A Barn Dance will be held to-night (Thursday, Aug. 17th) at Harold McKee's new barn, two miles South of Inkerman and two miles East of South Mountain. Come and dance to the smooth rhythm of Kirkwood's 7-Piece Orchestra. Everybody welcome. 15p.

Severe Heat Wave Now In Second Week

Last Friday was an extremely hot day in Winchester, with the mercury registering 102 degrees on one of the town's most reliable thermometers. It was, without a doubt, the hottest day of the year. In fact, last week broke all records for heat. From Monday to Saturday the daily temperatures were recorded any where from 95 to 102 degrees.

There has been no rain at all here for the past three weeks, and very little in the past two months. This lack of moisture is causing lawns and shrubs to dry up and is affecting the corn crop, apple trees and garden vegetables. It is great weather for harvesting grain, which is now in full swing, but a rain would be welcomed nevertheless.

The high temperatures of the past few days have been accompanied by stiff breezes, but the winds are hot and provide little relief from the terrific heat.

Overcast skies have threatened to provide rain, but the storms seem to elude this district.

The weather forecaster predicted cooler weather for this week, but Monday saw the mercury hovering around the 100 mark—and local citizens continue to swelter—that is those who are not fortunate enough to be holidaying at a summer cottage along a lake or river—but cheer up, we'll be plenty cool by next Christmas.

Hess Cheese Factory Destroyed By Fire

Fire, believed to have started in the boiler room of the Hess Cheese Factory, two miles north of Williamsburg, about 6.15 o'clock last Saturday evening, completely destroyed the building and all its contents, which included milk vats, cheese presses, curd mills, cream separators, 145 cheese, a number of cheese boxes and other factory equipment.

No one was in the building at the time, and when the fire was noticed by nearby residents, it had made such headway that it was impossible to save any of the equipment Only one cheese was removed.

The building was mostly of frame construction and was owned by Messrs. Thos. Johnston, of Iroquois, and Dan Burton, of Williamsburg, who was the cheesemaker.

The loss, estimated at about $7500, is partially covered by insurance. The owners have not yet decided whether or not to rebuild the factory.

BARNS DESTROYED BY FIRE

The fine dairy barn on the farm of Mr. Dwayne McIntosh, at the west end of Winchester Springs, was completely destroyed by fire last Wednesday afternoon during threshing operations. While the cause of the blaze cannot be definitely established, it is believed that it was started by some missile that went through the threshing mill. The blaze spread so rapidly that the workers barely had time to pull the grain separator away from the building to safety. A quantity of hay and grain was consumed with the barn. The loss ,estimated at $5000, is partly covered by insurance.

On Sunday night, August 6th, fire broke out in Mr. Frank Boucher's barn, about a mile west of the North Mountain Consolidated School, while milking was in progress, and the building was razed to the ground, together with most of its contents. The fire also threatened the nearby farm residence but volunteer workers succeeded in confining the flames to the barn.

Awarded Military Medal

SGT. OREN STANLEY

Son of Mr. and Mrs. Frank Stanley, of Metcalfe, who has been awarded the Military Medal for outstanding bravery with the Cameron Highlanders in France. Sgt. Stanley was mentioned in despatches recently for the splendid and courageous leadership he had shown when his platoon beat off all enemy attacks, though greatly outnumbered and subject to severe gun fire.

WEDDINGS

VANBRIDGER—GIBBONS

St. James' Anglican Church, Morrisburg, was the scene of an interesting wedding ceremony on Wednesday afternoon last, when Miss Jean Margaret Gibbons, elder daughter of Cpl. and Mrs. Fred Gibbons, of Winchester, became the bride of Mr. Edward Marquies VanBridger, of Prescott, son of Mr. and Mrs. T. O. VanBridger, of Winchester. Rev. G. Oliver Davies officiated. The attendants were Mr. and Mrs. Lawrence Cameron, of Mountain.

Given in marriage by her father, the bride was charming in a street-length gown of Aqua Blue Sheer and white accessories. Her corsage was Sweetheart Roses and Cornflowers.

Mrs. Cameron, as bridesmaid, wore a white two-piece street-length model and corsage similar to the bride's.

Following the ceremony, a wedding dinner was served to about 20 guests at the home of the bride's parents. Serving were two of the bride's girl friends, Misses Helen Campbell and Edna Larocque. Mrs. Ralph MacPherson supervized.

The rooms were decorated with white wedding bells and pink streamers, and a profusion of summers blooms A three-tier wedding cake centred the dinner table.

Later, Mr. and Mrs. VanBridger motored to Silver Lake, where they spent the week-end at a cottage. For travelling, the bride wore a two-piece Arctic sea-blue ensemble of Herringbone wool, and black accessories. They will take up residence at Prescott.

Prior to her marriage the bride was a member of the Bank of Canada staff at Ottawa. Prior to her departure from that office, she was presented with a half dozen crystal goblets in cornflower design.

ROBINSON—FETTERLY

Ferns and late Summer flowers adorned Morewood United Church on Wednesday afternoon, August 9th, at 2.30 o'clock, for the marriage of Miss Lillian Natalie Fetterly, only daughter of Mr. and Mrs. William E. Fetterly, of Morewood, to Wilburn Robinson, son of Mr. and Mrs. M. O. Robinson, of Grantley. Rev. H. Beach, of Finch, Ont., officiated. The wedding music was played by the bride's aunt, Mrs. Howard Fetterly, and the soloist was Mrs. W. C. McQuaig, who sang "The Lord's Prayer" just before the bridal procession entered the church, and "I'll Walk Beside You," during the signing of the register.

Attending the bride were Miss Marjorie Faulkner as maid of honor, and Misses Sybil Summers and Gladys Marcellus as bridesmaids. Russell Marcellus was best man and Mr. Willis Darling and Sgt. J. McGibbon ushered.

Given in marriage by her father, the bride was charming in a floor-length gown of ivory satin, the fitted bodice having a sweetheart neckline and long sleeves. Her full length veil was held in place by a coronet of rosebuds, and she carried a shower bouquet of Sunbeam Roses.

The maid of honor wore a floor-length gown of pale yellow chiffon over taffeta with matching regency hat and muff, while the bridesmaids were attired in floor-length gowns of Heavenly blue and shell pink chiffon over taffeta, with matching regency hat and muff. The attendants' flowers were Johanna Hill Roses, Sweet Peas and Baby's Breath.

The bride's mother was dressed in Rosewood Crepe, with hat and accessories of Navy Blue, and wore a corsage of Talisman Roses. The groom's mother chose a gown of mauve and white printed sheer with black accessories, and wore a corsage of Talisman Roses.

Following the ceremony, a reception at the home of the bride's parents was held. Later, the couple left on a wedding trip to Western Ontario. For travelling, the bride wore a toast brown and white printed silk dress with toast brown accessories. On their return they will reside in Grantley.

Those attending the wedding from a distance were: Mr. and Mrs. Hugh Fetterly, Montreal; Miss June Countryman, South Porcupine; Mrs. W. C. McQuaig and Miss Sadie A. Feeley, Ottawa; Sgt. J. McGibbon, of Yorkton, Sask.; Mr. and Mrs. Howard Fetterly and Mr. and Mrs. Allen Summers, of Winchester.

