Cistern and Eavetrough Repairing

Now is the time to see that your eavetroughs and cistern are in good condition ready for a large supply of water. You know what it means when the old cistern springs a leak. Prevent this by phoning 48 and have us look it over.

Arthur Peake - Chesterville.

W. A. DURANT'S BARNS HAVE NARROW ESCAPE

Monday afternoon about three-thirty Chesterville and vicinity was again aroused by the call to fight fire, when with much strenuous work the stock barns of W. A. Durant at The Boyne were saved from destruction. The fire originated in a lean-to building against the barn where a lighting and power plant is housed following a couple of explosions which were heard by neighbors at a considerable distance. Mr. Durant was away from home at the time and the alarm was sent out by his wife and daughter to which a quick response was made. Water was fortunately available in a large storage tank in the barn and a bucket brigade fighting tenaciously checked the flames although they had eaten into the barn and got a slight start in a mow of loose hay. The damage is estimated at around a hundred dollars. Mr. Durant is an extensive breeder in pure bred Holstein cattle.

A. H. FORBES NARROW ESCAPE

Last Friday morning when Max Johnston's horse ran away from Coyne & Allison's shed with the milk rig and six or eight cans of milk, A. H. Forbes came very nearly being seriously injured. As the horse ran for the bridge a large milk wagon was blocking the entrance to the bridge, and the horse swung around the wagon and fell upsetting the load and skidding along the pavement. Mr. Forbes was just crossing from the bridge and was between the two rigs when the crash came. Fortunately he escaped scott-free. Milk flowed in a stream down the gutter to the river.

CREDITABLE SHOWING AT PRESCOTT

A rink of bowlers made up of Geo. Lacey, W. O. Dixon, Dr. Hutt and Dr. Doering, skip, took part in the two-day Eastern Bowling tournament at Prescott on Monday and Tuesday, and while not coming home inconvenienced with the silverware, made a very creditable showing, winning three of their games and losing three, two of which were lost by one point only. The fifth game against Costello of Chelsea Island, Ottawa, was a hair-raiser and held the interest of the large number of spectators and players up to the very last bowl, when after Chsterville tieing the game up in the fourteenth end and lying with the winning shot well protected their last opponent with his last shot and last of the game made a marvellous draw and beat Chesterville out by an eye lash. Chesterville won three games, from Craig of Brockville by 13 to 12, from Stone of Prescott 13 to 12, coming in to the last end with five down and winning out with a six; from Kemptville 17 to 10, and losing to White of Brockville first by 16 to 17 and the last game to the same skip 10 to 17, with the other going to Costello by 11 to 12.

Each member of the local rink vows the others played the games of their lives and we will leave it to them for further particulars of the play.

W. C. T. U. CONVENTION

Representatives from the counties of Dundas, Stormont and Glengarry met in their annual W. C. T. U. Convention in Winchester last Thursday and Friday with the County Pres. Mrs. F. A. Campbell, in the chair. The Convention speaker was Mrs. Kerr of Ottawa, who gave an illustrated lecture, Thursday evening on the evil effects of alcohol and tobacco on the human system. On Friday she spoke on scientific temperance work in the Sunday Schools and told how she took up this subject for ten minutes at the Sunday School session once a month, using the lantern slides to impress the lesson more vividly upon the minds of the children.

Supper was served to the delegates, visitors, and local members on Thursday evening at which the town council were guests as they are all honorary members of the W. C. T. U. and wore the white ribbon bow. Other honorary members of the town were also invited.

An exercise by twenty L. J. L. members was given on Thursday afternoon contrasting conditions in "Temperance town" and "Whiskeyville," and in the evening a splendid playette on law enforcement was put on by four young people under the direction of Miss Gardner.

Mrs. Waterson, a great temperance worker of Kemptville, was present and spoke forcibly along the line of law-enforcement against the sale of cigarettes to minors, and also smoking on the streets.

SOCIAL AT GOLDFIELD

The Finch Branch of the Women's Institute are having a social on Monday evening. July 14th, at Goldfield. Finch Pipe Band in attendance. A Foot-ball match to be played early in the evening. A good programme. Admission to grounds and supper Adults 35c. Children 25c.

TO STAND TRIAL MURDER CHARGE OVER SHOOTING

Following the preliminary hearing in the cases of Joseph Fisher and Reginald Masson of Cornwall, who were arrested in connection with the shooting in which Edward Gallinger formerly of Ottawa, lost his life on the morning of Sunday, June 15, Fisher was committed to stand his trial on a charge of murder, and Masson to stand trial on a charge of being an accessory to the crime at the next session of the court at Cornwall.

Before making committal, Police Magistrate C. H. Cline, who heard the case, expressed the opinion that, while the "beer garden" of Cornwall was treated as a joke in some quarters, a serious condition of affairs existed there, and town and township authorities should co-operate with the provincial authorities in closing the place up. There was no doubt that this unfortunate incident was directly attributable to the operations carried on at the garden.

There are few points in the story revealed at the hearing that were not made known at the coroner's inquest into the death of Edward Gallinger. Fisher's case was considered first, and evidence was given by Provincial Constable Frank Wetherall, the parent of the accused, Mr. and Mrs. John Fisher, and others who testified at the inquest. Mr. Fred Lefebvre stated that he had been threatened by a party of men on the night in question, and that he had heard sounds of a tussel and a shot.

Reginald Masson, questioned by County Crown Attorney J. G. Harkness, told of Fisher, Gallinger and himself at the "beer garden" and mentioned helping Fisher to drag Gallinger's body into a ditch.

Dr. C. J. Hamilton testified that Masson had told him Fisher had said that he shot into the air "to scare a fellow who insulted his girl." Chief of Police stated that Masson said that Fisher and Gallinger were in an argument over what Gallinger said about Fisher's girl, and he heard a shot and saw Gallinger drop. Masson wanted to get a doctor, but Fisher said, "Never mind a doctor. You do as I tell you or I might get ugly and give you what I gave Eddie."

HINTS ON CHEESE MAKING

A meeting was held at Hastings at which G. G. Publow, chief dairy instructor of Kingston, was the speaker. In the course of his remarks Mr. Publow said that ninety per cent. of the milk from cows was unfit for the cheese process, even from good cows. At certain seasons it is impossible to make good cheese. This year has been very favorable owing to the cold weather. Weeds make weedy flavors in the cheese, as also do dandelions, but these flavors may be taken out in the process of making.

Some time was taken up during the meeting as to what effect the feeding of turnips had upon the milk. The instructor was not in favor of feeding them, but said if they were feed at the proper time, which should be after the milking hour, the flavor could not be detected in the cheese. This year more so than before, the cheese are being strictly graded and at least two cents per pound will be deducted by the graders for cheese which have been made from milk received from turnip fed cows.

