### Fined Under New Law,

Saturday, May 15th, a bull owned by Thomas Fleming, a prominent farmer of Finch township, was off his premises and got upon the premises of Christopher Johnston, a neighboring farmer. Proceedings were taken by Johnston under a recent act providing for protection of pure bred stock owners, whereby the owner of any bull, who allows such bull to be at large off premises and not confined or led by a halter is liable to a penalty of \$25 upon conviction.

The proceedings were heard by Thos. Wholehan, P. M. on Wednesday of last week, and Mr. Fleming admitted that his bull was off his premises, not confined or led by a halter. He asserted, however, that he should not be liable under the act, as he was away from home at the time the bull got off the premises and some one had taken down a portion of his fence through which he believed the animal in question got at large.

Mr. Johnston proved that he was the owner of a pure bred bull and

was trying to improve his stock and whether Mr. Fleming knew his bull was off his premises did not affect the question, but that on the admission of Mr. Fleming his bull was off his premises and not confined or led by a halter he was liable to the penalty.

Mr. Wholehan, after careful consideration of the evidence submitted fined Mr. Fleming \$25 and costs.

It is understood that Mr. Fleming will appeal to the county judge as he believes that a different interpretation of the act will be given, and that he is working in the interest of many farmers, in having this interesting question definitely decided by an appeal tribunal.—W. J. Cass for Johnston; C. B. Rae for Fleming.

### Genuine Bargains.

Ladies Shoes and Slippers at \$1.95 and \$1.50 per pair at McGee's. Worth double the price.

### Gerald Gibbons Wounded.

In Tuesday's casualty list the name of Gerald Gibbons is among those listed as wounded in the big battle at Ypres. Mr. Gibbons has been living in the west for the past six years and when war broke out enlisted with the Calgary company of the 10th Battalion.

Grant Servage, in a letter from Belgium, elsewhere in The Record, dated April 27th, mentions having seen Gibbons for a moment the day before the big battle but had not time to talk to him.

Mr. Bernard Gibbons was advised by wire of the casualty the latter part of last week.

### Special Notice.

McGee is selling a lot of Men's Patent Leather and Box Calf Shoes about half price. \$1.75 pair.

### Trinity Methodist Church Anniversary.

The sixth anniversary services of Trinity Methodist Church, Chesterville, were observed on Sunday and Monday of this week. Beautiful weather, capacity audiences, masterful sermons and generous contribution toward the Church Anniversary Fund combined to make the effort a gratifying undertaking in the closing of another year in the life of the new church.

The preacher was Rev. Geo. W. McColl, B. A., B. D. of Montreal who in his pulpit work on Sunday and his platform work on Monday night at the patriotic concert, won all hearts. All the services were greatly enhanced in their musical features by the Winchester soloist, Miss Bessie Durant.

At the evening service the seating capacity of the church auditorium proved inadequate. Rev. T. B. McCorkindale M. A., the resident Presbyterian minister and his congregation withdrew their regular service and fellowshiped with the Methodist congregation, the pastor assisting in the pulpit exercises.

The supper under the auspices of the Ladies' Aid Society proved a social opportunity for all. Between 300 and 400 were served in the spacious dining hall of Trinity the Epworth League young ladies presiding over the tables. The program following the supper was patriotic commemorating the 78th anniversary of what has come to be truly called "Victoria Day". The pastor, Rev. H. E. Warren, occupied the chair. He reviewed the work of pastor and people during the past year, the remaining indebtedness of nearly \$5000 upon the church had been almost provided for. The circuit had been thoroughly covered for the Anniversary Fund by the district canvassers and \$440 of the \$500 asked for had been already realized. The rest would come. Miss Grace Darling introduced the musical programme with a delightfully rendered instrumental number on the piano. Mr. McCorkindale conveyed the greetings of his church in a happy mood. Mrs. Cass never sang better than she did in "Angus Macdonald". Mr. McColl gave a carefully prepared address upon "The Stability of the British Empire", which elicited vigorous applause in the powerful appeals to patriotism by this gifted son of Canada. The programme closed by a song in costume given by request by Miss Durant "La Marseillaise". Her three songs of the evening showed a voice above the ordinary in both sweetness and volume, but it was in the last that her hearers were more fully apprised of the possibilities of Miss Durant's future in her musical work. Much praise is due Mrs. Howard, the organist of the church, for her assistance in making the musical services of the anniversary the success they have been.

The following committees supervised the work of the anniversary. Management—Rev. H. E. Warren, Cornelius Cross, William John Johnston, Mrs. Ingram Cross, President of the Ladies' Aid Society; Mrs. Chester Casselman, Secretary Ladies' Aid and Mrs. Parnham Allison. Reception—Mrs. Ingram Cross and Mrs. (Rev.) H. E. Warren. Entertainment—Miss McGee, Miss B. Merkley and Miss H. Moad.—Com.

