The Late Mrs. Tannie.

An old and highly esteemed citizen of this town, in the person of Jane Burleigh, beloved wife of Wm. Tannie, passed away on Tuesday of this week at the age of 50 years. Although the deceased had been in failing health for some time past her death was unexpected and came as a complete surprise to the community. The subject of this sketch was born at Iroquois on Oct. 15th, 1863, and was married to Mr. Tannie in 1909. Besides her husband she leaves to mourn her loss 5 brothers and 2 sisters, viz.: Chas. Burleigh, of Irena; John, of Iroquois; George, of Sault St. Marie: Nelson of Cardinal; William, of Fullerton; Mrs. John Barr, of Ogdensburg, and Mrs. George Broutmire of Cardinal. She also leaves her mother Mrs. Gordon Burleigh, of Irena. The funeral service, which was held on Wednesday afternoon, was conducted by Rev. Mr. Philip, who spoke highly of the christian life of the deceased. The remains were interred in Point Iroquois Methodist cemetery.—Iroquois News.

Brockville Won Silver Trophy.

Word has been received that Brockville has won the beautiful silver trophy donated by Mr. H. H Love, of Toronto, to increase interest throughout Ontario in the sale of Christmas stamps for the Muskoka Free Hospital for Consumptives.

The award was made on a percentage basis, Brockville being at the head of the the list in many points of the contest. And in competition with various towns and cities of the province stood second to Toronto in financial returns.

The contest locally was conducted through the Community Movement in co-operation with the Sunday schools and $127 in all was Brockville's contribution through this contest, which amount has been forwarded to headquarters.

Such work as this not only helps cure and relieve suffering from the dreaded white plague, but teaches the boys they can do things, that their share in the work, be it ever so small, will bring success to a worthy cause and develops the altruistic spirit so essential to true manhood.

Killed By A Gun Shot.

By the accidental discharge of a gun on Monday, Herbert Wright, aged twenty, son of John W Wright of Mille Roches, was instantly killed. The victim, along with his brother Arthur, went to work in a bush on a farm owned by John Ranson, and took with them a 22-calibre shot gun. At the lunch time Arthur went home for his meal but Herbert went out to do some shooting. On his return from lunch Arthur could not find his brother, but presumed he had gone off shooting and thought no more of the matter. Towards three o'clock their dog came along and appeared excited. Arthur followed the animal and discovered the body of his brother lying in the snow. He had tried to get over a wire fence but the trigger of his gun caught and the gun went off, killing him instantly.

A union service in the interest of missions was conducted in the Presbyterian church last evening by Rev. S. A. Woods and W. H. Stevens. A similar service takes place in the Methodist church on Saturday evening.

A Happy Gathering.

A number of nieces, nephews and brothers of Mr. W. J. Johnston of this place, gathered at his home on Thursday evening of last week and spent a very enjoyable time. During the proceedings an address was read and a morris chair presented to Mr. Johnston.

Farm Land Sales Booming

Large transactions in land have taken place in this vicinity recently.

Mr. W. F. Empey. of Montreal, has purchased Mr. John Alford's farm south of the village; also that part owned by the Allison Stock Farm lying south of the Finch road, east of the Alford place. About 15 acres to the south of this, owned by Mr. Parnham Allison and Mr. C. H. Johnston, and a strip of land to the west of the Alford farm from Joseph Fisher.

This will give the Empey brothers a very fine block of land, containing over two hundred acres. We undersland it is their intention to establish a stock farm, paying particular attention to Holstein cattle.

Mr. G. B. Allison persuaded Mr. Empey to locate here, showing him the advantages of having a stock farm in a community so well advertised in this way already.

The Allison Stock Farm has purchased Mr. C. H. Johnston's place containing about seventy acres, which will be a splendid addition to their present property.

Invited For Fourth Year.

The following resolution was unanimously carried at a meeting of the Quarterly Board of Trinity Methodist Church of this place, held on Monday of last week:—

"That we, the members of the Quarterly Board of Chesterville Methodist Church in regular session here assembled, extend fo our Pastor, Rev. W. H. Stevens, our hearty invitation to return to this circuit for another year. Our relations with him during his three years ministration have been most cordial and his labors have been unceasing and always for the best interests of the church and the community at large. And now that his efforts have been successful in bringing so near a close our indebtedness,—a work carried on by him with untiring energy and great executive ability—we consider it would be eminently fitting that he should occupy our pulpit for the fourth year; and we also feel that he is in a better position than any other minister could be to assist us in clearing off the remaining financial obligation which we feel sure he will accomplish if allowed to remain.

That a copy of this resolution be forwarded to next conference and our representatives attending same be instructed to do all in their power to secure the acceptance of our invitation."

The Woman's Institute.

The Chesterville Woman's Institute were entertained by the Morewood branch on Tuesday afternoon. The programme given by the Morewood ladies was an excellent one. Mrs. Myers read a paper prepared by Mrs. Hutchinson on "the curing of meats." Mrs. McCormick gave a splendid paper on "patriotism." Mrs. Myers and Mrs. Wilson added very much to the pleasure of the afternoon by musical selections.

After the programme the visitors were invited to the home of Mrs. Geo. Bogart, when the Morewood ladies sustained their high reputation of hospitality by serving a beautifully prepared supper.

The members of the Chesterville Institute returned home feeling they had spent a very pleasant afternoon.

A committee appointed by the Council of Chesterville, will wait upon the electors of the village in the course of the next ten days, for the purpose of ascertaining the amount of electric power they would require; also how many lights they would guarantee to take. This was considerable advisable by the board, as it would aid materially in the matter of securing electric power. The citizens will please give this matter their earnest consideration.

Personal

Mr. Karl Munro of the Molsons Bank, spent over Sunday in Montreal.

Mr. Roy Merkley of Montreal, spent Sunday with his parents, Mr. and Mrs. Philip Merkley.

Mr. and Mrs. Blake Barkley of Calgary, Alta., are visiting Mr. and Mrs. J. C. Simser of this place.

Mr. and Mrs. J. W. Darling of Williamsburg, spent a few days of last week at the latter's parental home.

Mr. G. W. Bogart, being on the committee for the furnishing and equipment of the House of Refuge, Cornwall, was called there on Tuesday.

Dr. Samuel Gamble Dies Suddenly.

Samuel Gamble, manager and joint proprietor of Murphy-Gamble Ltd., of Ottawa, died of heart failure in a local hospital there Tuesday afternoon. He was being prepared for an abdominal trouble. Deceased came here from Montreal 22 years ago, as manager for John Murphy & Co., drygoods, later being taken into the firm by his father-in-law, Mr. Murphy.

He leaves a widow and three children.

Died In The West

The people of this place were shocked on Tuesday morning when the report was circulated that Joe Sam Kyle had died in the west, and which later proved to be true.

The deceased, until recently, lived at Cannamore, where he carried on the business of farming, and that of the best type, for he had a hobby for fine stock in cattle He had been in the west for several months and returned here about the New Year to visit his family, but after a couple of weeks stay, again returned to the west, and the news of his sudden death was an awful shock to his family and friends.

He leaves to mourn his death, a wife and three children, and a host of friends.

The remains are being brought here, and it is expected will arrive about Sunday.

The bereaved have the heartfelt sympathy of the whole community in this sad calamity.

Montreal has more than five thousrnd cases of measels.

Raised $200,000 for New Wesleyan College Building.

(From Montreal Witness)

The scheme to build and further ennow a new Wesleyan Theological College in Montreal on the site of the present college building, adjoining McGill University, was successfully launched at a banquet of about 100 representative ministers and laymen, presided over by Mr. G. F. Johnston last evening at the Montreal Club.

After dinner addresses were made, the first speaker being the Rev. Principal Smyth. He gave a statesman like deliverance, describing briefly the needs and possibilities of this institution, whose object was training of ministers for the field at home and abroad. Dr. Smyth said that the present premises were totally inadequate and defective, being originally planned for 29 students, while the present enrollment was 42. He paid a glowing tribute to the memory of former principals. Doctors Douglas and Shaw, and declared that they had both foreseen the day when such a building as now designed would become a necessity It was absolutely impossible to go on with the work under the existing condition. The Montreal Conference at the session of June, 1912, had given its unanimous approval of this movement, and Montreal Methodists were taking the lead to-night in a scheme for which it was expected there would be cordial and substantial support given by the various churches and congregations throughont its bounds.