Local Bowling Club Wins Caldwell Trophy

Winchester Bowling Club has captured the Caldwell Trophy, emblematic of the St. Lawrence League Bowling Championship. Competition was concluded on Monday evening, when two local rinks played teams from Iroquois and Cornwall on the Chesterville greens. They won one game and tied another with Cornwall, and won one and lost one against Iroquois. This made their final standing for the season: 7 wins, 1 tie and 3 losses. Total points 15.

At the present time the whereabouts of the Caldwell Cup is not known, but when it turns up it will be presented to the local Club.

Personnel of the local teams who took part in the final series were: J. E. Davis, T. O. VanBridger, Herb. Helmer, Wm. Johnston, skip; Dr. D. L. MacLean, Neil Hutt, Ernest Kellogg, Chas. Cross, skip.

Memorial Service For Two Local Boys Held In United Church On Sunday

LIEUT. GEORGE DRUMMOND (BUD) UTMAN

Killed in Action in France on June 8th, 1944.

SGT. (A.G.) EARL DWIGHT EMPEY

Killed in Action in Enemy-held Territory, May 13, 1944.

Local and district citizens turned out in large numbers last Sunday afternoon to pay tribute to the memory of two local boys who had paid the supreme sacrifice in the present World War. Under the joint auspices of the local branch of the Canadian Legion, the S., D. & G. Highlanders, members of the R. C. A. F. and the Winchester 100 Club, a Memorial Service was held in the local United Church in memory of Sgt. (A.G.) Earl Dwight Empey, killed while on a bombing raid over Louvain, Belgium, on May 13th last; and Lieut. George Drummond (Bud) Utman, killed in action in Normandy, France, on June 8th, 1944.

The service was scheduled for 2.30 p.m., but before one p.m., people started coming to the church, eager to get a seat and anxious to pay their tribute of respect to Winchester's fallen heroes. By service time, the church was packed, the Sunday School hall was filled to capacity and hundreds assembled on the church lawns to listen to the service through a loud speaker system which had been installed by Mr. J. L. Dixon. By this amplifier, the music and addresses were distinctly heard in the S. S. hall and on the lawns on the south side of the church.

Preceding the service, a parade was held to the church, and acted as a guard of honour for the survivors and relatives of both boys. The parade formed up at the town hall and included "A" Company of the S., D. & G. Highlanders (R), under command of Capt. Chas. Crober; members of Winchester Post of the Canadian Legion; War Veterans; Boy Scouts and Wolf Cubs; about 15 local boys of the R.C.A.F.; a number of soldiers of the active army, and members of the 100 Club. The parade was organized by War Veteran Alva Alexander, and directed enroute by War Veteran Arnold Casselman, both members of the local Legion.

Headed by the Pipe Band of the S., D. & G.'s, the parade, about 200 strong, marched to the church in double file. At the halt, the ranks turned and faced each other, while the cars conveying the mourners proceeded to the church. Then to the tempo of a slow march, played by the pipe band, the ranks entered the church and took their place with the mourners.

The service in the church was presided over by the acting pastor, Rev. Lynden Barclay, of Ottawa. Seated on the platform with him were: Rev. D. W. Summers, of the Wesleyan Methodist Church; Rev. J. A. L. Ellacott, of the Anglican Church; Rev. W. S. Atchison, of Cornwall; Col. W. J. Franklin, Officer Commanding, and Major S. Fennell, second in command, of the S., D. & G. Highlanders, and Flight. Lieut. Wm. Servage, of the R.C.A.F., Montreal.

Hymns sung at the service were "O God Our Help In Ages Past," "Onward Christian Soldiers," and "Nearer My God To Thee.' A solo, "There Is No Death," was beautifully rendered by Mrs. Percy Durant, accompanied by Miss Isobel Brown, organist and choir leader. During the service, an orchestra, composed of bandsmen and orchestra boys, all former associates of the late Lieut. Utman, accompanied the pipe organ during the singing of hymns. The orchestra was under the leadership of Mr. Jas. H. Larue, a former bandmaster, and consisted of Messrs. Russell and George Hay and Garland Hall, of Russell; Gordon Lannin, of Chesterville; Frank Hogaboam, Lorne Hogaboam, Arnold Hogaboam, Stewart Anderson, Oscar Wallace, Paul Johansen, Cecil Strader and W. F. Workman, of Winchester. During the prelude the orchestra played "What A Friend We Have In Jesus," and during the postlude, "Safe In The Arms Of Jesus."

Following the reading in unison of the 121st Psalm, Rev. D. W. Summers offered a beautiful prayer, asking God to watch over and guide the men and leaders of our fighting forces and to console the hearts of the mothers, fathers, wives and families of those who have laid down their lives for a just and upright cause.

Rev. Mr. Atchison, of Cornwall, a former pastor of the United Church, delivered the sermon. During the course of his remarks he pointed out that there were at the present time, within the borders of our own country, certain factions which were undermining the very principles upon which a Christian democracy is founded. He warned the congregation to guard against these evils and outlined some that had already been exposed, one of which was the Jacques Cartier Movement in Quebec. He urged all to take up the torch flung to us by those brave lads who had paid the supreme sacrifice overseas. Their sacrifice must not have been made in vain. We must continue to fight and stamp out the sources from which wars emanate—we must adhere to the teachings laid down by Christ in order to win the victory, he said. He pointed out that the two boys, whose memory was being honored, had given their all for a cause that was just and right. Let us take up their fight and continue to fight until victory and a lasting peace are achieved.

In the absence of Capt. Rev. G. S. Lloyd, of Cornwall, Chaplain of the S., D. & G. Highlanders (R), who was unable to attend the service due to illness, the lives of the two young men in whose memory the service was being held, were eulogized by Major Stanley Fennell, as follows:

Lieut. George Drummond (Bud) Utman, age 28, was born in Winchester, a son of Mrs. A. F. Utman and the late Mr. Utman. He was educated in the local Public and High Schools. Prior to enlistment, he was an active member of the 100 Club, the Curling Club and other organizations. He was a bandsman and talented musician, and for some years conducted a popular orchestra. For several years he conducted a Gents' Furnishings' Business here, and was widely known as a businessman. He was jovial and good-natured, and beloved by all who knew him. He enlisted in "A" Company of the S., D. & G. Highlanders (R) in 1940, and served efficiently under Capt. F. M. Cass, who at that time was Company Commander. He was a good soldier and in due course was promoted to C.Q.M.S. of the company. Upon the recommendation of Col. W. J. Franklin, he entered the Officers' Training Centre at Brockville on February 9th, 1942, graduating as a Lieutenant. He was then posted to Camp Borden and Kitchener and went overseas in December, 1942. He was married to Miss Margaret Ballantyne, of Kitchener, on November 15th, 1942.

When the Allies invaded France Bud was one of the officers with the S., D. & G.'s. He served with valor and honour until that fateful day, June 8th, 1944, when he was killed by a sniper's bullet, while in command of a mortar platoon.

