Severely Injured Cannot Tell How It Happened

Thursday evening last Ralph Wagner of Morewood, arrived at Dr. W. H. Lloyd's here severely injured. He had driven out in his own car. He was bleeding about the head and appeared to be in a bad way, but could not give any coherent account of what had happened to him. Dr. Lloyd had Wagner taken to Brockville General Hospital in Harry Henderson's ambulance for further treatment. It was at first surmised that possibly thieves had been interrupted raiding Wagner's chicken house and that he had been beaten up in attempting to drive them off. Provincial officers have been making an investigation and it is said have come to the conclusion that Wagner was kicked by a horse when he was letting them out of the stable. Nothing was disturbed in the place to show that an attack had been made.

C.H.S. GIRLS ATTEND KEMPTVILLE EXHIBITION

On Friday and Saturday last, five girls from Chesterville High School, Kathleen Barrett, Marjorie McMillan, Fern Crowder, Lila Young and Eileen Ball visited Kemptville Agricultural School to attend the Junior Fair for Homemaking Clubs. These girls represented the district Girl's Garden Brigade. A vegetable quiz was written by all and two classes of vegetables were judged in which Kathleen Barrett and Eileen Ball tied for third. A dinner was served in the dining room after which moving pictures were enjoyed in the pavilion. Dancing to the melody of Marlborough Ramblers was held later in the gymnasium.

On Saturday morning, Inter-county demonstrations, skits and exhibits on nutrition, clothing, house furnishing and Garden Brigade Exhibits were held in the Engineering Building.

Mr. Wragg accompanied them to Kemptville and the girls returned on Saturday afternoon. All expenses were paid by the Prov. Dept. of Agriculture and everyone had an enjoyable time.

RECEIVES GREETINGS.

Mrs. Bismark Barkley of Dunbar, on Tuesday morning received a cable from her son Gnr. Garnet Barkley extending loving birthday greetings. Gnr. Barkley is now in Belgium.

Proof!

A British officer was arguing with an American officer as to which army had the better discipline.

As the American was talking, one of his men came in.

"Cap," said the private, "can I have your jeep tonight? I've got to take out my girl friend."

"Sure," replied the officer. Then, turning to the Briton, he said: "There is proof of our discipline. He needn't have asked me."

Big Bear Shot Monday In Cannamore District

On the afternoon of Thanksgiving Day Dobie Byers back near Cannamore was somewhat surprised when plowing to see a good sized black bear cross the field about five rods ahead of his horses. Bruin came from the north and passed along to Hudson Reveler's farm. It went up a tree in Dignard's bush where it was shot by Emil Lanois with a shot gun, giving it a couple of shells before the bear tumbled to the ground. It is said to have been about 200 pounds and when hung up measured seven feet.

Tells Rotarians of Russians

The guest speaker at the Rotary Club this week was Mr. Thos. Parker of Morrisburg. His subject, "Canada and Russia in the Post-War World". The speaker sought to show the advantages accruing to Canada in preparing and being ready for post-war trade with the Soviet Union. He traced the growth of the U.S.S.R. and the efforts made by that country to establish economic relations with the democracies. Canada's strategic position for travel both by water and air was stressed. The immense post-war requirements of the Soviet Union, combined with Canada's geographical position, foretells large volume of tarde and a resultant expansion of industry and employment in this country, if proper friendly relations can be established by careful planning at home and abroad.

McLaughlin--Brooks

The marriage of Lillian Berthina, eldest daughter of Mr. and Mrs. John Brooks of the "Ninth" to Sgt. Charles Dwight McLaughlin of Petawawa, son of Mr. and Mrs. Jake McLaughlin, of Morewood, took place quietly at 3 o'clock Saturday afternoon, September 23rd, in the vestry of First Presbyterian Church, Brockville, Rev. Henry Cousens, officiating.

The bride looked charming in a beige suit with brown accessories. Her corsage bouquet was of American beauty roses.

The bridesmaid, Gladys McLaughlin, sister of the groom, was attired in a Chinese blue dress with black accessories. Her corsage was of pink roses. The best man was Mac Brooks, brother of the bride.

Following a short honeymoon the groom returned to duties at Petawawa. The bride is employed at Phillip's Electrical Works, Brockville.

Pre-nuptial Shower

On Tuesday, October 3rd, a miscellaneous shower was held at the home of Mrs. Geo. Barkley for Miss Frances Hummel, who is to be married shortly to LAC Glen Christie of Winchester.