DUNDAS REPRESENTATIVE AMONG PROGRESSIVE SECEDERS

Four more Progressive Members of Parliament have withdrawn from attendance at the Progressive caucus, at least for the present session. These are in addition to the six who notified Robert Forke, Progressive leader, of their intention two weeks ago. In their letter to Mr. Forke, the latest group of seceders, besides announcing their withdrawal from caucus for the present, express the view "that a proper re-organization of the group would result in increased harmony and efficiency and might bring about re-union."

The four who signed the letter sent to Mr. Forke are: W. C. Good, (Brant); G. G. Coote, (Macleod); P. Elliott, (Dundas), and W. J. Ward, (Dauphin).

SNOWBALLS IN JULY AT CAMPBELLVILLE

Friday last the youth of Campbellville, twenty miles east of Guelph city engaged in the unseasonable past time of snowballing on the streets of the village. Last Winter, while workmen were engaged in getting out gravel in a deep pit near Robinson's Lime Kilns, the walls caved in and tons of earth fell into the excavation, covering up the snow which had lodged there, and which was several feet deep. Teamsters at work cleaning out the pit came across the snow and had to cart away several loads of it before they could get at the gravel underneath. It was teamed to the village, where it was dumped.

HE WRITES A LETTER OF HIS ESKIMO LOVE

Noo-Kood-Lah, the Eskimo who was brought to Quebec last fall on the C.G.S. Artic from Pond's Inlet and who was sentenced to 10 years' servitude at Stony Mountain penitentiary in Manitoba for the killing of a Newfoundland trapper, is sitting in his cell and grieving over the coming departure of the same vessel which sails from here tomorrow for his far off home, the vessel being the only connecting link between his loved ones and his abject loneliness in the white man's country.

For Noo-Kood-Lah is well aware that the Artic is due to sail. He had been told that by the authorities. He had at first hoped that the great white father at Ottawa would allow him to return to his home, but he now knows that he will be obliged to remain in prison.

Noo-Kood-Lah knowing that he would not this time be brought to Quebec on the "white's sleigh without dogs" to sail on the Artic did the next best thing. He wrote a letter to his squaw and that missive is now in the hands of F. D. Henderson, who is sailing tomorrow on the ship in charge of the expeditionary party.

The exact contents of the letter could not be ascertained but it is understood that Noo-Kood-Lah has sent a message of Eskimo love to his spouse. The letter is addressed in scrawling characters on a single line. It appears something like the following: "X — — X Z Z Co-KOOXX" and very likely contains a wealth of meaning.

STRIKE—CASSELMAN

The marriage of Miss Helen Alexandra Casselman, only daughter of Mr. and Mrs. J. Clinton Casselman, to Mr. Glenn Elford Strike, pastor of the Ottawa South Methodist Church, and of Mrs. Strike, took place Wednesday at half past one o'clock at the home of the bride's parents, 10 Winchester avenue, Westmount. The emony was performed by the Rev. Mr. Strike, assisted by the Rev. John Motherill, of Taylor Presbyterian Church. Masses of peonies and greenery decorated the drawing room, where the ceremony took place, and sweet peas and mauve irises were used in the dining room, with roses on the bride's table. The bride, who was given in marriage by her father wore the gown and bridal veil worn by her grandmother on her wedding day, seventy years ago. The gown of silver moire antique, was made with a tight bodice and wide crinoline skirt, and the veil of real Limerick lace was held in place by rare old ornaments of golden grapes and drop pearls arranged at each side. She carried a Colonial bouquet of sweet peas in pastel shades and butterfly roses. The bridesmaids were Miss Dorothy Kent and Miss Jean Aylen, who wore dresses made a like in early Victorian style, of quaint old fashioned flowered grenadine, the former in orange and the latter in mauve, and carried arm bouquets of yellow calendulas and mauve iris. Mrs. Casselman, mother of the bride, wore a gown of sand georgette romaine embroidered in crystals and gold beads, and her corsage was of sweet peas. Mrs. Strike the groom's mother, was gowned in fawn georgette. Following the ceremony, an informal reception was held after which Mr. and Mrs. Strike left for their wedding trip, the bride going away in a dress of powder blue georgette over satin with a grey hat and Lucile fox fur, the gift of the groom. They will reside in Ottawa on their return. The out of town guests included Rev. A. J. H. and Mrs. Strike, Ottawa; Mr. Ross Strike, Perth; and Mr. W. K. Farlinger, uncle of the bride; Mrs. Gus. Farlinger, the Misses I. K. and Kathleen Farlinger, Mrs. Rohrig and Mr. Arthur Casselman, all of Morrisburg.

LEARN TO SWIM

With the advent of warmer weather the drowning season may be said to have begun, and public prints throughout the summer will carry entirely too many stories of lives lost in the water. Some will be those of swimmers, for even a person who is perfectly at home in the water may suffer a cramp or other accident, but the majority of drowning victims in any season are persons who do not know how to swim. The hardest thing about it is to overcome a perfectly natural fear of the water. Once that is done the rest is easy—no harder than learning to dance or riding a bicycle. Swimming is a perfect exercise. There is not a muscle in the body which is not benefited. In addition swimming is most pleasurable, and what is most important, knowing how may some day save a life. Everybody should learn to swim.

The BRANTFORD SELF-OILING WINDMILL

The "*Brantford*" Self-Oiling Windmill has the strongest windmill tower in the world. Galvanized steel, girded every five feet and double braced, this tower will stand up in the severest gales.
Self-oiling, the *Brantford* needs attention but once a year. Turns on roller bearings, and is equipped with double gears running in oil. These two features make possible the driving of the *Brantford* in very little wind, and are the means of keeping the *Brantford* in constant service.
Many *Brantfords* are still in use after 25 years of service.
There is no upkeep cost connected with *Brantford* Windmill power. You get years of power service from your installation outlay.
Write for our free booklet giving full particulars.
THE GOOLD, SHAPLEY & MUIR CO., Limited

BIRTHDAY SURPRISE

Saturday evening July 5th at Mr. Philip Merkley's was the elect time for a most enjoyable evening, when his family with a few friends gathered to celebrate his birthday. After an exchange of greetings and some games the host was called to the floor when an address was read and he was presented with a beautiful daveno by the family. Various other personal gifts were also presented. Mr. Merkley, though taken by surprise, feelingly responded in his offhanded way, thanking all for the kindness shown him.

The following is the address:—
Dear Dad:—

On this the 69th anniversary of your birth, we your own children, with a few friends, thought it an auspicious time to meet and greet you 'neath the old home tree,' where with dear mother you have ever endeavoured to make an hospitable, loving, ideal home.

