Nestle and Union sign agreement

A new Collective Agreement was signed between the Retail Wholesale, Dairy and General Workers Union Local 440 and Nestle (Canada) Ltd. on April 11th. The previous contract expired January 31, 1975.

The new contract was ratified by approximately 85 per cent of the general membership at a vote held on April 9th. It is effective April 9th and runs to January 31, 1977.

The new contract provides for an 81c across the board increase in the first year of the contract and 75c per hour in the second year of the contract. These increases will bring the General Labour rate to $4.35 and $5.10 in the first and second year of the contract respectively.

Other changes include an increase in the Weekly Indemnity (sick pay) from the previous $75. per week for the first six months of illness and $50. per week for the second six months of illness to $90. per week for 52 weeks of illness.

A new vacation provision allowing for five weeks vacation after 25 years of service was added.

Emergency Vehicle to go into service

Morewood Volunteer Fire Department purchased an Emergency Vehicle making it number three in their fast expanding department. Some equipment was added to the vehicle before it could be put into service. A new Wail and Welp siren and P.A. system plus a four-sealed beam revolving light will clear the way when the truck goes into action.

Other equipment carried by the unit will be a Scott air pack (breathing apparatus), portable pump, various hoses and hose keys, portable water pump, first aid unit plus gloves, boots and hats. The emergency vehicle will also transport six men to fires making it an asset to Morewood Volunteer Fire Department.

The keys to the 'Emergency Vehicle' were handed over to Cecil MacNabb, Reeve of Winchester Township, in a brief ceremony last Saturday morning at the Morewood Fire Hall. Making the presentation was Bud Craik, Fire Chief.

T. B. Rance

At Nestle . . .

T. B. Rance new manager

Effective April 1, 1975, Thomas B. Rance took over as manager of the Nestle Plant, here in Chesterville. The takeover came about as the previous manager, J. D. Moonie, was transferred to Toronto to take on the position as Director of Production. Mr. Moonie is slated to be leaving Chesterville around the middle of this month.

Mr. Rance graduated from McGill University with an Engineering Degree in 1957. He spent from 1957 to 1967 working for the Aluminum Company of Canada at various locations in Quebec.

He joined the Nestle plant here in July of 1967 when he was hired as Engineering Superintendent. In 1967 Tom Rance was named Assistant Manager to Mr. Moonie.

The new manager has taken management courses with the Nestle Training Centre, in Switzerland, on three different occasions.

Rance lives on Main Street North, Chesterville, with his wife Barbara and five children — Fred, 14; Doug, 13; Susan, 11; Patricia, 9; and Linda, 4.

He has always been keenly interested in the community affairs — is a past president of the Chesterville Rotary Club, presently is a Director of Winchester and District Memorial Hospital, has always been a keen supporter of the local scouting movement, is an enthusiast of minor hockey and was a moving force behind the beginning of a pre-school here in the village.

OPP warn . . .

Beware of building repair fraud

The Ontario Provincial Police warn that with the approach of warm weather, building repair cheats will be active across the province. These Gyp-artists prey on the elderly and unsuspecting home owner, overcharging for roof, chimney, siding and driveway repairs.

If you are approached by anyone to contract for repairs, be sure they represent a legitimate and responsible company. Sign nothing and pay nothing until you are sure that you are dealing with an honest, established businessman. Remember, a reputable contractor will not usually demand a large deposit before starting a job.

If you don't know the contractor — don't trust him. Check on his reliability. Should you have any doubt, contact your local Police Department or nearest detachment of the Ontario Provincial Police.

Mr. Rance will be the manager over a plant that presently has approximately 320 employees.

"I do look with great enthusiasm on the new job, as Nestle Chesterville makes a great variety of products and the position presents varied and interesting problems that would not be encountered in a less complex plant" said Mr. Rance.

Competition keen in O.D.H.S. Oratory

Residents of Ingleside and area who were fortunate enough to attend the Oratory Competition at Osnabruck District High School held on Friday, April 11, were delightfully surprised by the two hours of talent displayed by the local scholars.

The evening was opened by a warm welcome from, George Hickey, chairman and organizer of the competition.

Those taking part in the Junior part of the program were Candy Rutley with "I am Chief" as her topic, followed by "Smiles", Lori Rupert; "Shoplifting", Cheryl Zeran; "Handicapped" Kevin Chaisson; "Music", Elaine Meilleur; and "Adults Versus Teenagers", Debbie Dewey.

A ten minute break was spent while, the judges retired to make their decision, making presentations of Oratory Tabs to the Junior speakers. The audience was entertained with a piano solo by Alice Shultz.

Seven senior speakers vied for top honours during the annual event. Barbara Taylor chose as her topic 'Apathy'. Other topics of interest were 'Munic', Cheryl Gillard; 'It Can't Be Done' Marianne Brunsveld; 'A Very Small Gift', Bonnie Bosch; 'Chairs', Linda Brown; 'Jeans', Mark Fairthorne and 'A Statistic' by Lianne Mohns. The senior speakers also received Oratory Tabs.

The judges, Mrs. Douglas Smith, Tom Swift and Gerald Lauzon had a very difficult decision to make as they retired to pick the 1975 winners of a competition which was the climax of the oral composition unit in the school's English Department.

The Oratory Shields, much coveted awards by both junior and senior students have been in competition since 1954 when they were first donated by George Hickey at the Aultsville High School.

Elaine Meilleur, daughter of Mr. and Mrs. Rheal Meilleur, Maple Street, Ingleside won the Junior Shield with her very impressive oratory on 'Music'. While the Senior Shield went to Lianne Mohns, daughter of Mr. and Mrs. Wallace Mohns, Maple Street, Ingleside.

The runners-up were presented with personal trophies by Mrs. Jacqueline Mallary. 1st Junior runner-up was Debbie Dewey; 2nd Junior runner-up Lori Rupert. 1st Senior runner-up, Marianne Brunsveld and 2nd Senior runner-up was Linda Brown.

As people were filing from the hall one could tell they had enjoyed the program immensely and they remarked to each other that the young people who had performed so superbly deserved hearty congratulations.

