Shaver—Bender.

A very quiet and happy event took place at All Saints' Rectory, Newington, on Thursday afternoon Sept. 25th, when Miss Gertrude Onita Bender, youngest daughter of Mr. and Mrs. Philip Bender of Newington, was united in holy matrimony with Mr. Heman Shaver, son of Mr. and Mrs. Jas. Shaver of Newington. The bride, who was unattended, was dressed in white mull and carried a bouquet of white and pink carnations. The ceremony was performed by Rev. C. R. Palmer, the bride being given away by her father. The happy couple drove to the home of the bride's parents where a sumptuous repast was served. Mr. and Mrs. Shaver will reside at Newington, where both have a large circle of friends who join in wishing them a long and happy wedded life.

A Double Wedding

The home of Mr. and Mrs. Zenas Whitteker, Williamsburg, was a scene of a very pretty double wedding which took place on Tuesday, Sept 30th, at 6 o'clock p.m., when their only two daughters, Martha and Florence, in the presence of about 50 invited guests were united in marriage, the former to Mr. Chas. Bouck of Elma, and the latter to Mr. Grant Casselman of Williamsburg, Rev. L. M. McCreey of Morrisburg officiating.

The house was nicely decorated with white asters and an evergreen arch, under which the party stood for the ceremony.

The ring ceremony was used. The wedding march was rendered by Mr. Genzmer Barkley.

The wedding party entered the parlor in the following order: The grooms, attended by Mr. Stanley Whitteker, brother of the brides, and Mr. Robert Whitteker; the brides were attended by Miss Ida Bouck and Miss Mabel Whitteker.

The brides were gowned in white silk mull trimmed lace, wearing wreathes of white roses The bridesmaid wore white silk poplin with wreathes of white roses.

Died at Colquhoun.

The death of Mrs. John Kennedy occurred at her home on Thursday, Oct. 1st, 1913, at the age of 48 years and 7 days.

The deceased had been ailing for about a year. Mrs. Kennedy was a quiet woman of honesty and plainess of speech and manners that were of imperishable value to her. During her last few years her health did not permit her going about much. She was slow to get acquainted, but when known she was a true friend and an obliging neighbor, her large heart was opened to show kindness and help at all times.

The funeral took place from her late residence to the Methodist church, Grantley, the service being conducted by Rev. Dr. Meyer of Finch, taking for his text the 1st Cor. 15th chap. and 26th verse, "The last enemy that shall be destroyed is death." The floral tributes were numerous, which showed the high esteem in which she was held as a friend and neighbor.

She leaves to mourn her loss a husband, one son and one daughter, Nellie and Willie, besides two sisters, Mrs. David Beckstead and Mrs Harvey Fader of Grantley.

The pall-bearers were: Messrs. James McMillan, Osborne McMillan A. W. Beckstead, Edwin Beach, John Colquhoun and Samuel Kyle.

The bereaved family have the sympathy of the community.

League Listen to Address on Sports

The moving picture machine as one of the causes of the dime novel reading of young boys, was discussed by Rev. W. H. Stevens, Chesterville, at yesterday morning's session of the Epworth League Convention being held at Cornwall.

Mr. Stevens, who presented a paper on the league and recreation, said the fact that a board of censors existed in almost every province of the Dominion was sufficient to remind people that the moving picture business was none too good.

Mr. Stevens contended that lacrosse, baseball, football and hockey were honorable games if not indulged in to excess. They trained the eyes and hand and tended to give bodily exercise that was profitable to the participants. The Canadian had the best list of outdoor sports of any country in the world. The national games were not free from evils, but if at times they had run low, it was theirs to intervene. Miss Bessie Durant of Winchester, read a cleverly prepared paper on "What shall our young people read."

Miss Durant expressed the belief that literature was the greatest of the five arts. Great care however, should be shown in the selection of reading matter.

James Wilson of Warren, Ont., was accidentally shot and instantly killed by his hunting companion, Joseph Vincent.

Matthew Vincecz, an Austrian workman at the Massey-Harris Co's Brantford plant, was literally torn to pieces.

Well, It Came Honest

An editor who started about twenty years ago with only fiftyfive cents is now worth $100,000. His accumulation of wealth is owing to his frugality, good habits, strict attention to business, and the fact that an uncle died and left him $99,999.

Judgment Set Aside

The judgment for $1,500 damages given in Brantford to Gladys Meredith for false arrest and assault against Chief Slemin, Dr. Ashton and Constables Boylan and Chapman, all of that city, was set aside by the Second Appellate Division yesterday, but without prejudice to the girl's right to sue defendants separately. The court would not express an opinion as to whether any of the defendants were liable.

Death of Mr. Redmond.

