SERVICE, to Us IMPLIES MUCH

Among the things that characterize our service are personal attention to every detail of the funeral arrangement, and little acts of thoughtfulness that serve to lessen the trying strain of the hours before and during the funeral. Quiet efficiency and smoothness are the result. That, we believe, is the kind of service that wins approval.

Calls to hospitals given prompt service.

HENRY'S Shorthand School Ottawa, Ont.

No School in Canada offers a better training, or ensures a more successful future. Henry's leads all others, and ranks among employers as "THE SCHOOL OF HIGHER EFFICIENCY"—a fact borne out by more than 600 pupils who have, since January, 1913, left other Ottawa schools to come to it.

Therefore, it is not surprising that business men, in advertising for stenographers, should specially say, "Graduates of Henry's School preferred."

For particulars about our course, apply to:

D. E. HENRY, Director.
196 Sparks St.

VERY HEAVY RAINS

During the past week haying operations have been held up throughout this district by particularly heavy rains. Almos every day one would be lead to believe that the weather had settled but after a few hours of sun it would be followed by a miniature cloud burst. In many places considerable water is standing on the ground and ditches are carrying heavy streams.

SIXTY-SEVEN INCH TIMOTHY

With all the talk of a short hay crop Mr. John Fulton brought into this office to-day a couple of talks of timothy hay measuring sixty-five and sixty-seven inches respecively. These were taken from a six-acre field on the farm of Mr. Pat Kirby. While the whole stand will not measure up to these stalks it is thought that an average length would be about five feet.

BASEBALL GAME TO-NIGHT

To-night at six o'clock in a regular scheduled game of baseball in the Dundas County League, Inkerman will furnish the opposition for the home crew. Inkerman took the measure of Winchester in the latter town last night and will put up quite an argument against the league leaders to-night.

DANCE AT FINCH

At to-morrow night's dance at Finch Arena Gardens M. O. Johnston and his eight-piece orchestra from Ottawa, will supply the music. This orchestra has the reputation of being one of the finest in this part of the province.

Dr. W. M. Earle, of Avonmore Passes Away

Early this morning the well known Avonmore physician, Dr. W. M. Earle, passed away after a short illness dating from Sunday last from inflammation of the brain. He was in his seventy second year and had been practicing in Avonmore for the past fifteen years where he was highly esteemed for his sterling qualities and his ability in his profession. The death of Dr. Earle is the first break in the family of nine children, four boys and five girls, of the late Rufus Earle of Melvins, where the doctor was born. The widow and one daughter, Mrs. Carroll Clarke of Toronto, are left to mourn. Mr. George Earle of Winchester is a brother. The funeral will take place at Avonmore Presbyterian church on Saturday, 21st, inst., at 1.30 p.m., followed by interment at Maple Ridge cemetery.

Protect the Deer

Residents of Winchester township in the vicinity of The Ninth school and the district to the east of it known as the huckleberry marsh, have become much interested in a small herd of deer that has been in the vicinity for the past couple of years and has now grown to the number of five or more. Early in the mornings this summer it has been quite a common sight to see them around the marsh feeding. Unfortunately hounds have been let run and on different occasions have chased the deer. As it is against the law for hounds to be allowed loose during the close season, and as the matter has been drawn to the attention of some of the owners of the hounds known to have been loose, it is threatened that if again found running at large in the vicinity where the deer are they will be shot. In Grenville and Carleton counties a chance has been given for the deer to multiply by the prohibition of shooting them for three or four years and it seems desireable that the same law should apply to Dundas.

"O RUCK" TO BE MADE IN CHESTERVILLE

A new project was recently launched in Chesterville, headed by Mr. Wm. Ruck of the Doering Stock Farm. Mr. Ruck, who has had considerable success in the treatment of paralysis in fowl has patented his preparation and formed a small company for its manufacture and sale.

"O Ruck" the new product, may be bought at Hunt's Drug Store, or by sending direct to—The O Ruck Manufacturing Co., Chesterville.

Popular Finch Barber Drowned In St. Lawrence

Sunday afternoon last about 7.30, William E. Shaver, aged 42 years, barber of Finch, met a tragic death by drowning in the St. Lawrence river at Louisville Landing, N.Y., when his Chevrolet car plunged through the guard rail on the ferry Alloumies into thirty feet of water.