Youth exchange program in full swing

N.F.U. District 1 holds board meeting

At the National Farmers Union District 1, Region Three Board meeting, held April 1st, Gilbert Desjardins, Junior Director, informed the Board that this year's Youth Exchange Program began with a seminar in kToronto on April 4th — 6th. There are five young people scheduled to attend from District 1. The Youth Exchange is open to all rural youth between the ages of 14 - 25 at an approximate cost of $350.00 for each participant.

The District Board decided to make a presentation to the Federal Beef Marketing Inquiry in June. Local Presidents are to collect the ideas from their members, on the subject, so they can be included in the brief.

It was decided that each Local would embark on collective bargaining programs for baler twine and atrazine, if their members so desired. Bargaining will not be done at the district level.

Yvonne Sauve and Joe O'Neil were named to represent the District at a Seminar to investigate the Total Food Industry, sponsored by the Ontario Anti-poverty Organization, to be held in Hamilton.

At the District Convention in February those present requested that a policy workshop be held. It was decided to invite Nelson Coyle, National Director of Education for the N.F.U., to conduct such a workshop in April.

Canadian Dairy Herd worth 25% more

"More than half of the Ontario dairy herd is bred through artificial insemination. Top cattle experts say that our dairy herd is worth 25 per cent more today than it would be without A.I. It is gaining ground in beef breeding as well. Without A.I., we would only have a fraction of the exotic blood that we now have in our beef herd."

So said Dr. Maurice Foster, M.P. for Algoma District speaking to Eastern Breaders Inc. Annual Meeting at Kemptville College of Agricultural Technology. The Parliamentary Secretary to the Minister of Energy, Mines and Resources went on to encourage farmers to wage war against waste. He said "Run your farm with fuel conservation in mind."

Bits & Pieces

Now we know . . .

In this column last week we were seeking an answer to a question regarding the 'Rights' or 'Wrongs' of using outside players in tournament hockey play. Dale McMillan, of Dunbar, took the opportunity to straighten us out on the matter. The team referred to last week was the Chesterville Legion Peewees and Dale has had a close relationship with this team over the past season. He was emphatic that the team had not violated any rules in any way . . . in fact he pointed out that the team members had enjoyed playing with the affiliate player. He went on to state that he was absolutely sure the phone call had not come from Chesterville and area, as he had not heard one word of disgruntlement with the way the coach Bernie Harper had conducted his squad in the past season or in any other season for that matter. Dale felt a pat on the back was in order for what 'Coach Bernie' had done for hockey in Chesterville over the past years. And we'll 'second' the last statement.

From the Queen

Buckingham Palace, London,
Mr. and Mrs. Melvin Dillabough,
Chesterville, Ontario, K0C 1H0, Canada

The queen sends you warm congratulations and good wishes on your Diamond Wedding Anniversary which you have recently celebrated.

Trees - trees - trees

Chesterville Rotary Club made plans some weeks ago to devise a system to replace some of the trees that were demolished by the tornado two years ago. The thinking behind the scheme seemed reasonable but an advertisement in the issue last week brought discouraging results. The local club has run the advertisement again and are hoping that the spring-like weather will get buyers in the mood. If you plant a tree now, in a few years you can lay in the shade of that tree and think back about the tornado that brought it all about. Chesterville Rotary Club is seeking your support.

In for a Spring tune-up

Germain Baker, who runs the Shell Service Station at Morewood, has been asked over the past years to do some funny service work . . . but the situation last week had to be 'the most'. Out in the yard was discovered a full-grown wild duck, patiently sitting under the tow truck. The wild bird was captured and transported to a box in the garage. The duck was kept around for a couple of days and kind of took to the Baker food. The bird was blind in one eye and was very weak when captured. A check with the Dept. of Lands and Forests on what to do next, brought an end to the saga. The wild duck has had its spring check-up at Baker Shell and has continued on its way.

$500. short

We have word from Harry Allison, Chesterville Rotary Club's Easter Seal Committee Chairman, that the fund raising is running about $500. behind last year. It would please Mr. Allison if you would look around, find that pink envelope and submit a dollar or two to a most worthy cause.

How it was in 1915 . . .

Cornflakes 6c, Sirloin Steak 20c

The family of George E. McLean, South and West of Finch, ran into a situation last week that has them longing for "the good old days".

Mr. McLean, assisted by his two sons Ray and Derryl, were busy making some renovations in the farm home. The project in mind called for an arch-way to be removed to enlarge a room.

As the lads proceeded to remove the wall, the underboards revealed some interesting facts of 1915. Someone at the time of construction had very carefully pasted page after page of the Montreal Daily Star, November 17, 1915, on the boards. Maybe 'crazy glue' is a brand new item on the market today, but it will have to go some to beat the glue that was used to stick the old papers. An effort to remove the newsprint only resulted in tearing it.

When the papers were discovered, work ground to a halt as price comparisons were made to today — Nurse Rockers, reg. $1.50, now 99c; Glasses $2.50, eyes tested free; Quaker Toasted Cornflakes, 6c per pack; Sirloin Steak, lb. 20c; Butter, lb. 35c; Halibut, 18c; Flanelette, 16 yards for $1.00; and the list went on and on.

Anyone interested in catching up on the news of 1915 should get in touch with George. At the present time the paper-covered boards are stored in the porch. He did not say what he was going to do with the cache.

(General) Grant of CFRA addresses Maple Ridge students

On Thursday, April 10, General Grant, of Radio Station CFRA, spoke to the students at Maple Ridge School. His topic was radio and broadcasting.

Mr. Grant explained the basic requirements needed to operate a radio station. He explained . . . before broadcasting on radio you need a licence which is issued by the CRTC. The Canadian Radio and Television Commission governs the radio and television stations on a strict basis. At dawn CFRA puts out its maximum wattage, 50,000 watts and at dusk they are forced to cut down to 10,000 watts, because the sound waves travel further at night, thus interfering with other stations. The station is given 60 seconds in which to make the switch and failure to do so results in a fine. And a failure on more than one occasion to stick to the rule the CRTC could have their licence revoked.

