23 Tires Stolen From Melvin's Service Station

Gaining entrance to Melvin's Service Station, here, on Saturday night or early Sunday morning, by forcing a window open, thieves stole 23 new auto tires. The tires were all size 600 x 16 and were Goodyear and Dominion make. They were chained to the rack on which they were stored, and the thieves released them by cutting the chains with bolt-cutters.

According to Mr. Robert Barkley, night service man at the Melvin Garage, the robbery was staged between 11 p.m. Saturday night and 1.30 o'clock Sunday morning. Everything was in order at the service station when it was locked up on Saturday evening. When Mr. Barkley returned to the service station from the main garage, just across the road, where he had been doing some work, he discovered that the tires had been taken and noticed that one of the windows had been forced open. That was about 1.30 a.m. He notified Mr. Hart Melvin and Mr. Albert Johnston of the theft, but when they reached the premises, there was no signs of the robbers.

The tires were part of a stock frozen by Government Orders a few months ago.

Although the thieves left few clues behind, it is believed that the tires were taken by some party or parties familiar with the premises and habits of the night watchman. Provincial police have been notified and are investiagting. If caught, the robbers will face a stiff jail sentence for their illegal act.

UNITED CHURCH ANNIVERSARY SUPPER AND PROGRAMME

The Anniversary Supper and Programme, held in the local United Church on Monday evening, were largely attended. The supper was served in the S. S. Hall by members of the Women's Association.

Rev. Dr. T. A. Halpenny, pastor, presided during the program, which followed the supper. This featured an address by Rev. J. Richmond Craig, B.A., of Ottawa. His subject was: "In Times Like These." It was thought-provoking and filled with interest. One of the pointts brought out by Mr. Craig was that family prayer was being neglected in these modern times. The practice of having the children gather around mother or father during the daily prayer and Bible-reading period, is disappearing. It should be revived. The family worship periods in the home are the foundation to better living and teach the children the importance of Christianity as a guide to life, he said.

During the program, Mr. W. A. Rowat gave a talk on the Fifth Victory Loan, while Mr. J. D. Stewart gave a few facts regarding the standing of the church's finances. Mr. Hugh Mix, of the Post Office Department, Ottawa, also spoke briefly.

Other numbers on the program were: Organ selections by Miss Isobell Brown, the church organist and choir leader; a piano duet by Miss Brown and Miss Annie Walker; a vocal duet by Misses June Rowat and Christine Stewart; instrumental selections by Messrs. Frank and Arnold Hogaboam, and a vocal solo by Mrs. Jean Tindall, of Ottawa, accompanied by Mrs. (Dr.) G. O. Barclay, also of Ottawa. The program was thoroughly enjoyed by an audience that filled the church auditorium.

Mr. Ross Morrow Died Suddenly

Mr. Robert Ross Morrow, well-known district auctioneer, died suddenly at his home near Winchester Springs, early Saturday morning. He was in his 44th year and was born at Winchester Springs, a son of the late Robert Morrow, and Edith Baker.

Deceased had not been in the best of health for several months, but his condition was not regarded as serious. He conducted an auction sale of farm stock and implements near Brinstons on Friday. He returned to his home that evening and after assisting with the chores, retired in the usual manner, remarking that he was feeling rather tired. Next morning, when he failed to arise at his usual time, his young son, who was sleeping in the same room, informed his mother that his daddy wasn't up yet and seemed to be lying awfully still. Mrs. Morrow went to investigate and found her husband dead. She was later informed by a physician that Mr. Morrow had probably passed away snortly after he retired, and that death was due to an acute heart attack.

The late Mr. Morrow was quite prominent as an auctioneer, and through this medium became very widely known. He had been presiding at auction sales almost every day for the past two months, and at the time of his passing, had twenty-six sales booked ahead. One of these was to take place near Spencerville on Saturday. It was postponed. Six other sales were booked for this week, but in most cases the services of other auctioneers were available.

Mr. Morrow received his training as an auctioneer under the guiding hand of the late Thos. Irving. Following Mr. Irving's death, he became his successor in the auctioneering business, and during the past twenty years, had presided at approximately 2500 sales, some of which were the biggest in the province, where pure bred cattle prices ranged from $500 to $5000. As an auctioneer, he had an enviable reputation, and his services in this regard will be greatly missed. At the time of his death he was treasurer of Daisy Cheese Factory, Winchester Springs.

Deceased was a member of Knox Presbyterian Church, Winchester Springs. He was also a member of L. O. L. No. 580, Winchester Springs, and Henderson Lodge, No. 383, A. F. & A. M., Winchester.

Besides his wife, who was the former Keitha Bailey, whom he married in 1930, he leaves his mother, two sons, Robert and Dwight Morrow, and one daughter, Sybil; also six brothers, Johnston Morrow, Manager of the Royal Bank at Stittsville; Flight Lieut. Donald Morrow, of Lachine, Que.; Cpl. Charles Morrow, on active service in Italy, and Ernest, William and John Morrow, of Winchester Springs.

Funeral Held Monday.

The funeral was held on Monday afternoon from his late residence to Knox Presbyterian Church, Winchester Springs, where an impressive service was conducted by the pastor, Rev. Wallace MacKinnon, assisted by Rev. R. G. Newman, of the United Church.

The combined choirs of the Presbyterian and United Churches led in the singing and rendered a special hymn, "God Will Take Care of You."

Interment was made at Maple Ridge Cemetery. The pallbearers were Messrs. Elburn McIntosh, Earl Munro, Delbert Casselman, Harvey Smith, Fraser Bolton and Frank Nesbitt.

List of Floral Offerings

Testifying to the high esteem in which the late Mr. Morrow was held, were the following floral offerings:

Fine Address At 100 Club Luncheon

Last Friday s luncheon-meeting of the local 100 Club, held in the town hall, was one of the most enjoyable to date. In addition to a good turnout of 100 Club members, there were several visitors, including a good representation from Chesterville Rotary Club.

