"Fun For You" Show Was Well Received

About 1000 people attended the Winchester Legion's "Fun For You" Show, held in the local arena on Friday and Saturday of last week, under the direction of Miss Tess Burke, and as a result over $300.00 was realized towards the Legion's Memorial Hall Fund.

While the show was by no means the best ever presented here, it was exceptionally good, considering the length of time taken by the director in preparing it, less than two weeks.

The program consisted of a mock radio broadcast, with local talent imitating several radio stars. The announcer was Mr. W. A. Rowat, as Harry Von Zell, and the cast included the following:

Dr. I. Q.—Wm. Servage; Joe Kelly—Bob Woods; Gary Moore—Robt. Robinson; Uncle Ezra—Walter MacDonald; Minnie Pearl—Mrs. Mabel Crawford; Duke of Puducah—Clarence Morgan; Betty Grable—Gordon Fader; Lana Turner—Charlie Utman; Mae West—Dwight Lannin; Marlene Dietrich—Harry Potter; Gravel Gertie—Ormond McConnell; Gypsy Rose Lee, Clifford Churchill.

Several public school pupils took part in a quiz contest, while a number of High School girls contributed two dance numbers.

The final number on the program was a "Salute to Canada," with High School Girls, in gorgeous evening gowns, taking part.

Specialty numbers, all of which were heartily applauded, included vocal solos by Miss June Rowat, Ron. Workman, Margaret Carruthers, Doreen Cross, and Anne Cross, who was accompanied by her mother, Mrs. Chas. Cross; and duets by Miss Marjorie Twiname and Ron Workman, and Helen Tansley and Edna Dillabough. Clarence Morgan gave a couple of humorous solos, which were well received.

As musical narrator during several of the numbers, Mrs. Max Boyd's efforts received hearty applause.

During the program, a square dance was presented, with the following district couples taking part: Mr. and Mrs. Joe Steele, of Winchester Springs; Mr. and Mrs. Dalton Timmins, of Inkerman; Mr. and Mrs. Allan K. MacDonald, of Ormond; Mr. Edgar Craig and Miss Donelda Mcaren, of Kenmore. Mr. Harold Miller, of Winchester Springs, acted as caller. Music was provided by Mr. Chas. Rattray, violinist; Mr. Clarence Morgan, guitarist; and Miss Dorothy Servage, pianist. Miss Servage was also the accompanist for the entire show and is deserving of high praise for her efforts. She was presented with a gift by the Legion during the program on Saturday evening.

Winners of the "Tiny Tot Popularity Contest" were: Shirley Lannin, daughter of Mr. and Mrs. Wilfred Lannin, and Brent McConnell, son of Mr. and Mrs. Ross McConnell. Nearly all the young contestants were introduced from the stage on Saturday evening.

In appreciation of her efforts, Miss Burke was presented with a beautiful corsage by the Legion at the final performance. To her and all local talent who took part in the Show, the local Legion extends its sincere appreciation.

"FUN FOR YOU" SHOW PICTURES AVAILABLE

During the "Fun For You" Show at the Arena last week, the local Photographer. Reg Finnemore, took several pictures. These are on display in the Press Office window and duplicates may be had by contacting Reg Finnemore at his studio in the Gardner Block.

High School Field Day

The track and field athletes were the centre of attraction for the High School last Wednesday, Sept. 29th, when the High School held their annual Field Day. The meet was well attended by both students and visitors. The events were all very closely contested, thus leading to the very close race between Allen Davidson and Clarence Morgan for the Senior Boys' Athletic Cup. The high jump event was the main feature, when Morgan and Davidson deadlocked again and again. Allen finally jumped a bit higher than Clarence and so clinched the cup. This is the third year in succession for Davidson to hold the cup, and is the second student to hold the cup for three years. It was held by the late Nairn Boyd in 1934, 1935 and 1936.

The Girls' Cup, which is a new attraction this year, given to the school by the Grade X gardeners, under the direction of Mr. R. Lalonde, was won by Shirley Redmond.

An unpleasant accident occurred when Mac Davidson, junior high jumper, cleared a good height and then suffered a fractured left wrist when he hit the pit. We send our best regards to Mac and wish him a speedy recovery.

The intermediate boys' winner was Dick Justus, and the junior winner was Ian Crerar.

The refreshment booth on the grounds was appreciated by all.

Following are the events and the winners:

Local Rugby Team Loses to Iroquois

On Friday, October 1st, the W. H. S. Rugby team played an exhibition game with Iroquois H. S. The local team lost by a score of 11-0. The field at Iroquois is in bad shape, but will be better as time goes on. The boys did well, and by the time the season gets under way, they will probably be pretty hard to beat.

The line-ups were:

Iroquois—Snap, Timbeck; ends, Moran and Martin; Halves, Gowan and Bogart; Quarter, Shepherd; subs., Fraser, Barkley, Miller, Lindsay and Thomson.

W. H. S.—Snap, B. Porteous; Ends, Olive and Carkner; Halves, Kennedy and Duncan; Quarter, Bowden; subs., McKercher, Morgan, Park, Justus. Coach, A. Fisher, B.A.

STORES WILL BE CLOSED ON THANKSGIVING DAY

Next Monday, October 11th, is Thanksgiving Day and will be observed as a full holiday in Winchester. All stores and other business paces will be closed, and with a long week-end ahead, householders are again reminded to purchase extra supplies on Friday and Saturday, sufficient to last until Tuesday morning. This will be the last holiday to be observed here until Christmas.

Power Interruptions Have Started Here

That power cuts are inevitable here is evidenced by the following letter received by the local Hydro Commission last week:

"Your week-day consumption of kilowatt-hours has been consistently in excess of the quota allotted your Municipality and the Commission is therefore reluctantly obliged to inform you that unless your week-day consumption of kilowatt-hours is reduced to the quota which has been allotted you, it will be obliged, commencing Wednesday, October 6th, 1948, to request you to open feeders at regular intervals throughout the day until the required reduction is assured. We shall be glad to cooperate with you in arranging the time and duration of these interruptions most suited to your requirements. Failure to comply with any such request, which will be transmitted to you through our operators, will make it necessary for the Commission to interrupt your power supply every hour on the hour throughout the day from dawn until dark for periods ranging up to fifteen minutes in duration.

"Advance notice of this action is being given so that you may have an opportunity to notify all your consumers of what to expect in the event the required reduction in their week-day consumption of kilowatt-hours is not forthcoming, and also so that you will have an opportunity of taking steps to safeguard all vital services during power cut-offs, should these become necessary. Yours very truly, O. S. Luney, Manager, Eastern Region."

Everything possible is being done here to cut down on the use of electrical energy in order to keep within our quota of 4125 Kt. Hours, but as yet we have never been able to come anywhere near the quota. The street lighting has been cut almost in half, and many citizens have been using electricity sparingly, but this is not enough. At present it looks as though Winchester is going to have powerless periods each day in the very near future, unless consumers co-operate more fully to save electricity. All consumers are urged to save wherever possible. Don't use any more lights than are absolutely necessary in your home. Keep the verandah light off at all times. Now that cooler weather is here, you probably have a fire in the kitchen stove. Use it for cooking instead of your electric range—that will cut down on the power consumption considerably. Do not leave your electric iron turned on one minute longer than is absolutely necessary—any heating element uses a lot of power. You can be fined for using an electric heater in your home during the crisis—don't use them. Maybe if ALL consumers would make a desperate effort to save electricity in the home, the power interruptions referred to in the above letter could yet be avoided. Let's all co-operate.

