Winchester Forms Junior Hockey Club

Decision to operate a Junior Hockey Team in one of the district leagues was reached at a public meeting of sport fans, held in the town hall on Monday evening. The initial step in this direction was taken when the following executive was appointed: President, Harry Keyes; Vice President, Gerald Helmer; Secretary-Treasurer, Ed. Boyd; Manager, Gordon Coons; Coach, George Elliott; Executive, Dalton Timmins, Walter MacDonald, Harry Flora and Ken. Ault.

The secretary was instructed to write to Mr. Lloyd Davis, Iroquois, president of the St. Lawrence Junior Hockey League, to see if that league was going to function this year and, if so, if the local Club could make application to enter a team.

Clarence Morgan, Bill Olive and Dick Justus were appointed a committee to make a canvass for funds.

As this will be the only Winchester team participating in organized hockey this winter, the rink directors are giving it their full support and it is expected that local citizens will also give the executive and team the backing it deserves.

Winchester Legion Wants Town Hall Enlarged

At a meeting of Winchester Post 108 of the Canadian Legion, held last Thursday evening, it was decided to interview the local Municipal Council regarding the enlargement of the present town hall.

The Legion has a fund in excess of $5000.00, raised for the purpose of erecting a new Club Hall. The members are willing to place this amount at the disposal of the Municipal Council, if the town is willing to undertake to enlarge the town hall and provide a portion of the building for the Legion Club Rooms.

As pointed out by the President, Stuart Corry, the Legion would be giving the town a chance to build at a very low outlay, as any extensions would come under the Communities Hall Act, and the town would receive a grant of 25 per cent. of the total cost, up to a maximum of $5,000 from the Provincial Government.

Other funds needed to complete the project could be raised by debenture, and the Legion have requested the Council to put the question to the ratepayers at the Municipal Election in December.

The delegation appointed to interview the Municipal Council is made up of the Deputy Zone Commander, F. Erle Helmer, A. J. Casselman and Melvin Scott.

ALL HOSPITAL ROOMS NOW FURNISHED

Donations of $690.00 each from Miss Mary Empey, Winchester, and Mr. and Mrs. David Bruce, Mountain, have financed the furnishings of the last two rooms in the Winchester District Memorial Hospital. These donations were received last week and are gratefully acknowledged by the Hospital Board.

While all wards in the hospital have been financed by private individuals, the Board would like to point out that donations towards the Operating Room Equipment, the kitchen and other departments, would be much appreciated.

Official Opening of Memorial Hospital Set For December 8

Wednesday afternoon, December 8th, has been definitely set as the date for the Official Opening of the Winchester District Memorial Hospital. This was decided on at a meeting of the Hospital Board, held over the week-end. On that date the building will be open to the public and there will be several escorts present to act as ushers and explain the several departments.

The Hon. Russell T. Kelley, Ontario Minister of Health, is being extended an invitation to be present and declare the institution officially opened. Other prominent men expected to be present are the Hon. Paul Martin, Federal Minister of Health; Hon. George Drew, Leader of the National Progressive-Conservative Party; Hon. Geo. H. Challies, Col. A. C. Casselman, M.P. for Grenville-Dundas; Mr. Don. Morrow, M.L.A. for Carleton, and Mr. Russell Boucher. Invitations will also be sent to the members of the Counties' Council and the several Municipal Councils in the hospital area to be present for the opening ceremonies, which will be concluded with a banquet, sponsored by the Hospital Directors.

While the hospital will be officially opened on December 8th, it will not be ready for the reception of patients until Wednesday, December 15th. During the interim, food donations will be solicited by the Ladies' Hospital Auxiliary.

War Veterans Held Church Parade On Sunday Morning

Under the direction of Major Sam Ault, Branch 108 of the Canadian Legion paraded to the Church of St. Matthias, A. & M., this past Sunday morning for the Requiem Eucharist in solemn commemoration of those who died in the two World Wars. The standard was carried by Mr. Nelson Dixon and the Union Jack by Mr. George McConnell. President S. Corry and Secretary W. Servage, B.A., were in attendance.

The Rev. Leon B. G. Adams, B.A., was the Celebrant and preacher at the Resuiem, during the course of which wreaths were placed at the Chancel steps and the names of the dead were read.

In his sermon, the Rector stressed the three-fold purpose of this impressive service. First, the linking of ourselves in prayer and sacrament with those who worship God in the Church in Paradise. Secondly, the offering of our thanksgiving for the Supreme Sacrifice made by Christ on Calvary and the sacrifice made by the departed in the defence of their country, homes, and families. Thirdly, the dedicating of ourselves to the cause of maintaining "peace on earth and good will towards men."