Centurian Albert Johnston presided, with Centurian Chester Robinson as secretary. The singing was directed by Centurian Chester Timmins with Centurian John Burke as pianist.

The guest speaker for the occasion was Group Captain W. E. Cockram, director of Chaplain Services in the R. C. A. F. He was introduced by Centurian W. A. Rowat, who informed the gathering that Capt. Cockram was an honorary charter member of the Winchester 100 Club, he having assisted in organizing the Club when he was pastor of the United Church at Elma. After leaving Elma, said Mr. Rowat, Capt. Cockram took over a charge at Sudbury, and later at Toronto, becoming pastor of one of the largest churches in that city. He was a fighter pilot in the First Great War and when the present war broke out, Capt. Cockram enlisted and became the first Padre in the R.C.A.F. He spent two years in England with the first Canadian Squadron and was a witness to the Battle of Britain, when London was being bombed continuously for over two months. Later he was appointed Director of Chaplain Services and returned to Canada.

At the beginning of his address, Capt. Cockram said he wanted to retain more than an honorary membership in the Winchester 100 Club and paid his fee of $5.00 to the president. He said he recalled many pleasant times with the Club and was pleased to see it still active and doing such splendid work. He recalled the faces of many of the older members and said it was a pleasure to accept an invitation to address the Club on this occasion.

The subject of his address was "Courage, Efficiency, Bravery—Plus!" and was one of real interest which provoked some deep thinking from those present. "While I am wearing the uniform of the R.C.A.F.," said Capt. Cockram, "I want to pay a deep tribute to the members of the other two services, the army and navy." He outlined the work of these two branches of Canada's Armed Services and praised the men for their bravery and efficiency. In his reference to the R.C.A.F., Capt. Cockram said that the Canadian squadrons were second to none as far as air power was concerned. He told of conditions during the early days of the war when the enemy's air strength was far superior to ours. In those days 12 R.A.F. planes were sent up to battle 150 enemy machines, and in most cases put the enemy to route without losing a plane. That alone shows the efficiency and quality of our Air Force.

He outlined the importance of the ground crew and emphasized that team-work between ground and air crews was necessary to maintain efficiency. The engineer, armourer and airframe mechanics are just as important as the aviator, navigator, radio operator or gunner, in the successful operation of an aircraft. All must put their whole heart into their job—they must love their work. The pilot must have complete confidence in the ground crew and know that his machine is in perfect condition when he takes to the air.

The R.C.A.F., said Capt. Cockram, has played its full share in every phase of the war and, in addition, is giving the R. A. F. great assistance by supplying air crews for their machines.

The courage, bravery and efficiency of our airmen is all that it should be, but they lack a plus quality. The youth of Germany and Japan have a plus quality, he said. The German air-fighters are courageous, brave and efficient. They have excellent machines. They not only fight because they are brave, or to protect themselves from their enemies, but because they believe in Hitler and what he stands for. That is their plus quality. The same can be said about the Japs—they believe that Japan should dominate the world—that they should give everything, even their lives, if necessary, for their country—that is their plus quality.

"We need a plus quality in our war effort— our hearts need to be stirred into this thing. When are we going to realize this. We must go back to God. We need God in our war effort. We need a spiritual conviction in the cause that we are fighting for. This is a war for God and Righteousness. Gentlemen, whatever your job is in this war—you need that 'plus quality,' and your faith in God should be that 'plus quality.' We have efficiency, bravery and courage, but we must return to God to gain power," concluded Capt. Cockram.

At the conclusion of his address, the speaker was thanked on behalf of those present by Centurian Dr. H. S. Gross, who said that Capt. Cockram's talk shhould be taken to heart by every God-fearing citizen.

The showing of two War Loan pictures by Mr. K. A. Cockburn then took place, followed by a brief address on behalf of the Fifth Victory Loan by Mr. S. W. Harris, of Toronto, district orgenizer.

Mr. Ray Dillabough, president of Chesterville Rotary Club, also delivered a brief address, and invited the members of the 100 Club to meet with the Chesterville Club at some future date.

During the meeting the president announced that to date $3000 had been received in cash donations towards the Community Park Fund, and urged the canvassers to complete their canvass as soon as possible. He also drew attention to four new banquet table which had been placed in the hall by the Club.

In appreciation of a donation of $25.00 made to the Women's Institute for the use of their dishes, a letter of thanks was read by the secretary.

Winners of a prize boost conducted by the Club were Mr. Adair Fisher, B.A., and Dr. D. L. MacLean.

Red Cross ladies who assisted in serving a very delicious meal were: Mrs. Albert Johnston, Mrs. Hugh Wilson, Mrs. H. L. Flora, Mrs. Leonard Porteous, Mrs. Mary Bowden, Miss Eileen Bolton and Miss Eleanor Hitsman.

DROPPED DEAD NEAR HIS HOME YESTERDAY MORNING

While walking from his house, in the Summers' Settlement, to the road to accompany a nieghbour to Winchester, yesterday morning, Mr. Luther Crowder dropped dead. He was a veteran of the Great War and was in his 44th year. Although he had not been in good health for several years, his condition was not regarded as serious. He is survived by his wife. At time of going to press, funeral arrangements had not been made.

66 Donors Gave Blood at Local Clinic

Sixty-six local and district citizens donated their blood at the Red Cross Mobile Blood Clinic, held in the United Church Sunday School Hall on Wednesday of last week. Most of the donors had made previous contributions. Some who were scheduled to make donations at the October clinic, completely ignored the notice sent to them, and also failed to supply a substitute. The next clinic will be held on November 25th, and it would be greatly appreciated if those who receive notices would respond by presenting themselves for a re-check, or by supplying a substitute to take their place. This is important, so please do not ignore your notice and throw the clinic out of gear. If you receive a notice, you are being depended upon to be a donor. If for some reason you can't come, it is up to you to arrange for someone else to come in your place.