The Commission restricts the station to one contest per month and limits the spending to $5000 per contest. The maximum amount of commercial time is set at 1500 minutes per week. A record is kept and submitted to CRTC who check it very carefully.

The radio station actually has several departments which include sales staff, advertising and promotion. The promotion Department takes care of the CFRA, CFMO Van, the answering of letters, etc. There are 75-85 employees at the station of which 25 are announcers, the others fill management and engineering rolls.

The station operates 24 hours per day. And General Grant's program runs from 5:30 to 9:00 p.m. each week day. The General related that these are very difficult hours to work, because early in the morning he has to be relaxed and wide awake to entertain his 136,000 listerers.

Mr. Grant said that time is the most important factor ahead of weather and general news. He went on to say that for years the female voice has been considered iritating by both male and female listeners, but now CFRA has a very good female announcer by the name of Liz McDonald.

From 9 a.m. to 12 noon Bill Drake presents a slower pace, for the housewives.

At 1:00 p.m. Lowell Greene has the Greene Line, a radio talk show which is followed by Shelley Emmon until 4 p.m. The pace picks up at this point with Trevor Kidd bringing you home with the 'Traffic Show.' Tom Jefferies has the 'mike' from 7 to 10, playing rock and roll. At 10 p.m. Stu Hilgrove takes listeners through to the midnight hour with more 'rock'. From 1 a.m. to 5:30 there is a variety of music, comedy and mystery.

Following the hour-long talk by General Grant, he presented records to the people who had asked the most interesting questions. Record winners were — Gerry Westenbroek, Larry Spirak, Laurie Porteous, Robbie Carkner and Mark Davidson.

The speaker was thanked by the president of the Students' Council, Natalie Patterson, who presented him with a cheque for $126.33 for the Distress Centre. The money had been raised by the students during a Fun Fair held on April 1st.

Rotary Club inducts three new members

The highlight of the meeting was the induction of three new members to our club, John Schultz, Rev. Cliff Allan and Wally MacKinnon, Jr. Les Young introduced our guest speaker, Dr. George Fisher of Kemptville and a Past President of the Charlottentown, P.E.I. Club. Dr. Fisher performed the induction ceremony and reviewed the objectives of Rotary for our new members. President Bill Mullin presented each member with his Rotary Pin and information kit.

In his address, Dr. Fisher quoted Ikes's definition of leadership — "Get people to do things you want them to do because they want to do them." He suggested we analyse the needs of our society and to adopt to the changing needs of our own community. Be flexible and be leaders in our Community, Churches and family. To do this attendance must be kept up if we are to help our activities succeed. We must be super-self salesmen — as busy people can really participate. Rotarian Jim Zeran thanked Dr. Fisher and hoped that he would return to visit us again in the near future.

John Schultz is co-ordinating the Rose Day Sale. Our quota is 200 dozen at $5.00 a dozen, with $1.00 per dozen going to our club.

Guests were Al Rowden and Merle Wells.

Happy Birthday to Garnet Ezard who acted as fine-master assisted by Vice-President Ross.

President Bill reported on hiring a bus in co-operation with the Cornwall Club to bring guests from the Internation Convention here for a visit. Fourteen members indicated they would receive couples. Also the Cornwall Club will share our hospitality room at the convention.

This week — The Best Dressed Minister — In the Seaway Valley will be our guest speaker — Rev. Doug Kinsmen.

NUTRITE THREE STAR***
NUTRITE FIVE STAR*****

Reason? Nutrite supplies two vital elements that are missing from most other NPK fertilizers — **sulphur and magnesium** — two essential plant food elements needed by crops in substantial amounts.
Nutrite's premium fertilizers are specially formulated to put these two important elements — sulphur and magnesium, plus others such as boron and zinc — back into the soil.
Result? Tests carried out over a three-year period show that the addition of sulphur and magnesium to high analysis NPK fertilizers **substantially increase yield, test weight and protein content of the crop.**

Pearly, the Nanny goat, of Mr. and Mrs. Victor Moss, Chesterville, made up for lost production last Sunday, April 6, when she brought three little males into the world. It's not very often that triplets are born. They usually have one male and a female. Nanny outdid herself this year in all respects. Above Scott Scheepers grandson of Victor and Rose holds offspring of a proud mother.

S.D.&G Board

To discuss pool at Tagwi

The Stormont, Dundas and Glengarry County Board of Education met for a regular session on April 8th in Tagwi Secondary School, Avonmore. Previous to the meeting trustees were given an on-going demonstration of computer facilities at the school.

It was announced that a special meeting will be held on April 29th for the presentation of the 1975 budget.

The Chairman of the Board appointed one trustee to join each Task Force in their deliberations — Arts, J. Schultz; Communications, J. Findlay; Vocational, E. Legault; Special Education, S. W. Libbey; Pure and Applied Science, S. J. McLeod and Humanities, C. J. Courville.

In the report given by the French Language Advisory Committee, it was revealed that Friday, May 16 is the proposed date for the official opening of Ecole Secondaire La Citadelle, Cornwall.

On March 11, 1975, the Township of Roxborough Council passed a resolution appointing S. Wert and G. Robertson to meet with S. D. & G. County Board of Education to hold a discussion re the construction of a swimming pool at Tagwi Secondary School.

The Chairman of the Board appointed two Trustees to meet with the Township of Roxborough Council's delegation to investigate this matter, and to report back to the Board any developments or proposals.

The Board approved the request from the Teacher-Board Relations Committee to meet with the Salary Negotiations Committee of the Board.

A new course, Dramatic Arts, Grade 13, was approved, and contingent on Ministry approval, it will be offered at Ecole Secondaire La Citadelle as of September, 1975.

It was announced that C. C. Hart, Principal of Cornwall Collegiate and Vocational School, will be transferred to Iroquois to take up duties at Seaway District High School, effective September 1975.

Approval was given the 1974 Financial Statements, Secondary and Elementary, as presented y the auditors.

