Rah, Rah Gals At Winchester High

With the Winchester High School Senior football squad turning in a dismal year, this team of Cheerleaders turned out to be the only good thing at many of the games. The girls never gave up and added a lot of spirit to all athletic functions during the fall term. Highlight of the season was their big win over other schools at the October Track Meet of the Osgoode-North Dundas Athletic Association. For the win they received the coveted Howard Fulton Trophy. The above photo was taken recently for The Press when the girls, hula hoops and all, posed for photographer Art Daykin. From the left, they are: Nancy Willard, Sandra Raistrick, Catherine Johnston, Joan Wylie, Patsy Petersen, Martha Bratteteig and Charlotte Johnston.

Rumours Of Elections

NOMINATION MEETINGS FRIDAY

All Offices Open For 2 Year Term In Winchester

All municipal offices will be open for nomination to-morrow night at the Town Hall. The occasion is the annual Nomination night, and this year ratepayers will have the opportunity to nominate persons to the offices of Reeve, four councillors and six Public School trustees.

Immediately following the hour of nominations, between 7 and 8, Council will make its annual report to the village and the meeting will be thrown open to discussion. Council urges as many Winchester people as possible to come out to this important meeting.

In the event that more than a sufficient number of candidates qualify for the various offices, an election will follow on Monday, December 1st. This year, for the first time in Winchester's history, Reeve, Council and School Trustees will be elected for a two-year term.

In a quick survey made this week, The Press learned that at least three of the present council would seek re-election. They are Councillors MacDonald, Biccum and Reynolds. Councillor MacIntosh was still not certain whether he would ask support for another term. Outside council there are several reliable reports that there may be an election for the 4-man council. At least two Winchester businessmen have made it known that they may seek one of the council seats. There may be more by to-morrow night.

All the six school trustee positions are open and it is expected that at least three of the present board will come back if it is the choice of the people.

Reeve Fader looks like an easy win, probably by acclamation, to retain the senior office in the village. If he is returned he will very likely bring the wardenship of the United Counties to Winchester for the first time in 39 years. Last Winchester Warden was William Fisher. Reeve Fader automatically steps into the Chairman of Finance next year in the Counties and in 1960 will become Warden.

In Mountain Township, Nominations will be held from 1 to 2 p.m. on Friday at South Mountain I.O.O.F. Hall. In Winchester Township Nominations will be held between the hours of 1 and 2 p.m. at the new Township Hall on Highway 43. In Williamsburg, Nominations are being held in the I.O.O.F. Hall from 12 noon till 1 p.m. Public meetings will follow all of these nominations. In Winchester Township the new township garage and offices will be officially opened by Hon. Fred M. Cass at four p.m. following the Nomination meeting.

Nominations in Osgoode Township, where there is expected to be an election, were held on Wednesday.

100 Club

Due to Nominations being held to-morrow night, the annual Ladies' Night of Winchester 100 Club has been postponed until the following Friday night, November 28. The meeting, which annually honours wives and friends of the members, will follow the same pattern of previous ladies' nights. All members are asked to make a special effort to bring the Mrs. out to this meeting.

Chamber Re-elects Officers For 1959

WALTER MacDONALD

Annual Reveals Active Year

Walter MacDonald, who will seek re-election to Winchester's four-man council board this year, was re-elected Chairman of the Winchester Chamber of Commerce Monday night at the annual meeting held in the Public Library.

At the busy annual, Treasurer Harry L. Flora said that the Chamber had spent $881.77 during the past year. Breakdown of disbursements includes $478.27 for Christmas expenses last year including candy for children, floats and town decorations; road signs, $235.00. Other expenses included fees to the Canadian Chamber and Ontario Chamber, and flowers, advertising, Remembrance Day wreaths, Christmas Records for St. Paul's and secretary's expenses.

Receipts, including a balance of $414.27 from 1957, totalled $922.27. Main revenue came from the canvass from businessmen for the Christmas fund, $310.00. Membership fees accounted for $156.00.

President Walter MacDonald said, in accepting the presidency for another year, that the Chamber was playing an important role in the life of Winchester. In the past year it had been responsible for the town "lighting up" at Christmas; erection of new approach signs, and had played an important part in the village finally getting promise from the Ontario Water Resources Commission that the water distribution system was on its way. The Chamber instigated the delegation going to Toronto.

It was unanimously decided that letters of appreciation be sent to the Ontario Water Resources Commission, Honourable Fred M. Cass and Council, for their co-operation in making the Toronto meeting possible.

Sam Ault discussed in some detail the possibility of setting up a Recreation Committee under the Department of Education. This committee would receive provincial grants for all its work, Mr. Ault said, and it would be well worth while for the Chamber to see that it is formed. Andy Ross was appointed a tentative head of a group to determine the possibilities of inaugurating such a committee early in the new year.

Industry

The new executive was instructed to bring in an industrial committee at the January meeting which will be held the second Monday in January. It was voiced by Harry Keyes that the Chamber should "get cracking" on the possibility of bringing industry to town. He mentioned that the buildings formerly occupied by Melvin Motors would make an excellent site for a small manufacturing industry. He suggested that this information be made available to the proper authorities.