Local citizens who assisted at the October Clinic were: Dr. J. J. McKendry and Dr. H. S. Gross; Mrs. I. P. McIntosh, Miss Stella Cinnamon, Mrs. H. G. Graham, Mrs. (Dr.) C. J. Locke, Mrs. A. W. Beach and Mrs. S. Coons, all registered nurses; Miss Bessie Rennick, Mrs. N. Bowman, Mrs. Wm. McConnell, Miss Violet McConnell, Mrs. Leonard Porteous, Mrs. E. Helmer, Miss Jean Wyatt, Miss Mae Rose, Mrs. C. R. Robinson, Mrs. J. J. McKendry, and Miss Annie Walker and Mrs. Howard Fetterly, who rendered musical selections during the day. Stretcher bearers were: Messrs. Eldon Fennell, Sam. Robinson, Hy. Bessin, Harry Flora, Lother Frankenburg and Rev. R. F. Willson.

The hall was arranged for the Clinic by Mr. W. J. Stewart, while Mrs. Neil Hutt arranged for the refreshments and supplies.

At the noon hour, members of the Unit from Ottawa were entertained to dinner at the home of Mrs. Jas. H. Ross.

Since the Clinic was held, Dr. J. J. McKendry has received a letter of appreciation from the Red Cross, asking him to thank all donors and others who assisted in making the recent clinic a success.

WOUNDED IN SICILY

Word was received here last week that Cpl. Keith Cameron, who for many years resided at the home of Mr. and Mrs. Robt. Lang, had been wounded while on active service in Sicily. According to the letter, he is at present in a military hospital and is making a satisfactory recovery. It is not believed his wounds were of a serious nature, and he will no doubt return to the front as soon as his physical condition will permit.

S. D. & G. HIGHLANDERS

PLATOON NOTES

Led by a Pipe Band which numbered 14 pipers and eight drummers, the S., D. and G. Highlanders, 400 strong, paraded through Cornwall last Thursday night and then returned to the Armouries where a smoker and entertainment was held.

The parade was held at 8.30 p.m. and was the largest turnout of the unit seen on parade in Cornwall since the beginning of the war.

The Pipe Band, one of the largest ever on parade in the town, drew considerable attention and many favorable comments. The smart marching of the men was commended also.

At the Armouries, a well-planned program was presented, the talent being provided by the personnel of the battalion.

Personnel attending from the rural platoons were as follows: Morrisburg, 30; Winchester, 25; Chesterville, 12; Finch, 25; Hawkesbury, 46; Alexandria, 15; Maxville, 20, and Williamstown, 25.

Special Notice.

Members of Winchester Platoon are hereby notified that, until further notice, parades will be held one night each week—Mondays at 8 p.m. sharp. An instructor from Cornwall will be present each parade night, and it is essential that every member be present. With only one parade night each week, there is no reason why each member cannot plan to devote two hours for instruction. Last week 16 members of reserve units in Ottawa were summoned into court and fined for being absent from parades, and recently 25 reservists in the Hamilton area were dealt with in the same manner. We don't want to be compelled to take these measures here, but an example will have to be made if some members continue to retain the attitude that they can attend parades or stay away at will. The next parade is Monday night and the C.S.M. wants a good turnout or else . . . !

The sale of War Savings Certificates has been resumed in the school and last week's proceeds amounted to $22.25. The stamps are sold every Friday and both teachers and students are urged to buy as many as possible each week. The War Savings Committee is Doris Armstrong and Elgin Bowman. They report that $36.75 worth of stamps have been sold in the past two weeks.

Twenty-three of the W. H. S. students—9 girls and 14 boys, accompanied by their principal, spent last Friday p.m. in friendly competition with the Morewood H. S. track teams on their school campus.

The outstanding athlete from W. H. S. was Percy Armstrong, who entered many of the junior and intermediate events and won ten firsts, three seconds and one third prize. Our teams showed good sportsmanship by taking part in all activities, even though they had not practised for many of the events.

We are grateful to the Morewood staff and pupils for the invitation and for making our day a pleasant one. A total of the points scored by the two schools is not complete. Watch for that report in next week's news.

Principal Willard and Mr. Fisher, teacher, were guests at the 100 Club Luncheon last Friday evening and have formed a very favourable impression of the manner in which the meeting was conducted. Both were impressed with the addresses delivered, and, no doubt, both will become members of the Club before long. Mr. Fisher was lucky enough to win a prize in the Club draw.

HITLER'S LATEST GAME

Mr. Malcolm McDonald, British High Commissioner to Canada, has placed his finger upon a crucial point which the public in all the United Nations should understand. It is perfectly clear, he says, that the Germans are on the defensive, that they plan to make as much of Europe as they can hold into "an impregnable fortress." Their design, of course, is to hold on in the hope of so prolonging the war that they may be able to make a compromise peace.

Many signs of this have been observed lately such as the pattern of the German retreat in Russia, the delaying action in Sicily, and again in Southern Italy. Hitler, in fact, has revamped his program. The new Nazi objective is a bitter defensive war centering upon "Fortress Europe" for the fruitation of propaganda designed to create discord between the United Nations and so to promote a stalemate peace. It was with this possibility in mind, no doubt, that Prime Minister Churchill and President Roosevelt nailed the flag of Unconditional Surrender to the mast.

There are weak spots in the Nazi program, of course. For example, the touted "Fortress of Europe" has no roof strong enough to keep out the blockbusters of the R. A. F. As the Nazis withdraw further up the leg of Italy, great airport sites like those centred upon Foggia become available to the Allies. Even Southern and Eastern Germany will shortly be in range of the heaviest shuttle bombing service.

