## Returned Missionary Tells W.M.S. of African Work

More than 150 ladies of Chesterville and the surrounding district met on Thursday last in Trinity United Church for the Easter Thank-Offering meeting of Trinity Woman's Missionary Society. Six neighbouring auxiliaries and the Presbyterian and Anglican ladies of Chesterville were guests of the Trinity Auxiliary. The President, Mrs. W. E. Wright presided and Mrs. W. O. Dixon conducted the worship service. The guests were welcomed by Mrs. Chas. McMillan, and Mrs. Wright introduced the special speaker, Mrs. Collins, returned missionary of the United Church from Angola. Mrs. Collins brought a wealth of information about the work of the church in Africa and gave her audience an understanding of the life and problems of the African native, which could come only from one who has dealt personally with the natives. The ladies are deeply indebted to Mrs. Collins for her very excellent informative address.

Two vocal duets by Mrs. Allison Graham and Mrs. Stanley Shay were an additional enjoyment, and rounded out a splendid afternoon programme.

Tea was served at the close of the meeting and a happy social hour spent.

## Orchardside

Mr. and Mrs. Albert Cross of Shanley visited on Thursday last at the home of Mr. and Mrs. W. Henderson.

Mr. and Mrs. Carl Edgerton and sons Kenneth and Jack visited Thursday evening with Mr. and Mrs. Donald Loucks and sons.

Mr. and Mrs. Elmer Scott of Newington West spent Saturday with Mr. and Mrs. Willie Elliott.

Mr. and Mrs. Mason Robinson of Grantley spent Thursday evening with Mr. and Mrs. Thos. Loucks.

Mrs. Mabel Irving and daughters Buelah, Lila and Phyllis of Brockville spent Sunday visiting at the home of Mr. and Mrs. Pliny Irving and Doane.

Mrs. Geo. Cunningham and Hugh spent Sunday afternoon visiting the Misses Mary and Mina Marcellus of Dunbar.

Mr. Hulbert Henderson spent the week-end at the home of his parents, Mr. and Mrs. W. Henderson.

Mr. and Mrs. Roy Elliott attended the funeral of Mr. Wm. McMillan of Winchester Springs on Monday afternoon.

Sorry to report Mr. Lyle Elliott on the sick list and hope for a speedy recovery.

### RED CROSS MEETING

A meeting of the Red Cross executive will be held in the Library on Monday, April 21st, at 8.15 p.m. All interested parties are welcome.

## Six Inches Snow Falls In Record April Storm

Yesterday this district experienced one of the worst storms to blow in at this time of year in the past forty years. Starting very meekly about eight o'clock Wednesday morning the fall of snow kept increasing as the wind became stronger throughout the day. At the noon hour it was almost impossible to distinguish objects the width of the street away. It kept up throughout the afternoon and until about eight in the evening when it let up.

Many people look for one good wind-up storm in the spring, but not after the middle of April, before the weather settles down about its spring and summer business. Motor cars found the going hard as many slipped into the ditch, some when turning out for passing cars, getting too far over on the snow covered grass and losing all traction. In many places drifting snow piled into huge banks and it will require even a warm sun some time to remove all trace.

## William J. McMillan, 82 Passes Away Saturday

The funeral of William John McMillan, who died on Saturday morning at his home near the village of Winchester Springs, was held Monday afternoon at his home. The service was conducted by Rev. F. J. Vowles, minister of the Winchester Springs United Church. Mrs. Clarence Thompson presided at the piano.

Mr. McMillan was the son of the late Mr. and Mrs. John McMillan, and was born at Dunbar, 82 years ago. Fifty-five years ago he married Nora Droppo, who died four years ago. Mr. McMillan has been a farmer all his life and was a member of the Winchester Springs United Church.

Chief mourners and survivors are two daughters, Mrs. John Belway and Mrs. William Holmes, both of Winchester; three sons, Percy, Waddington, N.Y.; Blake and Otis, Winchester Springs; two sisters, Mrs. Delia Webster, Boucks Hill; Mrs. Elias Droppo, Finch; two brothers, Jas. McMillan, Boucks Hill; George McMillan, Dunbar.

The body was placed in the vault at Maple Ridge cemetery.

