Local Boy Suffers Severe Eye Injury

While playing with a number of chums near his home last Thursday afternoon, Master Charles Gross, youngest son of Dr. and Mrs. H. S. Gross, was struck in the eye with an arrow, projected accidently from a toy bow in the hands of one of his playmates.

The arrow had a jagged edge, causing an ugly wound. The boy was rendered first aid by Dr. J. J. McKendry, who was summoned in the absence of Dr. Gross who was out of town at the time of the accident. Later, the youngster was taken to the Ottawa Civic Hospital. He suffered considerably over the week-end, but at present is resting quite comfortably. Specialists who have examined the eye cannot state, as yet, whether it will be necessary to remove the eye-ball by operating, or if sight of the eye has been injured to such an extent that the boy will be permanently blind. It was the boy's left eye that was injured.

According to the story of the youngsters, they were using an old umbrella as a target, with each boy taking a turn at shooting the bow and arrow. The young Gross lad and some other boys were sitting behind the umbrella. Several shots directed at the target missed it. There came a lull in the shooting, and as Charles peeked out from behind the umbrella to see what the hold-up was, he was struck in the eye by the arrow. It was an unfortunate accident, and Leslie McaDonald, the boy who fired the arrow, feels very bad about the whole affair.

$25.00 Donation To Park Fund Received From Former Citizen In U.S.A

Among the latest donations received for the Winchester 100 Club Community Park Fund was a cheque for $25.00 from Mr. Roy McKercher, of Pasco, Washington. Roy's only regret, as stated in a letter that accompanied the donation, was that he could not send a bigger contribution at the present time. He said he was in sympathy with the Park scheme and wished the sponsors every success in the undertaking. Roy is an old Winchester boy who has never lost interest in his old home town, although he has been absent for many years. He is a son of the late Mr. and Mrs. Duncan McKercher, and an elder brother of the Messrs. Willis and Wilfred McKercher, operators of one of Winchester's most popular grocery stores.

The Press is always glad to acknowledge donations to the Park Fund from former residents. Who will be next on the list? You may send your donations direct to the Press Office, if you wish, and it will be turned over to the 100 Club.

Tax Notice

Taxpayers of the Village of Winchester are reminded that the Second Instalment of the 1943 taxes is now due—the last date of payment to avoid penalty is December 1st, 1943. Please see that your taxes are paid before that date.

VOL. 1. Nov. 18th, 1943. No. 8.

On Thursday afternoon the local rugby team visited Chesterville, the latter team winning by a score of 27-11. The Winchester H. S. team showed much improvement over the last game, and due to the field being in poor sondition, the boys were not able to show all their ability. At the end of the half the score was 10-5. In the third quarter Chesterville went on the rampage and scored their remaining points. Winchester came back in the last quarter and scored again.

Winchester' two touchdowns were scored by the combination playing of Harry Keyes and Percy Armstrong. George Gibbons made the other point. The game ended 27-11 in favour of Chesterville. Approximately fifty students attended the game to cheer the team.

Sale of Stamps.

Two hundred and seventy War Savings Stamps were sold at the the school last Friday. Making a special effort to gain first position in the competition between the five forms, Fifth Form, comprised of 12 students, bought 91 stamps. Third Form, which had previously been leading, bought a total of 82 stamps. Fourth, Second and First Forms placed in that position respectively. The total amount sold for the day was $67.50. It is hoped that Second and First Forms will put on a special effort this week to bring up their average.

Both Fifth and Third Forms have reached their quota, but the surplus of stamps sold in Fifth Form was greater than that of Third.

Rural Hydro Rates Reduced To Farmers

Reduction in hydro rates for 129,000 rural consumers through a uniform power rate for all rural areas of the province, elimination of service charges to farmers and an amalgamation of the rural power districts has been announced by the Ontario Hydro Electric Power Commission.

The revision in rates and the institution of a uniform rate for all rural consumers was decided upon following a thorough study of the whole rate structure by the Ontario Government and the Ontario Hydro Electric Power Commission.

The new rates are to become effective January 1st. They will give the greatest reduction where most needed—that is to those living in high rate districts. A saving of $527,500 a year will result to rural power consumers, with the cost of power reduced for about 129,000 out of 133,000 rural users.

In simplifying the whole rate structure the commission and government have eliminated service charges to all farmers who are primary producers and have reduced service charges to all remaining rural consumers.

Under the revised system a rural consumer's average hydro bill in high rate districts will be $2.74 as compared with $4.31 previously and compared with the monthly bill in low rate districts of $2.92.

The new uniform kilowatt hour rate adopted by the government and commission is four cents per kw. hr. for the first block of kilowatt hours, 1.6 cents per kwhr. for the second block of kilowatt hours and .75 cents per kwhr. for all remaining monthly consumption. All will be subject to 10 per cent. prompt payment discount.

Farm service will be charged on these kilowatt hour rates without any service charge. A minimum monthly bill of $2.25 gross will be adopted for the standard farm. For larger farms, minimum bills have been devised.

In hamlets a consumer having a lighting service using 60 kilowatt hours per month will pay $2.23 instead of $3.16 in high rate districts, and $2.21 in low rate districts. The minimum monthly bill will be $1.50 and will be subject to 10 per cent. discount for prompt payments.

Changes of rate structure have also been arranged for commercial lighting service and for service to summer cottages.

The effect on the monthly bills of the farmer will show a substantial decrease to all except approximately three per cent. of all farmers served by the commission.

The hamlet consumers in general, will receive a reduction in their bills with the exception of about 2.5 per cent. These are located in the districts which are at the present time enjoying very low kilowatt hour service.

UNITED CHURCH W M. S.

The November meeting of the Afternoon Auxiliary met in the S. S. Hall on Tuesday at 2.30 o'clock with the president conducting the business part of the meeting. The meeting opened with a hymn, Scripture reading, and prayer by Mrs. S. Coons. Items of business were dealt with. Miss M. Rose, Mrs. K. Helmer and Mrs. F. F. Davidson were appointed a Nominating Committee for the officers for the coming year. Several items of interest were reported by the delegates who attended the executive meeting at Morrisburg. The next executive meeting will be held in Winchester in January, and the Presbyterial will be held here in May, 1944. It was decided to buy ten new books for the Auxiliary. One of the books is written by Wendell Willkie. The reading of these books will be available to all members. Several reports were given.

Mrs. W. J. Cass had charge of the program, which opened with a solo, "With God," by Mrs. H. Lannin, and was greatly appreciated. Mrs. Cass gave a very interesting account on Agriculture in India, which is very much behind farming in Canada. Farmers in India barely exist. They own or rent a couple of acres of ground, which they work. They live in villages where they have the bare necessities of life. Not many of them know what it is to have enough to eat.

Mrs. T. A. Halpenny also spoke on India, and on the missionary work that is done in India by the missionaries. With tact and kindness they have to handle those people. With projects and experiments, with wheat, millet and vegetables, they gradually open up their vision on how farming is carried on in the civilized world. Also through literature and home training the Word marches on, slowly but surely.

Mrs. K. Helmer spoke on Burma and missionary work carried on there. A very interesting meeting closed with the Mizpah Benediction.

ENGINEERS LAY OUT HIGHWAY FOUR MILES NORTH OF MORRISBURG

Department of Highways engineers, making Morrisburg their headquarters for a while, are busy on the proposed line of the Montreal-Toronto highway about four miles north of Morrisburg, which, if coming into being, will make No. 2 Highway of considerably less importance. There is a mistaken idea that the road is being located a league or more from the banks of the St. Lawrence because of the flooding qualities of the proposed St. Lawrence seaway should that seaway become a reality. Whether St. Lawrence power development comes or does not come, the Highways Department wants a road away from cities, towns and villages because of their tendency to slow down traffic.

