She: "We'd be on our honeymoon."

Old car drivers drive better than young ones. According to a survey made in the United States (could be applicable in Canada), the average motorist of fifty years of age drives his car about four times as far without incurring any accidents as the average driver of twenty years of age.

"This said that married happiness sometimes hardly outlasts the honeymoon. In other words, the return of the tide marks the turn of the tide."

Two Englishmen bound for New York sat side by side on deck chairs without exchanging a word.

On the third day out one of them fell asleep, and his book fell with a thud. It broke the ice. The other man picked up the book and the following dialogue took place:

"Going across?"
"Yes."
"By jove, what a coincidence—so am I!"

Mailorder houses will pay higher local taxes in future if the Ontario Department of Municipal Affairs heeds the advice of the recent annual meeting of the Ontario Assessors' Association. An increase from 35 per cent. to 75 per cent. was recommended for properties housing mail order establishments and consideration is being given to action which would assess "every person carrying on the business of a mail order house" for a sum equal to 20 per cent. of its gross receipts in addition to any other assessment under the act. Both proposals are worthy of study by the Ontario government. A request that tourist homes be assessed business tax is, however, much less worthy of support. Most such homes cater to tourists only two months a year and can hardly be classified as a regular business, comments the Smiths-Falls Record-News.

Found Seventeen Four-Leaf Clovers

If you have been searching for a "Four-Leaf" Clover and have been unable to find one, we'll let you in on a little secret. They're all up near South Mountain in the yard back of Mr. and Mrs. Donald Sullivan's residence. How do we know? Well, a few days ago Mr. and Mrs. Sullivan's daughter, Margaret, had the good luck to find 17 of the four-leaf variety and she didn't have to move a foot to pick them up, they were so closely bunched. Just to prove she really picked 17 specimens, she sent them down to the Press Office, all neatly pressed between the pages of a small catalogue. This is the first time we have ever seen seventeen "Four-Leafed" Clovers in one collection, and we hope by keeping them around they will bring us good luck. As we will be moving the Press Printing Plant into a new building within the next month, we will need some luck, as well as plenty of those long green-backs.

What are we going to do with those 17 "Four-Leafed" Clovers? Well, to the first 17 subscribers who pay their subscription, following this issue, we will give one specimen—and we don't mind a rush.

HUGE COMBINE AT "EX" SOLD

BY W. C. MACDONALD

The biggest and most modern thing in farm machinery came to town on Monday, and that evening was a great centre of attraction at Walker MacDonald's machine yard. It was a self-propelled combine with a ten-foot cutting bar and mounted with a 60-h.p. engine.

This huge machine, manufactured by the Cockshutt Company at Brantford and assembled at Ottawa, had been the dominant feature in the agricultural exhibit at Ottawa Exhibition last week. It was there sold by Walter MacDonald to Clark Murdoch, of Reid's Mills, and on Monday was brought to Winchester with Ross McConnell at the wheel. On the following day it was driven to Roy Berry's farm at South Mountain and set to work.

LOCAL AND GENERAL

Congratulations to Mr. Gerald Droppo, who successfully passed his summer course at McMaster University, Hamilton. Mr. Droppo leaves shortly for Oakville where he will be a member of the Public School staff there.

Induction Service.

Rev. T. N. Mitchell, who recently accepted a call to become pastor of the Winchester charge of the United Church, will be inducted at a special service to be held in the local United Church next Wednesday evening, September 5th, at 8 o'clock. Rev. Mr. Mitchell succeeds the Rev. Norman J. Thomas, who was called to the Parry Sound charge of the United Church.

Engagement Announced.
Mr. and Mrs. Elburn McIntosh announce the engagement of their youngest daughter, Betty Jean McIntosh, to John E. Proudman, only son of Mr. and Mrs. Sidney E. Proudman. Marriage to take place Saturday, September 22nd, at 11 a.m. in St. Peter's Lutheran Church, Williamsburg.

Returns From Camp.

Miss Irene Campbell, one of the students at our local High School, has returned to her home at Metcalfe, after spending a week at 4H Camp Overlook, at Mountain View, New York. She was one of four 4H Club members from Carleton County chosen to attend the St. Lawrence County Camp as guests of the 4H club there. While there Irene passed her senior swimming tests and took the senior life-saving course. She successfully passed the tests and won her senior life-saving certificate.

BELL TELEPHONE COMPANY TO ERECT NEW BUILDING HERE

Tenders have been called for the construction of an extension to the telephone exchange here, J. F. Gardiner, Bell Telephone manager for this region, told The Press this week. The extension will provide space for additional equipment and space for future extensions to the local switchboard.

The one-storey extension—about 20 feet long by 40 feet wide—will be built at the rear of the present structure. It will be brick walls and a pitched roof protected by asphalt shingles. The work is scheduled to get under way within a few weeks and will be completed early next year.

C. O. C. Council Met On Tuesday

The Executive Council of the Winchester Chamber of Commerce held their first autumn meeting on Tuesday evening to discuss plans for the coming season.

Present at the meeting was Mr. Harry Keyes, who told council of the great interest being shown in the Hungarian Partridge season in this area. Mr. Keyes, who has been acting as a temporary headquarters for inquiries into the "Hun Season," has received hundreds of letters from well-known business men in Western Ontario and Michigan State telling of their desire to come to Winchester and vicinity for the shoot in October.

After giving the matter careful consideration, Council decided that a letter or pamphlet would be made up and distributed to the various interested parties, giving a few facts and figures about Winchester and vicinity, and what they should expect on arriving here.