In order to keep the village near its quota, the power was cut off here for an hour on Tuesday and a couple of hours on Wednesday. These cut-offs will be a daily occurrence unless the quota is maintained by voluntary effort.

Rev. Iver D. MacIver Inducted On Thursday

At a well-attended meeting of the congregation and ministers of the Brockville Presbytery, held last Thursday evening, Rev. Iver D. MacIver was inducted as pastor of St. Paul's Presbyterian Church.

Steps leading to the call of Rev. Mr. MacIver were related by Rev. H. Heustin, the interim-moderator, while Rev. Mr. Jeans, of Merrickville, outlined the duties of the congregation to the minister, and Rev. Mr. Larson, of South Mountain, directed the charge to the pastor. The sermon was delivered by Rev. Mr. Bingham, of Prescott. The chairman was Rev. Mr. Botting, of Kemptville, and the choir, under the direction of Miss Clara Irving, led in the singing.

Following the induction service, a social time was enjoyed in the Sunday School Hall, where refreshments were served by the ladies of the congregation.

During the social half hour, brief addresses were given by members of St. Paul's Session and the visiting ministers. Greetings from the local United Church were extended by the pastor, Rev. Norman J. Thomas.

Rev. Mr. and Mrs. MacIver, who were formerly located at Cranbrook, Ont., have taken up residence in St Paul's Manse, and Mr. McIvor conducted the first service, following his induction, last Sunday morning

COUNCIL MEETING HELD ON MONDAY

The Municipal Council met on Monday with Reeve John Fader presiding and the following members present: Councillors E. A. Morgan, Lloyd Dixon and Sam Ault; the clerk-treasurer, Mr. C. R. Robinson, and the Village Foreman, Mr. Gilbert Raistrick.

The following accounts were passed and paid: Hydro, $1523.09; Municipal Orders, $7025.29.

Building Permits were issued to the following: Messrs. Don. Redmond, Elzie Johnston, John Francis, E. A. Morgan and Raymond Douglas.

The clerk was authorized to attend the Municipal School at Cornwall on Tuesday and Wednesday of this week.

Mr. Paul Tracy interviewed the Council requesting a license to operate a dance hall in the Hotel Dining Room, and Mr. J. L. Belway waited on the Board regarding adjustments re filling in ditch on his property.

Two local citizens attended the meeting to discuss the possibility of erecting a theatre here, but nothing definite was arrived at.

Balance of the meeting was taken up with discussion of the Hydro Power shortage. It was decided to cut off the power at intervals for a few days to see what effect it would have in keeping within the town's quota. Hours of cut-offs will be from 8 to 9 a.m. and from 12.30 to 2.00 p.m.

WEDDINGS

CROWDER—HOLMES

The home of Mr. and Mrs. T. W. Holmes was the scene of an interesting Fall wedding on Saturday last at 2.30 p.m., when their youngest daughter, Miss Irene Beatrice Holmes, was married to Mr. Donald Garfield Crowder, son of Mr. and Mrs. Lytelle Crowder, of Mountain. Rev. Norman J. Thomas performed the ceremony.

The house was decorated for the occasion with white wedding bells and streamers, while evergreens and Autumn flowers were used for the archway under which the ceremony took place. The wedding music was played by Mrs. N. J. Thomas, and during the signing of the register Miss Murla Holmes sang: "I'll Walk Beside You."

The bride, who was given in marriage by her father, wore a gown of white brocaded satin, with a fitted bodice which was buttoned down the back. The tiered net skirt over nylon was of floor length. Her finger tip veil was held in place with a matching halo, adorned with tiny white satin bows, and she carried a mixed bouquet of roses and ferns.

Mrs. Donald Francis, of South Mountain, was matron of honour for her sister, and the best man was Mr. Donald Francis, of South Mountain.

For the reception which followed the wedding, the bride's table was centred with the three-tiered wedding cake adorned with white streamers and lit by tall pink tapers.

Later, Mr. and Mrs. Crowder left on a trip to Toronto, Niagara Falls and points in the United States, and upon their return they will reside at Mountain. For travelling, the bride wore a cocoa-brown gabardine suit, with dark brown accessories.

Among the out-of-town guests were: Mr. and Mrs. A. Lapland, of Cornwall; Mr. and Mrs. J. H. Wilson, North Gower; Miss Marguerite Crowder, Prescott; Mr. and Mrs. D. L. Scott, Miss Freda Scott, Miss Ann Clemens, all of Fournier, Ont.; Mr. and Mrs. Lytelle Crowder, Misses Laura and Marilena Crowder, Mr. and Mrs. Melvin Crowder, all of South Mounntain.

BILLEY—O'NEIL

The wedding of Erma Frances O'Neill, of Ottawa, daughter of Mr. and Mrs. John O'Neill, of Winchester, to Mr. Robert William Billey, of Ottawa, son of Mr. and Mrs. Metro Billey, of Canora, Sask., took place on Saturday at 4 p.m. in the Winchester United Church. Rev. Norman J. Thomas officiated at the ceremony.

Ferns, zinnias, hydrangeas and other Fall flowers were used to decorate the altar of the church, and the guest pews were marked with white satin bows and tiny Fall blooms.

The bride was given in marriage by her father, and attended by Mrs. Edward Boothe, of Ottawa, as matron of honor. The bridesmaids were Miss Betty O'Neill, sister of the bride, and Miss Rita McNamee, of Ottawa. Mr. Edward Booth, of Ottawa, was the groom's attendant, and the ushers were Messrs. Raymond Annable, of Winchester, and Bill Amos, of Ottawa.

The wedding music was played by Mrs. Howard Fetterly and during the signing of the register a solo was sung by Miss June Rowat.

For her wedding the bride wore a full length gown of cyster satin, fashioned with a slight train. The yoke was of net and the tight fitting bodice was buttoned down the back. Her full flowing veil was held in place by a halo styled crown and she carried a bouquet of American Beauty Roses. Her only ornament was an engraved bracelet of gold, the gift of the bridegroom.

After the reception at the home of the bride's parents, Mr. and Mrs. Billey left on a wedding trip for Canora, Sask., and on their return will take up residence in Ottawa. For travelling the bride wore a dark green gabardine suit, with brown suede accessories.

Among the out-or-town guests were: Mr. and Mrs. Billl Amos, Mr. and Mrs. Edward Boothe, Mr. and Mrs. A. C. Brown, Mr. and Mrs. Jack Edgerton, Miss Doris Loughridge, Mr. and Mrs. Oscar Foast, Mr. and Mrs. Claude Donnet, Don Brown and Mrs. Hazel Hughes, all of Ottawa; Mr. and Mrs. C. S. Merrill, Morrisburg; Mr. and Mrs. Weston Murdock, Miss Evelyn Murdock, Osgoode; Mr. and Mrs. Bob Boucher, Peterborough; Miss E. Currie, Kingston.