Plans are being laid for a two-way highway of liberal width, free as possible from the curves and grades so common on No. 2 and which not infrequently lead to accidents. The new location will contain less of scenic merit, but the higher speed which it will admit of is a greater consideration in these days of hurry bustle.

The engineers now in Morrisburg number four, and they have several district men assisting them in this work.

Red Cross Packing Day

Last Friday was packing day at the local Red Cross rooms and the following articles were shipped to National Headquarters at Toronto:

For Prisoners of War—30 pr. of gloves, 24 pr. sox, 21 scarves, 20 ribbed helmets,

Civilian Knitting—3 girls' sweaters 4 boys' sweaters, 2 ladies' sweaters, 3 pr. ladies' gloves, 1 pr. men's mitts, 2 pr. children's mitts, 2 pr. seamen's socks.

For Greek Relief—56 pr. shorts, 50 under vests, 25 pr. bloomers.

Hospital Quota—120 rolled bandages, 140 khaki handkerchiefs, 164 white handkerchiefs; also 14 quilts.

Workers Needed.

A quilt will be set up at the Red Cross Rooms over the Royal Bank tomorrow (Friday) ready for quilting. Local ladies are asked to come and assist in completing it.

Final Standing In Fifth Victory Loan

The official results of the Fifth Victory Loan Campaign in the United Counties of Stormont, Dundas and Glengarry, have been released by the Counties' War Finance Committee, and reveal that 13,464 residents of the Counties invested a total of $3,722,100 in Victory Bonds. The objective was $3,400,000.

Following is a summary of the final canvassing bulletin, showing the amount subscribed, the number of subscribers and percentage of objective reached in the various areas:

Cornwall	$1,245,400	8,075	107.83
Cornwall Township	$184,900	673	119.29
Osnabruck Township	$237,250	403	118.62
Williamsburg Township	$270,500	490	112.71
Matilda Township	$340,150	397	170.7
Mountain Township	$114,650	310	127.39
Winchester Division	$151,800	364	89.29
Chesterville Division	$138,050	355	81.21
Finch Township	$156,000	332	104.
Roxborough Township	$224,700	421	121.46
Kenyon Township	$174,500	424	105.76
Lochiel Township	$169,950	424	91.87
Lancaster Township	$138,800	391	102.81
Charlottenburgh Township	$175,450	405	87.72

As will be noted by the above tabulation, only four districts failed to reach their objective—Winchester was one of them. Chesterville stood lowest in percentage, with Charlottenburg next and Winchester third lowest.

As far as Winchester and Chesterville are concerned, both made a fine showing, even though they didn't get over the top. The objective of $170,000 is considered a little too high for these two districts. In Winchester district one out of every 6.54 persons bought bonds, and that is the highest percentage in the Counties with the exception of Cornwall, whose average was one in every 2.79 persons.

Mountain Township finished with 127.39 per cent. of its objective. Only one other district was higher—Matilda with 170.7 per cent. Mountain's objective was $90,000, and bond sales totalled $114,650. In the final week of the campaign Mountain won the award for turning in the most sales.

The leading salesman in Winchester was Mr. W. J. L. Boyd, with a total of $46,600; in Chesterville, Mr. H. L. Hough led with $35,150, and in Mountain Mr. Chas. Patton was high man with $62,000 to his credit.

Loan officials were well satisfied with the results of the Fifth Victory Loan Campaign, and to all who purchased bonds and to those who assisted in any way, they offer their deepest appreciation.

PLATOON NOTES

Next Monday's parade of the local platoon of S., D. & G. Highlanders will be held in the Town Hall at 8 p.m. sharp. As part of the evening's training, several interesting war films will be shown, and Col. W. J. Franklin, O. C. of the regiment, will be present to address the platoon. He has requested that every member of the platoon be present, so reserve next Monday, Nov. 22nd, for parade—no leaves will be granted.

As the film "The Nazi Strike," will be shown, the C. O. of "A" Company has been instructed to have as many members as possible from Chesterville and Morrisburg platoons present.

An invitation is also extended to High School boys, 15 years and over, and to all men of the village to come out and see these training films. All members of the local platoon will come on parade in battledress, anklets and balmorals.

D.D.G.M. PAID OFFICIAL VISIT TO HENDERSON LODGE

Last Friday evening, Henderson Lodge, No. 383, A. F. & A. M., entertained the District Deputy Grand Master, Rt. Wor. Bro. J. C. Sim, of Cardinal, on the occasion of his official visit to the lodge.

The meeting was presided over by the Worshipful Master, Wor. Bro. R. D. Ledgerwood, of Mountain, and during the evening the second degree in Masonry was exemplified.

Following the meeting, which was largely attended by members and visiting brethren, a social hour was enjoyed and refreshments served.

The toast to Grand Lodge was proposed by Wor. Bro. W. J. Stewart, and responded to by Rt. Wor. Bro. J. C. Sim, D.D.G.M.

Wor. Bro. H. G. Graham proposed a toast to the visiting brethren, which brought forth brief and interesting responses from the following: Wor. Bros. W. A. Robertson, Haldane Durant and Ernest McMillan, of Chesterville; Wor. Bro. Hess, of Williamsburg; Wor. Bro. J. E. Wood, of Russell; Bro. Angus, of Buckingham, Que.; Wor. Bro. Slicter, of Cardinal; Bro. Scott, of Plantagenet. Others who spoke briefly were Bro. L. D. Johnston, the oldest member present; Bro. J. L. Mill and Wor. Bro. J. J. Gray, of South Mountain.

BRING GRISTS IN THE AFTERNOON

Because of the quantity of Western Grain to be ground this year, we have to divide the time between custom grinding and grinding Western Grain.

After next Monday, Nov. 22nd, we will reserve the afternoons for custom grinding and do the Western grain in the forenoons. This should not be any great inconvenience for most of the grists come after noon from now on anyway.

If everyone bringing grists will co-operate in this way, we can give better service and at the same time keep up our stock of ground Western grain.

Please arrange to bring grists in the afternoons only.

A CALL TO FARM WORKERS

When Canada called upon the farmers and farm workers for more and more food, the response was such that this country now has become one of the mainstays in food production for all of the United Nations.

Now, Canada calls again to the farm. This time, farmers and farm workers, who can leave the farms without affecting winter production, are urged to go into the woods to cut pulpwood. The shorage of manpower in the woods has reduced pulpwood production far below consumption. For the men on battlefronts everywhere, that is grave news. Pulp and paper products are as vital to fighters as food itself. Explosives, shell cases, bomb parts, blood containers and hospital supplies are only a few of the items made from pulp and paper.

The Canadian Government considers the pulpwood shortage so serious that it has now classified pulpwood cutting as an industry essential to the war. In appealing to farmers and farm workers to cut pulpwood during this winter, the Government makes it plain that a farmer working in the woods is still a farmer, from the angle of military postponement. The hope is that he will cut pulpwood during the winter, then return to his farm in the spring.

Obtaining woods work is easy. All any farmer or farm worker has to do is to apply to his provincial agronomist or agricultural field man; to his local Farm Production Committee; or to any office of National Selective Service. He will be placed in contact with woods work immediately.

Canada's pulpwood is needed to bring speedier Victory. Canada's farmers and farm workers are men to cut that pulpwood!