"We must bear witness," he said, "that the world is in God's hands. We must not surrender to the belief that only man's power and scientific genius can solve our human troubles. Nothing is impossible with God. As members of His Church, we must strive to develop a fellowship which rises above the barriers of race, colour, class and nation. War is contrary to the Divine Will. The only true way of peace is that of obedience to the law of God."

Quoting a statement made by the Amsterdam Assembly, the Rector urged that we must resist the pretentions of imperialist power; we must promote the reductions of armaments, and fight against the indifference and despair which thinks that another world war is inevitable. Furthermore, we should withstand everything in the press, radio, or our community organizations that inflames hatred or hostility within our own ranks or between nations.

The organist for the service was Mrs. S. S. Rose. The Church Wardens, L. Jakes and F. Gibbons, were in charge of other details.

PUBLIC SCHOOL MEN TEACHERS' FEDERATION ANNUAL MEETING

The annual meeting and election of officers of District No. 2, P. S. M. T. F., was held in the Morrisburg Collegiate Institute on Saturday, October 30th. After the regular business and discussion period, reports of district committees were received. The retiring president, Mr. G. A. Foulds, then conducted the election of officers for the ensuing year. The following officers and committees were elected:

President, Mr. Howard Nichols, of Brockville; Vice President, Mr. Cuthbert McDonald, Martintown; Secy.-Treasurer, Mr. Ronald Wallace, of Brockville; Counselling and Relations, Mr. A. C. Casselman, Cardinal; Resolutions, Mr. C. Hart, Avonmore; Educational Research, Mr. F. B. MacMillan, Cornwall; Publicity and Education Week, Mr. W. S. Waddell, of Dixon's Corners; Hon. Membership, Mr. G. A. Foulds, Morrisburg; Curriculum and Text Books, Mr. F. Rivier, Cornwall; District Representatives to Provincial Executive, Mr. H. Nichols and Mr. R. M. Smith; District Delegates to Provincial Assembly, Messrs. C. Anderson and J. H. Potter.

The new president was installed and gave a short address on Federation Policy. The meeting adjourned to meet at the call of the president.

Five-Hour Power-Cut Here Tuesday

Winchester had a five-hour blackout on Tuesday when Hydro power was turned off to keep the village within its quota. In addition to the two regular cut-offs, 8 to 9 a.m. and 3 to 4 p.m., the switches were pulled at 7 p.m. and the black-out lasted till 10 p.m. The latter interruption was made necessary when the village went 1200 hours over its quota and Hydro officials ordered the local commission to take steps to conserve that many hours before 10 p.m., when the next reading of meters took place. There was nothing left but turn off the power until that time, and even then the 1200 hours were not offset.

Winchester's present quota is 3800 kilowatt hours, and here is how the readings have been since the quota was reduced to that figure: November 1st, 4864 kt. hours; Nov. 2, 4544; Nov. 3, 4384; Nov. 4, 4144; Nov. 5, 4544; Nov. 6, 3824; Nov. 7, 4224; Nov. 8, 5044; Nov. 9, 5020.

From these readings, it was evident that a revision of power-cuts would have to be made in Winchester.

At a meeting of the local Commission held on Tuesday evening (by lamp-light) decision was reached to have the power turned off at the following times to try and keep within our quota: From 8 to 9 a.m., Domestic and Commercial; from 3 to 5 p.m., industries included; and from 6.30 to 7.30 p.m., Domestic and Commercial.

If the above interruptions are not sufficient, further black-out periods will be forthcoming.

No person enjoys these power cuts, and they could be shortened if stricter economy was practised by the individual Hydro Consumer. Many local housenolders are co-operating, but there are still far too many who are indifferent to Hydro's request to conserve power. The street-lights are turned off to save electricity, but we notice that many verandah lights are kept burning to offset this—and that is not playing fair with those citizens who are putting forth an effort to conserve power. Please be a little more co-operative. Your home looks much better today if it is dimly lighted than it does with every light in the home turned on—the former is an indication that you are co-operating in conserving power. There is a power crisis, you know, and we must **all** sacrifice a little to meet it. For your own welfare and the welfare of this village, please co-operate.

WINCHESTER DISTRICT MEMORIAL HOSPITAL AUXILIARY

About eighty members attended the meeting of the Winchester District Memorial Hospital Auxiliary on Thursday evening, Nov. 4th, in the Town Hall. Fifteen units were represented. The President, Mrs. C. R. Robinson, presided.

