Newsbriefs

Moderate damage

WINCHESTER — A two car accident took place Thursday morning, Jan. 26 on Main St. east of Hwy. 31. Winchester OPP said the eastbound car driven by Nancy Dahl of Ottawa lost control of her car and hit a Ontario Hydro van driven by John Durant of Winchester. There was moderate damage to Dahl's car.

Strikes tree

CHESTERVILLE — A northbound car on County Road 7 hit an ice patch and went out of control, careened into a ditch early Saturday morning, Jan. 28. Winchester OPP said the accident occurred about 2 km south of Highway 43. The driver, Greg Kelly of RR1 Chesterville suffered minor injuries. His car, which struck a tree, sustained moderate damage.

Have a beef?

WINCHESTER — Anyone who has a beef with the provincial government or any of its agencies will have a chance to have something done about it Feb. 28. Klaas Bylsma, district officer for the office of the ombudsman for Ottawa and Eastern Ontario will be visiting the Cornwall and Winchester areas on Feb. 28 to hear complaints. He will be at the boardroom of the Winchester District Memorial Hospital from 9:30 to 10:30 a.m. and at the offices of the Children's Aid Society at 27 York Street in Cornwall, Bylsma will also be meeting with a number of community groups.

Three arrested

WINCHESTER — Three young offenders were arrested early yesterday morning in Chesterville. Winchester OPP said the three were caught during a break in at a residence south of Chesterville. The three offenders are also suspected in the theft of a car from Short's Farm Equipment, Chesterville Mon., Jan. 30 and a break in at Earl's Meat Monday morning. Some cigaretes were stolen.

Two of the offenders come from the Hawkesbury area and began their crime spree there. They are suspected of a number of break-ins in the Hawkesbury area and a car theft.

The two offenders from Hawkesbury are also suspected of "unlawfully leaving open police custody." All three offenders are in custody and two appeared in court yesterday.

Final plea

WINCHESTER — The Dundas Chapter of the Heart and Stroke Foundation of Ontario is making one last plea for registrants for its Healthy Heart Cooking Course which is to run five consecutive Tuesdays beginning Feb. 7. So far only 10 people have registered and another 15 people are needed in order for the course to go ahead. The course costs $30 and will run every Tuesday from 7 to 9 p.m., ending on March 7. Registration forms are available at local merchants and doctors and can be dropped off at The Brookslyn jewellery store in Chesterville or Annabell's Jewellers in Winchester. Either Susan Elgar at 448-2124 or Sheila Howatt at 987-5763 can be contacted for further information.

Tears of joy

Jenny Gooderham, 15, of Morewood, was named the village's 1989 carnival queen in a special ceremony at the Morewood Recreation Association Centre Friday night, beating out four other contestants. Above, an emotional Gooderham covers her face to hide her tears as the 1988 queen puts on her crown. One of the contest prizes was a white mink coat from Sirhain Fur. The contest was sponsored by Freemans, the Morewood RA, and Doug and Louise Merkley.

Counties to wait on response system

CORNWALL — Stormont, Dundas and Glengarry County councillors opted for further study before committing council to a county-wide emergency response system.

A 70-page report prepared by C.L. Lees and Associates of Kanata recommended the United Counties set up a co-ordinated fire emergency response system within the next three years.

The total cost of the project was estimated at $612,576 with 46 per cent of capital costs funded by the Ontario government's JEPP (Joint Emergency Planning Program).

There are 22 voluntary and one full-time fire department within the United Counties. Twenty of the volunteer departments operate on the same radio frequency causing significant interference in the event of an emergency, according to Lees.

The report called for the establishment of an emergency communications centre dispatcher who would relay fire calls to various departments through existing towers in South Mountain, Lancaster and Avonmore.

Winchester reeve Larry Gray opposed delaying the study any further, saying the counties couldn't afford to wait while the government decreased grants.

"We're passing off bucks if we postpone it," he said. "My thoughts are we should make an application based on this study and we could set up a committee to study the situation for a full year."

Williamsburg Township reeve Johnny Whitteker said the report was not detailed enough and the counties needed to pursue a policy of street naming and house numbering before implementing a central dispatch system.

"To have a central dispatch system without numbering and naming of roads will be a shambles," he said. "If calls are dispatched out of Cornwall the operator will have to ask eight or nine questions. Right now when the firemen answer a call they know where to go."

Whitteker said he has heard horror stories about ambulance drivers unable to find the correct house, driving up and down the road looking for someone to help out.

Winchester Deputy Reeve Bill Stewart said the study wasn't in-depth but it is a place to start.

"Councillors can tear it apart but it gets people thinking," he said. "We have to get the ball rolling with some basic facts."

Stewart is also a volunteer firefighter in Winchester and said he knew the report in its current form would not be accepted by county fire chiefs.

"I've been a firefighter for 19 years and I know what will work and what won't," he said.

The major complaint among fire chiefs was that only two departments in the United Counties were consulted by the study's authors.

Currently both Winchester and Williamsburg depend upon fire phones to alert firefighters. During the day, Winchester clerk Bill Appleby answers calls. Outside office hours, 10 fire phone located in homes, are used.

The report notes one of the most operational difficulties with existing fire phones is that the eagerness and availability of any one individual, group or organization to provide 24 hours emergency answering of fire phones on a volunteer basis is gone.

Both Stewart and Whitteker said there have not been any serious problems with their fire phone systems.

Councillors agreed to appoint a nine-member commission comprised of two fire chiefs from each county and one member of the Mutual Aid Fire Association from Stormont, Dundas and Glengarry to study the proposal in more detail and make their own recommendations.

Finch home destroyed in fiery weekend blaze

Greg Kielec
Record Staff

FINCH — Finch fire department's first fire of 1989 turned out to be one of its worst, needing help from the nearby Newington fire department and extra tankers from other neighboring departments to quell the house fire.

The Saturday afternoon blaze destroyed the home of Rheal Laferriere and his wife, on Lot 12, Concession Two, south-west of Finch.

Finch Fire Chief Don McKercher said Laferriere and his wife were lying down when they were awakened by the smoke detectors. Smelling smoke, Laferriere's wife went down to the home's basement to find it was already engulfed in flames.

The Finch fire department was called and mutual aid was activitated to enlist the help of water tankers from Avonmore, Ingleside and Crysler fire departments. As well, a pumper truck and extra men were called from the Newington fire department.

McKercher said it was fortunate that no one was hurt in the blaze which destroyed the home.

"It was a very dangerous fire because it was what we call a 'back draft fire'. Just a bomb waiting happen," he said.

About 20 minutes after firefighters arrived on the scene, the worst did happen. A combination of fumes gathering at the ceiling of the home, mixed with oxygen, caused an explosion.

McKercher said firefighters knew the house could explode at any time, making it difficult for them to plan any strategy to fight the fire.

About 30 firefighters were called in to fight the blaze.

The Laferriere's are presently staying at the home of Bill MacLean, on the next concession south of the road their home was on.

McKercher said it was a disappointing way to start out the new year, not being able to save the home. "It's very, very disappointing. It's not a very gratifying thing."

But the night was brightened by some neighbors who brought coffee and sandwiches to the already cold and tired firefighters, McKercher said. "They were well received," he said.

The Finch fire department will conduct its own investigation into the fire, he said.

Hearty participation urged for area fundraiser

Yves Cossette
Record Staff

CHESTERVILLE — First there was Band Aid, then there was Farm Aid, and now Heart Aid. Well, sort of.

Heart Awareness week is coming up and fit people and not-so-fit people of all sexes, and ages are being asked to participate in the Dance for Heart.

The Heart and Stroke Foundation of Ontario's third annual Dance For Heart session will take place 7 p.m. to 10 p.m. Thurs., Feb. 9, at Chesterville's Community Hall.

Jennifer Gregoire, who teaches aerobics here in Chesterville is organizing the event again this year. Dance For Heart is an annual event which raises money for the Heart and Stroke Foundation and promotes awareness of heart disease, the leading fatal illness in Canada.

Gregoire stressed the public awareness aspect of the Dance For Heart. "We have to exercise to keep our hearts strong and healthy and we should be having fun doing it."

Instead of taking pledges based upon how long a dancer lasts, Gregoire said most people pledge a flat rate. She said, "that doesn't put any pressure on anybody."

Gregoire said dance participants will be given incentive prizes depending on how much money they each bring in. The Heart and Stroke Foundation and local businesses will contribute the prizes.

She said people are pretty good with donations. "They give us a flat rate whether it's five or ten dollars for the evening."

The two previous Dances For Hearts events brought in $6,000 in pledges each time. Gregoire expects between 60 to 100 people to show up.

She also invited people, who missed last week's dance in Winchester and would like to take part in the Dance For Heart, to come.

She said no one is required to dance the entire three hours. "We expect them (participants) to stop. They get tired." She added that there would be breaks and refreshments.

Board, Osna. Twp. sign deal

$1.4 million rec. project for R-O School slated for 1990

Greg Kielec
Record Staff

INGLESIDE — The Stormont, Dundas and Glengarry County Board of Education and Osnabruck Township have formally agreed to build jointly-used recreation facility for Rothwell-Osnabruck School in Ingleside.

The planned $1.4 million addition will include a double gym, two change rooms, two offices and a cafeteria-stage to be built onto the north side of the school's existing cafeteria between the elementary and high school end of the building.

Plans for the facility also include the possibility of the addition of an indoor pool sometime in the future.

The cost of the project will be split 50-50 by the township and the school board. Each party is hoping for funding from the province to help defray the cost of construction.

The formal agreement was officially announced at a press conference held at Rothwell-Osnabruck School last Wednesday afternoon.

Township and school board officials said they will both be winners with the construction of the new facility.

"Everyone benefits and we're in a win, win situation," said school board chairman Joe Gunn.

Both Gunn and township Reeve Stewart Hart said they would not have gone ahead with the project without an agreement to jointly fund it.

The cost of the project would be "too prohibitive" for the township to fund it alone, Hart said. The township estimated the full $1.4 million cost would have meant a $100 increase on each resident's tax bill.

The project is being hailed by township and board officials as the first joint venture between a municipality and a school board in Eastern Ontario.

"I think it's going to be a benefit to everyone," Hart said. R-O students will benefit, township ratepayers will benefit, and the facility will also help draw new people to the community.

"I'm sure this is something we're going to be proud of when it's put up and put together."

Township recreation director Paul McAllister said the new double-gym will allow him to provide more hours for recreation within the township.

"As it exists, we are very, very limited," he said.

At present, the township can only use the high school gym three times a week for recreation activities. With the double gym, he'll now be able to schedule time for township use five nights a week.

The township has been looking at recreation options for its residents since its recreational needs study it completed in 1985. A facility like the one to be built at R-O was at the top of the want list for residents, said township officials.

The township had proposed a $2.8 million recreational facility two years ago, to be located on the township's development lands north of the school, but the project was scuttled because of opposition from residents over its cost.

One thing neither the township nor the school board has yet is a promise of funding from the province. Neither would say what would happen to the project if provincial funds were denied.

Township officials said they will rely on township residents to help pay for the project up front to help reduce the debt load it will have to carry on its portion.