Now that we have all reached years of discretion we can realize the loving care you have always bestowed on us,— guiding and guarding our infant steps—nursing and watching with deep anxiety through our childish sickness—advising, when we came to years of maturity and through all proving yourself not only a dad but a boon companion, one to whom we could come in sorrow or joy; in pleasure or trouble and be sure of a dad's understanding, sympathy and love.

Tis with mingled feelings of gladness, so deep to have you with us your faculties unimpared, your heart still young; gratitude, that you have been spared to this ripe age and also for the exemplary love you have ever shown us, and lastly, love for you so deep and warm that it emanates from the innermost recesses of our hearts.

Now as you are approaching the allotted span of life we, your children knowing that you cannot always remain with us, desire to return a little of the love you have showered on us and to show our appreciation of all that you have been and have done for us, and also to try to be a comfort and joy for your remaining years which we trust will be many.

As further evidence of our good will we ask you to accept this gift, trusting that as often as we hope you'll use it, so often may you think of this anniversary and may your remaining years be as pleasant as tonight has been for you.

Signed The Family.

ONLY A DAD

Only a dad, with a tired face,
Coming home from the daily race,
Bringing little of gold or fame,
To show how well he has played the game,
But glad in his heart that his own rejoice
To see him come and to hear his voice.

Only a dad, but he gives his all,
To smooth the way for his children small,
Doing, with courage stern and grin,
The deeds that his father did for him,
This is the line that for him I pen
Only a dad—but the best of men.

BECKSTEAD

Mr. and Mrs. Isaiah Neville, Mr. and Mrs. Irvin Neville and daughter Ruth of Osnabruck Centre, spent Wednesday at Mr. John MacLean's.

Mr. and Mrs. Charlie Beckstead and family spent Sunday at Morewood.

Miss Jessie McLean was busy trying her entrance examinations last week.

Mr. and Mrs. John Servage and Miss Melissa Froats and Master Arnold Froats spent Sunday at Mr. Lloyd Froats.

Mrs. Hess of Williamsburg, has returned home after spending a week with her daughter Mrs. Charlie Beckstead.

Mr. and Mrs. Leslie Armstrong and family spent Sunday at Mr. Orval Colquhoun's.

BERWICK

Master Emmett Norton of Trenton, is the guest of his grandparents Mr. and Mrs. Wm. Galvin.

Miss Viola Morpha of Cornwall, is the guest of her sister Mrs. Pat Raymond.

John Bogart of Massena, was the guest of his parental home over Sunday.

Mrs. Willis Stone and baby of Massena, are the guests of Mrs. Jas. Barkley for a few days.

Miss Evelyn Legg is visiting relatives this week at Monkland.

A few of our citizens are working on the good road at Moose Creek for a few weeks.

Miss Rose Meilleur is visiting relatives at Waddington for a week.

Misses Mary Ruddy, Mille Roche, and Helen of Glen Nevis, are spending their vacation at their parental home.

Mr. D. R. Reveler and daughter Miss Eliza of Cannamore, were calling on friends in town on Tuesday.

Mr. Stewart Dillabough of Detroit, returned to his parental home here on Tuesday.

Mrs. Coulthart who spent the past couple months with her daughter at Cannamore returned last week to spend some time with Mrs. A. Summers.

Mrs. Aubin spent last week with her sister at Cornwall.

Messrs. George White and Aubie Gallinger of Massena, were in town over Sunday.

Mr. Bernice Coulthart of Russell, was in town on Tuesday.

Mr. A. Summers is painting this week at Cornwall.

MOREWOOD

The baseball match between Osgoode and the home team was the event of the season. This has been one of the most enjoyable games our boys ever played. The score being 10—12 in favor of Morewood. After the match the Presbyterian young people gave a strawberry and Ice Cream Social. The programme rendered by the young men was all that could be desired. The orchestra did their part in the usual good style. The bag pipes played by Mr. Carruthers accompanied by the drums played by Mr. Gordon and his son Donald were enjoyed by all. The Rev. Dr. Houston gave an address comparing the American holidays and the Canadian. He being American born makes a fine Canadian.

Mr. and Mrs. J. W. Bogart and Mr. and Mrs. G. Bogart spent Saturday at Bouck's Hill at a picnic and Bee demonstration.

Mrs. J. Fraser and son Kenneth are spending a few days with Mr. T. Faulkner's.

Mr. and Mrs. Lyle Loughridge and Misses Kathleen and Mabel Forrester, Sherman Ryan and George Forrester spent Sunday at Winchester Springs and came home by Morrisburg.

Rev. Mr. Cooke and Mrs. Cooke motored to Quebec to spend a week with the former's parents.

Mr. and Mrs. Allan Beckstead and family called Sunday at Mr. C. Forrester's.

We are glad to report that Mr. H. Loucks and family have returned to our midst after a years absence. They have bought the Gillispie home and are remodelling it a great deal.

Mrs. O. Baker and family spent a few days with Mrs. Lyle Loughridge

The anniversary service in the Presbyterian church was largely attended Rev. Mackenzie of Morrisburg conducted the services.

Dr. Arnott McGregor of New York is spending his holidays at his home here.

Morewood and Inkerman met on the Base Ball diamond last night with another victory for the Morewood boys.

BORN

Kittle—At The Boyne on Tuesday, July 8th, 1924, to Mr. and Mrs. Howard Kittle, a son.

CARD OF THANKS

We wish to thank the kind neighbours and many friends for their kindness shown in our recent bereavement.
Mrs. D. J. MacDearmid and Family.

CARD OF THANKS

As I am unable to meet you all personally to thank you for saving my barns from destruction by fire, I take this means of expressing my thanks and gratitude to you all.
Most cordially yours,
W. A. Durant.

A Bargain

The railroad conductor suspended his work of taking up the tickets temporarily as the train plunged into the blackness of a long tunnel. When it finally emerged he found opposite a young couple, both seemingly much flustered, and the woman nervously readjusting her hair.

Thinking to put them at their ease, the conductor remarked:

"Did you know that tunnel we just came through cost twelve million dollars?"

"Did it?" inquired the girl. Then she added, after a pause, "Well, it was worth it."

We Handle the Very Best Meats

We feel we can satisfy you if you only can be persuaded to give Our Market a chanee to serve you.

We can assure you of getting good service and prompt delivery, as well as the bese qualities of Meats at fair prices, if you trade with us.

THURSDAY, JULY 10TH, 1924.