The general superintendent of the church, the Rev. Dr. Carman, made a fiery and impressive appeal in the interests of this effort now being made to place the Wesleyan Theological College upon a new and better foundation. He believed that it would snceed, and cordially promised a contribution. His speech provoked vigorous and hearty applause. The Rev. Drs. Young, Sparling and Graham (secretary of education) followed in speeches, which strongly advocated the need of better equipped building, and increased endowment if this college was to do its work in efficieutly training and sending into the field men who would with intelligence and devotion support the great interests of the Divine Master's Kingdom.

The chairman then called for three-minute speeches from members of the Board of Governors, Messrs Wm. Hanson, J. W. McConnell, Dr. F. G. Finley, Lorne C. Webster, C. C. Holland and others. These utterances all breathed a note of devotion to the interests that are supreme, some recalled the memory of sainted mothers and ministers under whom they had been nutured and who, if living, would most assuredly, cordially and in a true spirit of sacrifice support this undertaking'

The final proceedings were the most interesting, namely: That of organizing teams and soliciting subscriptions. When shortly before midnight Mr. Johnston read the list it was seen that the large sum of $202,610 had been subscribed, many of the large subscriptions being given on condition that a total list of $300,000 would eventually be reached.

For many months some of the most prominent laymen of the Board of Governors of Wesleyan Theological College, including Principal Smyth and Messrs G. F. Johnston, Wm. Hanson, J. W. McConnell and C. C. Holland who form the executive have had this question under consideration and have literally worked night and day to bring the movement to a successful issue.

While realizing that there is still a work before the captains of teams, the workers, ministers, and members of ontlying congregations in raising the last $100,000 aimed at, they are gratified and have faith that the Methodism of the Montreal Conference will loyally rally to the support of this great effort. Inasmuch as the appeal of the College is backed up by the unanimous resolution of the Montreal conference and the clarion call of the General Superintendent of the Church, it is confidently expected that during the week ending Feb. 23rd, every congregation within the bounds of the Montreal Conference will report subscriptions and collections to the general treasurer, Mr. C C. Holland, 519 St. Catherine street west.

The subscriptions promised were as follows:

J. W. McConnell	$50,000
William Hanson	25,000
G. F. Johnston	25,000
C. C. Holland	25,000
Lorne C. Webster	25,000
A Friend (from Quebec City)	25,000
Geo. B. Allison	5,000
A. O. Dawson	5,000
H. H. Lang	5,000
J. W. Knox	1.000
A. Homer Vipond	1,000
W. F. Empey	1,000
James McBride	1,000
John Leslie	1,000
W. H. Goodwin	1,000
J. H. McKeown	1,000

PLEASE PUBLISH MY TESTIMONIAL

So Other Sufferers Will Take "Fruit-a-tives" And Be Cured

Gratitude — heartfelt gratitude — prompted this letter. Madame Langlois was so thankful to "Fruit-a-tives" for restoring her to health and strength, that she gladly allowed her letter to be published.

MADAME VALERE LANGLOIS

ST. ROMUALD, QUE., SEPT. 23rd. 1912.

"I have pleasure in stating that I have been cured of severe Dyspepsia and Chronic Constipation by using "Fruit-a-tives." I was a terrible sufferer from severe Constipation for many years, and I tried every remedy I heard of, and also was treated by physicians without any permanent benefits.

Then I tried "Fruit-a-tives", and this fruit medicine has completely cured both the Constipation and Indigestion.

I cannot praise "Fruit-a-tives" enough".

MADAME VALERE LANGLOIS.

Ninety Years of Age, But Neither Looks Nor Feels It.

(Montreal Herald, Feb. 6th.)

"Fresh air—that's the medicine to take It knocks spots out of all the doctors. If you want to live to a good old age drink deep of this air." And as he spoke Mr. Hiram Empey of 2087 Clarke street, who is just ninety years young, inhaled deeply of the nipping morning air and strode along with the step of a man forty years younger.

Mr. Empey was born on Feb. 5th, 1823, at Aultsville, Ont. That made him ninety years old yesterday. And to celebrate the event he had his children and his grandchildren and his great-grandchildren and his great-great-grandchildren all about him. There are forty-one of these "kids." Some of them are sprouting chin whiskers and moustaches by this time, it is true but all his "boys and girls" he says.

"Well, sir," he said today, "it may be, like the poet says, that the man who smokes thinks like a sage and acts like a Samaritan and lives as long as anybody else. But I counsel moderation in smoking and drinking and an excess of fresh air. No homeopathic dose—but live in the fresh air.

"Every age has its pleasures. The greatest pleasure an old man can have is walking. I'll wager I am the best walker—of my age in this city. I feel as fit as forty." And Mr. Empey looked it. His eye is bright, his step quick and his carriage as erect as a sapling.

Mr. Empey has been a resident of Montreal for seventeen years, coming here from Aultsville. In 1857 he married Miss Mary O'Brien, also of Aultsville, and the couple were blessed with eight children, all of whom, happily, are still living.

Twenty-six grandchildren and seven great-grandchildren next came to grace the latter years of the pair. There are even great-great-grandchildren now. On the ocassion of the celebration of the sixtieth anniversary of the marriage of Mr. and Mrs. Empey practically every desendant of the nonagearian was present.

The death of Mr. Empey's wife six years ago was a heavy blow in his waning years. But as he hopefully expressed it today he hopes to live to a hundred and the sunshine brought into his latter days by the succession of children to the fourth generation is the mainstay of his declining years.

Shocking Accident Near Cardinal

Friday morning just before eleven o'clock, a sad and fatal accident occurred on the Grand Trunk Railway at a public crossing a short distance west of Cardinal station, and at a point where the International Limited would be running at a high rate of speed, in fact at a place where the fast train would be making its best in order to make its connections at Prescott and Brockville, which are among the few stops that it has to make.

The victims were Mrs. John Grant and Mr. Allen Brown. Both are residents of the 4th concession ol Edwardsburg, and neighbors. Mr. Brown was driving into the village and kindly took Mrs. Grant along, who desired to do some shopping there. All went well until the approach to the crossing was made. They were seated in a buggy with the top up. Mr. Brown wore a cap pulled over his ears, and near the crossing looked out to see if all was clear, but owing to the fact that the cap prevented him from hearing the approach of the fast moving train in time to avert the accident, the buggy was struck with great force, and its occupants were hurled into the ditch.

The train was immediately stopped. Engineer Conrad applied his brake when he saw the predicament those driving were in but owing to the conditions was unable to prevent the tragedy.

Both bodies were picked up but death had intervened.

Dr. Locke of Cardinal was called but the unhappy victims were beyond recall.

Dr. McPherson, Prescott, coroner, was notified.

Mr. Brown was about 55 years of age, and Mrs. Grant was aged 50 years.

The train was in charge of Conductor D. White, of Toronto and Engineer Conrad.

The body of Mr. Brown was badly mangled, more especially about the head. Portions of it being carried some distance.

Mrs. Grant while injured internally did not show many exterior marks, only a few abrasions.

Sister Superior Perished in Ottawa Fire.

Ottawa, Feb. 14—Sister St. Simon, sister superior, connected with the Oblat Fathers' Scholasticiate, Ottawa East, lost her life in a fire at an early hour this morning, which destroyed the three-storey building adjoining the scholasticiate and used as a cooking house and linen room.

There was twelve sisters sleeping on the top floor, but eleven of them found their way to safety by the fire escape. The Sister Superior, who was on the same floor, but in a private room, was aroused and came out, following the others to the fire escape.

Just before she reached it she was heard to cry, 'I'm fainting,' and a minute later she fell with a scream. She was not seen again and all efforts to reach her were futile owing to the rapid spread of the flames, which beat back a party of priests who attempted rescue with ladders.

One of the nuus had a leg and arm broken by falling from a fire escape, and the others were painfully bruised in their hurried exit.

In the main building there are 77 fathers and brothers, but the fire did not reach it. The sisters were all from France the Sister Superior having come to Ottawa only last September. Previous to then she had been in South Africa though her home was in Brittany, France.

The building was located in a large park on the outskirts of the city, about a thousand feet from the nearest hydrant, which made the work of the firemen slow and wates pressure poor owing to the long stretch of hose. It was therefore impossible to save the structure.

It is considered fortunate that under the circumstances the other eleven sisters succeeded in escaping without assistance. The origin of the fire is not known.

The remains of Sister St. Simon have not yet been found in the debris.

Lost His Life In Saving His Brother

Kingston, Ont., Feb. 13.—The death occurred at the General Hospital this morning of Edward Hayes, son of Mr. Edward Hayes of Deseronto. The boy was only eleven and his death was due to rheumatism, contracted when he jumped into the river at Deseronto last autumn to save his brother from drowning. He saved his brother, but had been a great sufferer ever since.

