## LARGE VOTER TURNOUT RETURNS IROQUOIS COUNCIL

Despite ice-rain and snow that made roads slippery throughout Eastern Ontario, a fairly heavy vote was recorded in most rural municipalities. While there weren't any major issues facing the voters and for several weeks it looked like public apathy would result in a small turnout, the voters did exercise their voting privilege in large numbers.

### IROQUOIS

In the village, the present council members were returned to office and both questions on the liquor vote went through with more than adequate majority.

Frank Rooney, still in Winchester hospital recuperating, topped the polls in the village with 413. He was followed by Mrs. Helen Smith and Jim Styles with 345 each and Jack Fetterly with 283. Close behind was John Haldane with 245 and Miss Dacie MacKenzie with 121.

There were only 5 voters casting ballots at the advance poll. The liquor vote passed with 417 to 68 and 407 to 75.

Reeve Lloyd C. Davis had

been given acclamation during nomination period.

### MATILDA TOWNSHIP

Lorne Strader, a newcomer, topped the polls in Matilda Township in Monday's election, with a total vote of 621. Dwight Gilmer, a present councillor, had 516; Harry Smail, also on the present council, had 472, while newcomer Michael Ault in his first try for a seat, had 323.

Mahlon Zeron, long time reeve of the township, had announced his retirement at the end of the year and George Cooper was given acclamation to that post. Ford McCaslin moved up from council to fill the deputy-reeve's chair in the coming term.

### MORRISBURG

Bill Dillabough edged out J. R. Bright with 499 to 464 votes for the reeve of Morrisburg. Deputy-Reeve Edwin Jones was given an acclamation, as were councillors C. F. McInnis, Albert Belanger and Fred Hill.

Tom Jones and John Thompson

incumbents on the Public Utilities Commission were reelected with 626 and 501 votes, the loser being Gerald Hellard with 313.

Mrs. Joan Findlay, of Morrisburg, an education consultant, in her first try for the Stormont, Dundas & Glengarry County Board of Education, won out over incumbent Dale Beckstead in a spirited race for public school board in the zone east of Iroquois. In our zone, Lorne Mellan had been given an acclamation.

### THE AREA

A. C. Casselman was given acclamation as Reeve of Cardinal; Keith Graham given acclamation in Chesterville, Walter Shadbolt won reelection as Reeve of Winchester Village.

### MATILDA LIQUOR VOTE

There were three liquor questions in Matilda Township and the official count was taken at Noon on Tuesday. The results will follow in next week's paper.

### Wed At Brockville

On Saturday, October 26th, 1974 at St. Francis Xavier Church, Brockville, Robert Millar, son of Mr. and Mrs. Alex Millar, Iroquois and Sheila Dumond, daughter of Mr. and Mrs. Frank Dumond, Brockville, were united in marriage.

## Van Outreach to Youth by Local Congregation

Pictured below is the new van received by the congregation of Knox Church, Iroquois, from the Special Projects Fund of The Presbyterian Church in Canada, to enable the youth outreach program of the Knox Christian Education Committee, begun in September of this year. Children from the concessions and rural areas are seen pictured with Mr. Harry Norton and Mr. Bill Barnhardt, the van operators, and the Rev. Alex F. MacSween, representing the Administrative Council of the Church, who presented the keys to the van to Mr. Norton during a ceremony at the close of the morning

worship at Knox, Sunday, December 1st. The Rev. John Hibbs also participated in this occasion.

A capacity congregation gathered for worship on this Sunday in Advent to share in a year-end Communion Service marking the close-out of century year celebration of the Presbyterian Church in Canada (1875-1975). The Rev. MacSween was a centenary-year speaker, invited by the Kirk Sessions of the Pastoral Charge, with the St. Andrew's, South Mountain, congregation sharing in this Service. Teachers and pupils of the Church School also par-

ticipated in this Service, highlighted by the sharing together of the Lord's Table, and the presentation of newly minted Communion Tokens commemorating the coming year of centenary celebrations in the Church to adult members, and of Centenary Year Pins to the youth members. Mrs. A. Moke and Mrs. M. Smollett made these presentations at the close of the Service on behalf of the Centenary Committee, and Mrs. M. Shearer and Mrs. M. Mearns on behalf of the Church School. The gifts of two beautiful floral stands, and of 100 new pew Bibles "in memoriam" of Mr.

and Mrs. David O'Flaherty, by their daughter Miss Margaret O'Flaherty. The Rev. Hibbs conducted the Act of Dedication, assisted by the Clerk of Session, Mr. Wayne A. Murphy.

A reception luncheon for Mr. MacSween was held in the lower church-hall at the close of the Service, attended by Elders and their wives or escorts, and members of the Centenary Committee who hosted the occasion. Conveners were Mrs. Bruce Bradely, Mrs. Wesley Moke, Miss Nina McGowan and Mrs. Alex Millar.

Other organizations and church groups represented on the Iroquois Care Units have also donated gifts toward the enablement of this program, and which will be used for food-subsidy and smaller needs of the program during the winter months.

"Meals on Wheels" will be entering its second year of operation in the Village and on the concessions in January, with over twenty volunteers participating weekly in the

See Page 5

## LOCAL UNION PROVIDES FREEZER

Pictured at right is Mr. George Holder, President of Local 478 United Textiles Workers of America, (Caldwell Linen Mills) presenting a cheque to Miss Anne Yee, representing the Iroquois Care Units, and on behalf of the purchase of a seven cubic foot freezer, to enable the local "Meals on Wheels" program and the mobile equipment required for the operation of this nutritional and personal well-being outreach to senior citizens, disabled and post-operative persons of the Village and concessions.

### Our Beginning

The last editorial to appear in the Iroquois Post was Ken Kirkby's "30" and although there is no number to designate the beginning of a writer's story, we sincerely hope that the time to our own "30" will be filled with the same sense of pride and accomplishment that Ken must feel.

The editorial page of a newspaper should not be used for personal expression but I am sure we can be forgiven, if my wife and I take this opportunity to express our heart-felt thanks for the warm welcome we have received from the many people we are already privileged to call friends.

### The People Speak

This year's municipal elections are over and the public has spoken, re-electing the old council for another two year term, in Iroquois.

There is always speculation about the election results even if no major issues are involved, primarily because the rural public take a deeper interest in their local politics than most people want to admit.

At times we may think it is apathy on the part of the voters when they don't stand up and shout at council meetings or during the nomination period, but that seems to be far from the truth.

We rural people take our voting privilege seriously...that is evident by the large attendance at the polls in Iroquois and Matilda at every election.

In Matilda there were also new faces seeking election. No matter what the outcome or who is elected, there is always a fine line between those who win and those who lose. As evidence of this is the doubt that exists before polling day as to who will win!

Predicting winners in a rural election is an impossibility.

The main reason for this is quite evident. There are always good, conscientious people seeking to serve their municipality and seldom have we ever seen a person seek office who wasn't truly interested in making his or her community a better place in which to live.

We have always felt that anyone seeking a municipal office should have support and those who lose have sometimes given the municipality more than they realize.

For one thing they have forced the people to decide who and what they want in the coming term. The losers have added a dimension to the election which gives the winner the satisfaction that he or she was chosen by the people, not just shoved into office because no one else wanted to serve.

Municipal elections are a great thing for the spirit of the community and at times we wonder if the losers don't deserve as much praise as the winners.

Ahead of local municipal politicians are two more hard years. There is a gradual trend in Ontario to amalgamate and cut down the size of the county councils and reorganize at the county level. Each municipality will have a say in the eventual outcome, but it is inevitable. And no mean task, either.

Best wishes to all..winner and loser.

## Bill Smiley

### The fun of batching it

By Bill Smiley

ONE of my real pleasures in life is "batching it." I've just been through ten days of it, and have another stretch coming up. I look back on the one with nostalgia, and forward to the other with anticipation.

There are a lot of men who go around with a long face when their wife is going to be away for a spell, and they'll have to look after themselves. Some of them would literally starve to death if there were no restaurants. Others actually "miss" their wives constant babble.

And there are a lot of women who are convinced that their poor weaklings of husbands will be hard done by if they leave them to fend for themselves for a few days. There are also a lot of women who are convinced that their husbands are going to miss their presence dreadfully. Both convictions are erroneous, in my case.

I love my wife, but oh, you happy, carefree days of batching it. I feel the way I used to, about nine years old, when school is letting out in June.

For one thing, there's no teacher at me all the time, trying to make me behave, clean up after me, and learn something new, all at once. This is hard work, and I'm lazy.

Nope, when I put the old battleaxe on the bus, or see the car drive off, I try to look mournful, and wave a fervent goodbye, then I give a great sigh of relief, and feel like a fellow who has just walked out the jailhouse gates.

I'm not saying that marriage is synonymous with prison, though it is a life sentence. I'm just saying that it's nice to get a weekend pass once in a while, for good behaviour.

First thing I do when the old girl disappears over the horizon is kick my shoes off, settle down in a comfortable chair with a beer and the evening papers. I read it through with quiet enjoyment, no interruptions.

Nobody relating how she changed the beds, did two washings, called the plumber. Nobody wanting to talk about decorating the spare room. Nobody telling me I had to go over the bills with her. No, just me and the paper. I read front page, editorials, columns, sports and entertainment. Normally, I never get past the front page.