The meeting was opened by the singing of O Canada, with Mrs. Howard Fetterly at the piano.

The secretary, Mrs. George Elliott, read the minutes of the last meeting and the treasurer, Miss Nora Elliott, reported that there was $687.91 in the treasury. A letter from the president of Russell Women's Institute was read, stating that they were holding a Bazaar on Dec. 3rd in the United Church Sunday School Hall, the proceeds of which will be donated to the Winchester District Memorial Hospital. The president asked for a further donation of flour sacks.

Mrs. David Melvin reported on the sale of tickets for the very beautiful hand-crocheted tablecloth, the very generous donation of Miss Mary Marcill, of Ottawa, a former Winchester girl, to the Memorial Hospital. Mrs. Melvin gave out books of tickets to each unit represented, to sell for a draw on the lace cloth.

Donation Day is to be held on Saturday, Dec. 11th, from 2.00 p.m. to 5.00 o'clock, with a member from each of the following units to be in charge of the donations: Inkerman, Cloverdale, Chesterville, Cass Bridge, Toyes Hill and Mountain. Donations may be jams, jellies, fruits, pickles, butter, flour, raisins, etc. Any donations of money will be used for the Hospital Cupboard Fund. Mrs. Geo. Elliott and Miss Helen Elliott were appointed to solicit donations of food from Wholesale Houses. On Donation Day, members of the Executive Committee will act as guides to conduct visitors through the Hospital. Afternoon Tea will be served.

Miss Jean Wyatt, one of the conveners of the Ways and Means Committee, reported that the committee was pleased with the results of the Rummage Sale, and stated that the sale would continue on Saturday evening, Nov. 6th.

Mrs. Neil Hutt reported that all sewing for the Hospital had been completed, and that the drapes were being made.

The meeting was closed by singing the National Anthem.

DISMISSAL OF CHESTERVILLE CONSTABLE TO BE INVESTIGATED

The Chesterville Municipal Council has been notified that the dismissal of Police Chief A. A. Baker is to be investigated by the office of the Attorney-General of Ontario. The Council was also instructed not to hire another constable until the investigation was over.

The Attorney-General's Department acted on the advice of the Ontario Police Association, which met at Kitchener last week. Chief Baker was dismissed Nov. 1st, and the O. P. A. claims that there was no apparent cause for him losing his job. Facts of the case were presented by the Stormont, Dundas and Glengarry Police Association.

The meeting was informed that dismissal of Chief Baker followed his laying traffic charges against two councillors of Chesterville.

Baker claims that if it occurred again he would be fired. His dismissal followed a successful prosecution of a second councillor.

In the resultant controversy, Magistrate D. C. Smith, of Smiths Falls, wrote a lengthy letter to the press supporting Chief Baker.

Until the investigation is concluded, the policing of Chesterville has been taken over by the Ontario Provincial Police and Constable Stanley Barr has been temporarily stationed in the village.

Local Youngster Swallows Safety-Pin

Baby Lise Lalonde, 8-months-old daughter of Mr. and Mrs. Remi Lalonde, was rushed to the Ottawa Civic Hospital on Tuesday morning, after it was discovered she swallowed an open safety-pin. Mrs. Lalonde was preparing the baby's bath, and had removed its clothing and placed the child in a bathinette. The mother walked across the room to get some article, when she heard the child cough and start to choke. Realizing that the youngster must have reached up and taken one of the safety pins which had been placed at one end of the bathinette, and swallowed it, the the mother immediately phoned Dr. H. S. Gross. The doctor's examination revealed that something was lodged in the child's throat and had her rushed to the hospital at once, where an X-ray revealed the open pin about 6 inches down in the throat. Dr. W. P. E. Patterson, noted throat specialist, was summoned and decided an operation would be necessary to remove the pin. After the youngster was taken to the operating room, the surgeon decided to try removing the pin with a Bronchoscope, before reverting to surgery. This was a very delicate operation, but it worked. The pin was removed and the baby was allowed to be brought home in the afternoon, none the worse for her experience, other than a slightly irritated throat. Dr. Patterscn's skill with the Bronchoscope averted a serious throat operation, for which the parents are extremely grateful.

Municipal Council Holds Special Session

A special meeting of the Municipal Council was held on Tuesday evening, with Reeve John Fader presiding and all members present.

