MARRIED SIXTY-TWO YEARS

MR. AND MRS. HERBERT HELMER

Another year has been added to the matrimonial contract of Mr. and Mrs. Herbert Helmer, of town, who on Tuesday, December 23rd, quietly observed their 62nd Wedding Anniversary. To this esteemed couple the Press joins with a host of friends in extending congratulations and best wishes.

Mr. and Mrs. Helmer probably have established a record, not only for Dundas County but in the three United Counties. Mr. Helmer is 86 and his wife is 90. The couple received many messages of congratulations from a wide circle of friends when they celebrated the Diamond Jubilee of their wedding two years ago. Mr. Helmer is still a County Constable and occasionally assists as a traffic officer, a position he held for several years. Well known as a sportsman, he is an enthusiastic lawn bowling and curling fan, as well as a follower of hockey and baseball. He is a descendant of the early settlers of Maple Ridge and has lived here all his life.

Mrs. Helmer is the former Julia Cross, of Merrickville, Ont., and is the last survivor of her family.

Their children are Harold and Clair, of Winchester; Mrs. A. Reddick, of Spencerville, and Mrs. Bernice Strader, of Williamsburg. The couple still enjoy good health. They reside with their son, Harold, on Cameron Ave.

Honeymoon On Wheels

It was a green Christmas in 1890. Mr. and Mrs. Helmer used a horse and buggy for their honeymoon trip from Easton's Corners, where they were married by Rev. Mr. Gibbons in the Methodist Church, to Frankville, Ont. Mr. Helmer recalls that Derry Fulton, of Maple Ridge, plowed three furrows with a walking plow on Christmas day, so that the event might be recorded for posterity. Part of the Fulton homestead, four miles east of Winchester, is now the Maple Ridge Cemetery.

LOCAL DOCTOR STAKED CLAIM FOR CANADA'S GREATEST GOLD-PRODUCING MINE

In a recent issue of "The Northern Miner," there appears a picture, taken nearly 50 years ago at the camp of the Larder Lake Mines Limited, established in 1907. Among the men shown in the picture is a former well-known physician of this village, Dr. Reddick. He is credited with staking the original claim of this mine, now known as the Kerr-Addison Mine, Canada's largest gold producer. It is unfortunate that Dr. Reddick could not live to see the results of his prospecting activities, as a young man.

Local Young Men Injured In Highway Accidents

Mr. Keith Acres, 28, of R. R. 1, Vernon, son of Mr. and Mrs. Willard Acres, of town, was admitted to the Winchester District Memorial Hospital on Christmas Day following an early morning crash on the Russell road. He is suffering from several broken ribs, shock, and severe body bruises.

Mr. Acres was proceeding west on the Russell road, about three miles east of Metcalfe, when his car went into a spin on the icy highway, crashed into the ditch and landed on its top.

The car, a recent model sedan, was totally demolished in the accident.

In an accident that occurred on Christmas Eve on the Chesterville road, about a mile West of Chesterville, Mr. Gordon Hutchinson, son of Mr. and Mrs. Ross Hutchinson, of town, miraculously escaped serious injury, when his car went out of control and after landing in a roadside ditch, clipped off a Hydro pole. The driver received a slight gash on his nose and a few body bruises, but his car, which was a 1951 model, was almost a complete wreck.

CAR-TRUCK COLLISON CAUSES $200 DAMAGE

One person was slightly injured and two motor vehicles were damaged to the extent of $200 in a collision here Saturday night.

Returning from the District Memorial Hospital, Richard Casselman, 24, of Chesterville, driving a 1946 panel truck, was in collision with a parked car, at the Cameron Ave. and St. Lawrence Street intersection, owned by Graham Eagle, 26, also of Chesterville. Passengers in the Casselman vehicle were Mr. and Mrs. Leonard Campbell, Bronson Ave., Ottawa. Mrs. Campbell received bruises and cut to the right leg and was taken to the office of Dr. H. G. Barton for medical attention.

Cause of the accident was believed to be the extreme cold, which had frosted the windshield of the Casselman truck, impairing the visibility. Constable Gilbert Raistrick investigated.

Winchester Merchants Report 1952 Christmas Trade Better Than Last Year

According to Winchester Business Men, Christmas shoppers bought more in Winchester in 1952 than they did in 1951, and in most cases retailers report a better business this year than has been experienced in the past decade. As an added incentive to buying in Winchester, three local stores awarded valuable prizes to lucky buyers. In all instances the purchaser was awarded a ticket with each purchase, the stub of which was dropped into a box. Christmas eve saw nineteen lucky people have their ticket number drawn.