The decorations were in pink and white. The address was read by Miss June Cass, after which lunch was served by Mrs. Geo. Barkley and Mrs. Geo. Cass. Miss Hummel thanked her many friends for the lovely gifts which she received. The party then attended the dance which was being held in the Community Hall.

MISS McMURRAY HONORED BY FELLOW WORKERS

An employee of the city of Regina's waterworks department for more than 15 years, Miss Mary E. McMurray retired on superannuation Saturday. She joined the staff of the city on May 1st, 1929, being attached to the waterworks branch at that time.

Friday afternoon, women employees in the city hall honored Miss McMurray at a gathering and presented her with leather gloves and a scarf. The presentation was made by Miss Marion Bowler. On Saturday, Miss McMurray was presented with a modern English bible by J.W.D. Farrell superintendent of waterworks, on behalf of the staff.

Miss McMurray is a sister of Mr. H. S. McMurray of Chesterville.

New Agricultural Dept. Opened At High School

The School Board has unanimously voted to begin the new agricultural programme for which certain schools have been chosen by the Department of Agriculture. Official approval has been received from chief inspector Dr. Geo. F. Rogers of the Department of Education for Chesterville High School, the school selected in this district. One of the provisions, qualifying a school, is that the Department be in charge of a specialist in agriculture. Mr. Gordon Wragg, B.S.A., is thus fully qualified for this post.

The board is to be congratulated on its foresight in seeking to offer the young people of a rich agricultural district the fullest opportunities for linking farm and school more closely together. This course is not only an inducement for more students to obtain higher education; but is also aimed at impressing the idea that farming is in itself rapidly becoming a highly specialized profession.

Maximum grants up to $2,500 are being given to enable schools to instruct in the care of poultry and beekeeping. These grants cover the expense of maintaining the Agriculture teacher's services for one month or more during the summer in order that he may supervise projects and visit the farms of students. It is hoped that the school will become a community centre. Arrangements for providing students from a distance, with hot dishes for lunch during the winter months will be made. The students and teacher presiding at noon, will arrange this. Extra classes, according to a new time-table, are given this year, for Grade 9 boys' Agriculture and girls' Home Economics.

This new course promises to be very successful while not interfering with the progress of students who wish to advance past Grade 12 to obtain University Matriculation.

Waste Paper Collection Wednesday, October 27

The local Salvage Committee will make another big effort to collect all the waste paper in the village and surrounding district on Wednesday, October 27th. Waste paper is about the most important thing among salvage that can be collected, and great quantities are needed in the very worst way. Every household has some waste paper and it is the duty of every householder to see that it reaches its destination on the salvage truck. Save every newspaper every day as well as every other kind of paper and you should be surprised at the amount you can contribute.

DUNDAS HOLSTEINS WIN AT CHAMPIONSHIP SHOW

Three Dundas County Holstein breeders exhibited prize-winners at the Fourth Annual Championship Show held October 5th, at Kemptville. W.J. Fawcett, Winchester, won second prize in the Aged Cow class on Willola Car Born Bell. This cow was Grand Champion at the first Kemptville Championship Show in 1940. She has been officially classified as *Excellent, the highest grading in Selective Registration. Mr. Fawcett also showed the fifth prize Senior Yearling Heifer, fifth prize Junior Get-of-Sire and sixth prize Progeny of Dam. Montvic Rag Apple Supreme who is jointly owned by W. J. Fawcett and W. R. McMenomy & Son of Inkerman, stood third in a strong three-year-old Bull class. The McMenomy entries also took third prize in the Bull Calf Class and seventh in the class for four-year-old cows. D. W. Cameron & Son, Mountain, a Bull Calf.

In the County Herd Competition, Dundas stood fifth. The winner was the Carleton-Russell entry.

Lo, the Poor—

In "The Amazing Bob Davis," Fred S. Mathias recalls the story of an Arizona Indian chief, Big Jim, who was all decked out in his finery, riding his horse up the canon trail, his wife trudging beside him. They met a forest ranger and stopped to talk. Big Jim was never known to smile.

"Why is it Jim," asked the ranger, "that you always ride and your wife walks?"

As solemnly as ever, Jim answered, "Because she no gottum horse."