Councillor Donald McElheran said the township residents will be asked to pay for "a certain percentage of the project". But he wouldn't say exactly how much money the township hopes get through fundraising.

He said he was optimistic that the community would rally behind the project to provide adequate funding. "I have the utmost confidence in the community that it will come through."

McAllister said the township will emphasize that it is to be "a community facility". He hopes the community will become "enthused" with the project and will "join together and build it as a community."

He said township officials also hope residents will donate time in "a physical sense" to help with various phases of the facility's construction.

The facility will be used mainly by the school during weekdays and by the township on week nights. The board and the township will be allowed to infringe on each other's time slots for special occasions provided arrangements are made beforehand.

Gunn said he is "absolutely delighted" with the joint agreement and hopes it will encourage other municipalities to consider such projects with the board.

"We're prepared to talk to them. The money comes from the same pocket," he said. "We're all excited. We're all excited about this joint venture."

Sign agreement

Rothwell-Osnabruck School and Osnabruck Township residents will have a new recreational facility to use as early as 1990 thanks to a joint agreement signed between the township and the SD&G County Board of Education last Wednesday. Above, Osnabruck Reeve Stewart Hart signs the deal splitting the cost of the $1.4 million project between the board and the township while board chairman Joe Gunn looks on. Both the township and the board are hoping for funding from the province to help defray the cost of the project.

Grocery outlet scrapped

MAPLE RIDGE — Despite last minute co-operation between Winchester and Winchester Township councils, a planned retail grocery store outlet will not be built in Winchester Township.

Township council passed a bylaw in October 1988, changing the zoning bylaw on a piece of property located east of Hwy. 31 to allow development of a grocery store.

Winchester village council, however, submitted a written objection to the zoning amendment, saying the wording was too vague and could allow other development.

Earlier this year, township reeve Claude Cousineau and his council reworked the bylaw. The new bylaw was site specific allowing only development of a grocery store on the property. At their meeting last week, village council approved of the change and withdrew their objection.

But property owner Bob Thompson informed township clerk Nancy Krisjanis last week that the Montreal firm's offer to build had expired.

"At Mr. Thompson's request we rescinded the bylaw and returned the property to its original status of highway commercial," said Krisjanis.

Thompson has left on an extended vacation and couldn't be reached for comment.

Winchester Township was in a race with Mountain Township to have the required zoning in place. The retail outlet had also expressed interest in building the store in Mountain, within view of the Winchester Township site.

While the village has not submitted a formal objection to rezoning in Mountain, Winchester reeve Larry Gray said that development concerns him the most because another outlet so close to the village could put further strain on an already meager water supply.

"The last in on a water supply supposedly can't interfere with the others although they will take water from the same water table," he said.

Mountain Township clerk Joan Maxwell said she had not received any confirmation that the Montreal firm will build the grocery store in Mountain.

New board

The Stormont Agricultural Society elected its new board for the upcoming year at its annual meeting Saturday. Pictured, front, l-r, are Pauline Flegg, secretary; Marvin Waldroff, president and Lynne Bancroft, treasurer. Back, l-r, are Murray MacDonald, first vice-president and Jim Bancroft, past president.

Farmers encouraged to manage time better

Yves Cossette
Record Staff

MAXVILLE — "Work smarter, not harder". That's the message Brian Goudge, a consultant with the Ontario Ministry of Agriculture and Food, in Kemptville brought to dairy farmers at the Regional Dairy Day Seminar in Maxville, Jan. 25.

Although his speech to the farmers was brief, he stressed that farmers could accomplish more by planning in advance and adhering to a written schedule.

In an interview, Goudge said he gets many requests to talk about farming "in a time management sense."

He said, he "helps farmers to realize the importance that time is a precious commodity."

He said farmers have a lot of work to do and often don't get a lot of things done because they don't plan their days according to priorities.

He said, "they probably haven't really given much thought to good time management."

Some of Goudge's suggestions to the farmers were to find time late in the day to plan the next day, to get a desk from which they could manage their time and farm, and to write things down.

One farmer, Doug Irvine of Dalkeith admitted he had never really given time management much thought. He said. "I guess we could always do better.

Irvine said, though there are a couple of chores, like cow milking, that had to be done every morning, every evening at the same time.

Another dairy farmer, Bill Van Loon of Finch, said "our chores are time managed all the time." He said cows had to be milked at a certain time, the milk truck picked up milk at certain times and cows had to be fed at certain times.

Van Loon said farmers who couldn't manage their time wouldn't be able to manage their finances either.

Richard Lapointe, a dairy farmer from Martintown was impressed with Goudge's presentation. "He made people think about it (time management)."

Goudge had to shorten his presentation in order to get the day-long seminar back on schedule.

Lapointe said he managed time on his farm with his wife and they have contractors carry out some functions of the farm while he and his wife concentrate on tending the cows for milking and feeding.

HEALTHY LIVING

If you are going to shovel snow, be careful

There's nothing prettier than a new-fallen snow - nothing more dangerous either.

Each year we hear about the numerous heart attacks and strokes that occur as the result of overexertion. The tragedy of the fatal or near-fatal result of an apparently healthy person succumbing to shoveling snow tends to overshadow a hazard that is even more common.

The same snow which causes heart stress also causes dangerous spinal distress to the shoveler. When you consider that a shovel of snow weighs 5 to 7 pounds, you realize the tremendous accumulative weight one has to lift to clear an area. The average driveway or walk will hold hundreds of pounds of snow.

Snow seems to present a challenge to most shovelers; the cold air invigorates them to action; and the same cold air numbs their sense of pain and fatigue, thereby masking the severity of sprain and strain. The result: too much exertion and too much work without rest breaks.

Doctors of chiropractic recommend the following rules to guard against the snow-shoveler syndrome:

1. Dress warmly, but don't bundle up so as to make it difficult and awkward for you to move naturally.

2. Use a lightweight pusher-type shovel. Spray it with Teflon so snow will not cling to it.

3. Try not to lift the snow or pitch it. Merely push it into a pile.

4. Avoid sudden twists of the torso. Move the entire body.

5. Keep your back straight when you lift. Use your legs rather than your back.

6. Work slowly.

7. If you feel tired or short of breath, stop and take a rest. Stand up straight and breathe deeply.

8. If you feel a twinge of back pain, stop completely and go inside the house, sit down and rest. With snow, it's wiser to use the head, instead of the back. Learn to shovel both right and left handed and change frequently.

Under chiropractic care, a patient is either treated or referred after a comprehensive differential diagnosis.

This health view is published by members of the Ontario Chiropractic Association in the interest of better public health.

Seniors meet at St. Matthews for School Days quiz

INGLESIDE — The regular monthly meeting of the Senior Citizens' Club No. 283 was held at St. Matthews' Presbyterian Church Hall on Jan. 16 with 38 members and one guest in attendance.

The meeting opened with the singing of the National Anthem followed by Happy Birthday to the members celebrating birthdays in January.

President Rita Partridge read an ode to great-grandparents entitled "Story Time."

After the meeting, retired teacher-librarian Fran Laflamme led the members down memory lane with a "School Days" quiz. For an hour, two teams dredged up answers on geography, history, agriculture, hygiene, arithmetic and spelling.

Sixteen out of eighteen of our Canadian prime ministers were named. Metric measure was ignored in favor of inches, rods, acres and miles. How many inches to a hand?

LAEB for '89

The Local Agricultural Employment Board for Stormont-Dundas is looking ahead to another year of promoting agriculture in the area. Pictured front, l-r, are Keith McGriskin, representative for the Ontario Ministry of Agriculture and Food; Ann Carruthers, Dundas representative; David Whetter, chairman, and Linda Rader, labor representiatve. Back, l-r, are Peter Mesman, vice-chairman; Norm Grace, Employment and Immigration Canada; Stuart Clark, Stormont director; Marion Graham, Dundas; George McLean, Stormont; Glenn Pemberton, Dundas and Tom Clapp, Dundas.

OFA to lobby GATT

SOUTH MOUNTAIN — The president of the Ontario Federation of Agriculture said her group will be lobbying long and hard on the GATT talks in 1989 to encourage positive results for the agriculture industry.

Brigid Pyke, 42, said the OFA's 22,500 members will be clearly heard as they lobby for the welfare of farmers this year under the General Agreement on Trade and Tariffs.

"This is the issue we will be most outspoken on," said Pyke, heading into her third year as president of the OFA.

Pyke told the more than 200 people attending the Dundas Federation of Agriculture annual meeting and banquet Friday night at the Mountain Township Agricultural Hall that it is "our job to play what if" in analyzing the potential impact of possible agricultural agreements that could arise from the current round of GATT talks, the Uruguay Round.

"I like to take the view that we are on the side of being cautious," she said.

Pyke said she appreciated the show of concern by the 250 to 300 OFA members who attended a rally of about 3,500 farmers gathered from around the world in Montreal Dec. 5 to lobby politicians during a three-day mid-term review of the talks.

Pyke said she is particularly concerned with the long-standing GATT Article XI, a general elimination of quantitative restrictions -- basically meaning that member countries of GATT cannot restrict trade.

"It is very important for the OFA to stay very vigilant on this one," she said.

Pyke said the real impact on agriculture resulting from the free trade agreement with the United States will not be known until "years and years down the road."

Meanwhile, the free trade rationale lets whoever can produce food the cheapest grab the market, Pyke claimed.

"It's very dangerous for agriculture," she said.

While farmers are showing considerable concern towards both free trade and the GATT talks, Pyke advised the agriculture community to also keep an eye on the "sleeper" issue of 1989 -- declassification as a farmer.

Pyke said the OFA must keep in touch with Finance Minister Michael Wilson as he works towards a format to separate bonafide farmers from part-time farmers for tax purposes.

Pyke admitted it is a difficult challenge for the government to devise a successful formula to avoid abuse of the system by some of the 427,000 farm tax filers in Canada.

A new government tax system for farmers could have a greater impact on farming than either free trade or GATT, Pyke suggested.

Prov. aids hearing

TORONTO — The Ontario Ministry of Health's Assistive Devices Program will provide financial assistance for the purchase of hearing aids for all Ontario residents who need them, Health Minister Elinor Caplan announced last week.

The grants are based on 75 per cent of the average cost in each of four categories of hearing aids: behind the ear, in the ear, canal and special hearing aids. The ministry will provide $16 million to cover costs of the 1989-90 program, which is retroactive to December 12, 1988.

The program now provides financial assistance to about 1,800 people under the age of 25 at an annual cost of about $1 million. An estimated 35,000 additional clients, who will gain access to the program by contacting their family physicians, audiologists or hearing aid dispensers, are expected to join the program annually.

Obituaries

John W. Tilley

John W. Tilley of RR1 Chesterville, 82, died Jan. 21 at Winchester District Memorial Hospital after a lengthy illness.

He is survived by his wife Elizabeth Gertrude Tilley, his son John, daughter-in-law Mary and grandsons Mark, Andrew and Steven.

Mr. Tilley was born June 4, 1906 in Briston, England and married Nov. 8, 1930 in London. He emigrated to Zimbabwe in 1947 where he worked for 24 years. He retired to Simonstown, South Africa in 1970. In March 1988 he came to Chesterville to settle with is son and family on Grantley Road.

