W.I. Fashion Show Held Appreciative Audience Large Costumes Excellent

The annual Fashion Show of the Chesterville Women's Institute held in the Community Auditorium in the afternoon and evening of Wednesday, March 23, was a huge success. The lovely costumes supplied by Mrs. L. M. Colquhoun were charmingly displayed and modeled. The stage was decorated with snapdragons and daffodils and made a fine Spring showing.

Mrs. L. H. Doering supplied a commentary on the costumes as they appeared and soft background music was played by Mrs. C. Allison Graham. Among the costumes were noted attractive items in coats, suits, cotton dresses, evening dresses, rain wear and matching accessories to whet the Easter appetite for new Spring finery.

One of the highlights of the Show was the Bridal Tableau, arranged and directed by Mrs. Howard Hough in a Dutch Motif. Many "Ohs" and "Ahs" were heard when the parting curtains revealed the lovely scene. During the tableau, Mrs. G. G. Merkley sang "Because".

Several delightful numbers were sung by the quartette and a violin duet was given by Mrs. G. G. Merkley and Mrs. G. H. Barton. The accompanist was Mrs. C. Allison Graham.

An innovation this year was the walkway extending out from the stage which afforded the audience a fine view of the modeled clothes.

The president of the W.I., Mrs. Fay Shaver presented a bouquet to Mrs. Colquhoun in appreciation of her efforts. The president also expressed her appreciation to all present for the fine support the project had received both from members of th Institute and the general public.

Delicious refreshments were served at the conclusion of the show by members of the Institute.

The group of models included: Perry Barker, Mrs. Garnet Fyke, Mrs. Jack MacMillan, Mrs. Carl Merkley, Mrs. Howard Hough. Mrs. Emerson Johnston, Mrs. W. E. Wright, Mrs. Oscar Olsen, Leona Gallagher, Mrs. A. Jarvis and Mrs. Lorne Marcellus.

The Bridal Tableau was composed of Mrs. M. Phillips as bride, Mrs. J. Doering as matron-of-honor, Kay Durant, Marion Morris and Leona Gallagher as bridesmaids, Kenny Goul'd as ring bearer and Helen Merkley as flower girl.

Hairdressing was in charge of Mrs. Belsher and Mrs. Henderson and shoes by courtesy of Mr. Maurice Beckstead.

The chairman of the decorating committee was Mrs. H. J. Hamilton and the food committee was in charge of Mrs. Ken McDonald and Mrs. Hugh Smith.

A small fee was collected at the door by Mrs. Byron Campbell and Mrs. Eric Casselman. A goodly sum was realized through the collections to implement the work of the W.I. for the coming summer.

"IMPRESSIONS OF CHICAGO" ADDRESS BY DR. H. JUSTUS AT ROTARY CLUB

Introduced by Campbell Thompson, Dr. Howard Justus of Chesterville, addressed the Chesterville Rotary Club last Monday night at the regular weekly meeting. Dr. Justus gave his listeners a talk on impressions of the City of Chicago. Dr. Justus has just returned from that city after spending some weeks taking post-graduate work at the Cook County Hospital.

The phenominal growth of Chicago is a matter of amazement. In 1820 the city had 14 houses and the total tax bill was around $40. Today it is the fifth largest city in the world. In 1871 Mother O'Leary's cow kicked over the lantern that started the fire that caused $196,000,000 damage and burned over three and a half square miles of the city. Inside of two years, the city had rebuilt so that hardly a scar of the great fire showed.

The greatest reason for the prosperity of Chicago is its strategic position situated as it is in the centre of the midwest of the USA With excellent port facilities on Lake Michigan and the largest rail centre in the world, Chicago is the hub of industry for the middle western states.

In conclusion, Dr. Justus said a few words about Cook County Hospital. This hospital is a charity institution. It has over 3,000 beds and it is possible to find practically any medical problem there any time. Its unique facilities make it one of the world's finest medical centres.

The speaker was thanked by L. A. David on behalf of the club. Present to hear the address was Cliff Butterill as a guest of the club. President F. M Cass was in the chair.

ICE UP, FLOOD COMING, ROBINS HAVE ARRIVED

As it does every year about this time, Spring finally gets the jump on Old Man Winter. To witness that we have only to point to the heaving ice in the Nation, and the dirty piles of rotting ice and snow. Just about now is the ugliest time of the year, but with a feel of Spring in the breeze, who cares? In a few days warm rains will clean away the debris of tired winter and the clear song of the redwings will be the harbinger of green lawns and growing things.

