Popular Businessman Retires Charlie Fulton Moves to City

Last week there moved from Chesterville to Toronto one of Chesterville's well-known and popular business men, in the person of Chas. T. Fulton, who with Mrs. Fulton, has gone to Toronto to take up residence within a short distance of their three daughters who reside in the city.

Mr. Fulton spent half a century in business in Chesterville, where he, with the late Milton Fetterly and Dave Allison originated the firm of Fetterly, Fulton and Allison. This combination carried on but a short time. It was followed by W. R. Fulton and C. T. joining in partnership which was carried on until 1910 when Howard Fulton bought out Will Fulton's interest and carried on until this year as Fulton Bros., in an extensive grocery and hardware business. Howard Futon has also stepped from some of the burden of active participation which thus passes to his sons John (Jack) and William (Billy) under the familiar and wel-known name of Fulton Bros.

Charles Fulton was for many years treasurer of the former Methodist church and of Trinity United church. The best wishes of the whole community follow him for long life and happiness in his new home.

Vote For the By-law Next Monday

The voting on the By-law to grant a fixed assessment of $140,000 to the Nestlés Milk Products (Canada) Limited will take place on Monday next and it is hoped that all who are qualified wil cast their ballots early as possible in favour of the by-law. The granting of this fixed assessment concerns the welfare of every resident of our village.

Two-thirds of the votes cast by those qualified to vote on money by-laws must be in favour of the By-law and it is suggested that any elector who has any doubt as to whether he is qualified to vote should make certain during the weekend, and let nothing interfere if he can vote with his decision to vote for the By-law. The By-law if upheld does not relieve the company from paying taxes for school purposes or for local improvements.

Many a substantial industry has been lured from one location to another by the promise of certain privileges. We should show our appreciation of the location of the present company in our village and do it in no indecisive manner.

Rotary Hears Dr. S. H. Hutt On Citizenship

The Chesterville Rotary club held the regular weekly meeting in the Library of the Community Hall on Monday evening with President Fred Cass in the chair. Present as a guest of the club was Wallace Myers of Ottawa.

Dr. Hutt was introduced by Leon Marcellus. The subject of his address was "Citizenship and Internationalism". In his opening remarks the speaker defined internationalism as it applies to living today. He made the point that present day living meant an understanding of a larger sphere than it has been our custom to observe. The independance of nations has passed to a large extent, and all nations are now dependant one upon the other for their existence. Science has made the boundaries of the world shrink so that we must think in an international manner if we are to achieve the best for our own country.

In discussing the causes of the many conflicts that seem to plague the present generation, Dr. Hutt showed that a greater understanding and better citizenship would bring about better international relations He made it quite clear that our own house would have to be in order before we could make a shining example that the world would be expected to follow. "The hindrances to international accord would fall away," said the speaker in conclusion, "if the Spirit of God were manifest in our lives."

Milton Phillips expressed the thanks of the club to Dr. Hutt for his thoughtful address.

UNITE DCOUNTIES SEEKING LAND FOR REFORESTATION

The Council of the United Counties of Stormont, Dundas and Glengarry are making a vigorous effort to establish a county forest this year, in response to the public demand for action on the waste land problems. Earlier in the year, the committee members visited quite a large percentage of the ratepayers who owned the waste land and found most of them wanted the land reforested but felt that it was the duty of the county council and Provincial Government to carry out this work. Legal provision to do this is offered by the Municipal Reforestation Act which empowers the county to buy forest land and make an agreement with the Provincial Government to reforest and manage it for a long period. At the end of this period the county has three options:

1. Pay the Provincial Government the net cost, without interest,
2. Sell the land to the Province at cost price, or
3. Carry on in partnership.

It will be seen that the county cannot lose by this agreement and probably will profit. In any case the Provincial Government, if it makes such an agreement, will be bound to engage men for a long period to plant, protect and manage the forest. As the wood matures more men must be engaged and the wood supplied to local mills will give more employment.

