of attrition against shopping centres, chain stores and other huge operations, and only time will tell how they can fight that battle and whether or not it will be won.

In terms of influence, whether in Prescott, Nepean or along the Rideau River which I mentioned, the overriding influence on the lives of the majority of people in my riding is that of the federal government, which happens to be the largest employer. Whatever this government or any other government decides to do or not to do has a direct bearing on the quality of life of most of the people in the constituency.

In the throne speech the government has indicated that we will be asked to consider amendments to the Public Service Staff Relations Act and the Public Service Employment Act. I want to say to you, Mr. Speaker, and to the President of the Treasury Board, who is in the House, that I welcome that news. However the government may protest to the contrary, I am sorry to say it is a commonly held opinion that the government's record in this field is not without blemish. I join the staff associations in welcoming this intention of action that is long overdue. I hope when these amendments are presented to the House they will adequately deal with all the subjects these associations have laid before government on many occasions.

Without going into any detail at this time, I hope there is an expansion of those matters which can be the subject of negotiation and arbitration between employees and employer. I hope there will be reconsideration of the whole process of arbitration to ensure that it is expeditious, just and trusted. I hope this expansion will lead employees all over Canada to turn their backs upon the strike weapon and look to trusted tribunals for a way out of disputes between employers and employees.

I trust that the legislation will contain reconsideration of the whole field of managerial exclusions to ensure that they are reasonable and that to the greatest extent public servants in Canada will have access to their staff associations. I hope the areas of negotiation will be broadened to include matters in respect of pension plans, life and health insurance plans, rules on promotion, lay-off, transfer and probation. All these things are important to the people of Grenville-Carleton and to their families and, following the advice of the Minister of Regional Economic Expansion, I intend to speak on them at the appropriate time.

I am bound to say that with all other public service matters, the vast majority of the people of Grenville-Carleton are concerned about the policy of bilingualism as it applies to the public service. The Minister of Finance (Mr. Turner) took pains in the opening of his speech on Tuesday night to remind us that institutional bilingualism is not to be confused with individual bilingualism. I was delighted to hear the hon. member for Ottawa-Carleton vindicate me in the position I have taken with regard to the implementation of the Official Languages Act at every meeting throughout this past campaign.

I am pleased that the minister's remarks in respect of fair, humane and a new, flexible approach to the implementation of bilingualism in the public service are to be honoured. I was pleased to note that the Minister of Finance supported my view that the program should contain safeguards, and it does not contain them now, that would ensure that no career public servant of either language group would suffer penalty or hardship in our earnest efforts to implement a most difficult program.

I want to remind you and the members of the government, Mr. Speaker, that when a voice is raised against thoughtless and heavy-handed methods of implementation—and that is what we have in this country—that ought not to be twisted in the mind of any member of the cabinet into an implication that the voice is raised against the principles of the Official Languages Act. I ask the government not to confuse an attempt at a dialogue with destructive criticism.

Every public servant I met during the campaign—and I met thousands—supported the principles of the Official Languages Act. I met very few, however, who appreciated the attitude of the government in the matter of implementation—let that be clear. I heard about it, and I wager that the Minister of Finance heard about it. I wager that the President of the Treasury Board heard about it, and I wager that the Minister of Finance's ears are still burning over what he heard during that campaign. There was almost universal distrust, when there ought not to have been. There was anger, when the government could have fostered understanding. The Prime Minister (Mr. Trudeau), I am sorry to say, did nothing to allay that anger when he came into my riding at the invitation of my opponent and said, "If you don't like it, get out of the public service".

Mr. Speaker, I also heard another line, familiar to me, that came out of the speech of the Minister of Finance last Tuesday.

He said:

I have little patience with those who insist they are in favour of bilingualism in principle but then proceed to engage in destructive criticism of almost anything beyond token efforts to put this into practice.

That is familiar, because the Prime Minister came into my riding and said he had no patience with those who merely paid lip service to the principle of the act. I ask the government not to confuse a request for reason, moderation and simple justice with lip service. I ask them to ensure that in whatever they do to cure any inequities for one group of Canadians, they do not begin to inflict inequities on another group. I say that because it is also within the true intent and spirit of the Official Languages Act. The act was meant to give equality of status to both

Continued Next Week

Tips from Ontario Safety League

Here's a tip from the Ontario Safety League that may help you the next time you get stuck in snow or mud. If one rear wheel is spinning, try applying slight pressure from the parking brake. This pressure applies power to the driving wheel, removes it from the wheel that is spinning, and may allow you to drive out.

