LOOK AT YOUR LABEL

The Press mailing lists have been corrected up to Thursday, December 30th, and we would ask any of our subscribers who have paid their subscriptions previous to this date to look at their label on this week's Press and if it is not correct, notify us. Don't wait for several months to attend to this matter, but write or call us immediately.

We wish to remind those who are in arrears for several months and who made no response to our notice some time ago, that we must have our arrearages paid up before the end of January.

It should not be necessary to send any further accounts to those in arrears, as a look at your label states to what month and year you are paid.

Remember, we must have our list paid in advance before February 1st as our subscription list will be audited on that date and the names of all delinquent subscribers will be removed from our mailing lists and their accounts handed in for collection.

Grand Master of I. O. O. F. Visits South Mountain

About 250 members of the Oddfellows and Rebecca Lodges in Kemptville District No. 53 were present at the I.O.O.F. Hall, South Mountain, on Tuesday evening to greet the Grand Master for Ontario, Very Wor. Bro. W. E. Knox, of Ottawa, on his official visit to the district. The meeting was presided over by the D.D.G.M. for Kemptville District, Rt. Wor. Bro. Ogle Workman, of South Mountain.

The first part of the meeting was held in the Lodge rooms, with lunch being served, and a program being presented in the I.O.O.F. assembly hall afterwards.

Introduced by Rt. Wor. Bro. F. E. Gilroy, P.D.D.G.M., of South Mountain, Mr. Knox delivered a lengthy and interesting address on matters relative to the work of Oddfellows. He outlined many of the achievements and accomplishments of the Order, referring especially to the activities being carried on at the Oddfellows' Home at Barrie, where men and women were being cared for. The fund established for research work in Cancer, Polio and T. B., was another important phase of Oddfellow work, he said.

Referring to the emblem of the Order, he said that enough stress wasn't being put on the wearing and recognition of the "three links." He recommended a life membership for members with a 50-year membership record, and said he hoped the day would come when such a plan would be adopted by Grand Lodge.

Other prominent Oddfellows, who delivered brief addresses, included Miss M. W. Timleck, of Kemptville, Deputy President of the Rebeccas; P.D.D.G.M. Ernest Corvick, of Ottawa; P.D.D.G.M. James Gow, of Kemptville; Bro. Stanley Waddell, of Harmony District No. 51, and the D.D.G.M. Ogle Workman, who spoke on behalf of South Mountain I.O.O.F., and commended the officers of that lodge for the fine appearance of the lodge room, which had recently been renovated and re-carpeted.

Following the meeting, a sumptuous luncheon was served by South Mountain I.O.O.F. in the lower hall, during which an enjoyable program was presented by Winchester talent, under the chairmanship of the D. D. G. M., who introduced the artists.

Mr. W. A. Rowat gave several humorous readings, which were greatly enjoyed. These included: "The Cremation of Sam McGee," "The Quintuplets," and three Habitant readings. "The Lord's Prayer," with variations, and "Bless This House," were rendered as Baritone Solos by Ron. Workman. He also sang "Irish Lullaby," and "Bluebird of Happiness." The accompanist was Mrs. Howard Fetterly, of Winchester, who also presided at the piano for the singing of Auld Lang Syne and the National Anthem.

Appreciation to all who had contributed to the evening's entertainment was voiced by the chairman and P.D.D.G.M. Gaw, of Kemptville.

Miss Leewyn Jakes spent Christmas holidays with her aunt, Mrs. Russell Tallman, of Merrickville.

Dinner guests at the home of Mr. and Mrs. Cecil McIntosh on New Year's Day were Mr. and Mrs. Geo. McIntosh and Barry, Mr. Raymond McIntosh and Mr. Elmore McIntosh.

Rain, Snow and Sleet Hits Winchester And District

The above pictures were taken in Winchester during the big sleet and snow storm in December, 1942, which levelled trees, hydro and telephone poles and kept the roads blocked for several days. Although no damage resulted, the rain, snow and sleet that fell in this district last week-end caused local buildings and streets to present similar scenes. Although the weather during the past week has been on the stormy side, the temperature has been very moderate, hampering ice-making conditions in the local arena. As yet there has been no skating and all hockey games scheduled to be played here have had to be postponed. One good cold day and night is all that is needed to put the ice surface in shape for skating, and until that weather arrives, we cannot state when the rink will open. Mild weather is predicted for today, and yesterday's temperatures were too high to make ice.

Modern Education

(By W. J. Stewart, I.P.S.)