Harold Lannin followed up by saying that the property of H. S. Lannin Lumber Co. Limited would also be available at the right time and to the right type of industry. In mentioning this, Mr. Lannin pointed out that the firm had no intention of closing down. Rather, this company is anxious to erect a new, modern plant on property owned by Mr. Lannin near the CPR station. If the other property could be sold to some other industry "we will build the most modern sash and door factory in Eastern Ontario," Mr. Lannin said.

Real Holly For Christmas

Citizens of this village will be able to buy this Christmas real Holly, direct from British Columbia.

Arangements have been made by Winchester 100 Club to import a quantity of this traditional Christmas decoration and it will go on sale early in December at $1.00 per package.

Real Holly, although not rare, is not considered a part of Christmas decorations in this area because it is not available. However, 100 Club's decision to sell Holly this year makes it possible for all home owners to add the gay, Christmas like sprigs to their decorations.

The addition of Holly in the home will certainly add much to decorations and the spirit of Christmas, and 100 Club members are anticipating a big sale.

OUT OF THE RED

Community Centre Ends Year With Small Balance

Winchester Community Centre has ended the year with a bank balance of $177.81. This is the second season in a row that the Community Centre Board, through good management, has managed to bring the books out of the red. The Rink was taken over by the town two years ago and changed to a Community Centre.

Financial Report

Reporting at the annual meeting, treasurer Harry Flora's detailed report showed that total receipts, including a $200 loan from the village, were $2435.07. Of this amount $253.47 came from summer activities, the rest of the income raised from winter activity.

Big source of revenue was skating, which provided more than $800 last year. This was quite a jump over the previous year, with Saturday night skating reverting to the days of old when three and four hundred took advantage of the local rink facilities.

Season tickets totalled $332.00; Hockey, $644.65; rent of signs, $147.00; refreshment booth, $60; 100 Club rent, $50; rent of hockey hours, $30.

During the summer months revenue was made from the Hospital Auxiliary garden party; Wilf Carter show; Liberal Association; C. B. M. C.; Winchester Legion.

In the way of disbursements caretaking duties acounted for the most money, more than $750. Electricity cost $172.82; heating, $140; insurance, $760. Other miscellaneous expenses for supplies, etc. made up the balance of $2437.95 in expenditures. The Board started the year off with $180.69 cash in the bank.

Free Hockey

At the meeting it was decided that some minor repairs would be made to the rink building which is presently in a good state of repair. Free hockey time will be made available to the youngsters, weather permitting, during the Christmas holiday season. Rink hours for skating and hockey remain unchanged.

The Board announed that it is anxious to hire a manager-caretaker by December 1st. It was also noted that a cashier would be hired for Monday, Wednesday and Friday nights.

Gerald Helmer presided at the meeting which was attended by Sam Ault, George Elliott, Harry Flora, Lloyd LaPorte, Robert Vice, Walter MacDonald and Allan MacIntosh.

All officers and directors were elected for another term. Gerald Helmer and Robert Vice are the co-chairman of the board. Lloyd LaPorte is secretary and the treasurer is Harry Flora.

Employment Level Holds

Employment conditions in manufacturing, with the exception of one primary textile industry, indicate a continuance of the favourable levels reported last month. This is the word in the latest release for the month of October by the Unemployment Insurance Commission at Cornwall.

Several new small industries have started production in the past month, including a boat building company and a small chemical industry. Local construction continues to be quite active. There was a slight reduction in the labour force employed by contractors on the power project. Weather was a deterring factor, with mud conditions forcing the big earth-moving machines to a standstill.

With the exception of bricklayers, plasterers, electricians and stationery engineers, a considerable surplus is still recorded in all other trades. A community-wide program is being inaugurated by the local employment committee urging industry and citizens to plan now for winter work projects.

Registration for employment at October 31 was: male, 1770; female, 674. Unfilled vacancies, male 36, female 25. Active claimants, male and female, 2022. Placements made by Cornwall office, male and female, 544.

Bazaar Nets St. Pauls Ladies' Aid $350

Anyone interested in sponsoring a successful bazaar should get in touch with St. Paul's Presbyterian Church Ladies' Aid. Saturday afternoon the ladies of St. Paul's adorned the Sunday School hall and invited everyone to attend their well-planned annual Bazaar and Tea. When it was over, the Ladies' Aid was $350.00 richer and members in charge of the event modestly said it was "highly successful."

Rev. William Sutherland, church pastor, opened the Bazaar and the guests were received by Mrs. Wilfred McKercher and Mrs. William Sutherland. Mrs. C. R. Robinson and Mrs. Robert Carlyle were conveners of the tea table, assisted by Mrs. Walter Moffat and Mrs. Fred Christie. Tea was poured from the tastefully decorated table by Mrs. Sutherland. The table was centred with a bouquet of mums donated by Muriel's Flowers of Winchester.

Attractive booths apparently lured the many customers and there was a wide variety of "things to buy" including items from the following booths: "Apron, Superfluity, Touch and Take, Candy, Home Baking and Gift." The colourful gift booth is shown in the above picture.