The Ontario Safery League quotes this from Motor Truck magazine, in relation to an ATA meeting which discussed trucking taxes and fees:

"Minister of Revenue Grossman seemed to indicate that when the Government needs money and tags you, you're it. Although frank and humorous, the discussion was about as productive as correspondence with Ottawa when the income tax boys think you owe them money. You'd have better luck if you were a wife arguing with Henry VIII."

Letter To The Editor

The Notice regarding Caldwell Linen Mills Limited published on Page 5 of the Iroquois Post dated January 15th, 1973, is in regards to a name change only.

In order to prevent any misunderstanding of this notice, it simply means that this Company will continue to manufacture Caldwell Towels under the Dominion Textile Limited name instead of Caldwell Linen Mills Limited.

The name "CALDWELL" will continue to be used by the Company for business purposes.

L. A. Merkley,
Personnel Manager

Winchester Hospital Aux. meets

The January meeting of the Winchester Hospital Auxiliary was held in the committee rooms of the hospital.

Mrs. Fred Cass opened the meeting with the volunteer's prayer. Roll call was answered by 29 members of 8 units in attendance. Monthly reports were given by the Auxiliary Treasurer -Memorial Fund Treasurer Miss Legris, Mr. Stel.

Mr. Stel reported a blood clinic will be held here on April 16 and September 24.

Mrs. Cass thanked all who helped in any way to make the Christmas season a joyous one, and special thanks to the volunteers who helped organize the festivities.

Mr. Thom of the Red Cross Society hopes to set up a committee in this district, toward the formation of the Home Care Course. Mrs. McCullough's resignation as press reporter was accepted and Mrs. Chas. Wallace appointed.

Chesterville Unit will take care of the tuck cart for February. A dessert party is planned for the 14th of March. Next meeting to be held on Thursday, February 8th at 2 p.m.

By Leo Debellefeuille

Don't Send - Take Your Boy to the Arena!

Minor hockey is a Family Affair! Most minor hockey organizations want to help young Canadians take part in Canada's National Sport, under properly supervised conditions. They all want to be a part of the program that develops the type of young men who can, and will retain hockey supremacy for Canada.

The objectives of Minor Hockey are the character building, physical benefits of each boy as well as to encourage the promotion of minor hockey in every community from one end of Canada to the other; to encourage parents to take an interest in their boy's activities; to honour those who serve as volunteer workers for minor hockey regardless of their capacity and to honour the service clubs and other public spirited organizations and individuals who support the efforts of these people; to encourage parents to participate as sponsors, managers, coaches, league or organization officials, referees, etc.; to inform the public what minor hockey is doing in each community.

Yes folks, these are some of the many objectives in operating a proper minor hockey organization.

In Iroquois, we are very fortunate to have a sound minor hockey system and dedicated people doing a dedicated job for the promotion and furtherance of the sport locally.

Truly, the I.M.H.A. is keeping in step with the rest of Canada and performing an excellent role in providing minor hockey for boys in this community. When any sports body keeps a boy on ice, he is bound and bent to be kept out of hot water - both now and later in life. If you encourage Hockey - you will discourage Hookey.

In both Iroquois and Matilda Township, the public have always been exceptional when it comes to supporting minor hockey, both morally and assisting to raise funds for its support. The Iroquois Minor Hockey Association has produced many fine and excellent graduates down through the years of their operation and will continue to do so in the future as long as the support they have been extended will continue. Glancing back to the pages of time, lets select the year 1960-61 for example and attempt to visualize the impact minor hockey had on the economy of today. Ten years ago, the annual survey by the Ontario Minor Hockey Association indicated at that time its teams had spent over $570,000 during the season, or about $12.20 each for the 46,720 Ontario boys registered to play hockey in 1960-61

Multiply this by the 124,682 minor hockey players registered with the C.A.H.A. and you arrive at an estimated $3,765,496 spent on minor hockey that winter.

You may ask "What does this prove?"

It proves that minor hockey puts back more than three million dollars into the pockets of small businessmen such as gas stations, bus companies, arenas, sports shops, shoe stores, jewellery stores, restaurants, food markets, motels, hardware stores, clothing shops, etc. Truly, minor hockey is a million dollar business! Be enthusiastic about minor hockey, its contagious! The success of minor hockey depends upon everyone, you and your participation! Minor hockey is now an accepted and important part of the local sporting scene. To ensure its continued success, we solicit your aid. Remember always that there are many advantages to have boys participate in Canada's National Sport. More parents should be attending games in which their sons participate and to offer encouragement and attention to the contribution to the community being made by the volunteer workers who make minor hockey possible for boys in Iroquois and Matilda Township.