Bald Headed Eagle Killed at Brockville

Michael Carney, a farmer, residing near Westport, killed a bald-headed eagle on Monday. The bird was sitting on a fence watching a flock of hens and chickens. When Mr. Carney saw it he picked up a broom handle, and throwing it, struck the eagle with such force that it was stunned. It was then quickly killed. The measurement was seven feet six inches, from the tips of the wings.

TO BENEFIT OTHER SUFFERERS

You May Publish My Letter About "Fruit-a-tives"

Mr. Jones is proud to acknowledge the great debt of gratitude he owes "Fruit-a-tives". He is glad to have his letter published in order that other sufferers may be induced to try these wonderful tablets made of fruit juices.

SARNIA, ONT., FEB. 5th. 1911

"I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the Stomach. I tried many remedies and many doctors, but derived no benefit whatever. Finally, I read an advertisement for "Fruit-a-tives" I decided to give "Fruit-a-tives" a trial and they did exactly what was claimed for them. I have now taken them for some time and find they are the only remedy that does me good. I have recommended "Fruit-a-tives" to a great many of my friends, and I cannot praise these fruit tablets too highly"

Fergus and Elora are Wanting Hydro

Harriston, Oct. 3—Fergus and Elora Councils have agreed to submit bylaws simultaneously to the ratepayers of the respective villages on November 3 next, in the case of the former for $16,000 and of the latter $10,000, for the purpose of providing a plant for the transmission from Guelph and the distribution of Hydro-electric power for both villages. In the event of these bylaws being carried there is every probability that the line will be extended farther north, and when the right of way is purchased for the tower line the hope is that it will be wide enough for a radial line, which certainly would give the towns and villages in this progressive and splendid agricultural section a very much required service and radial connection with the south.

CROOKSTAIRS, ONT.

I was pestered last week with a travelling agent who said he had heard that I was troubled with Rheumatism. I told him I had been and he wanted to sell me some other medicine. I answered that I was taking GIN PILLS, the only medicine that did me any good.

I told him that I had tried various other medicines but none had done me any good but GIN PILLS and that I always kept a box in the house. GIN PILLS have done me more good than any other medicine I have ever taken.

Manitoba Couple Order Search for Swindlers

St. Louis, Mo., Oct. 2—William J. Young and wife of Brandon, Man., today appealed to the police here to search for two men who had swindled them out of $5,000, which Young and his wife had bet on a "sure thing" horse race.

Mr. and Mrs. Young travelled 2,000 miles to St. Louis to invest the money which yesterday they turned over to the confidence men in a local hotel. After a fake fight, the men left the hotel with the money, promising Young and his wife they would return.

According to Young, he and his wife arrived at West Baden, Ind., ten days ago and there met an affable man, who introduced himself as C. H. Kleinfelder. While Young and Kleinfelder were walking about the town, they met a man who claimed to be Mr. Rector of New York. Mr. Rector confided to Young and Kleinfelder that he was a race track bookmaker, and that because of his inside information, he could make "big killings." Later Kleinfelder professed to be skeptical, but Rector persuaded him and Young each to put up one dollar and he would show what he could do. Later that same day, Rector gave his two friends three dollars each, there winnings in a two to one bet. Mr. and Mrs. Young rushed back to Brandon, got $5,000, and went to St. Louis where their money vanished.

Adding to Buildings at Agricultural College.

Guelph, Oct. 2—Another new building will be erected to add to the three now in course of construction and the already large group of buildings at the Ontario Agricultural College. This will be a milk house, and it will be erected adjoining the fine new dairy barn recently completed. This milk-house will be built of cement and stone, 27 x 34 in size, and will contain every possible convenience for the proper care of the milk. In connection with it will be a septic tank to take care of all the refuse from the building. While nothing definite has yet been announced, it is understood on good authority that plans have been prepared for the erection of a fine new dormitory building at the college, one large enough to house the entire student body for many years to come. The building will in all probability be added next year.

There are at present 413 students enrolled at the Ontario Agricultural College the largest number ever enrolled at one time. Of this number the freshmen, or first year class, make up more than one half, there being a class now in residence there of 214 freshmen, with several more to come. This, it is said, establishes the leading agricultural college of the world. The largest freshmen class heretofore has been only 156. In the second year, or sophomore class, there are 101 students. In the third year the class numbers 60, which is the largest third year class in the history of the college. The fourth year, or senior class of 50, is also the largest graduating class in the history of the college.

Canadian Northern is Open to Ottawa.

Ottawa, Oct. 3—The last rail of the new Canadian Northern line connecting Toronto and Ottawa was laid yesterday, and this afternoon the event was officially marked by the arrival of the first through train, with Sir William Mackenzie, head of the C. N. R. system, on board. Sir William arrived at 1.15 this afternoon at the temporary C. N. R. station on Henderson avenue, in the southeast corner of the city.

He was accompanied on his private car by several of the officials of the road, and the whole trip was made without accident of any kind. He expressed himself as well satisfied with his inspection of the new road, although, of course, there is much still to be done before it will be in condition for a regular train service.