Conveners, who do not need a course in salesmanship, in charge of the sales tables were: Mrs. H. Peterson, Mrs. A. Summers, Mrs. H. Cinnamon, Mrs. E. Munroe, Mrs. G. Durant, Mrs. A. Rice, Mrs. H. Balkwill, Mrs. H. Strader, Mrs. J. Bailey, Miss I. Knowland, Mrs. R. McKendry, Mrs. H. Wilson, Mrs. G. Wilson, Mrs. G. Elliott, Mrs. R. Ledgerwood and Mrs. A. Davidson.

Conservative Convention Next Tuesday

Grenville-Dundas Conservatives, more particularly 184 delegates, will choose a standard bearer to represent the riding at the expected Provincial election next year. Although no definite date has been set, the popular guess is that Premier Frost will call an election in May or September. Honourable Fred M. Cass, Ontario Minister of Highways, is expected to receive the nomination without opposition.

Association president Stan. Price stated this week the meeting would follow the pattern set down at the July Convention which elected Mrs. Jean Casselman. Delegates will register between 7.30 and 8.30 p.m. and will be seated in the hall. There will be accommodation for members of the party in the hall, Mr. Price said. A public address system will also be in operation. In addition to several other dignitaries who are expected to be present in support of Mr. Cass, the guest speaker will be the Honourable Matthew Dymond, Ontario Minister of Transport.

Winchester Conservatives will meet next Monday night in the Town Hall to pick five delegates and five alternate delegates. The delegates must be nominated between 8 and 9 p.m.

Distribution of delegates is as follows: Prescott 9, Kemptville 6, Merrickville 4, Morrisburg 6, Cardinal, Iroquois, Winchester and Chesterville, 5 each.

Williamsburg polls 1, 8, 9 and 10, one delegate each. Polls 2 to 7, two delegates each.

Matilda polls 2 to 8, two delegates each. Polls 1, 9, 10, 11, one delegate each.

Mountain polls 6 and 7, two delegates each. Polls 1, 2, 3, 5, four delegates each; poll 4, three delegates.

Winchester Township, polls 5 and 8, one delegate each; polls 1, 2, 3, 4, 6, 7, two delegates each.

Townships of Augusta, Wolford, Oxford, South Gower, two delegates or each poll with two extra delegates, the president and vice president of Oxford Association.

Edwardsburg Township, two delegates per poll with the exception of polls 4 and 10 which have one delegate per poll.

Football Champs

Mountain District High School's smooth working football squad came up with a couple of key games last week to beat Morrisburg and win the St. Lawrence District "B" football championship. The MDHS squad, coached by Principal Greig Fowler, walked off with their league championship this year before winning the district honours and the trophy that goes with the championship. Crysler Woman Dies In Flaming Post Office, Saves Youngsters

Mrs. Gladys McGillivray, 35-year-old Crysler, Ontario widow who perished in a fire of unknown cause at her home last Saturday morning, sacrificed her life to save her daughter and a baby sitter.

This is the opinion of firemen investigating the cause of the fire which completely demolished the frame building housing the post office at Crysler. Mrs. MacGillivray had been looking after the post office since the death of her husband two years ago.

Daughter of the victim, Linda, was rushed to Winchester District Memorial Hospital with severe burns to the face, head and arms. Gisele Leduc, the baby sitter, was treated, but later allowed to return to her home.

The fire alarm was reported about 5.30 a.m. By the time firemen from both Crysler and Finch arrived the building was beyond the stage of saving. Firemen battled the blaze for three hours, preventing it from spreading to other nearby buildings. Firemen and J. R. Leduc, who lives across the street, said they could hear the screams of the woman, but were unable to do anything to save her.

Mrs. MacGillivray led the girls from the stairs to the bathroom window where they gained safety by jumping 12 feet to the ground. Firemen discovered the woman's body downstairs, and it is believed that, blinded by flames and smoke, she groped her way downstairs in hope of escaping.

Although no official estimate has been made, it is believed to be in the neighbourhood of $5,000. The post office was located in a one-storey wing of the MacGillivray house.

Mrs. MacGillivray was a daughter-in-law of Kenzie MacGillivray, reeve of Finch Township.

Nomination Night

All of us have a duty to perform this Friday in attending the Nomination meeting in our respective communities.

In Winchester, Nominations will be held between the hours of seven and eight o'clock on Friday evening. Following this hour there will be the usual public meeting at which Reeve and Council will report to the ratepayers.

As citizens of the village, it is our right and duty to come out to this meeting to see and hear how our money is being used in administering the affairs of Winchester. At the same time we should be prepared to either nominate or be nominated to one of the several offices. At the meeting nominations will be received for the offices of Reeve, four councillors and six Public School trustees.

This year's nomination is especially important since the successful candidates will be elected for a two-year term—first time in the history of this village. This means that only the most competent persons available should be allowed to fill the several offices. The next two years in Winchester's history will be mighty important. Among other things the town's much talked about water system will become a reality, and home building should be on the upswing, not to mention the possibility of one or two major industries locating here.

All this is possible, more so with a qualified board of town fathers handling the affairs of the town.

Complacency by the townspeople, however, can defeat the best laid plans, and sometimes elected representatives are only as good as the interest shown in them. Fortunately, in Winchester, we have been blessed with having good calibre men at the helm despite the lack of interest in local citizens attending this one important meeting. On Friday night let's surprise everyone, even ourselves, by turning out to Nomination meeting in larger numbers than ever before. The results will be most encouraging to Council and will certainly signify a renewed interest in our fine town.