FARMERS WILL TAKE THE LOSS

The Ontario Farm Service Force, by means of display advertisements in the newspapers, is appealing to the farmers of Ontario to offer their services for employment in one of the packing plants in the Province as soon as the essential work of the farm is completed. There is said to be a shortage of labour in the packing plants which with full staffs have ample capacity to handle even the tremendously increased numbers of cattle, sheep and swine which Canadian farmers have ready for market this year. The irony of the situation is that while processing in the packing plants has fallen far behind and thousands of cattle are being held over in the country, C.I.O. Union workers in 15 of Canada's major packing plants, involving 10,000 employees, are engaged in taking strike votes. The workers already have agreements with the individual plants but the United Packinghouse Workers of America (CIO) is seeking a master agreement, calling for a national wage scale, closed shops and the check-off system whereby Union dues are deducted from the payroll and paid to the Union. The packing house industry is not designated as a national industry and does not come under the National War Labour Board. At Ottawa the opinion is expressed that the Union has the right to call a vote, the question of whether strike action was legal would depend on the local agreements of individual plants. In the meantime a strike with all its attendant loss to the farmers seems highly probable.

BEWARE THE DOGS

For many years the average Ontario man was inclined to the opinion humans were immune to hydrophobia and this conviction made him rather careless in the handling of dogs and canine bites. In Sandwich East Township, where there has been a serious outbreak of rabies, an eleven-year-old boy succumbed in hospital after having been bitten by a "mad" dog. The doctor, who was called in failed to give the Pasteur treatment and, although he is a Senator and highly thought of in the district, his resignation as Medical Officer of Health has been called for by the Township council.

WHO WILL DECIDE WHAT TO BUY

In the opinion of the Ontario Minister of Agriculture farmers cannot be expected to carry the extra burdens of producing higher quality products to meet postwar competition in world makets unless they receive a premium price well above what is paid for second-grade products. The producer of the top quality product is not receiving enough in comparison with what is paid for the second grade. That is wrong, and it will have to be remedied. People should be willing, and I believe they are willing, to pay a higher price for the best article that our farmers can produce. Ceiling prices on many of our farm products do not take into consideration to a sufficient extent the fact that it takes more effort, more brains and costs more to produce the quality which places an article in the top grade. The producer of that article should have rewards increased by a greater amount, not by paying less for the second grade, but by paying more for the top grade, Mr. Kennedy says. He points out that a Grade A hog is worth only 30 or 40 cents more than a Grade B1 hog and said it is worth more than that to produce a Grade A hog that will meet the demands of the British bacon market.

ARE YOU ON THE SUCKER LIST?

mining stocks, particularly the penny issues, continues the Royal Ontario [illegible] Commission is endeavoring to check in some way the inducements made to the unwary by telegraph, telephone and pamphlets to buy shares in prospects that have little to commend them. It is all based on the established battle cry of the salesmen that "Gold is where you find it," although more genuine money has been sunk in the search for the precious metal than has ever been recovered from Mother Nature. The Commission's findings are all directed to prevent fraud as it has been found that too many persons have been registered as security salesmen without proper enquiry being made as to their previous business integrity. Men with "false fronts" trading under names other than their own would be discouraged. Restriction on the alarming increase of solicitation by telephone is advocated. To prevent unscrupulous promoters from readily obtaining what is known as "sucker lists" the Commission would make it an offence for any person, other than a Trust Company or other legitimate transfer agency to sell any list of shareholders which he may obtain from the register. The attempts to safeguard the public are worthy of commendation as the great activity in the mining markets indicates that an army of people seem more inclined to buy penny stocks in preference to Victory Bonds.

Mr. Patrick Cain Honored When Leaving Farm

A very quiet and sociable evening was spent at the home of Pat Cain on Friday last when a number of his neighbours gathered to bid farewell to him, after spending some 30 years on his fram. Owing to Mr. Cain having recently lost his wife, he has moved into the village of Crysler.

The following address was read by Mr. Edmund Murphy and a purse was presented by Henry Gibeault.

Crysler, Ont.,
Oct. 6th, 1944.

Dear Pat:—

This evening, we have taken the opportunity of assembling here, with intermingled feelings of regret at your departure and to express the esteem in which you have been held in this community.

You have always taken an active part in all social affairs and have willingly lent a helping hand in time of need.

And now, Pat, we ask you to kindly accept this purse as a token of our appreciation for your kindness and co-operation as a neighbour.

In closing, we wish you luck and happiness in your new home and hope we will be able to spend many pleasant evenings together in the future.

Signed on behalf of the community.

Honore Gibeault, Edmund Murphy.