WHITE ELEPHANTS AT AUCTION

In these days of curtailed civilian production of farm machinery, home electric equipment, and other erstwhile "essentials" of efficient management, no useful article should lie neglected in garage, attic, barn or store-room, says the Hanover Post. At recent private auctions, used farm implements have sold at prices approaching or even surpassing those of new implements. The same has happened at the other end of the scale with so small an item as preserving-jars, unobtainable in some Ontario districts last summer at the height of the fruit season. Across the border, the farmers of eight counties surrounding Magic Valley, Idaho, staged this spring a joint $14,900 auction sale of farm machinery and accessories, on a block-long lot with three auctioneers working all day.

This precedent might become the basis for a systematic drive to put into service throughout the country all useful equipment—home, office, farm and plant—that is too good for salvage and too valuable to be given away, but is not required by its present owners. Such a project could be taken up by municipal authorities, farmers' organizations, service clubs, or women's societies. Let the white elephants go on the auction block.

THIS ISN'T DEMOCRACY

It was announced recently that 58 per cent. of the people voted in the recent Ontario election. This compares with a 70 per cent. vote in the previous election, and shows that 12 per cent. fewer people bothered going to the polls. It is only another step until we find that less than half of the people are voting.

There were three parties contesting the last election, and the thing to watch in this development is the following observation: If, say, 51 per cent. of the people vote and it is divided among three parties, this would give an average of 17 per cent. for each party, if the vote was split evenly. The party that got 18 per cent. of the vote would get more than any other, so that we could find a government elected which got less than one-fifth of the available vote, or about 20 per cent.

It is not a good thing. It leads to machine-control of governments in big American cities, because the machine needs produce only a fraction of the available vote. It leads to dictators like Hitler getting a start in an alleged democracy, and, having entered the thin edge of the wedge, hammering away until they get complete control. If we are fighting for democracy, then we are fighting for something we do not practice. While we are kicking autocracy out the front door, we are leaving the back door open to autocrats.

There is a crying need for electoral reform, so that more people will register their votes. The situation is serious when only six out of ten people record their vote, and the other four ignore an election. Compulsion and democracy do not go hand-in-hand, yet there is something to be said about having compulsory voting, because democracy brings responsibilities, and we cannot have one while ignoring the other.

Juvenile delinquency is increasing at an alarming rate. This can be charged to a large degree to the indifference of parents to the home training of their children. The practice of allowing young boys and girls to loaf about the streets until a late hour is fraught with danger and if little John or Mary gets into trouble no one can be blamed but the parents.

"It is a reasonable assumption that unless we make some grave mistake in strategy, the year 1944 will see the climax of the European war. Unless some happier event occurs on which we have no right to count, and the hand of Providence is directed by some crowning mercy, then 1944 will see the greatest sacrifice of life by the British and American armies."—Winston Churchill.

Good news for old age pensioners is contained in the recent announcement by Dr. R. P. Vivian, Public Welafre Minister of Ontario, that the maximum monthly pension has been increased from $23 to $28. An increase in the Mothers' Allowance payments was also announced. Increased cost of living has had its effect on many aged people with no means of sustenance other than their pension, and the Drew Government's action will place them in a more favourable financial position. The same applies to Mothers' Allowances and there is no doubt but that the Government's action will meet with general approval.

Col. T. L. Kennedy, Ontario agriculture minister, said in an address at Kemptville, last week, that wartime federal controls over agriculture—one of the "greatest" difficulties facing farmers—must end "as soon as possible" after the war is won. Maybe Mr. Kennedy is right, but who will deny the fact that farmers are better off today under the control policies than they were for several years before the control system was adopted. At least they have more money to spend—and that's what counts most among farmers, or any other individual who has to finance a business. Unlimited production brings low prices, and the farmer shouldn't want that again.

A WEEKLY EDITOR LOOKS AT Ottawa

Written specially for the weekly newspapers of Canada

By Jim Greenblat

Capital Items: A through air service from Ottawa to Nassau, Bahama Islands, via New York and Miami is heralded to commence very soon by Colonial Airlines, Inc., with trip total flying time of 10 hours . . . Bureaulaughs—the woman who wrote to the Regional Offices of Prices Board asking what articles were going to be rationed next 'so I can lay in a supply'! . . . and the employee who phoned Selective Service asking if he could be "frozen" so the boss couldn't fire him. . . . According to the W.P.T.B., Santa's reindeers will float light as a feather this Christmas because wood and plastic toys will be available in fair supply . . . Metal and rubber tops will be non compos mentis—or is that the word? . . . the accent will be, owing to shortage of labour by toymakers, on pieces of this and that, so ingenious Johnny can do the assembling.

Under direction of the Consumers Branch, W.P.T.B., I am told, wardrobes of children's made over clothing are being sent to a total of 108 centres in Canada. They offer a variety of new ideas, even to make-over experts like Canadian mothers, particularly in re-claiming apparently useless material and turning it into something wearable. Emphasis is placed on combinations of pretty colours, tailored smartness and on unusual ways of turning the total losses in the wardrobe into active garments. Included in the kits are several styles of children's underwear cut down from daddy's union suits. It's the first time in our country's dressmaking history that patterns have been available for children's underwear.

More than 14,000 Canadians in the Armed Forces serving in England have married English girls, believe it or not, according to a recent announcement. A lot of new moms will have to learn to bake apple pies.

Again Agriculture Minister J. G. Gardiner makes a special appeal that all farmers, especially those in the three prairie provinces (including other livestock shippers), co-operate in withholding from market, sows, unfinished cattle and cows, and by spreading deliveries of bacon hogs and other classes of livestock as evenly as possible. Reason: peak in deliveries in next two months, congestion in stock yards and packing plants. Sows, 10% of all western hog marketings, take more time to slaughter and process than regular hogs.

The machinery rationing officials meeting in Regina, Sask., recently were concerned about many farmers selling still usable tractors in the hopes of getting new ones. While quotas have been increased, there is just enough to meet needs of essentiality. The nearest rationing officer should be written to for a permit before any sale or deal or new purchase is made. The sale of second-hand machines at enhanced prices to secure permits for new equipment is considered "an unfair practice," the Board holds.

Crops of main staples in Canada are quite lower than 1942. Total wheat production, estimated at 296,259,000 bushels, 50% lower than the 1942 yield, though larger than any crop harvested from 1933 to 1937, and produced on smallest acreage seeded to wheat since 1918. Feed grain lower, poorest in respect to oats in Ontario and Quebec. Hay and clover estimated 1,144,000 tons greater than 1942, though in some districts affected by moisture. Potato crop estimated at 43,041,000 cwt., ravages in some districts offset by increased yield in New Brunswick. Sharp reduction in sugar beets.

Due to feed shortages in Canada and expected lower production in hogs for 1944, our new ham and bacon agreement with the U. K. provides for delivery of not less than 900 million lbs over a two-year period, as compared to current agreement of 675 million lbs. in one year. The new price will be $22.50 a hundredweight, up 75 cents.

Odds and Ends of interest: Gross operating revenues of our Canadian railways increased to $69,727,022 in July, a new high monthly record . . . R. C. A. F. aircrew serving in other war zones will now be granted special leave to Canada for completing tours of operations the same as if in the United Kingdom . . . The first "Canadian Bible" is now rolling off presses in Toronto; since 1604 printing rights have been strictly controlled, only four other firms in the British Empire having the authority to print Bibles . . . The National Film Board has a hundred 'travelling theatres' which go from village to village and factory to factory at regular intervals. The rural audience for them is now 350,000 a month, in the factories a quarter of a million. . . . Since 1940 Canada has launched more than 200 steel cargo ships, aside from warships and other war craft. In a single convoy these 200 ships could carry the following mixed cargo: enough food to feed the entire population of Britain for one week, enough lumber to build 18,000 four-room cottages, 400 bombers, and enough aluminum to build more than 12,500 fighter planes, steel for 7 battleships, enough bombs to drop 10 pounds on every German subject, and motorized equipment to supply 200 infantry battalions.