It is advisable to have fairly large areas of forest, to cut down the cost of fire protection, fencing and travelling. However, even 100 acres would be considered, and elsewhere in this issue the County Clerk invites offers of waste land. It is unlikely that all the land which will be offered can be purchased, but the committee will have the advantage of knowing where land can be obtained so they can make the best selection and everyone anxious to sell is offered a chance not previously available.

VOTE TO RAISE $5.000 FOR NATION RIVER PROJECT

Member municipalities of the South Nation River Valley Conservation Authority Friday afternoon voted that $5,000 be raised for preliminary expenditures of the authority's projects.

This money, members decided, will be raised on the basis of the watershed in each of the member municipalities.

The motion followed lengthy discussion by half a dozen of the many members of the authority present at last Friday's session at the Court House, Ottawa.

Just prior to taking the vote on the motion, Authority chairman Mahlon Zeron, of Iroquois, endorsed the program for building dams, a reservoir and drainage systems throughout the valley.

When members kept on discussing pros and cons of the motion the chairman took the floor and said he felt the work should go on, rather than have it put off for another year or more.

"This is the first opportunity we have ever had to develop schemes such as these, and it is my personal opinion that if we lay off the job for a year then a great deal of interest will be lost.

"There will perhaps be even more interest lost. Some of the representatives of various municipalities who have backed the scheme may not be in office at a later date to go on with the plans.

"Work already laid out in plans of the Ontario Department of Planning and Development, has been well done and the department has spent a great deal of money.

"If we were to hold off for a considerable time it is likely the government would complete other jobs first, he added.

Mr. Zeron said he had been informed 11 other authorities in the province were ready to go on with work in their districts and that if the South Nation Valley project was put off, the Ontario Government would probably work on those projects before this one.

Earlier A. H. Richardson, of the Planning and Development Department at Toronto had outlined work already completed on the project. Reforestation area plans had been completed and the full report would be forwarded to member municipalities within a month.

All other work had been surveyed and these reports would soon be in the hands of the officials in charge of the project. He emphasized a considerable amount of money had already been devoted to the project and thought it not advisable to drop the matter for any length of time.

The Ontario government has promised aid to the extent of 75 percent. of the cost while all the member municipalities had to supply was the remainder. And for this amount the municipalities would benefit greatly.

The dam at Spencerville would be of great benefit to the areas below the dam. It would ensure water in the river during the whole year and he felt that was where greatest benefit would be derived.

Members agreed the money should be raised on an equitable basis and there was much discussion on this

ALLISON—EMPEY

St. Peter's Lutheran Church, Williamsburg, was the scene of an interesting wedding on Tuesday, September 7th, at 2 p.m. when Elsie Catherine, only daughter of Mr. and Mrs. Irwin Empey, Williamsburg, became the bride of Donald Lloyd Allison, eldest son of Mr. and Mrs. Ralph S. Allison, Winchester Springs. Rev. Geo. Innes, pastor of the church officiated.

Standards of pink and white gladioli were effectively arranged in the church and the guest pews were marked with nosegays of white flowers tied with satin ribbon.

The wedding music was played by Miss Ethel Gordier and Mrs. (Rev.) Geo. Innes was soloist.

Given in marriage by her father, the bride was charming in a floor-length gown of white slipper satin Victorian style with a nylon net yoke and bustle back. Her finger tip veil was held in place by a coronet of seed pearls. She carried an arm bouquet of sweetheart roses.

Mrs. Donald Morrell of Dundela, was bridesmaid and was becomingly attired in a floor-length gown of heavenly blue taffeta. She carried a nosegay of pink flowers.

Mr. Clair Empey, only brother of the bride, supported the groom and Donald Morrell of Dundela and Percy Casselman, Winchester Springs, were ushers.

The bride's mother chose a black crepe dress and black hat with pink maribou trimmings and pink gloves. Her corsage was of pink roses.

Mrs. Allison, mother of the groom was gowned in cobblestone grey crepe with burgundy accessories and wore a corsage of American beauty roses.

Following the ceremony a reception for the immediate families was held at the home of the bride's parents.