Mr. Tilley served in World War II, between 1939-45 in England, North Africa, France and Germany with the corps of the Royal Engineers rising from Staff Sgt. to the rank of Major in 1943.

Prayers were said at J.R. Vice Funeral Home, Chesterville at 10:30 Wed., Jan. 25. Father James Esper offered prayers.

Bessie Flegg

Bessie Flegg, 88, of RR1 St. Andrews West died Jan. 23 at Cornwall's Hotel Dieu Hospital after a one week illness.

She is survived by her daughters Minnie (Mrs. Fred Henderson) of Williamsburg, Jean (Mrs. Alvy Larmour) of Surrey B.C., Leila (Mrs. Harlan Helmer) of RR4 Winchester, Leigh of Lunenburg, Norma (Mrs. Keith McMillan) of Dunbar, Grace (Mrs. Carl Hess) of Chesterville, Doris (Mrs. Walter Wylie) of Mountain, Edna (Mrs. John Anderson) of Surrey, B.C., Merla (Mrs. Jean-Guy Geneau) of St. Andrews West, Fern (Mrs. Bill Thompson) of Perth; her sons Sterling of Brinston, Bill of Killaloe, Ray of Alberta. She was predeceased by her sons Bert and Wayne. Loved by 58 grandchildren and 96 great-grandchildren and 12 great-great grandchildren.

Mrs. Flegg was born April 30, 1900 in Winchester Township and predeceased by her husband, Charles Flegg, sister and three brothers. She was a member of Chesterville Senior Citizen Club.

The funeral was held at J.R. Vice Funeral Home, Chesterville, 2 p.m., Wed., Jan. 25, 1989 and presided over by Rev. Roy Harwood. Interment took place at Maple Ridge Cemetery and the pallbearers were Thomas Henderson, Steven McMillan, Donald Helmer, Reginald Wylie, Gerry Quesnel and Charlie Wiseman.

Leila Merkley

Leila Pauline Merkley, a resident of Winchester for the past four years, passed away on Sun., Jan. 15, 1989 at her home. She was in her 74th year.

Born in Winchester Springs, July 4, 1915, she was the daughter of Rufus Casselman and Mary Jane Servage. She married Lloyd Merkley on June 14, 1941 in Elma. Together they farmed at Valleyholm Farm in Nation Valley for 43 years.

Mrs. Merkley is survived by her husband, Lloyd, two daughters, Barbara Ann (Mrs. Morris Dewe) of Cornwall, Carol (Mrs. Bill Coulthart) of Nepean, son, Douglas and daughter-in-law, Eleanor, of Greely; also by grandchildren Tracy and Stephanie Dewe, Angela and Steven Coulthart and Ronnie and Heather Merkley.

She is also survived by sister Olive Whittaker of Winchester and brothers Irwin of Iqouois and Basil of Winchester Springs.

She was predeceased by sister Jean Morrow and brothers Bertram and Alfred.

Mrs. Merkley was a devoted member of the United Church where she was active in the U.C.W. She was a volunteer at Winchester District Memorial Hospital for four years and assisted with the Meals on Wheels program.

The funeral service was held at the J.R. Vice Funeral Home in Winchester, Jan. 18, with Rev. Will Walker, Rev. Laurie McKnight-Walker and Rev. Roy Harwood officiating. Niece, Marilyn Dillabough and her husband, Doug, sang two favorite hymns of the deceased.

Pallbearers were Dwight Baker, Edwin Munro, Lyle Munro and Gerald Styles.

Interment was held at Maple Ridge Cemetery.

THE CHESTERVILLE Record Editorial / Opinion

No matter which side of the issue one supports, this Monday will be either a black day or a historic day in the history of the province of Ontario.

This Monday two bills dealing with the controversial issue of Sunday shopping are expected to receive third and final reading in the provincial Legislature at Queen's Park. After that it will simply require a quick stroke of the pen by the lieutenant-governor to turn the documents into the law of the land.

The passage of the bills, which will permit municipalities to decide the issue in their own jurisdiction and which will protect workers who don't want to work on Sundays, will bring to an end a stormy period which saw a loose coalition of church, family and small business groups battle against the concept of shopping on a day that many still regard as holy.

To be sure Sunday isn't what it once was. It wasn't that long ago when a Sunday in large urban centres such as Toronto was a quiet affair, with the city's churches the only establishments with their doors open.

While today people tend to take part in more activities, Sundays for the most part are still family-oriented, a time for long brunches after church, walking in the park, or strolling down a community's main street.

Sunday shopping opponents fear all that will change starting next week. They believe that having wide open shopping on Sunday will slowly alter the day until it becomes indistinguishable from any other day and Sunday will eventually lose that special place that it has always had in North American society.

The threat of competition will force many shopkeepers, who might otherwise have stayed home, to open their doors on Sunday. The only other alternative would be to risk losing business to other stores and that's a chance that many small businesses today just can't afford to take.

Apart from the relative merits of Sunday shopping what is perhaps most disturbing about this entire issue is the spinelessness and total lack of leadership that the Liberal government of David Peterson has displayed throughout this entire issue.

Sunday shopping is too hot for the provincial politicians to decide, so the hot potato will be tossed into the laps of the individual municipalities. It's strange that when it comes to such important municipal issues as waste management, funding for maintenance of municipal services such as roads and sewers, the provincial government makes all the decisions.

Yet when it comes to Sunday shopping the government, in its infinite generosity, decided to let municipal politicians chart their own course on the matter.

This cowardly act also serves to shift the battleground over Sunday shopping from the hallowed halls of Queen's Park to the municipal council chambers across the province. Provincial politicians created the problem, but it's the lowly municipal representatives who will feel the heat.

The Sunday shopping issue also begs the question: Who is the provincial government listening to? After numerous public meetings and a cross-province series of public hearings it became clear who the Liberals weren't listening to.

They weren't listening to church groups, they weren't listening to dozens of associations representing small business and they weren't listening to the Association of Municipalities of Ontario, which represents some 700 municipalities across the province.

The provincial government had its own agenda on this issue and there are some who fear that the large shopping malls and large department store chains were orchestrating this whole campaign.

There are some who claim that the advent of Sunday shopping won't be the catastrophic event that many fear. We can only hope they are right.

From Chesterville's Past

09 From the Record Thurs., Jan. 28, 1909

The annual congregational meeting of the Presbyterian Church in Chesterville was held on Thursday evening, the 21st, and was largely attended. The Rev. Dr. Bayne presided and Mr. James Moodie acted as secretary. The reports showed the congregation to be in a prosperous condition, in every way. A large increase was made to the membership during the year, and upwards of $1,600 was contributed for congregational and missionary objects.

An adjourned meeting of the municipal council of the township of Winchester was held in Morewood on Jan. 23. Moved by J.W. Bogart, seconded by P. Kirby -- that by-law No. 141, A.D. 1909, authorizing the reeve and treasurer to borrow $15,000 to meet current expenses, be read a first time -- Carried. Campbell-Bogart -- that by-law No. 141 be read a second and third time, passed, signed and sealed in open council. -- Carried.

The Finch Agricultural Society held its annual meeting at Berwick on Thursday. A large number of members were present. The financial statement of the past year showed the society to be in a prosperous condition Sept. 9 and 10 were elected as the dates for the fair of 1909.

29 From the Record Thurs., Jan. 31, 1929

An unusually large number attended the annual congregational meeting of Chesterville United Church held in the S.S. Hall Tuesday evening when the reports for the year were presented. Every department of the church was shown to be in a particularly healthy and flourishing condition with the very substantial sum of $7202 having been contributed to all sources of the church's activities during the year by entirely voluntary giving.

Last Sunday good-sized congregations attended church for the two services conducted by Rev. George Stafford, Aylmer, Que., father of the pastor of the church. Twenty-five members of the Young Worshippers League were present at the morning service and their attendance recorded.

On Wednesday evening, Jan. 23rd, Finch United Church held its annual meeting in Chalmer's United Church, Finch. The meeting was opened with devotional exercises. Large representations were present from St. Paul's United Church, Berwick, and Grantly United Church.

49 From the Record Thurs., Jan. 27, 1949

The members of the Chesterville Rotary Club heard one of their members in an address last Monday night when A.A. Acheson of the Bank of Nova Scotia delivered a talk on "Canadian Banking". He was introduced by Dr. G.H. Barton and thanked by D.W. Hutton.

Present as guest of the club was Cliff Butterhill. In the business part of the meeting, the case of a D.P. working for a local farmer was discussed with a view to helping him and his family. It was decided to ask the members to make any contribution they could and the matter was left in the hand of the Community Service committee under the chairmanship of Ray Dillabough.

The members of the executive of the Chesterville Fish and Game association are getting discouraged. They offer prizes and have a special night to give those prizes then find that the members who won the prizes have been holding out and not entering the true weights of the fish and game.

The annual Congregational meeting of Trinity United Church was held on Tuesday night. The Rev. Wm. E. Wright was in the chair, and opened the meeting with devotional exercises.

69 From the Record Wed., Jan. 30, 1969

Crysler's winter carnival has become a "must" on everyone's agenda over the past four years. Plans for the fifth winter event have been made and festivities start at the Community Centre at 1 p.m. Sunday, February 2.

On the occasion of her 87th birthday, Mrs. James Graham celebrated with all members of her family including six children, thirteen grandchildren and thirteen great grandchildren. Five of her children and six of her grandchildren are married.

Today, Thursday, at 11 a.m. a hearing will be held regarding a system of sewage for Chesterville. The meeting has been called by the Ontario Municipal Board and is open to all persons interested in support or in opposition to the proposed system. The plans of the sewage system have been completed and costs estimated. These facts and figures were published in this newspaper last October.

Victory over fear

by
Gordon C. Smyth

For several years Jesus had been travelling from town to town in the province of Galilee, teaching, preaching and healing. The sick of body, mind or soul had come to him and received his blessing. Among the little band of disciples he had enkindled new hopes and enthusiasm. But much still needed to be done.

Heretofore his work had been nearly entirely limited to the outlying districts of Galilee. But in Jerusalem it seemed next to impossible to make any progress, for there centred the hierarchy and orthodox opposition. He must go there and speak a good word for the Kingdom of God. The capital city must be attempted.

So we find him going there at the time of the Passover season. In that time he passed from peril to peril. On one occasion, when he was preaching in the city, men were ready to stone him and he was forced to withdraw for a while. But he came back again, back to meet his death; back to face Gethsemane, the Sanhedrin, Pontius Pilate and Calvary. He had conquered fear.

The thought of the Nazarene, with his face set to go to Jerusalem (Luke 9: 51), should help us when we find ourselves confronted by those fears that harass the soul. Fear is one of those universal emotions. We seem to live and move and have our being in an atmosphere of peril and suspicion. Who had not known the fear of self, the fear of others, the fear of the future?

Consider how we fail through lack of confidence in ourselves. We fear ourselves. So often we fail in some task, not because we lack the ability to perform it, but because we lack the courage to undertake it. We may overcome so deadly a fear only by deliberately undertaking it and sticking to it to the point of achievement. Nothing succeeds like success.