The matter of street signs and approach signs for Winchester—an age old question—was once again brought to the Council's attention. The Chamber has all necessary plates for the street signs in Winchester, and it was decided to have the names printed on the plates of a survey for the C. O. C. bearing the costs. Reeve Moffat had previously intimated that the Municipal Council would probably bear part of the cost of erecting approach signs to the village.

Messrs. R. Vice, G. LaRose and S. Ault will form a delegation to meet the Town Council at next week's meeting and will carry with them an important slate of questions which they hope will receive satisfactory answers from Council members. Matters to be discussed will include: the matter of street and approach signs for the town; speeding in Winchester and a more efficient police department; the hotel business, and a more satisfactory method of sweeping and cleaning streets. The Chamber will also ask for a sizeable donation towards the cost of a survey for waterworks and sewerage in Winchester. G. G. Reid and Associates, Consulting Engineers, Toronto, have intimated that a thorough survey, covering everything that should be known about such an undertaking, will be made for a cost of \$500. The Chamber executive feels that such a survey should be made immediately and will bear part of the cost providing the Municipal Council is interested.

The next Council meeting will be held in approximately three weeks when plans for the first Fall luncheon meeting of the Chamber of Commerce will be made. Attending Tuesday's session were President Sam Ault, secretary-treasurer Herb Meldrum, and Directors Arnold Duncan, Gordon LaRose, Eric Helmer and Reg. Workman.

WINCHESTER THEATRE NEWS

Mr. Clarence Chamberlain, manager of the Winchester Theatre, wishes to announce the great new policy commencing Monday, September 3rd. The theatre will bring its patrons not one but two big feature pictures together on the same program. Doors will open nightly at 6.45 p.m. with a last complete show around 9.45. Latecomers can still see one main feature as late as 10.00 p.m. any night. Regular admission prices will remain in effect for the new policy, a milestone in movie entertainment for patrons of Eastern Ontario.

This week-end we feature the Technicolor hit, "Apache Drive," starring Stephen McNally and Coleen Gray. Stephen McNally and Willard Parker are both in love with Coleen Gray. Parker has McNally run out of town for killing a man in a gunfight, but McNally discovers the Apaches are about to attack. He returns and leads a heroic defence against the Indians.

Playing Sunday Midnight only, Sept. 3rd, at 12.05, is "It's a Great Feeling," in glorious Technicolor, with all your favourite stars, Dennis Morgan, Jack Carson, Doris Day, Bill Goodwin and other guest stars. The hilarious story about two guys and a girl with such a good picture story that no one will direct it.

You can't afford to miss this one showing of a great picture in Technicolor, "It's a Great Feeling."

Playing next Monday, Tuesday and Wednesday are two of the greatest pictures ever filmed on one program. First, it's "Daughter of Rosie O'Grady" in Technicolor and starring June Haver and Gordon MacRae. This picture has all the requirements to make a truly great picture. You will laugh, cry and cheer when you see this wonderful picture.

Our second hit is "Mad Wednesday," with Harold Lloyd and Raymond Walburn. Yes sir, Wednesday was wild! Wednesday was rugged! Wildest and wackiest, most hilarious and completely boiled-up day you ever heard about!

Playing next week-end are two great Technicolor hits. First, it's "Smugglers' Island" in colour, and starring Jeff Chandler and Evelyn Keyes. It's the story of modern pirates on the China Seas.

On the same program we present "The Nevada" also in Technicolor, and starring Randolph Scott and Dorothy Malone. The story of the lawless, no-man's land in the westward push for gold.

American Hunters To Invade District For Partridge Hunt

If the number of inquiries into the Hungarian Partridge Season in this district by hunters from Western Ontario and Michigan State is an indication of the influx, come the open season, this year's "shoot" will set a new era for hunting in this section of Ontario.

Messrs. Harold and Harry Keyes, of Winchester, are acting as direct negotiators and will be the headquarters for all information and equipment during the open season. To date, they have received hundreds of letters from highly interested game hunters, and roughly they estimate that several hundred will be journeying to Winchester and vicinity for the "Shoot."

The "Huns," one of the gamest birds to shoot, in the hunter's book, are thick in the area around Winchester, and are often seen in coveys of twenty or thirty birds. If the trend continues the coming season should see more birds than ever with plenty of exciting moments for the expected hunters.

With flat, rolling land, spotted with marshes and groves, the danger of accidents from shooting these birds will be practically nil for the careful hunter. Co-operation of district farmers is expected to be almost 100 per cent., and arrangements for accommodations are being made at a nearby lodge, which will offer the hunters every convenience as well as a reliable place to keep their bound dogs.

For equipment, ammunition, etc., Harry's Sport Shop in Winchester has made final arrangements with a Sporting Goods Manufacturer to have everything from "boots to shells" on hand for the convenience of anyone wishing to take part in the Shoot.

Upon their release by the government, this paper will publish the "open dates" for Hungarian Partridge in this area.

ATTENDED PROVINCIAL CONVENTION OF CANADIAN LEGION

Among those who attended the Legion Convention at Cornwall last week were Mr. Ernest R. Summers, Zone Commander of District G3, and Mr. Alva Alexander, official delegate for Post 108, B.E.S.L., Winchester. They report a very busy meeting, with many important topics being discussed, including housing, pensions, immigration, etc.