Mr. Cain made a fitting reply and thanked all kindly and invited them to visit him in his new home, after which lunch was served by the ladies.

High School Field Day Results

The annual High School Field Day was held on Wednesday afternoon, October 4th at the fair grounds. Ideal weather prevailed and the track one of the best in this locality, was in excellent condition. Perhaps it was not generally known that the sports were being held, because the crowd of former students was rather small. The encouragement of adult attendance is a great force in proving to young people that their efforts are approved. The positive interest of grown-ups, where youth is concerned, is manifestly more effective in guiding their footsteps, than is the negative interest of criticism. The British and American Armies are probably the greatest sponsors of youthful sports activities in a world at war. This year the headquarters of M.D. No. 3 expressed a desire to be informed re school field days in order that they could be represented in some helpful way. Notice of this however, only reached us, after October 4th.

The School Board offers each year a sum of $25 to be divided among prize winners in the usual events. This year also special prizes were offered by the teachers. Special prizes were also donated for bicycle races as follows: Jr. Girls by Rev. Mr. Wright and an open race prize by Mr. Matt. Flynn.

Sympathetic Lincoln

When Abraham Lincoln was resting in a hotel lobby with his campaign manager, he was approached by a bunch of village cut-ups. One of them, bolder than the others, stepped up to him and said:

"Mr. Lincoln, we thought your speech was very good, but there were some points beyond our reach."

"Then, my friend, I'm sorry for you. I once had a dog that had the same trouble with fleas."

Sectional Rally Dundas Grenville Presbyterial

The Sectional Rally of Dundas-Grenville Presbyterial of the United Church of Canada met in Williamsburg on Thursday, October 5th with morning and afternoon sessions. Mrs. Cecil McIntosh, sectional president, presided. Mrs. Harold Faulkner of Morewood acted as secretary while Mrs. Robert Merkley of Williamsburg presided at the organ.

The theme for the day was "Restoration".

The morning worship service was conducted by Winchester Springs Auxiliary with Mrs. Thompson reading the scripture lesson—Mrs. Casselman offering prayer, while Mrs. T. Keyes gave a personal heart to heart exposition on the 23rd Psalm. Following this was the appointment of Standing Committees:Press, Courtesy

The minutes of the previous year were read and new business voted, and dealt with accordingly.

Mrs. (Dr.) Locke of Williamsburg graciously extended a hearty welcome to all the visiting members of the various auxiliaries and this was replied to by Mrs. Robert Colquhoun of Colquhoun Church. Reports of delegates who attended the "School for Leaders" were heard, in the persons of Mesdames Van Allen, Blancher and Craig.

The new study book, "West of the Date Line", we were told, would prove to be most interesting and instructive. Our Literature Secretary, Miss Ellice Smith, urged more reading and asked that we read "Victory, Peace and Democracy".

Mrs. W.J. Cass, Winchester, gave an excellent address on "Temperance and Christian Citizenship", a few of the things which stand in the way of Christian Citizenship were listed, but our duties as citizens cannot be shirked. Liquor has always lowered the moral standards of people. We are in grave danger of losing Sunday as a day of rest and worship. Practical suggestions were given as to how our W.M.S. Members can assist and maintain Canada's Christian Citizenship.

She quoted, "No people can rise higher than its women". We must remember two things: (1) To put our idealism into practise. (2) Eternal vigilance is the price of Liberty.

The guest speaker of the convention was Mrs. C. Maxwell Loveys of Toronto, secretary of the Home Missions Department. She gave us a vivid picture of the work of her department, and what is being accomplished throughout Canada, especially with the armed forces. Women in uniform and women in industry are helping greatly to win this war—and the united church of Canada is endeavoring to fulfill its wartime ministry to them. In this the Woman's Missionary Society has done its part. This Society was asked to send women into Wartime Housing areas, with the result that work has been carried on at various centres from coast to coast with all denominations co-operating. Twelve women and five men are working from Halifax to Alaska. In speaking of that noble band of men—the men of the Merchant Marine—the forgotten(?) group of 33,000 men. She related the fact that the United Church of Canada was the only church which has a full time worker among these men.

Mrs. Loveys referred to the Church's duty after the war—when our men are demobilized and released from war industry. Key men and women will be needed. Leadership will be essential; sacrifice will be necessary. She quoted, "The church may have many critics but no rival".

After this inspirational address, Mrs. Merrill of Morrisburg thanked Mrs. Loveys for her helpful and interesting remarks.