### Mrs. Lyman Beach Dies in Winnipeg.

The death occurred at the home of her daughter, Mrs. Dixon, of Winnipeg, on Wednesday last week of Mrs. Lyman Beach, formerly of Winchester. She passed away suddenly. She went from Winchester to Winnipeg two years ago. She is survived by three children; Mr. A. W. Beach of Winchester, Mrs. J. J. Dixon of Winnipeg and Mrs. A. E. Cameron of Brockville. The body arrived at Winchester on Saturday and the funeral took place Tuesday afternoon.

### Milk Shippers for Association.

Through the efforts of Mr. W. H. Empey of Montreal, the milk shippers of Chesterville and vicinity were brought together at the McCloskey House last Thursday evening and formed into the Chesterville Milk Shippers Association, with the object of securing better facilities from the railway for the handling of their milk from Chesterville to Montreal. Sixteen shippers were present and became members of the association and it is desired that every shipper hereabouts join hands with the Association and give weight to its demands.

The following officers were elected: President—Percy Allison, Sec-Treas.—W. A. McElroy, Committee—Thos. McCloskey, Fred. Forward and Parnham Allison.

A committee consisting of Messrs. Percy Allison, Wilbert McElroy and Parnham Allison will wait on the Railway Commission at Ottawa on June 1st and present their grievances for redress. Mr. W. F. Empey has made arrangements for the meeting and will also be one of the committee.

(Too late for last week).

Mr. John H. Marcellus is at present very ill.

Peter Laplante and Louis Lalond, who live about two miles west of Alexandria, on the Kenyon Road, both of whom are former residents of Valleyfield, were before His Honor Judge O'Reilly in Cornwall last Thursday, on a charge of stealing a quantity of oats, some hens, turkeys, a set of double harness, \$10 worth of clover seed, etc., from the farm of Mr. Harry Trickey, near Bainsville. The parties were followed by Mr. Trickey for twenty-five miles by means of a "Never Slip" horseshoe, worn on one of the horse's feet, and were traced right to Laplante's home. Chief Segr and Constable McDonald of Alexandria, made the arrest and preliminary hearing was held before Magistrate Peacock of Alexandria. Laplante claimed he had bought the articles from a man on the road at the dead of night for \$9.00. Laplante was sentenced to two years in Central Prison, Toronto, but Lalonde was let off with a reprimand by the Judge.

A peculiar accident occurred near Ogdensburg, when George Robinson shooting at a hawk struck and killed a cow on the William Thompson farm, nearly a mile away. Mr. Thompson stood only two feet from the cow when she fell dead. She had been let out of

## FIVE HUNDRED IS INCREASE TO THE CANADIANS' TOLL.

Ottawa, May 25th.—Forty-nine Cana-  
dians were killed and 432 wounded in the  
second great battle near Ypres on Thurs-  
day night, in which the Canadian over-  
seas division took part, according to pri-  
vate cables received by the Minister of  
Militia. These casualties were sustained  
by the second and third brigades of in-  
fantry, which are commanded by Brigadier-  
General Curry of Victoria and General  
Turner, V. C., of Quebec, respectively.  
No mention is made of the casual-  
ties of the first and fourth brigades, which  
relieved the 2nd and 3rd. The latter had  
put the Germans to flight and captured a  
number of machine guns.

As the first and fourth brigades took  
over the trenches so gallantly won by the  
other half of the division at the point of  
the bayonet, it is safe to assume that they  
had losses which will considerably in-  
crease the killed and wounded. As the  
Canadians had the better of the fighting  
it is not likely that there will be any  
missing.

On the other hand, it is believed that  
the Canadians succeeded in taking a con-  
siderable number of German prisoners.  
The cables received indicate that the  
Princess Patricia's took part in the battle  
as a unit in the fourth brigade, under  
Col. Seeley. It is evident that the re-or-  
ganized Princess Patricia's have been  
bracketed with the Strathcona Horse;  
the Royal Canadian Dragoons and the  
King Edward Horse to make up the  
fourth brigade. The Princess Patricia's  
are the only infantry battalion in the  
brigade. The other three regiments were  
trained as cavalry, but they are fighting  
as infantry at present.

No details have been received as yet as  
to the engagement, but it seems to have  
taken place a few miles from Ypres. The  
second brigade and the third Highland  
brigade on Thursday night attacked with  
the bayonet a German fortified position  
in a charge and took it. They held the  
position till the next day, when they were  
relieved by the 1st and 4th brigades. The  
1st and 4th brigades still hold the po-  
sition.

Major G. E. Wright of Hull, Quebec,  
of the Canadian Engineers, is reported to  
have fallen in Thursday's battle. Very  
few officers appear to have been killed or  
wounded.

## WHAT CANADIANS FOUND IN CAPTURED GERMAN TRENCH

Northern France, May 24. —The Brit-  
ish forces have strengthened their hold  
on the ground won, have made it secure,  
and have driven the Germans from several  
points of support in the wooded and  
broken country through which their new  
line runs, they claim.

In one of these exploits the Canadians  
again distinguished themselves by a dar-  
ing and successful attack against a strong  
German position. They seized an orchard  
and during the night dug themselves in  
behind a hedge within thirty yards of  
the German trenches.

