Local Boy Receives Promotion Overseas

CAPT. F. M. CASS

Former adjutant of the Second Battalion, S., D. and G. Highlanders, Lieut. Frederick McIntosh Cass, son of Mr. and Mrs. W. J. Cass, of Winchester, has been promoted to the rank of captain overseas, it was announced this week from Military District No. 3 headquarters. A former barrister, Capt. Cass went overseas about a year ago, and is attached to the First Battalion S., D. and G. Highlanders.

Prior to going overseas he held the rank of Captain, but shortly after his arrival in England, his rank was reduced, as is the case of nearly all Canadian officers who go overseas. However, these demotions are short-lived if an officer has ability. Once proven to possess this outstanding ability, an officer is promoted without delay. Capt. Cass' many friends here are pleased to learn that he has been elevated to a higher rank, and joins with the Press in extending congratulations.

The Sunday School

THE INFLUENCE OF THE SUNDAY SCHOOL ON THE COMMUNITY

(By Rev. R. F. Willson)

To measure the influence of the Sunday School on the community would be as difficult as to measure the influence of a smile or a cheery word, of sunlight or rain. Even the Sunday School that is farthest from ideal in organization and equipment is a centre which influences directly the life of everyone who attends, and in turn those among whom they live and work. The restraining, reforming, character moulding force which it exerts may be scarcely discerned in any one week or month, or even in a year in any particular life. But view that life as a whole, review the history of a community and the influence of the weekly gathering in the Bible School is recognized.

Some there are who, as a result of Bible Study, come to the point of accepting Jesus as a much needed Saviour. A large percentage of those who attend do not. It has been said already in this series of articles that the main business of the Sunday School is that of securing definite commitment of life to Jesus Christ. It is from the group who respond to the claims of Christ that the leaders of the Christian enterprise appear, that missionaries are chosen to go to the farthest corners of the earth. Many a Sunday School teacher has been secretly pleased to see or hear of some pupil—oft-times an unruly one—turn out to be a delight and blessing to many. Even those who do not publicly accept Christ are indelibly marked by the character-building influences and associations of the Sunday School.

Then, too, there are the less conspicuous folks who have become clerks, shop or storekeepers, whose integrity in business dates back to the days when Truth was impressed upon young minds in some Sunday School Class of two or three. In the hour of temptation while away from home influence, how many times has a young man or woman made a life-shaping decision because of impressions made in Sunday School. In a country where so many homes shirk or ignore their God-given responsibility to their children, Sunday Schools are essential, but only as they are a centre for impressing youth with the beauty and application of Bible truth.

The Community today encircles the globe. Who can tell what Winchester boys and girls may serve in all parts of the world before the present conflict is over. The influence of our Sunday Schools upon their lives, or the lack of it, may create the impression, good or bad, regarding the community from which they came. Furthermore, in this deadly combat, true victory can only be ours as it is won by people with Christian convictions. Every word faithfully spoken of and from the Bible will contribute to this end.

Possibly we have wandered too far afield. Many find it a strain to envisage distant scenes. Present visible realities are all that they are concerned about. After all, those within our range of vision, the boys and girls, the men and women of our community, are our responsibility. Nearly a thousand of them never go to Sunday School. Forget the world outside and do your level best for these, and unless every precedent of man's experience is false, your horizon will broaden and eyes will be alight, lifted to more distant whitened fields as well as these. "The light that shines the farthest shines brightest nearest home."

The influence of the Sunday School on the community is great—make it greater by coming and bringing others.

Baptist Church Re-opened Sunday

Sunday, November 22nd, marked a very special occasion in the life of the Winchester Baptist Church. After having been closed for several weeks during which time alterations, renovations and beautifying of the interior were performed, it was re-opened and re-dedicated to the worship and glory of God.

Rev. Herbert Laflamme, now of New York, whose father, Mr. A. J. Laflamme, was one of those who erected the original building, was the guest speaker. Although Mr. Laflamme was not able to preach at the morning service, due to a fainting spell, he took part in the dedication service by leading in prayer, and in the evening brought a very sincere and helpful message. He spoke of the condition of the world and said it could only be caused by the thing that is represented by that sharp ugly word "Sin," and the only cure for this condition was the beautiful name "Christ." He gave a few illustrations showing the transforming power of Christ in the lives of men. He stressed the perfection of Christ—He did not point to anyone else but presented Himself as the Way, the Truth and the Life.

Rev. R. F. Willson, pastor of the church, was in charge of the services, and although asked to carry on at a moment's notice when Mr. Laflamme collapsed, rose to the occasion and preached a splendid and thoughtful sermon.

At the morning service Mrs. R. F. Willson sang a special solo, and in the evening Mrs. Arthur Johnston, of Brinston, rendered a solo. The people of the United Church withdrew their evening service and united with the Baptist congregation, and their pastor, Dr. Halpenny, assisted at the meeting.

The Choir, directed by Mrs. J. J. McKendry, with Mrs. Percy Cumming at the organ, led in the singing and sang an anthem in the evening, "Within Thy Courts."

Assorted baskets of flowers added a touch of real beauty and hominess to the renewed place of worship. They were in memory of Miss Margaret McCallum and Mrs. Peter McGregor, whose gifts had made the renovations possible. One basket of the floral offerings was in memory of Mr. Joseph Gemeroy, who passed away three years ago. Mrs. J. J. McKendry arranged these final touches.

On Monday evening, Rev. George Edwards, whose boyhood was spent in Winchester, led a devotional period, as the week's program continued. A number then brought greetings and made comments on the transformations. Dr. Halpenny, of the United Church, and Rev. Mr. Edwards, were followed by the four Deacons of the Baptist Church, Messrs. T. J. Keyes, H. S. Carkner, J. T. Elnaugh and Dr. J. J. McKendry. Each spoke of their favorable reactions, and gave tribute to the skill and faithfulness of those who had laboured together in the rebuildnig. Special mention was made of the splendid co-operation of the M. F. Beach Company, from whom most of the supplies were purchased.

Special music was brought by Pastor and Mrs. James Stuart, of Osnabruck, which was much appreciated. They played two accordion duets, and sang together: "He is the Saviour For Me."

Mr. Laffamme spoke on India, his "Parish of the Palms," and gave some real views of India, past and present. Then he gave us what seemed most reasonable predictions of India's future course in relation to the rest of the British Empire. The freedom at present realized by a large portion of India's population would not soon be surrendered, exchanged, for the serfdom of Hitler or Hirohito, nor for the inevitable chaos which would accompany the severing of their connections with the British Empire. It was a most informative address, the first half of a message completed on Tuesday evening when he spoke to the Missionary Thankoffering meeting.

EXPECT DELAY IN NEW CAR LICENSES

Motor vehicle licenses in Ontario may not go on sale until next March, it was indicated by Provincial government authorities last week. The practice hitherto has been to have them ready December 1st.

Delay is due to orders of the Federal Oil Controller asking the Government to have licenses sold at the same time gasoline ration books are issued.

For this fiscal year, 1942-43, the Ontario budget provides for $5,000,000 revenue from motor vehicles with an additional $90,000 for miscellaneous permits. This is an anticipated drop of $4,900,000 revenue, due to many motorists abandoning their cars.

It doesn't matter how well you furnish a house unless it furnishes a home. A warm heart counts more than a warm hearth.

"Women are as capable as men," said his wife. "Why I know a girl of 21 who gets the salary of the sales manager in a big firm."

"I quite believe you, my dear," said he. "When did she marry him?"

WEDDINGS

JOHNSTON—THOMS

In a quiet wedding ceremony, performed at the Wesleyan Methodist Church parsonage at 8 o'clock on Saturday evening, Rev. D. W. Summers united in marriage Miss Glenna Vivian Thoms, youngest daughter of Mr. and Mrs. George Thoms, Inkerman, to Mr. Cecil Johnston, of Winchester, son of the late Mr. and Mrs. Samuel Johnston, of Lansdowne. Witnesses to the marriage were Miss Lois Patterson and Mr. D. H. Baldwin. Mr. and Mrs. Johnston will reside in the brick residence on Main Street, recently purchased from Mr. George Fraser.

UTMAN—BALLANTYNE

A wedding of local interest was solemnized at the chapel at No. 3 C. W. A. C. Basic Training Centre, Kitchener, at four o'clock on Sunday afternoon, November 15th, when Miss Margaret Marshall Ballantyne, daughter of Mr. and Mrs. William Ballantyne, Brock Street, Kitchener, became the bride of Lieut. George Drummond Utman, of Camp Borden, son of Mrs. A. F. Utman, of Winchester, and the late Mr. Utman.

Capt. the Rev. W. A. Young officiated.

The bride, who was given in marriage by her father, wore a blue crepe dress with brown hat and coat and brown accessories and white gloves and a corsage of white gardenias and bouvardia.