CHURCH UNION BILL PASSES THE HOUSE

The Church Union Bill has passed the House of Commons and goes up to the Senate. The final stage took place Friday evening when, after the rejection of two amendments, the third reading was carried. No vote was recorded on either of the amendments or on the third reading; but William Duff, of Lunenburg, asked that the minutes contain the statement that these decisions were reached only "on decision." This implies a formal recognition that opposition was continued to the end though no division lists appeared in Hansard. A division was recorded last Tuesday night on the Duff amendment to change the name of the new church to "The United Church in Canada," instead of "The United Church of Canada"; this amendment was defeated by 90 to 58.

When the bill was called this evening, Alfred Stork (Liberal, Skeena) moved, seconded by W. G. Raymond, (Liberal, Brantford), that the bill be amended to provide that it should not apply to the Presbyterian Church until all doubts of the powers of the General Assembly to agree to union had been removed, and that this question be referred to the Supreme Court of Canada. There was no discussion and this amendment was declared "lost on division." Mr. Duff then moved, seconded by Mr. Stork, to amend the bill to provide that the vote on union in the congregations should be taken by a circulated ballot instead of at a meeting of the congregation.

ALL MUST CO-OPERATE

It is the opinion of Ontario Motor League officials that while present concentration of thought upon the subject of accident prevention by representatives of national bodies in Canada and the United States will do much to cut the swelling accident list but that real progress can be had only through the willingness of each individual, pedestrian and driver to consider the subject as one of personal interests.

Fearing that the pedestrian and car owner may take notion to "let George do it," the Ontario Motor League advises all affiliated clubs throughout the country to urge upon their members the need for close attention to the accident prevention study now being made at conferences of national bodies.

Nothing would be more disastrous to this comprehensive plan of safeguarding motoring, human life and limb, it is declared, than to have pedestrians and drivers imagine that the national organizations can solve the problem without the assistance of the individual.

It is pointed out that while the organizations are in a position to bring the traffic problems to the attention of those who will be able to aid directly in the work of eliminating accident causes, the pedestrian's and the motorist's part in the matter is still of primary importance.

The Ontario Motor League has already pointed out the fact that lack of uniformity is an important accident cause and has asked motor tourists this summer to familiarize themselves with conditions under which other folk operate their cars. This is merely the starting point. It is being discovered from analysis of accident causes by experts that bad street lighting is very largely responsible for many city accidents at night, in such cases it might be a duty of the motorist to support campaigns in favor of a more progressive administration.

The matter of recklessness is far from being entirely up to those who are guilty of lawlessness. A majority of accidents would, of course, be done away with if law-defying motorists would turn over a new leaf, but they are not likely to do this and that is why the rank and file of motorists must take a hand in the situation and not imagine that the provincial, state and national organization can do the job of cleaning up the reckless minority without the co-operation of the individual.

The O. M. L. firmly believes that great good will be accomplished through the present and proposed intensive study of the entire situation, but it believes that reporting the license number of an undiserable driver, to the Ontario Motor League is more to the point in accident prevention than trying to draw a lesson from another preventable accident that has come up for general discussion.

COMMERCE TO THE RESCUE

Business Endorses Prohibition

Thirty-five years ago there was not, on this continent, a popular magazine or a daily newspaper of prominence, except "The Montreal Witness," that advocated Prohibition. They nearly all reeked with liquor ads. The Editor that refused such business, had a hard time to make ends meet.

But all this had changed. The veterans of the 19th Century would have thought the Millenium had arrived, if they had found a Prohibition article in "The Century," "Harper's," "The Saturday Post," "Current opinion," "World's Work," etc.

Yet these and nearly all the other magazines of standing in the United States, and many Canadian publications, have ranged themselves with the once despised Prohibitionists and against the beverage sale of intoxicants.

A New Ally.

There is no more high-toned literary magazine in the States than The Century. In a recent issue one of the leading articles was by that well known writer, Charles Edward Russell, and was entitled "Is The World Going Dry?" The writer's analysis of American Conditions, is deeply interesting, but too lengthy for reproduction. Some items in his world-review are here quoted, to show the astounding progress being made by the Probibition idea.

As Englishmen See It.

Mr. Russell says—"The international struggle for markets grows every day more intense. Production efficiency is production economy."

He tells us that Prohibition in America has increased production efficiency, some say 30 per cent; and he gives English testimonies to this effect. We quote a couple:—

"After two years of American Prohibition Mr. G. C. Vyle, a British business man and anti-prohibionist, came to this country to observe the workings of the new reform. On his return he was quoted as declaring in a speech at Birmingham, that 7 American workmen, with the same plant, same materials, same facilities, would produce more than 10 British work men."

Three Times As Much.

Mr. C. A. McCurdy, member of the British Parliament from Northampton, was lately quoted as saying to the business men of Leeds, England, that the American Worker was producing, man for man, three times as much as the British Worker, and he gave figures from the shoe industry to enforce his statement. He added that while in Great Britain the average output of coal had declined from 312 tons a year for each miner, to 259 tons, the average output in the United States had increased from 400 tons for each miner to 681 tons."

Fighting For Markets.

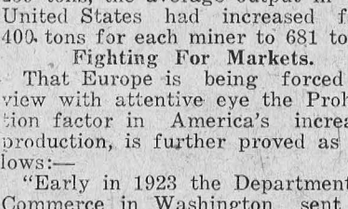

That Europe is being forced to view with attentive eye the Prohibition factor in America's increased production, is further proved as follows:—

"Early in 1923 the Department of Commerce in Washington sent abroad one of the skilled observers to note the state and prospects of European trade. On his return he said he had found the masters producers in all countries looking with wry faces at the new figures of American production and production costs.. IT WAS HIS CONCLUSION, AS IT WAS THEIRS, THAT COMPETITION WOULD DRIVE EUROPE, IN SELF-DEFENSE, TO ADOPT PROHIBITION. The only escape from it would be a miracle that would restore the saloon in America, and concludes Mr. Russell—"No imagination can suggest a thing more improbable."

Business efficiency is now Prohibition's staunchest ally.

A LOT OF WHAT-NOT

"Are you there?"
"Who are you, please?"
"What?"
"What's your name?"
"Yeh, what's your name?"
"My name is John Watt.
"John what?"
"I'll be around to see you this afternoon."
"All right. Are you Jones?"
"No, I'm Knott."
"Will you tell me your name then?"
"Will Knott."
"Why not?"
"My name is Knott."
"Not what?"
Brr, clank, crash, sears.

NO OCTOBER SESSION

It is not often that word of warning is heeded speedily as was the advice given by Mr. Currie, manager in Cornwall of the Bank of Commerce, at the Warden's banquet, at Stanley Island last Thursday. Mr. Currie spoke in no uncertain tones of the need of economy not only by the County Council but by the community at large. Too much money was being spent in what ever direction one looked, and it was time a halt was called in the issuing of debentures, and the incurring of liabilities in other directions. Anyone conversant with conditions in town as well as country was aware that too much money was being spent and at no time in the world's history was the necessity for thrift more evident and more pressing than now. Mr. Currie, as well as other speakers, spoke of the number of farms that had been abandoned, because, as was claimed, there was no money in farming.