## Catholic Women's League Elects Officers

The Annual Meeting of the Catholic Women's League was held Tuesday evening in hte Parish Hall. Report of year's work showed a good balance on hand. Mrs. Jas. McCloskey and Mrs. Hubert McCloskey were appointed visiting committee for April. The election of officers resulted as follows:

Chaplain, Rev. P. J. Keaney; President, Mrs. Wm. McCloskey; 1st vice-president, Mrs. W. J. Carr, 2nd vice-president, Mrs. James McCloskey; 3rd vice-president, Mrs. Edward Barrett; Sec-Treas., Mrs. Thos. Moran.

Mrs. Harold Windsor.

## 90-year Old Member Pioneer Family Passes Away

The death occurred Saturday last at his home a mile and a half west of Chesterville of the oldest man in the community who also was a member of a well-known pioneer family, in the person of William Isaac Lawson in his ninety-first year. The deceased was a son of the late Samuel Lawson and his wife the former Minerva Nash. He lived his entire life on the farm where he was born, and although in failing health for some time, was interested in current local affairs up to the time of his death. For many years he was much interested in the keeping of bees and sold a great deal of honey from his apiary. His wife passed away several years ago. He is survived by two daughters, Mrs. Osborne McFadden, North Augusta, and Mrs. Harold Windsor of this place.

The funeral was held Tuesday afternoon at the family home where service was conducted by Rev. W. E. Wright followed by interment in Maple Ridge cemetery.

The pallbearers were Albert Bowman, Donald Stewart, Billie McElroy, Erwin Merkley, Archie York, Sheldon Ball.

Floral tributes were received from: Wreaths—Pearl, Harold and family, The Neighbours, Clear Lake Hunt Club and the Teachers and Pupils of Maple Ridge School. Sprays: Olive and Osborne McFadden and family. Mr. and Mrs. W. E. Staples, Toronto.

Friends from a distance attending the funeral were: Mr. and Mrs. Sam Render, North Augusta; Garnet Render and son, Oxford Station; Mr. and Mrs. Arthur Nash, Morrisburg; Mr. and Mrs. Hiliary Lawson and Duncan Lawson, Cornwall.

### McLEOD—CRAWFORD

A wedding of wide interest was solemnized at Epworth United Church last week when Miss Hilda Marie Crawford, only daughter of Mr. and Mrs. Charles Frederick Crawford of Kingsville, was united in marriage to Mr. Lynden Malcolm McLeod of Kingsville, son of Mr. and Mrs. John A. McLeod of Chesterville. The Rev. J. T. Fleming officiated at the ceremony.

Given in marriage by her father, the bride was gowned in eggshell brocaded satin, fashioned on long torso lines, with long sleeves tapering to points at the wrists. The full skirt featured a slight train. Her fingertip veil was held with a halo of orange blossoms and she carried Johanna Hill roses.

Miss Freda Johnson of Leamington as maid of honor, wore peach taffeta, bodice style with slight train. She wore a matching halo trimmed in powder blue and carried talisman roses.

Miss Carole Ann Hogarth, as flower girl, wore powder blue net over taffeta with peach trim. She wore a matching halo and carried a colonial bouquet.

Mr. Norman McLeod of Galt, assisted his brother as best man, and seating the guests was Mr. Donald Crawford, brother of the bride.

The wedding music was played by Miss Marjorie Allen, and before the ceremony and during the signing of the register, Miss Mary Lewis sang, "Because" and "At Dawning".

A reception followed at Babcock's restaurant where spring flowers decorated the tables. The bride's table was centred with a three-tiered wedding cake flanked by burning white tapers.

Mrs. Crawford chose for her daughter's wedding a sea green sheer with beige accessories and corsage of talisman roses.

Mr. and Mrs. McLeod left on a wedding trip east, the bride travelling in a fuschia gabardine suit. She wore a flowered hat and black and white accessories and corsage of gardenias.

Upon their return they will reside in Kingsville.

Out of town guests were from Morristown. Galt. Delhi, Tillsonburg, Port Huron, Windsor, Detroit and Birmingham.

## Legion Leader Addresses Rotary

James Fleming, president of Chesterville Branch of the Canadian Legion told of his life in the Canadian Army, last Monday night at the regular meeting of the Rotary club. Joining the army on the 6th of September, 1939, Mr. Fleming was in continuous service until February, 1945, when he returned to civil life.

Guests of the club were Mr. J. Bremner and Mr. J. Campbell, both of this town. Pointing out that the Boy Scouts look to the Rotarians for assistance and help in their forthcoming dance on May 15, the president Leon Marcellus asked each Rotarian to sell at least four tickets. After a discussion of plans for the Midget and Junior Hockey Leagues for next year the speaker was introduced by Lawrence Doering.