The question of further Hydro cuts to keep Winchester within its quota was dealt with, and the following revised schedule was adopted: 8 to 9 a.m., 3 to 5 and 6.30 to 7.30 p.m. daily except Saturday and Sunday. Industries are only affected during the 3 to 5 cut.

A delegation from the Winchester Branch of the Legion, composed of Messrs. F. Erle Helmer, Melvin Scott, Stuart Corry and William Servage, waited on the Board with a proposition regarding the enlargement of the town hall. The Legion offered to turn over their Building Fund of approximately $5000.00 if Council would take the necessary steps to enlarge the hall and provide a club room and recreation centre for the Legion. The delegation believed that such a project would come under the Public Halls Act, and that the Government would pay 25% of the cost up to a maximum of $5000.00. This would leave only about $5000.00 to be raised by debenture. The delegation also suggested that the question be put before the ratepayers at the polls.

Council discussed the matter at length and finally decided to have an architect draw up plans and provide estimates as to the cost of the project. A by-law will then be drafted and the ratpeayers will be given an opportunity to vote on it at a later date.

It was decided to ask the ratepayers to vote on the question: "Are you in favour of the Municipal Council granting certain concessions to business concerns and industries in order to get them to locate in Winchester and provide employment for local labour?" This is not the exact wording of the question, but the phrase will be similar.

The question of writing off taxes on several local properties was shelved for the present.

A professor says that a fellow applying for a job should be a good listener. It's tough, though, when all you hear is "No."

Inkerman Rockets Defeat Gananoque

Lloyd Laporte's Inkerman Rockets looked good at the Kingston Arena Arena on Monday night when they outskated and outplayed the Gananoque Intermediate Hockey team to the tune of 6 to 1.

Chuck Loveless sparked the Rockets with a pair of counters, while Nig Boivin, Carm. Marshall, Roger Hunter and Billie Lynn scored one each.

This was the Rockets' first game of the season and Kingston sport writers predict that they are headed for another Ottawa and District championship. Newcomers to the team turned in a fine performance, while the players retained from last year's lineup appeared to be going stronger than ever.

In the other half of the twin bill, the Kemptville Royals shut out the Ontario Aces 2 to 0, with Lowell Craig and Lyle Pitt dividing scoring honours.

Both games were scheduled contests in competition for the Van Horne Trophy, emblematic of the Kingston City League Championship.

The original schedule of games had to be altered somewhat, when the Disney Barons withdrew from the League, leaving eight entries instead of nine.

Tomorrow night the Rockets take on the Ontario Aces while Kemptville opposes the Canadian Corps.

THE VOICE OF THE PEOPLE

"Your right to know is the key to all your liberties."

Few slogans could better express the place of the free press in the Canadian heritage. No right is more important to free men than the "right to know."

But there is a corollary and indivisible right—the right to let others know the opinions of our readers. The newspaper has a certain obligation to give the public the opportunity to present facts and interpretations regarding the developments of the day.

The press has traditionally recognized this right. There are not many publications in the country today which do not devote space to letters from readers. They have developed what might be called a proprietary interest in their section. So pronounced has this attitude become that contributors do not hesitate to write or call the editor to bawl him out when a letter does not appear when they want it, or when it is censored because of libel or the unwritten law of good taste. Through the years some of the historic battles of Canada's political history have raged in the newspaper columns. Some of them had their genesis there.

There may be a temptation to dismiss these contributions lightly, as the products of "crack-pots" or "cranks." It is well in this respect to remember the old definition of a "crack-pot"—someone who hasn't yet attracted a large following to his notions or hasn't the privilege of publishing a newspaper of his own. We have seen, in our time, some of the "crack-pot" ideas expounded in letters to the editor, become the accepted law of the land.

One of the editor's problems is conducting a voice section in the matter of policy regarding unsigned communications. We have long followed the rule that letters must carry the name and address of the writer. He may have the name and address withheld from publication by so indicating, but they must be in the hands of the editor. This has resulted in many a stormy session in the editor's sanctum, when, for example, an irate public official calls to demand the identity of his critic. But to violate the trust imposed in the editor by a writer deprives a voice section of one of its most valuable qualities.

A vigorous voice-of-the-people column can call attention to many abuses and mould constructive thought for community betterment. Readers of The Press should bear this fact in mind and consider the local newspaper in the light of a public utility—one in which they may play a personal part.