Caught In Act, Attempted To Steal Local Doctor's Car

An attempted robbery of a 1951 Chevrolet, owned by Dr. H. G. Barton, of Winchester, backfired with the unexpected appearance of the owner.

Called at 3 a.m. on Christmas morning, on a maternity case, Dr. Barton went to his garage and, on opening the front door of his car, saw an unknown man lying under the dash, apparently trying to cross the ignition wires. With the thought of robbery not entering his mind, the doctor was taken back when the culprit jumped up, yelling, "Take it easy, chum," and ran off in the direction of the Public School.

Constable Gilbert Raistrick was summoned, and an inspection of the car found a screwdriver lying on the floor. The identity of the would-be car thief has not, as yet, been discovered.

Christmas Mail Kept Postal Staff Busy

Christmas Business at the Winchester Post Office was approximately the same this year as it was in 1951. According to the sale of 2-cent stamps, 55,000 cards were mailed through the local office, not to mention the hundreds of parcels that were looked after. The volume of first-class letters and air mail showed a marked increase over any previous Christmas season, indicating that many patrons sent personal messages to their friends, along with the usual Christmas cards.

The "mail early" plan worked satisfactorily, and it is believed that most cards, letters and parcels mailed here reacher their destination in time for Christmas. To cope with the busy period, extra temporary employees were hired to assure a more speedy and efficient service to Winchester patrons.

The Postmaster and the entire staff would like to express their thanks to the patrons of the office for their patience and kindly courtesy during the rush period, and to especially thank those firms and individuals from whom they received gifts.

As an active member of the 100 Club, Chamber of Commerce and sports organizations, he will be missed in Winchester.

Two years ago the Walkers built a fine granite-faced block residence on St. Lawrence Street, which is now up for sale.

To Mr. and Mrs. Walker, the Press joins with their many friends in wishing them every success in their new business venture.

Snow, and our Birds

The first snow brings a lot of fun for the youngsters, but it also brings a bit of serious thought for nature lovers. The advent of winter's blanket makes us think of the survival of our more valuable birds. One of the best things anyone can do to protect birds in winter is to erect bird feeding stations. Aside from the delight in seeing so many

Guard Your Health

The Ontario Division of the Canadian Cancer Society suggests the following for 1953 as a "first" on everyone's New Year Resolution list:

I resolve to enjoy my health and cherish it to the best of my ability.

I resolve not to fear developing cancer since I have more chance of not getting it than getting it . . . But I resolve to learn of cancer's four simple danger signals and watch for any change in normal good health.

I resolve to get a medical check-up immediately any suspicious symptom happens to appear.

I resolve to hold to my faith and hope for restored health if I get cancer; for medical science is performing the miracle of cure in some cases, prolonging life in others.

I resolve to enjoy life for it is good. I resolve to prolong my life to the best of my ability.

To close this week's column, we again remind our readers to use discretion and common sense in celebrating the advent of the New Year—and remember, "If you drink, don't drive, and if you drive, don't drink."

Gospel Gleanings....

"Esau said to Jacob, Feed me, I ith that same red pot- am faint — Jacob said, his day thy birthright'— Then Jacob gave Esau bread and pottage—thus Esau despised his birthright."—(Gen. 25:30-34).

As the firstborn, Esau was heir to many special blessings, but the brief pleasures of the present meant more to him than a future fortune; and the provisions of men more than the promises of God. Are you one of the Esaus of today, who are selling their birthright—the right to salvation and eternal life, for the paltry pottage of the world's popularity or profit? "They have sown to the wind, and they shall reap the whirlwind."—(Hos. 8:9). Esau paid for his moment of recklessness with an eternity of remorse.

"What shall it profit a man, if he shall gain the whole world, and lose his own soul."—(Mark 8:36).

Perhaps your body, soon to be consigned to the dust, is being fed on the fat of the land; while your never-dying soul is starving for a few crumbs from "The Word of God, which liveth and abideth forever."—(I Pet. 1:23). Perhaps you are trying to quench your soul's thirst at the broken cisterns of a bloodless gospel, or a formal religion; instead of drawing the water of everlasting life from the wells of salvation.

"But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you."—(Matt. 7.33).