Mr. and Mrs. Shaver and the former's uncle, A. Love of Finch, were returning from Massena and had just just driven on the ferry at Louisville Landing to cross the river to Aultsville, when in some manner the car, a Chevrolet touring, driven by Mr. Shaver, plunged over the side with the three occupants. All were thrown, free or struggled from the submerged car. Mrs. Shaver on coming to the surface was rescued by the engineer of the boat. A rope was thrown to Mr. Love and he was drawn to safety Mr. Shaver apparently had received a blow rendering him unconscious his body immediately floating on the surface and although two trained nurses, passengers on the ferry, rendered first aid, Mr. Shaver could not be revived. Mr. Love and Mrs. Shaver were able to return to their homes on Monday.

An inquest was held at Massena and the body released, arriving in Finch Monday afternoon. The funeral, under the direction of Scariet Chapter L.O.L. 2270, was held in Chalmers United church, Finch, Wednesday afternoon when a very large number were in attendance, when Rev. A. W. Stewart conducted the service, interment being made in the Finch cemetery.

Mrs. Shaver was formerly Anna Pelland of Cornwall and became the wife of Mr. Shaver fifteen years ago. There are no children.

TENDERED BANQUET AT HOWICK, QUE.

Prior to the departure of Mr. and Mrs. Hector Carruthers on a motor trip across the continent to British Columbia, a banquet was tendered the contractors, Messrs. Faulkner and Carruthers, by the Building Committee in the U.C. Hall, at Howick. The contractors expressed themselves as being highly pleased with the happy relationship that existed between them and the Committee, the latter reciprocating the sentiments which they also felt. Mr. Carruthers left Howick on his journey on Tuesday morning. Mr. J. E. Faulkner will leave this week for Ontario—Huntingdon Gleaner.

Bowling Club Notes

Wednesday evening four rinks of lawn bowlers paid a friendly visit to the Iroquois club where they were royally entertained after playing four games with the members of that club. Rain interfered with the conclusion of the game but not before fourteen ends had been played at which time Chestervill was leading by a small margin on the total score. The Iroquois greens are in very fine shape.

Play-downs for the Governor General's cup will start in the St. Lawrence Lawn Bowling Association this week with the clubs of the east end of the district playing for a winner to meet the representative of the west end clubs. Alexandria and Hawkesbury will meet in Alexandria, Winchester and Chesterville in Winchester while Prescott will meet Brockville in the latter town and Kemptville will meet Iroquois on their own greens. The winners of the two divisions will then meet on Prescott greens in the finals the winners of which will meet the winners of the Eastern Association in Ottawa for the cup. It is necessary that a winner be declared in this district on or before Saturday, July 28th. The Winchester-Chesterville game will likely be played in Winchester to-night.

A visit is expected to-morrow, Friday, evening of four rinks from the Winchester club for a friendly game returning the visit of the Chesterville club a week ago. All Chesterville bowlers are requested to turn out to make up four rinks.

SHORT CIRCUIT AFTER RAIN CAUSES EXCITEMENT

Tuesday evening about seven-thirty considerable excitement was caused by the alarm of fire at the Nestle's Food Co., plant, occasioned by a short circuit in the lightning arrester caused by water leaking into it after the heavy downpour a few minutes before. The lightning arrester is just above one of the small transformers at the north-west side of the building. The power was shut off almost at the same time as the wires were broken with the use of a long pole. There was no damage to the building.

Miss Ruth Simser Honored

On Thursday evening, July 12th, the friends of Miss Ruth Simser gathered at the home of Mr. and Mrs. Herman Hummel to spend one more enjoyable evening with her prior to her departure for South Carolina where she is entering into what everyone of her many friends hope will prove to be a happy and prosperous wedded life.

On the big lawn, which was beautifully decorated with strings of gaily colored lights, about sixty-five guests enjoyed a social hour, interspersed with musical numbers, both vocal and instrumental, rendered by the guest-of-honor and her friends.

Just before the hour for lunch an address, signed on behalf of the crowd by Miss Lera Smith, Miss Evelyn Merkley, Mrs. Jim Campbell and Miss Mae Hummel, was read by Miss Lera Smith and a beautiful collection of both table and bed linens was presented by Miss Mae Hummel. After the bride-to-be had been plentifully showered with confetti the happy crowd trooped out to the lawn again to have lunch, afer which the party broke up at a rather late hour.

Point Iroquois Summer School

Every July for over 23 years, the Iroquois Summer School has carried on its work of inspiration, education and recreation. This year the school will run from Monday, July 23rd, to Saturday noon, July 28th, with a particularly strong program.