The new route brings Toronto and Ottawa sixteen miles nearer together. Yesterday the C. P. R. was the shortest railway line between here and Toronto. It is 256 miles long. To-day the C. N. R. 240 miles long, can claim the honor.

Sir William says that the beginning of 1914 will probably see the inception of a regular passenger service over that line between here and Toronto.

At the beginning of the regular service there will probably be two expresses—one in the morning and one at night—and also a midday train.

Part of the line has been in operation for some time. Passenger trans have been running between Toronto and Napanee for more than a year. A freight service will be started along the whole line within two weeks.

No official information regarding the building of a new station in Ottawa, has been given out. The C. N. R. may get running rights into the Central Station, but nothing official is known about that.

The principal advantage of the new line, according to officials, is the scenery through which it passes. The route lies through the Rideau Lake district, and along the shores of the Bay of Quinte and Lake Ontario.

Death of Mr. Norman Warner.

The sudden death on Monday, Sept. 8th, of Mr. Norman Warner, of North Valley, came as a shock to his many friends and cast a gloom over the whole neighborhood. He had seemed to be in his usual health and had recently returned from a visit, which he had paid with Mrs. Warner, to their son, Morgan, of Russell. On the Saturday previous to his death he had been calling on friends and went to the home of Mr. and Mrs. Eli Shaver. In the afternoon, being attacked by an acute pain, Dr. Jamieson was sent for and was able to give relief. Some pain continued through the evening, but Mr. Warner was able to speak to friends who ealled and had conversation with his wife, who came to stay with him, and also talked with the other members of the family. On Sunday he seemed decidedly better and on Monday morning spent some time outside around the barn. In the afternoon, however, he spoke of having some return of the pain and walked upstairs to rest on the bed. He seemed to be sleeping so comfortably that a little later when his daughter, Mrs. Simeon Baker, who had come to assist, looked into the room, she did not disturb him to say "good-bye" when she left for her home. But when at about 5.30 p.m. his kind hostess, Mrs. Shaver, went in she saw at once that death had taken her guest, even as he slept. He had evidentally passed peacefully away. Doctors Jamieson and Reynolds, both of whom had seen him, were able to certify the cause of his death as acute indigestion and heart trouble.

The funeral service was held on Thursday at the old home, at North Valley, whither the body had been taken. The sermon was preached by Rev. Arthur Hale, who took for his text "Blessed are the dead who die in the Lord from henceforth; yea saith the Spirit, that they may rest from their labors and their works do follow them."—Rev. 14-13. In the course of his remarks he said it was easy to pass from such a life as that of Mr. Warner, who had lived and labored amongst the same people as his sterling Christian character was known far and wide. He had been a pillar in the Baptist Church. For many years a Deacon and Superintendent of the Sunday School. Notable for his punctuality and loyality; carrying with him in spite of grey hairs the enthusiasm of a boy. His motto might well have been "We can do it and we will," for his was ever the first voice to be raised in favor of any good work.

The great company of friends assembled at the funeral told of the respect in which the departed was held. There were present besides the widow, all the sons and daughters—Rev. Jas. Warner, Pastor of the First Baptist Church, Woodstock; Morgan, of Russell; and Gladstone and Cecil, living at the old home; Mrs Simeon Baker and and Mrs. Cyril McLean, of North Valley, and Mrs. Charles Burton of Oakfield, N. Y. There were also present Mr. George Morgan, of Oakfield, Mr. John Mackenzie Morgan and Mr. Isaiah Morgan, of Ottawa, brothers-in-law; Mr. C. P. McArthur, of Kenmore, Mr. and Mrs. Hilliard and Mrs. Kerr, of Morrisburg, and Mrs. Henry Booth of Russell.

Beautiful floral tokens were placed upon the casket by the family, and a handsome pillar of flowers by the firm of McArthur, Ltd., of Kenmore and Russell. The interment was at the Pleasant Valley Cemetery.

ST. ELMO.

Mrs. Donald Ferguson, beloved wife of Donald Ferguson, passed away on Saturday, Sept. 20, after a somewhat protracted illness. Mrs. Ferguson was in her 87th year. She was married in August, 1851, and her married life of over 62 years has been a very happy one. At the golden wedding celebrated twelve years ago, a great number of the old pioneers were present, many of whom have since passed away. Two years ago Mr. and Mrs. Ferguson celebrated their diamond wedding in a quiet way, only a few friends and relatives being present. Mrs. Ferguson made her home in St. Elmo 62 years ago and was a true helper to her husband throughout the early days of toil and hardships. Of their seven children two predeceased their mother and five still live, namely, James Ferguson, Maxville; Mrs. Thomas Campbell, Vankleek Hill; Mrs. John McKercher, Athol; Mrs. J. McIntosh, Domionville; and Gordon Ferguson of St. Elmo. She is also survived by one brother, Robert C. McGregor of Sandringham, and one sister, Mrs. A. Kennedy of Vernon, Ont.