Mr. Fleming, in his talk, showed how unprepared Canada was for war in September, 1939. The new recruits, he said, wore uniforms that consisted in part of civilian dress, old South African campaign coats and fatigue pants. That was soon remedied and by the time the first troops left for England in December of that year their equipment was nearly complete. From their arrival in England in December, 1939, till D-Day in June, 1945, the Canadian troops spent most of their time undergoing extensive training, with all types of equipment.

By Xmas of 1945, the Canadian Army had reached Northern Holland, and the speaker returned to England. By February he was back in Canada and back to civilian life.

Mr. Fleming was thanked, on behalf of the club, by O. L. King.

## Legionaires' Executive Tender Banquet to Players

Last night at the McCloskey House a banquet was tendered the members of the Hockey club by the Legionaires' executive, at the completion of a successful season of play.

The inclement weather made it impossible for out-of-town speakers to attend, as planned. The treasurer's report was given and a sizeable cash balance was reported. James Fleming, president of the local branch of the Legion, in a few words, asked for the support of all the members to plans for the organization of athletic activities that will be year 'round in scope. After a short talk by Alf Jarvis, Dr. S. H. Hutt, chairman of the Finance Committee spoke at some length on the C.A.H.A., its organization, work, and with special emphasis on the allotment of funds to the amateur hockey groups.

## Melvins

Mr. and Mrs. Emerson Stuart and Mr. and Mrs. Norman Rae spent a day recently with Mrs. Stuart's and Mrs. Rae's father, Mr. Johnston Ouderkirk, who was hurt in an accident a week ago. We hope he will be able to be about soon again.

Mr. and Mrs. Ray Miller of Newington spent last Tuesday with Mr. and Mrs. Richard Scott.

Visitors at R. Scott's were Mr. and Mrs. John Redmond and Dwight, Mr. and Mrs. Arnold Hogoboam, Mrs. Elaine Paquette, Messrs. Henry and Peter Poole and Mrs. Coons and Edna.

Mr. and Mrs. Clarence Presley and children took dinner on Sunday with Mr. and Mrs. James Shaw.

Mr. and Mrs. J. Presley, Mr. and Mrs. Willard Presley, Newington and Mr. and Mrs. Bernice Ouderkirk of Berwick spent Tuesday with Mr. and Mrs. Clarence Presley.

Mr. Raymond Gunn of Toronto and sisters, Misses Luella and Ileen Gunn of Ottawa visited at their parental home, Mr. and Mrs. Stuart Gunn.

Mr. Joseph Bourgois and son of Valleyfield were week-end guests of Mr. and Mrs. Rolland Gregoire.

### BORN

COULTHART — At St. Joseph's hospital, April 10th, 1947, to Mr. and Mrs. Hugh K. Coulthart, 245 Gibson St. Sarnia, a son. (Kenneth Charles).

SMYTH—At the Morrisburg Nursing Home on April the 3rd, to Mr. and Mrs. Mac Smyth, a daughter. Sandra Marlene.

## Rev. Jas. A. MacLean, 86 Dies At Dutton, Ont.

Friends and acquaintances of Rev. James A. MacLean, D.D., will learn with regret of his passing at his home in Dutton, Ont., on Easter Monday, April 7th, at the age of 86.

A native of Finch township, he had served in Manitoba, Nebraska, Dalhousie, N.B., Bristol, Que., and other charges in Ontario and Quebec. He was a pastor at Cinan and Duff's Presbyterion churches near Dutton, for a number of years until his retirement a year ago owing to ill health.

The deceased was a son of the late Alexander R. MacLean and his wife, Mary MacPherson, and was born on the homestead in Finch township; a brother of the late A. A. MacLean, Finch.

He leaves to mourn his loss, besides his widow, one daughter, Mrs. Robert Huisgen, Niagara Falls, N.Y., and one grandson, Bobby Huisgen. His only son, Kenneth, paid the supreme sacrifice for his country over European territory in 1944. One sister, Mrs. F. E. Farlinger, Morrisburg, and a number of nieces and nephews also survive.

Funeral services were held in Dutton, Ont., on Thursday, April 10th, at 2.30 p.m.