Sgt. Air Gunner Earl Dwight Empey, age 19, was born at Morewood, a son of Mr. and Mrs. Jake Empey. He came to Winchester with his parents when quite young, and was educated in the local Public and High Schools. As soon as he became 18 years of age, he left school and enlisted in the Royal Canadian Air Force—that was in February 1943. He was slated for air-crew and graduated as an air-gunner at Mont Joli, Que. He went overseas on November 1st, 1943, where he completed his training. He was then posted to a Canadian Squadron and had five operational flights and two sorties to his credit. On May 13th, he accompanied his squadron on a raid over enemy-held territory in Belgium—his plane never returned and he was listed as missing. Later, the International Red Cross at Geneva, Switzerland, notified the R. C. A. F. that Sgt. E. D. Empey had been killed and his body had been interred near Louvain. Earl was rated as a very efficient airman and his Squadon Leader referred to him as his "ace" air-gunner. Prior to his enlistment, he operated a local newspaper route for the Ottawa Daily Newspapers. He was of a quiet and gentle disposition, and beloved by all.

Following Major Fennell's citations, Col. Franklin paid high tribute to Lieut. Utman as an officer in the S., D. & G.'s, and also as a young man in civil life, while Flight Lieut. Wm. Servage paid tribute to Sgt. Empey, on behalf of the R.C.A.F. He said Earl was one of the finest chaps he had known, and according to R.C.A.F. reports, was one of his squadron's most efficient airmen.

Following the singing of the last hymn, one minute's silence was observed in tribute to the two boys, after which the "Last Post" was sounded by W. F. Workman. The National Anthem followed, after which Rev. J. A. Ellacott pronounced the Benediction.

In front of the pulpit were pictures of Lieut. Utman and Sgt. Empey, draped with flags, while numerous floral pieces were arranged about the altar. Among these were tributes from the families, the 100 Club, the Legion, and local boys of the services on duty overseas.

Through the courtesy of the 100 Club, folders containing the pictures of the boys and the order of service, were distributed to those who attended the service. It is estimated that about 1500 people attended the service, many of whom had to remain on the church lawn and listen to the service through the loud-speaker system.

100 Club Will Make Offer For Wmsburg Grand Stand, Etc.

At a recent meeting of the local 100 Club, a committee was appointed to interview Mrs. M. W. Locke, at Williamsburg, regarding the sale of the grand stand, judges' stand and stables at the Race Park in Williamsburg, owned by the Locke Estate. It is understood that Mrs. Locke is quite anxious to dispose of these buildings and that they can be purchased for a reasonable sum. Members of the 100 Club are of the opinion that if these buildings can be acquired at a reasonable figure, it would be a good move to purchase them and have them moved to the community park here, as that will be the centre of all recreational activity, ball games, sports meets, etc., when the park is completed.

Work done on the grounds to date includes the trimming of trees, draining of entire grounds, levelling of front section, brushing and building of new road-way at west side. Officials at the experimental farm, Ottawa, will be asked to draw up a plan for beautifying the grounds, and next spring should see a big change in the appearance of the park.

The new road will be gravelled in the near future, with members of the Club donating trucks to haul the gravel. Arrangements for this were also made at the meeting

New Pump At Cloverdale School House Stolen

Members of the Cloverdale School Board would like to learn the identity of the person or persons who removed the new iron pump and piping from the well, near the school house, last Tuesday evening. The pump had been installed just recently. It was stolen sometime Tuesday night or early Wednesday morning. The thief also took the new piping which was attached to the pump. He probably figured it was a cheap way to get a pump, but if the guilty party is ever caught, he will find that this procedure comes mighty expensive, in addition to serving a term in jail.

FARM CROPS THREATENED BY FIRE

A week ago Sunday, the local chemical engine responded to a call for assistance, when fire threatened to destroy the grain crops on the farms of Lloyd McMillan and Thos. Foley, on the road between Chesterville and Finch. Fire, believed to have been started from a cigarette butt or match thrown from a passing car, had set the dry grass along the road ablaze, and with a stiff breeze fanning it, volunteer fire-fighters had to work hard to keep it from spreading to adjoining grain fields and nearby farm buildings. The local brigade responded to the call and the fire was extinguished before it reached major proportions.

A field of timothy on the Gauthier farm, north of Winchester, was destroyed by fire last week, and it is believed the blaze in that instance was caused by a lighted cigarette which was thrown from a car window as it passed the field.

There has been little or no rain in this district for a month, and with the mercury hanging around the 100 mark during the past few days, everything is drying to a crisp. Smokers and others should exercise caution when working in the open fields, or any other place for that matter. A carelessly thrown cigarette butt or match could cause untold damage, especially during the extreme dry spell.

IT'S TIME TO PLAN!

The satisfactory war news that we are hearing these days and the statements of many of our leaders point toward a rather early termination of the war with Germany. The best information from Ottawa is to the effect that at that time there will be some reduction in the amount of armaments produced in our Canadian factories. The extent to which this reduction will cause unemployment in Ontario and in Canada we do not know. However, we should be prepared for a certain amount of unemployment at this time.

After the defeat of Japan, while our war industries are being converted to peace-time uses and when our sailors, soldiers and airmen are being discharged from the forces, there will be undoubtedly a period when there will be unemployment unless we take strenuous means to prevent it.

Every municipality in Ontario can help in preventing widespread unemployment at that time. The means for doing this is by a program of public works expenditure throughout the length and breadth of the Province. This necessitates, of course, that each municipality makes plans well in advance of the time when unemployment is upon us. The time for this planning is now.

In each community there are jobs to be done, such as the building of curbs, sidewalks, pavements, domestic sewers, storm sewers, incinerators, sewage disposal plants or water works. No matter what the project is, plans must be made and if Provincial aid is to be sought, the plans will have to be approved by an appropriate department of the Provincial Government.

There are approximately 1000 municipalities in the Province of Ontario. Obviously, it will be a very difficult task for the Provincial Government to deal with all these municipalities separately. It seems to us that the proper approach should be the creation of planning boards or authorities throughout the Province. The step taken by the County of York in requesting the City of Toronto to join with it in setting up a County Planning Committee as a unit, might well be considered by the other counties of Ontario. A County Committee composed of responsible men should be in a much better position to approve of local plans than anyone as remotely situated from the scene of action as Queen's Park.

WHAT IS HOME?

Eight hundred replies came to a London magazine which asked the question: "What is home?" These answers were written by persons representing all classes. Seven were selected and published:

"Home—A world of strife shut out, a world of love shut in."

"Home—The place where the small are great, and the great are small."

"Home—The father's kingdom, the mother's world, and the children's paradise."

"Home—The place where we grumble the most and are treated the best."

"Home—The centre of our affection round which our heart's best wishes twine."

"Home—The place where our stomachs get three square meals a day and our hearts a thousand."

"Home—The only place on earth where the faults and failings of humanity are hidden under the sweet mantle of charity."