Mr. and Mrs. Allison left by motor for Toronto, Niagara Falls and Detroit. For travelling the bride wore a black and white check suite with red hat, purse and top coat. On their return they will reside at Winchester Springs.

Among the guests were Mr. and Mrs. Wm. Whitteker of Dundela, grandparents of the bride: Mrs. A. Dillabough, Morewood and Mrs. A. B. Allison, Winchester, grandmother of the groom: Miss Mary Empey, Winchester, and Misses Ethel Warren and Geraldine Smith of Morrisburg.

"You should have looked out for it. The guide book says there is a fork in the road just about here."

Missed

Hearing a crash on the platform, the agent dashed out. He was just in time to see the tail of the train vanish from sight, while a very dishevelled young man lay flat on his face, surrounded by upset milkcans and the contents of his suitcase.

"Was he trying to catch the train?"

Church News

MOREWOOD UNITED CHURCH

The services at Morewood church on Sunday were conducted by the minister, Rev. W. J. Copsey. The lesson at the morning service was the story of the serpent in the wilderness from Numbers 21:4-9. The text was from John 3:14-15, "As Moses lifted up the serpent, even so must the Son of Man be lifted up; that whosoever believeth in him shall not perish but have everlasting life." The serpent and its destroying power is an emblem of sin, te virus of which has entered into every human life. The serpent lifted up by command of God is the emblem of the virus of sin removed and the sinner healed. The serpent around the rod is the crest of the Medical service, a symbol of the healing art. Christ on the Cross is God's pledge of salvation to every sinner who will look to Christ in faith. The anthem rendered by the choir was "Pray for the Peace of Jerusalem." The evening service was a lantern slide lecture introducing the study book of the W.M.S. by Dr. Kenneth Beaton. "China West of the Gorges." Miss Ellice Smith presided at the organ at both services.

Half Thousand Directories For Chesterville Phone Users

Large increases in the number of telephones in service are reflected in the new buff-colored telephone directory recently mailed to subscribers here. The alphabetical section of the book contains more than 2,800 new and revised listings for the many communities it covers.

J. F. Gardiner, Bell Telephone manager for this area, points out the necessity of looking up numbers in the new directory before calling, in view of the large number of changes. He also urges subscribers to bring their desk pads and lists of frequently called numbers up to date by consulting the new book, to avoid calling numbers that have been changed. The now outdated green-covered directory should be discarded.

As usual, the directory lists numbers for many communities, including Chesterville, Winchester, Brockville, Cardinal, Morrisburg and other centres, and was mailed simultaneously to subscribers at those points.

About 550 directories were mailed to subscribers in Chestelville.

YOUR HYDRO CHAIRMAN REPORTS

on the Power Shortage

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

620 UNIVERSITY AVENUE
TORONTO 2

ROBERT H. SAUNDERS, C.B.E., K.C.
CHAIRMAN

September 11, 1948.

Dear Fellow Citizens:

The demand for electricity from all classes of the community - homes, farms and industries - all over Ontario, is still mounting. Homes are being built, the demand for increased production from farms is steadily increasing and industry is pressing forward with plans for expansion, plans that mean greater production and more jobs to keep Ontario prosperous.

It is anticipated that the increase in demand over the available supply will amount to in excess of four million kilowatt hours per day, and conservation measures have been put into effect as of Tuesday, September 14th. These will include reductions in the supply for show windows, office lighting and certain industries, banning outdoor electrical signs and in other ways. Even with all these reductions we will still be short 1,200,000 kilowatt hours per day but to insist on more would have a hampering effect on industry and seriously reduce employment.

Where then can we get the vitally needed power? From you and every individual Hydro user in Ontario. How much should you save? Take a 60-watt electric lamp as an example. For every 24 hours it burns, it requires almost one and a half kilowatt hours of current. If every one of the 900,000 Hydro users in Ontario will save the equivalent of that much electricity every day there will be no need for cut offs.

Everyone must do his or her part. It should be a 24 hour effort. Turn off every light, switch off every motor or appliance the moment it is not needed. Particularly, watch the switches on your electric range.