In the morning they carried it by as-  
sault. Their loss was heavy. It was  
found to be a concrete trench, well con-  
structed. All the Germans remaining in  
it were dead. One officer was chained to  
a machine gun, which was cemented into  
the concrete, and three other dead Ger-  
mans were also found chained to machine  
guns.

In the face of a furious counter attack,  
the Canadians had to withdraw for a time  
from the newly-acquired positions, but the  
next morning they renewed their attack  
and drove the Germans out.

In the days of mist and rain, the Ger-  
mans had time to bring up heavy rein-  
forcements. They launched a fierce  
attack at Richebourg. Not only were  
beaten off with extremely heavy loss, but  
the British were able to gain some ground  
and occupy several trenches.

## Shrapnel Shells.

Shrapnel possesses greater man-killing  
power than any other kind of ammuni-  
tion used in modern field artillery, and  
that is why more than 1,000,000 shells  
a month are being used by the European  
armies now in the field. Thousands of  
shops and factories are working night  
and day to supply this demand. A super-  
ficial examination of a shrapnel shell dis-  
closes little to indicate its destructive  
power—it is simply a small steel shell  
attached to the end of a brass case; but  
when properly adjusted and fired from a  
modern field gun this steel shell be-  
comes a veritable demon of destruction.  
Within the brief period of 43 seconds it  
has travelled over 1 mile, and 174 seconds  
later it is nearly 3 1/2 miles distant from  
the gun. At any time during this rapid  
flight it can be made to explode with  
marvellous precision and deadly effective-  
ness.

Each shell has a time fuse that is made  
with the accuracy of a watch. This fuse  
is graduated in seconds and is set to ex-  
plode at a given range as determined by  
the panoramic sight or other form of  
range finder. As soon as the gun is fired  
the fuse is ignited automatically, and when  
the explosion occurs in the base of the  
shell itself, the forward end is blown  
out and a shower of lead bullets hurled  
forward in cone-like formation, the shell  
acting as an aerial gun. The velocity of  
the shell at the time of the explosion by  
from 250 to 300 feet per second, and they  
cover a zone about 30 yards wide and  
250 yards long.

## CORRESPONDENCE FOR PRISONERS OF WAR IN GERMANY.

1. Letters (letters should be left open)  
post cards and postal parcels should be  
addressed as follows:

1. Rank, initials, name.
2. Regiment, or other unit.
3. British (or Canadian, French, Bel-  
gian or Russian) prisoner of war.
4. Place of internment.
5. Germany.

Place of internment should be stated  
always if possible, and parcels cannot be  
accepted unless place of internment is  
stated. All addresses must be in ink.

2. Communications should be limited  
to private and family news and to neces-  
sary business communications, and should  
not be sent too frequently.

No references to the Naval, Military or  
Political situation or to naval or military  
movements and organizations are al-  
lowed. Letters or post cards containing any  
such references will not be delivered.

3. Friends of prisoners of war are ad-  
vised to send postcards in preference to  
letters as postcards are less likely to be  
delayed. If letters are sent, they should  
not exceed in length two sides of a sheet

of note paper. On no account should the  
writing be crossed.

4. Letters cannot for the present be ac-  
cepted for registration.

5. Postage need not be paid either on  
letters or parcels addressed to prisoners  
of war.

6. No letters should be enclosed in par-  
cels, and newspapers must not on any ac-  
count be sent. So far as is known there  
is no restriction on contents of parcels;  
tobacco may be sent and will be admitted  
duty free but food stuffs of a perishable  
character should not be sent. Parcels  
should not exceed 11 pounds in weight.

7. Remittances can be made by money  
order to prisoners of war. Instructions  
as to how to proceed can be obtained  
from Postmasters of Accounting Post Of-  
fices. The transmission of coin, either in  
letters or parcels is expressly prohibited.  
Postal notes and Bank notes should not  
be sent.

8. It must be understood that no guar-  
antee of delivery can be given of either  
parcels or letters and that the Post Office  
accepts no responsibility. In any case,  
considerable delay may take place and  
failure to receive an acknowledgement  
should not necessarily be taken as an in-

dication that the letters and parcels have  
not been delivered.

9. So far as is known, prisoners of war  
in Germany are allowed to write letters  
or postcards from time to time; but they  
may not always have the facilities for do-  
ing so and the fact that no communica-  
tion is received from them need not give  
rise to anxiety.

## THE ACTUAL COST OF PAINTING YOUR HOUSE

can't be measured by the price per gallon of the Paint used.  
That isn't the way to buy Paint

Because—you are not buying merely lead, zinc, color  
and oil.

You are buying permanent beauty, service and durability.  
You are buying protection against weather and decay. You  
are buying life insurance for your home, and freedom from  
yearly re-painting and repairs.

The Paint that gives all this—and takes the fewest number  
of gallons for the job—is the cheapest you can buy.