Many People Inspected Hospital Last Sunday

On Sunday last the Winchester District Memorial Hospital was open to the public and it is estimated that over 800 people from the surrounding community took advantage of the occasion to inspect the building. This was the largest crowd of visitors to date. On hand to give out any information requested and to escort the visitors through the hospital, were several members of the Board of Directors.

It was noted that many residents of the Township of Winchester were among the visitors, as well as many from Mountain Township.

Posted in the building was a list of those who had contributed towards the furnishings of the hospital. These included: Two-Bed Wards furnished by Mr. O. D. Casselman, of Chesterville; Mr. Ezra McMillan, of Williamsburg; Mrs. H. L. Hughes, of Winchester; Mr. Wm. Justus, of Smiths Falls; L.O.L. No. 862, Winchester; Edwards Lumber Co., of Ottawa; 100 Club, of Winchester; Women's Institute, of Chesterville; Women's Institute, of Winchester; Women's Institute, of Vernon and District; Women's Institute of South Mountain. Nursery Furnishings, by Winchester Red Cross Society. Offices furnished by the Women's Institutes of Morewood and Elma. Furniture donated by Winchester W. C. T. U. Nurses' Dining Room furnished by the District Memorial Hospital Auxiliary. Waiting Room furnished by "Money Makers Bridge Club," Winchester. X-Ray Equipment furnished by the Hospital Medical Association.

There are still several wards to be furnished and the Hospital Board would appreciate donations towards these. Who will be next to furnish a room in memory of a dear relative or friend? There's nothing more appropriate for a memorial.

H. S. LANNIN LIMITED ACTS TO CONSERVE HYDRO POWER DURING SHORTAGE

Starting this week, the firm of H. S. Lannin Limited, local manufacturers of Building Materials, will remain open on Saturday afternoon, and take the weekly half holiday on Monday forenoon instead. This policy has been adopted by the management to co-operate with the Hydro Commission in its request to work on week-end in order to ease the heavy drain on power from Monday to Friday.

In addition to making the change in working hours, H. S. Lannin Limited has expended $1000.00 on Capacitators, which are designed to save the amount of electrical energy required to run a motor, when the machines it operates are not in use.

Until the present power crisis is over, the working hours at the Lannin Plant will be 12 o'clock noon to 5 p.m. on Mondays, and 7 a.m. to 12.00 noon and 1.00 to 5.00 p.m. on other days in the week.

Messrs. Lannin and Rennison are to be commended for taking this action, which is greatly appreciated by the Hydro Commission, and their employees are also to be commended for their co-operation in agreeing to work on Saturday afternoon, which has been their half day off each week.

COMPARATIVE PRICES OF LIVESTOCK PRODUCTS

Figures supplied by Canada Packers and appearing in a bulletin issued by Parrish and Heimbecker Ltd., show the comparative prices of livestock products in 1948 with the average of 1940 to 1945. Prices are based on the average July price for each year.

Toronto market prices are given for livestock, eggs and butter, and factory prices for cheese.

	1940-45	1948
Good Steers, live, 100 lbs.	**$10.70**	**$21.01**
Hogs, B-1, dressed, 100 lbs.	**16.65**	**31.88**
Lambs, live	**14.84**	**22.75**
Butter	**35.60**	**67.37**
Cheese	**20.50**	**33.87**
Eggs, A-large, doz.	**.34.5c**	**.52c**

It is interesting to note the actual increase in the prices of these products over the 1940-45 average.

PASTURE FERTILIZER

Fall fertilizing of pastures is becoming a regular practice on many farms and the result is a definite increase in pasture capacity throughout the following season.

It is claimed that the application of pasture fertilizer:

—will produce an average of more than 5000 lbs. of extra milk for each ton applied;

—will increase nutritive value and percentage of clover in the pasture;

—will increase grazing season by 10 to 14 days or longer.

Fertilizers recommended for applying to pasture land in the fall are C.I.L. O-16-8 or C.I.L. 2-16-6. Either granular or regular type. Apply at the rate of 300 to 500 lbs. per acre.

We will have a car coming from C.I.L. right away and will be glad to include further orders of either Fertilizer or "Stable-Phos." Please phone orders in this week if possible.

INFLATIONARY PRICES

Demands are being made that the Government do something drastic to hold down the cost of living, with particular reference to foods.

There are open to the Goverment two possible courses, says an editorial in The Ottawa Farm Journal. It could subsidize the producers of, say, meat and dairy products; or it could fix prices at what it might consider a fair level without any subsidy.

In the first case, the consumer would pay part of the price of goods direct to the retailer and part through his taxes. Only in a technical sense would the cost of living be affected, and it would be a delusion to think otherwise.

In the second case, production would fall off and black markets would flourish. The farmers would refuse to produce goods and sell at a loss, while paying uncontrolled prices for what they must buy. We might have low prices but with them so great a shortage of supplies as to cause hardship and discontent.

High food prices are not a phenomenon peculiar to this country, of course, and there is little we can do to halt this inflationary movement. Subsidies are not the answer.

HEALTH AND OUR EMOTIONS

For some years now the medical fraternity have known that our emotions and mental reactions can affect most of the organs of the body. They have been telling us that anger, fear, hatred, jealousy, etc., can affect our metabolism—that is the chemical changes in our protoplasmic cells which provide energy for our vital processes and new material to repair that which wears out. These thought processes, they also tell us, can affect the digestive juices, the beating of the heart, our breathing, elimination, and even our skin surfaces.

We know much of this from common experience. If we "blow our top" we have a headache, or heartburn, or some other discomfort. If we seethe inwardly because the boss has given us a sharp order or gnaw our fingernails in despair because someone else is going out with our best girl or fellow, we usually pay for it physically.

Centuries ago the wise Solomon said of man, "As he thinketh in his heart, so is he." Manifestly, if we would avoid many ills and physical aggravations. we would be wise to refrain from giving way to violent emotions. We have been taught this from childhood, but we don't always remember. It is often a temptation to "get mad" over some trifle, to "bawl out" somebody who displeases us, to get excited over political arguments, to burst into tears, or allow ourselves to be frightened. For our health's sake, it is best to curb these tendencies.

YOUR HEART'S DESIRE

Do you want something today very, very much? Is it perhaps work, or supply, or a home? Is it perhaps companionship or some renewal of affection? Or is it just to be a better and more useful man or woman?

It may be that you have high hopes of your wish being realized today. Or it may be that realization seems far off and perhaps almost hopeless. Whichever the case may be, it is well not to rely either on human probability or on human improbability, but to remember the words of the Psalmist, "Delight thyself also in the Lord; and he shall give thee the desires of thine heart." —(Psalm 37:4).

God, who is infinite Love, does give those who delight in Him the desires of their hearts; and because God is also all-wise, He gives us our desires, not always precisely in the way that we had expected, but in the way that will most abundantly bless and most truly satisfy.

On the first page of the Christian Science textbook, "Science and Health with Key to the Scriptures," Mary Baker Eddy writes: "Desire is prayer; and no loss can occur from trusting God with our desires, that they may be moulded and exalted before they take form in words and in deeds."

Generally our desires and aspirations, as they appear humanly, need some degree of purification before they are ripe for fulfillment. Or even when these desires are fundamentally right in themselves, human will sometimes outlines one particular way in which they are to be fulfilled regardless of what God's way may be. This leads to difficulties, deferments, and disappointments. Yet if we delight in the Lord and entrust our desires to Him, He moulds, exalts, and purifies them, and finally fulfills them in ways more enriching and satisfying than we have ever imagined.

