Tragedy averted as tractor crashes through river ice

(Staff) - Preparations for clearing an ice-skating surface on the South Nation River were halted last Thursday when a tractor, a John Deere 1840 model, crashed through the ice of the South Nation River.

A near-tragedy was averted in the incident, when the tractor operator, Greg Sullivan, 19, who was trapped inside the submerged tractor cab, was able to swim to the surface and emerge through the small opening in the ice made when the crash occurred.

The tractor, owned by Jack Durant, and lent to the village recreation department to pull a snowblower, was on partially visible, three-quarters of the machine being under the surface. Witnesses just beside the machine were Dave Arnold, the town's recreation director, and Mike Sharkey, a town employee. Both men hauled Greg Sullivan to safety when he reappeared from the under the surface.

Asked later what his reaction was at the time, Greg admitted it was a scary experience and said the temperature of the water was "nearly freezing."

Sensing that the ice might not be stable Greg had deliberately left the door of the cab unlatched, said Mrs. Betty Sullivan later, the young man's mother. He demonstrated the scrabbling, swimming motion he had to make to get himself clear of the cab, breaking off some ice under the surface that was in his way, to bring himself to safety. Greg estimated the depth of the river at that point at around 10 feet.

He was immediately given dry clothing at the home of a local resident, Joe Baker, and telephoned friends to bring his own clothes to town. Greg, who work for Jack Durant, was operating the tractor wearing fairly light clothing since he was inside the heated tractor cab. He commented that his tightly laced mukluks had prevented water from entering his boots and weighing him down in the water.

The incident, which occurred around 2:30pm, attracted many onlookers throughout the afternoon until the machine was finally raised from the water about two and a half hours later.

Describing the incident Mr. Arnold said "we checked under the bridge to a depth of eight inches where we thought the weakest part would be." "And we did another series of checks but not in that particular spot."

It doesn't get us off to a good start," said Mr. Arnold, commenting on the project to turn about one kilometre of river into an outdoor skating rink like a mini-Rideau canal in Ottawa. The project was initiated last season when a much smaller portion of the river was cleared and maintained for skating. This season Mr. Arnold proposed to enlarge the skating surface with the financial help of government grants and the Chamber of Commerce. Already he has obtained 100 per cent funding for the wages of the men who have been employed to maintain the facility.

As well, other grants to the amount of $2500 have been obtained to cover incidentals and minor expenses. The cost of the crane which removed the tractor will have to be paid out of this fund, Mr. Arnold explained.

The machine was raised by a crane brought to the site by the MacGregor company of Cornwall. Costs were estimated at between $300 and $400 for the service.

Mr. Arnold said the project

At right is Greg Sullivan, who, two hours earlier, had been in the near-freezing water himself, trapped under the ice inside the tractor's cab. He had been operating the John Deere tractor to clear a skating surface on the river. The recreation department of the village is supervising and maintaining an outdoor ice rink on the river to provide a kilometer of skating surface.

The Record goes 'on air'

By Alvah Hanrahan
Record News Editor

The Record has been informed that the occasion of the newspaper's 90th anniversary will receive mention on a CBC radio program Sunday, January 20. To be aired at approximately 7:20am, the program, hosted by Bill McNeil and Cy Strange, is titled Fresh Air.

A portion of this program, called Neighborly News, will feature a report of the founding and progress of this newspaper.

In a telephone interview from Toronto Bill McNeil told The Record last Friday, "you're 90th birthday issue was really great."

"Normally," said Mr. McNeil, "our 90's birthday club is devoted to people but we decided to make an exception and feature a newspaper this time, so you're a historic first."

The program airs Saturdays and Sundays, Mr. McNeil said, from 6-9am, and the expected time slot for the clip on The Record is expected to occur just after 7am.

The Record was founded in 1894 and the first issue appeared December 12 of that year. In this year of the paper's anniversary we decided to combine the birthday and Christmas issues published December 19.

At that time we presented all four pages of Volume 1, Number 1 so readers would be able to enjoy a nostalgic trip back in time via the pages of their community newspaper.

Asked how Mr. McNeil had heard about our birthday he said simply "Oh I get your paper every week and I always look through the many weekly newspaper that come in."

Apparently our front page caught the eye of this veteran broadcaster. Mr. McNeil was for many news the co-host of the popular CBC radio program "Assignment," always introduced by the clicking of typewriters in the background.

The Record's staff was delighted to know the special edition was enjoyed so far afield and the certificate attesting to our memebership in Fresh Air's Over 90's Birthday and 60th Anniversary Club hangs framed in the front office.

"Make sure you let us know when your 100th anniversary comes around," Mr. McNeil said.

As well as the recent 90th birthday issue, The Record's September 27 bicentennial issue has also received recognition over the airwaves. A local radio program originating in Smiths Falls featured snippets from that issue when we presented a reader's personal story about her pioneer ancestors.

Winter afternoon at Pioneer Memorial

The Pioneer Memorial just adjacent to the Upper Canada Village Store provides a moving testament to the spirit of local families who came to the area when Ontario was first becoming organized. The gravestones are organized according to family groups and by churches. The Eaman family stones are photographed here and are the objects of interest for visiting children.

Snowarama Jan. 27

LONG SAULT (Special) - Snowarama 1985 is tentatively scheduled for Sunday, January 27.

The ride will be approximately 100 km, riders may register early at Irwin Supply, 701 Rosemount, Cornwall, on the Saturday afternoon before the ride. $10.00 will again be given towards expenses to any driver turning in $35.00 or more at registration and any driver wishing to donate this expense money will be credited with a $10.00 donation.

Drivers are once again urged to collect pledge money in advance if at all possible and thereby reduce collection expenses. In 1984 over 85 per cent of pledge money was turned in at time of registration. Official receipts for all donations of $10.00 or over, and for lesser amounts on request, will be mailed in May, 1985. Last year some drivers volunteered to deliver receipts to their donors and this greatly reduced postal expense. Any driver wishing to do this should inform the registrar and arrangements will be made to deliver the completed receipts in sealed envelopes to the driver.

Information on the route will be sent out later in January. Two trophies will be donated by the Kiwanis Club this year, one to the driver turning in the most pledge money at the time of registration and one to the driver who collects and turns in the most pledge money overall by April 30, 1985. Trophy presentations will be made in early May.