A questionnaire was later conducted by Mrs. Loveys.

The report of the Courtesy Committee was brought in by Mrs. Keyes of Inkerman. Mrs. Hilliard of Morrisburg gave the closing thoughts stressing a re-dedication of each life to the work of Christ. The meeting closed with prayer.

URGENTLY NEEDED

FARMERS & FARM WORKERS TO CUT PULPWOOD

Your postponement of military training will not be affected

For WOODS WORK

Apply to:

Your nearest Employment and Selective Service Office; or

Your provincial agricultural representative or fieldman; or

Your local Farm Production Committee; or

SIGN UP with any canvasser representing a pulp and paper company and authorized by National Selective Service. The best thing to do is to go back to the company you worked for before.

ACT NOW

SELECTIVE SERVICE RULES THE SAME AS LAST YEAR

As in 1943, pulpwood cutting is still classed as an essential war industry. This means you can cut pulpwood and retain your status as farmer if you already have postponement—and provided your absence will not affect winter production on the farm.

Act *now* to secure your job in the bush and return to the farm in the spring. Companies are already signing up workers for this season.

Approved: A. MacNAMARA, *Director of National Selective Service.*

THE PULP AND PAPER INDUSTRY OF CANADA

FARMERS! WILL YOU HELP THIS WINTER?

If you are not required on the farm this winter you should take other work.

Extra winter workers are needed for woods operations—logging and pulpwood and fuel cutting — base metal mines, coal mines, meat packing and cold storage, grain handling, railway track maintenance, iron foundries and other high priority occupations, varying with the area.

Please offer your services to:

The nearest Employment and Selective Service Office; or

The nearest Provincial Agricultural Representative; or

Your Local Farm Production Committee.

A good response to this appeal is important to Canada's welfare — please act immediately.

Postponement of Military Training continues while in approved essential work off the farm.

CANADA'S VETERANS
Their Post-War Opportunities

This is the first of a series of advertisements to inform the people of Canada of plans to re-establish men and women of the armed forces. To get the full details save and read every advertisement.

For complete information write for the booklet "Back to Civil Life."

The Future After Discharge —

A MESSAGE TO RELATIVES OF THOSE IN THE ARMED FORCES

When your boys and your girls come home, when they lay aside the uniform, when they go out into the world as normal peace-loving Canadians, what lies ahead? Can they pick up their lives as civilians, where they laid them down, months or long years ago? Are there plans to help them do the things they wanted to do before the war? Will they have security? Can they continue education, or receive needed training? Will they be assisted in home owning, or to establish their own business, and will they be enabled to pick up their family life once again?

These are questions which concern all those Canadians who have loved ones in the services They are questions which this series of advertisements is designed to answer.

OPPORTUNITY IS THE OBJECTIVE

Canada has been making plans for your boy's and your girl's return to civilian life since early in 1940. These plans are in effect and operating now. The aim is that every person who has served shall have opportunity. Thousands, already back in civilian life, have benefitted by training, by maintenance grants, by advice of departmental officials, and by the social security provisions. *There is ample help for those men and women who want to help themselves.*

ASSISTANCE ON DISCHARGE

When your boys and girls are discharged from the services, they will be given:

1. A clothing allowance of $100.00 (if discharged after August 1, 1944).
2. Their pay to date of discharge.
3. One month's additional pay, if they have 183 days' continuous service, as a rehabilitation grant.
4. A railway warrant home or to the place of enlistment.

Dependents will receive:

1. Their normal dependents' allowance to date of discharge, with assigned pay.
2. An additional months' dependents' allowance, with assigned pay, if there has been 183 days' continuous service.

Your boy or girl will be allowed to retain certain items of uniform. They will be given a complete medical and dental examination and will be eligible for free needed treatment for a year after discharge. Those discharged not physically fit, in need of continuing treatment and unable to work, will have their pay and allowances of rank continued for at least a year if necessary and, if the disability is pensionable, for as long as curative treatment is beneficial. All are interviewed by Veterans' Welfare Officers and told of the re-establishment programme.

WAR SERVICE GRATUITY

On discharge, those enlisted to serve outside Canada, or those who served in the Aleutian Islands, are eligible for a war service gratuity. It provides $7.50 for each thirty days' service in Canada and the Western Hemisphere and $15.00 for each thirty days' service overseas or in the Aleutian Islands. For those with overseas service or with service in the Aleutian Islands, there is an additional seven days' pay and allowances for each six months of such service. Payments will be made at the end of each month in the months following discharge. Complete details of the war service gratuity will be given in a later advertisement.

