Women's Institute Held Enjoyable "At Home" On Tuesday Evening

The local town hall was the scene of much merriment on Tuesday evening, when the Women's Institute held an "At Home" with the members' husbands and friends as guests. There was a large attendance and the program presented was greatly enjoyed.

Mrs. Geo. Wilson, as president, opened the meeting and gave a resume of the activities of the local branch of the Women's Institute since its organization in November, 1919, also a brief history of the Institute in general, which was first organized at Stoney Creek, Ont., and which on Wednesday, February 19, observed its 50th anniversary.

Some of the achievements of the local Branch since its organization are as follows: Purchasing Scales for the school; donating $150.00 for services of Music Teacher at School; donation of $300.00 to Rink Building Fund; purchased chairs for Town Hall; supplied relief for burned-out victims on several occasions; took part in all Relief Drives; made donations to all worthy causes, including hospitals; was active in all Used Clothing Drives; assisted Red Cross during war; has undertaken to furnish and maintain room in the Memorial Hospital. The Institute also sponsored several short courses in Cooking, Baking, Sewing, First Aid, Nursing, etc., etc., over a period of years.

Following the president's address, a sing-song was held and a program of singing, recitations, contests, etc., was presented. Miss June Rowat contributed two soprano solos, accompanied by Mrs. Howard Fetterly; Mrs. Norman Thomas gave a humorous recitation, and the Winchester Male Quartett,e composed of Messrs. Fred Gibbons, Thos. Reed, Hugh Wilson and Geo. McConnell, were heard in two numbers, accompanied by Miss Annie Walker.

Mrs. Percy Durant was the winner of a quiz contest, while Mrs. John Moffat won the Men's Tie Contest. She broke all records for placing a nifty knot in Mr. Roy Annable's tie.

During the evening the Institute Aprons were on display and a charge of 5 cents was made for a guess on the total amount of money concealed under the patches. Mrs. Geo. McConnell won this contest. Her guess was $113.00. The amount was $112.90. Following the contest, three of the aprons were auctioned off, with Mr. Walter MacDonald acting as auctioneer. They sold at $8.00, $5.00 and $4.00 each. With the $6.00 derived from the guessing fees, a total of $137.30 was realized from these aprons. It was announced that some of the aprons were still in circulation as the canvass had not yet been completed.

At the conclusion of the program, lunch was served by the following committee: Mrs. C. R. Robinson, convenor; Mesdames G. A. McIntosh, Elizabeth Walker, Bower Potter, Faye Scott, W. Angus, R. D. Ledgerwood, Willard Baker. George McConnell, H. Baker, Ken. Annable, W. MacKinnon and W. A. Rowat.

On Friday, February 14th, the Twenty-Eighth Annual Session of St. Lawrence County Royal Black Preceptory was held in the Orange Hall at Moulinette, with the County Master, Very Wor. Sir Kt. The attendance was large and all Committees in good reports, with almost every Preceptory in the County well represented and each showing an increase in Membership during the year.

After the business part of the meeting, the County Master invited Rt. Wor. Sir Kt. T. K. Allen to preside over the Election of Officers, which resulted as follows:

It was decided to change the time of meeting, and as a result the next Annual Meeting will be held on the 2nd Friday in November at Winchester.

100 Club Carnival Patronized By Record Crowd

Nearly 2000 local and district citizens jammed the local Arena last Wednesday, the occasion being the 100 Club's annual "Night of Fun." Proceeds from the event were donated to the Winchester District Memorial Hospital Building Fund. As all prizes for the costume events, races and door prizes, were donated by local business men, and no charge being made for the use of the arena, expenses for the evening were less than $30.00, and as a result $502.00 was turned over to the Hospital Treasurer.

One of the highlights of the evening's program was an exhibition by Mr. Harry McLean's Siberian Huskies, nine of them, handled by their trainer, Mr. Harry Boyd, of Merrickville. During the afternoon, several public and high schoool students were given a ride on the large sled, hauled by the dogs. During the exhibition at the Arena, Mr. O. V. Stevenson, the new President of the 100 Club, was the passenger.

The dogs were transported to Winchester from Merrickville by Mr. Mervyn Baker, while arrangements for their appearance here was made by Mr. Fred Lannin, now a resident of Merrickville, and a former director of the 100 Club.

Another feature of the evening was a novelty hockey tournament, with the games being keenly contested by teams of old-timers from Chesterville, Inkerman, Vernon and Winchester. The fantastic feminine attire, worn by the players, and the spills and misses during the play, kept the crowd in roars of laughter.

Winchester won the first hockey match, when Ralph Walker's Sweater Girls defeated Gordon Lannin's Rotarian Vanities of Chesterville, 2-0. George Whipp's entry, Inkerman Feminine Flyers, won over Isaac Duncan's Blushing Belles from Vernon, and went on to win over Winchester in the final contest, to take the prize by 2-1.

The line-ups were:

Feminine Flyers — Goal, Currie: def., Crowder and Hutt; centre, Bailey; wings, Timmins and Rennick; subs., McIntosh and Baldwin.

Sweater Girls—Goal, Walker; def., Dixon and MacLean; centre, Kenney; wings, Wylie and Keyes; sub., G. Rice.

Rotarian Vanities—Goal, Fyke; def., Marcellus and Flynn; centre, Lannin; wings, McCloskey and McMillan.