Then there is the fear of others. We are afraid of what others may think of us or do to us. There is a wholesome side to this, but there is an unwholesome side as well. Public opinion dictates the behavior of most of us. We prefer to move along conventional lines.

However, it was not by such a philosophy that St. Paul launched his new-found faith in the pluralistic society that was the Roman Empire. It was not by going along with things as they were that Dr. Martin Luther went to the Diet of Worms, proclaiming that he would go if that city had as many devils as there were tiles on the roofs! It is not by bowing to public opinion, that fresh aspects of truth are discovered or reforms inaugurated. If one is to follow the call of duty, he must overcome the fear of what others may say or do to him.

Then there is the fear of the unknown. We live in a world of uncertainty. All of us are now goaded on and then depressed by phantoms that come towards us from our unrealized futures.

We must not shrink from treading the way of conscience to "Jerusalem." If a person meets death itself with the smile of the unfearing in his eyes, he may leave the issue of it all to God.

So, putting behind us fear of self, of others and of the unknown or uncertain, let us press forward to the responsibilities and opportunities in the Kingdom of our heavenly Father.

(Dr. Gordon C. Smyth is a United Church minister and a writer who resides at 112 Beckwith Street East, Perth, Ontario. K7H 1C7).

The Farmer's Wife

by Wyn Thompson

Over the Christmas holidays, we had a man and his wife to dinner one evening. Over our dinners, we talked of many things, not the least of which was the subject of their television having broken down in October, and of their feeling no need to have it repaired.

"There it sits in the corner of the den, unnoticed except for a weekly dusting," she confided, "and after the first week, I have not missed it one whit."

Now, she is a busy lady who combines a stressful job and the equally stressful one of homemaker, but still I wondered if there wasn't the occasional time she might miss turning to the television for either entertainment or enlightenment, or both.

I queried her further and the response was the same, an emphatic 'NO' she did not miss it one whit.

"Well," I replied, "I can't say I couldn't do without the television, but I surely do feel I'd miss it. In fact, off hand, I don't know what I'd do," I laughingly concluded.

Now, I wasn't long in finding out. The very next evening about mid-way in a documentary I had set my heart on seeing, my good friend ceased to be. No warning. No fond good-bye. Nothing. A blank. I sat staring at it. That grey blank stared back.

I yelled for the Farmer to whom I said we have to do something quick. His reply was that there wasn't much we could do that night. Well, first thing tomorrow morning....

I had never been an advocate of making believe the 20th century doesn't exist. Our generation, my husband, the Farmer, has often pointed out, is the last to remember a time before electricity became ubiquitous. Comparing notes, we both remembered the cistern pump in the kitchen, a jug of water nearby for priming, potbellied stoves, popcorn that was shelled by hand, crank telephones, and, of course, the smell of coal oil from lamps and lanterns.

We'd shared much of this with our grandkids, telling them of heating water on the wood stove for washtub baths in the kitchen and carrying lamps to cold bedrooms - and climbing into colder beds - but that world was unimaginably distant to them, too distant to be real. So we'd turn off the reminiscent machine and discuss star wars.

Now, here I sit twiddling my thumbs and looking forward to the 21st century.

Morning came and my first call of the day was the television repair man. He responded immediately and in a couple of days my life was back to normal again. The technological age - how sweet it is!

There is not time like this - such quiet wintry days and nights - for friendship and for the enjoyment of the richest pleasures of our common life - I mean television, books and music. If you haven't begun to watch Patrick Watson's 'The Struggle for Democracy' tune in Sunday night for sure. It is not too late to review how our democratic way of life has evolved and is evolving.

The solstice past, the year tends towards spring. But you would never know it today. Yet, we do not have as many terrible blizzards as we had twenty years ago, and this makes me believe in the people who say our climate is getting warmer.

But when we do get a "Northerner" with stinging sleet and snow and a harsh wild wind, it is goood to know we have a warm house around us. The old saying, "Days lengthen, cold strengthens," is proved in January, if it ever is. And it is a good time to study snowflakes.

I go out for a walk wearing my old navy duffel coat and watch the snowflakes fall on it. Perhaps there are two alike, but those who have studied them most say they have never seen duplicates.

In January, I also like to enjoy window frost. Those intricate patterns that form on panes in a cold room where there is moisture in the air are unbelievably beautiful and complex.

They come in swirls and feathers and fern fronds and trees, wonderful in their elaborate and intricate beauty. I have never seen two frost patterns alike either.

The wind had increased while I was walking and the snow had ceased to fall. I turned toward home and noticed the track of the wind in the drifted snow, the way it went over a rock or a small shrub. I remembered reading once that 'snowdrifts are frozen motion of that most fluid of the elements, the wind.' Good examples were all about me as I walked.

January is a good time to look for animal tracks in the snow, but not if it is too cold. When I walk or ski on what I term a "dividend" day in January, I always see rabbit, squirrel and deer tracks.

But, the birds come to the feeders regardless of the weather - out of necessity, of course. For small birds can starve to death in thirty-six hours in bitterly cold weather.

Some years the snowy owls appear about now, but so far I haven't seen one. I listened to a birder recently pooh-pooh the notion that their appearance means an especially hard winter. He informed us that Arctic lemmings are a principal item in their diet, and lemmings follow a mysterious four-year population cycle.

When they are scarce in the snowy owl's homeland, the owls come south to feed on rabbits, and other small animals. We see them, because of the lemming cycle, about every four years.

There is a time of enchantment towards the end of January when the snow stops falling and there is a slight blossom of colour in the sky. Over the farm pond it is a lemon colour, over my hill a delicate green.

As the sun sets, the smooth sea of snow develops blue shadows. Shadows from the top of the hill stream to the bottom in long patterns.

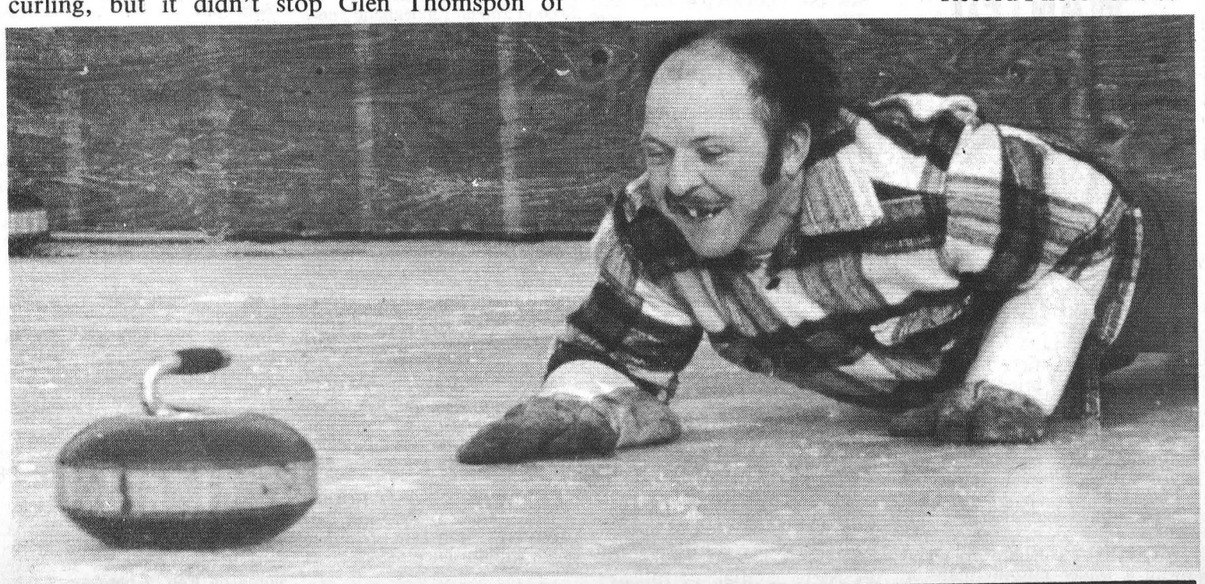
Then twilight drops into night while the snow crunches under my boots as I take a last turn around the yard waiting for Lady to make up her mind whether she will come indoors or not.

She finally makes up her mind and we go in. "Not too long till spring,", says the Farmer, settling into his chair by the fire. "Notice the days are getting longer and the buds on the pussy willow are swelling."

Sporting individuals

The log sawing contest at the Morewood Winter Carnival Sunday was popular as usual with both men and women. Top picture, two village residents do their best to cut a winning time. Bottom, warm weather conditions made the ice a little too soft for curling, but it didn't stop Glen Thomspon of Morewood, from getting down and putting a total effort into throwing his rock Saturday. The final half of the curling competition was held Sunday morning instead of the afternoon, to avoid poor ice conditions as the day got warmer.

Record Photo - Kielec



Just for fun

The children of Morewood weren't forgotten during the village's annual winter carival this past weekend. A variety of games were held for children throughout Saturday afternoon. Above, left, Carnival Queen Jenny Gooderham plays waitress in one of the races held outside the RA centre. Above, right, a young village resident tests her aim in the snowball toss.

Low fat cheese may be way of the future

MAXVILLE — Could low fat cheese be the cheese of the future? A spokesperson from Kraft Ltd. says it is a real possibility, but is cautious on how much growth potential low fat cheese has at the market place.

Ross Green, vice-president of Kraft, told an audience of Dairy farmers at the Regional Dairy Day seminar in Maxville Jan. 25, that low fat cheese was a leading contributor to growth in the cheese industry.

He stressed other cheese products have experienced zero growth over the past few years.

In an interview, Green said, "if it (low fat cheese) expands overall consumption of cheese, then that's good for the dairy farmer."

He did caution against high expectations for low fat cheese. Green said, "it is a little soon to see what marketplace the low fat cheese will contend with."

Green added that though low fat cheese has shown growth potential, it still makes up only a small portion of the cheese market. He said that the low fat cheese is a big hit with people concerned about their health and with taking in too much animal fat.

Green said low fat cheese products have done well on the market because a lot of effort has been put in to maintaining a high quality taste in low fat cheese.

In his address to the dairy farmers Green said there would be more advertising for low fat cheese.

Stan Baldwin, a dairy farmer from Inkerman felt Green was a little too cautious on exploiting the marketability of low fat cheese. He said, "I think we've got to throw fat out, because the consumers want it (out)."

He said there was room for improving the flavor of light cheese and that more emphasis should be made on protein instead of fat.

Green, however, argued, there would be continued demand for cheese with fat, especially people who don't have health problems. He added that only processed cheese could have its fat content reduced, and there is a high demand for natural cheese where fat isn't removed.