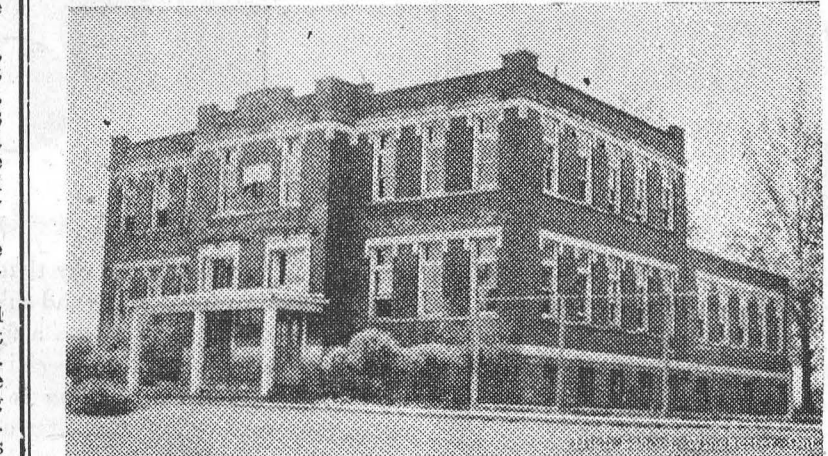

UNITED CHURCH W. A.

On Tuesday, August 28th, the W. A. of the United Church met at the parsonage to give the members an opportunity to see the decorating and repair work which has been accomplished by the parsonage committee. The meeting opened with the devotional service, conducted by the president, Mrs. J. Moffat. The theme was "The Good Samaritan."

The president presided for the business part of the meeting, assisted by Mrs. P. Durant as recording secretary. The treasurer's report was given. It was moved and seconded that the Memorial window be placed on the south side of the church. The parsonage committee gave their report. Mrs. D. Nesbitt and Mrs. H. Robinson are to look after the flowers to be placed in the church for the month of September. It was decided to have a shower of fruit or vegetables to be taken to the parsonage on Saturday evening.

Plans were made for the night of the induction of the new minister, and a committee was appointed to look after the lunch. The Mizpah Benediction closed the meeting. Mrs. G. McIntosh, Mrs. W. A. Rowat and Miss N. Elliott served lunch, and were thanked by Mrs. E. Scott. Mrs. W. Angus and Mrs. E. Scott are the conveners for the social hour for next month.

Royals-Goldfield Play-Off Series Tied

By defeating Winchester Royals 12-10 in Finch on Monday evening, Goldfield tied the best of three Eastern Ontario Softball play-off series at one game apiece. Royals won the opener in Winchester by edging out a 9-8 decision over the Stormont Club.

Playing without the services of their regular moundman, Harvey MacIntosh, Royals spotted Goldfield a pair of runs in the second inning after both teams went scoreless in the first frame. Royals biggest rally came in the top half of the third when they put together three hits, including one of the game's two home runs by Bill Crummy, three walks and a Goldfield error to collect six runs and temporarily take the lead by a margin of four runs. For the next three innings the game saw-sawed back and forth, with the locals having the edge. Going into the last half of the sixth, the Royals, holding a narrow one-run lead, Goldfield suddenly lowered the curtain on the Royals by banging home four runs. Royals tried desperately to tie the score in their last three times at bat, but all was in vain. Holding Goldfield scoreless they managed to collect one run, but were still two short of Goldfield's 12.

The third and final game of this close series was played last night at the 100 Club Community Park in Winchester.

Summary:
Winchester 0 0 6 2 0 1 0 0 1-10
Goldfield 0 0 2 2 3 1 4 0 0-12

The line-ups were:
Winchester—C. Coleman, p; Stewart, cf; D. Kenney, 3b; B. Crummy, rf; B. Plantz, ss; R. Workman, 2b; F. Dunlap, lf; M. Utman, lb; B. Dawley, c; Kenney replaced Coleman in 6th; S. Dawley replaced R. Dawley, and B. Steinburg used as pinch hitter in last inning.

Goldfield—G. Thompson, c; S. Smith, 3b; D. St. Pierre, ss; E. Monagle, lb; B. Oudekirk, 2b; R. Droppo, cf; J. Coleman, lf; E. Merkle, rf; H. Shaver, p.

FRIDAY'S GAME

Winchester Royals carried their winning streak into the E. O. S. A. playdowns Friday night at the local 100 Club Community Park when they edged Goldfield 9-8 in another thriller. Spotting the Stormont champs three runs in the first inning, Royals came surging back to take charge of the game. Goldfield made a gallant bid in the last inning to tie the game but fell short by a single run. MacIntosh, of Winchester, and Shaver, of Goldfield, went all nine innings on the mound.

Stores Will Close On Labor Day

With Labor Day, Monday, September 3rd, being observed as a full holiday in Winchester, another long week-end is in the offing. This is the last holiday week-end of the summer—the time when many cottagers say "Good-bye" to their summer homes and return to the cities, towns and villages so that the children can return to their classrooms. Schools re-open for the Fall term on Tuesday, September 4th. With the long week-end ahead, housewives are reminded to purchase enough supplies to last until Tuesday morning, as all local stores will be closed on Monday.

ALVIN M. STEELE DIES SUDDENLY AT OTTAWA

This district was shocked to learn on Wednesday morning that Mr. Alvin M. Steele, of Winchester Springs, had passed away at the Ottawa Civic Hospital, where he had been admitted on Tuesday afternoon. A son of Mrs. Wm. Steele, of town, and the late Mr. Steele, he was in his 56th year. The funeral service will be held at Winchester Springs United Church at two o'clock on Friday afternoon, with interment at Maple Ridge Cemetery. A full obituary will appear later.