Blushing Belles—Goal, Sheldrick; def., Younger-Lewis and Bowman centre, Folkard; wings, Duncan and Campbell; subs., S. Dalgleish, H Dalgleish, Latimer.

Referee—Marty Easter,

Following the program, public skating was enjoyed, with music being furnished by the Rink Band, directed by Mr. Frank Hogaboam. As the majority of young people preferred skating, no moccasin dance was held.

At the outset of the program, Centurian F. Erle Helmer, retiring president of the 100 Club, extended a welcome to the large audience, and following the program, thanked all who, in any way, had contributed to the success of the evening's events.

WILL CANVASS FOR ST. JOHN'S AMBULANCE APPEAL

A National appeal for funds to aid the St. John's Ambulance Association is now in progress across Canada. In Winchester the appeal will be made by the local Fire Brigade, who will seek the co-operation of the Boy Scouts. The St. John's Ambulance Association has been doing yeoman service by conducting First Aid Courses and training adults and children to become instructors in this important work. If you are called upon for a donation, do not hesitate to give liberally—the cause is a worthy one. Later on, the St. John's Ambulance Association will conduct a First Aid Course in Winchester.

Fire Brigade Honours Retiring Member

At a special meeting of the Winchester Fire Brigade, held in the Town Hall on Saturday evening, the firemen paid tribute to one of their most faithful and valued members, Fireman Arthur Dupuis, who has resigned from the Brigade, and who left this week to take a position with the Bell Telephone Company at Montreal.

During the evening, Mr. Dupuis was presented with a suitably inscribed Ronson Cigarette Lighter, by Assistant Fire Chief William Scott, while an address in poetic form, composed by Mr. John Reoch for the Fire Department, was read by Chief Gilbert Raistrick. The address was as follows:

To-night our hearts are heavy, to know we soon must part
With one we all have learned to love, 'tis true of every heart.
A-sitting in your presence, this one thing we know,
An asset you will surely be, no matter where you go.
Our loss in leaving us we know, will be another's gain,
For Montreal it is good luck, tho' we must suffer pain
In losing one so capable, whose work did ne'er bring shame.
You are considered by us all, a man who has won fame.
Driver Mechanic you have been, in Fire Department here,
Whose work we could rely on, without a doubt or fear.
The Company at Montreal, called the Bell Telephone,
Will ne'er regret the call they gave, tho' we may here feel lone.
And now to brighten this dark scene, we ask you to accept
This Ronson Lighter which, by you, will be in memory kept
Of the good days you spent with us, and all the boys now here
Here's wishing you the best of luck, our wishes are sincere.
This is your honourable discharge from our Departmnet here,
Winchester Fire Department, that work to you so dear.
We trust the work you're called to, may satisfaction give
And blessings may attend you, wherever you may live.

Mr. Dupuis, in a brief talk, expressed his appreciation for the gift and tribute and said that he would cherish, with pleasant memories, his association with the Winchester Fire Department.

Reeve Albert Turner, honorary member of the Department, was present and addressed the Brigade. He commended the members for the interest they were taking in the work of the Department, and stated that the Council would give them 100 per cent. co-operation in maintaining the efficiency of the Brigade. Reeve Turner expressed the opinion that Winchester had a better Fire Brigade than several towns of much larger population throughout Canada.

Following the presentation and address, refreshments were served by Mrs. Mary Bowden, to whom a hearty vote of thanks was extended.

With Fire Chief Gilbert Raistrick presiding, some unfinished business was attended to.

It was decided that the members of the Brigade would attend a Fire Demonstration at Ottawa, under the direction of Chief Burnett, in the near future, and in the evening take in a hockey match.

It was also decided to procure a First Aid Kit for the Fire Hall, and to make arrangements for the St. John's Ambulance Course to be held here the third week in March. The Boy Scouts and School students will be invited to attend the First Aid Classes in connection with the course.

All firemen, except two, were present at Saturday's meeting.

Inkerman Eliminates South Mountain In Junior Hockey Finals

Inkerman Rockets had little difficulty in taking the Central Ottawa Valley Junior Hockey Finals in three straight games, which they won from their South Mounatin rivals. In the first game, here last Thursday, the Rockets outscored the South Mountain team 13 to 2. At Kemptville on Saturday night they chalked up another victory by an 8-4 score. In the third game, here on Monday night, the Rockets vanquished the South Mountain squad by administering them a 14-5 trouncing. The aggregate score in the three games was 35 to 11 for Inkerman, who so far this season, has never been defeated. To date, they have played 20 games, including exhibition contests.

The Duncan twins, Edwin and Erwin, were the scoring aces for the Rockets in this series, accounting for 19 goals in the three games. Erwin had a total of 13 goals and 4 assists, while Edwin scored six times and was credited with eight assists. Their playing mate, Paul Lafortune, scored 5 goals and had 6 assists. D. Thomson and Percy Armstrong each scored 3, Lowell Craig 2, and Marty Easter, Ralph Hurley and Bob Anderson once in the three games.

For South Mountain, the goal getters were Bourdon 4, Kelly 3 and Cooke and Yandon each 2.

While the Rockets are more aggressive and had an edge on their rivals in all three contests, the South Mountain team played well and at times gave the Inkerman boys plenty to worry about.