Expenditures as reported for the Elementary panel were $7,371.591, representing an increase over last year of $541,330, and in the Secondary panel the expenditures were $12,987,739, representing an increase of $1,237,988.

The auditors showed in their report that there existed an over-levy for 1974 in the Secondary panel of $729,129, and in the Elementary panel of $378,442. This over-levy in both panels will be credited to each municipality in 1975, according to the proportion of the total equalized assessment.

The Board received and approved the guidelines as proposed by the Community Education Committee.

Giving . . .

Sometime it is better to give than to receive. During his visit to Maple Ridge Senior Elementary School last week General Grant, of CFRA Ottawa, gave hit records away to students asking the most interesting questions. The 'General' explained the operation of a modern day radio station to the student body. Above Gerry Westonbrook, accepts a record from the famous man of the Morning Show. — Staff Photo.

. . . Receiving

The 'General' in this photo is on the other end of the stick so to speak. This time he receives a cheque in the amount of $126.33 from Natalie Patterson, daughter of Mr. and Mrs. Sam Patterson, Morewood. The students raised the money for the Distress Centre in Ottawa at a Fun Fair held at the school. General Grant is an ardent supporter of the Distress Centre and its work. — Staff Photo.

Snowmobile Clubs hold convention in Ottawa

The Ontario Federation of Snowmobile Clubs are currently holding their Annual Convention at the Chateau Laurier Hotel in Ottawa. This is the first year it has been held in Eastern Ontario since its formation in 1967.

The three-day convention is expected to attract 800 to 1,000 representatives from Snowmobile Clubs all over Ontario. Many interesting speakers and guests made presentations during Saturday's program which was open to the general public. The main speaker was the Honourable Leo Bernier, M.P.P., Minister for Natural Resources. Other speakers included Mortimer B. Doyle, President of the International Snowmobile Industry Association of Washington, D.C.; Assistant Commissioner R. H. Devereux of the Ontario Provincial Police; Donat Samson, President of the Quebec Snowmobile Federation; the OPP Canine Team; Ed Murphy, President of the Ontario Snowmobile Distributors Association and Evan McDiarmid, Manager of the Ontario Safety League.

Because of the long-awaited changes legislated in Ontario recently regarding snowmobiles, Bill 161, the afternoon program offered the opportunity to ask questions of a panel of the speakers.

The Ontario Federation of Snowmobile Clubs is a non-profit organization chartered under the laws of the province, whose aims and objectives are — to better promote safety in the sport of snowmobiling; to unite Ontario's snowmobile clubs into a strong body with a strong voice; to assist in the protection of the environment; to foster a spirit of co-operation with Ontario's law forces; to maintain a good public image.

ANNOUNCEMENT

HARPER — Reg and Nadene, wish to announce the arrival of their chosen daughter, Darlene Ann. 32-1

BOURBONNAIS: Paul & Madeline (nee Moriarity) are very pleased to announce the arrival of their 1st daughter Katherine Ann on April 11, 1975. A very special Thank-You to Dr. H. Justus and Maternity Staff at Winchester District Memorial Hospital. 32-1

CANADIAN DAIRY HERD —
(continued from page 1)

His comments were aimed at efficient use of fertilizer, fuel, energy and animal research developments, such as heat synchronization, multiple births and most of all making the best use of efficient A.I. breeding systems.

Eastern Breeders Inc. General Manager, Dr. R. G. Smiley, commented that the breeder-owned A.I. centre had inseminated 134,479 first service cows in the area during 1974. This was only 328 cows less than 1973. Some of the popular breeds were down slightly but the new breeds — Simmental, Maine Anjou and Blonde D'Aquitaine — had increased in service numbers.

The non-profit organization showed a deficit of $30,233.83 on the $1,701,534.18 revenue for the year.

A twenty-one stall barn extension was added to house sires and additions to the semen collection area as well as the semen storage area were commented on. Fifteen thousand doses from each young sire can now be stored for future use. Another thirty stall barn extension is to be completed in 1975. Those extensions should be sufficient for the next five years.

Mr. Mac Coughlin, R. R. 6, Cobden, Ontario is the President for 1975. The Vice-President is Mr. J. C. Dutrisac, R. R. 2, Orleans, Ontario.

During the winter months Thursday nights have provided busy times for the young ladies' of Chesterville. Weekly they have keenly competed for broomball honours.

On Thursday, March 27, the 6-to-9 year olds wrapped up their playoffs. The game went right down to the final seconds before Edna Dubois' team scored into an empty net.

In the 10 to 11 year old league Pat Sullivan's team emerged victorious. This was a big win for the Sullivan team as throughout the season they had gone winless. In the play-offs they recorded the win and two ties.

The play-offs for the girls 12 and over were to be finished by April 3, but the weather forced the final wrap-up to be played on April 6. A team coached by Casey VanGessel was victorious over Ewen McCadden's team, by a score of 2.

The championship round was very exciting as it was all tied up and the end of regulation time. Bert Woods' Road Runners won the battle, scoring into an empty net, over the team coached by Edythe Cameron and Esther Johnston.

The coaches and team officials stated they were pleased with the support they had received from both the players and parents over the past season.

Lori Shane on the left received quite an honour last week when she received the trohy donated by Chesterville Ladies' Hockey Team for being the most Sportsmanlike in the Girls' Broomball League. Edythe Cameron, Director of the Girls' Broomball League, makes the presentation. — Staff Photo.

Diamonds Have Come A Long Way . . . Definitely

April is diamond month; an excellent excuse to think about this rare and wonderful gem.

Diamonds have not always been available to so many people. Back in the 15th century, they were worn by noblemen and ladies of royalty, until King Charles VII of France raised the eyebrows of the elite when he presented his mistress with a gold necklace set with diamonds. This gesture made Agnes Sorel the first woman not of royal birth to don diamond jewellery. However, Because the necklace was set with primitively, by our standards, cut diamonds, you can be sure it was most uncomfortable! But, being fashion conscious and ever so proud of her lovely gift from the King, Agnes silently suffered as she wore her scratchy diamond necklace around the French court, starting a new, exciting fashion trend. It might have been some consolation to Agnes, as she suffered, if she had realized her place in posterity!