## Mrs. Herbert Helmer Celebrates 86th Birthday

Mrs. Herbert Helmer, one of Winchester's oldest residents marked her 86th birthday at her home there on Saturday, by preparing a 6 o'clock dinner for 12 members of her immediate family.

Mrs. Helmer is in very good health in spite of her advanced age, and is still able to conduct her household duties.

She was the former Miss Julia Cross of Merrickville, and was married to Herbert C. Helmer, 56 years ago, who has long been a member of Winchester Police Force, and also a county policeman. In December, 1941, the couple celebrated their 50th wedding anniversary.

Many gifts were received from relatives and friends, who called to offer congratulations. Among those attending the dinner were, Mrs. Sheridan Casselman, a grand-daughter, and two great grand-children, Louise and Donald Casselman, all of Kemptville. Mrs. Helmer has two daughters, Mrs. Albert Reddick, Spencerville. Mrs. Burnis Strader, Williamsburg, and two sons, Clare and Harold, both of Winchesten.

## Howard Hough Bereaved In Death Of Brother

Relatives here were advised of the death in Porcupine, Ont., last week of John Campbell Hough, a native of Avonmore. Death followed an operation a week ago. He was 48.

A son of the late Mr. and Mrs. Edsel Hough, of Avonmore, Mr. Hough went to Porcupne nine years ago and for some time was employed in the mines. In recent years he held the post of county clerk.

Surviving are, his wife, the former Gertrude Cannon of Portland, Ont., two brothers, Howard Hough, Chesterville, and Douglas Hough, Boston, Mass., and two sisters, Mrs. Glen Shaver, Lunenburg, and Mrs. Leonard Blakely, Cornwall.

### SEEKING AN OUTLET TO TOWNSHIP ROADS

A conference was held last week between representatives of Winchester township, the village road commisregarding an application from Donald Cross for a right-of-way from his farm, about a mile east of Chesterville, to connect with a township or village road.

The flooded Nation river at this point practically cuts Mr. Cross off from the road system of the township. It's a long standing condition and it is a very long time since anything has been done towards keeping the road in a good condition. Up to about twenty-five years ago before statute labor was abolished, a certain amount of that labor was used by the township in maintaining the road along the bank of the river between Chesterville and the Cross farm. Since that time it is said nothing has been done and the road is now in a very bad condition. It is the only open road from the farm until the boundary of Chesterville is reached. It is understood that for many years the Winchester township council used to pay rental to the late William Casselman for the use of land on the latter's farm on the north bank of the Nation sufficient to provide an outlet to the roadways of the township.

While Chesterville does not assume any responsibility in the matter a resolution was passed at the recent meeting stating "That as soon as possible a committee including the reeves of Chesterville and Winchester township, the village road ocmmissioners, the township road superintendent and provincial engineer, Mr. Lee, be instructed to make an inspection of the conditions and report to another joint meeting what they consider should be done."

In the meantime the floodwaters will have receded and a solution may be arrived at.

### ANOTHER WAR TO FIGHT!

Canada is fighting again—fighting a war against a grim killer that takes the lives of 14,000 Canadians every year, men, women and children. The killer is cancer.

During World War II, 40,000 Canadians gave their lives in the cause of freedom, and yet, over the same period, 83,000 Canadians died of cancer! Cancer is no respector of persons, of age or sex. It invades the homes of wealthy and poor alike. Striking down the breadwinner, the mother, the child. Young and old are victims. Cancer kills 39 Canadians every day.

Let us face the facts: One out of every three persons with cancer may be saved if treated in time. Fear keeps many people away from their doctor until it is too late; ignorance plays its vicious part too, in the mounting toll of cancer victims.

The Ontario Branch of the Canadian Cancer Society is fighting ignorance and fear of cancer by conducting a membership drive from April 1st to 30th inclusive. Memberships are a dollar each. The Society's objective is "A Member in Every Home in Ontario." Send in your dollar to the Canadian Cancer Society, 280 Bloor St., West, Toronto, and a membership card will be mailed to you directly. It will entitle you to receive up-to-date information about treatments for cancer. Be on the alert. Protect your family and yourself by joining now.