BIRTH

BIRTH ANNOUNCEMENT

WHEELER — Ronald and Penny are very proud to announce the safe arrival of their son, Nicholas Desmond on Wed., Dec. 28, 1988 at 8:28am, weighing 7 lbs. 10 ozs. A brother for Ivan and Amanda. Proud grandparents are Bev and Pat Barkley and Desmond and Betty Wheeler. A special thanks to Dr. Rosenquist and Dr. Adamson and the maternity staff at W.D.M.H. 24

CARD OF THANKS

CARD OF THANKS

I wish to extend my sincere thanks to my family, friends and neighbors for their expressions of sympathy in so many kind ways during the loss of my precious sister Leila Merkley.
God's garden must be beautiful,
He only takes the best.
Olive Whittaker
24

CARD OF THANKS

I would like to say thank you to everyone who remembered me in the hospital with flowers, cards and gifts after my accident. Special thanks to Dr. Slowey and nurses on second floor, the ambulance attendants and Morrisburg Fire Department.
Kelly Cass
24

CARD OF THANKS

On behalf of the Williamsburg IOOF Lodge No. 349 we would like to thank all the people that participated in buying 50-50 tickets for our drive to help the W.D.M.H. The other big winner was Richard Zufelt of Brockville. He won $606. We would like to also thank Ault Foods and Winchester Cheese for their kind donations that helped make our drive a success. 24-1

IN MEMORIAMS

IN MEMORIAM

McRAE — In loving memory of a dear husband and father, Dewey who passed away February 4, 1988.
One sad and lonely year has passed,
And there was no time to say goodbye
Perhaps it's just as well.
For we could never say goodbye
To the one we loved so well.
It's lonely here without you,
We miss you more each day.
For life is not the same to us,
Since you were called away.
Your great generosity, your courage, your good advice and your heart of gold,
We will never forget.
Sadly missed and forever loved.
Keitha and Family
24

IN MEMORIAM

McRAE — In fond and loving memory of a dear father and grandfather Dewey, who passed away on Feb. 4, 1988.
Gone dear father, gone forever,
How we miss your smiling face.
But you left us to remember,
None on earth can take your place.
A happy home we once enjoyed,
How sweet the memory still.
But death has left a loneliness,
The world can never fill.
Loved and sadly missed
Daughter Carolyn, Randy and Family
24

IN MEMORIAM

LANG — In loving memory of Sterling Lang who passed away Feb. 4, 1986 and Daryl Lang, who passed away Feb. 16, 1976.
We often think of days gone by,
When we were all together.
A shadow o'er our lives has cast,
Our loved one's gone forever.
Lovingly remembered by,
Judy and Jeff,
Wendy and Roy,
Ian and Ruth

WI hosts recycling seminar

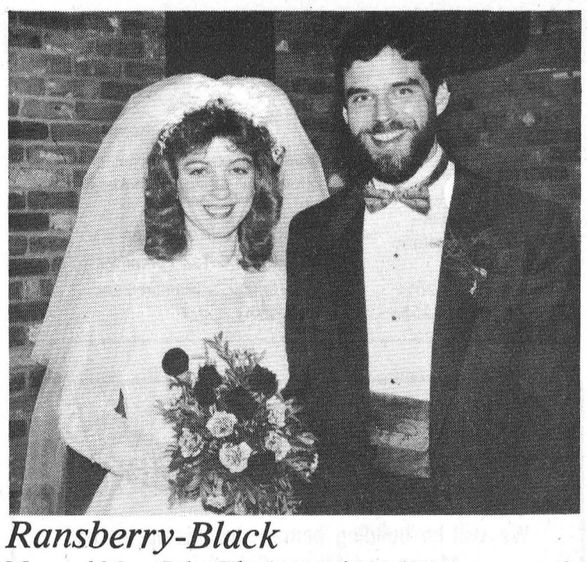
INGLESIDE — Should the people of Osnabruck Township start a recycling program? That will be one of the questions Osnabruck Township Council will be dealing with in the future.

If a blue box program is started now would it go bankrupt? What materials do you recycle? We still will have a lot of garbage left over, will it make a difference? The markets for recycled materials are not out there how would we get rid of the stuff?

On Tues., Feb. 14, the Osnabruck Centre, Ingleside and Newington Women's Institute will host a recycling presentation for the council and people of Osnabruck Township.

Guest speaker will be Nyle Ludolph of O.M.M.R.I. - Ontario Multi Media Recycling Incorporation. Ludolph, known as the 'grandfather of recycling', will deal with the above questions in a slide presentation of his home town of Kitchener where the first 'blue box' recycling program in Ontario was started.

The people of Osnabruck Township are strongly urged to attend this open meeting to be held in the Rothwell-Osnabruck high school gym on Feb. 14 starting at 7:30 p.m.. A light lunch will be served after so people can speak privately with Ludolph and township council members.



Ransberry-Black

Mr. and Mrs. John Black are pleased to announce the marriage of their daughter, Catherine Anne, to Douglas Gordon Ransberry, son of Maureen Hampton and Douglas Ransberry. The wedding took place on October 29, 1988 at Trinity United Church, Chesterville.

Insurance policy available

TORONTO — Ontario Sports Organizations can now tap into a province-wide insurance policy, providing reasonably-priced insurance over the next three to five years, Ontario Minister of Tourism and Recreation Hugh P. O'Neil announced recently.

The Co-operators Insurance Company of Guelph has been selected as underwriters for the Liability Insurance Program. All 76 provincial sports organizations are eligible for the program, developed in association with the Ontario Sports Centre.

"This is a milestone occasion for Ontario," Mr. O'Neil said.

"Our sports organizations will be able to the insurance protection necessary to qualify for funding from the ministry. Recognized sports organizations throughout the province will no longer be jeopardized due to a lack of insurance."

The Co-operators, which received the contract through public tender, will also help the ministry develop an injury-data reporting system and provide support with risk management programs.

The Co-operators presently insure about 27 provincial and national sports organizations.

Earl Bowman dies at 82

Funeral services were held Dec. 21, 1988 for Ingleside resident Earl William Bowman.

A retired farmer, he died suddenly at Cornwall General Hospital Dec. 18, 1988 at the age of 82.

He was born Feb. 20, 1906 in Williamsburg Township and is survived by his wife, Elizabeth, whom he married Nov. 22, 1930 at the Aultsville Manse.

He is also survived by Mrs. Hazel Duvall of Madrid, N.Y., Mrs. Olive Casselman of Prescott, Ont. and several nieces and nephews.

He is predeceased by his father, George Bowman and mother Florence Beckstead.

He was a former Gallingertown resident and was a member of the Ingleside Lodge of the Independent Order of Odd Fellows and a member of the Ingleside Trinity United Church.

Funeral services were held at the Fairbairn Funeral Home with Rev. Biggar of the Ingleside Trinity United Church officiating.

Interment was at the New Union Cemetery, Williamsburg.

Pallbearers were Dick Donnely, Glen Crites, Tom Tullock, David Crawford, John Gallinger and Ronnie Beaudette.

Canada Post Corporation

Delivering on our promise in rural Canada

Accessibility and convenience

In the spring of 1988, Canada Post Corporation made an important commitment to people living in rural areas of Canada: a promise to make postal products and services more accessible to these important communities.

By working with businesses in communities more and more postal outlets are now operated by local merchants, resulting in more accessible and more convenient postal services than ever before.

The facts and figures are in – the promise is paying off

Accessibility to our products and services has been dramatically improved. In the past, hours of service averaged 29 hours per week. Our new commitment has improved the average hours of service to 65 hours per week. An increase of 126%.

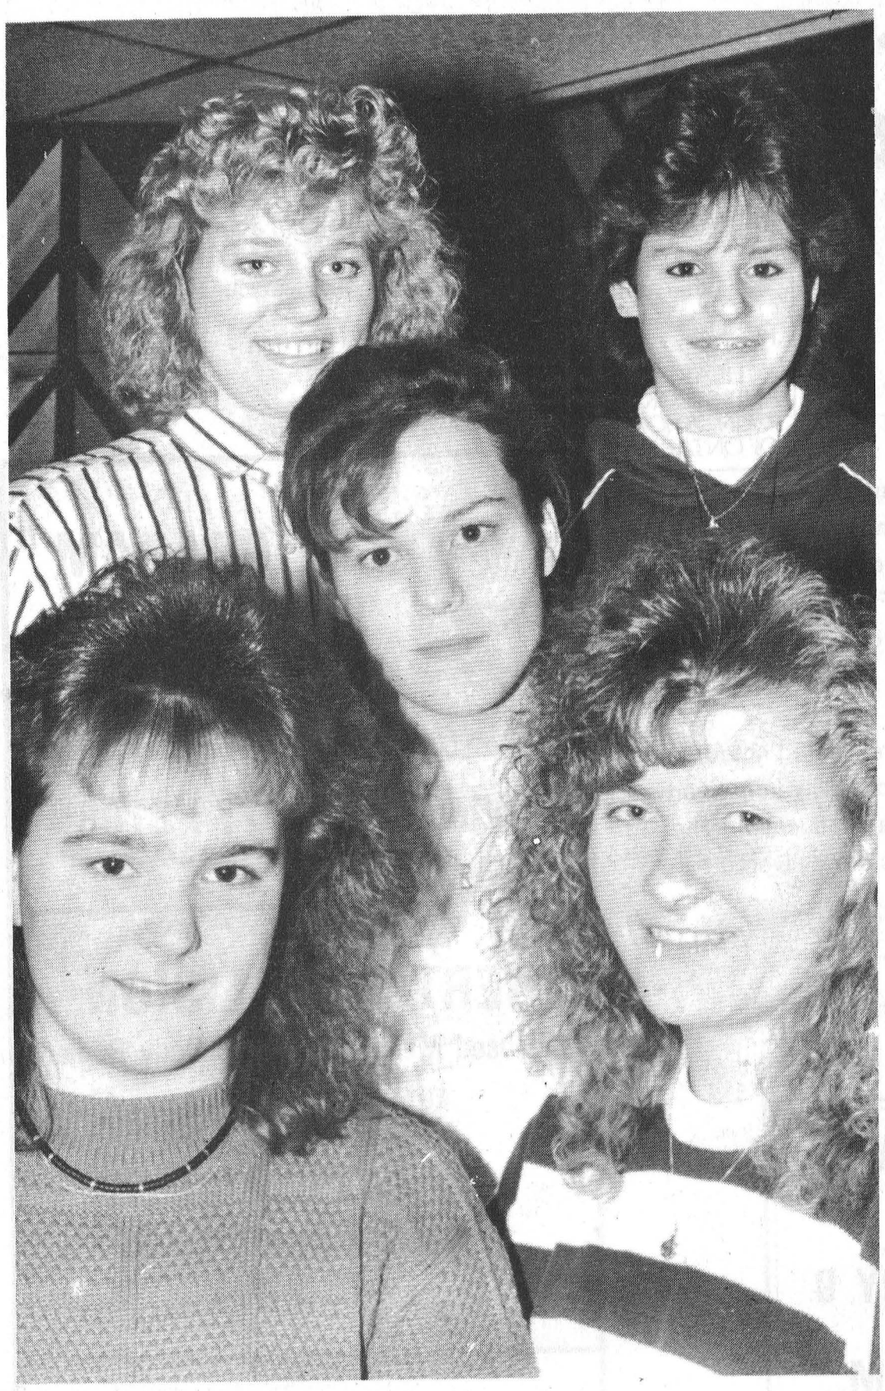
More proof of our promise

Our efforts are working. Independent surveys continue to show that an overwhelming majority of rural Canadians surveyed believe that the post office is moving in the right direction towards better service. Just as we promised.

Canada Post is in rural Canada to stay. That's a promise.

CANADA POST CORPORATION
Our commitment: better service for you

Sun melts away winter blues for Morewood



Greg Kielec
Record Staff

MOREWOOD — The sun shone on the annual Morewood winter carnival on the weekend, but almost a little too much.