Buy Christmas Seals

The annual sale of Christmas seals got underway on Monday. Most readers of this newspaper will receive their letter and seals from the St. Lawrence Tuberculosis Association within the next few days. We trust that all citizens will use the stamps and that they will send the association a donation to assist in the fight against this dread disease.

So that we may be more acquainted with the position Tuberculosis holds in our society we are publishing several facts and figures about TB in Canada:

Tuberculosis, in terms of both death and sickness, is still Canada's most costly communicable disease. It takes as many lives as 29 other communicable diseases combined.

Tuberculosis costs Canada approximately forty million dollars a year—quite a bill for a preventable disease.

Tuberculosis ranks first among the communicable diseases as a disrupting force in homes. Housewives are the largest occupational group in sanatoria, not because they are more vulnerable but because there are more of them than of any other one occupation. About 1,875 enter sanatoria yearly for a period of many months. It is far from easy to keep a home together in the face of the difficulties that arise when the mother must be away for such a long time.

Since in Canada more men than women contract tuberulosis, there are even more homes where the breadwinner is absent for many months, making it necessary for the family to manage on a much reduced budget.

In 1956 there were 21,573 patients treated for tuberculosis in Canadian sanatoria.

The average stay of patients in sanatorium in 1956 was 310 days. This was 50 days less than the average two years earlier. When several thousand patients are involved this makes an enormous difference in the demand for hospital beds. A sanatorium geared to care for 200 patients could care for 32 more. If the area already had sufficient sanatorium beds to look after those with tuberculosis in 1955 there would likely be at least 32 beds empty in 1957 unless patients with other illnesses were admitted.

In 1927 it was agreed that all TB Associations would appeal to the public through the Christmas Seal Sale, that all would use the same seal, and that funds collected would be used for preventive programmes in the area where the money was given.

Every day in Canada 25 people contract tuberculosis.

Nine thousand Canadians who are healthy today will have tuberculosis a year from now.

The tuberculosis germ can attack any of the body tissues, but its most frequent target is the lungs. More than eight out of ten of its victims have pulmonary tuberculosis.

Tuberculosis was formerly thought of as a disease of the young, but in Canada to-day two out of three deaths are of persons over 40 years of age.

The St. Lawrence Tuberculosis Association was formed on June 7th, 1949. For a period of twelve years previous to the St. Lawrence TB Association, the sale of Christmas Seals had been administered by the St. Lawrence Sanatorium.

We Want Our Local Merchants

Catalogues are as much a part of the Canadian retail scene as maple syrup, but among the hundreds flooding our town are a few publications of which to beware. The Wetaskiwin (Alberta) Times summed up our thoughts in this recent editorial:

"In this morning's mail we received a catalogue of jewellery items, for sale, to us at wholesale prices. The suggested retail prices were listed to reveal the 'bargain.'

"A brief study of the catalogue revealed some startling facts, however. A portable sewing machine, for example, was listed at $189.50, to be sold wholesale at $69.50.

"A check with a retail store which handles the same line of sewing machine revealed that this model retailed at only $49.50.

"A check of the jewellery stores turned up the same evidence. Any local merchant can relate sad tales of people who have purchased something sight unseen and then had to take it to their local merchant for repairs.

"Let's face facts. We all need our local merchants, their goods and their services. The legitimate manufacturer needs him to display and distribute his wares to the consumer. The consumer needs him as a judge of quality in a business we know nothing about, and a source of adjustment when merchandise is poorly made or defective.

"If you don't know the merchandise, at least know the merchant who sells it."

Sound advice, we add.

Rats And Mice

It costs at least five dollars a year to feed a rat, and the total cost of tolerating a rat for a year, including loss from food spoilage and damage caused by the rat, may be around twenty dollars.

Not only do rats and mice eat and spoil large quantities of food and damage buildings, but they also damage clothing, house furnishings, furniture, and other goods, both inside and outside of buildings. They are a menace to human health. They frequent garbage, manure piles, sewers, and other accumulations of refuse, and go from such places into homes, mills, and other buildings, contaminating food and utensils.

Although our Canadian winters restrict the numbers of rats to some extent, the progeny of one pair of rats may exceed 500 individuals in a year if all the young, particularly females, survive and breed. A rough estimate of the number of rats around a farm may be taken from the following:

No rats seen—0-20 present; one rat seen occasionally—20-200 present; one rat or more seen frequently—200-up present.

There are several control methods which can be used against rats and mice: trapping, poison baits, tracking poisons, poison gases, "clean-up", and rodent proofing.

(By Ambrose Hills)

For once I find myself praising the CBC.

Recently, in Winnipeg, the CBC television station interrupted its regular schedule of national programs to put on a local effort in aid of the community chest campaign. With one exception, the talent was local.

Perhaps there were a few flaws. I thought that there was too much use of the "Ladies and Gentlemen" salutation. However, as a show, it was a hit. It wasn't over-produced. It had spontaneity. The comic, a Winnipeg man, was far above average. One of the singers, Red Alix, disc jockey on a local private station, CJOB, was a knockout. Everyone seemed at ease, there was none of the phony sophistication we've been getting in so many of the Toronto shows. (Although I must say that even Toronto has reformed in that regard, particularly on the program "Showtime" which is now thoroughly professional.) I suspect that it cost very little to put on this Winnipeg effort, yet it was really worthwhile?