She was attended by her sister, Miss Pearl Ballantyne, wearing a blue frock with beige coat, brown hat and veil and brown accessories and corsage of white chrysanthemums.

Lieut. Marcel Le Frenier, of Ottawa, was the best man.

After the ceremony a wedding reception was arranged at the home of the bride's parents. Mrs. Ballantyne received with the young people, wearing a rose frock with brown hat and accessories and corsage of pink roses.

Buffet refreshments were served.

Immediately afterwards Lieut. and Mrs. Utman left for Toronto and points east.

BARKLEY—JACKSON

A quiet but pretty wedding took place on Saturday, November 21st, when Miss Muriel Carrie, youngest daughter of Mr. John Jackson, of Toyes Hill, was united in marriage to Lester Angus, second son of Mr. and Mrs. Frank Barkley, of Inkerman, by Rev. S. W. Blanchard, of Ottawa.

The bride wore an attractive street length model gown of soldier blue crepe, fashioned with braid trimmed bodice and black accessories. She wore a corsage of Sweetheart Roses.

The bride was attended by Miss Ethel Docksteader, of Vernon, as bridesmaid, who wore a two-tone dress of gold and black with black accessories. Her corsage was of American Beauty Roses.

The bridegroom was attended by Mr. Warren Jackson, brother of the bride.

The groom's gift to the bride was a gold locket.

Following the ceremony, the couple left on a trip to Kingston and other Western points. On their return they wil reside near Toyes Hill.

Stolen Auto Wrecked Near Here Last Week

Due to the quick action of Constable Herbert Helmer, a stolen auto was recovered last Thursday night, and three soldiers, who were in possession of it, were placed under arrest.

Notified by Game Warden Carman Knapp, of Merrickville, that an accident had occurred about three miles north of Winchester, where the Morewood Road intersects Highway No. 31, Constable Helmer conducted an investigation, which revealed that the car, owned by Henry Brennan, of Cornwall, had been stolen from in front of a Cornwall garage about 8.30 last Thursday evening. It was taken by three soldiers from Cornwall, Ptes. Emery Seguin, John Malcolm Cameron and John Tyrell. The men were in training at Lansdowne Park, Ottawa, and had stolen the car to make the trip back to the city after being home on leave. Travelling cross-country, they proceeded west on the Morewood Road, missing the turn at the highway. As the car went into the ditch, it rolled over several times before landing upright in a field adjoining the highway. The occupants were all slightly injured. Following the accident, the soldiers visited the nearby home of Mr. Henry Cinnamon and had him drive them to the office of Dr. J. J. McKendry, where they received medical attention. Later, they rented a room at the local hotel.

Constable Helmer notified the Cornwall police and within a few hours officers from the County Town journeyed to Winchester and took the men into custody. They admitted they were guilty.

The stolen car was badly wrecked, having rolled over three times, snapping off a fence post as it bounded from the ditch into the field.

Life will forgive a man almost anything except his refusal to forgive himself.

St. Paul's Church Greets New Pastor

There was a large congregation present at St. Paul's Presbyterian Church on Sunday morning to greet the new pastor, Rev. Wallace McKinnon, B.A., who was conducting the first service of his pastorate here. Mr. McKinnon is the first ordained resident minister the church has had since the resignation of Rev. W. D. Turner, who is now located at Hillsbury.

Rev. Mr. McKinnon is a young man. He graduated from the Presbyterian College, Montreal, in April, 1941, and has since been preaching at a Mission at Bristol, Que. He is a son of Mrs. Christena McKinnon and the late Mr. McKinnon, and was born at St. Elmo in Glengarry County. He and Mrs. McKinnon and their little daughter, Jane Christena, have taken up residence at the Manse.

Inducted Last Week.

The induction of Rev. Mr. McKinnon took place at St. Paul's Church on Wednesday afternoon of last week. with Rev. W. Fitzsimmons, interim-moderator, of Cardinal, presiding during the ceremonies. There was a good turnout of church members present to welcome the new pastor, who was introduced to the congregation by Mr. R. J. Empey, Chairman of the Session of St. Paul's Church.

During the induction, Scripture reading and prayer was offered by Rev. Mr. Barker, of Cardinal, who also delivered a sermon from Romans 1:16. The address to the new Minister was delivered by Rev. Mr. Revie, of Mountain; and to the congregation by Rev. M. W. Heslip, of Prescott. An anthem, "Thine For Service," was rendered by the choir, under the dirction of Miss Clara Irving.

As pastor of St. Paul's Church, Rev. Mr. McKinnon automatically becomes a member of the Brockville Presbytery, and on behalf of that ministeral body, he was extended a cordial welcome by Rev. Mr. Fitzsimmons.

Following the induction ceremonies, lunch was served and a social hour enjoyed in the Sunday School Hall.

As Knox Church, Winchester Springs, is included in the Winchester charge, Mr. McKinnon is also pastor of that church, preaching there each Sunday afternoon. Many of the members of Knox Church were present for the induction.

During his initial remarks on Sunday morning, Mr. McKinnon expressed his pleasure at being called to St. Paul's and Knox Churches, and said that with the hearty co-operation of all, he was looking forward to the accomplishment of much good for the glory of God and for the upbuilding of the church.

The Press joins in extending a hearty welcome to Rev. Mr. McKinnon and family.

WOMEN'S INSTITUTE MEETING

The regular meeting of Winchester Women's Institute was held on Tuesday evening of last week at the home of the president, Mrs. Nellie Lannin, with twenty members in attendance.

The minutes of the previous meeting were read and adopted. Mrs. Armstrong reported the completion and forwarding of 36 ditty bags, contributed by the Women's Institute, assisted by citizens of the town. These bags are for the use of our Canadian sailors.

Mrs. George Earle sent in her resignation as Press Contributor for the Institute. Mrs. John D. Stewart, B.Sc., M.A., assisted by Mrs. Libera, were appointed as future Press Contributors. The President, Mrs. Lannin, reported from the Winchester Village Council concerning Civilian Protection and Air Raid Precautions. The Council signfied their willingness to support the efforts made by the Institute. It was decided that the Institute send for 250 booklets issued by the Government, for the instruction of all citizens in order that they might be prepared should emergency arise. These booklets wil be distributed by the Women's Institute to the citizens of Winchester. It was also decided that the Institute apply to the Provincial Government for the annual grant.

The Collection for the Blind was a success, attaining the total of $49.81.

The meeting was then turned over to Mrs. Hutt, who gave an interesting programme on Historical Research in Winchester. Mrs. Hutt dealt with the first lighting of the town in 1899 by Eager and Sanderson, who installed the first electric light plant. One light of 16 candle power was provided for citizens who applied for light. Later on, 25 street lights of 32 candle power were placed throughout the town with the restriction that they were not to be lighted at times of full moon. In 1912 the present Hydro took over, and in 1913 a new distribution was installed with the present system of street lamps. Two interesting letters, written by the late William Bow, were read. They were dated 1883 and 1884 and described Winchester's churches in those early days. Then photographs of present Winchester citizens, taken many years ago, were circulated for identification. This photograph gallery provided much entertainment and discussion. Mrs. Todd gave a paper, "What Do You Know?" She pointed out that the newspaper is the average man's University and must be read with intelligence. Knowledge, which is power, is always developed by our own individual effort. Two interesting contests were conducted by Mrs. Hutt and Mrs. Lannin. Refreshments were served by Mrs. Hutt and Mrs. Todd. Mrs. Gilroy moved a vote of thanks to the hostess and her assistants. A very delightful evening was closed by singing "God Save The King."

REV. W. McKINNON, B. A.

Who was inducted as Pastor of Winchester and Winchester Springs Presbyterian Churches on Wednesday of last week.

OBITUARY

LATE MRS. CECIL LEVERE

It was with deep regret that the citizens of this district learned, on Sunday morning, of the passing of Mrs. Cecil Levere, of Vancamp. Deceased had been in ill health for several months and since August had been confined to her bed. She was in her 23rd year and was born in Winchester, the only child of Mr. Henry Lennox and his wife, Louise Fader. Her maiden name was Phyllis Gwendolyn Lennox.

In February, 1939, she was married to Mr. Cecil Levere, and took up residence at Vancamp, where she resided until one month ago, when she was removed to her parental home here, where she passed away about 8 a.m. on Sunday.

The late Mrs. Levere had not been enjoying good health for several years, but her condition did not become serious until last August. Since that time she had been under the constant care of a loving mother and devoted husband.

She was of a bright and cheery disposition and in spite of intense suffering, complained very little. She was a friend of all who knew her, and her passing will be widely mourned.

Besides her parents and husband, she leaves a young son, Robert.

