### *Resuming Music Class*

Miss Clara Irving will again start her music class in Chesterville on the days of Wednesday and Saturday September 15th, and 18th. In addition to this she intends teaching the Burrowes' Kindergarten method which was ably demonstrated here a few weeks ago.

### *Library to be Re-Opened*

The Public Library will be re-opened on Monday afternoon, Sept. 13th. In order to obtain a book it will be necessary for each person to purchase a card, for which the small amount of 25c will be charged to ratepayers and 50c to non-ratepayers. The rules which will be found in each book will be strictly adhered to, so please do not ask the librarian for any particular favor. The Library will be open every Monday and Wednesday afternoon and Saturday evening.

### *Schools Re-Open*

Tuesday morning the schools of the village re-opened for the fall term with large numbers in attendance. In the Public school Mr. P. S. Boyd takes the position of principal, succeeding Mr. Bowen, with Miss Iva Hamilton taking the place of Miss Smith in Room B.

At the High School the staff which made such a good showing in the recent examinations, Miss O'Neill, principal, with Misses Eaton and McNamara as her assistants are again in charge. That their good work was not overlooked is evidenced in the largest enrolment of students from outside the district for many years.

With the increased attendance in both schools we will very soon be up against the necessity of providing more teachers.

### *Kenmore Takes Revenge*

The Kenmore Teddy Bears got their revenge on the Leafs at the big picnic at Marionville on the afternoon of the holiday by a score of 13 to 12. It was a hard game for Leafs to lose after taking the lead in the first two frames by a margin of three runs which Kenmore tied in the third forging ahead in the next three until they had the game apparently laid away in the sixth with four runs to the good. The Leafs came back at them with one in the seventh and five in the next giving them a lead of two, which Kenmore promptly wiped out by putting two over in their half. Excitement ran high in the last when Chesterville took the lead again by one run but in the gathering darkness could not hold Kenmore from putting across a pair of counters and winning the game.

The Leafs were without the services of their star pitcher, Senecal, who was out of town for the holiday, and of McCloskey who was injured in Saturday's game.

The score by innings :

| | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| Chesterville | 1 | 4 | 0 | 0 | 0 | 0 | 1 | 5 | 1—12 |
| Kenmore | 1 | 1 | 3 | 0 | 2 | 2 | 0 | 2 | 2—13 |

Batteries—Sharkey and Walsh ; D. McLachlan and G. McLachlan.
Umpire—Jay Alguire.

### *Cubs Trim Morrisburg Intermediates For Third Time*

Saturday afternoon at the Driving Park the Cubs put it over the Morrisburg Intermediates for the third time this season the score being 14 to 6 in a seven innings game. Each team was forced to play a number of boys who have figured in some of the senior games this season, but on that score were equal. Two weeks previously the Cubs went to Morrisburg and came back with a 14 to 1 victory.

A regrettable incident of Saturday's game was the injury to McCloskey, who was put out of the game probably for the balance of the season, when his right shoulder was dislocated in a collision with Connolly at first base. McCloskey was playing first and was reaching for a low throw of Connolly rap to third when he was struck by the runner when trying to beat out the throw.

Senecal started to pitch for the Cubs but had only gone one innings when he was forced to leave to catch a train. Walsh took his place.

The boys from the front tried out two batteries, Casselman and Hummel doing the pitching and Stitt and Wood the receiving. They all looked alike to the Cubs.

Score by innings:—

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| Morrisburg | 0 | 0 | 3 | 1 | 2 | 0 | 0— | 6 |
| Chesterville | 3 | 0 | 5 | 4 | 2 | 0 | x— | 14 |

Umpire—Mallen.

"COME and WORSHIP".

### *Presentation at Melvins*

A large number of friends and neighbors gathered at the home of Mr. and Mrs. W. J. Rodney on Wednesday evening of last week to bid them farewell and express their regret at their departure from among them. The following address was read by Mr. Walter Moffatt and presentation made by Mr. Albert Baxter, of a handsome leather rocking chair.

Dear Mr. and Mrs. Rodney:—

Your friends and neighbours gather here to-night to show the deep regret they feel for your moving from among them. Since coming into our settlement about twelve years ago you both have endeared yourselves to many of us. In sickness or in trouble you were always ready and willing to do all that willing hands could do. As a slight token of the esteem in which you are held, we ask you to accept this chair. May it always remind you of your friends in the Melvin Settlement and our firesides will always be a welcome place any time you wish to come.

Signed on behalf of your friends and neighbours.

Mr. Rodney replied in a pleasing manner thanking the people on behalf of himself and Mrs. Rodney after which an abundant lunch was served and the gathering dispersed

*In*

# This Day *and* Age

IT is not modern nor up-to-date, to have the milkman leave bottled milk and cream at your door daily—whether you need it or not.