WELL-DRILLING, A GAME OF CHANCE

One of the biggest games of chance we know of is drilling a water well. There is no way of knowing just how far down into the earth the driller has to go before he strikes water—he may strike it shortly after the drill penetrates the rock, and then again he may have to drill a couple of hundred feet. Drilling operations cost so much per foot. One drill-hole, fifty feet deep, costing about $200.00, might provide a better supply of water than another hole drilled 150 feet at a cost of about $500.00. It's a gamble—if you're one of the lucky fellows, your driller might get you a supply of water at a minimum depth, but if you're not one of the lucky chaps, there's no telling what your drilled well will cost you All you can do when you engage a driller is to hope and pray that he strikes a vein of water at the earliest possible time. The driller can guarantee you nothing except that he'll get you the water regardless of how far he has to drill—and sometimes the operation is a costly one.

—o—

According to the experts, the present spell of weather is warmer than average for this time of year, but don't let that fool you. Winter will come, as surely as the sun rises and sets, and with it snow, sleet, cold winds and zero weather. Pleasant thoughts !

Circulating among Canadian trade associations is a resolution calling upon the Dominion Government to have all national holidays celebrated on a Monday. The present hit-or-miss system when Empire Day or Dominion Day may come in the middle of the week has really nothing to commend it.

The announcement from Ottawa that hydro-electric projects wil get the first call on steel imported from the United States is quite in order. We need power plants just now a great deal more acutely than other building developments into which steel enters, comments the Brockville Recorder & Times. We all agree.

"Screaming about high prices will not help us," states The Financial Post editorially. "Hard work and prayer are the only effective cures. The world is short of goods and harvests and until that situation is corrected, price levels cannot possibly recede." Fine. If the small minority in control would do most of the praying, we are sure the workers would do their part.

There's the fellow who takes several drinks too many merely because they are free. There was the farmer who refused to buy the set of books that would help him farm better because he already knew how to farm better. Then there's the citizen who sees plainly the evil of government's trying to provide security from the cradle to the grave but wants it anyway.

A CHILD'S PET

Some little children are afraid of animals. They run to their mother if they see a dog coming toward them. They are fearful of the "great big pussy" who lives at a neighbour's home. It is only by gradual degrees that parents can persuade these timid children to overcome their fear. Sometimes this fear goes back to a bad scare when the child was very young. But by the time a child is old enough to go to school, usually he has become interested in animals and wants to have a pet of his own.

A very little child should not be left with a strange dog or cat without supervision. A child may "love" an animal so hard that he squeezes it and hurts it. Or the animal may want to sleep, or be left alone to eat his meal. The child may annoy the animal so much at a bad time, that a usually good tempered beast may scratch or bite—and who can blame him?

Children are sometimes unwittingly cruel—as when little girls attempt to dress a kitten in doll clothes and handle the poor little thing so much that it is in an exhausted angry mood. Small boys in their eagerness to teach a puppy tricks, may keep at their little dog until he is stubborn and worn out.

In the matter of having pets, children on a farm are in a much better position than city children. Many rural children have a pet calf or a pet colt. Usually there is a family dog—a collie or some other dog who fetches the cows and has a real place as a watch dog. A good mouser in a cat is a real asset in a barn. The cost of a generous saucer of milk for a tabby and her kittens, does not matter so much where cows are milked twice a day. There is plenty of space for children and pets to have lots of exercise on a farm. Then, too, there are no near neighbours who dislike pets and are on the lookout for a dog or cat who might stray onto their property.

In a city home, parents should consider carefully whether or not they can afford not only the initial cost of a pet, but the money needed for food, and extra expenses such as the annual dog tax and a veterinary's visit when a pet falls ill. Pets need more supervision in the city, and it is a rather pathetic sight to see a big dog tied up in a small back yard in the hot summer weather.

Most parents realize that a satisfactory pet adds much to a child's happiness (and this affection between the child and the pet is a fine thing). But when a child pleads to own a pet, parents also feel that he should be old enough to share in its care. Otherwise, the whole burden falls on the parents (usualy mother, because she is home most of the time). But children do need to be reminded that their pet needs regular meals, and needs to be kept clean and well cared for. After the novelty has worn off, the job of feeding a pet is apt to be forgotten, unless a child is reminded of this task. In a city apartment, parents sometimes buy goldfish as pets or a pet bird such as a canary or "budgie" because they are less care. Some children get a great deal of pleasure from a pet bunny. But a pussy or a dog is the most popular choice for a child's pet.

As one small boy wrote in a composition: "My dog Skipper sits down quietly beside me. We both are happy just being near each other."