SCHOOL ADMINISTRATION IN DUNDAS COUNTY, AND SUGGESTIONS FOR ITS IMPROVEMENT

No close observer of changes in the mode of life of Mr. Average Citizen and the members of his family could fail to sense that we are living in a period when rapid alterations are taking place, and when cherished illusions of "the fitness of things" and the attempt to maintain the "status quo" are not only being questioned, but are being laid aside to make way for practices which only a few years ago would have been considered most radical. Not so long ago in this county the horse was supreme as the means of local transportation and as the only source of power for farm implement operation. Homes were lighted with oil lamps, the farmer drove to the nearby factory with the day's production of milk, the grain was stooked in the fields later to be either stacked or stored in the barn to await the arrival of the threshing machine and the steam-driven traction engine. It required the labour of the farmer and his family, and in many cases of a hired man as well, to do the work. Today the tractor, the milking machine and other labour-saving devices enable one man to do the work formerly done by several men and teams of horses. Now many homes and barns are electrically equipped, stook threshing is generally practised, and in many areas the milk is collected by truck to be transported to a large factory serving a wide farming area. Moreover, the milk is manufactured into a variety of products having little resemblance to the two main finished articles of a few years ago. Now, I should assume that the changed conditions must be considered to be advantageous to the farmers or they would not have adopted new ways of doing their work and marketing their products.

There are other changes taking place in this province and in this county in another phase of our lives, that of education. The changes which have taken place in this county in educaion are, perhaps, not so spectacular as those which have taken place in certain other areas of the province, but definite advances have been made nevertheless. Let me tell you what a number of those changes have been, in the elementary schools.

When I came here in July, 1930, there was not one ungraded school electrically lighted. Today, of sixty-two rural schools in operation, all but eight have electric lights. Almost all the schools not so equipped are in an area where the service is not immediately available. The same story is true to a lesser degree with respect to the installation of indoor sanitary conveniences, the supplying by the school board of at least the consumable supplies to be used by the pupils, and the introduction of other practices meant to bring to the pupils in rural areas a number of the advantages which have been provided for many years by the larger urban boards. While in this inspectorate better than one-third of the rural boards provide at least the consumable supplies for the pupils' use, only one urban board, that of Winchester Public School, follows this practice. In addition, she has been awarded the proficiency certificate by the Dictaphone Corporation of New York. Miss Hoy has obtained a position as secretary for Dr. H. S. Gross, of town.

MONTREAL ROYALS OUTSCORE INKERMAN ROCKETS

In an exhibition game of hockey, played at the Ottawa Auditorium on Tuesday evening, Montreal's powerpacked Royals outscored the Inkerman Rockets 10-2. A much heavier team, and displaying more speed and form, the Royals wore the Rockets down and piled up a score in the third period. In the first period the score was 1-1; at the end of the second 4-1, and at the end of the third 10-2. Marshall and Armstrong scored for the Rockets.

NEW YEAR'S PARTY

An enjoyable New Year's Party was held in the Dining Hall of Hotel Winchester on New Year's Eve and was largely attended by the younger married couples of Winchester. The hall was suitabley decorated for the occasion and the committee in charge of arrangements included Mr. and Mrs. Arnold Dukelow, Mrs. Randall Wylie, Mrs. Lloyd Kenney, Mrs. Alex Davidson and Mr. Gerald Helmer.

Music and dancing and the serving of refreshments featured the evening's program. A three-piece orchestra, comprising Mr. Don. McGahey, pianist; Mr. Chas. Hart, trumpet, and Mr. Dick Kirkwood, drums, provided the music for dancing, and there was also a loud-speaker system installed for amplifying music from the several New Year radio programs. Mr. McGahey, who is a talented pianist, and at present residing in Chesterville, donated his services for the evening, for which the committee extend sincere thanks.

A highlight of the evening was the midnight jamboree, as the old year departed and a new one arrived. All present were provided with colorful paper hats, whistles, horns, paper stringers and other favours. At the stroke of midnight a barrage of baloons were released from the ceiling, and after these were disposed of there was a grand parade, led by the orchestra. As the dancers marched, several appropriate songs were sung and there was a period of merry-making as season's greetings were exchanged.

Refreshments included a variety of sandwiches, pickles, olives, celery, cake, coffee and soft drinks, served by members of the committee.

The party closed with the singing of Auld Lang Syne and the National Anthem.

Winchester Township Council Held Inaugural Meeting On Monday

The inaugural meeting of Winchester Township Council was held in the Presbyterian Hall, Morewood, on Monday, January 3rd, 1949, with the following members being duly sworn in: H. E. Durant, Reeve; E. B. McMillan, Deputy Reeve; and Councillors Wm. Brown, Basil Dawley and Kenneth McIntosh. The minutes of the last regular meeting were adopted as read and signed by the reeve.