Bible study is to be dealt with by Rev. Clark Logan, who gives a course on the "Book of Acts." Missionaries are to be present including Rev. Foster Hilliard of Japan, and Rev's. R. McAmmond and D. McRae of China. Mission work in Canada will be thoroughly covered by a course given by Dr. Colin Young of Toronto. Other special features of the program include,—Miss Rosemount Taff on "Scientific Temperance," Rev. T. A. Halpenny on "Sunday School Work," and Rev. G. I. Campbell on "Social Service."

For those who cannot attend all the sessions, particular attention is called to the Missionary Rally on Wednesday evening, and the Young People's gathering on Thursday evening. The annual Pageant and Musical Festival will be on Tuesday,—the pageant "Ruth" being given by Chesterville talent, and music of high class from all parts of Dundas and Grenville. This is always a great evening at the Summer School. The President of the school is Rev. A. F. Fokes of Brinston, who may be addressed for further information and complete programs.

BERWICK

Miss Jessie Spotton of Russell, is visiting her aunt and uncle, Mr. and Mrs. Wm. Spotton.

Mr. and Mrs. Frank Eagle and baby of Massena, spent over Sunday with Mr. Geo. Nichols and family.

Mr. and Mrs. John Grady spent over Sunday at Montreal.

We are sorry to report the serious illness of Mrs. Jerry Kearns.

Mr. and Mrs. Austin Galvin and family of Sask., are guests of the former's parents, Mr. and Mrs. Wm. Galvin.

Mr.and Mrs. Thos. Hepburn of Morewood, were guests on Sunday of Mrs. Lorne Hepburn and family.

Mr. and Mrs. Wm. McDermaid of Watertown, were visiting relatives in this place recently.

Miss Alice Fetterly of Cornwall, is a guest of Mr. and Mrs. A. Summers.

Mrs. A. McMillan is on the sick list suffering from an attack of appendicitis.

Miss Mary Spotton left on Monday to spend a month at Beamsville.

Miss Pauline Warner of Nortfield, was the guest last week of Miss Flossie Nicholas.

Have Your Ever Thought

Have you ever thought of the immense amount of work your eyes do for you every day? They are faithful and invaluable servants upon which you depend for your comfort, pleasure and even safety.

We have learned in modern times that it pays to treat good servants and employees. Do you treat your eyes well? Have you made certain that they are not working under a strain that will finally ruin them? An examination now may prevent serious trouble later on.

Toronto Man Found Dying At Burritt's Rapids

Suffering from a nervous breakdown Dr. Charles M. Anderson, D.P.H., director of the division of laboratories, Department of Health, Toronto, and member of a well-known Ottawa family, died under tragic circumstances at a summer cottage at Burrit's Rapids, Ont., about nine o'clock yesterday morning. He was 37 years of age.

Dr. Anderson had arrived at Burritt's Rapids only Tuesday night to join his wife and two little children, at the cottage of George E. Firth, Ottawa, his father-in-law.

Mr. and Mrs. Firth and Dr. Anderson's family were sitting around the breakfast table in the dining room of the cottage about nine o'clock and called to the physician, who was still in bed in a room separated from the others by a partition and curtain over the doorway. He is understood to have called back that he was not feeling like breakfast.

A few minutes later, however, Mr. Firth decided to attempt to persuade him to have something to eat. Entering the little room he found Dr. Anderson lying in bed with blood gushing from a wound in his neck.

The cottage owner did all he could to stop the flow of blood. Dr. Anderson, he found, was still breathing, and a hurry call was sent in for Dr. M. J. O. Walker, of Merrickville. Dr. Anderson lived only half an hour after.

The death of Dr. Anderson occurred less than a city block from the homes in which a fatal shooting occurred less than a year ago, and in which the families of Auger and Percival, life-long neighbors, were concerned.

FIVE BROTHERS MET FIRST TIME IN 50 YEARS

The five Hollingsworth brothers, William, James and Richard of MacLennan; Edward of Bar River, and John of Sublimity, Oregon, met Friday for the first time in half a century. There were only fiveb rothers in the Hollingsworth family and all tury. There were only five brothers were together was at the old home at Melrose in Hastings County, before the family was broken up. The eldest of the five is William, 75, and the youngest, John, 62.

A bootmaker put a notice in the local paper to the effect that his boots were guaranteed for three months. Immediately after he was inundated with orders, and an Aberdonian arrived just in time to purchase the last pair. But in five weeks he returned the boots to the maker. The soles were worn through, and the uppers showed signs of wear. "That's strange!" said the bootmaker. "You're the only one that's complained. Did the boots no' fit ye?" "Aye, they fit me," was the reply. "But they were a wee bit tight for one o' ma brithers on the night shift."

Performance Style Luxury Quality

at Low Cost

IF you could have exactly the kind of car you wanted, what are the features you would demand?