The one weak spot on the South Mountain team, at least in the two games played here, was in their goaltender. After about three goals were scored on him, he appeared to give up and made little or no effort to stop some of the Inkerman shots.

None of the games were rough and the Ottawa officials, who refereed the contests, meted out only a few minor penalties.

Nearly 1200 fans witnessed the first game here and an equal number saw the game at Kemptville on Saturday night. On Monday night, the game was attended by about 700 fans. The drop in attendance, no doubt, was due to the fact that several fans attended the Winchester-Chesterville game on the latter's ice, the same evening.

The line-ups were:

Inkerman—Goal, Bennett; defence, Hurley. Craig; centre, Ed. Duncan; wnigs, Er. Duncan and Lafortune; subs., G. Gibbons, M. Easter, P. Armstrong, D. Thomson, B. Anderson.

South Mountain—Goal, C. Bailey; def., R. Potvin and A. Kelly; centre, A. D'Aoust; wings, Bourdon and L. Aubrey; subs, J. Cook, R. Yandon, B. McLeod, B Stewart, R. Leroux.

JURY ACQUITS LAMA

William Earl Lama, 49-year-old Harrison's Corners farmer, was acquitted by a Supreme Court jury at Cornwall, last Friday, of the murder of his wife at their lonely farmhouse, near Harrison's Corners, on August 16 last year. Lama was not discharged, but was confined in jail to face charge of murder of his nine-year-old daughter, Mary Elizabeth, whose body was found at the farmhouse at the same time. The case was traversed to the next assizes.

There was considerable hand clapping and cheering among the spectators in the crowded courtroom as the verdict was announced by the jury foreman, P. S. Durant.

The jury returned at midnight with their acquittal after deliberating six hours.

Lama showed no emotion and his face retained the same blank look which had characterized him during the four-day trial.

Very Fortunate Man.

"You are a very fortunate man," Mr. Justice Schroeder told the accused when the verdict was announced.

"The jury have taken a lenient view of the case. They have taken the view that the circumstantial evidence was not consistent. However, I can not discharge you. There is another indictment against you and you will be confined in custody to await the Crown's pleasure."

The Jury

Mr. Percy S. Durant, Service Manager at Melvin's Service Station, here, was foreman of the jury that brought in the verdict on the Lama case. Other members of the jury were: Edward Curran, Finch Township; Howard McEwen, farmer, Roxborough Township; Clark McLennan, farmer, Lancaster Township; Frank Brassard, Osnabruck Township; Ernest Ault, farmer, Matilda Township; James A. Bradley, farmer, Kenyon Township; Stewart Duff, farmer, Finch Township; J. M. Arkinstall, farmer, Kenyon Township; Ford Cunningham, farmer, Williamsburg Township; Jas. Brouse, farmer, Matilda Township; Hugh Robertson, farmer, Charlottenburg Township.

VOICE OF THE PEOPLE

The Government did away with that $5 fee for making us what we already were, Canadian Citizens.

This move provides us with an excellent example of the power of democracy (writes R. J. Deachman in his commentary to The Press this week). The thing, of course, was stupid in the first place, but it got past the eyes of those who must have known better.

Then the people began to speak in unanimous tones and the papers started to write about it, the Government back-tracked in a little less than a jiffy and it was all over, it became $1, a much more reasonable arrangement.

But here's the rub: that couldn't happen to Russia. In a totalitarian state the government never does wrong—it is dangerous even to say that it might do wrong. A flippant remark like that might send one to the salt mines for life. It is nice to live in a country where the people may speak to the government and the government listens to what they say. It is highly important that it should—and a good way to keep in power, if it only realizes the fact.

SHOW RESPECT FOR THE WHITE CANE

In all our relationships with blind persons, let us be thoughtful. No one likes to have an unnecessary fuss made over him in public. Let us remember this, when we assist blind people, by foreseeing what should be done and by doing it without commotion. Here are some ways to show our respect for the White Cane by putting a blind person at his ease:

When you are introduced to a blind person, shake hands. A handshake is as good as a smile.

When you meet a man who is blind, or enter a room where one is present, introduce yourself. Don't leave him to wonder who is there.

There is no need to avoid such words as "blind" and "see" in conversation; most blind people are not oversensitive about their handicap—it is not an affliction."

When dining with a blind person, prepare the food for easy eating, butter the bread, shake the salt and pepper, pour out the beverage. Tell him what food he is being offered and indicate where the dishes are.

Converse with a blind person as you would with anyone else. They listen to the radio, go to the movies, read new books, and some of them may know more than you about what goes on in the world.

Remember that though a man is blind, he is still an individual. He is not a replica of every other blind man and his interests are varied.

Always address a blind person directly when you ask a question. There is no need to use a third person as interpreter.

PROFESSORS UNDER ATTACK

There's one thing about dictators. They know that their power can't stand up against ideas, so they lose no time in drying up the sources of free thought.

Hitler went gunning for the professors as soon as he came to power. Franco did some fancy academic butchery. And now reports from Argentina tell of hundreds of anti-Peron professors who have been ousted from the colleges, some of them subjected to violence and most of them destitute.

Beware the self-appointed saviors of their country who label as "subversive" the freedom of analysis and appraisal which is the buoyant native air of democracy.

AMETHYST FOR FEBRUARY

The transparent, purple variety of the mineral, quartz, is called amethyst and is considered to be the birthstone for February. It is the most valuable of the large variety of semi-precious quartz gems.