"Lay up for yourselves treasures in heaven, where neither moth nor rust does corrupt, and where thieves do not break through nor steal."—(Matt. 6:20).

"The world passeth away and the lust thereof; but he that doeth the will of God abideth forever."—(1 John 2:17).

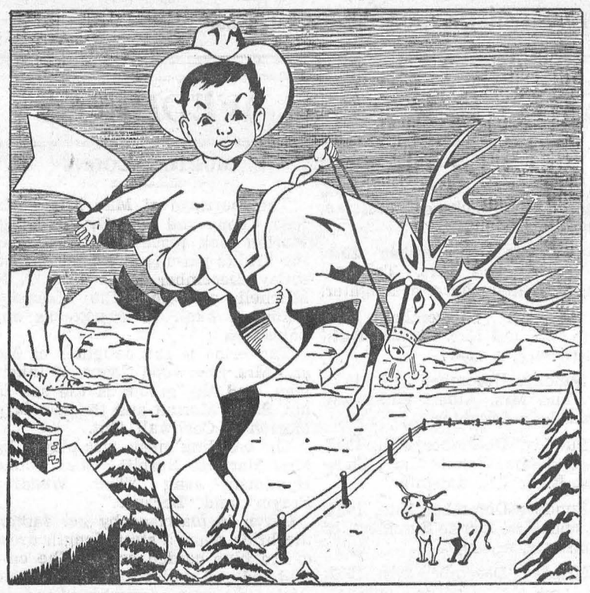
Happy New Year — Buckaroo Style



The increase is made necessary by reason of the fact that the fees collected during the current year have not been sufficient to meet the demands for payment out of the Fund. "During the current year it has been necessary to secure an advance from the Provincial Treasurer to meet current payments," said Mr. Doucett. The Fund must be self-sustaining and as an increase in payments out is anticipated for 1953 the necessity for increasing the fee is obvious. No portion of the fees paid into the Fund is used for administration purposes.

In making the announcement, Mr. Doucett pointed out that while the Highway Traffic Act provides for the collection of a fee not exceeding $1.00 yearly, no fee was collected during the first two years the Fund was in operation, and since then but fifty cents has been collected annually.

The Unsatisfied Judgment Fund was established to provide relief for persons, who having suffered damage which was occasioned by a motor vehicle, are unable to recover remuneration for the losses sustained. The inability to recover may be by reason of the fact that the motorist, who caused the damage, is unable to pay the judgment obtained against him, or because the identity of the vehicle which caused the damage cannot be established.

That the Fund is meeting the purposes for which it was intended is evidenced by the fact that to date over $3,000,000 has been paid to innocent victims of traffic accidents who would have been unable to collect damages from any source had the Fund not been in operation. Many heart-rending cases could be cited where the breadwinner of the family having been killed, the widow and fatherless children, through payments received from the Fund, were materially assisted over the trying period of re-adjustment. Of this total, over $400,000 has been paid for damages for death or personal injuries arising out of so-called "hit and run" accidents.

Mr. Doucett emphasized that the Fund affords protection in many cases where a compulsory insurance law would offer no protection, i.e., where damage resulted from the operation of an out-of-province financially irresponsible and uninsured motorist; or a so-called "hit and run" driver. He also pointed out that somewhat similar laws have been adopted in the following provinces and states: British Columbia, Alberta, Manitoba, Nova Scotia, Prince Edward Island, Newfoundland, North Dakota, New Jersey (effective 1955). In none of these jurisdictions does the legislation offer all the benefits provided under the Ontario law. Some do not provide for recovery in "hit and run" accidents. Others provide for payment of judgments for personal injury only or set a minimum for property damage.

The New Year

We enter now the New Year's mystic gate,—
So many, with anxiety and doubt;
The charts are gone and war is in the air,
The lights all over Europe have gone out.

For countless ages, as this planet grew
From swirling star-dust to its present state;
When human feet have walked the path of life
As travellers on the pilgrim way of fate.

On this, the shore of Islands, all unknown,
What message has the world for us to-day?
Just the old promise, "As thy days thy strength,"
And "God is with His people all the way."

—Dorothy Sproule.

CANADA'S OIL UNLIMITED

The story of Canada's oil is told by Matthew Halton in his dramatic style, long familiar to Star Weekly readers, in the January 3rd issue of The Star Weekly. As Halton puts it, Canada had wheat, timber, gold, nickel, coal, iron, fisheries, and all the rest. Now she has struck it rich again—with the discovery of oil in Alberta. And geologists say there is almost no limit to the amount of oil that may be found in the West.