The weather was so warm over the weekend that the finals of the curling competition at the village's outdoor rink were completed Sunday morning before the ice became too soft.

But the weather was good for bringing residents out to enjoy the annual festivities, including curling, hockey, sleigh rides, log sawing, childrens games and euchre tournaments and a bingo night.

About 150 people jammed the RA centre Friday night for bingo, raising about $250 for the Morewood cenotaph fund. As well, about 150 people turned out for the breakfast at the centre Saturday morning, said Art Koolwine, secretary treasurer for the Morewood RA.

Children's games held on Saturday were also well attended. "I don't know where all the kids came from," Koolwine said. And the carnival dance on Saturday night was also "a success," he said.

One of the biggest successes of the weekend was the Sunday brunch put on by the Morewood Fire Department which attracted 250 people.

Sleigh rides offered by Dukedale Farms were also a hit, Sunday afternoon, with most of the trips being packed to capacity.

"It was a success," Koolwine said of the 1989 carnival. "All in all it was about the same as last year. Last year we had the weather."

As well, quite a few people took advantage of the warm weather to do cross-country skiing.

But while the weather brought village residents out, it "played havoc" with the ice at the outdoor rink beside the RA centre, Koolwine said.

"It was pretty heavy Saturday," said Malcolm MacGregor, one of the organizers for the curling tournament. But with the second half of the competition bumped ahead from Sunday afternoon to Sunday morning, the curling was much better, he said.

"It was pretty good. It was a nice day."

By 11:30 a.m. Sunday the ice was getting soft again, but the teams entered had good curling for the majority of the morning.

Winning the A division in the tournament was the team of Rhod MacGregor and Kerry Irven, with Norman Fresh and J.P. Roy first runners up.

Winning the B level was the team of Darren Nurse and Brian Melenhorst, with Carl Hutchinson and Milton Lacelle placing second.

In the log sawing competition held on Saturday, the team of Giselle Cousineau and Angelique Cardinal was victorious in the women's division with a time of 25.55 seconds.

Winning for the mens' competition was the team of Jim Gauthier and George Helmer with a time of 15.52 seconds.

In the mixed hockey competition for 10- to 15-year-olds, the white team and red team battled to a 6 to 6 tie. In the competition for players aged 9 years and younger Sunday, the white team defeated the red team 6 to 4.

Organizers were also pleased with the reaction to the fashion show at the RA centre Thursday night to start off the carnival events.

"The fashion show was a big success," said Beverly Merkley. "Quite a few people turned out for that."

The fashions were modelled by three local women and the six contestants for carnival queen.

A euchre tournament, held in a last minute decision on Sunday, also went over well. Twelve teams played a total of six games at the Morewood fire hall.

"We were pleased because we weren't going to have one at all," said organizer Suzie MacGregor. "It did go very, very well."

The euchre tournaments are usually held at the RA centre and attract about twice as many people, she said. But because it wasn't decided until the last minute to hold the tournament, many people who might have entered didn't know about it.

Winning the tournament was the team of Brian and Bernie Hill, with the team of Archie Heuff and Doug Merkley placing second.

A playoff had to be held for third place between the team of Arden Carruthers and Bonnie Thompson, and Roy Anderson and Roger Richer, with the Carruthers-Thompson team winning the final spot.

Mazankowski to highlight convention

GUELPH — Don Mazankowski, Deputy Prime Minister and the second most powerful individual in Canada, will highlight the 1989 Corn Extravaganza -- the Ontaro Corn Producers' Association Convention to be held on Feburary 20 and 21 at the Holiday in London.

In his short term as agriculture minister, Don Mazankowski has emphasized pesticide regulations, crop insurance, farm income stabilization and trade, as his priorities for reform said Cliff Leach, president of the 25,000-member association.

"The convention in London is the place to find out what's on the government's new agriculture agenda, and to ask the questions," added Fred Lewis, the convention chairman.

And Mr. Mazankowski is only one of an impressive speaker list.

CTV-star, Mike Duffy, who many consider to be 'the best' in knowing what's going on in Ottawa, U.S. market and ag policy guru, Bill Helming, from Kansas City, Colin Isaacs, executive director of Pollution Probe, and possibly Canada's most influential environmental spokesman, and Martin Andreas of Archer Daniels Midland, Illinois, whose company mills over one million bushels of corn per day, mostly to make sweeteners, fuel ethanol, and biodegradable plastics.

Candidates for Royalty

Five young Crysler women are engaged in a friendly competition to see who becomes Crysler Carnival Queen this year. The Queen candidates will take part in amateur night Thurs., Feb. 9. There will be singers, dancers, comedians, imitators and skit acts. The crowning of the queen is to take place Sat. evening, Feb. 11. The candidates are: bottom left, Anne-Marie Stockli, 14; bottom right, Jenny Konink, 16; middle, Chantal Mousseau, 18; upper left, Karen Beehler, 17; upper right, Anne Champagne, 14.

Don't Forget! Dance for Heart, February 9
"A CELEBRATION OF LIFE"

Heart Matters

HEART AND STROKE FOUNDATION OF ONTARIO

20,000 BEAT THE ODDS

HEART AND STROKE FOUNDATION OF ONTARIO

Twenty thousand lives were saved last year in Canada. Heart and stroke research deserves a large part of the credit.

Ongoing research has contributed to a 34 per cent decrease in death rates since 1955. But this positive statistic is offset by the grim reality that heart disease and stroke are still Canada's #1 killer. In Ontario alone, approximately 30,000 people will die from cardiovascular disease this year.

Dr. Henry Dinsdale, head of medicine at Queen's University and vice president of research policy for the Heart and Stroke Foundation of Ontario, is concerned about these numbers. "We're striving for last place, not first," says Dinsdale. "We all must play a more active role in protecting ourselves from heart disease and stroke.

"Smoking and high blood pressure or hypertension, are two of the biggest culprits," Dinsdale says. "Eating too much fat and salt, excessive alcohol use and inadequate exercise are also major contributors to heart disease and stroke."

Our fast-paced world has resulted in a shift to convenience foods which usually contain little fiber and are high in saturated fats. Diets of this kind are associated with high levels of cholesterol and other fatty substances in the blood. This, in turn, leads to an increased risk of heart disease.

Dinsdale recommends leaner cuts of meat, more fish or poultry, fewer deep-fried foods, less cooking oil and avoidance of high fat dairy products such as cream, butter and cream cheese. It is also important that smokers quit.

Exercise and monitoring blood pressure - especially if your blood pressure is high - are two other safeguards against cardiovascular disease. "High blood pressure is a sure path to stroke or heart attack if it is not brought under control and kept at normal levels," Dinsdale says.

February is Heart and Stroke Month and the Heart and Stroke Foundation of Ontario is conducting its annual fund raising and awareness campaign. The total financial objective for 1989 is $26 million, and through its education programs, the Foundation aims to help Ontario residents understand the causes of heart disease and stroke, and how they can be prevented.

The Heart and Stroke Foundation of Ontario is a registered not-for-profit organization. Its mandate is to reduce death and disability from heart disease and stroke by raising funds for research and education. The Foundation's fundraising and education programs are delivered by volunteers in 72 chapters across Ontario.

6ers take nothing for granted

FINCH — The North Stormont Sixers are not taking lightly their race to the playoffs. At present, they stand third in the Eastern Ontario Junior "C" hockey standings. They are seven points up on St. Isidore and Embrun who share the fourth position. One would expect them to be already thinking playoff strategy.

However, that is not the case because, in the words of Sixers' assistant coach, Kevin Mackler, "We have six games left to play, and most of those games involve teams which challenge our position in the standings...all of the positions from second to sixth are up for grabs."

Mackler's point is well taken when one looks at the schedule. It shows that those remaining Sixer games include three matches against Embrun and two against St. Isidore.

Despite Mackler's trepidations about playing St. Isidore and Embrun, the Sixers appeared highly competent against the Embrun squad on Thursday, January 26, at the Finch arena. After a sluggish start, they displayed explosive qualities in a late onslaught to bury the visiting "72's".

The two teams started the game in an even manner, with the Sixers having a slight majority of the chances in the first ten minutes of play.

It took a North Stormont penalty to prime its own offence, as Tim Ouderkirk craftily intercepted an errant break-out pass by an Embrun defenceman. He then broke in off of the right side to blaze a low shot into the net on the long side of "72's goaltender.

Embrun did manage to benefit from a Sixer penalty with 6:45 to play in the first, while Sixers' defenceman Bob Van Delst was off for a somewhat needless "hitting from behind" infraction in the center zone.

The period ended in a 1-1 deadlock.

In the second, the "72's" started early with a goal 1:38 into the period when an Embrun forward caught the Sixers' defence surrendering their blueline. A good wrist shot from the slot left little chance for Sixer goaltender Brad Barton as the puck caught the low stick corner.

The game became chippy as the period went on, with each tem receiving five penalties in the second for such infractions as roughing, fighting, slashing and hitting from behind.

During one such Embrun penalty, the Sixers' Mike Van Delst got hold of the puck at his own blue line, almost lost it at center, retrieved it on a bounce, then entered the Embrun zone from the right side and wristed a low one from the slot for a clean goal. The score was thus tied again.

On the momentum of that goal, the Sixers applied pressure and took the lead with 8:57 to play. Raymond Grady fired from the left side to complete a nice passing play. Assisting on the goal were Todd Blaine and Tim Ouderkirk.

Before the period was out, Embrun came back to tie it up when the Sixers incurred difficulty clearing the puck. Embrun's Dan St. Jean stole it along the boards and passed quickly in front to Mario Brisson who made no mistake.

In the third, the Sixers persisted, re-establishing the lead early, on an unassisted effort by Dale Murray at 1:48.

The score then remained static for fifteen minutes while the two teams struggled for territory. The play was tough, and Embrun got into penalty trouble.

By the time Tim Ouderkirk scored his second goal of the game, with 3:21 to play, Embrun had 17 penalty minutes on the period, compared to North Stormont's eight.

The beleaguered "72's" could seemed helpless in the final minutes as Dale Murray fired two more to complete his hat-trick.

Assistant coach Mackler prefers to sum up the final ten minutes in two and a half words, "We smoked 'em".

On Sunday the 29th, the Sixers travelled to Clarence Creek for a match against the sixth place Beavers.

The Beavers were without their scoring ace, Daniel Jean, who has been involved in nearly half of their scoring plays this year.

North Stormont was therefore justified in being confident despite continuing to miss a few regulars of their own.

The visiting Sixers established superiority half-way through the first on a powerplay goal by John Mackler.

Dave Leroux, who had assisted on Mackler's counter, potted one of his own just thirty-four seconds later, to solidify the Sixer lead.

In the second, Tim Ouderkirk scored two in a row to send the Sixers ahead by four. Dale Murray had two assists on the goal while Pat Sullivan and Todd Blaine got singles.

The Beavers finally broke Todd McIntyre's shut-out with 7:01 to play in the second, on a goal by Mario Bertrand.

Bertrand took advantage of the Sixer lapse to hit again less than a minute later, and the second period ended with the Sixers leading 4-2.