You would want Performance . . stamina to stand long, trying trips.

Then you would want Style, of course,—the latest trend in body design—long, low, racy lines,—the newest and most modish colorings. You would want the distinction of Body by Fisher.

And you would like a Luxurious car . . one with wide, deep cushions that invited rest . . with rich and beautiful upholsteries and fine interior appointments . . one with snug protection against the weather with ease and smoothness of riding.

Last, but by no means least, you would demand Quality . . substantial construction . . refinements such as Four-Wheel Brakes, Air-Cleaner, Oil Filter, Crankcase Breather, Vacuum-Feed Fuel Supply, Safety Gasoline Tank in rear and so forth . . dependability at all times and under all conditions!

These are the things *everyone* would like to have in a car . . and that everyone CAN have, for the first time in automobile history, at the low cost of the "Bigger and Better" Chevrolet. C-14-7-28C

The G.M.A.C. . . General Motors' own deferred payment plan affords the most convenient and economical way of buying your Chevrolet on time.

COMMUNICATION

Humanitarian Side Should Have Been Considered.

Ottawa, Ont., July 17th, 1928.

Dear Sir,—

I noticed in your paper of last week that the County Council of the United Counties' of Dundas, Stormont and Glengarry declined to enter into an agreement with the other five Counties of Eastern Ontario for the establishment somewhere in Eastern Ontario, of a Sanitorium.

When Dr. Bell, Dr. Carmichael and myself addressed the County Council, we stressed the matter from the financial side. I think we showed conclusively that a Sanitorium would be a paying proposition as far as the different Municipalities were concerned. Perhaps we should have given more attention to the humanitarium side, and perhaps this was one of the reasons for our failure to convince the County Councillors of the need of a Sanatorium. Very frequently I receive letters which contain extracts similar to the following which is from a Doctor in a Village on the Upper Ottawa. He is referring to one of his patients:

"I sent her to the Hospital in Renfrew a week ago and they sent her back. I feel there will be nine T.B. children to scatter the infection unless something is done. She is fairly advanced with positive sputum. Could you give any suggestion what to do in their behalf."

The establishment of a Sanatorium in a convenient locality which would be easy of access both to the patients and their friends, would be, in my opinion, one of the greatest public health achievements ever accomplished in this end of the Province.

I think it should also secure the support of those who are ready to respond to the crying need of those who often, through no fault of their own, are afflicted with tuberculosis in any of its stages. At present there is practically no accommodation available for our Eastern Ontario patients. The proposition was based on the assumption that the Government of Ontario would contribute half of the cost of the building and aquipment, and also contribute seventy-five cents a day towards the maintenance of all patients who were unable o pay for their treatment.

Respectfully yours,
(Sgd) P. J. Moloney, M.D.,
District Officer of Health.

INTEND TO MAKE SLOGAN GOOD AT 1928 EXHIBITION

Directors Indicate They Mean it When They Promise "Six Wonderful Days, Half Dozen Big Nights."

In four weeks the Ottawa exhibition will open. Six wonderful days and half a dozen big nights is the slogan adopted for this year and indications are that the directors intend to make good for every minute of the week, Aug. 20th to 25th.

Space in the various buildings will be completely filled with the finest live stock, and products of the field, forest, mines and industries. Under one roof will be combined displays which will show the progress of science—automobiles, aircraft and radio. Each department will be replete with the latest models and the demonstrations will be both educating and highly interesting.

In the enlarged Howick Hill will be shown poultry and live stock. The judging of the principal classes will take place in the large coliseum and the patrons, from the comfortable seats, will be able to see some of the best horses in Canada in classy performances in harness and under saddle. In other buildings will be found the pure food show, the dairy display for which special electric refrigeration has been installed, flowers, fruit, grain, handicrafts and arts, government displays, child welfare demonstrations, dog show, hobby show, machinery and the last word in fashions by local merchants.

Reduced rates have been secured on all railways but on account of the large number of exhibition visitors who take advantage of the good highways leading into Ottawa from all points, the directors have provided special parking places inside the grounds. The admission this year is 35 cents, but those who buy tickets before the opening of the exhibition may secure five for one dollar, thus making a clear saving of seventy-five cents. These may be secured from merchants or at the exhibition office and mail orders will receive prompt attention.

Guest: "What was that noise I heard in your room last night?" Her hostess: "My husband dreamt that he was in town and he was moving the bed from place to place so he would not be arrested for parking too long in one place."

Two Jewish men shipwrecked and riding the waves on a raft.

Abe: "Look, Morris, I see a sail."