By-law No. 759 was finally passed, signed and sealed, appointing the following officers for 1949—Clerk and Treasurer, J. Steen; Assessor, L. H. McIntosh; Collector, W. N. Carkner; Truant Officer, Hugh Smith; Auditor, R. A. F. MacFadden, C.A.; Inspector of Municipal Drains, W. H. Magwood, C.E.; Township Solicitors, Cass & Cass; Relief Officer, W. N. Carkner; Road Superintendent, J. V. Fetterly; Live Stock and Poultry Valuers, Chas. Graham, Roy McIntosh, Harold Barrett, John Reoch.

The time for the return of the 1948 Collector's Roll was extended to February 1st, 1949, and the Collector was instructed to try and have all arrears collected by that time.

The Reeve and Clerk were authorized to sign the statutory petition to the Department of Highways for the grant on the 1948 expenditures on Roads & Bridges

Mr. Basil Dawley was appointed to represent the Township of Winchester on the Nation River Conservation Authority Committee, a meeting of which will be held in the Court House, Ottawa, on Friday, January 14th, 1949.

The following accounts were passed and paid:—Roads and Bridges, $555.16; Relief, $20.00; Damage by Dogs, $85.00; Miscellaneous, $50.00.

Council adjourned to meet in Chesterville on Monday, February 7th, at 10.30 a.m.

ROCKETS DROP VAN HORNE SERIES TO KEMPTVILLE

By dropping the fifth game of the Kingston City League Hockey Finals, 7 to 6 to Kemptville Royals last Wednesday night, the Inkerman Rockets were eliminated from the best-of-five series for the Van Horne Trophy.

The Royals won the game early in the first period when they scored two goals in succession. From then on it was anybody's game. The Rockets whittled the lead down to one goal, but just couldn't get the equalizer. After the first period each team scored alternately.

Although they didn't win the series, the Rockets have nothing to be downhearted about. The Royals are an Interemdaite team and are composed of older and more experienced players. Even at that, the Junior Rockets defeated them twice during the regular schedule. That the teams were pretty evenly matched was evidenced by the close score in the final game.

Sammy Gaw, Ernie Fader and Lyle Gibson scored two apiece for the winners, with Bob Ramsbottom accounting for the other. For the Rockets, Allan Kelly potted a pair while singletons were scored by Billy Lynn, Chuck Loveless, Leo Boivin and Clifford Baldwin.

Former Swiss Diplomat Dies At Toyes Hill

Funeral services for the late Baron Arther Teichman Logischen were held at his residence, Toyes Hill, on Tuesday afternoon, with Rev. Geo. Innes, pastor of Williamsburg Lutheran Church, officiating. Interment was made at Brinston Cemetery.

Deceased, who was a former well-known international diplomat, associated with the Swiss Legation throughout the world, passed away on Sunday evening. He was in his 74th year.

Stricken with a paralytic stroke, he was found in an unconscious condition in the bathroom at his home by his son, and was immediately rushed to the District Memorial Hospital, here, in the Vice & Craig ambulance. He passed away a few hours later without regaining consciousness. Up until Sunday, he had been enjoying good health and his death came quite unexpectedly.

Baron Logischen, who was retired from the Swiss diplomatic corps, came to Canada a little over a year ago when his extensive estates in Austria were taken over by the Russians. It was his intention to take up farming here, and for this purpose he purchased a farm near Winchester Springs from Mr. Elzie Johnston. He had made extensive alterations to the property and had just returned from a trip to Switzerland in November, where he made arrangements for the transfer of his business affairs to Canada.

The Baron was born at Leignitz, Poland, but spent many years in Leichtenstein, a small independent municipality adjacent to Switzerland. It was there that he was married 40 years ago to the former Johannna Kienlin, who survives him.

He was well known and popular in diplomatic circles, and Sir Alexander Clutterbuck, British High Commissioner, paid a visit to his farm shortly after his appointment to Canada.

Besides his wife, he is survived by two sons, Tassilo, of Winchester Springs, and Arved, of Leichtenstein, and two daughters, Ulla, of Germany, and Johanna, of Zurich, Switzerland.

A very refined genntleman, the Baron had made many friends in this district, who will regret his passing.

Hospital Donation.

The Board of Directors of the District Memorial Hospital gratefully acknowledge a donation of $100.00 from the Women's Association of Inkerman United Church. In addition, this organization donated $19.30 to the Women's Hospital Auxiliary, for which thanks is also extended.

New Books For Library.

Twenty-five new books are being labelled and will be placed on the shelves of the local Public Library within a short time. The annual meeting of the Library is being held next Tuesday evening and it is hoped there will be a good attendance of citizens. If you have any suggestions to make regarding the administration of library affairs, the executive will be glad to hear them.