Milk price up

TORONTO (Staff) - A litre of milk will cost up to six cents more this month according to the Ontario Dairy Council.

Tom Kane, Dairy Council president, said that farmers started getting an extra three cents a litre for whole milk last week -- their first increase since last January. They now receive 52.48 cents a litre.

And because Ontario consumers drink close to a billion litres of milk a year, the increase will cost milk drinkers up to $60 million in 1985.

Mr. Kane said that he expects retailers and dairies will bump their prices higher due to the increase.

Mediation talks to avoid teacher strike

CORNWALL (Staff) - In hopes of averting a strike later this month, the SD&G Separate School Board and its French teachers have agreed to hammer out their differences at mediation meetings Jan. 12 and 13.

About 260 teachers and principals, represented by L'Association des Enseignants Franco-Ontariens (AEFO) have been seeking a contract agreement for close to a year now.

This December, the teachers voted 98 per cent to reject the Board's final offer and 92.4 per cent in favor of a strike.

AEFO negotiator Francois Tisi noted that the issues dividing the board and teachers are not money issues. He said that the unions three priorities are to get a reasonable pupil-teacher contract ratio written into their contract, an uninterrupted lunch period, and an adjustment in principal's teaching time in smaller schools.

The Board now has an 18.13 to 1 pupil-teacher ratio, and the union wants an 18 to 1 ratio.

Teachers also want a 40-minute uninterrupted lunch period and are willing to take less money to cover the cost of hiring supervisors.

The issue of principals teaching classes is also a concern to the union. Currently, in a school with 7.5 teachers the principal teaches half-time. If the school has eight teachers, though, the principal does not teach.

Ron Eamer, chairman of the school board's negotiating committee said that he is pleased that a mediation date has been set, and is hopeful differences can be worked out before the children have to come out of school.

Seaway Valley District Health Council moves

ALEXANDRIA (Special) - The Seaway Valley District Health Council will be relocating its offices from Alexandria to the city of Cornwall.

The decision to move was taken following an investigation of alternative locations to meet the council's expanding space requirements. The additional space will be needed to house new staff and to provide an operating base for researchers and consultants who will be carrying out a number of studies which the council has planned for 1985-86 according to a council spokesman. These include a bed needs study, a French language health services study, a mental health services study and a substance abuse planning study.

Local Government Week Jan. 14-19

(Staff) - Ontario is marking the contribution of the hundreds of thousands of people who work in the public sector in the province by declaring January 14-19 Local Government Week.

There are some very interesting, even impressive, statistics concerning the entire effort to serve the public which is carried out by institutions and individuals working toward public service in this province.

The facts and figures: Did you Know...

That municipal spending in Ontario, on a percentage basis, breaks down as follows:

- 24.0 per cent for transportation
- 18.9 per cent for social services
- 17.9 per cent for protection services
- 14.4 per cent for environment
- 11.1 per cent for recreation
- 11.1 per cent for administration
- 2.6 per cent for planning and development?

That the people of Ontario elect some 4,850 municipal representatives, as compared to the 125 we elect to the provincial legislature, and the 95 elected to the federal House of Commons?

That there are more than 2,000 local boards, commissions, and committees at the municipal level in Ontario? That many of these positions are filled by volunteers?

That there are 156 separate pieces of legislation enacted by the provincial legislature, regulating everything from airports to theatres?

That hydro-electric and public utilities commissions operate on revenues generated through user fees, rather than municipal taxes?

That the origins of Ontario Hydro can be traced to an historic meeting in 1902, where some 25 participants contributed a total of $45 towards ways of looking at hydro-electric power in Ontario?

That about 60 municipalities in Ontario provide a total of some 7,000 non-profit housing units? That provincial subsidies for housing amounted to $28 million in 1984?

That a special Ministry of Municipal Affairs and Housing program, Municipal Action '85, provides grants of up to $50,000 to municipalities, to help them improve their operations through new management systems?

That there are 838 municipalities in Ontario? Townships, at 478, represent the majority. There are 144 towns; 119 villages; 49 cities; 27 counties; 11 regions; eight improvement districts; one borough and one metropolitan municipality.

That the total population of Ontario is 8.6 million? Eighty-one per cent of Ontario's people reside in urban municipalities, 19 per cent in rural municipalities. (Urban is defined here as a municipality having a population in excess of 5,000). The largest concentration is in cities, at 66 per cent, followed by townships at 15.9 per cent, towns at 15.4 per cent, villages 1.5 per cent, and 1.2 per cent in the borough of East York.

That the largest function in the municipal government system, next to general administration, is public works -- which employs 21,300? General administration, is public works -- which employs 21,300? General administration is carried out by 24,000 people: 15,500 work in health and social services; 15,200 in police services; 8,700 are employed by the fire departments (most are volunteer); 6,600 by parks and recreation and 4,950 in other areas.

That the total local government spending in Ontario exceeds $14 billion?

That there are 333 public utilities commissions in Ontario?

That there are 51 Children's Aid Societies and 43 health units in Ontario?

That there are 186 boards of education in Ontario, 75 of which are large boards of education? There are 50 separate school boards and 50 small boards in the North. A total of 2,104 elected trustees serve on these boards. Total education spending is $6.3 billion a year in Ontario.

ONTARIO HIGHWAYS... WE KEEP THEM OPEN. YOU KEEP THEM SAFE.

Clearing snow from our highways can be a 24-hour, seven-days-a-week job for those who drive the province's snow plows.

They work in the worst kind of driving conditions so people and products can keep moving across the province, even in the worst winter weather.

As soon as you see the snow plow's blue light, slow down. Be patient-don't try to pass. Help them do their job.

Then do your part: be extra alert, adjust your speed and driving tactics to suit weather and road conditions.

will continue. At the time of the accident the crew was snow-blowing the ice to remove a layer of fallen snow and crust which was preventing the complete freezing of the water to a safe depth.

"It all happened so fast," Mr. Arnold recalled. "Greg got off the tractor and said he'd have a look to see if it looked OK. Then he got about 25 feet on the tractor and I saw him go through. I don't know which of the two of us had the bigger look of terror on his face."