EDITORIAL NOTES

Fortune magazine: "Who can tell how a well-stocked world will feel about gold after the war?"

Hot weather we've been having—but do you remember those 25 below zero days last winter? The present weather is what you longed for then—so cheer up—it's here!

An election is due this Fall over in the States, and already people are talking about "changing horses in mid-stream." When it comes to that, there are a lot of people who are hoping that this is not midstream, but pretty close to the ultimate bank.

Let's hope that China will not hear what many are saying in Canada. The war is not over . . . we have to redeem ourselves for sending munitions to Japan to fight the Chinese. And Churchill has pledged the Empire to the task of restitution to China.

C. C. F. publications say: "Who owns Canada? A few monopolists and their henchmen—not the eleven and one-half million Canadians." On the contrary, facts point out otherwise. 57 per cent. of Canadian homes are owner-occupied. Radios are in 78 per cent. of Canadian homes. 75 per cent. of occupied farms are owner-operated, and 12 per cent. are operated by part owners. The truth is we all own Canada.

BIBLE QUESTIONS ANSWERED BY THE VOICE of PROPHECY

INTERNATIONAL BIBLE BROADCASTER

Question—Can you tell a common man, in a few words, how to be saved?

Answer—Here it is in three verses—Romans 10:9,10,13 "That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised Him from the dead, thou shalt be saved. For with the heart man believeth unto righteousness and with the mouth confession is made unto salvation. For whosoever shall call upon the name of the Lord shall be saved."

Q.—Do you believe, as many do, that the Roman Empire will be revived within a year or two?

A.—The Bible says No, and I believe God's Word. After picturing the broken fragments of the mighty Roman Empire as the modern nations of Europe, the prophecy of Daniel 2, verse 44, says "And in the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed: and the kingdom shall not be left to other people, but it shall break in pieces and consume all these kingdoms, and it shall stand for ever." So you see, friend, the next world empire is not to be old Rome revived. In fact, the Scriptures emphatically declare that no place shall be found for it (See verse 35.) The coming kingdom is the kingdom of Christ (See also Matthew 25:31.)

Q.—Is it possible, by a study of Bible prophecy, to discover the exact day of our Lord's return?

A.—In reply we quote Matthew 24:34-36 "Verily I say unto you, This generation shall not pass, till all these things be fulfilled. Heaven and earth shall pass away, but my words shall not pass away. But of that day and hour knoweth no man, no, not the angels of heaven, but my Father only."

Q.—What chapter in the Bible gives most of the signs of Christ's coming?

A.—Matthew 24. See also Luke 21.

Q.—Do you consider all the Bible to be inspired? Some say that only part of it is inspired.

A.—In reply, we quote II Timothy 3:16: "All Scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness."

Q.—We have been taught that Jesus will come quietly. What do you think?

A.—Let the Word answer—Revelation 1:7: "Behold, He cometh with clouds; and every eye shall see Him, and they also which pierced Him: and all kindreds of the earth shall wail because of Him." And Matthew 24:26, 27: "Wherefore if they shall say unto you, Behold, He is in the desert; go not forth: behold, He is in the secret chambers; believe it not. For as the lightning cometh out of the east, and shineth even unto the west; so shall also the coming of the Son of man be."

Q.—Can you tell me how to have stronger faith? My faith is so weak.

A.—One of the best medicines for weak faith is Bible study. Read Romans 10:17: "So then faith cometh by hearing, and hearing by the Word of God."

Other Editors' Opinions

SUMMER READJUSTMENT

(Acton Free Press)

Now that parents have had a month of constant attention to the family, it might seem that teachers are not overpaid when they look after 40 for several hours per day and five days a week.

NO HARM DONE

(Chatham News)

More than a million babies were born in the United States last year with the lowest maternal and infant death rates in the history of that country. Rationing of food and other necessities hasn't injured the health of the masses, apparently.

NO LONGER JUSTIFIED

(Ottawa Citizen)

In Canada the five-cent cup of coffee still costs 10 cents. This increase of 100 per cent. in the price of a necessity as well as an institution can surely be no longer justified. If the United States can unration coffee and reinstate the nickel mug of java, then Canada ought to be able to do so, too.

CAMPAIGN TEST

((Montreal Star)

No political party is better than its candidates. It is quite true that what a candidate says on hustings in the heat of a political campaign does not always bind his party—or should it. But the public can obtain a fair idea of what a party will do in office from the calibre of its candidate's thinking.

RESPONSIBILITY OF CITIZENSHIP

(Grand Forks (B.C.) Sentinel)

We in Canada have been too conservative in our national propaganda, or too liberal in leaving the immigrant to himself. . . We have not insisted that he accept the responsibility of becoming a good Canadian citizen. Canada, as a nation, can be happy only if its people are unified in a Canadian way of life.

COCK-EYED LAW

(Trenton Courier-Advocate)

A man in the trucking business has no family car. Sundays come and his wife and children would like to go to the water resorts just as their neighbors, who have cars, do on Sundays. If the trucker loads his wife and children into his truck and drives them out to the resort, he is apt to be fined. There "ain't" no justice, but a lot of cock-eyed law in that sort of thing.

PROBLEM IS RIGHT!

(Trenton Courier-Advocate)

Blood will tell. So it is said. And if true, the allied nations may have much trouble in the days to come from the thousands of illegitimate half-bred huns in the occupied countries. In France, women have been shorn of their hair for collaborating with the hun, but what good will that do now? The deed has been done. Educating the half-breeds, bringing them up in the proper way to make of them useful citizens, peace-loving citizens, is going to be the problem.

IF WE SLACKEN

(Winnipeg Free Press)

The people of the United Nations have shown that they can stand fast in adversity. The unparalleled success of 1944 has posed a new test for us. If we can make each victory on the battle-front, and each crisis in the enemy camps, an incentive to greater effort, we will hasten a certain victory. But if we slacken because the war seems won, if we relax too soon, we will not only prolong the war unnecessarily but make the job which our fighting men must do all the more difficult.

THE "ZOMBIES" HAVEN'T!

(Smiths Falls Record-News)

An advertisement appeared in last week's issue of The Record-News headed "Have I The Guts?" and appealed to the young men of Canada to volunteer for overseas service in the Canadian Army. We are one hundred per cent. in support of the appeal, but the thought that comes to the fore in our mind is that perhaps an appeal, with the same heading, could be directed to the powers-that-be in Otawa, regarding the changing of Canada's "Zombie" Army into the Active Service Classification. Perhaps Defence iMnister Ralston may not be interested but we have heard considerable unfavourable comment over the heading of last week's appeal for active service volunteers.

IT WILL HAPPEN AGAIN!

(Brockville Recorder & Times)

The Ontario government is offering members of the armed forces 160 acres of free land in northern sections of the province. This is reminiscent of the "veterans' scrip" of earlier years which most of the ex-service men in question were glad to sell for a few dollars to the first person who came along. Land settlement in northern Ontario has not been conspicuously successful, it must be admitted, and one of the more recent attempts at such colonization, it will be remembered, ended in most of the settlers being glad to return to older Ontario at the first opportunity.