Close after the economy talk came the adjournment of the County Council at noon on Friday a most unusual, but very sensible proceeding, and the passing of a resolution introduced by Reeve D. A. McNaughton of Finch, doing away with the October session this year, unless under urgent circumstances, and for special business only. Mr. McNaughton quoted from previous minutes of Council to show that the October meeting cost upwards of $1000 annually and that as a rule the business transacted was of minor importance and could as well be postponed until the January session.

In this way a very considerable saving could be made.

LACERATED BY DOG

The one and a half year old daughter of Mr. and Mrs. Malcolm Mitchell, of Chatsworth, literally had her face chewed to pieces by a dog on their farm last week and was taken to the Owen Sound hospital in order that surgeons might operate on her. The child had been playing with the dog, which was ordinarily regarded as a docile animal. Two teeth and part of the jaw have been torn away and the face and lips are cut and lacerated right through to the jaw.

Princely Make-Up.

She—"Aren't you wearing a costume to the mask ball tonight?"

He—"Yes, I'm going to wear my arm in a sling and go as the Prince of Wales."

Indians Massacred the Garrison

If one were to address a letter to-day to "Checagou," even a clever post-office official would be puzzled, yet that was how the great French explorer, La Salle, spelled Chicago 241 years ago. Chicago was only a name when Jolliet, Pere Marquette and the Sieur de la Salle camped there on their way to the Mississippi. Chicago was then a part of Canada—New France, it was called Jolliet and Marquette visited it 251 years ago, or ten years earlier than La Salle. Even then Chicago was a great transportation centre for Indians and French explorers for it was on the line of march westward from Quebec, via the Great Lakes, to the Mississippi and southward to the Gulf of Mexico. La Salle actually went from Quebec to the Gulf of Mexico and back again, and was murdered somewhere in Mississippi by his own followers.

When the canoe and the prairie schooner of the pioneers were succeeded by the railway train, Chicago became one of the world's greatest transportation centres, being on the same old line of march from the east to the west, and vice versa. Fort Dearborn was built in 1803 and for three decades was Chicago. In 1812 Indians massacred the garrison but the old fort was rebuilt and in 1852 the first railway train entered Chicago from the east. To-day Chicago is a great railway hub, the spokes of which run north, south, east and west. Her new Union Station, now nearing completion, will be one of the finest terminals in the world and will be used by the Pennsylvania, Burlington, St. Paul and Alton railways.

Another new and important rail development in Chicago is the move of the Canadian Pacific's rail and steamship passenger offices and those of the Soo Line to the new Straus Building, corner of Michigan Avenue and Jackson Boulevard, a very attractive and imposing 32 story building not far from the site of historic Fort Dearborn. Following the route of the early explorers of 250 years ago, the Canadian Pacific enters Chicago via its own lines and the Michigan Central westward from Montreal and places the eastbound Chicago traveller aboard ship for Europe in Montreal in less than 24 hours. Westward over the Soo Line and Canadian Pacific, the traveller reaches Vancouver in 81 and a half hours from Chicago and in only 90 hours from Montreal. What would La Salle, Jolliet and the good Pere Marquette think of such transportation feats now?

COUNTIES COUNCIL MEETING

June Session Concluded
(Wednesday Evening)

Council resumed at 8 o'clock

The Clerk read a letter from the local manager of the Bell Telephone inviting the members to visit the Cornwall Exchange at any time from 9 a.m. to 5 p.m.

The Warden extended an invitation to Mr. Weir, an ex-member of the County Council of Leeds and Grenville to take a seat within the railing.

Mr. Warden thanked the Warden for the courtesy and congratulated him upon the high position he had attained and wished the members every success.

The report of the County Property Committee was presented by the chairman, Wm. Pollock and was adopted.

The committee recommended that the carpet in the Law Library be taken up, cleaned and relaid; that the tender of the Lally Coal & Wood Co., for supply county institutions with coal at $13.60 a ton, be accepted; that a new Royal typewriter be purchased for Mr. Crewson, at a cost not to exceed $50.00 and the old typewriter, which the committee considered, would cost too much to repair, being of American manufacture. The committee reported having visited and examined the goal and found everything clean and satisfactory. There are at present four male prisoners, two awaiting trial and two serving sentences.

The following resolution was moved by Messrs. N. W. Beach and Angus McDonald:—

"Whereas intimation has been given in the public press of proposed changes in the boundaries of the Federal constituencies in these counties, be it resolved that this Council is opposed to any change that will interfere with the county boundaries of the old and historical United Counties of Stormont, Dundas and Glengarry.

"And that a certified copy of this resolution be forwarded by the Clerk to Hon. Thos. Low, chairman of the committee on redistribution for Ontario and to the members of these counties."

The resolution was carried.

On motion of Messrs. Wm. Pollock and Hamilton, the Trustees' Association was granted the use of the Court House for meetings, dates to be fixed by the Sheriff, so as not to interfere with holding of court.

The Council then adjourned to meet at 10 a. m. on Thursday.

(Thursday Morning)

The report of the special committee named by the Warden to deal with erection of Dickinson's Landing into a Police Village, was presented by the chairman, Mr. Zeran and was adopted without amendment. The committee reported as follows:

"We find that the petition has not been made in conformity with the Consolidated Municipal Act, and especially does not conform to the provisions contained in Sections 502, sub-section 2 and 3 of the said Act, and for the said reasons we recommend that no action be taken on such position."

The council then adjourned 9 a.m. on Friday to enable the Clerk to prepare remaining reports, by-laws, etc.

The report of the committee on communications was presented by the chairman, Angus A. MacDonell, and was adopted.

The committee reported having duly considered the communications referred to them, all being of a formal nature and requiring no recommendations, and ordered that they be filed by the Clerk.

The report of the committee on resolutions and memorials was presented by the chairman, N. W. Beach, and was adopted.

The committee reported that the local House of Refuge had received $1,913.30 for last year from the hospitals and charitable institutions act, and that by Order-in-Council as of April 1, 1924, all such grants will be cut off, which will reflect on the ratepayers of the Counties.

The committee considered that the time for severe retrenchment had come, and it should begin with governments. They considered it unfair that House of Refuge should be penalized, while city institutions were allowed to bask in the sunshine of governmental favor in this regard. The committee concurred in a resolution of the Wentworth County Council and recommended that the Warden and Clerk prepare and sign a memorial to the Ontario Legislature asking for recession of the preferential treatment afforded under present conditions to city institutions or the restoration of county grants hereto fore existing.