Read the amazing adventures of 1952's "Luckiest People." One won a fortune. Another survived a spectacular plunge. Another regained her eye-sight after 23 years of darkness, and a baby pronounced dead when apparently stillborn, owed her life to a policeman. WINTERING DAIRY HEIFERS

The yearling heifers that are now in the winter quarters are the forgotten animals in far too many dairy herds. Unfortunately, too many dairymen still believe that heifers once past the starting period can make it without additional feed other than pasture in the summer, and cornstalks or poor quality hay in the winter.

Because dairy cows are relatively high in price, more and more dairymen are doing a better job of growing out herd replacements. Research has definitely proven that heifers fed enough to keep them going from birth to calving make the most efficient use of their feed.

It makes a tremendous difference when dairy heifers are just getting three pounds a day of a properly balanced growing feed. The extra nutrients in the small amount of balanced ration will grow heifers much faster. At calving time, they are bigger and more fully developed. In fact, heifers raised on good, balanced rations, will be ready to breed fully four months earlier than those that are "roughed through" on hay, pasture, or silage alone. This means at least four months of extra milk.

Regardless of how well bred a heifer may be, she is a liability until she becomes a milking cow. Since this is true, doesn't it sound logical to keep her growing so that she will become an asset at an early age rather than a liability?

CANADA'S health

WORRIES DON'T GO TO WORK

It isn't a good idea to take domestic worries to work. Being less able to concentrate on the job may lead to accidents, especially if machinery is involved. Most worries may be lessened if they are discussed with a close friend or with the employees' counsel at the plant. If the trouble concerns the worker's health, the plant doctor or nurse may be able to help with advice or re-assurance.

MIDDAY BANQUET

Junior's schoool lunch is an important meal. It should contain at least one-third of the day's nourishment. A youngster appreciates variety in his food—it will help to add interest to his sandwiches if they are cut into different shapes occasionally. A fresh vegetable such as raw carrot strips or rings, a whole tomato or a small salad should be included. Fresh or dried fruits and a few nuts make a good dessert instead of sweets. Milk, hot chocolate or soup, carried in a vacuum bottle, makes a good addition to the midday meal in chilly weather.

HEART DISEASE AND CANCER

Heart disease and cancer are the two major killers today. If either disease is diagnosed in its early stages, there is hope of curing or at least alleviating it before it reaches serious proportions. In most cases, there are some symptoms to give warning and these should never be ignored. Early action may prevent the illness from becoming established.

SMOKE IS DANGEROUS

In case of fire, it is sometimes necessary to pass through smoke-filled rooms or halls to get to safety. In such an event, several folds of wet fabric such as cheesecloth should be used to cover the nose and mouth, in order that smoke may be filtered out and the respiratory passages protected. The air near the floor is purer, so it may be necessary to bend low or even crawl to safety on hands and knees. A heavy wool blanket or coat wrapped around the head and body will be less likely to catch fire than a light dress or suit.

PASTEURIZATION FOR SAFETY

One of our most important foods can be an exceedingly dangerous one, unless it goes through the simple process of pasteurization. Raw milk may carry the germs of typhoid fever, paratyphoid, undulant fever, tuberculosis or septic sore throat, even though the herd from which it was obtained is certified free of disease. Careless handling may contaminate milk so that it carries harmful bacteria. If only raw milk is obtainable, it can be made safe for drinking by heating it to 145 degrees F., then cooling quickly.

A Healthy New Year!

Is our sincere wish for you, our Patrons and our Friends.

We have appreciated your manifestation of loyalty and confidence and it is our wish that the New Year will be rich in neighborliness and good will.

May Health and Happiness be yours in the New Year.

Happy New Year Everybody! Let us face this coming year with new hope, new enthusiasm and new resolves. No matter how big or small the problems may be, try and enjoy doing them. Remember the merry heart makes a cheerful countenance which always has a winning way.

TAKE A TIP

Ideas for the holiday week-end:

1. One pinch of curry powder adds a zip to chicken soup or warmed gravy.

2. Leftover liver sausage may be shaped into balls, rolled in crumbs and browned in fat. Serve in boiled spaghetti heated in tomato soup.

3. Waldorf salad is made by mixing 3 cups shredded cabbage, 2-3 cup diced apple (peel left on), 1-2 cup diced celery and 1-4 cup mixed walnuts with 1-2 cup boiled dressing.