IMAGINATION

She looked into my tea cup,
Then smiled at me and said:
Good fortune soon will cross your path
And ill luck will have fled.
See near the top, that tiny bird,
That means you'll get good news;
And there's a parcel coming soon,
'Twill chase away the blues.
Within the cup my gaze I fixtd,
Then smiled as I looked up,
For all that my poor eyes could see
Were tea leaves in my cup.

"Oh John, look at that cute little hat in the window. Let's go buy it."
"Yes darling—right by it."

A WEEKLY EDITOR LOOKS AT Ottawa

Written specially for the weekly newspapers of Canada

By Jim Greenblat

People often write to National Defence headquarters at Ottawa asking "the present location of Thomas Smith who is in the Canadian Army." Well, there are 124 Thomas Smiths in the Army, 14 of them from Toronto, for instance. Hence the necessity of supplying full Christian names, rank, number, and properly spelling the surname. Here's why. There are 5,118 Smiths in the Canadian Army, 362 of them having the Christian name of William. There are:—Allan 308, Allen 759; Cook 746, Cooke 221; Johnson 1,807; Johnston 1,114, Johnstone 232; the McDonalds in various ways of spelling total 3,754; Arsenault 551; Arseneault 184. So just picture the task of clerks at N.D.H.Q., when enquiries come in. They would appreciate your co-operating with adequate detail.

* * * *

Most employers in Ontario got a letter from Arthur MacNamara, Director of National Selective Service, asking for their co-operation in the saving of vital crops, by giving leave of absence to their able bodied employees—wherever possible — for harvesting. The letter also intimated that the Department of Labour, by arrangement with the railways, will run a harvest excursion to the Prairie Provinces late in August and early in September, and for this the granting of temporary leave to experienced farmers, or other able-bodied persons in industry is sought. The government will provide men going West for harvesting with return tickets at a cost of $10 to the man. Mr. MacNamara says that employers in other provinces will also be invited to give leave to men for harvesting in their localities.

The response of the farmers of Canada to the appeal of the government to raise more sugar beets to ease the sugar situation is indicated in cold figures. The Dominion-Provincial Agricultural conference in December last year set an objective for 1944 of 63,400 acres, but latest reports is that the actual acreage contracted for between the companies and growers this year totalled 71,438 acres. At the middle of June, Ontario reported plantings of 16,000 acres; Alberta, 30,000; Manitoba, 14,000, and Quebec, 9,500. Prospects at present are good for the crop, with help suppiied by Japanese and German prisoners of war, conscientious objectors, Canadian soldiers and civilians.

Consumer Branch tip to women to make shoes last longer and wear better. Women buying shoes for their children are urged to see they are the right size and fit. When the children come in with wet shoes, do not place them over direct heat to dry—such procedure bakes the soles, weakens leather fibres and causes them to break down. Rather, wet shoes should be filled with newspapers and allowed to dry in normal temperatures. And polish them.

* * * *

Until November 15 farmers may use their trucks to transport harvest help, and a general permit has been issued for the harvest season exempting farm truck owners from the ban on carrying passengers except in the cab of a vehicle operated for transporting goods. It does not, however, exempt one from provincial or municipal truck regulations or the 35-mile travel limit on trucks not transporting farm goods. Special provisions are, of course, in effect allowing the conveying of persons to and from church or religious ceremonies or for medical assistance.

Everything humanely possible is done to save lives of our men overseas, as witness the shipment of 7000 pounds of penicillin which reached Montreal one day recently, and was immediately loaded on R. A. F. transport command planes setting out for the Middle East, India and Britain.

$200,000,000 for farm products, $25,000,000 for fish will be sums provided for in the proposed legislation before the House of Commons to give "floor prices." The motions, brought forward by the Minister of Agriculture and the Minister of Fisheries, are almost identical in terms, contemplating the support through a national war purchasing board during the transition from war to peace. The Board would be enabled to make agricultural products" as may be necessary to bring average returns to such payments in respect of staple producers up to the prices so approved."

* * * *

The situation in connection with lard surplus has been relieved in part by shipment of nearly ten million pounds to Russia since April 1, under Mutual Aid; also to the United Kingdom and elsewhere. There was a sixty per cent. increase of hogs marketed in the first six months of 1944, a total of 5,250,000.

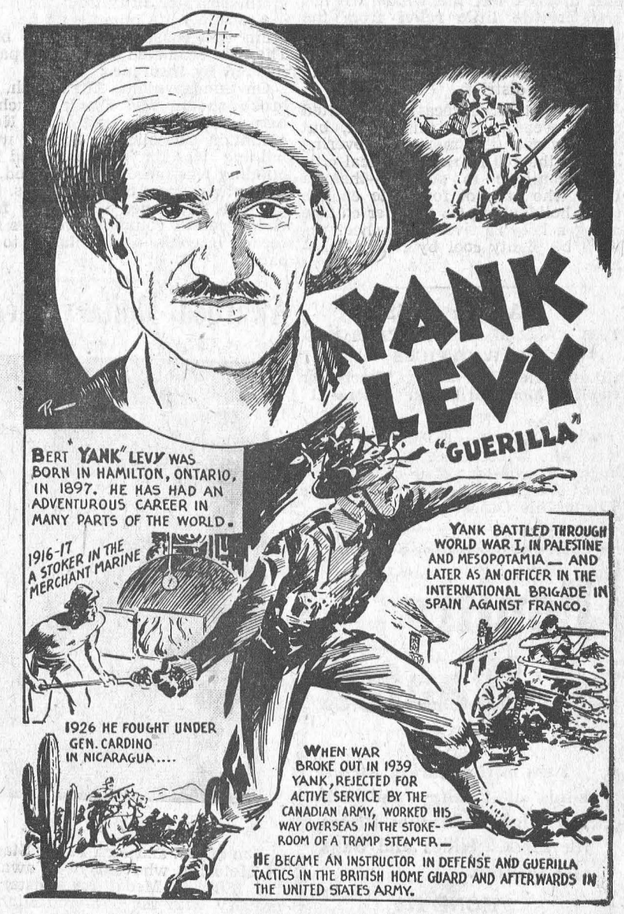
Acreage seeded to wheat in Canada's three prairie provinces in 1944, amounting to 23,052,500, shows an increase over 1943 by 37.8 per cent., the June survey shows. The increase, however, is at the expense of feed grain crops, flaxseed and summerfallow. Oats seeded is 10,446,900 acres, down 11.4 per cent.; barley is decreased by 14.3 per cent., while flaxseed shows a decrease of 53 per cent. Summerfallow was 1,210,000 acres less than 1943.



The Canadian Guerilla veteran and military expert, Bert Levy, of Hamilton, Ont., is featured in a book of cartoons entitled "Jewish War Heroes" which has been published by the Canadian Jewish Congress for free distribution to Jewish children in this country. Others whose stories are told in this style are Brigadier Frederick Kisch of Palestine, who served with the Eighth Army, Squadron Leader Alfred Brenner, D.F.C., R.C.A.F., Gen. Morris Abraham Cohen of the Chinese Armies, Capt. Israel Fisanovitch of the Russian Navy, and Sgt. Meyer Levin of the U.S.A. Army Air Forces.