The committee further recommended that the Clerk be appointed to represent the Counties on a delegation to wait upon the Provincial Secretary, asking the continuance of said grants.

The report of the Finance Committee was presented by the chairman, Allan McInnes, and was adopted.

The committee recommended that the rate for the general county purposes for current year be fixed at 2 mills on the dollar; that the sum of $12,000.00 be levied for current year for maintenance of inmates of House of Refuge; that general counties' accounts had been passed aggregating $3,542.32; County Road System aggregating $61,468.36; that a by-law be passed covering grants of $1500 to the Cornwall General Hospital and Hotel Dieu Hospital, Cornwall, made at January Session; that a grant of $1500 be made to the Children's Aid Society; that the account of W. B. Lawson, K. C., for services in case of action of Dr. Tallon vs. the United Counties, amounting to $228.20, be paid.

The report of the Roads and Bridges Committee was presented by the chairman, Hugh M. Grant, and was adopted.

The committee recommended that an account of $154.25, presented by G. E. Suffel, claiming damages for a fire said to have occurred on the public highway, be referred to the Clerk for investigation, he to report at the October session, that certain changes asked for by Village Council of Iroquois in County Road System, be granted; that no action be taken on claim for damages presented by Graham Creamery Co., of Alexandria, and that Clerk defend action if such is taken; that the Road Superintendent investigate claim of Murdock McLeod, secretary-treasurer of Roxborough Municipal Telephone System, for changing lines from Maxville north three miles and Maxville west two miles; that the Clerk communicate with Council of Prescott and Russell, asking that their system be completed from St. Albert southerly to connect with Road 12 at Finch-Cambridge boundary; that the Clerk prepare a memorial to the Minister of Highways for Ontario, praying for amendments to Motor Vehicles Act, increasing the fees paid for license on large trucks, limiting weight of truck and prohibiting trucks above a certain weight from using township or county roads not constructed to resist heavy traffic, as well as regulating speed limits of trucks to a normal rate; that the town of Alexandria be granted $1150 and the town of Cornwall the sum of $17,200, being 50 per cent of amount contributed by these municipalities for 1923 on county roads and will contribute in 1924, said grants not to be paid until County rates are collected for 1924 the money to be expended in accordance with requirements of Highways Act and on roads approved by the Ontario Department of Highways.

The following by-laws were passed:

No. 2101—To levy $1200.00 to meet semi-annual payment to W. A. Craig.

No. 2102—To provide $59,823.43 for maintenance of Cunty Road System.

No. 2103—To grant $1500 each to the Cornwall General Hospital and Hotel Dieu Hospital.

No. 2104—To authorize levying and collecting of $59,823.43 for county purposes.

No. 2105—To levy $12,000.00 for maintenance of inmates of House of Refuge.

No. 2106—To levy $1,049.04 to defray expenses of Registry Offices.

No. 2107—To levy $148,301.44 to meet debentures.

No. 2108—To levy $1,012.13 to meet House of Refuge debentures.

No. 2109—For the payment of orders and accounts.

No. 2110—To levy $52,277.02 for construction, maintenances and interest on county roads.

No. 2111—To levy $53,785.05 expenses to highway Departmental during 1923.

No. 2112—Amending by-laws 1811 and 1812 of October, 1916, re change in County Road in Iroquis Village.

Messrs. Sutherland and G. D. Pollock moved the following resolution:

"That the members of the Council of the United Counties desire to express and record their sympathy with the widow and family of the late Simon Hutt of Berwick, who, as Deputy Reeve of Finch Township, was a member of this Council.

Resolved that a copy of this reolution be forwarded to Mrs. Hutt by the Clerk as an expression of sincere sympathy with herself and members of her family.—The resolution was carried by a standing vote.

Messrs. Campbell and E. J. McDonald moved the following resolution.

That the members of the Council of the United Counties desire to record their regret at the death of Mr. Roderick F. McRae of Lochiel, an ex-member of Council, who was Deputy Reeve of Lochiel Township in 1895 and 1896.

Resolved that a copy of this resolution be forwarded to the relatives of deceased as an expression of sympathy and regret.

The resolution was carried by a standing vote.

The following motion was moved by Messrs. N. W. Beach and G. D. Pollock:—

Whereas the House of Commons' committee of old age pensions have recommended the establishment of old age pensions at the expense of Federal and Provincial authorities and whereas the Counties throughout the Province of Ontario have created and are maintaining suitable homes for all aged and others who are unable through physical infirmity to support themselves, and hence being no necessity for such pensions, be it resolved that this Council are opposed to such establishment of pensions and direct our clerk to forward a certified copy of this resolution to each of the Federal and Provincial members in these United Counties.

The resolution was carried unanimously.

J. H. Hawes, District Engineer of Municipal Roads, was invited by the Warden to address Council, at the request of G. D. Pollock, on the matter of a walk thereon, as it would afford more protection for the public.

It was moved by Messrs. D. A. McNaughton and Wesley Hamilton, "that this Council do now adjourn to the call of the chair, to be called together in special session only should it be deemed advisable to do so, in the opinion of the Warden and Clerk, by urgent and necessary business that cannot be deferred until the regular statutory meeting in January."

In support of the motion, Mr. McNaughton said a reference to past fall sessions showed that it had cost the ratepayers an average of about $1100.00 a session, and a further reference to the minutes would cause one to wonder what had been accomplished thereby. He felt the business of the Counties could be conducted fully as well without an October session, unless something transpired in the meantime, making a meeting imperative.

If a special meeting was found necessary, a day or two would probably suffice to deal with the business, and considerable money could be saved for the people.

Mr. Hamilton in seconding the motion said he felt it would be perfectly safe to leave the holding of a fall session to the Warden and Clerk. Good money could be saved and nothing would suffer as a result. He believed in practicing economy so long as it did not interfere with service.

The motion carried without a dissenting voice.

The members then rose and sang the National Anthem, and the June session concluded with the Warden thanking all for their strict attention to business.

—o—

MR. GEO. DENISON

On Monday, June 23rd, at 11.45 a.m., to the beautiful bevond, passed the life of Geo. Denison at the home farm on the St. Lawrence, East Williamsburg, at the age of eigthy-five years and twenty-seven days.. He had been in poor health for some time which terminated in peritaenemia, and during the last two weeks of his illness, it was quite apparent to the members of his family, that the end was near.

At his bedside were his aged wife, his only son, Willis, a daughter, Mrs. Hilliard, Glendive, Montana, and her little daughter, Helen, and the housekeeper, Mrs. McCaskill.

Hosts of neighbors and other friends gathered to pay their last tribute of respect. On Wednesday, June 25th, at two o'clock, the service was conducted by the Rev. Mr. Maeder of the Canadian Lutheran Church, after which the remains were taken to their final resting place

The pallbearers were Messrs. James VanAllen, Isaiah Fetterly, James Salmon, Chas. Wels, all neighbors and good friends, whom he loved to visit during his declining days.