Why not more of the same?

In the old days, when CBC began, we were led to believe that they would make a genuine effort to make use of talent right across the country. Shows originated from Regina, Winnipeg, Prince Albert—every little city in the nation, both from private stations and CBC-owned stations. Today, however, I doubt if more than 5% of the entire Canadian schedule originates outside of Montreal and Toronto. Did we build the costly microwave system to bring Toronto to the rest of Canada? What's the matter with Regina, London, Red Deer, Lethbridge, Moncton, Saint John, Barrie, Edmonton? I know there is a great deal of talent in Edmonton, for example. Surely one show a month!

Perhaps this Winnipeg effort indicates some new thinking at CBC headquarters, and a return to the days when their talent scouts held regular auditioning sessions across the country. Let us hope so.

It has often seemed to us, judging from the accents, that radio and television talent from London, England, is more likely to get a CBC break than is talent from London, Ontario, let alone Moose Jaw, Red Deer, or Trail.

It seems to us that CBC could save a great deal of the taxpayers' money and give us a good deal more refreshing entertainment by originating more programs from outside Toronto.

MEDITATIONS . . . . .

(By Cecil W. Tuininga)

Romans 1:20—"So that they are without excuse."

How often do we not hear or use the words "excuse me." One lady, an immigrant from Europe, was quite surprised to learn that a host of faults and breaches of etiquette are lightly brushed aside with the words "excuse me," or "I'm sorry." However, the words "excuse me" are very valuable. It is not only good manners but also true humility when these words are sincerely spoken. It is only a rude and angry person who will not accept them.

For this reason these words of the apostle Paul sound so strange. They imply that there are those who are asking to be excused but who do not receive that excuse. We involuntarily wonder just who is speaking and who they are about whom this is said. The context reveals that the Lord God is speaking to all men who do not believe in Him unto salvation. That includes especially those heathens who still practice image worship, for we read of these who are without excuse that they " . . changed the glory of the uncorruptible God into an image made like to corruptible man, and to birds, and four-footed beasts, and creeping things."—Romans 1:23.

This passage of Scripture refutes the reasonings of those who try to excuse themselves by saying: "We have never had such a training." A very commonly peatedy, is that those who have held opinion, that one hears repeatedly, is that those who have never heard of the gospel, or that those who have been brought up to believe a religion other than the historic Christian religion, are excusable. If this were true the message of the gospel would of necessity have little value, and the urgency to have it proclaimed to all men as the Scriptures command, would be so much nonsense.

But now the Lord speaks from heaven and warns all men that they stop such sinful reasonings because they will not be excused. The Lord will not be mocked! His creation speaks of Him every day! "The heavens declare the glory of God; and the firmament sheweth his handwork."—Psalm 19:1. It is not the Lord's fault that man neither sees nor hears this voice of nature. It is the fault of man who through his fall into sin has made himself both blind and deaf so that he cannot hear or see God in His creation.

If the Living God makes such a judgment against those who have never heard the gospel at all, what will be the case of those who have heard it? The Scripture's answer to this question is: "And that servant, which knew His Lord's will, and prepared not himself, neither did according to his will, shall be beaten with many stripes. But he that knew not, and did commit things worthy of stripes, shall be beaten with few stripes."—Luke 12:47-48.

It must certainly be clear to any discerning reader that we cannot ask the Lord to excuse our unwillingness to serve Him under the false plea that we were not brought up that way, or that we never heard of Him, or that no one every warned us of the seriousness of our life and the severity of God's wrath. The Lord will hold no one guiltless except those come unto Him in faith and repentence. May we therefore hear and obey Him when He commands us to believe and confess the Lord Jesus Christ, and thus share in the glorious promise "thou shalt be saved."—Romans 10:9.

Something happened the other morning when we were eating breakfast. We picked up a package of cereal that didn't have an advertising gimmick splashed across the front, and it didn't have a toy inside. No, it wasn't an antique in the cereal line, but certainly a novelty in this day of so-called giveaways that take a couple of box tops and generally half a dollar.

One shopping centre is advertising not one but two Santa Claus' this year. Anything for the dollar. Here is one place where commercialization is spoiling an otherwise good thing. Hear about the fellow who is always slow in picking up the dinner check? He has an impediment in his reach.

* * * *

A soldier who had lost his rifle was lectured by his captain and told he would have to pay for it.

"Sir," said the soldier, "suppose I lost a tank? Surely I wouldn't have to pay for that?"

"Yes, you would too, if it took you the rest of your army life."

'Heck," muttered the soldier. "Now I know why a captain goes down with his ship."

"I hear you've bought a TV set to keep your children at home. Has the idea worked?"

"Well, they don't go out now until it closes down for the night."

Final Tribute Paid Memory Edward Anderson

Resident of Vernon for the past 52 years and well known in the entire area, Edward Anderson died last week at the District Memorial Hospital. He had been in failing health for several months. He was in his 85th year.