### ALPINO SQUIRREL STARTED WAR

One authority on Canadian place names traces the origin of Restigouche, river and county in New Brunswick and familiar as the name of a famous salmon stream, to the Micmac word, "Listogotig," meaning "the scene of the great quarrel about the squirrel." In remoter days, says tradition, the Micmac and Mohawk Indians met beside the Restigouche in friendly council. Children of both tribes were at play during the speech making hours and captured a white (albino) squirrel. A quarrel arose over the possesion of this rarity, the braves of both tribes intervened on behalf of their respective youngsters and the dispute quickly degenerated into open warfare. For forty years thereafter, it is said, the Micmacs and Mohawks continued this war that started over the ownership of a white squirrel. All through human history albino animals of accidental occurrence in many species have been a source of wonder and facination. They still are. One of the most popular exibits at the Royal Ontario Museum is a large collection of albino specimens. Not only is a white squirrel shown, but snow-white birds from the crow to the peacock, loon and house sparrow, besides many furry creatures normally of dusky hue, who masqueraded in white because of an accidental pigment deficiency in their body chemistry.

Doleful Thought

## The "Dilly" Automobile Makes Its Appearance

During the past ten days a new motor car has made its appearance on our streets, attracting the attention of all eyes and the envy of all youthful hearts. In its own way it probably attracted as much attention as the late lamented Henry Ford's first gas buggy did in the days of long ago.

The proud and talented builder of the car is the youthful hobbyist, Douglas Dillabough, whose model sailing craft and other very fine models have marked him as a youth with brilliant ideas.

When interviewed about his latest effort he facetiously referred to it as just thirty dollars worth of junk. Some of the parts may have been junk but have been moulded to the purpose in hand. The product, while not completed, runs under its own power and has accumulated a respectable mileage at this early date in its career.

The wheels were originally those belonging to bicycles. The front wheels are set on an axle with about forty inches between them. It was at first intended to have but one wheel at the rear end but it was that a single bicycle wheel did not make it rigid enough and a second was placed close to the other to carry part of the burden. The two wheels at the rear now resemble the set up at the front end of a tractor.

The motor is a Briggs-Stratton retrieved from a power lawn mower with the tank holding about four-fifths of a pint of gas, with the increase in the price of gas causing no concern when the order to "Fill 'er up" is given at a filling station. There is no reverse gear shift and but the one speed ahead.

Older tread designs are curved—only part of the tread is in contact with the road.

NEW B. F. Goodrich tread design is FLAT—the entire width of the tread grips the road. That means greater safety—longer mileage.

THIS TIRE IS DIFFERENT.. THE TREAD IS FLAT

Older Tread Designs are inclined to spin on fast starts.

With greater road gripping surface, the NEW B. F. Goodrich Tire hugs the road — drives you *forward!* AND NON-SKID STARTS MEAN LONGER TREAD LIFE!

TRY THIS TEST. Push two fingers across the top of a smooth desk. They slide with only moderate resistance. That's because there isn't much "contact area" on the finger tips.

Now — use the whole palm of your hand! Resistance is great, because there's much more "contact area." That's why the NEW B. F. Goodrich Tire with Flat Tread stops *faster* when you hit the brakes!

**This tire is *completely new and different.* It's designed . . . engineered . . . built . . . differently! It's new in performance and record-breaking mileage!**

**To make it, B. F. Goodrich developed cooler-running, longer-wearing rubber compounds. The tread was made *flat.* That puts more rubber on the road—distributes weight better. It means longer wear . . . greater safety!**

**The massive body of the NEW B. F. Goodrich Tire is 35 per cent stronger than older type tire bodies. On the road the combination of stronger body and flat tread reduces sidewall flexing. This tire runs cooler . . . wears longer. It gives you extra safety!**

**The NEW B. F. Goodrich Tire has been thoroughly *proved.* In more than 21 MILLION miles of the most gruelling road tests, this great new tire easily outwore the best pre-war tires. It's the longest mileage tire ever made by B. F. Goodrich.**

### How To Allay Fear

The young mother was terrified. While visiting several hundred miles from home, her baby had been bitten by a dog. What if rabies should set in Should she notify her husband and perhaps worry him unnecessarily, or wait and see? Finally she sent him this telegram: "Something terrible has happened but don't worry, please."

## "CITIZENSHIP"

The following paper was given by Mrs. Walter Carlyle, at the last meeting of Morewood Women's Institute.

The subject of "Citizenship" covers a wide scope, but, briefly, we associate the word with certain rights and priviliges, as well as duties and obligations.