The funeral was held on Tuesday afternoon from her parental home on Main Street to the local United Church, where service was conducted by the pastor, Rev. Dr. Halpenny, assisted by Rev. D. W. Summers, of the Wesleyan Methodist Church, and Rev. Mr. Gervan, pastor of Inkerman and Vancamp United Churches. During the service, Miss Muriel Deeks sang "Saved By Grace," accompanied by Mrs. Howard Fetterly, who presided at the organ.

The large number of friends from Winchester, Vancamps and other nearby districts, who attended the funeral, testified to the high esteem in which the young woman was held.

Following the service, interment was made at Maple Ridge Cemetery. The pall bearers were: Clarence Levere, Ralph Walker, Duncan Levere, Fred Christie, Woodrow Holmes and Jams Levere.

AWAY WITH SMALL THINKING

Canada is at the crossroads! We, the people, have to decde whether we are fighting to make Canada a great nation—or whether the war is just to get back to the old days when we were quite happy to let things drift as long as our own backyards weren't disturbed.

Our ancestors fought and worked to lay the foundations of a great nation stretching from sea to sea. It's our turn to carry on the battle, so we had better pause to consider what goes into the building of a great nation.

The spirit and strength of a nation is simply a reflection of the spirit and strength of her individual citizens. It is no use expecting the government alone to do the job of making the nation great. We must be willing to become great ourselves and devote our lives to the country, not only in war but in peace. Personal courage and sacrifice must be part of our everyday life and for most of us this means:

(a) Deciding to change our ways by giving up all the things that come between us and the country's good.

(b) Uniting with all other patriotic citizens in a national program. Unity doesn't just happen—it means putting things right with the fellow we don't get along with.

(c) Fighting with all that's in us against our own softness, laziness, extravagance and "buckpassing." The battle line runs right across the country. When we lick the enemy inside ourselves we can get the next fellow to join us in the fight.

When we, the people, embark on this program, we can demand the same qualities in our public men and support those men who put up the country first. National policies will be framed which are in keeping with the role of a great nation. Free enterprise can find its greatest expression when devoted to the national service, rather than to individual profit and power. Labor and management can join in a program of working to build a new world. We will find the answer to national and personal debts, taxes, graft and wheat surplus.

We will have a new pattern of democracy, a pattern worked by everyone. . . . So, away with small thinking! Lift our eyes to the stars—and fight.

WOMEN OF THE RED CROSS

Consider the gigantic task done by the Canadian Red Cross and honor that vast army of women workers who have given one of the biggest contributions to the total strength of Red Cross.

We cannot attempt a review of their work or a detailed account of the results, but one staggering sum indicates the industry, faithfulness and number of these women. Since the outbreak of war, 17 million articles have been shipped overseas from Canada. These articles include civilian clothing, bedding, hospital supplies and woollen comforts for men and women in the armed forces.

Seventeen million articles—a most impressive figure, one that bespeaks an unbounding determination to do a job that must be done, and one which adds up to a high of what women can really do when they believe in what they are doing.

Such is the standard set by the women of Red Cross. We are confident that they will adhere to it faithfully. Proud of the opportunities offered to serve, and willing to accept the responsibilities, these women pledge their full resources to the Society.

This is a tribute to a group of tireless, capable women, who by consistently doing their job have set up a record unique and amazing. We don't know how they did it. We do know they have not lost a minute. We do know that day by day they have gone on working steadily. And so with conscious pride in a great humanitarian accomplishment, we give credit to the hundreds of thousands of women workers in the Canadian Red Cross.

ABSENT WITHOUT LEAVE

Throughout the country, men are being brought into court when they absent themselves without leave from drills of reserve army units to which they are attached. There seems little excuse for being absent "without leave" because leave is granted invariably and speedily for legitimate reasons.

At some points in the United Counties this drastic action of utilizing the courts to enforce attendance at drills of the S., D. & G. Hghlanders (R) has been taken, but not in Winchester to date, although many warnings have been given.

In Brockville, a few days ago, several men were summoned to court on the absent without leave charge; one was assessed a total of $7; another paid $14 and a third was fined $28.

RURAL SALVAGE CAMPAIGN

Under the direction of the Steel Controller, at Ottawa, a Dominion-wide rural scrap steel and iron salvage campaign is now on till December 15th. The township reeves have been appointed to supervise the collection of the scrap and its sale. With them will be associated the members of the township councils. To ensure the success of the ambitious undertaking, that is to gather in as far as possible all the loose and unused steel and iron lying about the farms, means that it is necessary to have a hundred per cent. assistance of everyone on the broad acres of Ontario. The metals are needed. They are no use in the fence corner, but may be in war production. The job now is to look about, gather what is gatherable and communicate with the reeve who will, in turn, give direction as to whom to further contact and ultimately ensure full information as to the proper disposal of the material in hand. Action today will go a long way toward lending desired assistance.

THE SPIRIT WILL BE STRONGER

It looks as if the Christmas tree tradition, one of those pleasant customs that has been so much a part of our home life and one which strangely enough had its origin in an old German custom, is to become a war casualty in some sections of Canada as a result of the urgent need for conservation of manpower and transportation, says The Kamloops Sentinel.

When munitions must be made and transported and troops moved about, when rubber on trucks must be saved, there is no other recourse. The importance of Christmas trees fades out in the face of the nation's dire needs for more railway car space and less wear on tires.

But the spirit of Christmas should be made to shine the brighter and it will. Removal of the traditional tree, accompanied by a present scarcity of many accustomed commodities, will throw into greater relief against the battle-darkened skies the real meaning of the season, for the very continuance of which Canadians are fighting all over the globe. The better side of human nature, where kindness and goodwill and love can glow and develop, will be more and more in evidence.

EDITORIAL NOTES

One publicaton thinks that after the war German bonds and German money will make "fancy wallpaper." That is quite possible, and it must be remembered that if Germany should win, the same thing would happen to our bonds and our money.

Remember that the moment you resolve to make your life dream come true you have already taken the first step towards its realization, but you will stop there if your efforts cease. If, however, strongly you decide to turn a certain way at the crossroads and a stronger desire arises in you to take the other turn, you will go back. You cannot go two ways at one time.

The Globe and Mail says the mass of people do not care a tinker's "damn" for the Grand Old Conservative Party as such. As used here the word "damn" is a swear word but a tinker's "dam" was a partition used by English tinkers or tinsmiths for divdinig eavetroughs and, as such, has an entirely different meaning than the Globe and Mail seeks to convey.

Other Editors' Opinions

WHO, WHEN, WHERE?
(Perth Courier)

Periodically the "Canadian Institute of Pubic Opinion" publishes a "Gallup Poll" of opinions on pertinent topics gathered by "fact finding reporters," and purporting to determine public opnion in this country on these topics. Sometime, we hope, they will publish how many people were interviewed and in what centres of popuation. Who, when and where?

AFTER THE WAR!
(Brockville Recorder & Tmes)

Some people are beginning to worry about what will happen to war factories after the war. Many of them, we hope, will be adapted to peace-time manufacturing. The army and air force camps sprawling over the outskirts of many a town and city will, however, present a serious problem unless this country is to possess a large standing army and air force.

NOW IT CAN BE TOLD
(Smiths Falls Record-News)

It can be told now. At his private press conference in Ottawa last December, Prime Minister Winston Churchill was asked, in effect, why Canada continued relations with the Vichy government. Churchill replied: "That, gentlemen, is a matter for the government of Canada," and he added, with his characteristic smile, "I will say, however, that I like to have a window looking into a courtyard in which I am interested."

HEAR! HEAR!
(Trenton Courier-Advocate)

A broadcaster was speaking from Maple Leaf Gardens, Toronto, the other night during the intermission in a hockey game and he was telling the country folks at large how to save electricity. It would have sounded better, sounded more consistent, had the broadcaster been speaking from a blacked out broadcasting station instead of a sports arena where at that time more electricity was being wasted than in a town the size of Trenton during a corresponding period.

WARTIME ADVERTISING
(Stirling News-Argus)

Until peacetime conditions are restored, advertising will have to accomplish many strange, unforseen and difficult tasks. Already in many cases, it has been called upon to reserve its usual appeal. In addition to advising the public to spend, to choose, to buy, much advertising is now employed in urging everyone to save, to restrict choice, to put off some purchasing for the duration. Advertising is performing quickly the new task of informing buyers how they may adopt their daily buying to the simpler standards of living which must be accepted.

AN ONTARIO ELECTION (?)
(Pembroke Standard-Obbserver)

Premier Conant says, "No." The Ontario Liberals, who do not want him at the helm, are saying, "Yes." The C. C. F. are keen for one, and will look upon it as the chance of a lifetime. The Conservatives are doing nothing.

Those Liberals, who are clamoring for a convention, the sole purpose of which is to take the reins of office from Gordon Conant's hands, will find that throughout Ontario by far the great majority do not care whether it is Gordon Conant or Harry Nixon who is premier, but they do not believe that this is the time for a Provincial election. By calling an election at this time the Liberals will likely stand to lose more than they gain.