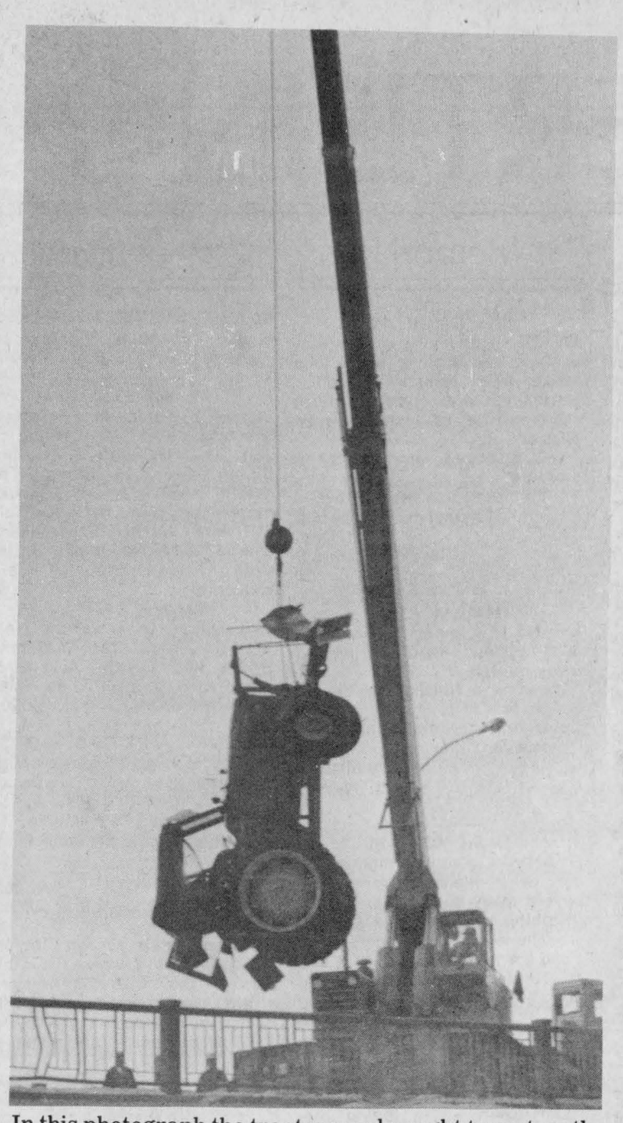
"I don't even remember pulling him out."

Saying he hoped the project could still go ahead he said "maybe we were a little over-anxious. I feel really sick about it".

"I hope this incident doesn't hurt the project, and yesterday was unfortunate. We just have to regroup, use a great deal more caution and take it as it comes."

Greg Sullivan, wearing dry clothes later on the ice, assisted Stan VandenBosch, also a volunteer lending aid, to hook the crane's sling to the disabled tractor. "There's my toque," yelled Greg, as he neared the gaping hole of water. After a few tries the tractor was successfully raised, the operation taking then only a few seconds.

The John Deere tractor was all but submerged with only the blade and one wheel showing above the surface of the river. The engine continued to run, sending up a spurt of water for about half an hour after the accident.
Record Photo-Hanrahan



In this photograph the tractor was brought to rest on the bridge. The operation took only seconds once the slings had been safely attached to the machine. The crane was brought from MacGregor Crane Service in Cornwall.

Deb's Delights
by Debbie Young

With Christmas over it's always fun to use some of the new items your favorite Santa gave you. Mine gave me an icecream maker. I tried it out the other night using one of the recipes they gave. But it took a very long time to thicken. My friend, Chris, gave me the recipe that she always uses and really likes. She got it from her husband's Grandma. Most people know her by Grandma Hess but some may know her by Pauline. Anyway, winter time is the best time for making icecream, because you can just pack the maker with snow. But in the summer you can use crushed ice. Anyway I've tasted this kind out at the Hess farm and it's very good. So I am going to keep it in my file as my favorite homemade icecream recipe. By the way, I've used up all the recipes that our readers have sent in to me, so I need some more help. Please send in your favorite recipe and you can be sure it will be printed. We really need your support. Until next week - keep on cooking!

GRANDMA HESS' HOMEMADE ICECREAM

6 eggs separated (beat eggs whites until stiff)

Also beat the yolks in a separate bowl.

In a pot on the top of the stove blend the egg yolks with:

1½ cups sugar
1 tsp. salt
1 can Eagle Brand Sweetened Condensed Milk

Stir in pot just to heat, not too long. Pour mixture into icecream maker along with the stiff egg whites. The icecream maker has a line to indicate how far to fill it to. Fill to this line with milk. Then turn on your machine and mix until icecream is formed. This usually takes anywhere from half and hour to an hour. And there you have it - homemade icecream. You will never buy ready-made again.

As well as Torontair, the new airport will be used by Pem Air of Pembroke which has also planned a service out of Cornwall. The local airport is situated 15 kilometres east in Summerstown.

Before schedules are put in place both companies must file their plans with the Canadian Transport Commission. If approved, service will commence in the summer.

Silo fire at MPP's farm

MOOSE CREEK (Staff) - MPP Noble Villeneuve lost a third of the contents of a haylage silo as a result of a fire that burned for three days in the storage facility.

Fire-fighters were able to extinguish the fire Tuesday morning when a representative of the Farm Safety Council travelled from Arnprior to the family's farm here.

The fire was first noticed by Mrs. Elaine Villeneuve an hour after her politician husband had left the farm Sunday morning. Together with the hired man Mrs. Villeneuve investigated the fire which is though to have begun through an excessive heat build-up in the haylage. The silo also contains corn silage.

Asked why the fire continued to burn throughout Sunday and Monday unchecked Mrs. Villeneuve replied "I could not allow the firemen to go in there without breathing apparatus."

"And I wanted a member of the Farm Safety Council on hand as well when they went into the silo," she added.

Mrs. Villeneuve estimated a total 20 to 25 feet of haylage was affected by the smoke, leaving the remaining 40 feet in acceptable condition. The Villeneuves run a farm which currently comprises 30 head of beef.

Mrs. Villeneuve kept a worried eye on the progress of the smouldering fire during the two days while she waited for the farm safety and insurance personnel to arrive at the farm. The fire was safely extinguished yesterday although fire fighters were forced to shovel the ruined feed out of the silo by hand.