Morris: "Vat good does it do? We ain't got no samples."

A man who found a button in his salad remarked with great presence of mind: "I suppose it dropped off while the salad was dressing."

Tottering perceptibly, he arrived home just as the clocks were striking three. After carefully removing his shoes, he tip-toed softly to his door. He managed to open it noiselessly, and was half-way down the hall when he stumbled against a bowl of goldfish. His wife, hearing the crash, appeared at the head of the stairs and called sharply: "George! What are you doing?" "I'll teach these blooming goldfish to snap," he muttered grimly.

H. J. McMAHON

ARCHER

Miss Olive Barkley has returned to her home at Dunbar after a week's visit with her cousins here.

Mrs. Mert O'Shaughnessy of Hoasic, spent the week end with her mother, Mrs. H. S. Weagant.

Colquhoun Social was well attended despite the heavy rain all day.

Mr. and Mrs. Ernest Heagle and little sons Raymond and Junior and Mrs. Cardinal of Ogdensburg, spent the week end at the former's parental home.

Mr. Henry Heagle returned home on Friday after a few days visit with his son Ernest, at Ogdensburg

Mr. and Mrs. George Weagant and daughters Doris and Ruth spent Sunday with Mrs. Jemima Marcellus at Dunbar. They were accompanied by Mr. and Mrs. Joe Heagle and Miss Bell who spent the day with Mr. and Mrs. R. S. Barkly.

Mr. Cecil Southworth has returned home after spending the past month at Aultsville.

The peoplearound here were all very much surprised and sorry to hear on Wednesday morning that Mr. Arthur Henry's barns and contents at Nuddel Bush had been burned at about 3.30 that morning. Fire started of an unknown origin. If there was any insurance at all carried it was only a small amount so the loss will be a heavy one to Mr. Henry and family.

Mr. A. W. Weogant and Mr. Dwight Weegar spent a day recently at Morrisburg where Mr. Weagant was visiting Mr. Jas. Zeron.

SUNNYSIDE

The regular monthly meeting of the Ladies' Aid of the Presbyterian church of Crysler, was held at the home of Mrs. Freiman Burd on Tuesday.

Visitors at the home of Mr. Henry Armstrong on Sunday were—Mr. and Mrs. Harry Symonds and daughters, Laura and Muriel, and son William of Mille Roches, and Mr. and Mrs. Lorne Irven and Dorothy of Cannamore.

Mr. and Mrs. Thos. Feeley called at Mr. Arthur Burd's on Sunday evening.

Miss Verna Miller of Berwick, spent a few days last week with her grandparents, Mr. and Mrs. Frieman Burd.

Mrs. Wm. Irven spent Wednesday of this week with Mrs. Alvin Burd.

Mr. and Mrs. Philip Perean of Phoenix, N.Y., Mr. and Mrs. John Caswell of Morrisville, N.Y., and Mrs. Lorne Irving and daughter Dorothy, spent Thursday afternoon with Mr. and Mrs. Henry Armstrong.

Miss Naomi Burd spent the week end in the U.S.

Mr. Borden Armstrong and Mr. Lorne Irven of Cannamore, spent Thursday of last week in Ottawa.

Mr. and Mrs. Harold Mackie and family of Apple Hill, are spending a few days with Mrs. Mackie and Miss Mackie.

—o—

A German merchant was fined for using a Bible quotation in an advertisement. Evidently they don't believe in truth in advertising over there.

PLAN FOR THE FUTURE

Arrange a systematic saving for your boy or girl by means of an Endowment Policy. It can be taken for a term of ten, fifteen or twenty years.

The full risk is now granted on the life of the child when they attain their thenth birthday.

Special plans for children under ten years of age.

Dividends or profits paid by the Sun Life are unexcelled in the world.

Information gladly given on the various plans.

ACKNOWLEDGEMENT

The Sun Life Assurane Co. of Canada.

I take pleasure in acknowledging receipt of cash settlement on the twenty-payment life policy which recently matured.

The settlement exceeded the estimate made by the agent which was greater than my expectations.

I can strongly recommend insurance for protection and a good investment. To further express my confidence and satisfaction in the Sun Life, I have applied for additional insurance through your agent E. B. Lynch.

Ingram Cross.

Berwick Wo's. Institute

The July meeting of the Berwick Branch of the Women's Institute was held at the home of Mrs. Alex Smith, with a good attendance.

The meeting opened in the usual manner, by the singing of the Institute Ode, after which the minutes of the former meeting were read and adopted.

The president being absent the chair was occupied by our former president, Mrs. Chas. Grey.