In the Royal Ontario Museum there are large, deep-colored amethyst crystals from Brazil. There are smaller, paler, crystals from Nova Scotia and Port Arthur, Ontario. Faceted stones of both types are displayed.

In amethyst the color is not evenly distributed throughout the stone. It is therefore difficult to cut it to the best advantage, that is to show the deepest color. Attempts are usually made to get the darkest part at the lowest point of the cut stone so that it will show throughout.

This gem has always been associated with temperance and soberity. In the past it was believed to cure or to prevent drunkenness. Since early times it has been used in ecclesiastical rings.

THREE MONKEYS

(Contributed)

Three monkeys, once dining in a cocoanut tree,
Were discussing some things they had heard true to be;
"What do you think, now listen you two,
Here monkeys, is something that cannot be true,
That humans descended from our pure race.
Why it's simply shocking—a terrible disgrace!
"Whoever heard of a monkey deserting his wife?
Leave a baby to starve, and ruin its life?
And have you ever known of a mother monk
To leave her darling with a stranger to bunk?
Their babies are handled from one to another
And scarce ever know the love of a mother.
"And I've never known a monkey so selfish to be
As to build a big fence round a cocoanut tree,
So other monkeys can't get a wee taste,
But would let all the cocoanuts there go to waste.
Why, it I'd put a fence around this cocoanut tree,
Starvation would force you to steal from me.
"And here is another thing a monkey won't do,
Seek a bootlegger's shanty and go on a stew,
Carouse and make whoopee, disgracing his life,
Then reel madly home and beat up his wife.
They call this all pleasure and make a big fuss—
They've descended from something, but not from us!"

QUOTES FROM YESTERDAY

There is a tide in the affairs of men,
Which, taken at the flood, leads on to fortune;
Omitted, all the voyage of their life
Is bound in shallows and in miseries.
—Shakespeare.

Some day I'll stand at the Great Gates of Gold,
And see a man pass through unquestioned and bold
"A Saint?" I'll ask, and Old Peter'll reply:
"A Saint? No, that man's got a pass, he's a newspaper guy."
—Scoville.

Love is like the wild rose-briar;
Friendship like the holly-tree,
The holly is dark when the rose-briar blooms,
But which will bloom most constantly?
—Emily Bronte.

There is a tide in the affairs of men,
Which, taken at the flood, leads on to fortune;
Omitted, all the voyage of their life
Is bound in shallows and in miseries.
—Shakespeare.

EDITORIAL NOTES

The policy of the Drew Government in policing rural Ontario is causing alarm in some quarters. People are wondering how the system would work in case Ontario goes C. C. F.

Mr. Churchill ought to be thankful that he is not Prime Minister of Great Britain at the moment. Just think of all the headaches Mr. Atlee has in facing the Palestine, Indian and Egyptian problems.

The generality of men are naturally apt to be swayed by fear rather than by reverence and to refrain from evil rather because of the punishment that it brings, than because of its own foulness.—Aristotle.

An Ottawa school teacher who recently asked two skiiers to help push his stalled automobile was surprised when he learned one of the men was the Governor-General. The incident is just another illustration of how down-to-earth Viscount Alexander is, and how he is endearing himself to the people of Canada.

RAISING THE AUNTY

(Guelph Mercury)

Because her favorite nephew took her up for the first time in an elevator to a height of 200 feet, a heretofore loving and wealthy aunt has disinherited him. There's no end of trouble insight for those who persist in raising the ante.

A BIG JOB!

(Brockville Recorder & Times)

Military historians expect to have the story of Canada's participation in the late war ready in five years' time. If they reach their objective, they will have done far better than the military chroniclers of the Great War, whose task has still to be completed.

TWO-PANT SUIT BAN IS OFF

(Edmonton Journal)

Two-pant suits are again being sold in the U. S. Canadian men with trouserless coats and vests hanging in their closets, hope they will soon be sold generally in the Dominion again. Many are convinced that the wartime ban on two-pant suits was the most shortsighted conservation order of the war.

ELECTIONS A MOCKERY

(Halifax Herald)

There is no logic in compelling people to vote under the prevailing system. Compulsory voting, so long as the present archaic system prevails, would contribute nothing to true democratic government. A system through which public representatives are "elected" by pluralities and not by majorities make a mockery of democratic institutions, and with such a system in operation, compulsory voting would merely force the voting public to fasten minority rule upon the country.

THE TIME TO HOWL

(Almonte Gazette)

Newspapers are raising quite a commotion about the taxes. They are too high and now that the war is over most people are bitterly disappointed to see them stay in the tree tops. While the newspapers may howl between sessions of Parliament that is about all that will happen. The time for them to read the Riot Act to our politicians is on the eve of a general election. They will pay some heed, then, not because they want to but because they know that they had better do so or get ready to forfeit their hides.

MORE HOSPITAL BEDS

(Brockville Recorder & Times)

We have reached a point in this country where it is vitally necessary that something of real consequence should be done to provide additional hospital accommodation without delay and to furnish the staff of which most hospitals are in such pressing need.

It is obvious that the job cannot be done by individual institutions or those who support them financially. Inevitably, the state will have to step into the picture and provide the assistance that is required. One step has been taken in giving hospital construction a priority upon building materials. Another that promises to be of some value is official interest in the recruiting of additional nurses or nurses' aids.