Restrictions on the sale of protective rubber garments have been revoked by the Prices Board and reclaimed rubber now can be used for these garments in place of crude rubber. This includes, of course, firemen's coats, mining suits, sou'westers, fishing suits and acid resisting suits.

Our Post Office has become big business—and how. A big increase is shown since the war started with gross revenues for 1942-43 being $59,175,137. Take airgraphs overseas, more than 76,000 of them are flown weekly from Canada; an ordinary mail bag holds 2,400 ordinary letters but 408,000 airgraphs which ordinarily would require 213 mail bags and occupy 639 cubic feet of cargo space. Just imagine, our P. O. department in 1942 sent 20,116,360 letters overseas as against 5,618,640 in 1940.

GOOD PLACE TO START

(Kamloops Sentinel)

Politicians and statesmen can plan a post-war world around the peace table but it will only work if we know how to bring up around the breakfast table the children who will comprise it . . . Many of us need to face the fact that probably our biggest contribution to building a new world starts around our own family hearts.

A FLYING WORLD

(Victoria Colonist)

After this war there is little doubt that civilian air passenger traffic will eclipse anything that the world has ever seen. People who have crossed a continent in eighteen hours, will not likely return to week-long trips on any other medium. Coming generations will fly, or be flown, with as little concern over that fact as present generations have shown with regard to boats, trains and automobiles. It will be a flying world.

FARM CRISIS

(Carleton Place Canadian)

This country is facing a crisis as a result of the number of farm boys who have enlisted or have been called to industrial jobs in connection with the war effort. Not in a great many years have there been so many auction sales of farm stocks. The older men who are left to carry on are finding the job too heavy and are disposing of their farm stock. Scarcity of farm labor is one of this country's most serious problems.

ARE CIGARS THAT PLENTIFUL IN TRENTON?

(Trenton Courier-Advocate)

Just a reminder to the Prices Board that this is nearing the middle of November and we have got along so far without a waistcoat, in plain ordinary English, a vest. True, we have had no place to park the many cigars the farmers have been giving us for holding their horses when they come into town to trade, but by next spring we hope to overcome this matter. We are now planning to let our hair grow so that we will have something substantial to hold those cigars over our unbusinesslike ears.

HYDRO EXTENSION!

(Brockville Recorder & Times)

A great many Ontario farmers will unite in expressing the hope that current efforts to have materials released for the further extension of Hydro into rural areas may prove successful. Electricity is always the helpmeet of the farmer. When he suffers from a shortage of manpower, as is so frequently the case nowadays, it becomes a positive boon and directly assists in the great task of production that he has undertaken. If it is possible in any way to effect a further expansion of rural Hydro facilities, this work should be carried out without delay.

RECIPE FOR A SOLDIER!

(Municipal World)

Take one young Canadian, slightly green. Stir from bed at an early hour; soak in shower or tub daily. Dress in olive drab. Mix with others of his kind. Grate on sergeant's nerves: Toughen on manoeuvres. Add liberal portions of baked beans and roast beef and season with wind, rain, sand and snow. Sweeten occasionally with chocolate bars. Let smoke often. Sprinkle generously with War Savings and Victory Bonds. Bake in 90-degree temperature in summer and let cool below zero in winter. Serves 11,500,000 people.

C.C.F. AND THE CHURCHES

(Fergus News-Record)

According to a contributed article last week, a C. C. F. speaker in Fergus said that "Last week, three of the largest church organizations in Canada acknowledged the C. C. F. principles of Socialism as the only salvation for the principles of the church." Congratulations to the C.C.F. No other political party in Canada ever got wholesale backing from the churches. We would even like to know which churches these were.

We presume one of the C. C. F. principles most heartily endorsed is the custom of holding political meetings on Sunday.

The church should also benefit in the long run from such an alliance. The C. C. F. leaders may even start attending church if this keeps up.

FROM RURAL SCHOOLS

(Stratford Beacon-Herald)

In a recent address in Guelph, Mr. W. D. Tolton, of the Ontario Agricultural College, pictured the rural school of the near future with electricity and running water, beautiful grounds, recreation and relaxation for health forming part of the study course, library books in abundance, music, folk songs and dancing—and academic subjects taught thoroughly by teachers trained in the workings of democracy and at all times close to the hearts of parents and pupils.

More than ever the rural school, in the brave new world that is hoped to lie beyond the global conflict of today, should be a community centre, avers this O. A. C. educationist.

The role of leadership has been shown up in all its strength and weakness in the world-wide struggle for the survival of human liberty. Badly-led nations have been the aggressors—wisely-led nations have saved the world from enslavement. The post-war period will bring fresh challenges to leadership. If the rural school can be made a major fountain of wise and courageous leadership, it will fulfill all Mr. Tolton's hopes for it. We believe that it can fill that invaluable part.

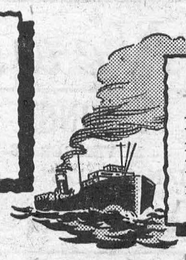
Why there is a COAL SHORTAGE

WAR INDUSTRIES are operating in high gear. They must have more coal than ever before.

RAILWAYS require nearly one third of all the coal used in Canada.

MINERS ARE SCARCE Production of coal in Canada and United States cannot keep pace with increased demands.



MILITARY NEEDS Buildings for our armed forces must be heated. Navy and merchant ships need big quantities of coal.

Here's How You Can Help!

- Winterize your home now. Avoid heat losses by efficient use of storm sash—weatherstripping—caulking—and insulation wherever possible.
- Have your heating system checked by a competent man. Make sure that furnace and pipes are thoroughly cleaned and kept clean at all times.
- Keep home temperatures at maximum of 68 degrees in the daytime—58 degrees during the night. Close off unused rooms.
- Remember, there is a shortage of skilled workmen and materials—so don't delay in getting the service you need. Act now.

W. M. S. Thank-Offering Service

The Women's Missionary Society of Hallville St. Andrew's Church, held their annual Thanksgiving Service in the church on Sunday evening, Nov. 14th. Mrs. Percy Cumming, president of the Sectional, presided. The choir was composed of members of the Auxiliary. The guest speaker was Mrs. Oscar Wallace, of Winchester, and gave a very excellent address, her theme being along the line of Accessory Prayer. A duet entitled: "Help Somebody Today," was sung by Mrs. Andrew Logan and Mrs. Joseph Hyndman, with Mrs. Bert Campbell accompanying. The meeting was a splendid one and much enjoyed by all those present.

Newlyweds Honoured.

A very pleasant evening was spent at the home of Mr. and Mrs Melvin Christie, Mountain, on Tuesday night last when the families on their street and the members of St. Andrew's Church Choir gathered to extend best wishes.

Games were played, after which Mel and Jean were asked to come forward and an address was read by Mrs. Andrew Logan, and the presentation of a purse was made by Mr. Tom Butler to the newly married couple.

Both Jean and Melvin replied and thanked those present for their gift. Lunch was served and a very enjoyable social time spent together.

Mr. and Mrs. Robert Anderson, of Smiths Falls, spent Sunday with Mr. and Mrs. R. W. Boyd.

The Anniversary Services held in the United Church on Sunday, Nov. 14th, was largely attended. Rev. Dr. Coburn, of Prescott, was the speaker.

The ladies of St. Peter's Anglican Church held a bazaar on Friday last and a large number attended. The sale of home cooking and fancy articles were many and were quickly disposed of. Mrs. Dr. Stirtan won the doll, guessing the correct name.

