They Bid them Farewell.

Mrs L. A. Zufelt, who was born and lived here all her life, is moving with her husband to Kingston, where he has the appointment of Superintendent of the Dairy School. Before taking their departure a number of her lady friends gathered at their residence on Friday evening last to bid them farewell, and during the evening presented Mrs Zufelt with an address and music cabinet. The following is the address:—

To Mrs L. A. Zufelt:—

It is not without a feeling of sadness that a few of your friends have come together to-night. Time has wrought many changes and it is the regret of us all that circumstances are such that you must leave our circle. We need not tell you how much we will miss your cheerfulness, humor and goodness of heart. It has cheered us all many times. We are glad that since you must go, you will not be very far distant and we can look forward to have you revisit your native town. We ask you to accept this gift as a small token of our love and friendship for you. We wish you Godspeed and a very bright and prosperous future.

In behalf of the ladies of Chesterville.

Mr. Zufelt on behalf of his wife, thanked the ladies for their thoughtfulness and assured them that their kindness will not soon be forgotten. The gathering dispersed about midnight.

Mr. and Mrs Zufelt left for their new home to-day.

Man Killed by Runaway Horse at Toledo.

A sad accident occurred at Toledo Sunday morning at 8.30 when Leslie Palmer, of Smith's Falls, met his death. He was driving from Smith's Falls to Athens to visit relatives, having a colt attached to a buggy in which were Mr. and Mrs Palmer and child. At Toledo a stop was made to water the horse. The deceased left the buggy and took off the headstall for the purpose. The horse bolted and Mr. Palmer while endeavoring to hold the animal by means of its mane was struck by one of the shafts. He was knocked down, and one of the wheels passed over his head, fracturing the skull. The horse then ran a distance of two miles with Mrs Palmer and the child in the rig. The horse was captured without any injuries being sustained by the two occupants of the rig.

When assistance reached Mr. Palmer it was found that he was seriously injured. Dr. Walker was called and dressed the injuries. He had a fractured skull and was otherwise injured, and he was removed to St. Francis Hospital, Smith's Falls, where he died Sunday night.

Students who Pass into Normal School.

The results of the examinations for entrance into the Normal schools are given below. The certificates of the successful candidates and the statements of those who failed will be mailed to the principals or inspectors in the course of a few days.

The appeal examiners have already read the papers of each candidate whose marks would in former years have justified any appeal. Where such a candidate has still failed, his statement of marks will be stamped as reread, and no further appeal will be allowed. In all other cases of failure, appeals will not be refused, if made before Sept. 1, and accompanied by a fee of \$2. In view of all the precautions taken, however, it is most unlikely that such appeals would succeed.

Successful candidates who desire to attend the coming session of the Normal schools are notified that their applications for admission must be made to the Deputy Minister of Education not later than Tuesday Sept. 5. The Normal schools will open on Tuesday, Sept. 26, at 9 a. m. at which time all candidates must present themselves. Applicants are required to be at least eighteen years old before October 1. Further information regarding the conditions of admission may be obtained from Sections 4 and 5 of the Syllabus copies of which may be obtained on application to the Deputy Minister of Education. No candidate will be admitted who does not comply fully with the conditions of these sections.

The possible effect of the hot weather on the candidates writing on this examination has been fully considered and every allowance deemed necessary has been made. It is worthy of note that the percentage of successful candidates is much higher than in either 1909 or 1910.

Toronto Aviation Meet.

Toronto Aug. 7—As a result of the abrupt cancellation of the aviation meet, Mr. E. E. M. Wilcox, the chief promoter of the meet, has decided to institute proceedings for substantial damages against the McCurdy-Willard Aeroplane Company of New York.

The Montreal Market.

At the Montreal Stock Yards, West End Market, the receipts of live stock for the week ending August 5 were 3,555 cattle, 2,400 sheep and lambs, 1,900 hogs and 715 calves. The supply on the market this morning for sale consisted of 1,300 cattle, 1,500 sheep and lambs, 750 hogs and 275 calves.