Nobody saying, "Dinner's nearly ready don't open another beer which would you like canned peas or frozen spinach." I have my dinner when I jolly well feel like it. Maybe nine p.m., or ten.

And when I do, it's a gourmet spread. Unlike some of those snivelling wretches who can't boil a cup of water without spoiling the flavour, I was brought up in a large family, and was a pretty good, rough cook when I married.

A far better cook than the bride, I might add, *sotto voce*.

And since then, I've filed off a number of the rough edges, and can turn out a good meal. Chops and sausage, bacon and eggs are child's play, along with steak. I can turn out a creditable turkey, ham, roast of beef. I can make stuffing, bake a fish.

So, when I'm alone, I don't go hungry. Oh, not that I roast a beef, or turn out a golden brown turkey. That's a bit much for one average appetite.

But I don't settle for the baked potato, fried pork chop and canned corn routine, either. That's for workaday cooks and workaday appetites and workaday marriages.

Nor am I one of those fancy-dans who fool around covering the essential blandness of their cooking with a lot of spices and sauces.

I'm more apt to turn out a nice mixed grill: bacon, a small fresh lamb chop, a sausage or two, a bit of liver, and a gram or two of kidney. If they're not on hand, I get the latter two items out of a can of cat food. It has a distinct, unique flavour.

### Organ donors can give the gift of life or sight

by David Woods

In 1967 Dr. Christiaan Barnard revolutionized medicine by performing the first successful heart transplant. Since then, several further such transplants have been performed, but the procedure has continued to encounter severe rejection problems and is rarely done today.

Transplants of other organs — notably the eye and kidney — have been performed for a longer period of time with considerable success. They are still saving the sight and lives of many people, although they attract much less fanfare and publicity than the heart operations.

For example, more than 300 corneal transplants took place in Ontario in 1973; a similar number will have been done in 1974.

Mrs. Anne Wolf, executive secretary of the Eye Bank of Canada's Ontario Division, says that the recipients of these "new" eyes are people with blurred vision caused by scarred corneas, or victims of industrial, home or auto accidents.

The donors, she says, come from among more than 100,000 Ontarians who have signed special cards granting permission for their eyes or other organs to be used after death. They realize, says Mrs. Wolf, that it's about the most dramatic gift they could ever offer.

Since 1956, when it was started, the Eye Bank's Ontario Division has received 7,749 donated eyes. Transplants, ideally, have to be done within 48 hours of the donor's death. Nearly 4,000 have been performed in Ontario with a high success rate.

The problem, says Mrs. Wolf, is to get enough donors. If you'd like to help, write to your nearest branch of the Canadian National Institute for the Blind.

The shortage of donor organs also slows up the successful work being done with kidney transplants, of which more than 100 are performed each year in Ontario.

Dr. George deVeber, director of Toronto Western Hospital's kidney transplant program, describes the

When all is sizzling a la perfection, as we say, I carefully put the meat on a paper towel, and fry two large slices of golden-brown bread in the drippings. I top these with tomatoes and melting cheese. By this time my stomach can scarcely stand the aromas mingling.

Then I put the whole works into the cat's dish, open the refrigerator, take out a frozen chicken pie, heat it, and eat it, garnished with a sprig of cabbage. The cat and I are both happy.

By this time, it's 11.30 p.m., so I watch a late movie or two, with no one saying, "Isn't it time for bed?" I climb into bed at 3.30, read for an hour, and sleep until 7 a.m.

Every time my wife comes home and I've been batching it, she is appalled by my appearance. "Your eyes look like two burned holes in a blanket." They do, but I've enjoyed every burn.

Then the inevitable question: "Did you miss me?" Hah! Miss her my foot. I didn't miss her any more than I would my teeth, or my right arm.

The Argyle Syndicate Ltd.

shortage as "critical." Only about one-third of kidney failure patients — who are kept alive on dialysis machines — can get transplants. Even though the success rate for the operation is high, the donor organs just aren't available. This, says deVeber, is because most people just don't think about bequeathing their natural resources.

The solution, he says, is a universal donor card such as the one recently proposed for Ontario drivers' licences. The card would allow licence holders to be donors under the Human Tissue Gift Act if they sign a part of the licence to be designed for that purpose.

As transplants of other organs such as the heart, lungs and liver become as successful as those for the eyes and kidneys, there will be an increased demand for donors, says Dr. deVeber. You can perform a vital service in bequeathing your kidneys by contacting the Kidney Foundation of Canada, Ontario Branch, 1430 Yonge St., Toronto.

Donating organs after death may be something you'd prefer not to think about. But if you can save someone else's life or dramatically improve it, just by signing a card, it's well worth it. It may be the most far-reaching decision you ever made.

## PITTSTON

Mrs. Reginald Couners, and Mrs. B. Groskopf, Kemptville spent week-end with Mr. and Mrs. H. J. Futter, Allanburg.

Mrs. Hilda Wilson, Iroquois, and Earl Marlatt visited Mr. and Mrs. C. Marlatt, Sunday afternoon.

Carol Moutgomery spent the weekend with Rhonda Francis Hyndman.

Many turned out the polls on Monday.

Mrs. Reg. Connors accompanied by Mrs. D. Fawcett visited latter's husband - Delbert Fawcett at the Winchester District Hospital on Thursday.

# Iroquois Women's Institute

The monthly meeting of the Iroquois Women's Institute was held on Thursday evening, November 21st, in the Civic Centre with a fair number attending due to the inclement weather conditions.

The President, Mrs. Don Hare chaired the meeting assisted by the secretary, Mrs. Eva Summers. The usual singing of the Institute Ode, and Mary Stuart Collect with Mrs. Lottie Merkley at the piano opened the meeting. Mrs. Hare welcomed the members and guests, and she read a poem entitled "There will always be something you can do for others". The secretary read the minutes of the previous meeting and the roll call was answered by "My pet peeve, while doing my grocery shopping". Treasurer's report was given by Mrs. Shirley Moffatt which was very encouraging. Correspondence was dealt with. Mrs. Lottie Merkley read two letters from members of the Wrington England Institute, with whom the Iroquois Women's Institute corresponds with.

Mrs. L. C. Davis gave a paper, pointing out the highlights of the 59th Fall Area Convention, which was held in Ottawa, this year at the Talsman Hotel, November 12th and 13th, which she attended.

Mrs. Alex Banford, convenor of "Educational and Cultural Activities" introduced the guest speaker of the evening, Mr. J. A. Morris, of Prescott. Mr. Morris enjoyed a trip to Israel in March with editors of the Canadian Weekly Newspapers so he chose his topic to be, "Israel Again". He visited many places and cities in that country, that with his interesting talk and showing coloured pictures of the various places the group present really enjoyed listening to the speaker.

Mrs. Marian Davis thanked Mr. Morris for taking some of his time to come and show the pictures and speak to the Institute group and on behalf of the Iroquois Institute presented him with a gift in appreciation.