The weekly euchre, held over T. Lunny's Store, last Wednesday evening, and sponsored by the C. W. L., was well attended. Mrs. Auldon Ennis won the ladies' prize, while J. Nelson won the gents'.

Late Mrs. Minor Henderson.

It was with a deep feeling of loss that a host of friends learned that Mrs. Minor Henderson had answered the call to Higher Service in the early hours of Tuesday morning, Nov. 9th, at the home of her daughter, Mrs. Gordon Mulholland, South Mountain.

Though deceased had been in poor health for a number of years and had suffered many severe sicknesses, she had been unusually well in the past few months and her hands were never idle. Her interest in Red Cross, community and church projects was an incentive to greater activity to those who worked with her. Her unfinished tasks which she laid down when she was so suddenly stricken will have to be taken up by other hands. It could be truly said of her: "Blessed are the dead that die in the Lord; they rest from their labors and their works do follow them." She had lived in many communities and her quiet helpfulness and acts of kindness endeared her to all among whom she lived.

Mrs. Henderson was a daughter of the late W. N. Marshall and Mary Gilroy, and was born in Mountain Township 64 years ago. Forty-three years ago she married Minor Henderson, and to this union were born four children, three of whom survive, and with the bereaved husband, mourn the loss of a devoted wife and a kind and loving mother. The children are: Mrs. Gordon Mulholland, South Mountain; Mrs. Asa Scott, of Iroquois, and Mrs. Lyall Hess, of Heckston. One son died in infancy. She is also survived by her stepmother, Mrs. W. N. Marshall, of Kitchener; one sister, Mrs. R. S. Peterson, of Brinstons; two brothers, C. F. Marshall, of Brockville, and W. E. Marshall, of Kitchener.

A long procession followed the remains to the United Church, South Mountain, where the service was conducted by Rev. V. Buchanan, assisted by the Rev. F. W. Taylor, of Brinstons. The fact that it was Remembrance Day formed the basis for a very helpful service. The choir sang: "We'll Say Good-Night Here, But Good Morning Up There." The remains were laid to rest in Brinstons Cemetery.

The host of friends who called at the home, the many acts of kindness and the floral tributes all bore silent testimony of the esteem in which the deceased was held.

HYNDMANS

Mr. and Mrs. Garnet Sears and children, of Spencerville, spent Sunday with Mr. and Mrs. J. Sommerville.

Miss Margaret Lunny, of South Mountain, spent Saturday with Miss Joyce Francis.

Mr. Orval Francis, of Brockville, spent Sunday with Mr. and Mrs. Alex Francis.

Mr. Ray Adams, of Brinstons, and Mr. Richard Dunn spent Sunday afternoon with Mr. Bobby Beach.

Shower Held.

A delightfully arranged shower was held recently at the home of Mrs. Lawrence Pelton in honour of Miss Muriel Norton, who was married recently. The following poem was read by Mrs. Ida Hyndman, which was composed by Ruth Chartrand, aged 11, of this vicinity:

To Chester and Muriel:—

Chester Gilmer, so they say,
At last has named his wedding day.
You other boys, just step aside,
For Muriel Norton is his bride.
Now what's he got? says the other guy,
He's not bad looking, but kinda shy;
Now look at me, I'm a good looking mutt,
But the other lads have all the luck.
Now Muriel is nice, I know her, you see,
She worked in the store at Hyndmans, tee, tee.
Has dark wavy hair, a good looking lady,
Says Chester to Mureil, "Come on, be my baby."
Love isn't so blind, as what people say,
For you'll be my sugar they can't ration away.
With coupons for gas, butter and tea,
They can't ration love, says Chester with glee.
Now I must close, and wish you the best
Health ,wealth and happiness, to both you and Ches.
As time rolls around and years slip away,
We know you'll be as happy as you are today.

Newlyweds Honoured.

On Friday, November 12th, the neighbours and friends gathered at the home of Mr. and Mrs. Chester Gilmer, in honour of their recent marriage. The evening was spent in dancing, and at about 11 o'clock the young couple were called to the floor. An appropriate address was read by Mr. Cecil Canning, and an occasional chair, an occasional table and an end table were presented to the young couple. Chester, on behalf of his bride, thanked everyone for the gifts, inviting everyone to visit them in their new home. After singing "For They Are Jolly Good Fellows," lunch was served and dancing continued.

The address was as follows:—

Dear Chester and Muriel—It is with very great pleasure that we, your friends and neighbours, have gathered here this evening to congratulate you on your recent marriage and to wish you many years of happy wedded life.

To you, Chester, who has spent the past number of years within our midst, it is with great joy that we learn that you are going to remain in our community. You have been found always ready to co-operate in all our community activities, and your cheerfulness has not passed unnoticed.

To you, Muriel, with whom we have become well acquainted during the past three years, we have ever found you an amiable and true friend. Your bright, cheerful personality spreads happiness and good will among those with whom you associate.

As a token of this friendship which exists in all our hearts on this occasion, we ask you to accept these gifts as a remembrance of your friends. May God bless you both with much happiness throughout the years, and may peace and prosperity always go with you to the end of the trail.

Signed on behalf of your friends and neighbours of Hyndman.

KARS NEWS

The annual meeting of Kars Red Cross Unit has been arranged for Saturday evening, Nov. 20th, in the L. O. L. Hall.

Armistice Day Service.

An Armistice Day Service was held in the L. O. L. Hall, Osgoode, on Thursday, Nov. 11th, commencing at 10.15 a.m. Rev. L. MacMorrine read a Scripture selection and Rev. Mr. Jones gave a short address. A poppy wreath was presented and Mr. J. E. Morphy sounded the Last Post. Miss Doris Nixon presided at the piano. The pupils of Kars and Osgoode Schools paraded in a body to the Hall. A number of war veterans were also present, and hymns sung were "O God Our Help In Ages Past," and "Abide With Me."

Snow Ploughers' Meeting.

The annual meeting of the snow ploughing association was held in the L. O. L. Hall on Nov. 12th. The President, Mr. J. H. Rice was in the chair. The Association decided to plough the first line to the Highway and the road from Kars to North Gower. They also decided to make a canvass of the ratepayers for funds.

Mr. Rice was re-elected President and Mr. Harry Pratt re-elected as secretary.

W. I. Meeting.

The monthly meeting of the W. I. was held at the home of Mrs. George Pillar on Thursday evening, Nov. 11, with seventeen members and two visitors present. Mrs. M. J. Brown, 2nd vice president, was in the chair, assisted by the secretary, Mrs. Pillar. The members decided to send Christmas cards to all the boys and girls in all branches of the services, and to the shut-ins. The monthly euchres were again decided on and committees named for the first one to be held on Nov. 19th. War Stamps are to be given as prizes. Committees are as follows:

Tables—Mrs. D. Duncan, Miss B. McLeod and Mrs. W. Crawford.

Lunch—Mrs C. Todd, Mrs. H. Dillon, Mrs. R. Dillon.

Miss G. Eicnenberg gave a talk on "Thoughts for Armistice Day." Lunch was served at the close.

Moving Pictures Shown.

Moving Pictures were shown in the W. I. Hall on Saturday evening by Mr. Art. Dakin, R.C.M.P., in aid of Kars Red Cross. One of the films shown was the processing of peat for fuel at the peat bog a short distannce from Osgoode. Choruses by the Public School and a recitation by Keith Beggs, completed the program. Mr. J. L. Greer acted as chairman and Miss Doris Nixon played softly during the showing of the pictures. A silver collection was taken amounting to over $20.