In this country, as in other countries of the Empire, we have become accostomed to the protection of life and property from wrong-doers. We have the privilege, by means of ballot, of deciding who shall govern us. We can choose our life-work, and enjoy that form of worship which may appeal to us most of all. The freedoms which we hear so much about have been part and parcel of our heritage. They were obtained for us by the faith and undaunted spirit of our ancestors, and retained for us by the sacrifice of those men and women, who, in two world wars, defeated the forces which would have deprived us of them.

There are some dangerous tendencies which we should guard against as good citizens. One is that the state should provide for us from the cradle to the grave. We cannot get something for nothing, and any payments to us by the government must be repaid in the form of additional taxes. Such a policy also tends to weaken our wills towards greater effort. This country was developed by the pioneers who worked hard to clear the land and build their homes. Commerce and industry flourished because people put forward their best efforts, not only for their own profits, but also in the interest of the community and the nation at large. When one benefited, all benefited, was their belief

Another dangerous tendency is the apparent lack of respect for authority. It is all the more dangerous because it is frequently in the guise of freedom of thought and free expression. We noticed that in the past year when a number of our citizens were charged with a breach of loyalty to their country which was paying them well to perform the duties which they should have done. We also saw evidence of this when a large group of students who did not agree with the decision of the board of education, who were familiar with all the facts, went on strike.

We, therefore, as good citizens have a great responsibility which never ends. We must practice what we believe is our duty to God, and to our country. There is always a new generation coming along which needs to be educated in our traditions and ideals. Much of this can be done at home, a great deal of it by the church and its organizations, and by no means least, our schools. We must see to it that they get it. We must support all these institutions. We may not be called upon to serve as trustees, but we can do our part in electing men who will see to it that our children get the best in teaching under the most favourable conditions; the comparatively small cost will pay big dividends. We should know something of our municipal, provincial, and federal governments, their policies, and the type of men who represent us, and support them or replace them with better men, accordingly.

When all our people work together intelligently for the good of all, then it can be said of Canada, as we read in our old school readers of the Roman Empire when it was at its best:

"Then no one thought of self, but all were for the state,
And the great man helped the poor, and the poor man loved the great.
Then the spoils were fairly portioned, and lands were fairly sold.
And Romans were like brothers in the glorious days of old."

Substitute Canadians for Romans, and we have the answer to the problem of good "Citizenship."

# HANDS AT WORK . . .

**LEARNING TO WELD**

***ONTARIO'S*** future prosperity depends directly on a sufficient volume of production to satisfy domestic needs and assure for Canada a pre-eminent place in the markets of the world. Take the metal trades for example . . . never before has the demand, both here and abroad, for the products of Ontario's metal industries been so great. Production must be increased . . . but to meet new production goals, skilled hands are needed. For them great opportunities lie ahead. Higher wages, job security, better working conditions are within easier reach of those who have mastered a skilled occupation.

Today, through the plan sponsored by the Department of Veterans' Affairs and other agencies, hundreds of young workers are being trained to meet the needs of the metal trades. Graduates of these rehabilitation courses are now ready to take their places in Ontario's industry. Available to you are veterans, well started on the road to skilled metal working trades such as tool making, blacksmithing, machine operation, iron working, pattern making, welding and forging. Seek them out with confidence. They are your future craftsmen.

**WELDING**

The Welding Course gives the student a good knowledge and practical experience of both oxy-acetylene and electric arc welding. Available at Windsor, Hamilton, Toronto and Brockville, this course includes the study of different metals and alloys. The graduate, with further practice, should become a good all round welder.

*Vocational training courses are offered at training centres located in the following cities and towns in Ontario:* Toronto, London, Hamilton, Kitchener, Windsor, Ft. William, Brockville, Kingston, North Bay, Ottawa, Guelph, Kemptville, Haileybury.

# GARDEN CHATS

*By Mrs. Harry Allison*

Hello Neighbour! May we drop in again this week for another little visit? Of course you may be so busy with the spring cleaning that you won't appreciate our call, but leave the mop and the wax for a while and let us get better acquainted.

Two more warm days will see the end of the snow and Spring will be here indeed. It has been a long winter and for some time we have longed to get out-of-doors. Well one of these days we can. Clad in overalls and a sweater (for the first half hour) and armed with a rake, a can of coal-oil and some matches, we can march forth to meet that great Outdoors, with a vengeance. March out, but hobble in with a lame back, two blistered hands and a determination that next year someone else can clean up the winter's dirt.