The only score of the third came from the Sixers' Raymond Grady, with assists going to Todd Blaine and Tim Ouderkirk.

The most conspicious aspect of the game was the penalty count which saw each team receive over twenty minors.

Frustration over the score may have been the major inspiration in a fight between Guy Simoneau of the Beavers, who was also penalized as the aggressor, and the Sixers' Pat Sullivan.

Kevin Mackler felt that the game could have been better refereed although he wasn't vehement in that postulation.

The Sixers' next game continues the battle for third place, as they travel to Embrun.

Jr. C Flyers are out

CHESTERVILLE — The Chesterville Flyers have been eliminated from contention in the Eastern Ontario Jr. C hockey league, coming off the weekend with a tie and a loss. They trail sixth place Clarence Creek by fifteen points with only seven games remaining in their schedule.

On Friday night, they showed a good effort, battling fifth place St. Isidore to a tie, eight all. In that game, they let St. Isidore get an early lead of 3-0 in the first ten minutes, much to the displeasure of coach Kirk Anderson. In the second, the Flyers battled back and took a lead, partially because of a major to one of the St. Isidore forwards.

The third period of the game saw a late St. Isidore comeback of three goals steal the victory from the home side.

Sunday, Jan. 29 saw the Flyers visiting Casselman where they were "bombed", in the words of Kirk Anderson.

When asked how he would approach the remainder, with no shot at the play-offs, coach Anderson was philosophical; "We will simply try to win as many as possible for the remainder, and treat the season, as a whole, as a learning experience.. We have a few players who have a chance to establish some good personal stats, and hopefully they will take full advantage of the rest of the season to do that...this is the final season of eligibility for some of those guys..."

It appears that the coach expects his players to treat the rest of season as hockey should be treated; that is, as a chance to improve and enjoy yourself. It sounds like an admirable objective.

Ready to spring

Casselman goaltender G. Pomainville appears to have this shot tracked in the Novice Tournament Championship held in Finch last Saturday. Embrun won in overtime.

Record Photo - Macfie

Upper Canada Minor HL update

CHESTERVILLE — The North Dundas Bantam "B" hockey team had a highly successful string of games from Jan. 19 to Jan. 22. It was comprised of a win and a tie in scheduled play and a "B" division championship in tournament play.

On Jan. 19, they travelled to Cardinal for a game against the first place South Grenville team.

With apparent ease, they dispatched these worthy opponents 7-0. By the end of the first, in which the Demons had built a 3-0 lead, the final result was already apparent. Three more goals came for the visitors in the second, and two in the third completed the rout.

Bob LaFontaine led the Demons with two goals and two assists. Kent Young had two goals and an assist. Scott Curran and Colin Cotnam had single goals. Tim Freeland picked up an assist.

On Saturday, Jan. 21, they travelled to Morrisburg where they came out champions in tournament play.

In advancing to the final, they recorded a 2-0 victory over Morrisburg, after 2-0 loss against Kanata.

In the final, against Metcalfe, two goals were all the Demons needed to claim their trophy. The first goal came mid-way through the first on an unassisted effort by Jason MacIntosh. The score remained a tight 1-0 margin until Colin Cotnam, also unassisted, iced it with two minutes to play in the third.

On Sunday Jan. 22, they hosted Morrisburg for a scheduled game. The result was a 1-1 tie.

Both teams scored in the first period, with the North Dundas goal coming from Kent Young, assisted by Jason Ibbetson.

The North Dundas Bantam "A" team was also successful, defeating South Grenville by a score of 4-2.

An early first period Grenville marker put pressure on the home team Demons, and it took until the end of the first for T. McNaughton to even the score. He was assisted by D. Holmes and T. Barkley.

With an apparent taste for dramatic finishes, the Demons, once again, allowed South Grenville the lead on a goal mid-way through the second. Then it was the turn of Demons' M. Singh to square things with 2:34 remaining in the middle act. C. Smith and J. Hyndman assisted.

Finally, in the third, the Demons dispensed with histriionic lapses and comebacks, to finish South Grenville with two quick goals. The first was registered by Barkley, with his second point of the game, and was assisted on by S. Backes and P. Decooman. One minute later, T. McNaughton got his second goal of the game. J. Kennedy and D. Holmes assisted. This rounded out the scoring in the Demons' victory.

Peewee Action

On Jan. 23, the Peewee "C" Demons settled for a tie against visiting Metcalfe, at the Winchester arena.

The Demons fought back from a 1-0 deficit on a goal by Jason Sloan with fifty seconds left in the first period. An assist went to Kevin McConnell

The second period was scoreless, as was the third, until the Demons received the lead on a Clayton Bowman goal. Gerald Crowder assisted.

Metcalfe rallied to salvage a tie, with only twenty-two seconds remaining in the game, frustrate the home side.

The Peewee "A" Demons added to the overall North Dundas success with a win and a tie last week.

On the 24th, they registered their win against N.G.S. in a close 4-3 game. The home team Demons built a 2-0 lead by the middle of the second period on two goals from Phillip Brisebois.

With 3:08 to play in the second, N.G.S. scored its first of the game to provide for a tense third period.

Demons' Brendon Bumbaco appeared to make things comfortable when he scored with 10:51 to play, but N.G.S. stormed back only one minute and eight second later.

Within thirty-six seconds of that, the drama was further heightened by a third NG.S. goal, scored unassisted by Chris Lefebvre.

The game appeared to be headed for an undecided finish when Glen Meeks finally finished off the feisty visitors with a late goal, giving the Demons a 4-3 edge and victory.

On Friday the 27th, they hosted South Grenville and came within nine seconds of their second victory in three nights.

After two scoreless periods, Danny McLeod gave what appeared to be assured victory to the Demons with a marker scored five minutes before full time. He was assisted by Shawn Steinburg and Michael Spear.

It was therefore a grave disappointment to see that accomplishment nullified by a desperate Grenville goal with only nine seconds to play. Both teams can be congratulated on their fine display of defence.

Atom Play

On Jan. 23, the Winchester arena hosted a showdown between two local squads, the Seaway Valley Atoms and North Dundas "1". The friendly local rivalry was not put to rest by this game's indecisive outcome of 1-1.

Seaway Valley's goal was scored by Jason McDonald and assisted on by Adrian Pancirou.

The N.D. "1" goal belonged to Robbie Raistrick. Greg Stewart assisted.

On Jan. 21, Seaway Valley played host to Riverside in Atom "B" competition. Unfortunately, the local side could not mount an effective offence and was blanked 3-0.

In Atom "C" competition, North Dundas could not withstand an early onslaught by Metcalfe in a Jan. 26 match. Metcalfe notched four goals in the first and added three more later, to defeat the locals 7-1.

David Hilson had an unassisted goal for the Demons.

Novice

The Senior Novice Demons demonstrated some power in subduing Russell 4-1.

They took a 2-0 lead in the first on goals by Craig Holmes and Michael Casselman. Sam Ault, Andrew Bradley and Sean Williams had assists.

Russell came back with one in the second before Sean Williams got his second point of the game to restore the two goals margin. Craig Holmes assisted.

Colin Fossitt capped the victory early in the third with assists from Colin Fossitt and Brock McBain.

The LaPrade Photo Novices defeated the Hardy Seeds by the narrow margin of 1-0. The lone scorer was Trevor Walker.

Midget

January exams seem to be taking their toll on the concentration of the Midget Demons. So far, they have lost all of their January games, save a rescheduled match with South Grenville.

They lost 3-2 in Russell on Jan. 24, and as hinted above, mental errors were a big factor in the loss.

Russell opened the scoring with eleven minutes to play in the second, when Scott Allen took advantage of an out of position Demon defence to notch one.

Scott Frames of the Demons evened it five minutes later -- assisted by Todd Halpenny.

Russell jumped back into the lead with 9:36 to play in the third; then Jason Norton of that team counted the winner -- two and a half minutes later. Defensive lapses by the Demons' forwards can be cited as the causes of those goals.

Chad Benoit of the Demons made it close with a goal five minutes from the end, but the comeback could not be completed.

Coaches Harper and Halpanny suggest that shake-ups are imminent, and only players displaying a work ethic can expect much ice time.

Atom Games

On January 20, the Seaway Valley Pharmacy Demons wrestled for a 3-3 tie with the Canterbury Crusaders.

After a scoreless first period, it appeared in the second that the Demons would succumb when the Crusaders scored three goals in less than four minutes to take a 3-0 lead.

Atom Adrian Pancirov of the Demons made it clear that his squad was not yet defeated when he scored with 4:36 to play in the period. He was assisted by Jamie Hyndman.

Demons carried the momentum of that goal into the third and pressed Canterbury early with Pancirov's second score of the night. He was assisted on the effort by Stephen Henderson and Kris Young.

The teams then played for almost ten more minutes scorelessly before Mark VanDelst struck unassistedly, with 1:21 remaining in the game, to tie the game for the home town Demons.

On January 22, the Demons took the work ethic displayed in that game on the road to Morrisburg. Their reward was a 5-4 victory.

As in the last game, the Demons had to fight from behind to gain their points. Morrisburg scored all four of its goals in the first period, compared to two by the Demons. Scoring for North Dundas in that period were Mark VanDelst and Geoff Hardy, who had his first of three on the night. Both goals were unassisted.

In the second, the Demons got a quick start, when Jason Ross scored with less than a minute gone. He was assisted by Hardy and Jason McDonald.

The rest of the second went scoreless, as did most of the third until Geoff Hardy struck again with 3:27 remaining in the game. Wesley MacLeod had the assist. This equalled the score but Hardy had not finished his fusillade. With only 1:32 to play, he completed the hat trick on a pass from Jason Ross.

The Demons preserved the lead for the win. Thus was completed a successful weekend which saw the Demons take three out of a possible four points.

On Monday, January 23, the two North Dundas teams squared off against each other. The result was a 1-1 draw, with Seaway Valley Pharmacy's goal coming from Jason McDonald. North Dundas "1" got its goal from Robbie Raistrick.

CMTHL standings tighten

CHESTERVILLE — The standings in the Chesterville Men's Town Hockey League are continuing to tighten up. The notable contributors to this trend are Blue and Green, who tied each other last week, and were both victorious this time around.

Meanwhile, Maroon stagnates, having lost its third in a row. Its nemesis this week was Green, which scored an impressive 5-2 victory.

To complicate Maroon's woes, Green's triumph was a convincing one, which saw the victor leading 4-0 at one point.

The two teams were close in the first period, which had only one goal. It came from the stick of Green's Mike Guy. He was assisted by Pat Kelly and Dale Simms.

In the second period, Green cemented its lead on two late goals. The first of these was notched by Pete Marriner, with 2:39 to play. The second belonged, once again, to Mike Guy. Guy and Marriner demonstrated the benefits of co-operation as they each picked up an extra point by assisting on the other's marker.

Rob Saunders and Dale Hutt also had assists in the second period.

In the third, Green's Jamie Utman foiled Maroon goalie Pat Brugmans for the fourth straight time, with just over ten minutes to play. Dave Cross and Pete Marriner, with his third point of the night, assisted.