MRS. SARAH RODNEY HONOURED

On November 3rd, the Annable and Melvin Red Cross met at the home of Mrs. Dalton Robinson. After the business part of the meeting, a social half hour was spent, and Mrs. J. A. Erratt read the following address to Mrs. Sarah Rodney:

Dear Mrs. Rodney:—We, the members of the Red Cross, recognizing the fact that the time has come when you will be leaving your present home and taking up your abode in Winchester, deem this an appropriate time to express in some measure the appreciation we feel towards you for the great interest you have shown in the work of our Red Cross, since we organized in 1940. Later, when we divided, owing to the shortage of gasoline and tires, and you became President of the Annable Red Cross, too much cannot be said of your zeal and untiring efforts which you employed to make our Society a success, to say nothing of the never-ending work which you finished up, when at home. We ask you, therefore, to accept this gift, as a small token of our love and friendship toward you, and trust that you may be able to continue your work with us as long as the war lasts, even though you will not be living in our settlement, and later, when the war does end, you may continue to visit us, knowing that you will always be welcome.

Signed on behalf of the Annable Red Cross by Mrs. W. H. Angus and Mrs. J. A. Erratt, and on behalf of the Melvin Red Cross by Mrs. S. Christie and Mrs. M. R. Black.

Mrs. Rodney was presented with a beautiful Chenille bedspread.

"What's holding you back brother?"

THE fellows who are in there pitching at the Axis didn't need any formal invitation to race into this scrap . . . and they're beginning to wonder what happened to you. Those fellows are in the thick of things . . . smooth-working teams of fighters . . . each man doing his part.

Besides real he-man action and adventure, you'll get skilled technical training and experience that employers will rate highly after the war.

If you really want to pull your fair share, and if you're fit, there's not a thing in the world to hold you back. You can go aircrew today. You can win your wings in a few short months under the guidance of veteran airmen. What about it, brother?

SAVOURY STOCK POTS

Hello Homemakers! Thrifty grandmothers, whose wonderful soups we've heard so much about, had an ever-burning kitchen fire to work with. They could keep their stock pots on top of the stove because the constant heat was too high for the growth of dangerous bacteria.

Now, it is necessary to conserve every kind of fuel, but we need not worry about the soup pot—use low heat to draw out the flavor without boiling the liquid away, and then place it in the refrigerator to prevent spoilage and taste.

Meat flavour is the soul of a stock pot, so begin by collecting leftover bones from roasts, steaks, chops or poultry. (Buy a raw soup bone occasionally, but always have the butcher crack it for you). Cover the bones with cold water, and drippings from roasts, steaks, sliced raw onion, raw carrots, celery and celery tops, parsley, a bay leaf, salt and pepper. Cover; bring to boiling point, simmer 1 to 1 1-2 hours. Strain and cool. Skim off fat that rises to top and use it for other cooking. Pour stock into a fruit jar, seal and store in the refrigerator.

RECIPES

Basic Supper Chowder

2 large potatoes, chopped or grated; 2 large onions, chopped or sliced; 1 pound hamburger; 1 quart milk, salt and pepper. Quick to make and delicious and inexpensive.

Cover the potatoes, onions and hamburger with hot water, and simmer slowly until the potatoes are well cooked, about 20 minutes. Salt and pepper to taste, add milk, and heat thoroughly. (Add a little flour and water thickening if desired).

Quick Split Pea Soup

2 cups green dried peas, 2 quarts water, 2 small onions, chopped; 1 grated carrot, salt and pepper to taste, 1 bay leaf, 1-4 teaspoon thyme, 2 stalks chopped celery or 1-2 cup chopped celery tops.

Mix the ingredients and boil for 20-25 minutes. Strain through sieve or colander; reheat and serve.

Thrifty Changes

Use leftover ham or chicken stock in place of water. Chopped bacon will give a delicious flavour for a change. A dash of cayenne pepper or pepper sauce if you like it. Garlic minced fine and added while cooking will be a good change, served with thinly sliced wieners on top. After straining, 1 cup thick tomato juice may be added. Hot milk or cream (about 1 cup) may be added.

Creamed Vegetable Soups

Delicious cream soups may be made from leftover or freshly cooked vegetables, such as peas, cabbage, spinach, beet tops, onions, or cauliflower. Press the vegetables through a sieve, and to each cupful of vegetable pulp add 2 cups milk. Heat to the boiling point, season with salt and pepper to taste, and thicken with a little flour—about 1 tablespoon of flour and milk mixed to a smooth paste. Simmer for 2 minutes, stirring constantly. Add 1 tablespoon of butter just before serving. This makes two large servings or three small servings.

Corn, cooked or fresh, may be used in the same way without pressing through a sieve.

TAKE A TIP:

1. Meat broth is the perfect medium for the growth of bacteria, and once bacteria starts, spoilage can quickly result.

2. To keep your refrigerator stock pot safe, make sure that the broth is brought to the boiling point and put back in the refrigerator after cooling, about every two days, unless, of course, it is to be served.

THE QUESTION BOX

Mrs. L. B. asks: Why do scalloped potatoes curdle?

Answer: When the oven temperature is above 325 degrees the fat and flour do not cook slowly enough to make a paste and will separate from the milk if it boils.

Mrs. J. M. asks: How to mould cranberries without using much sugar.

Answer:

Cranberry Salad

3-4 cup sugar, 1 tablespoon gelatine, 2 cups cranberries, 1 1-4 cups water, 1 cup diced celery.

Cook cranberries in one cup of water until they are soft. Press through a sieve, add sugar, cook 5 minutes. Add gelatine softened in 1-4 cup water.

9 LIVES OF WORLD'S MOST DOUBLE-DEALING SPY

Is "death" just another disguise for Ignatus Timothy Trebitsch-Lincoln, master espionage agent who, masquerading as a British Member of Parliament, Missionary and Buddhist Monk, betrayed friend and foe alike? Read about him in The American Weekly, with this Sunday's (Nov. 21) issue of The Detroit Sunday Times.

LIFE ALONE

If I could in this heart of mine,
Gain one brief wish by work, I said,
I'd ask one thing of powers divine:
An hour's communion with the dead.

You came so early to your goal,
Leaving my heart bled by grief,
The breath of Life gone from my soul,
All hope destroyed by unbelief.

Our every parting was to die,
It seems so strange you should meet death,
And there in darkest earth to lie,
Your gentle frame now void of breath

My heart remembers your embrace
But at your footsteps leaps no more,
And finds but silence to replace
The laughter that it knew before.

As you were with me. (and the grave
Divide us not) be with me still,
Be with me till my heart be brave
And we again our love fulfill.

Whatever way my days decline,
I feel, although I'm left alone,
The presence of your life in mine,
Your being working in mine own.

—F. H. Johnson.

MODERN ETIQUETTE

1. If one drops a knife or fork on the floor, is it all right to pick it up, wipe it on the napkin and continue using it?

2. Is it good manners for a weekend guest to bring a gift to the hostess?

3. When signing her name to a business letter, must an unmarried woman use "Miss," as, Miss Hilda J. Smith"?

4. How does one know which name to mention first, when introducing two women?

5. Is it all right for a woman to ask a fellow passenger on a train to open her window?

6. Should cantaloupe be eaten with the fork or the spoon?

Answers.

1. No, never pick up any silver that has been dropped. If the hostess has not noted the accident, ask for another knife or fork. 2. Yes; it is the customary thing to do, and the gift need not be valuable but should show care in selection. 3. Yes, but the Miss should be enclosed by parenthesis (Miss) Hilda J. Smith. 4. Ailways present the younger woman to the older, but if they are both of about the same age, it doesn't matter. 5. No; she should ring for the porter. 6. With the fork.