We entrust our desires to God and ensure their purification when we seek God everywhere and let our desires be guided by the spiritual idea; that is, when we fix our thought steadfastly on the omnipresence of God, and on man made in His likeness, spiritually reflecting all that is God's.—Christian Science Monitor.

EDITORIAL NOTES

The earth may not be flat, but if this high cost of living continues, most of its inhabitants are going to be flat.

We suppose that a farmer may say that he is opposed to gambling and be utterly sincere. Yet when we think of the way he stakes his capital and labor against Nature, we're inclined to wonder.

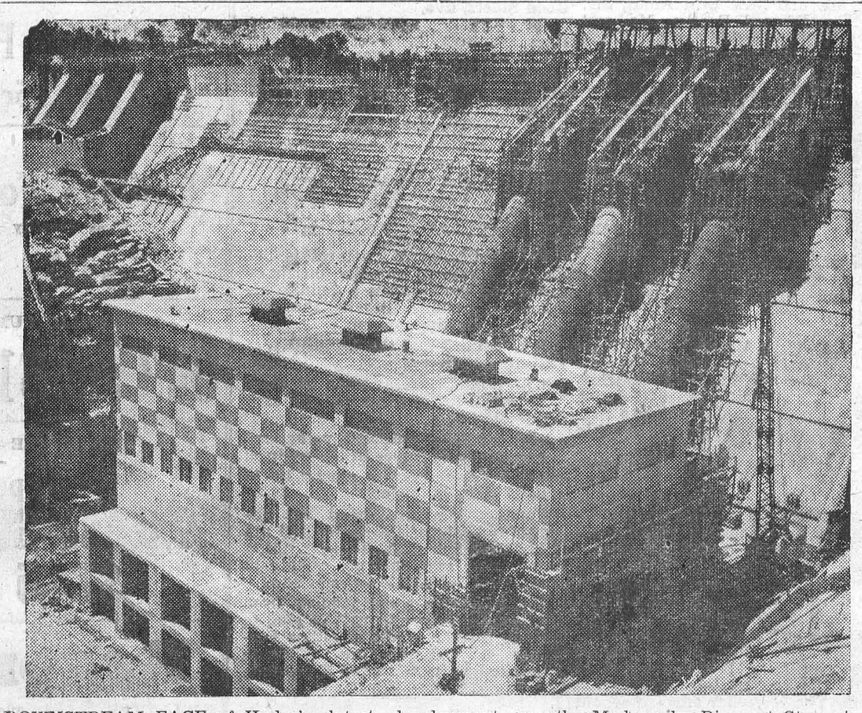
For the good of our free land, we should like to see the day when statesmanship rather than purely party politics dominated all our government; when issues were settled for the good of the country rather than the safety of the party.

Do householders and business men take all the necessary precautions against the menace of fire or is there an attitude of "it can't happen here" in our town? Every effort should be made immediately to check up the residences and business houses to eliminate fire hazards.

Don't drive as though a minute of your time is worth more than a school child's life. You know it is not. The Department of Highways is conducting a campaign to see that our children get safely to school. When you drive near schools, parks, houses, please take it easy. Be prepared for emergency stops. Give the kids a BRAKE.

Man vs. Woman. Man can criticize woman all he wants to, but we know three things in her favour: First, she never wastes two dollars' worth of shotgun shells in order to shoot a twenty-five cent rabbit. Second, you never heard of her giving a waiter a fifty-cent tip because he smiled at her. Third, we have never heard of a woman who would pay twenty-five dollars for boat hire to get where the fish are not.

Where in history, or in the modern world, will you find an experiment so daring and so beautiful as that which claims that men and women can be equal in opportunity, socially secure, and still be free—free to think as they please, vote as they please, debate as they please? The trouble with our experiment is that, unlike most miracles, it has gone on so long it has simply ceased to be miraculous . . . it has lost its news value.—John McLeish in "Our Canadian Way."



DOWNSTREAM FACE of Hydro's latest development on the Madawaska River at Stewartville is depicted here. The three steel penstocks that will convey the water from the headworks to the turbines in the powerhouse are shown in the foreground. About the penstocks is the partially-completed formwork for the concrete envelopes in which they will be completely enclosed. The project is slated to go into service in the early fall of this year.

Other Editors' Opinions

FORESIGHTED
(Chatham News)

The man who built a two-car garage a few years back certainly was foresighted. He keeps the car in one side and lives in the other.

REFORMER'S PLIGHT
(Guelph Mercury)

A reformer of abuses is one whom we revere, after his death, for what he has done, and whom we loathe whilst he lives for his unpleasant manner of doing it.

NOT TOO MANY!
(Brockville Recorder & Times)

How many of the people who habitually complain about Canada's unpreparedness are willing to volunteer for service in reserve units and thus help to make us more prepared?

FOOLISH QUESTION
(Ottawa Journal)

Top foolish question of the year is asked in the Associated Press item from Chicago which begins: "Do you get that shaky feeling when you sit in a dentist's chair?"—and furthermore is it necessary to remind us of it?

WHITE-HOUSE KEEPING
(This Week)

Hotel managers troubled by guests who walk away with silverware and towels should talk to the White House custodians. Silverware disappears from the Presidential residence at an appalling rate. The more stately the dinner, the more knives and forks disappear.

We're told that Mrs. F. D. R. had so much trouble that she once stocked up on five-and-dime-store "silver" and let the souvenir hunters go to it.

THE PRESS AND TRIALS
(Montreal Star)

Magistrate Moorehead, of Port Credit, Ont., has performed a public service by upholding the right of the press to be present at a trial from which the public has been excluded. Defence counsel at a trial for indecency moved for the exclusion of the newspapermen. The judge, supported by the Crown Attorney, rejected the motion on the ground that the presence of the press is one of the greatest safeguards of the administration of justice.

SOCIAL INSURANCE
(Chatham Daily News)

All those who are interested in social questions know that it is becoming more and more difficult for a middle aged father of a family to find a fixed and permanent occupation, while after a certain age it is quite a problem to get a job at all; at the same time small businesses are rapidly disappearing and as is well known, big business, in many instances, is entirely destitute of any human character, and once the period of active usefulness of a man has started to draw to its close, he is mercilessly thanked for his services. We must find a new and adequate solution for these new problems.

FORGOTTEN MAN
(Montreal Gazette)

If there is a forgotten man in this country, whom the writers of political platforms have overlooked, he is the man who would like to achieve security through his own efforts.

The political programs are generous in their promises of what the State will do for the individual citizen. The State will offer to care for him, perhaps even from his cradle to his grave. But for the self-reliant person, who would like to have an enlarged opportunity to care for himself by having more of his money left to himself by the government after its spending and taxing activities, little is said.

Indiscriminate offers of security, that neither ask for effort nor encourage it, will depress the whole foundation of security. In the end the State, after the abundance of its own promises, will not be redistributing the wealth that comes from effort, but the short rations that come from indifference.

The forgotten man, who wants security for his self-reliance, is neither an eccentric nor a nuisance. He holds the key to the problem of production. And for every government, party and country, that is the fundamental problem.