But here on the home front it is vitally necessary to take note of the Nazis' present strategy. Hitler is playing for war weariness to show itself on our side. He is playing for a letdown in Allied production. He is pinning his hopes on dissension within our nation and between the Allied Nations. The best news he can hope for is stoppages of work on our side and the easy optimism which might lead to a letdown in home-front efforts such as the forthcoming Fifth Victory Loan. As between the United Nations he wants to see a minimum of agreement between Russia and the Western powers and a maximum of irritation, for example between British and Americans. In this hope he is presently getting some help, free gratis, from hothead isolationists and ultra-nationalists strewn throughout the United Nations. The burly isolationist "patriots" who are busy defending General MacArthur from being supposedly "subordinated" to Lord Louis Mountbatten provide one example. These same "patriots", who take exactly the opposite tack when they charge that the American General Marshall is being made Allied Generalissimo for the Second Front because of a "British plot," are also helping out Goebbels.

If General Marshall is indeed appointed to head all the Anglo-American forces in the field, this will be done for three good reasons. Firstly, because Mr. Roosevelt and Mr. Churchill think he is the man for the job. Secondly, because he himself is willing or even anxious to do so. And thirdly, because there is no one with whom the British General Staff—and particularly General Sir John Dill, the British representative on the Combined Staff—would prefer to co-operate with in the field.

The home front answer to Hitler's latest tactics is twofold. Firstly, maximum effort in war production, maximum drive behind the Loan campaign. Secondly, no rumor-mongering about splits between Russia, Britain, America, China and the United Nations generally. This is a time for solidarity at home and abroad.

WHERE THE GASOLINE GOES

If any Canadian motorists are still in doubt about the reason for gasoline rationing, he should look at a recent statement by Mr. Geoffrey Lloyd, chairman of the British oil control board, says the Saskatoon Star-Phoenix. Mr. Lloyd gave some interesting information about the amount of gasoline required to conduct one of the big raids which the Royal Air Force, the Royal Canadian Air Force and the United States Air Force have been carrying out regularly against German cities.

One four-motored Lancaster bomber needs close to 2,000 gallons for a single flight to the Ruhr and back. More would be required for an attack on Berlin. When it is remembered that hundreds of these big machines take part in any large operation against the continent, it will be easily seen that more than a million gallons of gasoline may be burned up in one night.

EDITORIAL NOTES

Little self-denials, little honesties, little passing words of sympathy, little nameless acts of kindness, little silent victories over favorite temptations—these are the silent threads of gold which, when woven together, gleam out so brightly in the pattern of life that God approves.—F. W. Farrar.

...—V...—

The powers of man have not been exhausted. Nothing has been done by him that cannot be better done. There is no effort of science or art that may not be exceeded; no depth of philosophy that cannot be deeper sounded; no flight of imagination that may not be passed by strong and soaring wing.

...—V...—

From no less a person than Winston Churchill comes this advice on what to write to the boys overseas: "Write often, keep the family bonds strong enough to cross the Atlantic, send pictures of the family, neighbours and street. Pictures warm the hearts of men away from home. Fill your letters with the homely, everyday happenings that make your soldier know he is still part of the home."

OVERCONFIDENCE!

At this moment, when the fortunes of war would seem to hearten and encourage us, let us heed the warning against the folly of overconfidence.

Let us realize that the time at which to hit hardest is the moment when the enemy shows signs of weakness.

That moment is *now!* Show our strength, resolution and unity of purpose by making this Fifth Victory Loan the biggest and most successful of all.

Hit hard! — lend to speed Victory.

Capital chit-chat: There are 13,125 bicycles licensed in Ottawa and among the handle-bar riders are Air Marshal "Billy" Bishop, V.C., and members of the Russian Legation . . . Adding to the Hall of Fame in the main central corridor of the Parliament Buildings are new bronze busts of Sir Wilfred Laurier and Sir Robert Borden . . . Some of the refunds to persons who have overpaid income tax are already going out, but some will take time, palpably because each one of the 1,500,000 tax forms has to be assessed and that's some job.

Among the famous stars who will be heard via the airwaves during the V-Victory Loan campaign, according to Ottawa headquarters, will be Canadian-born Walter Pidgeon, James Cagney and Norma Shearer; also Barbara Stanwyck, Jessica Dragonette, Oscar Levant and others. The St. Croix destroyer disaster brings forcibly to mind that all Canada has got to take a realistic view of this war; that the end is a long way off; and that while the boys over there are "giving," we are only asked to "lend." Gosh, our kids over there are giving plenty and not calling it sacrifice, either.

As wages paid to hired farm help goes up, an interesting recap of the Canadian situation comes to us. When the employer provided board for the hired man, the average wage for help by the day was $3.51 in 1943 and $2.50 the year before. "No board" in 1943 brought $4.74 as against $3.15 the year before. Wages for day help were highest in Ontario, but all provinces showed an "up." By the month, average with board was $61.26 at August 15, 1943, as against $46.82 same date last year. Current rate of wages for farm help more than double that paid in 1940.

When the federal minister of agriculture asked farmers to refrain from marketing unfinished cattle during the fall months this year, it was because the expected hog output for the next few months would probably overtax slaughtering facilities. Besides they claim it an uneconomic practice when there is feed available in the country. Hog marketing will set new records this fall, while it is known that in the first 8 months of 1943, beef carcasses dressed an average of 20 pounds heavier than in 1942. This idea makes sense, doesn't it?

A few agricultural notes: Feeding tests at Brandon, Manitoba, show that millet mixed with other grain rations is ideal for market hogs feeding. It almost equals barley pound for pound in a mixture . . . research brings out some uncommon stuff; for instance it is reported there were 68,400 fibres per square inch on the skin of a highly bred Merino sheep, even though only 3 1-2 per cent. of the skin area is occupied by wool fibres . . . better breeding, proper care and feeding of the animals, mean more fibres.

