SCHNEIDERS

There's a lot of truth in Schneiders slogan, "Taste the difference quality makes." If you compare a few labels, you'll never find the phrase "May Contain" on any Schneiders meat packages.
Schneiders still make their products the same way J.M. did back at the turn of the century...using fresh meat, smoked to perfection over hardwood fires.
And to make sure you're getting more value, Schneiders trims their meat a special way...so that you get more meat and less fat.

People still keep coming back for more...you can still taste the difference quality makes...