These people should be honoured and recognized, who by their efforts as volunteer workers for minor hockey contribute to the advancement and well being of our most important Canadian product - Our Youth.

These local citizens direct attention to hockey's ability to help our youth by teaching them good sportsmanship, healthy competitive spirit, the respect for authority, the respect for the other people's property. In short, to teach good citizenship!

Apart from playing the game of hockey, they also add to the character-building, physical and moral benefits of many boys in our area.

Keep Canada First - Support Minor Hockey.

It is my personal desire to compliment every boy in Iroquois and district who are playing minor hockey and to continue playing Canada's National Game. Sports fans, I think minor hockey is good for every boy and here are some reasons why your son should be a member of Minor Hockey.

Minor hockey fills a boys spare time with healthy occupation in healthy company.

Minor hockey gives a boy character, which is essential to success in any career.

Minor hockey is training in good citizenship and helps to make good individual citizens for the future.

Minor hockey gives a boy the opportunity of service for God and his fellow neighbour.

Minor hockey gives a boy a sense of honour and loyalty he will add to the community's well being later in life.

Minor hockey teaches a boy self reliance, so that he can defend for himself and other people.

Minor hockey gives a boy a good sound and healthy body and mind, through open-air exercise.

Minor hockey gives a boy happiness, through cheery comradship with fellow players.

Minor hockey will make a man out of your boy, the sort of man you would wish and dream him to be.

Minor Hockey Week in Canada and Iroquois for 1973 will be observed during the week of January 20th to 27th.

Down through the years, minor hockey week has been firmly established as one of the features of Canadian winter sports activity. It has taken its position in our Canadian way of life because of the keen desire of people in all walks of life to support participation in Canada's National Sport by the youth of our nation.

During the ensuing days, The Iroquois Minor Hockey Association players will be in the spotlight as they continue their scheduled contests.

Coaches, assistant coaches, managers and referees as well as executive members will be out in force directing their young charges.

Those who are working on behalf of Iroquois' youth merit a salute for their efforts.

I feel strongly that all citizens will join me in congratulating those behind the Iroquois Minor Hockey Association for the splendid work they are doing. Further, I hope our young hockey players will enjoy themselves throughly during this special week, which is sponsored for their benefit.

Last but by no means least, it is my personal wish to have dedicated this column to focus attention on Minor Hockey as it pertains to our village in particular. Therefore, allow us to finally conclude the column by publishing the names of the people who offer so much of their time and efforts to make minor hockey a success in Iroquois. To the following people, nothing can be said other than "Thank you for your assistance and generosity".

Gerry Fulford, Ron Graham, Allan Bueley, Ann Nesbitt, George Eddy, Lorraine Patterson, Doug Hartle, Lee Merkley, Jack Valcour, Jim Brennan, Don Duval, Jim Eden, Wayne Patterson, Ted Styles, Earl Nesbitt, Rod McKay, Brent Lapier, Bill Lee and Charles Waddell.

Reeve L.C. Davis drew the winner of the I.M.H.A. 50-50 draw, which was awarded to Perry Hatfield of Cornwall to the sum of $89.63. The concession is open each evening and weekends at the local rink, catered to by the ladies auxiliary of the I.M.H.A. Remember - If you play sports, be a good one!

Snowmobiling

The snowmobile industry, through associations and individual manufacturers, is making a commendable contribution to safe snowmobiling.

The finest snowmobile safety film screened to date at the Ontario Safety League is "The Seven Deadly Sins", produced by the manufacturers of Scorpion snowmobiles. This 10-minute film vividly portrays in beautiful colour the major problems confronting snowmobilers:

1. Drinking - over three quarters of all accidents reported involve drivers who had consumed the equivalent of two ounces of liquor shortly before the accident.
2. Collisions - with motor vehicles, fixed objects and other snowmobiles.
3. Unsafe ice - on lakes and rivers involving drowning fatalities.
4/ Riding Railroad tracks -with resultant collisions with trains.
5. Overdriving headlights - travelling too fast at night to avoid unexpected objects.
6. Travelling alone - becoming lost or marooned with damaged machine.
7. Loose clothing - becoming entangled in moving parts.

"The Seven Deadly Sins" is available at a nominal cost to cover handling from the Ontario Safety League, Film Library, 409 King St. W., Toronto M5V 1K1, Phone: (416) 362-1516.

Inject New Vigour Into Your Livestock with Shur·Gain Injectable Vitamins A,D and E

In situations where stress conditions, over-work, or inadequate feeding have caused vitamin deficiencies, vigour and good health can often be fully restored with SHUR·GAIN INJECTABLE VITAMINS A, D AND E.