HOUSEHOLD HINTS

Plaster Casts

To clean plaster casts, cover with a paste of French chalk and water. Allow it to dry and rub off with a soft brush.

The Bird's Bath

Place a few drops of cologne water in the bird's bath and it will keep him from picking his feathers after his bath.

The Sewing Machine

When the sewing machine seems to run too heavily, put a little alcohol in an oil can and squirt it in the places where oil is required. This will cut any gummy oil.

The Sewing Machine

After the sewing machine has been thoroughly oiled, use a thin blotter and stitch a few rows through it to take away any surplus oil that may be around the needle mechanism.

Cloudy Mirrors

Cloudiness in mirrors is usually the result of too much direct sunlight. Therefore, hang your mirrors where they won't be hit by the sun's rays for any considerable part of the day.

Perspiration Stains

Ordinary laundry starch will usually remove perspiration stains from any material. Make it into a paste with cold water, spread on both sides of the goods where the stain appears, let it dry, and then brush off.

Soap Economy

Don't dispose of a cake of soap when it has worn down to a sliver. Instead, soften one side of a new cake with hot water, press the left-over piece to it, and you'll be able to use the whole thing as one cake of soap.

CANADA'S health

SAFETY IN IMMUNIZATION

Mankind has been provided with the tools which can eradicate diphtheria, smallpox and whooping cough. A death from smallpox means neglect of vaccination. The person who dies of diphtheria today has not been adequately immunized. The baby lost through an attack of whooping cough today has very likely received no vaccine protection. It is up to parents and communities to assure the effective use of the protection now available. The co-operation of every citizen is necessary.

EYE IRRITATIONS

Foreign bodies in the eye are irritating and somtimes painful and may cause serious damage. Sometimes the individual himself can remove the foreign body by irrigating the eye with boiled water or boracic acid solution. It should be dropped into the eye at the corner nearest the nose, tilting the head so it will run out at the other side. Tears will likely help to remove the particle.

GOOD FARM CROPS

For the first time in several years, farmers in this district are reporting bumper crops. On most farms, the hay crop was a little better than average, but the grain crop was almost a record for this district. The corn has benefitted from the warm weather of the past few weeks and with just about the right amount of rain, the corn fields have never looked better. Overflow silos are predicted when corn-cutting starts. Good crops in this district have not been possible during the past three years due to backward weather, but this year that happy smile has returned to the farmer's face, and it makes us all feel good.

PREGNANCY POINTERS

The popular belief that dental treatment cannot be administered during pregnancy is unfounded, dental experts say. Healthy teeth are particularly important at this time. The teeth should be checked early in pregnancy, because the patient is more comfortable during treatment at that time. The third to the seventh month is considered the best time for a dental checkup. Adequate diet during pregnancy will help ensure healthy teeth for both mother and baby.

CURRENTLY AVAILABLE

Nutritionists say that one-third of a cup of the red and white currants now on the market, crushed and sweetened before serving, will provide as much vitamin C as a medium orange. The black variety, even when cooked or canned, gives about five times as much vitamin C. Currants are especially valuable as they can be "put up" during the season of plenty to meet winter vitamin needs.

RESEARCH RESULTS

Medical science has proven through intensive research that pasteurized milk is the only safe milk. Pasteurization eliminates bacteria which cause such milk-borne diseases as bovine tuberculosis, typhoid fever, undulant fever, septic sore throat, paratyphoid and dysentery. Pasteurization does no harm to the milk's nutritive value.

SIGHT SYMPTOMS

The symptoms of eyestrain are varied. The eyes may feel hot and tired, the eyelids may become irritated or feel gritty, the eyes may become watery or slightly inflamed. There may be temporary blurring of vision and, when reading, the letters may run together or appear confused. The eyes may develop a dull ache and headache may result. If such symptoms are present, expert advice should be sought, for, if eyestrain is long continued, the general health may be undermined.

News From Our Neighbouring Districts

VERNON

The annual Thank-Offering meeting of the W. M. S. of the Vernon United Church was held in the Baptist Church on Thursday afternoon. Mrs. Howard Porteous presided and Mrs. N. J. Thomas, of Winchester, was the guest speaker. She chose as her text: "Be strong, all ye people . . and work; for I am with you."—Haggie, 2:4, and based her thoughts on "Christ has no hands but our hands to do his work to-day." She gave a most interesting and challenging talk.

A most appropriate solo was rendered by Mrs. Harold Ferguson, with Mrs. G. E. Robertson at the piano. Guests were from Marvelville, Winchester and the Presbyterian and Baptist Churches of Vernon. At the close of the meeting a social time was enjoyed. Mrs. Wilfred Porteous and Mrs. Wm. Armstrong were the committee in charge of the refreshments.

Mr. Willard Acres, who has been a patient in the Civic Hospital at Ottawa for the past two months, returned to his home on Tuesday last.

Messrs. Edwin and Erwin Duncan have arrived in London, Eng., and report a splendid trip and a most enjoyable time so far.

Mr. and Mrs. Harold Porteous were the guests of honour on Friday evening, when their friends and relatives of this vicinity gathered in the Orange Hall to extend their congratulations and good wishes on their recent marriage. The hall was suitably decorated for the occasion with pink and white streamers and baskets of autumn flowers. Dr. C. Younger Lewis presided for a short program, which consisted of community singing, led by Mrs. Duff Crerar, a solo by Miss Jean Wilkes and a duet by Misses Irene and Ina Campbell. An address was read by Mr. Wallace Bowman and a gift of money was presented by Mrs. Isaac Duncan on behalf of those present. Refreshments were in charge of Mrs. Wallace Bowman, Mrs. Wilfred Porteous, Mrs. A. J. Folkard and Mrs. Howard Porteous. The remainder of the evening was spent in dancing, the music being supplied by Messrs. Ivan Thomas, Albert Hill and Mrs. D. Crerar.

Mr. and Mrs. Chas. Acres spent Sunday at Madrid, N. Y., the guests of their son and daughter-in-law, Mr. and Mrs. Carman Acres.

Congratulations are due to Mr. and Mrs. Harvey Dalgleish, of Vernon, who have been awarded first place in the Village Home Improvement Contest for Carleton County. There were 29 entrants in this class.

OBITUARY

LATE MRS. GEORGE BEATTIE

Trinity United Church, Chesterville, was filled to capacity last Friday afternoon with sorrowing relatives and friends to pay their last tribute of respect to one whom they have known and loved, in the person of Mrs. George Beattie, whose sudden passing in a Cornwall Hospital occurred on Wednesday morning, after only four days' illness, and came as a great shock to everyone.

A brief service was held in the home by Rev. G. S. Lloyd, of Cornwall, after which the lengthy cortege proceeded to the church, where the ladies of the W. M. S. formed a guard of honor.

Rev. Mr. Lloyd officiated, assisted by Rev. F. J. Wowles, of Elma. The combined choirs of Chesterville and Elma led in the singing of favorite hymns of the departed. "The Old Rugged Cross" was effectively rendered by Mrs. Allison Graham, with Mr. P. J. Hewitt at the organ. Rev. Mr. Lloyd gave a very comforting message from the text: "Her sun has gone down while it is yet day."