A feature of the trade was the continued weakness in the market for cattle, and prices since this day week show a decline of $\frac{1}{4}$ c to $\frac{1}{2}$ c per lb. on account of the increased supplies coming forward and the very warm weather prevailing. The gathering of buyers was fairly large but the demand was somewhat limited, as even at the above reduction in values noted butchers were not disposed to operate freely and carry large stocks of beef with no prospects of cooler weather in the near future, consequently trade was rather slow on the whole. Choice steers sold at $5\frac{1}{2}$ c to $5\frac{3}{4}$ c, good at 5 c to $5\frac{1}{2}$ c, fairly good at $4\frac{1}{2}$ c to $4\frac{3}{4}$ c, fair at 4 c to $4\frac{1}{2}$ c, and common at $3\frac{1}{2}$ c to 4 c per lb.

Although the supply of hogs was much smaller than a week ago yet the feeling in the market was weaker and prices ruled 50 c per 100 lbs. lower than a week ago. At this reduction the demand from packers was fairly good, and trade was more active with sales of selected lots of \$7.00 to 7.25 per 100 lbs. weighed off cars, but there was a number of lots which were contracted for at the latter end of last week delivered at \$7.50.

The market for sheep and lambs was weaker and prices declined owing to the increased offerings. The demand was good at the reduction, and sale of lambs were made at 6c, and sheep at $3\frac{1}{2}$ c to 4c per lb. Calves were steady at prices ranging from \$2.00 to \$6.00 each, as to size and quality.

A Motorcycle Tour.

Ottawa, August 8—Captain McCarthy and Percy McBride, of Toronto, who made a notable motor cycling tour from Toronto to Ottawa, arriving here Sunday evening, left for the West again this afternoon. Captain McCarthy will go straight through to Toronto, but Mr. McBride will go from here to Cornwall and will tour Eastern Ontario before returning home. Both men are in good shape after their long tour, neither showing the slightest ill effects, though Captain McCarthy met with a couple of mishaps, one when he plunged over an embankment and again when he struck and run over a dog.

Duncan McMartin Glengarry Candidate

Alexandria, Ont. Aug. 7—By a unanimous vote Mr. Duncan McMartin of Montreal, was on Saturday afternoon chosen as the Conservative standard-bearer for the County of Glengarry at the coming elections. There was but one nomination, and no discussion as to that. As an old Glengarry boy, who had gone out into the world and 'made good,' every delegate was evidently delighted to see Mr. McMartin come back to his own as the prospective candidate and probable member for his home county, and when he was nominated by Messrs McGillivray, of Charlottetown, and D. R. McDonald, M. P. P. there was a cheer which showed what the feeling of the meeting was.

Trainload of Roughs.

Sand Point Ont. August 8—Harvesters passing through here Friday to the West were guilty of wanton rowdyism. An excursion train was brought to a stop near the place by having the cars disabled, and stores were broken into and robbed. Stones were thrown at section men at work, and women in the town were made the targets for insulting language. For fifteen minutes the place was in the power of the toughs. One woman drove them out of her place with a revolver, but in most cases the citizens were terrorized.

Used New Winnipeg Depot.

Winnipeg, Aug. 8.—For the first time trains were led in and out of the million dollar Union Depot yesterday.

Fireman Is Rescued.

Toronto, Aug. 8.—Fire broke out in the factory of the Anchor Bed Co., Wellington and Niagara street, at 12.30 this morning, completely destroyed stock and building, and two firemen were injured in the fight to put out the flames.

Owing to the disorganization by the storm of the fire alarm system, the firemen found the flames far advanced in their destruction of the two-storey frame building.

Fireman Agnew Cluff and another entered the burning structure from the alley with a line of hose and Agnew, who was in front, had got but 15 feet inside when the roof above collapsed, falling through the floor above and pinning Agnew and Cluff, who was close at his heels, tightly to the ground under the still burning timbers. By heroic efforts he was rescued.

Big Total of Exemptions.

New York, Aug. 8.—Property in New York to the value of \$1,596,208,879 is exempt from taxation and yields no revenue to the city treasury, according to a report made public yesterday. The exempt property is that owned by the city itself, the U.S. Government, churches, hospitals, charitable institutions and cemeteries.

Approximately one-third of the sum is represented, the report states, by the property of religious societies and institutions.

The largest single exemption is Central Park, valued at \$250,000,000.

Terrible Record of Black Hand.

Chicago, Aug. 8.—A summary of the crimes committed by members of the so-called "Black Hand" in this city during the year 1911, made public yesterday gives a total of 18 murders, scores of stabbings and more than 100 bomb explosions, \$500,000 collected in blackmail and the terrorizing of thousands by threats. With only one or two exceptions, none of the perpetrators of these numerous crimes have been convicted.