There is a great difference between uncut diamonds which are rough, dull, pebble-like stones and the magnificent gems we know today. The beauty of a diamond lies in the art of the cutter and it wasn't until the late 15th century that a Belgian by the name of Von Berquem made astonishing discoveries in diamond cutting inspiring many improvements through the years.

For centuries, scientists have been baffled as to the exact origin of diamonds. The simplest of all gems in composition, the diamond is pure carbon, like graphite in a lead pencil, which has been crystallized. It isn't known exactly how nature, by great heat and pressure, crystallizes diamonds into a form so unique from any other substance, but it is the diamond's incredible hardness that allows it to be cut precisely, giving it unequalled brilliance.

It wasn't until the late 19th century when diamond deposits were found in South Africa that diamond mining and marketing was organized into a modern industry. More recently, diamonds have been discovered in other parts of Africa, South America and Russia and advancements are continually being made in recovery methods, cutting and jewellery manufacturing, so that today diamond jewellery is within the reach of virtually every pocket book!

This doesn't mean to say that because gem diamonds are available to more people they are less rare! Only about 20 per cent of all diamonds mined are suitable for use in jewellery. Industry makes use of the rest to cut, grind and polish metals, plastics and ceramics that go into the manufacture of almost everything we buy today.

Buyer's Paradise in '75

Compared to last year, 1975 looks like a buyer's paradise, writes The Financial Post. So far, however, consumers are not responding to the easing of the rise of retail prices.

Why this wariness? Retailers attribute it to the conservative shopping habits created by last year's skyrocketing prices and to this year's continuing, but slower, inflation. The rising level of unemployment is also considerd a factor. The upward pressure on the prices of many consumer items is beginning to ease (with the notable recent exception of butter and milk).

Prices are not declining, but at least the rate at which they are rising is finally beginning to slow.

David Baird, an analyst at investment Midland Doherty Ltd., estimates that the price inflation factor will rise about 8 per cent for clothing this year (vs about 9.7 per cent last year); 7 per cent for furniture and appliances (vs 8.6 per cent); and 9.8 per cent for food (vs 12.2 per cent).

Beef Glut Promises Bargains

Canadian cattle producers face a second year of operating in the red or, at best, breaking even. The reason: the slaughter predicted for the past winter did not take place. As a result, there will be a record calf crop this spring for the second consecutive year.

This means a more than abundant supply of beef, bringing another season of low prices to cattlemen — and, of course, bargain-priced beef to the consumer for perhaps another year.

Those conclusions emerge from figures gathered by Confax, the market-analysis arm of the Canadian Cattlemen's Association.

Ann Landers

Dear Ann Landers: Your reply to the 16-year-old girl who said she was an atheist was the dumbest answer I've ever seen in your column. Why do you think a 16-year-old too young to make such a decision?

I'm 61, not 16, and I've been an atheist for many years. The atheists I know are a thousand times more intelligent, honest and compassionate than the religious hypocrites I keep running into.

To name just a few magnificent atheists: Clarence Darrow, Mme. Marie Curie, Thomas Edison, Albert Einstein, George Bernard Shaw, Margaret Sanger, Thomas Paine, and Thomas Jefferson.

Only recently a Seventh Day Adventist minister said it pained him to admit it but he found atheists and agnostics much less vengeful than super-religious folks.

Where have you been? I can only assume you are poorly read. — C.B.M. Of Torrance, California

Dear C: Let's assume I Am Poorly Read. What has that to do with it? Some of the great readers of the world believe in God.

My faith is rooted not only in my early upbringing but in my later exploration of life, the miracle of birth, and the wonders of nature. I cannot believe man did all this himself.

I agree that "super-religious" people can be plenty phony. But please don't try to prove your case by trotting out a stellar list of brilliant atheists. My list would be longer than yours.

And, incidentally, you should do a little more reading. Albert Einstein was not associated with any orthodox sect but he was a deeply spiritual person. He once said, "God may be sophisticated but He is not malicious."

In Jefferson's most famous writing. The Declaration of Independence, God gets an excellent notice in the very first sentence. In his old age Jefferson wrote, "To love God with all thy heart and thy neighbor as thyself is the sum of religions."

Dear Ann Landers: I'll bet this problem has never appeared in your column before, at least not in the eight years I've been reading it. It's a problem I have and so do three of my friends. (We're all girls.)

In physical education class we are expected to do tumbling exercises and other stunts. Some of us are just not physically able to do things like climb a rope and touch the ceiling. Certain tumbling bricks are beyond our ability.

We are all getting C grades. We realize it's not a crime to get a C but we don't think it's fair to be graded on something that is physically impossible to do. What do you think? — Rockford, Ohio.

Dear Rock: I think I see myself back in high school. As one klutz to another, I sympathize with you. If you girls are trying your darndest, your perseverance, earnestness and hard work should be reflected in your grades.

Dear Ann Landers: I'm 19 years old and in a panic. I've just learned from an unimpeachable source that the fellow I've been going with for two years has been sneaking around behind my back with my 17-year-old sister.

Should I confront him, her, or both of them together? Need I say I'm — Heartsick.

Dear H.: "Unimpeachable"? Are you sure? If so, wish her luck and cut him dead.

Going to a Wedding? Giving one? Or standing up in one? Even if you're already married Ann Landers's completely new "The Bride's Guide" will answer questions about today's weddings. For a copy, send a dollar bill, plus a long, self-addressed, stamped envelope (20 cents postage) to Ann Landers, P.O. Box 1400, Elgin, Ill. 60120.

2 eggs, beaten
1½ cups (4 medium) grated apples
½ cup grated sharp Cheddar cheese
¼ cup chopped walnuts
1½ tsp. baking powder
½ tsp. baking soda
½ tsp. salt

Cream shortening, beat in sugar. Add eggs, mix well. Blend in apples, cheese and nuts. Add sifted dry ingredients, mix lightly. Turn this stiff batter into a well-greased 9 x 5 x 3-inch loaf pan. Bake at 350 degrees for 50 — 60 minutes.