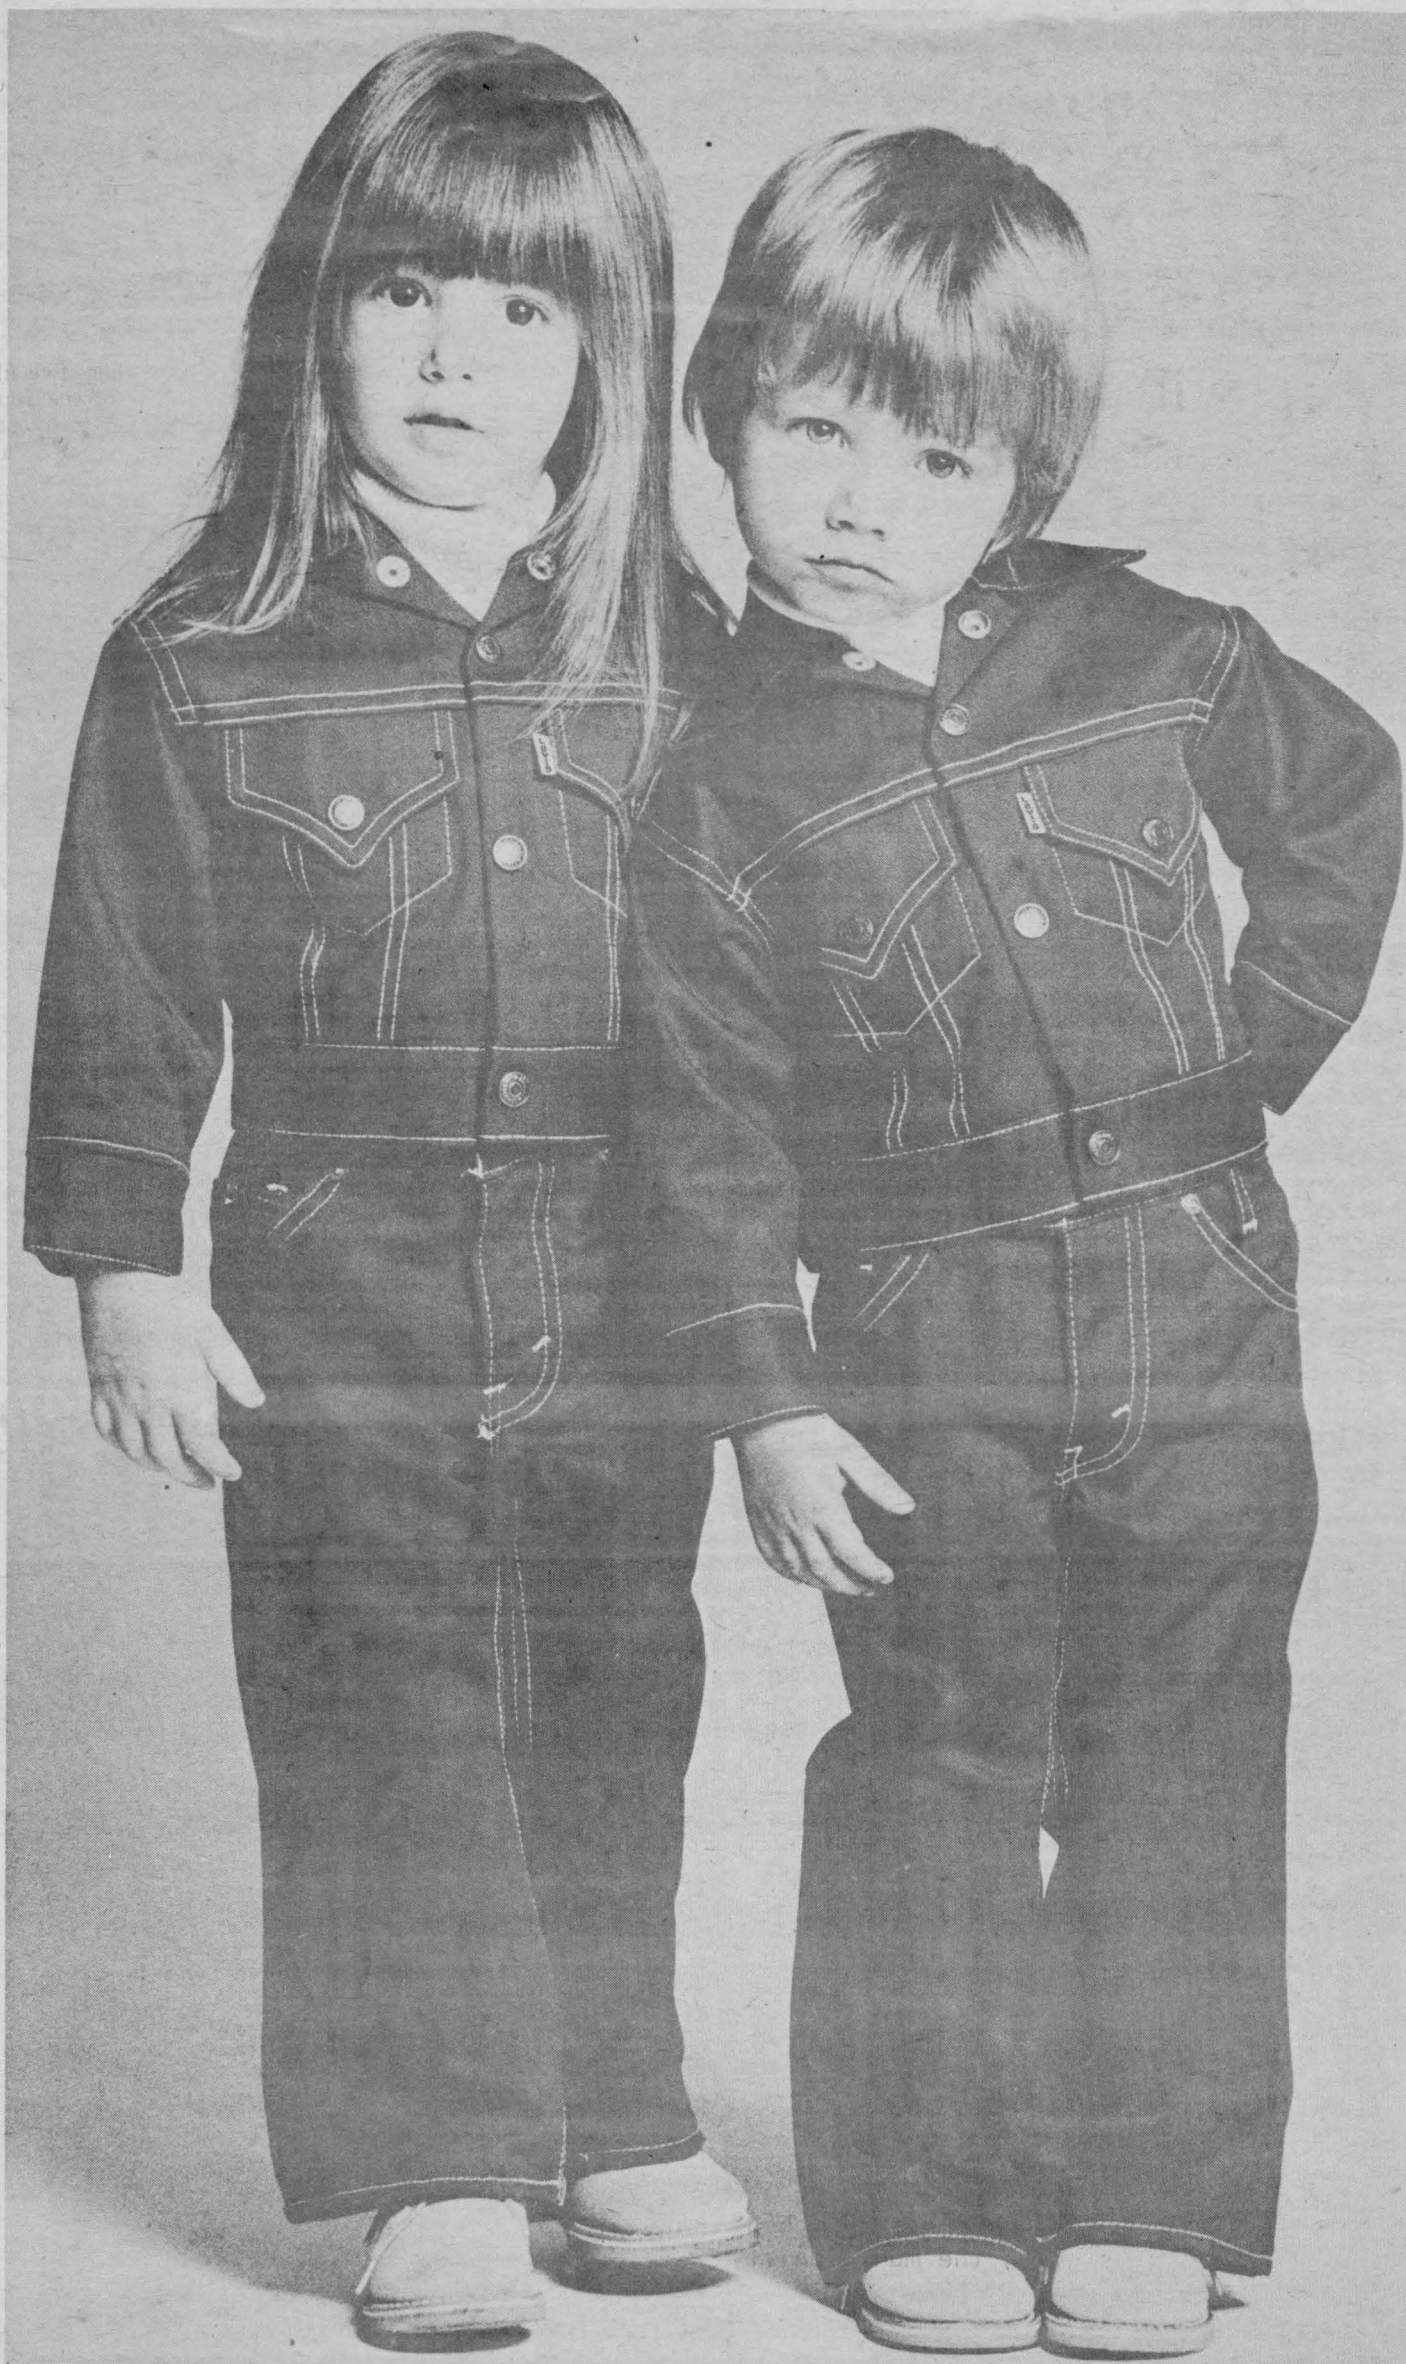

The meeting was brought to a close with the singing of "The Queen".

Dainty refreshments were served by the hostesses in charge and a social time was spent.

# Miss Eastern Ontario Pageant

The 21st annual edition of the Miss Eastern Ontario Pageant has been set for March 21st and 22nd, 1975 in the auditorium of the Perth & District Collegiate. These are the corrected dates of the Pageant which was originally announced as April 4th

and 5th. The Pageant will be on the first 2 days of the high school Winter Break in Eastern Ontario. Returning as President of the Pageant in '75 is Orville Buchanan. Also returning as the Executive Vice-President is

Murray F. Stone, who has been associated with the Pageant since its inception in the early '50's. Mr. Stone this year will also assume the duties of Business Administrator with full control of the budget and all financial aspects of the Pageant. He will also be the Chairman of Contestants, as well as Director of Publicity, Advertising, and Public Relations, and as part of the Vice-Presidential duties will act as Information Director of the Pageant. All information regarding the Pageant must come from him and all inquiries directed to him.