But these alone will not solve the problem, and something more will have to be done if we are to secure the additional hospital space that is needed so urgently and the additional hospital personnel that is required just as badly.

OTTAWA EXHIBITION PREPARING PRIZE LISTS FOR YEAR 1947

Five thousand prize lists covering twenty departments of operation for the Central Canada Exhibition will be in the hands of exhibitors before May 1st, according to H. H. McElroy, General Manager. The dates of the Exhibition are from August 18th to 23rd, and the venue, Lansdowne Park, Ottawa.

A huge works programme of reconstruction and rehabilitation, with practical worth, and beauty going hand in hand, is now in full swing. Before the gates open on the first day of the 1947 Exhibition, more than $400,000 will have been spent to provide a suitable memorial for the thousands of men who gave their lives for their country from the districts contiguous to Ottawa, as well as to be a dedication on the part of the Exhibition Directors and Management for the building up of a great era of prosperity and happiness on behalf of the people of Eastern Ontario and Western Quebec.

The residents of these areas have been generous supporters of the Exhibition in the past. With every section of fair activity greater than ever before, including a stellar programme of outstanding attractions, it is expected the support will be enhanced and increased.

One of the great 1947 features will be the advance ticket sale. This will find its way into every town, village and country district in the area served by the Exhibition. Splendid prizes have been arranged in conjunction with the sale, and the draw will be held on the last day of the Exhibition. Items include automobiles, refrigerators, chesterfield suites, and other outstanding gifts. The Exhibition Association plans to make the event an annual one of the greatest importance to the patrons of the Fair.

A wonderful time is promised for the huge throngs which are expected to attend the Exhibition, which is now in its 72nd year of public service.

The Ottawa Exhibition is where city and country meet, in deed and in fact. One cannot prosper without the other.

"THE CRAIGS" CARRY ON

Undismayed by a recent mishap to one of their members, the farm radio family "The Craigs" are shown here acting on the old stage rule, "the show must go on." When Grace Webster, who plays the role of mother Martha Craig, fell on the ice and broke a leg, her program associates followed her from hospital to home, to do their daily broadcasts. (Script writer Dean Hughes even created a broken leg for Martha Craig in the story). With Grace Webster are Alice Hill (daughter Janice), Frank Peddie (father Thomas Craig) and George Murray (son Bill). "The Craigs" are heard Monday to Friday during the Ontario Farm Broadcast, at 12.30 p.m. EST, over Ontario and Quebec stations of the CBC Transcanada network.

CANADA'S health

SCRIMPY SNACKS

Scrimpy, ill-planned lunches, little more than snacks, are responsible for deficiencies in Canada's diets, particularly among children. Surveys made in two provinces revealed that one out of every ten children examined was thin and underweight. Health authorities advise parents to make sure that all the family lunches well.

BLOOD TESTS

Periodic examination is a MUST these days, particularly before important events like marriage and parenthood. Canada's records prove that such examinations reveal a considerable number of unsuspected cases of syphilis, which can be transmitted to children.

A blood-test in time, it is stressed, may save family unhappiness and a lifetime of regret. Treatment makes syphilis non-contagious in a matter of weeks.

EYE CARE

Care of the eyes is one of the prime health needs of our generation, say health authorities With reading, writing, draughting and other modern techniques, the eyes are under serious strain.

Importance of good lighting for close work is stressed by the specialists, and those who suffer even brief and apparently minor eye afflictions are urged to consult their family doctors about such ailments. What is bothering the eyes may be readily remedied, but serious trouble can result if these early warnings are neglected.

HEALTH PROTECTION

Canada takes elaborate precautions to ensure public health. Fathers of Confederation could not even have dreamed of health services which complexities of modern living demand. Federal, Provincial and municipal authorities, working side by side, have established standards of sanitation and health-safety here second to none in the world.

The story of this protective government activity is of absorbing interest and health leaders say it is important that all should learn how they, personally, fit into the picture.

DIET FADS

Slimming is not the fad it once was. But, say physicians, too many people, even today, think themselves qualfiied to decide just what they should not eat. Except when following the instructions of doctors who have had opportunities for examinations and assessment of special needs of individuals, people are actually endangering their health by dieting.

Normal people need only normal meals. Unless the family physician gives contrary instructions, Canadians should eat all the wholesome foods.

Wallace; committee for printing financial statement, Geo. Greer, C. Fennell, C. Barrows.

Horticultural Society Formed.

At a meeting in the W. I. Hall, Kars, on Saturday evening, Feb. 8th, a decision was reached to form a Horticultural Society, known as the South Carleton Horticultural Society, and which would take in Kars, North Gower, Carsonby and Osgoode. An illustrated address was given by Mr. B. Sierolawski, Director of Horticultural District No. 2, and the speaker also explained the objectives and program of such a society. It was decided to hold monthly meetings throughout the year. Mr. J. L. Greer was chairman for the meeting. The Society will be headed by Mrs. E. C. Hope, of Carsonby, as president.

Box Social Held.

A box social, to raise funds for community purposes, was held in the W. I. Hall on Friday evening last, with a good attendance. Progressive euchre was played, the winners being Mrs. C. Todd and Mr. J. A. O'Callaghan. A prize, given for the highest priced box, was won by Mr. J. L. Greer. The boxes sold at high prices, ranging from $2.00 to $5.00. A cafeteria lunch was provided for those not buying a box, and a good sum of money was realized. Following supper, L. Templeton's orchestra provided music for dancing. Mr. C. Todd was chairman for the evening.