NEW COUNCIL MEMBERS

On many Municipal Councils within this district, there are members who are serving for the first time and it may not be out of place to point out what duties these public servants are expected to perform. They have been elected to serve their respective municipalities in the interests of all ratepayers, not just certain clicks or groups. They have not been elected to gain something that will benefit them personally. They must not be backward about expressing their opinions on matters of public importance which will come up before the council from time to time, and this should be done without fear or favour. Council business is public business—every ratepayer has a share in the municipality in which he resides. He has a right to know what is going on at the meetings of his council, therefore nothing should be done that the Council does not want publicized.

The members of Municipal Councils should always be on the alert and give their wholehearted support to projects that are going to benefit their community as a whole. They should discourage any project that may have a tendency to lower the moral standards of the citizens of their community.

A good Council member must always put the interests of the citizens whom he represents above personal interests. He must adhere to the rules and regulations provided in the Municipal Act, and should not support any measure contrary to its rulings. He should familiarize himself with all legislation governing the administration of municipal affairs and acquaint himself with all Municipal By-Laws, and above all he should never support a motion or resolution that is contrary to the rules laid down by the Municipal Board.

The reduction, writing off or suspension of taxes on assessed property within a corporation does not come within the jurisdiction of Municipal Councils, and all money by-laws, with few exceptions, must be approved by the Municipal Board and voted on by the ratepayers. These are important matters which every municipal legislator must remember.

A NEW YEAR IS BORN

On Saturday last a New Year was born. What does it hold in store for us? Will it bring peace or war, poverty or prosperity, good health or ill health, sickness or death, sorrow or happiness? As the Smiths Falls Record-News points out: To some it will have no meaning, except that it is ju[illegible]ther year like so many that have gone b[illegible]; to others it will be as a gift from God, [illegible]d up within it all precious things, life and [illegible]d opportunity for service.

[illegible]ho knows what it holds out for us—how [illegible]trials and dangers lurk within its sha[illegible]how many joys and blessed expectations [illegible]sher in. It is another stepping stone on [illegible]ay of life, leading to eternity. What [illegible]s largely what we choose to make it.

[illegible]lties and trials and bereavements there [illegible]ably be, but these will be compensated [illegible]y blessings and by the renewed oppor[illegible]nake a fresh start in life's adventure. [illegible] soul will face the New Year with [illegible]xpectancy, fully realizing that he is [illegible]s fate and captain of his soul.

[illegible]neet the New Year with clear heads, [illegible]ts and high purposes, we shall have [illegible] to fear. The New Year is like an un[illegible]and uncharted sea, whereon boat has never [illegible]en launched. As we stand upon its threshold we must feel something of what stout Cortez did, when "with eagle eyes he stared at the Pacific, and all his men looked at each other with a wild surmise, silent, upon a peak in Darien." The Spaniard had discovered a new sea, and was overwhelmed with awe. Yet it was so peaceful that he named it the Pacific. The New Year may not be as peaceful and serene as the sight that met the astonished eyes of the great explorer, but each New Year offers gifts, gifts infinitely rich to every human being, if only he has willingness and capacity to receive them.

1948 A GOOD FARM YEAR

The past year was a boom one for Canadian farmers. Their cash income was well over $2,000,000,000—the highest in the Dominion's history. Production too was at a high level. According to latest estimates, the rye yield zoomed up 92 per cent. above that of 1947; mixed grains 77 per cent. above; corn 71 per cent.; fall wheat 44 per cent. and spring wheat 1.5 per cent.

All this was achieved despite several dark clouds on the horizon. A grasshopper plague reduced the wheat crop in the prairie provinces. Nova Scotia's apple growers were faced again with the task of marketing their crop without a market in the United Kingdom. A record harvest of potatoes combined with curtailment of purchases by South American countries created a surplus. British purchases of pork products fell off. But most of these were caused by normal adjustments from wartime production and monetary exchange difficulties.

A number of circumstances combined to make 1948 a banner year. Weather conditions generally were highly favorable for crop production. Prices of produce were maintained at a fairly stable level and markets for most products were wide open. A more widespread acceptance of scientific farming practices was another contributing factor.

Mechanization increased greatly with the introduction of many new types of machines to speed up and lighten farm work. Fertilizer consumption was boosted over that of 1947. New insecticides, fungicides, weedkillers and a host of other chemicals proved potent weapons in the constant war against pests.

All in all, the past year was highly gratifying, not only to farmers but to agricultural scientists whose successes can be measured only by the good their discoveries have done their country.