Interment was made in the family plot in Maple Ridge Cemetery, the pallbearers being Messrs. Lorne Feeley, Harry Edgerton, Hudson Johnston, George Edgerton, Wm. Dillabough and Bernice Froats.

The late Mrs. Beattie, who was 63 years of age, was the former Gertrude Jane Dillabough, eldest daughter of the late Mr. and Mrs. A. S. Dillabough. She spent her early life and received her public school education in the Melvin Settlement. About 45 years ago she married George Beattie and has lived since then in the vicinity of Chesterville.

Surviving, besides her husband, are one son and four daughters—Mr. Albert D. Beattie, of Ottawa; Mrs. Alvin Crothers and Mrs. Donald McIntosh, of Cornwall; Mrs. Donald Hardy and Mrs. Mack Orr, of Hemmingford, Que.; also a brother, Mr. Charles Dillabough, of Cloverdale, and a sister, Mrs. Arnold Docksteader, of Chesterville.

Friends and relatives attending the funeral from a distance were Mr. and Mrs. J. A. Beattie, of East Farnham, Que.; Mr. R. D. Beattie, of Mount Holly, N. J.; Mr. and Mrs. J. E. Dawson, of Philadelphia, Pa.; Rev. R. C. McConnell, Mrs. M. Franklin, Mrs. A. Pickering, Mrs. Wes. Franklin and Mrs. N. Ford Beach, all of Ottawa; Mr. W. L. Currier, Mr. L. L. Johnson and Mr. M. F. Mills, of the Boy Scout Association of Ottawa; Mr. D. A. McIntosh and Mr. and Mrs. Harley, of Cornwall.

The numerous beautiful floral tributes signified the high esteem in which the deceased was held. They were as follows:—

Wreaths—The Family; Mr. and Mrs. Arnold Docksteader and family; Rev. I. E. and Mrs. Smith and family; Mrs. G. E. Earle, Mr. and Mrs. Harold Droppo and Mr. and Mrs. Harvey Barkley; Mr. and Mrs. Robt. MacKay; Mr. and Mrs. C. Norwood; Masonic Lodge, Chesterville; Cornwall Neighbours of Mrs. Don. McIntosh.

Pillow—Neighbours of S. S. No. 10.

Basket—Mr. and Mrs. John Haines.

Sprays—Mr. and Mrs. J. E. Dawson, Elma Women's Institute; Mr. and Mrs. W. Dillabough and Mr. and Mrs. Bernice Froats; Mr. and Mrs. Benson George and family; Mr. and Mrs. Wm. Elliott; St. John's Ladies' Aid of Cornwall; Mr. and Mrs. A. Perkins; Mr. and Mrs. G. Alguire; Cornwall Public School Staff; Boy Scout Association Staff, Ottawa; Southminster United Church Boy Scout Troop; Cornwall Social Club; Mrs. Beatrice Orr; Mr. and Mrs. L. L. Johnston; Mr. James Buist nad Jean.

MRS. KEITH GRAHAM CHOSEN PRESIDENT OF CHESTERVILLE HOSPITAL AUXILIARY

A meeting was held in the Library last Tuesday night to organize a branch of Women's Auxilliary of the Winchester District Memorial Hospital. The attendance was not large but much interest was shown by those present, and the following executive was chosen: Hon. President, Mrs. O. D. Casselman; President Mrs. H. Keith Graham; Vice President, Mrs. Graham Durant; Sec'y.-Treasurer, Mrs. Hilda Belsher; Convenor of Work Committee, Mrs. Gordon Lannin.

The Chesterville Branch will work in conjunction with the Winchester Branch and as many members as possible will attend a meeting in Winchester next week to learn more about the work to be done. There will be plenty of sewing to be undertaken, and all ladies who are interested in the success of the hospital are urged to watch next week's Record for an announcement of the next meeting of the new Auxiliary.—Chesterville Record.

HONOURED BY WESLEYAN METHODIST YOUNG PEOPLE

Following their marriage, Mr. and Mrs. Keith Fawcett (nee Marguerite Holmes) were honoured at a social evening, held at the home of the bride's parents, Mr. and Mrs. Clarence Holmes, by members and friends of the Wesleyan Methodist Church. The house was decorated with a profusion of autumn flowers, and Mr. Raymond Summers, president of the Y. P. S., was in charge of the program. Mr. J. L. Belway led in the singing, while the pastor, Rev. H. Kielty, spoke briefly and led in prayer. A solo was rendered by Mrs. Arthur Summers, accompanied by Miss Bessie Rennick. At an appropriate time the guests of honour were called to the floor, when an address, contained in a dainty bride's book, designed by Miss Rennick, was read by Mrs. Sheldon Robinson, and the presentation of a coffee table and end table was made by Mrs. Albert Crawford and Mrs. Rae Helmer. Both Mr. and Mrs. Fawcett replied to the address and expressed thanks for the gifts.

The remainder of the evening was spent in contests and music, after which lunch was served.

DEDICATION OF ELECTRIC LIGHTS IN CHURCH

At Harmony United Church on Sunday, October 3rd, there was a Dedication Service by Rev. N. J. Thomas, of the Electric Lights which were installed recently; the pulpit light being donated by Miss Dorine MacGregor and the piano light by Mrs. George Cinnamon.

There was an infant baptism, Erwin Robert Reaney, son of Mr. and Mrs. Ross Sylvester Reaney,. Also, Mr. James MacGregor was received into full communion of the church. The service concluded with the observance of Sacrament of the Lord's Supper.

WOMEN'S CLUB INSPIRED BY DOROTHY SPROULE

In February, 1922, a small advertisement in a Montreal paper caught the keen-enquiring eye of Dorothy Sproule, a clergyman's wife who was later to become one of Canada's most distinguished poets. The ad suggested that a little meeting be held to start a reading circle.

Dorothy Sproule attended, and the thirty or so women present—all but one strangers to her—elected her president. That incident marked the founding of the Notre Dame de Grace Women's Club.

Under Mrs. Sproule's stimulating guidance, the fledgling Club launched an ambitious program. Its success was phenomenal. Within two years membership had increased to 750 and the Club had become the hub of social life and welfare activity in the community.—Montreal Monitor.

AGNES GLASSFORD AUXILIARY

The regular meeting of the Agnes Glassford Auxiliary of St. Paul's Presbyterian Church was held at the tome of Miss Helen Elliott on Tuesday evening of last week, with the president, Mrs. H. Wilson, presiding. Mrs. Chas. Cross, the secretary, read the minutes and several items of interest were dealt with during the business period.

Mrs. Wilfred McKercher gave a paper on Formosa, which was very interesting, and at the conclusion conducted a quiz.

Miss E. M. Gardner and Miss Clara Anderson were appointed as a sick committee for this month, and it was decided to pack a box of canned goods to be sent to England.

At the close of the meeting a dainty lunch was served by Mrs. McKercher, Miss Elliott and Mrs. Geo. Elliott.

DELAHUNTY—MELLON

Saturday afternoon, October 2nd, Bathurst St. United Church, Toronto, was the scene of the wedding of Margaret Lillian, daughter of the late Mr. and Mrs. David Mellon, and Mr. Norman Delahunty, son of Mrs. Charles Delahunty, of Mimico. The marriage ceremony was conducted by Rev. Gordon Domm. Mrs. Ada Wagner played the wedding music, and Mrs. Murray Ship was sololist.