Noble Villeneuve, a beef farmer and real estate appraiser, is MPP for Stormont, Dundas and Glengarry.

OSNABRUCK CENTRE (Special) - The regular meeting of the Osnabruck Centre WI was held at the home of Mrs. Ronald Neville on Jan. 3 with 12 members and 1 guest present.

The roll call was bring an antique for identification. The minutes of the last meeting were read and the treasurer's report given. The secretary read the correspondence which was a letter about the leadership pursuits course to start Jan. 25 in Finch. This will replace the Rural Seminars for Vital People. A letter was received about our fees and dues, and a letter read from Charlotte Johnston, President of FWIO.

It was moved by Betty Neville and seconded by Rita Coney that we send $50.00 to the UNESCO Safe Water for All project that is being supported by the Institutes during the period 1980 to 89.

Guest speaker Flora Dumouchel, an auctioneer from Ingleside, gave an interesting account of her experiences at the Reech World Wide College of Auctioneering in Mason City, Iowa. She also told of her other experiences as a heavy machinery auctioneer in French, in Montreal. She then answered questions and closed with a lively example of her auction chant.

The birthday present this month went to Sharon Duprau, Betty Neville won the surprise package and Mrs. Annie Ferguson won the antique guessing game. Current events were discussed by all.

Mrs. Erma O'Neil and Mrs. Hazel Warner served a delightful lunch, Verla Gallinger thanked the hostesses and the meeting was adjourned.

Finch seniors' club meets

FINCH (Special) - The Finch senior citizens held their annual Christmas party in the beautifully decorated Community Hall Dec. 18. Seventy-one members and guests including Father Michael O'Brien, Rev. and Mrs. Doug Henry and Rev. and Mrs. Phil Gaudine were present for a sumptious dinner.

After the blessing by Father O'Brien, the dinner was served by six young area ladies.

The entertainment, co-chaired by Lindsay Hutt and Mae Price, consisted of a number of Christmas readings and poems. Two grand old solos, 'Jerusalem' and 'O Holy Night' were beautifully rendered by Ethel Robson and Nellie Anderson respectively. Lillian Graham (alias Art Linkletter) gave a hilarious reminder that 'Kids Say the Darndest Things.' A medley of Christmas favorites was presented by Nellie Anderson, Marguerite MacLean and Velma Rombough. 'The Dancing Duo', Ken Hummell's Highland Lassie' and Burns Hutt's 'Dour Scotsman' with Loressa Hummell at the piano, drew rounds of applause. A comical skit, 'Samuel's Proposal,' by Lindsay and Margaret Hutt completed the program.

Santa arrived and gifts were distributed to everyone. The Queen was then sung, bringing a very entertaining and enjoyable afternoon to a close.

Next meeting will be held January 8.

The minutes of the November meeting were read and approved. Two minutes of silence were kept in memory of our deceased member Orma McElheran.

The Editor's Notebook

There's no doubt about it, food is becoming more expensive. We all complain about it but hardly anyone ever does anything about it. Well maybe, tighten the belt or switch from lobster to shrimp, little budget reduces like that.

The new prime minister, though, seems to have solved the food price problem in the same manner his predecessor did. Foist the bill onto the public.

By week's end, though, Mr. Mulroney allowed as how he planned to pay for his family's food bill out of his own pocket. He said he would reimburse the government in monthly installments rather than paying for the food as used.

The former prime minister received a bad press for allowing the taxpayer to pick up the tab both for his food and the salary of his children's nanny. Mr. Mulroney, when he was opposition leader, agreed that was bad form and such nefarious practices would never be perpetrated by him, should he reach the pinnacle of power.

Word has reached the press, though, that the Mulroney nanny, transported from Montreal to Ottawa with the winning of the Tory leadership by Mr. Mulroney, is being paid through public coffers since he became prime minister.

This information about the Mulroney food bill was obtained through a Canadian Press request in November under the Access to Information Act, regarding the Mulroneys' food and entertainment expenses.

On May 7, 1984, Mr. Mulroney said in a taped television interview he would not continue Pierre Trudeau's practice of sending the government his food bill. During the same interview he said taxpayers would not have to foot the bill for his nanny.

The French have a saying for it. The more things change, the more they stay the same.

The significant reduction in the crime rate in our area is one of the best seasonal gifts we could benefit from as a community. With a drop of 38 per cent in criminal occurrences in the district served by the Winchester detachment of the Ontario Provincial Police citizens have something to thank the police for.

As well, the proliferation of awareness among the community is commendable and one of the manifestations of this type of thinking is the organization called Neighborhood Watch. There is some evidence in Nepean, for instance, that the presence of this group has assisted in a very large drop in similar crimes there.

Something distressing, though, is the instance of armed robbery locally -- five incidents this past year and five in 1983. With hard economic circumstances perhaps leading individuals to perform desperate acts on the one hand, there are still the hardened criminals for whom handguns and other weapons are commonplace.

The October bank robbery in the village which followed a similar theft a week or so earlier at South Mountain is bringing dangerous crime much too close, in a much too familiar pattern with what happens frequently on city streets.

Let's hope the crime level doesn't rise in 1985.

About two o'clock on Wednesday the town of Russell was alarmed by the cry of fire and on investigation it was discovered Mr. L.O. Wood's bakery was burning. Mr. Sinclair announced that personally he did not intend to enter the United Church.

On Monday evening the "Hurricanes" girls team of Williamsburg were entertained by the "Cyclones" of Chesterville and quite a storm was centered at the local rink for an hour of furious play, resulting in a win for the visitors by two goals to none. Johnny Flynn controlled the whistle and could not see the necessity of taking time off when the goal-keepers insisted on powdering their noses. The Chesterville team was composed of Misses Bea Merkley, Goal; Eva Gillissie and Mabel Barret, Defence; Rae Dixon, Centre; Edith McAvoy, Right; and Florence Flynn, Left.

Saturday night when Nestle Hockey club invaded Finch for a league game almost two hundred supporters came with the team and were treated to a most strenuous struggle. Over coming a lead of 4-1 beginning the last period Nestles soon evened up the score by running in the three counters before the whistle blew and landed the winning goal after ten minutes of overtime. One of the most sensational plays of the game was made by Jarvis when he went up through the whole Finch team, but got a little too close to McMillan and struck his pads when he shot, allowing McMillan to clear.