Support The St. John Ambulance

Help them to PROTECT YOU

. . . in your own home, where most accidents occur, every year. The St. John Ambulance provides free courses in home nursing and first aid and—equally important — accident prevention training.

. . . while you're at work—especially in industry, where St. John Ambulance trained employees save lives, time and money every year through first-aid treatment and accident prevention practices and suggestions.

. . . everywhere you go. Travelling by train, car or plane . . . St. John Ambulance trained employees, policemen, firemen, game and fishery wardens, provide protection through on-the-spot treatment. And at public gatherings such as fairs and parades, St. John Ambulance Volunteer Workers stand by in case of mishaps, illness or injury.

St. John Ambulance Home Nursing and First Aid training is given to you free by Volunteer Workers . . . but the training centres, equipment, literature and the instructors and inspectors must be paid for. So must ambulances, medicines and uniforms. All these cost money, which must be raised by voluntary subscription. The St. John Ambulance needs $600,000 this year to enable it to carry on its work in Canada.

THE HAPPIEST YEARS

(Stratford Beacon-Herald)

After some research, a professor concludes that the happiest years are those between 20 and 30, that interlude in which youth so often finds itself—if it happens to be looking.

THANKS TO ORANGEMEN

(The Farmer's Advocate)

Grain growers in Central Western Saskatchewan have a warm feeling for the Orangemen. After the Spring floods cleared away it was dry—and it remained dry. Many despaired of harvesting any crop at all this year. Then on the 12th of July it rained. Some of the growers had excellent yields this fall. "Hurrah for the Orangemen!" they say.

THE PRESENT POWER SHORTAGE

(Leamington Post & News)

If the late Sir Adam Beck, the founder of Hydro, could see the people of Ontario groping around in the dark as we are these nights, he would turn over in his grave. It is the general opinion of a great many people, ourselves included, that the followers of Sir Adam, as far as Hydro is concerned, have slipped miserably in keeping up with the trend of the times.

We can well remember when the late Sir Adam Beck pioneered Hydro in Ontario. He met with a great deal of opposition by various groups and individuals, but nevertheless he made a huge success of it in the end. We can remember when he promised municipalites that had their own power plants, that they never need fear a shortage of power in Ontario—but now look at what has happened. Two and three power shutoff periods every day.

No person has to tell us that there is a serious power shortage in Ontario. We know that such exists. Less than three weeks ago we saw power plants in Eastern Ontario and Quebec that once produced thousands of horsepower, which now are only produucing a fraction of the power they used to supply, but this shortage hasn't come on us all at once. People with the vision of the late Sir Adam Beck should have seen this power shortage coming before it was upon us.

Today, instead of having all the power we need, we must accept excuses for the shortage, and these are not good enough. It's about time Hydro got busy to relieve themselves of the present predicament they find themselves in.

W. H. S. NEWS NOTES

(By Pringle Thomas)

W. H. S. came out on top in an easy victory when they downed Chesterville 29-0 last Wednesday, Oct. 27th. The sportsmanship was not up to par at times, but on the whole it was a fairly well played game. The line-ups were:

W. H. S.—Snap, W. Olive; ends, D. Justus and B. Feltham; quarter, Hunter; subs., G. Carkner, J. Kennedy, C. Loveless, B. Porteous.

Chesterville — Snap, R. Couglar; ends, D. Carr and B. Johnson; halves, G. Sullivan and Moran; quarter, R. McMillan; subs., C. Boyle and J. Julian.

On Friday, the W. H. S. team came out on top of a score of 24-10 when they defeated Cardinal. Cardinal came up with a good set of plays and ran them off smoothly, but against their heavier and more expericed opponents they just couldn't make it. For Winchester, Loveless got two two touchdowns, Marshall and Justus each got one.

The line-ups were:

W. H. S.—Snap, Olive; ends, Carkner and Porteous; halves, Loveless and Kennedy; quarter, Hunter; subs., Morgan, Marshall, Justus, Feltham.

Cardinal—Snap, C. Baldwin; ends, E. O'Hara and B. Byers; halves, R. Patterson and K. Sweeney; quarter, P. Patterson; subs., E. Sexsmith, A. Cameron, E. Cameron, C. Coons.

DUNDAS CHEESE PATRONS HOLD ANNUAL MEETING

The annual meeting of the Dundas Cheese Producers' Association was held in the Orange Hall, Winchester Springs, last Wednesday evening, with the president, Mr. C. E. Harkness, presiding, and Mr. Harry Williams as secretary.

The treasurer's report revealed a balance on hand of slightly over $500.00.