Born in Mountain Township, he was a son of the late James Anderson and his wife, Lucia Miller. He grew up in the Winchester area and at an early age became a painter and decorator. He continued this trade until five years ago when he retired. He was married on February 16, 1905, to the former May K. Adamthwaite, and together they celebrated their 50th Wedding Anniversary three years ago. He was a member of Vernon Presbyterian Church.

Surviving in addition to his wife are three sons, Arthur, of Osgoode; Andrew, Ottawa, and Lee of Toronto; four daughters, Mrs. Vera Lake, St. Catharines; Mrs. Dougall Harrison (Hazel), Britannia Heights; Mrs. Stanley Raistrick (Ruth), Ottawa, and Mrs. Gilbert Raistrick, Jr., Winchester, where Mr. Anderson spent much of his time during the past few years.

The funeral service was conducted by Rev. Younger-Lewis from the residence of his daughter, Mrs. G. Ristrick, to Vernon Presbyterian Church on Wednesday afternoon. Interment was made in Springhill Cemetery.

Hospital Services Commission Explains Free Coverage

Residents of rural Ontario who have registered for Ontario Hospital Insurance through their local Medical Co-operatives are entitled to, and will receive, the two months' free coverage the same as any other residents of the province who have registered prior to the closing date of November 29, according to a statement made by Paul E. Meehan, Regional Manager, Rural Enrolment, of the Ontario Hospital Services Commission.

"The fact that some of the Medical Co-operatives have billed their members for several months' premiums in advance has caused some misunderstanding on the part of a number of rural residents," stated Mr. Meehan, "but regardless of the period for which the members are billed initially, the two months' free coverage is being added, thus establishing the required prepaid period."

"The provisions of Ontario Hospital Insurance, he went on, are the same for all residents, and the fact that a person is registered through a Medical co-operative does not in any way change his elegibility for the two bonus months' insurance, which the Commission made available for early registration.

More than 5,300,000 residents of the province are registered.

It's election time—Canada—1980

. . . and here is the beginning of responsible government, in the cradle of its origin —the classroom. These are the lawyers, the doctors, the teachers, the statesmen and scientists, the business leaders of tomorrow.

The important thing is that we have enough blackboards in enough classrooms to take care of our future crop of leaders. And the need is getting greater every year.

In Canada today, we now have more than 5½ million children under 15 years of age. To educate them properly we are going to need 9,000 more teachers immediately and upwards of 38,000 additional classrooms over the next 10 years.

FEED NEWS

MARKET TRENDS

The Winnipeg grain market has been steady without too much change either way. However, the close of navigation will mean either additional all-rail freight charges or elevator storage on grain that has been brought down by boat and stord in Prescott. This adds approximately $1.00 per ton per month to the cost. Should grain have to be shipped all-rail from the West the additional cost will be $4 or $5 per ton. Then, if the railways get the increase they are asking for the rate will be still more.

Taking everything into account, it looks like a good idea to buy grain now before these additional costs go on.

OATS

Western Oats, like other grains, will be affected by storage costs and all-rail freight rates.

Because of poor quality of much of the local oats, more Western Oats will probably be needed this year.

Oats are not likely to be any lower than they are right now.

BARLEY

A market letter states "The feature of the week in the Canadian grain market has been the sharp expansion in the overseas demand for Canadian barley." Last Monday the Wheat Board sold nearly 10 million bushels of barley for export.

Prices have remained fairly steady so far.

This No. 1 Barley is excellent heavy feed.

WHEAT

The regular No. 5 feed grade of wheat is nearly all gone. Most grain firms are offering only No. 4 for feed. It's nice quality and only slightly higher than No. 5.

Wheat also will have regular increases to cover storage.

We still have No. 5 Wheat to offer.

CORN

Corn is down in price and the quality is good.

A little corn added to local grain will help the weight and improve the feed.

MILLFEED

Bran has advanced to around its usual spread. They tell us they have been exporting Bran to Ireland.

Shorts continue quite strong—there seems to be more Shorts used in feed rations than there used to be.

Middlings — limited production keeps Middlings too high — feed ground wheat instead.

PROTEIN FEEDS

Oilcake—not much change—up $1 or $2 per ton.

Soybean Meal—usual seasonable advance — still the best protein value.

Gluten Feed—no change.

Hominy—down with corn.

Vernon

A large number attended the Public Speaking held in the auditorium of the Vernon Presbyterian Church on Friday afternoon.

Mr. and Mrs. Carman Acres and family, of Madrid, N. Y., were Sunday visitors of Mr. and Mrs. Fred Lewis and family.

Mrs. Orval Kinnaird, Kemptville, called on her father, Mr. Peter MacMartin, on Saturday afternoon and both visited Mrs. MacMartin in the hospital.

Mr. and Mrs. John Porteous spent Sunday in Ottawa with Mr. and Mrs. Harold Porteous.

Sunday dinner guests of Mrs. George Lewis and Donald were her daughters, Mrs. Edwin Snider and Mrs. Alvin Phair and their husbands, also Miss Anne Snider, all of Ottawa.

Congratulations are due Mary Campbell, daughter of John D. Campbell, Vernon, a first year Metcalfe 4-H Club member, for placing second in the local Achievement Day at Metcalfe, and in the first prize group of Junior Holstein heifer calves at the recent Ottawa Winter Fair.