## MARTIN-SENOUR "100% PURE" PAINT

is made right here in Canada and we guarantee that Martin-  
Senour "100% Pure" Paint, except a few dark shades that  
cannot be prepared from pure Lead and Zinc alone, to be 100%  
pure White Lead, pure Oxide of Zinc, pure Linseed Oil, pure  
Colors and Turpentine Dryer, and to be entirely free from  
adulteration or substitution, and sold subject to chemical  
analysis.

You would not buy sugar which contained 10% sand; why  
buy Paint with 10% impurity?—when you can get "100% Pure"  
paint, guaranteed Pure.

### Italy's Declaration of War.

Italy has formally declared war against Austria and like action as regards Germany will follow or be compelled as a matter of course. The new ally's help should be welcomed by the anti-Germanic powers Great Britain, France and Russia have borne the brunt of the struggle for a long eight months. They all have reason to appreciate the seriousness of the task they assumed. The presence in the field of a new operating force will compel a diversion from the present scenes of activity of troops to protect Austria from invasion from the south; and whatever does that is a help to the forces which have been longer engaged. Italy may need financial help; but Great Britain and France can well afford to give it in return for the material aid of Italy's army and navy. It will not be well to expect immediate results from what Italy will do. Time is required to develop large movements; and if Austria is to be attacked from Italian territory the progress will be difficult. The frontier is a mountainous one and for months past engineers have been making it stronger, in expectation of what has now occurred. The earlier engagements indeed, may be on Italian soil, but that will be an incident of only local meaning. The new Italian army, compelling the greater division of the Teutonic forces, and the strong Italian navy to close the Adriatic and threaten Austria's coasts, will increase the probability of the Russians and Anglo-French forces breaking the German lines, defensive as well as offensive, and creating conditions that will make peace possible.

### Loughridge—Steinburg.

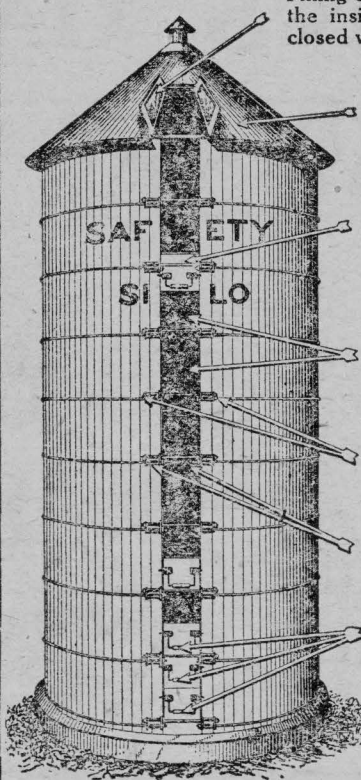

A very pretty wedding took place at the home of Mr. and Mrs. Wm. Steinburg, Winchester, when their second daughter, Mabel, was united in marriage with Myles R. Loughridge of Morewood. The ceremony was performed by Rev. F. H. Sproule, B. A., at high noon on May 24th, in the presence of about fifty guests. The bride looked charming in a gown of white silk with accordion pleated skirt, and tunic of embroidered silk, and carried a shower bouquet of white roses and pink carnations. The bride was attended by her little sister, Lillian, who was daintily attired in pink silk, and acted as ring bearer. Mendelsohn's "wedding march" was played by Mrs. Sproule. The house decorations were ferns and roses in patriotic colors. A delicious luncheon was served by the following young ladies: Misses Pearl Robertson, Pearl Ball, Amy Loughridge, Agnes Ulman, Verna Martin and Nellie Steinburg.

Among the out-of-town guests were: Mr. and Mrs. J. H. Loughridge, Mrs. T. E. Coulthart, Mr. and Mrs. Iden, Walter and Bradford Loughridge, Mr. and Mrs. Jack Ryerson, Mr. and Mrs. A. Steinburg, Mrs. Ford Steinburg, all of Morewood; Mr. and Mrs. Urias Steinburg of Melvins, Mr. and Mrs. S. Melner, Miss Flossie Steinburg of Ottawa; Mr. Chas. Kirkwood, Winchester Springs; Miss Mary Brown of Russell, Mr. and Mrs. Wilson Steinburg, Mrs. A. J. Martin, Morewood; Miss Pearl Ball of South Mountain, Miss Lena G. Martin of Chesterville.

The bride and groom were the recipients of many beautiful gifts signifying their popularity.

Mr. and Mrs. Loughridge left for Montreal and eastern points after which they will reside in Morewood. The bride wore a modish tailored suit of navy Gaberdine with ecru hand painted voile blouse and a smart panama hat.

## Advantages of the Safety Silo

Filling doors have glass windows which light the inside and form part of the roof when closed without wind obstruction.

Cone shaped roof with Galvanized iron ventilator on peak to let out the gas and steam as they accumulate.

Our fasteners being entirely on the door, doors can be left in the opening at any height merely pushed up out of the way and always where they belong.

Easiest to get feed out of. Unobstructed continuous opening, 22 inches wide, makes it possible to shove ensilage out instead of having to throw it up three or four feet in the air to an opening.