WAR MILK

The demands of war upon milk will be heavier than ever this coming year . . . millions of pounds will be required. Every cow must do her best — and you can't get proper production without proper feeding. That's where "Miracle" Dairy Feeds step into the picture. These feeds contain the necessary and vital elements for high *and* quality milk production . . . at lower feed cost! For maximum flow from *every* cow — use "Miracle" Dairy Feeds!

We regret the shortage of supply which may occur at times owing to conditions over which we have no control.

Crowder—Murdock

A charming wedding took place at 2 p.m. on Tuesday, August 1st, on the lawn of Mr. and Mrs. Milton J. Murdock, South Mountain, when their only daughter, Ruby Lorraine, of South Mountain, became the bride of Mr. Wilfred Gordon Crowder, youngest son of Mr. and Mrs. Wesley Crowder, of Winchester. Rev. V. Buchanan officiated at the ceremony.

Given in marriage by her father, the bride was attended by Miss Patricia Crowder, sister of the groom, while Mr Ralph Murdock, brother of the bride, was best man for the groom.

The bride wore a street-length dress of shell pink lace over taffeta, with a matching headdress and a shoulder length veil. She wore a corsage of pink and white carnations, with shower streamers. A necklace of pearls and earrings was the groom's gift to the bride. The bridesmaid wore a Heavenly blue dress with matching hat and white accessories. She wore a corsage of pink, blue and white sweet peas.

Following the ceremony, a wedding luncheon was held at the Riverside Inn, and the couple left to spend their honeymoon at a cottage along the St. Lawrence. The bride travelled in a gold gabardine dress, with brown suede accessories. Her corsage was of brown and gold mixed flowers. On their return they will reside at South Mountain.

KARS NEWS

Grandmother's Day

The annual Grandmother's Day, sponsored by Kars W. I., was held in the W. I. Hall on Thursday afternoon, Aug. 10th. There were 20 grandmothers present. The meeting was presided over by the president, Mrs. Jack Craig, assisted by the secretary, Mrs. M. Brown. Mrs. Craig welcomed the grandmothers and a minute's silence was observed in memory of those grandmothers who had passed away during the past year. The roll call was answered by a display of old photos. A report of the district convention was given by Mrs. C. Todd, who also gave a reading on the subject of Grandmothers. Mrs. Winston McLeod sang a solo. A contest in building a chicken house was enjoyed, and community singing brought the program to a close. A delightful lunch was served by the committee in charge.

VENTNOR

WAR GRATUITIES WILL TOTAL NEARLY $1,100 EACH

The other day Navy Minister MacDonald gave the Commons an example of what a private in the army, who served one year in Canada and two years overseas, would receive in the way of gratuities.

Mr. MacDonald said the private would be entitled to:—

1. For one year service in Canada—$90.
2. For two years' service overseas—$360.
3. Seven days' pay allowances for every six months' overseas—$77.
4. A clothing allowance of $100.
5. A rehabilitation credit equal to the service gratuity—$450.

The private, in his example, would be entitled to a total of $1,077, Mr. MacDonald said.

The gratuity would be paid in installments over a certain period, but the private on discharge could collect in a lump sum the clothing allowance, the seven days' pay and allowances for every six months' overseas, and the rehabilitation credit.

The rehabilitation credit would, however, only be paid for certain specified purposes, such as a down payment on a home, the payment of insurance policies or for rehabilitative purposes.

Mr. Macdonald said that sailors serving in shore establishments within the Western Hemisphere—North and South America, Bermuda and the West Indies and Newfoundland—would be paid the gratuities on the basis of service in Canada. The men would be paid overseas rates for any time they served on ships or bases that were considered overseas areas.

If the over-confident will glance at the war map of the world, they will see that we still have a great deal of erasing to do to remove the widespread smear of Axis ink.

HINTS FOR THE HOME

Bluing Stains

Stains of laundry bluing on linen can be removed very readily with a little wood alcohol.

Scorching

To prevent scorching of clothes while ironing, wipe the iron on a cloth dampened in kerosene.

Perspiration Stains

For perspiration stains. mix one part of oxalic acid to twenty parts of water. Apply with a small brush.

Lemons

If lemons are placed in an air-tight jar, and the jar filled with water, they wil keep fresh for a long time.

Onion Odor.

Onion odor on the hands can be removed by rubbing with a slice of raw potato, with salt, or with a sprig of parsley.

Plants

To enrich the earth around plants, water them with a solution consisting of 150 grains of glue to two gallons of water.

Ash Stain

An ash stain can be made by mixing 1 quart of boiled linseed oil, 1 quart of turpentine, 1 pint of whiting, 1 level tbsp. raw sienna.

Washing Ribbons

If two or three potatoes are grated in a pan of water, they will give better results than soap when washing ribbons or delicate woollen goods.

Whipping Cream

If the cream is too thick, place the dish in another dish of cold water. When it is chilled, place in a dish of hot water and it will then whip easily.

Prickly Heat

A remedy for prickly heat is to sponge with equal parts of vinegar and water. Dry the skin thoroughly and then powder with one part of boric acid and two parts of corn starch.

Cut Flowers

Flowers will keep for several hours if no air is permitted to get to them, if they are wet thoroughly, covered with wet newspapers and put in a damp place.

Ringworm Remedy

Put 1 part of iodine in 2 parts of water, or alcohol. Touch the surrounding flesh with this solution. It will prevent spreading, and in about two weeks the ringworm should disappear.

New Shoes.

If not certain that the new shoes will fit satisfactorily, slip an old pair of stockings over them and wear around the house. If it is then desired to return the shoes, the soles will not be soiled.

Buttonholes.

A method for making buttonholes that will outwear any other is to baste a strip of cloth on the underside of hem; then cut and work buttonhole through both strip and hem; cut away surplus strip.

Scorched Food

If foods become scorched while cooking, remove the cover immediately and place the vessel in a pan of cold water. Allow it to remain for 15 or 20 minutes and the scorched taste will disappear.

Hemstitching

To hemstitch sheets, pillows or any such article, try pulling threads, slightly loosening them; then, using a medium stitch, stitch hem down on center of space where threads are pulled. When stitched, pull up into place.

Cold Cream

To make a cold cream, melt together in double boiler 1-2 oz. spermaceti, 2 oz. oil of sweet almonds, and 1 oz. white wax. Remove from fire and add gradually 4 oz. glycerine, and perfume if desired. This formula has been used by stage celebrities.

WEDDINGS

COWAN—SAVAGE

Stewarton United Church, Ottawa, was the scene of a very pretty wedding on Saturday afternoon last, when Miss Irene Christena Savage, only daughter of Mrs. Savage and the late Albert Savage, of Vernon, became the bride of Clifford Cecil Cowan, R.C.A.F. ,son of Mr. and Mrs. Wm. Cowan, of Metcalfe.