JOKES FROM THE SOUTH
(Fergus News-Record)

There is a story being told over in the United States about a man who lived in Washington and had some business in a backwoods part of one of the states. He drove in his car up to a little garage in the hills and the proprietor came out. He wanted a tank full of gasoline (this being in a part of the country where gasoline is unrationed). Meanwhile he talked to the owner.

"What do you think of the war?"

"What war is that?"

"Why, the one that is in all the newspapers."

"Never read no newspapers!"

"Do you mean to tell me that you did not know we were at war with the Japs and the Germans?"

"Can't say I did, stranger."

"Well, never mind the gasoline then. Just roll me out four new tires."

KICKED INTO GREATNESS
(The Printed Word)

The vast improvement in news dissemination during recent times has been an inconvenience to a certain kind of practical politician. A speaker used to have some privacy as he harangued his audience. He enjoyed a reasonable hope that what he said in one place might not get around to another place. This permitted considerable scope in dealing with matters of local interest.

Canada has no national daily newspaper, and a politician with something on his mind exclusively for home consumption is not likely to tell about it over a coast-to-coast hook-up; but the local newspaper will cover his speech, and then the wires will carry the gist of it, and newspapers all over the country will inform their readers what was said. This makes life hard for a man who seeks to be elected in one constituency and be part of a government supported by many other constituencies. The newspapers interfere with a parochial politician's freedom of speech by giving him too wide an audience. They force him into paying some attention to the problems of people outside his own riding.

Thinking along that line may in time turn him into somewhat of a statesman, which would mean that the newspapers had rendered one more service to their country, as any country can be great if it has a few statesmen.

THE OUTSTANDING "WANT"
(Perth Courier)

Talk to any man you wish to, who is home on leave from military, naval or air force duties and you will hear that the outstanding "want" is always—letters from home. More and more letters from home.

Talk to those who are in charge of handing out mail at camps, barracks and stations and they will tell you happy stories about men receiving extra and unexpected letters, and stories not so happy about the depressing effect on men who had received no letters for periods stretching into weeks.

We have heard numerous stories about each type of instance, some of the depressing type within the past few days.

Most of us, very nearly all of us, have relatives in one or other of the armed services. We write to them, of course. But do we write as often as we could or as often as is desirable to others whom we were glad to call friends before they donned uniforms?

RUBBERS IN THE POPPIES?
(Winnipeg Free Press)

This being a very queer world, the suggestion is made that everybody who bought Remembrance Day poppies should carefully save them in order to turn them in to the Patriotic Salvage Corps. The centre of each one contains, if we are not completely mistaken, a neat little piece of excellent rubber, and rubber, we are told, is desperately scarce.

These poppies were made in Toronto under the direction of the Hon. Ian Mackenzie, Minister of Pensions and Health. If that gentleman is interested in learning how his department got the rubber, we suggest that he go to the Hon. C. D. Howe, Minister of Munitions and Supply, and ask him, for the latter's controllers are busy informing us, day by day, that war can be lost for lack of rubber. Perhaps the controllers will explain to Mr. Howe how a large quantity of rubber was released to make poppies. Perhaps Mr. Howe will then tell Mr. Mackenzie. Perhaps Mr. Mackenzie will then tell us.

This, as we have remarked, is a very queer world. It is rendered much queerer by such proceedings as this.

Turn in all available rubber, from tires to poppies, to the Salvage Corps.

CHRISTMAS WRAPPINGS ARE AFFECTED BY ORDER

On the ground that they cannot be considered essential at this time, the Wartime Prices and Trade Board has ordered a cessation of the manufacture of fancy printed or embossed wrapping paper of any kind or color, used for Christmas wrappings; special or standard Christmas wrapping paper, waxed and printed, or printed only; and printed decorative crepe tissues of any kind or color. It is provided, however, that stock or materials processed or partly processed on November 20 may be completed.

"Well, no," explained the polite steward, "but you won't hear Mme. ——— sing in Heaven."

THE POET'S CORNER

THE SAFE GUIDE

Life can really be worth while,
If we but have the Guide,
And joy and peace can be our lot
If He is at our side.

No cloud can ever hide His face,
If Faith's bright shield we wear,
No sorrow can His peace destroy,
If watching unto prayer.

And though oft the path is drear,
And friendships all too few,
We're not alone, for Christ is near
A Friend who is always true.

He will show us the path of life
His Holy Word has said,
And step by step the way unfold
Before us as we tread.

So life can really be worth while,
When Jesus is the Guide;
And when our work down here is done,
We'll serve Him on the other Side.

WHAT THE AUTUMN BRINGS

What does the autumn bring us?
Wind and cloud and rain,
Golden and mellow sunshine
Parting the clouds again,
And a cavalcade of color
Passing o'er hill and plain.

She never fails to bring us
Of fruits a golden store,
And freighted fields of harvest
And barn bins running o'er,
And at eve a cosy hearth-fire
Within a close-shut door.

What does the autumn bring us?
The maple's crimson crown,
The blazing trees on the hill-top
Like sentinels looking down
On the river's edge, where the sumachs
Are wearing their scarlet gown.

But soon the trees will be barren,
And winds will wail and weep,
And all the world of Nature
Be folded in winter sleep—
But oh! that the days might bring us
Peace, Peace so calm and deep.

—Helen B. Anderson.

FORMER HIGH SCHOOL TEACHER ADDRESSES NORTH BAY LIONS CLUB

"Proper use of English and the effect it has on the everyday existence of individuals in all walks of life, was graphically portrayed for members of the North Bay Lions Club on Monday night in the St. Regis Hotel by T. J. Hawkins, teacher of English at the North Bay Collegiate Institute and Vocational School.

Speaking to the club on the subject of education, Mr. Hawkins explained how various systems of education have been revolutionized in recent years but he cautioned against having too blind a faith in any particular system.

Aim of Education

Education, he said, was the knowledge of how to use the whole of one's self instead of just one or more individual faculties. It was the aim of educators, he explained, to create good citizens; persons who would maintain a high code of honor and who would be willing to play their part in bettering the community in which they lived.

Mr. Hawkins told the Lions that a teacher could spray knowledge on certain students for days, weeks and months without obtaining the desired results. Wisdom, he said, was not transferable. It was something that had to be gone after with zest and enthusiasm.

"I like to regard education as an armor," said Mr. Hawkins. "As a protection against the slings and arrows of world ridicule."

Speaking of English and its proper use, Mr. Hawkins pointed out how the prestige of various individuals in all walks of life slipped daily because of improper pronunciation and poor grammar. He demonstrated his point with perferences to specific individuals.

Quoting freely from the classics, Mr. Hawkins demonstrated how great writers, down through the centuries, have always liked to poke fun, through the characters they create, at people who are not as well acquainted with the English language as they are.

"No person wishing to make a success of themselves, he concluded, should overlook the value of proper punctuation, spelling and grammar. He urged parents to impress upon their children the importance of developing an excellent command of the English language."—North Bay Daily Nugget."

The ladies of St. Andrew's Presbyterian Church are holding their bazaar on Tuesday, Dec. 1st, and will have all kinds of useful and fancy articles, as well as home cooking, for sale. A tea will be held at the close.

The ladies of St. Peter's Anglican Church held their bazaar on Friday, November 20th, in the I. O. O. F. Hall and needless to say, it was a success, as everything was disposed of in a short time. A ten-cent tea was also held at the close. A drawing for a comforter was held when Miss Glenna Murdock was the lucky winner, with Miss Mabel Marriner making the draw.

We iwsh to extend our sympathy to Mr. James Code and family, of Smiths Falls, on learning of the death of his wife, the former Maude Lorraine Crawford, daughter of the late Mr. and Mrs. Sam Crawford, former residents of this place.

Mr. and Mrs. Percy Hess, of Ogdensburg, were in town on Sunday, attending the funeral of the late Jacob Hess, of Ventnor, and a former resident of this place. To Mr. Wm. Beggs, a sister, we wish to extend our sympathy.

Late Mrs. James S. Code

A highly respected resident of Smiths Falls for almost 40 years, Mrs. James S. Code died last week at her home there, following a lengthy illness. Her passing causes sincere regret to a wide circle of friends.

She was formerly Maud Lorraine Crawford, and was born in Mountain township, daughter of the late Samuel Crawford and his wife, Isabelle Robinson. She had resided in Smiths Falls for 38 years and was married in 1903 to James S. Code, who survives. Also surviving are two daughters, Mrs. James Healey, of Perth, and Gwendolyn, at home, and one son, Max, of Smiths Falls.

The funeral was held from her late home to Hillcrest cemetery. Rev. D. D. Davidson, of Westminster Presbyterian church, of which she had been a member, conducted the services.

South Mountain W. I.