MOUNTAIN

A game of Broom Ball was enjoyed at the rink a few evenings ago. The single men were the winners over the married men by the score of 2-0. More games are planned if the weather man does not play havoc with the ice.

The W. A. and W. M. S. held a combined meeting at the home of Miss McCamie Rose last Tuesday evening. Mrs. John A. Cameron and Mrs. John Milne had charge of the programme. The W. M. The February meeting of the W. M. S. and Ladies' Aid Society of Vernon Presbyterian Church, held at the Manse on February 6th, was well attended. The president of the W. M. S., Mrs. Younger-Lewis, presided and conducted the worship. Very interesting reports on the Presbyterial were given by Mrs. Younger-Lewis and Mrs. W. Dow. Mrs. Arthur Folkard had charge of the topic on "British Guiana," and a reading, "Cancelled Prayer," was read by Mrs. Stewart Fisher.

The Ladies' Aid meeting was presided over by Mrs. W. Dow, with Mrs. A. Campbell as secretary. Plans were discussed for the year's work and the annual Bazaar . A dainty lunch was served by the hostess.

ST. PAUL'S W. M. S.

The February meeting of St. Paul's W. M. S. was held at the home of the Misses Gardner last week. Mrs. Geo. Wilson, President, opened the meeting with prayer, followed by a hymn, with Mrs. Hay at the piano. The Bible reading was given by the president, and the minutes and roll call by the secretary, Mrs. R. J. Empey. Reports of the different departments were given by Mrs. H. Wilson for the Agnes Glassford Society; Goforth Group, Mrs. C. Cross; Mission Band, Mrs. C. Hay.

After the discussion of several items of business, Miss Empey, corresponding secretary, read several letters of appreciation from the sick and shut-ins. Mrs. R. J. Empey read a very interesting report of the Presbyterial, which she attended as delegate.

The programme opened with a hymn, and a Bible study reading by Mrs. Wilson from the first sentence of the Lord's Prayer. Very interesting current events were read by Mrs. Angus. The study for this year is India, and a paper was read on this country by Mrs. Empey, with the map of India for the benefit of those present. Prayer from the Glad Tidings closed the meeting.

UNITED CHURCH W. M. S.

The Afternoon Auxiliary of the United Church W. M. S. met for the February meeting in the S. S. Hall with the President, Mrs. Eldon Fennell, presiding.

During the business period, the minutes of the January meeting were read and adopted. Some arrangements were made for the Easter Thank-Offering Service. A letter was read from Mrs. W. E. Wright, of Wright, of Chesterville, Presbyterial President, in which she challenged the members to more earnest work and sacrificial givings in 1947. The President announced the World Day of Prayer Service to be held in the Wesleyan Methodist Church on Friday afternoon, Feb. 21st.

The secretaries reporting for the various departments were as follows:

The treasurer, Mrs. A. B. Allison, announced a new Life Member in the person of Mrs. Milton Fennell. She also read a list of the Life Members which numbered 38; Christian Stewardship, Mrs. Herbert Robinson; Corresponding Secretary, Miss Annie Walker; Temperance and Citizenship, Mrs. W. J. Cass; Literature and Reading Course, Mrs. J. W Ault; Community Friendship, Mrs Faye Scott; Associate Members, Mrs. Edith Duncan; Missionary Monthly, Miss Mae Rose; Younger Groups, Mrs. Karl Helmer and Mrs. G. A. McIntosh announced the Group Leaders. The offering was taken by Mrs. Ault and Mrs. VanAllen. A few moments were spent in silent prayer for the members who are ill, and for the shut-in members.

Mrs. Herbert Robinson was convenor of the program and for the Worship Service she used the theme: "Fulfilling our Church Membership in Christian Fellowship." She was assisted by Miss Walker, Mesdames Edgerton, Duncan, Lannin, Baker and Wallace. Mrs. Helmer and Mrs. Faith led in prayer.

The study period dealt with Medical Missions in India and with the assistance of Mrs. Ault, Mrs. VanAllen and Miss Mae Rose, Mrs. Robinson traced the ministry of health and healing from the landing of the first Medical Missionary in India down to the present time. This proved very interesting and instructive, showing the triumph of the Gospel message and the benefits that followed in its wake over Tuberculosis, Leprosy, Blindness, Malaria and malnutrition. Medical colleges are now turning out native doctors and hospitals are training native nurses.

The meeting closed with silent prayer for our Missionaries on the India Field, and for their Indian Colleagues.

The music was provided by the pianist, Mrs. E. R. Steele.

INKERMAN UNITED W. M. S.

The February meeting of the Inkerman United W. M. S. was held on Thursday last at the parsonage, with ten members present. The president, Mrs. Gervan, had charge of the devotional exercises, assisted by Mesdames Geo. McIntosh, M. Dunlop, F. G. Hutt and B. Jesshope.

The theme was "Fulfilling Our Church Membership in Christian Fellowship." A season of sentence prayers, each member taking part, concluded the devotions.

The Missionary program was in charge of Mrs. Ray Brown on "Medical Missions in India." This was very interesting and gave the members a better understanding of the needs and the improvements since the first Christian hospital was established in 1870 by Dr .Clara Swain.