1½ cups water
2 cups flour
4 tsp. baking powder
½ tsp. salt
1 tsp. vanilla
1 egg
4 tbsp. shortening
2-3 cup milk
Cinnamon

Peel and slice apples. Bring 2 cups sugar and water to a boil. Combine remaining ingredients; roll out into ½-inch thick rectangle. Cover with apples; sprinkle with cinnamon and additional sugar. Osnabruck Centre W.I. holds Annual Meeting

Owing to stormy weather the Annual Meeting of the Osnabruck Centre W.I. was postponed from Thursday afternoon until the following Monday, April the 7th. Eighteen members paid their dues for another month, as an answer to the roll call.

The secretary-treasurer, Mrs. Charles Bush, read the minutes and also those of last year's Annual Meeting. The financial report was given. The president, Mrs. Lloyd Gallinger, gave a brief resume of the past year's work and the various conveners gave their reports. All reports were most satisfactory.

The members were advised that the 4-H Achievement Day will be held this month in the Public School at Avonmore.

The usual cheque is to be given for 'Pennies for Friendship' at the District Annual, and another is to be sent to Runnymeade Comfort Club for Senior Citizens and the chronically-ill patients.

The W.I. plans to cater to a banquet and a wedding and plans were completed to hold a euchre on April 19th to aid the Cancer Society.

Plans were made to raise funds for the Gift and Flower Fund. Tickets were sold to each member for ten cents. The winner of the lucky ticket was Bessie Shaver. Miss Shaver will donate the prize for the next meeting.

Following the meeting the members gathered around the table for a social hour and enjoyed the delicious lunch served by Mrs. Sterling Warner and Mrs. Erma O'Neil.

Mrs. Lois Montgomery hosts Finch W.I. meeting

The Annual meeting of the Finch W.I. was held in the home of Mrs. Lois Montgomery with 17 members present and Mrs. Joe Dingemans presiding.

Due to the amount of business it was decided to forego a programme.

Mrs. Maria Dingemans 4-H Leader spoke briefly about three 4-H members who will be receiving their Provincial Honours this year.

A meeting to plan the year's programmes is to be held in the home of Mrs. Duart MacLean.

Mrs. Ewart Neville, of the Nominating committee read out the list of officers for the coming year. They are as follows: Secretary, Mrs. Margaret Duff; Treasurer, Mrs. Velma Rombough; Standing Committee Convenors, Agriculture and Canadian Industries, Mrs. Maria Dingemans; Citizenship and World Affairs, Mrs. Bernard Foley; Family and Consumer Affairs, Mrs. Margaret Holland; Education and Cultural Activities, Mrs. Basil Crawford; Resolutions, Mrs. Velma Rombough; Curator, Mrs. Basil Crawford; Public Relations, Mrs. Lois Montgomery.

N.D.D.H.S. News

Despite the cold windy weather outside, Spring has definitely arrived at North Dundas . . . sprinting figures, in sweatsuits, flash through the halls as girls and guys condition for track.

The announcements call meetings, where plans for the Spring Prom are being discussed, and house league action is going again. In Midget Boys' Floor Hockey, Red House has been named as Champions. Girls Basketball is getting underway. If the weather would warm up sports activities could be moved outside on the track and field, allowing better participation.

The Curling Season has now officially wound up with the end of the play-offs and the bonspiel that was held on April 6th. Bob Hanes' team walked off with the league trophy. The team consisted of Bob, Bruce Simson, Liz Wouters, Darlene Summers and Dawn Fetterly (each team had a spare). The players will receive individual trophies at the Athletic Banquet.

The bonspiel was mostly a 'fun day'. The school teams, six of them, were chosen by drawing names out of a hat. And to make it an even number a Tagwi Team and a team consisting of Mr. H. Craig, Mr. Mitchell and his two sons were invited. The Tagwi team, skipped by Jim Wert, turned out to be the top team and Bob Gray's team (Bruce Simpson, Janice Francis, Donna Armstrong and Noreen Byers) won the consolation prize.

The students were appreciative of the trophy donated by Mr. Walter MacDonald, of Winchester. The day provided a successful event to end the season.

The farm was handed down to Walter's father, Adam, who farmed the land until he passed away in 1940. Walter's son Donald is the fourth generation to use the same soil. In the photo, Walter examines the original deed his grandfather George received when he purchased the 100 acres of land on October 8, 1875 from Charles Hickey, a physician from Morrisburg. Walter noted that the entire purchase price at that time was $2,000. — Staff Photo.

Pot-luck dinner for Sr. Citizens

More than forty Happy Seniors congregated on Thursday, April 10, to partake of a bountiful and delicious pot luck dinner at the Lunenburg Recreational Centre postponed from the previous week due to the unusual April snowstorm.

At 1:30 p.m. the president Mrs. R. Rupert called the meeting to order, welcoming all present.

Mrs. Leita Loverin acted as pianist.

Minutes were read by Mrs. M. Hillis who also took care of the correspondence in the absence of Mrs. M. Arbuthnot, who is in hospital. Mr. Irvine Mattice gave the treasurer's report.

Mrs. Rupert advised us that this year's grant had been recently received and was presented to the treasurer at this time.

A thank-you card was received from Mr. Roy Simpson, who is convalescing at his home after a time in hospital.

Mr. David Thompson had contacted Mrs. R. Rupert regarding his concern for the needs of Senior Citizens and offered any available assistance.

Mention was made by the president of the approaching annual meeting to be held in Ottawa in August, urging the citizens to put some thought into the possibility of attending.

The third week in June, has been proclaimed Senior Citizens' week in Ontario and great plans are in the making.

An attractive table arrangement of crafts fashioned by Seniors attending courses in Cornwall was on display and Mrs. Loverin commented favourably on the profitable and good times enjoyed by the Citizens who have become very happy in using latent talents.

Games and a social time followed.