Mrs. J. D. Campbell attended the recent Ontario Federation of Agriculture annual meeting in Toronto as a voting delegate for Carleton County.

The Carleton County Federation of Agriculture annual banquet and meeting will be held in the Metcalfe Community Centre on Nov. 26th at 12 noon. Tickets are available from the Campbell Bros. The speaker will be Bob Carbet, assistant secretary and information officer of the Canadian Federation of Agricuture.

Our sympathy is extended to Mrs. Edward Anderson and her family in the death of Mr. Anderson who passed away in the hospital at Winchester in his 85th year.

Our sympathy is also extended to Mr. Jas. W. Cameron in the death of his brother, Angus Cameron, of Metcalfe.

We are sorry to learn that Mrs. Peter MacMartin is a patient in the hospital in Winchester, and all wish her well again.

Reception For Newlyweds

A well attended reception was held on Monday evening in the Orange Hall, Vernon, when Mr. and Mrs. Ken. McDiarmid (nee Margaret Lewis) who were married recently, were honoured. They were met at the door by Mr. and Mrs. John MacMartin, and a corsage was pinned on the bride. They were escorted to their chairs while Mrs. Donald Stewart as pianist played "Here Comes The Bride." An address was read by Bruce Acres, and a box of money and some gifts were presented to them by John MacMartin on behalf of those present.

Mr. McDiarmid replied very graciously for his wife and himself and thanked all. Refreshments were served, and dancing followed, to the music of Cliff Wilkes and his band.

And did not say good-bye.

Plan Second Annual Auction Dance

Plans for the second annual Auction Dance, sponsored by the Students' Council of the Mountain District High School are progressing better than expected. The auction dance, which is held in an effort to raise funds for scholarships and other worthwhile student activities, will be held in the North Mountain Consolidated School this year on Wednesday evening, November 26, at eight o'clock. Harold Finnerty, the auctioneer, has again donated his talents to the Students' Council.

Something new has been added for the younger set this year in the Jiving Contest which will be held during the evening of dancing after the auction. The music for the dance will be supplied by Frank Morgan's Rhythm Ramblers, and dancing will continue until one p.m. A general admission fee will be charged for the evening, and valuable door and auction prizes will be given throughout the evening.

More and more wonderful donations from local and out-of-town individuals and business firms are being received each day and a greater assortment of articles than last year should be available on the evening of the auction. M.D.H.S. New Football Champs

The Mountain District High School captured the St. Lawrence District "B" Football Championship in a total point, two-game East-West play-off series with Morrisburg High, the defending champions.

In the first game the Mountain boys took a 15 to 7 victory at Morrisburg, and playing inspired football completely overpowered the Morrisburg boys last Wednesday at South Mountain to win the second game 26 to 12 and the series, 41 to 19.

Mountain completed many fine plays during the game and completely out-rushed and outpassed the Morrisburg boys to win a hard-fought victory. The Mountain boys played a very strong defensive game and were seldom in trouble throughout the game. The hero of Wednesday's game was Donald Oshier who thrilled the large crowd with his superb running as he went over for three touchdowns. Bill Guy got the other touchdown as well as the two converts.

Bill Guy was the hero of Monday's game as he got the entire 15 points on two touchdowns, two converts and a single at Morrisburg. Doug. Caselman accounted for all of Morrisburg's points in both games with three touchdowns and one completed convert.

Mountain emerged as winners of the Eastern Division and earned the right to meet Morrisburg, winners of the Western Division. Mountain will receive the Lion's Trophy as winners of the Eastern Division.

Other teams in the St. Lawrence District "B" Football included Kemptville, Iroquois and Morrisburg in the Western Division, and Winchester, Osgoode and Mountain in the Easten section.

HOW IS YOUR TEMPER?

Do you know what really happens when you lose your temper? An interesting Star Weekly report tells what recent research has revealed in some findings about anger.

For instance, how often does the average person get mad? Studies of nearly 200 college students at Columbia University's Barnard College and Oregon State College show the average man gets good and made about six times a week, while the average young lady loses her temper only three times during a similar period.

What do people get mad about? Are there certain times of the day when you are most likely to get angry? Can you usually tell from a person's facial expression whether or not he is angry? These and many other fascinating questions about temper are discussed in this interesting and informative article, which appears in the current issue of the Star Weekly.

400 Members Hear

Farm Problems Voiced At Annual Meeting Federation Ot Agriculture

The Ontario Federation of Agriculture faced an imposing barrage of farm problems last week as 400 delegates representing 100,000 members attended the three-day annual convention in Toronto. Keyed to the future by the convention theme of "The Farmers' Role in Marketing," delegates hammered out policy decisions with the help of panel discussions, speakers and lengthy discussions of resolutions.

Economy

One of these resolutions dealt with managed economy, through the use of quota production, two price systems and formula pricing. Members decided they favored production controls (which would also control marketing), but left final decisions to commodity groups within the federation. J. J. Thurston of Victoria County spoke at length in favour of the resolution, claiming that controls were needed and that it would be easy to apply quotas. This was not in accordance with the findings of a panel discussion held earlier in the day and chaired by Everett Biggs, dairy commissioner for Ontario. Panel members Ken Standing, Chatham, secretary of the Ontario Soyabean Growers Association, said that farmers were not ready for these controls. Other panelists were Ernest Duckett of Leamington, representing the tobacco growers, Kenneth Crews, whole milk producer from Trenton, and Charles Huffman, past president of the Ontario Vegetable Growers Association.