The Farmer's Wife

by Wyn Thompson

Nobody asked me but...the one thing that appears of late years to be wholly predictable in eastern Ontario during the dying days of each year is the weather. It is predictably bad, but never boring. At no other time of year do we get such a variety of weather patterns.

Take Christmas day of '84. It was a grand day for loving. A white blanket encrusted with diamonds was laid over our valley just in the nick of time to assure us of a picture postcard Christmas. The air was soft and gentle.

Sometime in the night a cold north wind replaced the gentle air and temperatures plummeted. Fresh snow swirled and a watery sun scowled down upon us.

I buckled on my skis ready to do battle with the elements. I'd show them. I'd take my daily constitutional as usual. I got to the top of the hill, to the farm lane, to the back of the barn. My face was freezing. I pulled my toque lower, my scarf higher, Lady whimpered and held up a pathetic paw. Irish, fifty yards away, stopped to see what was keeping us.

We inched forward. Irish took off, red ears flying like sails in the sunset. I stopped. This is crazy, I said to no one in particular. We turned, came down the northern hill and skied the lawn for an hour.

Next day the gentle air came in waves. There was a warm breeze like the kiss of a fairy queen touching my check. Fog moved in. That afternoon we made it north to the end of a country lane. To an eerie land of grey and swirling mists...not a twig moved, not a bird stirred. I like such a day, I decided then and there. Totally immersed in nature's mellow mists, the world and its problems seemed far removed.

We stood a while enjoying the quiet. Irish returned from chasing an imaginary rabbit. "Come on, let's go," she barked. Lady whimpered, "it's time to go home...my arthritis is killing me."

The rain began. The fog remained. No plane flew. Cars were advised to stay off the roads. Next morning we awakened to a rain-drenched world. Fog swirled about us until night pulled down her final curtain. Looking out a west window after a late dinner, I saw a plane banking slightly to the north in preparation for a landing at Ottawa International. "The planes are flying again," I announced.

"It was clearing when I came over from the barn," the Farmer replied, "fortunately just in time for the holiday travellers."

A bright lemon sun rose over the bush across the way on New Year's Eve. I opened the door. On a warm day in winter everything talks. I heard a chickadee chattering. I heard a bluejay. I saw frost shining like fallen stars on the tall weed-stems at the bush's edge. Maybe the calm before the storm, I decided, as I closed the door.

New Year's Eve was good for moving about. We went to the neighbor's for a visit, returned home early, and slept soundly. We awakened to a great, devil-fingered wind howling out of the east as we made our way to the farm buildings next door. It was clawing at our eyes and whistling in our ears. It was clattering the branches of the trees across the way, rattling and banging them together until they sounded like groups of dancing bones.

It was licking the snow off the hill and whirling it down into our little valley, whirling it over and around the Farmer and me until, at times, though we were walking only a few feet apart, we could hardly see each other.

We pulled our heads down into our coat collars. We laid our chins on our chests. We hunched our shoulders up over our ears and staggered on, the Farmer to the barn and me to check the farmhouse. Finding that all was well, I started back home. The wind was behind me, pushing me along like a pair of big cold hands, flattening my parka against my haunches, cramming the skirt of it between my legs. "I poured myself a cup of coffee, sat and listened to the storm still howling like a demented tom cat in the open land beyond our sheltering hill.

I arose and got breakfast. The door opened, "It's quite a day," said the Farmer when he could see and hear and breathe again.

"Quite a day," I nodded.

For a while we didn't talk much. Though neither of us would admit it, it was going to be a day to be reckoned with. The young chap who was to help the Farmer with the chores didn't appear until mid-morning and then was in none too good shape when he did. The stable cleaner was turned on before it was loosened and, of course, the chain came off in the spreader at the east end of the barn, of all places. Who had to fix it? You guessed.

Well, there was snow to be plowed and blown out of the way as well as the tending of a one-hundred-plus herd of cows. Number two son, his wife and children, arrived in relays by snowmobile, attesting to the beastly weather conditions. Their arrival was a pleasant surprise, so some time later we all sat down to a steak dinner. The Farmer then collapsed for a brief rest before beginning the afternoon and evening round of chores again. After supper the storm abated and he began plowing and blowing snow again so that the milk truck could get in the lane in the morning. Such was our New Year's Day!

Today the second day of the new year is a grand day for living, I tell the green-grocer as I pick out a few fresh vegetables.

"In the old days," he said, "according to the old folk on our concession line, weather was weather. Summer was in the summer time and winter was in the winter time. But now, they say, the weather is like the world. It is all mixed up. It doesn't know whether it is coming or going."

"It's upsettin'," I said as I bid him a Happy New Year, and moved on.

MP on trade committee

OTTAWA (Staff) - Rookie Stormont Dundas MP Norm Warner has been appointed to the trade and economic affairs committee in the Mulroney government.

In a parliamentary report delivered yesterday Mr. Warner noted that he was pleased with his appointment. He added that the committee was is one of the oldest in the House of Commons, dating back to 1867 when it was known as the Banking and Commerce Committee. The committee is active in examining such matters as customs and excise, import policy, competition policy, and the administration of major departments such as finance, national revenue, regional industrial expansion and international trade.

Mr. Warner noted that the committee so far has heard and examined reports presented by Sinclair Stevens, James Kelleher, Michael Wilson and Barbara McDougall.

The standing committee on finance, trade and economic affairs also examines departmental spending estimates, bills and specific subject matters on an order of reference.

Mr. Warner also announced that he has been appointed an alternate member of the indian and northern affairs and privileges and election committees. "Many issues with which these committees deal affect Stormont, Dundas and Charlottenburgh Township," Mr. Warner said in his newsletter. "I am pleased to have the opportunity to present local issues in this forum."

Award of Merit presented by SFA

MONKLAND (Staff) - Dorothy Middleton of Crysler was recently the recipient of the award of merit given by the Stormont County Soil and Crop Association.

The prize was given to recognize a contribution made on behalf of the agriculture industry through Mrs. Middleton's lobbying and through her articles in Farm and Country.

Mrs. Middleton is a member of Women for the Survival of Agriculture, an organization based in Winchester which promotes the interests of rural women and farmers.