There are five principal scourges in India, (1) Tuberculosis, (2) Leprosy, (3) Blindness, which is caused mainly by smallpox, (4) Malaria, (5) Malnutrition, only 30 per cent. are adequately nourished.

The training of Christian doctors and nurses is one of the main ways of extending the medical services to the millions in need.

Mrs. Ray Brown, as leader, used a wall chart to stress the facts about India, and was assisted with the program by Mesdames Geo. McIntosh, S. Rennick, R. A. Crowder and W. Crowder.

Mrs. Gervan had charge of the business period and after hearing the various reports closed the meeting with prayer.

MODERN ETIQUETTE

1. Should one refuse to tell one's preference in food when the hostess asks,

2. Is there any certain number of bridesmaids one should have at a church wedding?

3. Is "How do" the correct thing to say when acknowledging an introduction?

4. Is it considered polite and thoughtful to fill in a word for another person who is talking, or to finish a sentence for him?

5. What should one do in a public restaurant if a knife or napkin is dropped while at the table?

6. Should guests of a house party be met at the train, bus, or air terminal?

Answers

1. No; if your hostess asks if you prefer light meat to dark, or cream instead of lemon with tea, don't hesitate to give your preference. 2. The number varies from four to eight at a large formal wedding, but one or two will serve just as well at a small wedding. 3. No; say, "How do you do?" 4. No; this is exceedingly rude and is most annoying to the speaker. 5. Let the waiter pick it up. 6. Yes, if possible. Otherwise, they should be given explicit directions on how to reach the home of the hostess.

THE MIXING BOWL

BY Anne Allan HYDRO HOME ECONOMIST

Hello Homemakers! Brides from other countries who are learning the Canadian way of cooking must not only adjust their cookery methods but also their cooking vocabulary. Articles of common use in kitchens here have names which differ from those in the homeland. Terms and equipment will gradually become familiar and genuine homemakers soon adjust themselves to existing circumstances—cheerfully.

Every new Canadian housewife, whether she comes from another land or whether she is taking that big step from office to home manager, should start by collecting good basic recipes. These might be kept in a card index or in a handy indexed scrap book. Classify menus under breakfast, lunch and dinner according to months.

Many experienced cooks collect The Mixing Bowl recipes too. They clip the column from the newspaper, cut out the hints and recipes and paste these on cards. You will need three-by-five inch cards along with a recipe file box and dividers available in any stationery store. And if you buy two sets of index dividers you can build up two separate classifications under each letter of the alphabet; the classification titles should be entered on the index dividers.

Such a system is adequate to file any number of recipes; any desired alphabetical group can be broken into three, four or more classifications.

CANADIAN MEAT LOAF

1 pound round or chuck steak minced, 1 tsp. salt, 1-8 tsp. pepper, 1-2 cup quick cooking oats, 1 cup of wholewheat bread crumbs, 1 tbsp. chopped parsley, 1-4 tsp. sage, 1 small onion, finely chopped; 3 tbsps. tomato catsup or condensed tomato soup, 1-4 tsp. Worcestershire Sauce, 1 egg, well-beaten.

Combine all ingredients in large bowl. Mix thoroughly. Form in a ring shape using hands or pack into a ring mould. Place in greased baking dish. Bake in electric oven at 325 degress for 1 1-2 hours. Lift on to hot platter. Fill centre of mould with green peas or combination of peas and carrots. Garnish with parsley. Yield: 4 to 6 servings.

CARROT CHEESE BALLS

1 cup cottage cheese, 1 tbsp. chopped parsley, salt, 1-2 tsp. finely chopped onion, 1 cup coarsely grated carrots, lettuce or other greens, mayonnaise or French dressing.

Combine cottage cheese, parsley, a little salt (about 1-8 tsp.) and onion. Drop spoonfuls of this mixture into grated carrot, coating evenly and shaping into balls.

Serve on lettuce or other greens with salad dressing. Or if desired, use to garnish a mixed salad plate. Yield: 2 to 4 servings.

UPSIDE-DOWN BREAD PUDDING

Scald 1 pint of milk. Pour over 6 slices of stale but not hard bread, broken into pieces. Add 1-4 tsp. of salt, 1-2 cup of sugar and 1 tsp. of vanilla. Let it stand about five minutes. Beat with a spoon so there are no big pieces of bread. Add 2 beaten eggs. Butter a casserole. Spread jam or marmalade or preserves over the bottom of the dish in a good generous layer. Pour the pudding mixture on top. Set in a pan of hot water and bake in an electric oven, 35 degs. about one hour, or until a silver knife inserted in the centre comes out clear, not milky. Remove from the water and chill. Loosen around the edge of the casserole and turn the pudding out on a plate upside down.

HE WHO STROLLS

I'm a pedestrian, only a pedestrian,
Just out to take a short stroll,
But will I return in safety,
Or be hurled into a deep mud-hole?

My hopes are high as I meander
But where will they be should I stray
Out on the highway or byway,
Out on the King's Highway?

If I walk across, under a red light.
Honk, honk, and I dodge back in haste,
The Orange light is not any better,
I may be crushed into a paste.

A green light is my only salvation,
I step out with faith and with ease,
So, if you ever go strolling,
Just turn on the green light—please.