Mr. Keith McDonald remains as the Treasurer, and Mr. Burke Brisson has this year been appointed Stage Manager. Other positions are being filled as plans progress.

Interest is already keen from the area though it is 4 months prior to the Pageant. Confirmed entries already include one from Ottawa 3 from Almonte, 4 from Perth, and one from the Pembroke area. In addition indicated entries number 8.

Despite ever increasing costs and limited revenue the Pageant is definitely going to carry on. There has been a general misconception that the Pageant was deeply in debt. This is definitely not true! And, the Pageant has not been 'bailed out' as some say. Revenue is limited each year due to only a 600-seat facility at the school and the Pageant will not

raise admission prices and entry fees beyond what is fair. Against this limited revenue are rapidly rising costs causing an annual deficit. Perth town council has supported and backed the pageant each year and did not 'bail out' the Pageant this year in particular. They picked up a deficit of \$1,891 for 1973 and 1974, and guaranteed to cover any deficit up to \$2,000 in 1975. However, this does not total \$3,891 as some people figure. The pageant has not and does not receive the \$2,000 as a cash grant! Council pays only any deficit

up to that amount. If the pageant ends with say only \$500 or a \$1000 deficit, then that's all it gets.

The new Business Administrator is compiling a very strict budget and much trimming has been done in order to achieve a workable budget for '75. Reductions will in no way affect the quality of the Pageant and 1975 is expected to be an outstanding success.

## TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

Tommy is a lively, uninhibited eight-year-old — an engaging youngster in both looks and personality.

Anglo-Saxon in descent, he is healthy and slim with brown eyes, blonde hair and fair skin.

Tommy craves attention so he prefers the company of older people, either children or adults. Because Tommy was restless and easily distracted he spent longer than usual in kindergarten. Last year he was an average Grade One student, and now, in Grade Two, he loves school. A creative boy, he enjoys drawing and coloring. Tommy is interested in music and is now learning card games and chess. If an eight-year-old can be said to have a hobby, Tommy's would be mechanics.

Tommy loves camping, fishing and swimming. He plays baseball and is planning to join Cubs.

Affectionate Tommy needs much love, along with attention and stimulation. Young involved parents who can be both warm and firm will find him a fine son. Older brothers and sisters (but not younger ones) will be an asset in Tommy's adopting family.

To inquire about adopting Tommy, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general information, consult your Children's Aid Society.

HE NEEDS BIG BROTHER

Hearty hot snacks for guests or family, Dutch Cheese and Ham Roll-Ups can be prepared in advance and quickly deep-fried before serving.

## Dutch cheese and ham roll-ups

Need an idea for hot finger-food for your next party? Dutch Cheese and Ham Roll-Ups can be prepared in advance and quickly deep-fried just before serving. A substantial snack for hungry guests — or even for a hungry family.

- 1 cup shredded imported Holland Edam or Gouda
- 1 tablespoon mayonnaise
- ½ teaspoon prepared hot mustard
- 6 slices cooked ham
- 6 thin slices bread
- ½ cup flour
- 2 eggs
- 2 tablespoons milk
- 1 cup bread crumbs
- oil for deep-frying
- salt

Cream shredded cheese, mayonnaise and hot mustard together.

Remove crusts from bread; flatten slices. Spread each slice of bread and each slice of ham with cheese mixture. Place one slice of ham, cheese-side up on each cheese-spread slice of bread. Roll them up tightly; secure with a pick if necessary (cut each in half, if desired). Roll them in flour. Dip them in mixture of eggs and milk beaten together. Roll them in crumbs. Allow to dry 5 minutes. Heat oil (2 inches deep) in deep frypan or deep fryer to 375F. Fry rolls for about 2 minutes until they are golden. Drain on paper towels. Sprinkle with salt. Serve immediately. Makes 6 large or 12 small rolls.

### Celebrate Wedding Anniv.

Mr. and Mrs. John Merkley of R.R. #2 Iroquois (Stamptown) celebrated their 55th Wedding Anniversary on Sunday November 24th.

## Final tribute held for Donald Wyatt

Friends in Iroquois and over the area learned with regret of the death of Mr. Donald Wyatt which occurred suddenly at his home on Monday November 18th. He was in his 55th year.

Mr. Wyatt was born in Mountain Township and was the son of the late Connell Wyatt and his wife Pearl Sears. He was educated in Mountain Township and joined the armed forces and served in World War 2. He was married on January 29 1945 in Glasgow Scotland to Margaret Spears, who survives.

The deceased lived in Maitland and worked at Maitland Charts and later moved to South Mountain where he worked for Harvey Construction and then moved to Iroquois in 1958 where he was employed at Dominion Textiles.

Left to Mourn are his two sons Ronnie of Iroquois and Jamie of North Augusta.

Also grieved by his passing is his mother Mrs. Pearl Wyatt of Iroquois, his brothers Lyall of Prescott, Morris of Iroquois, Lawrence of Kurs and two sisters Cora Easter and Shirley Gibson of Iroquois and several nieces and nephews. He was predeceased by his brothers Lloyd of Kemptonville, Roy and Clair of Mountain.

The body rested at the Fitzs-

## Prevent Christmas tree fires

Make sure your family isn't one of those left homeless because of a Christmas tree fire this year.

"Your tree will probably be cut at least a month before you buy it," says Ontario Ministry of Agriculture and Food horticulturist, J. K. Hughes. "It will dry even before you set it up. So, don't let your children persuade you to bring it in early and leave it in late. The longer you keep it inside, the more dried out it will get and the more of a fire hazard it will become."

Regular watering will keep the tree fragrant and green and will help prevent it from drying out

## ELECTION THANKS

My sincere thanks are extended to all those who supported me at the polls on election day. This expression of support from the ratepayers of Matilda Township will renew my efforts for sound and efficient municipal government. With best wishes to all in the coming Christmas Season.

HARRY SMAIL

I wish to express my sincere thanks to all rate-payers in the district for the honour accorded me in giving me an acclamation to represent this area on the Stormont, Dundas and Glengarry County Board of Education. I shall endeavour to represent you with honesty and integrity in the term ahead.

LORNE MELLAN

### To The Electors of The Township of Matilda

I am grateful for the expression of confidence placed in me in Monday's election and for this support, not only for the next two years, but for those who in recent days made known their wishes to me.

May you all have a Happy Holiday and a Bright and Prosperous 1975

Sincerely

LORNE STRADER

### To the Electors of the Village of Iroquois

It was gratifying to have the support of so many electors at the polls December 2. Your message came through in spite of sickness and sleet.

In return I invite you to report your village problems for solution at the Council - Board, and any suggestions you may have for the betterment of Iroquois either by personal communication or attending the regular monthly meetings.

A special invitation goes to Runners-Up who represent a goodly number of voters.

"Merci and Bonne Chance" to my French-speaking friends and a happy 1975 to all.

Sincerely

HELEN SMITH

### To the Electors of the Village of Iroquois

I would sincerely like to thank those people who expressed confidence in my decision to run as a candidate for the Village Council by the support given to me at the Polls; and I would also like to congratulate the successful candidates who will be our representatives for the next two years.

The community has made its decision, and as the task of the Governing Body now becomes a task of responsible action, so let us as citizens support the decision made by our participation and involvement in the community concerns.

I would take this opportunity to wish everyone a Blessed Christmas and a New Year of Hope.

DACIE MacKENZIE

## PERSONALS

Mrs. Belle Rabb, of Davis Drive Iroquois, had the misfortune of falling on October 11th, 1974, and was taken to the District Memorial Hospital at Winchester with a cracked hip bone, and where she was a patient there for five weeks. On November 16th, she was transferred up by ambulance to Hotel Dieu Hospital in Kingston, and had a plate up in the hip bone. She has made good progress and was able to walk by using a cane in two weeks time. On Sunday December 1st, her daughter Mrs. George Martin and Mr. Martin came to Kingston and took her to their home where she will be for a time recuperating at 47 Shilton Road, Agincourt, Ontario.

Belle's many friends and neighbours in Iroquois wish her a speedy recovery to good health.

Mrs. Bertha Verner, of Elkhorn, Manitoba, has returned by air to her home after spending two months in Ontario, visiting her sister, Mrs. Calvin Serviss and Mr. Serviss in Iroquois, and other members of her family at Elgin, Ontario, and Ottawa, Ontario.

quickly. Check its water supply every day, especially during the first few days in the house.

If your tree is frozen when you bring it in, let it thaw at least half an hour before decorating it. This will prevent its needles from falling as quickly.

Never decorate a Christmas tree with real candles. Check electric lights for short circuits before hanging them on the tree and keep trimmings that might ignite easily away from them. Keep the lights on for only short periods, and be sure to switch them off whenever you are leaving the house.

Has your organization been up to something lately? Why not send in the story to The Post...

# Fred Broder, Morrisburg Noted Resident, Passes

On Wednesday, November 27, Frederick Henry Broder of Morrisburg, known widely as the elder statesman of the area, passed away at the Hotel Dieu Hospital in Cornwall, at the age of 94.

Mr. Broder was born in Morrisburg on February 24, 1880, the son of William Broder born in Ballymote, County Sligo, Ireland, in 1790 and Mr. Broder retained close connections with his Irish relatives.