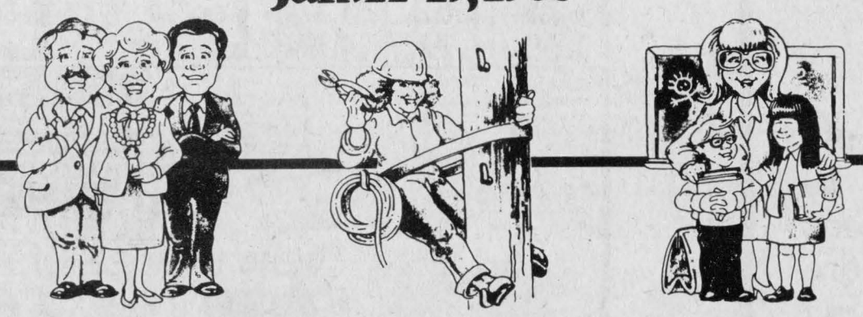
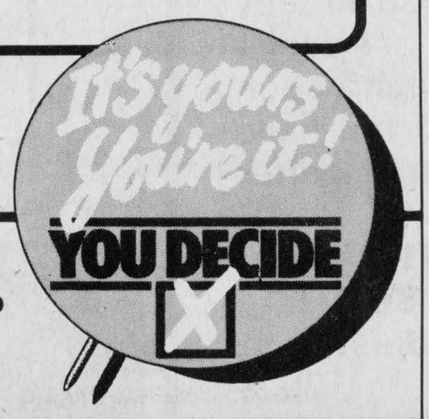
Jan.14-19,1985


Local Government Week is your opportunity to learn more about how local government works for you. Take advantage of the special events and activities being offered in your municipality, to find out more about the people — elected, staff and volunteer — who work on your behalf.

Municipal councils, school boards, hydro-electric and public utilities commissions are all involved. Find out what's happening in your community and remember, as a citizen, you have an important role to play.

Ontario

It's yours. You're it. You decide.



Area residents have been out in full force at Chesterville's Becker's Store on King Street to purchase Lotto 649 tickets. Last week's prize for the weekly draw was unclaimed, and this week the total is expected to reach close to $10-and-a-half million. The odds of winning the prize are 14 million to one, according to lottery officials, but that didn't stop David Byers of Crysler purchasing a ticket from Beckers clerk Aleta Martin on Monday. And for a $1 chance at $10 million who can blame him?. Record Photo-Maskell

Ticket sales soar for 649 draw

CHESTERVILLE (Staff) - The fever has hit again.

There were no winning tickets for last week's $8.8 million Lotto 649 grand prize, and this Saturday's jackpot is estimated at a cool $10.4 million.

Area residents seem to issue the same sentiments as others who gamble on the game -- they feel that someone has to win.

The lottery machine at Beckers in Chesterville has been hot with action, and at press time Beckers manager Bryan Martin said that 536 Lotto 649 transactions had gone through the computer for this week's draw. Mr. Martin said that last week business was doubled, and this week the early birds have been out to avoid the last minute rush. He added that on Sunday, usually a poor lottery day, the store did three times as much ticket business as usual.

Lotto 649 players choose six numbers between one and 49 and black them out on a card available at lottery outlets. The card is fed into a computer and a printed ticket with the combination of six numbers is produced.

Lottery officials report that there are about 14 million combinations of six numbers between one and 49. But despite the 14 million to one odds, people are still willing to put out a dollar for a chance.

Last year at this time Lotto-649 hysteria hit when the jackpot reached $13.9 million. The Interprovincial Lottery Corporation changed the rules of the game last spring, and now more money is diverted from the jackpot winnings to the second prize. Lottery officials report that this week's jackpot would have been about $17 million by now if the rules had not been changed.

Mr. Martin said that ticket sales are good for business as people who purchase 649 tickets usually pick up something else in the store. "We've also had a lot of first time customers being introduced to the system...it gets people into the store."

Sales of Lottario tickets (a game where players choose six numbers between one and 39) have been high this week also, Mr. Martin said, as last weeks to prize was not claimed.

Mr. Martin said that some people take cards home to fill out, and others just pick out numbers at random on the spur of the moment. "Some buy one ticket, and others fill out sheets of tickets...it just depends on the person."

Chesterville Rotary

By Allison Graham

Another enjoyable meeting but with a reduced attendance was held. Mrs. Espinoza's meal was delicious and the meeting started with a sing-song led by Chuck with Doris Cross at the piano.

President Jan Roosendaal congratulated two Rotarians - Chuck Adamson on the arrival of a new daughter, and Jack Cross for receiving the Order of Canada.

Leon Marcellus reported on the delivery of the Christmas baskets. Local organizations contributed to the effort and twenty-one families were helped. Leon was very pleased with the co-operation and enthusiasm shown by so many helpers.

Rotarian Bob Gilroy was the speaker of the evening. He told of his month long stay in Ireland last July. He, along with some seventh other Ontario teachers, took a summer course at Trinity College in Dublin.

At the completion of his course at Trinity, he rented a small car and toured the countryside. His slides showed many aspects of the Irish way of life. In some places sheep and ponies wandered on country roadways but no one became excited. While many of the farmers use modern methods, the old style of farming persists and some farmers still deliver their milk by horse and two-wheeled cart.

Bob provided us with a very enjoyable program for which he was thanked by Lloyd Grose and presented with a jar of Nescafe.

Mark Guy's goal nets win in Alexandria

ALEXANDRIA (Staff) - Mark Guy's powerplay goal in the third period, gave the Flyers the win in Thursday night's penalty-riddled game against the Alexandria Glens.

Jean Lauzon and Mike Campeau set the play for Claude Cleroux's goal at the 7:07 mark of the first period. The Flyers could not score in the first period and entered the dressing room with a goose egg.

The first period saw only four penalties with the Flyers getting one, while the Glens were served with three.

With 10:45 on the clock, Vince Cousineau initiated a play for Terry Barkley, which was his first goal of the game, and came when the Flyers were shorthanded. Mark Guy was in the penalty box at 11:48 for slashing. This tied the score 1-1 for the Flyers.

Darren Kelly then set the play for Barkley's second goal, which surprised Glens goalie Mike Seguin who was on his knees at the time with the puck whizzing by him into the lower right hand corner of the net.