Three men lost their lives in a fire which destroyed the Matabanick Hotel at Elk Lake early Saturday morning.

His Royal Highness the Duke of Connaught visited the Six Nations Indians at Obsweken and received a civic address from Brantford.

Niagara Falls Board of Health will compel every scholar to present a certificate of vaccination.

"IT DOESN'T" leave your dealer a big profit, . . .

But it does leave a lasting favorable impression upon the palates of all giving it a trial.

Trotting in Canada.

Toronto, Feb. 5.—Members of the Canadian Standard Bred Horse Association decided at their annual meeting today to organize a national trotting and pacing association similar to the American Trotting Association and the National Trotting Association, to control racing in Canada. A committee consisting of Messrs O. B. Sheppard and George Pepper, of Toronto, and James Cowan, of Cannington, was appointed to bring about the organization and incorporation of the association.

The decision is regarded by horsemen as one of the most important events that has happened for many years in the interests of the standard bred horse.

It is not the intention of the new association to become a money making concern. All moneys from racing, membership fees, etc., after paying the legitimate expenses of conducting the association, are to be used to advance the interests of the standard bred horse in both breeding and racing.

Another important matter was dealt with. The Government is bonusing owners of thoroughbred stallions who, for a nominal figure, place their horses at the disposal of farmers in certain districts.

Ex-Mayor John Chamberlain of Collingwood died at his home there after several weeks' illness.

NO RHEUMATISM THIS WINTER

Thanks to GIN PILLS

DON'T you want to have ONE WINTER free of Rheumatism?

Don't you want to enjoy life as other men enjoy it?

Don't you want to eat and sleep and work as healthy, normal men do, instead of being all crippled up with Rheumatism or Kidney Trouble?

Then take GIN PILLS and conquer your old enemy for good. Mr. Beaudry did, with the help of the GIN PILLS.

597 Panet St., Montreal, P.Q.
March 29th, 1912

"It affords me great pleasure to inform you that I have used GIN PILLS for about six months, and that they have done me a great deal of good. I have had Rheumatism for a couple of years, and this winter I saved myself from it by using GIN PILLS. I highly recommend GIN PILLS to the public."

A. BEAUDRY.

Thousands of boxes of GIN PILLS are sold every year through the influence of those who have been cured, and who recommend GIN PILLS to their friends and neighbors. If you are subject to Rheumatism, Kidney or Bladder Trouble, start in right now on GIN PILLS.

50c. a box, 6 for $2.50. If you want to try them first, write for a free sample to National Drug and Chemical Co. of Canada, Limited, Toronto. 148

Added Three Imported Percheron Mares to his Stock Farm.

The unloading of three purebred French Percheron mares here on Friday last was the cause of great interest among the lovers of good horses, all conceding that they were the best ever seen. They have exceptional qualities for such large horses, their conformation and action being unusually good. The largest of the three is a four-year-old, and weighs 2186 lbs, while the other two-year-olds are over 1900 each. Two of these mares are in foal.

Mr. Allison has ordered a champion stallion that has never been beaten in the show ring. It will be here shortly and Mr. Allison purposes gettiug seven more mares. The farmers will appreciate this, as there has not been a very high-class Percheron stallion in this dsistrict in 20 years. Mr. Allison is to be commended for his enterprise in improving the stock of horses in this county. And has commenced right in laying the proper foundation by always purchasing pure bred mares as well as stallions.

Probably there is not a stock farm in Canada that possesses such high class horses for the use of farmers. Dalton King has not an equal in this country as a Hackney; nor has Arlie B., a three-year-old standard bred, and with this latest addition the farm will now have about 55 head, including brood mares and fillies.—Morrisburg Leader.

When to Advertise

There's nothing on earth so mysterious and funny as an advertisement, says an exchange. The prime, first and last, and all-the-time objects of advertisement is to draw custom. It is not and never will be designed for any other purpose. So the merchant waits till the busy season comes and his store is so full of costumers that he can't get his hat off, and then he rushes to his printer and goes in for advertising. When the dull season gets along and there is no trade he wants to sell his goods, he stops advertising. That is some of them do; but occasionally a level headed merchant does more of it and scoops in all the business, while his neighbors are making mortgages to pay the gas bill. There are times when you couldn't stop people from buying everything in the store if you planted a cannon behind the door and that's the time when the advertisement is sent out on its holy mission. Advertisements are built to do hard work, and should be sent out on dull days, when a customer has to be knocked down with hard facts and kicked insensible with genuine reductions and dragged in with irresistible slaughter of prices before he will spend a cent. That's the end and aim of advertising, and if ever you open a store, give them your advertisement right between the eyes in a dull season and you will wax rich. Write this down where you'll fall over it every day. The time to draw business is when you want business, and not when you have more business than you can attend to already.

Want Morals Taught In Public Schools.

Toronto, Feb. 18—The local legislature may be asked to include a course in morals in the public school curriculum as the result of a meeting yesterday of the Methodist Ministerial Association, where it was decided to meet the ministers of all denominations in Toronto with a veiw of sending a delegation to the government.

This action followed an address by the Rev. E. A. Lancey, pastor Howard Park Methodist church, in which he advocated authorizing a text book on morals founded on the Bible, and arranged to suit every grade in the public school.

A movement is on foot to take a religious census of Cornwall. It is proposed to divide the town into forty or fifty districts and to invite volunteers to undertake the work. The day for the census taking has not yet been set, but will probably be about the last week in February. Printed forms will be issued and the work will be made as simple as possible. This movement was spoken of several times in recent years, but never assumed any definite form before.

An Ottawa woman, a member of the W. C. T. U., who wrote a letter to President-elect Wilson, of the United States, expressing regret that he is reputed to take on occasion a little wine, has received a diplomatic reply thanking her for her letter and hoping her confidence will not be misplaced. The lady of the Canadian capital did not show much wisdom in her action. A smaller man than Mr. Wilson might have felt insulted and told his foreign correspondent to mind her own business. Had he done so only the busy-bodies would have blamed him.

R. C. Miller a Prisoner in the Tower.

Ottawa, February 18—Mr. R C. Miller, of Montreal, and former president of the Diamond Lighting & Heating Company, refused to answer the questions put to him this afternoon by the Speaker of the House of Commons at the instance of Mr. Middlebro, chairman of the Public Accounts, Committee, and tonight he is a prisoner under the guard of the sergeant-at-arms and two members of the Dominion police. He was put in custody following the demand of Mr. Middlebro when the prisoner had refused to answer his question as whom he had paid the sum of $41,026 for the purpose of securing Government contracts for his firm from 1907 to 1911.

There were filled benches and crowded galleries to witness the scene. Even the most jaded members of the House accustomed to incidents of more than ordinary import were on the qui vive and the House resembled a school, where the good boys were about to witness the punishment of a delinquent pupil. Mr. Miller was summoned to the bar of the House at 3.15 and Mr. Middlebro was seated next to Premier Borden. Mr. Miller, when the question was put to him, requested to be represented by counsel, which was granted to him. Mr. George Kidd, a local barrister retained by Mr. Stephens, Montreal, in his counsel robes, joined him and when the question was again put, counsel answered that on his advice his client refused to answer, on the ground that such action might tend to incriminate him and because the question constituted an unwarranted interference with private business.

Those People Called Hornerites.

(To the Editor of the 'Witness')

Sir—Will you please grant me the privilege, through the columns of your paper of correcting an erroneous idea some people have. It is beneath the dignity of respectable people to use the nicknames and phrases of the street rabble. We expect nothing better from them, and consider it a badge of honor to be hooted at as Hornerites.

But, sir, I am convinced there are many good people in this city who call us Hornerites because they think it is our name and do not know any different. The name of our institution is the Holiness Movement Church. We were incorporated under this name by act of Parliament in Ottawa a few years ago. We have the same rights and privileges as all other churches in the Dominion of Canada.

Our Ottawa Conference numbers in the neighborhood of one hundred preachers and evangelists. We also have a conference in Manitoba and one in Alberta. Our work reaches as far west as Vancouver. It is spreading rapidly in New York State. We have a conference in Manitoba and fifteen missionaries and thirty native preachers. We have four missionaries in China and a growing work in Ireland. We are moving on, and must be recognized as a factor in the great work of bringing a lost world to the feet of the world's Redeemer. Thanking you in advance.