The officiating ministers were Rev. E. G. Warren, of Metcalfe, and Rev. F. S. Milliken, of Ottawa, Mr. Hill, church organist, presided at the organ,and during the signing of the register Mrs. (Rev.) Cecil Currie sang "Because."

The bride was attended by her cousins, Miss Eileen Powell, as bridesmaid, Joyce Henderson as flower girl, and Clem Henderson as page boy. Mr. Eldon Brownlee, R.C.A.F., was best man. Mr. Lloyd Cowan, brother of the groom, and Mr. Mervyn Henderson, cousin of the bride, were ushers.

The bride was given in marriage by her brother, Orman Savage, and looked lovely in her floor-length gown of Ivory slipper satin and lace, torso style and full flowing skirt, the long sleeves ending in points over her hands. The floor length veil of silk embroidered net was held in place by a sweetheart head dress. Her shower bouquet consisted of red Bettertime Roses, bouvardia and fern.

The bridesmaid was gowned in a floor-length teal blue chiffon over taffeta, and carried pink roses and bouvardia. The flower girl's floor-length dress was of pink eyelet embroidery and she carried a nosegay of summer blooms.

Following the ceremony, a reception was held at the home of Mr. and Mrs. Orman Savage, brother of the bride. Later Mr. and Mrs. Cowan left on an extended motor trip to the United States. The bride chose a Turquoise blue suit with brown accessories, and corsage of roses. On their return they will reside at Moncton, N. B.

The groom's gift to the bride was a cabinet of flat silver, and the bride's gift to the groom a signet ring.

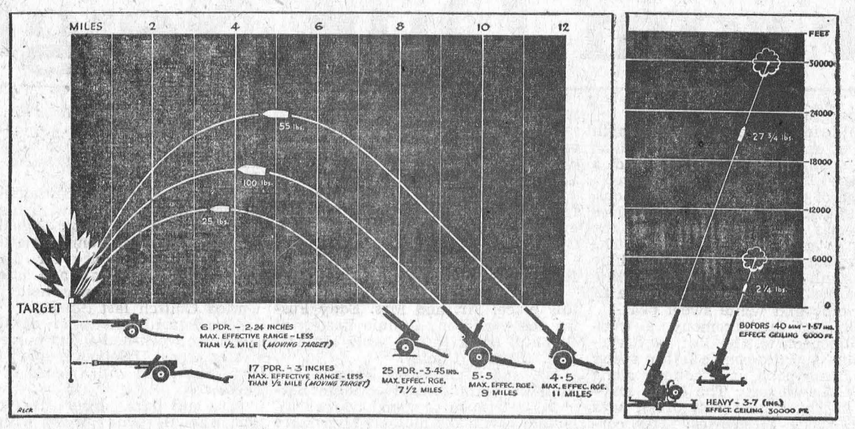
The guests included: Rev. and Mrs. Cecil Currie, Brantford; Mrs. C. Temple, Chatham, N. B.; Mr. and Mrs. Mac Henderson, Winnipeg; Miss E. McDougall, New York; Mrs. Jas. McTavish and Jean, of Balderson; Mr. and Mrs. Earl Henderson and Marjorie, Mr. and Mrs. Cecil Henderson and Joyce, Mr. and Mrs. Ken. Henderson, Clem and Diane, all of Carleton Place; Mr. and Mrs. James Henderson, Franktown; Miss Eleanor Bell, Mr. and Mrs. A. Powell, Eileen and Ann, Mrs. D. Henderson and Muriel, Mr. and Mrs. Alvin Cowan, Mrs. LeFeuvre and Joan, Mr. Lloyd Cowan, all of Ottawa; Mr. and Mrs. H. A. Cinnamon, Winchester; Rev. and Mrs. Warren, Rev. Mr. Shannon, Mr. and Mrs. Wm Cowan, Mrs. Arnold Acres and Pauline, Mr. and Mrs. S. Jeacles, Mr. and Mrs. A. Latimer, of Metcalfe; Mr. and Mrs. Morrison, North Gower; Mr. Eldon Brownlee, Manotick; Mrs. G. Comrie, Mr. and Mrs. R. Campbell, Mr. and Mrs. W. Acres, Mr. and Mrs. W. Comrie ,all of Vernon.

Miss Irene Savage Honored

A miscellaneous shower was held at the home of Mr. John Hughes, on August 4th. Miss Savage was escorted to a prettily decorated chair, and a corsage was presented by Miss Ada Hughes. Mrs. Roy McAndrew read an address ,and Mrs. Bernard Last and Miss Jessie McAndrew presented the gifts, which were concealed under a nicely decorated table topped by a bride.

Miss Savage thanked her friends in a few well chosen words, after which a social hour was spent, followed by refreshments. The guests registered in a bride's book, prepared by the hostesses.

When Canada's Big Guns Roar



Ranging from the 5.5 that fires a 100 pound shell a distance of nine miles to the Bofors 40 mm. anti-aircraft weapon that sends a 2 1-4 pound projectile 6,000 feet in the air, the above chart shows seven types of heavy weapons the Canadian Army is currently using in Normandy and Italy. Canadian gunners have taken an active part in the famous Montgomery barrages that have been preceding Allied tank and infantry attacks in France. Artillery ammunition production is being increased in Canada, and an urgent call has gone out for thousands of additional workers for shell, manufacturing and filling plants.

THE MIXING BOWL

By ANNE ALLAN
Hydro Home Economist

Hello Homemakers! Delectable in summer, and all year round are foods prepared in the refrigerator. One of their chief claims to culinary fame is that they can be prepared in the day and be in readiness for the ed to party occasions, especially the to party occasions, especially the buffet supper.

Jellied Lamb Stew

2 lbs. lean neck of lamb, 3 tbsps. gelatin, 1-2 cup water, 1 medium-sized onion, 3 medium-sized carrots, 1 cup chopped spinach, 1 cup cooked macaroni, salt, pepper.

Cover lean lamb with hot water and let simmer until the meat is tender. Put carrots and onions through food chopper and cook in as little water as possible. Soak gelatin in cold water and dissolve in three cups hot meat stock and vegetable broth. Grind meat. Combine meat, cooked seasoned spinach, macaroni, carrots, and onions. Season and add partially cooled, dissolved gelatin. Pour into a mold which has been dipped in cold water. Chill in electric refrigerator and when firm unmold onto a platter. Garnish.

Molded Fish Salad

3 cups cooked fish, flaked; 1 green pepper, finely chopped; 1-4 tsp. of pepper; 1-2 tsp. salt; 1-2 cup celery; diced; 1 tsp. grated onion, 1 1-4 cups mayonnaise.

Berry Parfait

Pudding: Beat 2 egg yolks, 1 whole egg, and 1-4 cup sugar until lemon-colored. Gradually stir in 2 cups scalded milk. Cook in double boiler, stirring constantly, until mixture coats spoon. Cool quickly. Add 1 teaspoon vanilla; chill.

Berry Layer: Combine 1 pint of crushed berries and 1-2 cup sugar. Chill in electric refrigerator.

Meringue: Gradually add 3 tbsps. sugar to 2 beaten egg whites; beat until meringue forms peaks. Alternate pudding and berries. Top each parfait with a meringue swirl and berry.