He graduated from the Univer-

sity of Toronto in 1902 and was a prominent member of the U. of T. Championship Hockey and football teams while at university. He was one of the few surviving members of his year. In the First World War he served overseas with the 21st Battalion and was severely wounded at Lans. He was awarded the medal of the Royal Canadian Humane Association both in 1904 and 1905 for saving two lives.

Following the war he was a

partner in Morash Foundry of Morrisburg until 1948. During this time he served as Reeve of Morrisburg for 13 years, and was Warden of the United Counties of Stormont, Dundas and Glengarry in 1948. Active as a Conservative in politics, he was Honourary President of the Grenville-Dundas Progressive-Conservative Association for many years and was the nephew of the Honourable Andrew Broder who was M.P. for Dundas for a lengthy period, including service in the Borden Government.

He was active in the Morrisburg United Church having been Superintendent of the Sunday School for many years and was a member of the Masonic Lodge, Royal Arch Masons, Cornwall Preceptory and Karnak Shrine of Montreal. He was also extremely active in the Library Board, Canadian Club, C.N.I.B., Horticultural Society, Bible Society, and Cancer Society. He was an original member of the Advisory Board for the building of the Hotel Dieu Hospital in Cornwall. In early years he was

prominent in all sports and in later years was a bridge enthusiast and world traveller.

He was active in all community matters until a few months before his death.

Mr. Broder had never married. He is survived by two nephews, George D. McTaggart of Westmount, and Fred G. McTaggart of Etobicoke, and three nieces being Mrs. T.B. Allen and Mrs. F.F. Tisdall of Toronto and Mrs. David McNutt of Roxboro P.Q. Amongst numerous cousins are Fred S. Broder,

Robert Buchan and Langton Carr of Morrisburg, and Harry Broder, Fred G. Broder and Andrew Broder of Ottawa.

The remains were at the United Church, Morrisburg, and the funeral was Saturday at 2 p.m. from the Church. Pallbearers were Allan Farlinger, John Carr, G. William Correll, Fred M. Cass, Arthur Edgerton and Gordon Thom. Honourary Pallbearers are the Honourable Donald Irvine, Fred S. Broder, Langton Carr and Borden Clarke.

## Morrisburg and District Horticultural Christmas Show

At the Annual Meeting of the Morrisburg & District Horticultural Society, held Tuesday evening, November 19th, the Christmas Show, convened by Mrs. Harry Steward, was enjoyed by a good turn-out of members. Mrs. Tom Fraser and Mrs. Diana Burd were the judges, and in their comments congratulated the exhibitors on

the quality and beauty of the arrangements, though regretting that the number of entries was smaller than last year. Mrs. Fraser encouraged more members to participate, remembering that simple arrangements are often the most effective.

The election of officers fol-

Motor Vehicle Inspection Program In Full Swing

Every person selling a used car must give a Safety Standards Certificate to the buyer — unless it is sold as an 'unfit' vehicle, designating it as unfit for road use.

Almost 7,000 service stations, garages and car dealerships in Ontario have already been licensed under the government's new Motor Vehicle Inspection Station program, according to Transportation and Communications Minister John Rhodes.

'To date, 6,930 stations have been licensed under the new program,' Mr. Rhodes said. 'All are now operating and adhering to the provincial government's new legislation which went into effect September 1.'

Under the new legislation, a motor vehicle must undergo an inspection of its safety related components prior to resale or transfer of ownership. The new inspection program was designed to ensure uniformly high standards of inspection throughout the province.

Only licensed Motor Vehicle Inspection Stations can issue a Safety Standards Certificate, certifying the mechanical fitness of a used motor vehicle. Each inspection of a used motor vehicle must be carried out by a mechanic registered with the Ministry.

The Safety Standards Certificate of Mechanical Fitness previously in use in the province,

**Machine Shop**  
At Mutual Products, Morrisburg, we have a well equipped Machine Shop with a qualified technician. We have some spare time in the maintenance department and therefore we are now opening the machine shop for custom work such as welding, any kind of repair, sharpening, lathe work etc. Come and give us a try. We are open from 8 a.m. till 4:30 p.m. Monday thru Friday.  
Attention Farmers: We are setup to sharpen cattle clipper blades — \$3.50 per set.

## Recommendations to be Sent to Director

The Iroquois School Committee met on November 6th, to discuss school activities. The chairman this year is Mr. John Trayner and the secretary-treasurer is Mrs. Joan Gee. Other members are Mrs. Carol Daisley, Mrs. Betty Styles and Mr. James Kolff. Teacher representatives are Mrs. Gail Burrell, Mrs. Joan Plumadore and Mrs. Betty Merkley. Mr. J. Shaw, the principal, is an ex-officio member.

The Committee decided that the term of office for members should be a school calendar year with a new committee elected each Fall.

The Director of Education Mr. Leger asked the school principals to involve their school committees in outlining priorities for the 1975 school budget.

The School Committee suggested that more money should be allotted to schools for the purpose of taking educational

trips. They all agreed that the Quebec City trip was successful last year, but felt that the students should not have to raise so much money themselves.

The School Committee recommended that a part-time librarian should be hired to assist the teachers and students in the resource centre.

The committee also felt that more remedial help could be given the students if the teacher could be hired for a longer period of time. These recommendations would be sent to the director of Education.

The school principal outlined the aims of education for the school, which resulted from the last Professional Activity Day for the teachers.

The School Committee agreed to have a meeting early in the new year and outline the aims of the school programme to all interested parents.

## Licence Renewal Stickers Now On Sale

Starting December 2nd, owners of passenger cars and trailers will be able to obtain their 1975 renewal stickers at any of the 296 licence issuing offices throughout the Province, the Ministry of Transportation and Communications announced today.

This year the validation stickers for passenger cars will be green in colour and those for trailers will be black. Fees are the same as for 1974: \$23 for a 4-cylinder vehicle; \$32 for 6-cylinders; \$40 for an 8-cylinder car and \$5 for trailers.

This is the second year of the multi-year permit and sticker renewal system.

With a view to speeding up service in the licence issuing offices, simplified renewal application forms containing an insurance declaration have been distributed ahead of time to all provincial L.C.B.O. retail outlets as well as all licence issuing offices. This is to encourage motorists to fill the forms out before going to the licence bureau.

Applicants need just present the licence issuer the completed form, together with their multi-year permit and fee. The validated permit will be returned together with a validation device that the applicant will be instructed to attach to the rear plate of his vehicle on top of last year's sticker.

Deadline for having the new sticker on passenger vehicle licence plates if February 28, 1975; for trailer plates March 31, 1975.

Failure to affix the sticker by the required date is an offence under the Highway Traffic Act.

### Horticultural Show From Page 6

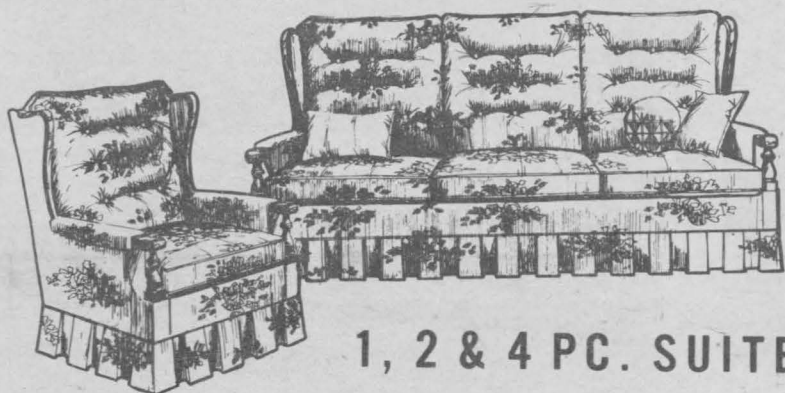

lowed other business and was conducted by Mr. Gordon Thom, those elected being: President Mr. R. L. Griffin; 1st Vice-President - Mr. J. S. Corbett, 2nd Vice-President - Mr. Jas. McCullough; Director for 1 year (replacing a vacancy) - Mrs. H. Shennette; Directors for 2 years - Mrs. G. Wells, Mrs. J. Vanhoof, Mr. G. Coughler, Mr. E. Cole, Mr. S. Chapman; Auditors - Mr. J. C. Skuffham, Mr. S. G. Walroth. Appointments were: Secretary (Recording) - Mrs. G. Coughler; Treasurer - Mrs. J. J. Saunders; Corresponding Secretary and

Newsletter Editor - Miss E. B. Griffin; Chairman of Programme Committee - Mr. J. S. Corbett; Chairman of Public Planting & Beautification Committee - Mr. L. A. Laurie; Membership Convenor - Mrs. J. H. Johnston, with Mrs. G. H. Smith as alternate. Further appointive positions are to be filled by the Board Later.

Mr. Thom expressed thanks to the outgoing president, Mr. Graham Wells.

A sing-song, guessing games and refreshments concluded this last meeting of the 1974 season.

# Increase In Community Grants Pending

Donald Irvine M.P.P.

This week there are a couple of local items that should be of considerable interest to many people in Grenville-Dundas.

Rather spectacular changes in the grants available to municipalities to build community centres, arenas and swimming pools have been announced by the Honourable Rene Brunelle. The legislation, which will almost certainly become law before the year is out, will increase the province's contribution for each of these undertakings from \$25,000. to \$75,000. This means that a municipality that is anticipating building any one of these items in the 1975 construction period is entitled to receive a grant up to \$75,000. towards its capital cost. Any municipality that is contributing to two or more of these functions could be eligible for up to \$150,000. for two or \$225,000. for three.