T. H. BRADLEY.

Note.—The name Christian was at first a nickname given by outsiders to the followers of Christ, but they adopted it 'as a badge of honor.' The name Quaker was given, as our correspondent says, by 'agents of the devil;' but it has come into common use. Those to whom it is applied call themselves members of the Society of Friends, but often, in speaking for the public, have to add the name Quaker so as to be understood. The name Plymouth Brethen is strongly repudiated by the group of saints known by it. But it is the only name by which they are known. Where there is a thing, people will be sure to give it a name that those they speak to can know it by. It is well however, that the public should know and use the official name by which this singularly zealous body of Christians desire to be known.—Ed.

Mr. R C. Miller, former president of the Diamond Light & Heat Co., Montreal has been summoned to the bar of the House of Commons to tell why he refused to explain statements of his to the Public Accounts Committee.

School Board Meeting.

At a meeting of the Chesterville Continuation School, held in the Bank of Ottawa on the evening of Feb. 12th, the following members were present;—W.H. Casselman, B. Coyne, W.A. Durant, C. Fulton, I. Garrow, G.F. Johnston and F. McCloskey.

Moved by F. McCloskey, seconded by W. A. Durant, that secretary hand minutes of meetings to editor of local newspaper.

Moved by F. McCloskey, seconded by B. Coyne, that Toronto School Supply Co's drafts for $28.95 be paid,

Moved by G. F. Johnston, seconded by B. Coyne, that F. McCloskey, C. Fulton, W. A. Durant and W. H. Casselman, be a committee to make arrangements to dig a well, secure piping to school, with fixture, etc. Tile in well to be 18 inches wide.

Moved by B. Coyne, seconded by G. F Johnston, that I. Garrow and F. McCloskey be a committee to confer with Mr. R. McCormick re account.

Moved by F. McCloskey, seconded by I. Garrow, that secretary requisition village council for $600 grant.

Moved by G. F. Johnston, seconded by B. Coyne, that meeting do now adjourn.

Crazed Elephant Loose.

There was wild excitement in the city of Watertown, N. Y. last Thursday when a performing elephant of an indoor circus became crazed by the cold and breaking loose ran wild through the streets. Pandemonium reigned for a time and there were many very narrow escapes from serious if not fatal injury as the big animal disported itself along the highways. The elephant, known as Ella, was being loaded on to a train in the railway yard when it broke loose. She first spotted the plant of a brewing company into which she went headfirst, taking the door with her and then proceeded to scatter the case goods with the sound of breaking glass resounding around her. The employees and office force ran out and through four-foot snowdrifts to safety. From the brewing company's plant the animal tore through the streets causing two bad runaways and then almost trampled down a woman and her daughter, leaving a trail of wreckage in her course. Eventually the huge animal smashed the doors of the state armory, wading through the bleachers which had been erected for a wrestling match, and rammed into a glass partition that shelters the guns and accoutrements of Company C.

Two thousand men led by five employees of the circus, armed with spiked poles followed the animal through the streets. Firemen and policemen joined in the chase though keeping a safe distance. Finally John Robinson owner of the animal arrived and by strategy succeeded in quieting the crazed brute. Another elephant was brought to which it was hitched and the runaway was led quietly back to the railway yard and on to the train without further mishap.

On and after Feb. 17th, 1913, the following hours will be observed by The Bank of Ottawa and The Molsons Bank, Chesterville, Ont.:

10 a.m. to 3 p.m.

Saturdays 10 a.m. to 1 p.m.

Send News Items to Record.

Men and Missions—Meetings in Chesterville Saturday and Sunday.

At Trinity Methodist Church next Saturday evening and Sunday important meetings will be held in the interest of the great Missionary enterprise. Two laymen, Messrs. G. F. Johnston and W. H. Goodwin of Montreal, who havebeen closeiy identified with the laymens

MR. G. F. JOHNSTON.

missianary movement, which is now about five years old, are to be the speakers.

The methods advocated by the laymen has given a great impetus to the work of missions.

The following table will show gifts to missions by Canadian churches in 1911-12:

Anglican	$353,762.00
Baptist	292,842.00
Congregational	52,061.00
Disciples	11,626.00
Evangelical Association	12,974.00
Lutheran	17,861.00
Methodist	870,408.83
Presbyterian	808,637.00
Salvation Army	17,636.85
Other congregations	75,000.00
Total	$2,512,809.68

The total in 1908-09 was $1,492,-660 00, an increase in three years of 66⅔%.

The remarkable increase has largely been the result of the personal attention given this work by the laymen. While it is a large sum reaching the millions it is not yet what it ought to be in view of the increased wealth of Canadians. In 1867 with a population of 3,500,000 the bank deposits were $33,000,000 while in 1911 with a population of approximately 8,000,000 the bank deposits were $980,433,788. Mr. Moody the great Evangelist used to say "Next to leading a man to Jesus Christ, the best thing you can do for him is to get him to consecrate his wealth to the Master."

While the Secretary of the laymen's work writes: "The best

MR. W. H. GOODWIN.

things for which we stand today are: a nation held true to the highest ideals; more men willing to give time to the church's problems; higher ideals of stewardship; many large gifts and all giving something; greater intelligence; more prayer. These are the things for which the laymen's movement in Canada has stood for ffve years and stands."

On Saturday evening at 8 o'clock a union service will be held in Trinity Church, at which Mr. Johnston and Mr. Goodwin will give addresses. At the public service Sunday morning Mr. Johnston will speak and at the afternoon session Mr. Goodwin will speak to parents, teachers, officers, scholars and others, and at the public service Sunday evening Mr. Goodwin will be the speaker.

Dominion Alliance Convention

This year's Convention of the Ontario Branch of the Dominion Alliance promises to be one of the largest and most interesting in the hisiory of that organization. Sessions of the Convention will be held in Massey Hall, Toronto, on Wednesday and Thursday, February 26th and 27th.

Single fare return rates on all railways from all points in Eastern Canada will obtain on the Convention plan, good going from Feb. 21st to Feb. 26th, and good returning any time up to and including Monday, March 3rd.

Of the 835 municipalities in the Province of Ontario, 501 are now dry, or will be, as a result of the recent voting, and the movement throughout the Province has certainly gained much in strenght during the past twelve months.

A feature of the Convention will be the roll call of counties on Wednesday afternoon, when the condition of affairs in each county will be briefly stated by the County President or other representative.

Thursday morning and afternoon will be given up entirely to business. This will be brought before the Convention by reports of committees and discussion thereon,

The Convention will be closed by a Reception, Band Concert, and Public Mass Meeting, on Thursday evening, Feb. 27th A social reception will be held and refreshments will be served from six to eight, during which time the noted Staff Band of the Salvation Army will give a concert in the main auditorium of the Hall. This will be followed by a Public Mass Meeting which will be addressed by Rev. John McNeell, the recently inducted Pastor of Cooke's Presbyterian Church Rev. Father L. Minehan, and Mr. F. S. Spence, president of the Dominion Alliance. Solos will be rendered by Mr. H. Ruthven Macdonald, the noted baritone and Douglas Stanbury, the boy singer.

In connection with the Convention there will be an Art Loan Exhibit of a very valuable series of paintings, entitled "The Drunkard's Children," by the noted English artist, George Cruikshanks, also an Exhibit of Scientific Diagrams and Charts.

The conclusions of this Convention will be of the utmost importance of future temperance work in the province of Ontario.

Pure Bred Cattle For North Ontario

The Ontario Department of Agriculture has begun to put into effect its comprehensive plan for live stock improvement in Northern Ontario. For months past the department has been organizing live stock improvement associations in the North, prepartory to supplying them with pure bred animals for breeding. The start has now been made with Timiskaming, five pure bred Shorthorn bulls selected with a great deal of care at various points in Older Ontario.

Four of the bulls will be sent to the lower section of Timiskaming, one each to New Liskeard, Thornloe, Hanbury and Haileybury, while one goes away north to Montieth.

While under the live stock improvement plan different breeds of cattle will be encouraged in various localities, preference being given to Shorthorns owing to their advantages both as milkers and as beef cattle. Other cattle are being purchased by the department to supply the local associations in the westerly districts.

Dairymen's Convention.

The annual convention of Dairymen's Association will be held at Cowansville on the 26th and 27th instant. There will be afternoon and evening sessions on the 26th and morning and afternoon sessions on the 27th.

A seed fair will be held in connection with the convention. There will be two grain judging competitions in connection with the exhibit.