The modern way is to keep a convenient supply of Nestlé's Every Day Milk on your pantry shelf.

Much more economical than bottled milk—twice as rich—better for all milk and cream purposes. It requires no ice. Keep house the modern way. Ask your grocer.

## NESTLÉ'S EVERY DAY MILK

*Made by the makers of Nestlé's Milk Food for Babies*

NESTLÉ'S FOOD COMPANY

### SUNNYSIDE

(Too late for last week)

Mr. and Mrs. Will Stata of Farran's Point, spent the week with friends here.

Mr. and Mrs. Nadeau of Crysler, spent over Sunday with Mr. and Mrs. Lindsay Mackie.

Misses Annie and Doris Wagner spent Thursday at Freeman Burd's.

Mrs. Freeman Burd accompanied by Mr. and Mrs. W. Stata spent Wednesday at Ottawa.

Misses Ida Carruthers and Ida Mulligan and Messrs. Bill Ouderkirk and Frank Carruthers visited Mr. and Mrs. Roy Miller Sunday.

Mr. and Mrs. Freeman Burd and Mr. and Mrs. Stata motored to S. Mountain Saturday returning home by Aultsville Monday, accompanied by Mrs. S. Stata of N. Upper Falls, Mass.

Messrs. Arthur Burd and Henry Armstrong motored to Mountain Tuesday.

Mr. and Mrs. L. Mackie and Mr. and Mrs. C. Gordon motored to Lunenburg, Wednesday.

Mr. Geo. Miller and daughter Olive visited Mr. and Mrs. J. Carruthers Sunday.

Born—To Mr. and Mrs. A. Ferguson, a daughter Sept. 2, 1920.

### A Perfect Day

This is a price of a perfect day. Hotel room, $5.00. Complete round at the barber's shop, including manicure work, came to $4.05. Tips to girls, shoe boy and barber, 30 cents. Breakfast $1.25. Tip, 15 cents. Lunch, $1.50 with tip. Dinner with a companion, $4.80. Add cigars at 50 cents and you have $17.75, the cost of maintaining a single, solitary, lonesome and unhappy man in St. Louis at a level of health and reasonable comfort for one day. That means a sum of $6,405.75 per annum, without clothes or pleasure. Thousands of men live at that rate. Set against that the cost of living for a man, wife and three children under fourteen years of age in a factory town, which the United States Railway Board found to be $1,573.90 all told. That works out at 86 cents per day per head. Food per head per day amounts to 35 cents against $5.15 for the lone St. Louis man. Another day I went about things differently. Eating in the help-yourself places, it worked out thus: Breakfast, 30 cents; lunch, 40 cents; dinner, 55 cents; total, $1.25. The latter way was very uncomfortable, the food not well cooked, and plates, cups, forks, knives and spoons bore witness to prior use. There's no moral.—St. Louis Mirror.

### A Man's Prayer

Exchange: Teach me that sixty minutes makes an hour, sixteen ounces make a pound, and 100 cents make a dollar. Help me so to live that I can lie down at night with a clear conscience, without a gun under my pillow, and unhaunted by the faces of those to whom I have brought pain. Grant that I may earn my meal ticket on the square and that in earning it I may do unto others as I would want them to do unto me. Deafen me to the jingle of tainted money and to the rustle of unholy skirts. Blind me to the faults of the other fellow, but reveal to me my own. Guide me so that each night when I look across the table at my wife, who has been a blessing to me, I will have nothing to conceal. Keep me young enough to laugh with little children and sympathetic enough to be considered in old age. And when comes the day of darkened shades and the smell of flowers and the tread of soft footsteps and the crunching of wheels in the yard—make the ceremony short and the epitaph simple:

"Here Lies a Man."

### Kacking in Observation, Perhaps.

The Supervisor of a school was trying to prove that children are lacking in observation.

To the children he said, "Now children, tell me a number to put on the board."

Some child said, "Thirty-six." The supervisor wrote sixty-three.

He asked for another number and seventy-six was given. He wrote sixty-seven.

When a third number was asked a child who apparently had paid no attention called out, "Theventy-theven. Change that you old thucker."

## GLYCERINE MIXTURE FOR GAS ON STOMACH

Simple glycerine, buckthorn bark, etc., as mixed in Adler-i-ka relieves ANY CASE gas on stomach or sour stomach. It acts on both upper and lower bowel and removes all foul matter which poisoned stomach. Often CURES constipation. Prevents appendicitis. The INSTANT pleasant action of Adler-i-ka surprises both doctors and patients. One man who suffered five years from indigestion and constipation was helped by ONE dose. W. G. Bolster, Druggist.