The November meeting of the South Mountain W. I. was held at the home of Mrs. Auldon Ennis on Thursday evening, presided over by Mrs. H. E. Barry, president, and Mrs. T. W. Robinson, the Secretary, assisted.

The roll call was "A Peace Proverb." Mrs. J. Morrow reported for the Christmas overseas boxes for 14 boys. It was decided to send $5 to the Mobile Kitchen Fund and also $5 for seeds for Britain. Mrs. T. W. Robinson read a letter from a sailor thanking her for a ditty bag which she, Mrs. F. E. Gilroy and Mrs. L. Benoit had contributed. Mrs. T. B. Lunny and Mrs. F. E. Gilroy were appointed as a sick and visiting committee. A committee of three, Mrs. H. Graham, Mrs. J. Morrow and Mrs. W. R. Farrell, were named to write to our local boys overseas.

The programme, arranged by Mrs. G. Cleland, was on "Peace Education," and included readings, "How A Peace Garden Grew," by Mrs. J. Baldwin, and "Armistice Day," by Mrs. G. Cleland.

Mrs. F. E. Gilroy gave a paper on "A Plan For Peace," and "Peace on Earth" was read by Mrs. Sharra. A contest on flower naming was conducted by Mrs. G. Cleland, which closed the programme.

METCALFE

Dramatic Competition Held

Miss Christine Gillissie, of Edwards, a pupil of Miss Marion Buckingham, of S. S. No. 13, was the winner of the McCormick Cup at the annual Dramatic Competition held here on Friday evening, under the auspices of the Metcalfe Women's Institute. This trophy, won by the contestant securing highest points throughout the program, was given in memory of Hugh McCormick, a pioneer of Osgoode Township, by his daughter now residing in California, and was presented on Friday evening by Mrs. F. R. Stanley, of Metcalfe, who is a relative.

The Institute Shield was awarded to pupils of Metcalfe School for a fantasy, "Tom's Backyard," directed by the principal, Mr. A. C. Casselman, to whom the presentation was made by Mrs. W. A. Cowan, president of the local W. I. Branch.

Christine Gillissie won first place in the junior recitation class, with Alda Scharfe and Wayne Lowe, of Metcalfe, as runners up, while in the senior recitations, honors went to Mary Gillissie of S. S. No. 13, with Cecilia Mulvey of S. S. No. 11 in second place. Prizes in all recitation classes were War Savings Stamps.

Mr. Wm. F. Roach, of Ottawa, acted as adjudicator throughout the competition.

A special feature of the program was two groups of songs, given by the pupils of Metcalfe Public School, under the direction of Mr. Casselman, with Miss Dorothea Blair, assistant teacher, as accompanist.

At the close of the program, Mrs. G. E. Morris, convenor of the committee in charge, moved a vote of appreciation to the adjudicator, teachers and pupils for their contributions to a very successful evening.

Mountain Twp. Red Cross

The regular executive meeting and packing of the Mountain Township Red Cross was held in the I. O. O. F. Hall on November 9th. The secretary is to order another knitting quota as the former one is almost finished except for the seamen's socks, and as yet, we have not received the wheeling yarn necessary for these. Wool is becoming scarcer every day. Word has just been received from Toronto asking that all service socks, (not seamen's), be shortened to 11 inches from top of cuff to under the heel. The shortening should be in the leg and not in the cuff.

The materials for the large sewing quota were distributed among the units.

During the last few days 57 boxes have been sent overseas to the boys who enlisted from Mountain Township and are now overseas. Mulloy's sent 7, Inkerman 11, Hallville 12, Mountain 13, and South Mountain 14.

It was decided to hold our December packing on Monday, Dec. 7th, and our Annual Meeting, to be held in the I.O.O.F. Hall, Mountain, on December 14th. Please keep the date open and plan to attend and hear reports of the year's work.

The following articles were forwarded to Toronto: 22 quilts, 3 long sleeved sweaters, 11 tuck-ins, 13 pr. mitts, 5 aero caps, 18 pr. plain socks, 3 pr. 18-inch seamen's socks, 3 pr. 26-inch seamen's socks, 3 sleeveless sweaters, 7 pr. gloves, 4 alternative caps, 1 pr. knickers, 2 scarves, 1 girl's sweater size 6 years, 20 caps size 4 years; 15 pr. shorts size 4 yrs.; 5 pr. flannel shorts, 5 blazers, 5 shirts, 5 sweaters and 5 pr. golf hose, all size 4 years; 4 pr. pyjamas size 8 years.

The meeting closed with the National Anthem.

HINTS FOR THE HOME

Pie Crust.

If the pan is warmed before the undercrust of a pie is put into it, the crust will not become soft and soggy when it is baking.

Glue Bottle.

Use a piece of candle instead of a cork, in the glue bottle, and the glue will not be apt to dry out.

When Ironing.

Talcum powder dusted frequently over the hands while ironing prevents them from becoming moist, sore and tired.

Threading Needle.

Cutting the thread on a slant before threading a needle will point it and make much easier the task of sticking it through the eye of the needle.

Care of Eyes.

If your eyes feel tired or dusty, bathe them with boric acid or other eye wash. Vaseline is quick and effective in promoting long and curling eye lashes.

Cocktail.

Chill equal portions of tomatoes juice and pineapple sauce almost to the freezing point, and this will make a delicious cocktail for the luncheon dinner or supper.

The Log Fire.

Lave some of the wood ashes in the fireplace when cleaning it, so as to make a bed for the new logs. The ashes will retain the heat and cause more warmth in the room.

Too Much Dressing.

Be sure not to pack the fowl too tightly with the filling. The stuffing needs room to expand, and if it is packed in too lightly, the result is a soggy, indigestible filling.

Care of Furs

To retain all the brilliance and lustre of the furs, they should be beaten thoroughly once a year by a professional furrier, to remove all the dust that accumulates in them.

Diced Celery.

To dice celery, freshen the stalks in cold water and wash thoroughly. Then cut the stalks in small sections, lengthwise. Lay several stalks together on a board and cut crosswise.

Electric Broilers.

The electric broilers can be cleaned more easily if they are wiped, inside annd out, with a damp cloth before they are entirely cool. Dry them thoroughly with another soft cloth.

Freshly-Cut Peaches.

Freshly-cut peaches will not lose their light color if wrapped in waxed paper and placed in the refrigerator until ready to be served. This allows the housewife to prepare them further in advance if she wishes.

Mending Woollens.

Mending tissue proves a great aid when one of the heavier garments is torn. This can be purchased at any department store and the directions are not difficult to follow. It will mend in places where a darn would be disastrous.

Without Ice.

Butter in quantity may be preserved without putting into the refrigerator by wrapping it in a muslin cloth or bag. Place in a jar or crock covered with a brine made by dissolving about ten ounces table salt in a quart of water and storing in a cool corner of the basement.

Scorch.

Scorch stains on cotton and linen goods can often be removed if the fibres are not actually burned. Wash with soap and water, or wet the spot with water (or soap and water), and expose to the sun for a day or longer if necessary. The scorch disappears more rapidly if the material is moistened first.

Home-made Mayonnaise

Some people are under the impression that home-made mayonnaise will not keep in warm weather. This is not so, as it will keep indefinitely if placed in a mason jar,the top screwed on securely, and the jar placed in the bottom of the refrigerator where the dressing will not get too cold. It will spoil very readily if kept uncovered.

Prevent Brass Tarnish

Brass may be prevented from tarnishing by applying a thin coat of lacquer. Or rub once a week or oftener with a piece of flannel moistened with any light oil such as that used for sewing machines. The metal will then gradually assume the color of fine bronze, a far more artistic finish than that of polished brass, and one that can be maintained by the application of oil alone, without polishing.

Silk Lamp Shades

If the sifk lamp shades present a shabby appearance, it is time to wash them. Remove any braid that may be glued on. Then brush well to remove dust and plunge the shade into a tub of lukewarm soapsuds. Use a small brush to remove any ingrained dirt. Rinse thoroughly in lukewarm water and place back on the lamp to dry. It is a good idea to place the lamp in a current of air so that it may dry quickly. Any braid may be glued or tacked on after the shade has dried.

WHAT AND HOW TO FEED WAR PLANT WORKERS

The American Weekly . . . with this Sunday's (November 29) issue of The Detroit Sunday Times . . . . points out that food experts say workers can pack enough pep into a lunchbox to avoid afternoon slump at the desk, or on the assembly line, and make up man-hours lost through illness . . . without putting a strain on the pocketbook. Be sure to get Sunday's Detroit Times.

To alleviate the risk of holding ships in the British Isles for maintenance and repair, Canada is today playing a major role in overhauling naval and cargo ships of the United Nations. In naval dockyards many types of stores are housed, ammunition and equipment for Canada's ships of war. The worker in this photo is applying a coating of grease to torpedo tail assemblies. Mechanism in tail sets depth of its course.