In addition, the changes include broadening classes of eligible recreational facilities and providing for improved methods to streamline payment of grants.

Any municipalities planning to erect new facilities next year should be very happy to hear about this new structure. Even some who are not might now reconsider.

I think that this initiative of the government demonstrates once again the desire to strengthen and reinforce the concept of communities and the quality of life everywhere in our province.

As Minister of Housing, I announced sometime ago that study grants would be made available to municipalities to encourage them to prepare policy statements outlining general housing aims. These grants are designed to encourage active municipal participation in the achievement of the province's housing goals.

It is with considerable pleasure that I was able to announce a week ago that the town of Prescott was among the first three centres to gain approval. This grant will assist the town in developing its own comprehensive housing policy and at the same time ensure that local targets are integrated with provincial objectives.

Prescott is to be congratulated for submitting careful and informative study proposals which enabled the Ministry to come to a quick decision on the application.

## NEW TRESPASSING LEGISLATION

I wonder if any property owner

**Andrew C. Irving**  
SEPTIC TANK SERVICE

24 HOUR SERVICE

PHONE 657-3212

3-16p

ever could have believed that he could be liable for injury sustained by someone trespassing on his land without his knowledge, but if the trespasser is driving a snowmobile, then is some pretty common circumstances the property owner or occupier could be liable for any injury sustained.

This rather surprising state of affairs is the result of a Supreme Court of Canada case decided only a couple of weeks ago. In that case, a snowmobiler, riding

at night inadvertently entered onto private property where he ran into a horizontal steel pipe. Even though the pipe had been there for twenty years and was designed to keep vehicles away from a powder magazine, the property owner lost.

The Ontario government simply doesn't believe that property owners or tenant should be liable for injuries sustained by a trespassing snowmobiler whether the trespass is intentional or not, unless, of course,

the injury was caused wilfully or maliciously by the property owner. Consequently, we will be introducing legislation to remove any doubts. At the same time, the law will specify liability of a snowmobiler owner and operator for damage to property caused by these machines. This last point is a recommendation of the Select Committee on Snowmobiles and All-Terrain Vehicles which toured the province last year and studied the situation in depth.

## CARDS OF THANKS

We wish to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy, gifts to Heart Foundation and the Bible Society and the beautiful floral offerings received from relatives, neighbours and many friends during our sad bereavement of a dear Son, Father, brother and uncle, Donald.

We especially want to thank Mrs. Lyall Robertson who helped us at our home and also to those who brought in food as we were most grateful.

A special thanks to Rev. Hibbs and the Legion Branch 370 which participated in the services

Wednesday evening.

Also a special thanks to Ron Fader, Mr. Fitzsimmons and Rev. Brian Gee for his comforting message.

The Wyatt Family 24-1-p

I wish to express my sincere thanks to my family, friends and neighbours, for cards, phone calls, and visitors, while I was a patient in Winchester District Memorial Hospital.

Special thanks to Dr. Marston, and the nurses and staff on the second floor.

Murray Baldwin  
24-1-p

I wish to thank all the people who extended their sympathy during our recent bereavement in the loss of my loving dad. Special thanks to Mrs. W. Hagarty and Mrs. Ronald Newman for their kind help. These acts of kindness were greatly appreciated.

Laura Burgess lp

We wish to express our sincere thanks to the Iroquois Fire Department, and the neighbours who assisted at the fire last week.

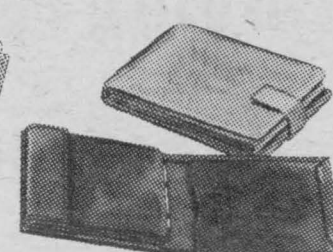

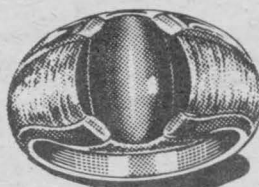

Charles & Nora Bellinger lp

# Old Times - Good Times - Winter Times

Winter Wonderland - Canadian Style! That's Chrysler Farm Battlefield Park, a snow covered family recreational region with all the trimmings. And it's nearby! Well within short driving distance from your home, located only 7

miles east of Morrisburg, Ontario, adjacent to Upper Canada Village. Mileage from Ottawa via Hwy 31 is 50 miles, Montreal 95 miles via Hwy 401 exit 120, Massena, Cornwall and Brockville are only minutes away!

## MARSH WORLD by Angus Shortt Ducks Unlimited

### WATER CONTROL

Control of marsh water levels is an important part of management to insure maximum use by waterfowl and that valuable fur-bearer, the muskrat. Ducks Unlimited controls range from simple earthfill dams to more sophisticated structures, such as a four-bay reinforced concrete, stop-log control. Equipped with 8 six-inch stop-logs, such a dam holds back 4 feet of water. Removing one row of logs lowers the level 6 inches, conversely, adding one row raises the level 6 inches.

## PARKING

BY-LAW No. 62-12

No Motor Vehicle shall park on any street in the Village of Iroquois between the hours of 7 p.m. and 7 o'clock of the following morning, during the Winter months

of DECEMBER, JANUARY, FEBRUARY & MARCH

Owners of all Motor Vehicles are to remove same from the Streets at any time when snow plowing operations are being carried out in the Village of Iroquois.

A Police Officer, upon discovery of any Motor Vehicle on the Village Streets during the hours mentioned above, or during snow removal periods, may cause it to be moved to a suitable place and all costs and charges in connection there with may be charged to the owner.

F. T. LLOYD  
Clerk

L. C. DAVIS  
Reeve  
22-3c

Here you will discover nature in a way in which it is meant to be appreciated. Four groomed patrolled and marked cross country ski trails will take you through a peaceful snowy forest, which is also the location of the Chrysler Park Maple Sugar Bush. It is not uncommon to see numerous animal tracks in this region for it is within the boundaries of the Wildlife Sanctuary. Skiers and snowshoers may also venture throughout 3,500 acres of unmarked picturesque parkland. For the snowmobile enthusiasts, miles of groomed and marked trails are available. Another option which will interest the more adventurous is the thrill and

excitement of a toboggan run on the Memorial Mound.

Horse drawn sleigh rides through the streets of Upper Canada Village offer a most unique and charming experience. The sleigh rides will operate weekends only, from 10:00 a.m. to 3:00 p.m. every hour on the hour. This is the only activity in the program which has a nominal fee of 50¢. All other activities are free! Your skis, toboggans, snowshoes, etc. are all you require.

After a full day of activities, a good hot meal awaits you at the Upper Canada Restaurant. Tickets for the sleigh rides are available at the Village Store, open daily after December 2,

where a fine selection of souvenirs, handicrafts, and other gifts are displayed. Parking facilities are available at the entrance to the trails via Upper Canada Road (interchange 120 Hwy 401) and also adjacent to the restaurant and Village Store. A well balanced recreational program in an atmosphere of friendliness is "not so far away".

All winter activities are subject to favourable weather conditions. Additional information is available by dialing The St. Lawrence Parks Commission at 1-613-543-2951. For road conditions call 1-613-745-7049 or 1-613-544-2220.

## Awards presented at conclusion 4-H

"A World of Food in Canada" drew to a close for Dundas West 4-H Homemaking Club girls on Saturday, November 23, 1974, at Nationview Public School, South Mountain. The girls put on a very interesting afternoon program made up of a skit and a demonstration by South Mountain and Hallville Clubs. There were also three exhibits presented. One by Matilda 2 with Bernadette Smail as commentator, one by Matilda 1 with commentator, Mary McInnis, and the third one by Mountain and the commentators were Sandra Gibson and Cindy

Lancaster.

The afternoon was concluded by the presentation of awards. County Honours which are given to a girl upon successfully completing six Homemaking Units were given to Ann Jansen of the Hallville Club and to Lois Barkley and Darlene Stewart both of the Matilda #1 Club. One person received Provincial Honours which is given upon successful completion of twelve 4-H Homemaking Units, and she was Linda Empey of the Matilda #1 Club. We also had a very special award given out. This was the awarding of a silver pie server to three girls upon successful completion of eighteen projects. This is

known as Advanced Honours and the recipients were Linda Blaine of Hallville Club, Mary McInnis of the Matilda #1 Club and Bernadette Smail of the Matilda 2 Club. Congratulations girls on a job well done.

Mrs. Heather Butt, a visiting Home Economist commented on the skits, demonstrations and exhibits that were presented.

Miss Mary Michels conducted the events of the day. She reminded the girls that the Spring Project will be "A Touch of Stitchery". The training school will be held on January 16 and 17, 1975 for this part of Dundas. All girls who are twelve years of age by March 1, 1975 are encouraged to join.

## Dollars & Good Sense

by William J. Martin  
Special Consultant to  
AVCO FINANCIAL SERVICES

With Christmas on its way and retail prices at an all time high, this may be the year to explore alternative shopping opportunities. Factory outlet stores should be high on your list.

A factory outlet store is exactly what the name implies. It is a store established by a factory to sell off products that, for one reason or another, have not been wholesaled.

The sharp consumer who is willing to invest the extra time and effort will find some terrific bargains. You can expect to save from 10-50% on such items as shoes, clothing, appliances and dinner and glassware. And many of these items make great gifts.