MELVIN JOHNSTON GRADUATES IN MECHANICS

Mr. Melvin Johnston, who has been attending General Motors Institute in Flint, Michigan, during the past two years, has completed his General Motors Dealer Cooperative Training Programme with the second year sequence in sales and management.

His graduation took place on Friday, August 10th, with 842 other young men who completed the same programme. Melvin will now become associated in business with his father, Mr. Albert Johnston, proprietor of Johnston Motor Sales, Kemptonville, taking over the duties of Service Manager.

Local Boy Injured In Highway Accident

A smash-up, involving two transport trucks and two cars, last Friday evening, five miles west of Napanee, on Highway No. 2, has sent Bert Steinburg, son of Mr. and Mrs. Bernice Steinburg, of Winchester, and five other people, to Kingston General Hospital. Bert's condition is reported as serious, having sustained two broken legs, cuts and abrasions on the face and body, and severe shock. No one was killed.

Stationed at Camp Borden with the Royal Canadian Army, where he is a butcher, Pte. Steinburg was on his way home to spend his leave. In Toronto he met a friend, Sherman Gauley, an Ontario Hydro engineer, who was driving east to be married on Monday, and Bert decided to come the rest of the way with him.

According to police authorities who investigated the accident, the chain-reaction collision started when a transport, driven by Clovis Gordon, of Prescott, developed engine trouble, causing the lights to go out. With a rainy night causing a slippery highway, and poor visibility not helping the situation, the 1946 Chevrolet, driven by Gauley, crashed into the rear of the transport that had slowed up before pulling off to the shoulder of the road. Another eastbound truck, following at a safe distance, pulled up to offer aid, but before the driver, Joseph Marcell, of Montreal, could place flares on the highway, another car, driven by Harry Seeley, of Odessa, rammed into the Marcell transport, causing a double collision.

Bert Steinburg, who was a passenger in the Gauley car, was pinned, together with the driver, in the demolished vehicle for 45 minutes before they were released by police and other persons who had gathered at the scene of the accident. Gauley, driving his own car, was critically injured by the impact of the steering wheel, which caused severe internal injuries. He also has a broken leg and other bruises and head injuries. Seeley, driver of the second automobile, suffered head and arm injuries, and his wife and two children, who were driving with him, were less seriously injured. Both Marcell and Gordon, transport drivers, escaped injury.

The Gauley automobile is a total wreck, and damage to the remaining three vehicles is estimated at several hundred dollars. At time of writing, Mr. Steinburg's condition is reported as improving, while Mr. Gauley remains on the critical list.

COMMUNITY BUILDERS!

What is a community builder? Often when we use that term we think of the men and women in the town of means and resources who live in fine homes and who own and operate large business enterprises, whose name lends prestige to the town; we think of the men who serve on the Council and the other various public offices; we think of those who belong to the Chamber of Commerce and the various service organizations.

It is quite true that these may be community builders, but we often overlook the men and women of small means who live in unpretentious homes, who have reared and educated a family of boys and girls in the town and have spent their income with the local merchants and the local institutions. He may not have a great deal to spend, but if his pay cheque is turned back into local business channels to pay other men and keep the wheels of business turning, he is a real community builder.

Such a man is worth a dozen others who, with much greater resources, send it out of the community and away from home.

While they do not get the credit or the name of community builders, they are worthy as such, and often in their loyalty to home institutions are more helpful as town builders than many of those of larger means.

Our value as a community builder is not determined so much by what one has in the community, as it is by what one does for the community.

THE SEASON OF FALL FAIRS

The tang of Autumn will soon be in the air, bringing with it the season of Fall Fairs. Locally our interests are naturally centred around the annual exhibitions held at South Mountain, Metcalfe and Chesterville, as they are the closest to home. These Fairs have survived the many obstacles and hardships that were the cause of several other Fair Societies going out of business, including Winchester, Morrisburg, Cornwall and other Agricultural Societies.

Agricultural Fairs are as old as recorded history. The first organized one in Canada was held at Windsor, Nova Scotia, in 1765. Since then fairs, predominantly agricultural, have spread westward until now there is an annual exhibition in hundreds of cities, towns and villages. They have made, and continue to make an immeasurable contribution toward the solidarity and progress of Canada.

Large or small, agricultural fairs are now well-established features of community life. Beside providing all the fun of the fair they are an ideal meeting-place for farmers in surrounding areas to gather and get some idea of what other farmers are doing and to find out what is new in agriculture. To the farm boys and girls they are often the culmination of weeks of work when their entries of livestock, grains and other farm products are judged.

The increasing interest shown in agricultural fairs by the general public has been most marked during the last decade, and more of Canada's basic industry. They are, too, the farmers' customers and the more they can learn of farming and farm problems, the more understanding they will be of the difficulties which farmers often face and the decisions they are called upon to make.

Let us keep these annual Agricultural Shows alive—they are a big asset to any community. Your attendance at the District Fairs will help to keep them alive and at the same time provide encouragement to the men and women who work so hard in planning and making the necessary arrangements for these big Annual Events.

EDITORIAL NOTES

The kiddies may not like to be reminded about it, but school opens for the Fall term next Tuesday.

Our congratulations to Coach "Cy" Helmer and members of the Royals Softball Club for winning their third successive League Championship. We wish them luck as they continue on in the Eastern Ontario Softball Playdowns.