Charged With Forgery.

Montreal, Aug. 8.—Alphonse Gagnier, who had been employed by the J. R. Booth Co., Ottawa, and Arthur Lefevre, were arrested yesterday on a charge of forging checks and obtaining money under false pretences. The Dominion police had been looking for the prisoners for some time.

Wholesale Robberies.

Moncton, N.B., Aug. 8.—Burglars secured booty Sunday night in the store of Kenneth Steeves, St. George street. The desperadoes are still at large, although sought by indignant farmers, whose horses have been stolen and barns robbed.

Hull Boy Drowned.

Ottawa, Aug. 8.—Lionel St. Louis, aged 20, a Hull boy, was drowned at Gatineau Point, opposite Rockcliffe Park. He was playing around a boat with some other children when he slipped into the water unnoticed. The body was recovered.

Black Rust in Brandon District.

Winnipeg, Aug. 8.—Some black rust has made its appearance in the district around Brandon since Thursday. It is bright and hot to-day, which ought to relieve the situation. There is no damage, but the situation is critical.

Pair Under Arrest Charged with Bigamy

Ottawa, Aug. 4—Ethel Baker, said to come of a good family in Ogdensburg, and Fred J. Arnott, a plumber by trade, with a wife and two children in the same city, appeared in the Police Court here to-day on a charge of bigamy. They were returned to Brockville, where the offence is alleged to have been committed on July 4, and will be tried there.

It is alleged that on July 4 Arnott told his wife in Ogdensburg that he was going to Malone for the celebration. Instead of this, according to the police, he and the Baker girl crossed over and went to Brockville where they were married by Rev. Thos. Brown, a Methodist minister.

Arnott failed to return to his family, and his wife went to Malone and Carthage, N. Y. in search of him. She later notified the American authorities, and they in turn took the matter up with the Ontario Provincial Police. Provincial Inspector Stone of Prescott was detailed on the case, and he succeeded in tracing the pair to Ottawa. He arrived here last night and with Chief Detective Ryan of the local force located and arrested the two at a hotel in the lower town.

The girl admits she knew Arnott was a married man, but says she loved him. Arnott refused to say anything pending arraignment at Brockville.

Labor Congress Meets at Calgary.

Calgary, Alta. Aug. 6—Preparations for the twenty-seventh annual session of the Trades and Labor Congress of Canada, which will convene in this city on Sept. 11, are nearly all completed. The local body in charge of the arrangements for the convention is in receipt of advices which indicate a large and thoroughly representative attendance by delegates representing every Trades and Labor Council in the Dominion of Canada.

The coming gathering promises to be of exceptional importance and interest to the organized labor bodies of Canada, owing to the large number of important matters that will come up for consideration. Among the subjects to be discussed are the following; Dominion and provincial legislation in its bearing upon organized labor; the immigration laws; the eight-hour bill; fortnightly payment of wages on railways; the Winnipeg Street Railway strike; the Western coal miners difficulty, as well as the strikes in Nova Scotia; the work of the provincial federations, notably that of British Columbia; abolition of Chinese tax, and substitution of agreement or understanding, as with Japan; "Imperial" labor exchanges; the arrest of McNamara; non-observance of municipal fair-wage clauses; the attempt on the part of Russia to secure the surrender of Federenko; the judgment of the United States Supreme Court in the Gompers case; and many other matters of vital interest to the workers.

Printing Bureau Conditions.

Ottawa August 7—An order-in-council has been passed which will place the rate of wages paid to the employees of the Government Printing Bureau on the same basis which governs for similar labor in Montreal and Toronto, and the act governing the administration of the Bureau provides that rates similar to those paid in Toronto and Montreal must be paid by the Government. Recently a large deputation interviewed the Secretary of State and complained that the provisions of the act in this respect were not being complied with, and demanded a readjustment. By the order-in-council just passed this demand is complied with, and it is further provided that in future the employees of the Bureau, like other Government employees will be entitled to a fortnight's holidays each year with full pay.

Hair Beautifier.

Refined Women the World Over Use It.

Every woman knows that there is nothing so good for hair and scalp trouble as Parisian Sage. If Parisian Sage is used two or three times a week it will keep the scalp nice and clean and remove dandruff. It makes the hair lustrous and fluffy, and keeps it from falling out.