A report from the Play and Bazaar held recently was given—

Total receipts	$198.62
Expenses	31.75
Balance	$166.87

The correspondence was read, there being two acknowledgements of flowers that were sent during the month to Institute members during their bereavements. There also was a lengthy discussion on ways and means of raising more funds. The program came next and was enjoyed by all.

A reading entitled, "A Day at a Time," was given by Miss M. B. McRae, after which Mrs. J. P. Rady sang a very appropriate solo, "Just Keep On Smiing." There was also a contest in which all present took part.

The meeting closed by singing "God Save the King," after which a dainty lunch was served.

MORE OIL SWINDLERS

In a recent issue a leading oil journal sounds a warning against a new crop of oil stock swindlers now springing up as a result of the wave of speculation which is now sweeping the country.

Since the successful prosecution of fake oil promoters at Fort Worth in 1923 this particular brand of swindler has been lying rather low, but he is now emerging in great numbers. By the most plausible and seductive advertising the ignorant sucker is being induced to "invest" in beautifully engraved stock certificates, in hope of becoming part owner of a roaring "gusher."

GRANTLEY

In spite of the disagreeable weather on Tuesday evening Grantley social was a good success.

Miss Wilda Beckstead of the C.C.C., is spending her summer vacation with her parents here.

Mr. and Mrs. Grant and children of Avonmore, spent Sunday with relatives here.

Little Miss Winona Carr is spending some time with her grandparents, Mr. and Mrs. Henry Hanson, Brinston.

We are glad to see John Farrell able to be around again after being confined to his room with the mumps.

Miss Kathleen Bogart returned to her home at Chesterville, after spending a few days with her sister, Mrs. Elburn Carr.

Miss Hazel McMillan spent a few days with her cousin, Miss Vera Merkley, Dunbar.

Mr. and Mrs. Arthur Beckstead spent Monday with friends at Brinston.

Mr. and Mrs. Henry Hanson, Brinston; Miss Gladys Wells and Mr. Lloyd Wells of Autsville, were guests of M. Carr's on Tuesday.

Messrs. Don Carr and son Claude, Wm. Fader, Jas. Wallace and Frank Darling spent the Fourth of July at Waddington.

Mr. and Mrs. Jas. Myers and family spent one day last week with the former's sister, Mr. and Mrs. Jim Robinson, Morrisburg.

Mr. and Mrs. Milton Carr and sons, Dale and Vane, spent Thursday with Mr. and Mrs. Stanley Wells, Hoasic.

AIRPLANE THEFT CREATES NEW MENACE

A new menace which failed to tax the resourcefulness of the Winnipeg police force, made its appearance in the form of an attempted airplane theft.

As two German youths, recent arrivals in the country, attempted to take-off in one of the planes resting on Stephenson flying field, a squad of policemen pounced upon the would-be modern thieves. Both claimed to have learned to fly in Germany. They were remanded for sentences.

The men had been noticed loitering about the flying field and policemen were awaiting them in a nearby hangar when they made their bold attempt.

The American Mining Congress, reputable oil concerns, bankers and others are doing what they can to warn the public against these crooks, who play upon the credulity of the public, but so long as these warnings go unheeded the suckers must pay for their folly.

It is a true saying that "a fool and his money are soon parted." And no one can facilitate the parting more swiftly than a slick stock swindler.

Select Bacon Hogs

"Money Talks" quite as loudly to the farmer as to any other class. Today the farmer is fully conversant with the trend of the market, prevailing prices, and supply and demand. He is just as keen as the manufacturer, and when he knows he has produced an article of the size, type and quality that is in demand he has a perfect right to expect and to get his share of the price premium the consumer pays for that article.

There are some engaged in the hog business who do not appreciate the full value of grading. The question must be considered in a broad sense, because the actual market requirements, domestic and export, are the basis for all standards covered by the regulations under the Live Stock and Live Stock Products Act.

In the production of bacon hogs, the farmer's objective is 'selects', because that grade is in demand, and commands the highest price. There is no doubt in the producer's mind as to the value of grading hogs, but there is occasionally some little difficulty in getting a price back to the producer commensurate with the quality of hog marketed. This is being overcome, however, and today the compulsory grading, or marking for identification and grading on arrival at the yards is working well, and this combined with the producer's knowledge of market conditions is making for improvement in the quality of the bacon hogs marketed.

Boy Farm Leaders

One of the most interesting talks made at the recent national encampment of the 4-H Clubs of farm boys and girls held in Washington was made by Everett Saylor of Decatur county Iowa, who sketched the results of his eight years of club work.