Members of the family who could not be present are, Mrs. Mary Wart of LosAngeles, Cal.; and Mrs. Etta McMartin of Kaleva, Mich.; and nine grand children.

Geo. Dennison was born in Dundas County, May 27th, 1839. Being of a jovial disposition, he readily acquired many friends. When a young man of twenty-three, he went to Kentucky as foreman of a Lumber Co. At Butler, Kentucky he became acquainted and married Miss Samatha Dunaway. They afterwards moved to Canada, where they lived for about six years, during which time the eldest child was born. They later moved to Maple Grove, Manistee Co., Michigan; where they lived a prosperous farm life for thirty-seven years, during which time he took an active interest in municipal matters, holding office in the Township and School District. In April, 1907, they sold the old Michigan home and returned to Canada to live a retired life with their son Willie, whose devotion was of inestimable value to the comfort of his father.

MORE SAFETY

More safety and fewer accidents is a great need of this country. There are too many preventable accidents on the streets, in the homes and in industry. In this Province alone industry pays, through the Compensation Board, an annual tax of about six million dollars for accidents and this is only part of the loss, for the employer and employee alike suffer everytime there is an accident involving loss of time. Safety is largely a habit of mind and like other habits can be acquired. "Thinking safety" will, therefore, produce safety, so that both management and workers should give thought to accident prevention to the end, that the awful toll in human suffering and the very considerable sums of money lost may be reduced to a minimum.

More safety is a reasonable demand of industry in this country and is a demand which both workers and executives will support.

—o—

The Complete Angler.

The novice at trout-fishing had hooked a very small trout, and had wound it in until it was rammed against the end of the rod.

Pupil—"What do I do now?"

Instructor—"Climb up the rod and stab it."

SAVED FROM AN OPERATION

"Fruit-a-tives" Completely Relieved Me

3928 UNION ST., VANCOUVER, B.C.

"I suffered with all the symptoms of Female trouble, with *chronic Constipation and constant Headaches.* I had pains low down in the back and sides of the body. A doctor advised me to have an operation.

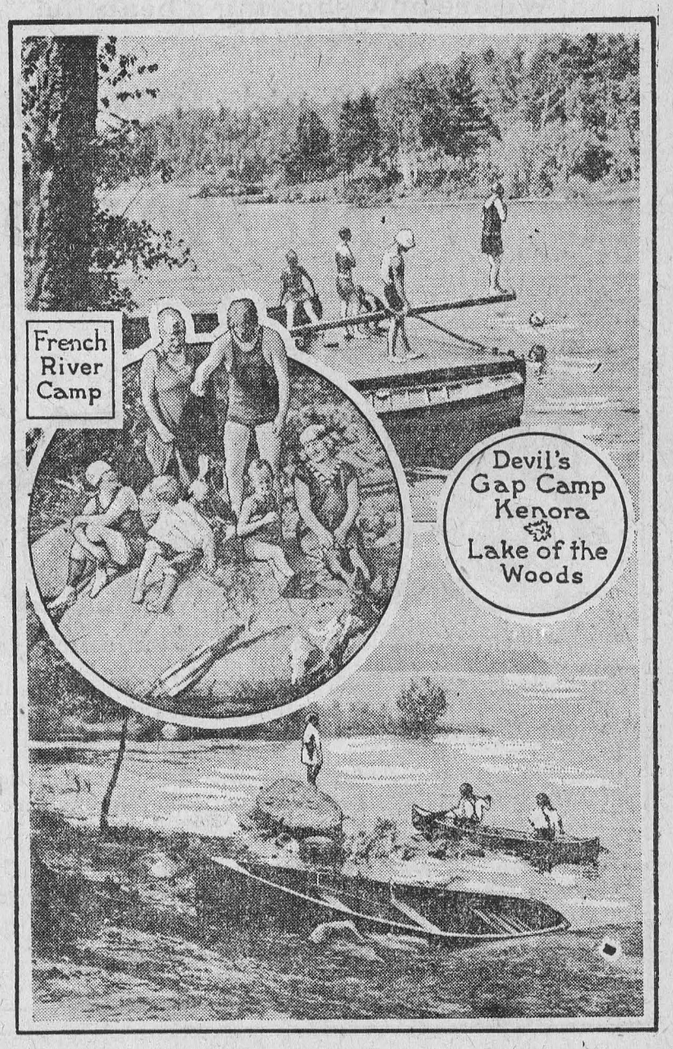

I started taking "Fruit-a-tives" and this medicine has *completely relieved me* of all my misery and suffering.

I am free of pain and headaches and the terrible Constipation, and what saved me is the fruit medicine, "Fruit-a-tives."

Madam M. J. GORSE.

50c a box, 6 for $2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

FISHERMEN TELL YOU

Fishermen will tell you that they only go to French River, Nipigon, or Lake-of-the-Woods for the fishing. Not all of them will tell you that they go because Madame insists, these being three of the few districts where one can enjoy the comforts of the average holiday resort, the joy of camp life and the glory of the woods as well as the finest fishing in North America There are bungalow camps, operated by the Canadian Pacific, in each district.

WOULD FORBID THE SALE FIREWORKS TO CHILDREN

A recommendation that the sale of fireworks to children under 12 years in the City of Toronto be prohibited was made by the jury which inquired into the circumstances surrounding the death of little Ada Lucy Morris, whose death occurred last Tuesday as the result of her clothing catching fire on May 15 from a sparkler which had been thrown by a small boy.

TREATED CUSTOMERS TO SHOCK AND IS FINED FOR ASSAULT

Floyd Sheffield, a resident of Plainfield, a village adjacent to the city of Belleville, was fined $1, being convicted of assault.

It appears that the accused, who is an assistant at a garage, wired a bench, and when customers came along and sat upon the bench they were treated to an electric shock. The offence was treated as an assault, when a complaint was made.

RIVERSIDE

Mrs. J. Foster visited her daughter Mrs. W. Lee at Granby, Que., for the week end.

Rev. J. O. Baron and Mrs. Baron visited at the home of Mrs. R. C. Bogart and Mrs. J. Foster on Tuesday.

Miss Jessie McPherson of Chesterville, spent the week end with her mother Mrs. D. McPherson.

Master Milton Pollock spent the past week with his aunt Mrs. Blake Nephew.

Mr. and Mrs. Fay Droppo spent Sunday at the latter's parental home.

Dr. Gunn of Finch, was through here on Wednesday testing cattle.

Mr. and Mrs. R. C. Bogart and Master Ernest spent Thursday with Mr. and Mrs. Bernard Shaver.