4. If you have served buttered beets as one vegetable, use the juice to make tomato aspic in place of part of the tomato juice.

5. A good vitamin salad has equal parts of shredded raw beets and carrots and diced cleery tossed together with a lemon and oil dressing.

6. A holiday salad uses lime flavored gelatine made tart by substituting 1 tbsp vinegar in place of 1 tbsp. water. Chill in a bowl until firm. Beat one minute and then fold cubes of pineapple, and shrimp into the whipped jelly.

7. As a special dish for supper, mix raw oysters and coarsely cubed turkey in cream celery soup or cream sauce. Serve on hot split biscuits and canned buttered green beans.

8. Too many desserts during Christmas often calls for a tangy finalle at this time. Serve sliced chilled oranges or sectioned grapefruit with maraschino cherries. Another favorite is assorted cheese and crackers.

9. Holiday punch may be quantities of orange, pineapple and cranberry juices with sweet cider. Pour over crushed ice. The garnish may be a few cooked cranberries.

10. Sprinkle potato chips with grated old cheese and pop into a hot oven. Serve hot with cold meats.

11. Roast ham. Stud your holiday ham with peanuts and spread with honey during the last hour of baking.

12. To save space in a rangette, cook the second vegetable in the roast pan. For instance, heat cooked mashed sweet potatoes in the neck of the roast turkey or place potatoes to bake on the shelf around the roast pan. Heat canned green beans in aluminum foil alongside the roast—or serve cold canned tomatoes.

13. To serve leftover turkey: (a) Cold turkey slices; (b) turkey soup; (c) salad; (d) sandwiches; (e) casserole dishes with cream sauce base. (Do not try to reheat roast fowl without sauce or gravy).

14. Fruit cake may be cut into neat slices if you use a sharp knife dipped in hot water. To keep cake moist cut the cake through the centre and slice either cut side, then push cake together again and wrap in foil.

15. If you have been given an automatic percolator be sure to start with cold water and allow 15 minutes to make coffee. However, the coffee may be prepared earlier since the heat control will keep it hot without over-perking.

16. To make a good carmel syrup: Heat 1 cup white sugar in a dry heavy frying pan. As the sugar melts it will form lumps which will dissolve in a few minutes if stirred constantly. As it begins to brown, turn heat off and stir until desired color. Remove from heat and carefully pour in 1-2 cup boiling water. Stir over warm element. Store in a covered jar when cool.

17. After-dinner Mints: Soak 1 tablespoon plain gelatine in 1-4 cup cold water for 5 minutes; dissolve over hot water. Pour into a larger bowl and gradually add 3 cups icing sugar until mixture may be kneaded. Divide mixture into 2 or 3 parts, flavor and color as desired with wintergreen, peppermint or cinnamon flavoring. Cut into small circles. (Do not use oil of wintergreen, etc.)

LEARNING TO SAVE LIVES

As Canada's civil defence organization grows, more and more volunteers will be required. Their training will include many subjects that will stand them in good stead not only in case of enemy attack but in the event of major or minor disasters that may happen in the most peaceful eras. First aid to the injured or those taken suddenly ill, and lifesaving and artificial respiration to save the lives of those apparently drowned or electrocuted are valuable branches of knowledge that may be of use even in family life. Fire-fighting and other ways of dealing with emergencies are all part of the training given to the volunteer, to make him a more valuable citizen, come what may.

HINTS FOR THE HOME

Cut Lemons

To preserve cut lemons, smear the cut surface with the yolk or white of an egg, and set it aside to dry.

Rubber Articles

Soft rubber articles can be preserved if they are suspended several inches above a dish in which a small quantity of kerosene is placed. The vapor arising will prevent cracking without harming the rubber.

The Canary

Do not be discouraged if the canary does not sing for the first few weeks in its new surroundings. This is often the case until he becomes accustomed to his new home.

Biscuits

The secret to light biscuits is to add just enough liquid to make a soft dough. Then mix it lightly, and just enough to combine the flour and liquid. Any handling after that has a tendency to toughen the dough.

Corduroy

Mild soap should be used for laundering corduroy garments. Rinse in warm clear water and hang up to dry. When the article is almost dry, place on a flat surface and brush along the ribs with a soft brush. This is more effective than pressing corduroy.