The deceased was a most consistent member of the Presbyterian Church, St. Elmo, and was very highly esteemed both as a friend and as a neighbor. Throughout her life she filled her place well and has now gone to her reward.

The funeral services, which were held at her late residence, on Monday last, were very largely attended. The numbers who drove from miles around to be present at the last sad rites testified in a fitting manner to the esteem and affection in which she was so generally held. The service was conducted by her late pastor, Rev. A. Lee, B. A., assisted by the Rev. W. A. Morrison, B. A. The sermon was based on "The Parable of Virgin," Mat. 25 Chap. and was a fine exhortation to all to be prepared for the coming Jesus Christ. Interment took place at the St. Elmo cemetery.

The pall bearers were: Messrs. Dan McIntosh, J. H. McIntosh, F. McKercher, David McRae and Bert McKercher.

TALE OF A TIGHTWAD.

Every Man Should Take to Heart the Moral It Points.

We once knew a man who was too stingy to take the newspaper in his home town and always went over to borrow his neighbor's paper.

One evening he sent his son over to borrow the paper, and while the son was on the way he ran into a large stand of bees, and in a few minutes his face looked like a summer squash.

Hearing the agonized cries of the son, the father ran to his assistance and in doing so ran into a barbed wire fence, cutting a handful of flesh from his anatomy and ruining a $4 pair of trousers.

The old cow took advantage of the hole in the fence, got into the cornfield and killed herself eating green corn. Hearing the racket, the stingy man's wife ran out of the house, upsetting a four gallon churn full of cream into a basket of kittens, drowning the whole flock. She slipped on the cream and fell downstairs, breaking her leg and a $19 set of false teeth. The baby, left alone, crawled through the spilled cream into the parlor and ruined a $40 parlor carpet. During the excitement the daughter eloped with the hired man, taking the family savings bank with them.

The moral is that every man should be a subscriber to his home newspaper. —Brooklyn Eagle.

THE GOLDEN HORSESHOE.

That Was the First Order Founded In This Country.

How many persons have ever heard of the Order of the Golden Horseshoe, the first order founded in America?

In 1724, when Virginia extended from the Atlantic into the unknown west, few of her colonists had crossed the Blue Ridge or the Alleghanies. So full of dangers from savages and wild beasts and so full of natural difficulties was the passage of these terrible heights that Governor Spotswood, setting out to discover a pass, looked on the expedition as so hazardous that he took with him a guard of "soldiers, gentlemen and pioneers," armed and carrying provisions. These scaled the pass with great hardships and perils and returned after the governor had cut the name of King George in the rocks on the highest peak.

He then constituted the society, or order, of the Golden Horseshoe. Each man who had scaled this high pass was made a member of it, and to each one he presented a golden horseshoe. On the side was inscribed in Latin, "So It Pleases Him to Cross Mountains."

Any man thereafter who could prove that he had read with his own eyes the name of the king on the height was entitled to become a member of this order.—Chicago Record Herald.

Economical Hand Bag.

"I want you to see my lovely new shopping bag," said a certain lady to a caller the other afternoon. "My husband gave it to me for my birthday, and it's simply grand. And it's so economical! You see, you open this and there are two compartments, and you open the compartment on this side and there is a little pocket in that, and you open the little pocket and there is a cute little pocketbook for change, with one side partitioned off for street car tickets."

"I see," said the caller. "But why do you call economical?"

"Why, it takes so long to open all the things and get to your street car tickets that by the time you do whoever's with you has paid your fare."—Cleveland Plain Dealer.

Young Girl Robber

Mona Murray, 17, of Kingston, almost succeeded in getting away with articles valued at $150 from the home of Mrs. Alice Hodge, 13 Patterson street, Ogdensburg, last Thursday afternoon, a few hours after she had begun her duties as kitchen helper. When she was caught by Policeman Mooney and the immigration officers at the G. T. station, Prescott, Thursday night, she had in her possession the following articles taken from the Hodge home: Two diamond rings, a handbag containing among other articles a purse enclosing $2.50, a winter coat, a short fall coat, kimonas, shawls, a lady's hat, night gowns, two safety razors and several other household articles. The girl was wearing the hat and one of the stolen coats and they were ruined by the rain. She had purchased a ticket with the stolen money.