"THREE GATES"

While reading a copy of "The Rotarian" the other day we noticed a little poem that perhaps is more appropriate at New Year's time than at any other time of the year and we pass it along to Press readers for the excellent thought that it expresses:

If you are tempted to reveal
A tale to you someone has told
About another, make it pass.
Before you speak, three gates of gold.
These narrow gates: First, "Is it true?"
Then, "Is it needful?" In your mind
Give truthful answer. And the next
Is last and narrowest, "Is it kind?"
And if to reach your lips at last
It passes through these gateways three,
Then you may tell the tale, nor fear
What the result of speech may be.

EDITORIAL NOTES

Motorists are reminded that a great many urban traffic accidents are caused by lack of caution in pulling out of a parking space. The wise driver will look carefully before swinging out into the stream of traffic and be sure he isn't sticking his bumper and his neck out too far and too fast. And when driving down the street he keeps an eye open for other cars nosing out of their parking places and for children, comments the Carleton Place Canadian.

Newspapermen throughout the province regretted to read in an editorial in a recent issue of the Leamington Post and News that its genial editor, Phil Fader, had been seriously ill from a heart condition for the past month. But by the tone of the article, we feel that Phil is making good recovery and will be back in circulation early in the New Year as his medico forecasts. The illness must have been serious to keep so active a citizen on his back for a month, and it is the sincere wish of his many friends in journalistic circles that he will soon return to his editorial chair.

Our Column

The popular quiz question in Canada soon will be: "Have you tried the new oleomargine yet?"

A New Year's thought: Nothing is impossible—it is just that some things are a little more difficult than others.

It seems to be a great kindness to trust people with a secret. They feel so important while telling it to others.

The truth needs no embroidering, the truth needs no excuse. For those who speak the truth are always valued on this earth.

It is one of the most beautiful compensations of this life, that no man can sincerely try to help another without helping himself.—Shakespeare.

The soothing theory that a Chinese Communist is only an "agrarian reformer" has been referred to the Committee for Examining Unspotted Leopards.

Now you can write it 1949. Those who are superstitious will be pleased to know that there is only one Friday the thirteenth—in May—during the incoming New Year.

She: "Darling, it's just a year today since our honeymoon, when we spent that wonderful day on the sands."
He: "We never thought then that we'd be spending our first anniversary on the rocks."

JUST A NUISANCE
(Ottawa Journal)

The truth is that the CCF is not a national party but at best a nuisance party, with no sign whatsoever that at any time in the foreseeable future it will become the governing party of the country.

IT LOOKS LIKE THAT
(Brockville Recorder & Times)

What do some of the dairymen mean when they say that lifting the ban on margarine constitutes a "betrayal" of their interests? Do they insinuate that the highest court in the land is not to be trusted to reach an unbiased decision?

UP TO THE COURTS
(St. Thomas Times-Journal)

The only way to bring down automobile insurance rates is by educating the whole driving public to drive carefully and considerately. Safety first campaigns are good; so are the driving tests, but more could be done by the courts in imposing stiffer sentences, either by way of fine or imprisonment upon those who are convicted of ordinary speeding as well as those who are convicted of bad driving.

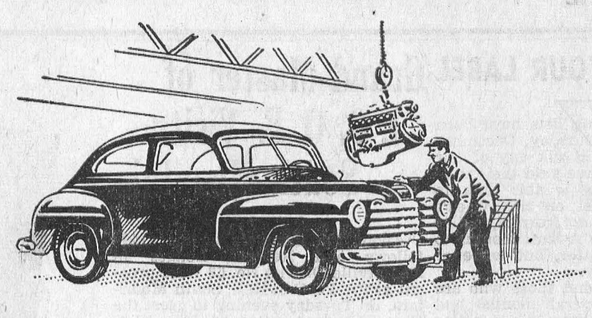
PROTECT CHILDREN'S TEETH
(Milwaukee Journal)

Milwaukee's health commissioner, supported by the state health department and the dental society's fluorine committee, urges the city to begin at the earliest possible date a program for the fluorination of its water supply. The aim is to save teeth. The necessary machinery would cost about $10,000 and the chemical would run to about $100,000 a year. In return, it is promised that dental decay would gradually be reduced. Dr. Krumbeigel should have council support for his request.

RURAL FIRE PROTECTION
(Pembroke Standard-Observer)

Thousands of acres of private land have been burned over this fall in rural sections of Eastern Ontario and millions of small trees have been destroyed. The Department of Lands and Forests points out that fire protection for these lands rests with the municipal councils, which have power to pass protective bylaws. The Department has no power to take action on protection, but it is prepared to advise municipal councils if requested.

SAVE TIME...