Value your friends, for they are as precious as your jewels. When you are young they make a perfect setting for your beauty and your laughter; and when you grow old they are with you still to recall the old days and live again the memories of happiness in the past.

These Korean Peace Talks are just another indication of how much co-operation the Democratic countries can expect from the Communist nations in the settlement of any international problem, be it a peace treaty or other form of international agreement. As long as Communism exists, there appears to be little hope for a lasting peace in this old world.

"We are at the commencement of a great era of development in Eastern Ontario," the Premier told a luncheon meeting marking the opening of the Central Canada Exhibition. No longer, Mr. Frost declared, was Eastern Ontario the "forgotten place" as far as new industries were concerned. We hope he is right and we also hope when industries are looking for location sites in Eastern Ontario that they will not pass up Winchester. So far, our bait has not been too attractive.

A lady in a letter to the Ottawa Citizen says: "This is just a means of letting off steam through your columns, but I feel I would like to say how much the people around here, and no doubt many other districts, are annoyed by the nothing less than revolting smell which seems to hang over the entire Ottawa area most evenings and during the night. Where this smell originates, I don't rightly know, but surely something can be done to eliminate such a nuisance." We haven't the slightest idea of what odour the lady is referring to, but it could be some of that stuff that is circulated through the parliament buildings during the various debates.

A recent report in a Toronto newspaper forecasts a provincial election in late October or early November. The newspaper story, which was more or less speculative, said there was reason to believe the voting may be held shortly after the Ontario phase of the tour of Princess Elizabeth and the Duke of Edinburgh is completed. Questioned by reporters at Ottawa last week, Premier Frost would neither confirm nor deny the report. He simply said he was too busy "doing the people's business" to even think about such a matter. However, the time is ripe for a Provincial Election, and only time will tell whether the Toronto paper's forecast is true.

The Press was informed last week that the local Hotel Building would be put up for sale for demolition. That means the purchaser must wreck the building and remove the salvage from the present site of the building. In our opinion, this building is too good to be "scrapped." Moreover, it is needed here, not only to serve as a hotel, but the space not required for that purpose could be utilized for apartments. The housing problem here is grave, and it seems a pity that a building like our Hotel should be allowed to stand idle, while several people would be only too willing to rent apartments if it was transferred into an apartment building. Something should be done before the demolition crews move in.

The Ontario Department of Highways had an excellent display in a booth beneath the Grandstand at the Ottawa Exhibition. It included a landscaped section complete with highways, bridges, railroads, tunnels, hills, etc. Travelling the roads were miniature trucks, cars, etc., which were mechanically operated to show how safety signals should be obeyed. It was of great educational value, but like every other mechanical device, the controls were subject to error. For instance, as a truck approached a railway crossing, the train stopped to let the truck pass over the crossing. This might be an indication of what we may expect in the future, but we are inclined to think the fellow at the controls made a slight slip in this case—but it was good for a laugh.

Drop in to pay a visit
It's ten to one he'll say:
"Good-bye, I must be going now,
So sorry I can't stay."
And you'll reply: "So long, old chap,
Your visit was sublime,
And I'll drop in some day next week,
That is, if I have time!"
If I have time! That's just what's wrong

With this old world of ours,
For tasks that once took weeks or days
Can now be done in hours
With labor saving gadgets
Quite unknown to our dads—
Time-saving gimmicks just to please
The modern lazy lads
Are now available to all—
Some only cost a dime,
And yet the same old cry goes up:
"I will if I have time!"
Oh, for the horse and buggy days
When Grandpa took a nap
Before returning to his work,
And there, on Grandma's lap
The pussy-cat lay sleeping
While Grandma dozed a bit—
No wonder that they lived so long
And kept themselves so fit.
We need more rest, we modern crew,
And we should go to bed
Instead of working overtime
And staying up instead.
A short siesta every day
Will give one added powers,
So always take a mid-day nap—
If only for three hours.

FALL TERM

The 1951-52 term of the Brockville Business College will open September 4th. On account of the great demand for trained office workers, it is expected there will be a large enrolment. We advise early requests for desk reservations.

For descriptive pamphlets address: Brockville Business College, Fulford Building, BROCKVILLE, Ontario.

MODERN ETIQUETTE

Q. Who goes first down the aisle of a motion picture theatre, the man or the girl?
A. The girl precedes. And unless the man she is with is her husband, fiancé, or someone she knows real well, she should turn to him and ask "Is this all right?" This gives him a chance—should he be near or far sighted—to suggest a seat that is closer or farther away.
Q. How would a bride, who has no parents or living relatives, word the announcements of her wedding?
A. "Miss Mary Jane Jones and Mr. John William Smith have the honour of announcing their marriage, etc."
Q. How does a man introduce another man to his wife?
A. "Mr. Brown, I should like to introduce you to my wife" is good form.

Q. Is a diamond the only really "correct" stone for an engagement ring?
A. The diamond is the conventional symbol of "the singleness and durability of love," but it is quite all right to use other stones. Sometimes the girl's birthstone is used in the ring, and this is entirely correct.

Q. Should a girl place her purse and gloves on the restaurant table while she is eating?
A. Never. She should keep them in her lap. Or, she may place them on a vacant chair if she feels sure they are safe.

Q. How should fruit seed, or a small piece of bone, be taken from the mouth while at the table?

A. Between the thumb and forefinger. Never with the napkin, or by pushing it out into a spoon.

Q. When a bride has no family, near relatives or guardian, who should pay her part of the wedding expenses?

A. In this case the bride should meet these expenses herself.

Q. Is it proper for a woman to send flowers to a man?
A. Yes to any man she knows when he is seriously ill or convalescing. Cut ones or plants are equally suitable.