Refitting doors unnecessary, a few turns of nuts here and door front is adjusted perfectly to fit doors, making them air tight.

Takes man or boy only one hour instead of a day to tighten or adjust every hoop on Silo while standing on ladder formed by fasteners. No dangerous slipping separate ladder needed as on other Silos.

Our safe fastener makes a substantial ladder right under opening runs 15 inches apart, stands out 6 inches from the door and is 14 inches wide.

From the above points we leave you to judge as to its superiority over all others.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### Millions of Rabbits.

In this day and time when the high price of meat has added so materially to the high cost of living, there has developed a new source of meat supply in the State of New Mexico that is no doubt causing the big packing concerns of this country considerable worry.

The rabbit crop of Eastern New Mexico this year is one of the best on record and the rabbit harvest is now in full swing all over that portion of the state. At Fort Sumner, in Guadalupe County, the rabbit market is brisk, and while the animals are only bringing the hunters five cents each, yet the crop is so easily gathered that rabbit hunting is becoming a most lucrative industry. A total of 500 rabbits per day is being brought into Fort Sumner alone, and it is estimated that by the time the season closes next March thousands of the animals will have been marketed and a considerable sum added to the circulating medium.

Shipments from Fort Sumner are only a drop in the bucket, figuratively speaking, for every little town and hamlet in Eastern New Mexico is now engaged in a stupendous rabbit harvest. Melrose estimates that fully 1,000,000 rabbits will be marketed from Curry County alone.

Cottontail rabbits minus the trimmings weigh a little more than one pound each. This means twenty-five carloads of rabbits—averaging 40,000 pounds to the car and an average of two cars per week during the shipping season. The sale of the 1,000,000 rabbits will turn loose the sum of \$50,000 in Curry County and shows that the New Mexico rabbit crop is something not to be sneezed at. In commenting on the prodigious crop of rabbits now being harvested and marketed in Curry County, the Fort Sumner Review says:

"If the million rabbits were all shot, a rabbit for each cartridge weighing about two ounces, or say ten rabbits to each pound of ammunition, to get a million rabbits would require 100,000 pounds of cartridges, making a nice little item of retail business for the local dealers, which affords another chance to use the mathematics we learned in the days of Dayball's arithmetic. Assuming that each rabbit secured by a dog required a chase of a quarter of a mile, the dog making the run every time without stopping for any reason, a dog to catch a million rabbits would have to run 250,000 miles, a distance equal to six trips around the earth."—El Paso Times.

## **This new Refinery gives to Canada the most up-to-date Sugar Refinery on the Continent**

After a year and a half's work, we have completed and are now operating the most sanitary, up-to-date sugar refinery ever constructed. Every new and improved method of refining has been installed.

No expense has been spared to make the sanitary conditions perfect.

Every step in the process of manufacture is one of care and patience for quality.

The result is that no hand touches the product from the time the raw sugar reaches the refinery until the perfectly refined sugar enters the home in the Original Packages.

Only cane sugar used in the refinery — no beets — no substitutes.

Tell your grocer to send you Lantic Sugar in original packages. This will ensure the purity and cleanliness of the sugar used in your home. Look for the Red Ball on every package.

## THE BLOOD IS THE STREAM OF LIFE

Pure Blood Is Absolutely  
Necessary To Health

"FRUIT-A-TIVES" PURIFIES

These Wonderful Tablets,  
Made of Fruit Juices, Are The  
Best Of All Tonics To  
Purify And Enrich  
The Blood.

Pure, rich blood can flow only in a clean body. Now, a clean body is one in which the waste matter is regularly and naturally eliminated from the system. The blood cannot be pure when the skin action is weak, when the stomach does not digest the food properly, when the bowels do not move regularly, when the kidneys are strained or overworked.

Pure blood is the result of perfect health and harmony of stomach, liver, bowels, kidneys and skin.

"Fruit-a-tives", by their wonderful action on all these organs, keeps the whole system as clean as Nature intended our bodies to be clean.

"Fruit-a-tives" tones up, invigorates, strengthens, purifies, cleans and gives pure, rich, clean blood that is, in truth, the stream of life.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50 trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

## Cornwall General Hospital.

This institution provides skilled nursing and care at very moderate rates to those able to pay, and without charge to indigent persons from the three United Counties, other than the Municipal Grants.

- It is kept up by:
  1. Fees from paying patients.
  2. Grants from the Government and Municipalities.
  3. Donations and Subscriptions from Churches, Corporations, Societies and Individuals, the last being the largest source of revenue.

**You are asked to assist in this work**  
The nucleus of an endowment fund has been established by a legacy recently received, and parties remembering the Hospital in their wills may stipulate that bequests made by them shall go to this fund.

## "MOTHERS OF SORROW."

Composed by Mrs. S. McMahon, for  
mothers whose sons are slain in the pre-  
sent conflict.

Tramp, tramp, tramping, tramping,  
Down the line the soldiers come,  
Marching onward to the bugle,  
Pacing quickly to the drum.