**Children Cry for Fletcher's**

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Daby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

## What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

### NATION VALLEY FARMERS' CLUB & LIVE STOCK ASSOCIATION

Intend sending a shipment of Live Stock to Montreal Monday Sept. 13th Any one, whether member or not, wishing to dispose of stock in this way is welcome to do so. It is quite a help if you will let us know a few days before shipping date what you have for sale. What offer would you receive for your stock if you were not in a position to ship it yourself? Which way of selling will give you the best returns for the year? A competent local man will be in charge of the handling.

W. P. ALLISON, P. KIRBY, T. HOULEHAN.

---

### Vicious Circles of Rising Costs

(The Belleville Ontario)

Since the beginning of the war there have been several series of increases that have made the problem of living for the average man a perplexing puzzle. One class of workers, occupying a strategic position in the community, has asked for and received an increase. Other classes have been compelled to follow the pace set or succumb to starvation. And so vicious circles of ever rising costs have been formed. And nobody can see the end yet.

Of late there have been notable declines in the prices of raw materials. Hides are cheaper than they have been for many years. Wool is a drug on the market and only the finest quality finds any demand. Cotton is going back to pre-war prices. There have been sensational drops in all kinds of grains. Potatoes, that sold for $9.60 a bag on Belleville market a month ago can now be purchased for less than a quarter of that amount.

But, while the hides that ultimately are transformed into shoes are cheaper than for twenty years past, shoes are dearer than ever before While wool is so low in price that it is scarcely worth drawing to market, the tailor will ask you from $60 to $90 for anything decent in the way of a suit of clothes. When wool was at its dearest the sheep farmer never received more than $3 to $4 for all the wool incorporated in any suit. He would now get about one dollar.

The farmer, who does the bulk of the work in producing wool or hides or grain or cotton, receives a comparatively small pittance for his effort The big difference is caused by the wages paid and the profits collected on the intervening operations between first producer and ultimate consumer.

The low prices that now seem likely for farm products and the high prices that must be paid by the farmer for what he buys can have no other effect than still further to discourage agricultural production and increase the migration to the town.

Then another advance in price of the produce of the farm must inevitably ensue and a more even balance would follow.

All such movements act and react upon one another until there is an adjustment of values and conditions.

Railroaders will not be receiving any too much when they obtain their new increase. The only trouble is that other workers will demand advances of proportional amount.

School teachers, for instance, are already forming a Dominion-wide union and are demanding salaries twice as large as they were receiving prior to the war. But even if the teachers are successful in securing the double amount, they will still be receiving less than half, on the average, of what is to be paid to the average railway conductor under the new wage adjustment.

The preacher, patient and longsuffering is out for a boost, but even if his modest petition is met he also will be receiving less than half as much per annum as the conductor.

Therefore both teachers and preachers would soon be compelled to make demands for another hundred per cent. lift in their salaries in order to place themselves on a parity with the ticket collector.

There might otherwise be a rush of teachers and preachers to become railway conductors, leaving the desk and pulpit unmanned.

The problem that has been created is an interesting one and the out come will be watched with interest.

### A Public Liability Claim

At Peterboro, on August 24th, the city council was notified that it would be sued for damages to compensate a boy who sustained a broken leg. The mishap occurred in a peculiar way by the trail portion of a captured German gun, a trophy in possession of the city, falling on him. The complaint is that the gun was not properly fastened in its resting place in Central Park where it is on view. Some boys, including the injured one, were playing about the gun when the accident occurred.

"Prohibition," said Uncle Bill Bottletop, an American, "has brought disappointment to a number of wives who had nursed the idea that their husbands' unreasonableness was entirely due to licker."

"You're right! In the busy season when a trip to town is necessary, you need a car that is *ready to go*. And the best car is no good without proper lubrication and good gasoline. Imperial Polarine and Imperial Premier Gasoline have kept my car running 'slick as a whistle' every minute all season."

## Steady Dependable Service

IMPERIAL Polarine assures a motorist steady, dependable service from his car. It gives correct lubrication to every type of motor and every moving part. It keeps your motor running smoothly and quietly.

Imperial Polarine maintains, under all operating conditions, exactly the right body to seal *in* compression and reduce wear—it burns clean. Imperial Polarine establishes and maintains a power tight seal between piston and cylinder walls. Its body is proof against high heats and the gruelling friction of engaging parts.

Look for the Imperial Polarine Chart of Recommendations when you buy oil. It shows which of the three grades described below is best suited to your car.

Six sizes—gallon and four-gallon sealed cans, steel kegs, half-barrels and barrels. Buy by the barrel or half-barrel and save money. Sold by good dealers everywhere in Canada.

IMPERIAL Polarine MAKES A GOOD CAR BETTER