DON'T OVERHAUL, INSTALL

Chrysler-Method Remanufactured Engines can be installed in just one day. When next you require a major overhaul save three or four days running time by installing a Chrysler-Method Remanufactured engine in your Chrysler, DeSoto, Dodge or Plymouth car or your Dodge or Fargo Truck.

Chrysler-Method Remanufactured engines are dynamometer-tested to the same high standards as NEW Chrysler-built engines. All worn parts have been replaced with Chrysler-engineered parts. All crankshafts are new.

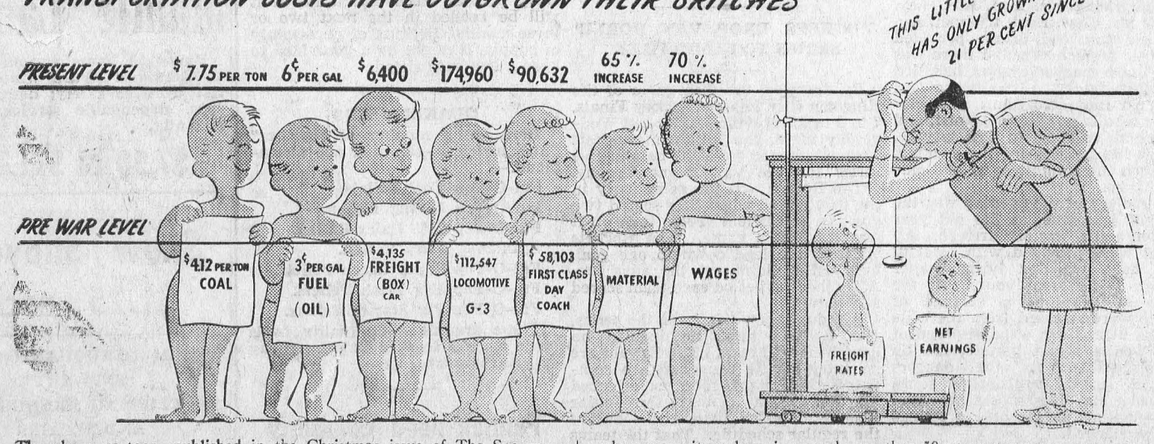
TRANSPORTATION COSTS HAVE OUTGROWN THEIR "BRITCHES"



The above cartoon, published in the Christmas issue of The Spanner, house organ of the Canadian Pacific Railway, graphically illustrates that if the C.P.R. is to continue to pay its way and remain in business it simply cannot pay out for equipment, materials, wages and other expenses, more than it takes in. The "baby clinic" cartoon shows that transportation costs in relation to freight rates have outgrown their "britches" — to the point where many items have increased more than 50 per cent over pre-war costs. The same unprecedented increase is true in such important items as rolling stock units as well as in materials and wages. In the latter two categories costs have jumped over 65 per cent and 70 per cent respectively since pre-war days while the price of most freight transportation items has gone up only 21 per cent.

Farm Forum Column

WINCHESTER WEST FARM FORUM

The Winchester West Farm Forum held their eighth meeting on January 3rd at the home of Mr. and Mrs. Roy Empey. Twelve members discussed the topic "A Cushion for Disaster." The next meeting will be held at the home of Mr. and Mrs. Ralph Watson on Jan. 10th. The topic to be discussed is "A Matter of Policy."

WINCHESTER EAST FARM FORUM

The regular meeting of the Winchester East Farm Forum was held on Jan. 3rd at the home of Mr. and Mrs. T. W. Holmes. The topic for the evening, "A Cushion for Disaster," was discussed, after which games were played and lunch served by the hostess. The next meeting will be held at the home of Mr. and Mrs. Woodrow Holmes on Jan. 10th. The discussion will be "A Matter of Policy."

GOLDEN VALLEY FARM FORUM

The Golden Valley Farm Forum met at the home of Mr. Bernard Last Monday evening with 22 present. The topic, "A Cushion for Disaster," did not seem to arouse much interest. However, those interested decided that a compulsory crop insurance, providing the premiums were reasonable, and a valuator be sent immediately following the disaster, would make a satisfactory cushion.

A social evening followed. The next meeting will be held at the home of Mr. Irvine Dalgleish.

FIFTH LINE FARM FORUM

The Fifth Line Farm Forum held their meeting on Jan. 3rd at the home of Mr. and Mrs. Robin Campbell with an attendance of eleven. The discussion on "A Cushion for Disaster," was quite lengthy and the findings were: The farmer should receive some benefits from loss of crops and the help to come from the goverment through the local council. Games were played and lunch was served. The next meeting will be held at the home of Mr. and Mrs. Clifford Lewis.

Closing Chorus by the School.

Recitation—Lorna Steele.