Down they come, and yet among them  
Many a boy is there we know;  
Who were little lads about us,  
But alas! they had to grow.

Step by step from youth to manhood,  
Fine and handsome, face and limb,  
But the King was needing soldiers  
So they sent them all to him.

Now they're marching with the sol-  
diers,

Whom they're shipping to the front,  
Sending straightway off to Flanders,  
There to bear the battle's brunt.

Yes, 'tis sad to see them going,  
And the tears fall down like dew—  
But, dear Lord, your presence's near  
them,

They are trusted all to you.

And when'er we hear the bugle,  
Let it e'er so gaily play,  
'Twill be mingled in our memory  
With the call to arms today.

True this sorrow is the keenest,  
That the world has ever known;  
Dear Saviour comfort all those mothers,  
Through battle widowed, and bereaved  
of sons.

Chesterville, May, 1915.

## Your Home Paper.

Any newspaper is the companion and  
friend of the family, but the local paper  
is one identified with the interests of the  
home. It is conducted by those whom  
you know. Its columns are filled with  
what is of special value to you. In its  
prosperity you have a vital interest, and  
to its prosperity you can best contribute  
by giving your support and patronage.  
It is your neighbor. Your duty is first to  
know your wants. Its interests are your  
interests. It is your friend, it, in prefer-  
ence to any and all others. No outside or  
foreign paper can possibly have claims  
upon you until your duty is discharged  
to the local journal. Of him who says  
he can get a city paper much larger than  
his own local journal for the same amount  
of money, we would inquire; Do the city  
papers say anything about your country,  
its soil, product, stock-raising, mills,  
minerals, schools, churches, roads,  
bridges or other improvements? Nothing.  
Do they mention your public meetings,  
your town and country news, and the  
other thousand and one matters of in-  
terest which your home paper publishes  
without pay? Not much. Your local news-  
paper works for its own town; does all  
it can to build up the place, advance the  
interests of its citizens, draw trade to the  
town, puts money into the pockets of the  
business men, and adds to the well-being  
of all. Such a paper is entitled to the  
liberal patronage from the town and  
community it works for.

## World-Wide Popularity of Tea.

"In the tea trade there is much  
talk of enormous increases in the  
drinking of tea everywhere since  
the war began. Russia, already a  
large consumer of tea, is taking  
more and more to the beverage,  
now that vodka is banned. In  
France, tea is beginning to threat-  
en the supremacy of coffee. The  
greater demand means higher prices  
in our households, especially as  
there is said to be no correspond-  
ing increase in the supply. Dealers  
are naturally uneasy as to the  
position."—London, Eng. 'Times'  
24th April.

A Hamilton firm has been fined  
fifty dollars for omitting to place  
war stamps on their checks. This  
should be remembered by local busi-  
ness men. The law now requires  
a stamp on the check, and an omis-  
sion of the stamp is an infraction  
of the law.

## What Soldiers Carry.

The soldiers of the European  
armies carry with them in the field  
kits ranging in weight from thirty-  
eight to sixty-one pounds. The  
equipment is, generally speaking,  
very simple. It usually comprises  
a rifle and bayonet, with rags for  
keeping them clean, an intrench-  
ing tool, and of course, a number  
of rounds of ammunition.

Then there are the various ar-  
ticles of clothing with changes,  
and a first-aid outfit. All the sol-  
diers, with one exception carry  
a knife, a fork and a spoon, water-  
bottle and mess tin. The Russians,  
who constitute the exception, carry  
a wooden spoon only.

There is also a supply of food  
carried, and generally one or two  
reserve or emergency rations. To-  
gether with an overcoat, the knap-  
sack and similar accoutrements,  
the load to be carried is consider-  
able. The Russians carry most,  
the weight working out at sixty-  
one pounds, while the British,  
French and Germans come next in  
order, carrying weights of forty-  
seven, forty-four and thirty-eight  
pounds, respectively.

## WHEN THE TIRED MOTHER GIVES OUT

What Then?—The Family Suf-  
fers—The Poor Mothers Suf-  
fer—Mrs. Becker Meets  
This Distressing Situation.

Collinsville, Ill.—"I suffered from a  
nervous break-down and terrible head-  
aches, and was tired all over, totally  
worn out and too discouraged to enjoy  
life, but as I had four in family and  
sometimes eight or nine boarders, I kept  
on working despite my suffering.

"I saw Vinol advertised and decided  
to try it, and within two weeks I  
noticed a decided improvement in my  
condition and now I am a well woman."

—Mrs. ANA BECKER, Collinsville, Ill.

There are hundreds of nervous, run-  
down, overworked women in this vicinity  
who are hardly able to drag around and  
who we are sure would be wonderfully  
benefited by Vinol as Mrs. Becker was.

The reason Vinol is so successful in  
building up health and strength in such  
cases is because it combines the medi-  
cinal tissue building and curative elements  
of cod's livers together with the blood  
making, strengthening properties of  
tonic iron. We ask every weak, ner-  
vous, run-down man or woman in this  
vicinity to try a bottle of Vinol on our  
guarantee to return their money if it  
fails to benefit.