The following speakers will address the convention: Hon. Martin Burrell, Minister of Agriculture; Dr. James W. Robertson, J.A. Ruddick, Dairy Commissioner; J. H. Grisdale, director, Experimental Farm; Geo. H. Clarke, Seed Commissioner; John Bright, Live Stock Commissioner; Geo. H. Barr, chief Dairy Division; C. Sweet, Seed Branch representative.

The Hon. J. E. Caron, Provincial Minister of Agriculture, has promised to attend or to send a substitute. The representatives for the counties in both the House of Commons and the Legislative Assembly are expected to be present.

The seed fair opens at 10 a.m. on Wednesday, 26th of February.

The convention will open at 2 p.m sharp. The first speakers will be Dr. Robertson and Mr. Grisdale, both of whom will be obliged to leave at 4 o'clock.

G. W. BOGART, - - Chesterville, Ont.

FINCH

Mrs. Fred Hoople is visiting friends at St. Ann's and also at Montreal this week.

Communion service was held in St. Luke's Presbyterian Church on Sunday morning at half past ten o'clock.

Dr. John McMillan of Montreal, spent a few days this week visiting at the home of his father, Mr. James McMillan, Maple Hill.

The death of an esteemed resident of this place, Mr. Duncan R. Forsyth, occurred on Wednesday, Feb. 5th, at the age of 49 years. Those who mourn his loss besides his wife, are his three daughters Cassie, Agnes and Hattie, and two sons Howard and Duncan Ross; also one sister, Mrs. Cowie, and two brothers, Messrs James and George Forsyth. The funeral took place on Friday afternoon to the Presbyterian Church. The pall-bearers were Messrs G. L. McLean, J. S. Merkley, A. J. McDongall, H. McMonigal, H. A. Nesbitt and H. Campbell. The friends present from a distance were: Mr. and Mrs. Frank Cowie and Mr. Jas. Forsyth, Ottawa; Mrs. T. Murphy and Mrs. T. A. Norris, Cornwall; Mr. and Mrs. John McMaster, Apple Hill; Mrs. John Hough, Mr. W. McMaster and Mr. and Mrs. Nathan Gunn, Miss Bessie Shaver, Avonmore; Mrs. Frank Hehir, Harrison; Mrs. Hugh McMaster, Apple Hill. A number of floral offerings were placed on the casket, including a wreath from the wife and family, pillow and spray from Mrs. Cowie wreath from Stanley McFarlane. The bereaved family have the deepest sympathy of the community.

Reces at Crysler.

Ice races at Crysler will take place on Wednesday and Thursday of next week, Feb. 26th and 27th. Two races each day. See posters for particulars.

Selecting Site For Kemptville Armory

Government surveyors have been in Kemptville for the last few days trying to select a suitable site for the new armary. Several lots have been picked out but nothing is yet picked out but proposed site.

Mr. J. G. Turriff of Assiniboia moved in the Commons for a redistribution bill to be introduced before the second reading of Premier Borden's navy bill.

The Grand Lodge of Orange Young Britons of British North America will convene at Kemptville on May 23rd, 24th, and 25th. The jurisdiction of the lodge embraces Newfoundland and British Columbia, and is expected that hundreds of delegates will be in attendance.

Markham township Liberals nominated Dr. Garnet McLean of Woodbridge as candidate for the next Federal election.

Huge Fortune Left To Three Local Ladies

Three Montreal ladies have come into huge fortunes this week through the death of their millionare uncle, Mr. David P. Ranken, St. Louis, Mo., whose will was filed yesterday in the St. Louis County Probate Court. The bulk of his holdings in stocks and realty, other than that bequeathed to Hugh R. Lyle, of University City, is left to Mrs. R. S. Logsn, wife of the vice-president of the Grand Trunk Railway, and her two sisters, Miss Mary and Miss Jessie Ranken all of whom are out of the city just now, Mr. and Mrs. Logan being on their way back from St. Louis, and the Misses Ranken in Bermuda.

The provisions of the bequests to the nieces bind them, on pain of losing every thing, not to give a single penny of their inheritance to their father or stepmother. In case any one of the nieces gives even the forbidden penny of the millions left them by their bachelor uncle to their parents, and the trustees learn of it, that niece is to be treated as dead, and her share diverts to her descendants.

This strange enmity carried beyond the grave extends also to Mary A. Ranken Jordan and her descendants, and to two paternal aunts of Mr. Ranken, who were long since dead when he made his will. They are Ann Ranken and Mary Patton, and the will directs that in case of the death of the other heirs immense property is to be divided by the trustees and the descendants of those relatives are to be treated as if dead.

The three nieces will receive about $1,500,000 each. The estate is valued at $6,000,000; $3,000,000 is in municipal bonds and high grade stocks. The other millions are in real estate in St. Louis and in Ireland. A complete inventory of the estate has not yet been filed.

A collection of diamonds, the total value of which is estimated at $100,000, are divided equally between Annie R. Logan Mary Ranken and Jessie Ranken of Montreal. In case of their death and the death of their descendants, the diamonds go to the trustees.

His fortune was made by shrewd speculation in real estate and in stock investments.

Major W.R. Bell, an agriculturist and officer, well known in the west, died at Winnipeg.

The British water experts engaged by Ottawa recommend Gatineau Lakes as a source of pure water for the city.

Pay or Publicity.

He was a North Country small tradesman who had just set up business for himself, and it was his dearest ambition to restrict his customers to paying cash, and that promptly. But, alas! there were a good many good souls who insisted on taking out credit books.

He began to feel very keenly that this sort of thing must be stopped before it went too far, so he posted up the following notice just inside the door of his shop where all could read: "Please don't ask for credit, as a refusal often offends."

But, alas! this delicate hint direct had no effect whatsoever, and the struggling small trader nearly tore his hair in vexation.

Next morning this notice took the place of the former: "The names and addresses of all those who buy goods at this shop and don't pay for them can be viewed in the credit ledger for the sum of twopence"

The result was little short of miraculous. The curious paid their twopences with avidity—just to see who owed—and inside a week every debtor had paid his account in full.

Horrible Murder.

Hamilton, Ont., Feb. 19.—The police this morning discovered tnat a horrible murder had been committed at 296 Ferguson Avenue, north, when the body of Casimir Linkiewitz, about thirty years of age, was found in the woodshed with his head almost hacked off. He was a boarder in the home of Mrs. Boyko. Mrs. Boyko also had a gash on the head. She was lying on the bed, and beside her was her husband, who appeared to be in a dazed condition. The woman was taken to the hospital, and the husband placed under arrest, being remanded in the police court without formal charge being laid. Lying beside the woman on the bed was a six months old baby, uninjured.

There were bloodstains on the floor of the house and it is thought that the murder was committed there either with an axe or a hatchet, and the body dragged to the woodshed.

Both Boyko and the dead man were employed as laborers at the steel plant. They had been drinking and are said to have reachen home late last night. Coroner Hopkins will hold an inquest.

It was reported this afternoon to the authorities that Mrs. Wasil Boyko, in whose home Casimir Linkiewitz's dead body was found this morning, was dying, and Magistrate Jelfs, through Anthony Yariosh, interpreter, took her statement. Her story was that Linkiewitz, who was a boarder, came into her bedroom, and struck her with an axe. Her husband came to the rescue, took the axe from Linkiewitz and struck nim. She did not know what happened after that. The husband who is a prisoner, was present while she made the statement, and told the same story as his wife.

Big Family Reunion.

Berlin, Ont. Feb. 19—One of the largest family re-unions ever held in Ontario is being organized at present by Wandell E. Shantz, of this city. It is proposed to gather descendants of Widow Shantz, her two sons and two daughters, who emigrated in Pennsylvania in 1807 and located on a farm one mile south of Berlin.

It is estimated that 500 persons will be invited to attend a monster picnic to be held at Victoria park in June. The Shantz amily is among the most prosperous residents of Waterloo. In addition to being successful farmers, descendants have distinguished themselves in the button industry and the professional world,

Herbert Wright of Mille Roches was instantly killed by the accidental discharge of a gun.

Homeseekers Excursions.

Round trip Tickets to Western Canada on sale March 4th, 1913, and every Tuesday thereafter until October 28th, at very low rates.

For Tickets apply to
CHESTER CASSELMAN
Town Agent, Chesterville, Ont.

Public Health to be Guarded.

If a section of the Factory, Shop and Office Building Act, introduced by Sir James Whitney, goes through the House unaltered, the employment of all persons suffering fram pulumonary tuberculosis, scrofula, venereal diseases and communicable skin diseases will be prohibited from working in any factory or shop covered by the Act in which food or food products are manufactured, stored or kept for sale. The employer who suffers any such person to work in his factory or shop is to be made liable to a heavy penalty.