JUNIOR AUDIENCE

The atmosphere in the family has an important influence upon a child. Children listen to disagreements between their elders and, if a youngster is subjected to continual bickering and quarrelling among the adults, he may develop a sense of insecurity that could affect him in later life.

ONTARIO LEGISLATURE TO HOLD SPECIAL SESSIONS

Premier Frost announced last Thursday that a special session of the Ontario Legislature will open Sept. 24th to pass old age pension legislation.

He said the session would be devoted solely to pension legislation and that he expected all the details of an agreement with the federal government on pensions for those be-

tween 65 and 70 would be completed by that date.
The Premier said he was anxious that the legislation be expedited so that pension cheques can be sent to the over-70 group and to those eligible between 65 and 70 by New Year's Day.

Rupert-Francis

A quiet, but attractive wedding took place on Saturday, August 18th, at three p.m. at the home of Mr. and Mrs. Harold Francis, when Jennie Gertrude, only daughter of Mr. and Mrs. Alex Francis, was united in marriage to John Rodney, elder son of Mrs. Clara Rupert and the late Mr. Nolan Rupert, of Finch.

The ceremony was performed by Rev. J. B. Adams, of South Mountain.

Given in marriage by her father, the bride looked charming in a gown of sweetheart blue nylon over taffeta slip, with matching veil. Her corsage was of pink carnations.

The bride was attended by Miss Doris Cowan, of Pleasant Valley, who was attractively gowned in pastel pink nylon over taffeta, with white accessories.

The groom was attended by his brother, Allan Rupert, and the wedding music was played by Miss Joyce Francis, cousin of the bride.

A wedding luncheon was served on the lawn by Misses Muriel Cowan, Betty Francis, Shirley Grant and Florence Christie, after which the young couple left on a motor trip to Niagara Falls and other Western points.

The bride travelled in a navy tailored suit with navy accessories. On their return Mr. and Mrs. Rupert will reside in Finch where the groom is employed in the office of the United Counties' Road Dept.

Prior to her marriage the bride was tendered several showers, when she was the recipient of many beautiful gifts.

AGGRESSIVE BASS SOARS INTO BOAT

Small-mouthed bass are noted for their fighting qualities, but Bill Barker, of Chesterville, brought home a five-pound specimen recently that made the mistake of being too aggressive.

Mr. Barker was fishing on Otter Lake, above Smiths Falls, where he is proprietor of a tourist establishment. His companion was Dr. H. J. Lord, of Philadelphia, Pa. Mr. Barker had just cast a minnow-baited hook into the calm waters of the lake when he noticed the dark shape of a bass plunging upwards from the depths of the water.

The bass grabbed the minnow and kept right on coming. The momentum of the fish carried it in a long loop through the air and it landed in the boat between the two fishermen.

INKERMAN W. M. S. MEETING

The regular monthly meeting of the Inkerman Woman's Missionary Society was held in the church on Tuesday last with ten members present. In the absence of the president, Mrs. C. R. Sutherland, the vice president, Mrs. R. A. Crowder, presided, and conducted the worship period, assisted by Mrs. Roy Barker. The program, "Let's Get Acquainted With The C. G. I. T.," was presented by Mrs. Roy Barker, assisted by Mesdames R. Crowder, Geo. Sufel and Arnold Sufel. This interpreted the aims, values and meaning of the C. G. I. T. movement, and suggested ways in which the Auxiliary of the W. M. S. may help and encourage the local C. G. I. T. group.

Mrs. Geo. Sufel expressed thanks and appreciation for assistance given her group through the year, and told of the projects and activities of our local girls, and said that two of them had been able to go to camp this year.

The secretary, Mrs. Roy Ennis, read the minutes of the July meeting, and the regular business was attended to. After the singing of a hymn the meeting was brought to a close with the Benediction.

OBITUARY

THE LATE EMILY STEELE

A respected resident of Winchester for half a century, Miss Emily Steele passed away last Saturday at the home of her sister, Mrs. Karl Helmer, in Winchester.

Born seventy-two years ago near Vankleek Hill, Ontario, she deceased was the daughter of the late Mr. and Mrs. William John Steele. She received her education in schools at Vankleek Hill and in 1901 moved with her family to Winchester. With the exception of short periods in Ottawa and Morrisburg, she had resided in Winchester at the home of her brother, Mr. Ernest Steele, and her sister, Mrs. Karl Helmer, where she died. She was a member of the United Church.

Surviving her are three sisters and three brothers, Mrs. Fred Barlow, Morrisburg; Mrs. Fred Parker, Toronto, and Mrs. Karl Helmer, Winchester. Messrs. Tom Steele and William Steele, of Ottawa, and Mr. Ernest Steele, of Winchester.

The funeral service was held at the residence of Mrs. Karl Helmer on Monday where members of the immediate family and close friends attended. The service was conducted by Rev. Dr. Geo. McIntosh, and the soloist was Mrs. Percy Durant who sang "Come Ye Disconsolate." Other favourite hymns of the deceased were: "Lead Kindly Light," and "What a Friend We Have In Jesus." Mrs. Durant was accompanied by Mr. H. Potter, of Ottawa, a former organist of Winchester United Church.

The pall-bearers were Messrs. Melvin Dawley, Basil Dawley, Dr. C. H. Meredith, Ernest Christie, Hugh Edgerton and John Pader. Interment was made in Maple Ridge Cemetery.