He began with pigs and through them became interested in alfalfa, which in turn led him to study problems of soil fertility. To make the story short, through the example set by this club boy a large area of his county has now been planted to alfalfa, which has proved to be a most desirable and profitable addition to the resources of the community.

Another club boy, C. D. McMillan of Spartanburg county, South Carolina, told of net profits of $1,200 made in spare time in eight years of club work in pig, poultry and cotton projects. He also said that the keeping of records and accounts in connection with these activities had been of great value to him.

On such boys and their leadership will largely depend the success of agriculture in the future. Haphazard farming will never again be profitable, any more than haphazard manufacturing or merchandising. Boys thoroughly trained in club work will never be haphazard farmers.

Italy has just had a "Book Day." We would favor a day for returning borrowed ones.

In Almendralejo, Spain, women are taxed according to the length of their skirts. No skirts, no taxes?

A doctor says one woman in ten is bow-legged. A statement which may be checked up with little trouble.

Henry Ford will grow oranges in Florida. Now some competitor will be mean enough to say that he has been selling lemons for a good while.

Since the war the creation of new countries and the re-naming of old cities have served to repeal about all the geography we learned in school.

Women Approaching Middle Life

Find "Fruit-a-tives" of Great Benefit

MRS. O. GODIN.

Paquetville, N.B.—"I am giving this testimonial, hoping it will benefit every woman suffering as I did at the change of life. I was obliged to go to bed, had terrible dizziness and felt extremely weak. 'Fruit-a-tives' were really a God-send to me. Now I am in perfect health."

—Mrs. Onesine Godin.

This stage of life takes heavy toll of woman's health unless stomach, kidneys and bowels are in first-class condition. "Fruit-a-tives", in a natural, gentle way, keeps the whole system toned up to withstand this trying experience. Made from the intensified juices of ripe, fresh fruit and health-building tonics. 25c and 50c a box at all druggists.

Cut Down Materials To Rural Schools

(The Globe, Toronto.)

Distribution of eggs and potatoes through the Agricultural Representatives to the rural school children will be discontinued. At the convention which closed Thursday it was pointed out that the cost and time required in handling the bulky products were very great, and there had been considerable criticism in regard to the distribution of eggs, day-old chicks, and potatoes as well. However, there will still be classes for potatoes and chickens from the home farm and the school fairs.

The policy of having the Poultry Department at the Ontario Agricultural College supply the bulk of the cockerels for the poultry breeding stations, from which school fair eggs are procured will also be discontinued, and the breeding stations established on a new basis. Rural school pupils will be encouraged to secure their eggs direct from the reorganized breeding stations.

These new stations will be inspected at least four times a year by qualified men, standard breeds kept, rigid culling enforced, and all males must pass inspection. Of course the place must be kept in a strictly sanitary condition, and records kept and sent in regularly to the Department of Agriculture. Failing to comply with any of the many regulations laid down or failure to carry out the instructions of the inspector will result in the disqualification of the flock and the cancellation of the entry as an approved poultry breeding station.

COURTESY TO STRANGERS

Be courteous to strangers who come among you so they will go away with a good impression of your town.

If you don't like your home town well enough to speak well of it, get out of it and make room for better men.

Always cheer the man who goes for improvements. Your portion of the cost will be nothing but that which is right.

Do not kick at any proposed improvement because it is not at your door or for fear your tax will be raised fifty cents.

Don't be afraid to stick your hand down in your pocket for money to help a public enterprise. You owe something to the community for being so kind as to patronize you.

Don't! Don't! Don't! For heavens sake, don't think YOUR ideas are the only correct ones as to what improvements are needed, and how they may be obtained.

EUGENE McMILLAN, Prop.

Counties' Council

(Concluded from last week.)

The Council resumed at 2 p.m. on Wednesday, June 27th.

The report of the committee on Resolutionsand Memorials was presented by the chairman, Mr. H. Robertson, and was adopted.

The committee reported that a number of letters had been referred to them and as these required no action they were ordered to be filed. The committee concurred in the resolution of the County of Dufferin regarding the indiscriminate cutting of Christmas trees throughout the country and the export of same, and recommended that a copy of the resolution be signed by the Warden and Clerk.

Mr. Marselis gave notice of his intention to introduce, during the present session, a by-law repealing By-Law No. 2208, and appointing A. K. MacMillan as treasurer at a salary of one thousand dollars per annum, including all services in connection with County Houpse of Refuge, the present treasurer to be relieved of his duties and the County Auditors be instructed to audit the present treasurer's accounts to the date of his release.