THE UNITED CHURCH

Rev. C. W. DeMille, M.A. D.D., general secretary of the Ontario Temperance Federation, spoke on Sunday morning to a large congregation in the United Church, taking as his theme: "Am I my brother's keeper?" Outlining the ways in which we all may help in this good work he stressed the importance of prayer. He was an interesting speaker and gave many examples of the evil effects of the liquor traffic. He also addressed the Sunday School.

VERNON W. I.

The November meeting of the Vernon Women's Institute met in the Hall on Wednesday of last week, with Mrs. J. Cameron presiding, assisted by the secretary, Mrs. Ed. Lanoue. Roll call was responded to with the name of a Canadian War Hero. The treasurers report was given and it was decided to have a sale of gift articles at the December meeting.

The motto, "Lest We Forget," was capably dealt with by Mrs. W. G. Porteous, following which Mrs. Reoch gave a paper on "The Life of Mr. Ilsley," Minister of Finance.

A concise report of the Convention in Ottawa was given by the delegate, Mrs. Lanoue. Mrs. Howard Porteous read a heart-warming letter from a friend in Australia, thanking the Canadian people for kindness shown the soldiers from her native country who are training here. Following this, Mrs. Porteous gave a timely and practical reading, "Are We Awake?" in which she dealt with the importance of women's work in the war, and its effect on civilian life, and stressed the need for cheerful willing service from us all.

The meeting closed with the National Anthem.

THE IDEAL CHRISTMAS GIFT

Thousands of Canadians will find it easier to give War Savings Stamps and Certificates as Christmas gifts next month, as the result of plans now completed by the National War Finance Committee.

Through the co-operation of the Canadian Greeting Card industry, a whole series of 1942 War Savings Stamp Christmas cards has been produced in striking designs. All cards are printed in five colours, and the inside pages are finished in color, with a place for affixing War Savings Stamps, which may be purchased at the stores carrying the cards. In addition, the National War Finance Committee has produced Christmas greeting cards in two attractive styles for Savings Stamps, and two other types for War Savings Certificates. These, with envelopes to fit, are to be obtained free of charge at Post Offices and banks throughout Canada. War Savings Stamps and Certificates, to be placed inside the cards, may be purchased over the counter at the same time, and mailed immediately.

This undertaking is being carried out by the National Committee in the belief that the exchange of Christmas greeting cards is more necessary to public morale in wartime than in time of peace.

COMPLIMENTS WERE WELL-FOUNDED, NEVERTHELESS!

In a despatch from Morrisburg carried recently by The Daily Standard-Freeholder, the statement was made that Mountain was a progressive township. It was apropos of the rumor that Mountain may get a machine-gun range for airmen.

The statement that Mountain is progressive has been good-naturedly challenged by a Morrisburg citzen owning real estate there and getting no returns from it. The correspondent based the complimentary reference on the circumstances that Mountain has an excellent fall fair, puts on a fete day nearly every year, holds horse races, and is the home of a community hall. Also Mountain has a consolidated school. In addition, it is the home of that County Councillor who started the movement for a history of the United Counties.

OTTAWA ADOPTS CURFEW LAW

Commencing immediately, all boys and girls under 16 years of age found wandering on Ottawa streets, in restaurants and places of amusement after nine o'clock at night, unaccompanied by their parents or legal guardians, will be picked up by police and taken to their homes, and their parents will be liable to fines.

HUNTERS BAG FOUR DOES AND EIGHT BUCKS

Mr. Myron Davidson, of the St. Lawrence Hall, Morrisburg, was one of a party of Dundas county men hunting in the highlands of Renfrew county. Eight bucks and four does were brought home. Hunting was done five miles west of Black Donald graphite mines, on the Madawaska river, where weather conditions during the two weeks were much the same as in Dundas county. The booty included neither wolves nor bears and not many partridges. Automobiles were entered in Morrisburg and vicinity and not left until almost at the doors of the camp.

CALLING UP B-1 AND B-2 MEN NOW

The Defence Department has decided to extend the call-up eligibility of Canadians by accepting men in medical categories B-1 and B-2, effective immediately, it was announced last week.

Up to now only men placed in "A" category after medical examination were drafted into the army for home defence duties.

Between 60,000 and 65,000 men in the age groups subject to compulsory service—19 to 40 years inclusive—have been placed in the categories B-1 and B-2 by the medical officers, it was stated.

The Bachelor: Are these jokes true about woman's pocket being so hard to find?

The Benedict (whose wife has money): Sure thing. I spent an hour last night trying to find my wife's pocket. Can you lend me a ten-spot, old man?"

MOREWOOD MISSION OF EVANGELISM CLOSED

Evangelistic Services held in Morewood United Church, Nov. 9 to 22, closed Sunday evening last. This was a very unique Mission. Very small attendance, even on Sundays, in spite of such careful preparation.

What about the Preacher, Rev. Dr. F. A. Robinson, and the assistant, Miss C. B. Grunert? By way of answer we say, they need no word from us. After so many years of effort in Cities, Towns, Villages and the most remote places around the world, it surely would seem out of place for us to speak on their behalf.

What about results? That is different. The Minister had in mind a series of meetings that would help his elders and all others in his congregation, little thinking that the one who needed it most was himself. The first year on his present charge was most successful. Was he fitted for the greater effort? Had he gotten to sufficiently "Higher Ground" to lead in this responsible work? Only one answer, "No."

This is the main answer to this Mission, as far as results are concerned. The Pastor has reached a "Higher Plane," and now is better prepared to lead his congregation to the Victory over evil and for Righteousness which Morewood, Canada, our Empire and the world needs.

We have been inspired, encouraged, helped in every way, and honestly warned and dealt with. So, "we are without excuse." For further explanations regarding the wonderful thing that has happened in such a short time in Morewood, read: Psalm 139: 23, 24; Rev. 2: 2-5. Follow instructions given in these passages and a real Revival will be the result.

RECEPTION AT TOYES HILL

A social evening was held at the home of Mrs. H. Houlahan and Pat on Thursday evening, Nov. 19th, in the form of a miscellaneous reception to honour Mr. Fred Link and his bride, the former Pearl Myers, of Morrisburg.

The evening was spent in games, after which Mrs. Arnold Peterson read a short address to the newlyweds, and Mr. A. Peterson and Mr. P. Houlahan presented the gifts.

Fred replied on behalf of he and his wife, in his usual unaffected manner, thanking one and all.

Dainty refreshments were then served by the ladies.

The community welcomes Mr. and Mrs. Link as neighbours, as they are taking up farming on the place formerly occupied by Mr. and Mrs. Alex McIlreath.

TIME TO BAKE CHRISTMAS GOODIES

Hello Homemakers! Four weeks before Christmas—high time to start your festive baking. Be sure to plan for this important occasion and have your wartime recipes on hand. While pre-war frills are out, we still have an abundance of good things for our baking—and don't forget that Christmas goodies make such acceptable gifts, when gaily wrapped, and cost so little.

According to market forecasts, turkey and other fowl will be plentiful. Our own Canadian vegetables are abundant and we have plenty of flour—vitamin-rich flour. However, need for fat conservation is our signal to substitute quick breads made with the new shortening or lard for the richer cookies. We suggest that you try to save a little sugar every week for your Christmas baking. Raisins and currants are expected to be available. Here's a tip—steep them in a little water, sieve, and then use them as part of the sweetening. Common spices are on hand and citron peel, too. Cashew nuts from India may arrive in time, but if not there are our flavourful, rosy Canadian apples. Cheese is plentiful—in spite of tremendous shipments to Great Britain—and crackers, too, since many of them do not require sugar.

And so there will be Christmas fare for Christmas doings—enough holiday good things to please both young and old.

RECIPES

Dundee Cake

7-8 cup butter, 2-3 cup sugar, 4 eggs, 1-3 cup nuts, chopped, 1-3 cup peel cut fine, 2 1-2 cups flour, 1-2 tsp. salt, 1 tsp. baking powder, 1 cup seedless raisins, 1 1-3 cups currants, 2 tbs. orange juice.

Topping—1-3 cup citron peel, cut in thin slices, and 1-3 cup candied cherries, cut in pieces. Cream butter, add sugar slowly. Beat in eggs thoroughly. Stir in nuts. Sift flour with baking powder and salt, mix with fruit, and add to first mixture. Add orange and lemon peel mixed with orange juice. Mix thoroughly and put in two or three small pans lined with wax paper and greased. Cover top with candied cherries or citron. Bake in electric oven, 275 degrees, for 1-1¼ hours.

Cover with paper for the last twenty minutes of baking.

Glazed Cranberry Muffins.

2 cups flour, 3 tsps. baking powder, 1-2 tsp. salt, 3 tbs. sugar, 1 egg, 1 cup milk, 1-4 cup melted fat, stewed cranberries.