FUNERAL OF LATE ROBT. LANG

Final tribute was paid the late Mr. Robert Lang at a largely attended funeral service in the Winchester United Church last Thursday after-

noon. The late Mr. Lang, an aged resident of Winchester, passed away on Tuesday, August 21st, following a lengthy illness.

Rev. Dr. Geo. McIntosh conducted the service, assisted by Pastor Ben Richardson of the local Baptist Church. Special music included a solo by Mrs. Percy Durant, and two favourite hymns of the deceased, "What a Friend We Have In Jesus" and "Abide With Me."

The pall-bearers were Messrs. Oscar Wallace, Geo. Wilson, Neil Hutt and John Pader, of Winchester, and Mr. Wm. Powell, of Cardinal. Interment was made in the family plot at Maple Ridge Cemetery.

Testifying to the high esteem in which the deceased was held were the following floral tributes:

Pillow—Mr. and Mrs. Keith Cameron and family.

Baskets—Mrs. Naomi Bowman and Earl; Sister, Mary Lennox; Mr. and Mrs. Fred Hutt, Mrs. Myles Harper, Mr. and Mrs. Peter MacGregor and Miss Annalea MacGregor; Mrs. Mary Bowden and Chuck; Mr. and Mrs. Orlan Coughler and Mrs. Bouchard; Mr. and Mrs. George Wilson and Mr. and Mrs. Hugh Wilson; Mr. and Mrs. Clinton Jackson, Mr. and Mrs. Arthur Dennison and Ruby; Mr. and Mrs. Henry Lennox and Mr. and Mrs. Richard Lennox; Neighbours.

Sprays—Mr. and Mrs. Dalton Rodney and Mr. and Mrs. Orval Reaney; Mr. and Mrs. Bert Smith and family.

Cut Flowers—Harold, Norma and Gail Lannin, Muriel and Jack Benison; Mr. and Mrs. Hugh Reaney and Mr. and Mrs. Ross Reaney; Mrs. Mabel Crawford, Sybil and Karen, and Mr. and Mrs. Doug. Angus; Mr. and Mrs. Hugh Edgerton.

NEW TELEPHONE BOOKS BEING DISTRIBUTED

Indicative of the continuing growth of Winchester and other communities in this area is the increase in the number of new telephone directories being mailed to subscribers this week.

Approximately 10,700 new directories will be required for homes and business establishments, according to J. F. Gardiner, Bell Telephone manager, as compared with 10,400 when the last directory was issued. The new book has 80 alphabetical pages, five more than last year's directory.

Containing nearly 3,000 new and changed listings, the August, 1951, directory is easily distinguishable from last year's buff-covered book by its green cover. A sufficient quantity of the directories has been printed for all present telephone subscribers, and for the estimated number of new customers during the next 12 months.

In addition to Winchester, the new directory also contains listings for subscribers in Brockville, Cardinal, Ingersoll, Mallorytown, Morrisburg, Prescott, Chesterville, South Mountain and several other nearby centres.

Because of the many new and changed listings, Mr. Gardiner urges subscribers to check carefully any personal lists of telephone numbers against the numbers listed in the new book and to make any changes that are necessary.

"Looking up the desired number before calling," the manager said, "helps to avoid the possibility of getting wrong numbers and saves time for both the calling and the called parties. 'Information' should be called only when the number you are seeking is not listed in the directory."

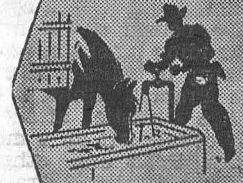

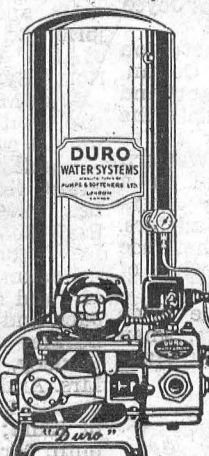

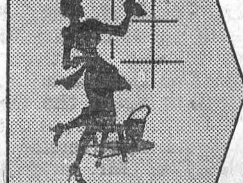

One of 50 telephone directories now being published each year by

FOR MISS LOIS RENNICK

A pre-nuptial shower was held at the home of Mr. and Mrs. Sherwood Coons on Monday evening last in honour of Miss Lois Rennick, whose marriage takes place Saturday. Over thirty ladies attended.

Miss Joyce Howes escorted the bride-elect to a beautifully decorated chair and pinned a corsage of pink gladioli on her. An address, contained in a dainty bride's book, was read by Miss Mary Shane. The bride-to-be was the recipient of twenty-four pieces of Chatelaine crystal, presented to her by Miss Ella Coons. Miss Rennick graciously replied, thanking her friends.

At the close of the evening refreshments were served by the hostesses.

SENIOR CITIZEN'S DIET

Unless specified by the doctor, the older person's diet may be the same as that of younger people, except that the older person needs lesser quantities. The lessening of activity cuts down the amount of food needed for maintenance of body tissue, but it is advisable to cut down on rich fatty foods and too much candy.

RESPECT THE SKIN

That important organ, the skin, is often treated with undue disrespect. It should be kept free of dust and germs by frequent cleansing with mild soap and water. Hands should not be scrubbed with handcleansers that have a harsh, abrasive base; neutral soap with corneal or other vegetable abrasive will usually prove just as effective and certainly safer and easier on the skin.

NOT WHAT THE DOCTOR ORDERED

When taking food treats to a child in hospital, it is not a good idea to share the candies, cakes or soft drinks with other children in the same room. The visitor's intentions are kind but the particular sweets given to the other child may be just what the doctor has forbidden.