As doubt began to rise that Maroon would manage a goal, it was dispelled by Darrell Shelp, who still leads the league scoring race by one, despite his team's recent lapse. The goal was scored on a power-play, while Rob Saunders of Green reflected on his own holding penalty. Kevin Moore and Curtis McMillan had assists.

Then, with 3:23 to play in the game, Moore and McMillan combined again for Maroon to bring the deficit to two. Moore had the goal, and McMillan his second assist.

As the trailers pressed desperately for a tie, Green's Marriner grabbed his fourth point of the night, scoring with assists from Dale Hutt and Mike Guy. For the latter also, that assist was a fourth point on the evening.

Blue vs. White

Blue managed to remain one point ahead of Green, and in second place, with a 3-2 win over White.

The closeness of that score marked the second straight impressive performance by the losing White side. It indicates that its surprise victory over Maroon last week was no fluke.

This week, White actually had a short lived 1-0 lead on a goal by Keirh Moore with 13 seconds to play in the first period.

Blue retaliated quickly, with a goal less than five minutes into the second by Paul Robertson. He was assisted by Terry Barkley and Doug Fry. The score was on a power-play, compliments of Larry Beishem, who was off for slashing.

Fifty-one seconds later, Pat Imrie and Terry Barkley set up Robertson for his second straight goal. and Blue led 2-1.

White proved stubborn, adding to the rapid scoring with a goal from Keith McRoberts. That tied the score once again, ending a flurry of three goals in two minutes and two seconds.

The two teams remained deadlocked for the rest of the middle period, but an early third period marker by Terry Barkley sent Blue in front for good. Robertson had his third point on the goal, with an assist. Also assisting was George Michael.

Dean Williams had two assists on the night for White. Pete Van Kessel and Larry Simms had singles for the losers.

More of the same in WDBL

WINCHESTER — The results went predictably this week in the Winchester and District Broomball League. Standings leaders defeated trailers, and the match between Russell Magnum Force and Toyes Hill Roadrunners, which are separated by twelve points, was the scene of a scoring massacre of the underdogs.

The final score of that game was 14-1, and just a few minutes into the first half, there had been little doubt of the eventual outcome.

Geoff Corry opened the scoring for Russell, and was quickly followed in that capacity by David Bols. Before the half was finished, Russell would have six on the score board, with two from Bols, two from Lucien Proulx, and a single from Frank Bols.

Proulx and David Bols each added another in the second before Paul Melenhorst of Toyes Hill spoiled the shut-out.

After that, it was left to the Magnum Force to complete the destruction. David Bols added his fourth, Jim Pennock and Steven Bekkers got two each, and Michael Bols got a single in hammering the final nails in the Toyes Hill coffin.

Probably, the most important game of the evening was staged between Dunbar and Morewood. A Morewood victory would have propelled that team into a first place tie. However, a 3-2 score went against them and they now sit four points back of the league leading Dunbar.

The two teams appeared to be heading for the second half in a 1-1 tie on goals by Pierre LaFrance of Dunbar and Ben Philips of Morewood.

But with 4:42 to play in the first, Panthers' Ray Lepine was assisted by Jack Vincent and Laurie Blanchard to take a 2-1 lead.

Fueled by confidence from that goal, Lepine struck again two minutes later. This time he was assisted by Larry Gallinger.

Powerful Dunbar carried this two goal lead into the second half, and Morewood faced a formidable task to come back. Halfway through the final act, Morewood's Dan McMahon made the game close with an assist from Larry St. Pierre.

But that was the last dent in Dunbar's armour for the evening and the score remained 3-2 as the buzzer heralded the end of a well fought match.

Although Prescott Road Knights are eight points ahead of Ormond in the standings, there was every evidence of parity between the two teams in Prescott's 2-1 win over the aforementioned on Wednesday.

Prescott enjoyed the lead early, after Robert Carkner was assisted by Timmy Dewan and Glen Peterson in scoring less than two minutes into the game.

With 3:11 to play in the first half, Prescott jumped ahead by two on an unassisted Dewan goal.

But tenacious Ormond retaliated fifty seconds later with a marker by Brian Wiggins, assisted by Dave Hess and Doug Sloan.

The two teams battled scorelessly for the entire second half as Ormond failed to complete its comeback.

The other confrontation here was to decide how deep in the basement the last place Newington Knights would remain. They were playing against the Winchester Raiders who languish five points ahead of them in second last place.

Winchester scored two goals in the first half; the first an unassisted effort by Ron Vankoppen, and the second by Tim Gronniger, with an assist to Burt Ruiter.

The Raiders lengthened their lead to 4-0 in the second half on goals by Jim Fling and Baxter Roberts. The two had reciprocal assists on the goals, thus netting two points each in the half.

Just as it appeared that the hapless Knights would be lanced through by a shut-out, they gamely gasped out a goal with 1:39 to play, rendering the final score 4-1.

$13,000 in prizes

PRESCOTT (Special) - Fort Wellington Branch No. 97 of the Royal Canadian Legion, Prescott, will be hosting their 13th Annual Winter Fishing Derby on Saturday and Sunday, February 18 and 19, 1989 with registration and weigh-in headquarters at Bridgeview Marina, Elevator Bay, Johnstown.

Retail value of all prizes this year has been set at $13,000 plus, including the Early Bird draw prizes. Tickets for the weekend of fishing and extra draws are $5 for seniors, who will be fishing for pike, and $3 for juniors 9 years and under, who will fish for perch. The boundaries for fishing are from the Cardinal Legion in the east, to the Blue Church bay in the west.

ND Demons lose first

CHESTERVILLE — Metcalfe Novice Mustangs exploded for four goals late in the game Saturday to hand the North Dundas Valu-Mart Demons their first Upper Canada Minor Hockey League loss of the season.

North Dundas appeared to have the game well in hand thanks to Larry Bierworth's first goal of the season, another by Craig Wylie and a pretty breakaway by Jordan Dale Hill.

But the roof fell in as a result of persistent Mustang backchecking producing good scoring opportunities. Brian Jones led the winners with three goals while Sam Herr potted the other two.

The team of seven-year-old Demons coached by Brian Wyatt had won six games and tied two in previous contests this season.

Playing for the Demons in the game were Kevin Fields in goal and skaters Jeff Beck, Larry Bierworth, Jordan Dale Hill, Bradley Filion, John Grimes, Marty Link, Daryl Toonders, Chris Wyatt and Craig Wylie.

DANCE (MOVEMENT) FOR HEART: A CELEBRATION OF LIFE

Dear Jennifer:

What is this Dance for Heart I've been hearing so much about, lately? Can anyone take part? Do I need a partner? When and where, exactly, is it? Once we commit ourselves, must we stay till the end? It sounds like fun, but I guess only very active and fit people can be involved. Can you please tell a little bit about it?

Sincerely, M.S.

Dear M.S.:

Thank you for asking these very important questions. Perhaps by answering your letter, I can help to set everyone's mind straight (and at ease!). Dance For Heart is a registered event put on every year by many different groups to help raise money for The Heart And Stroke Foundation of Ontario. I'll explain about the one that's closest to MY heart. Here in Chesterville, we, at Power By Jennifer (Chesterville's local gym), are about to hold our third Annual Dance For Heart on Thursday, February 9th, from 7 p.m. until 10 p.m. In the past, we have held it in our local facility, but this year we have been very generously loaned the Community Hall for the event. This is terrific, because apart farom the obvious need for money for all-important research for the Heart And Stroke Foundation, we strongly feel that public awareness should be at the top of the list of reasons for this event. So this year more than others, we are able to include everyone who is interested.

You may know that Al Sharkey is President of the Dundas Chapter of the Heart And Stroke Foundation. It has been with his help and support that the last two Dances For Heart have been so very successful -- raising over $6,000 each time! This year, with the generous donation of the hall, we can hope to do even better, both money and people wise.

That's the When and Where, now for the What: This event is often referred to as a Marathon of Exercise; more precisely, of Aerobic Exercise. It seems to me that this title would turn anyone off! I prefer to call it Movement For Heart: A Celebration of Life.

Everyone is invited to come and exercise as much, or as little as they wish. This can mean going the distance, or sitting and clapping to the music. We want to show you how much fun it can be to exercise the most important muscle in your body...your Heart. Since we have to exercise for strong, healthy hearts, we may as well have fun doing it! Even if you Do feel like going the whole three hours, and many do, you can look forward to scheduled breaks and refreshments, or to just stopping whenever you wish.

There will also be guests, prizes, displays, and a gorgeous Heart Cake! There are always generous donations of fruit, juices, coffee, tea, and gift certificates from the local businesses.

There are also incentive prizes donated by The Heart And Stroke Foundation for those bringing in donations from sponsors. For example, anyone bringing in a donation of $300 would be entitled to an "Aerobic" pin, a Dance For Heart T-Shirt, an Exercise Towel, a Sweatshirt, a Carry-all Bag, and a Racquet Sports Bag. In other words, there are prizes for various amounts of money obtained through sponsors. And the prizes are beautiful!

Sponsor sheets, receipt books and money envelopes may be picked up at The Brookslyn Jewelry Boutique or at Power By Jennifer, here in Chesterville.

But you don't need money or sponsors to come and have a good time. We invite everyone, all ages, all walks of life, fit or infirm. After all, we all have hearts, and we all know or love someone who has benefited from the wonderful work of The Heart And Stroke Foundation and, we just never know.

We are so very luck to be able to do it for ourselves.

My Silent Achievers this week are all of you with Heart.

Novice Demons regain winning form

CHESTERVILLE — North Dundas Hardy Seeds Novice Demons regained their winning form in an exciting Upper Canada Minor Hockey League 2-1 victory over Metcalfe Novice Mustangs here Saturday.

A Jeff West goal early in the game and a Wes Ross breakaway goal were all the scoring that the Demons needed to capture the four-point game (result of an earlier protested game) and vault back into first place.

Jeremy Graham scored for Metcalfe in a spirited but losing cause.

The Hardy Seed squad of eight and nine-year-olds coached by Bob Peddle had a 11-game unbeaten streak snapped the previous Wednesday. The North Dundas LaPrade Photo Demons coached by Randy Walker, outplayed the Hardy Seeds Demon squad and won a 1-0 victory. The two Demons squads have played exciting hockey all year with most contests decided by one-goal margins.

In the game against Metcalfe, the whole Demons squad played well including Jason Blackburn in nets. Gabriel Dale Hill, Shaun Sears, Nathan Arsenault and Kevin Helmer on defense as well as Jeff West, Wes Ross, Devon Cinnamon, Danny Stobo, Chris Leyenaar, Scott Dellaire, Stephen Hardy, Clayton Oldford, Shawn Peddle and Ford Sanders on offense.

Good sports

The North Dundas Women's Hockey team won a sportsmanship trophy at an Ontario Women's Hockey Association tournament in Morrisburg on Dec. 27. Front row, from left, are Andrea Lannin, Catie Clapp, Stacey Berry, Wendy Marcellus. Middle row from left, Barbi Dowell, Tracey Burns, Kris Rowe, Mary MacNeil, JoAnn Hedge, Valerie McPhail. Back row from left, Tina Proulx, Joy Roach, Shealyn Summers, Stacey Proulx, Angie Ranger, Michelle Laflamme, Melanie Hoy.