Designed to iron out some of the contentions as between landlord and tenant are some new rental regulations recently issued. A change has been made which sets 6 months instead of a year as the notice which must be given the tenant of the house when the landlord wants the accommodation, providing he purchased the property since last December 10th . . . local rental appraisers are being set up to help deal with applications and knotty points.

They're sure stretching this rubber research but will surely get results . . . the department wants more and more milk weed for experimental purposes and will pay 3 cents a pound dry weight, with green and frozen stuff accepted too. It should be sent to H. A. Senn, National Research Council, John St. Laboratory, Ottawa. C'm on kids.

There's a lot more cackling going on everywhere in the country as meat rationing enhanced the importance of poultry. Latest move by the Prices Board gives producers a better price, an increase of 2 cents a pound on dressed poultry. The mark up of retailer is cut from 9 cents a pound to 20 per cent. of selling price, not to exceed seven cents. A producer selling dressed poultry direct to consumer can add to the zone ceiling price the markup which is allowed a retailer.

A quick glance at the order giving "priority to empty coal bins" requires coal supplies dealers to give priority in coal deliveries to consumers who have less than one-quarter of their annual fuel requirements on hand. This is limited to the one-quarter and applies only to consumers who use less than fifty tons a year.

Facts: We know Canada is a great food producing country, but did you know that the gross value of our agricultural production has increased from about $1,205,000,000 in 1939 to more than two billion dollars in 1942.

FARM MACHINERY RATIONING EASED

To make the job of farming easier, the Wartime Prices and Trade Board has lifted approximately a dozen clases of farm machinery from the rationed list, it is announced.

This relaxation of farm machinery rationing is due to increased manufacturing quotas in effect since July 15th.

The following articles are now exempted from rationing and can be bought without application for permits to the W. P. T. B.: hand operated planters, one-furrow walking plow, horse hoes, grape and berry hoes, scufflers, pumpers, metal well pumps—hand windmill operated or operated in conjunction with pump jack; pitcher pumps; watering equipment cups and bowls, beekeepers' supplies and tank heaters. Formerly sprayers with a capacity of six gallons or less were not rationed. This classification has now been expanded in the new Order to include hand operated sprayers, regardless of capacity.

Defendant: Well, I think I can lick that little guy on the end.

Exports of agricultural and vegetable food products, tobacco and its products, animal and fish products, from Canada to the United Kingdom last year, exceeded $236,000,000. As a major source of war materials our export trade last year was more than double that of 1939. Imports on the other hand haven't varied much in the last two years. We have a very favorable trade balance right now, nearly as much for the first seven months of 1943 as for all of 1942.

Maybe you don't know how the cost of living bonus is arrived at: 25 cents for each point rise in the cost of living for all adult male employees and for all other employees employeed at basic wage rates of $25 or more a week: one per cent. of their basic weekly wage rates for male employees under 21 and women workers employed at basic wages rates of less than $25 a week. Every employer, except in a few exempted classes, must pay this.

Some 254 members of the Canadian Army have been decorated for gallantry in the field or mentioned in despatches since the war began. Of these, 52 were for the campaign in Italy, is an item from the Army public relations. They won 192 decorations at Dieppe, including a Victoria Cross to Lt.-Col. Merritt.

Other Editors' Opinions

ONE EXPLANATION

(Ottawa Journal)

A Swedish newspaper says some German submarines have been putting to sea, firing their torpedoes aimlessly, returning to report large numbers of Allied ships sunk. If that happened on any considerable scale it could explain Berlin's exaggerated figures on shipping destroyed

YES, HOW DOES IT HAPPEN?

(Brockville Recorder & Times)

It is now many months since National Selective Service ordained that every man physically fit to perform useful service should go to work if he was not eligible for enlistment in the armed forces. How does it happen, therefore, that every community continues to have its chronic idlers when hundreds of employers, many of them in essential categories, are crying out for their services?

"SAFELY OVERSEAS"

(Carleton Place Canadian)

Since the early days of the war it has been customary for both daily and weekly papers to record the arrival of our boys overseas, the term "arrived safely overseas" being customary. For a considerable time now the word "safely" has been omitted from these announcements as it was felt that the submarine menace had been conquered. Recent announcements seem to have dispelled this confidence and in the last few weeks the U-boats have again been taking their toll of the convoys. It will take some time yet to completely rid the seas of these death-dealing subs.

A NEAT ONE

(Trenton Courier-Advocate)

If you read your Courier-Advocate closely last week you would have seen a slip that was as good as anything the big metropolitan daily papers could produce. This slip was in a small item about boat building on the top of page four and just by dropping the lower case "l" it read like this: Canada has launched about two hundred of a total of more than three hundred ocean-going freighters on order and a gradual reduction in wartime activity in "pants" making such vessels is expected from now on.

It would have been a better one had there been a hyphen after the pants and a comma after the compound word, "pants-making." Oh, well!

THE POET'S CORNER

THE LOVELIEST ROSE

I held a rose—the loveliest rose—
Such beauty I never had known,
I could not bear the thought of its death
So dear to my heart had it grown;
But I knew in my heart that it soon must die,
(All beauty is doomed to decay.)
And even my rose—the loveliest rose,
Must wither and soon fade away;
I held my rose and I understood
Though it faded, 'twould never depart,
For its memory will live long after it goes,
Printed vividly deep on my heart.

—F. H. Johnson.

IN LIGHTER VEIN

Turtle: Why did you get turned down?

Rattler: They said I wouldn't do for such a responsible job, as I was too easily rattled.

Wifie—What's the idea of poking the broom in the baby's face this morning?

Hubby—I just wanted to get him used to kissing his grandfather.