And speaking of winter's dirt, just where does it all come from? Things look pretty decent in the fall, but come Spring and what a mess to clean up! There seems no effective short cut in attacking it either. The old rake and basket or wheel barrow followed by a bonfire appear to be the best method known. We have tried an easier way. We raked the corners and the worst places, gathering up the sticks and large pieces of dirt. Then we used the lawn mower with the grass catcher. It did manage to pick up the dead leaves and grass quite well, but aside from the after effects on the mower, it is still a great deal of work. The grass catcher requires emptying about four times on the round which is quite discouraging. Rake or mower, though, the winter's dirt must be gathered up if we hope for a decent lawn on which to relax in July

And speaking of cleaning up, did it ever occur to you country neighbours or you "suburbanites" to do something about the ditch in front of your property? It would add greatly to the appearance of your place, but there is another angle too. Each summer the Department of Highways and the Village Council spend your good tax money cleaning up these weedy ditches. A little effort on your part would save you indirectly a bit of money. Now is the time to watch for the proper wind and burn off those dead weeds and grass. It is rather fun you know, for who doesn't enjoy a grass fire, under control, of course? Soon the ditch will be a green carpet and you will be well repaid for your efforts. A few lusty swings of the scythe during the summer and your ditch would be clean, your appetite sharpened and your waist line considerably lessened. Just try it this year.

Do your perennial border and flower beds look the worse for the winter? Now you won't likely find our method in the Approved Horticultural Books, but it worked for us last year and we're trying it again. Get out your matches and burn off those dead plants and grass. Of course, if you have shrubs in your border, we would not recommend the burning procedure but for our perennials and annuals it worked. Do it early before any growth begins and in a few minutes you can use the spade and fork. There is no more cutting, pulling and raking—just one simple operation and it is ready to dig. Now as I said before we just tried it once, so if you have bad luck, don't blame me.

This is the time of year to transplant shrubs and trees. Do it before the buds begin to enlarge. We'll talk about that some other time, though.

Now that we've had our little chat, how about us all seizing rakes and starting in on the lawn. Just a minute though, don't touch that rake until you've sent in your Horticultural Fees (.50) to Mrs. Eric Casselman, and stated if you prefer to receive daffodils, tulips or hyacinths next fall. You have already done that? Thank you. See you around the bonfire.

CHANGE RURAL SCHOOL NOON HOUR IN ONTARIO

The current 90-minute lunch period in most rural Ontario high schools, is to be eliminated in favour of two 40-minute periods for half the pupils, while the others remain in class, according to the provisions of a new plan of the Ontario Education Department for rural high school districts.

S. D. Rendall, speaking for the department to a meeting of the Ontario Educational Association said, "this will give time for extra activities such as sport, drama, glee clubs orchestras and public speaking. Too often in the past city students have been given these opportunites while rural children have had to go home and do the chores."

# THE MIXING BOWL

By ANNE ALLAN

Hydro Home Economist

Hello Homemakers! From washing dishes three times a day to the annual spring housecleaning, the everlasting cleaning goes on. It must have been observation of woman's endless attack on dirt that spurred manufacturers to make those perpetual motion cleaners. The vacuum cleaner is a real help during housecleaning. This machine cannot pick up sharp objects but does take the imbedded dirt out of any fabric thoroughly. When you de-moth the clothes closet and remove the accumulation above window frames and doorways the attachments will do the work easily for you.

You may make mental notes of the above but the engagement of a decorator should be done immediately by letter or phone in order that your schedule will be in accordance with his time table. (Hope he will be able to keep his date). It is also time to select your wallpaper and paint. Many people are reverting to the new versatile papers for walls thus it is wise to make an early selection, and you can jot down the date to send the drapes and slipcovers to the cleaners so they will be back when your rooms are fresh.

With all this done you can clean out drawers and cupboards. This job takes time as you know and it takes courage for me to say this: be ruthless in disposing of the bits of "junk" that accumulate in any house.

### CARE AND OPERATION OF VACUUM CLEANERS

To prove that a few minutes a day spent in caring for equipment will pay good dividends.

**Operation**

(1) Place the cleaner on the rug and with the handle in operating position adjust the nozzle so that there is a small space between it and the rug. When the motor is turned "ON" the rug will come to the nozzle; if an agitator type the rug should vibrate just in front of the cleaner when the motor is turned "ON".

Automatic agitating machines do not require this attention.

(2) Move the electric vacuum cleaner lengthwise of the rug, slowly. Each section should be gone over twice in order to remove imbedded dirt.