DUNDAS AND WEST STORMONT CALF CLUB RESULTS

Members of the Newington and Chesterville Calf Clubs have completed another successful season. These Clubs were sponsored by the Stormont Agricultural Society and the Chesterville and District Agricultural Society, respectively, in cooperation with the Dominion and Provincial Departments of Agriculture. The projects were under the supervision of Mr. H. W. Graham, B.S.A., Agricultural Representative for the District.

A new feature was the inclusion of girl members this year. They, on the whole, made a very good showing for their first year's activities. The individual calves and showmanship projects were judged by Messrs. A. V. Langton, Hume Grisdale and Donald Robertson. During the season the mmebers and their calves were scored on the following basis—Individual calves, 400 points; Showmanship, 100 points; Questions, 100; Judging, 100; Calf management, 100; Reports, 100; Attendance at Meetings, 100 points. The possible score for the season being 1000 points.

The results are as follows:

Newington Calf Club

1st, Nelson Montgomery, Finch; 2nd, Gordon McIntyre, Finch; 3rd, George McIntyre, Finch; 4th, Laura Shaver, Finch; 5th, Keith Shaver, Fnich; 6th, Fraser Hanna, Finch; 7th, Colleen Henry, Berwick; 8th, Daryl Hanna, Finch; 9th, Hazel Shaver, Finch; 10th, Douglas Shaver, Finch; 11th, Harold Shaver, Finch; 12th, Hugh Beach, Finch; 13th, Harold Nephew, Finch.

Chesterville Calf Club

1st, Allison Fawcett, Winchester; 2nd, Keith Fawcett, Winchester.

Both Clubs were represented by 11 members and their calves at the Championship Junior Competitions for Eastern Ontario, which were held at Renfrew. All individual calves stood high in their classes, and the owners of the calves all were well up in the awards for showmanship. Mr. Nelson Montgomery, of the Newington Club, was declared the grand champion showman over all breeds at the show and won the Barnard Trophy for one year. This same young man also had the first prize Holstein calf out of 78 entries. Out of six entries exhibited by members of the two clubs in Holsteins, five were placed in A group and one in B. In groups of three calves the Newington Club also stood first out of 19 groups. The three owners and showmen of these calves were Nelson Montgomery, Douglas Shaver and Keith Shaver, The Newington Club was also very sucessful with four Ayrshire calves on exhibit. Two of them were placed in A group and two in B group. Out of six groups of three calves this Club stood second. These calves were owned and shown by Gordon MacIntyre, George MacIntyre and Fraser Hanna. In the interclub live stock competitions, which were held at Kemptville, two members of the Newington Club, namely Nelson Montgomery and Gordon MacIntyre, teamed up to stand eighth out of 16 teams competing, while two members of the Chesterville Club, namely Allison and Keith Fawcett, stood eleventh in the same competition.

SUGAR COUPONS MAY OBTAIN CORN SYRUP

Mothers worried over inability to procure sufficient corn syrup for baby feeding under the preserves rationing now in force are reminded by the Local Ration Board that they are entitled to exchange their babies sugar ration coupons for preserves coupons to buy corn syrup for that purpose. The exchange may be made at a Local Ration Board to which the infant's ration book should be presented. The exchange is made at the rate of one sugar coupon for two "D" preserves coupons for corn syrup.

LEST WE FORGET

They have not known the struggle of the years,
Nor found the light of life, and glory gone,
For them, no further heart-break, grief or tears,
For them, the war is over,—victory won.
They died unwearied, and unspoilt by doubt;
Age cannot wither their unsullied youth,
There are no wounds to eat the spirit out,
They live unbroken, in a World of Truth.

—Dorothy Sproule.

Education in Canada may be free, but rural school teachers should not be expected to give their services for practically nothing.

HINTS FOR THE HOME

Colds.

Snuff powdered borax up the nose and it will dry out a cold in the head.

Kerosene Oil

To remove kerosene oil stains from fabrics, scour with turpentine, then with warm water and soap.

Train Sickness.

Eating a lemon is said to prevent train sickness, and the chewing of gum is also a helpful remedy.

Mud on Velvet

The use of equal parts of spirits of wine, oxgali and water will remove mud stains from velvet.

Baby's Powder.

One of the best things to use for applying talcum powder to the baby's body is a soft camel's-hair brush.

Thin Dough.

If a piece of muslin is fastened tightly around the rolling pin, the dough can be rolled as thin as desired.

Clear Jelly.

Pour the jelly into the glasses as soon as it has cooked sufficiently. If it is allowed to congeal first, it will be cloudy.

Gravy

The housewife can save a great amount of time if she will keep a quantity of browned flour on hand for making gravy.

Lily Bulbs

Lily bulbs will not flourish in the house unless the water in which they grow is changed at least twice a week, and they are kept in a cool place.

Ironing Sleeves.

If the ironing board is too wide for ironing a sleeve, turn the sleeve wrong side out, insert a towel folded to the width of the sleeve, and iron on both sides.

String Beans.

Only about one-half the time ordinarily used will be needed for cooking string beans if they are cut lengthwise instead of being broken into two parts.

Perspiration.

Excessive perspiration under the arms can be lessened by dissolving half a teaspoonful of ordinary cooking soda in a small cupful of water, and applying to the parts.

Fat.

If fat is being rendered from meat or waste pieces of meat, slice raw potatoes and drop in the pan until browned. This will clarify the fat and leave it like clear lard.

Spots on Carpets.

If a carpet has discolored spots on it rub them with a sponge dipped in ammonia diluted with water. It will frequently restore the color and the same applies to clothing.

Frosted Glass

Glass can be given a frosted appearance by covering it with a mixture composed of six ounces magnesium sulphate, two ounces dextrin, and twenty ounces of water.

Flower Pots

Before covering the flower pots with colorful crepe paper, apply one or two thicknesses of oiled paper. This will prevent the crepe paper from becoming unsightly and discolored.

Brushes.

Hairbrushes will be as clean as when new if rubbed with half a cupful of salt and flour in equal proportions. Rub into the bristles thoroughly and shake out well before using.

Tooth Powder.

To make a good tooth powder use 4 ounces of precipitated chalk, 1 oz. of powdered myrrh, 2 ounces of pulverized borax, and 1 ounce of powdered orris, mixing it through a fine bolting cloth.

Hot Water Bottle.

To mend a leak in the hot water bottle apply several pieces of liquid court plaster, letting each piece dry before applying the next, and making each piece a little larger than the preceding one.

Brooms

Keep the brooms clean by dipping them for a minute or two in boiling soap suds. If this is done once a week it will keep them tough and flexible and will prove a saving in both rugs and brooms.

The Velvet Brush

Dip the velvet brush into moist sand, and the velvet will come forth as fresh as though it were new. It is a cleaning process, too, for the slight moisture removes dust, and the harsh action of the sandy friction gives new life to the "nap," which has been worn down.

Preserving Autumn Leaves

Autumn leaves can be preserved by buying a little powdered resin at the drug store, sprinkling this over the leaves and stems, and then pressing with an iron that has been heated to a moderate temperature. The result will be a nice glossy leaf in which all the brilliant coloring is preserved.

How To Clean Furniture

Finished oak or walnut furniture can be cleaned nicely by wiping with a cheesecloth wrung out of tepid suds of white naphtha soap. Clean but a small portion at a time, and rub dry with a flannel cloth before proceeding. Finish by applying a little good furniture polish on a clean piece of flannel, and rubbing until the surface no longer feels greasy.