We urge every woman who loves radiant and fascinating hair to go to W. G. Bolster to-day and get a large 50 cent bottle of Parisian Sage he guarantees it to cure dandruff, falling hair and itching scalp or money back.

Chased by Posse after Attacking Towns-shiys Women.

Sherbrooke Que. Aug. 7—After being pursued for hours by a posse of indignant farmers from the district, Louis Fecteau was run to earth Saturday evening after he had assaulted three different women in the vicinity of Martinville.

Gaining access to two different houses by a request for a glass of water, Fecteau first assaulted Mrs. Joseph Lepage and beat her terribly about the head with a club. He also attacked her daughter, twelve years old. An hour later, it is also alleged, he attacked Jessie Brown, a young lady who was harnessing a horse.

Facteau escaped, but was caught by an organized posse. The man went to the houses of his victims, and asked for water then attacked the women. He will appear before Judge Mulvena. The man says his home is in Lyndonville. He was brought to Sherbrooke this morning.

READ ABOUT THE GREAT INVENTION

THE ECCENTRIC SPROCKET WHEEL

Long spokes give greater tying-power. (See arrow A.)
Short spokes give swifter bundle discharge. (See arrow B.)
When you take hold of a heavy stone, exert all your strength and it refuses to budge, what do you call for? A long crowbar, of course. Why? Because greater power is obtainable with the long lever.
The great invention—the Eccentric Sprocket Wheel (note arrow C)—is built on the principle of the lever. The long spokes (see arrow A and note how much longer than at arrow B) act as long levers—give greater leverage power.

It works out this way:
On our No. 3 Binder, when the bundle is about to be tied, the chain is pulled over the long spokes, which exert all their great leverage power—fully 162 per cent more than is obtainable with the ordinary wheel. The grain is compressed far more tightly.
You get a neater, more compact bundle and save considerable time.
Easier to pick up, easier to carry, easier to shock.

Immediately after our Knotter ties the bundle, the chain is pulled over the short spokes (see arrow B and note difference in length of spoke as compared with arrow A). The shorter spokes greatly increase the speed of the chain. The bundle is given a swifter discharge than with ordinary wheel, and the needle is speedily brought back, out of the way of the downcoming grain, into position for the next sheaf.

The Eccentric Sprocket does this, too—it prevents that "jar" or "jerk" always noticed on other machines when a bundle is being tied and discharged. You will not feel it on the No. 3; neither will your horses be annoyed by it, nor "the life" of the machine be shortened. Frost & Wood No. 3 runs along and does its work without even a suggestion of that "jerk."

Now, you see why every maker would put the Eccentric Sprocket Wheel on his binder if we did not control the patents for Canada. You see why it's wise to invest a post card and get our Binder Booklet so as to become thoroughly posted on the peer of them all—the Frost & Wood No. 3.

You are on the right track when you start investigating our No. 3—the binder that is built by a purely Canadian Company, who thoroughly understands Canadian conditions. We would like you to read a few of the hundreds of testimonials we have received from Canadian farmers, which back up our claims to the letter.

Nominations at Brockville.

Brockville Ont. Aug. 8. Brockville was in throes of political excitement today with two conventions on at the same hour in different portions of the town. The result of the deliberations of these bodies, both numerously attended, was that Hon. G. P. Graham, minister of railways and canals, will again lead the Liberal forces, and John Webster, commission merchant, will oppose him of the Conservative party.

Mr. Webster led Mr. Graham a merry chase in the elections of 1908, cutting down a huge Liberal majority to 144. In the present fight he is expected to do infinitely better; indeed, it is predicted that he will force the Minister of Railways to bite the dust. The Liberals are not any too hopeful, while on the other side there is an enthusiasm which spells victory. To-day, Mr. Webster was made the unanimous choice, and on his behalf, Andrew Broder, M. P., Morrisburg; A. E. Donovan, M. L. A. and H. A. Stewart, K. C. delivered spiritual addresses. Mr. Webster after accepting the honor, expressed confidence in his ability to win, and made a rattling good speech of three-quarters of an hour.

CENSURE VOTE FAILS

Unionists Try in Vain to Heckle the Government.

Members of British Opposition Charge Premier Asquith With Taking Advantage of King George's Inexperience In Asking Creation of New Peers—Galleries of the House Are Crowded.