George Merkley Jr. waved a greeting to the first robin to be reported, this morning. Several have been heard but not seen.

Highways Minister Doucett Interviewed In Toronto Asked Future of H'way No.7

Representatives from five Eastern Ontario Centres, includng Chesterville and Winchester Villages, waited on the Provincial Minister of Highways, the Hon. Geo. Doucett, last Friday morning, to urge completion of the East-West Provincial Highway from Smiths Falls to the Quebec border. Rumor had been heard throughout this district that the Government was contemplating building another highway which would eventually supersede Highway No. 43 which now serves Chesterville and Winchester.

Among the delegates attending were Reeves Walter Moffatt, Winchester; W. Cameron, Mountain Townships; Harold Durant, Winchester Township; Arnold Ducklow, Winchester Board of Trade; George Barkley, the Chesterville Chamber of Commerce, and John Turner, representing the Corporation of Chesterville. In addition Merrickville, Smiths Falls and Moose Creek each sent representatives from their Chambers of Commerce or Councils.

Ossie Villeneuve, M.L.A. for Glengarry, introduced the group to the Minister and W. Callan, Smiths Falls, President of Eastern Ontario Chambers of Commerce acted as spokesman.

The Chesterville deputation called the Minister's attention to Chesterville's rapid growth since the end of the war, and that being an inland village it would continue to require an adequate highway to ship out manufactured goods as well as to serve the district villages, who would also make full use of the highway.

Following presentation of the case, Mr. Doucett expressed appreciation of the desire of the deputation to better their respective centres and remarked that he particularly liked the manner in which the Eastern Ontario group had presented the case. Too often both he and the department were embarrassed by deputations who asked outright for a highway rather than to leave the manner at the discretion of the Government.

Turning to the department obligations for 1949 he stated that $69,000,000 seemed like a large sum of money to be used for Provincial Highways, but when broken down into various channels only a small amount remained for new construction. The Minister cited that 17½ million dollars would be earmarked for the spring breakup. Administration required 5 million, replacing worn out equipment, material and subsidies for highways partially under provincial control all took a large slice of the original department budget.

A.A.Acheson & Wife Honored Prior To Departure Receives Toronto Transfer

A reception was held last Monday night in the Community Hall in honour of Mr. and Mrs. A. A. Acheson who are shortly moving to Toronto. Mr. Acheson, manager of the Bank of Nova Scotia here will fill the same position in the Union Station branch in Toronto.

Much regret is felt that "Ach", as he is familiarly known and Mrs. Acheson must leave after such a short stay in our community. In the nine months they and their small family have been here, many friends have been made. Mr. Acheson has been an active member in the Rotary Club and his attention to the affairs of the Holy Trinity church have been much appreciated. Mrs. Acheson has shown her willingness to contribute to the success of many things, and her efforts on behalf of Teen Town have been very helpful. The community will wish them further success in their new home.

MOREWOOD W.M.S. MARCH MEETING

The W.M.S. of the United Church met for the March meeting at the home of Mrs. Ford Steinburg. The members were happy to welcome a new member and five visitors whose presence added greatly to the interest of the meeting.

The President, Miss Ellice Smith, presided, with Mrs. Frank Casselman leading the devotions. The chapter of the Study Book under discussion was "Literature for New Literates" which was most interestingly presented by Mrs. Copsey, assisted by several members. The story of the West China Press and its part in printing the Gospel and Christian literature in simplified chinese has been of vital importance in making Christ known to the people of China.

In April the date of meeting is changed to Good Friday, April 15th, at Mrs. A Dillabough's.

An Easter Thank-Offering is planned for Sunday evening, April 24th, when it is hoped to have the film shown, "New Life Calling," telling the story of outstanding Chinese Christians.

Stor-Dun-Glen Co-Op Medical Services

Since the rates of Blue Cross Medical Services have been raised so drastically during the last few months, many members are considering dropping this Insurance. To replace this security some are joining and others are studying the set-up of the Stor-Dun-Glen Medical Servies. As most Blue Cross members are paid up to July 31st, they will not have to make a decision until that date.

Up to this time, two Farm Forum groups from our County have joined the Co-op Insurance, Church Road in Mountain Township, and S.S. No. 10 in Winchester Township. Bill Legault, the Secretary, has been asked to speak to different organizations to outline the policy. The Catholic Women's League at Chesterville, and the Matilda Co-op are examples of interested organizations. One school section which is now in Blue Cross, is planning to have Bill speak to the members before July 31st.