A similar section is contained in the Bakeshops Act, one of the measures incorporated in the bill now before the House. But this section is narrow in its scope, covering only those employed in bakeshops. The section in the new Act will bring canning factories, cream and milk condensing plants, sugar refineries, etc., as well as the varied branches of the baking industry within its provisions,

The reconstructed Act contains aclause designed to strengthen the hands of the boiler inspectors by providing that all boiler insurance companies must make annual returns to the Department of Insurance and immediately notify the Department of any policy cancelled.

A minor change in the bakeshops section provides that no bread, cakes, buns, confectionery, etc., from outside the province may be sold or offered for sale unless with the written permission of an inspector. This is designed to ensure the selling in the province only of food that has been made under proper oonditions.

Robert Henry Stuart Dead

There passed away on Saturday Feb. 8th, 1913, after a lingering illness, an old and highly esteemed resident of Woodlands, in the person of Robert Henry Stuart. The deceased gentleman was born at Wales 86 years ago, and was a son of the late Murdock Stuart. The late Mr. Stuart was thrice married—1855 to Jane E. Shaver of Wales, who died in 1856, in 1861 to Margaret Smith of Cornwall, who died in 1862 and in 1886 to Agnes Wagner of Dickinson Landing, who survives him.

He was a man with a kind and genial disposition, well beloved by young as well as old—a man who will be greatly missed in the community. For many years he carried on a mercantile business and occupied the position as post master. In politics he was a Liberal. He is survived by his wife, two sons and six daughters—Dr. R. W. Stuart and J. R. Stuart, Warren, Pa.; Mrs W. E. Thom, Morrisburg; and Misses Lucester, Louise, Nell and Francis at home.

The funeral took place on Tuesday from his late residence to the Presbyterian Church and Woodlands cemetery. Rev. N. McLaren conducted the services. The pall-bearers were—Charles Bockus, Col. J. H. Bredin, Allan Baker, Noah Campbell, John Eamon, Thomas Vallence

Among the relatives present at the funeral from a distance were:—Dr. R. W. Stuart, Warren, Pa.; Mr. and Mrs. W. E, Thom, Morrisburg; Mrs. George Weagant Cornwall; Charles Stuart, Mrs. C. Robertson, A. Robertson, and Mrs. A. Robertson, Mille Roches.

A large number of floral tributes were received, among which were—wreath from Mrs. Weagant and Mrs. Wiggett, and spray from Mrs. C. H. Barber, Cornwall; wreath from Mr. and Mrs. Castle, Westport, and spray from the daughters at home.

The deepest sympathy is extended to the bereaved relatives.

CURE DANDRUFF FOR 50 CTS.

THAT'S CHEAP ENOUGH FOR ANY ONE

It's easy, and you take no risk. Go to W. G. Bolster the druggist, to-day, and get a large 50 cent bottle of PARISIAN Sage, the germ killing hair restorer.

If it does not cure dandruff in two weeks W. G. Bolster will give you your money back.

Notes on Bees.

The winter so far has been a remarkably easy one on bees wintered out of doors says Morley Pettit, the Provincial Apiarist. What is causing uneasiness at present is the naked condition of the clover. It remains to been seen how it will come through the freezing and thawing of spring.

Mice are reported to be bad in some parts and the little rascals can do a lot of harm in boxes where bees or combs are packed. They are very fond of honey and dead bees and will destroy combs to get access to either.

They also find the packing material nice for making nests right close to the cluster of bees. Of course this kind of thing would not be tolerated by the bees in summer, but now they are asleep and will not defend themselves but suffer heavy loss from being so disturbed. Wintering boxes should by rights, be mouse proof, but it is not always easy to have them so The alternative is a free use of mouse traps and poison.

Out of-door wintered bees must by all means be sheltered from cold winds. This is especially necessary on the approach of spring when brood rearing will be starting and all the heat possible must be retained in the hives to aid incubation. Remember that the brood chamber of a hive is an incubator whose temperature is kept up by natural heat generated by the nurse bees who "sit" on the eggs and young larvae. If the hive is cold the brooders have to sit closer together and cannot cover so many eggs or larvae.

If the hive is warm they can spread out and cover more brood. This means more young bees will be hatched in the same time. Then when summer comes there will be more workers in the hive to gather honey. Anyone who thinks about it for a moment will see why all hives should be kept warmly packed and sheltered from cold winds during what beekeepers call the spring breeding up time, right up to settled warmer weather.

On the other hand entrances must not be closed. There is that about bee nature which does not brood confinement and except when bees are screened in for moving they must have "free ingress and egress" to their hives. On bright, cold days it is well to shade the entrance however lest the sunshine tempt some bees to come out and be lost on the snow.

The winter is the time for purchasing and preparing next summer's supplies. New hives can be nailed and painted and old ones repaired. Loose joints in supers should be given extra nails, and, above all, every part of the hive which is exposed to weather should be well coated with a light colored durable paint. For covers, the most durable and satisfactory water-proofing is galvanized iron. Then for protection from hot sun in summ r aud cold spring and fall a cover should be packed.

One Kiss, $200.

Edmonton, Alta., Feb. 17—Two hundred dollars and costs is the price Patrick Algary, aged sixty-three, post-master and storekeeper at Villeneuve, near Edmonton, will pay Mrs. Jean Boulanger, aged forty, wife of a farmer of the same district, for a single kiss. She sued for $1,000 damages, and the case was heard in the Supreme Court this afternoon. Mrs. Boulanger was at the store at the time and was behind the counter looking at some goods.

The disc drill that can't stall

ANY disc drill economizes seed, time and labor as compared with other ways of seeding. But a FROST & WOOD CHAMPION excels all in accurate sowing, money-saving and the certainty of bigger crop-production. It sows right under hardest conditions.

Built with more strength than it will probably ever need. Continuous steel axle from wheel to wheel, with frame and seed-box solidly attached. Seed-box down low and easy to fill. Tested indexes tell just how much you are sowing. Champion does not compel you to fit the shift-lever precisely into such-and-such a notch. Vary the seed-feed to suit yourself—do it in a second. Champion disc hubs are really dustproof, and are fitted with ball-bearings same as a good automobile. Direct down-pressure on EVERY disc-hub avoids side-strain. No neck-weight on team.

Macdonald Agricultural College praises its CHAMPION DRILL. So do the Experimental Farms throughout Canada Profit by their experience

WOODEN culverts are unsightly, dangerous, expensive, short-lived.

Which kind of a culvert does your waggon cross?

DOES the road *you* use pass over rickety, dangerous wooden culverts, that are constantly in need of repairs and often washed away entirely? Or is it carried safely across the low places by modern, everlasting culverts? Build your

CULVERTS OF CONCRETE

which not only cannot be washed away, but actually grow stronger with age and use.

Every farmer owes it to himself to insist that the money he pays for road-taxes be spent to the best advantage. As a ratepayer, he is entitled to the best roads that can be made with that money. When culverts are washed out, and the road rendered impassable, he not only suffers inconvenience but may also be caused financial loss by inability to get necessary supplies in time for spring planting. And at best, with wooden culverts, part of the money that should be used to make better roads must be spent every year for repairs.

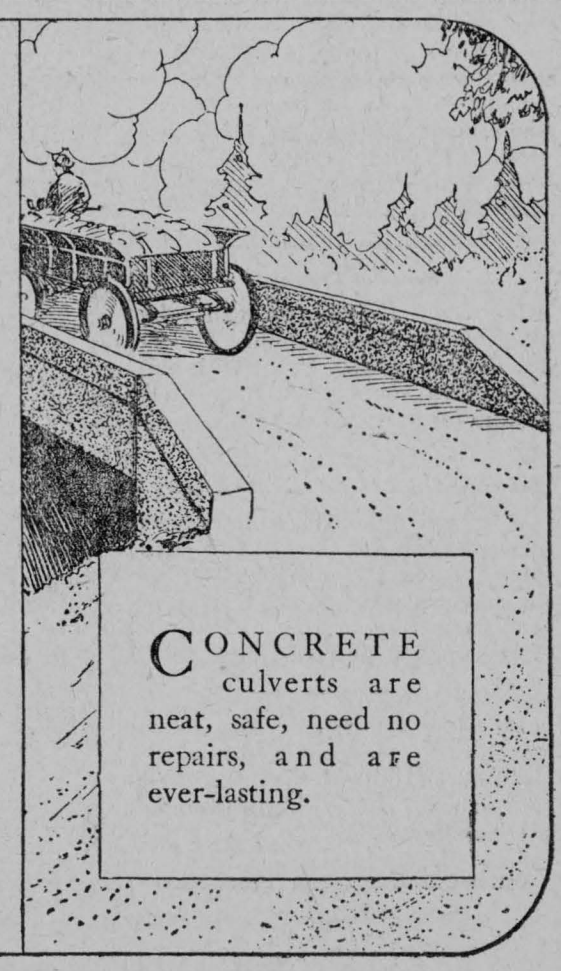

Insist upon Concrete Culverts

It will pay you and everybody else in your county.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of musceous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sead for circulars free.