London, Aug. 8.—The last phase of the fight over the veto bill designed to restrict the powers of the House of Lords over legislation originating in the lower chamber, was entered upon in the House of Commons yesterday afternoon, when A. J. Balfour, leader of the Opposition, moved a vote of censure on the Government.

The bill was rejected by the House of Commons last night by a majority of 119. The motion was introduced by Arthur J. Balfour, leader of the Opposition, and its defeat is considered to have failed to improve the Unionist cause.

The gravamen of the Opposition's charges against the Government was that Premier Asquith had taken advantage of the King's inexperience to bring about an abuse of the royal prerogative by securing the guarantees before the last general election. Mr. Asquith easily disposed of this charge by showing that the Ministers had pursued an entirely proper constitutional course. The result was that after the Premier's speech the debate on the Unionist side virtually collapsed.

Frederick E. Smith and others of the "diehards" made brave attempts to fan the flames against the Government, but were compelled to fall back on the well-worn argument that the members of the Government were being driven by their taskmaster, John Redmond, and that their whole object was to secure the easy passage of Irish home rule.

Walter Hume Long, ex-chief Secretary for Ireland, challenged Mr. Asquith to reveal his conversations with King George, but Winston Spencer Churchill, the Home Secretary, who wound up the debate, declined to consider for a moment such an unusual request.

The chamber was filled to its capacity. Peers and distinguished strangers were present in large numbers.

The diplomatic and ladies' galleries were filled, the occupants showing by their presence a continued interest in the proceedings which promise to be historic.

Mr. Balfour's motion, of which he gave notice on Aug. 2, was as follows: "That the advice given His Majesty by His Majesty's Ministers, whereby they obtained from His Majesty a pledge that a sufficient number of peers would be created to pass the Parliament bill in the shape in which it left this House, is a gross violation of constitutional liberty by which among other ill consequences the people will be precluded from again pronouncing upon the policy of home rule."

The rival leaders were loudly cheered as they entered the room and Mr. Balfour received an ovation as he rose to present his motion rebuking the Government. The former Unionist Premier emphasized that he was conscious of the gravity of the situation and the seriousness of the step which he asked the House to take. He thought that it would be admitted that never in all its history had there been a more serious case or one which more urgently deserved or indeed required the consideration of Parliament and the emphatic condemnation of the Ministers.

"The Ministers," said Mr. Balfour, "have grossly abused their rights of advising the crown, and by abusing those rights put themselves above the constitution. They have acted wholly without precedent."

Not as Mr. Balfour conceived, in order to meet any great question of state, but "in order to further a party arrangement between different sections who support them, and in order to prevent the people of the country from pronouncing their opinion on home rule."

The Unionist leader asserted that the Ministry had placed the sovereign, who had just come to the throne, in a cruel position. The King was a fount of honor, but the Government, by their advice, had poisoned and corrupted the stream at its source. He dubbed the proposed new peers, "supers in this sordid drama."

Justifiable Homicide.

Montreal, Aug. 8.—A verdict of "excusable homicide" was returned yesterday morning by the coroner's jury in the case of Mrs. Freda Adelman, the wife of a second-hand dealer of 141 West Craig street, who met death Saturday afternoon by a bullet from a revolver in the hands of her husband. The revolver was the property of Jos. Charles, a customer. Both Charles and Joseph Adelman, the dead woman's husband, were placed under arrest immediately after the shooting, but were released yesterday as the jury's verdict freed them from any blame.

Cholera Spreading In Italy.

Washington, Aug. 8.—The epidemic of cholera in Italy is spreading. Already it has extended to Genoa and Leghorn, according to advices received yesterday from Naples by Surgeon-General Wyman of the Public Health and Marine Hospital Service.

SHOULD RAISE SALARIES.

President of Firemen's Association Favors Higher Pay.

Brampton, Aug. 8.—The Provincial Volunteer Firemen's Association opened their 12th annual convention in the Town Hall here yesterday afternoon. There was an unusually large number of delegates present from all over the province.

The convention was opened by prayer by Rev. A. Ward, pastor of the Brampton Baptist Church.

He was followed by Mayor Thaurburn, who welcomed the guests on behalf of the corporation of Brampton. In his address he referred to the many outstanding features of the town, placing special emphasis upon the sanitary system and Hydro-Electric system, owned and operated by the town. Rev. Mr. Ward also welcomed the delegates on behalf of the local churches.