The benefits of this service are practically the same as Blue Cross with three exceptions: (1)—Cost of penicillin is not included: (2)—The services do not include total hospitalization (amount paid is $4.50 per day for semi-private rooms and $3.00 for standard wards). but; (3)—The rates are lower – $17.00 per year for a married person, including wife and children under 16 for semi-private rooms and $11.50 for standard ward. A single person for the same services pays $8.50 or $5.75. It is noted that, while total hospitalization is not paid, it makes burdensome hospital bills easy to pay and the rates are very reasonable.

The annual meeting of the Co-op Medical Services will be held at Moose Creek on July 31st and every policy holder may attend and assist in determining policy – raising or lowering of rates or adjusting of benefits There is no expensive head office to maintain and the money stays in our own counties. Membership cards are accepted in all hospitals. A new group can join at any time. If cards are issued by the 20th of the month, the insurance starts on the next month (except for maternity cases when a 12-month period must elapse). Rates for new groups will be figured up to July 31st, when all policies for the next year will be due. New members joining a group can be added only at 6-month intervals unless the applicant pays a 6-month fee.

This plan is worth considering by any group that desires reasonably cheap and sure protection. Talk it over at your next meeting.

Church News

MOREWOOD UNITED CHURCH

The services at Morewood United Church were conducted on Sunday by the minister. The theme of the morning sermon was "The Sacred Scriptures" based on the text John 5;39, "Search the Scriptures for in them ye think ye have eternal life and they are they that testify of me." The Bible is a library of 66 books written over a period of 1600 years by 36 authors yet forming one complete unity. Running through them from Genesis to Revelation like a golden cord and binding them together is their testimony to Christ. The Bible is the record of God's increasing revelation of Himself to His ancient people of Israel and the early church. It is Christ who gives meaning to the whole revelation. It has been said that the Old Testament is the New Testament hidden and the New Testament is the Old Testament revealed. The Bible is not a book of science. we do not consult it for mathematics. It is a book of religion We read it to know about God. The chief purpose of the book is to tell us what God has done to save us from sin and evil and to claim for Him the complete allegiance of mind and will. As we read the Bible we should listen to the word of God contained therein with attention and desire, lay it up in our hearts and practice it in our lives. If we thus receive God's word humbly and thankfully, we shall come to know His mind, accept His will and receive strength to do what He requires of us.

WILL 179,567 MORE BE KILLED OR INJURED?

During the past 15 years 9,567 persons have been killed and 170,000 injured in motor vehicle accidents in Ontario.

If the present rate continues it is estimated that the same number will be killed and quite as many injured in accidents on our streets and highways within the next 15 years.

The Department of Highways, the police and other organizations and agencies are working to reduce this needless waste of life, health and property. But the final solution of this problem is *Yours*—the drivers and the pedestrians. YOU AND ONLY YOU CAN STOP ACCIDENTS.

Accept your responsibility as a citizen and do your part each day to make highway conditions safe.

CHECK YOUR DRIVING TODAY

What is your honest rating on the following test?

DO YOU ALWAYS—

1 Exercise good judgment when driving?
2 Make sure the road is clear ahead before passing?
3 Stay in your traffic line?
4 Keep alert for what other drivers or pedestrians may do?
5 Come to a full stop at a through street?
6 Keep your mind on your driving?

Unique Churches of New York

By
AMELIA McMILLAN LAMBKIN

During the next several weeks we hope to publish discriptions of a number of New York Churches written for her friends by Mrs. Amelia McMillan Lambkin. They will appear each week as space permits.

CHURCH OF ALL NATIONS

It is Methodist-Episcopal denominationally and stands in New York's Chinatown as a cross-roads to all peoples of the world. It has opened its doors and welcomed the stranger for over half a century regardless of color, creed or nationality. His desire to enter was to admit him, to make him feel at home, that it was his church. If you had not been advised regarding its location you might pass it by dozens of times, since there is no indication of a church, as we know one However if you are looking for it along that street of dirt and slum and rubble in a neighborhood that reeks of neglect, you would read the name through the iron bars which protect the glass on the door. Upon entrance however you find cleanliness and order. The vast hall leads you to the door of the church.

The friend who took me to the service was quite at home there. Her late husband—Dr. William Stonehill, had been a missionary for many years and during his long service they had lived in an upstairs apartment maintained for its clergy by the organization. As we entered the church we were surrounded by its congregation —a motley throng but all appeared happy and immediately you forgot the surroundings, and entered in upon the spirit which pervaded there. It became homey. a strange peace enveloped you; you felt His Presence, as these foreign peoples smiled a welcome to you. The poor little church had taken on the dignity of a cathedral.