FARMERS AND FARM WORKERS

If Your Farm Work has Slackened for the Winter, You Are Needed Elsewhere in Essential Employment

Highly essential work—very important in Canada's war effort and for the welfare of the Nation—is threatened with shortages of workers. One of the few sources of men available for other high priority jobs is those men on the farm who will not be needed at home during the Fall and Winter. Heavy needs must be met in many lines—producing fuel wood and other necessary forest products; in base metal mines, in food processing, in railway track maintenance. If you live on a farm and are not needed at home during the Fall and Winter, you are urged to answer this national appeal.

Farmers engaged in essential work during the off season will be allowed to return home when needed. *Also, those on postponement under Mobilization Regulations will continue on postponement while in approved essential work during the slack on the farm.*

Please answer this vital call NOW.

There is no question that poultry, fed "Miracle" Laying Mash produce more eggs . . . both in and out of season. This has been proved countless times, and many poultrymen report egg increases up to 200%.

"Miracle" Laying Mash does the job better because it contains top quality ingredients, scientifically blended in just the right proportions. Why not put your flock on this mash now, and prove that poultry pays more the "Miracle" way.

"THE HUNGRY SHEEP LOOK UP"

When Macbeth asked the physician attending his wife "Canst thou minister to a mind diseased?" he posed a question which should be addressed to the churches today. It is said that there are more people in hospitals and other institutions suffering from emotional diseases than there are in hospitals suffering from physical illnesses. And it is probably true that there are more people outside of institutions who suffer from emotional impairments than physical disorders.

This condition constitutes a challenge to the churches. The Founder of Christianity is referred to as "The Great Physician," but He was primarily the physician of men's souls. He told His followers to "seek ye first kingdom of God, and all these things shall be added unto you." He repeatedly declared that His Kingdom was a spiritual one—"The kingdom of heaven is within you."

The churches have lost the power of spiritual healing because too many ministers have reversed the gospel of their Master and are seeking first a material kingdom. They have been trying to turn the gospel into a system of economics and have abandoned the doctrine of immortality Heaven in the hereafter for a socialist Utopia here and now—or as soon as they can elect a socialist government. They are not concerned with the fact that most of us will be dead before the C. C. F. politicians and professors can put their plans for a heaven on earth into operation. By that time a new generation will arise with ideas of its own and will want to be free to learn the lessons of life at first hand. Young people resent the dictation of their elders. They want to work out their own salvation, and there is no room for that in the straight-jacket of a ready-made Utopia.

To preach Christianity as a system of socialism is to put Christ below the level of Karl Marx, who did propound some concrete ideas for economic reconstruction. Christ's attitude to the socialists of His day is set forth in the following passage:

"And one of the company said unto Him: "Master, speak to my brother that he divide the inheritance with me.' And He said unto him, 'Man, who made me a judge or a divider over you?" And He said unto him. 'Take heed and beware of covetousness: for a man's life consisteth not in the abundance of things which he possesseth."

Then followed the parable of the man who decided to pull down his barns and build greater, so that he coud enjoy the little Utopia he had planned for himself and his friends. He was branded as a "fool", and it would be no less foolish for Canadians to pull down their present national structure on the presumption that they can build a better one in which they could live happily ever after.

The preacher who substitutes socialism for the gospel is not only misrepresenting Christianity, but is holding out false hopes of a heaven in this life to mortal beings. Here we have no continuing city, but we seek one to come, said St. Paul, and it is as true for Christians today as when it was first uttered. Nothing short of immortality can satisfy the yearnings and aspirations of the human soul, and until preachers are authoritatively declare the gospel of obedient to the heavenly vision and Eternal Life, their preaching will be in vain and the churches will be empty. "Where there is no vision the peope perish," and they are perishing from spiritual starvation.

"The hungry sheep look up and, are not fed,
But swol'n with wind, and the rank mist they draw,
Rot inwardly, and foul contagion spread;
Beside what the grim wolf with privy paw
Daily devours apace, and nothing said;
But that two-handed engine at the door
Stands ready to smite once, and smite no more."

Miton wrote that against the ecclesiastics and poets of his day who had no spiritual message for the people. "Milton, thou shouldst be living at this hour," for we have lost that inward happiness" that comes with a consciousness of immortality. We have forfeited the vision of the Eternal for an economic plan and political mirage.—(By Lewis Milligan in the Tweed News).

Scotchman—Dear, I don't think I'll be home for dinner tonight.
Wife—No? What will I do?
Scotchman—If I change my mind, I'll call you on the phone at six, but don't answer, then I'll get my nickel back.

If the true spark of religious and civil liberty be kindled, it will burn. Human agency cannot extinguish it. —Daniel Webster.

SAVING FOR BONDS

Hello Homemakers! Do you sometimes feel that you are handicapped in buying a Victory Bond at the time of issue out of your savings. Canning and preserving have probably depleted your budget but you too are conscious of the great investment your country needs to take care of your girl or boy in the services.

A suggestion is to plan plain Nutrithrift menus and have a bank box on the table labelled "Mess Fees." From these donations you will make the special pie or cake. From your savings you will put away a monthly contribution towards a Victory Bond.

A few saving suggestions:

1. Use oven for complete meals.
2. Use a collander for a steamer when certain products are being reheated.
3. Cook sufficient staple products for a meal during the next day.
4. Old fashioned stews and skillet meals also save fuel.
5. Serve combination luncheon dishes, for example: cooked corn and stewed tomatoes and cheese.
6. Measure carefully.
7. Reduce electricity when product is boiling; turn switches off a few minutes before end of cooking period to save fuel.
8. Store all leftovers wisely: cool, then place in a covered container in refrigerator.

Nutri-thrift supper suggestions:

1. Hamburger with gravy, fried potatoes, steamed tomatoes, rice dessert.
2. Savory spaghetti with vegetables, brown bread, applesauce, doughnuts.
3. Pumpkin soup, cottage cheese, sliced tomatoes, toast, stewed pears.
4. Meat loaf, browned potatoes, oven-steamed onions, shortcake.
5. Braised short ribs, cornflake potatoes, oven-cooked turnips, baked pears in maple syrup.
6. Baked fish, potato and tomato scallop, baked squash, cottage pudding.