With 7:35 on the clock, there were game misconducts with five minute fighting penalties going to the Flyers' Shane Morin and the Glens' Daniel Sabourin. Morin also got an additional charging penalty for two minutes, which was served by Gary Beishem.

With two men short on both sides, Jean Luc Menard passed the puck over to Mike Campeau for the Glens' second goal at 5:30. Darren Kelly of the Flyers and Yves Poirier of the Glens were off at 6:55 for roughing.

Second period ended with nine penalties, including the game misconduct, going to the Flyers with the Glens receiving seven penalties, including the game misconduct.

The third period was filled with penalties, eight going to the Glens, who seemed to spend much of their time in the penalty box and were just on the ice for the sole purpose of looking for trouble.

John Guy and Vince Cousineau for the Glens' second goal at 5:30. Darren Kelly of the Flyers and Yves Poirier of the Glens were off at 6:55 for roughing.

The third period filled with penalties, eight going to the Glens, who seemed to spend much of their time in the penalty box and were just on the ice for the sole purpose of looking for trouble.

John Guy and Vince Cousineau combined on a powerplay with 3:48 left to play in the game, setting up Mark Guy to unleash a fantastic slapshot, which blazed past goalie Seguin. This goal gave the Flyers the game. Glens' Alain Menard was off for tripping and stepped onto the ice just as the goal entered the net.

"The refereeing wasn't up to par and was inconsistent," Flyers coach, Mike Armstrong said.

"We got a good practice in powerplays due to the third period. Sometimes you only play as well as the team you play against. It was only a matter of time until we did score because they were playing shorthanded through most of the third period."

Shane Morin (hidden), a recent new player to the Chesterville Junior C Flyers and Alexandria's Daniel Sabourin were penalized for fighting and were both thrown out of the games with misconducts. Morin got an additional penalty for charging, which was served by Gary Beishem. The Flyers managed to net a win with the help of Mark Guy's powerplay goal late in the third period, making the score 3-2 with less than four minutes to play in the game. Including the game misconducts, both teams drew together a total of 31 penalties with around 50 minutes in total. The game was played in Alexandria, Thursday night.

Keith Armstrong nets 10, leads Atom C's to victory

WINCHESTER (Staff) - Keith Armstrong led the Atom C's scoring 10 goals last Monday, in a tournament in Spencerville and took the final game with a resounding 7-2 win over Edwardsburg.

The first game in Spencerville pitted the Atom C's against Russell with Keith Armstrong scoring all five goals in the 5-1 hockey game.

David Empey assisted in the first goal and combined on a play in the second goal with Aaron Peebles.

Russell's lone goal came in the third period off Brad McMahon's blade and was assisted by Gregoire Seguin.

The second game was a walk-over for Chesterville as they beat Athens 5-0 with Jason Desormeaux scoring the second and fifth goals and was assisted by Richard Kelsey in his first and Michael Barkley in the clincher.

Keith Armstrong scored the first goal unassisted, while Cees Roosendaal scored the third goal from a pass by Aaron Peebles. Desormeaux and Barkley combined on the play, setting up Shawn Steinburg for the fourth goal.

It was early in the first period final game, when Aaron Peebles and Keith Armstrong combined on the play, setting up Cees Roosendaal to flip the puck past Edwardsburg's goalie Kelly Thomson. Roosendaal then did the setting for Aaron Peebles at the 9:52 mark of the first period.

Lisa Cook and Julie Dukebeu combined to set up Sharon Taylor to put Edwardsburg on the board in the first period.

Keith Armstrong blasted the puck into Thomson's net unassisted, making it 3-1 in the early part of the second period. Desormeaux then passed the puck over to Shawn Steinburg as he whizzed the puck into the Edwardsburg net with 3:04 on the clock in the second.

With 1:39 left in the period, Roosendaaal passed the puck over to Armstrong for his second of the game.

Armstrong scored goals six and seven back to back in the third period. Robby Dowell assisted in the sixth goal, while the seventh was unassisted at 9:08 in the third period.

Cory Piker and Sergel Merkley set the play for Edwardsburg's with 57 seconds on the board, making it 7-2.

Chesterville Atom C's deprive Alexandria of title

WINCHESTER (Staff) - Keith Armstrong, captain of the Chesterville Atoms, scored three goals, including the winner, to lead his team to a 4-3 victory over Alexandria for the championship of the Atom C hockey tournament held here last Thursday, under the auspices of the Wichester and District Minor Hockey Association.

Trailing 3-2 going into the final period the championship game, Armstrong scored two unassisted goals in the third period to win the game. He scored at the 11:09 mark of the third period to tie the score at 3-3, and then with only 28 seconds left on the clock, he netted the winner.

Alexandria took the lead at 7:10 of the first period, but young Armstrong got this one back at 5:26 on a play set up by Michael Barkley.

Alexandria took a 2-1 lead at 7:06 of the second period, but Chesterville came back at 8:03 to tie it again with Aaron Peebles getting the goal and Armstrong and Jason Desormeaux the assists. The youngsters from Glengarry then scored again with 9:10 left in the second period to take a 3-2 lead into the final frame, which Armstrong eliminated with his two third period goals.

Winchester's No. 1 team, after losing to the Winchester No. 2 team 5-3 in the opening game of the tournament, won the consolation side of the draw with a 2-1 win over North Glen-Stor. To reach the consolation final they blanked Metcalfe 4-0 while North Glen-Stor earned their berth in the final with a 5-2 win over Brockville.

The Winchester No. 2 team, after defeating the No. 1 team 5-3 in the opener, fell 5-2 to the champion Chesterville squad in their second game of the tournament. This win put Chesterville in the championship game against Alexandria who had reached the final with a first round 8-0 win over Brockville and a second round 6-0 shutout over Russell.

First round competition saw Winchester No. 2 defeat Winchester No. 1, 5-3; Chesterville down Metcalfe 5-0; Russell drop North Glen-Stor 5-1; and Alexandria blank Brockville 8-0.

In the 'A' series Chesterville stopped Winchester No. 2, 5-2. Keith Armstrong collected two goals and an assist in the game with other Chesterville scores going to Michael Barkley, Aaron Peebles and Case Roosendaal. Scoring for Winchester were Jason Fawcett and Matt Gordon, with Clinton Holmes and Philip Brisebois picking up assists.