Since this was Communion Sabbath the service was conducted by three clergymen, a Russian, an Italian and an American. We were invited to come forward to partake of the sacrament. We knelt there a common family at this Lord's Table. To me it was a moment of deep concern as I watched a Japanese sharing bread with the Russian kneeling beside him, and an Italian waiting while a Chinese was being served with the sacred wine The service was unique as it was impressive.

I was amazed to find a Chinese choir in that church. I had always thought the Chinese people seldom if ever sang, and if so, that it would sound strangely foreign, yet here was a choir purely Chinese. I was anxious to hear them sing. Finally a quartette came forward and I eagerly awaited their first notes. While the organist played the opening bars of the hymn, they looked pleasantly down over the congregation. "Jesus Saviour Pilot Me" came quite softly and in perfect tone and pleasing harmony from the four young Chinese, whose faces now wore a rapt expression. Gradually the old hymn rang out filling the little church with melody. I sat transfixed with mingled feelings of delight and astonishment, in the thought that the music was being produced by a Chinese quartette.

After the service, my friend remained to greet the different members of the congregation. In introducing me to the singers she remarked "These boys and girls are Miss Banta's children" at which they smiled as though pleased at being thus singled out from the others. The wonderful missionary. Miss Banta, came hurrying along with a tot of three years by the hand The tiny Chinese girl was picturesque in her little embroidered coat. Her black hair was cut in straight bangs which hung in oiled exactness over her forehead and the black, oval eyes were sparkling. She smiled as Miss Banta told her to shake hands with the ladies and later confided to me that her Chinese name was "Fish" but her American name was "Dorothy".

It was then I learned that Miss Banta had adopted, reared and educated five children. The quartette were her older ones. Dorothy the last to be taken. It appears that in the earlier days the wealthy of New York's Chinatown brought over certain children of very poor families from China to do the work in their homes. After these people became Christians, Miss Banta showed them how it was wrong to keep a child to slave for them so she was given these children to rear and educate. Hence they became her children.

In speaking with Miss Banta I learned that these converted Chinese were deeply interested in the church services and never missed coming to every meeting held there.

Besides this service which is presided over by an American clergyman, there are other services during the day. At one, a Russian minister conducts the service in the Russian language, and again an Italian clergyman gives a sermon in Italian. Thus, this little sanctuary "The Church of all Nations" set in the midst of squalor and East-end slums is diligently carrying on the work of the Master —gleaning souls from dark places.

THE MIXING BOWL

By ANNE ALLAN
Hydro Home Economist

Hello Homemakers! Ever hear the man of the house say he liked work. As for the odd job around the house he likes to sit and look at it for hours! We do, too.

How often most of us only "look" at odd jobs about the home, which, if accomplished during the winter months, leave more time for leisure outdoors when the fine weather comes.

Screens can be given a fresh coat of paint; porch and lawn chairs fixed with new canvas; kitchen shelves painted; furniture, doors and floors repaired; household linens mended, summer slip covers laundered and so the list goes without end.

Our present job is rebinding a blanket but it seemed to be needed back on the bed again — and, you know, out of sight, out of mind.

TAKE A TIP

1. To tighten a door handle unscrew one end of the knob after loosening the small screw found on the shaft. Put a metal washer or ring of wire around the shaft and replace the knob. If handle is still loose add another ring or washer. The washer must be large enough to fit over the shaft, but small enough in diameter to go into covered frame

2. If the knob is loose, remove screw, tuck in a piece of steel wool and reset the screw.

3. To tighten loose hinges, drive screws farther into the hinge sheaf. If this fails, take out the screws and put either plastic wood or a piece of wood match stock into each hole and reset screws.

4. If the spring on a roller blind is unwound or fails to catch, take it off the holders and fix with a clothes pin and screw driver. Hold the catch on the open end with screw driver as you use clothes pin to wind up the spring.

5. When windows stick, first try rubbing paraffin or heavy floor wax along the length of the groove in which the sashes run. (Wait for dry weather to do this.)

6. For hardened paint which keeps a window from moving, use the steel blade of an old kitchen knife. Work the blade up and down in the crack between the sash and stop. If it is a downstairs window which can be reached from the outside, run the blade between the frame and the parting-strip.

7. In getting a stubborn sash up, strike the top of the frame near the sides, and not in the middle to prevent cracking glass. You may take a small block of wood and move it up and down the sides of the sash-frame, tapping the block lightly with a hammer each time it is moved.