Presentations on behalf of the Sunday School were made by the following Sunday School teachers: Mrs. Ralph Allison, Mrs. Cecil McIntosh, Mrs. C. Thompson and Mrs. Harry Holmes, to the pupils with highest attendance for the year. Those receiving prizes were Dale Allison, Ruth Steele, Lorraine Holmes, John Steele, George Albert Holmes, Roger Coons, Mary Steele, Muriel Holmes, Cyril Holmes and Keith Allison.

Mr. J. W. Webb, on behalf of the congregation, presided for the presentation of a purse of money to Mrs. Clarence Thompson for her untiring services as church pianist. Mrs. O. Casselman made the presentation. Mrs. Thompson has been organist and choir leader for the past 40 years at Winchester Springs.

Santa arrived at the close of the programme and each child was given a treat. The Intermediate Class assisted Santa in the distribution of gifts. "God Save The King" closed the evening's entertainment.

STIRRING ACTION! EXCITEMENT IN OLD WEST

Famous outlaws ride your way! Read "Vigilantes of the Old West," Harry Morgan's series starting in The American Weekly magazine with this Sunday's (January 9) issue of The Detroit Sunday Times. Get The Detroit Sunday Times bringing you the BIG THREE—The American Weekly, Pictorial Review, and PUCK, The Comic Weekly.

Hello Homemakers! Resolutions made? It is not too late. Do not make them too difficult or you'll break them too easily, and so, subtly, lose confidence in your will power and integrity. Let your resolutions have some bearing on your everyday life.

Since many homemakers agree that they would keep resolutions if they only had the TIME, you will probably agree that interruption, not procrastination, is the thief of time. Interruptions are upsetting for numerous reasons. Maybe if you understand why, you will be calmer.

1. **Unpreparedness.** You begin every household task with a mistaken idea (although it may be subconscious) that you will be permitted to complete it in uninterrupted bliss. Consequently you are unprepared for time-out.

2 **Frustration.** Your thoughts, which direct your actions, move in a stream of consciousness. It's like water flowing downhill—once the stream is started, it doesn't want to stop. Consequently, you feel frustrated if stopped suddenly.

3. **Anger.** This is a natural human reaction. The adrenal glands pour adrenalin into the system which upsets the balance of the entire body when one is angry.

4. **Confusion.** You feel confused because you are temporarily "unbalanced." That's why you put sugar into your cake twice and cut one trouser leg too short.

HOW CAN WE COMBAT DISORGANIZATION

1. Change your attitude. Accept the possibility of interruptions as a normal part of your housewife's job, as being called out in the middle of the night is part of a doctor's job, or walking in the rain, part of a postman's job.

2. Start your day right. Say to yourself, "I'll remain calm today, no matter how maddening the interruptions are."

3. Plan your day's work to allow ten or more minutes for interruptions in each hour's work.

4. Don't get angry. It's not the interruption that does the damage, it's your anger. So, encourage the cheerful habit.

5. Put your unconscious mind to work. Relax when you can and then do things calmly.

REQUESTED RECIPES

Cherry and Almond Ring

2 1-2 cups flour, 4 tsps. baking powder, 1 tsp. salt, 1-4 cup shortening, 1 egg, well beaten; 1-2 cup milk (approximately 2 tbsps. sugar, 1 tsp. of cinnamon, 1-2 cup blanched shredded almonds, candied cherries, halved.

Mix and sift together the flour, baking powder and salt. Cut in shortening. Combine egg and milk. Add gradually to dry ingredients until soft dough is formed. Roll 1-3 inch thick on a floured board. Dot all over with 2 extra tablespoons of butter. Sprinkle with cinnamon,

CHOCOLATE SAUCE

2 cups finely granulated sugar, 1-8 tsp. salt, 3-4 cup cocoa, 1 1-2 cups of evaporated milk, 1 teaspoon peppermint extract.

Combine ingredients in top of double boiler; cook and stir until thick over hot water. Remove from heat. Add peppermint. Serve either hot or cold as desired.

SAVORY SCALLOPED POTATOES

Put alternate layers of sliced potatoes and onions in a greased casserole. Sprinkle with salt, pepper and flour. Pour a tin of condensed tomato soup mixed with a tin of water over the vegetables and bake with oven meal at 350 degrees for 45 minutes.

THE QUESTION BOX

Mrs. C. W. asks: How to keep fruit from sinking in a cake.

Answer: The washed raisins and currants should be drained, patted dry with a towel and tossed with one-third of the measured flour from the recipe.

Mrs. J. R. asks: Why did my candy become sugary when test showed soft-ball stage.