The situation is critical. Full employment must be maintained and the support of every householder, every commercial user and every industrial consumer is essential in avoiding the waste of electricity.

Robert H. Saunders.

Chairman,

The Hydro-Electric Power Commission of Ontario.

IN TWO short years we have added over 257,000 telephones, put in hundreds of switchboards and trained thousands of people to extend and improve your telephone service.

We are adding more telephones to meet the continuing demand for service just as fast as equipment becomes available.

All this is being done in the face of rising costs. Yet, up to now, there has been no increase in the basic telephone rates established 21 years ago.

For you, this means greater value than ever before: for us, the satisfaction of providing "the best telephone service at the lowest possible cost".

Initial Meeting Memorial Hospital Auxiliary

The Winchester District Memorial Hospital Auxiliary held its first meeting in the Town Hall on September 3rd at 8 o'clock. The president, Mrs. C. R. Robinson, presided.

She expressed her pleasure at the support shown by representatives from the following villages and communities: Russell, Elma, Chesterville, Vernon, Cloverdale, Cass Bridge, Melvins, Annables, Summers and Winchester. The president had very favourable reports from the following communities: Kenmore, Toyes Hill, Metcalfe, Morewood, Winchester Springs, Maple Ridge and Mulloys. The meeting was opened by the singing of "O Canada" with Mrs. Howard Fetterly at the piano.

The president then called on the Secretary-treasurer, Miss Nora Elliott, for the minutes of the organization meeting. These minutes proved very interesting.

Miss Elliott then gave the treasurer's report stating that the Auxiliary had $232.01 on hand. Miss Elliott asked to be relieved of the office of Secretary of the Auxiliary.

Mrs. George Elliott was elected secretary. It was moved and seconded that she purchase a suitable secretary's book large enough to hold minutes for a number of years which would be a brief history of the Auxiliary for future generations. The business arising from the minutes was then dealt with.

A third vice-president, Mrs. Eric Casselman of Chesterville, was elected for the Auxiliary.

The president asked for volunteers for a Refreshment Committee. The following ladies, Mrs. M. Scott, Mrs. H. Edgerton and Mrs. D. McLean offered their services, so also did Mrs. E. Morgan, Mrs. J. Fader and Mrs. Wray for a Work Committee.

The sub-executive of the Auxiliary is to form a code of by-laws for the Auxiliary and present them at the October meeting.

Mrs. Robinson asked for a donation of feathers for the making of one hundred pillows for the Hospital. She reported that she had been promised a feather bed and four pillows on the afternoon of the meeting. If anyone has goose feathers to spare call Mrs. C. R. Robinson at Tel. 37 or Mrs. Neil Hutt, Tel. 32W.

Mrs. W. Byers gave a full report of the first Auxiliary sociald held by the "Ways and Means" committee on the Hundred Club Park last month. The social was a decided success and Mrs. Byers gave great credit to the very efficient committee assisting her.

The membership committee, Mrs. G. Elliott, Mrs. M. Scott, Mrs. L. Belway and Mrs. R. D. Ledgerwood were very successful in their campaign for members for the Auxiliary in Winchester.

The ladies from the different villages and communities reported their progress.

The Melvins and Annable group received a hearty applause when they reported that all their committees had been elected and they had had an attendance of sixteen.

Mrs. Robinson stated that each Auxiliary had a special name and called upon the ladies to suggest a name for ours. Four names were mentioned but the decision was held over until the October meeting.

After some discussion the Auxiliary decided to furnish the Nurses' dining-room.

A Donation Day is to be held just before the official opening of the Hospital when all the members of the Auxiliary will be asked to donate jams, jellies, fruit, pickles and vegetables.

Culture in the Kitchen

The new maid had a habit of leaving the kitchen radio on from morning to night, so that her mistress was almost driven crazy with the constant blaring of soap operas.

Finally she gave orders that the radio was to be silenced, whereupon the maid gave notice.

"I do not care to work," she said with simple dignity, "in a home where there are no cultural influences."