Five April birthdays were observed as usual by the cutting of the birthday cake and a cup of tea for the following: Mrs. Blanche Shaver, Mrs. Mildred Hillis, Mrs. Mary Cleary, Mr. Arnold Crites and Mr. Roy McEwan.

The singing of "God Save the Queen" brought an enjoyable day to a close.

Renfrew County Teams take top trophies

The Junior Farmers' Hockey team from Renfrew County hung tough last Saturday in the tournament at Finch arena and finally took the top trophy by beating Stormont County in overtime. The team representing the Junior Farmers from Stormont County had a clean tournament record last Saturday until they went into their final game of the day against Renfrew. The Stormont lads came within one goal of winning the top prize, but were defeated 4-3 in overtime. From row from left — Barry Duff, Dean McIntyre, Art McElheran, Dale Swerdfeger, Garry Brownlee, Reid McIntyre Roger Swerdfeger and David Tait. In overtime action last Saturday in the Junior Farmers' Hockey Tournament the team from Renfrew tested the Stormont netminder time after time until they finally drove one home in sudden-death action to win the game 4-3. Last Saturday Finch arena was the site for the Eastern Ontario Junior Farmers' Zone 1 Hockey Tournament. The day's activities, sponsored by the Newington and District Junior Farmers' Association, featured both the 'gals' and the 'guys' competing for honours. And everyone joined for dancing in the upstairs hall in the evening as a wind-up to the tournament.

Renfrew County sent two teams to compete, both male and female. And the Renfrew teams proved that they had come to play as both teams picked up top prizes. The lads on their way to the trophy beat Frontenac 7-2 in the 11:30 a.m. game and edged Stormont in overtime 4-3 in the final encounter of the day.

Also in the Men's Division at 9 a.m. Stormont got by Glengarry by a score of 3-2. Prescott won a game off Leeds 6-1 at 10:15, but the Prescott team was disqualified for using two ineligible players. At 11:30 a.m. Renfrew handled Frontenac easily and won 7-2. At 12:45 Kent was to play Russell, but neither teams showed up to compete.

The two ladies' teams, from Renfrew and Stormont, met at 5 p.m. Renfrew had an easy time of it and won the round by the onesided score of 18-0.

In the afternoon the Men's team from Stormont took Leeds by a score of 6-1.

At 6:30 p.m. the stage was set for the final game of the day, which pitted Stormont against Renfrew, with both teams sporting clean records. The Renfrew cheering section gathered at the west side of the arena, while Stormont was cheered on by the home-town fans along the East Boards.

At the end of regulation time the score stood at 3-3 and into sudden-death the teams went. The further play progressed the greater the edge the Renfrew crew seemed to have. The Stormont goalie was called upon time after time to pull off some spectacular saves and on one occasion was faced with a two-man break-away. Stormont had several chances to wrap it up and it looked as though the game could go on for sometime, with the Stormont goalie being virtually unbeatable.

From a face-off in the Stormont end the puck was moved in front of the net and 'bingo' the game was over.

The Renfrew players were jubilant with their win and it took some minutes before they could be collared for the trophy presentations.

Marvin Waldroff, an official of the Newington and District Junior Farmers' Association, handed out the trophies which had been donated by Labatt's Ontario Breweries.

The battles on the ice were soon forgotten as all team members moved to the upstairs arena hall for dancing to the music of the 'Amber Rock'.

As I See It

By Mike Rowden

Well folks it looks like spring is finally about to come. The Robins are back, red-breasted and sassy, and hopping about the lawn listening for worms, which I doubt will appear for a while.

Time to make plans for the summer — mind you we mustn't get carried away with our summer plans, mustn't think of grand vacations and ways to blow too much money.

The Prime Minister and John Turner have called for 'Voluntary Restraints'. I don't know whether they are referring to spending or buying . . . it's pretty certain they don't mean government spending. That's only a good plank in a platform for a political party seeking office, it rarely applies to one in office with a hefty majority. I must admit however, that our federal ministers are showing a degree of patriotism and attention to the PM's restraint request, by not asking for the 50 per cent increase they were seeking last fall.

No siree . . . right now they are being a bit more realistic and are only hoping to get a 33 per cent pay raise legislated, which won't be much — only eight or ten thousand a year. Of course with the overall poverty level of the country being in the general area of $5000.00 a year, they have to make sure they don't slip back to that level.

Voluntary restraints are a joke and little or nothing more than a high level of procrastination. They didn't work in Great Britain, they didn't work in the United States. What hope does the government have in thinking they have any better chance of them working here.

One thing they will do, for sure — is put a bit more leverage on the management side of contract negotiations. When contract talks begin to bog down because of union's stand — management can always say the government is calling for restraint, therefore they, the management, can't budge from their position and still follow the government's wishes.

Meanwhile the 'powers that be' can still, and will still go their merry way. And having probably received their 33 per cent increase can take a well earned holiday, in some exotic place, secure in the knowledge that the country's affairs have been properly bungled and little or no positive direction taken.

Sometimes I make an attempt at making predictions, usually based on the events of the past and expecting a similar thing to happen in the future . . . to me things are shaping up that way again. We have the teachers' strike in Ottawa not settled, but hints are being made that there is some possibility that the government will step in and force the teachers back into the school room through compulsory arbitration. I expect the next meeting of the premiers of the different provinces will prove to be as big a flop as the last. But still the only definite thing that will come to pass will be the final legislation of the MP's pay raises. Once that has all come about, Mr. Trudeau (I have to call him that because I'm writing in the paper) will no doubt have to get away for a bit, more skin diving or skiing or whatever it is that he does on his frequent holidays.

After all, if he stayed around home when some of these controversial issues have been taken care of, by a complacent government, some of the mud and to use his words "crap" might, by accident, get splattered on him and that wouldn't help his image any.

I can see it coming, just last week he was down in Quebec at a maple sugaring party. Went by helicopter and was photographed sampling the fruits of the maple sugar tree. On TV it was announced that the sap was running in Quebec. I didn't see him jogging back to the 'chopper' so I assumed they meant the trees. However they, the media, that present these thins should be more explicit. After all statements of that kind tend to confuse one as to who, or what, is running. Of course this doesn't apply to Quebec, where confusion and the Liberals are one and the same thing.