(3) Carry the cord in your free hand and avoid tangling it with furniture or cords.

(4) Turn off the motor if there is an interruption — furniture to be moved, door bell to be answered, etc.

(5) Always turn the switch "Off" before pulling out the plug at the outlet.

(6) Attachments should be used first.

**Care of Vacuum Cleaner**

(1) Before using the electric vacuum cleaner pick up tacks, pins and sharp objects, as well as live matches. These may cut or burn the belt of a motor-driven brush or they may puncture the dust bag.

(2) After each use empty the dust bag. Shake the dirt into a paper bag so that dust is not scattered again.

(3) Wind the cord loosely so that the fine wires inside are not damaged.

(4) Dust off the cleaner after each use.

(5) Clean off all attachments.

**Special Care**

(1) The dust bag should be turned inside out and brushed off, every 4 months.

(2) Remove all hairs threads, etc., carefully, once a week.

(3) Oil the cleaner according to the manfacturer's directions. Usually 3 or 4 drops of graphite oil every 4 months is all that is necessary. Over-lubrication is harmful, too.

(4) Worn or frayed cord. belt or brush of the agitator cover should be replaced.

### TAKE A TIP

1. Try a small paintbrush for cleaning hard-to-get-at corners.
2. A paste of equal portions of salt and flour, moistened with vinegar will lend luster to discolored brass or copper. Let the paste harden. Wash off with water.
3. Dust walls from the floor up. The fine threads of dust hang down. Best implement is a broom covered with flannel.
4. The window sills will be easier to keep clean if you wax them after washing.
5. Housecleaning is no time to wear yourself out cleaning silver by hand. Drop silverware into a pan where each piece can touch an aluminum pie plate and cover silver with water. To each quart add 1 tsp. salt and 1 tbsp. baking soda. Bring the solution to a boil and tarnish should disappear in five or ten minutes.
6. You may be storing several tin or iron utensils for the summer. If this be so, make them rust-proof by rubbing with unsalted fat.
7. Never dash ordinary salt into cast aluminum-pans. It causes a pitted utensil.

### THE QUESTION BOX

**Mrs. E. N. asks:** How to protect woollens from moths?

**Answer :** Laundering kills moth eggs and larvae. Woolens not used regularly in summer, but not stored, should be aired frequently unless treated to resist damage. To store, wrap freshly laundered articles immediately in strong paper and seal tightly with gummed tape. Or store in a well-made cedar chest. Several new fabrics are now labelled moth-resistant

**Mr. T. J. says:** We have found that a rug-cushion adds comfort and increases the life of our rugs. May I suggest that housecleaning time is opportune for turning around the big rugs. We have also planned to paint the screen doors and window screens while the decorator is in the house.

**Mrs. M. R. says:** If you find rubber gloves difficult to wear while cleaning, it's a good idea to wear a pair of worn cotton ones underneath.

### IN MEMORIAM

ALEXANDER—In loving memory of our dear mother, who departed this life April 15th, 1944.

When a mother breathes her last farewell,
The stroke means more than tongue can tell,
The world seems quite another place
Without the smile of mother's face.

Mina and Clifford.

### IN MEMORIAM

LAPIERRE — Treasured memories of a loving husband and father, who departed from this life one year ago April 21st.

For years we have journeyed together,
Heart to heart, and hand in hand,
Though you were first to journey
To that bright and better land,
Will you watch and wait our coming,
When our lonely life is o'er,
Will you come and meet us dear
When we reach that silent shore.

Ever remembered by wife Ada and children Fleming, Margaret, Theresa and Germaine.

# Fire Insurance

COVERING
MERCANTILE, MANUFACTURING, RESIDENTIAL
AND FARM PROPERTY
WINDSTORM & AUTOMOBILE RISKS ALSO

Prices of Farm Products have advanced but the rates for Fire Insurance in our Companies remain the same and are the lowest in the Province for this class. No fees asked nor premium notes or other obligations required, as our securities—as sound companies—are on deposit with the Dominion Government, Department of Insurance.

FARM PROPERTY INSURANCE
CARRIED UNDER THREE-YEAR OR ONE-YEAR SYSTEM
AS NECESSARY

# INSURANCE

VALUES of real estate and Moveable property have increased over 40% in the past five years. The building you valued at $5,000 is now worth $7,000.

Have you increased your property insurance to take care of the increase in value?