## BUY FROM A WELL ESTABLISHED COMPANY.

The most important point in selecting an automobile is to know the reputation of the Company—  
"Who is Behind" it.

New makes of automobiles come and go year after year.

The question of service should also be considered carefully. Do not buy an "orphan" car for which  
you may have difficulty in securing repair parts and service, after purchasing.

The McLaughlin Carriage Co., Limited, of Ottawa, is one of the oldest vehicle industries in Canada—  
built up on Canadian capital—in business for over forty-five years building high grade carriages, and in  
the eighth year of automobile manufacturing.

This company has such an extensive organization that an owner can secure dependable service at any  
of the twelve branches conveniently located throughout Canada.

Every McLaughlin Buick has the famous VALVE-IN-HEAD Motor, that is guaranteed to produce  
and deliver more power than any other motor of equal size of any make, and on a lower consumption of  
gasoline.

In Montreal, the Branch Salesroom is located in the Somner Building, 260 Ontario St. West, and the  
garage, carrying a large stock of extra parts, is at 1570 St. Lawrence Building.

#### A Snop in Little Boys' Suits.

McGee bought a lot of little  
Boys' Suits below the regular price  
and is selling them the same way,  
\$1.90 a suit.

Miss Bessie Durant, soloist of  
Trinity Anniversary services, who  
was so much appreciated is a vocal  
pupil of Mrs. Jean Howard, pipe  
organist.

One of the largest pike ever  
caught in the Nation River was  
caught here last Monday by Charlie  
McLean. The fish weighed 10 3/4 lbs.  
and measured 36 inches in length.

Do not forget the Red Cross con-  
cert on Wednesday evening, June  
9th. Those taking part in the pro-  
gramme are: Miss Recardi, Miss  
Margaret Cross, violinist and Dr.  
Sanders, organist of Dominion  
Methodist Church, Ottawa.

Mr. Thomas Edison, the great  
inventor, has written a letter to  
Henry Ford, the millionaire auto  
manufacturer, which in many  
places is being hung in school  
rooms for the benefit of the pupils.  
"Friend Ford"—the injurious  
agent in the cigarette comes from  
the burning paper wrapper, the  
substance thus formed is called  
acrolein. It has a violent action on  
the nerve centres, producing de-  
generation of the cells of the brain,  
which is quite rapid among boys.  
Unlike most narcotics, this de-  
generation is permanent and un-  
controllable. I employ no person  
who smokes cigarettes—Thomas  
A. Edison.

#### Pineapples at 10c.

McGee will have another lot of  
large Pineapples for Friday and  
Saturday. This will likely be the  
last lot at 10c as prices are ad-  
vancing.

#### Second Canadian Champion Cow Owned at Chesterville.

Lillie De Kol Lucknow, 10484,  
owned by W. A. McElroy of Hill  
Side Farm, has just completed her  
record of performance test with a  
record of 22,189 lbs. of milk and  
841 lbs of butter fat. The butter  
fat record of 841 lbs. breaks the  
Canadian record which was pre-  
viously 833.64 lbs. held by May  
Echo.

Lillie DeKol Lucknow's reco d  
is considered quite remarkable not  
only from the fact that she has dis-  
placed all other Canadian champ-  
ions for fat production, but the  
fact that she was only milked four  
times a day for 275 days and three  
times a day for 90 days. The pre-  
vious champion was milked four  
times a day for 365 days. Another  
notable feature is that she only had  
thirteen months between calving  
while the previous champion had  
nearly fourteen months.

Another Canadian record is estab-  
lished in the fact that both the new  
champion and the former champion  
are owned by breeders who reside  
in the same township in Dundas  
County. Both of these cows are  
stabled within a mile of each other.

In conversation with Mr. McEl-  
roy this week, he told The Record  
that another animal undergoing  
test in his herd would in his opin-  
ion set a record beyond either the  
present or previous champion's fig-  
ures.

#### Red Cross Work.

Ottawa, May 19, 1915.  
Mrs. W. B. Lawson,  
Chesterville, Ont.

Dear Mrs. Lawson:—  
The President and Executive  
of the Women's Committee desire  
to thank you very heartily for the  
cheque for \$200 sent this morning,  
to endow beds in Cliveden Hospital.  
The beds to be called the "Chest-  
erville, Ontario No. 2," and the  
Chesterville, Ontario No. 3,"  
"Maple Ridge," third, the fourth  
from the "Young People of Ches-  
terville, Ontario."

It is indeed good of you to  
send these after the bed that you  
have already sent, and moreover to  
say that you are yet sending more.

With renewed thanks,

I remain,

Yours sincerely,

HENRIETA L. WILSON

Hon. Sec'y Women's Com.