The bride was given in marriage by her uncle, Mr. Sanford Zeron. Her gown was of Ivory satin with train and veil falling from a coronet of orange blossoms. She carried an arm bouquet of Talisman roses and bouvardia. Miss Marion Larmour attended the bride in a blue moon taffeta gown with matching headdress and carried an arm bouquet of pink roses. Master David Jeannert, nephew of the bride, was ring bearer. Mr. Ted. Bodman, of Mimico, was best man, and the ushers were Messrs. George Betts and Marsh Jeanneret.

The reception, following the ceremony, was held at the home of the bride's sister, Mrs. Marsh Jeanneret. After a motor trip to Quebec City and the Laurentians, Mr. and Mrs. Delahunty will reside at Deep River.

CHESTERVILLE RATEPAYERS SUPPORT FIXED ASSESSMENT

The voting on the fixed assessment for the Nestle's Milk Plant was approved by a large majority last Monday. The final count was 160 in favour of granting the assessment with 13 registering their "nays."

NEWLYWEDS HONOURED AT CLOVERDALE

About eighty friends and neighbours gathered at the home of Mr. and Mrs. Fred Fawcett, Cloverdale, on Wednesday evening, Sept. 29th, to honour their daughter, Jean, whose marriage took place recently to William Stewart Shelp, of Russell.

About 10 o'clock Mr. and Mrs. Shelp were called to the floor and an appropriate address was read by Mrs. Nelson Docksteader, after which Mrs. Morton Stobo made the presentation of a beautiful bride's book and a purse of money.

On behalf of her husband, Jean thanked the many people for the lovely gift and invited all to visit them in their new home. The remainder of the evening was spent in refreshments and dancing, with music being furnished by Messrs. Nelson Docksteader, Earl Fawcett and Herb Ross.

Following is the address:

Dear Jean:—It was with interest that we learned of your recent wedding and it seemed fitting indeed that we should take this opportunity of meeting together to offer our congratulations and best wishes.

Jean, most of us have known you since childhood and have come to admire your cheerful disposition. You were always willing to help in community affairs while you were in our midst and before the bright lights of the city took you away from us. However, we have followed with interest your success in a business career and shall continue our same interest in your marital success.

As our expression of our friendship, we ask you to accept this gift in the hope that it will recall many pleasant memories of your neighbours and friends in Cloverdale and surrounding district and may it carry with it our sincerest wishes that God may grant you and Stewart the blessings of health and happiness for many years to come.

Signed on behalf of the friends and neighbours, Jean Stobo, Eva Cinnamon, Helen Docksteader.

RECEPTION FOR MR. AND MRS. RALPH GUY

A pleasant event took place on Thursday evening, Sept. 30th, at the home of Mr. and Mrs. John W. Guy, Inkerman, in honour of their son, Ralph, and his bride. About thirty-two guests were seated at a reception table, decorated with white and yellow streamers and white bells. The rooms were beautified with autumn flowers. At the close of an enjoyable evening spent by all, each one wished Mr. and Mrs. Guy much happiness.

OSGOODE W. I.

Mrs. C. Allen was hostess for the September meeting of the Osgoode W. I. held last Tuesday evening. Mrs. Hawkins presided and 20 members were present. An invitation was accepted to go to Manotick on October 14th. Osgoode W. I. will meet with Kars W. I. for an all-day meeting on Oct. 7th.

Mrs. L. Hawkins will be the delegate to attend the area convention in Ottawa on Oct. 19th and 20th.

Plans were made to procure a speaker for the Carleton Co-op Medical Service for the next meeting to be held at Mrs. H. Boyd's on Oct. 26.

The convenor was Mrs. S. McCallum, and Mrs. W. McCallum gave an interesting talk. A contest, "Parts of a Car" was won by Mrs. V. Porteous. Lunch was served by the hostess and her assistants. Mrs. Murphy moved a vote of thanks.

MRS. CLARENCE R. HUTCHINSON MARRIES SHOWMAN

The many friends of Mrs. Clarence R. Hutchinson will learn with interest of her marriage on Saturday, September 25th, at Rochester, Minn., to Mr. Christy Obrecht, popular and well-known Showman of the Middle West. The marriage ceremony was solemnized in the chapel of the Congregation Church in the presence of the bride and groom's only sons and their wives. Mr. and Mrs. Obrecht are expected in this district during the month to visit Mr. and Mrs. Lorne McIntosh and Mr. Roy McIntosh, of Winchester Springs, brothers of Mrs. Obrecht.

FARMERS---ATTENTION

GROWERS WANTED: A long established Wholesale Fruit Company in Ottawa is anxious to build up a source of supply for fresh Raspberries within a 75-mile radius from Ottawa. Truck shipment

To encourage a limited planting of new high yielding patches, a well known nursery is sending a special representative of many years' experience in commercial production to personally interview and educate interested farmers in raspberry culture. This should result in higher unit yields, longer patch life, less hand labor and when translated into dollars at normal prices a relatively high ratio of profit is assured.

Because of present shortage of good planting material, bookings can only be made for SPRING PLANTING 1949, limited to one acre.

If genuinely interested in berry growing as a sideline to farming, write Box 457, Campbellford, Ontario, on or before October 18th, giving location of your farm. Our specialist will call later and completely analyze the business, soil requirements and preparation, up-to-date cultural practices, cost of planting, estimated yields and profits per acre. Late replies cannot be covered.

PERSONAL — Hygienic Supplies (Rubber Goods) mailed postpaid in plain, sealed envelope with price list. Six samples 25c, 24 samples, $1.00. Mail Order Dept. M-57, Nov-Rubber Co., Box 91, Hamilton, Ont. 17tfc.

VERNON CONGREGATION HONOUR REV. A. H. JONES

Sunday, Sept. 26th, marked the close of Rev. A. Hilliard Jones' ministry to the congregation of the Osgoode Baptist and Vernon United Churches.

After a stirring sermon on Paul's zeal for the coming of Christ's Kingdom, and special music by the choir, Mr. Harold Ferguson requested Mr. Jones to remain on the pulpit platform.

He then invited Mrs. Jones to join her husband, and also called Mrs. Howard Porteous, Mr. P. J. Robertson, Church clerk, and Mr. Bert Campbell, chairman of the Board of Deacons, to come forward. Mr. Robertson read an address, and Mr. Campbell presented Mr. Jones with a monetary gift, while Mrs. Howard Porteous presented Mrs. Jones with a corsage of flowers.

Both the pastor and Mrs. Jones replied feelingly, asking that the prayers of the congregation may follow them on their new field. Thus, another chapter of the church history is closed.

Mr. Jones assumes the pastorate of the Renfrew Baptist Church on October 3rd. Following is the address:

Dear Pastor and Mrs. Jones:—We, the members of your congregation, knowing that the Master has called you to labour in another part of His vineyard, wait upon you to-night to express to you, our sorrow at the severance of our association, and also to wish you success and happiness on your new field. During the four years of your ministry, we have appreciated your enjoyment of a good joke, the keen interest you have shown in the different labours of the members of your flock, your wise counsel whenever we sought your advice, and most of all, your simple, clear-cut proclamation of the atoning power of a Crucified—and Risen Lord.