8. Rattling window panes mean that new putty is required. Remove old hardened putty before applying the new.

THE SUGGESTION BOX

Mrs. B. D. suggests: Do not keep matches or rubber bands near silverware as this will cause tarnish. Wrap silverware not in use, in aluminum foil.

Mrs. S. M. suggests: We order food by weight or measure, not by a quarter's worth or dime's worth. Remember that packaged goods demand higher prices than foods bought in bulk—but buy packaged goods where storage is a problem.

Mrs. J. M. suggests: A refrigerator door should not be slammed to close it. Lift the latch and close.

Mrs. C. F. suggests: Scour steel knives with powdered bath brick using a cut potato for scouring.

Mrs. R. W. suggests: To clean a bake-board scrape with the back of a knife and remove loose material. Wash with cold water, then scrub with lukewarm suds. Rinse thoroughly and dry in the sun if possible.

THE LATE MRS. McK. THOM

It was with much regret that the friends of Mrs. McKenzie Thom, well-known and respected resident of Elma, learned of her sudden death which occurred at her home Thursday morning, March 17.

Mrs. Thom, whose maiden name was Mary Elizabeth Colquhoun, was born at Colquhoun, November 15, 1869, a daughter of Mr. Thomas Colquhoun and his wife Elizabeth Beckstead. In 1892 she married McKenzie Thom and lived on the Thom homestead north of Elma for several years before moving to Elma where the family has kept store for the past 45 years.

Mrs. Thom's friendly manner and kind nature won a wide circle of friends. She was a prominent church worker being active in everything pertaining to the welfare of the congregation of which she was a member.

She leaves to mourn her loss two daughters, Mrs. Andrew Allison, Mrs. Welzie Burleigh; one son, Douglas; two sisters, Mrs. Elgin Hamilton, Mrs. Harvey McLaughlin, and two brothers, William and Robert C. Colquhoun.

The funeral which was held Saturday afternoon at Elma United Church, was conducted by Rev. W. H. Heustin of Dunbar Presbyterian Church, assisted by Rev. John Hurst of Shanly United Church. The choirs of Dunbar Presbyterian and Elma United church, under the leadership of Mrs. Bernice Barkley sang "Sometime We'll Understand" and led in the singing of the hymns

Many beautiful floral tributes testified to the esteem in which Mrs. Thom was held.

Pallbearers were Burrill Beckstead, Brock Barkley, Hugh McMillan, Egerton Barkley, Charles Bouck and Hyndman McMillan.

PURITY
NEW! Sweet Buns
. . . and easy to make at home
Appetizing, satisfying, money-saving! Make up this Purity Flour Sweet Bun dough and in quick time you can have hot buns, fruit buns, spiced buns or iced buns . . . even fresh.

SWEET BUNS
Tested Recipe from the Purity Flour Kitchens—

1 cake compressed yeast
2 cups milk (scalded and cooled to luke-warm)
⅛ cup granulated sugar
¼ cup shortening
1 egg
1 teaspoon salt
5½-6 cups sifted PURITY FLOUR

Soften yeast cake in luke-warm milk. Cream sugar and shortening and add well-beaten egg, salt, yeast and milk mixture. Add sufficient flour to make a dough soft enough to be conveniently handled, and knead until smooth. Place dough in a lightly-greased bowl and grease the surface of the dough lightly. Cover and leave in a warm place (80°-90°F.) to rise until it has doubled in bulk. Punch down and shape into rolls. Place on a greased baking sheet, cover lightly, and let rise until double in bulk. Bake in a hot oven (400°-425°F) for 20-30 minutes, or until light brown. Yield about 3½ dozen rolls.

FRUIT BUNS—Add 1½ cups currants or raisins, dredged with flour, before shaping the dough into buns. Just before baking, glaze with a mixture of 1 egg-white and 2 tablespoons water.

CINNAMON BUNS—Roll dough out to a long narrow sheet ½ inch thick. Brush with melted butter. Mix 1 cup brown sugar with 1½ teaspoons cinnamon and sprinkle over dough. If desired ½ cup of raisins may be added. Roll up jelly-roll fashion and seal edge. Cut into 1 inch slices and place cut side down in well-greased muffin tins. Brush tops with milk and sprinkle with sugar and cinnamon mixture.

What a taste thrill . . . what a thrill to get a recipe that means so much wonderful food for so little money. And this recipe calls for Purity Flour . . . your favourite, the flour that's specially milled from fine hard wheat, the flour that means successful cakes, pies, cookies or buns, *every* time, *all* the time. 851-F-8