Sunday In The Churches

SUNDAY, JANUARY 4th, 1953.

"Begin 1953 With Christ.

"Two young soldiers were talking about the service of Christ. One of them said: "I can't tell you all that the Lord Jesus is to me. I do wish that you would enlist in His army." "I am thinking about it," answered the comrade, "but it means giving up several things; in fact, I am counting the cost." An officer, passing at that moment, heard the remark, and laying his hand on the shoulder of the speaker, he said: "Young friend, you talk of counting the cost of following Christ, but have you ever counted the cost of not following Him?" For days that question rang in the ears of the young man, and he found no rest till he sought and found it at the feet of the Saviour of sinners."—Christian Witness.

LOCAL AND GENERAL

Fractures Ribs.

While assisting in flooding operations at the local Arena on Saturday evening, Mr. Clare Brown slipped and fell, sustaining four cracked ribs.

Observed 54th Anniversary.

The Press joins in extending congratulations to Mr. and Mrs. E. P. Erratt who, on Sunday, December 21st, quietly observed their 54th Wedding Anniversary at their home on Gladstone Street.

Name Omitted.

In a report of the United Church Sunday School Concert, which appeared in this paper last week, the name of Edna Dillabough was unintentionally omitted. Miss Dillabough sang "Star of the East."

Turkey Contained 15 Eggs.

Mrs. Wm. Brown, of town, reports that when she was preparing her Christmas Turkey, she discovered a total of 15 perfectly formed, but shelless eggs in the bird. It is rather early for a turkey to be making preparations to lay her eggs, but then, anything can be expected in this Atomic age.

Missed Christmas Morning

Gordon Turner, young son of Mr. and Mrs. Edgar Turner, missed the excitement of opening gifts on Christmas morning when he was rushed to the local hospital to undergo an acute appendectomy. His condition is reported as satisfactory and his young friends join in wishing him a speedy return to good health.

Observes 89th Birthday.

On the occasion of her 89th birthday on Saturday afternoon last, Mrs. Jay Nesbitt entertained a number of lady neighbours and friends at her home on Church Street. Little Miss Judy Coons sang "Happy Birthday" as well as several Christmas Carols, while Mrs. Nesbitt delighted her friends by giving a reading entitled "Deacon Brown Wants A Wife." The hostess was assisted in serving a dainty lunch by Mrs. W. J. L. Boyd.

Entertains Choir Members.

A pleasant evening was spent in the United Church Sunday School Hall recently when Mrs. Howard Fetterly, Organist and Choir Director at the United Church, entertained the members of the choir. During the evening the presentation of a leather-bound hymnary was made to Mrs. Grace Hogaboam, who has retired from the choir, after several years of service. The hostess served a dainty lunch following the presentations.

Received Cabled Greetings.

Mr. and Mrs. Wallace Crowder and Mr. and Mrs. Roy Baldwin received cables on December 24 from their sons, Denzil and Clifford, at present playing hockey in Edinburgh, Scotland, wishing all a Merry Christmas and Happy New Year, and informing them they had both been chosen for the "Scottish Select," to oppose a Streathah, London, team in the Television Match, to be played in the Murrayfield Arena, Edinburgh, on December 27th.

Still plalying on the same line, Denzil is Captain of the Royals, while Clifford is top scorer of the team.

CROCUSES GROWING IN WILLIAMSBURG

Mrs. Alberta Barkley reported to the Press on Christmas Day that she had several Crocuses rising through the ground (outside) at her residence in Williamsburg. On further inspection the small bulbous plants were shooting upwards at least half an inch above the ground, a rare growth for December 25th. Quite likely, the unusually mild fall and early winter weather, rising as high as 45 degrees above zero, accounted for the plant growth. No doubt, the extreme change in weather conditions and the sudden fall in temperature has placed a damper on continued growth of the crocuses.

ANGLICAN CHRISTMAS SERVICE

For the 9 o'clock Holy Eucharist on Christmas morning at St. Mathias' Anglican Church, tall candles in beautiful brass candlesticks, and yellow and white mums in brass vases, were on the altar, and evergreens decorated the church. The flowers were for the Glory of God and in loving memory of Emily Bolton, given by her husband, Mr. Harry Bolton, and family, of town.

Miss Mary MacPherson was at the organ for the opening hymn, "O Come All Ye Faithful." The rector, Canon Gordon Carryer, before the offertory, happily extended Season's Greetings to his large Christmas Day congregation.