Wartime Ice Cream
(Suggested by H. G.)

2 egg whites, 1-3 cup granulated sugar, 1 tsp. vanilla, 1 cup 18 per cent. cream.

Beat the egg white stiff but not dry and gradually beat in the sugar; Beat after each addition until the mixture stands in peaks. Fold in vanilla and cream. Turn into pint freezing tray of your automattic refrigerator and with the control set at fast-freezing, freeze for half an hour; take from refrigerator and stir mixture until smooth. Return to refrigerator and freeze half an hour longer; take from refrigerator and mix until smooth. Continue this procedure until the mixture is firm and there is no separation. Return control to a point that will just keep the ice cream frozen.

TAKE A TIP

1. Filling jars of vegetables too full may cause them to spoil.
2. Use a sterilized knife to slide down inside the packed jars of fruit or vegetables befoore sealing.
3. It is wise to use new zinc screw bands.
4. Process filled jars in water-bath counting the time from when water begins to boil.
5. Do not remove jars by lifting the tops. Dip out some of the hot water and then remove them.
6. Opening jars to refill is not necessary if there is an air space, but no leakage or detection of such.

THE QUESTION BOX

Miss E. J. asks: Why is a jam or jelly more successful done in small quantities?

Answer: For several reasons: evaporation is more quickly accomplished; does not burn as readily, and there is less scum.

Mrs. J. C. asks: How do you make two cups of rhubarb juice to add to berries for making jam?

Answer: Cut one quart of rhubarb into one inch pieces, add one cup of water. Cook ten minutes and then press through a sieve.

Mrs. M. M. asks: Recipe for Plum Gumbo.

Answer: 2 quarts plums, 3 cups sugar, 1 orange.

Wash and cut plums and remove pits. Slice orange very thinly. Cook together slowly for 15 minutes. Add sugar. Cook rapidly 5 minutes. Pour into hot sterilized jars, cool and seal. Yield: about 2½ pints.

Anne Allan invites you to write to her in care of The Winchester Press. Send in your problems on homemaking and watch this column for a reply.

"AN ODE TO THE 528"

"This is it," the Captain said,
"We sail for France on the evening ebb."
No cries of wild joy filled the air,
But each man's heart was filled with prayer.

For years the whole world has stood by,
For the flag of Victory to fly
On France's shores, to show that we
Could smash the rule of tyranny.

Then came the dawn to end the night
And D-Day soil hove into sight.
The silent soldiers filled the boats,
In God alone, their only hopes.

The boats were lowered, we pulled away,
On a sea, cold and rough, and streaked with grey.
The sailors on board gave three cheers,
A man to man parting:. there were no tears.

A church spire, tall and straight, we see,
A symbol of peace and unity;
To-day a mark to guide us in,
To kill, to plunder, to live in sin.

All is quiet, until we
Sailed close enough the mines to see,
Then mortar fire around us fell,
Was somewhat hurt? No time to tell!

The door is down, they leave us now,
The firing heavy, but none would cowe;
They jumped in water up to the thigh
And ran for shore with rifles high.

Our job was done, we backed away,
Not all of us: one was to stay.
We turned and sailed straight for the ships,
With a prayer of thanks upon our lips.

Thanks to "Him," who brought us through,
That we may help in another "Do."
To bring to the world for ever more,
Peace and Love, so long fought for.
—Composed by R. Mellway and S. Ingram.

"YOU AND I"

"If I knew you and you knew me
It is seldom we would disagree,
But having not as yet clasped hands,
We often fail to understand
That each one tries to do what's right,
To treat the other honor bright.
How little to complain there'd be
If I knew you and you knew me."

R.C.A.F. Band To Visit Morrisburg

MONSTER CARNIVAL PLANNED FOR MORRISBURG ON WEDNESDAY, AUGUST 30th.

Pans for a gala jamboree during both afternoon and evening on August 30th in Morrisburg are rapidly taking shape. This promises to be one of the biggest events during the past number of years in this district. With the sponsorship of the Morrisburg Red Cross, a special committee has undertaken the work of raising funds for soldiers' comforts. The committee has set an objective of raising $1,500-$2,000 in this manner and plans are being made to handle a crowd of 2,500 for the afternoon and evening in Morrisburg. It should be a gala event for Morrisburg and all roads will lead there on this Wednesday afternoon and evening, the last in August.

Among the many attractions that will appeal to both young and old is a band concert in the afternoon with music supplied by the R.C.A.F. band from Rockcliffe in Ottawa. This is a 60-piece band and regarded as one of the best military and civilian bands in Canada today. It will be a treat for music lovers to hear this popular band. Afternoon tea will be served by the Ladies' Committee of the Morrisburg Red Cross for a nominal sum. There will be no admission charge to the Band Concert in the afternoon.

At night there will be a street parade preceding the evening's entertainment headed up by the R.C.A.F. Band who will play a few numbers at the Band Stand at 7.30 (weather permitting). After marching through the streets the parade will assemble at the Arena where the R.C.A.F. will again play for the crowd. Later in the evening there will be free dancing with music supplied by Burton Heward and a specially augmented ten-piece dance band, supported by a feature lady soloist. Bingo will be another attraction for the many fans who enjoy this game. There will be about a dozen carnival attractions, games of skill, etc., to assure those who attend there will not be a dull moment. A small admission charge of 50c entitles eevryone to a full evening's fun and entertainment. And the best part of it is that the money raised will go to a worthy cause.

In connecion with this event a raffle will be held with the grand prize of a new Connor Thermo Refrgierator to the lucky winner. This refrigerator is on display at Stewart Thom's window and tickets may now be procured from several enthusiastic workers who are already at work. Two prizes are being given to the ticket sellers; one to the person who sells the most tickets over 100; and the other to the person who sells the ticket to the lucky winner.

MODERN ETIQUETTE

1. What should one do and say, if when entering a row of seats in a theatre, it is necessary for other persons to rise to allow you to pass?
2. Would it be all right for a girl to wear a slack suit when taking a trip by bus?
3. What is the correct way to eat watermelon?
4. If a man is a strictly business acquaintance, and a woman meets him at a social affair, is she obligated to recognize him?
5. In what form should an acceptance be written when replying to a wedding invitation?
6. Should the cream and sugar be placed in the cup before the coffee is poured, when eating breakfast?

Answers

1. Face the stage and pass as quickly and easily as possible. If the other persons rise, say "Thank you." 2. Yes; it would be all right as slacks are now being worn on all informal occasions. However, to be correct, a dark dress or suit would be preferable. 3. With a fork, cutting a small piece at a time, and leaving the seeds on the plate. 4. Not unless she desires to, but she usually does unless there is some good reason why she should not. 5. Write it in the third person, following the wording of the invitation, repeating in your acceptance the place, date, and hour. 6. Yes.

Assassination of Philippe Henriot, Vichy propaganda chief, is probably best described as the shape of things to come for quislings.

One of the most extraordinary things about some modern music, so called, is that people are actually paid to render it.