LOCAL TOURNAMENT UNDER WAY

The local bowling tornament got off to a good start last Friday night when the first games were pulled off and attracted quite a gallery of interested spectators. As is usual in this game surprises were in store at the unexpected good form of many of the novices one of which was the win of H. J. McMahon over W. B. Lawson, coming from behind in the last couple of ends and winning out 19 to 17. Dr.. Hutt and H. Clarmont hooked up in the other event of the evening with the more experienced Hutt leading his men to victory with a considerable margin. All the new players in their first attempts made good playing and gave every evidence of furnishing more surprises before the schedule is run off.

Last night two more games were run off, with the veterans F. W. Merkley and Dr. Doering on the long ends of the scores. These games were particularly interesting as several of the bowlers were playing their first games in fact rolling their first bowls, and if last night is the form they intend to start improvement from, many of the old heads will have their work cut out for them to retain their reputations. Noticably among the new men doing fine rolling were C. T. Fulton and Arthur Peake for Dr. Doering in their win against Geo. Lacey's rink which they carried off by a margin of two on a score of 13 to 11. The Coye & Allison firm were prominent in the Merkley — Dixon contest where Dave Allison was the hero of the battle with his good work for the winners, which Bernard tried hard to off-set for his skip, W. O. Dixon. The final score was 16 to 14 for Merkley.

The contests will continue each Wednesday and Friday evening until the schedule is run off.

THE TIME TO ADVERTISE

There is nothing so mysteriously funny as a newspaper advertisement. The prime, first, last and all the time objects of an advertisement is to draw custom. It is not, was not, and never will be designed for any other human purpose. So the merchant waits until the busy season comes and his store is so full of customers that he can't get his hat off, and then he rushes to the newspaper and puts in his advertisement. When the dull season gets along and there is no trade and he wants to pay his rent, he takes out his advertisement. That is, some of them do, but occasionally a levelheaded merchant puts in a bigger one and scoops in all the business while his neighbors are worrying to pay the bills.

There are times when you couldn't stop people from buying everything in the store if you planted a cannon behind the door, and that's the time the advertisement is sent out on its holy mission. It makes light work for the advertisement for a chalk sign on the sidewalk could do all that was needed and have a half-holiday six days in the week, but who wants to favor an advertisement? They are built to do hard work, and should be sent out in dull days when a customer has to be knocked down with cold, hard facts, and kicked insensible with bankrupt reductions and dragged in with irresistible slaughter of prices before he will spend a cent.

Write this down where you'll fall over it every day. The time to draw business is when you want business and not when you have more business than you can attend to already. —(Ex.)

MISS SARAH McDIARMID, BERWICK

On June the twenty-second the Angel of Death entered the home of Mrs. Duncan McDiarmid, Berwick, and tore from her fond embrace her youngest daughter, Miss Sarah E. MacDiarmid at the age of twenty-one years. She was confined to her bed for fifteen weeks and bore her suffering without a murmur. All that medical skill and kind nursing could do was done but it was of no avail. The dear young lady was loved by all those who had the privilege of her acquantience and it is only God knows how her loved ones will miss her. The funeral took place on Tuesday from her late home to the Presbyterian church, Finch, service being conducted by Rev. R. J. Wilson. She leaves to mourn her loss a sorrowing mother and father, four sisters and three brothers—mother and Theresa at home, father and Mrs. W. D. McIntosh and Willie of Vancouver, Mrs. Wm. Trickey, Lansdowne; Millan of Canton, N. Y.; Alexander of Moose Creek, Mrs. Fred Russell of Rome, N. Y. The Pall bearers were friends of the deceased, Irving Fussee, Bill Wright, Dan McMahon, Freeman Price, Bernard Hunt and Johnston Ouderkirk. Many beautiful flowers including a pillow from the family, a pillow from Mr. and Mrs. Bill McDiarmid, Watertown; a pillow from the Ontario Specialty Co., Watertown; where the deceased was employed for over two years; a wreath from L. O. L. of Watertown, of which she was a member; sprays from Mr. and Mrs. Wm. Trickey and family, Lansdowne; Mr. and Mrs. Millan McDiarmid and family, Canton; Mr. and Mrs. J. Mc Diarmid and family, Watertown; Mrs. Wright and sons, Mr. and Mrs. Wm. Grill and Mr. Bill Gould all of Watertown; Misses Beulah and Lula Hutt and Irene Hutt of Ottawa, Miss Hazel Fussee, Moose Creek; Mrs.. Wm. Servage, Berwick; and her girl friends of Berwick. Six girl friends carried flowers. The funeral was largely attended friends from a distance being present from St. Catherines, Ottawa, Watertown, Canton, Lansdowne and Maxville. Interment was made in the Finch cemetery.

SUCCESSFUL SOCIAL AT MOREWOOD

One of the most enjoyable socials ever held in Morewood was put on by the Young People's Society of the Presbyterian Church on Friday evening July 4th, at the Manse grounds. It was preceeded by the cleanest and snappiest game of baseball played this season in Morewood —staged by the Osgoode and Morewood teams.

After the game the crowd repaired to the Manse Lawn where a dainty and bountiful supper was served by the ladies, topped off with ice cream and strawberries. While the hundreds of people enjoyed the good things provided, the bag pipes and drums ably played by Mr. Carruthers and the Gordons rendered a number of excellent selections. A program of music by the Morewood Orchestra and a number of choruses by the young men were much enjoyed. Rev. Dr. Hughson of Vernon also gave an eloquent and thoughtful address on "Patriotism," stressing the friendly relation now existing between the United States and Canada and pleading for a closer co-operation in the things that make for good citizenship in this great land.

With hearty congratulations to the parties in charge of the social, and feeling that the evenings enjoyment was the "End of a perfect day" the long line of autos made their way homeward over the rough and dusty highway and the village of Morewood sank into slumber and happy

GRANTLEY

Married—On Wednesday July 2nd at Finch, Miss Margaret Curran, daughter of Michael Curran and Patrick Foley, son of Pat Foley, of Goldfield.

Barlow $4.70, and also to give notice that all purchases in future must be sanctioned by the purchasing committee.—Carried.

Moved by Thos. Houlehan seconded by R. J. Barrie that meeting adjourn until next regular meeting or at call of the chair.

THE ONLY ELIXIR OF YOUTH.

San Francisco Chronicle.—There is but one elixir of youth that is any good. And that is a clean life, a clean life, a clear conscience, regular habits, a simple diet, steady work according to one's strength in some useful vocation, and a kindly spirit. Mix thoroughly and take every day every year.

That prescription regularly taken will produce, not, perhaps, actual youth, but peradventure something more satisfactory and even more beautiful.