Get Certificate From a Doctore Before Marriage

Toronto, Feb. 11.—If one, Dr. Forbes Godfrey gets his way—and he is going to make a hard fight for it—the man who wants to lead a fair and blushing bride to the altar will have to get possession not only of a marriage license, a ring, and a lady fair, but of a doctor's certificate to show that he is morally, physically and mentally fit to become a husband and the father of a family. And the bride will have to get a doctor's certificate as well.

All this means that the West York member is going to try to have his bill requiring medical inspection before marriage, approved by the Legislature, as a step toward preventing the marriage of persons with criminal tendencies and these with unsound minds. Dr. Godfrey made a hot fight in the Legislature, last session and received some support, although it did not come from the Ministers. Since then he has been busy drumming up evidence in support of the bill and expects to enlist a section of the House under his banner. In this he will have the strong support of the National Council of Women who waited upon the government some time ago to urge such a provision in the law.

The opposition in the House to Dr. Godfrey's radical bill comes not on the ground that it is unworkable. The members hold that no physician would be able to tell without a vast amount of inquiry, whether an applicant was of criminal tendencies or of mentally unsound stock. some members are ready to support a proposal that would extend the prohibition of all persons convicted of crime who are shown by medical examinations to be criminal through heredity, and all those who have ever been confined in an asylum.

Boy Of Sixteen Shoots Himself

Brantford, Feb. 14—Ewart Ruthbun, 16 years old, a boy employed by F. Casner in the Village of Harley, committed suicide last night by shooting with a shotgun. He had just returned from a skating party and retired to the barn, when a shot was heard. The discharge had pierced his heart.

His mother resides in the North-West, and the lad had at times been subject to brooding spells. No motive is known.

Dr. Edward Pardee Bucke of London, prominent in sport, theatrical and social matters as well as in his profession, succumbed to pneumonia in his thirty-eight year.

Mining Venture Largest In Years.

Cobalt, Feb. 14—Details in regard to the sale of the Booth and O'Brien nickel lands in and around Sudbury show that it is the biggest mining venture of the past four or five years in Northern Ontario. It is reported that the purchase price was in the neighbored of $9,000,000. There has been keen competition for the ownership of these nickel lands, the Guggenheim and international Nickel Companies both making offers, which at various stages of the negotiations, it seems, might be accepted.

The new entrants into the Canadian nickel fields are the French Rothschild, the pioneers of nickel mining and refining in Europe. They hold extensive concessions in New Caledonia, but the Sudbury deposits are so superior in both grade and extent that the International Nickel Company has been able to undersell them in the markets of the world for the past decade. Now that the market for nickel has shown such a remarkable expansion, the famous European house has decided to carry the war into the enemy's country, and to produce where the nickel deposits are most extensive and cheapest.

It is estimated that to compete successfully with the International Nickel Company, the French millionaires will have to make an initial expenditure of between five an eight million dollars.

The holdings purchased belonged to M. J. O'Brien, of Renfrew, and J. R. Booth, the millionaire lumberman of Ottawa. They have held a considerable acreage of nickel lands around Sudbury for the past ten or fifteen years, but last year they purchased the Northern Nickel range from the Superior Power Company and also took over the Murray Mine. This gave them command of all the valuable nickel land not already possessed by the Canadian Copper Company and the Mond Nickel Company. The Murray Mine, on being diamond drilled, proved to be a bonanza, it being estimated that there is now in sight at this one property alone five million tons of ore.

Died at Iroquois.

An old and much respected citizen of Iroquois passed away at about 1 a. m. on Wednesday morning, very suddenly of heart failure, in the person of Zimri Seely, in his 75th year. Dr. Johnston was called at 11 o'clock and prescribed for his patient, who rallied and appeared considerably better. But the Dr. had only been gone a short time when he complained of his inability to wind his watch and had hardly finished speaking when he passed away. He suffered latterly a great pain from his heart, but passed away into the great beyond quietly and without a wearying illness which was his wish. Mr. Seely was born at Mariatown on Aug. 15th, 1838, and moved with his parents to Kemptville in 1842, residing there until 25 years of age. On Jan. 15th, 1862, he married Charlotte Grant, daughter of the late Alexander Grant of Heckston. They moved to the United States in 1765, residing in different places in N.Y., state until 1876, when they came to Iroquois where they continued to reside ever since, and where Mr. Seely carried on a successful shoe business which his sons, Alex. and Harry, will continue. He united with the Presbyterian church, Morrisburg, in 1890, later joining Knox church, Iroquois, and was a regular attend ant at divine worship and took a deep interest in the church. In politics he was a staunch Conservative, and kept himself well informed on public questions, which he took pleasure in debating most intelligently and with uniform fairness to an opponent. Besides his widow he leaves to mourn his loss five sons, Alex. and Harry. of Iroquois: Almon, of Clyde, N.Y.,; Cassius, of Lockport, N. Y., and Herbert, of Peterborongh, Ont. One daughter died 23 years ago.—Iroquois News.

Christmas Will See Trains Running on New C. P. R. Line,

The C. P. R's. Montreal-Toronto line will, according to Mr. C. W. P. Ramsay, engineer in charge of construction, be finished by the first of next December. A force of 3,000 men and 23 steam shovels was at work last month. The new line strikes off to Toronto from the present line at Glen Tay, where the double track out Montreal has its end, 143 miles from Montreal, and 183 miles from Agincourt, which is 13 miles this side of Toronto. Seventy per cent, of the grading has been finished and 65 per cent of the bridge work. At Trenton there is a viaduct 1,600 feet in lenght and at Port Hope is a bridge 1,700 feet long.

The new road will run through such towns as Whitby, Oshawa, Belleville, Newcastle, Port Hope, Coburg, Grafton, Colborne, Trenton and Brighton. For eight or ten miles west of Trenton and near Colborne, the G. T. R., the C. N. R, and the C. P. R, lines will be running directly side by side.

Three Fatalities at Elk Lake Fire.

Elk Lake, Ont., February 16.—Another has been added to the lives lost in Saturday morning's fire at Elk Lake when the Matabanick Hotel and several other buildings were destroyed. The complete list of dead is—

William Wilkinson, caretaker.
Rebt. Stovey.
Ed. Edofee, prospector.
J. Ecker.

The injured are.—

Jos. Fletcher, Gowganda, burned on head and feet.

Edward McClellan, Elk Lake, burned and feet frozen, condition critical.

Jack Fraser, Elk Lake, had hip fractured.

The fire started about 3 o'clock Saturday morning in the kitchen of the Matabanick Hotel and spread over a considerable distance before it was discovered. A blizzard was in progress and the wind fanned the flames until the hotel was so completely destroyed, and the Hudson Bay Company's store, J. R. Booth's office, the fire hall, the Gowganda Trading Company's store, Land and Jorda's, Wilson's barber shop, and three other small small stores were burned. The loss is $100,000.

Owing to the high rates there was but $40,000 insurance on all of the buildings destroyed, and $10,000 of this was on the hotel. The fire was made more severe by the blizzard and bitter cold, which those escaping from the hotel in their night clothes were forced to endure. The wind had also blown down the telegraph and telephone wires, cutting off communication which otherwise might have brought aid.

Stovey and O'Keefe were probably smothered. The former's body was found in the bed of the basement of the hotel today. Fraser, the bartender at the hotel, escaped by jumping from a window and in that way sustained a fracture of the hip. He and the other injured are at the Elk Lake Hospital.

Edward O'Keefe was a well-known prospector. He had been in the north for a number of years. His only known relative is a son, who is a civil engineer in the States.

The fire comes at a particularly hard time. The railroad branch connecting Elk Lake with the main line of the Temiskaming & Northern Ontario Railway was completed a little over a week ago, and following this the town looked for a boom in connection wtth the renewed activity surrounding the mines. The railroad station was not burned.