Mix and sift the flour, baking powder, salt and sugar. Beat the egg and to it add the milk. Stir lightly and quickly into the flour mixture and add melted fat. Fill well-greased muffin tins about half full of the mixture and in each place a teaspoon of stewed cranberries; cover with more of the batter. Bake in electric oven at 400 degrees for 25 minutes.

Dark Fruit Cake

1-2 cup butter, 3-4 cup brown sugar, 3-4 cup seeded raisins cut, 3-4 cup currants, 1-2 cup citron sliced thin, 1-2 cup molasses, 2 eggs, 1-2 cup milk, 2 cups flour, 1-2 tsp. baking soda, 1 tsp. cinnamon, 1-2 tsp. allspice, 1-2 tsp. mace, 1-4 tsp. cloves, 1-2 tsp. lemon extract.

Directions same as for Dundee Cake.

Carrot Pudding

2 cups grated carrots, 1-2 cup of chopped suet, 1-4 cup sugar, 1-4 cup corn syrup, 1 tsp. salt, rind and juice of 1 lemon, 1 cup crushed Graham cracker crumbs, 1-2 cup nuts, 1-2 tsp. cinnamon, 1-2 tsp. cloves, 2 tsps. baking powder, 1 cup seedless raisins.

Combine all ingredients. Turn into a well-greased mould. Cover and steam in well-cooker 2 to 2 1-2 hours.

Lemon Marshmallow Sauce

1 egg, 2 1-2 tbs. flour, 1-2 cup of corn syrup, 1 1-2 cups hot water, juice of 1 lemon, 1 tb. butter, 8 to 10 marshmallows, rind of 1 lemon.

Beat egg, add sugar and flour. Add hot water gradually. Cook on "Low" until thick. Add lemon rind, juice and butter. Remove from the heat, add cut marshmallows and allow to stand until dissolved.

THE QUESTION BOX

Mrs. J. B. A. suggests: That you be prepared for hilarity and anything that may happen to your precious rugs or furniture during the holidays.

Answer: We agree, and suggest:

1. Blot up any fruit juices immediately. Apply cold water, blot and repeat.
2. Saturate chewing gum spots with carbon tetrachloride; sponge with hot water. Rub dry.
3. Grease decays fabrics. Remove butter or other types of grease with carbon tetrachloride.
4. Stain from water in flower case, or dog stains. Use hot water. No luck? Try 1-4 cup salt in 2 cups of water. Then sponge with weak ammonia water. Rinse off and rub dry.

Other questions have been answered directly by mail due to limited space this week.

THE ULTIMATE GOOD

Time flies! from which we sip the years;
And though our hours no more can hold
Leisure for talk, or friendships' wine,
Sunsets and daylight still unfold.

Within our mind—an untouched flow,
Beyond man's power to take or give,
Today's brief tasks, and loss—and gain,
Our souls serenities still live.

Around us worlds and kingdoms shake,
Let us hold deep, (beyond all war)
The peace, that man can never give,
The beauties, man can never mar.

And to this world of stars and sky,
Of peace that man cannot destroy,
Let us—till war has passed us by,
Turn to this hour's needful joy.

—Dorothy Sproule.

OBITUARY

LATE W. J. KENNEDY

Mr. Willard J. Kennedy, vice-president and business manager of the Anchor Serum Company, one of the most prominent men in the field of animal husbandry in the Middle West and a nationally known live stock judge, died early this morning at his home, 1012 Ashland Court.

Mr. Kennedy was 66 years old and had been ill for several months. In his field of work he was known as "Prof" Kennedy, a name which had been attached to him since the days he was professor of animal husbandry at both the University of Illinois and Iowa State College.

Taught Henry Wallace.

Henry A. Wallace, vice-president of the United States and former secretary of agriculture, was one of Mr. Kennedy's former pupils. When Mr. Wallace spoke here in September of 1940 on a campaign tour he saw Mr. Kennedy in the crowd and called him "W. J."

"This is the fellow who started me out," the then-candidate for vice-president, commented. He referred to the year 1910 when he was in Mr. Kennedy's class at Iowa State College.

Mr. Kennedy once said that he believed he had judged more stock shows than any man in the Middle West, having served as official at between 700 and 800 of these exhibits. Last year he made two coast to coast trips, judging at county fairs and other shows.

Here 18 years.

Mr. Kennedy had lived in St. Joseph for the last 18 years, and during that time he had given much time to civic enterprises. He was a past president of the St. Joseph Rotary Club and at the time of his death was on its board of directors. He also had served on the Salvation Army board and on the Y. M. C. A. board, and when the U. S. O. was first organized in St. Joseph he headed the committee.

W. J. Kennedy was a native Canadian, having been born in Vernon, Ontario. He was a student at the Ontario Agrciultural College and received his bachelor's degree from the Iowa State College. He was instructor of animal husbandry at the University of Illinois from 1899 to 1901 and had the same post, in addition to being head of the department, at Iowa State College from 1901 to 1912.

That year Mr. Kennedy left the teaching field to become a director of extension for two years. He served as president of the Purity Serum Company in Sioux City, Iowa, from 1914 to 1924, the year he moved to St. Joseph to Anchor Serum Company.

Author of Bulletins.

Mr. Kennedy had served as president of the Animal and Poultry Foundation of America and vice-chairman and member of the executive committee of the Serum and Virus Control Agency. During his years in Sioux City, Iowa, he was president of the Chamber of Commerce there.

Also, the serum man was author of bulletins published by the United States department of agriculture, by universities and by trade journals. Mr. Kennedy was proud of the fact that he had trained 13 successful college live stock judging teams for the larger stock shows in Chicago and Kansas City.

The late Mr. Kennedy is survived by his wife, one daughter, Mrs. Thos. Moroney, of Chicago; and one son, Ronald Kennedy, of St. Joseph, Missouri; also four grandchildren, and a sister, Mrs. J. H. Faith, of Winchester, Ont., Canada, who is the last of a family of seven children.

Mr. Kennedy was a member of the First Christian Church and was a 32nd degree Mason.—St. Joseph News-Press, Nov. 12th, 1942.

We pay instinctive respect to the man who "knows his own mind." That is a striking revelation of the way in which most of us are loaded with fears and indecisions.

MODERN ETIQUETTE

1. What does it indicate when a person misspells five or six words in a letter?

2. When a girl stenographer is being introduced to a man in the office, should she rise?

3. Should a guest always arrive at a specified time, when invited to dinner?

4. Isn't it discourteous for a motorist to drive through a funeral procession?

5. Should a person proffer advice to another without being asked?

6. For what purposes is the use of the knife permitted at the table?

Answers

1. It indicates both negligence and laziness. Every desk should contain a dictionary, and it takes but a minute to consult it. 2. No; it is not required. 3. Yes. One should arrive at least ten minutes before the specified time. 4. Yes, this reveals an extreme lack of breeding and thoughtfulness. He should be patient and wait, even if in a hurry. 5. No. "Give neither counsel nor salt until you are asked for it." 6. Only for cutting any food that cannot be managed with the fork.

STOCKS OF BUTTER MUST BE REDUCED

The Wartime Prices and Trade Board has ordered that all stocks of butter held in storage shall be reduced by the end of November by 25 per cent. from stocks held at the November 1 level. Food Administrator J. G. Taggart has simultaneously declared that there will be no coupon rationing of butter during the current season of low production. Canadians, he said, need only curtail their consumption of butter by as little as one ounce per person per week to meet a temporary shortage from November to April, the period of "deficiency" production.

New Head for National Telegraphs

D. E. Galloway, assistant vice-president, in charge of Canadian National Telegraphs for the past eleven years, has retired at his own request to be succeeded by W. M. Armstrong, assistant chief of research and development, Canadian National Railways, according to an announcement made by R. C. Vaughan, chairman and president of the National Railways System which operates this extensive land communications service. Mr. Vaughan states that Mr. Galloway has had ". . . nearly forty-two years of meritorious service with the Canadian National and predecessor companies." The change becomes effective December 1st.

D. E. GALLOWAY

David Ernest Galloway prior to becoming assistant vice-president of the National System, had served as assistant to five presidents of the Grand Trunk and Canadian National Railway Systems. His business career began at Hamilton in 1901 and continued through busy and fruitful periods in railways, steamships and telegraphs, Mr. Galloway having been concerned with the organization of the Canadian National Steamships (West Indies).

Mr. Armstrong, a native of Ottawa, a civil engineer graduate of Queen's University, has an intimate knowledge of the development of telegraph facilities. For five years he was assistant to Mr. Galloway when the latter was in charge of subsidiary companies of the Canadian National System.