UNWELCOME GUESTS

Harmful germs may enter the body in many ways. Food, contaminated water or air, or in some cases contact with an unsterilized object, may be the medium by which infection is introduced into the body. The best defence against disease is good health which helps to resist infection. A well-balanced diet is an important part of this defence.

Drive With Care
This Week-End!

The Labor Day week-end, coming at the end of summer and just before the opening of schools, is usually the worst period of the year for traffic accidents, states Highways Minister Hon. Geo. H. Doucet in a safety appeal to motorists. Last year, in the same Friday to Monday period, 23 people were killed and hundreds injured.

"All Ontario will be celebrating this great holiday, the last of the summer season. Whole families and individuals by the hundreds of thousands will be on the move. It is a time for special attention to safe driving and walking rules."

"Right after Labor Day, some 85,000 little children will be going to school for the first time, along with about 700,000 older children. The littlest ones are at the most dangerous age for child traffic accidents. For these reasons I urge every motorist to think of his own safety and the safety of others."

The Trades and Labor Congress of Canada joins with the Hon. George H. Doucet, Minister of Highways, Commissioner Stringer of the Provincial Police, and other safety spokesmen in urging everybody to "be safety minded and stay accident free."

"Be careful over the Labor Day week-end," says William Jenoves, Congress Vice President. "With so many people travelling and holidaying it is a bad time of the year for accidents."

Provincial Police Commissioner W. H. Stringer, referring to Labor Day week-end as the last and biggest holiday week-end of summer, declares that: "For the police it can be no holiday. We must ensure, he says, that hundreds of thousands of people—families going home before school starts, exhibition visitors, other travellers—get to their destinations safely, and with a minimum of inconvenience to the law-abiding majority."

"Every police vehicle that can be spared from other important duties will be kept on the traffic job during this critical week-end period. Both the slow driver and the speeder must be induced to proceed at a reasonable pace. Under no circumstances will the law tolerate persons who endanger the lives of others by cutting out or in, or by illegal passing."

"I appeal to all drivers to exercise every care and precaution over this Labor Day holiday. In their hands will be the destiny of many innocent people, who may share the fate of the

500 or more people killed on the roads of Ontario already this year."

Many roads will have twice their normal traffic to carry over the coming week-end, highway officials point out. Even more traffic is likely than over last year's Labor Day week-end when 23 lost their lives from Friday to Monday, 19 from Saturday morning on. In these circumstances many lives may be saved by: Alertness, Patience, Self-discipline, Courtesy behind the wheel. Motorists, it is suggested, can prevent many accidents by: Trying to travel when traffic is lightest; Starting out early so they won't have to hurry; Driving as they would have others drive; By getting off the road when tired.

Based on past experience in Ontario, about 200 accidents a day are expected over the week-end. Approximately two-thirds of these will be rural accidents. Over the same holiday period last year 65 per cent. were collisions between vehicles; 27 per cent. non-collision or fixed object accidents; 7 per cent. collisions with pedestrians, and 1 per cent. railway crossing when traffic is lightest.

Safest time to travel will be in the morning, especially before dawn. Worst times will probably be Friday evening from 5 o'clock to 6; Saturday afternoon through until about 2.00 a.m.; Sunday and Monday from 4.00 p.m. on.

REGULATIONS GOVERNING THE RIDING OF BICYCLES

For the benefit of the parents and children who ride bicycles, the following sections of the Highway Traffic Act are brought to their attention: Sec. 10 (S. S. 10)—"Whenever on a highway after dusk and before dawn, every bicycle or tricycle shall carry on the front thereof a white or amber lighted lamp, or reflector approved by the Department, and on the back thereof a red lighted lamp, or reflector approved by the Department, as well as a white surface not less than ten inches in length and two inches in width, all of which shall be so placed as to be clearly visible to the drivers of other vehicles."

Section 11—Any person who violates any of the provisions of subsection 10 shall be liable for the first offence of a penalty of not more than \$5; for the second offence to a penalty of not less than \$5 and more than \$10; and for any subsequent offence to a penalty of not less than \$10 and not more than \$25.

Section 41 (S. S. 14)—"No person riding on a bicycle designed for carrying one person only shall carry any other person thereon."

(Sub. Sec. 20)—Any person who violates any of the provisions of this section shall be liable for the first offence to a penalty of not more than \$10; for the second offence to a penalty of not less than \$10 and not more than \$25; and for any subsequent offence to a penalty of not less than \$25 and not more than \$50.

MRS. J. T. ELNAUGH HONOURED

On Thursday, August 23rd, about eighteen friends and neighbours of Mrs. J. T. Elnaugh met at her home to bid her farewell, prior to her departure for Preston where she will reside with her only son.

During the course of the afternoon Miss Bertha Coons read an appropriate verse and Mrs. Dwight Lannin, ably assisted by Master Robert Lannin, presented Mrs. Elnaugh with a leather bound Bible and a personal gift from all her neighbours.

After the presentation Mrs. Robert Freeland read a beautiful poem entitled "My Bible and I." Following this, a dainty lunch was served by the hostesses, Mrs. Peter Poole and Mrs. Dwight Lannin, assisted by Mrs. Henry Cinnamon and Miss Anna Carkner. At the close, the hymn, "Blest Be The Tie That Binds," was sung by all present.

The many friends of Mrs. Elnaugh all bid her best wishes for her future happiness.