Chief Harmsworth of the local fire company followed, and in a few well-chosen remarks, welcomed the visiting firemen on behalf of the Excelsior Hose Company, and also the Excelsior Hook and Ladder Company of Brampton, under whose auspices the convention is being held.

President Skinner of Niagara Falls presented his report for the year 1910-11. The report recommended that an effort should be made by the association to have an act passed at the next session of the Legislature confirming their incorporation as an association. The president made a strong appeal to the association to raise the salaries of the paid officers, if at all possible, showing that the salaries now paid were quite insufficient, and that some officers not now on the pay-roll should be included in the list of those now receiving remuneration for their services. The address also drew attention to the annual fee paid by life members and suggested that the fee should be lessened by one-half.

STRIKE IS SERIOUS.

London's Whole Transport Trade Threatened.

London, Aug. 8.—The arbitrator chosen last week to effect a settlement between the employers and the striking dock laborers has given an award in favor of the men, but the dockers have decided not to resume work until the grievances of the coal porters and lightermen are satisfied. These differences are expected to be compromised within a few days.

Unless a settlement of the strike is speedily effected a serious situation will result. A strike was called Saturday of 30,000 carmen, coal porters and others, and thus the entire stoppage of London's transport trade is threatened. This would indirectly affect thousands of other workers and lead to a general cutting off of food supplies.

Big Tit-Up.

New York, Aug. 8.—Fifty British tramp steamers which are now in port here may be tied up indefinitely by reason of a strike ordered by the Sailors' and Firemen's Union of Great Britain. While the sailors on the vessels of the transatlantic companies sign for the round trip, the sailors on most of the tramp vessels sign separately for the journey each way. The union has issued a new wage scale embodying an advance all around and the seamen are instructed to refuse to sign except under the new scale.

Members of the American union are not allowed by their officials to take the places of the strikers.

Five Thousand Paraded.

London, Aug. 8.—Under ideal weather conditions, the biggest feature of the great London Old Boys' celebration, the parade, took place yesterday. Toronto, Hamilton, Detroit, Chicago, Winnipeg, had banner turnouts. The Toronto men, headed by the Foresters' band, made a fine appearance. Detroit also made an especially good showing, that section being headed by a huge Stars and Stripes and Union Jack carried side by side.

The "flag incident" of a few days ago, due to the removal of the American emblem from the street decorations did not cause any unpleasantness. The Stars and Stripes were in evidence on all sides, and at many points on the parade. British colors came in for the loudest applause, but the American flag was given a hearty reception.

Boy Scouts, Highland pipers and fraternal societies in uniform were some of the features of the parade. It is estimated that there are 15,000 visitors in the city, 5,000 of whom took part in the parade.

Western Hold-Up Men Captured.

Winnipeg, Aug. 8.—The city's epidemic of hold-ups is at an end. Yesterday Joseph Copeland and Edwin Black confessed to the series of assaults which have recently been made on midnight pedestrians.

Copeland, in an interview, received his late career, implicating Black. The pair will be sentenced Thursday.

Motor Car Killed Two.

New Bedford, Mass., Aug. 8.—Two girls were killed and nine other persons hurt, some of them seriously, when an automobile containing six children and two men, crashed into an electric car on the Fairhaven bridge Sunday night.

Succeeds Hon. Dr. Pelletier.

Sherbrooke, Que., Aug. 8.—At the Liberal convention on Saturday C. E. Therrien was chosen as candidate to succeed Hon. Dr. Pelletier, who goes to London as general agricultural agent for the province.

SAVED IN MID-OCEAN.

Ten Sailors From French Schooner Escape Death.

New York, Aug. 8.—Ten men rescued from the mid-ocean shipwreck of the French schooner Charles Henry were brought safely into port yesterday by the Wilson Line steamer Francisco. They were taken off the schooner by the Francisco on July 30 while the steamer was on her way from Hull, England, in latitude 43.10, longitude 24.50.

The Charles Henry, a three-masted topsail schooner, was bound from St. Pierre, Miquelon, for Havre, with a cargo of fish when she ran into a storm on July 26, and sprang a leak. For four days and nights the seven members of the crew and three fishermen aboard as passengers, worked the pumps, but the water gained as their strength lessened, and they were about exhausted when the Francisco sighted them on the evening of the 10th. A heavy northwest gale was blowing, but learning the schooner's plight Captain Clarke lowered the starboard life-boat, in charge of Second Officer Law, and after two perilous trips all those aboard the water-logged schooner were transferred.