But, keep in mind you'll be shopping under less than ideal conditions. There will only be the factory's brand to choose from. Few outlets have alteration facilities, and still fewer accept checks and credit cards. And the goods featured may be "seconds" or styles that proved to be unpopular.

As in any bargain situation, you must exercise good judgment before you buy. Inspect the merchandise carefully for defects. Keep in mind that generally, all sales are final.

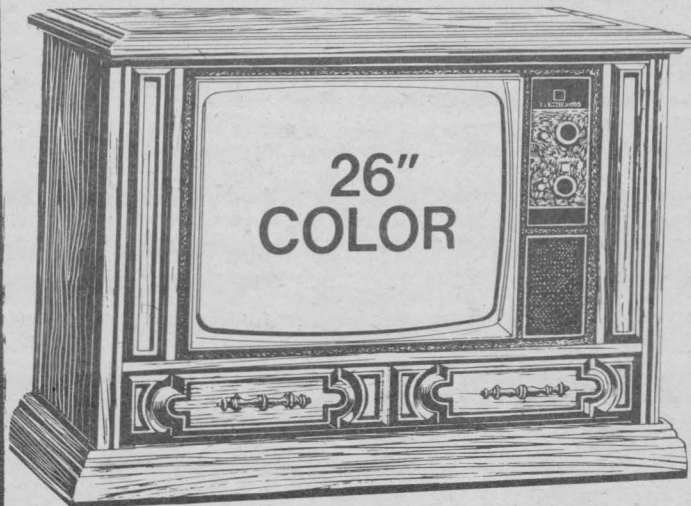

For a listing of factory outlet stores in your area, contact your local or state Chamber of Commerce.

Readers' questions are welcome and should be sent to Box 5857, London, Ontario.

# Snowmobile Regulations

In Ontario, rules are regulations governing the operation of motorized snow vehicles are spelled out in the Motorized Snow Vehicles Act and its regulations. Some of these regulations which seem to pose problems to owners and operators of snow vehicles are set out below.

**REGISTRATION:** Your motorized snow vehicle must be re-

gistered with the Ministry of Transportation & Communications before it is driven. Many people falsely believe that a licence is only required if the vehicle is to be driven on the Highway. Irregardless where the vehicle is being operated it must have a licence plate attached to the front of the machine.

**INSURANCE:** The owner of a

motorized snow vehicle who drives or permits the operation of the vehicle on a highway must produce evidence when requested by a police officer, that the vehicle is insured.

**DRIVER'S LICENCE:** A person who operates a motorized snow vehicle on a highway must be in possession of a valid driver's licence. A driver's licence is

not required if the vehicle is being driven off a highway. **REPORTING ACCIDENTS:** All accidents occurring on or off a highway which result in injury to a person, or property damage to property belonging to a person other than the owner or driver apparently exceeding \$200.00 must be reported.

Just a word of warning to those people who operate snow vehicles over ice. The greatest loss of life from a single cause occurs when machines travelling on lakes and rivers crash

through the ice.

In the majority of cases, multiple deaths involving both drivers and passengers are the result.

In spite of constant warnings, operators fail to recognize obvious dangers and the inevitable tragic outcome. The shock of being plunged into ice cold water and the rapid paralyzing effect on the body are quick to render the victim helpless. Add to this the weight of heavy water soaked clothing and you have the fatal combination.

## Studies show dental care should start at early age

by David Woods

In dental care it really is true that an ounce of prevention is worth a pound of cure. For financial and other reasons many people tend to delay visits to the dentist — or to go only when something needs to be put right urgently.

Early attention means less work and less cost in most cases — a fact substantiated by two Ontario dental care studies in which "earlier" means both chronological age, and getting to the root of the trouble (so to speak), before it becomes too big a problem.

Just a few years ago the Borough of North York and the County of Waterloo started separate experiments in providing comprehensive, continuing dental care to randomly selected groups of children — at no cost to the parents. The idea was to see if it would be practical, from the standpoint of costs and available dental manpower, to offer such a service to Ontario's 1.5 million elementary school children.

The North York study focused on providing initial dental care for five-year-olds, followed by maintenance care each succeeding year to see how they were doing. The first group of 338 children were randomly selected from 20 elementary school dental clinics in the Borough. Each year, a new group enters the program, which is now in its sixth year. A total of 1,810 children have been involved in the project.

The study has shown that the

children's dental needs varied according to their age when fluoridation was introduced to Metro Toronto's water supply. In general, the children receiving the proper amount of fluoride gained greater dental protection — and the costs and time of their dental care were about half those for children without water fluoridation. The time spent in maintenance care ranged from 27 to 40 minutes per year, depending on the age groups of the children in the study.

The Waterloo experiment was slightly different in that it took two groups of 1,000 three-year-olds from families of varying economic,

ethnic, rural and urban backgrounds, and offered them dental care through private practitioners.

That care included clinical examination, fluoride treatment, x-rays and necessary dental procedures; the idea being to compare the dental progress of children participating in the program with those who had not.

As both studies have shown, there is more than a germ of truth to the adage: "Get to a child early enough and you've got him for life."

Dr. R. E. Feasby, the Ontario Ministry of Health's senior consultant in public health dentistry, says: "These studies are providing essential information on cost factors and manpower requirements toward future implementation of a dental care program for children."

## Safety Tips

The Christmas count-down has begun and shoppers are out in full force. The Ontario Safety League warns motorists to watch for pedestrians caught half way across the street. A vehicle coming from the opposite direction may frighten them into stepping back to avoid

that vehicle and stepping right into your path. Watch for vehicles that might trigger such a reaction and be ready to brake safely.

Motorists are reminded that approaches to icy intersections may be packed and polished. Slow down so you won't slide into cross traffic.

When you're driving and you hit an unexpected patch of ice, don't try to brake, accelerate or steer. Maintain speed and let your vehicle "roll" through the slippery area.

The first week in December has been declared nationally as Safe Driving Week — Drive like you'd like everyone else to drive... all year around.

## Advent-Christmas Pageant at Knox

The annual Advent-Christmas Pageant presentation of the Knox Church School and Junior Choir will take place this Sunday evening, December 8th, at 7:30 p. m., in the sanctuary. All members, friends, relatives and guests are cordially invited.

Entitled "Before and after Bethlehem", the pageant will enact three scenes of Biblical Witness relating to the Person of Jesus Christ, with the Nativity Scene as a central focus throughout. The Knox Church School pupils will do the characterization of the scenes, with

the Junior Choir giving leadership in the choral numbers preceding each scene, and in congregational singing.

At the close of the Service the traditional Christmas Tree presentations will be held and Santa's visit, all children present receiving either a gift or a treat.

Rehearsals of the pageant will be held on Saturday morning, December 7th, at 10 a. m. to 12 noon in the Knox church hall, with a full Dress Rehearsal on Sunday afternoon, December 8th, at 1:30 p. m. Participants

and Teachers will meet, prior to the pageant, in the lower church hall at 6 p. m.

A highlight occasion in the Advent season of the Church Year, this Service is designated for all families of the congregation and their friends.

Closed Monday - Open all day Wednesday

## They're NOT Out To Get You

Good to be home?

Canada Customs really means it  
'Welcome to Canada!'

But some of the things you bring back with you  
will not be nearly as welcome  
as you are.

Canada's 4,000 Customs Officers are part of her first line of defence against the entry of diseases, pests, and potentially dangerous drugs and foods. Some of your souvenirs may not be allowed in at all, or only if the Customs Officer is satisfied they do not threaten the well-being of the country in any way.

Why are things that seem quite harmless or only of personal value so closely scrutinized when you pass through Customs? Quite simple! Unwanted pests and dangerous plant or animal diseases may hitch-hike in on your rare tropical plant or in that traditional family-recipe summer sausage you hoped to share with relatives in Canada. Even the soil in a plant's pot may harbour unwelcome visitors.

### INCREDIBLE?

It's not, you know. There have been outbreaks of both plant and animal diseases directly traceable to the illegal importation of pets, meat, plants or their products. The blight on some of British Columbia's fruit trees caused by the oriental fruit moth, the disaster of Dutch elm disease, and epidemics of Hoof and Mouth disease were all imported.

So the care used in examining plants, pets and foodstuffs is justified. Occasionally you may even be asked to surrender such items to Canada Customs for quarantine or disposal.

Customs Officers must enforce a bewildering array of government legislation. This requires a large measure of personal judgement in permitting the entry of certain goods or subjecting them to a more detailed examination. Depending on the country you are returning from and conditions there, goods usually restricted may be allowed entry. However, if officials are notified of an outbreak of serious illness, crop pests or animal diseases the entry of potentially harmful items must be denied.

### SOME GUIDELINES

Under existing regulations meat, raw or processed, is generally prohibited, because disease-bearing micro-organisms can survive in meats and other animal products.

For the same reason many plants, plant products, and soils are banned. Consult the Plant Protection Division of Canada Agriculture about what plants are permitted entry.

### YOUR PETS ....

Rabies may enter Canada with a sick pet. Vaccinate your pet regularly against rabies. The Veterinarian's Certificate, signed within one year of a pet's entry, will facilitate Customs procedures, although the animal will still have to be inspected before it is allowed in. Dogs from certain countries are subject to further precautionary measures; they may be quarantined for one month to be sure they are healthy. Vaccinations are not required for cats, although they, too, must be inspected before entry.