Thursday morning the girl applied for employment at the Hodge residence and was told she could begin her duties at two o'clock that afternoon. She came back at the appointed hour. At about 3.30 o'clock Mrs. Hodge in looking for the girl saw that a locker had been pulled from its place beneath the staircase and that the drawer had been ransacked. She called to her son, Arnold, who was downstairs, and when he came down he could plainly see the house had been plundered. He immediately called up the local immigration officers and after giving a description of the girl he was told that she had crossed to Prescott on an afternoon boat. The officer then telephoned Miss Lena Hodge, advising her to take the 5.30 boat to Prescott in the hope that the girl might be apprehended. Accordingly Miss Hodge and her brother, Augustus' crossed the river and went to the G. T. station where the girl had been arrested. She was taken to Ogdensburg with her plunder which completely filled a suitcase procured by Mr. Hodge at the Fort Town. Arriving at the Hodge residence a further investigation was made to see that everything had been restored and at 10.30 the same night the Murray girl was taken back to Prescott and placed upon the train for Gananoque. The Prescott authorities felt that the case should be prosecuted, but as Miss Hodge did not care to do so the matter was dropped.

Sad Fatality on Indian Reserve.

Pembroke, Oct. 8—A sad shooting fatality occured at the Indian Reserve, Golden Lake, about 20 miles from here, when a boy by the name of Levalee shot and instantly killed the young daughter of Angus Vasseau.

The young boy, who is about 12 years of age, was out hunting and on coming home saw the two Vassaeu girls sitting in the house beside the window.

In fun he said to the younger one of the two, who was about 14 years of age, "watch out, I am going to shoot you," and putting his gun through the window, pulled the trigger, (thinking the gun was not loaded, and doing it for fun,) shot the girl in the back, instantly killing her.

Kingston, Ont. Oct. 6—Harry Blackman, member of "A" Battery, was held up at the point of a revolver in a city park Sunday night by a stranger who demanded his money. He was sitting on a bench with a lady friend when a man boldly walked to him and said, "Your money or your life." Blackman told the man he had no money and the hold-up man posed his gun at the lady demanding money. She, too, told him she had no money. He then made his way to another bench and put another couple through the same cross-examination, but secured no booty, and took to his heels when a lady screamed.

He pleaded guilty. Only 35 years of age, he has spent most of the past ten years in various prisons.

Increasing the Profits of Dairying

By following a system of intelligent breeding, selection, care and feeding, many farmers in Canada have increased the annual production of their milking herds by at least 2,000 lbs. of milk per cow. If this were accomplished in all dairy herds in Canada the yearly revenue from them would be increased by about $30,000,000 without adding to the size of the herds. Even with greatly improved feeding this desirable result could not be obtained unless a well organized system of cow testing is followed. Such an improvement is based on a study of the individual cow in the herd, the retention of only the good animals and the following of a system of generous feeding of economically produced foods.

While it is practicable for individual farmers to test their own cows it is infinitely easier and cheaper for them if some form of co-operation is adopted. This is clearly brought out in bulletin No. 33 of the Dairy and Cold Storage Commissioner's Branch entitled, "Cow Testing with Some Notes on the Sampling and Testing of Milk." This work, which is published for free distribution by the Publication Branch of the Department of Agriculture, Ottawa, explains clearly how cow testing associations are formed and worked as well as the benefits these are to those who take advantage of them.

The Progress of Dairying in Canada

Conditions affecting the marketing end of the dairy industry in Canada have undergone rapid changes during recent years. In the past it has been the custom to estimate the growth of the industry on the export trade. This, however, has become an entirely unreliable guide because Canada no longer has butter to spare but on the other hand finds it necessary to import from other countries. Cheese xports too have greatly decreased. These facts have brought to the attention of the Select Standing Committee on Agriculture on Colonization during the past session of Parliament by Mr. J. A. Ruddick, Dairy and Cold Storage Commissioner who showed very clearly that the industry is not losing ground but is making steady progress. It was brought out that the Canadian people are consuming relatively more milk and milk products than heretofore and that an increasing quantity of milk is being manufactured into condensed milk, casein and other products.

During the course of Mr. Ruddick's evidence he gave out a great deal of interesting information concerning the tendency of the industry. This has now been printed in a pamphlet of fourteen pages for free distribution to all who apply for it to the Publications Branch of the Department of Agriculture at Ottawa.

WEALTH OF HAIR

Parisian Sage is the Preparation that Grows Hair, Stops Dandruff and Makes Hair Gloriously Radiant

Money back says W. G. Bolster if Parisian Sage does not eradicate all dandruff, stop splitting hair, falling hair and scalp itch, and put life and lustre into the dull faded hair of any man, woman or child.

Parisian Sage is pleasant and refreshing. No cheap perfumery odor no disagreeable concoction, but a daintily perfumed tonic—one that is not sticky or greasy—that proves its goodness the first time you use it.

Baldness and faded hair are both caused by dandruff germs. Parisian Sage kills the germs and causes the hair to grow abundantly.

A Disastrous Fire Occurs in Pembroke.

Pembroke, Ont., Oct. 4—One of worst fires in the history of Pembroke, entailing a loss of some $60,000, took place early this morning when the valuable Hunter property on Main street, extending from the corner of McKay and Pembroke streets to the Griffith building beside the post office, was burned to the ground.