Before the last man left the Charles Henry attempts were made to set her on fire so that if she floated she might not be a menace to navigation, but owing to the high seas these ef-

forts were unsuccessful. Captain Pen and his men saved nothing but their clothing.

Robbery at Lancaster.

The store of E. McLachlan & Son, Lancaster, was entered by burglars on Wednesday night of last week, by way of the cellar through a window, the screen frame being torn out, and from \$200.00 to \$300.00 in jewellery, fancy ties, etc., taken from the jewellery case. They must have been amateurs at the business, or at least they were not experts. Some jewellery, such as stick pins, was found near a nearby barn. It is thought they had been drinking, because they must have carried the goods very carelessly. The counter lamps were not disturbed, which leads to the supposition that they had an electric lamp with them.

Local and District News.

Mr. Geo. Riddell has rented part of Mr. Matthew's residence, and is living there.

A very severe electric storm passed over this section on Tuesday afternoon, Vene Robinson's barn buildings at Nation Valley were struck and burned.

Whittaker, the Optician, will be at Chesterville on Tuesday, Aug. 15th; Morewood, Wednesday, Aug. 16th; Finch, Friday, Aug. 18th.

The engagement is announced of Miss Carrie May Davis, eldest daughter of Rev. G. B. Davis, of Kincardine, Ont. to Mr. George E. Fraser of Winchester. The marriage will take place the latter part of August.

Owing to the Dominion election being in progress and the date of election somewhat conflicting, Judge Liddell has adjourned the date of the holding of the Division Court in this place until Friday, Sept. the 29th.

An evidence of the character of the cattle raised in this section was again shown yesterday when a sale was made by Brown Bros. of Lyndale farm of a thoroughbred Holstein heifer, aged three years and a half, was disposed of for \$1,000 to W. P. Allison of Chesterville, who has a model farm at that place—Brockville Recorder.

A Kingston Chinaman employed as cook on the steamer America was fined \$500 for evading customs duties by procuring tobacco from the other side. It is alleged that the cook has been carrying over large hauls of tobacco for his friends, but the officers got the tip and caught the celestial.

Mr. G. W. Bogart left on Monday for Finch, where he was joined by Mr. J. R. Simpson, and at Cornwall they took the boat for Niagara Falls, where they go as representatives to a meeting of the Grand Lodge of the Independent Order of Odd Fellows, which was held yesterday and to-day. On Tuesday Messrs John Elliott and A. J. Martin of Morewood, took the train here on the same mission.

Depositors and stockholders in the Farmers' Bank seem to have chosen the election campaign period as a promising time for pressing the Government for relief from the consequences of their business folly or mismanagement. They may get some sympathy, and even some promises; but only from men who wish to deceive them. There is no law that will permit the Government to assume and pay private debts; and if any law is sought to be passed for the Farmers' Bank it will have to include the shareholders and depositors of the St. Jean, the St. Hyacinthe, the Yarmouth, the St. Stephen, the Ontario the Sovereign, the Ville Marie and all the other broken institutions whose managers were unfortunate or incapable or dishonest. The sufferers by the Farmers' Bank failure will do best to accept the situation as it is. Politicians' promises will only cheat them.

Brockville's Population over Ten Thousand.

Ottawa Aug. 8—It having been ascertained by the census taken in June last that the towns of Brockville, Sarnia, Owen Sound and Sudbury have now more than 9,000 population, an order in council has been passed ordering the holding of registration courts for manhood suffrage in these four towns.

This is done in accordance with the provisions of section of the manhood suffrage act of the Legislature of Ontario, which stipulates that such registration shall be made in cities and county towns when the population exceeds 9,000 as taken at the last Dominion census. This year's census having shown the population of these four towns so exceed 10,000 the Government in order to obey the provincial law had to order the registration.

Horse Thief Escaped.

Renfrew Ont. Aug. 7—A German named Gade, who had been sentenced to three years in the Kingston Penitentiary for stealing a horse at Arnprior, escaped from custody at Renfrew Junction today. Chief Hunt allowed him to go to the lavatory and he got through the window, a boy later rowing him over the Bonnechere River. Up to a late hour he was still at liberty.