In his opening remarks, the president said that although the marketing scheme of the association was functioning to the great satisfaction of the executive, he was calling a meeting of all the presidents of cheese boards in an effort to plan further improvements.

A number of cheese factories were closed during the year and he warned the farmers that they should keep these factories in working condition, as the cheese industry assured them of a stable market, where they could control their produce. Each factory should sell the farmer's milk on the highest market, whether it be for the making of cheese and butter, or to supply a demand for fluid milk for any other purpose.

He said that if all of the factories in the county were closed, farmers would then have to take the straight price offered by manufacturers in large plants, and the premium on quality would be lost to the trade.

Mr. Charles Heath, secretary of the Ontario Producers' Association, told the meeting that one-third of the milk and three-quarters of the cheese produced in Canada came from Ontario, and that Ontario cheese had won all of the special awards at the London, England, cheese show, in competition with all the Commonwealth countries. Dan Burton, a Dundas county cheesemaker, was one of the exhibitors who had received honorable mention for his showing in this exhibition.

Mr. Heath said there was much to be done in the marketing of cheese for the local trade. Attractive packages, better displays, and more advertising would increase local consumption.

Mr. Frank Robinson, Chief Dairy Instructor, of Kemptville, said that Dundas county cheesemakers were among the best in the province. During 1947 the premiums paid by the Federal Department for cheese scoring 94 per cent. and over had amounted to $29,000, and for a score of 93 per cent., more than $17,000.

He urged that all producers offer makers a percentage of the premium paid for high scoring cheese, as an incentive to makers.

Mr. George I. Martin, of Hallville, instructor, asked that the association should give special recognition to makers of good cheese. Among the other speakers was Mr. D. Connell, of Kemptville.

The meeting went on record as being opposed to the sale of oleomargarine. It was pointed out that there was still an acute shortage of oils in Canada, and any diversion to the manufacture of "oleo" would mean much higher prices for soaps and shortening. What might be gained by householders in cheaper spreads, it was contended, would be lost in higher prices for these other products.

The election of officers took place with Mr. Harkness being elected president for his 11th consecutive term. Mr. Harry Williams, of Mountain, was re-elected secretary-treasurer. Other officers named were as follows: vice president, Byron Martin, Hallville; directors, Arnold Gilroy, South Mountain; Dwight Merkley and Cephas Smith, Iroquois; Willam Lane, Williamsburg; Oscar Beckstead, Elma; Elburn McIntosh, Winchester Springs; Shaler Heagle, Aultsville; Roy Fetterly and John Barrett, Winchester.

ST. MATTHIAS' LADIES' GUILD

The monthly meeting of the Ladies' Guild of the Church of St. Matthias, A. & M., Winchester, was held at the home of Mrs. Daniel Blair on Wednesday evening, Nov. 3rd, with Mrs. Blair presiding. Rev. Leon Adams opened the meeting with prayer and reading from the Epistle to the Hebrews. In the absence of the secretary, the minutes were read by Mrs. Dwight Lannin, who acted as secretary for the evening.

Final plans were made for the Guild to have a booth of handmade articles and candy at the Bazaar and Tea to be held at the Community Hall, Cheserville, on Nov. 16th, when Lady Clutterbuck will be present for the opening at 3.00 p.m. It was further decided that St. Matthias' Guild would sponsor a social event in Winchester on Feb. 24th, the Feast of St. Matthias.

After the business part of the meeting, Mrs. Leon Adams entertained those present with two games. Refreshments were served by the hostess.

HINTS FOR THE HOME

Discolored Enamel

If the enamelware has become discolored, it can be cleaned with a paste made of salt and vinegar.

Streaky Mirrors

Stubborn streaks in the mirrors can often be overcome by rubbing them with a little oil-type furniture polish.

Loose Knobs

The loose knob on a dresser can be remedied by removing the bolt and placing a rubber faucet washer between the nut and the inside of the drawer.

Baby's Bottles

Baby's bottles will keep sweet if a solution of baking soda and water is left to stand in them after they are washed.

Separating Eggs

An easy method of separating the white and yolk of an egg is to break it through a funnel. The white will flow through and the yolk will remain unbroken in the funnel.

Keeping Marshmallows

Marshmallows can be kept soft by storing them in a tightly-sealed jar or can. If they have become hard, they will soften up again if put into the bread box overnight.

Curled Rug Corners

You can rectify the upturned corner of a rug simply by cutting out an L-shaped piece of cardboard and sewing or gluing this underneath the unruly rug corner.