Incoming feeders (cattle and sheep), bulls in service, high producing and freshening cows, prevention of scours, getting newborn animals off to a healthy start . . . these and other situations prove the value of injectable vitamins A, D and E.

Cattle, horses, swine and sheep can all benefit from SHUR·GAIN INJECTABLE VITAMINS . . . where the highly concentrated solution permits small volume injections, and rapid treatment of large numbers of animals.

St. John's News

More than sixty five people of Iroquois and the community attended a public meeting at St. John's Anglican Church at which Dr. Alex Deutsch made a presentation about Orthodox Judaism. An animated dialogue continued for an hour and a half, which is a fair indication of our community's willingness to grasp this profitable learning experience about another man's religion.

At the Sunday morning Service, Rev. Allan Rogers presented the salient information about "Key '73" a long range plan at an Ecumenical level for the evangelizing of the North American continent. It will be part of the deliberation of the annual vestry meeting on Tuesday, January 23rd in the Parish Hall.

Rt. Rev. Tom Greenwood will be at St. Peter's, South Mountain on Sunday, Jan. 28th at 4 p.m. for the dedication of new carpet in the Chanel, Sanctuary and Baptistry. Celebrant at the Folk Mass will be the Rector, and music for the event will be the Folk Mass Singers from Long Sault, together with Rev. Kent Doe. A pot luck supper will take place at 5.30 p.m., followed by Bishop Greenwood's picture story of the Yukon.

Dates that have been established for St. John's this spring include Spring Fair on April 28th; June 11th Smorgasbord and June 24th Patronal Festival with Bishop W.J. Robinson, Bishop of Ottawa.

We regret to report extensive damage to our outdoor illuminations at St. John's done by careless snowmobile drivers; and snowmobile drivers have been warned clearly to keep off Anglican Church property.

On January sixth, a small working party from the churches prepared a turkey dinner and served some fourty children of the community of Dundela.

MARSH WORLD

by ANGUS SHORTT
Ducks Unlimited

YELLOW RAIL — This small brown and yellow bird with short, chicken-like bill, is, like our other rails, very secretive, haunting the shallow, grassy borders of marshes and rarely taking wing. Plumage in both sexes is similar; the upper parts light brown, the back with prominent dark stripes which are crossed by fine white lines, the underparts yellowish with dark barring on the abdomen and under-tail coverts. In flight the white wing-patch is a good field mark. The Yellow Rail is active at night. Its peculiar "tick-tick, tick-tick-tick", call, closely resembling the sound of two small stones tapped together, will reveal its presence.

101 - '72

If it isn't food, it's poison

Most poisoning accidents happen to the very young and the very old according to the Ontario Safery League. In 1970, 66% of all cases where age was specified, occured to children under 5 years of age.

Unfortunately, the worst place to store detergents, cleansers, furniture polish etc. is also the most common - under the kitchen sink. Remember that toddlers love to explore and are seldom put off by the harsh smell and vile taste of today's cleansers.

Bedrooms and bathrooms host a variety of potential poisoners, from prescription drugs to toilet bowl and sink cleansers to common headache tablets. Even perfumes and cosmetics are a hazard to be dealt with.

A simple rule to follow: If it isn't food, it's Poison. Lock it away.

There are medicine cabinets that are not easily opened by children. Don't underrate your child's climbing abilities. Even if there are no young children in the home, visitors should be taken into consideration. Many prescription drugs and cleaning agents are available with child resistant caps. Buy them, but as an added precaution, don't trust them. Never transfer poisons into pop bottles or the like. Keep in original container, with clearly marked identity and above all, store under lock and key.

Keep the name and phone number of your local Poison Control Centre - just in case. In an emergency, they will advise what action to take for the product consumed. Keep the container and any residue to aid in identification and if possible, estimate the amount consumed.