Conditions were such that the fire had a long start before it was discovered, and prompt action was required to remove a young woman who was ill in one of the buildings, from the on-rushing flames.

The losses: W. A. Hunter & Sons, dry goods and groceries, $25,000 on stock, with $10,000 insurance; $10,000 on building with $4,000 insurance; S. N. Prescott Light Depot to be much Improved.

Prescott, Oct. 2—An important announcement was made at a banquet given in Prescott this evening to Hon. J. D. Hazen, Minister of Marine and Fisheries, and Hon. J. D. Reid, Minister of Customs. Mr. Hazen said that the sphere of usefulness of the lighthouse depot here was to be greatly increased. Additional property has been secured for the enlargement of the depot and a considerable amount of the material for lights, buoys, etc., now imported would be manufactured here. This would include all classes of lighthouse apparatus, with the exception of lenses.

The requirement of the department in regard to structural steel towers would also in future be meet at the depot as soon as the necessary machinery was installed. In the near future the manufacture of fog alarm machinery would be undertaken by the department.

Mr. Hazen added that a resident engineer, Mr. Thompson, had been appointed here.

He concluded as follows:—"The conditions of employment at the depot have also received my best consideration, and I have recognized the rights of all employees to generous treatment in the matter of wages, hours of labor, etc. I have accordingly had great pleasure in directing a substantial increase of the wages of employees over and above that paid previous to my taking charge of the department, and providing for annual increases from top and bottom, where and when deserved."

South Bruce By-Election Set for Oct 30

Ottawa, Oct. 2.—The South Bruce by-election has at last been fixed for Oct. 30, with the nomination on Oct. 23. Writs were issued today by the Clerk of the Crown in Chancery. As yet there is no announcement as to the date of the South Lanark election, but it will probably wind up the series a week later.

The dates of the polling for the pending bye-elections, so reluctantly fixed by the Government, now stands as follows:

Chateauguay, October 11.
East Middlesex, October 21.
South Bruce, October 30.

The unusual course pursued by the Government in bringing on the bye-elections at intervals of a week or so apart, instead of on the same date, is not officially explained. It is, however, apparently due to the political exigencies of Hon. Robert Rogers' system of machine politics. The holding of the elections seriatim enables the Government and Mr. Rogers to concentrate all the election machinery consecutively in each constituency.

Hon. Geo. E. Foster, Hon. W. T. White and other Cabinet Ministers, will stump East Middlesex and South Bruce. Hon. Mr. Kemp is already on the ground.

Three-Day Service Across the Atlantic

Ottawa, Oct. 3—Representatives of the company of British and Canadian capitalists founded three years ago with the object of establishing a three-day transatlantic service from Cape St. Charles, on the Gaspe coast of Canada, to Galway, in Ireland, are in the capital to interview the Government with regard to the project It is understood that they are asking for a Federal bond guarantee of ten million dollars. Messrs. Mackenzie & Mann are said to have become interested in the enterprise, but no official confirmation of this is available.

The proposal is to place two 25-knot steamers on the route, and as the total distance from Cape St. Charles to Galway is only 1,600 miles steamers of this speed could cover the whole voyage in sixty-four hours, or only two full nights at sea. The connecting links would be the Gaspe Peninsula Railway, now under construction, an air-line railway across Ireland, and a carferry service across the Irish Sea to England. Five days at most from Montreal to London is the alluring proposal. The Government was approached on the matter last year, but no action was taken pending the working out of more detailed plans.

Tory Split in South Lanark Isn't Healing.

Perth, Oct. 4—South Lanark was the first of the present four open constituencies to become open and it will be the last of the four to return a member to Ottawa.

It looks now as if Conservative party leaders are hoping that if they let South Lanark wait long enough for a by-election the serious split in the Tory party here may heal.

If they are waiting for that the waiting will evidently be in vain. Col. Balderson as an Independent Conservative, is certainly in the field to stay. Dr. Hanna the nominee of the Conservative convention will, of course, stand. The only two Tory papers in the riding cannot agree. The Perth Expositor seeks to justify the methods used in the Conservative convention, comes out strongly for Dr. Hanna and makes little of Col. Balderson. The Smith's Falls News on the other hand attacks the convention as one "manipulated by a few political tricksters and made the laughing stock of all fair thinking people." It further accuses the "Expositor" of being "hand in hand with the machine gang." It goes on to say "It is a good sign of the times when the machine is being put out of business."

Dr. Hanna claims he is the only candidate recognized by the party leaders at Ottawa and that he will have the backing of cabinet ministers in the meetings he plans to hold in the riding.

Liberals look on and smile certainly enjoying the scrap more than the two sides taking part.

Takes Weak Turn, Falls From Boat and is Drowned

Almonte, Oct. 6—The upper river was, on Saturday, the scene of a very sad drowning accident. James Brunton, taking advantage of the fine afternoon, had gone out fishing about half past one.