RECIPES

Potato and Tomato Scallop

4 cups cubed potatoes, 1-2 cup of tomatoes, 1 tsp. salt, 1-8 tsp. pepper, 2 tsps. onion, 2 tbs. parsley.

Combine ingredients and pour into greased casserole. Cover and bake for 45 minutes in electric oven at 350 degrees.

Pumpkin Soup

2 cups sieved pumpkin, 4 tbs. of grated onion, 3 egg yolks, 5 cups milk, salt and pepper, 1-4 tsp. of nutmeg.

Simmer pumpkin, onion and flavouring together for 5 minutes.

Beat egg yolks, add milk and cook in double boiler until slightly thickened, then add pumpkin gradually. Heat to boiling.

Serve with slices of cucumber.

Dutch Plum Cake

1 1-4 cups flour, 1 1-4 tsps. baking powder, 1-2 tsp. salt, 4 tbs. sugar, 1-4 cup shortening, 1 egg, 3 tbs. milk, 1 1-2 cups canned plums (6 plums), 1-2 tsp. cinnamon.

Sift and measure flour. Sift again with baking powder, salt and 2 tbs. 2 tbs. sugar. Cream shortening and gradually add flour mixture. Add beaten egg and milk and stir until well combined. Spread in greased shallow pan. Arrange pieces of plums in rows. Sprinkle the remaining 2 tbs. sugar and cinnamon over plums. Bake 35 minutes in electric oven at 350 degrees.

THE QUESTION BOX

Mrs. C. M. asks: Recipe for quince jelly and why did my mixture not jell last year?

Answer:

Quince Jelly

Quinces require long cooking to become tender. They may be cooked in the fireless cooker under steam pressure; in both cases they acquire a rich dark red colour. Quinces have too little acid and too much pectin to make a desirable jelly when the juice alone is used. An equal amount or twice as much tart apple improves the flavour. Equal parts of cranberry, quince and apple-juice give a jelly of rich red colour and delicious flavour. Cut the quinces in small pieces, add sufficient water to float them and cook them until they are tender. Drain off the juice. Use two-thirds as much sugar as fruit juice. Proceed according to the directions for jelly making. The pulp may be used for conserve or butter.

Quince Preserves.

3 quarts sugar, 3 cups water, 4 quarts prepared fruit.

Never cook quinces in syrup before steaming or boiling them in water until tender, as sugar hardens the uncooked fruit. Scrub the quinces with a stiff brush, wash, pare, core and quarter, dropping the pieces into cold water to prevent discoloration. Save all the good parings and cores for jelly. Measure the prepared fruit, put it into a preserving kettle, cover with cold water and cook until the fruit is soft, then skim out and drain. Save the water to be used with parings, cores and gnarly fruit for jelly. Make a syrup of 3-4 cup sugar to 1 cup water and boil for five minutes. Add the drained quince quarters and cook rapidly until the fruit is clear. Pour into clean, hot jars and seal. Many persons prefer quince preserves made with an equal measure of sweet apples or firm pears. The method of making is the same as for quinces alone.

GOFORTH MEETING

The regular monthly meeting of the Goforth Helpers Group was held at the home of Miss Maude Edgerton on Wednesday evening, October 6th. The meeting opened with a short song service. Two hymns were sung, and the story, "Our Church," was read by Miss Ruth Churchill. The service of worship, "I will Build my Church," was conducted by the president, Miss Sybil Empey. The Scripture reading was taken by Margaret Jorgensen, and the president led in prayer. The topic, "Church Organization," was taken by several girls. Maude Edgerton explained the different church families, and Mrs. Watson explained about church organization.

The secretary's and treasurer's reports were given. The girls decided to collect magazines for the soldiers, and they are to be left at the home of Norma Armstrong until they are packed.

A social hour was spent in honour of Misses Sybil Empey and Beth Churchill, who are leaving shortly to take business courses. They were both excellent workers in the Goforth Helpers Group, and will be greatly missed. Miss Mary Christie is the new president and Miss Ruth Churchill the vice president. Refreshments were served and the social hour ended by all singing "For They Are Jolly Good Fellows."

W. M. S. SECTIONAL MEETING HELD AT ELMA

A very fine Sectional Meeting of the Dundas-Grenville Presbyterial, United Church, was held in Elma Church on October 7th. The Vice President, Mrs. Cecil McIntosh, of Winchester Springs, presided at both sessions, and Mrs. Harold Faulkner, Morewood, was Recording Secretary. The organist was Mrs. Bernice Barclay, of Elma. The worship service was conducted by Mrs. Walter Coulthart and Mrs. Woods, of Morewood.

The various committees were appointed and the president of Elma will be on the Nominating Committee for 1944, and the president of Colquhoun on the Finance Committee. An announcement was made regarding the Branch Executive which met in Morrisburg on October 13th and 14th. An invitation was extended to all the ladies to attend an open session on Wednesday evening, Oct. 13th, when Miss Evelyn Freethy was the guest speaker.

Greetings and a very cordial welcome was voiced by Mrs. Morley McPherson. Mrs. O. Wallace, Intercessory Prayer Secretary of the Presbyterial, spoke on her subject. Miss Hill, of Williamsburg, rendered a very fine solo, accompanied by Joy Dillabough at the organ. Miss Payton, of Morrisburg, who was the delegate to School for Leaders at Merrickville, sent her report, which was given by her mother. The president, Mrs. McIntosh, spoke briefly on "Advance." The Literature was advertised and a report of an executive meeting re the reading course, was given by Mrs. A. Dillabough, secretary pro-tem.