Who picks up the balance of the price tag for the much-touted Olympics will tell the real story — I have a fair idea who it will be, despite federal government assertions to the contrary.

As it is written in a play, "Methinks they protest too much". As for the restraint idea . I for one, think that the only way to get a booming economy is for people to spend more of the money they have, rather than spending the money they don't have, but hope to get through illegal strikes or walk-outs or what-have-you.

Spend by all means, you can't take it with you, but leave your credit cards at home and spend just cash on hand or wait a little while until you have it.

Leave voluntary restraints to the politicans who have yet to learn what the term means.

Scouters hear reports

"Half a million strong" was the slogan for Scouting, transmitted by the Reverend E. Earle Eaton, reporting for regional and provincial conferences at St. Lawrence Scouters' meeting at the United Church in Iroquois Thursday evening.

Mr. Eaton, who was delegate from the District to the annual convention in Toronto, and who represented area Scouters at the regional conference in Smiths Falls, reported on both activities, after opening the meeting with prayer.

President William Sheldrick of Morrisburg chaired the meeting. Greetings were brought by District Commissioner Allan Thom of Prescott. Assistant Commissioners for Scouting and Cubbing, respectively, held separate sessions for their age-interest groups. Council officers met with the president. Treasurer Clair Tucker of Iroquois gave his report. Priscilla Roberge of Chesterville, district secretary for Cubbing, served in her customary capacity, while George Lewis of Morrisburg and Bob Bryden of Spencerville chaired their respective sections.

Matters discussed included Spring Cubaree and camp-outs, fund raising, world Jamboree and general promotion. Introduction of the "Beaver" program for younger boys was considered.

Delicious refreshments were served by a hospitality committee from Chesterville, representing the Chesterville Scout Mothers Auxiliary.

Chesterville Scouts and Cubs were represented by Scoutmaster Warman Barnard, Assistant, Lyle McNab, Committee Chairman Bob Gilroy, Cubmaster Paul Elliott, Mrs. Roberge, and Chaplain Eaton.

N. India Missionary guest speaker at Mission Rally

A large crowd gathered in St. Andrews Presbyterian Church, Martintown, to hear Miss Margaret Kennedy of the Bhil area of North India, tell of her life work. She has spent 35 years of her life serving this country, teaching and preaching the Gospel. She told how the work had expanded in those years.

Their church is called "The Church of Jesus Christ in India". Their motto is "Unity, Witness, and Service.

Miss Kennedy is one of the several special Centennial Missionaries brought home to Canada in celebration of "Centennial Year".

'Senior Country Gals' entertain at St. Joseph's Villa, Cornwall

Many residents and friends gathered on Friday, April 11, in St. Joseph's Villa, Cornwall, for an evening of entertainment provided by the 'Senior Country Gals' with some younger friends assisting to make a most enjoyable evening for all.

The variety program was on the humurous side and consisted of tap dancing, skits, hunourous recitations, piano selections and lively community singing with the residents and friends joining in.

The stage had been tastefully decorated in the theme 'Raindrops Keep Falling on My head', quite fitting for the spring evening.

Mrs. Anne McCaffrey was a very capable emcee and in her pleasing manner she kept the evening lively and interesting. The 'Country Gals' Choir opened the program with the theme song 'Country Gals', followed by a song to welcome all Senior Citizens.

One of the highlights of the evening came when Sandy Thompson delighted the audience with her tap dancing and was joined by Andy Cunningham, a member of the staff at the Villa. This brought great applause as the emcee fanned Mr. Cunningham while he tried to keep pace with Sandy, losing out in the end.

Piano selections by two sisters Mrs. Florence Brophy, who played "Believe Me of all Those Endearing Young Charms" and Mrs. Gerald MacDonald who offered the toe-tapping "Irish Washer Woman", showed both ladies had excellent musical talent.

Many other lively numbers brought applause and included a skit "Pat Muldoon's Wake", with Kathleen MacMillan playing the part of the sorrowing widow, supported by her sorrowing neighbours and then joined by McNamara's Band who joined the Irish Mourners, turning it into a lively wake.

Another humourous skit was called "Memories", in which Mrs. Kathleen MacMillan reminisced her past as it was re-enacted . . . with the baby in the carriage played by Mrs. Janey Poapst, one of the senior citizens; the bride was radiant in gown and veil and entered the room to the bridal chorus, Mrs. Jean Thompson played this part.

The delightful evening was brought to a close with the choir singing two well-known numbers, which were followed by the finale "Now Is the Hour When We Must Say Adieu".

A dainty lunch was served to the cast following the final selections.

The 'Country Gals' senior citizens of Lunenburg entertained the residents of St. Joseph's Villa, Cornwall, Ont. last Friday, April 11, with a variety show which included a chorus, skits, singing, tap dancing, and sing songs. The hall was filled with most of the 150 residents in attendance for the show. Front row, left to right, Wilhelmina Cleary, Helen Rupert, Kathleen MacMillan, Jean Thompson, Iva Eamer. Seaway Com. Services hear reports discuss future plans

At a meeting of Seaway Community Services, held in the United Church Hall at Brinston, reports were received from various committees on different projects: discussion followed, and plans were laid for continuing and future activities.

Matters that came up for discussion and consideration included drilling of wells for residents of the Dundela area who have had to carry their water; fund raising and government grants; a proposed Dundas County home for the aged; summer camping program; cooperatives and recycling.

The meeting was opened with prayer offered by the Reverend Dr. Lester Joyce, and concluded with the serving of refreshments.

Several members of the Seaway Executive participated in a Senior Citizens meeting at Brinston several days later. Senior Citizens, along with Ontario Anti-Poverty Coalition, is an affiliate of Seaway Community Services. Much of the work of the organization is done on behalf of disadvantaged people. No legitimate or reasonable appeal for assistance is rejected or ignored. Marie Barkley is coordinator, Mrs. John Corbett President.