When not far from his home, it is believed that he took a weak turn and fell out of his boat. The body was recovered soon afterwards and life found to be extinct. Mr. Brunton occupied a small farm on the bank of the river about a mile from Almonte, and was well known and respected by the citizens.

The funeral takes place this afternoon at two o'clock and interment will be in the Eigth Line cemetery.

A Correction

Editor Chesterville Record.

Would you allow me to correct a rumor that has got into circulation re my suit against James Fetterly for stone purchased by him. This case was to have been tried in June last, but was postponed by Fetterly paying the costs of adjournment. It was then set for Sept. 24th, but was further adjourned by Fetterly's lawyer asking our consent. Now, Mr. Editor, the proposition I wish to make is this, if our Deputy-Reeve can prove the statement he made at the Methodist Church Sunday the 21st inst, viz: that I was the cause of this adjournment, I will forfeit $50 to the Cornwall General Hospital, and if he cannot prove the statement I understand he made, he to forfeit a similar amount to the Bova ditch contract, in which so many of our citizens are so deeply interested. Thanking you for this space.

I am yours respectfully,
ALLAN SMIRLE.

Two Women Killed

Edmonton, Alta., Oct. 5—Two people were killed and one badly injured when a Canadian Northern train struck an automobile at a crossing in Namayo avenue.

The dead are Mrs. Lines, wife of W. E. Lines, manager of the Edmonton Malting & Brewing Company, and Miss Dorothy Clifford. E. R. Cochrane, manager of the Dominion Bank had his leg broken.

The chauffeur, L. J. Jellet, who was not injured, did not see the train until he was right at the crossing.

Jellett was arraigned before Inspector Heffernan, R.N.W.M.P., and charged with driving furiously and to the danger of the public on the streets. He was admitted to bail in the sum of $10,000 pending the coroner's inquest.

Stables and Sheds are Burnt at Perth

Perth, Oct. 6—Fire destroyed at four o'clock this morning the stables and sheds of the Imperial hotel here, a double tenement occupied by Thomas Taulty and Alex Menzies, James Moodie's large stable, and the shed and stable of Wm Reklin, though the house was only scorched.

The fire covered a large area. Splendid water pressure assisted the firemen and enabled them to save many buildings. The cause was unknown, and only part of the buildings are covered by insurance.

Mrs. Sarah Mundy, aged 55, fell downstairs early in morning at her home in Windsor, breaking her neck and dying instantly.

Andrew Phillips was nominated by the Huntington County Liberal Association to contest the vacancy in the Quebec Legislature caused by the death of W. H. Walker.

Very Strong

You can rip sod land with the CLIMAX and a 3-horse team—so it MUST be built strong! Yet the teeth won't smash if they strike a stone—their joints unlock and fly back to pass over unharmed.

Manitoba College used a CLIMAX on land rank with wild mustard; got rid of that bad weed; and grew oats 71 inches in the straw *without a weed in the whole crop!* The CLIMAX certainly does destroy weeds!

Easy Handled

Each pole has a tilting lever; and these, with the pressure lever — all in easy reach of operator — exactly regulate depth of cut. Teeth go right for the roots of the weeds, and rip them out of the soil.

This is the stiff-tooth cultivator that gets the weeds OUT of the soil—not merely cuts off their tops or just tickles the roots a little. On dirty land you surely need the

London Bartender Shot Down.

London, Oct., Oct. 3—George Blackburn, aged 35, bartender, employed by Thomas Oke, proprietor of the Hotel Cecil, corner of Clarence and York Streets was shot through the stomach to-night at seven o'clock while ejecting a drunken man from the bar of the hotel.

Blackburn was behind the bar with his mate, William Burris, when a stranger, wearing a blue suit, soft felt hat, and having the appearance of a railway man, staggered up to the bar.

The man asked for a drink, and Blackburn told him he could not be served. The stranger grew very angry and used abusive language to the bartender, who ordered him out of the hotel. He was in no hurry to leave, and Blackburn went around the bar and led him to the door. As he left the stranger remarked that he would get even. Half an hour later the man again appeared in the hotel and demanded liquor. Blackburn took him by the arm and led him to the door. Shoving him toward it, the drunk tottered outside. Blackburn held the door open, and told the stranger to not come around again, or he would hand him over to the police.

As the bartender uttered the words, the stranger pulled a revolver, and, pressing it against Blackburn's stomach, fired. The crowd in the bar heard the report and the cry of the wounded man: "My God, boys, I'm shot." Half a dozen men ran for the criminal. For a man who had previously appeared to be very drunk the stranger ran like a deer, and headed for the Grand Trunk Railway tracks a half-block to the south. Once there he was lost among the cars.