The Council then adjourned until 9 a.m. on Thursday to allow committees to meet.

On Thursday morning the first business was the presentation of reports.

Mr. H. Williams submitted his report as Chairman of the County Property Committee.

Th committee concurred in the action of the sub-committee appointed at the January session regarding the completing of the pointing of the goal wall, and recommended that the additional cost, amounting to the sum of $72.64, be paid by the treasurer, also that the same sub-committee be left in charge of the repairs to the chimney and head block over the door of the County Buildings.

The committee recommended that the Clerk obtain prices on steel filing cass for the County Crown Attorney's office and report at the October session; that a new electric heater be purchased for the gaoler and an electric plate for the turnkey; that the Stormont Registry office be painted outside, where necessary, and that the work be supervised by Mr. Ault; also that one waste paper basket and three awnings be purchased and erected for said office, the purchasing and erecting to be done under the supervision of Mr. Williams and the Clerk.

The committee also recommended that the contract for the coal supply for County Buildings be awarded to the Munro Coal Co., at $15.20 per ton.

The report was adopted.

Mr. Beach, chairman of the Education Committee, presented the report of that committee.

The committee reported that the Deputy Minister of Education had written indicating the following as the aggregate of grants to Rural Public and Separate Schools as follows:

Stormont—Public, $785.64; Separate $115.68.

Dundas—Public, $872.39; Separate, $24.10.

Glengarry—Public, $780.82; Separate, $212.07.

Grand Total—$2790.70.

The committee recommended that a grant of $576.00 made at the January session for expenses of Uniform Proficiency Examinations, being $192.00 in each county, be levied and the necessary by-aw passed; that a by-law be passed in meeting and supplementing Legislative grants of $10,072.61 for Continuation Schools and Fifth Classes; that the request for a new High School District in Maxville be acceded to; that the request from the Morewood High School District for the County grant for 1925 and 1926 be deferred until the October session, a detailed statement to be furnished in the meantime.

The report was adopted.

Several by-laws carrying out the recommendations of the above committees were then passed and the Council adjourned until 10.00 a.m. on Friday to allow the members to attend he Warden's banquet at Stanley Island in the afternoon.

At Friday morning's session the Clerk read a letter from the Navy League of Canada, asking for a grant to carry on the work.

Mr. John A. McRae, Registrar, of Glengarry County, addressed Council requesting that a caretaker be appointed for that office and suggesting alterations in book and filing cases.

On motion of Messrs. Munro and McLachlan, Mr. McRae's requests were referred to the committees to where they belong.

Messrs. Glenn A. Shaver and Wallace Gallinger moved that the request of the Navy League be referred to the Finance Committee for consideration and report. Carried.

The report of the Road Committee was presented by the chairman, Mr. J. A. McCrimmon, and was adopted.

The committee recommended no action on the claim of Mr. George Phillips, of Greenfield, for the sum of $20 damages to his horse, harness and wagon, due to an accident on the County Road, the committee of last year having investigated the claim and could not see where the counties were in any way liable, and this year's committee was of the same opinion. Mr. W. B. Lawson, K.C., solicitor, was instructed to protect the interests of the counties should any action be entered.

The committee recommended that a

(Concluded on page 7.)

Early Cut Hay

Alfalfa hay has 14.9 per cent. protein. Timothy hay cut before bloom has 9.8 per cent. protein. Timothy rowen has 14.4 per cent. protein.

When timothy is cut in the full-bloom stage it has 6.3 per cent. protein. Timothy cut when nearly ripe has only 5.2 per cent. protein. These figures show that the earlier hay is cut, the more protein it will have. The more protein that we can get into our hay, the less protein we will need to buy in our concentrates. The difference between a 20 per cent. protein grain mixture and a 24 per cent. grain mixture averages about four dollars a ton most years.

Twenty per cent. protein in grain mixture is enough if the hay has some clover or alfalfa in it and if it is early cut.

Careful experiments at Missouri show that timothy yields the most digestible protein per acre and the most total digestible nutrients when it is cut in the full-bloom stage. The same kind of experiments at Illinois and Pennsylvania shows the same thing for red clover.

A dairyman cannot cut all his hay the same week, therefore if he is going to get the most of his hay in the best stage he must begin his haying early, before bloom, for both timothy and clover.

CHEESE PRICES

Cornwall, July 9.—On the Cornwall Cheese Board today, the offerings were 501 white and 1,197 colored, a total of 1,698 boxes. All sold at 22 5-16 cents. At the same date last year 968 white and 1.546 colored, a total of 2,514 boxes, sold at 17½ cents.