Have your DURO Pump expertly serviced by the

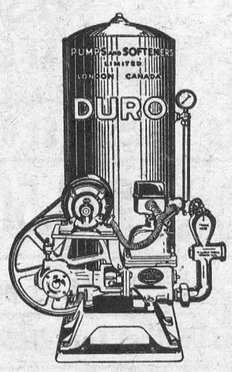
DURO WATER SYSTEMS DEALER

LIKE any other piece of machinery, your DURO PUMP needs attention from time to time to ensure continuous satisfactory performance.

Working parts may wear, requiring adjustment or replacement and regular lubrication is essential.

Until the war is over, it is more necessary than ever that present owners keep their pumps in good running order, because the production of new Duro Pumps is limited.

The Duro Dealer whose name appears below is fully experienced. He will be glad to inspect your pump, adjust it and instal new parts if needed.



Should you be requiring Fixtures or Fittings for Bathroom, Kitchen or Laundry, demand Emco Quality Fixtures and Fittings. Although its range of styles and sizes is limited, due to wartime restrictions, Emco can still supply requirements for the average home.

War Savings Stamps and Certificates should be bought regularly

LOCAL AND DISTRICT NEWS

Won Lucky Chair Prize.

At a recent social evening, held by the United Church Bible Class at Petrolia, Mrs. R. M. Dukelow won the lucky chair prize.

Entertained Y. P. S.

A pleasant evening was spent at the home of Mr. Donald Walker, Winchester Springs, last Monday, when St. Paul's Y. P. S. were entertained. A good time was reported by all who attended.

Recovering From Operation.

The many local friends of Mr. I. N. Erratt, of Ottawa, formerly of Winchester, will be pleased to learn that he is making satisfactory progress, following a serious operation which he underwent at an Ottawa Hospital last week.

Newlyweds Honoured.

Mr. and Mrs. Cecil Carkner, of Ormnod, who were recently married, were guests of honour at a surprise reception, held at the home of Mr. and Mrs. H. G. Francis, Ottawa, on Saturday evening. Among those present were the brothers and sisters and close friends of the bride and groom. During the evening, the young couple were presented with a floor lamp and two easy chairs. The presentation was made by Mr. John Reoch, and Mr. J. W. Johnston and son, Allan, while an accompanying address was read by Mrs. John Reoch

Improving Store Property.

During the past few days Mr. Walter C. MacDonald has been making extensive alterations and improvements to the store building he recently purchased from Mr. J. E. Utman. The front of the building has been made quite attractive with two large plate-glass show windows, separated by a depressed plate-glass door, which will form the main entrance to the store. The interior of the building has also been altered to give more floor space, and when completed, the building will be one of the most up-to-date in town. Mr. MacDonald hopes to move his stock of hardware, etc., into his new premises within a few days.

MELVINS

Mr. and Mrs. J. A. Erratt had dinner at the home of the latter's sister, Mrs. J. M. Jackson, of Kemptville, and called at the home of Mrs. Hattie Shiach, of South Gower on the way home, on Friday.

Mr. and Mrs. A. Christie had tea at the home of Mr. and Mrs. Alex Crawford, of Kemptville, on Sunday.

Mr. and Mrs. Orval Christie spent the week-end with friends in Cornwall.

The local Red Cross met at the home of Mrs. M. R. Black and Mrs. John Barrett on Wednesday afternoon.

Died At Ormond.

Ormond district lost a highly respected citizen on Sunday last, in the passing of Mr. William McLean, in his 78th year. The funeral was held on Tuesday with interment at Springhill Cemetery. A full obituary will be published later.

Registers Name of Cattle.

Mr. Allan K. McDonald, Ormond, Ont., has registered the name: "Lanella," with the National Live Stock Records for his exclusive use in naming the purebred Holstein cattle bred on his farm. All his stock will, in future, carry this name as a prefix.

Graduates As Pilot.

Sgt. Pilot David Melvin, son of Mr. and Mrs. Hart Melvin, of this place, graduated with the above title at an R. C. A. F. ceremony, held at Camp Borden on Friday. His parents and other relatives were present at his graduation. Having received his wings, David will now proceed to take an advanced flying course. At present he is enjoying a few days' leave here.

Report Hunting Good.

Since the hunting season opened last week, several of Winchester's nimrods have journeyed into the wilds of Ontario and Quebec in search of the elusive deer. Over the week-end some of the boys returned home, all with their quota of venison, which would indicate that the hunting was good. Among the local hunters were Messrs. Paul Sanders, Ernie Brown, Harold Lannin, Ken. Aulf, Harold Keyes and Dr. D. L. MacLean.

Will Address Morrisburg Club.

When the Morrisburg Fish and Game Club holds its annual banquet within the next few days, the guest speaker will be Dr. S. Merkley, local naturalist and game authority. The invitation to Dr. Merkley to address the gathering was extended by Mr. Eardley S. Coons, president of the Club. An item on the banquet menu is expected to be venison, more especially since Doc. Seeley, the club secretary, arrived in Morrisburg over the week-end with a 200-lb. buck, which he shot while on a hunting expedition.

Rink To Be Steam Heated.

The Directors of the local Arena have solved the problem of a fuel supply for heating purposes at the rink, and are having steam radiators installed for that purpose. The steam will be supplied free of charge from the Ault Creamery. Work of installing the necessary steam fittings at the rink will be started in a few days and will be ready for use by the time the rink opens. The steam will be carried from the new boiler room at the Ault Creamery to the arena by an underground pipe line, the trench for which is being dug this week.

ALLOW HIGHER PRICE FOR DRAWN POULTRY

Under an amending order of the Wartime Prices and Trade Board now in effect, drawn poultry may be sold at a price of ten cents per pound above the maximum price for the same kind of dressed poultry now drawn. In order to sell drawn poultry at this higher figure, head, feet and all internal organs must be entirely removed. The cleaned gizzard, heart and liver may be included in the weight of the drawn bird. If a retailer draws a bird at the request of the consumer after it has been weighed and sold undrawn, he may make a charge not exceeding ten cents for drawing the bird.

Conductor: "What's that your holding on your lap?"

Passenger: "It's an unexploded bomb I'm taking to the police station."

Conductor: "Goodness, man! Put it under the seat."

LANDLORD MUST GIVE ONLY 6-MONTH NOTICE

Only six months' notice to the tenant is required if a landlord wishes to occupy his own home, the Wartime Prices and Trade Board pointed out recently. Misinterpretation of an address given by R. E. B. Brocklesby, board solicitor, recently, resulted in a published statement that twelve months' notice is required.

The "12 months" applies to the time that the owner must occupy his house after the tenant has vacated. For instance, he is not allowed under the regulations to ask a tenant to vacate if he only wishes to occupy the house for three months, even if he gives the tenant the required six months' notice.

SAVE 1600 LBS. OF MILK ON EVERY CALF...

AND HAVE HUSKIER, FASTER-GROWING ANIMALS

An average calf when fed on grain, hay and milk requires almost a ton of milk from birth to six months! Give your calves "Miracle" Calf Meal and you will have 80% more milk to sell!

These days when you can profitably sell all the milk you can produce, this saved milk represents much extra profit... a profit far above the small cost of the feed.

Remember, too, that calves fed on "Miracle" Calf Meal are huskier, grow faster and are free of rickets. So stop wasting milk and make bigger profits by getting a supply of "Miracle" Calf Meal NOW.

If it's 'Ogilvie'—it's good!

MacDONALD'S HARDWARE and SERVICE

It's Hard To See!

Yes, we know it's hard to see inside our NEW STORE at present—but just watch, in a few days we are going to remove that board fence—and then everybody will be welcome. Be sure to come in as we have a good stock of useful articles—articles that you have been looking for.