On December 1, Mr. Armstrong will take charge of a communications system which daily operates 167,325 miles of wire and through its connection with Western Union reaches practically every point on the North American Continent, and, by cable, all the lands of the United Nations and neutral countries. The war has created a tremendous demand for written communications and under Mr. Galloway's direction the facilities of Canadian National Telegraphs were greatly extended and increased since the outbreak of hostilities in 1939. One important step in the speeding up of transmission was the further development of the carrier current system — called the "wired wireless"—which had been introduced by Canadian National Telegraphs in 1927. This enables the simultaneous exchange of 96 messages through radio frequency channels guided by one pair of wires. The increase in channel mileage of Canadian National Telegraphs since the start of the war would circle the globe 3½ times. The National Telegraphs maintain a special network of teletype circuits for the exclusive use of the several branches of the armed forces through Canada as well as for the Ferry Command.

W. M. ARMSTRONG

Clear telephone lines for ALL-OUT PRODUCTION

Your telephone is part of a vast *interlocking* system now carrying an abnormal wartime load. Don't let needless delays hold up messages on which production efficiency may depend.

OTHER "WARTIME TELEPHONE TACTICS"

1. SPEAK distinctly, directly into the mouthpiece.
2. ANSWER promptly when the bell rings.
3. BE BRIEF. Clear your line for the next call.
4. USE OFF-PEAK hours for your Long Distance Calls.

These things may look trifling, but on 6,500,000 daily telephone calls, they are very important.

* * * *

Dr. J. C. Gemeroy, of Detroit, received word to report to Al Pasa, Texas, for military duty, some time ago. After a hurried packing and general upheaval, he got word from Washington to remain at the Ford Hospital, as he was needed more there for the present than in the army. He had his uniform made, and was just waiting for last minute orders. Luckily, he had not sold his car or cancelled his lease—as Detroit is very short of homes.

LOCAL AND DISTRICT NEWS

Joins Ordnance Corps.

Keith Holmes, son of Mr. and Mrs. Clarence Holmes, has signed up with the Royal Canadian Ordnance Corps. Prior to enlistment, he was a member of the Bank of Nova Scotia staff at Kemptville.

Name Omitted.

In the list of names of friends from this district who were present at the 56th wedding anniversary of Mr. and Mrs. I. N. Erratt, at Ottawa, last Friday, we unintentionally omitted the name of Mr. Dalton Robinson.

Kenmore Defeats Metcalfe.

In an inter-school six-man rugby game held last Thursday afternoon in Metcalfe, the visiting Kenmore team was victorious by a score of 18-0 . Touchdowns were scored by Whitteker, Scharf and MacDonald. For Metcalfe, Rolston was outstanding. C. Christie, of Kenmore, was referee, and S. Hicks, of Metcalfe, was head linesman.

Local Boy Married.

The marriage of Mr. Sherwood Jackson, son of the late Mr. and Mrs. Henry Jackson, of this place, to Miss Grace Bolger, daughter of Mr. and Mrs. Lee Bolger, of Ogdensburg, N. Y., took place at Baltimore, Maryland, on Wednesday, Nov. 11th, 1942. Following a wedding trip, Mr. and Mrs. Jackson will reside at Brockville, where the former is employed.

Silent Policeman Removed.

The "Silent Policeman," which for many years has stood guard at the intersection of Main and St. Lawrence Streets, was removed last week by the Highway Dept. Within the past few months, no less than three motorists have collided with it, and authorities evidently became convinced that it was more of a hazard than a safety signal. While admitting that the corner was too small for the location of the signal standard, most people will agree that it probably prevented more accidents than it caused. Replacing the silent policeman will be a suspended traffic caution light, which will be erected by the municipal authorities within a few days.

Mountain Man President.

The Brockville Presbytery Sunday Schools Association elected Howard Graham, of South Mountain, as their new president for the coming term, succeeding E. A. Cook, of Prescott, at the annual conference held at Knox Presbyterian Church, Mountain, recently. The new executive will also be comprised of: Mrs. F. Riddell, of Mainsville; first vice-president; Mervyn Dickey, Prescott, second vice president; Elmer Hunter, of Cardinal, third vice president; and Mrs. R. D. Ledgerwood, Mountain, secretary-treasurer. The next annual meeting will go to Mainsville on the last Tuesday in October, 1943. The afternoon session featured a round-table discussion led by Rev. M. W. Heslip, of Prescott, after devotional exercises had been led by Rev. W. Fitzsimmons, of Cardinal. The evening session was addressed by Stephen Lookman, of Montreal, and student minister, at Iroquois, who spoke on "Christian Education."

Serving In Alaska.

L.A.C. Earl W. McIntyre, Kemptville, is listed as one of the members of the R.C.A.F. now serving against the Japanese in Alaska.

Left For West

Mr. Stanley Gillespie, a member of the Bell Telephone Service Staff, has been transferred to Western Canada and left for the prairie provinces last week. For some time he had been working with a line crew in the Morrisburg district.

Purchases Local Residence.

Mr. Sandy MacLean, of Ormond, has purchased the frame house of Mr. Christopher Johnston at Winchester Station and will take up residence there in the near future. Mr. MacLean recently sold his farm at Ormond and is holding an Auction Sale on December 9th.

To Hold Revival Services.

The Wesleyan Methodist Church, Inkerman, will commence Revival Services on Tuesday, December 1st, with Evangelist Rev. George Kelly, of Kingston, Ont., in charge. Arrangements are being made for good Service in Song, also Chalk Drawings by our local artist, Mr. Dwight Jones.

Illegal Deer Hunters Fined.

Two residents of Ottawa, Oscar Phillips and Harvey Lacasse, last week each paid fines of $40 and costs for hunting deer illegally in Dundas county. The fines were recorded in Cornwall magistrate's court by Magstrate P. C. Bergeron. The offences occurred in Mountain township, Dundas county, a closed area for deer hunting.

St. Paul's Bazaar.

The Ladies' Aid Society of St. Paul's Presbyterian Church are holding their annual Bazaar in the S. S. Hall this afternoon. There will be a good display of merchandise on sale in the different booths, and afternoon tea will be served, also a hot supper from 5.30 to 7 p.m. All are invited to attend.

Ration Board Confirmed.

The district Ration Board for Winchester and Chesterville Villages, Winchester Township and Mountain Township, has been confirmed by Donald Gordon, Chairman of the Wartime Prices and Trade Board. The personnel of the Board is: Reeve T O. Keyes, Chairman; E. M. Shaver, Secretary; H. L. Flora, A. G. Suffel, Reeve D. E. Beggs, Mountain; Reeve G. W. Barclay, Chesterville; Reeve W. J. McConnell, R. R. 3, Chesterville; Mrs. A. B. Allison, and Mrs. Faye Scott.

Clocks Are Dark.

The postmaster of Kemptville, H. Pearson, has received instructions from the Department of Public Works that the lighting of the post office clock there is to be discontinued for the duration of the war. This order, which comes through the Power Controller, also affects the Peace Tower clock in Ottawa and all Government buildings in Canada which have the same clock lighting.

Wednesday Closing Ends.

Yesterday marked the end of the observance of the Wednesday half-holiday by Winchester business men. Starting next week the stores will remain open on Wednesday afternoons until next April. Commencing on December 14th, the stores will remain open every evening to accommodate Christmas shoppers, and starting on January 4th, they will remain closed every evening except Saturday. This custom was adopted last winter with much success, and a saving in fuel and light to operators of local stores.

Develops Synthetic Rubber.

Stanley Lawson, Smiths Falls man, declares he isn't stretching his imagination when he holds glowing hopes for a synthetic rubber dscovery. Samples of his invention have been forwarded to experts, Mr. Lawson said, and response to tests would indicate there is actual value to his discovery. Naturally unwilling to release definite details, Mr. Lawson nevertheless confided that a certain very common weed forms the base for his experiments. He crushes the weed stems and adds a certain chemical to the resulting liquid, then picks out a piece of hard, brown substance which is his synthetic rubber. When heated with a match, long, stretchy strings may be drawn from the brown ball. Mr. Lawson has been working for two years on his experiments and has high hopes that his discovery will prove of importance to the Canadian war effort.

SUMMER MEMORIES

When I think of long-past summers
And the joys they used to bring
Rambling through the shadowed woodland,
Free as birds on whirring wing,
Half the glamor of that glad time,
Half the summer ecstacy,
Was the comradeship of loved ones
Sharing in the joys so free.

When in later years the summers,
Following in a happy train;
Thrilled my nature-loving spirit
With the joys of youth again,
Then I knew that the enchantment
Of that long-lost summer time
Was as naught, had not love's tokens
Helped to render life sublime.

Summer now again is spreading
Bloom o'er all the smiling earth,
And our hearts a-tune re-echo
Nature's sounds of joy and mirth;
But if like the summer's last rose,
We were left to bloom alone,
Would we joy in radiant summer
If our loved ones all had flown?