Answer: Wrap a damp cloth around the tines of a fork and wipe down the sides of the kettle to prevent any sugar crystals from going back into the syrup.

Miss J. S. asks: Can you suggest ways of using home canned peaches that have turned dark at the top of the jar?

Answer: Use in upside down cake, mashed in a fruit filling for a layer cake, or pureed with applesauce or with prunes.

THE SEASON'S SENTIMENT

The web of time is weaving on,
Another year has joined its number,
The children now are singing songs
As others have but now do slumber.

Many of us look back to childhood,
We know what happened in earlier years—
Young as we were we understood
Our parents were giving us loving care.

Fathers and mothers have passed away,
Memories brighten their faces to us,
As years go on what should we say?
Let us be true to our sacred trust.

Now join with others who so desire,
And influence the child life of today,
That God in His mercy may so inspire
All loving acts in the Christmas way.

FORMER MINISTER'S DAUGHTER PRAISED

Miss Alice Turner, B.A., daughter of Rev. and Mrs. W. D. Turner, of Burnbrae, and formerly of Winchester, where Rev. Mr. Turner was pastor of St. Paul's Presbyterian Church, earned the following words of praise in Margaret Aiken's well-known column copied from a recent edition of the Toronto Evening Telegram:—

"A new and informative little book comes to hand called "Canadian Investors' Handbook." In austere type the author's name, A. W. Turner, graces the cover, but that name does not disclose the rather unusual aspect of this book.

"The author is a woman. Her name is Alice Turner, B.A., M.A., PhD., F.S.S., and she is a statistician at the Wood Gundy Company. She is also a member of the University of Toronto Senate.

"Dr. Turner claims Norval, Ont., as her birthplace. Daughter of a Presbyterian minister, she was born in the Norval Manse, where the late L. M. Montgomery, author of the delightful "Anne of Green Gables" books, lived for so many years. The statistician is a graduate of McGill University. She was nominated to the U. of T. Senate as representative of Varsity post-graduates, who got heir original degrees at other Universities. Dr. Turner herself received her M.A. and Ph.D. from Toronto University, her B.A. from McGill.

"Canadian Investors' Handbook," author A. W. Turner explains, "is a simple textbook for the layman, an elementary outline of the Canadian investment business."

LOCAL AND GENERAL

Underwent Tonsilectomy

Miss Tottie Reveler, of Ottawa, had her tonsils removed at the District Memorial Hospital on Thursday morning last and is making a satisfactory recovery. Dr. Howard Justus, of Chesterville, performed the operation.

Won Doll and Bed.

The winner of the draw on the doll and bed, donated by Miss Dorothy Servage, in aid of the District Memorial Hospital, was Mrs. Ronald Carkner, of the Vernon District. For a few weeks previous to Christmas, the doll and bed were on display in the show window of Woods' Hardware. The sum of $33.00 was raised through the sale of tickets.

Passes Examinations.

Mr. James K. Carlyle, son of Mr. and Mrs. Kenneth Carlyle, was successful in passing his primary Chartered Accountant Exams. James is taking his course with Geo. A. Welch Chartered Accountant Company, of Ottawa.

Was Lucky Winner.

Miss Marilyn Hitsman, daughter of Mr. and Mrs. Wm. J. Hitsman, was the lucky winner of the large Christmas Stocking in a voting contest conducted at the local Drug Store during the Christmas trading period. The stocking contained merchandise valued at $12.00.

Express Contract Changes Hands.

Effective January 1st, the local C. P. R. Express contract was taken over by Mr. Don Redmond, and future deliveries will be made by Mr. Harold Feeley, one of Mr. Redmond's employees. For several years local express and freight deliveries were made by Mr. Nelson Dixon, who is retiring. Nels. has been a very efficient and obliging expressman and those whom he served so faithfully will regret to learn that his health will not permit him to continue at his type of work. Mr. Redmond has the help and facilities for maintaining an efficient express and freight delivery service and we wish him every success.

Sunday In The Churches

By Rev. N. J. Thomas, B. Th., Church Editor

SUNDAY, JANUARY 9th, 1949.

The Great Permission.

Christ's last command to preach the gospel to every creature is spoken of as "The Great Commission." In reality is it not "The Great Permission?" Above all we have His permission to work together and with Him, never forgetting His promise, "Lo, I am with you always." Conscious of His presence in the daily task we in our turn walk the road of accomplishment as we work together. The poet has this well expressed thus:

All have a share in the beauty; all have a part in the plan;
What does it matter what duty falls to the lot of a man?
Someone has blended the plaster, and someone has carried the stone;
Neither the man nor the Master ever has builded alone;
Making a roof from the weather, building a house for the King;
Only by working together, men have accomplished a thing.