Vertical Integration

The three-day convention gave members the opportunity to probe deeply into the question of vertical integration, or contract farming as it is also called. A panel discussion about vertical integration was held on the second day, and several resolutions were discussed and passed which called for research and study of the advisability of farmers entering into integrated operations of food production and processing. The panel discussion was led by chairman Prof. Ralph Campbell of Ontario Agricultural College, Guelph, with Ken. Betzner, Waterloo district farmer and member of the Becker, Ayr; George McCague, 1957-58 OFA executive, Melvin Harriston, and Albert Pond, Jarvis. The panel emphasized that vertical integration creates more credit for farmers, but it would likely cause an increase in farm size and a decrease in the number of farmers. The federation meeting generally seemed to feel that as long as development of agricultural integration came about through farmer co-operatives and other farm organizations, it would not prove to be too troublesome to the farmer. At the same time, delegates tabled a resolution suggesting further study into farmers entering retailing of food, indicating that they were not in favor of complete integration of production, processing and selling functions.

Highlights

Convention highlights included the addresses of Gordon Greer, Ottawa, president; Dr. H. H. Hannam, president of the Canadian Federation of Agriculture, and Hon. William Goodfellow, Minister of Agriculture. Gordon Greer called on farmers to work closely together in the future, to recognize the facts of life and stop trying to cope singlehandedly with an organized world. He urged them to form stronger farm marketing organizations and to adopt self-help types of farm marketing programs.

Dr. Hannam pointed out to delegates that producer marketing boards and the Stabilization Board at Ottawa conflict in their efforts to do the same job for the farmer when the Stabilization Board offers surplus products on the same domestic market that the producer marketing board is offering the same products. He said this was concerning the officials at Ottawa, and that it was the belief of the CFA that there must be ways to effectively dovetail the operations of the two groups. Dr. Hannam also described the current situation with powdered skim milk. Quotas had recently been placed on the Stabilization Board purchases of this supported product.

Hon. Wm. Goodfellow spoke to members and delegates in the afternoon, voicing his support of the Ontario Farm Products Marketing Act, and the Milk Industry Act. He said that he believed in farmers running their own affairs. He touched briefly on the hog plan on which a plebiscite was held last July, and over which there has been much controversy. When questioned from the floor about his views on the plan he maintained a neutral approach, but did indicate that as time changes conditions, so changes may have to be made in the plan. This remark was misconstrued by some to mean that the government was going to change the hog plan. Such was not the case.

A. H. Musgrove, Clarksburg, spoke on behalf of Arthur Briggs, president of the Co-operators' Insurance Association, and told delegates about the development of the new CIA life insurance company due to begin operations in January.

Another highlight of the convention was the selection of the Prince and Princess of the OFA.

Mrs. Mary Hinan, Peterborough, was the winning princess, and Alex Murray of Caledonia was the winning prince. They received an all-expense paid trip to the CFA's annual meeting to be held in Saskatoon in January, 1959, courtesy of the Co-operator's Insurance Association. They also received trophies from the OFA in recognition of their new titles.

District Delegates

Members attending the convention from Eastern Ontario included: L. Laventure, Glasgow Station; Mrs. Allen Stewart, Eganville; Mrs. R. W. Gamble, Russell; Bill Legault, Moose Creek; John Vandenbessch, of Perth; Jim Lowry, Almonte; Mrs. Peter Timmins, Perth; Harry Williams, Mountain; U. Leduc, Alfred; John MacBain, and Clark MacCuaig, Lancaster; Mrs. F. MacLeod, Greenfield; Mrs. J. A. Berry, Dunrobin; Mrs. Arthur Manchester, Carp; Mrs. John Campbell, Vernon; Alex Campbell, Metcalfe, and Mrs. E. L. Macartney, Ramsayville. Donald Munro, president of the Ontaio Farm Forum, Carp, also attended the Convention.

The Nimmons group are in their second season on radio, and their "free style" of progressive jazz has been acclaimed by critics and fans.

The only touchdown was scored by Richard Cayer.

This year, Commencement will be held on the afternoon of Friday, December 5th, at the Winchester Theatre. Pot-Luck Supper Opens Curling Club

Winchester Curling Club officially opened the season last Saturday night with a pot-luck supper at the Club Rooms. The rink has been brightened up for another season and the ice is ready to go, the games committee said.

President Robert Woods welcomed the members and guests and extended a hearty invitation to everyone interested to drop down to the rink and throw a stone or two before league play gets underway. First year membership fee is $15.00 for the men and $8.00 for women members.

Mrs. Gerald Barton, president of the ladies' club, threw the first stone to formally open the new season.

Following the supper, members and guests were divided into teams and short 4-end games were played.

The Metcalfe Curling Club has rented the local rink for two nights each week, Monday and Friday. Therefore, local men curlers will play on Tuesday and Thursday nights, with mixed curling holding sway on Wednesday and Saturday nights. It is expected a schedule will get underway next week.