RE-ESTABLISHMENT CREDIT

In addition to the war service gratuity, there is a re-establishment credit of $7.50 for each thirty days' service in the Western Hemisphere and $15.00 for each thirty days' service overseas. This is for things such as the purchase or repair of a home, the buying of furniture, a business, or government life insurance, and for certain other purposes which will assist your boy or your girl in becoming re-established. This credit, which is reduced by grants given for training or education, or under the Veterans' Land Act, is primarily for those who do not wish assistance under these three plans.

RETURN TO FORMER JOBS

If your boy or girl held a civilian position before enlisting, and was not engaged to replace somebody already in the forces, and if the position still exists, and your boy or girl is capable of filling it, it is the employer's duty, under the law of Canada, to reinstate him or her in that position with seniority. Application for reinstatement must be made to the former employer within three months of discharge from the forces or from hospital.

Veterans' Welfare Officers are stationed in key centres throughout Canada. They are the friends of ex-Service men and women. It is their duty to advise and assist all ex-Service personnel with their re-establishment problems. If there is anything about the Rehabilitation programme which you do not understand, consult your nearest Veterans' Welfare Officer.

TRAINING AND EDUCATION

The surest way to permanent employment —the thing your boy or girl will want—is a skill to get and to hold a job. Canada's plans give opportunity to acquire needed skill either at university or in preparation for a business or industrial career. Fees are paid by the state, along with living allowances, while training or continuing education.

WHILE ILL OR UNEMPLOYED

There is protection against illness or unemployment by maintenance allowances which can be drawn against in the first eighteen months after discharge. There is also protection under the Unemployment Insurance Act for those who enter insured employment and remain in it fifteen weeks.

HOME OWNING AND FARMING

There is provision to assist city and other workers to have homes of their own, either on small acreages of land outside the high taxation area, or in town, under the National Housing Act. Full-time farmers can be given financial assistance in full-time farming, while commercial fishermen may secure financial help in getting their own homes, on small acreages of land, and in buying needed fishing equipment.

FREE TREATMENT

In the year following discharge, service men and women are eligible for free treatment, hospitalization and allowances for any condition, even if not the result of service. Pensioners are entitled to this for life for their pensioned disability.

THE POLICY ON PENSIONS

Canada's Pension Act is administered by *an independent commission, all former members of the services.* Any permanent disability suffered overseas, not a result of misconduct, is pensionable. Where service is in Canada only, the disability must be a result of service.

. . . But it's not likely she will be able to answer your call before her telephone has rung several times.

Wait for at least six rings before hanging up. That's only thirty seconds—and it may save you repeating your call later.

Please remember that the party you are calling may be far from the telephone, or unable to answer immediately.

Your own convenience and protection of the service suggest that you wait long enough for your party to reach the telephone.

Pupils Purchase $850 War Savings Stamps

During the month of September pupils in the Public Schools of Dundas County purchased and sold War Savings Stamps to the value of over $850. This compares with purchases of $560 for September, 1943. The objective for the schools for the next school year is $10,000 which is an average of $1000 per month. It will be necessary to increase purchases and sales substantially in October if the schools are to maintain average sales of $1000 per month. In ten schools no stamps were purchased and in a few others purchases were quite small.

Schools which reached or exceeded purchases of 50 cents per pupil, which is the minimum objective, were the following, with average per pupil as indicated.

Matilda Township:	
Flagg	$1.66
Rowena	$ .50
Dixon's	$1.04
Mountain Township:	
South Mountain	$2.36
Inkerman	.78
VanCamp	$1.69
Rosehaven	.59
Harmony	$2.08
Mountain Ridge	$1.13
Williamsburg Township:	
Beckstead	$1.20
Dunbar	.75
No. 10	.55
Whitteker	.59
Williamsburg	.90
Elma	.63
Bouck's Hill	94
Winchester Township:	
Ormond	$1.18
Maple Ridge	$1.17

Average sales per pupil by townships and urban schools were: Matilda 35c; Mountain 69c; Williamsburg 43c; Winchester 29c; Chesterville 36c; Iroquois 48c; Morrisburg 40c; and Winchester 24c.