In Winchester No. 1's first consolation round game they had little trouble disposing of Metcalfe by a score of 4-0.

They had a 1-0 lead at the end of the first period; 2-0 at the end of the second; and then struck for two more goals in the third for the 4-0 win.

Notching goals for the winners were Brendan Bumbaco, John Mallows, Erin Berry, and Michael Spear.

The game for the 'B' championship was much tighter, however, but two goals by Erin Berry provided the margin of victory in the 2-1 win over North Glen-Stor.

Berry put his club in the lead at 11:02 of the first period with Cody Mayon getting the assist. North Glen-Stor came back a few seconds later, at 11:41, to tie the score at 1-1. Berry scored the winner at 14:58 of the second period when he was set up for the goal by Cory Fluke.

The Chesterville Atom C Flyers recorded a double victory last week taking the A finals in a tournament in Winchester as they downed Alexandria 4-3 and last Monday they defeated Edwardsburg 7-2 in a tournament in Spencerville. Including the tournaments, they have a record of 18 wins, 1 tie and no losses. From left to right, front: Neil McLeod, Aaron Peebles, Peter Forrester, Jason Desormeaux, and Keith Armstrong. Middle: Shawn Steinburg, Michael Barkley, David Empey, Cees Roosendaal, and Jamie Francis. Back: Peter Armstrong, Cliff Steinburg and Mark Peebles.

Ormond is holding onto second place with their 6-0 brushing over of Newington with the Newington team in last place. Toyes Hill beat the lower standing Osnabruck 5-2, which gave Toyes Hill sixth place and Osnabruck seventh.

The third ranking Morewood team blanked Finch 4-0, and places Finch in fourth position. Dunbar creamed the fifth place Crysler with a score of 7-2, which means that Dunbar remains undefeated in first place.

Keith Young started the ball rolling by passing over to his left-winger Dan McDiarmid who blasted the ball into the Newington net, giving Ormond a 1-0 lead.

With 6:44 registering on the clock it was Young again setting the play as he whisked the ball over to Bob Acres playing defense. Minutes later, Ian Linton set Rob Templeton up for a powerplay goal, making it 3-0 as the period ended.

David Markell was warming the penalty box for boarding at the 5:00 mark.

Early in the second period, right-winger Paul Petersen whacked the ball over the Linton who banged it past Ron Whittaker, the net minder for Newington.

Young got his second goal of the game as he whisked the ball into the net with 14:03 on the board in the second period. Doug Sloan made the assist on Young's goal.

Sloan again did the setting as he whacked the ball over to Dan McDiarmid who brushed the ball between the posts at the 12:41 mark of the second period.

With Bill Steele and Dean Hansma both netting a pair of goals, Dave Holmes caught the jazz and got the clincher for Toyes Hill.

Dean Hansma caught a left-wing pass from Ted Bongers, bringing the score to 2-0 in favour of Toyes Hill. Bongers again passed the ball over to Steele for his second goal of the game at the 5:26 mark of the first period.

Osnabruck entered the second period with a goose egg, but it didn't last long as Allan Briman whacked the ball over to Dale Heagle on rightwing.

Osnabruck's second goal came from centre Larry Durge's broom, which came from a John Cesor pass.

The Morewood-Finch game was rather one sided as Morewood blanked Finch 4-0.

The lone first period goal came from Pat Van Gurp's broom from a Gerald Ebby pass.

Brian Como caught a right-wing pass from Van Gurp and brought the score to 2-0. Seconds later, Como brushed the ball over to Ebby for Morewood's third goal.

The clincher was a solo effort by John Stewart at the 11:29 mark of the second period.

The last game was a walk-over as the first place Dunbar team killed the fifth place Crysler team, 7-2 with a four-goal, second period scoring blitz.$

Crysler got the jump on the Dunbar team as Paul Fournier brushed the ball over to centreman Steve Boucher at 17:15 of the first period. Larry Gallinger caught a pass by Gary Gallinger, making it 1-1. Winchester downs Metcalfe, claims A final in Chesterville tourney

(Staff) - Chesterville Atom B's hosted a tournament on Sunday, but were knocked out in two games at Chesterville arena.

Winchester downed Metcalfe in a closely fought battle for the A final by a score of 4-2, while Alexandria took the B final with a 3-1 win over Cornwall.

In the early games of the tournament, Chesterville was beaten by Winchester, 6-2 and edged out of a win by Cornwall 3-2.

Brad McDonald's overtime goal gave Alexandria the B final with Luke Murray and Patrick Sauve assisting.

The first and second periods went by with both sides exchanging scrambles around their nets, but were unable to put the puck between the posts.

Things got tense around the 2:41 mark in the second period when Alexandria's goalie Donald Glaude was slightly hurt and was helped from the ice. Ian Kirton came onto the ice to mind the net.

Alexandria's Brad McDonald and Patrick Sauve combined on the play, allowing Luke Murray to put the puck between the pipes with a wrist shot past Cornwall's goalie Mark Snelgrove. This gave Alexandria the lead at 11:45 of the third period.

Late in the third, Cornwall's Brad Pecore tied it 1-1 with an unassisted goal, which meant that a five minute overtime period was required.

Jason Ouellette gave Winchester the A final with 22 seconds left to play in the third period, downing Metcalfe 4-2. Tim Freeland and Aaron Sherrer assisted in the play.

Joe MacEachern initiated a play, allowing Adam MacDonald to score with a wrist shot, firing the puck past Winchester's goalie Mike Klein-Swormink.

Winchester's Tim Freeland came back and set up Kevin Williams tying it 1-1. MacDonald retaliated with an unassisted goal with 8:49 left to play in the period.

Troy McNaughton put the rubber between the pipes with an excellent shot into the centre region of the Metcalfe net. Ouellette and Freeland assisted in the play for the lone goal in the second period.

With 7:30 on the clock in the third period, Ouellette broke the draw with an unassisted goal.

The money that was raised from the food that was sold and the 50-50 draw will go towards entering future tournaments.

"The tournament was excellent, we were very pleased with it," Atom B manager, Ed Decooman said.

"The teams were of even calibre and it was a closely fought tournament. It was the best Atom tournament in years."