Derailed Train Of Five Crowded Cars.

Montreal, Feb. 18.—"Would rather not say," is as far as the trainmen of C.P.R. passenger express No. 24, from Toronto, due here at 6.58 a.m., will go in speaking of the accident which threw six crowded cars of his train off the rails at Mountain Grove, west of Smith's Falls at three o'clock this morning, making the derailed train, following, late to on equal extent.

Except to say that the trouble had been caused by the derailment of one car of a freight train at Mountain Grove, the head office of the C.P.R. Transportation Department could vouchsafe no other information than that the cause of the wreck was unknown here, but that an engineer had been despatched from Toronto to investigate it.

From the railway man's standpoint the remarkable feature of the affairs is that all of the six cars derailed were brought into Montreal as part of the original train, only five hours late.

One of the trainmen boasted that "no other railroad in America could have done it."

No 24, passenger train from, Toronto, due at 6.58 a.m., arrived at 12.55 noon, and No. 22, passenger train from Toronto and Chicago, due here at 8.05 a.m., arrived at 1.30 p.m.

The passengers are admitted to have had a severe midnight awakening, but the C.P.R. report is that none was seriously injured.

Local and District News.

A. E. Bolster is always on hand to test your eves.

Mr. Jacob Merkley has moved into his residence, next door to Mrs. McMahon's grocery.

Mr. L. Jordan announces that he has the agency for the D'Laval Cream Separators, and has a large stock on hand.

Whitteker, the Optician, will be at Chesterville on Tuesday, March 11th; Russell, Thursday, March 13th; Finch, Friday, March 14th.

Mr. Allen Merkley, agent for the National Company at Brockville, returned home on Tuesday to remain till the spring opens, after doing a good business in Chesterville and vicinity.

Mr. J. W. Allison of Morrisburg, has been commissioned to purchase thirty young French Percheron mares for a syndicate, and he is sending a man to France the first of March to locate them.

Alfred Lowrie, a resident of Vars, died in an Ottawa hospital on Tuesday. Deceased had been ill for the past few months. For many years he took an active part in politics. One brother, W. H. Lowrie, of Russell, and four sisters, Mrs L. Wood, of Saskatoon; Miss Aucilia, of Vars; Mrs. G.J. Argue, of Arnprior, and Mrs. A. K. Leith, of Winnipeg, survive.

Rev. W. H. Cliff, B. A., B. D., pastor of St. Andrew's Presbyterian church, Hallville, united in holy wedlock on Wednesday, Jan. 29th, Miss Amanda V. Smith and Mr. Robert Hyndman, both of Mountain township. They took a honeymoon trip to Toronto, and on their return on Wednesday, Feb. 5th, were tendered a reception at "Hyndale," the residence of Mr. and Mrs. Hyndman.

Mr. S. G. Carlyle, who has just returned from Alberta, where he has been assisting the Alberta Government in short course schools and having accepted the position of assistant superintendent of demonstration farms, will therefore sell by public auction all of his grade cattle, a few pure-bred holsteins, his horses, including five registered clydesdales, two mares being in foal; also a large quantity of good seed oats, and all the farm implements, etc. Sale on Friday, March 7th, commencing at 12.30 o'clock sharp.

The adjourned meeting for the liquidators of the McGill Chair Co. of Cornwall was held at the office of the local master of the Superior Court, His Honor Judge O'Reilly on Thursday, for the purpose of receiving further tenders with a view to selling the factory as a going concern. It was expected that local parties would put in bids, hence the adjournment of a couple of weeks ago. However only one bid was received, that of Mr. E.H. Senior, of Toronto, whose previous offer of 45,000 was accepted. Mr. Senior assumes all the assets and liabilities of the liquidator, as of the 31st December. It is the intention of Mr. Senior to form a new company.

The Ontarion Legislature by a vote of 73 to 20 has rejected a proposition looking to the reform of the assement and tax laws so as to relieve buildings from much or all municipal burdens. The demand for the change has been apparently loud rather than widespread. For a while, therefore, the class of property that in towns and cities calls for mast service in the matter of police and fire protection, etc., will continue to pay its share of the expense.

City Clerk Baker, the returning officer reports that in the recent municipal election in London, Ont., only ten per cent of the women entitled to cast a ballot went to the polls—namely, 378. In last year's election the female vote was 447, or 13 per cent. of the whole, As this is a great time for votes for women on account of the active campaign being waged in the English-speaking world, the London resuit is somewhat remarkable. Can it be true as the opponents of female suffrage say, that the great majority of women do not bother their heads about any kind of politics and really do not desire the right to vote? Certainly, in some places, they are not taking advantage of the privileges they already have.

Jacob Freis of St. Jacob's was instantly killed while felling trees.

5000 Facts About Canada

The public will welcome the 1913 Edition of "5000 Facts About Canada." compiled by Frank Yeigh, the acknowledged authority on things Canadian and the author of "Through the Heart of Canada." Ten thousand copies are sold annually, which find their way all over Canada and the Empire, indeed the world.

"The Fact booklet is stuffed as full of information as a sausage is of meat," is the happy and true way an English Journal puts it, and the new issue, which includes many new features and improvements, such as a colored map of the Dominion, presents a striking story of the advance of Canada in a single year. We now talk in billions.

The booklet is issued at 25 cents a copy by the Canadian Facts Pub. Co., 588 Huron Street, Toronto, and is sold by all the leading newsdealers.

Cornered in Room By Ravisg Maniac.

Sault Ste Marie, Ont., Feb. 17.—Cornered in an upper room by an armed maniac, Chief of Police Ralph Vincent had an exciting experience late last night which culminated in a maniac, Wm. Saunders being shot through the hand and thigh before he was stopped. The chief had gone to the house to make an arrest aware that the man had a gun. He was inside the kitchen, when Saunders drew a gun loaded in five chambers, and also a sword bayonet.

The chief backed upstairs and closed the door, but this was broken in by Saunders. When his hand came through Chief Vincent shot at it but to no effect, as the maniac still came on, though the bullet had reached its mark. Another shot was fired, striking him in the thigh, and Saunders then fell over. He was conveyed to the hospital, where his recovery is regarded as doubtful.

Fairs And Exhibitions.

Toronto February 6.—The large attendance at the convention of the Ontario Association of Fairs and Exhibitions filled the ground floor of the Assembly hall at the Forester's building at both sessions held today. A number of instructive speeches were made to the delegates, and the election of officers was held resulting as follows.—President, Dr. W.A. Crow, Chesley; first vice president, J.C. Stewart, Dalmeny; second vice president, William Scral, Durham; secretary, J. Lockie, Wilson, Toronto; treasurer, Alex. McFarlane, Otterville; directors, District No. 1, J. A. Fraser, Prescott; District No. 2, G.C. McLean Brockville; District No. 3, R. H. Ketcheson, Belleville; District No. 4, George Williamson Beaverton; District No. 5, W.H Hammell, Beeton; District No. 6, J. E. Pearl, Hamilton, District No. 7, William Holmes, Otterville; District No. 8, W. A. MacKenzie, Mitchell; District No. 9, J. H. Bernard, Petrolea; District No 10, John Clancy, Cargyll; District No. 11, B. Laycoch, Gravenhurst; District No. 12, S. M. Fawcett, Sault Ste. Marie, T. S. Woolings, Engleheart, Auditors, R. Angnew, Meaford and William Collings, Peterboro.

A motion was unaniously carried to ask the Federal Government for an extra grant of $25,000 for carrying on the work of the association in Ontario It was pointed out that the fairs and exhibitions were a great educational factor and were in need of this increased grant.

Mrs. Elsenhauer of Scardale, N. S., gave birth to quadruplets, and all are doing well.

Canadian capitalists have purchased for $350,000 seven large blocks of business property in Windsor.

PHONE NO. 8.

Coanwall General Hospital.

This institution provides skilled nursing and care at very moderate rates to those able to pay, and without charge to indigent persons from the three United Counties, other than the Municipal Grants.

It is kept up by:

1. Fees from paying patients.
2. Grants from the Government and Municipalities.
3. Donations and Subscriptions from Churches, Coporations, Societies and Individuals, the last being the largest source of revenue.

You are asked to assist in this work

The nucleus of an endowment fund has been established by a legacy recently received, and parties remembering the Hospital in their wills may stipulate that bequests made by them shall go to this fund.

If you would like a copy of the last Annual Report, drop a card to the Secretary, who will be pleased to send you one.