In Mountain Township only, did sales exceed the minimum objective of 50c per pupil. The two leading schools South Mountain and Harmony are in this township. The South Mountain School with purchases of $113.25 accounted for almost half of the amount invested by the schools of that township. Average sales of 57c per pupil for October would see the schools over their objective for September and October. That would mean an average of 15c more per pupil than was invested in September

With everyone doing just a little more this can be done. Parents! Will you encourage your children attending school to invest what they can, week by week, in War Savings Stamps? Your interest and co-operation can be very helpful to the teachers as they endeavour to develop habits of thrift in the pupils.

Who Is Crazy?

A new patient at a sanitarium for the mildly deranged complained to the attending physician: "What's the idea sticking me in a room with that crazy guy over there?"

"Well, I'll tell you," said the doctor placatingly, "it's the only room we have available just now. Is your roommate troublesome?"

"Why, the guy's crazy. He keeps looking around and saying, "No lions, no tigers, no elephants"—and all the time the room's full of 'em."

THE PICK OF TOBACCO

It DOES taste good in a pipe

They're TALKING ABOUT . . . a Ten-Cent Dollar!

They speak of it glibly...but what does it mean? It means that every pay-day if your boss paid you in crisp new one-dollar bills each of them would buy only a measly ten-cents' worth of goods All those savings you've made with ten dimes to a dollar would shrink to the size of one (10¢). That's inflation! So we're lucky in Canada that price ceilings and other anti-inflationary measures have kept our dollar value HIGH. In fact, a dollar goes further to-day... buys more goods than the dollar of 1918. Look at these prices, a pound of cocoa to-day compared to the it was then. The same quality towels now, were then. Yes, we get a good dollar's worth to-day. And remember - you protect your dollar value when you refuse to pay more than the ceiling price...denounce black markets ... buy Victory Bonds ...save.. pay off debts and help keep the cost of living down!

1918 1944

Make This Pledge Today!

I promise to give my support to keeping the cost of living down. I will buy only what I need. I will observe the ceiling whether buying or selling goods or services. I will pay off old debts, save for the future, invest in Victory Bonds and War Savings Certificates. And I will support taxes which help lower the cost of living.

Keep Your Dollar Value High!

THE PUFFBALL

This is the time of the year when a wanderer along an upland pasture sometimes comes upon a puffball. (There is no hunting for puffballs; you just come upon one like happiness, when you aren't particularly looking for it). A puffball costs nothing and, fried with a bit of butter and salt, it tastes about as well as you might expect—not as good as a good mushroom, but better than a tennis shoe. Even to one who likes the taste of a puffball fried over an outdoor fire, the pleasure to be derived is not so much in eating the puffball as in finding it sitting there in a corner of the field, like an albino pumpkin. If you have had any sort of a worthwhile childhood, the puffball will remind you of the first time you discovered one and how you felt about it then. It may occur to you with a touch of melancholy that your considerations of the puffball are not now so intense and so filled with wonder as you were a child. However, you can always point out to yourself that the puffball is not very remarkable anyway and that as a child you probably overrated the whole incident. (We believe the child was right and that you have deteriorated emotionally but we are trying to spare your feelings).

Worth Disgrace

He was once the black sheep of the family.

When he had won success he presented himself at home again. He told his father how Fortune had smiled on him; he was earning up to $150 a week.

"What—a week?" cried his father.

"A week," was the reply.

"Then come inside," said Dad. "The family can stand a lot of disgrace for that."

DIED

HEVERAN—Peter Heveran at St. Paul's Home, Cornwall, on Tuesday, October 10th, at the age of 76 years.

IN MEMORIAM.

McINTOSH—In loving memory of my dear husband, Alvin McIntosh, who passed away October 12th, 1943.

With tears I watched you sinking,
I watched you pass away.
I tended you with loving care,
But could not make you stay.

I watched beside your bedside,
As the lonely hours passed,
And how my heart was broken,
When I saw you breathe your last.

Mrs. Alvin McIntosh.

PEACE OF MIND

Only if you KNOW you are adequately protected by good automobile insurance can you drive with that peace of mind which makes motoring a pleasure. Only in this way can you protect yourself against serious financial loss through bodily injury to other persons or their property.

Because nowadays you are driving fewer miles than you used to is certainly no reason for being without the protection an Automobile policy will give you.

Remember that your car is older and, therefore, less reliable mechanically. And remember that it takes but a split fraction of a second for "something" to happen.

Let us plan your automobile insurance to give you the protection you need TODAY.