Afternoon Session.

The Worship Service was in charge of Mrs. Crummy, Mrs. A. Johnston and Mrs. Allison, of Winchester. The roll call was answered by nine Auxiliaries out of a possible eleven.

A News Broadcast, in which the latest missionary news was announced, was given by Mrs. Robert Colquhoun, Miss Mae Rose, Mrs. W. N. Fulton, Mrs. Thos. Keyes and Mrs. I. Hilliard. A duet by Mrs. C. Thompson and Mrs. Wm. Barclay, of Winchester Springs, was much enjoyed. Mrs. (Rev.) W. Wright, of Chesterville, spoke on Friendship's place in the Auxiliary. A fuller report will be given at the October W. M. S. meeting by the delegates. The report of the Courtesy Committee was given by Mrs. Payton.

Mrs. Newman gave the closing thoughts. She summed up the very fine points of the previous addresses and defined friendship as love, loyalty, faith and works.

"Did you have the car out last night son?"

"Yes, dad. I took some of the boys for a run."

"Well, tell the boys I found one of their little lace handkerchiefs."

BROCKVILLE PRESBYTERIAL MEETING

The annual Sectional meeting of the Eastern Section of Brockville Presbyterial was held in Knox Presbyterian Church, Winchester Springs, on Thursday last. The President, Mrs. George Wilson, opened the meeting with the Invocation Prayer, followed by singing Psalm 74. The devotional was taken by Mesdames J. Davidson, E. Munroe, and E. Johnston, of Winchester Springs W. M. S.

Rev. W. MacKinnon, on behalf of Knox Church, extended a welcome to all present and also paid tribute to Miss E. Walker, who has recently gone from that congregation to the Missionary and Deaconess Training School, Toronto.

The minutes of 1942 Sectional was read by the secretary, Mrs. C. R. Robinson, and roll call was taken with each Auxiliary well represented. Interesting reports were heard from the different auxiliaries and discussions followed.

Mrs. Brodie, in her usual interesting manner, gave a full description of her Missionary Literature, and also dealt ably in answering the questions in the Question Box. Mrs. Maitland gave the prayer for Peace after which the National Anthem was sung.

The guest speaker was Mrs. Fitzsimmons, of Cardinal, President of Brockville Presbyterial. She spoke on Faith, and said we must have faith in Higher Power, religion is not enough. We can work at church work but we must have foundation. Without faith in Jesus our lives are vain.

"There's a New Day Dawning," was well rendered by Mesdames C. Hay, and R. J. Empey, with Mrs. Hugh Wilson at the organ.

Mrs. Geo. Wilson and Mrs. C. R. Robinson were re-elected President and Secretary for another year.

Mrs. J. Munroe thanked Mrs. Fitzsimmons for her inspiring message, and to all those who in any way made the meeting so interesting. An invitation was extended from Chesterville to hold the meeting there next year. Rev. W. MacKinnon closed the meeting with prayer. Mrs. Brodie and Mrs. Coulthart expressed thanks to the Winchester Springs W. M. S. for the delicious lunch served at the close of the meeting.

War Savings Stamp Draw.

In connection with the War Savings Stamp contest, conducted by Druggists throughout the province recently, the draw took place at the Royal York Hotel, Toronto, on October 6th. The winner was Mrs. Matilda Willens, of Toronto. Many local people bought stamps during the contest at Smith's Drug Store, and as a result, $100 was turned in towards Canada's War Effort.

Victory Loan News

Canada's Fifth Victory Loan campaign opened on Monday and, according to figures released yesterday noon, the sales for the first two days amounted to $126,587,150. This was $8,341,900 greater than the first two days of the last Victory Loan. On Tuesday the sales totalled $58,857,700. It created a record but falls short of the $66,666,600 mark, necessary to put the loan over the top.

In Winchester and district, a total of about $7,000 worth of bonds were sold up to Tuesday night. The first bond was purchased by Mrs. Pearl Steinburg. She made her purchase through the Royal Bank. Mrs. Steinburg was the first purchaser of a bond here in the Fourth Victory Loan campaign also, according to Bank records.

Winchester Township's objective in the present campaign is $340,000. Amounts subscribed in previous loans were as follows: First Victory Loan, $166,950; Second, $186,650; Third, $212,750; Fourth, $345,250; Fifth . . ? In the four loans the total for the township was $909,600, and at the close of the present campaign, Winchester Township citizens will have purchased well over a million dollars' worth of bonds.

In Winchester and district the quota is $170,000. That means that all of us will have to dig, and dig deep, if we are to go over the top. The local salesmen are Messrs. C. R. Robinson, W. J. L. Boyd, E. R. Summers and Allen Summers. If you want to make the task of selling bonds a little easier for these public-spirited gentlemen, greet them with a smile, listen to their appeal, and if you can possibly buy a bond, either for cash or on the instalment plan, decide while he is there—asking him to call again makes his work double and there is a limit on the time he has to cover his territory. A little more co-operation in this regard would be appreciated. Let's all pull together and once more put Winchester over the top—the boys "over there" will appreciate that—they'll know that we're behind them—and why shouldn't we be? Think of their sacrifice and then go out and buy bonds—a few more than you did the last time.

W. I. Meeting Date Changed.

Utman Block, and will transfer his hardware and farmers' supply store to that premises in the near future. The other property to change hands was the Dukelow residence on St. Lawrence Street. It was recently purchased by Mr. Sam Merkley, of Cobden, who, this week, sold it to Mr. J. E. Henderson. Mr. Henderson will use the property in connection with his Dairy Business. His present farm is being taken over by Mr. Chas. Walker.

Victory Bonds are like money in the bank. They are readily saleable any time, are backed by the full resources of Canada itself and constitute the best security there is for a bank loan when needed.

Invest in Victory Bonds to the limit. Let us all do our full share to "Speed the Victory".