BRYAN—BALL

On September 6th, Central United Church, Calgary, was the scene of a quiet afternoon ceremony when Shirley Margaret Ball, daughter of Mr. George L. Ball, of Ilderton, Ont., was united in marriage to Clifford George Bryan, son of Mr. E. Bryan, of Mountain, Ont.

The bride chose for her nuptials, an Alice blue silk jersey afternoon frock, styled with a peplum, with which she wore a white straw halo hat and white accessories. Her corsage was of gardenias.

Mrs. Lawrence Hall, as matron-of-honour, wore a chocolate brown frock accented by a corsage of yellow roses and brown accessories.

The best man was John D. Wadleigh, engineering student at the University of British Columbia.

The reception was held at the home of Mrs. D. S. Wadleigh, Calgary. Later, the couple left for a honeymoon trip through the Rockies to Vancouver where they will reside while the groom is attending the University of B. C.

FUTURE FARM HORSES

(Cornwall Standard-Freeholder)

The huge draft horse that once was the pride of every farm seems likely to disappear. We must not yet, and cast aside economic considerations in favor of the regard he overlook the sentimental side of the question, though. Many a farmer has for them.

HANDS AT WORK...

LEARNING AERO ENGINE AND AIRFRAME MECHANICS

ONTARIO'S **products are desired and purchased by people all over the world and the capacity to produce such goods largely determines the economic welfare of every man, woman and child within her borders. Because the sale of every article produced in Ontario brings valuable dollars into this Province, we all are more assured of job security . . . and we and our children can have more of the better things in life. To produce such goods in sufficient quantities, skilled labour is vital. That is why every single one of us should be glad that war veterans are constantly being trained to provide the skilled hands so needed by industry. Veterans receive ON THE JOB training under expert instructors in our Ontario factories.**

This training, provided through the co-operation of the Department of Veterans' Affairs, the Federal Department of Labour and the Ontario Department of Education, starts veterans off on the road to skilled craftsmanship. Taught to use their hands in general aero engine and airframe work, both on military and civilian aircraft, these veterans may qualify for a Department of Transport license, authorizing them to declare aircraft airworthy. In aircraft manufacturing plants and on flying fields throughout Ontario, these newly-skilled veterans will have the opportunity to apply their talents and training. Their efforts will help to make Ontario a finer place in which to live and will contribute to the welfare and happiness of all her citizens.

THE BREWING INDUSTRY (ONTARIO)

AERO ENGINE MECHANICS

H. Parry, 25, of Oshawa, Ontario, a Canadian Army veteran, is shown making an adjustment to the engine of a Cub Trainer. Students work on various types of aircraft ranging from the Cub Trainer to multiple engine military aircraft. Many veterans, trained as ground crew specialists during the war, have chosen to take post-war training in this occupation for which they are particularly suited. For them the transition to peace-time employment has been easier.

This is on a lot of 50-foot frontage on York Street, recently purchased from Mrs. A. W. Beach by Mr. W. C. MacDonald. Mr. Robinson will continue occupancy of the house until Spring. The outbuilding on the property is to be sold for removal. Construction of cellar and foundations and the house moving is being done by J. Loiselle and Sons, of Embrun.

NOTES AND COMMENTS

Turn Off That Extra Light!

A miser's face is like a banknote—every line in it means money.

Sometimes the proof of the pudding is to be found in the doctor's bill.

A wise man should have money in his pocket but not in his heart.

Just wishing things would change is about like holding a match to the thermometer to make the room warmer.

A man should always consider how much he has more than he wants, and how much more unhappy he might be than he really is.

Few things are impracticable in themselves; and it is for want of application, rather than of means, that men fail of success.—Rochefoucauld.

A record pig crop is asked of U. S. farmers by agricultural officials, who probably feel it would be better not to have squeals coming exclusively from consumers.

PATIENT IN KINGSTON GENERAL HOSPITAL

Sunday In The Churches

By Rev. N. J. Thomas, B. Th., Church Editor

SUNDAY, NOVEMBER 14th, 1948.

"This Is My Church"

Here, through inspiring services, I come close to God and to my human comrades in worship and fellowship.

Here, in many ways, I learn the truths by which I may live in a happy, victorious and useful life.

Here I gain strength by which I may become that which I have learned I ought to be.

Here I find comfort in my sorrow, strength in my weakness, courage in my conflict, joy in my triumphs.

Here I come into living with Christ, my Redeemer, Master and Friend.

Your Church has a welcome for you.