You, Mrs. Jones, have been a faithful worker in our Senior Circle, as well as our church in general, and we shall miss you greatly.

We shall not dwell longer upon our regret at your departure, except to say that we cannot let this evening pass without giving tangible expression of our appreciation of your labours among us. We therefor ask you to accept this monetary gift.

We love, honour, and esteem you both, and our earnest prayer is, "May He, who holds us in the hollow of His hand, guard and guide you in the years which lie before you."

Signed on behalf of the members of the Osgoode Baptist and Vernon United Churches—Mrs. Howard Porteous, Messrs. P. J. Robertson, Bert Campbell, Harold Ferguson.

LAMBETH ENCYCLICAL READ

At the 9.00 a.m. celebration of the Holy Communion in the Church of St. Matthias, A. & M., Winchester, and at the 11.00 a.m Holy Eucharist in St. Peter's Church, South Mountain, this past Sunday, The Rev. Leon B. G. Adams read an encyclical from the "Archbishops and Bishops of the Holy Catholic Church . . . assembled from all parts of the earth at Lambeth, in the year of our Lord 1948, under the presidency of the Lord Archbishop of Canterbury."

The encyclical, which is to be read in all Anglican Churches this month, cussed during the five-weeks episdealt chiefly with the subjects discopal Conference held at Lambeth Palace, London, England, during July and August this year. The Right Rev. Robert Jefferson, Lord Bishop of Ottawa, who is to visit Winchester, Chesterville and South Mountain on October 24th, was one of the Bishops attending this important gathering.

The encyclical said, in part: "If the Church is to be to the world as salt, which preserves civilization from corruption and keeps life wholesome, there must be something distinctive about us Christians—in the way we do our daily work, in the homes we make, and in the standards by which we live. We must take our full part as citizens. Yet, in so doing, we must not forget that we are citizens of a heavenly Kingdom and inheritors of an eternal destiny. While we seek to serve our earthly cities, our allegiance always is to Christ the King."

In closing the Bishops asserted, "Since Christ's cause in the world can never be fully served by a divided Church, we also lay upon you the duty to take every opportunity of co-operating with Christians of other Churches, and to work and pray for the Reunion of Christendom."

CHRISTIAN SCIENCE LECTURE AT OTTAWA OCTOBER 14th

Oscar Graham Peeke, of Kansas City, who is to lecture on Christian Science in First Church of Christ, Scientist, Ottawa, next Thursday, the 14th, received his education in England and then joined the theatrical profession there. Later on he went to the United States and played with a well-known Shakespearan Actor for three years; after which he wrote and produced his own plays.

It was at this time that he received a healing, through reading the Christian Science Text-Book, Science and Health, with Key to the Scriptures, by Mary Baker Eddy. He received Class Instruction and shortly thereafter he gave up all other professional work and devoted his entire time to the public practice of Christian Healing. In 1928 he became an authorized Teacher of Christian Science.

The subject of his lecture is "Christian Science, the Religion of Ceaseless Prayer."

Hello Homemakers! Now's the time to make the most of what money we have left in the monthly food budget. Another summer's harvest perfumes the air but there are many good fruits that can still be served alone or mixed to accent the flavor and color by contrast. There isn't much to say about the apples, grapes, peaches and melons as a cool delicious fruit cup except to chill them to the marrow, sweeten ever so slightly with a thin, simple syrup. A fruit cocktail should not be too bland. If you want the dish to be stylish, add a scoop of lime sherbert or plain ice cream or cubed jello.

To help you make the most of September's fruits we publish a few simple recipes.

Grape Juice

Remove grapes from stems, measure and mash. For each quart of grapes, add 1 quart of water. Cook until soft. Strain through fine cheesecloth in sieve. For each quart of juice add 1 cup sugar. Boil and remove scum. Bottle in sterilized jars while hot. Seal tightly. Keep in cool place.

Jiffy Grape Juice

1 1-2 cups blue grapes, 1-2 cup of granulated sugar.

Place grapes and sugar in a sterilize quart jar. Fill up with boiling water. Seal and let stand 6 weeks before using. Strain when ready to use.

Favorite Conserve

1 cup minced pears, 1 cup minced peaches, 1 cup canned, crushed, well-drained pineapple, 1-4 cup chopped maraschino cherries, 1 cup sultana raisins, 1 cup shredded blanched almonds, 2 tbsps. lemon juice, 5 cups fine granulated sugar, 1-2 cup liquid pectin.

Prepare fruits, measure accurately and add sugar. Add nuts. Stir well together. Bring to full rolling boil over hot fire. Stir constantly before and while boiling. Boil hard for 1 minute. Remove from heat and stir in pectin. Stir and skim alternately for 5 minutes to prevent floating fruit. Pour into sterilized jars and cool before sealing with hot paraffin. Makes 6 to 7 eight-ounce glasses.

Note: This may be made in the winter with canned fruit.

Plum Conserve

8 cups prepared Damson plums, 6 cups granulated sugar, grated rind of 1 1-2 oranges, juice of 1 orange, 1 cup seeded raisins, nutmeats if desired.

Wash, half and stone the plums, for measuring. Add sugar and cook gently uncovered, stirring often, until a few drops will thicken on a cold plate. Add remaining ingredients and cook 10 minutes. Let stand a few moments, skim, then stir. Fill hot sterilized jars and seal with melted wax.

Fruit Compote

2 cups sugar, 6 cups water, 3 pears, 3 peaches, 12 plums, 12 apricots, a few drops of red food coloring.

Add sugar to water in large kettle and bring to a boil. Add skinned peach halves and simmer about 10 minutes until tender; remove with slotted spoon. Add unpeeled pear halves to syrup and simmer about 10 minutes until tender; remove. Add whole unpeeled apricots and simmer about 6 minutes until tender. Arrange fruits in bowl. Add red food coloring to syrup to give a lovely clear pink. Pour over fruit in bowl while warm. Cool at room temperature, then refrigerate until chilled. Serves 6.

'When water becomes ice, what great change takes place?" asked the professor.

"Well, sir," stammered the freshman, "I think the greatest change is in the price."

Lengthy discussion on the St. Lawrence Power Project received priority on the association's agenda.

The organization unanimously passed a resolution to the effect it is in favour of the project. It was agreed that the association should do all in its power to expedite the power development.

The Association also passed a resolution aimed at attracting more industries to Eastern Ontario.

Sunday In The Churches

By Rev. N. J. Thomas, B. Th., Church Editor

SUNDAY, OCTOBER 10th, 1948.

The Rev. Ivor D. McIvor and Mrs. McIvor

We are delighted to welcome to our community the Rev. Ivor D. and Mrs. McIvor. Mr. McIvor comes to us as minister of the Presbyterian congregations of Winchester and Winchester Springs. He was inducted by Brockville Presbybtery last Thursday evening and was welcomed by a large congregation. We wish for the McIvors many friends and much happiness. It is our sincere prayer that God will richly bless them as they labour together in the work of the Kingdom, and, may the fellowship they share with others bring spiritual riches to themselves and others.

Is This You?

I heard a young lady recite something the other day. It is worth thinking about:

Every time I pass my Church
I vow to make a visit,
So that, when I'm carried in,
God won't say, "Who is it?"