In the meantime Drs. Stevenson and Drake had been phoned for and the police motor ambulance was called, Blackburn was rushed to Victoria Hospital, where it was found the bullet had entered the stomach in a very dangerous region, and that it had not passed through the man's body. It was apparently a 32 caiibre weapon. Unable to find the bullet, the X-rays were applied, but up to a late hour to-night the lead had not been removed from the victim.

Blackburn is a well-known chicken fancier, and bears an excellent reputation He is a son of Captain Blackburn, of the Allan liner Tunistan, one of the best-known men who sail the Atlantic. He has a wife and boy five years of age.

The police have information which leads them to believe that the man who shot Blackburn is Thomas Riley, a G.T.R. trainman. Detectives and police scoured the railway yards and had almost abandoned hope of capturing the man at 12 o'clock, when word was received that Riley had been seen in East London yards. Detective Sergt. Nickle and his men there resumed the search and at an early hour this morning believed they had his escape cut off.

All trains are being stopped and searched by the officers before leaving London. It is alleged that Riley comes from Fort Smith, near Wichita, Kansas. He was a railroader there for a number of years and is said to have had a reputation as a gun-fighter. Blackburn, is in a very critical condition and it is thought he will not live more than a few hours.

The Department of Education was sharply criticized for ordering expenditures by St. Catherines Board of Education on the Collegiate Institute by a staunch Conservative trustee.

The bridesmaid, Miss Florence Hoople, of Wales, cousin of the bride, wore a dress of cream serge with hat to match and bouquet of pink carnations. The groomsman was Mr. A. Daye. The wedding supper was served at the residence of Mr. Jas. Cook, uncle of the bride. The house was prettily decorated for the occasion with carnations, smilax and roses. The bride received many handsome presents, including several cheques. The groom's gift to the bride was a gold bracelet, to the bridesmaid a gold brooch, and to the groomsman a gold tie pin. Among the out of town guests present were Mrs. Albert Hoople and daughters, Misses Pearl and Florence Hoople of Wales: Miss Lera Zeran, Aultsville; Mrs. Heber Hill and Mrs. Peter McGillivray, Morrisburg; Miss Mable Beckstead of Ogdensburg, N.Y.; Mr. Harold Pembleton, Strathroy.

Shot Companion While Hunting Near North Bay

North Bay, Ont, Oct 7—A hunting accident occurred Saturday three miles from Warren, a village on the C.P.R. main line twenty miles west of North Bay. Jas. Wilson, a prominent citizen of the village, was shot and inatantly killed while hunting wolves, which have been troublesome about the farms in the vicinity. On Friday Wilson and Joseph Vincent started hunting and killed a wolf that day. Saturday they went again and after striking the trail of a pack the men separated each agreeing to take a certain direction.

After proceeding some distance Vincent's attention was drawn by a moving object in the long grass of a ravine, but to his horror on running to the spot where he had shot he found his companion shot in the head, death being almost instantaneous. For some reason Wilson had changed his course as according to their agreement he should not have been in that locality. He leaves a widow.

The new legislation recently enacted by the supreme court of the Independent Order of Foresters, increasing the rates of old members by the imposition of a lien, is explained by G. E. Minns, official organizer, who declares that the lien was introduced to make up the deficiency resulting from the insufficient amount paid by members who joined the order previous to 1899. The lien which is about $260 on each $1000 policy, may be met by a payment of four per cent interest on it annually and it will be deducted from the amount of the policy when the latter matures. There is a fraternal fund sufficient to reduce the lien by $60 by the time policies have become claims. In Morrisburg there are 69 members of the I. O. F. and of these 41 are affected by the lien.

Will Stand Trial on Theft Charges.

The case of James Grundy, the man accused of stealing a number of articles including verandah chairs, jardineres, etc., from the residence of J. R. Duquette, proprietor of the King George hotel, Cornwall, was to have come up at the police court Monday morning, but so great was the number of people who wished to hear the case that adjournment was made to the court house, the police court being filled to suffocation. Only once before and that several years ago, was a similar action necessary. Chief of police and J. R. Duquette were examined by the crown prosecutor, and on their evidence Police Magistrate Danis committed Grundy to stand trial. Mrs. Grundy, who is also held on a charge, appeared for a preliminary hearing, and she, too, was committed to stand trial. The case will come up the second week in December. In the meantime Mr. and Mrs. Grundy are confined to the local jail.

Steamer is Tied up by Female Detectives

Morrisburg, Oct. 6—Female customs detectives have tied up the steamer Orizaba. They did not take hold of ropes or get out a writ. They simply searched lady passengers for smuggled goods, and at last matrons and maidens of Morrisburg Iroquois and Cardinal ceased to go to Ogdensburg. The boat having depended almost entirely upon them for business, it was forced to go out of commission, after having run daily for a number of years past. Seldom was a search for smuggled goods made in vain, and just as often did losses occur to wives and daughters of Conservative households as to those whose male relatives are unfriendly towards protective tariffs.