To prevent feet from getting cold, and help circulation in the winter time, try sprinkling a little salt in the bottoms of the shoes.

Lost Voice
If the voice has failed, due to a cold or laryngitis, a dose of bicarbonate of soda every hour will help wonderfully towards restoring it.

Cake Baking
When the oven is getting too hot while baking a cake, place a vessel of cold water on the shelf beneath the cake. This will reduce the heat.

Scraping Dishes
It is not good for either china or aluminum dishes to scrape the food from them. Put soapsuds in them and allow to soak for a day; then wash.

Cut Flowers
When there are only a few straggly flowers in the vase place a few corks in the water. The flowers will be held in place without looking stiff.

Candles
Light-colored decorative candles will not soil easily if given a coat of clear shellac before using them. Wipe them with a clean damp cloth when they do get soiled.

White Window Shades
Try cleaning white window shades with finely powdered bath brick. Apply with a dry, clean nail brush. Brush the soiled spots briskly until the stains disappear.

Kitchen Sink
Hang single sheets of newspapers near the sink. They can be utilized in many ways. One way is to wrap garbage in paper before putting it in the can; it keeps the can clean.

Linen
Do not hang linen articles on the line in freezing weather. It strains the fibre, and in a short time cracks will be noticeable in the folds. Dry linens in the house in cold weather.

Boiling Water
If the water in the bottom of the double boiler boils away, be sure to add boiling water, never cold. Then the temperature will not be lowered and the cooking will take no longer.

Stubborn Lids
If the lid on the Mason jar is hard to turn, fold a strip of coarse sandpaper around the edge of the lid and then twist. The gritty surface of the paper will give a good grip on the lid and cause it to turn easily.

The Tablecloth
If only one or two spots of grease have fallen on the tablecloth, rub both sides of the cloth with French chalk. Fold the cloth and put away, and when ready for the next meal brush off the chalk. The spot will have disappeared.

New Gloves
Care should be used when putting on new gloves for the first time. Don't put them on in a hurry. Even if you do succeed in getting them on without splitting they will never fit as well as when care is used, stretching the kid gently to conform with the lines of the hands.

Vacuum Cleaner
So often the housewife will let the dust accumulate in the bag of her vacuum cleaner and then wonder why the vacuum is giving poor service. Keep the bag emptied and you will get much better service, otherwise you are making the motor pull against a heavy bag of dust.

Delicate Sweaters
To keep thin, delicate sweaters in lovely shape, wash in soapy, lukewarm water, just squeezing the soil out with the hands, then rinsing in water of the same temperature. Stretch out to shape between two Turkish towels and brush off any extra moisture with the hands. When dry, shake well to fluff up the yarn a bit.

Dissolving Old Rubber
The old rubber should be shredded finely, then heated under pressure for several hours with a strong solution of caustic soda. All paint, glue, fillers, cloth, etc., will disintegrate, but the rubber will not be affected. Wash the resultant mass several times with water, to remove all alkali. The pure rubber that results can then be formed into sheets, or however desired.

SPECIAL SERVICES AT THE WESLEYAN CHURCH

The Wesleyan Methodist Church in Winchester has held a successful series of services in the interest of Youth. The Rev. L. S. Summers, of North Bay, was the guest speaker, and the Victory Girls' Quartette, of Waltham, Que., were the special singers. Although the last week-end saw many roads closed because of the storm, there were good congregations present.

On Tuesday, Feb. 11th, the ministers of the Canada Conference of the Wesleyan Methodist Church met for their annual Ministerial Institute. The day services of Tuesday were given to consultation, in the planning for the future developing of the work, and preparing legislation for the forthcoming fiftieth session of the Conference to be held here in the Tabernacle at the end of July.

During Wednesday and Thursday, Feb. 12th and 13th, the subjects presented by the ministers centred around the Christian minister, as a man called of God; the purpose of the Christian ministry, to bring all to a saving knowledge of the truth as it is in Jesus; the place of evangelism within the church, and pioneering in new fields. The Rev. G. B. Hilson, of Syracuse, N. Y., was the guest speaker, whose messages were challenging to laity and ministry. The Rev. L. R. Mack, of Shawville, Que.; Rev. J. Weaver, of Newington, and the Wilson Trio, of Brockville, brought special selections in song, which were appreciated by all.

THE TIME TO HOWL

(Almonte Gazette)

Newspapers are raising quite a commotion about the taxes. They are too high and now that the war is over most people are bitterly disappointed to see them stay in the tree tops. While the newspapers may howl between sessions of Parliament that is about all that will happen. The time for them to read the Riot Act to our politicians is on the eve of a general election. They will pay some heed, then, not because they want to but because they know that they had better do so or get ready to forfeit their hides.

CHRISTIE CUPS CHANGE HANDS

Two rinks from the Russell Curling Club scored a 27-21 victory over Metcalfe on their home ice, recently, to win the Christie Challenge Trophy. The Trophy has been in competition since 1930 when it was presented to the Winchester Curling Club.

John Buchanan's Russell rink scored a 12-9 victory over H. Thompson's Metcalfe four in one match, and Wm. Loucks' Russell aggregation completed the win with a 15-12 verdict over R. Little's rink of Metcalfe.

Since the above games were played, two rinks from Morrisburg challenged Russell for the cups, and on Monday evening succeeded in defeating Russell and taking possession of the Christie Trophy.