The hospital bed endowed by Maple  
Ridge was provided by the following:—  
Mrs. S. R. Fulton \$5.00, Mrs. Will  
Lawson \$5.00, Mrs. John Allison \$3.00,  
Mrs. A. H. Fulton \$3.00, Mrs. George

Smith \$3.00, Mrs. D. G. Hutt \$3.00, Miss  
E. M. Dwyer \$2.00, Mrs. James Ball  
\$2.00, Mrs. Silas Cross \$2.00, Mrs. Thos.  
Cross \$1.00, Mr. Archie Black \$1.00, Mrs.  
Wilburn Ball \$1.00, Mr. S. Hurley \$1.00,  
Mrs. Jas. Fawcett \$1.00, Mrs. Barney  
Ball \$1.00, Mrs. I. N. Fulton \$1.00, Mrs.  
Fred Helmer \$1.00, Mr. Frank Helmer  
\$1.00, Mrs. Geo. Helmer \$1.00, Mrs.  
Clarence Helmer \$1.00, Mrs. Kenneth  
Hutt \$1.50, Mr. Theodore Hutt \$1.00,  
Mrs. Jack Hutt \$1.00, Miss Ella Parker  
\$1.00, Miss Eliza Parker \$1.00, Mr. Jas.  
Roberts \$1.00, Mr. Chas. Parker \$1.00,  
Mrs. Will Cassidy \$1.00, Mr. Bert Cassidy  
\$1.00, Miss Christie Cross 50c, Mrs. H.  
Shirkey 50c, Mr. Salvador Ruse 50c.—  
total \$50.00.

#### Empire Day Concert.

The pupils of the Chesterville  
Public School celebrated Empire  
Day by a fine concert, programme  
under the management of Miss  
Recardi of Ottawa in the Music  
Hall of the town. For some months  
past the pupils have been under  
her vocal tuition, but it was not  
until Friday night last the public  
were privileged to observe the  
fruit of her toil. Being Empire  
Day the programme was mainly  
patriotic. Mr. O. D. Casselman  
acted as chairman and put every-  
one in good humor in a racy pa-  
triotic address. The first part with  
the exception of a solo, "Melisande  
in the Wood," artistically rendered  
by Miss Munroe, was contributed  
by the scholars, the choruses  
numbering about 60 voices. They  
sang with great animation "The  
Call of the Motherland." The  
senior girls gave a pretty Maypole  
chorus in action. The Canadian  
Boat Song was very realistic, keep-  
ing time with the four paddles in  
the canoe. Miss Margaret Shaw  
and Master Seymour Warren sang  
solos, while Master Keith Merkle  
recited "The Union Jack" with  
capital expression.

The second part of the pro-  
gramme was a rich blending of  
patriotic appeal, excellent music  
and entertaining reading. Miss  
Recardi contributed several num-  
bers, accompanied by Miss Saucier  
of the town. One of the numbers  
"Ave Maria" having a violin ob-  
ligato, accompaniment in addition,  
played by Miss Beattie. Though a  
comparative stranger to a Chester-  
ville audience Miss Recardi won  
all hearts, all her selections being  
enthusiastically encoored with res-  
ponses. In all her numbers the  
splendid compass, sweetness and  
strength of the artist's voice were  
well demonstrated. The interest of  
her audience never flagged, while  
from time to time the rendition  
sparkled with musical gems. Miss  
Beattie appeared to fine advantage  
in the difficult "Nocturn E Flat"  
to which she responded with an  
encore. Miss Dey pleased her  
audience by her graceful render-  
ings of numbers well adapted to  
the audience.

The programme called for ad-  
dresses by Messrs. Irwin Hilliard,  
M. P. P. of Morrisburg and Mr.  
Campbell of Ormond. Mr. Hilliard  
did double service in a fine address  
upon the Empire and the European  
War. Mr. Campbell sending re-  
grets that at the last moment he  
had been prevented from attend-  
ing.

Notwithstanding the unfavor-  
able evening congratulations are  
due the Principal of the school,  
Miss Shennette, and her committee  
of co-workers upon the fine au-  
dience that turned out and the  
high-class musical and literary  
treat afforded the hearers. The pro-  
ceeds of the concert are to be ap-  
plied on the new piano fund inau-  
gurated some months ago by Miss  
Shennette when the new piano was  
installed in the school. The thanks  
of the Chesterville public are due  
to the ladies for their gratuitous  
services in the concert.

Ex-Inspector of the Dundas  
County Public Schools, Mr. Ar-  
thur Brown of Morrisburg, was in  
the audience.

#### Winchester 7; Chesterville 6.

On Saturday afternoon the base-  
ball team went down to defeat at  
the hands of the Winchester bunch  
on the latter's diamond, the score  
being as above and the margin one  
run, which unfortunate happening  
was the sole fault of the umpire,  
he not being able to see as well as  
those in less favorable positions. At  
the end of the fifth innings they  
were on even terms with four each,  
but the home team managed to  
crowd the winning tally over in the  
eighth when the score was six all  
and our lads failed to come through  
with the necessary swatting to off-  
set the advantage.

Score by innings:  
Chesterville-0 4 0 0 0 1 1 0 0-6  
Winchester-2 0 0 2 0 2 0 1 x-7