Box 368,
Morrisburg, Ontario. 30-3c

Extend guidelines

Premier William Davis recently announced that the guidelines now governing Cabinet Ministers with respect to conflict of interest will also apply to Parliamentary Assistants.
The Government's seven parliamentary assistants will be required by the Premier's decision to declare and make public their land and private company share holdings and also to set up trust agreements to take over control of any shares they own in public corporations doing business in Ontario.
The parliamentary assistants are:
Arthur K. Meen, M.P.P. for York East, and
Donald R. Irvine, M.P.P. for Grenville-Dundas, both parliamentary assistants in the Ministry of Treasury, Economics and Intergovernmental Affairs;
John R. Smith, M.P.P. for Hamilton Mountain, Ministry of Education;
William Newman, M.P.P. for Ontario South, Ministry of Transportation and Communications;
John Rhodes, M.P.P/ for Sault Ste. Marie, Ministry of Natural Resources;
Frank Miller, M.P.P. for Muskoka, Ministry of Health; and
Leonard M. Reilly, M.P.P. for Toronto Eglinton, Ministry of Industry and Tourism.
Premier Davis said he would expect the parliamentary assistants to make their land holdings available for disclosure by the end of this month and disclose their other private holdings, where applicable, within a month.
With regard to owning shares in public corporations, he said the parliamentary assistants would have three months from January 15, 1973 to establish trust agreements whereby the control and management of their investments, if any, would be turned over to independent trustees.
All disclosures, as in the case of Cabinet Ministers, will be filed with the Clerk of the Legislative Assembly where they will be available for public examination.

CARDS OF THANKS

I would like to thank everyone who inquired and sent cards and flowers during my stay in St. Vincent De Paul Hospital, Brockville. Special thanks to Dr. Clarke. 31-1-p
Dianah Smail

A very sincere "Thank You" is extended to my many friends and neighbours for their kindness and expressions of sympathy at the time of the death of my dear brother, James Ernest Hamilton.
A special thanks to Branch 370 Royal Canadian Legion and Rev. Brian Gee for their assistance. 31-1-c
Lottie M. Merkley

The family of the late Mr. Edgar Alfred Harrington express their sincere thanks and appreciation to their friends and neighbours and relatives for their prayers and many acts of kindness during their recent bereavement in the passing of a beloved husband and father.
Special thanks to the Doctors and Nurses at the Brockville General Hospital, Rev. Mack, Rev. Riddall, and Rev. Rogers for their comfort and to all who helped in any way. 31-1-c

Don Irvine From Page 2

fact enrolment will be decreasing? The principle reason for this is that enrolment forecasting had not been perfected and was not available to local boards.
I feel the need for school accommodation in any specific area must be based on total enrolment which must include public and separate school boards. There can be no duplication of facilities and only essential accommodation be provided. Co-operation between boards in the same area could take the form of:
- sale of buildings by one board to the other.
- the provision of additional accommodation by one board on a site to meet its own needs and that of the other.
- use of joint facilities such as gymnasia, swimming pools, recreation fields and playgrounds.

Now I am not saying that there should not be any more schools built. There well be times when it will be necessary to provide some additional accommodation. For example:
- development of growth areas in large centres,
- the designation of specific growth areas,
- population movements,
- urban redevelopment

I am confident that the educational objectives of all concerned will not be compromised by a determination to avoid waste in the use of school buildings, and I believe that the people of Ontario share this view.
I was very pleased to have been appointed by the Premier on Dec. 7th as a member of the Select Committee on the Utilization of Educational Facilities. The Committee has been meeting regularly since my appointment to finalize their report and it is expected that this report will be tabled in the Legislature this coming session.

I would like to thank everyone who remembered me with gifts, cards, and all who visited me in the Cornwall General Hospital and for kindness to my wife at home.
Special thanks to Dr. Ferre and nurses on 2nd floor.
These kind acts will always be remembered. 31-1p
Clifford M. Thorpe

OPP Report

A number of occurrences over the last month with regards to snowmobiles has shown that a large number of people are either unfamiliar with the laws governing snowmobiles or are unwilling to abide with them.
Section 19a(1) of the Ontario Regulations for the Motorized Snow Vehicles Act states, in part, that, "The driver of a motorized snow vehicle may operate the motorized snow vehicle on the King's Highway except the roadway provided that he operates such vehicle as far away from the roadway as is practicable under the circumstances."
Every person who drives a motorized snow vehicle on or across a highway must hold an operator's or chauffeur's licence issued under the authority of the Highway Traffic Act.
Every person who owns a motorized snow vehicle must have the vehicle registered with the Ontario Department of Transport before it is driven anywhere. The registration plate must be attached to the front of the vehicle.
The owner of a motorized snow vehicle who drives or permits the driving of the vehicle on a highway must produce evidence, upon the request of a police officer, that the vehicle or the driver of the vehicle is insured under a motor vehicle liability policy.
It is the duty of every person in charge of a motorized snow vehicle who is directly or indirectly involved in a collision, which results in injury to any person or in damage to any property of any person, other than the owner or driver, apparently exceeding $200.00. to report the collision forthwith to the nearest provincial or municipal police officer.

In Hospital

Edward Marsters of 329 Hustler Cres., Iroquois, is a patient in Winchester & District Memorial Hospital.