Parrots and related birds, if healthy and isolated from similar birds for ninety days are admitted. No more than two birds of the parrot family for each household may be allowed entry at any one time under Agricultural regulations currently in effect.

### AND PEOPLE?

Customs protects the health of Canada's people, too - one more reason why pets must be vaccinated. You, too, may be asked to produce a valid International Certificate of Vaccination against smallpox, cholera, yellow fever, or any combination of them. The certificate must be validated before you leave Canada at your local Medical Health Office or at the Medical Branch of the Department of Health and Welfare, who can also clarify any special requirements for the country you plan to visit.

### IN SUM

Maintain regular immunization for family and pets, and familiarize yourself with the restrictions on things you can bring back. It will smooth your passage through Customs, and you will be doing your part to help Customs protect the well-being of Canadians, Canada's industries, and the Canadian environment.

## W.C. MacDonald & Associates REAL ESTATE LIMITED

REAL ESTATE BROKERS

WINCHESTER, ONTARIO

# Election of Officers for Travel Association

The first Annual Meeting of the Eastern Ontario Travel Association took place on November 20, 1974 in the President's Board Room of the St. Lawrence College in Kingston, Ontario. The Chairman, G. G. Seymour reviewed the accomplishments of the Association

Treasurer: Mr. Don Anderson - representing the Rideau Lakes & 1000 Islands  
Past Chairman: Mr. G. G. Seymour - representing the Rideau Lakes & 1000 Islands  
The Annual Dinner Meeting took place in the Cavalier Room of the La Salle Motel in

ented to Mr. F. J. Boyer an engraved Cannon obtained from Old Fort Henry as a memento of the occasion of the Eastern Ontario Travel Association being the first of twelve organized in Ontario to hold an annual meeting.

Mr. F. J. Boyer presented to the Chairman, G. G. Seymour, an engraved plaque that will be displayed in the head office of the Eastern Ontario Travel Association, Lansdowne Travel Centre - a Chairman's Plaque indicating G. G. Seymour of Kingston as the first chairman of the EOTA. Mr. Boyer also presented to Mr. Seymour an engraved desk set in tribute to his untiring efforts to form and firmly establish the EOTA as a major factor in tourism throughout Ontario. Mr. Seymour received, at the same time, a letter from Mr. Claude Bennett, Minister of Industry and Tourism thanking Mr. Seymour for his untiring efforts in promoting tourism as the major industry in Eastern Ontario.

## ociation

was given a standing ovation by members and guests.

Rev. Rumball, a former Canadian football star, has been minister to the Church of the Deaf in Toronto since 1956. At that time he was the only full-time minister to the deaf in Canada. He said that the deaf have been treated as a minority group for years and were discriminated against by services and government alike.

"To-day in the province of Ontario the deaf are better off than any place in the world," he stated. His church members own and operate their own camp and all board members are deaf.

Stating that he receives requests from the United Nations to assist with programs in other countries he related incidents from his wide experience. Commenting on the fact that only since this year, 1974, deaf people can become teachers in the schools for the deaf, he said that since 1904 people were working to this end. "There was no choice as the govern-

ment was being forced." "For years the Ontario Hospitals were dumping grounds for all problems. If the institutionalized don't get help they can be there for the rest of their lives," Rev. Rumble emphasized.

jized. "Only because someone has made their days count will the institutionalized be helped."

He said that the members from the Church of the Deaf are providing the responsible leader-

ters on how to help children cope with this age. They should give the child a standard or "measuring stick". They must have rules as their development is continuous. A question and answer period followed. Mrs. Joan Findlay, program chairman, introduced the speaker. Mrs. Grace Klugman presided for the business period. She announced that there is now available in Morrisburg a marriage and family counselling service every second Monday, starting November 18. This service is free, available through

Counties Board of Education. Questionnaires are to be returned as soon as possible.

Mr. John Comtois, director of education, and Mr. Dale Beckstead, school trustee, were introduced. Coffee was served by Mrs. Claire Delage and her committee.

"Count your days and make them count. You will be a better person if you do," said Rev. Robert Rumball at a recent meeting of the Morrisburg and District Canadian Club. Following his outstanding address he

# Dead Game May Be Important

The deaths of scores of birds, reptiles and animals killed by poachers, overly-ambitious hunters' traffic and other mishaps every year may not be entirely in vain.

Conservation officers with the ministry of natural resources in eastern Ontario have been finding uses for the carcasses that range from historical research to, in the case of freshly-killed deer and moose, providing elderly citizens with a dinner of prime venison.

Near Ottawa, a mallard duck that has been seized today could very well be a clue to the location and eating habits of an Indian village that flourished two hundred years ago.

Conservation officers have turned over approximately 125 carcasses in the past year to Ann Rick, head of the Zocarchaology Research Centre, one of the sections of the National Museum of Natural Sciences.

At the centre, a reconverted warehouse beside the capital's busy Queensway, butchered carcasses are placed in a steel vault where a resident colony of Dermestid beetles strip the bones of all meat.

The bones are then given a final cleaning, numbered, sprayed with a light coating of clear plastic and stored in cabinets. They become the "reference library" used to identify the thousands of pieces of other bone fragments sent in from archaeological digs all over Canada.

Those fragments are important evidence. Recently, bones identified at the centre as belonging to a willow ptarmigan helped pinpoint the location of a fur trade post

that was active near Lake Athabaska in the 1800's.

Tiny bone fragments that are extremely difficult to identify can usually be traced down by careful comparison with skeletons in the Ottawa collection.

Further analysis may also reveal the animal was butchered, the bone was used as an implement, or that a particular disease was active at the time. Skeletons of migratory wildlife may also determine the season certain events took place -- an invaluable part of any archaeological jig-saw puzzle.

At the moment Ottawa area conservation officers are saving the carcasses of a bittern, bluejay, pileated woodpecker, gallinule, hairy woodpecker, mallard, blue-winged teal, two wood ducks, a hooded merganser and a saw-whet owl for the research centre. Several carcasses being kept as evidence will be turned over following court proceedings.

Besides the national museum, many carcasses are taken to the veterinary lab at the Kemptville College of Agricultural Technology for autopsy. The examinations provide a regular, up-to-date check on any diseases or parasites affecting local wildlife.

Conservation officers in eastern Ontario have also turned over deer and moose carcasses to a local rehabilitation centre for alcoholics, local hospitals and a number of homes for senior citizens.

The animals, victims of poachers of traffic, are donated only if the meat is in excellent condition. The meat

# Dec. 1 - 7 Safe Driving Week

The Ministry of Transportation and Communications urges Ontario motorists to support Safe Driving Week in Canada, December 1 to 7.

Safe Driving Week is sponsored by the Canada Safety Council.

While we would like to make every week a safe driving week in Ontario, it is important to support the Canada Safety Council's campaign because of the good results achieved in previous years.

In 1972, for example, there were just 53 traffic deaths in Canada during Safe Driving Week, considerably lower than the national weekly average death toll of 110.

993 people died on Ontario roads in 1973. Many of these could have been prevented if motorists had taken a few simple safety precautions such as fastening seat belts, refusing to drink and drive, and by reducing speeds on wet slippery winter roads.

The number of fatal motor vehicle accidents and the number of traffic deaths in Ontario during the first six months of 1974 are down by 10 per cent over the same period last year.

is further checked by dietitians on staff at the institutions.

And the venison is appreciated. In October, residents at the Carleton lodge were so delighted to receive venison from a road-killed buck they cleaned up the steaks and roasts before the director, who made the mistake of arriving late that day, could sit down to dinner.

Several years before this, a conservation officer delivering venison to a senior citizen's home was told by an elderly resident "this is wonderful. I haven't tasted venison for fifty years, not since my poaching days."

Driving defensively and following the rules of the road during Safe Driving Week and throughout the holiday season will help reduce the number of highway tragedies for all of 1974.

## Santa coming to Iroquois Sat., Dec. 14th

Word has been received back from the North Pole that Santa Claus will be arriving in Iroquois on Saturday, December 14th to take part in a parade around the village and hand out candy gifts to all children of the community and district.  
Four local organizations have joined together to bring the gentle bearded gent to Iroquois, although final details of his arrival haven't been worked out. But he will be at the Legion Hall at 1.30 p.m. to start the parade and later will return to the Legion Hall to hand out gifts. Keep the date in mind and watch for further details of Santa's visit to Iroquois.

FOR SALE — Snowmobile Suit size 8. Never been worn \$10.00 Phone 652-2212  
1p

## Iroquois Legion Hold meeting

President Ken Easter summoned the meeting of Branch 370 to order November 28 at 8 p.m. with a large number of comrades in attendance. Many business matters were settled.

The committee was called upon for their report. Sports officer reported 2 teams would be leaving from Branch 370 Hall, Saturday December 7, at 10 a.m. for Smith Falls to compete for the Zone Level Trophy in the Bowling Tournament. Good luck comrades. I also was proud to announce the cribbage trophy was won by Branch 370 and back in the showcase, congratulations.

Two comrades and their wives attended the Can-Am at Gouv-eneur November 30.

The children's Christmas Party will be December 14. Take your children to visit with Santa.

Attention! If you are a veteran, why not a Legionaire? A son or a daughter of a veteran 18 or over an associate. Don't hesitate, we need you! Call your membership chairman Fred Goodmurphy.
